School Board To Let Bids On January 7

The Board of Trustees of Aransas County Independent School District will let bids Jan. 17 for school construction and expansion work. This follows the successful passage Oct. 22 of an $800,000 school bond issue for an expansion program to relieve crowded conditions in the schools.

To receive the most advantageous bids as well as to give large, small and local contractors an opportunity to bid, it was agreed to let the contracts in three segments:

1) New elementary school and junior and school improvements with the exception of the high school shop and gymnasium.

2) High School shop and gymnasium.

3) Fulton Elementary construction.

Bids on clearing the new school site west of Rockport were opened. Carroll Welding Service was awarded a contract to clear 66 2/3 per cent of the tract for $881. Vermillion Construction Company bid $1,500.

The Board agreed to let Earnest Harris continue to run cattle on that portion of the tract the school will not be using. Harrist has agreed to remove the north and east fence and erect a five-wire cross fence with posts not more than 12 feet apart, thus fencing off the two-third area required for school use from the uncleared portion.

Supt. J. D. Gray read a letter of appreciation to the organizations which worked hard for passage on the bond issue. Board members signed letters to Fulton and Rockport PTA groups, Aransas County PTA, Seaman's Lions Club, Jaycees, Aransas County Planning and Development Board, Chamber of Commerce, Rockport and Fulton Lions Clubs and the Rockport Pilot. Also it was voted to contact the secretary of the Rotary Club to express appreciation for its assistance.

Navigation District Commissioners Meet

The Board of Commissioners, Aransas County Navigation District No. 1, met at the District Office Nov. 2 for its regular monthly meeting.

Col. Robert W. Stroot, a resident of Rockport, appeared before the Board, requesting permission to operate a mobile confectionery unit and park rental concession on the Rockport beach during the summer months of 1967. This request was approved.

Bob Morrison, Tom Heffernan, and Gene Cannon of the Rockport Jaycees were present at the meeting. They stated that their group is interested in finding a suitable location for a ball field on which pony league games and softball may be played.

The Jaycees said there is a great need for such a field and that it would be used nightly during the season.

The "turn around" area at the north end of the Rockport beach was suggested as a possible sight. The Navigation District Commissioners agreed to give the matter further consideration.

Ellis Clark, attorney for the Navigation District, stated that the biennial meeting of attorneys for the Navigation Districts of Texas, will be held Friday, Nov. 11, at the Sandollar Motel, beginning at 9 a.m.

SEPT. SAVINGS BONDS SALES $2,306

According to a report received from Fred Bracht, chairman of the Aransas County Savings Bonds Committee, September sales in the county totaled $2,036. A total of $30,580 has been purchased since Jan. 1.

Sales in Texas for the first nine months of 1966 totaled $114, 674, 052. Of this amount, $11,631,074 were purchased during the month of September. The 1966 goal for Texas is $147.5 million and 78 per cent has been achieved.

UNITED FUND REACHES $7,646

Mrs. Ruby Hart, general chairman of the Aransas County United Fund, presided at the director's meeting held Monday at the First National Bank. A financial report as of that date totaled $7,646 in cash and pledges. There are still many envelopes and solicitor cards to be turned in to the secretary, Mrs. J. W. Ingersoll.

The goal of this year's campaign is $11,128.00. The steering committee has reported the following percentage allocations to the participating agencies:

Salvation Army 14%, Girl Scouts 12%, Red Cross 15%, Gonzales Warm Springs Foundation 5%, Youth Council 5%, Youth (Recreational) Organization 5%, U.S.O., 1%, Aransas County Emergency Corps 10%, Emergency Contingency 8% and Boy Scouts 25%.

These allocations were based on the budgetary needs of the participating agencies as presented to the committee and were compared to funds raised in prior years by the agency in individual campaigns.

The directors approved this allocation of funds donated except in individual instances where the donor specifically listed the recipient agencies.

Further help is still needed to complete this drive. All workers are urged to turn in their contributor cards as soon as possible. Also there is a need for several volunteer workers to contact donors whose cards have been contributors for various reasons. Any group or individual who would be willing to serve may call Mrs. Ruby Hart.

The Special Gifts Committee appreciates the generous response by those to whom individual cards were mailed. It is noted, however, that some cards have not been returned.

If you have not returned your card, please do so at once. The Special Gifts Roster will be prepared shortly and the committee wants everyone properly recognized.

If anyone wishes to increase his contribution, now is the time. This could be of special significance at income tax time.

42 WHOOPERS AT REFUGE

The recent cold wave brought an additional 23 wild whooping cranes from Canada to their winter home here, the Aransas National Wildlife Refuge reported.

The cold front which moved into Texas apparently spurred the rare birds to join 19 others already at the Austwell site.

The flock numbered 44 when it left for the north last spring. The returnees include four born this year.

MEXICAN SUPPER NOVEMBER 12

The Aransas County High School a capella choir is sponsoring a Mexican Supper on Saturday, Nov. 12, from 5:30 to 8:00 p.m. in the Junior High School Cafeteria.

The menu includes cheese enchiladas, tamales, tacos, beans, coffee or tea, and a dessert. The cost per person will be $1.25 for adults and .75 for children under 12. Tickets may be purchased from any of the choir members or at the door the night of the supper.

The public is invited to come out for an evening of fine food, "as much as you can eat," and entertainment.

The supper is a fund raising project by the choir for the annual choir awards. The members of the choir have been selling tickets during the last two weeks and would like to thank the many generous persons who purchased tickets in this campaign.

PUBLIC OFFICES CLOSED FRIDAY

Aransas County Courthouse, the City Hall and the Post Office will be closed Friday in observance of Veterans Day. Although the City Hall will be closed, there will be garbage collection that day.

NEW SIGN—The Chamber of Commerce has a new sign to replace the old one which had become weather beaten and swayed in the breeze after its supports worked loose in the ground.

The new sign is eight feet wide and 40 inches high and is mounted on a brick base 14½ inches high. Pipe affixed to the sign fits in larger pipe embedded in the brick foundation.

If desired, the sign can easily be removed to be replaced by a special sign to be put up temporarily to publicize some important event in Rockport.

The sign was made by Carl Duckworth. Having a fine looking sign installed is one more example of the Chamber program.

Shrimp Boats Scheduled For Venezuela Use

The Rockport Yacht and Supply Company is readying two 72-foot steel trawlers for shrimping operation in Venezuelan waters.

John P. Mitchell, Jr., vice president of RYSCO, said the two boats will be ready for departure for Maracaibo, Venezuela next week.

Ponte Luigi, president of the company purchasing the trawlers, and his wife have been in Rockport the past few days taking care of final details in connection with the sailing.

Little Bay To Be Developed

Charles Schindler, chairman of the Aransas Navigation District, spoke at the Rotary Club luncheon Wednesday and showed a picture of proposed improvements for Little Bay.

He said plans have been developed to build a bulkhead along the west shore of Little Bay and dredge a channel along the bulkhead about 80 feet wide and five feet deep, and filling in behind the bulkhead.

"If it is necessary to purchase the land," he said, "the project is expected to cost $500,000." The bulkhead would be over 8,000 feet long.

Guests at the luncheon were Ben Smith of Corpus Christi and Jim Charles of Lindsay, Okla.

Total number of accidents was 13, with property damage estimated at $15,035.

VETERANS DAY

With American troops once more locked in combat, defending the cause of freedom, Veterans Day—November 11—takes on added significance this year. A new generation of war veterans is in the mold as the nation pauses to honor the men and women who have honorably served in the uniform of their country.

This day—which was once known as Armistice Day—was originally the anniversary of the ceasefire of World War I. But this year's observance of Veterans Day is in no way a consecration of the memory of any armed conflict. Instead, it is a time to express the esteem and prestige with which Americans regard the roll of the veteran.

While Veterans Day is meant to honor the 20 million men and women who have performed the highest obligation of their citizenship, the day is also dedicated to the cause of world peace with honor.

No one hates war more than the veteran. No one strives more ardently for an honorable world peace than the veteran who has known war in all its brutality. But that same veteran knows that the lofty goals of an honorable world peace and recognition of individual dignity cannot be attained while there are forces in the world seeking its domination through acts of aggression.

This year, Veterans Day calls for an expression of national unity in support of the gallant men and women who are serving our nation's exalted purpose. They are writing inspiring pages of history with their sacrifices in the struggle against a godless ideology which seeks to subjugate mankind. Once again, they are proving the willingness and capability of ordinary citizens in meeting the challenge to champion the cause of freedom anywhere in the world.

As we honor our veterans—our champions of freedom—let us resolve to preserve what they have won and to perserve in our defense of freedom's cause until that day dawns on a world blessed with an honorable peace.

Fulton Lions Club Receives Five Entries In Essay Contest

The Fulton Lions Club has received five local entries in Lions International's Peace Essay Contest, President Buck Busch announced today.

Busch said students who still wanted to enter the worldwide $50,000 contest had until December 10, 1966 to submit their entries to the Fulton Lions Club.

"We are pleased with the number of entries so far but we would like to see many more come into our club," Busch said.

"Our contestants will be competing against entrants from all over the world for the $25,000 first prize or one of the other awards," he said. In addition to the $25,000 first prize, the contest has eight world division awards each offering a $1,000 prize and a trip to Chicago for the final judging. A total of $50,000 in prizes is being offered.

Busch said the object of the contest was to stir an interest in peace and to challenge the men and women of tomorrow. The contest is open to all young people who are 14 years of age and under 22 as of Jan. 15, 1967.

The ultimate winning essay will be presented at the Lions International 50th Annual Convention in Chicago as one of the highlights of the Association's Golden Anniversary Year.

Lions International, with more than 800,000 members in more than 130 countries in the free world, is the largest club organization in the world.

L.B.J. Causeway Dedicated In Impressive Ceremonies

"Since construction of the Lyndon B. Johnson Causeway represents progress, it is appropriate that it be named in honor of our President whose philosophy is to move ahead."

With these opening words, Congressman John Young of Corpus Christi gave the principal address Monday afternoon at the dedication of the recently completed $2.5 million causeway across Copano Bay, nine miles north of here.

Young pointed out that transportation is an acute problem and that completion of this 9,000-foot causeway is "just one step toward the solution of this problem in the Rockport area."

Young was introduced by Emory M. Spencer, prominent civic leader, attorney, real estate man and oil operator, who was the master of ceremonies.

Travis Long, Corpus Christi, 16th District Engineer, State Highway Department, accepted a bronze plaque which will be installed at the causeway within a week.

"Construction of the new facility," he predicted, "is just the beginning of important things to happen in the Rockport area. I believe that the causeway will greatly increase traffic through this area."

The Highway Department, shortly after the new causeway was opened to traffic, reported the daily traffic count now is 3,850 vehicles per day.

The wording on the plaque which Long accepted for the Highway Department reads as follows:

"Copano Bay causeway dedicated as the Lyndon B. Johnson Causeway in recognition of his untiring leadership in the effort to accomplish those things that will strengthen our defenses during time of war and will aid our prosperity in time of peace, as is exemplified by this project. Erected 1966."

The idea of naming the causeway in honor of President Johnson originated with the Rockport Chamber of Commerce.

If the Pirates offensive unit continues along its present course, with improvement, the Pirates will walk away Friday night with a district win as their last game of the season.

PARTY AT COUNTRY CLUB HONORS BOB MAUERMANN

A typical western barbecue party was held Saturday night, Nov. 5, at the Live Oak Country Club honoring Robert G. Mauermann of Rockport and Austin.

Mauermann, who has been Director, Region V, Texas Parks and Wildlife Department for the last five years, was recently promoted to Deputy Director of the Department and moved to Austin.

About 130 guests from Rockport and South Texas enjoyed the evening and wished Mauermann success and happiness in his new position.

Members of Region V presented Mauermann with a shotgun and case as a farewell gift.

Metearological rockets can now obtain weather data at 200,000 to 250,000 feet but costs are prohibitive.

BAY FISHING HITTING PEAK

Bay fishing in the mid-coastal waters of Texas is reaching the year's peak, according to E. G. Simmons, regional coastal fisheries supervisor of the Texas Parks and Wildlife Department.

Simmons quotes Rockport-Aransas Pass area fish houses as reporting they have heavy shipments, especially flounder. Shrimp trawlers are picking up many flounder in the near gulf waters and in the bays.

He adds this would indicate that the annual flounder run through the passes has begun. Flounder leave the bays as cold weather approaches and go to the Gulf to spawn. This movement usually intensifies as the bay waters get colder, but Simmons stated that run has started several weeks earlier than is considered normal.

Fishermen are having a field day with both trout and redfish, too. The shallow, grassy bays are yielding full stringers of redfish weighing one to ten pounds.

The six to eight-inch redfish that biologists found so numerous in the early summer are now swarming in the back bays, but now they are 13 to 14-inch fish.

"The next few weeks will definitely be the peak of the sport fishing season in the bays," Simmons said.

BEAUTIFY THE WIDE-OPEN SPACE BUT NEVER MIND THE CITIES

Much has been accomplished by the Johnson Administration to save the beauties of the countryside. Lady Bird, who started the drive, has been chided quite a bit, but in reality, the interstate highways, efficient though they may be, are, as she says, not things of beauty. Engineers, being technical-minded, were not, seemingly, the least bit interested in saving trees in median strips or planting flowers or shrubs. Now, however, roses, evergreens and hedges are beginning to appear along the concrete jungle and things are looking much better.

The Johnson Administration has also worked for the Wilderness Act, the Land and Water Conservation Fund, and anti-billboard legislation, all designed to conserve some of the beauties of America.

So much for that. But what about some of the freeways being created in the cities? Some are getting up their dander because stubborn engineers are determined to run freeways through historical and beautiful sections of municipalities.

San Francisco, for one, has said no to a $250 million project, rejecting two freeways because they would interfere with scenery.

New Orleans has been rebellious because of a projected freeway that would render asunder the famous old French Quarter.

Citizens in the older, more beautiful Morningside section of Atlanta, have been fighting, mostly unsuccessfully, a projected interstate through the area. Highway engineers are ignoring the residents and unless some higher-ups step in, this section, some say, will become a slum.

According to a survey made by the Wall Street Journal, objections to freeways are being heard in New York, Washington and Los Angeles. Highway folks even want to go through the famous old redwoods in California, the the everglades in Florida, plus a wild life preserve in Alabama. In Memphis there is talk of running one of the huge concrete strips through a widely used park.

Cities should not be completely ignored in beautifying the country. To tear asunder New Orleans' historic French Quarter would be a shame. To go through a wildlife preserve doesn't make sense.

If President Johnson can't order some common sense to be used in the highway department and make some adjustments, then someone should possibly pass the world along to Lady Bird. Maybe a woman can nag the engineers to save some priceless property.

THE FAMILY LAWYER

Newly Discovered Evidence

Suppose that, after a man is convicted of the murder, the "murder victim" turns up alive. Everyone would agree that:

1) the Jury's verdict was wrong; and

2) the prisoner should go free.

Such melodrama is rare in real life. But new evidence of some kind often does come to light after a man has been found guilty of a crime. Does that entitle him, if not to outright freedom, at least to a new trial?

Generally speaking, the law is wary of granting a new trial on the claim of "newly discovered evidence." For there is a distinct danger of fakery. The looming reality of a jail cell may ispire the defendant (or his sympathetic friends) to suddenly "remember" things that never happened at all.

In one case, a convicted rapist sought a new trial on the basis of "newly discovered evidence" that he had been playing poker with his cronies on the night of the crime. But the court denied his request, observing drily:

"Doubtless his convition stimulated his memory and the memory of his friends."

Furthermore, since a new trial costs money and effort, the law will not grant one if the new evidence is not likely to make any difference in the result. Thus:

A man was convicted of shooting his neighbor to death. After the trial it was learned that the neighbor, too, had owned a gun. But there was no evidence that the other gun had anything to do with the fatal quarrel.

New trial? The court said No, since the neighbor's ownership of a gun simply wasn't important enough to change the verdict.

On the other hand, new evidence may at times disclose a real miscarriage of justice.

Some years ago, ballistics experts discovered a new and better way of testing firearms. Checking the gun of a man already convicted of murder, they decided that his weapon could not possibly have fired the fatal shot.

Clearly this was grounds for a new trial, which was duly granted. We cannot expect that the law will never make a mistake, once we can expect that a mistake, once discovered, will be corrected.

The Chamber of Commerce Recently Received the Following Letter

CHAMBER of Commerce
Rockport TEXAS
Wednesday
Oct. 19, 1966

Dear Sir:

I am from West Virginia. One day I were fishing in the Potomac River. I was walking through a path when I saw a whooping crane land in an open spot. He looked over at me, and he started chasing me! I saw in a book how rare they are, so I wrote to you.

Write soon,
Mark Long
120 Kent Terrace
Martinsburg, W. Va.

The Chamber of Commerce sent back the following letter:

Dear Mark:

Thank you very much for your nice letter. We were glad to know that when you think of whooping cranes, you think of Rockport, Texas.

And you are definitely right when you say that whooping cranes are rare. According to the latest information, there are only 44 whooping cranes in existence. They spend their winters at Aransas National Wildlife Refuge near Rockport. Forty-two have arrived already and the rest will be coming soon.

We certainly hope that some day you and your parents can come down here some winter and see the whooping cranes and the many other interesting sights there are, plus wonderful weather.

Enclosed are some booklets which have pretty pictures and a lot of information about the Rockport area which we thought you would like to have.

* * *

We talked to Mrs. Connie Hagar, Rockport's world famous authority on birds, about the boy's letter and his reference to seeing a "whooping crane."

She explained that no whooping crane has ever been known to migrate in the Martinsburg, W. Va., area and that Mark probably saw an American egret.

We considered explaining this to Mark but then decided this would spoil an exciting memory he will have for many years.

S/Sgt. and Mrs. W. T. Buchholz left Monday morning for their home in Wilmington, N.C., after spending two weeks visiting Marilyn's folks, Mr. and Mrs. Hugh Morrison. Bill just got back from a 13-month tour of duty with the Marines on Okinawa.

Mrs. J. W. Brundrett 95 Years Old

Mrs. J. W. Brundrett, known to her many friends as "Mrs. Manch", celebrated her 95th birthday at the home of her daughter, Mrs. Lloyd Smith, Saturday afternoon.

Co-hostesses with Mrs. Smith were Mrs. Brundrett's other daughters, Mrs. George Sorenson of Port Lavaca, Mrs. William Kell of Premont, Mrs. Fred Mires of Taft, Mrs. D. L. Kight of Fulton, Mrs. Ingle Turner of Rockport and her daughter-in-law, Mrs. Elmo Brundrett, also of Rockport.

Some of the grandchildren and great-grandchildren were on hand for the occasion including Mr. and Mrs. Harwood Mires and sons of Taft; Randy Kell of Premont; Mrs. Bill Monizer and daughters of Yorktown; Mrs. Norman Oliver and children of Corpus Christi; Mrs. Marcy Hoffman and daughters of Victoria; Mrs. Coy Kirkpatrick and baby of Aransas Pass; Mr. and Mrs. Jackie Smith, Stephen and Stacy, of Ganado; Mrs. Jay Roden and daughters, Rockport, D. L. Kight, Lloyd Smith and Ingle Turner.

Several neighbors attended including Mrs. Mary Juergens, Mrs. S. F. Jackson, Mrs. Austin Smith, Mrs. William Riser, Mrs. Fred Brundrett and Mrs. William Douglass. Coffee, punch, nuts and mints were served with the birthday cake and after the honoree had opened her gifts, movies were taken.

Other relatives and friends dropped in during the day, bringing gifts and good wishes. Among them were Mr. and Mrs. George L. Brundrett, Mrs. Herbert Mills, Mrs. Harry Mills, Mrs. J. R. Wells and Mr. and Mrs. Guy Hanks.

Mrs. Brundrett, the former Lydia McRae, was born in 1871 in Lamar, the daughter of Mr. and Mrs. Murdock McRae. Her maternal grandfather, Archibald McRae, was born in Scotland and her paternal grandfather, Humphrey Heard, was a native of Ireland. Both families were among the earliest settlers in this area, the McRaes being the second family to come to Lamar when it was but a wilderness.

In 1891, she married J. W. Brundrett who was born on St. Joseph's Island. Soon after they married, they moved to Black Jack Ranch, on Bilmott Bayou and lived there 20 years. This area is now the Aransas National Wild Life Refuge.

In 1917, they moved to Rockport where Mrs. Brundrett became active in the affairs of the Presbyterian Church, the school and civic circles.

COAST SPAN OKEYED FOR FISHIN' PIER

Salt water fishermen who want to "go to sea" without getting their feet wet will find another break through the combined efforts of the Texas Parks and Wildlife Department and the Texas Highway Department.

A second abandoned causeway, or bridge over water is being converted into a fishing pier. It is the one across Copano Bay, on Highway 35, the coastal route.

The bridge, just replaced by a new and larger structure that omitted need for a draw bridge for marine traffic, is about ten miles north of here.

About 500 feet of the old bridge will be removed from the center, allowing substantial ends to be developed for pedestrian fishing.

The Department explained that Copano Bay has long been a favorite fishing spot, particularly when winds make the Gulf waters too rough for boat angling.

The first converted causeway into a fishing facility was placed into service in June 1964, when the Highway Department assigned another outmoded bridge also on Highway 35 near Port Lavaca.

The Department spent $37,600 to ready the project, including a boat ramp.

On Copano Bay, the old causeway was built fairly close to the water, but the new bridge has a vertical rise of 50 feet near the center to accommodate boat traffic.

Over the years, fishermen have been prevented from using the old bridge for angling because of the hazzards of the narrow, two-lane traffic passageway.

L.B.J. CAUSEWAY—

(continued from page 1)

the dedication ceremonies were Rt. Rev. Msgr. J. William Hennel, Pastor, Sacred Heart Catholic Church, who gave the invocation;

Judge John D. Wendell, County Judge, Aransas County, gave the opening remarks. Wendell, Seth Steele, Paul H. Ward, Harold Picton and Herman Johnson are among the local leaders who in 1961 started the crusade for a new causeway across Copano Bay which now is a reality.

Rev. Charles Fake, Pastor, First Baptist Church gave the benediction.

Stirring music was provided for the occasion by the Aransas County High School Band, J. O. Robertson, Director, and Douglas Lankard, Assistant Director.

The V.F.W. Color Guard also participated in the ceremonies.

Among special guests seated on the speakers' platform were State Sen. William "Bill" Patman, State Rep. Leroy Wieting, District Judge John Miller of Sinton, Robert G. Mauermann, Deputy Director, Texas State Parks and Wildlife Department, Mayor Delmar R. Hiller of Rockport, Jimmy Thwing, prominent business and civic leader from Aransas Pass, K. A. Wallace, mayor of Port Lavaca, and County Judge Howard Hartzon, Calhoun County.

Congressman Young read a telegram from Governor Connally expressing regrets that pressing business kept him from attending, and conveyed the regrets of President Johnson who had been invited.

BEST TEXAS DEER SHOOT SEEN AHEAD

Austin—A massive man-versus-beast conflict that could pit half a million hunters against Texas' estimated 2,500,000 deer herd will be initiated Saturday, Nov. 12.

That is the opening date for the annual big game season in most Texas counties under direct harvest supervision of the Texas Parks and Wildlife Department.

The kickoff for most counties where wildlife resources are managed by the Texas Legislature will be Tuesday, Nov. 16, the traditional opener.

There are many deviations from these dates, according to the Department, including the popular Trans-Pecos 16-day season beginning Saturday, Nov. 26.

Every indication points to a tremendous harvest of deer. And that is the fervent wish of game management authorities. Their successful efforts over the years have raised the once sparce whitetailed deer herds to such enormous proportions that only a record harvest will avert a possible over-population crisis.

Likewise, the wild turkey prospects were reported substantial.

The response by sportsmen seems adequate. Department headquarters personnel report unprecendented requests for hunting licenses that apparently will far exceed last year's 745,000 overall total.

Ammunition dealers report sales so brisk that their supplies of certain kinds of rifle bullets have become limited.

From the ranges comes word to the Department that deer have never been so numerous and generally are in good condition, all because of food supplies. The surplus is so great in many counties that a third, or bonus, antlerless deer is authorized under the permit system.

And the weather provided a pre-season bonus in some places, with rain to moisten the tinder-dry range, lush with heavy vegetation, plus cool temperatures to hasten defoliation of brush areas to improve hunter's visibility.

The setting was so ideal that the Department could add only the suggestion that sportsmen inform themselves on various regulations involving bag limits and dates in different areas. A specially prepared Hunting Guide long ago was sent to license agents and field forces to be distributed on request.

A girl applying for a stenographer's job was given a test in spelling.

"How do you spell Mississippi?" asked the examiner.

"The river?" she asked, after pondering the question for a moment, "or the state?"—Grit.

Pirates Fall To Warriors, 14-7

By
Robert Oliver

The Aransas County High School Pirates fell to the Tuloso-Midway Warriors in a fight for the district title football game, by a score of 14-7. This District 28-2A football game was played in Rockport with the kick-off at 7:30 p.m.

The Pirates and the Warriors battled to a scoreless, first quarter of play with the Pirates defense displaying some fine goal line stands. One such incident occurred when the Warriors were unable to score with a first down and goal to go situation on the Pirates four yard line.

As the second quarter attempted to slip by, both the Pirates defense and the Warriors defense continued to hold one another. With 1:24 left in the first half, Warrior halfback Freddie Valentine, scampered into the end zone from five yards out for six points. Quarterback Escobar, tossed a short pass to end, Leon Bernsen and the two point conversion was good. Thus, the Pirates defense had been beaten and the first half ended with Rockport trailing 8-0.

The third quarter found the Warriors dominating the game offensively with the Pirates trying to keep them from finding paydirt. Only 44 seconds remained in the third quarter when Warrior halfback, Freddie Valentine, once again found running room that led him into the end zone for six more Warrior points. The two point conversion was blocked and the third quarter came to a staggering end with the Pirates now trailing 14-0.

The fourth quarter saw no scoring for the Warriors. However, with 23 seconds left in the game, Pirate fullback, Charles Simmons, found daylight on a drive play and darted 17 yards for a Pirate touchdown. Frank St. Clair kicked the extra point and the Pirates now trailed 14-7. The Pirates, in hopes of scoring again, played headsup, hard hitting football. However, the clock ran out and the Pirates had to surrender a 14-7 football game to the Warriors.

The most outstanding defensive man for the Pirates was Roy (Moose) Johnson with some 19 tackles. Other outstanding defensive men for the Pirates were Eric Henderson, Thomas Lewis, Charlie Roe, Jerry Brundrett, and Mark Johnson. The Pirates leading ground gainer and most outstanding offensive player was Charles Simmons.

The Pirates fumbled two times and lost the ball on both accounts. The Warriors had one fumble and managed to recover it. The Warriors were penalized 105 yards while the Pirates received only 40 yards in penalties. The Warriors led the first downs with 15 to 10 over the Pirates.

The Pirates now have a season record of 5-3-1 and a district record of 4-2.

Mrs. Eunice Mullinax of Baytown is visiting her mother, Mrs. Minnie Edmison, and Mr. and Mrs. Milton Sparks.

MARINE CORPS USES CALL FOR MARINES TO REENLIST

The United States Marine Corps recently issued a call to all former Marines to consider reenlistment.

The opportunity exists to rejoin the active duty Marine Corps for 2, 3, 4 or 6 years and be reappointed to the rank held on discharge or release from active duty.

As a result of a recent directive, the Marine Corps Recruiting Service is now authorized to reenlist a limited number of former Marines with the rank that they held at the time of their discharge. In some instances this applies to former Marines who were released from active duty over a year ago.

The Marine Corps recruiters in this area have the information needed to determine qualifications. All interested former Marines should contact S/Sgt. R. C. Hendrickson at the Marine Corps Recruiting Station, Corpus Christi, Texas or call collect. TU-2-6822.

CARD OF THANKS

We wish to thank our friends and neighbors for the food and flowers, etc., and for their kindness and sympathy in the loss of our loved one, Wesley G. Hattenbach.

STEWART-WENDELL POST No. 3904
VETERANS OF FOREIGN WARS

Bob Hewes, Commander

FORMER MISSIONARY TO SPEAK HERE SUN.

A former missionary couple, Rev. and Mrs. H. T. Poteet of Taft, are to be guest speakers this Sunday at the Rockport Church of God on Highway 35.

They spent more than five years in Southern Africa doing work among natives and people of various races. Their work was principally in the Johannesburg area, where they assisted in establishing a number of churches among the non-European peoples.

Since returning to the United States, Rev. Poteet has held a number of pastorates, the most recent of which was his assistance in establishing a new church in Grand Prairie, Tex. He also spent a number of years in school work and is now a high school counselor.

Rev. Poteet's message will include some of the experiences he had while in the mission field. The public is cordially invited.

Since Rev. V. V. Lister's resignation, the pulpit has been filled each Sunday by visiting ministers of of city and surrounding area. Among those who preached are Rev. Don Murphy of Corpus Christi Parkside Church of God, Rev. Tollie B. Hurst of Pentacostal Church of God, Rockport, Rev. C. H. Walls of First Baptist Church, Rockport.

Ernest Harrist, Curtis Harrist and Mrs. Lynwood Eller attended the funeral services of their aunt, Mrs. Lou McCoy, 91, in Lubbock Nov. 2. Burial was in the Abernathy Cemetery.

Mrs. Edwin Mundine returned home last week from Elgin and McDade where she had been visiting relatives.

MORRISON'S HAVE FAMILY RE-UNION

The Hugh Morrison family had a buffet supper on Saturday, Nov. 5 at which time the entire family was present—first time in many years. There were 17 present. Attending were Bill and Marilyn Buchholz of Wilmington, N. C.; Hugh Martin of A&I College; Mr. and Mrs. Ed Morrison and son Ronnie, of Austin; Mr. and Mrs. Bob Morrison and sons, Rusty and Ricky, Rockport; and Mr. and Mrs. Jim Wilder and children, Jack, Travis and Roberta, of Alice.

Mrs. Elbert Mundine and Mr. and Mrs. Leo Morish of Port Lavaca returned home Friday night from two weeks' visit with Mr. and Mrs. R. D. Torres, Jr., and children in Norfolk, Va.

They also toured the Smoky Mountains. On the return trip they came through Atlanta, Ga., where they ran into a snow storm. They visited relatives in Alabama.

This and That

*

JOHN KINSEY

Remember those old comedies in which the detective pursued one or two persons in a house or apartment? The persued and the pursuer always walked (not ran) fast and there was much moving from one room to another, much closing of doors, and those being chased always stayed just out of the detective's sight.

In a way, life for three in a trailer (pardon me, mobile home) reminds me of those ancient movies. For the time being, my wife, daughter and I are experiencing this way of life.

Since all three of us work, it takes a bit of planning, timing and maneuvering in the morning, particularly since we have only one bathroom.

There is much scurrying about, and lots of traffic up and down the hall which is about wide enough for two Fred Astaires to pass each other. This means when I see wife or daughter coming toward me, I either back up or dart into the nearest room off the hallway.

Since the closet space is somewhat limited, there is a bit of stacking and piling of clothes and a few boxes in temporary use.

Early in the morning, one hears such queries as, "Mother, do you know where my pink blouse is?"

Don't get me wrong; I really like our trailer and it accommodates two persons nicely. But for three or more—it's a little too chummy.

Fortunately, our daughter has a good sense of humor. She will be married Nov. 19 and will be living in Austin. The other day after we bumped into each other a couple of times she said: "Dad I'll bet you are going to miss me after having me here the past few weeks."

I said, "Honey, I really am going to miss you, but not your things."

DEER CALLS RESTRICTED TO RATTLING

Austin — A piece in the papers about somebody ingeniously converting a varmint call into a deer call prompted the Texas Parks and Wildlife Department to pinpoint restricting use of such a device.

The act states:

"Any person who at any time of the year in hunting deer uses a deer-call, whistle, decoy, call pipe, reed or other device, mechanical or natural, for the purpose of calling or attracting deer, except by rattling deer horns, shall be fined not less than one hundred dollars, or be imprisioned in jail not less than twenty nor more than ninety days, or both."

From field reports describing dense foliage and abundant natural food, it may influence the thorough hunter to avail himself of the legal calling method.

That is, the Department suggests the time is here for the novice caller to get those horns down off the wall and begin practicing. Because, when handled right, horn rattling is a dependable way of luring a buck out of the brush. Of course, the deception centers around imitating a buck fight over a doe. Thus the horn rattling tricks the listening male into believing he should appear on the scene posthaste.

The old pros agree a clear frosty morning following a few cold northers is the ideal time but that sometimes good rattling is available throughout a cold, cloudy day.

In any event, the Department, seeking maximum reduction of a mammoth deer surplus, advises the neophyte rattlers to practice long and hard under expert supervision. Otherwise, their futile banging of the horns probably will spook the deer.

The winners at duplicate bridge Thursday, Nov. 3, were North-South: First, Eileen Bird and T. S. McDonald of Dallas;

Duplicate bridge is played each Thursday at 7:30 p.m. at Key Allegro Islander Club. All interested persons are welcome.

W. G. HATTENBACH DIES

Funeral services for Wesley Hattenbach, 79, a Rockport resident since 1927, were held at 2 p.m. Saturday at Sacred Heart Catholic Church with burial in Rockport Cemetery.

A retired welder, Hattenbach was a member of the Catholic Church. He was killed Wednesday after being struck by a car just inside southern Rockport city limits.

Among his survivors are a son, Alphonse Hattenbach, and a daughter, Mrs. Tommy Payne, both of Corpus Christi.

Other survivors include his wife, Hattie; four other sons, Christian, George and Germanus Hattenbach all of Rockport; and Robert Hattenbach of San Antonio; another daughter, Mrs. Henry Phillips of Rockport; three stepsons, Lester Teitjen of Shiner, and Elvin Teitjen and Marwyn Allison, both of Rockport; 12 grandchildren, and 31 great-grandchildren.

Pallbearers were: William Johnson, Francis Rouquette, Otis Rouquette, Raymond Owens, Dick Simpson and Dudley Bracht.

Cage-Marshall Funeral Home was in charge of funeral arrangements.

TO MY FRIENDS AND NEIGHBORS

This will have to serve as a 'big thanks' to all. You will never know how much I do deep in my heart appreciate all the lovely flower arrangements, cards, by the car-load, such nice gifts and visits. I never knew how nice my friends and neighbors really were.

So much nice food, since coming home from my 15-day stay in the hospital which was quite sudden in a way, yet I should have gone 2 years ago. It will be some time before I am out and with all of you.

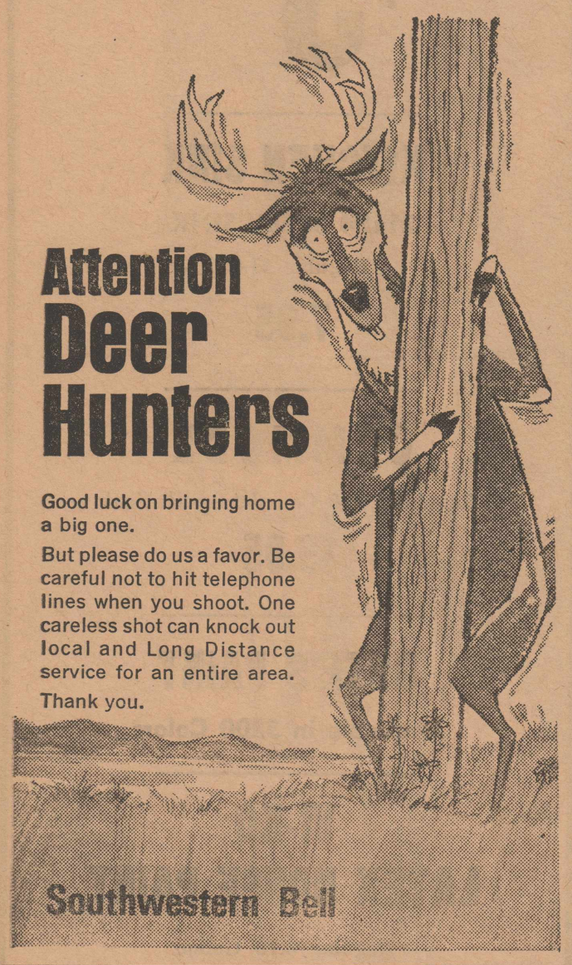

Thanks to my church and all the others that prayed for my recovery, which God sought to answer.

Again I want to say Thank You. W. B. joins me in saying, you all were so nice with your inquires of me from him.

Thank you,
Myra Allen

Good luck on bringing home a big one.

But please do us a favor. Be careful not to hit telephone lines when you shoot. One careless shot can knock out local and Long Distance service for an entire area.
