Friday update

Energy Vote Seen

WASHINGTON (AP) -- The House stayed close to its own timetable and White House wishes for finishing work today on President Carter's national energy program.

On the way to final passage, Democrats brushed aside a Republican move to apply crude oil tax revenues to reducing tax bills next year. The vote was 232 to 175.

Carter would rebate the tax revenues to heating oil users and to Americans in every income category, regardless of whether they pay taxes next year. The average estimated rebate would be about $22.

Speaker Thomas P. O'Neill said the presidential program was a strong one, and deputy House Whip Dan Rostenkowski, D-Ill., said, "this is the strongest bill the administration could have expected."

Fed Funds Aborted

WASHINGTON (AP) - The federal government, which has helped pay for more than one million abortions for poor women in recent years, is finished paying unless a woman's life is endangered by her pregnancy.

While arguments continue in court and Congress remains deadlocked on the abortion issue, Health, Education and Welfare Secretary Joseph A. Califano Jr. ordered enforcement Thursday of a year-old legal provision that was prevented from taking effect for months by a court challenge.

Plant Thefts Probed

WASHINGTON (AP) - Members of both houses of Congress are calling for investigations following a government report that nuclear fuel plants cannot account for thousands of pounds of weapons-grade nuclear material.

Officials of two federal agencies, releasing previously classified information, on Thursday conceded that the plants are unable to trace 8,437 pounds of uranium and plutonium that has disappeared since World War II.

Carter Inks Youth Job Plan Bill

By RICHARD E. MEYER
Associated Press Writer

WASHINGTON (AP) - President Carter, calling youth unemployment "a serious affliction on our American democracy," today signed legislation to put 200,000 young people to work.

The $1 billion program he signed into law includes park and forestry jobs like those in the depression-era Civilian Conservation Corps. Carter put his name on the bill with two green pens at a ceremony in the White House Rose Garden.

The legislation is the last part of the President's economic stimulus package. Carter said an additional 1,000 public service jobs are being contracted for each week and Americans are getting a tax cut under parts of the program already in effect.

The youth employment program includes job training and is also aimed at cutting the rate of high school dropouts. Carter said the program would encourage young people who lose self-esteem because they can't find work and subsequently "lash out against authority."

"This program will single out young people and give them a chance in life," the President said.

It was the third time this week Carter sat at a small brown table on the Rose Garden lawn to sign legislation. On Wednesday, he put his signature on strip mining control legislation. Thursday he signed into being the Department of Energy.

"I think this is a good week for my administration, for Congress and for the whole nation," he declared.

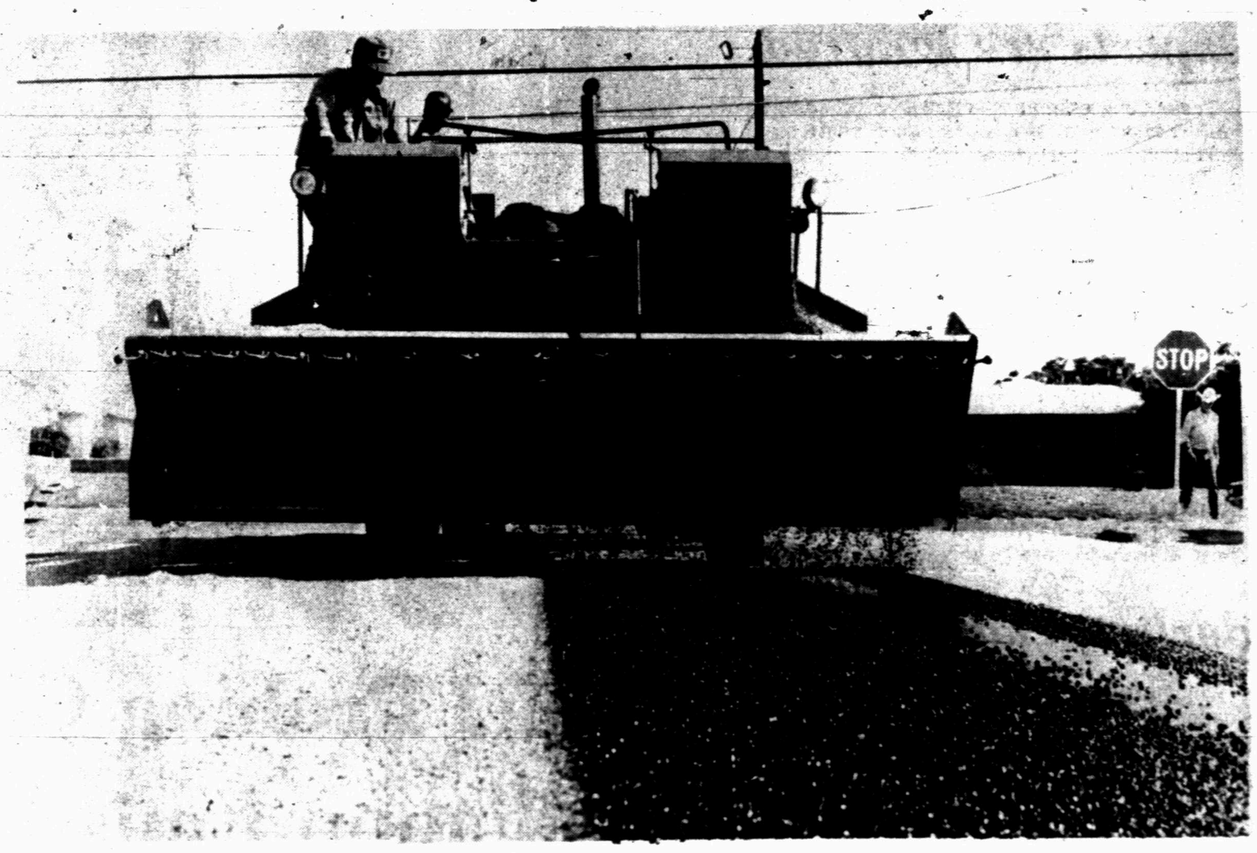

Carter praised members of Congress, particularly Sens. Hubert H. Humphrey, D-Minn., and Harrison A. Williams, D-N.J., and Rep. Carl D. Perkins, D-Ky. Williams and Perkins, are the chairmen of key committees that handled the youth jobs bill.

The President set aside time for the signing before meeting for the third time in two days with President Julius Nyerere of Tanzania.

White House Press Secretary Jody Powell said the two leaders are turning to efforts to improve relations between Tanzania and the United States after discussing the possibilities of bringing black majority rule to Rhodesia without "an escalation to massive bloodshed and civil war."

After his session with Nyerere, Carter is witnessing an oath-taking ceremony for James R. Schlesinger, the nation's first secretary of energy. The Senate confirmed Schlesinger's nomination Thursday a few hours after Carter signed into being the Department of Energy which Schlesinger will head.

Later today, the President and Mrs. Carter planned to fly home to Plains, Ga., where they will return to the Methodist church in which they were married to be guests at the wedding tonight of Mrs. Carter's brother, Murray Smith.

SEALING THE STREETS--Hot weather is highly desirable for seal-coating work on streets and roads and the City of Snyder has been taking advantage of it the past few days. Crews are in the process of winding up a project of some 200 blocks, which the city tackles each summer to keep pavement in top condition. The county cooperates in the project by furnishing machinery and some personnel to put down the asphalt and gravel. (SDN Staff Photo)

Economic Growth Slowed

Jobless Rate Declines

WASHINGTON (AP) - The nation's unemployment rate fell to 6.9 per cent in July, resuming its dowward course after rising the previous month, the government reported today.

Unemployment had risen from 6.9 per cent in May to 7.1 per cent in June after declining from a 1976 high of 8 per cent last November.

Labor Department analysists said that with the rate hovering close to the 7 per cent level for the past several months, the growth in the economy appears to have slowed temporarily following the sharp expansion earlier this year.

Some economists were expecting another rise in the jobless rate last month, but a sharp decline in the civilian labor force brought the rate down in July.

Civilian labor force, which includes those working and looking for work, declined by 340,000 last month with nearly all of the reduction occurring among teen-agers. The government said it was likely that the reduction in the labor force was due to the lateness of the survey week when the July figures were gathered.

"Thus, some youths who otherwise would have been recorded as July entrants were counted in June," the government said.

There was little growth in the number of Americans with jobs last month, as total employement, at 90.6 million, was little changed from June after advancing for eight consecutive months.

Over the past year employment had grown by 2.8 million, with a 2.9 million increase in nonagricultural industries and a 140,000 decline in agriculture.

With the jobless rate falling back to 6.9 per cent last month, the total number of unemployed declined by 220,000 to 6.7 million.

Most of the drop occurred among teen-agers and adult women.

The Labor Department said the teen-age jobless rate fell from 18.6 per cent to 17.4 per cent last month, its lowest point since October, 1974. However it was only white youths that benefited, as the rate for black teen-agers remained "extremely high" at 40.7 per cent, the government said.

The SDN Column

Keeping tab on our neighbors:

Orlin Brewer of the Vernon Record suggests that the "right" to financial support may have gone too far. Pointing out that welfare care now is considered a "right" of citizenship, with working citizens footing the bill, of course, Brewer related an incident involving childrens' allowances from their parents. He said a Lockett community woman arrived home recently to find she was locked out of the house. On the door, she found a note from her children which went something like this:

"You are three weeks behind on our allowance. You owe us $15. The doorbell is disconnected. All the doors are locked. You don't get in until you pay. Cash in advance."

Brewer said the mother thought she "owed" her two children $15 combined, but it turned out she "owed" them $15 each. So, she paid up and everybody enjoyed the big joke.

★ ★ ★

Taking note of the revival of the South Texas vote shift in 1948 which rebounded into the news the past week, the Athens Daily Review advises that the shift was not limited to Jim Wells County. Henderson County (of which Athens is the County Seat) gave Coke Stevenson 2,531 votes in the first primary, compared to 2,001 for Lyndon B. Johnson. However, in the second primary, Johnson got 3,905 votes and Stevenson 3,441.

The Review reported that in Henderson County some of those who had worked for Stevenson in the first primary were swayed to shift their support in the runoff.

This revelation aroused our curiosity. So, we checked the Scurry County figures for the 1948 Democratic Party Primaries and found that substantially the same thing happened here. The Scurry County voters gave Stevenson 1,032 votes and Johnson 774 votes in the first primary. But in the runoff, Johnson got 1,190 votes and Stevenson only 983, according to the totals published in the Scurry County Times, the predecessor of The Snyder Daily News.

Vance Vows To Build Consensus

AMMAN, Jordan (AP) - Secretary of State Cyrus R. Vance met with Jordan's King Hussein today on his quest for a "necessary concensus" for an Arab-Israeli settlement despite Syria's rejection of a U.S.-based meeting of Mideast foreign ministers.

Arriving in Jordan for talks with Hussein, Vance said the search for a "just and lasting peace remains at the top of the list in terms of our foreign policy proiorities in the United States."

"We shall continue to work with other countries in the Middle East seeking to build the necessary consensus which will enable us to go to Geneva to negotiate a settlement," he said.

Vance met with Hussein at the king's new palace, Al Hashmeieh, 10 miles outside the city. Hussein's influence on the key Palestinian issue was reduced in 1974 when Arab governments meeting at a summit in Rabat, Morocco, decided to give the Palestine Liberation Organization sole authority to represent the Palestinians.

Vance flew in from Damascus, where President Hafez Assad turned down an Egyptian-American proposal for a conference of foreign ministers in the United States by the end of the year.

After meeting with Vance Thursday, Assad said it was "better to concentrate at this stage" on preparations for resuming the Mideast peace conference in Geneva where the "essential rights" of the Palestinians should be affirmed.

The proposed ministerial meeting would exclude the Palestinians.

The proposal had been the one solid result to surface from Vance's latest tour of Middle East capitals. U.S. officials privately claimed other negotiating accomplishments but refused to elaborate.

After meeting with Vance Thursday, Assad said it was "better to concentrate at this stage" on preparations for resuming the Mideast peace conference in Geneva.

Vance was criticized today by the newspaper of Syria's ruling Baath Socialist party. Al Baath said Vance "came to us with so-called ideas for peace, accompanied by continuing occupation of Arab territory. He also came empty-handed of any idea on the rights of the Palestinian people."

Thermometer Hits 100 Degrees Here

The calendar says the mid-point of summer will be reached Sunday. But Thursday was good enough so far as the thermometer was concerned.

The official reading in Snyder hit 100 degrees as bright sunshine continued to prevail over the area. Forecasters indicated that the hot weather would continue over most of the state today.

The thermometer reading dipped to a low of 68 degrees during the night, but had got off to a good start for the day by quickly moving up to 74 degrees by 7 a.m.

Meanwhile, the Panhandle had thunderstorms during the night, some of them reaching severe proportions. However, despite brilliant displays of lightning, not much rain fell from the storm clouds. Amarillo reported .14 inch, and the National Weather Service said some heavier rainfall was reported unofficially northeast of Amarillo.

Thunderstorms were forecast again tonight for the Panhandle and for the mountain regions of Southwest Texas. Elsewhere, clear skies are expected. Early morning low readings were mostly in the 70s, but Marfa in Southwest Texas had a brisk 57.

SNYDER TEMPERATURES: High Thursday, 100 degrees; low, 68 degrees; reading at 7 a.m. today, 74 degrees; precipitation, none; total precipitation for 1977 to date, 16.92.

West Texas—Scattered mainly late afternoon and nighttime thunderstorms Panhandle and mountains southwest portion. Otherwise mostly fair and continued hot through Saturday except not quite as hot extreme north Saturday. Highs today and Saturday mostly in 90s and with near 104 expected Big Bend valleys. Lows tonight mid 60s north to mid 70s south, 50s mountains.

CRMWD Gets Request For Hike In Power Rate

Consideration of a request by Texas Electric Service Company for an electric power rate increase was continued by directors of the Colorado River Municipal Water District at their meeting in Big Spring Thursday.

TESCO, citing rising costs, had asked for a 28 per cent adjustment in the basic rate structure. Directors noted that the Texas Public Utilities Commission is considering the matter under its rural water rates section and concluded that it would be premature for the district to act on the request before the state commission makes its report, probably sometime in September. Directors took note of rising costs of producing water, particularly on the west end of the system where TESCO is a customer. Additional studies are underway on this.

At the meeting the board also approved a memorandum of understanding with a utility group on a potential water sales contract.

General Tire and Rubber Company, which twice had asked the district to become a signatory on bonds for a waste water disposal project at its Odessa plant, formally withdrew its request.

Blue Cross was continued as the carrier for the district's employe hospitalization insurance. Proposals had been submitted by several carriers.

One case lodged against the district in connection with building of Lake E.V. Spence has been dismissed, leaving the District free of litigation, James Rosser, legal counsel for the district, reported.

There has been a brisk demand for water this summer, said Paschal Odom, assistant general manager, but the peak season should be nearing

See CRMWD, Page 7

Utility Bill Aid Still Available

Elderly and disabled persons whose income falls below poverty level still may apply for $250 grants to help pay present and past-due utility bills.

Jerry Perez, program coordinator for the Community Service Center-People for Progress, Inc., in Sweetwater, said that persons in the Snyder area who wish to apply should contact Celia Barrera at 573-0358.

At present, anyone over 65 years of age, or anyone who is blind or disabled, regardless of age, may apply. Beginning Aug. 15, anyone whose income is below poverty level may submit applications.

Perez met with a group here earlier this week, and he said another registration session probably will be set here in the future. Meanwhile, prospective applicants should contact Ms. Barrera.

Poverty levels include $2970 per year for one person, $3930 for two persons, $4890 for three persons. The program for persons. The program for Scurry, Nolan, Mitchell and Fisher Counties has been allocated $28,000 to help those who qualify to pay utility bills. The funds are part of $200 million appropriated by Congress for a Special Emergency Energy Crisis Intervention Program which Gov. Dolph Briscoe applied for on behalf of Texas. Payments are made directly to utility companies on behalf of qualified applicants.

experts are ignored

Texas Congressman Bob Kreuger lost again in his effort to get natural gas prices deregulated.

This was not surprising, since an earlier bill had failed by a narrow margin and President Carter had made a 180-degree turn in his gas-pricing philosophy. During his campaign, the president was rather emphatic in his statements supporting deregulation of natural gas prices. However, since he got to Washington, his views have changed and his failure to follow through on support of deregulation undoubtedly was the crucial blow to Congressman Kreuger's deregulation bill. Indeed, with the administration actively supporting continued regulation, the 227-199 vote on the measure this week appears quite close.

Thus, the big mystery surrounding the energy situation as it is viewed from Washington continues. Those who know more about the production and distribution of energy than anyone else in the world are largely ignored.

darkest cambodia

What little news has filtered out of the prison-nation of Cambodia since the end of the Vietnam war in April 1975 has been unbelievably horrendous.

It now appears that early reports of the extent of the suffering being inflicted on the Cambodian people by their Communist Khmer Rouge masters were, indeed, exaggerated.

Rather than upwards of 1.5 million Cambodians having been executed by the Khmer Rouge, as stories carried by refugees indicated, the latest estimate is that the toll was around 200,000.

It is not that the Khmer Rouge have not tried. But as one Cambodia-watcher explains it, because of the small size of their army, "the mechanics for executions on a more massive scale are just not there."

Not deliberately executed - but dead all the same - are another 800,000 or so who Cambodians observers believe died of disease or malnutrition, many of them on forced marches out of the cities and towns or from forced labor in the fields.

That brings the total of deaths in a little more than two years to around a million human beings, or about 12 per cent of Cambodia's estimated 1974 population.

That is tragically massive on anybody's scale of reckoning.

Panel Probing CB Radiation Emissions

Will CB radios go the way of artificial sweetener? We hope not, but there are some bad vibes coming out of Washington linking CBing to radiation health hazards. A U.S. Senate committee is going to be checking into the possiblity that some CB radios linear amps and a proposed new citizens band may expose you to a dangerous amount of radiation emissions.

The flap over CB-related radiation is similar to the stir caused when it was announced several years ago that some color television sets might put out enough radiation to cause cancer, blindness or sterility in people sitting close to them.

According to a recent study done by Paul Reggera of BRH Electronics Products Division, a typical hand-held CB could be hazardous to your health. If the unit is operated at 2.5 watts with a full legal output of 4 watts at a distance of 5 centimeters from the antenna to the operator's eye then it could be going over the exposure standard set by the Federal Occupational Safety & Health Administration. Depending on the distance involved, the unit could be emitting 100 milliwatts as opposed to OSHA's standard of 10 milliwatts.

What all this means is that your walkie talkie could be exposing you to a dangerous amount of radiation if it's held too close to your eyes while in use.

But that's not the only need for the investigation. Remember the guy down the street with the illegal linear amplifier who gets out better than anyone in the neighborhood? Well, he may be getting out all right, but if alleged radiation problems are proven, he may just be helping send himself to an early grave. More power could mean more harmful radiation.

The FCC has been spending much time and effort on finding a new place on the radio spectrum for CBers to do their talking. The suggestion has been to move from the 27 MHz presently used for CBers, to 220 MHz or 900 MHz. But now even that move is being seriously questioned by decision makers at the commission.

We certainly would be remiss if we were to ignore this health and radiation aspect of the proposed expansion. We just aren't experts in this area, said Carlos Roberts of the FCC Office of Plans & Policy.

Uncle Charlie and the Senate Commerce Committee have decided to take a full fledged look at the situation. The committee is taking a comprehensive look with a hearing this summer which will examine the entire range of health and safety effects of radiation. The study will cover not only CBers, but microwave ovens, RF sources and even X-ray devices.

The FCC's main worry is what move will be made if 220 or 900 MHz were to be ruled out because of emission standards. Will McGibbon, acting chairman of the FCC's new committee on biological effects of electromagnetic radiation, said no one is sure about the situation at the moment.

Very little evidence exists concerning the actual danger, if any, to exposure at radio frequencies, McGibbon said. He added that present reports don't indicate a high level of absorbed power by humans at the 27 MHz band.

And where does that leave us CBers? We'll just have to wait and see what Congress and the FCC decide.

AJRA RODEO

After several months of extensive planning, the AJRA Rodeo Committee headed by Ralph Miller will unveil the fruits of its labor beginning Tuesday at 8 p.m. at Scurry County Coliseum.

This year's extravaganza expects to surpass last year's in pageantry as well as performance. Up to $100,000 in prizes and prize money will be available for the nearly 300 participants, up from $70,000 a year ago and 230 performers.

ADDED ATTRACTIONS

Miller and his hard-working crew have added a llama and camel to this year's array of animals to be ridden by community dignataries as well as more buffaloes. I have, like an idiot, committed myself to riding a camel.

If you're not aware, the seating apparatus of a camel measures over eight feet from the not-so-soft dirt situated atop the Coliseum concrete floor. I assume my frail body will find its way from atop the camel to atop the dirt-covered concrete arena in short order sometime during the five-day rodeo. For all my enemies wishing to see me splattered on the ground, I'm not going to tell you what night this will happen. You'll have to go every night.

The George Taylor family of Fort Worth will be on hand Tuesday and Wednesday with the Midland Drill Team scheduled for Friday and Saturday. Both are outstanding and should not be missed.

TICKETS

Tickets for this year's event will be available at the door for general admission and reserved seating with general admission costing $2.50 for adults and $1.50 for children. Reserved seats are $3.50.

The AJRA has grown this year to 714 members which compete in more than 30 association-sanctioned rodeos throughout the year to accumulate national final qualifying "points." Points in this case are determined by the amount of money won throughout the year.

These point totals are calculated including the first four nights of the Snyder Rodeo with the top four point leaders in each age bracket and event vying for World Championship honors during the Saturday night performance, with $2,000 in prize money added to the already existing "pot".

QUEENS

The National Finals Queen will be chosen Friday on the basis of the most advance tickets sold for the rodeo. The queen will be awarded a $200 belt buckle specially designed by Gary Gist of California. This year's contestants are Tammy Burns and Shanna Smith of Snyder and Becky Miller of Gail.

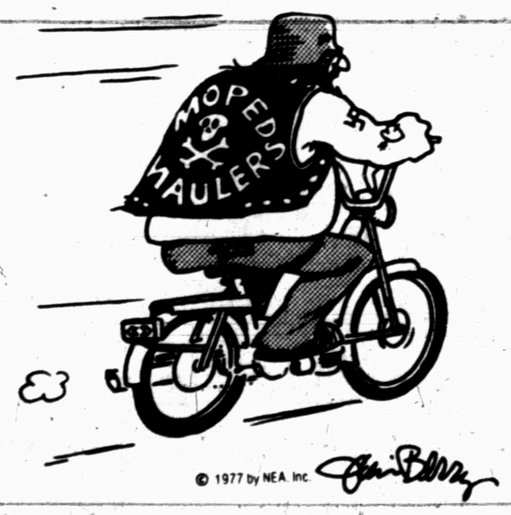

Miss AJRA will be crowned Saturday night through a vote of the association membership. Candidates are Tanya Boydstun and Mandy Tubb, Snyder; Pam Powers, Sonora; Lisa Neckar, Waco; Nannette Fine and Becky Meek, Monahans.

AWARDS

Winning contestants will be vying for 33 trophy saddles, 60 trophy buckles, 30 awards jackets, high point barrel racing bronze donated and sculptured by Dubb Tubb, the high point bull riding bronze by Dr. Robert Taylor, all-around champion bronze by Texas Cowboy Artist Association president Terry Gilbreth, the Joe York "Rookie of the Year" award (12 and under), sportsmanship buckles to the outstanding boy and girl in the 16-19 age group, PRCA all around cowboy award, Roy Cooper Champion calf roper trophy, Alvin Davis Founders Award and the George Paul bull riding trophy.

Be there!

martha angle and robert walters

WASHINGTON (NEA) —Common Cause this month will celebrate its seventh anniversary-an appropriate occasion to recount a series of previously unpublicized events which preceded its founding in 1970 and deeply influenced the organization ever since that time.

Throughout the 1970s, Common Cause has had a profound influence-probably more than any other single institution-in bringing about significant change in the way the people's business is conducted in Washington.

The key to the organization's success has been its independence from the countless interest groups-notably big business, big labor and the major foundations-whose ubiquitous if not insidious influence affects all of our daily lives.

The central figure in Common Cause's relationship with those interest groups was John W. Gardner, the organization's founder and its chairman until his retirement earlier this year.

In mid-1968, Gardner became chairman of the National Urban Coalition, formed during the previous summer as a direct result of the radical violence spawned in many of the nation's major cities. That group's "governing board" was composed of the familiar "distinguished" leaders from business, labor, government and civic groups.

The Urban Coalition's avowed purpose was to forestall future rioting. As a result, it was, in the words of one observer, "born with a silver spoon in its mouth" because of the generosity of those who feared they and their institutions would be the victims of further looting and burning.

Tax-deductible contributions came pouring in from the Rockefeller, Sloan and Kellogg foundations, from the AFL-CIO and many of its constituent unions, from the American Telephone & Telegraph Co., American Can Co. and Bethlehem Steel Co.

The National Urban Coalition was a "safe" and noncontroversial organization, operating with a vague mandate. But the same couldn't be said for its companion group, the Urban Coalition Action Council, independently chartered to lobby for specific reforms.

Because contributions to the Action Council weren't tax deductible and because its causes were controversial, the lobbying group received far less fainancial support from wealthy institutions.

The Action Council campaigned against the anti-ballistic missle, arguing that the billion of dollars earmarked for that weapons system should instead be spent on domestic needs. That incurred the warth of both haskish AFL-CIO President George Meany and Chase Manhattan Bank Chairman David Rockefeller, whose family had contributed tens of thousands of dollars to the Action Council.

The AFL-CIO finally cut off all financial support to the Action Council after it announced support for the "Philadelphia Plan" requiring labor unions to open aprenticeship training programs to sizeable numbers of blacks and members of other minority groups.

Supporters from the business community became similarly alienated when the Action Council lobbied against Senate confirmation of then-President Nixon's nomination of G. Harrold Carswell to a seat on the Supreme Court and pressed hard for an end to the war in Vietnam.

Gardner never publicly discussed those defections, but as the plans for Common Cause took shape, the Action Council experience demonstrated to him that a "boat-rocking" organization could not count on support or leadership from those whose first priority was the maintence of their won power and influence.

On the other hand, the National Urban Coalition was wellfunded but ineffectual. The lesson was clear: If Common Cause was to be properly financed but free to speak out on controversial issues, it could rely for support only on a broad base of individual citizens-and that's exactly what it has been doing, with considerable success, for seven years.

Men's Tailoring For Fems

By Ellie Grossman

NEW YORK — (NEA) — "I say, Watson, what do you make of this?" Holmes handed me a herringbone man's jacket.

"Well, the owner obviously can afford fine tailoring: the label says Cesarani," I ventured.

"Yes, yes, but what else?"

"I'd say he rode to the hunt. Look at the suede gun patch near the shoulder, and the wind tab at the throat to be buttoned against the wind, the bellows pockets for cartridges ..."

"Go on about the pockets," Holmes directed, puffing at his pipe.

I examined the inside breast pocket, which was empty, but from the lower, inside ticket pocket, I pulled a worn ticket stub from a suffragette meeting, the night of the murder.

"Dear me, Holmes, what kind of man would attend a suffragette meeting?"

He smiled and said, "None, I should think. The owner of this jacket, Watson, is a woman!"

• • •

Given another minute, the smart detective would have explained that the jacket was constructed to conform to the female shape, and that the owner ... but Bob Miller should really delineate the Cesarani woman.

He's president of the new womenswear firm dedicated to bringing the best of men's tailoring to the best of women in jackets, pants, skirts, shirts — most things that button, incidentally, button from left to right — and coats, that retail from $40 to $350, in sizes 4 to 14.

"She's the great American WASP," he says, "the Bryn Mawr lady who went to boarding school, who got her best jackets from the tailor who made her father's and her husband's riding clothes."

Or she's the girl who sneaked into her brother's room and borrowed his jeans, or bought shirts in boys' departments because they fit better.

She scrutinizes clothes, and appreciates hand-sewn operations, deep, meticulously finished seams, the way an undercollar matches the rest of a jacket unless it's meant to contrast in a sporty plaid, hand-cut buttonholes, suede patches — in short, all that's meant by men's tailoring.

And she likes these things done in traditional menswear fabrics: Harris tweed, shetlands, worsteds, English flannel, men's shirting fabrics.

Ah, but what kind of a woman, deep down, is this tightly tailored lady who may reach inside her jacket for a cigarillo?

Femme fatale, says Miller. "Look at this white flannel wrap skirt we did," he says. "Instead of putting in a kilt pin to hold it, we have a long slit up the side so her leg shows. Now, she wears this with the barest sandal in the world, a silk blazer and a string of pearls and when she walks into a room, she'll drive the men crazy.

Sal Cesarani, 36 — yes, there is a Cesarani — had femininity very much in mind when he decided to gamble on doing a womenswear line, he says.

"I'd won a Coty Award in '76 for my menswear and I felt the time was right to show my creativity for women, to give them as much femininity as possible along with impeccable workmanship."

No one remembered that the short, dark, F.I.T. graduate and one-time Ralph Lauren associate, had put himself through school by designing for a junior sportswear house. "They thought I didn't have any women's experience and when the line opened in April, I was frightened to death. I thought I'd bomb, but I had to take the challenge. I said, please look, I can do it."

And they looked and agreed.

What he's done for fall, he says in a husky but high-pitched voice, is "very muted colors, patterns and mixed textures. And," he continues, picking up a pencil and sketching, "I said I think the woman should have this feeling in this jacket and this proportion. Then I'll give her a very soft skirt and have her wear her gloves in her breast pocket.

"And I want a ruffle coming out of the sleeve. Or she can put a little eyelet pocket hanky in her breast pocket, or a watch fob. And if she feels uncomfortable using any of the pockets, she can ignore them."

Which, of course, might be the safest course in the event she's planning to get away with murder.

(NEWSPAPER ENTERPRISE ASSN.)

CESARANI'S DOUBLE-BREASTED all-wool herringbone jacket (left) in cream and white, features the fine details that traditionally have made men's tailoring great. The white stitch-pleated skirt shown with it is all wool flannel. Jacket is about $220, skirt is about $100.

Brown and white herringbone wool battle jacket at right is shown with brown cotton corduroy trouser skirt, both by Cesarani. Jacket is about $110, skirt is about $80.

PICK A BANANA—The fairest, the coolest, and the most delectable warm weather dish, a Banana Daisy Salad, with only 100 calories per serving.

Banana, Cool Summer Treat

On a sizzling summer's day wouldn't you welcome the cool refreshment of a salad that takes only minutes to assemble, and adds up to a scant 100 calories?

It's our Banana Daisy Salad, an eye-filling arrangement of banana daisy "petals" with a heart of low-fat cottage cheese garnished with shredded carrot. And this is no lazy daisy, either. Low-calorie Banana Daisy Salad, made with America's favorite fruit, really works for you providing a wide range of valuable nutrients.

The Banana Bunch, an industry-sponsored center for the consumer information about bananas, tells us that one average-size six-inch banana weighing 3½ ounces (100 grams) contributes Vitamin A, thiamine, riboflavin, niacin, Vitamin C and Vitamin B6. And low-sodium, practically fat-free bananas are known for their high supply of potassium needed for heart circulation.

Banana Daisy Salad is a flavorful dish on its own or topped with low-calorie dressings. Tropicale Dressing, made with skim milk, banana, lemon juice, honey and ginger, has a bright, wake-up character and adds about 11 calories per tablespoon, while a Banana-Orange Sunrise Dressing, made with yogurt, tallies 12 calories. Either can be used over a green salad or citrus and banana compote as well as the Daisy Salad.

BANANA DAISY SALAD

Romaine lettuce leaves
3 bananas
2 cups low-fat cottage cheese
¼ cup shredded carrot

Place lettuce on a round plate. Cut each banana in half lengthwise and then in half horizontally. Arrange banana in circle like petals in a daisy design. Mound cottage cheese in the center and sprinkle with shredded carrot.

YIELD: 6 servings; 100 calories per serving.

TROPICALE DRESSING

1 cup skim milk
1-3 cup mashed ripe banana
3 tablespoons lemon juice
1 tablespoon honey
¼ teaspoon ginger

In the container of an electric blender blend all ingredients until smooth.

YIELD: 1½ cups; 11 calories per tablespoon.

SUNRISE DRESSING

½ cup plain yogurt
½ cup orange juice
1-3 cup mashed ripe banana (1 medium banana)
⅛ teaspoon cardamon

In the container of an electric blender blend all ingredients until smooth.

YIELD: 1½ cups; 12 calories per tablespoon.

Class Of '67 Reunion Begins Tonight

The Class of 1967 will hold their ten year reunion this weekend with activities getting underway Friday night. A mixer will be held Friday night at the Snyder Country Club from 8-12 p.m.

Saturday a coffee will be held for classmates, families, friends and teachers at the Student Center at the high school. This is a change from the original plan. The coffee will begin at 11 a.m. Saturday.

A formal banquet is planned for Saturday, 7 p.m. at the Country Club. Following the banquet a dance will be held from 10-1 p.m. The dance will be opened to anyone but a door fee will be charged to those attending but are not class members.

All classmates are urged to attend.

COMMUNITY CALENDAR

FRIDAY
Duplicate Bridge, Snyder Country Club, 1:30 p.m.

SUNDAY
Scurry County Museum located on the campus of Western Texas College will be open from 1-5 p.m.
Duplicate Bridge, Snyder Country Club, 1:30 p.m.

Bridal Shower For Miss Hamm

A bridal shower honoring Elaine Hamm, bride-elect of Breland Wallace, was held Saturday, July 31 at the Ave. D Baptist Church Fellowship Hall.

Hosting the occasion were Carla Bavousett, Fae Rinker, Neilda Word, Etta Wilson, Maxine Browning, Tommie McGinty, Wanda Rushing, Maggie Blalock, Mildred Streety and Lila Guinn.

The couple will be married August 6, 7 p.m. in the Elmcrest Baptist Church, Abilene.

Opening lead — 10♦

By Oswald & James Jacoby

The magician believes that he can make tricks spring out of his hand like rabbits from a hat. Any time he is declarer, he bids to ridiculous slams or games confident that his superlative play, plus a little bit of luck, will bring the contract home.

Today we see him bid six notrump for no reason except that feeling of pride. He held just 21 points for his two-notrump opening, which is the minimum he plays for that bid.

Trick one produces the jack, king and ace of diamonds. He leads the ace of clubs at trick two; a low club to the nine at trick three. East takes his queen and returns a diamond to dummy's queen.

South cashes four spades while discarding the deuce of diamonds from dummy, plays a club, picks up the jack, scores a third club trick, discards his seven of diamonds and plays hearts. The queen fails to drop and he is down one.

As he explains it is bad luck. As we see it, it is unjustifiable overbidding.

Ask the Jacobys

A Wisconsin reader wants to know the correct lead against notrump with ace-king-8-3-2 of diamonds and no other high cards.

We assume the lead is against three notrump and the correct lead is fourth best. If no one holds four diamonds and partner can gain the lead you will take four diamond tricks. If declarer scores a trick with a doubleton queen, it is just bad luck.

(Do you have a question for the experts? Write "Ask the Jacobys" care of this newspaper. The Jacobys will answer individual questions if stamped, self-addressed envelopes are enclosed. The most interesting questions will be used in this column and will receive copies of JACOBY MODERN.)

Boston's Jenkins Escapes Rut

By KEN RAPPOPORT
AP Sports Writer

Ferguson Jenkins isn't used to this sort of thing.

"I've been struggling," says the Boston Red Sox pitcher. "I've had other things on my mind."

For many years a big winner in the major leagues, the venerable right-hander had gone six weeks without a victory this season.

On Thursday night, he finally ended his frustration.

"Now I feel like I'm contributing," Jenkins said after pitching a three-hit, 3-1 decision over the Oakland A's. "Maybe this will help us put a big winning streak together."

Jenkins blamed his lack of aggression for the victory drought which began after his 7-3 triumph over the Baltimore Orioles on June 23.

"The team has been playing well," said Jenkins, "but I haven't."

A seventh-inning single by Steve Dillard off Oakland's Vida Blue, 10-13, broke a 1-1 tie, scoring Dwight Evans, who had opened the inning with a single. Rick Burleson followed with a broken-bat single to left for the final run.

Jenkins, who was 0-2 in his last six starts, walked none and struck out two while sending the A's down to their sixth straight loss.

White Sox 5, Rangers 4

Eric Soderholm doubled and scored the game's first run in the third inning, then singled and scored on a passed ball in the sixth with the run which lifted Chicago over Texas.

The triumph snapped a four-game Chicago losing streak and halted a five-game Ranger winning streak as the White Sox pulled 3½ games ahead of second-place Minnesota in the American League West.

Tigers 4, Twins 2

Rookie right-hander Dave Rozema won his 11th game with a six-hitter, leading Detroit over Minnesota. Rozema, 11-4, who turns 21 today, pitched his sixth straight complete game. Minnesota starter Pete Redfern hurled 6-2-3 innings and suffered his seventh loss in 11 decisions.

Royals 8, Blue Jays 0

Fred Patek knocked in four runs with a homer and two sacrifice flies to lead Kansas City over Toronto. Larry Gura, 6-5, scattered nine hits in a route-going performance.

Patek, the smallest man in the major leagues at 5-foot-4, lashed a two-run homer off Jesse Jefferson in the second inning and had sacrifice flies in the third and the fifth.

Braves 5, Expos 2

Biff Pocoroba smashed a home run and Atlanta erupted for four straight singles and three runs in the third inning to beat Montreal.

Eddie Solomon, 3-1, who worked out of an eighth-inning, bases-loaded jam, was the winner with relief help.

Atlanta broke the game open in the third by scoring three runs on singles by Rowland Office, Barry Bonnell, Willie Montanez, and Jeff Burroughs and a run-scoring ground-out by Garry Matthews.

Phillies 2, Padres 1

Bake McBride singled home pinch-runner Jerry Martin in the 10th inning to lead Philadelphia over San Diego.

Ted Sizemore opened the 10th with a single and moved to second on a sacrifice by pinch-hitter Tommy Hutton. McBride then grounded a single through the middle, scoring Martin, who had gone in for Sizemore.

SWC Coaches Glance At Upcoming Season

Associated Press Writer

LITTLE ROCK, Ark. (AP) — Southern Methodist University football Coach Ron Meyer says fellow coaches approach the fall like youngsters approach a Christmas present.

"We're all trying to guess what's inside," Meyer told a Southwest Conference kick-off luncheon Thursday.

Few of the nine went out on a limb. Most of the time was spent cracking jokes.

F.A. Dry, who was hired earlier this year to rebuild Texas Christian University's football program, read a telegram he said was from Washington, D.C. "I can understand the situation facing you," the telegram said. "It's signed by Jimmy Carter... Waxahachie, Tex."

Texas Coach Fred Akers said he felt Johnny "Lam" Jones would make an excellent receiver, but noted that he missed spring practice. "We felt like he needed to work on his speed, so we had him working out in track," Akers said.

Jones is a world-class sprinter who ran on the United States' winning 400-meter relay team in the 1976 Olympics.

Baylor Coach Grant Teaff talked about the "dichotomy" of his team - some outstanding talent and some young players.

He was followed to the lectern by Houston Coach Bill Yeoman. "I checked with Akers and Lou Holtz of Arkansas and they didn't know what a dichotomy was either. At least, there is kinship in ignorance."

Yeoman said two of his players, Charlie Lynch and Dyral Thomas, were "kind of free with the ball" and had been moved from fullback to halfback. "Now, we can fumble from any place in the backfield," he said.

Yeoman worked his way around to the Cougar's offensive line. "We use them to check out the courage of our backs," he said.

He recalled that Houston and North Carolina State played a 31-31 tie when Holtz was the head coach at N.C. State. "Holtz, he'll thrill you," Yeoman said. "If he can't score with the ball, he'll throw it on the ground and let you try."

WTC Slates Fla. Scramble

Golfers have until noon Sunday to enter the "Blind-Draw" Florida Scramble Tournament at Western Texas College golf course.

The tournament, limited to the first 66 signees, begins with a shotgun start Sunday at 1:30. Entry fee for the scramble is $3 per player plus green fees. All entry money is returned to the winners in the form of prizes, notes Bob O'Day, WTC Golf Shop manager.

For more information call the Pro Shop at 573-9291.

Boy's Club Activities Continue

SOFTBALL
(Slow Pitch)

On July 25, Keith McClain and team defeated Thomas Selmon and his bunch, 6-4. Scoring for the losers and hitting home runs were Thomas Selmon, two, and Pete Willis, one. Michael Pruitt also scored one run in a losing cause. Keith McClain knocked a homer for the winners, but the scoring was divided among the following: Andrew Perez, two points, and Gregg Pruitt, Lewis Tate and Jimmy Velasquez, one each.

"Two-batter scrub" was the game played July 27. David Hill scored 10 runs; Hector Perez, eight and Dude Jones collected five.

On July 29, the Shelby Shannon team defeated Michael Pruitt and crew, 10-9 in a well-played game. Scoring for the winners were David Hill with four points, Lucio Ramirez and Hector Perez with two each, and Steve Ramirez and Don Hester with one apiece. Scoring for the losers were Michael Pruitt with one, and Thomas Selmon, Joe Garcia, David Crouch and Kim James with two each.

DARTS
(Finals, 10 Darts at 30 ft.)

Fifteen participants took part in the dart throw July 25. The top five and their scores were: David Rios, 250; Thomas Selmon, 245; Mark Velasquez, 145; Don Hester, 130; and Daniel Perez, 115.

July 27, 14 boys participated in the throwing. Dude Jones won with a 235, followed by Hector Perez, 130; Marcus McGlouthlin, 120; Tommy Elam, 105; and David Crouch, 95.

Eighteen throwers took part in the July 28 match, which was won by a score of 245 by Hector Perez. Daniel Perez also got 245 while Lucio Ramirez pointed 225; Kim James, 180; and David Crouch, 165.

BADMINTON

July 26, eight participants entered the "badminton tournament." In the first round Keith McClain defeated Robert Escobedo 7-0; David Hill won over Don Jeffery, 7-0; Daniel Perez beat David Rios, 11-2; and Marcus McGlouthlin won over Chris Edwards 11-3.

In the semi-finals, McClain defeated Hill 11-5 and McGlouthlin won over Perez, 11-9. Keith McClain outlasted Marcus McGlouthlin in the finals, 11-6.

July 28, Thomas Selmon defeated Jesse Guzman in the finals, 11-2. Thomas defeated Ricky Gomez, 11-2 and David Rios, 11-1, before defeating Guzman in the finals. Guzman won over Lucio Ramirez, 7-0 and won by default over McGlouthlin on his way to the final round.

Boxing and tennis are still to be offered before the summer program ends.

Super Bowl XII will be played in the Louisiana Superdome on Jan. 15, 1978.

Snyder Little League Impressive

'Stars' Shine Bright

By BILL MCCLELLAN

Bring out the band, boys! For the first time since the mid-1960's, Snyder has placed a Little League team in the State Tournament. They've done it in grand style, too, defeating their five opponents by an average of 10 points to one.

Chances are, the Snyder All Stars will meet more formidable foes during the state playoffs in Waco beginning Monday, but they can bask in the reality of how they got there for a long time.

Colorado City was the first All-star team battered by Snyder's solid hitting and accurate hurling. The C-City squad fell 12-1 amidst the single-hit pitching of Brent Roemisch and six Snyder home runs.

Colorado River fell less than a week later with Gerald Hicks pulling a no-hit, 12-0 shutout. Snyder batters banged three over the fence in that contest and added 12 hits to their 13 from the previous game.

Rotan met quick defeat in round three play as Curtis Gafford gave up three hits. Again Snyder got 12 hits as they plowed the visitors 11-0. Snyder accounted for two home runs in the contest.

Abilene had always meant Snyder's final resting place in years before, but the local youth's charged at the occasion this time around. Dixie built a quick 4-0 lead in the first inning, but Roemisch's dominance on the mount came through to end the opponent scoring after that. Meanwhile Snyder popped 11 hits to Abilene's five, and pulled ahead for a 6-4 win.

Reputed to be their toughest game ever prior to the contest, Snyder walked over Lubbock Western, 16-1. Roemisch again led the local defense, giving up only three hits. Offensively, Snyder broke their six-in-a-game homer record by putting seven over the fence as they smashed 16 hits.

Relying on a pitching staff that has allowed only 13 hits, six runs and 10 walks in 30 innings of play, Snyder looks to be a good pick for the crown. Their 47 strikeouts go well with a .813 fielding average posted in five playoff games.

State participants will no doubt see some of Snyder's hitting too, which boasts an overall team average of .406.

The Snyder All Stars are scheduled to leave for Waco Sunday. Their first contest has been set for 8 p.m. Monday against Weatherford, 4-3 winners over Sheppard Air Force Base. Standouts for the Weatherford team include Scotty George, a power hitter, and pitchers Brice Doggett and Chad Ray.

Should Snyder win their Monday night game, they will play again Wednesday night at eight o'clock. Subsequent wins would place them in semi-final play Thursday 8 p.m. and the finals at 8 p.m. Friday.

Defeats Farmers Branch 7-4 In Finals

Spring Klein Captures State Crown

Spring Klein ripped four sixth-inning runs in the Junior Teenage League finals here last night to defeat Farmers Branch 7-4 and win the state championship.

The Houston area bunch played through the four-day tournament without a loss, whipping most of their opponents by a wide margin.

For Farmers Branch, who took the runner-up trophy, it was the second time to feel the Klein crunch, losing 13-0 in Monday's debut.

Klein went through three pitchers in last night's contest. David Stevenson lasted four innings before giving up three runs to put Farmers Branch ahead, 4-3 in the top of the fifth.

Greg Holdon came in for two more to take the win, and Mark Barfield was added in the final set.

The Klein trio fanned six batters and walked five while giving up six hits. Losing pitcher Tony Johnson handed out 11 hits, struck out four batters and walked two.

Wrapping up the day by day results, Killeen opened the tournament by edging Haskell 12-11 in eight innings. Haskell had posted one run to take the lead in the eighth set, but Killeen came back with two of their own to steal the scoreboard edge back.

The second contest was the Spring Klein-Farmers Branch meeting; a first look at the eventual state champions and runner-up.

Later in the evening Marfa blanked Big Spring 6-0. Marfa boosted three runs each in the first and third innings while giving up only two hits. Pitcher Jesse Nunez held the Big Spring "at-bats" to an average of 3.3 per inning.

Snyder, host team of the 1977 State Tournament, dropped a solid lead in their first contest and sent Port Arthur to the winners bracket with a 12-11 victory.

Tuesday, Farmers Branch knocked Haskell out of the double elimination tournament; Snyder squeaked past Big Spring 5-4 with three runs in the bottom of the seventh; Spring Klein outlasted Killeen 9-3 in ten innings; and Port Lavaca downed Marfa, 7-3.

Three teams were knocked from tournament play Wednesday. Farmers Branch hammered six sixth-inning runs to send Marfa home, 10-4; Killeen knocked down a strong Snyder scoring-fest to remain, 11-9; Port Lavaca was defeated by Spring Klein, 7-1; and Killeen dropped from competition with a 5-3 loss to Farmers Branch.

A Wednesday highlight came when Snyder's Tony Degrate became the first Junior Teenage leaguer to hit a home run at Moffett Field. The combination pitcher-first baseman was applauded by fans as his teammates met him on the field with congratulations.

Thursday, Farmers Branch shaved Port Lavaca in semi-final play, 8-6. Farmers Branch posted four seventh-inning runs to defeat the Lavaca team and advance to the final contest against Spring Klein.

In addition to the awarding of trophies, Snyder Junior Teenage League president Ollie Peek was presented a plaque for his "untiring effort both before and after each game as well as during, to make this tournament possible," a spokesman explained.

OLLIE PEEK
...awarded plaque

OUT!--Jerry Paige calls 'em as he see's 'em during Junior Teenage League State Tournament play which ended here yesterday. Paige is behind the scenes frequently in Snyder sports activities. Currently, he keeps the Little League All Star books, helps in working out with the group and is perhaps their biggest fan. (SDN Staff Photo)

Miss Softball Tourney To Begin Here Today

Though Junior Teenage League baseball has been wrapped up until next year, Snyder fans can continue to enjoy America's "favorite pastime" with no break in the action.

The West Texas Miss Softball America State Tournament began here this morning, offering a different brand of play but keeping in line with the excitement Towle Park offered during the first of the week.

Opening ceremonies for the tournament, which pits Major and Senior League girls in battle for Regional berth, were to begin at 8:30 today.

The 1976 National League Cy Young winner, Randy Jones of San Diego, also tied a record for consecutive innings without a walk, going through 68 without a pass.

At nine o'clock, the action was to start with Major League contest between Odessa and Big Spring. That game was to be followed by a Senior League contest, Snyder playing Sweetwater at 11.

In other games scheduled for today, Snyder Majors take on Sweetwater Majors at 7 p.m. and the Snyder-Sweetwater Senior winner meet Big Spring at nine tonight.

Eventual winners in the double elimination, three-day tournament advance to Regional play in Midland and will compete against the East Texas State Champions. From there, winners head for the National Tournament held in Richmond, Va. the 23rd through 27th of this month.

Saturday's schedule depends on today's outcomes, but West Texas State Tournament play will continue through most of the weekend with games at the MSA Field and on Farm League Field turf.

Finals for the Senior League are expected to begin at 9 p.m. Saturday, with the Major League finals about 1:30 Sunday.

'Pokes To Open Season Saturday

DALLAS (AP) -- Tailback Tony Dorsett, collegiate football's All-Time ground gainer, makes his professional debut Saturday night in Texas Stadium if his sore right knee behaves when the Dallas Cowboys host the San Diego Chargers in a National Football League exhibition game.

Dorsett, the Heisman Trophy winner from national champion Pittsburgh, was running in full pads this week. He hurt the knee at the Cowboy Thousand Oaks, Calif., training camp in a scrimmage. Dorsett has been listed anywhere from second to fourth place on the Cowboy depth chart.

The knee was only bruised but Cowboy Coach Tom Landry put Dorsett in sweat clothes for several days. Dorsett has yet to make any spectacular runs in camp but Landry isn't concerned.

"He has all the moves of a great back," said Landry. "It's just going to take him a long time to learn the system."

Dorsett has been running with the second unit behind veteran tailback Preston Pearson.

The annual Salesmanship Club charity event was expected to draw some 55,000 fans into Texas Stadium despite the August heat.

The game also will feature the debut of former Heisman trophy winner Johnny Rogers, a Canadian Football League refugee, and Joe Washington, a No. 1 draft choice who missed 1976 with knee surgery.

Rogers played in Canada for two years and may be used as both a running back and a wide receiver in Charger Coach Tommy Prothro's wide-open attack.

San Deigo comes off a 6-8 season while the powerful Cowboys were 11-3 in 1976.

MGA Hosts Handicap Play

Men's Golf Association members are reminded of the four-man handicap low-ball to be played Saturday at 1 p.m. All members have been asked to sign up by this evening at the pro shop so teams can be selected and starting times arranged.

At 5:30 p.m. Aug. 11 a grudge match between the reds and blacks will be played. Those playing last time and wanting to play again need to contact Bill Keys. Anyone who did not play previously may sign up to be placed on a team.

The match is played on the point system and no entry fee is required. An association meeting follows and will include a film on golf.

DENNIS THE MENACE

New Delicatessen Is Opened Here

A new restaurant has opened in Snyder.

Bob's Delicatessen, located at 2701 College Ave., opened earlier this week.

The delicatessen serves barbecued foods, including barbecued beef, sausage, spareribs, chicken, and ham. Accompanying the barbecue is a savory sauce, German potato salad, creamed potato salad, rolls, beans, and homemade pies.

Delicatessen owner Bob Felton said the business hours of the new restaurant are from 7 a.m. until 8 p.m., Tuesday through Sunday.

From 7 a.m. until about 11 a.m., the delicatessen serves coffee and doughnuts. Then, starting about 10:30 or 11 a.m., the delicatessen begins serving its main line of barbecued foods.

For customer convenience, the food may be eaten on the premises or may be carried out. The foods range from plates, featuring all the trimmings, to sandwiches.

Felton said the delicatessen will also cater food for any sized group or party.

Felton is the former owner of the Smorgasbord and has many years experience in the restaurant business.

Other employes of the firm are Carolyn Waltz, Barbara Sowell, Jim Waltz and Red Preas.

PREPARING THE BARBECUE—Red Preas, an employe of Bob's Delicatessen, is shown barbecuing some beef. The firm barbecues foods ranging from beef to chicken. The beef is allowed to barbecue from five to 10 hours. (SDN Staff Photo)

Zoos Are Receiving Contraband Animals

PHILADELPHIA (AP)- Zoo officials "were just looking the other way" as an international smuggling ring brought more than 600 rare contraband reptiles into the United States, a federal prosecutor says.

"I think the mentality among the zoos in this country when this investigation started was, 'If you can get an animal, get it,' " U.S. Atty. David Marston said Thursday after a federal grand jury here indicted 12 persons in a two and one-half year investigation that ranged from the United States to France, Switzerland, Africa and Australia.

Eight of the nation's most prestigious zoos were identified as having received the contraband animals. The zoos are: the National Zoological Park in Washington, D.C., a branch of the Smithsonian Institution; the Philadelphia Zoological Garden; St. Louis Zoological Park; Dallas Zoo; Knoxville Tenn. Zoo; Sacramento Calif. Zoo; Seneca Park Zoo in Rochester, N.Y.; and Overton Park Zoo in Memphis.

Although no zoo officials were named in the indictments, Marston said the U.S. Interior Department would seek civil penalties against institutions and curators that received the rare snakes, lizards, crocodiles and other cold-blooded animals.

Zoo officials denied any complicity in the alleged smuggling.

County Court Pleas Entered

The misdemeanor docket has been cleared of several cases after guilty pleas were entered to the charges.

Jesse Rodriquez pleaded guilty to a charge of evading arrest. He was sentenced to serve 30 days in the county jail and fined $200.

Entering guilty pleas to charges of driving while intoxicated were Paulino Luna Garza, Margarito Barrera Ramos, Manuel Flores Herrera, and Richard Ray Simpson.

Garza and Simpson were each sentenced to serve 30-day jail terms, probated for six months and fined $100 apiece. Ramos and Herrera were each fined $100 and given three-day jail terms.

In earlier court action, Oliva Saenz pleaded guilty to a charge of DWI. She was fined $100 and sentenced to serve three days in the county jail.

FDA Maintains Strong Stand Against Laetrile

WASHINGTON (AP)- Cancer victims, emotionally vulnerable to hucksters, are "exploited skillfully" by promoters of Laetrile, the Food and Drug Administration maintains in its strongest statement yet on the underground cancer treatment.

In a 268-page report filed Thursday with a federal judge in Oklahoma, the FDA said an exhaustive review of clinical research and of Laetrile proponents' arguments has failed to sway the agency's conviction that Laetrile is a hoax.

The report was ordered by the judge, who is hearing a case filed by a cancer victim who wants Laetrile. While revealing no new evidence, the report marshals previous arguments against the substance, then characterizes Laetrile promoters as charlatans and Laetrile users as victims.

"Cancerengenders fear... Cancer victims' families feel both sympathy and guilt at being unable to relieve the victim's suffering," FDA Commissioner Donald Kennedy said in the report.

"These feelings are exploited skillfully by the purveyors of false cures. Cancer victims and their families are extremely vulnerable to the kind of persuasion so skillfully used by Laetrile's promoters...," he said.

"Promotors play upon the victim's frustration with a medical establishment that cannot offer the certainty of a cure, and build upon the cancer patient's fear of legitimate cancer therapies," Kennedy said.

CRMWD

Continued From Page 1)

an end. Lake E.V. Spence has 168,000 acre feet in storage and Lake J.B. Thomas, where lift operations were commenced in July, has 29,000 acre feet.

O.H. Ivie, general manager of CRMWD, said that studies are being made on production patterns which will insure even supplies and quality control. He also reported on a recent inspection of the U.S. Bureau of Reclamation's HIPLEX weather modification project at Miles City, Mont. where a jet airplane is used for seeding from tops of clouds. The district will send representatives to Goodland, Kans. soon to observe the HIPLEX operation there. The state advisory committee will meet in Big Spring Sept. 9 to make recommendations to the Bureau for the Texas HIPLEX program based at Big Spring.

Maurice Duncan, owner-operator of the Wildcat Fish A Rama, which recently had severe fire damage, is moving expeditiously to repair his facilities, said R.A. Schooling, administrative assistant in charge of recreation. Thus far this year recreation traffic is up substantially over a year ago, he told the board.

Man Hospitalized In Knifing Here

A brawl outside a barroom early this morning sent one man to Cogdell Mermorial Hospital and two other men to the county jail.

Camillo Jasso, 21, was listed in fair condition at Cogdell late Friday morning with multiple knife wounds.

According to police reports, Jasso was injured outside the Sundown Club as he was reportedly attempting to get into his car. Police were notified of the incident at 12:17 a.m., while the knife fight is believed to have occurred just before that time.

Two suspects, aged 36 and 24, respectively, were later taken into custody at the intersection of 24th St. and Ave. R.

The suspects were booked at the county jail on investigation of aggravated assault. They remain in jail in lieu of $7,500 bond apiece.

In other police reports, Elena Gonzales told officers her purse was taken from the hood of her car Aug. 1 where she had placed it while parked at a local swimming pool.

In a supplemental report, Ms. Gonzales told police yesterday that she had found the purse and some personal belongings on the north side of Gibson's but that the money, an estimated $45, was still missing.

Harold Bennett told police that while his car was parked behind Bennett's Office Supply yesterday someone had taken an electric door opener from it. Value of the door opener is set at $25.

Two cars collided Thursday at 10:29 a.m. in the 2000 block of 25th St. Involved in the mishap were a 1975 Ford driven by John T. Farquhar and a 1972 Ford driven by Norma Jane Duea. Only minor damages were reported to the two vehicles.

A city trash dumpster was struck by a vehicle which apparently left the scene of the accident. The mishap is believed to have occurred about 11:30 p.m. Wednesday. Damage to the dumpster was set at $25.

A parked Department of Public Safety patrol car was involved in a collision with a 1976 Ford driven by Danny Paul Edwards. The DPS patrol car is owned by the State of Texas, but operated by Highway Patrolman Bob Clark.

The mishap occurred at 33rd St. and El Paso Ave. Thursday about 7:53 p.m. Only minor damages were reported.

BIRTHS

Mr. and Mrs. Timothy David Harshbarger, are the parents of an 9 lb. 1 oz. daughter born at 12:03 a.m. July 30 in Fisher County Hospital in Rotan. She has been named Christen Elaine.

Grandparents are Mrs. Ava Egger of Snyder, James F. Weaver of Hamlin and Mr. and Mrs. Claude W. Harshbarger of Killeen.

Firemen Called

A minor grass fire was doused Thursday afternoon by Snyder firemen.

The fire occurred about 3:05 p.m. approximately three miles south of Snyder on Highway 208.

Pleas Are Entered

Two guilty pleas were entered Thursday in 132nd District Court.

Cora Roberts Loper, 27, and Robert Vera Jr. each pleaded guilty to felony charges of driving while intoxicated. Both were indicted earlier this week on the charges.

Each received two-year probated jail terms.

GOD'S FIVE MINUTES

This Series Made Possible by These Business Firms and Individuals Who Support Our Right to Worship Freely.

A recent survey of 23,000 high school students revealed the following subjects about which they were concerned: use of marijuana, legalized abortion, volunteer army, pre-marital sex relations, etc. Of 12 subjects named, all but three were in the realm of moral behavior. The permissivness of their parents seems to have spawned a generation which is concerned about the inner man.

But remember, our youth have produced both the Jesus freaks and the Manson freaks, simultaneously. Man has always been thus. He has climbed the highest mountains, crossed the broadest oceans and spanned the widest continents. There is no good he has not attempted, no glorious crown he has not sought, but there is no evil to which he has not stooped, no crime he has not committed. He seems to be two persons in one—the wicked and the good—a god and a devil wearing the same skin.

Through all the ages man has known this and has sought constantly and unceasingly to cage the wildness in himself and encourage the nobility that is there. Such a split personality cannot but tear itself apart eventually. No wonder Jesus said, "You cannot serve both God and mammon. You will either hate the one and love the other or cling to the one and despise the other. You cannot serve two masters."

Now, that's not true because it is in the Bible. It is in the Bible because it is true. The highway of history is strewn on both sides with the remains of men and nations who refused to believe it. The answer is equally clear and well-proven. Those who have placed their lives in the "hand of the man who stilled the waters" have found inner peace and oneness in His goodness.

CHURCH SERVICES

GRACE LUTHERAN
The Service of Holy Communion begins at 10:30 a.m. "His Prayer," Pastor Jonathan Jensen's sermon, is from the text of Luke 11:1-13.

The Junior High Co-op will be having a picnic on the Richardson Creek with each person bringing his own sack lunch.

Y.C.C. will meet at First Presbyterian at 6 p.m.

Sunday School teachers will meet at 7 p.m. on Tuesday in the pastor's study.

The Women of Grace meet at 7 p.m. Wednesday.

Church Council meets in the pastor's study at 7 p.m.

BETHEL BAPTIST
R. Virgil Mott has chosen the topic, "The Narrow Way of Life," for "The Back to Bethel Broadcast" to be heard over KSNY this Sunday at 8:35 a.m.

For a ride to Sunday School, call 573-5966. Sunday School is set for 10 a.m.

"We Are Responsible to God and Jesus" will be the sermon topic of the pastor at the 11 a.m. worship service Sunday.

Children's worship service is set for 11:20 a.m. This Sunday an award will be given to the child with the most guests present for the service.

Church Training Service is set for 6 p.m.

"What Is the Meaning of Sacrifice?" will be the sermon topic of the pastor at the 7 p.m. worship service. This will be a sermon in dialog form.

Wednesday activities will begin at 7:30 p.m. The pastor will continue discussion on "How well do we understand the Bible?" The church provides adequate nursery service for all church activities.

FIRST UNITED METH.
Sunday School classes for all ages meet at 9:45 a.m. at First United Methodist Church. The morning service of worship begins at 10:55 a.m. with the Rev. David H. Robertson, pastor, witnessing to the word.

The junior high will go roller skating at 2 p.m. Sunday.

The Junior and Senior High youth groups will meet at 6:30 Sunday evening for a snack supper and program.

The evening service of worship will begin at 7 p.m.

The calendar for the week includes the Crusaders Class and Education Commission on Monday evening, Teacher Appreciation and Chancel Choir Rehearsal on Wednesday evening, Wedding Band Class party on Thursday.

Nurseries are provided for all activities at First United Methodist Church.

EAST SIDE CHURCH OF CHRIST
Avon Malone of Searcy, Ark. will begin a series of lectures Sunday at the East Side Church of Christ. These services will be at 7 to 7:30 a.m. each week-day morning and 7:30 p.m. each weekday evening through Aug. 12. His sermon topic for the 10:25 worship service Sunday morning will be "Help Yourself to Happiness," and his chosen subject for the 6 p.m. worship service will be "Christ Lives in Me." Sam Kitching will be speaking Saturday morning at 8:15 on the radio program "Love of Living." His topic for the Sunday morning 8:15 radio program, "Give Me the Bible," will be "Know Where You're Going."

Bible classes are held each Sunday morning at 9:30. Nursery facilities are also available for infants.

For free transportation to any services, please call 573-3583 or 573-5666.

FIRST CHRISTIAN
The First Christian Church will meet for Sunday School at 9:45 a.m. with classes for all members of the family. The minister, Otto J. Schaufele, will bring the message at 10:50 worship.

The junior high Co-op group will meet at 5:30.

The senior high Co-op group will meet a 6 p.m.

Evening worship is at 7.

Tuesday morning study prayer group will meet at 9:30 with Pearl Blanchard. Board meeting will be Wednesday at 7:30 p.m. Thursday night group will meet at 7 p.m.

COLONIAL HILL BAPTIST
The Men's Early Bible Class will meet a 7 a.m. Sunday. Sunday School follows at 9:45 a.m. The worship services are at 11 a.m. and 7 p.m. The Nominating and Personnel Committees will meet at 5 p.m.

Several women from the Colonial Hill Church will attend the W.M.U. Houseparty at Baylor University, Aug. 8-12.

The mid-week prayer service will be held Wednesday at 7:30 p.m. Choir practice follows at 8 p.m.

Visitation is set for Thursday at 6:30 p.m. All Sunday School directors, teachers, and outreach directors are asked to visit. Adult recreation is set for Thursday evening at 7. The nursery will be open.

NORTHSIDE BAPTIST
Sunday morning worship begins with Sunday School at 9:45. The lesson for this Sunday is, "A Message of Restoration" with the lesson material taken from: Isaiah 61:1-62:12. Morning worship services and children's chapel will follow at 10:55.

Sunday evening worship begins at 6 with B.T.C. and Discovery Hour. The B.T.C. lesson for this Sunday is, "The Freeness of Salvation," with the lesson text taken from: Romans 6:23b. Evening worship service and radio broadcast will follow at 7. The pastor, George E. White, will be in charge of both worship services for the day.

Wednesday evening at 7:30 is the time for mid-week prayer service. If you would like a ride to church please call 573-7105 or 573-5320.

MORNINGSIDE BAPTIST
The morning services will begin at 10 with Sunday School classes. "The Trial Of Jesus" will be the lesson for discussion. The lesson text will be Luke 23;13-25.

The Sunday evening services will start at 6 with Training Service classes meeting for study of the subject, "From Division To Cooperation." The lesson text will be I Cor. 12:18-23.

The morning worship starts at 11, and the evening worship begins at 7. The pastor, Vernon Parnell, will be in charge of both services.

Wednesday evening services start at 7:30. The business of the church will be conducted at the meeting this week.

The nursery is available at each of the church services.

Spiritual counseling can be arranged by calling 573-2738.

37TH ST. CHURCH OF CHRIST
Pat J. Abbananto, minister, will preach the gospel in all the worship services at 37th St. Church of Christ on Sunday. The worship services are at 19:45 a.m. and 6 p.m.

Bible classes for all ages are held at 9:45 a.m. each Sunday.

The regular mid-week worship services are scheduled for 7:30 p.m. each Wednesday.

ST. JOHN'S EPISCOPAL
Regularly scheduled services of Holy Communion at 7:45 a.m. and Morning Prayer at 11:15 a.m. will be held Sunday.

Daily Morning Prayer is at 6:30 Monday through Friday.

Inquirer's class for those interested in confirmation or in learning more about the Episcopal Church begin this Sunday at 4 p.m.

The St. John's social will be held at 7 p.m. Wednesday, Aug. 10, at the W.C. Hart residence on the Colorado City Highway. All members are urged to come and bring guests. The evening will begin with the Eucharist, followed by salad, sandwiches and ice cream.

IRA UNITED METHODIST
The Rev. Wayland Dowden will bring the message at the 10 o'clock morning worship. Sunday School will follow at 11 o'clock. There are classes for all of the family. A new unit, "The Struggle to Survive," will begin. The title of the lesson is "Renewing the Covenant." The scripture lesson is taken from the book of Joshua.

UNION UNITED METHODIST
The morning service will begin with Sunday School at 10 o'clock, with classes for all of the family. Morning worship will begin at 11 o'clock, with the Rev. Dan Lunow, missionary to Indonesia, bringing the message.

Junior and senior high groups will meet at 5:30 p.m., and the evening worship service will be held at 8 p.m. at the Fluvanna United Methodist Church.

The prayer and share group will meet Tuesday at the Fluvanna church.

FIRST PRESBYTERIAN
Sunday School will begin at 10 a.m. and morning worship will follow at 11.

Dr. Paul Chalfant, interim pastor, will have as his subject, "Using Our Gifts in Ministry," Matt. 13:44-52.

At 10:30 on Sunday, there will be a reception honoring Empress McFarland and Gary Terrell, who will be married on Saturday.

The youth co-op will meet at 6 p.m. at First Presbyterian Church.

AVENUE D BAPTIST
Sunday School begins at 10 a.m., followed at 11 by the morning worship service. Paster Ken Danuser will be in the pulpit.

Training union will begin at 6 p.m. and evening worship at 7 p.m. with Pastor Danuser speaking.

"The Living Word" broadcast over KSNY is presented at 1 p.m. every Wednesday, with the pastor as the speaker.

The Wednesday evening service will begin at 7 p.m. A nursery is provided for each service.

FAITH BAPTIST
Sunday School is set for 10 a.m. There will be a special group from the Christian Corral Boys Ranch of New Braunfels who will speak during the Sunday School hour. Morning worship will begin at 10:50 with children's church provided during the same hour. Training service begins at 6:15 p.m., followed by evening worship at 7. Buck Hatfield will bring both messages of the day, with Alton Weidel in charge of the music.

Teachers' meeting is held at 7 p.m. on Wednesdays, followed by mid-week prayer service at 7:30. Ladies' visitation begins at 10 a.m. Thursdays, followed by church-wide visitation at 7 p.m. Men's prayer meeting is held every Saturday night at 7.

The "Old Time Gospel Hour" may be heard at 8:35 a.m. on Fridays on KSNY. If you need a ride to any service, call 573-0714, or 573-3801.

Fluvanna-Gail Revival Set

A six-day revival begins Sunday at the Fluvanna-Gail United Methodist Churches.

Guest speaker for the revival will be the Rev. Wayland Dowden, pastor of the Ira and Union Methodist Churches. Song leader for the revival will be Rodney Mitchell.

Services will be held each night at 8 p.m. The first three nights, Sunday through Tuesday, will be held at the Fluvanna church and the final three nights, Wednesday through Friday, will be held in Gail.

Karl Baumbardner, summer pastor at Fluvanna-Gail invites the public to attend.

Service Set At West Elementary

An interdenominational worship service will be held at 7 p.m. Sunday in the West Elementary Auditorium.

Rev. Gary Page of Lubbock will lead the service and teach the lesson. Rev. Page is presently associated with Trinity Church in Lubbock and with the "RAP" Television ministry.

The public is invited to attend this service.

FIRST BAPTIST
Rev. Ken Adresss' sermon topic Sunday morning is "Whosoever Shall Call" Rom. 10:13. Sunday night sermon topic "Sittin' on Top of The World."

Mission 77 team will leave Saturday morning at 9:30 for Northwestern Oklahoma and return about 3:30 p.m., Saturday, Aug. 13.

Baptist Women meet at 9:30 Tuesday morning in the Sears Building and the W.M.U. houseparty Aug. 9 through 12 at Baylor University, Waco. L.L.L. meets Thursday morning at 10.

CALVARY BAPTIST
Men will meet at 8:15 a.m. Sunday for prayer. Regular activities are: Sunday School at 9:45 a.m., children's church and morning worship at 10:50 a.m.; training service at 6:15 p.m. and evening worship at 7. Rev. Glenn Border, pastor of the church will bring both messages of the day. Eddie Skains will direct the music. Visitors are always welcome.

The choir will rehearse at 5 p.m. Sunday.

Teachers and workers will meet at 7 p.m. Wednesday. Mid-week prayer service follows at 7:30 p.m.

Ladies will visit at 9:30 a.m. Wednesday and church-wide visitation is set for 7:30 p.m. Thursday.

If you need transportation to any service at Calvary Baptist Church, call 573-2191.

"A Voice From Calvary" will be heard over KSNY at 9:02 a.m. Saturday. Rev. Border will be the speaker.

TRINITY UNITED METHODIST
Church School for all age groups will meet at 9:45 a.m. Holy Communion will be celebrated at the 11 o'clock worship service. Rev. Jene Greer's sermon topic will be "The Reason Jesus Appeared," I John 3:5,8; 4:9.

The Junior High Youth will have a picnic at the Richardson's Creek at 5:30 p.m. The Youth Co-op will meet at 6 p.m. at the First Presbyterian Church.

There will be a covered dish dinner at the church at 6 p.m. to honor Wolfgang and Barbara Lunow and family, missionaries from Indonesia. The Lunows will have a missionary presentation at 7 p.m. Tuesday at 6:30 a.m., the Bible Study and Prayer Group will meet. The choir will rehearse at 7:30 p.m. on Wednesday.

Thursday at 7:30 p.m., the Tasters' Group will meet.

VISIT CHURCH HERE--Wolfgang and Barbara Lunow, missionaries from West Irian, Indonesia, will be in Snyder for several weeks. At 6 p.m. Sunday the Lunows will be guests at a covered dish dinner at Trinity United Methodist Church and they will speak at 7 p.m.

Odessa Sets New Water Use Mark

Odessa set a new record for a single month of water consumption in July, according to the monthly production report of the Colorado River Municipal Water District.

District deliveries were up substantially from June and far above the July 1976 totals. The total of 2,168,840,644 gallons, however, was considerably below the record of 2,508,000,000 gallons in July 1974, which stands as the all-time peak for a month for the district. The July figure for this year marked the eighth time that a month resulted in over two billion gallons of deliveries. July became the fifth highest month.

Municipal deliveries of 1,651,948,300 gallons were 489,000,000 gallons more than for July last year. They were 114,000,000 gallons above the June total.

Oil and industrial users fell off during July in taking only 516,829,334 gallons or 86,000,000 less than for July of 1976. The most noticeable decline was in deliveries to the TESCO generating plant in Ward County, which was off by 58,000,000 gallons.

Odessa's 714,283,000 gallons in July eclipsed its previous record of 692,000,000 gallons in July 1974. Odessa's draw was 50.97 per cent higher than for July 1976. Big Spring used 305,689,000 gallons, up 29.60 per cent. Snyder took 110,762,000 gallons, up 36.10 per cent. Midland took 463,907,000 gallons, up 32.11 per cent.

The 7,912,906,400 gallons for July was 6.53 per cent over July last year. The 11,837,610,850 gallons through July was 5.36 per cent ahead of the pace in 1976. At this stage, another 20 billion gallons a year seems possible for the district.

GREEN HILL BAPTIST
Sunday School will begin at 9:45 a.m. at Green Hill Baptist Church. Deacons' prayer meeting is set for 10:45 a.m. and morning worship for 11.

Training union will begin at 6:30 p.m. and evening worship at 7:30.

On Wednesday, the morning WMU will meet at 10 a.m. and the evening WMU wil meet at 6:30 p.m. Prayer meeting will begin at 7:30 p.m.

The sermon title Sunday morning will be "Operation Andrew." It will be taken from John 1:40-41.

DUNN UNITED METH.
The Rev. Jene Greer will bring the morning worship service with his sermon topic being "The Reason Jesus Appeared," I John 3:5,8; 4:9. Holy Communion will be celebrated.

There will be a covered dish dinner at Trinity United Methodist Church at 6 p.m. to welcome Dan and Barbara Lunow and Family, missionaries from Indonesia. At 7 p.m., the Lunows will give their missionary presentation.

The Junior High Youth will have a picnic at Richardson's creek at 5:30 p.m. The youth co-op will meet at 6 p.m. at the First Presbyterian Church.

IRA CHURCH OF GOD
Sunday School Classes begin at 10 a.m. "Renewing the Covenant" titles the adult lesson.

Pastor June Middlebooks will be preaching in both the 11 a.m., and 7 p.m. services. Debra Hester will lead the children's time during morning worship.

The choir will rehearse at 6:15 p.m. Sunday and 8:30 p.m. Wednesday. The church will meet for the mid-week service at 7:30 p.m. Wednesday.

Thursday at 10 a.m. the WCG will have their monthly meeting in the church annex. Mildred Pevehouse is in charge of the program.

For Saturday, Aug. 6, 1977

ASTRO-GRAPH
Bernice Bede Osol

Your Birthday

August 6, 1977
New personal ambitions could be awakened in you this coming year. That is admirable. You must be careful not to get so involved you don't take time to smell the roses.

LEO (July 23-Aug. 22) Pride goeth before a fall and you could take a mighty tumble if you place too much stress on your image today rather than on whether you're paying your dues. To find out more about yourself send for your copy of Astro-Graph Letter. Mail 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

VIRGO (Aug. 23-Sept. 22) You lack faith in your ideas today, and consequently put too much stock in criticism. As a result you will accomplish little.

LIBRA (Sept. 23-Oct. 23) Be careful that you're not maneuvered into a position today so that you'll feel obligated. If this occurs, it could ruin a friendship.

SCORPIO (Oct. 24-Nov. 22) Should your opinion conflict with that of the majority today, keep it to yourself. You'll only make waves. Nothing constructive will result.

SAGITTARIUS (Nov. 23-Dec. 21) Don't take on a task today that you feel queasy about before you begin. The job you do won't be a credit to you or to the project at hand.

CAPRICORN (Dec. 22-Jan. 19) A heap of problems will develop if you try, unasked, to manage someone else's affairs today. Don't butt-in where you're not invited.

AQUARIUS (Jan. 20-Feb. 19) Your mate may be a trifle testy today. The best course for you could be to keep quiet and stay out of range.

PISCES (Feb. 20-March 20) Talk up to people today. Don't look down on anyone. This even applies to those who, for your own reasons, you might not consider to be worth the effort.

ARIES (March 21-April 19) Before you join that friendly poker game with your pals today, be sure it's of the penny-ante variety, or you could take a bath.

TAURUS (April 20-May 20) Try not to magnify family problems today. You could create a major issue that would distress all in your household.

GEMINI (May 21-June 20) Usually you're the one in the crowd who can spot a silver lining first. Not so today — you see more dark clouds than bright ones.

CANCER (June 21-July 22) Handle your money frugally today, or a bad case of spender's remorse could set in to put a damper on some things you're looking forward to.

HEALTH
Lawrence E. Lamb, M.D.

Alcohol and diabetes

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB — My son has been a diabetic for 15 years, beginning at age 27. There is no family history of diabetes and he has never been overweight. He takes a daily injection of insulin.

In the early years of his diabetes, he occasionally suffered insulin shock. In later years, this has happened only infrequently.

At times, such as at parties or when with friends, he drinks freely of alcoholic beverages, but never to the point of being intoxicated. He says that the consumption of alcoholic beverages is not harmful to his diabetic condition.

He exercises regularly by jogging, riding a bicycle, playing basketball and other vigorous activities. He is in good physical condition, but recently has mentioned that he occasionally feels numbness in his extremities.

My wife and I are concerned about his frequent use of alcoholic beverages. We think that it may cause some complications or worsen his diabetic condition. We would like your opinion on this matter.

DEAR READER — In my opinion alcohol and diabetes do not mix. Alcohol affects the way the liver controls blood sugar. A person who has had too much alcohol often has a low blood sugar as a consequence of this action. Obviously then a person taking a regulated amount of insulin may have some changes in insulin requirements when he uses alcohol.

A diabetic taking insulin must regulate his life. That includes food habits, drinking habits and exercise habits. The amount of insulin required depends upon these habits as well as periods of psychic stress or any infectious illness.

In addition, a diabetic may develop disease of the liver. Any major use of alcohol speeds up some of the complications of diabetes. I do not know what your son means by having numbness in his extremities but diabetes will affect the nerves to the legs and sometimes other parts of the body. The best protection against nerve damage of this type is a well-regulated control of the blood sugar level. This will not always prevent the complications but most specialists agree that it helps.

All things considered I would be inclined to discourage your son from using alcohol — particularly in anything more than a one drink occasional social affair. I think he may also profit from seeing his doctor about the "numbness in his extremities".

I am sending you The Health Letter number 3-11 Diabetes: Diagnosis, Prevention and Management. Others who want this issue can send 50 cents with a long, stamped, self-addressed envelope for it. Send your letter to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, N.Y. 10019.

DEAR DR. LAMB — I had a test for diabetes and they said I was on the border line. Does that mean that I am in danger of becoming a diabetic?

Should I go on a diet or take medication for it? At present I am doing neither. I am 76 years old and very active for my age.

DEAR READER — The terminology regarding diabetes varies but about the most you can conclude from that report is that the laboratory studies failed to show that you have diabetes. In that case you can pretty much disregard it. The only recommendation I would make to you would be to eliminate any excess body fat that you might have and stay on the lean side. You will stay in better health and stay active if you do that anyway.

(NEWSPAPER ENTERPRISE ASSN.)

EDDIE JO RICHARDSON

New Owner Takes Over Realty Firm

"I think Snyder is the finest place in the world to live," said Mrs. Eddie Jo Richardson.

Mrs. Richardson is the owner of Richardson Realty and she said her job is to help people find a place to live in Snyder.

Richardson Realty is located at 1906 26th St., at the former site of Browning Realty. The firm does both residential and commercial work.

An employe of Browning Realty for eight and a half years, Mrs. Richardson officially took over the reigns of the realty firm Aug. 1. A native of Uvalde, she has been living in Snyder 26 years.

Mrs. Richardson was granted her real estate broker's license last month.

Richardson Realty is open from 9 a.m. until 5 p.m. Monday through Friday.

East Side Sets Gospel Metting

A gospel meeting will begin Sunday and continue through next Friday, Aug. 12, at East Side Church of Christ, 201 31st Street.

The speaker for the meeting will be Avon Malone of Searcy, Ark. Bill Lyon will lead congregational singing. Sam Kitching is minister of the church.

Services will begin at 7:30 p.m. daily and there will be special "early bird" services from 7 to 7:30 a.m. each day next week.

Mr. Malone has announced his lesson topics for the evening services during the week. On Monday night, he will speak on "Wasted Blood;" on Tuesday night, "The Misunderstood Church;" on Wednesday night, "Run, Speak to This Young Man.;" on Thursday night, "Pardon-Accepted or Refused;" and on Friday night, "Why Tarriest Thou?"

The public is invited to attend all services.

LISA AND LESLIE WARD

Hitchhiker Shoots Marty Haggard

BAKERSFIELD, Calif. (AP)-Marty Haggard, son of country-western singer Merle Haggard, was in satisfactory condition at a hospital here after being shot in the side by a hitchhiker.

Haggard, 19, was shot once and robbed of a small amount of cash by a man he picked up Tuesday night, sheriff's deputies said.

The assailant fled, but a passing motorist spotted Haggard and rushed him to Kern Medical Center for emergency surgery.

Haggard had improved Wednesday from serious condition.

AJRA Comments

By MRS. RALPH MILLER

Editor's Note: For the second consecutive year, Mrs. Ralph Miller will write a column each day leading up the AJRA National Finals Rodeo which will be held in Snyder Aug. 9-13.

Leslie and Lisa Ward of Snyder are looking forward to the near future as AJRA members.

Leslie is eight years old and has competed in some junior rodeos since the age of five. She won the barrel race at the Gail Junior Rodeo this year in eight years and under competition. Last year in Brownfield, she took top honors in the barrel race and flags of the 4-H horse show.

Lisa, age 3, has not started competition yet, but she and her horse, Blue, sure make a pair. Both are gaining experience very young and will be ready for AJRA competition very soon. Their parents, Nonnie and John Ward, work very hard on the local AJRA Finals Committee.

The grandparents of Leslie and Lisa are Dr. and Mrs. Harry Ward and Mr. and Mrs. G.B. Clark, all of Snyder.

Should Bachelors Have Their 'Day'?

By Abigail Van Buren
1977 by The Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: We have a Mother's Day and a Father's Day, why not officially declare a day to honor bachelors?

The great historian and philosopher, Will Durant, compiled a list of the ten men he rated as having the sharpest minds of all time. Among them were Plato, Isaac Newton, Voltaire, Immanuel Kant, Leonardo da Vinci and St. Thomas Aquinas, all of whom were bachelors!

Two of the world's greatest musicians were bachelors—Beethoven and Brahms. Oddly enough, the musician who was said to have been the greatest ladies' man of them all was Richard Wagner—a married man!

One finds outstanding bachelors in all trades and professions except politics.

Let's hear it for bachelors!

ED IN RICHMOND

DEAR ED: Why not? But two bachelors DID make it big in politics: James Buchanan, our 16th president, and Jerry Brown, California's governor.

DEAR ABBY: I'm a non-smoking guy going with a beautiful redhead whose breath smells like smoldering tires. This gal really turns me on, but her breath turns me off.

How do other guys handle this situation? Don't tell me to take up smoking so I won't notice her breath. I was a three-pack-a-day man until my brother developed lung cancer, and that cured me.

Answer soon. I want to marry this girl, but wonder how to handle this one major problem.

TIMID TIM

DEAR TIM: Try the direct approach. If that doesn't work, the ball is in your court again, and only you can decide if you want this beautiful redhead whose breath turns you off.

DEAR ABBY: I just read the letter from STUMPED whose fiance suddenly developed the fear of driving, so now she complains because she must do all the driving, which will limit her social life. Ha! What a wonderful helpmate she is. My condolences to the man who's stuck with her. I wonder what she would have done in my place.

Twenty-five years ago, my husband also "lost his nerve" about driving, and rather than see him risk his life every time he went out, I took over the driving for both of us.

Since he was a salesman and our living depended on his being "on the road" every day, need I tell you what that situation did to my life?

It not only wrecked my "social life," it changed my home routine. I sat in the car alone every day, Monday through Friday. I read hundreds of books, wrote hundreds of letters, and knitted scores of afghans. BUT today my husband is alive and well and his self-respect is undamaged because he was able to support his family.

I will always have the satisfaction of knowing that my promise, "Whither thou goest, I will go," was kept! THAT, my poor dear STUMPED, is what love is all about.

Why don't you get out of that man's life and let him find a woman who will share his troubles as well as his "social life."

HAPPY CHAUFFEUR

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Amnesty Rumors Have Hiked Illegal Entries

By The Associated Press

Rumors that President Carter plans to grant amnesty to illegal aliens have helped prompt record numbers of Mexicans to illegally cross the Rio Grande into Texas, say U.S. Border Patrol officials.

"We do feel that part of it is rumors of amnesty. We have had some questions about it," said Roger Brandemuehl, deputy chief agent in El Paso, where the U.S. Border Patrol said it eclipsed all previous records during July by apprehending 15,258 illegal aliens.

That total compared with 12,459 arrests in July 1976. The Carter Administration unveiled its plan Thursday to recommend leniency for persons who entered the country illegally several years ago. The proposal, however, speaks only to those who entered the country before 1970.

U.S. Border Patrol officials say many of the aliens told them they had heard that President Carter was planning to grant amnesty to those who could make it into the country. Officials also cited poor economic conditions in Mexico as a major reason for the influx.

"It is amnesty and the devaluations of the peso," said William Sabin, chief patrol agent in the Laredo zone, where 2,953 illegal aliens were picked up in July, compared with only 1,478 during the same month a year ago.

In Del Rio, 4,702 illegal aliens were arrested during July, compared with 2,079 during the same month last year.

Near the southern tip of Texas, the McAllen Border Patrol apprehended about 3,800 during July compared with some 2,100 during July 1976.

Brandemuehl said the population is expanding in Mexican towns along the border and everyone "looks to the almighty dollar, leading them to Texas."

Hugh Williams, who heads the Border Patrol office in Del Rio, also said many aliens indicate they came to Texas because of economic conditions in Mexico.

"Some have said they had heard something about amnesty," he said, "but it is kind of nebulous."

"We have had one thing which could contribute to it," said Thomas Ball, who runs the McAllen office. "We had good weather in July while July of 1976 the weather was wet. That always cuts down on the illegal entries."

The patrol says the largest number of arrests are made along the border. They also runs traffic checks along various highways, city patrols and checks of buses and freight.
