P.O. Box 92, Colorado City, Texas 79512 Sunday, November 2, 1980 20¢

Dipping Temperatures To Result In Early Harvest

Mitchell County cotton producers will soon begin the 1980 harvest.

Temperatures dipped below the freezing mark in the early morning hours Oct. 25, nipping the tops of the cotton plant and starting the defoliation process.

This is one of the earliest freezes in the county's history and surprised some "old timers" who believe the first freeze should come 60 days after the first cool spell following the summer.

The first cool spell this year fell on Sept. 17, leaving the first freeze to fall on Nov. 17, according to "old timers."

"This year's freeze did come earlier than normal. It usually occurs around Nov, 9 or 10," County Extension Bob Benson said.

The early freeze will be an advantage to the producer because defoliation using costly chemicals will not be necessary, Benson noted.

Benson said the economic outlook for the cotton producer in Mitchell County this year looks pretty bleak as compared to that of last year.

The county average harvest anticipated this year is 130 pounds of lint per acre. Last year, the producer made about 941 pounds per acre, according to Benson.

A bale of cotton contains anywhere from 480 to 500 pounds, Benson said.

The farmer produced 941 pounds per acre last year at a cost per acre of about $364.58. This year the average cost of everything is up an estimated 10 per cent, Benson said.

However, that figure will be down proportionately in the harvest

LORAINE FHA SPONSORED a masquerade party Tuesday in the homemaking department at the school. Pictured above (left to right) are the winners of the costume contest: Sylvia Barrera, first place; Sarah Munoz, second place and James Meadows, third place. See story on Page 12.

Heavy Voter Turnout Is Expected For Election

Tuesday is election day and voters are anticipated to turnout in great numbers to select the next President of the United States.

As of Friday afternoon, 239 persons had voted by absentee ballot in the County Clerk's Office.

County Clerk Joan Beach noted 48 of the votes had been received by mail and 50 more ballots have been mailed out by the office and are anticipated to be returned before the deadline.

Polls open Tuesday at 7 a.m. and close at 7 p.m.

All registered voters who reside in Precinct One will vote at the County Courthouse.

Election judge and alternate for Precinct One are Billie Marie Long and Marcelene Cox.

Precinct Two voters will be polled in the Westbrook Tax Office. Doug Barber will serve as election judge and Keith Williamson as alternate.

It's My Turn

By FRED JOHNSTON

"Country road take me home..."

In my case, the country road is Highway 208, which I have travelled many times between San Angelo and Snyder. Of course, that same road brings me to Colorado City, which is a mere 24 miles from where I was born and raised. So, this fair city, I now call home.

One of the hardest things for some people to do is to move. They have to leave familiar places and faces and become familiar with new places and faces. But, in my case, Colorado City is not unfamiliar territory. In the course of my 32 years, I have travelled to Colorado City many times to visit the only "family" doctor I have ever known, Dr. Kenneth Cowan.

Dr. Cowan has cured my family's pains and aches, relieved me of my appendix at the age of 10 and brought my sister into the world at Root Memorial Hospital.

The move is made easier, also, by already knowing others in the community...Tommy and Kit Lovell, fellow San Angelo transfers, who are associated with Ken Godsey Insurance and Alan and Vicki Ramage with Ramage Appliance and TV.

The other people I have met in Colorado City are the type of people with whom I am familiar because of where I was raised...good, honest, hardworking, West Texas people.

In assuming the position of publisher of the Colorado City RECORD, let me assure you that there will be no drastic changes in personnel or policy because the newspaper is now owned by a corporation instead of an individual. Wes-Com, as has been noted in earlier reports, is a group of West Texas weekly and semi-weekly newspapers which is committed to serving the needs of the local community. The tradition of service and quality that has been established by the RECORD will be continued.

Before an election, it is the policy of some newspapers to make political endorsements. My political endorsement is for the vote itself. I have always been appalled by the great number of registered voters who do not take or make the time to vote. They continue to let a very few determine the course of this nation and the world. They are the ones to complain the most about the situation after the election, particularly if the candidate or proposition of their choice does not win!

What I am urging you to do is to VOTE in the general election next Tuesday.

THERE SEEMS TO HAVE been monsters and spooks all over Colorado City this Halloween. Here, the Sonic Drive-In uncovers the coffin of Dracula while other goblins (alias employees) stand by to observe the awakening.

Gale And Maddox Win "Gold Star" Awards

Bruce Gale and Marjori Maddox were named 4-H Gold Star Boy and Girl for 1980 during the annual achievement's banquet Saturday evening.

County Extension Bob Benson presented the awards and noted the students had worked long and hard for the honor.

After a slide presentation given by Dawn Lemons on a national citizenship short course she recently attended in Washington, D.C., National Awards and Year Pins were presented by Winnie Putman; record book awards were presented by Karen Holman; leadership certificates were presented by Lana Shaw and special awards were presented by Sharon Burnett.

Receiving the achievement award, sponsored by Ford Motor Company, were: Tracie Bradshaw; Blaine Lemons; Adam Merket and Ginger Preston.

Winning the agricultural award, sponsored by International Harvester Co., were: Dalton Maddox; Jennifer

Hospital Classification Considered By State

Root Memorial Hospital may become ineligible to treat certain high risk ailments, according to a report given by Hospital Administrator Ray Dillard Tuesday during the regular Mitchell County Hospital District Board of Directors meeting.

Dillard reported he attended a meeting in Sweetwater of area physicians and administrators last week, at which time the subject of the Health Systems Agency was discussed.

The agency is pushing to systematically categorize hospitals.

"The agency is a division of Texas Health System's Commission. Their prime purpose is to attempt to categorize hospitals according to level of care each is qualified to give.

Certain hospitals only would be designated to care for patients with certain high risk ailments.

Hospital Administrator Ray Dillard said doctors are disturbed over the prospect of the implementation of the system and were prepared to fight to see that it was not implemented.

"We feel this is a good program for larger cities, where numerous health care facilities are available. However, for smaller cities and outlying areas, we believe it is a very bad program," Dillard said.

Root Hospital would be categorized as a Number One (lowest on the list); Abilene's Hendrick Memorial would be a Number Two and the nearest Number Three hospital would be in Dallas.

See ONE Page 2

KELLEY ELEMENTARY School was the scene of many ghostly forms Friday evening when the annual Halloween Carnival took place. Games, fun and laughter filled the halls as everyone joined in the festivities. This walking trash can is really Mrs. Macca Findley in disguise.

J.R. Erwin Funeral Services Set Today

J.R. Erwin, 56, of Colorado City died at 4:20 a.m. Saturday in Root Memorial Hospital following a brief illness.

Funeral services will be Sunday at 2 p.m. in the First Christian Church with Rev. Jim Hill, pastor, officiating. He will be assisted by Rev. Glenn Roenfeldt, pastor of First Baptist Church of Colorado City.

Burial will be in the Colorado City Cemetery under the direction of Kiker - Seale Funeral Home.

He was born John Randolph on June 12, 1924 in Scurry County and has been a resident of Mitchell County all of his life. He married Jo Treadwell on Jan. 31, 1948 in Kermit.

He was a farmer and attended the First Christian Church in Colorado City.

He was a veteran of World War II and a member of the local VFW Post No. 9178. He was a member of the board of directors of the Farm Bureau and secretary of the Farmer's Gin.

He coached Little League and Pony League and was also a coach and player agent in the United Girls' Softball Association.

He is survived by his wife; one daughter, Rebecca Jil of the home; two sons, Randy of Colorado City and Russell of the home; his parents, Mr. and Mrs. Grover Erwin of Colorado City; three sisters, Zona Pritchett of Colorado City, Vaynell Hodge of Maybank and JoAnn Thomason of Carrolton; one brother, Robert Erwin of Ira and two grandsons.

The family requests that any remembrances be made in the form of donations to the American Cancer Society.

POLICE OFFICER Jesse Dominguez, formerly with the Pecos Police Department, began his duties last week with the Colorado City Police Department. Dominguez is 24-years-of-age. He and his wife, Elva, and son, Josh, 14-months-old, reside at 9th and Austin Streets. Dominguez has two year's experience in law enforcement and has served as jailer for the sheriff's office in Reeves County.

Council Gives Nod To Purchase Of Building

Colorado City Council voted to submit a bid to purchase the building which housed the Colorado City Dress Manufacturing Co., located at 136 East First, during a special called meeting Friday.

The council is offering to purchase the building at the request of the Colorado City Industrial Team.

President Eddie Piland and J.C. Britton appeared before the council with the request.

Piland gave a brief background on the building. He noted it was originally a National Guard Armory and became the Colorado City Dress Manufacturing Co., in 1967-68.

He said at peak employment, the building had about 119 people working in it.

Piland said a first option to buy lease agreement had been written between the city and the Texas National Guard Armory Board because the building could not be sold until the bonds with which it was constructed had been paid off.

These bonds were paid off within the last 30 days, Piland said.

The Industrial Team requested the city purchase the building as a possible future site for industry.

An appraisal of the building was made by George M. Thompson, S.R.E.A., of Sweetwater at $17,500.

The council voted to bid $15,000 with the option to increase the bid to $17,500 if necessary.

Funding for the purchase will be charged through City Council Special Services, since it is not a budgeted item, City Manager Brenda Tarter said.

In other business, the council voted to approve a quit claim deed to property located behind the old Keaton Building which faces Walnut Street.

This was done to clear a title on property owned by Mac McKinnon.

COLORADO CITY VOLUNTEER Firemen, true to form, are busily at it again. They have just completed renovating the firemen's living quarters located upstairs over the firetruck garage. An idea, conceived by VFD Firemen Fred Butts (left) and Jerry Hammond, resulted in new carpets, curtains, furnishings, cabinets and a microwave oven for the use of the fulltime firemen who remain on duty 24 hours a day. Funding for the project was derived, in part, from contributions made by Ramage Appliance and TV, Carpet Shop and Decorating Center and Higginbotham Lumber Co.

NOV 2 0

*ONE, From Page 1

Dillard suggested it appeared that if a person had a heart attack on the highway, the emergency medical technician in the ambulance would have to decide if the patient could be placed in a Number One, Number Two or Number Three hospital.

"The EMT only has about 100 hours of training and I don't believe I would like him to have to make that decision," Dillard said.

Dillard also pointed out to the board that the county had no representation on the systems board, nor did Sweetwater or Snyder.

In other business, board members voted to begin proceedings to purchase the office building rented from the district by Dr. Aguillon which is located at 138 East Third.

The building is owned by Henry Bilberry and Charles Root in partnership and leased by the district.

The district would continue to rent the building to Dr. Aguillon.

Board members gave approval to the appointment of Vera Mae Carroll to the hospital auxiliary.

Annual appointment of staff members was made by board members. Staff members include, Doctors J.C. Terry, Ken Cowan, W.S. Rhode, George C. Lindsey, Thomas N. Aguillon, William R. Jones and Pat A. Thomas.

Letters to be mailed to delinquent account holders, prior to suit in civil court, were approved during the meeting.

Dillard noted that prior to going to court, hospital policy is to try to allow payments to be set up in any manner or amount which the patient can afford.

"We work with any patient who is trying to pay off the debt," Dillard said.

In other business, board members gave approval for Dillard to teach a CPR course to teachers at Kelley Elementary School for an hour a day for three days.

Board members voted to purchase an X-ray machine, either new or used. The estimated cost of the machine new is $21,400 and used is $7,500. Bids will be requested by the district.

*COTTON, From Page 1

costs because not as much cotton per acre will be ginned, baled and tied.

Cotton is currently selling from 70 to 75 cents a pound for top quality cotton. Benson noted once the harvest begins, the price will probably go down.

He anticipates the first stripping will begin in about two weeks in Mitchell County.

A few producers already have plowed under their entire cotton crops and several others have plowed under only a few acres.

Many others are waiting to see what condition the crop is in after all the leaves drop off. If it will not be profitable to strip because of the size condition and number of bolls, they too will plow under the crop and claim government disaster benefits, Benson said.

The poor condition of this year's crop is blamed almost entirely on a lack of rain.

"It's going to be a tough year. Part of the gamble in farming, when 98 per cent of the farmland is planted to dry land cotton, is getting the moisture at the right time of the year," Benson said.

"Insects hurt some this year, but if the potential for a good crop had been there, the producer would have spent the money for the necessary chemicals. The potential was just not there because we had no underground moisture and the rains didn't come," he said.

"We had a bumper crop last year and producers hopefully banked enough to carry them over. It is the history of this part of the country that you don't have bumper crops back to back," he said.

"We've got a good start and prospects look better this year for a good crop next year. We need some more Winter rain and Spring moisture to insure a good crop, however," Benson said.

Chamber To Meet Monday

A Centennial Committee report will be the main topic of the Colorado City Area Chamber of Commerce meeting to be held Monday at 7 p.m. in the Chamber Board Room.

Rev. Glenn Roenfeldt, representative of the Centennial Committee, will be speaking to the Board of Directors of the Chamber about the report.

The committee is trying to formulate plans for the centennial celebration to be held next year. Colorado City will be 100 years old in 1981.

Committee reports will also be heard during the meeting.

"Wait Until Dark" Scheduled As Upcoming Playhouse Production

"Wait Until Dark," a mystery drama by Frederick Knott, will be the next production staged by the Colorado City Playhouse.

The production is scheduled to begin Nov. 13 and carry over to Nov. 14, 15, 20, 21 and Nov. 22.

Advance tickets will go on sale beginning Nov. 10. Playhouse box office is open daily at 1 p.m.

Advance reservations may be made between 1-5 p.m. Monday through Wednesday and 1-8 p.m. on Thursday through Saturday. Telephone 728-3491 for advance reservations.

Porter Richardson is directing the production.

Debbie Kelly will portray the starring role of a young, blind woman named Susie.

Roat, the main villain, will be characterized by Carl Beery Moore.

Mike, an evil character, will be played by George Womack and John Millington has been cast as a bad guy, Carlino.

Rev. Monte Jones will play the role of Susie's husband, Sam.

Denushu Lusk will portray a nosey little 12-year-old girl who is Susie's upstairs neighbor.

Tom Kelly and Tommy Baker will star as two policemen.

The setting of the play is in the blind woman's apartment, as she tries to evade the three villains.

Richardson believes this will be one of the season's best productions.

*VOTE, From Page 1

The Housing Authority Building, 439 Oak St., will be the site of Precinct Three balloting.

Jesse Munoz, Jr., will serve as election judge and Bitsey Humphreys will serve as alternate.

Precinct Four ballots will be cast in the Lions Club Building in Loraine.

Election judge will be Ted Lefevre and alternate will be Mrs. Royce Beights.

Precinct Seven registered voters will cast their ballots at the Oak Street Baptist Church.

Billie Ruffin will serve as election judge and Juanita Vest as alternate.

Absentee election judge is Bob Ratliff and Bob Reily is alternate.

Numerous positions and names will appear on the ballot along with nine constitutional amendments.

For the position of President and Vice President, the following names will appear: Republicans Ronald Reagan and George Bush; Democrats Jimmy Carter and Walter Mondale; Libertarians Ed Clark and David Koch and Independents John B. Anderson and Milton S. Eisenhower.

Other contested races include: Railroad Commissioner, Republican Henry C. Grover and Democrat Buddy Temple; Railroad Commissioner (unexpired term), Republican H.J. Blanchard; Democrat James E. Nugent and Libertarian David Hutzelman; Associate Justice Supreme Court Place 4 Four (unexpired term), Republican Will Garwood and Democrat C.L. Ray.

Although no name appears on the ballot in opposition to Democratic 61st District State Representative Walter Grubbs, a write-in campaign has been launched by LaEtna Butler.

A sample copy of the official ballot appears on Page 2 of this edition of the RECORD.

All area residents are urged to vote for the candidate of their choice.

Sales Climb In Second Quarter

Nolan County has 361 outlets reporting gross sales of $44,860,095 with deductions of $32,342,436; use tax purchases of $1,175,561; leaving $13,693,220 subject to tax.

Scurry County has 417 outlets reporting gross sales of $62,061,740 with deductions of $44,376,406; use tax purchases of $1,673,949; leaving $19,359,283 subject to tax.

Gross sales in Mitchell County have continued to climb in the second quarter as indicated by the current sales tax analysis prepared by Comptroller Bob Bullock.

Mitchell County has 168 outlets reporting gross sales of $14,546,800 with deductions of $10,313,836; use tax purchases of $15,534; leaving $4,248,498 subject to tax.

Drivers' License Office Closed

The Texas Department of Public Safety License Division will be closed Tuesday in observance of Election Day.

NOV 2 80

Mr. And Tom Smith Will Celebrate 50th Anniversary

Mr. and Mrs. Tom Smith will celebrate their 50th year of marriage Nov. 16 from 2 p.m. until 4:30 p.m. in the Church of Christ fellowship hall in Stanton.

Irene Yarbrough and Tom Smith were married Nov. 16, 1930 in Loraine. They attended school in Silver and he graduated from Loraine High School.

They farmed south of Loraine many years and in 1944, they moved to Brownfield. In 1947, they moved to Stanton, where they continued farming until retirement a few years ago.

They have five children; Eugene of Loraine, Maxcine Hanson of Belvue, Gerald of Plainview, Glenda Quaid of Stanton and Carol Micheletti of Romana, Calif.

They also have 20 grandchildren and eight great-grandchildren.

All friends of the couple are invited to attend the celebration on Nov. 16.

Mr. & Mrs. Tom Smith

Schools Closed

Superintendent Charlie Uselton made an announcement that there will not be any school Monday, due to a teacher's inservice workday.

Shopping locally makes good sense!

Sure, you work hard for your money, and you want to get your money's worth. But getting your money's worth is not all it's cracked up to be.

Besides merchandise, you're also paying for service. When you shop at a highway store and ask an employee for help, what kind of answer do you get? If it's "I don't know" or "If you don't see it, we don't have it," then you're getting no help at all! If you're tired of that kind of service...try ours. Shop locally, where the people you deal with enjoy dealing with you.

No need to roam... the best shopping's here at home!

Constant Noises Do Not Effect Deer

White-tailed deer are known as skittish creatures which bolt and run from any unusual sight or sound.

The Texas Parks and Wildlife Department Biologist Robert West of San Angleo believes constant noises don't necessarily spook the cautious animals.

He recently observed a group of deer at night basking in the light of a roaring oilwell flare. Another group of deer in the same oil field was feeding a few feet away from the steady din of a large one-cylinder oilwell pump.

The Speaker Reports

by Bill Clayton

Proposed Constitutional Amendment Eight would change the jurisdiction and the authority of the appellate courts in Texas. It changes the name of the Courts of Civil Appeals to simply Courts of Appeals. Also, it changes the names of the Associate Justices of the Supreme Court to simply Justices and requires them to retain a license to practice law in the state while serving in their offices.

One of the primary goals behind this legislation is to alleviate the heavy caseload of the Court of Criminal Appeals. The legislation provides that 14 regional courts of appeal would share the criminal caseload, as well as handle civil cases, with the exception of cases involving the death penalty which would go directly to the Court of Criminal Appeals.

Proponents point out that this legislation would allow for speedy procession of criminal cases and, therefore, serve as a deterrent to crime. Moreover, they say that appellate courts that handle both civil and criminal matters may attract and develop better judges that have benefitted from experience with a variety of legal problems.

However, there are some who question this legislation and their arguments must also be carefully weighed.

Our present judicial system is a viable one. It may not work as speedily as we would prefer, but it does at least work. There may be other and better ways to correct the system. Also, the addition of a large number of criminal cases to the civil caseload of the Courts of Civil Appeals may only create another caseload problem.

In the event that this legislation does pass in November, there would have to be enabling legislation passed during the next session. Therefore, I have charged the House Judiciary Committee to study what this would entail and to make recommendations for such. Thus far, the Committee has held open hearings throughout the state and has received both positive and negative responses to the proposed amendment along with suggestions for implementation.

Whatever our decision on this proposed amendment, it is a fact that our Court of Criminal Appeals is overburdened with cases. If we want to continue to maintain a high standard of swift justice, we must pay close attention to this problem and find some solution.

Dossie King Dies

Mrs. Walter (Dossie) King, 93, of Abilene died at 4:50 p.m. Thursday in the Central Nursing Center in Abilene.

Funeral services were Saturday at 2 p.m. in the Kiker - Seale Funeral Home Chapel with Rev. Ron Hamby, pastor of the First United Methodist Church of Colorado City, officiating. Burial was in the Colorado City Cemetery under the direction of Kiker-Seale Funeral Home.

She was born Dossie Allen April 20, 1887 in Deming, N.M. She was a member of the First United Methodist Church in Colorado City.

She lived in Colorado City and Mitchell County most of her life until moving to Abilene nine years ago. She was a homemaker.

She married Walter Allen King April 11, 1904 in Big Spring. He preceded her in death on Feb. 10, 1965. She was also preceded in death by a son, Walter Guy King, on Dec. 29, 1978.

She is survived by one daughter, Mrs. S.K. (Thelma) Rees of Abilene; one son, Malvin King of Big Spring and one granddaughter, Darlene Davis of Abilene.

Mitchell County Library Head Announces The Copy Machine Will Not Be Available

Geneva Jones, the librarian at the Mitchell County Library, regretfully reports that the library will no longer offer to the public the service of making copies. The copying machine, which is presently in the library, has been out of order for the past several months. Mrs. Jones stated that because of the copying machine's age and the county's budget, the county commissioner's court advised her that the machine was not worth repairing and also informed her that they would not be getting another one. Therefore, this service will be cut. The only other way that the library staff can help the public in the matter of making copies is to inform the public of other places where they might have copies made. These places include the county clerk's office at the courthouse, the post office and the bank.

PICTURED ABOVE ARE THE STUDENT Council officers for Colorado Middle School: (left to right) Barbara Heredia, secretary-treasurer; Debbie Alvarez, vice president and Perry Conner, president.

Mrs. Jones gave the following statement concerning library funding and cost: "Did you know that Texas dollars for public library development compared to a few selected states is very small? Information about 1978 reports showed that in the state of Texas state funding was $2,103,380; population was 12,830,000 and the per capita, for each person, was and still is 16c. In other states, libraries get anywhere from 39c to $2.31 per capita from their state fundings.

"Library services cost money. Some average prices for library materials are: Hardcover books, includes reference to light fiction books, 1978–1930 and in 1979-22.80; Paperback books–in 1978–1.90 and in 1979-2.06; periodicals in 1978–25.78 and 1979–30.37."

We'll Be Happy To Explain
Value and Economy
For Your Tire Dollar

Every Michelin 'X' tire is backed by a 40,000 mile warranty for tread wear on domestic cars. That's just about twice the mileage you'd expect from a conventional tire under the same driving conditions. Also, because of its radial design the Michelin 'X' rolls with less road resistance than conventional tires, and that means you can save up to 10% on your present gas consumption (pretty good considering today's fuel crisis.) Plus, every Michelin 'X' tire gives you all the distinctive radial tire advantages over conventional bias-ply tires; smoother ride, easier handling, better traction and firmer road holding. And, they add up to a lot of comfort and safety. Invest in better driving. Stop in and have a set of Michelin 'X' radials installed today.

Evaluation Clinic Is Set This Week

A steer evaluation clinic next week is expected to draw participants from Mitchell County.

Bob Benson, Mitchell County extension agent, said the clinic will have much to offer persons interested in buying, feeding and fitting steers for the ring show.

The Texas Steer Evaluation Clinic will begin at 8:30 p.m. Wednesday at the San Angelo Fairgrounds and at 9 a.m. Thursday at the Angelo State University Center on Highway 87 North.

Benson said three nationally recognized beef cattle judges; Dr. Bill Able and Dr. Calvin Drake of Kansas State University and Llano County Extension Agent John L. Kuykendall, will work both days with persons at the clinic.

"Every participant at the clinic," said Benson, "will get to judge three classes of fat steers and compare his placings with those of the visiting judges."

Other instructions and demonstrations at the clinic will deal with the selection, nutrition and preparation of show steers; hoof trimming; current breeding programs for club steers; classing cattle; fitting American breeds; feeding heifers for the show ring and panel discussions by stock show officials.

A registration fee of $15 will cover the cost of two meals, other refreshments and information.

Others on the program will be Texas ranchers, county agricultural agents and specialists of the Texas Agricultural Extension Agent.

Bullock Gives Mixed Drink Tax Report

State Comptroller Bob Bullock said Thursday that sales of mixed drinks in Texas during the third quarter of 1980 pushed the yearly total during the first nine months to more than $700 million.

Mitchell County's total county tax revenue was $3,129.32 and the county received 15 per cent which was $469.40. Colorado City's total tax revenue was $1,959.82 and the city's remittance was $293.97.

This is compared to Scurry County's $18,025.72 and a remittance of $2,703.86.

SPOOKS AND GOBLINS turned out Tuesday night for a masquerade party at the Loraine School in the homemaking department sponsored by the Future Homemakers of America Chapter from Loraine.

Fire Tip

If you use extension cords in your home, be sure you do not overload them.

Mitchell County Soil And Water Conservation Re-elects Anderson

Warren Anderson of Colorado City was re-elected to the Mitchell Soil and Water Conservation District Board of Directors on Oct. 9.

He represents Zone II of the district.

According to Van Mills, Soil and Water Conservation District supervisor, Andersen has served the board for 15 years in all capacities.

Anderson will be involved in the objectives of the organization for the coming year, stated by Mills.

One of the activities will be to promote conservation education in schools and to give teacher scholarships to attend workshops in San Angelo, Abilene and Sul Ross State University in Alpine. Applications must be submitted by May.

A year-around program of the organization is to promote research on safline seeps.

Promotion of the Soil Stewardship is held in May. A program consisting of a tour and dinner for the ministers of Mitchell County is also planned.

The organization also participates in the appraisal and evaluation of soil and water resources. This is a national program that is conducted every five years and should be completed by 1982.

A conservation awards program will be held in May for local participants.

The organization also sponsors a range conservation tour in June. Another tour sponsored by the SWCD is the annual farm tour of Mitchell County.

SWCD also enters in the Goodyear conservation program yearly. Entries are to be in by Feb. 10.

The Region II conservation awards program will be held in May in San Angelo this coming year.

SWCD will also sponsor the essay and poster contest in the schools. Entries are due before Feb. 15.

For more information on any of the above, phone Mills at 728-3473.

Play To Be Presented

"A Doll's House," the Henrik Ibsen play with the most famous sound effect in theatrical history, will be on stage Nov. 14-16 and Nov. 19-22 in the AMC Theatre in Midland.

Reservations may be made by phoning 1-915-682-4111 after the box office opens for members on Nov. 6 and for non-members on Nov. 10 from 10 a.m. until 5 p.m. daily.

This program is funded in part by a grant from the Atlantic Richfield Foundation.

A Reagan Victory Equals Gun Owner Victory

FOR the first time in our 109-year history, the National Rifle Association is formally endorsing a candidate for the Presidency of the United States—a candidate totally committed to the principles which form the common bond of our 1.8 million members. That man is Ronald Reagan.

Very clearly, Governor Reagan—a long-time member of NRA—shares our fervent belief in the absolute meaning of the Second Amendment of the U.S. Constitution: that the Right to Keep and Bear Arms applies to the individual citizen, and that it is a right inviolate, which cannot be abridged.

The hallmark of Ronald Reagan's Administration as Governor of California was the return of the reins of government to the citizens—to the people. He is a man of deep personal conviction to government based on the very principle that it should serve the people, and serve at the pleasure of the people—that a government which is master over the people has no place in America.

But one man alone is not enough. Ronald Reagan, as he did as Governor, will bring with him men and women in government who share equally in that belief—in that common principle.

The combination of a belief in the people's right to keep and bear arms, and in the right of citizens to be free from the bondage of an oppressive government will be for us a new beginning.

Perhaps uniquely—better than any other single class of citizens—NRA members and the nation's firearms owners—have felt the full-force of government which is beyond the control of the people. Especially during the past four years we have been victimized by an arrogant Federal bureaucracy rejecting the right of individual citizens to own and use firearms for lawful purposes.

We have spent millions of our dollars—your contributed dollars—just to curb the excesses of small men hidden in Jimmy Carter's government—small men whom no one elected, small men with immense power.

With a Ronald Reagan Administration—those small men, those invisible bureaucrats will no longer be allowed to corrupt the law to their own ends, or to use our tax dollars against us!

With a Reagan Administration, we will see the end of the abusive practices of the Federal gun police—the Bureau of Alcohol, Tobacco and Firearms. That is Governor Reagan's commitment.

With a Reagan Administration, we will see wholehearted support for the legislative effort to remove the onerous provisions of the Gun Control Act of 1968—a law which has spawned the BATF abuses of the past four years and done nothing to limit crime. That is Governor Reagan's commitment.

With a Reagan Administration, we will see a Justice Department which will pursue and prosecute those in government who abuse citizens for the political ends of "gun control." That is Governor Reagan's commitment.

With a Reagan Administration, we will see a Department of Interior once more dedicated to the rights of hunters and to the key role of hunters in sound wildlife management. That is Governor Reagan's commitment.

Our people in California know what a Reagan Administration means first hand. As Governor, Mr. Reagan received the coveted "Outstanding Public Service" award from the California Rifle and Pistol Association, for his efforts in furtherance of firearms owners rights.

A Reagan Administration—a Reagan Presidency—is a must for the nation's firearms owners and hunters!

Especially for the membership of the National Rifle Association of America, a Reagan Administration is a must.

But to elect this staunchly pro-gun rights and pro-hunting Administration and an equally pro-gun rights, pro-hunting Congress will take a massive effort on the part of the NRA membership. It will take your vote—the votes of your families, friends and neighbors.

It will take an NRA led grass roots movement of unprecedented magnitude and dedication.

It will take your dollars, to the NRA Institute for Legislative Action and to the NRA Political Victory Fund.

To make the political possibilities of 1980, political reality, only one critical factor must be present. You. The individual member of the NRA.

If you are not registered to vote, do so.

If you have not volunteered your time to the Reagan-Bush campaign, do so.

We cannot allow this opportunity to slip by; each of us must be fully involved this year.

And most important—vote as if your gun rights depend upon it. They do!

Four Years Of The Carter Administration:
An Affront To The Rights Of Gun Owners

Just before James Earl Carter, Jr. took the oath of office as the 39th President of the United States, his closest political confidant issued a manifesto against the National Rifle Association, against the membership, and against all Americans who believe in the right to keep and bear arms.

Hamilton Jordan, who later became the Chief of Staff in the Carter White House didn't mince words when he told the press: "Carter will really go on gun control and really be tough. We're going to get those ..." (Blankety, Blanks)

For the nearly four years of the Jimmy Carter Administration, that threat, that manifesto has been the watchword of a relentless series of anti-firearms and anti-hunting assaults.

For these four years of the Jimmy Carter Administration, NRA members have spent over $13.8-million to keep the White House and the Federal bureaucracy in check.

If Jimmy Carter is not voted out of office, what future price must we pay to preserve our firearms and hunting rights?

Much of the assaults against us have come from the Federal bureaucracies—from BATF, from OSHA, from the Department of Justice, from the Department of Treasury, from OMB. From Jimmy Carter's bureaucracy!

Never before was President Truman's axiom about the Presidency more true—"The buck stops here."

As the President, Jimmy Carter is responsible for the anti-gun, anti-hunting policies of his Administration. The buck indeed stops at his desk.

Without doubt, the worst of those assaults has been the brutal crusade against the civil liberties of firearms owners, a crusade systematically carried out by Jimmy Carter's Federal gun police—the Bureau of Alcohol, Tobacco and Firearms.

With the tacit approval of a White House obsessed with so-called human rights abroad, the BATF built a shameful record of trampling the rights of thousands of American citizens at home. It has been a campaign of harassment, of physical abuse, and persecution of an entire class of Americans.

The clear record of civil liberties violations by BATF has been the focal point of three major congressional inquiries and led U.S. Sen. Dennis DeConcini, chairman of two such investigations, to conclude that BATF is "a law enforcement agency that has for all practical purposes abandoned its obligation to protect the rights of American citizens."

The Arizona Democrat characterized the conduct of BATF as "bordering on criminality," saying the agency has moved against honest citizens "because they (BATF) have taken the view that individuals who are interested in firearms are either criminals or close to it."

Sen. DeConcini isn't alone in that conclusion. Over 60 Senators are cosponsoring major legislation introduced by U.S. Sen. James A. McClure, R-Idaho, to terminate the abuses of BATF.

Yet, with such a majority of the Senate opposing the appalling conduct of BATF, the Carter Administration has continued its assault—BATF remains unchecked!

But the depth of the Carter Administration's efforts to "get those bastards" doesn't end with BATF abuses against us. The litany of Jimmy Carter's affront on our Second Amendment rights and upon hunting is endless.

With an open-door policy toward organized anti-gun and anti-hunting lobbies, the Carter White House drafted new anti-gun legislation which would have created a system of national registration; banned over 75 percent of all handgun models; and would have given the U.S. Attorney General broad powers to snuff out gun ownership by edict.

That legislation was never introduced—in large part because of the massive grass roots opposition voiced by the NRA membership.

Faced with political reality, the Administration, in direct concert with anti-gun groups, attempted to institute the worst provisions of that draft legislation through a backdoor effort—through regulations proposed by BATF.

Again, through a massive response from the NRA membership, the Carter Administration's scheme to create national firearms registration through regulations was stopped. The membership of NRA logged the largest total of comment ever filed against an administrative action of the Federal government. BATF was swamped with over 337,000 individual letters against the regulation scheme. There were but 7,800 letters in support of the Carter backdoor gun control plan. In addition Congress, in both Houses, overwhelmingly voted to cut any funding for the regulations—by a 61 to 31 vote in the Senate, and a 314 to 80 vote in the House.

But even that plebiscite from the American people didn't faze the Carter Administration's anti-gun, anti-hunting commitments.

Carter's Office of Management and Budget told Congress that the Department of Civilian Marksmanship should be abolished. OMB cut all funding for that fine program in it's proposed Federal budget.

At the same time, the Administration ordered destruction of virtually all M1 rifles—rifles which historically had been sold to qualified, law-abiding individual citizens through the DCM program.

The NRA membership responded once more: the torching of rifles was stopped and the budget for DCM, a program which has trained millions of Americans and has saved countless lives of our citizen soldiers, was restored by Congress.

Jimmy Carter—with the full knowledge of Illinois Rep. Abner Mikva's loathing of the private ownership of firearms—appointed Mikva to the United States Court of Appeals for the District of Columbia, the second most powerful court in the land. Now Mikva is being touted as a nominee for the Supreme Court of the United States.

And in the courts, the Carter Administration backed an unsuccessful effort by the National Coalition to Ban Handguns to kill the DCM program, and without success, it defended BATF's seizure of priceless firearms from the NRA museum.

When the NRA Firearms Civil Rights Legal Defense Fund applied for a tax exempt status, the Administration refused saying the U.S. Constitution "does not guarantee an individual freedom or right to private citizens" to keep and bear arms. Again, through the efforts of the NRA Institute, that decision was reversed.

Where the Carter Administration pursued a consistent anti-gun line, equally, it has worked against hunting, first with a backdoor move by the Occupational Health and Safety Administration to ban hunting on privately owned timberland. Had Congress not acted to kill the OSHA hunting ban, again at the urging of NRA, hunting in America, on both public and private lands, may have become a truly endangered activity.

Most recently, the Interior Department pressed Congress—unfortunately with success—to end hunting on vast key wildlife areas of Alaska, and created a legislative precedent which may well lead to overturning the traditional role of the states to manage resident fish and game in Federal lands—a precedent which could drastically change the pro-hunting management balance in all of the Western states.

In all of this, Jimmy Carter postures himself as a quail hunter—a good old boy, one of us. He is not.

Four years ago, in the October *American Rifleman*, Harlon Carter predicted what a Jimmy Carter Administration meant for the NRA: "An anti-gun or anti-hunting cabinet directing the Federal bureaucracy is a distinct possibility and a direct threat to tens of millions of sportsmen and firearms owners.

"The specter of questions raised about Jimmy Carter himself and about the people around him must loom foremost in the minds of millions of our citizens—40-million American men and women whose only 'transgression' is to own a firearm."

Jimmy Carter has answered those questions. Had it not been for you, the members of NRA, and your friends his Presidency would have been a disaster for all hunters and gun owners.

It's time to vote Jimmy Carter out of office! ■

Political Announcement Paid For By The Committee For Constitutional Rights To Bear Arms, K.R. Weaver, Chairman

THESE LITTLE SPOOKS enjoy cupcakes, ice cream and punch during a Halloween party at the Mitchell County Day Care Center Friday afternoon.

Sweeten Will Give Program On Greek Cooking Tuesday

Adele Morgan, Mitchell County Extension Agent, asks, "Have you ever wanted to cook something special, but didn't know exactly what?" Well, how about some Greek Cuisine?"

She said Mary Sweeten, food and nutrition specialist from College Station, will be in Colorado City Tuesday to give some pointers and show how it's done.

The program will be presented at 12:30 p.m. at the Wallace Center and everyone is invited to attend.

Mrs. Morgan would like to remind you to mark your calendars and add a little spice to your life.

Letter To The Editor

Dear Editor:

Our nation is steadily changing its moral values, and the change, I feel, is away from God and the principles of the Bible. I, as an individual, speaking only for myself, feel that some major moral issues are involved in the presidential campaign this year. I feel that the platform drafted at the Republican convention was a unique expression of moral values. Their platform has been criticized as out-of-date, narrow-minded, naive and discriminatory; therefore, I feel that I and others who see significant differences in the two parties' platforms need to speak-up so that people can make a more knowledgeable decision. My overriding concern is not politics but the moral condition and future of our country.

According to the Democratic platform, "The Democratic Party supports the 1973 Supreme Court decision on abortion rights as the law of the land and opposes any constitutional amendment to restrict or overturn that decision." The Republican platform says, "We affirm our support of a constitutional amendment to restore protection of the right to life for unborn children. We also support the Congressional efforts to restrict the use of taxpayers' dollars for abortion." I was surprised and delighted that a major political party would take a stand against what I believe is most often murder. There were 1.4 million abortions last year and until the Supreme Court struck down the abortion laws in all 50 states, it was a crime. To oppose abortion and to make no attempt to change our laws is equivalent to condoning it.

The Republican platform says, "No individual should be victimized by unfair discrimination because of race, sex, advanced age, physical handicap, difference of national origin or religion, or economic circumstance." The Democratic platform says, "All groups must be protected from discrimination based on race, color, religion, national origin, language, age, sex or sexual orientation." They key difference is the phrase, "sexual orientation." This is a reference to homosexuality. The Bible clearly says that homosexuality is a sin and wrong. Our laws used to be in agreement with the Bible but now we are getting wiser than God's Word. I don't want my children taught by a practicing homosexual, and I don't believe any employer should be obligated to hire a person without consideration of their sexual orientation.

Another moral issue in my opinion is the Equal Rights Amendment. The Democratic platform says, "A Democratic Congress...first enacted E.R.A. in Congress and later extended the deadline for ratification. Now the Democratic Party must ensure that E.R.A. at last becomes the 27th Amendment to the Constitution. We oppose efforts to rescend E.R.A. in states which have already ratified the Amendment and we shall insist that past rescissions are invalid. The Democratic Party shall withhold financial support and technical campaign assistance from candidates who do not support the E.R.A." The Republican platform statement is, "We affirm our Party's historic committment to equal rights and equality for women. We support equal rights and equal opportunities for women such as exemption from the military draft...Ratification of the Equal Rights Amendment is now in the hands of state legislatures..without federal interference or pressure."

I believe that women should have equal rights when it comes to jobs, salaries, credit, etc., and if our present laws aren't adequate, let's pass new ones. But the E.R.A. is intended, by those who have pushed and worked for it the hardest, to have radical and far-reaching effects upon women and our whole society. As the courts interpret the amendment, we may find that it means a lot more than we ever imagined. Let me explain my skepticism and why I believe this is a moral issue. Not all who support E.R.A. are in agreement with the goals of the feminist movements, but the feminists are the ones who have lobbied, demonstrated and worked to get E.R.A. where it is today. They have, in turn, vowed to see it interpreted and enforced, if it becomes law, to bring about their goals for women and our society. What are these goals?

"All of history must be rewritten in terms of the oppression of women. We must go back to ancient female religions (like witchcraft)...," according to the document, Declaration of Feminism.

Gloria Steinem, editor of Ms. magazine, has made the following quotes. "By the year 2000, we will, I hope, raise our children to believe in human potential, not God..." "Overthrowing capitalism is too small for us. We must overthrow the whole ——— patriarchy!"

In the anthology, "Our Right to Love: A Lesbian Resource Book," Gloria Steinem says, "We must understand that what we are attempting is a revolution, not a public relations movement."

Ms. Steinem also said, "...for the sake of those who wish to live in equal partnership, we have to abolish and reform the institution of legal marriage."

Jean O'Leary, co-executive director of the National Gay Task Force, and an avowed lesbian, wrote an article entitled, "Struggle to End Sex Bias in the Public Schools" and it was published by the New York chapter of "NOW." "NOW" is the largest feminist group in America. O'Leary's article said, "School counselors should be required to take courses in which...a positive view of lesbianism is presented.... students... encouraged to explore alternate lifestyles, including lesbianism...Schools (should) set up lesbian studies...use of lesbian books encouraged...Lesbian clubs should be set up in schools."

In 1977, the National International Women's year (IWY) Conference was held in Houston and was a shocking example of indecency and a lack of democracy. But before the national meeting, each state had their own meeting to elect delegates. How do the feminists act?

In Minnesota, one participant suggested the opening session begin with a prayer and pledge to the American flag. She was hissed, shouted down and voted out of order.

In Colorado, the IWY organizers would allow no American flag or national anthem and no prayers. Instead, they provided workshops on atheism and one on humanism; at least 12 workshops pertained to lesbianism.

At the Virginia IWY conference, there was a workshop on witchcraft, conducted by witches.

Planned "entertainment" in the Hawaii Conference was a lesbian dance performance, including lesbians "making love" in a pay toilet and other porno acts staged with tax money!"

In many states and at the national conference, the IWY Commission permitted the lesbians to display and peddle their booklets, buttons and devices, including some which were offensive, obscene and pornographic.

Congresswoman Bella Abzug helped influence Congress to appropriate five million of our tax dollars to fund national IWY activities. Mildred Persinger declared at the opening session of the Colorado IWY Conference, "This is the first federally-funded revolution."

I personally believe that the feminist movement is a very serious moral threat to our country. They helped influence the Supreme Court to legalize abortion, and with E.R.A. they won't stop until they destroy our Biblical beliefs concerning the home, marriage and the roles of husbands and wives. Some feel that until the state takes the responsibility to raise all children, there will still be discrimination against women and mothers. In ten years, it could become the law of the land as an interpretation of the E.R.A. amendment.

Former Senator Sam Ervin has said the E.R.A. is "unnecessary and dangerous" because it takes power away from the states and gives more power to Congress and the U.S. Supreme Court. Erwin said, "I am not willing to give five out of nine men on the Supreme Court the power to declare all laws in the United States affecting men and women right or wrong."

Our nation faces a moral crisis and if those who believe in the moral values of the Bible don't speak up and let their influence be felt, then this nation will be lost by default. This is why I wrote this letter, even though I know it will cause an element of criticism. I have never known of there being such a difference on moral issues between the major political parties, but I personally see such a difference this year and I can't be silent.

Food For Thought

Rev. Morris Wood
Pastor,
First Assembly of God

A few years ago in another city and a different state, I went into a home and there found an aging lady. This good woman lay dying of cancer.

She was quite thin as this dreaded sickness had taken drastic toll upon her body. So weak in strength was she, that a low whisper was all she could utter. This sweet, elderly lady was colored in race and a Roman Catholic by religion. As I talked to her about her spiritual state, she expressed the need and desire to make peace with God. So I led her in the sinner's prayer.

"Dear Lord, I am a sinner and I confess that unto You and myself; I have spiritual need within my soul. Oh, God, please have mercy upon me and extend Your forgiveness and forgive all my iniquities (sins), yes Lord, every one.

I accept You, Jesus Christ, as Saviour and Lord of my life. I believe upon You and Your shed blood for the sacrifice that I, myself, cannot provide and I believe in your resurrection from the grave that first Easter morning. Thank You Lord, for my redemption, eternal life, which is because of Your mercy, love and grace. Amen."

This little lady prayed the most earnest, sincere and fervent prayer I've ever heard anyone pray. And today, I am firmly convinced she is in Paradise; as our paths have never crossed, neither before nor since, except that day by the Providence of God we met, prayed and she found eternal life through Jesus Christ, our Lord.

Loraine Takes 14-0 Victory

Loraine defeated Water Valley 14-0 in their game played in Water Valley Friday.

Tony Williams ran in Loraine's first touchdown on a one yard run with 7:02 left in the first quarter. Bobby Sanchez kicked the extra point, making the score 7-0.

With 2:42 left in the first quarter, Loraine scored again. Wayne Rose brought the ball in on a 50 yard run. Again, Bobby Sanchez kicked the extra point, leaving the final score of the game 14-0.

A 15 yard run by Wayne Rose in the third quarter was called back due to a holding penalty.

"Tony Williams did an excellent job of running the ball in the game," said Loraine Football Coach Ted Wiley. "Clarence Darnell pressured the ball well and kept them on their feet. Kirk Galvan and David McAdams also did a good job."

Loraine is scheduled to play Roscoe next week on Johnson Field at 7:30 p.m.

"We'll just have to keep our minds on the game," said Wiley. "It should be a really good game. This one might mean a tie in our zone."

TUESDAY

–6 p.m.-Wolves varsity volleyball vs. Bangs, here.

–7:30 p.m. - Colorado City Sports Booster Club meeting, Middle School cafeteria.

–7:30 p.m. - Loraine Sports Booster Club meeting, Loraine High School Library.

Snyder Defeats Wolves

"They won the first half 22-0, but we won the second half 12-0," said Wolves Freshman Football Coach Bill Barnard, after his team lost to Snyder, 22-12.

"The boys learned an important lesson from the game," said Barnard. "They learned they have to be ready to play a full ball game. They were just not ready to play ball in the first half."

Snyder's first score came in the first quarter on an 85 yard drive. The two point conversion attempt was successful.

They scored twice in the second half, once on a 70 yard drive and once on a 50 yard drive. The two point conversion attempt was successful the second time only.

Colorado City scored their first touchdown in the third quarter with a 70 yard drive and then a 15 yard pass from Dennis Rivera to Manuel Molina.

Larry Hamilton scored the final touchdown for the Wolves in the fourth quarter on a five yard run. The two point conversion attempt failed after both touchdowns, leaving the final score at 22-12.

The freshman team is scheduled to play Stamford Thursday at 5:30 p.m. in Stamford.

Wolves defeated Stamford in their third game of the season 34-14. "It should still be a tough game," said Barnard. "I think they are more prepared now than they were before."

SPORTS ACTION

PICTURED ABOVE is Girls' Athletic Coach George Martin (right) wrapping Kim Feaster's feet and ankles as she prepares to practice for basketball. Feaster is a junior and a two year letterman on the varsity team.

Junior Varsity Defeated 47-0

"We were just out classed as far as ability," said Wolves Junior Varsity Football Coach Mike Hart, after his team lost 47-0 to Snyder Thursday.

"We gave them all of their touchdowns except one," said Hart. "Most of their touchdowns came from our fumbles. They had one from an interception and one from a returned punt."

"We went into the game apprehensive of what might happen and it did. The boys approached the game all wrong," said Hart.

"Offensively we didn't move the ball well at all until the second half. Benny Arocha, Frank Torrez and James Blackwell did an outstanding job," said Hart. "Our passing game improved. We had five passes completed and only one interception. Most of the passes were not that far off the mark," said Hart.

"Defensively, Tim Beights, Willie Martinez, John Johnson and Lucas Campos had some good plays. Tom Rees had good deep punting. We had two good fake punts by Richard Ligon. One was for a 60 yard run and the other was a 25 yard run," reported Hart.

Wolves junior varsity is scheduled to play Stamford Thursday in Stamford at 7 p.m.

The Wolves were defeated by Stamford by a narrow margin in the third game of the season.

"It will be a different story this time," said Hart.

"I would also like to thank the parents for the sign they displayed saying, "Go Bad J.V.'s," commented Hart.

Loraine Junior High Football Defeated 28-6

Loraine Junior High football team lost their game 28-6 to Sterling City Thursday.

Sterling City scored all but one of their touchdowns in the first half of the ball game. Their first touchdown came on a reverse play on their first possession.

Their second touchdown came from a short pass and the third one on a long run. Late in the third quarter, Sterling City scored again on a 55 yard run.

Loraine scored their one touchdown on a 25 yard run by Tony Morris, Loraine's quarterback. Morris has been out of play for the past three games from a thigh injury acquired in a game.

"John McAdams also did a fine job as defensive and offensive lineman," said Loraine Football Coach Ted Wiley. "Andrea Rose had a lot of good effort in the game too."

Loraine Junior High is scheduled to play Roscoe this coming Thursday. The game will be played in Roscoe. Kickoff time is set for 6 p.m.

"Roscoe has a lot of great big boys," said Wiley. "They haven't been beaten yet. We'll just have to play hard and see what happens."

PICTURED ABOVE ARE THE WOLVES varsity volleyball team members that will represent Colorado City at the Regional Tournament in Lubbock on Nov. 15. Also pictured is their district trophy. Girls are front row (left to right) Diana Castillo, Karla Herm, Kim Hardegree, Sidney Stewart, Pam Wilson and Rachael Lujan. Back row members are (left to right) Josie Rodriguez, Mona Molina, Della Ausbie, Carolyn Green, Loretta Morris, Kerry Spivey, Tomika Randle and Stacy Hamrick.

Colorado City B&PW Club Recognizes National Week

National Business Women's Week was observed by the Colorado City B&PW Oct. 19-25.

The club had a coffee at the Texas Electric Reddy Room on Monday morning from 8 a.m. until 10 a.m. They joined a Sweetwater Club on October 21 for a dinner in the Lamppost Restaurant in Sweetwater with 22 members and guests from Colorado City attending.

On Oct. 23, a covered dish luncheon was held in the C.C. Thompson Room for club members and guests.

The National Federation of Business and Professional Women's Clubs has sponsored National Business Women's Week since 1928.

Five members of the Colorado City B&PW Club attended the conference of District Seven at the Kiva Inn in Abilene Oct. 25 and 26.

Mary W. Ford of San Angelo presided over the conference and Rhonda Morris, state president of Dallas, presented a leadership workshop.

The Colorado City Club was in charge of a programming workshop. The group was entertained by the "Sweet Adeline Quartet" of Abilene.

A banquet was held on October 25. Shirley Delaney of Colorado City was elected to the state nominating committee. She is the past district director.

Juanita Schafer, president; Ann Gregory, first vice president; Shirley Delaney, treasurer; Nelda Garrett, parliamentarian and Virginia Dearen, member, attended the conference.

Loraine FHA Chapter Class Has Halloween Masquerade

Loraine Chapter of Future Homemakers of America entertained members and guests with a masquerade party in the homemaking department on Tuesday evening.

The department was heavily draped and decorated with Halloween decorations and lighted dimly with luminarias. The best costumed members were Sylvia Barrera, Sarah Munoz and James Meadows. Each received cash awards for prizes.

Entertainments for the evening included several relay contests, bobbing for apples and dual guitarists, James Wooddell and Tommy Brown, who played and sang requests from the group.

An orange draped round table with other Halloween items served as the refreshment table. The same decorated department had hosted three elementary grades for a jack-o'-lantern carving party on Monday. The FHA Group, again, served as hosts to the smaller children. Stories were told, songs and finger plays given and refreshments served.

Upton To Teach Sewing

A new machine embroidery class will begin Tuesday at the Colorado Middle School homemaking room. Louree Upton is the instructor for the four week class.

Class will meet from 7 p.m. until 10 p.m.

The class is limited to 10 students. Basic stitches, some applique, regular embroidery and monogramming will be taught. Students need to bring a zig zag machine if possible.

Cost for the four week class if $15. Supplies for the class will be available at the first class. Any interested persons are to register at the Wallace Center by Tuesday.

Mr. & Mrs. Abram Garcia

Couple Celebrate 50th Anniversary

Saturday, Oct. 25, Abram and Juana Garcia were honored with a supper celebrating their 50th wedding anniversary in the Loraine Lions Club Building by their children.

Relatives from Haskell, Irving, Alpine, Colorado City and Sweetwater were on hand to honor them.

They were married on Oct. 25, 1930 in Edna, Tx. They lived in Sinton before they moved to Loraine in 1962.
