Truman Asks National Health Program

Prices Are Cut On Some Cars

WASHINGTON —(P)—New General Motors cars will cost the public a little less than pre-war models, while prices for Fords, Studebakers and Chrysler-made autos will be somewhat higher.

That's the way OPA Administrator Chester Bowles sums it up in the first of his long-awaited announcements on price ceilings for the cars now trickling into showrooms.

The big surprise of Bowles' announcement is that GM-built Chevrolets, Pontiacs, Oldsmobiles, Buicks and Cadillacs will sell at retail for an average of 2.5 per cent less than in January, 1942.

No Hint Of Cuts Some increases had been expected, but there had been no hint of price cuts.

The retail boosts are one per cent for Chrysler and that company's other makes — Plymouth, Dodge and De Soto; two per cent for Fords; and nine per cent for Studebaker.

The increases announced are exclusive of any which may be allowed for appreciable design or specification changes.

In the way of actual price ceilings there was little news in Bowles' announcement Sunday night.

He made public ceilings for only a few Ford and Studebaker models, and said prices for other models and other cars would be along as soon as details could be worked out.

Other Makes Omitted Bowles gave no indication at all of ceilings for Hudson, Nash, Packard, Crosley, Willys or the new Fraser-Kaiser cars.

Auto dealers' pleas for outright exemption from the requirement that they absorb some of manufacturers' higher production costs were turned down by the OPA chief.

But their traditional pre-war discount of 24 per cent on manufacturers' prices is not being trimmed as much as they had feared. The cut will be 2.5 percentage points, giving them a revised initial profit margin of 21.5 per cent.

In Cincinnati, where the Executive Committee of the National Automobile Dealers is in session, President W. L. Mallon said the organization was "disappointed but not surprised."

Gulf Takes Big Spread Of Leases In S-W Reeves

By JAMES C. WATSON, Oil Editor

Gulf Oil Corporation is reported, in unofficial circles, to have recently taken 10-year commercial leases on a block of over 10,000 acres in the southwest sector of Reeves County.

Involved in the deal were 44 tracts. It is understood that bonuses averaging \$200 per acre were paid and that the contracts call for 50 cents per year annual rentals. No immediate drilling obligation is involved.

Stanolind Oil & Gas Company No. 1 Taylor, North Winkler County, is in southwest corner of section 8, block E-2, 8th survey, about one and one-half miles east of nearest Ellenburger producer on east side of the Keystone field, was coring from 9,766 feet, in the McKee sand section of the Simpson.

A core at 9,754-66 feet recovered six feet of sand with a slight show of gas.

Stanolind No. 1 Williamson, in northeast corner of section 5, block 45, TP survey, T-1-N, in Northwest Fayer County, ran a one-hour drill-stem test in the Devonian at 7,905-8,120 feet. Recovery was 180 feet of drilling mud, with no shows of oil, gas or water.

Sohio Petroleum Company No. 1 Payer, Northeast Nolan County exploration, in northwest corner of section 30, block 21, TP survey, was reported to be drilling ahead under 5,725 feet, in Strawn sand, showing some streaks of lime.

May Run Casing A drill-stem test which had been scheduled to total depth at 5,700 feet, was not taken.

Some sources think that the owner probably will soon run logs A-32 about 5,600 feet, top of the section which has shown oil, and start production tests.

Fullerton Oil Company No. 9-A Wilson, Northwest Andrews County Ellenburger discovery in northwest quarter of section 16, block A-32, 5th survey, on west side of the Fullerton field, was reported to be drilling ahead from 9,945 feet, in dolomite.

A core was taken from 9,935-45 feet. No description of it has been (Continued on Page Two)

Tel Aviv, Scene of Riots, Is Modern City Palestine's all-Jewish city of Tel Aviv, where rioting has broken out over the Jewish refugee problem, is a comparatively new, modern city of 140,000. Built within the past two decades, it has no old buildings, is the center of Palestine's intellectual and artistic life. Above is a typical street scene.

Revolution Breaks Out In Iran

TEHRAN, IRAN—(P)—Armed members of the Separatist Democratic Party—revolting against Iranian government authority in territory garrisoned by Soviet troops—were reported Monday to be advancing down the 230-mile long railway from Mianeh to Tehran.

Three towns with Iranian garrisons were reported to have been isolated in two days of fighting in the mountainous northern province of Azerbaijan. The insurgents also were said to be threatening Zenjan and Kazvin, respectively 165 and 80 miles northwest of Tehran.

A high ranking Iranian officer described the situation as "desperate."

An Iranian government spokesman said the insurgents' drive toward the nation's capital was launched after the Separatists seized control of Mianeh. One of the insurgents' aims was to capture the capital.

TEHRAN, IRAN—(P)—The Iran Parliament decided in a special meeting Monday to send two battalions of troops to Russian-occupied Azerbaijan Province where armed insurgents have occupied some of the major towns and are reported marching on the Iran capital.

Iranian gendarme captain, four soldiers and two railway station employees were killed, he added. Separatist forces in Mianeh severed communications with both Tehran and Tabriz, Azerbaijan Province capital 90 miles to the northwest, the spokesman declared. He explained that the insurgents were dressed in civilian clothes.

The Iranian council of ministers instructed War Minister Gen. Razi and Chief of Staff Gen. Ibrahim Arfa to ask the Russian military attaché for an explanation of the situation.

The Iranian spokesman said rifles and machineguns were distributed to the Separatists from trucks bearing Russian army insignia. There was no indication that Russian troops were manning the trucks.

Iranians in the capital said they understood that the weapons were being sent to the Separatists from trucks bearing Russian army insignia. There was no indication that Russian troops were manning the trucks.

ROUNDUP OF CRIMINALS —

U. S. Seeks Japs Who Hit Panay

TOKYO —(P)— Eleven Japanese war leaders, including generals accused of responsibility for the rape of Nanking, the Mukden incident and the bombing of the U. S. gunboat Panay, were ordered arrested Monday.

Simultaneously, headquarters announced that 57 more accused Japanese war criminals—mostly minor characters charged with brutalities against war prisoners—were in custody.

General MacArthur directed that the 11 be delivered to Sugamo Prison Camp, Tokyo.

While the men were not specifically named as war criminals, all were associated prominently with the militarist decade and include some of the key men previously ignored in American lists of "wanted" Japanese.

Two of the Japanese — Yosuke Matsuoka, former foreign minister, and Toshio Shiratori, former ambassador to Rome, were instrumental in negotiating the Tripartite (Germany-Italy-Japan) Pact.

Nazi Police Chief Suffers Hemorrhage As Trial Nears

NUERNBERG, GERMANY—(P)—Ernst Kaltenbrunner, former chief of the Nazi security police, suffered a brain hemorrhage in his cell Sunday night, but a spokesman for the U. S. prosecutor's office said Monday he would have to answer charges sometime before the international war crimes tribunal.

An indication that Kaltenbrunner would not be present at the scheduled opening Tuesday of the trial of top-flight Nazis came from physicians at the 116th U. S. Army Hospital where he was rushed for treatment. The doctors said he "was finished" with the trial, at least temporarily.

The spokesman in the office of Justice Robert H. Jackson, chief U. S. prosecutor, said the court itself would decide whether Kaltenbrunner would be tried at a later date when his condition improved or he be brought into the trial.

The Communists voted as a bloc against renewal of DeGaulle's mandate in an atmosphere bristling with guns and armed guards which surrounded the Bourbon Palace where the assembly met.

The vote ended temporarily at least any chance of DeGaulle's resigning as France's interim president.

In a last-minute switch of tactics the Socialists, who had said they would abstain in the balloting, voted for De Gaulle.

The assembly then adjourned until Thursday.

Reds Get Representation PARIS—(P)—The French Constituent Assembly voted 358 to 39 Monday in favor of a motion for equal representation of the three major parties in the interim cabinet.

The three parties are the Socialist, Popular Republican and Communist whose demands for one of the three major posts in the cabinet were refused by General De Gaulle.

The vote was on an amendment to a proposal to renew De Gaulle's mandate to form a coalition government.

Maj. Gen. Walter C. Short, Army commander of Pearl Harbor at the time of the attack, listens intently as the special Congressional Pearl Harbor Committee begins the first public inquiry into the Pearl Harbor disaster. Short is listed among the 30 tentative witnesses to appear before the committee.

5-Point Plan Would Include Compulsory Hospital Insurance

WASHINGTON —(P)— President Truman Monday submitted to Congress a five-point national health program including a compulsory insurance system.

The compulsory insurance program, which the White House said is not socialized medicine, would call for prepayment of costs through premiums adjusted to meet the income of the people generally.

The White House explained, in an accompanying statement, that patients would remain free to choose their doctors, that doctors could accept or reject patients and that hospitals "would continue to manage their own services." The other points in the President's message called for:

1. "Federal aid for construction of hospitals, health centers and other facilities.

2. Expansion of public health, maternal and child health services.

3. Federal aid for more adequate professional education and research with emphasis on the cause, prevention and cure of cancer and mental illness.

4. Disability insurance to protect families by guaranteeing some income when workers are sick or permanently disabled.

5. He said, "I should resolve now" the President told Congress, "that the health of this nation is a national concern; that financial barriers in the way of attaining health shall be removed; that the health of all its citizens desires the help of all its citizens."

He said his five-point program covered the five basic problems "which we must attack vigorously if we would reach the health objectives of our economic bill of rights."

Fire-Guard Ranch Program Started

A countywide fire-guard program began Monday. Ranchers of the north sector of Midland County are asked to contact C. E. (Buddy) Kennedy, county road superintendent, if they wish protection ditches ploughed and other precautions made.

Kennedy is maintaining fireguards in the north district first, then working south.

MAAF Nationals Now Understand Real Meaning Of Texas Hospitality

Midland Rotarians spoke an international language of hospitality Sunday as hosts to Chinese, French, and Brazilian Nationals of the Midland Army Air Field at a barbecue in Cloverdale Park.

Guests also were the families and friends of the Rotarians. About 500 persons attended.

The warm West Texas sun was no warmer than the friendship and cordiality shown the Nationals by Midlanders. The blue-capped, OD-uniformed French officers and cadets and the forest green uniformed Chinese mixed and mingled freely with their civilian hosts. Language was no barrier.

Midland beef, finest in the world, was plentiful. It was furnished by Mr. and Mrs. J. E. (Bob) Hill. All the fixins, including beans, coffee and ice-cream, were plentiful.

The nationals ate and they sang. They smiled and they grinned. They laughed and they ate heartily. They had a good time.

Hill Welcomes Guests "You boys are welcome" here. We always want you to be our friends and our allies, all nations. Someday I'm coming to see you all," greeted Hill.

From a little boy, Chico Grimes, taking a ride on the small merry-go-round at the park, to Luther Tidwell, working like a beaver at the meat table, everybody enjoyed the event.

W. I. Pratt was master of ceremonies. "On behalf of our club, on behalf of our citizenship of Midland, we welcome you soldiers and citizens of China, the very cradle of civilization; of France, our friend and ally forever, and from Brazil, our neighbor to the South," he said.

"We hope you will recall your stay in Midland with assurance you are our allies in peace as well as war," Mrs. Bob Hill's brief talk was typical of many, expressing: "We are glad to know you boys."

Mrs. Cy Stinson, speaking for the Gray Ladies, and Mrs. Phil Scharbauer reiterated what Mrs. Hill had expressed. Express Appreciation Commandant of the Chinese detachment, Maj. C. C. Kai, commented: "This food is better even than (Continued on Page Two)

Santa And The Atom

A Canadian psychiatrist, Maj. Gen. Brock Chisholm, pulled his rank on Santa Claus the other day and banished him from the face of the earth. We gather that General Chisholm holds the good saint and all he stands for responsible for much of the mess that mankind finds itself in today.

The general has sensibly concluded that the world has become a dangerous place. Apparently the unseen presence of both Saint Nicholas and the atom bomb is almost too much for the planet to bear. And since the bomb can't very well be dismissed, once it's here, the general has given Santa the gate.

Our only hope for the future, says General Chisholm, lies in teaching children to think for themselves and reach their own conclusions. To accomplish this their upbringing must be on a strict basis of reality purged of all escapism.

Henceforth, the general declares, any child who is taught to believe in Santa Claus has had his ability to think permanently injured. The child "will become the kind of man who develops a sore back when there is a tough job to do and refuses to think realistically when war threatens."

Maybe so. But we incline to the opinion that there would be a lot more shirking of tough jobs if fantasy were to be liquidated. For the atomic bomb began as fantasy. So did the airplane and the automobile and the other coldly realistic, scientific products of man's ingenuity. They are essentially products of the same sort of imagination that created Santa Claus.

Without imagination and fantasy, or even escapism, the human animal probably would be still living in a tree or cave. And if mankind is going to escape winding up in trees and caves again, as a consequence of its own destructive ingenuity, we rather think that those same qualities will have to come to the rescue.

It isn't imagination that has got mankind into most of its past and present troubles. It is rather that man has yielded instinctively to the emotions which he shares with the lower animals—hunger, fear, greed and such. He has made his imagination the servant of those other emotions too often, and has reaped some horrible consequences.

All of man's best works, his books and buildings, music and machines, had to be dreamed before they could be done. And it doesn't seem likely that the world would be any better off if it followed General Chisholm's advice and put a tight check on the unique human gift of imagination.

The general would call these conclusions fuzzy-minded escapism, the product of several years' unquestioning and delighted belief in the material existence of Saint Nick. But we still think it might be better—if the choice must be made—to solve the atomic bomb in terms of Santa Claus, rather than the other way around.

Name Band Plays JayCee Dance At Hotel Scharbauer

An outstanding fall social event in Midland will be the Junior Chamber of Commerce-sponsored dance Wednesday evening in the Crystal Ballroom of Hotel Scharbauer.

A name band, Lani McIntire, known from coast to coast as "King of Hawaiian Music," will play for the dancing, beginning at 9 p. m.

In addition to dancing, a featured floor show will be staged at 11 p. m.

Members of the JayCees will serve refreshments during the evening.

McIntire's band is on tour of Army airfields and now is playing an engagement at the Officers' Club at Midland Army Air Field.

Featured at Hotel Lexington, New York, for three years, the McIntire band also played on a nationwide radio hookup during that time.

Tickets for the dance cost \$3.00 per couple.

Hall --

(Continued from Page One) mercial broadcasting stations during the attack period are available. Inglis testified last week no proof had been found to substantiate a Japanese report that code messages had been sent through these programs to the approaching Japanese fleet.

The witness said the Navy's best information was that the records in question were turned over to a Major Putnam of the Army. Putnam was not otherwise identified. Col. Bernard Thilen, representing the War Department, said he personally had no knowledge of where the records may be.

The Russian government has appropriated one billion dollars for the development of television.

Looks Like Pop Will Need A Lot Of Convincing

Rotarians -

(Continued from Page One)

Chinese food in China. You are very kind, God bless you."

Commandant of the French, Capt. Paul J. Sinabaldi, said: "It is my privilege to be here and to thank you for my boys and my country. Thank you."

Other speakers included Maj. Steve Debnam; Guy Breneman, president of the club; Col. Chester Gilger, commanding officer of MAAF; Mrs. W. I. Pratt; Capt. Bill Pratt; and Smilo Mallison, the cook.

Doyle Fitzgerald and his Midland Playboys Cowboy Band furnished the music. Rotary Sweetheart Marion Newton played special numbers. Patsy Arrington sang. Rusty Gifford was song leader.

The nationals scattered far and wide over the park during the afternoon. They took pictures. They rolled on the grass. They played with children. They sat in groups talking (by signs many times) to citizens. They sang special number of native songs over the public address system.

They "came and got it" when the invitation to eat beef was sounded. An impressive ceremony closed the entertainment. Citizens and nationals held hands and formed a large circle, singing "Til We Meet Again."

BULGARIANS VOTE

SCFIA—(P)—A large percentage of Bulgarian voters was reported unofficially Monday to have cast ballots in Sunday's single-slate national elections which had been protested by the United States as undemocratic.

Longwell Will Present Lecture Monday Night

A large attendance is expected for the lecture by Dr. Chester R. Longwell, chairman of the geology department of Yale University, at 7:30 Monday night in the Midland County district courtroom.

He will speak before members and guests of the West Texas Geological Society, on "Geology of the Basin Ranges - Revelations and Problems."

His appearance in Midland is under sponsorship of the Distinguished Lecture Committee of the American Association of Petroleum Geologists.

Officers of the Midland Geological Society, the social and fellowship organization of the geological profession in the Permian Basin, announced Monday that a luncheon, scheduled for Tuesday noon, would not be held—in order not to detract from the Longwell lecture.

Next MGS meeting will be at noon Dec. 4, in the Crystal Ballroom of Hotel Scharbauer.

It had shown some scattered porosity, stain and oil saturation. Operator was running 7-inch casing, to possibly set at about 5,040 feet, and will then drill in with reverse circulation.

Gulf Takes -

(Continued from Page One)
released. It is said that the section was extremely hard at 9,945 feet.

Reports from the field were that casing was being trucked to the location.

This project flowed for at least 75 barrels per hour on a drillstem test late last week, at 9,875-9,935 feet, to give the Fullerton field first commercial oil so far developed from the Ellenburger.

Doss Outpost Tests
Humble Oil & Refining Company No. 1-B Humble field, 1,980 feet from south and 660 feet from east lines of section 8, block A-24, psi survey, one location north and one location west of the discovery well in the Doss field, in South Gaines County, performed 5 1/2-inch casing at 7,035-7,125 feet, with four shots to the foot, and had treated that interval with 2,000 gallons of acid.

A packer was set at 6,930 feet, and operator was swabbing to clean out and test.

Robertson Extension Completed
The Texas Company No. 3, I. B. Robertson, 1,985 feet from south and 1,980 feet from east lines of the west 480 acres in section 25, block A-21, psi survey, and 2,959 feet southwest of the closest producer in the Robertson field, in South Gaines, had completed for a 24-hour pumping potential of 199.09 barrels of 33.5 gravity oil from pay at 5,875-6,238 feet, in the middle Permian.

That section had been treated with 3,000 gallons of acid Gas-oil ratio was 540-1.

Hunt Oil Company No. 1 Bomar, Central Fisher County wildcat, in sub-division 6, T. H. Crosby survey No. 315, had penetrated past 6,200 feet in black lime, and was continuing.

Still No Shows
Skelly Oil Company No. 1 Colden, North-Central Pecos County prospector in east half of section 80, block 10, H&GN survey, was coring from 5,957 feet, in an unreported zone of the Ordovician.

No shows of oil or gas have been reported from the project.

Stanolind No. 1 Brown, Southwest Cochran County outpost to the discovery well, and so far the lone producer in the Landon field, had cored to 5,059 feet, in the San Andres.

It had shown some scattered porosity, stain and oil saturation. Operator was running 7-inch casing, to possibly set at about 5,040 feet, and will then drill in with reverse circulation.

This Home-Made Cough Syrup Beats Them All

So Easily Mixed! No Cooking! Saves Big Dollars. Real Relief!

Yes indeed, this home-mixed cough syrup, made in your own kitchen, is one of the most effective things ever found for coughs due to colds. It's so easy to mix, a child could do it. And it saves good money, too. Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, if desired. Get 2½ ounces of Pinex from your druggist, and put it into a pint bottle. Then fill the pint with your syrup.

Thus you make a pint—a family supply—of really excellent cough medicine. It gives you about four times as much for your money. Tastes fine—children love it—and it never spoils. The way this simple mixture takes right hold of a cough, is truly surprising. It loosens the phlegm, soothes the irritation, eases soreness and difficult breathing, and lets you get restful sleep. You'll swear by it. Pinex is a special compound of proven ingredients, in concentrated form, known for its quick effect on throat and bronchial irritations. Just try it, and if not pleased in every way, your money will be refunded.

MARY LOUISE BAZE IS HOSTESS TO OGC

Miss Mary Louise Baze was hostess for a meeting of the OGC Club at her home Friday evening. During the business period, Mary Frances Barber and Meridith Myrick were elected to membership. Refreshments were served by the hostess to Misses Joyce Beasley, Joan Williams, Vera Zachary, Doris Adams, Jean Gunter, Rosie Hart, Wanda Harris, Doris Smith, Dorothy Matteson and Marie Oliff.

25 Members Attend Meeting Of Moment Musical Club Saturday

Larry Clark and Wanda Lou Still presided at the attendance cards at a meeting of the Moment Musical Club Saturday at the Watson School of Music Studio. Twenty-five members responded to roll call with musical expressions.

Linda June Fielding presented as her guest, her mother, Mary Louise Erskine was the guest of Ann Simmons.

A new member of the club, Jerry Stewart, was presented.

Glenda Hambleton, president, who represented the club at the 9th District Federation of Music Clubs meeting in Odessa recently, gave a report.

The following program was given: "Carry Me Back to Ole Virginia," Donna Rae Dunn; "Go to Sleep Dolly," Linda June Fielding; a sketch of the life of Mozart, LaVonne Clark; "Ring Sweet Bells," a vocal and piano selection by Ann Simmons; "The Country Fiddler," John Charles Godwin; and an inspiration talk by Mrs. Fielding.

The meeting closed with the club motto.

Do What Most Mothers Do When Children Catch Cold

Best-known home remedy you can use to relieve miseries of colds—is to rub warming, soothing Vicks VapoRub on throat, chest and back at bedtime. Results are so good because VapoRub

Penetrates to cold-irritated upper bronchial tubes with special, soothing medicinal vapors. Stimulates chest and back surfaces like a warming poultice.

Then For Hours VapoRub's special action keeps on working. Invites restful sleep. Often by morning most of the misery of the cold is gone!

Only VapoRub gives you this special penetrating-stimulating action. So be sure you get the one and only VICKS VAPORUB.

Annual Committee Reports Are Given At Council Meeting

Annual committee reports were presented at a meeting of the Midland County Home Demonstration Council Saturday in the assembly room of the courthouse. Mrs. Johnnie Graham, chairman, presided.

Mrs. Bill Countiss gave plans for the 1946 yearbook. She stated that demonstrations will be given on horticulture, food production, home improvement, food preservation and short cuts in sewing.

Progress on the sale of Christmas gifts and cards was given by Mrs. O. R. Phillips, finance chairman. Mrs. B. L. Mason, exhibit chairman, recommended a larger display program for the 1946 Midland County Fair.

Mrs. Roy Lee, expansion committee chairman, reported that eight communities had been visited and approximately 650 families have been reached through the services of the exhibit and marketing committees.

A total of 45 girls are engaged in 4-H Club work. Mrs. I. J. Howard said, "Also 10 girls won trips to the Fort Stockton encampment, and 18 girls exhibited work at the County Fair."

Mrs. H. O. Allen, educational committee member, reported that the following demonstrations were given this year by the county home demonstration agent: Food preservation, making home livable, dress forms, fruit in the diet, candlewick bedspreads, re-upholstery, meal planning, table service, candied fruit peels and fruit cakes.

At the two-day encampment held at Cloverdale Park program topics included: "Talks, book reports, reading skits, games and handicraft."

Announcement was made that Texas Home Demonstration Association reading certificates were awarded to Mmes. F. D. Breedlove, George P. Bradbury, R. L. McGovern, Johnnie Graham, J. Z. Parker and H. O. Allen. All women had read at least 35 books during the year.

Reports were given on the success of the Midland County Fair and the book review given by Mrs. Sherwood Avery of Fort Worth.

Members were reminded to take gifts to the Council meeting to be held Dec. 8. These Christmas gifts will be sent to the McCloskey Hospital in Temple for the wounded veterans of World War II.

Present were Mmes. G. C. Brunson, C. A. Barton, Troy A. Stephenson, A. D. L. Price, J. R. McCarter, P. G. White, Bill Countiss, Lee O. Manning, F. D. Reven, H. O. Allen, Nettie B. Messick, Roy Long, I. J. Howard, B. L. Mason, Roy Lee, Johnnie Graham and O. R. Phillips.

Called Meeting Will Be Held Tuesday For Civic Theater Group

A special called meeting of the Civic Theater group will be held at 7 p. m. Tuesday at the Civic Auditorium. All members and interested persons are urged to be present.

Following the meeting, rehearsal for the play "It Pays to Advertise" will be held.

Residents Of Valley View Community Will Sponsor Bond Rally

A rally for the 7th Bond Drive will be held at 7:30 p. m. in the Valley View community in the school building. The rally was postponed until this time due to late crops.

Box suppers prepared by the women of the community will be sold. Musical entertainment is on the program for the evening.

Coming Events

TUESDAY

The North Elementary P-TA will meet at 3:30 p. m. at the school.

Viola Holt Class will meet at 10 a. m. in the Scharbauer Educational Building of the First Methodist Church.

A meeting of the Junior Music Club will be held at 7:30 p. m. at the home of Mrs. George W. Glass, 911 West Texas.

MAAP Officers' wives are invited to attend a luncheon at 1:30 p. m. at the Officers Club.

Mrs. S. J. Lones, 1803 West Wall, will be hostess for a meeting of the Edelweiss Club at 1:30 p. m.

WEDNESDAY

Mrs. Erle Payne, 324 South I, will be hostess for a meeting of the Woman's Wednesday Club.

The Modern Study Club will meet at 3 p. m. with Mrs. Kenneth Slough, 614 West Kansas.

A covered-dish luncheon for members of the Star Club will be held at 1 p. m. at the Masonic Hall.

Communion service will be held at 10 a. m. at the Trinity Episcopal Church. The Bible Class meets at 10:30 a. m.

Midland JayCees are sponsoring a dance from 9 p. m. to 1 a. m. in the Crystal Ballroom of the Scharbauer Hotel featuring Lani McIntyre's Band. The public is invited.

FRIDAY

Mrs. Gordon Bird and Mrs. G. A. Black will be hostesses for the Ladies Association luncheon at 1 p. m. at the Midland Country Club.

The Belmont Bible Class will meet at 3 p. m. at the Scharbauer Educational Building of the First Methodist Church.

A Stanley Demonstration will be sponsored by members of the Star Club at 9:30 a. m. at the home of Mrs. Elizabeth Pickett, 602 North Pecos.

SATURDAY

The Moment Musical Club of the Watson School of Music will meet at 11 a. m. at the studio.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many people say have a marvelous effect.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department A, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

FAIR WARNING!

The jewelry and gift shows, at which retail jewelers usually buy their Christmas merchandise, were not held this Fall because manufacturers and wholesalers did not have sufficient merchandise to sell that would justify the expense of holding a show.

Anticipating just such a condition, we have been buying heavily in all markets during the summer months and now have one of the most complete stocks of precious metal jewelry in West Texas.

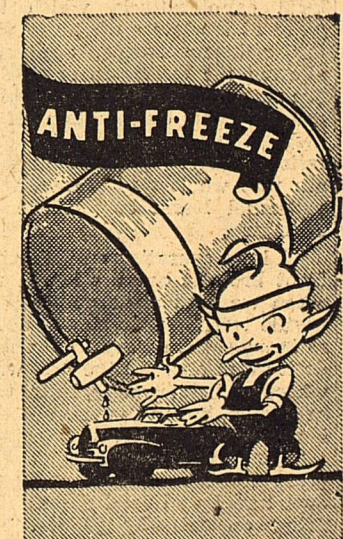

This merchandise will not be here or elsewhere at Christmas time. Therefore we urge you to take advantage of our convenient lay-away plan to supply your Christmas needs now.

Be sure to see our complete line of ladies' diamond watches, the ideal gift for her.

More Precious Than Gold

A prescription is of no greater value than the quality of the drugs and workmanship that go into it, and that is why CAMERON'S make QUALITY the "golden rule" of their prescription service. It is the priceless ingredient, more precious than gold, that enriches the medicinal value of your prescription. Quality of ingredients and quality of workmanship constitute the "gold standard" by which to judge CAMERON'S prescription service.

Report On the War

By General George C. Marshall

Biennial Report of the Chief of Staff of the U. S. Army 1943 to 1945, to the Secretary of War
Published by NEA Service, Inc., in co-operation with the War Department

This is the seventh of 42 installments of material selected from General Marshall's report on the winning of World War II.

VII ASSAULT ON SICILY

THE amphibious assault of the island of Sicily was launched on 10 July 1943. For weeks airfields, rail lines, and enemy fortifications on the island and in Sicily and on the Italian mainland had been reduced by aerial bombardment. Pantelleria had surrendered on 11 June after an intense air and naval attack. The small islands of Lampedusa and Linosa had fallen a few days later. The attacking force—the Fifteenth Army Group—was under General Eisenhower's deputy commander for allied ground forces, Gen. Sir Harold L. R. G. Alexander. It consisted of the American Seventh Army, under Lt. Gen. George S. Patton, Jr., on the left and the British Eighth Army, under Lt. Gen. Sir Bernard L. Montgomery, on the right. The Seventh Army assault force was made up of the II Corps, commanded by Lt. Gen. Omar N. Bradley and a separate task force under Major General Lucian K. Truscott. The II Corps consisted principally of the 1st and 45th Divisions, and a parachute force. The task force was made up of the 3d Division with a combat team of the 2d Armored Division. In the British Eighth Army were two corps, including four infantry divisions, two brigades, and an airborne division. These troops were embarked from Algeria, Tunisia, the Middle East, the United Kingdom, and the United States. The Naval Commander in Chief under General Eisenhower was Admiral of the Fleet Sir Andrew Cunningham. Vice Admiral Henry K. Hewitt was the senior U. S. Naval officer.

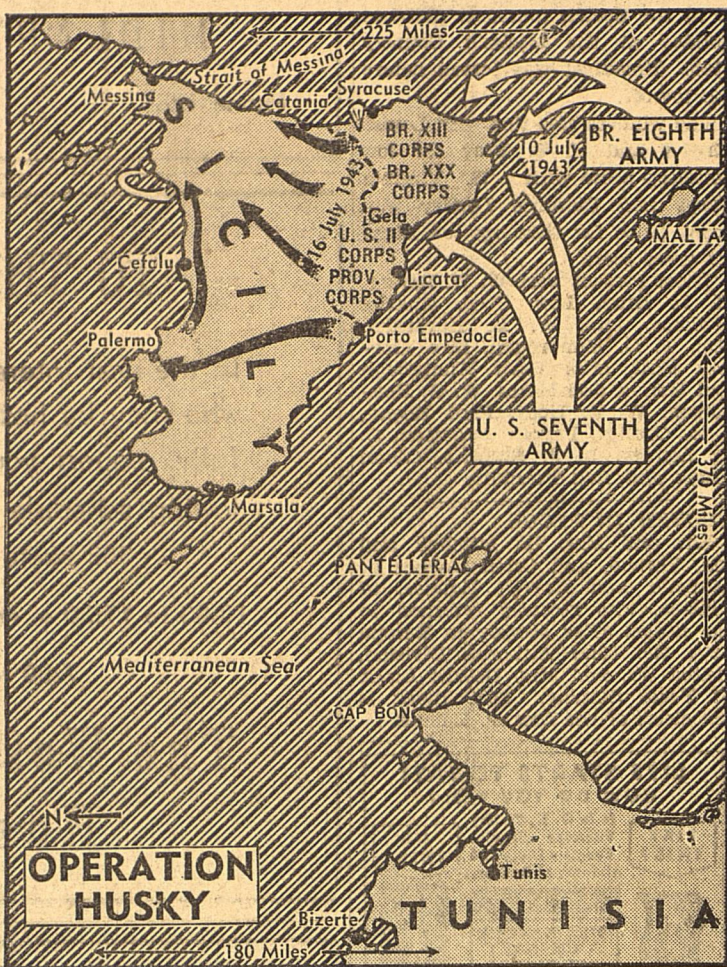

A wind which had sprung up the night preceding D-day attained near gale proportions as our convoys approached their rendezvous. The wind subsided somewhat before H-hour, but conditions continued quite unfavorable for landing. In compensation, the storm had put the beach defenders off their guard.

General Eisenhower wrote me 17 July: "... All the initial invasion moves were carried out smoothly, and an astonishing lack of resistance was encountered on the shoreline. Captured Italian generals say we secured complete surprise. The airborne operations, which were executed about three hours ahead of the landing, were apparently the first real notice the defenders had of what was coming. Our paratroopers got fairly well into their positions in spite of very high winds and bad navigating conditions. The landings on the east coast were not greatly troubled by the weather, but the 45th and 1st Divisions had an extremely bad surf. Admiral Cunningham told me that he considered the United States Navy landing operations, under Admiral Kirk (with the 45th Division), to be one of the finest examples of seamanship he had ever witnessed. ..."

Casualties From Own Fire

The wind also disrupted our airborne landings which were scheduled to be made inland from Gela a few hours before H-hour. Although scattered over a wide area and suffering heavy casualties from our own fire directed at transport formations which were off the prescribed course, the paratroopers had a decisive effect on the successful landing.

If all the railway tracks in the United States were extended in a single line, it would take a train traveling at the rate of a mile a minute approximately 288 days to run from one end to the other.

OPERATION HUSKY was the first blow toward the liberation of Italy. It succeeded in its immediate objective—the capture of Sicily—and led to political repercussions that produced Mussolini's resignation on July 25.

General Eisenhower described these tragic difficulties as follows:

"... The most difficult thing we have to solve is to work out methods whereby friendly aircraft can work over our troops and vessels with safety. Take for example one operation: We were quite anxious to assemble all the fighting elements of the 82d Division in the rear of Patton's line as a general reserve, since all the evidence showed that he might receive some rather serious counterattacks. Two nights after the original landing, we laid on a very carefully coordinated plan for bringing in the remainder of the 82d Division. Sea lanes were established with the Navy and all troops were carefully warned as to what to expect. In spite of this, the troop-carrying planes encountered some fire before they got over the shore and from then on we had a very unfortunate experience. Some German night bombers came in at the same moment that our troop-carrying planes did and the dropping of bombs and flares made all the ground troops open up a maximum fire. In addition to this, a local counterattack, which took place at too late an hour to warn the airborne troops, apparently allowed the enemy to establish a fire zone near the selected landing ground. The combination of all these things resulted in quite serious losses. My present reports are that we lost 23 planes, while personnel losses as yet are unestimated.

"A later operation on the British front brought out the lesson that when we land airborne troops in hostile territory, we should not do so in successive waves, but should do it all at once. In the first wave, where we had surprise, losses were negligible, but in the two succeeding waves they were very large.

"Even in the daytime we have great trouble in preventing our own naval and land forces from firing on friendly planes. This seems particularly odd in this

operation, where we have such great air superiority that the presumption is that any plane flying in a straight and level course is friendly. Spaatz has written Arnold at considerable length on this subject, and he is convinced, as I am, that we are going to have to do some very earnest basic training in both ground and naval forces. Otherwise, we will finally get our air forces to the point where they will simply refuse to come over when we want them. ..."

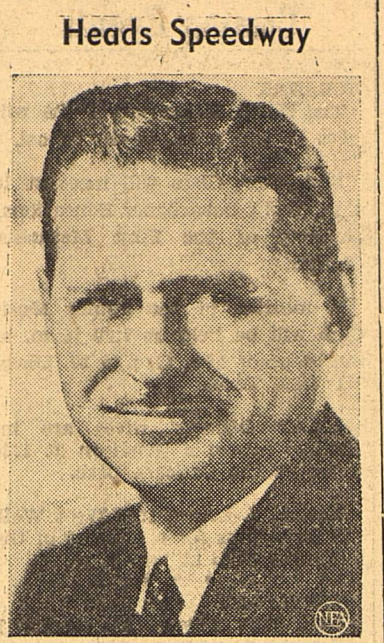

Success of Landings

By sunrise, three hours after the assault, beachheads had been established along 100 miles of coast, from just south of Syracuse to west of Licata. Our troops were moving inland, northeast of Gela, on D+1, when the Germans directed a heavy armored counterattack against the 1st Division. It was beaten off largely through expert use of artillery and naval gun fire. This action provided the most critical moment of the invasion. The problems of supply over the beaches were especially acute during the first two days. The needs of the combat troops were urgent but adverse weather and occasional enemy air attacks made unloading of ships difficult and hazardous. The beach-supply operation first proved the excellence of the "DUKW," an official designation which quickly became popularized as "DUCK."

General Eisenhower advised me:

"... Last Monday morning I made a quick tour along the American beaches, in order to get a visual picture of unloading operations and also to have a personal visit with Hewitt and Patton. I must say that the sight of hundreds of vessels, with landing craft everywhere, operating along the shoreline from Licata on the eastward, was unforgettable. Everybody I saw was in good heart and anxious to get ahead. ..."

(NEXT: On to the BOAT)

Wilbur Shaw, above, is new president and general manager of the Indianapolis Speedway where he won the annual automobile racing classic three times. He was appointed after Capt. Eddie Rickenbacker sold the property to Anton Hulman, Jr., Terre Haute, Ind., financier.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority
The national championships tournament usually produces some new bidding convention. This year many players will be using the Fishbein convention against preemptive bidding. This is the first of a series of six articles based on the Fishbein convention.

A weak-two bid will be used by a great many players in the

♠ J1093	♥ A2	♦ 10932	♣ 1063
♠ AQ65	♥ 4	♦ A874	♣ AKJ5
N E S W			
Declarer			
♠ 2	♥ KQJ108765	♦ K6	♣ 42
Duplicate—E-W vul.			
South	West	North	East
3♥	3♠	Pass	4♠
Opening—♥ A.			

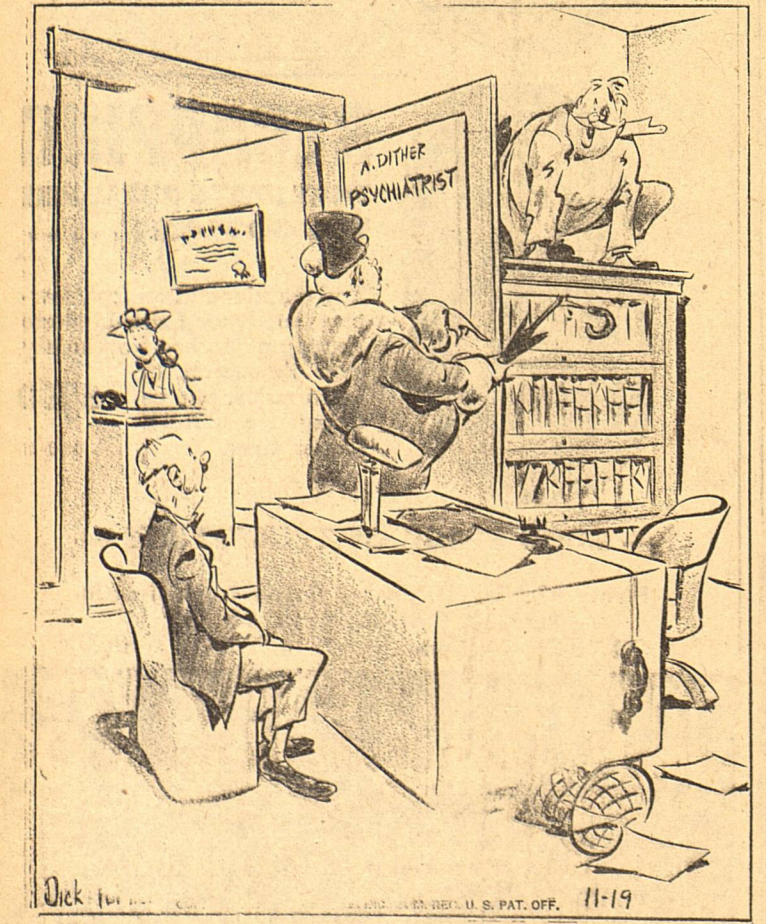

nationals, which take place in Atlantic City, Dec. 1-9. The usual number of players will use the preemptive three-bid. Harry J. Fishbein and Cpl. Alvin Roth, both Life Masters, have developed a weapon against these weak preemptive bids. The convention is used only when it is directly over the preemptive bidder. The bid of three spades by West on today's hand is actually a takeout double and asks partner to show his best suit. East correctly bids four spades, and thus East and West arrive at a makeable contract which they might otherwise miss.

Wool Producers To Air Import Problems

WASHINGTON.—(AP)—Worries of the wool industry were prepared for an airing Monday as manufacturers, growers and government officials came before a special Senate committee to discuss surpluses and imports. The committee, headed by Senator O'Mahoney (D-Wyo.), called first for Norman Winder of Craig, Colo., president of the National Wool Growers Association, to testify. Concern of producers is centered largely around huge British and American wool stockpiles built up during the war.

CITATION BY PUBLICATION OF FINAL ACCOUNT

THE STATE OF TEXAS To the Sheriff or any Constable of Midland County, Greeting:

Mr. L. Gard, Temporary Administrator of the Estate of Clifford E. Anderson and Lollie Mae Anderson, Deceased, having filed in our County Court the list of property of the estates which has come into the hands of M. L. Gard, temporary administrator in the above estates, the return of all sales made by him, the full exhibit of the condition of such estates, and the full account of all his acts as such administrator, numbered 1124 on the Probate Docket of Midland County, together with an application to be discharged from said trust as temporary administrator.

You are Herely Commanded, That by publication of this Write one time and said publication shall be not less than ten days before the return day hereof, in a Newspaper printed in the County of Midland you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday the 3 day of December A. D. 1945, at the Court House of said County, in Midland, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Midland this 17 day of November A. D. 1945.

(Signed) SUSIE G. NOBLE, Clerk, County Court, Midland County.

By Juanita Sherrod, Deputy (SEAL)

I hereby certify that the above and foregoing is a true and correct copy of the Original Write now in my hands.

OPA Limits Car Price Increase From One To Nine Per Cent Higher

By JAMES MARLOW

WASHINGTON —(AP)—This explains where you'll figure in the new car prices just announced.

OPA is allowing automakers—generally—to charge four to 12 per cent more for the new cars than they got in 1942.

That's what they'll charge the dealer when he buys from them. But when you buy from the dealer the price will be only one to nine per cent higher.

(In some cases the manufacturers' price, and therefore the dealers' price, will be lower than in 1942. This deals only with the increases.)

The reason the dealer will charge you a smaller percentage of increase than he pays the manufacturer is this:

OPA is forcing dealers to absorb some of the higher prices allowed the manufacturers. OPA is allowing automakers increases on the grounds that production costs are higher than in 1941.

This is why OPA thinks it's fair to make dealers absorb a chunk of the increase.

Before the war, dealers' profit margin on selling new cars was about 24 per cent.

For example—a dealer paid \$760 for a new car when

Skymasters, Gremlins Tie In Grid Clash, 7-7

TAMPA, FLA. —(P)—The Third Air Force Gremlins and the Training Command Skymasters of Fort Worth battled to a 7-7 deadlock here Sunday.

The win for the Gremlins left them on top of the AAF football conference, and the Skymasters remained in their second place berth.

Bulldogs Lick Wounds And Prepare For Thanksgiving Clash With Lamesa

Licking their many wounds from the slashes received in the Cisco Lobos affray last weekend, Midland High's Bulldogs go into drills Monday for a Thanksgiving Day classic Thursday afternoon here with the Lamesa Tornados.

Midland is shot full of holes in the first team. Wilbur Yeager, quarterback; Jimmy Edwards, center; Bobby Drake, backfielder, are hobbling from that Cisco "bad dream" Friday.

Lamesa was mowed down Saturday by the stampeding Odessa Bronchos who left the Lamesans pretty badly bent for the Thanksgiving fracas.

Tickets On Sale

Tickets for the game, for which 2:30 p. m. is kickoff time, go on sale Monday at the high school.

Tickets for the Midland-Odessa game also are available. The Bulldogs journey to Ector County next week.

The District 3-AA standings (and weekend games):

Team	W	L	T	Pct.
Odessa	5	0	0	1.000
San Angelo	3	1	0	.750
Sweetwater	3	1	0	.750
Ablene	3	2	0	.600
Midland	1	3	0	.250
Lamesa	1	4	0	.200
Big Spring	0	5	0	.000

San Angelo at Abilene, Lamesa at Midland, Sweetwater at Big Spring.

Sunday Grid Results

National Pro League

Cleveland 35, Chicago Cardinals 21.

New York 35, Detroit 14.

Philadelphia 30, Pittsburgh 6.

Rice's Cinderella Boys Play TCU In Semi-Final Game For League Title

By The Associated Press
The Cinderella boys of Rice play their semi-final game in a gallant battle for the Southwest Conference football championship Saturday.

Jess Neely's wonder guys, who bounced back from a row of beatings to become sensations of the dying gridiron campaign, tackle Texas Christian at Fort Worth in an effort to draw even with Texas in the title chase.

Texas with a tie for the pennant clinched if it gains one more victory—over Texas A&M—will rest, marshaling all forces for an all-out battle at College Station Nov. 29.

If both Rice and Texas come through this week, the way will be opened for the grand slam of the season—when Rice plays Baylor at Houston Dec. 1—two days after the Aggie-Texas melee. That Dec. 1 game might be for the championship. Should Texas stumble, Rice could come in with the title all to itself.

Championship Tie Looms

Everything appears to favor a championship tie. Texas, on the basis of season play, is rated superior to A&M. Rice, now one of the hottest teams in the country, will have to be keyed up, as it was Saturday in beating A&M 6-0, to trim the Christians on their home field but will be favored to make the raffle.

Texas last week bounced Texas Christian 20-0. Observers declare it was the mightiest Texas team of the year—that it had everything and more, a much different outfit than the one barely able to beat Southern Methodist and Baylor and which lost to Rice 7-6.

Southern Methodist, hoping for a series of mishaps to the leaders that would enable it to gain a tie for the title, plays Baylor at Waco Saturday. SMU has lost two games but by winning over Baylor and Texas Christian could enter a deadlock with two or three other teams should Texas lose to A&M and Rice drop a tilt.

Arkansas, closes the campaign Thursday when the downtrodden Razorbacks go to Tulsa to play Tulsa's Golden Hurricane. It is the last chance for the Southwest Conference to draw even in inter-sectional play for the season.

Showdown Week In Schoolboy Football For District Titles

By HAROLD V. RATLIFF
Associated Press Sports Editor
It's showdown time in Texas schoolboy football.

After this week there will be no more than four district championships to be determined.

Two already are known—Paris in District 5 and Milby in the Houston district.

Titles are on the line this week as follows:

District 2—Wichita Falls vs Vernon, Wichita Falls can win it but if Vernon should take the game, the Lions still would have Electra to play.

District 4—Austin (El Paso) vs El Paso High for the title.

District 7—Paschal (Fort Worth) vs North Side (Fort Worth) for the championship.

District 8—Crozier Terh (Dallas) vs Sunset (Dallas) for the championship.

District 9—Breckenridge vs Mineral Wells for the title.

District 11—Marshall vs Tyler for the championship.

District 12—Lufkin vs Jacksonville for the title.

District 14—Galveston vs Goose Creek for the championship.

District 15—Jefferson (San Antonio) vs Brackenridge (San Antonio) for the championship. Victory by Brackenridge would give the title to Austin if Austin won over Kerrville; victory by Jefferson would win the championship for Jefferson.

District 16—Brownsville can win the title by beating Harlingen; otherwise there might be a tie for the lead with the district committee deciding.

Outstanding happenings of last week were Paris clinching the District 6 flag by beating Bonham 39-6 and the downfall of the defending Jack Champion Port Arthur Yellow Jackets who suffered a 13-0 defeat at the hands of Orange to fall out of the District 14 title picture.

In District 3 Odessa cannot clinch the title before a victory over Midland Nov. 29 as both San Angelo and Sweetwater have lost but one game each.

Texas Turkey Crop Up 25 Per Cent

DALLAS —(P)—C. M. Evans, dairy and poultry representative of the Department of Agriculture, said here Monday the 1945 Texas turkey crop is estimated to be 25 per cent greater than last year's.

Evans said the turkey total this year will run around 4,700,000 birds as compared with about 3,761,000 in 1944.

In Dallas last week, farmers were getting 28 to 31 cents per pound for toms and 30 to 33 cents a pound for hens of top quality, Evans stated.

Big Spring Voters Pass Junior College Bond

BIG SPRING —(P)—Voters here have approved 614 to 90 creation of the Howard County Junior College district and passed a \$200,000 bond issue for the district.

A 20-cent maintenance tax also was voted. Seven trustees were elected in the balloting.

Admiral Halsey Sees Rice Beat A&M

(NEA Telephoto)

Admiral Halsey abandons his horse-riding ambitions for a look at a Southwest Conference football game. Here, he throws out the football to start the game between Rice and A. M. at Houston, Texas. Rice won 6 to 0.

'A' Team Is Fifth Grade Champion

John M. Cowden, Junior High "A" team recently won the school championship in softball for fifth grades.

The "A's" won over the "D" 14-12, to grab the title.

The team is composed of Tom Whitley, pitcher; Kenneth Chapman, catcher; Jimmy Strickland, first base; Robert Stubbeman, shortstop; Leand Morrow, second base; A. W. Booth, roving shortstop; Wesley Pittman, third base; Billy Scoggins, centerfield; Roy Kimsey, right field; and Wilbur O'Neill, left field.

Substitutes are Jimmy Darman, Mike Riley, Frank Green, Walter Cremin, Ralph Murphy.

Miss Rhodes, physical education instructor, is umpire. Miss Rutherford is sponsor of the winners.

FDR Memorial To Be Built At Warm Springs

WARM SPRINGS, GA. —(P)—

Ground will be broken here Thanksgiving Day for a memorial shaft marking the spot where Franklin D. Roosevelt reputedly first decided to re-enter politics after being stricken with infantile paralysis.

The dedication and ground breaking ceremonies were scheduled for Thanksgiving because at that time here annually the late President enjoyed presiding over a feast flanked by youthful infantile paralysis victims from Warm Springs Foundation.

Helium was discovered by human eyes in the sun by the study of its light long before it was found on earth.

McCollum Named All-Star Coach Of 'Bend Bowl'

ALPINE—The first annual Big Bend all-star football game has been scheduled here for Jan. 1, with the Sul Ross Boosters' Club as the sponsor.

The competing teams will be comprised of Class AA seniors and Classes A and B seniors of West Texas high schools.

Coaches of the AA team will be Clyde Wafer, Ysleta, and Gene McCollum, Midland. Directing the destiny of the A and B club will be Coaches Carl Coleman, Pecos, and Boren Hunter, Marfa.

Representative high school bands and pep squads from over West Texas will be invited to the game.

The players will train under direction of their coaches at Jackson Field here from Dec. 26 until Dec. 31.

Houston Man Wins State Bowling Championship

DALLAS —(P)—The Texas State Match Play bowling championship was won Sunday by Dick Gartner of Houston, with a point total of 133.24. He nosed out John Sommers of Dallas, with 133.08.

Corsicana Jockey Boots Home Winners

SAN MATEO, CALIF. —(P)—Bay Meadows' leading jockey, Hubert Trent of Corsicana, Texas, enters the fifth week of the 47-day meeting Monday with 30 winners, more than double the number booted home by his nearest competitors.

Second place is shared by Grant Zuffelt and Lester Balaski with 14 apiece.

Trent signed last week as first string rider for Harry L. Warner's powerful W. L. Ranch, which will have first call on his services the rest of the season here and at Santa Anita this winter.

Smoother than ever
— it's a *new* ride!

- ★ More new developments than most pre-war yearly models
- ★ New colorful interiors
- ★ Greater economy
- ★ Longer life
- ★ New, finer performance — 100 h.p. V-8 engine. 90 h.p. 6 cyl. engine
- ★ Extra-big hydraulic brakes for quick, quiet stops
- ★ New full-cushioned ride

It's here! The new 1946 Ford—advanced in style, comfort, power and economy... Here is a big car—roomy and luxurious—with massive grille and smart new interior... You'll find it smooth and level riding—thanks to multi-leaf springs of a new design. For extra safety, brakes are new, self-centering hydraulics—big enough to stop a car of twice the weight... There's 10 more horsepower than before in the famous V-8 engine—and still more over-all economy. See this new Ford—now at your dealer's. FORD MOTOR COMPANY
