

All About Nothin'

For reasons of military secrecy we cannot publish in the paper the full mailing address in the future of any of our lads over sea, but we can publish addresses of boys still in training in camps. We can't publish the full addresses of some of our boys who have completed all training and are on active duty in the U. S. either, but, any of you people wanting any of the approximately 103 addresses of our boys scattered around the world to whom we're now mailing the paper free, may get them at our office, if you want to write to them or send them gifts — and if you promise to destroy the list after you are through with it. — We must NOT bring any harm to our boys, and should be cautious as to how we make use of these addresses.

The Navy is out after womanpower, and applicants for the Woman's Reserve, U. S. Navy, are now being received by Lieut. Katharine Luna, head of the W-V (S), at the Office of Naval Officer Procurement, 217 Camp St., New Orleans, La.

J. L. Ellison is telling this wartime prosperity story: An Amarillo lady who had used a certain colored woman as a maid at various times, called her to work the other day, but found her reluctant to accept the job. "Mah husband is making \$5 a day working on a war project and Ise hunting a nigger to do mah work now," the ex-maid replied!

W. O. Fortenberry is having fun fooling his friends with a trick gadget that will "change" a penny into a dime.

The following item, clipped from a magazine, gives a few of the trials and tribulations of school teachers: Requirements of a Successful Teacher

"A teacher, to measure up to all demands, must have the learning of a college president, the consecration of a clergyman, the executive talents of a financier, the humility of a deacon and the craftiness of a Tammany politician, must be an angel for temper, a demon for discipline, a chameleon for adaptability, a diplomat for tact, an optimist for hope, and a hero for courage, must have the wisdom of a serpent and the gentleness of a dove, the patience of Job and the perseverance of the devil."

Do you borrow your neighbor's paper to save paying \$1.50 to have it sent to you for a year?

If you do, read this:

"A man who was too stingy to subscribe for his home town paper sent his little boy over to borrow a copy from a neighbor. In his haste, he ran over a \$4 stand of bees and was stung badly. His father, running to his assistance, ran into a barbed-wire fence and ruined a \$5 pair of trousers. The old cow took advantage of the gap in the fence, got into the corn field and killed herself eating green corn. Hearing the racket, his wife ran out upsetting a 5-gallon can of cream into a basket of little chickens, drowning the whole bunch. The baby, having been let alone, crawled through the cream into the parlor, ruining a brand-new \$35 rug. During the excitement, the oldest daughter ran away with the hired man, the dog broke up 6 setting hens and the calves got out and chewed the tails off of four fine shirts on the clothes line.

"Moral: Don't borrow your neighbor's paper—it's too risky."

A camera nowadays makes the person using it, or carrying it, the object of suspicion. This was proven only recently in two instances here.

FLOWER SHOW SET TUESDAY

Plans are being completed for the Annual Flower Show sponsored by the Country Garden club. The show is to be held in the Home Economics cottage Tuesday, Aug. 18. Entries will be received from 9 a. m. until 11 a. m. and guests will be entertained from 3 until 6 in the afternoon.

Ribbons will be awarded for first second and third places. Arch Keys of Plainview will be the judge. Flowers are scored primarily on the perfection of the bloom, and the judging is simplified if each arrangement has only a few flowers. Therefore, contestants are urged to bring their flowers in groups of 1, 3, 5 or 7. Larger flowers, such as roses and dahlias, should be exhibited in containers with one or 3 blossoms. Smaller flowers may be displayed in groups of 5 or 7.

In accordance with the "Food for Victory" emphasis this year, there will be a special exhibit for vegetables grown in Victory gardens. Ribbons will be awarded the best entries.

Anyone having unusual vegetables is especially urged to bring them for display. Entries of pot plants, wild flowers and miniature arrangements may be made also.

All flower lovers are invited to attend the show during the afternoon hours. Out-of-town guests are especially invited. There will be music and refreshments throughout the entertaining hours.

Dead End Kids In Free Show

"Tough As They Come," a picture featuring the Dead End Kids and the Little Tough Guys, is scheduled for the merchants free show at Rita theatre Saturday afternoon.

Local merchants sponsor the free show as a trades day feature. Three programs, to which everybody is invited, will be given. The first show is at 2 p. m., the second at 3:20 and the third at about 4:40.

Methodist Meet Begins Tonight

"Missing In Action"

(From Hale Center American)

Cecil Bird, a Corporal in the Army Air Corps ground group, who was on the Philippine Islands during those last fateful months before Japan conquered Bataan and Corregidor, has been listed by the War Department as "missing in action," according to a letter received this week by his mother, Mrs. Chas. Maier, from J. A. Ulio, Major General, at Washington, D. C.

Cecil's father is Carrol Bird, formerly of Abernathy and Hale Center.

The letter is reproduced below:

Dear Mrs. Maier

According to War Department records, you have been designated as the emergency addressee of

Corporal Cecil C. Bird, 6,296,935, who, according to the latest information available, was serving in the Philippine Islands at the time of the final surrender.

I deeply regret that it is impossible for me to give you more information than is contained in this letter. In the last days before the surrender of Bataan there were casualties which were not reported to the War Department. Conceivably the same is true of the surrender of Corregidor and possibly of other islands of the Philippines. The Japanese Government has indicated its intention of conforming to the terms of the Geneva Convention with respect to the interchange of information regarding prisoners of war. At some future date this Government will receive through Geneva a list of persons who have been taken prisoners of war. Until that time the War Department cannot give you positive information.

The War Department will consider the persons serving in the Philippine Islands as "missing in action" from the date of the surrender of Corregidor, May 7, 1942, until definite information to the contrary is received. It is to be hoped that the Japanese Government will communicate a list of prisoners of war at an early date. At that time you will be notified by this office in the event his name is contained in the list of prisoners of war. In the case of persons known to have been present in the Philippines and who are not reported to be prisoners of war by the Japanese Government, the War Department will continue to carry them as "missing in action," in the absence of information to the contrary, until twelve months have expired. At the expiration of twelve months and in the absence of other information the War Department is authorized to make a final determination.

The J. L. Merritt family plans to leave this week-end for a visit in Ruidoso. Merritt's Handy-Dandy laundry is to be closed from the night of Aug. 14 to the morning of Aug. 24, the manager announced.

H. H. Selke returned Tuesday from Amarillo where he has been under treatment at the veterans hospital.

The revival of the Methodist church starts tonight, (Thursday), with Rev. L. N. Lipscomb, superintendent of Plainview district, doing the preaching. Services will be held under the tabernacle, as the church is not ready yet for use. There will be services twice daily, at 10 a. m. and 9 p. m. The people of the community are invited to come and join in the meeting, the pastor, Rev. Frank Beauchamp, reports.

Sunday services will also be held at the tabernacle. Rev. Beauchamp and Ted Watts, choir leader, will have charge of singing and special vocal numbers.

NEW DEAL NEWS

Mrs. Ida Lou Long, whose home is in Muleshoe, has been elected to teach public school music at New Deal, Supt. A. L. Faubion announced. Two teaching positions are to be filled before the new term opens on Monday, Aug. 31.

Two houses have been purchased by New Deal school, one from R. E. Harvey and one from a Muleshoe man, and are to be moved to the campus and converted into teacherages. Each house is to have two three room modern apartments. With these additions, there will be ten modern apartments and the superintendent's home to accommodate teachers of the New Deal school.

A building 14x40 ft. was purchased at Wolforth by New Deal school and is to be moved to the campus and remodeled for use as a cafeteria. This will release the cafeteria room in the grade school building to be used for classes.

Supt. A. L. Faubion issued an urgent call for nrollees in New Deal's National Defense class. The class, being taught by Mrs. Maier, must have more students immediately or it will be forced to close. Mr. Faubion stated. The class has been a great aid in instructing boys in vital mechanics work, and its services to farmers of the community have been unlimited.

Lubbock county farmers have had interesting stories to tell in recent weeks of jack rabbits cutting down young cotton stalks. Several farmers report considerable loss caused by the bunnies' vandal streak. Observed in the act, the rabbits work in a bunch, cutting the small stalks with their teeth, and leaving them lay. No attempt is made to eat the cotton. They usually destroy an acre or two, a row at a time, in a single night's work. P. H. Sammons, farmer three miles south of Abernathy, was the first farmer in the county to report the unique occurrence. He said a shotgun was the only way to cure them of their moonlight dances of destruction.

John Kveton of New Deal, son of Mr. and Mrs. Fred Kveton, and one of four Lubbock county boys awarded a registered gift in an essay contest sponsored by Sears, Roebuck & Co., has received his animal, A. L. Hartzog, assistant county agent, reports. He got a 65-lb. gift from the Bank Spear farm near Abernathy.

D. T. Whitten of Stockdale is to preach in the revival to begin Tuesday, Aug. 18, at Monroe Church of Christ. Services are to be held twice daily, at 10 a. m. and 9 p. m.

The Monroe Baptist revival, in which Rev. Jno. Rankin of Seagraves preached, closed this week.

Boiler and engine equipment of Smallwood & Simon gin has been moved from the northeast corner to the west end of the plant.

Mattie Lou Davis of Port Arthur is visiting in the home of her father, Q. O. Davis. A reunion of the Davis family was held Sunday.

Mrs. H. S. Perryman of Marietta, Okla., is visiting in the home of her parents, Mr. and Mrs. J. W. Webster. J. I. Speer of Sheppard Field visited here last week-end.

Rosa Phillips underwent a tonsilectomy recently in Lubbock.

BIRTHS

Mr. and Mrs. Arno Struve of Abernathy are the parents of a 7 lb. son born Monday morning in a Lubbock hospital.

A 7 lb., 7 oz. daughter was born Aug. 6 to Mr. and Mrs. Ernest Neis. Mr. and Mrs. Jack Parfitt of Ralls are parents of a 7 lb., 8 oz. daughter born Aug. 11. They are former Abernathy residents.

A JOINT RESOLUTION
proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on Aug. 31st, 1937."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College;" and

"Against the Constitutional Amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

On another occasion, a local fellow became suspicious of a stranger who bought films and prepared his camera for action at Pinson's. In this case, the stranger was visiting relatives here from another state.

An \$18.75 War Bond may seem very small but it can buy lots of deadly war material that, when properly placed, may save the lives of many of our men in battles. Four groups of items that can be purchased with an \$18.75 bond are listed in the advertisement placed in this issue by Abernathy First State Bank.

The Methodist revival did not begin Sunday in the new church, and Rev. Herbert Brown did not teach the Men's Bible class at Rita theatre for Sunday morning at the Baptist church. These announcements were made in the Review last week but plans were changed after publication of the paper, making both news items incorrect.

Finishing work was not completed in time for the revival to be held at the new Methodist church building, and the meeting is scheduled to begin today (Thursday) at the tabernacle.

Rev. Herbert Brown's plans were changed late in the week when Rev. C. C. Griffith, Baptist pastor at Olton, asked him to fill the pulpit at

Post First Baptist church Sunday. A young preacher who was directing singing in a meeting at Olton was to have preached at Post, but Rev. Griffith wanted to keep him in the Olton service Sunday. Rev. Griffith taught the Men's class and preached at the Baptist church here Sunday morning. Rev. J. Frank Nix, local Baptist pastor and teacher of the class, was at Earth, preaching in a revival.

In this issue of the Review is a report of the Red Cross sewing meeting held Wednesday last week at the home economics cottage. There were only 10 ladies present to work. Three or four times that many should have been there. "What can we do to impress upon the minds of the women the necessity of helping with this work?" one of the ladies asked when the report was given me.

Frankly, I don't know. The Red Cross needs the garments for use by our own boys in the service. The local unit has plenty of material to be made up. You ladies who can't sew can help in cutting the material, or in various other ways. Some have the erroneous idea that the garments made by local units are sold by the Red Cross.

AMERICAN BOMBERS SEEN IN ACTION IN PARAMOUNT NEWS

With emphasis on what the American Army is doing, Paramount News reel tonight, for the last time at Rita theatre, shows first pictures of U. S. bombers in action in Egypt, bombardiers use fake target replica of Nazi battleship Von Tirpitz at a desert training station, U. S. Negro troops man anti-aircraft guns somewhere in the Caribbean, Army medical field units, armed only with Rec Cross brassards, practice battle rescues under fire, and at Miami Beach massed thousands of flyers and ground crew men toughen up for combat everywhere; and other sensational news events seen and heard in the reel include review of the F. B. I.'s spy-hunt for three dangerous Nazis, loose somewhere in the U. S.; When the Japs say it's o. k., Salinas, Calif., will be ready to ship a great cargo of mercy supplies to American boys who are prisoners on Bataan; four sons in family of 14 return home on leave in Quebec, Canada; An entire town is put up for sale — It's Millican, Ore., where one man now handles all the jobs; a new champ is crowned in the fourth annual diaper derby for fast crawling youngsters in New Jersey.

LAKEVIEW NEWS

CORRECTION

The word "not" strayed into the school opening news item last week in the Review, completely reversing the meaning of one paragraph.

Children who HAVE reached the age of six years before Sept. 1, 1942, may start to school this year.

All student must be vaccinated against smallpox, and beginners must have a birth certificate.

School opens Monday, Aug. 31.

Goldfish His Province

One of the newly married men consulted an old timer on household management: "Who's boss at your house?" he asked. Well," drawled the veteran, "my wife and I share

the job. She bosses the house, the children, the car, the maid and me. I boss the goldfish."

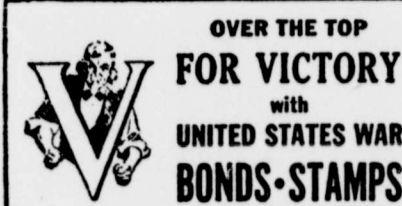

The alarm rang at 9 and the office worker awoke with a start — and a groan. "Gosh," he moaned, "what a head I've got. I can't go to the office today." He reached for the phone and called his boss' home. "It's no use hiding the fact," he said to his employer. "Last night I was out with some of my pals and I am ashamed to tell it, but I overdid it. I wonder if I could take the day off today, sir?"

"Well," said the boss, "I admire your frankness. I'll expect to see you back at your desk at 9 tomorrow. As for today off—it's yours. Today is Sunday!"

What An \$18.75 War Bond Will Buy:

MOST PEOPLE DON'T KNOW IT... but the smallest of America's War Bonds Will Buy:

1. — Enough fuel oil to enable one of our destroyers to cruise 37 miles in search of enemy submarines. Those 37 miles may be the ones that save an American ship and crew.
 2. — An 81-Millimeter trench mortar shell which is a powerful instrument in blasting the enemy out of their fortifications.
 3. — Three sharp new bayonets that will some day determine just whether our enemies can take it in a hand-to-hand scrap.
 4. — Ten rounds of anti-aircraft fire to topple enemy raiders out of the clouds... ten rounds, properly placed, can bring down the biggest Jap Bomber that flies.
- ALL THIS... and, SECURITY, TOO... for your family after the war! Let's keep on buying Bonds voluntarily — so it won't have to become compulsory.
