Cake Sale Auction Goes to the March of Dimes Drive

Spirited bidding upon the part of merchants from out-of-town as well as locals, marked the auction sale at the club boys stock show here Monday. Promiscuous among bidders was Nathan Donsky, owner of the Nathan's Jewelry in San Angelo. He with his bidding accounted for the two highest bids at the show on lambs.

Among other out-of-town bidders who helped by buying lambs at the show were Key-Olds Cadillac Co., Sweetwater CottonOil Co., Holland Jewelry, Anchor Serum Co., Hemphill-Wells Co., Joe Blakeney Wool Warehouse, Gandy Creamery, Robert Massie Co., and M. L. Leddy's.

POLIO DRIVE LIKELY TO HIT \$2000 HERE

More than \$1,900 has been totaled in March of Dimes receipts here so far, according to Mrs. Joe Emery, county secretary. The total promises to hit a record high of \$2,000 before all receipts are counted, she predicted.

Rufus Foster, chairman of the drive had hoped for at least a dollar per capita for the county total. Now it seems that his hopes have been exceeded with a record breaking total.

In round figures (totals will be printed next week) the Mothers March totaled over \$200, peanut sales over \$50, the Noradata cake auction over \$300, the basketball game over \$170, the Legion Dance over \$65, the City Cafe coffee money about \$35, the coin containers about \$80, the Lions Club blue crutch auction \$190, and the other money came in from donations by clubs, individuals and organizations, said Mrs. Emery.

WINTRY BLASTS COVER WEST TEXAS

Cold winter weather hit West Texas Wednesday of this week. It first drizzled then misted, then it started snowing Thursday, dropping temperatures down in the 20's.

The moisture is very welcome to ranchers and hopes are for a wet or fairly wet year in 1956.

Some ranchers are lambing and the cold weather is rough on the stock.

The cold extends practically over all the state.

Lions Club Luncheon

The members of the Lions Club met Wednesday noon in the community center for the regular weekly luncheon.

Guests present were Fred Igo, Ross Foster, Bill Campbell and Mrs. Alvie Cole.

Fred Igo told of the clubbers livestock show that was held here Monday. He expressed his thanks for the lamb buying by the citizens and the help that had been extended to fix up the show barn.

Ross Foster, commander of the local Legion Post showed an outside trash receptacle that cost only \$11.75. The club voted to buy two of the trash holders, along with other clubs of the town and put them on the main street to help keep the town neat.

Dr. Swann told the members of the P.T.A. survey to get the Salk polio vaccine for all school children that had not yet been vaccinated. He said he might call on the club to pay for some of the vaccine. The club had previously voted to pay for any child's vaccine that might not otherwise afford it.

Swann told of the opening of the Heart Campaign. He said the campaign would close on Feb. 14, and asked for a committee from the club to help on the drive. Acting president Boots Williams appointed Horace Donaldson, Martin Reed and H. M. Knight on the committee to aid in the drive.

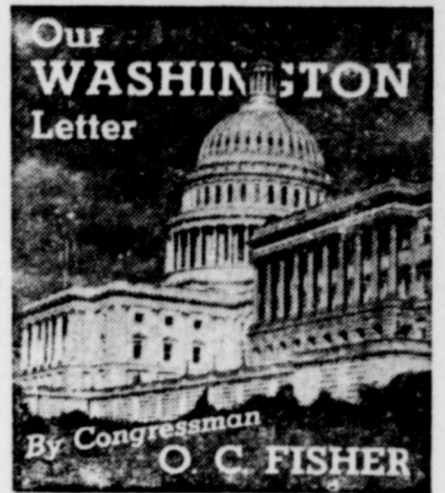

Members wrote suggestions on "how to improve the club" and the suggestions were collected for committee action.

430 Poll Taxes Here

There have been 430 poll taxes issued here for this year, said W.O. Green, tax collector. Seven of the number were exemptions for the persons just coming of voting age and some of the first group were for those securing their first over age (60 years) exemption.

This would indicate a voting strength of more than 500 in the county for this election year.

Among those attending the Ft. Worth Livestock show this week included Mr. and Mrs. Roy Foster, Mr. and Mrs. Foster S. Price and J. T. Davis.

WHILE COMMITTEE WORK occupied House attention last week the Senate pushed toward a show-down vote on the natural gas bill. That measure passed by the House last year, would correct a Supreme Court blunder committed two years ago when it put individual producers of gas under federal control, even though the Congress in 1938 exempted gas at the well-head from Federal interference.

It is obvious that if Uncle Sam should tell a gas producer how much he can charge for his gas (before it ever gets into interstate pipelines), he should with equal logic and reason tell the cow man what he can get for cow hides (before they get into interstate commerce on their way to eastern tanneries), or what a forrester can charge for his trees at the stump (before they are shipped across state lines on rail cars) etc., etc.

ACTUALLY, a lot more is involved in the gas legislation than just the correction of a judicial blunder. The matter of controlling Federal expansion of power, of allowing Federal bureaucrats to run roughshod over state lines in the lust for more controls and domination over subjects that can and should be handled by the States are involved.

It boils down to a battle against the Give-away crowd. We dealt with it in the Tidelands legislation and we have seen the same pressures erupt time and again. It is the handiwork of the sponsors of an all-powerful central government.

They would give away the people's birthright for a mess of federal postage. They would give away the rights retained by the States in the Constitution in order to build up more power and control in Washington. They blow the bugles for Big Government and every time they can eliminate a State's right they have advanced their give-away cause.

So no wonder the powerful Give-away lobby is now at work in a massive fight against the natural gas bill! Yes, a lot more is involved in the outcome of the gas bill than just the correction of a mistake made by the Supreme Court.

Mrs. Fred Allen of Las Vegas, New Mexico is here visiting her parents. Mr. and Mrs. Rufus Foster, Mrs. Foster is in the St. John's Hospital in San Angelo.

PECAN TREES

If you would like to have a few nice pecan trees for this planting season it might pay you to see some trees that I recently planted. These trees are produced at STAHMANN FARMS INC. in New Mexico and can be expected to do better in this locality than trees produced East of here. The planting season is at hand and will last about fifty or sixty days yet. If you are interested, I would be happy to discuss the matter with you.

37 Servants!

to help you LIVE BETTER ELECTRICALLY

The average home employs thirty-seven servants — and all of them are Reddy. He is at your beck and call 24 hours a day, 7 days a week all year long — fair weather or foul. He'll run any of those 37 appliances — or ALL of them — whenever you say!

The beauty of it is, that Reddy does all these jobs for real low wages . . . about 3¢ an hour. That's a lot of work for a little money!

Next time your electric service bill arrives, take a good look at Reddy's wages — you'll find that electricity is still today's biggest bargain.

From where I sit ... by Joe Marsh

**New Future
For Your Present**

How many ties did you get for Christmas? For once I didn't come up with *any*—could have used a couple this year, too. Instead I got three wool mufflers. Never wear a muffler.

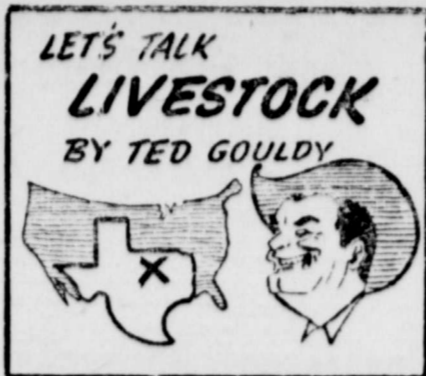

Some people are determined to do something about the Useless Gift Problem—they're holding a "White Elephant Party" Saturday at the Community Hall.

Handy Peterson's the chairman. "Bring any presents you'd rather give than receive," he says. "Chances are you'll swap them off for something even worse—but it ought to be fun."

From where I sit, it's sometimes pretty hard to give a man exactly the present he wants. Other people so often have tastes and preferences that differ from our own—for example, think of all the people you know who claim coffee's the beverage, and all the others (like me) who'd rather have a glass of beer. Being able to make your own choice is the greatest "gift" of all.

**OVER 20% ARE RETURNING
MARKETING QUESTIONNAIRES**

FORT WORTH—The market study being conducted at Fort Worth by the Texas Agricultural Experiment Station in cooperation with the research department of the USDA which has been under way for some weeks on cattle, will switch over to sheep operations when the Spring runs get under way in a few weeks.

Dr. John G. McNeeley, economist at Texas A&M College reported this week that better than 20% of the questionnaires that have been mailed out are being returned. This is a relatively high percentage of replies, and indicates the high interest that livestock shippers are taking in this study.

Cattle shippers are now getting these questionnaires, and when the Spring sheep movement gets under way the sheepmen will begin getting a similar one, however, it will pertain directly to the sheep marketing situations.

**CATTLE OPEN STEADY, SPOTS
A LITTLE STRONGER MONDAY**
Cattle and calves sold generally

fully steady and some spots were a little stronger at Fort Worth Monday. Receipts at some of the midwestern markets were cut by bad road conditions and this offered salesmen a chance to press for higher prices. However, packers resisted this trend to the best of their ability.

Comparative prices: Good and choice slaughter steers and yearlings \$15.00—19.00, latter figure for cattle under 1,100 pounds. Some heavies over 1,300 pounds stopped at \$18. Common, plain and medium cattle \$10 to \$15. Fat cows \$11 to \$12, some heiferish kinds above \$12. Canners and cutters mostly \$7 to \$11. Bulls mostly \$10 to \$14, a few outside that range.

Good and choice slaughter calves cleared at \$15.50 to \$18.50 and common and medium offerings drew \$13 to \$15. Cull and common sorts \$10 to \$13. Two loads of choice stocker steer calves of over 400 pounds sold at \$18.50, and steer yearlings sold mostly from \$17.50 downward. Replacement cows are in very active demand at strong prices dealers reported.

**HOGS SELL 50 CENTS LOWER;
TOP AT \$14.00—14.25**

Good and choice butcher hogs sold at \$14 to \$14.25 at Fort Worth Monday, or 50 cents under the best prices last week. There was a moderate increase in hog receipts at Cornbelt points despite the bad weather that slowed down the cattle runs at those centers. This put a rather bearish tinge to the trade, as there was some speculation that receipts might get back to the very large numbers before the week

was out.

Less desirable weights and grades of butcher hogs sold from \$11 to \$13.75. Sows cashed at mostly \$10 to \$12, and a few lightweights sold to \$12.50.

**SHEEP AND LAMBS SELL
STEADY; LAMB TOP \$18.50**

Good and choice slaughter lambs cashed at \$17 to \$18.50 at Ft. Worth Monday and they along with all other grades and classes were regarded as fully steady. Some 5,200 head arrived indicating again that movement was expanding somewhat seasonally.

Cull, common and medium slaughter lambs sold from \$12 to \$16.50. Top lambs at \$18.50 carried No. 1 and Fall shorn pelts, and some No. 2 pelt lambs sold at \$17 to \$17.50. A few woolled lambs sold at \$17.50 downward. Stocker and feeder lambs sold from \$15 to \$17, and some choice shearing lambs were quoted above that range in load lots.

Slaughter ewes sold from \$7 to \$7.50. Old bucks sold around \$6. Aged wethers cashed at \$ 8 to \$13. Yearling wethers were quoted from \$12 to \$16.50.

LOCKER PLANT TO OPEN FEBRUARY 6

The Frozen Foods Plant Co. will open for business here on February 6, said owner H. L. Hildebrand this week. The plant was bought in the fall by Hildebrand, who has had the plant worked over completely. The inside of the place has motors and equipment overhauled, and the facilities improved greatly.

Hildebrand has a new manager for the plant. He has secured Harry Lawson for manager. Harry, it will be remembered, was the head man with the Soil Conservation work unit here for several years. He and his family have moved to Sterling from San Antonio and he says the plant will be open for business on February 6.

Harry Lawson New Manager
Animals for slaughter and processing may be brought in any day, said the manager. All processing, chilling, cutting up and deep-freezing, etc. will be done to the customer's orders.

The new owner and manager hope to fill a need in the community here for such a plant and welcome your business. Boxes are now being rented and the plant will be ready for business on the second Monday in February.

Get-Acquainted Tip
By Betty Barclay

BAKE a loaf of Grape-Nuts Bread to serve or to sell at your group's first "get-acquainted social" of the year. Makes excellent sandwiches with butter and cream cheese... and, of course, it's wonderful to nibble with a cup of tea!

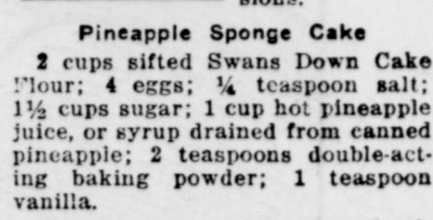

Grape-Nuts Bread
1 1/2 cups milk, scalded; 2/3 cup Grape-Nuts Cereal; 2 cups sifted flour; 2 1/2 teaspoons double-acting baking powder; 1 1/2 teaspoons salt; 1/2 cup sugar; 1 egg, well beaten; 3 tablespoons shortening, melted.
Pour milk over cereal and let stand until cool. Sift flour once, measure, add baking powder, salt and sugar, and sift again. Add egg and shortening to cereal mixture and mix well. Then add flour mixture and stir enough to dampen flour. Turn into 10x5x3-inch loaf pan, lined on bottom with paper. Bake in moderate oven (350° F.) 1 hour, or until done. Wrap in waxed paper and store several hours or overnight before slicing.

Take A Light Bow
By Betty Barclay

IF you want to have your cake—but not feel it—much! try a fluffy sponge cake with a "baked-in pineapple flavor." It's especially appropriate as a light finale to a heavy Sunday dinner... the kind that's traditional to us all for special occasions.

Pineapple Sponge Cake
2 cups sifted Swans Down Cake Flour; 4 eggs; 1/4 teaspoon salt; 1 1/2 cups sugar; 1 cup hot pineapple juice, or syrup drained from canned pineapple; 2 teaspoons double-acting baking powder; 1 teaspoon vanilla.
Sift flour once, measure, and sift again. Beat eggs and salt together until very thick and light colored—about 5 to 7 minutes. Then add sugar gradually, beating constantly. Add 1 1/2 cups of the flour, alternately with the hot pineapple juice, beating well after each addition. Combine remaining flour and baking powder and sift over batter; beat thoroughly. Add vanilla; blend.
Turn batter into ungreased 9-inch tube pan. Bake in moderate oven (375° F.) 40 minutes, or until done. Remove from oven, invert pan, and let stand 1 hour, or until cake is cool.

For A Wonderful Dessert

By JANE ASHLEY

Extra rich, tender pastry is combined with fruit to make a luscious dessert for winter menus. The pastry is quick and easy to make too.

Dutch Fruit Cake
• Fruit as listed

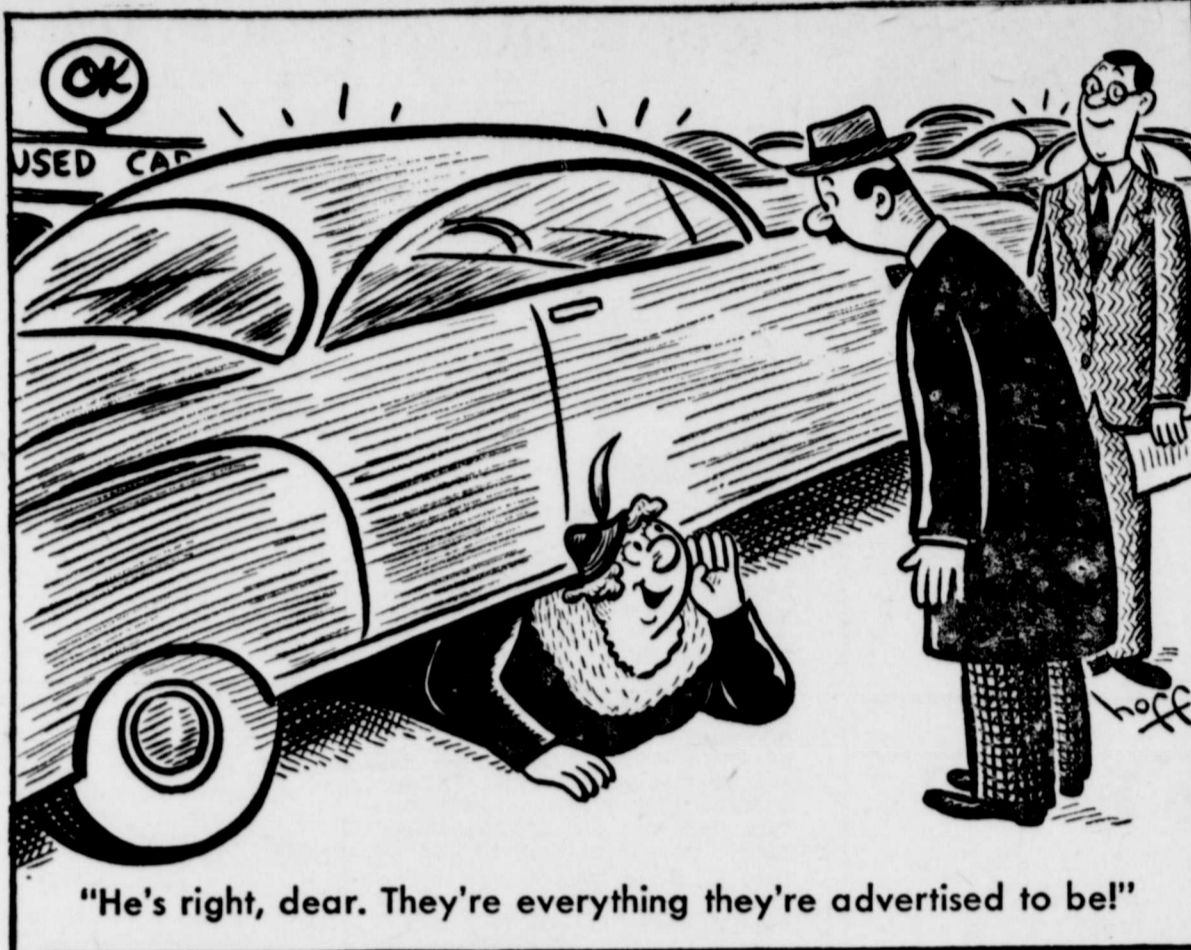

- 1 1/2 cups sifted all-purpose flour
- 1/2 teaspoon salt
- 1 teaspoon sugar
- 1/2 cup Mazola Oil
- 2 tablespoons milk

Prepare fruit as directed. Mix and sift flour, salt and sugar into mixing bowl. Combine cooking oil and milk in measuring cup. Whip with fork. Pour all at once over flour mixture. Mix with fork until dampened. Turn pastry into square cake pan (8 x 8 x 2 inches). Pat out to cover bottom of pan and push dough up along sides to depth of about 1 inch. Arrange fruit over pastry. Sprinkle Streusel over fruit. Bake in hot oven (425° F.) 40 to 45 minutes, or until edges of pastry are browned. Makes 6 to 8 servings.

Streusel: Mix 3/4 cup sugar, 2 tablespoons flour and 1/4 teaspoon salt in a bowl. Cut in 2 tablespoons butter or margarine with pastry blender or fork until crumbly and well mixed.

• Use one of the following fruits, as desired:

- 4 tart medium-sized apples, cut in eighths
 - No. 2 1/2 can peaches—slices or halves, well drained
 - 2 packages frozen raspberries, blueberries or sliced peaches

It's A Sweet Idea!

By Betty Barclay

EVER wish for something really different for breakfast? Especially on a lazy Sunday with pots of coffee, stacks of Sunday papers and plenty of time to linger? Or something unusual, yet uncomplicated, when guests drop in for an evening's visit? All right—then try this for size: **Log Cabin Cherry Sauce.** Make it with maple-blended syrup and cherries; pour warm, over breakfast waffles, or chilled, over heaping dishes of vanilla ice cream.

Log Cabin Cherry Sauce
1 cup maple-blended syrup; 1 1/4 cups drained frozen red sour pitted cherries.

Place maple-blended syrup and cherries in a saucepan. Bring to a boil and simmer 2 minutes. Serve warm on waffles or pancakes, or chill and serve on vanilla ice cream. Makes 2 cups.

From where I sit ... by Joe Marsh

New Future For Your Present

How many ties did you get for Christmas? For once I didn't come up with any—could have used a couple this year, too. Instead I got three wool mufflers. Never wear a muffler.

Some people are determined to do something about the Useless Gift Problem—they're holding a "White Elephant Party" Saturday at the Community Hall.

Handy Peterson's the chairman. "Bring any presents you'd rather give than receive," he says. "Chances are you'll swap them off for something even worse—but it ought to be fun."

From where I sit, it's sometimes pretty hard to give a man exactly the present he wants. Other people so often have tastes and preferences that differ from our own—for example, think of all the people you know who claim coffee's the beverage, and all the others (like me) who'd rather have a glass of beer. Being able to make your own choice is the greatest "gift" of all.
