LOTS OF WORK—Christmas is fun, but hard work for many persons, most of whom "grin and bear it" cheerfully. These pictures show what's behind many Christmas joys. At top, Veto P. Miller of 113 Ave. V, a postman, boards a bus with part of his Christmas load. He will pick up more at a box on his route. Next, Mrs. Jewell Scroggins of 1419 Ave. D, weighs a 25½-pound turkey she has just plucked at W. M. Hall Produce company, one of hundreds that will grace Lubbock festive boards. Third, Shirley Hildreth removes a shoe during a refreshing pause at Albert's where she is a saleslady. At bottom, Lewis King and E. G. Moore place a tree at their Christmas tree stand at Twenty-third and Ave. Q, where they will be spending long hours out in the weather this week. (Staff Photos).

Three Nations Draft Common Military Plan

Arrangement Does Not Involve Treaty Or Pact Obligation

(By The Associated Press)
(By The Associated Press)

LONDON, Dec. 19.—Britain, the United States, and Canada announced today a plan for standardizing their arms and military training.

The program is aimed at correcting and eliminating technical differences which interfered with easy cooperation of the three powers in two world wars.

Its purpose is to permit swift integration of their men and arms into a smoothly-functioning military machine in event of another international conflict.

Key Weapons Studied

The British ministry of defense said technical experts of the three countries have been working on standarization since 1947. They have made considerable progress in preliminary studies, it is known, and have made recommendations for standardization of certain key weapons.

Leftist forces in British opposed this cooperation, and in parliamentary debates called the move toward arms standardization an aggressive weapon aimed at Soviet Russia.

In connection with the standardization studies there have been frequent exchanges of military personnel between the two nations on operational levels.

American pilots have been assigned to fly and study Britain's jet bombers. At the same time British and Canadian officers have worked in developing and flying many American planes. Similar exchanges have been made in the other branches of the armed services.

"These arrangements will insure that in time of necessity there will be no material or technical obstacles to full cooperation among the armed forces concerned and the greatest possible economy of in the use of combined resources and effort will be obtained,' the ministry of defense said.

No Formal Agreement

It added that "no treaty, executive agreement or contractural obligation has been entered into by the participating nations."

The three nations have been examining the standardization problem since 1947.

"Cooperative arrangements for this purpose do not impair the control of any country concerned over any of the activities in its territory," the defense ministry said.

"These arrangements, which

Jayton Infant Dies In Fire

JAYTON, Dec. 19 (Special) — The charred body of 7-months-old Charlie Doyle Phillips was found today in the ruins of his parents' home in east Jayton, following a fire which leveled the three-room stucco house.

An alarm was sounded at 10:20 a. m. but firemen were unable to enter the burning structure and save the child. Officials believe the flames started when an oil stove exploded.

Father Picking Cotton

The child was the son of Mr. and Mrs. Charlie Phillips. The father was reported to be working in a cotton field and had not been advised of the tragedy at noon.

The baby's mother had gone across the street to the home of her sister-in-law, Mrs. Frances Copeland. She had taken a chicken to place in Mrs. Copeland's icebox. The fire started while she was away. The house was owned by W. K. Joiner.

Body of the infant was found lying on a bed in the front room. It was taken to Robinson Funeral home here. No arrangements had been made.

Chatting Motorists Cause Four Deaths

PONTIAC, Mich., Dec. 19 (U.P.)—Samuel Baynes, 52, and Clarence Brandon, jr., 23, were headed north from Pontiac last night. One of the drivers pulled alongside the other to exchange greetings.

Brandon's auto left the pavement, swerved back, struck Baynes' car, which bounced into path of a vehicle driven by Mrs. Matilda Weighand, 44. Mrs. Ila Baynes, her 10-year-old daughter Bonnie Lowery, Mrs. Weighand died instantly. Brandon died in a hospital.

Earlier he had stuck the cord in his mouth when WHAM! he was knocked out—it was plugged into an electrical circuit. He regained consciousness at the hospital, was treated for burns and shock and dismissed.

Man Smothers At Brownfield

BROWNFIELD, Dec. 19 (Special)—Joel Hyman, 38, farmer and former drug store owner here, was found dead of suffocation at 4 p. m. Sunday in his second story room in the Wines hotel.

Police Chief Houston Hamilton said Hyman had been dead several hours when his body was discovered. He said a gas stove in the room had consumed all the oxygen causing Hyman to suffocate.

Hamilton said a verdict of death from accidental suffocation will probably be rendered sometime today.

Hyman had been living at the hotel for three days.

Survivors are his wife; two children, Ginger Sue and Lary Pat; his mother, Mrs. Zonie Hyman; five brothers, Harry and Willie Hyman, all of Brownfield; Randolph of Hobbs, Ira of Giles and Sam Hyman of Washington, and four sisters, Mrs. Georgia Wells and Mrs. Winnie Thompson of Hobbs, Mrs. J. K. Kimsy of Arizona and Mrs. Laura Chisholm of California.

Rev. J. Preston Murphy will conduct services at 2 p. m. Tuesday at the First Presbyterian church of Brownfield. Burial will take place in the Terry county Memorial cemetery under direction of the Brownfield Funeral home.

Eleven Die In Plane Crashes

42 Americans Escape Injury In Accidents

Mishap At Chicago Airport Is Probed By TWA Officials

(By The United Press)

Eleven persons were killed in two weekend plane crashes in the United States and France but 52 Americans were unhurt in three other aviation mishaps in this country.

A Belgian Sabena airliner crashed into a small frame house in a Paris suburb yesterday, killing its four crewmen and four passengers, including Foster White of Hartford, Conn.

PLANE IS MISSING

MEXICO CITY, Dec. 19 (AP) — A Pemex (Mexican Oil monopoly) plane with six or eight persons aboard is reported missing today. It last was heard from Saturday morning.

Pemex said the plane was taking to Jalapa several relatives of passengers among the 17 killed Friday in a CMA (Compania Mexicana De Aviacion) plane that crashed near Jalapa.

Authorities fear the Pemex plane may have run into the fog and bad weather that still existed around Cerro Del Borrego, the mountain against which the CMA plane struck, tumbling 1,300 feet into a ravine.

The plane had just taken off from Lebourget airfield when one of the DC-3's two engines caught fire and the plane plummeted to earth.

Three air force officers from Hamilton field, Calif., were killed when their twin-engined training plane crashed into a mountain near Nevada City, Calif. The dead were 1st Lt. John E. Rabb, 27, El Cerrito, Calif.; 2nd Lt. Richard Armstrong, 27, Berkeley, Calif., and 1st Lieut. Thomas Valentino, Washington, D. C.

At Chicago, Trans-World Airlines officials began an investigation to determine why a company plane failed to stop on a municipal runway, crashed through a fence and onto a busy intersection.

Twenty-one passengers and five crewmen escaped unhurt as the plane finally came to rest after knocking over a runway marker, grazing an airport cafe, and smashing through the wire fence.

The pilot, Capt. Stanley Kasper of San Francisco, said his brakes failed to hold as he landed on the 5,746-foot runway but company officials said a preliminary "investigation indicates there was no malfunctioning of the airplane." The plane came here from San

Floydada Burglary Probed By Officers

FLOYDADA, Dec. 19. (Special) — Investigation of the Saturday night break-in and robbery of the Oden Chevrolet firm here was underway this morning, but no arrests in the case have been announced by officers.

Approximately $300 in cash and $1,100 in checks were taken from the firm's safe, company officials estimated, although $27.30 was dropped by the thieves as they crawled out of a shop window.

The theft was discovered by an employe, Adrian Fields, Sunday morning.

Officers reported that the thieves apparently gained entrance through a window in the rear of the shop, then entered the office through another window inside. The knob of the safe was knocked, then the safe was carried into the shop. Shop tools were used to open the safe.

Few clues have been found by officers conducting the investigation, but more than one person was believed involved in the theft.

O'Dwyer-Simpson Nuptials To Be Tuesday Event In Florida

(By The Associated Press)

STUART, Fla., Dec. 19 — This east coast town of 2,500 prepared today for its biggest event since its last hurricane—the marriage of New York's Mayor William O'Dwyer to Miss Elizabeth Sloan Simpson.

The 59-year-old mayor of the nation's largest city and the Texas-born former model will be married at 8:30 a. m. Tuesday in St. Joseph's Catholic church.

Because this tourist and fishing town has only three regular policemen, it has asked for five state highway patrolmen and three Martin county sheriff's deputies to help handle the anticipated crowd.

"This is the biggest thing to hit Stuart since the August hurricane," said State Sen. Evans Crary.

Nuptial Mass Omitted

The ceremony will take place in an army surplus church brought here five years ago on a barge from Camp Murphy at nearby Jupiter. The church seats 450 and will be decorated with lilies of the valley at the altar and poinsettias throughout the interior.

Sixteen-year-old James W. Schrock of Jensen Beach will be the organist and will play "O Mother Pray For Me," "Ave Maria" and Mendelsohn's wedding march. Aurora Ferguson of Stuart will be soloist.

The ceremony will be performed

by the Rev. Timothy J. Geary and will take about 15 minutes. The solemn nuptial mass will be omitted.

O'Dwyer's best man will be David J. Martin, general manager of the New York Athletic club, who described himself as a "personal' 'and "not political" friend. Mrs. Edward M. Bernecker, wife of the former commissioner of hospitals in New York, will be the

Demo Left-Wingers Attack Eisenhower

(By The United Press)

WASHINGTON, Dec. 19 — A savage left wing attack on Gen. Dwight D. Eisenhower kept the political spotlight on him today as a likely 1952 Republican presidential nominee.

His old pals, the Americans for Democratic Action, turned on Ike complaining that he had joined forces with the "advocates of the jungle state"

The national board of ADA, of which Sen. Hubert Humphrey, D., Minn., is the headman, ended a two-day pow wow in Baltimore with a repudiation of Eisenhower. Humphrey was not present.

Coupled With Byrnes

ADA coupled Ike with James F. Byrnes, the former senator, Supreme Court justice and secretary of state, as deserters from the welfare state.

ADA consists of New Dealers and others who stand considerably to the left of many elements of the Democratic party. The Roosevelt family is active in the organization, and there is a sprinkling of Social Democrats.

Byrnes was a big man in the New Deal until FDR's death.

Only last year, ADA was booming Eisenhower for president in a dump-Truman movement in which left wing elements short of the

"Didn't Like Stepmother," Father Says

Police Puzzled By Girl, 18, Living Like Hermit In Attic

(By The United Press)

GREENEVILLE, Tenn., Dec. 19—Authorities were mystified today over what made an apparently normal 18-year-old girl live for two years like a hermit in the dark, foul attic of her own home.

Joyce Conduff was terrified when officers acting on an anonymous telephone tip found her cowering behind the chimney, under the eaves in the filthy attic. They had to drag her from the garret.

Below, in the rest of the drab, one-story frame house, lived Joyce's father, stepmother, sister, two half-brothers and a half-sister. They said they knew she was in the attic and showed little concern.

Ernie Conduff, 56, the girl's father and a milk company employe, said that "Joyce stayed in the attic because she didn't like her stepmother.

But after questioning the girl at police headquarters, county officers said they thought there might be more to it than that.

"We're going to investigate and watch this case closely," said Deputy Sheriff Fox Line-

Rocket-Firing Ships And Subs Main Objective

Yards Reported On Job Day and Night By British Sources

LONDON, Dec. 19 — While Britain and the United States are scrapping or mothballing many of their warships, Soviet Russia is reported to be building up her naval strength with rocket-firing battleships and long-range submarines.

Jane's Fighting Ships, the authoritative naval publication, said today the Russians are believed building three ultra-modern, 35,000-ton battleships, equipped with radio-controlled aerial torpedoes and rockets. Two others were said to be in the blueprint stage, and possibly in the shipyard stocks.

Day And Night Shifts

Russia is known to possess two battleships.

The Soviet Union also envisages, as part of its five-year naval building program, a fleet of from 750 to 1,000 long-range submarines by 1951, Jane's said.

Shipyards throughout the U. S. S. R. and in the Soviet zone of Germany were reported working day and night in three shifts turninng out smaller war vessels such as motor torpedo boats and mine sweepers. Jane's, regarded as the last word on the world's navies, emphasized that its information on Russia was presented "with all due reserve." Moscow does not publish details of its defense program. The new figures were included in Jane's 1949-50 edition which appeared today.

Subs Given Priority

Jane's said it did not believe the Reds had either the shipyards or the technicians to achieve their goal of 1,000 subs by the end of 1951.

Submarine construction, it said, had been given special priority. A large number of new submarines of the German type — with high submerged speeds and long ranges — were scheduled for delivery during 1948-49.

Jane's estimated Russia now has some 360 submarines of various types, including former German ones.

The three new battleships were said to be the Sovietski Soyuz (formerly the Treti Internation), the Sovietskaia Belourusssia and the Strana Sovietov.

A fourth, the Stalinskaya Konstitutzia of the same class, was reported laid down at Nikolaiev, but Jane's said it was definitely destroyed on the stocks.

Jane's said there were varying

More Crimes Are Reported

Two burglaries and a hijacking were reported to investigators of various law enforcement organizations here, to extend a weekend list of lawlessness that already embraced a killing, a store hijacking and other offenses, it was announced this morning.

Bill Allpaugh of a mile and a half north of Slaton said a 410-gauge shotgun and a .22 calibre seven-shot rifle, both in khaki case, had been taken in a burglary of his residence.

$120 Reported Taken

William Neal, a negro of 1325 East Thirty-first, reported $120 in money lost in a burglary of his residence. The money was in a small chest that was removed from the place, he said.

Another negro, Claud Robison, who works on the Frank Love farm two miles south of Abernathy, said he had been "knocked in the head" and robbed of $11 at a dine and dance place in the negro section of Lubbock Saturday night.

Reporting late Sunday, he told sheriff's deputies he did not "realize what had happened" until a brief time before he made his complaint.

Officials continued investigation into the Saturday night slaying of Robert S. Spence, 24, of

Insect Control With Radionic Warfare Is Tested In Valley

LA FERIA, Dec. 19 (AP) — Now they're starving Texas bugs to death by short wave.

It's part of the new radionic warfare on insects.

The gentleman farmer of the future may sit in the parlor and twist a few dials to kill every bad bug in his citrus grove two miles away.

And, with all that, the lady bugs and other good little bugs won't even be hurt.

The tale of the new field of insect control by radionics is told by Sam Gerald in the Lower Rio Grande Valley magazine, Border Scope.

Experiments in insect control by radionics have been conducted by William J. Knuth and H. V. Hughes of Grafe-Knut Radionics Co., Dallas, on Rio Farms, Inc.

Corn Crop Helped

They've aimed their short waves at cabbage worms, suck flies, tomato fruit worms, and the grain weevil. They report "some success" in corn fields with more ears free of insects in the controlled area than in the uncontrolled sections.

One corn field being treated is entirely free of corn ear worms, one of the hazards of the valley's corn crop.

Work in insect control by radionics by the two men started 10 years ago and they report "definite sucessful results" against aphids, white pine beetles, live oak caterpillars, whiteflies and cotton bollworm.

Knuth and Hughes even have checks from happy Texas farmers to prove they de-insected their cotton fields.

The only equipment needed is a small radio-like machine, an aerial photograph of the area to be treated, electric current and a "reagent," a substance that is a natural repellent to the insect to be diminated.

The repellent and photograph are placed in the machine and radionics does the work, sending its waves to the plant harboring the insects.

Friendly Bugs Safe

By selecting the proper "reagent" the radionic fight is made selective, not harming friendly insects, Border Scope reports. Plants in the path of the radionics actually thrive better than others, according to Knuth and Hughes.

The pest control is achieved by the radionic introduction of foreign vibrations into the plant which disturb the insects so much that it starves to death.

In California, Knuth and Hughes claim to have controlled the spread of red rust in citrus groves from a distance of 125 miles Here in the Rio Grande Valley they say the range is not more than 25 miles but recommend the equipment be within two and a half miles of the area to be treated.

Southern California Gets Soaking Rains

LOS ANGELES, Dec. 19. (AP)—This—after five years of extreme drouth—may be the wet winter southern California has been seeking.

The heaviest rainstorm of the season brought over two inches of rain yesterday, advancing the total to nearly five inches, compared with 1.30 this time last year and well above the norm of 3.35.

And more rain is on tap today, says the weatherman.

Minor automobile accidents abounded—more than 200 — and cars by the dozen were stalled in sections where roads are not adequately drained.

Opid's Camp, near Mt. Wilson, reported 3.92 inches, the storm's high. There was snow above 5,000 feet, but all roads so far were being kept open.

Services For Girard Farmer Slated Today

GIRARD, Dec. 19 (Special) — Isaac W. Carr, 84, died suddenly at 9:30 a. m., Sunday, at his home here. Carr, a retired farmer, had lived in Girard since 1915.

Funeral services were to be held at 2:30 p. m. today at the Girard Baptist church, with the Rev. Lee Hollis, pastor, officiating. Assisting will be the Rev. "Dock" Love of Spur.

Burial was to be in Girard cemetery under the direction of the Chandler Funeral home of Spur.

Survivors are his wife, Alice; six sons, Houston, R. Z., J. C., Rex, Dewey, and Irvin, all of Girard; a daughter, Mrs. J. J. Blair of Houston; and a brother, Jim, who lives in Alabama.

Guild Walkout Fails To Halt Publication Of Arkansas Gazette

LITTLE ROCK, Ark., Dec. 19. (AP)—A strike of more than 20 newsmen and photographers—over half the staff — failed to affect publication of today's Arkansas Gazette.

The first edition rolled off the presses at 10:47 p. m. Sunday, seven minutes ahead of schedule.

A skeleton staff of supervisory employes, editorial writers and three reporters are getting out the paper. The Gazette employes 30 on its news and photographic staff.

Pickets Set Up

Publisher Hugh B. Patterson said the 131-year-old Gazette will continue its daily morning editions "as long as we are physically able; we believe that will be quite awhile."

Pickets continued their walk in front of the Gazette building today. The picket line went up about four hours after the strike was called at noon Saturday. They went on an around-the-clock schedule this morning.

Strikers are members of the American Newspaper Guild (CIO).

Wages Not Involved

Arkansas Labor Commissioner C. K. Call said he had attempted to effect a reconciliation between the Gazette and the guild but had made no progress.

Federal Conciliator Charles A. Wheeler of Little Rock plans to resume meetings with both sides this week. He said the strike is a "knotty problem; neither side wants to make any concesisons."

Chief issue is the guild's demand that it have a voice in dismissal of employes. Management says it should have the final say. Wages are not involved.

Syrian Army General Held For Conspiracy

DAMASCUS, Syria, Oct. 19. (AP) Syria's army command today announced the arrest of General Sami Hennawi, author of the coup which installed the country's present government.

The army communique accused Hennawi of conspiring with "certain foregin powers" against the present "republican regime and the country's safety."

An army communique said Hennawi's right hand man, Assad Talas, undersecretary of foreign affairs, also had been arrested.

The communique today said the army would not interfere in politics unless Syria's safety required it.

Hennawi seized control of the government last Aug. 15, leading a military group which executed President Husni Zayim and Premier Muhsen Bey Berazi.

Immediately after, however, Hennawi turned over the government to a civilian cabinet headed by aged Premier Hasem Bey Attasi. Hennawi held no office in the cabinet.

Little Red Hen Sets Strange Egg Record

WILMINGTON, Calif., Dec. 19 (AP)—Ever since Mrs. William Shanks' little red hen laid a double-yolk egg at the age of four months, it's maintained a record worth cackling about.

The New Hampshire Red followed up with a series of two-yolkers and even a few triples. And now, on the basis of its latest effort, Mrs. Shanks feels she owns a real hen of distinction.

She says her chicken laid an egg weighing just one ounce less than half a pound. It had four yolks, measured 7⅜ inches around the center and 9⅜ inches lengthwise.

TV "EYE" PREDICTED

NEW YORK (AP)—Television experts foresee many things ahead for electronic vision in industry. For one thing, they visualize a machine which, with the aid of a TV "eye," could go underground and do work that would be highly dangerous, particularly in areas where marginal productivity would not warrant the cost and risk involved in hand-mining.

Palace Servants For Gaekwar Of Baroda Organize Union, Strike For Higher Pay

BOMBAY, India, Dec. 19. (AP)—The lavish-spending Gaekwar of Laroda is having labor trouble in his palace. His 250 servants have organized a union and are striking for higher pay.

The Gaekwar, whose state legislature once accused him of squandering $10,000,000 in a six-weeks spree, returned from Europe last week to find his servants out on strike. About 100 have been arrested.

Saturday 4,000 municipal workers in Baroda, a city of more than 100,000 people, also went on strike in support of the Gaekwar's servants. They city was in darkness for an hour.

Officials Can't Interfere

The Bombay government, which now administers the state of Baroda for India, would like to intervene, but can't under the law. When the Gaekwar turned his princely state and its 3,500,000 persons over to the Dominion of India last May he became a private citizen. His servant troubles are outside the government's jurisdiction now.

Legislative charges that the Gaekwar misused $10,000,000 in state funds were dropped and he bowed to the legislature's demand last May that he cede his state to the central Indian government.

In the shakeup, however, the Gaekwar kept his personal fortune, most of it in jewels, and got a pension from the Indian government. He also kept his servants.

1881 Covenant Dooms Man's New Building

WASHINGTON, Dec. 19 (AP) — Louis Burman, real estate man, built a store building. Then a resident of the neighborhood brought up an 1881 covenant which prohibited buildings from extending closer than 30 feet from the sidewalk.

Burman went to court and lost. The case went to the Supreme Court, which refused to rule.

"I guess I'll have to tear down the whole building," Burman said —"but I'm seriously considering setting up a tombstone on the vacant lot."

BARUCH REFLECTS ON HALF CENTURY

Life Expectancy Boost Called High Spot Of Last 50 Years

NEW YORK, Dec. 19. (U.P.)—Elder statesman Bernard Baruch believes the most important development of the first half of the 20th century was the advance of more than 20 years in the life expectancy of man.

Replying to a United Press poll of distinguished citizens whose careers have spanned the first 50 years of the century, Baruch emphasized the social, ethical and economic problems posed by present day longevity.

Number two on Baruch's list was the first world war. He added that he did not think there was a proper grasping of the results of that conflict, and as to World War II, which was third on his list, Baruch said it was "preventable" and that no lessons were learned from it or from the first war either.

Man Loses Confidence

"Man's loss of confidence in himself" and man's "turning too much to the state instead of himself" was listed as the eighth most important development of the century.

Here is a text of the reply which Barush sent in long-hand from his home in South Carolina:

"1. Advance of over twenty years in the life expectancy with all the social, ethical and economic problems.

2. First world war. No grasping of results. Especially the advance of the masses who went on the treks toward a justifiable demand of amelioration of their condition and the hope for peace.

"3. Second world war (unnecessary war) preventable if steps taken—no lessons learned from it or first war.

Wilson's New Freedom

"4. Advent of atomic energy with possibilities for peace or war.

5. Woodrow Wilson's new freedom.

"6. League of Nations and United Nations. Evidences of man's yearning for peace.

"7. Birth of Communistic and police state—Hitler—Mussolini—Tojo—Stalin.

"8. Man's loss of confidence in himself and turning too much to state instead of himself. Too great swing from laissez faire to regulate everything.

"9. The many conquests of physical laws but increasing inability to adapt ourselves to complex economic laws or them to us.

"10. Advance in education without the disciplines to make use of greater knowledge—which is so often misinterpreted and presented as wisdom—when it is frequently words without convictions—or character.

Wreck Doesn't Scare Them, But Wives Do

LOS ANGELES, Dec. 19 (AP) — When a crowd of pedestians loomed ahead of him in a cross-walk, cab driver W. P. Dearborn made a quick decision. He swerved into a service station and plowed through a plate glass window into two autos.

His two passengers stepped out of the wreckage unhurt. But despite their narrow escape, they registered a loud complaint. Cried one:

"We were out doing the town. Now our wives are liable to find out about it."

LOOT MAY SQUEAL

CHICAGO (AP)—Maybe the burglars who broke into a north side furniture store won't talk, but one of the things they carried off most certainly will. They got away with one portable bar, one rug, two lamps and Peggy. Peggy is a talking parrot.

Before emerging for their short two or three weeks of life as bugs, June bugs spend three years under the ground as grubs.

Round-The-World Air Flight Over Poles Mapped In Chicago

CHICAGO, Dec. 19 (U.P.)—A group of Chicagoans made plans today to tackle the "last frontier" of aviation—a round-the-world flight over the North and South poles.

The flight, expected to cover 26,000 miles in a little more than 100 hours, will be made in a Lockheed Constellation, according to sponsors of the project.

January Flight Set

Mason Warner, president of the Chicago Adventurers club foundation and one of the sponsors, said the flight will be made early in January if global weather conditions are favorable.

Warner said the pilot would be Richard S. Johnson, 31, of Chicago, now flying for the Dutch KLM airline. Johnson, a former Air Transport command pilot, has left for San Francisco to pick up the Constellation the group will use.

Trip Is Mapped

Warner said plans call for a non-stop flight from Chicago to Honolulu, a hop to Dunedin, New Zealand, and a flight across the South pole to Capetown, South Africa.

From Capetown the plane would fly northward to London, then over the North pole to Chicago. It will be fitted with extra fuel tanks, Warner said, to provide gas for long jumps.

Santa Visits Today On Lubbock Streets

Santa Claus was to be on the Lubbock streets from 1 to 5 p. m. today to talk to all the children visiting the downtown district.

Following personal visits to the homes of sick children Sunday, today's schedule for Santa calls for an ample number of personal talks to the kiddies about those special gifts they want for Christmas.

Tuesday's schedule for the jolly St. Nick calls for him to visit the Party House with children of the Cerebral Palsy clinic, while his helper takes care of children down town.

On the remaining days of the week, Santa will visit several Christmas trees, various schools, churches and communities in the city.

Reflectors On Horse To Prevent Mishaps

DENVER, Dec. 19 (AP) — Headlights and tail lights for horses have been devised by John Noack, foreman of the Hermann H. Heiser Saddlery company. He thinks these will cut down the number of horse-automobile collisions after dark.

The reflector parts are made of fluorescent cloth backed with leather. These are fastened in cross-shape over the front part of the headstall and in crescent shape over the back of the cantle. Noack said the reflectors can be picked up by an automobile headlight beam a half mile away.

New Atlanta Low-Rent Apartment Project For Veterans Encourages Pets, Children

ATLANTA, Dec. 19 (INS)—A low-rent apartment project that loves pets, pays people for having babies, and takes veterans first on its waiting list?

That's no dream, mister. The place is real and ready for occupancy.

And the owners of the Atlanta apartment project even like musical instruments!

The man behind the new idea in housing is Dr. Alfred A. Weinstein, Atlanta surgeon, author of the best-seller "Barbed-Wire Surgeon," and former Japanese prisoner of war.

Doctor Vows Aid

After the fall of Bataan, when he was captured, the doctor vowed that he would do something for veterans if he got out of the war alive. He kept the promise and the result is 22 new apartment buildings, most of them already open for tenants.

According to Dr. Weinstein, the project caters to a "restricted clientele." His restrictions:

"We want folks who understand the sermon on the mount, believe in the ten commandments, and practice the golden rule. We don't want tenants who are members of subversive, anti-American hate organizations like the Ku Klux Klan. Any tenant who joins one of these outfits must vacate in 30 days."

Savings Accounts Planned

To veterans expecting children, Dr. Weinstein says he loves them. He loves them so much that he has offered to set up a $10 savings account for any baby born to his tenants. In case of twins, the offer jumps to $25 apiece "just because we like twins."

Priorities on the apartments run in this order: Ex-Pow's, first; purple heart veterans, second; overseas veterans, third; veterans, fourth; and civilians last.

The doctor qualified his priorities with this statement:

"Ex-Air corps men may apply if they'll quit telling us how they won the war. Ex-brass is acceptable only if well tarnished."

Applications—There are already 424 of them—will be reviewed by a committee selected from the American Legion, Amvets, Avc, Dav, Jewish War Veterans, Spanish War Veterans, the Marine Corps league, and the VFW.

All the veteran has to provide is a copy of his service record and evidence that he makes enough money to pay the low rent.

The project occupies eight acres of land in fashionable Northside Atlanta, adjacent to the Bobby Jones golf course "for the convenience of those who picked up a golf stick when they laid down their guns."

Tennis Star Paroled After Jail Sentence

LOS ANGELES, Dec. 19. (AP)—William Tilden, 56, former world's champion tennis player, is a free man today after serving 10 months and 17 days of a year's sentence for violation of parole. He had been convicted of a morals offense involving a boy.

No friends or relatives were on hand to meet the former athlete as he left the jail yesterday and walked alone into the rain.

The Philippines will harvest the first test crop of jute there, in November.

Good Samaritan Gets Ticket For Troubles

ENGLEWOOD, Colo., Dec. 19 (AP) Patrolman Martin Knisley saw a motorist pass a red light and gave chase in his police car. Both cars swung out to pass a truck. Knisley lost control and his car swerved into a ditch.

As the officer, cut and bruised, climbed out, the car he'd been chasing drove up. The driver had seen the mishap in his rear vision mirror and turned back to give help.

Knisley asked to be driven to the Englewood police station, thinked the driver for the lift and handed him a summons for speeding and running a red signal.

Electronic Carillon Will Be Installed At U. S. Cemetery

WASHINGTON, Dec. 19 (U.P.)—The muffled peal of English chimes and Flemish bells will be added to the solitary bugler's evening call to retreat over the graves of America's war dead in Arlington National Cemetery.

The musical tribute will be sounded by a new $25,000 electronic carillon to be installed in the amphitheater of the National Cemetery here by AMVETS, a World War II veterans organization, as a memorial to honor the dead of the last year.

The memorial bells will be heard publicly for the first time at dedicatory services at the amphitheater on Dec. 21. President Truman will accept the carillon for the American people at the formal presentation.

Officials To Attend

"Daily thereafter, at the hour of retreat," the AMVET national commander, Harold Russell, said in making the announcement of the gift, "the memorial will ring out in the universal tongue of music as a living tribute to our hero dead."

High ranking military, government, and diplomatic officials will attend the ceremonies, led by President Truman in a motorcade from the White House to the cemetery. Non-sectarian religious service will be conducted jointly by the chief chaplains of the Army, Navy, and Air Force.

The carillon at the time of the formal presentation will be played by Dr. Arthur Bigelow, bellmaster of Princeton University.

The carillon will be heard but not seen. The bells and amplification units are located in the basement guard room and the "stentors," or tone projectors, are hidden under a false roof on top of the ampitheater.

Two Sets Of Bells

The memorial will have two sets of bells. The English bells provide the tone source for chimes and melody-playing such as hymns. The Flemish bells play in complete four-part harmony much like a piano, providing a great organ of bells.

The carillon can be played either automatically by hand-cut plastic music rolls or manually on the console located in the trophy room on the second floor of the amphitheater. Attached to the console will be a dedicatory bronze plaque explaining the AMVET gift with the legend:

"While These Bells Ring
Safely Rest, Freedom Lives."

MOVIES' BAD EXAMPLE

CAIRO. (AP)—A British film company is making a movie here about drug smuggling.

A desert bedouin was hired to play a bit part as a hashish smuggler. Next morning he failed to appear for work.

Police had arrested him. The charge: hashish smuggling.

AUTO MISS—No, this isn't a new-type radiator cap for French cars, and you can't get her by tearing off three hub caps from your old car to send in with a down payment. The curvaceous ornament, Maryse Delcort, was elected "Miss Automobile of 1949" at a Paris night club. She also won the car.

Nancy Anderson Chapter Is Bringing Cheer To Many

Nancy Anderson chapter, Daughters of the American Revolution, through the American committee, headed by Miss Kathleen Brown and assisted by Mrs. Isabel Garrison, is providing Christmas cheer to several organizations. Those receiving fruit, candy, chewing gum and nuts are Guadalupe school, Dunbar school, the Lubbock negro nursery, Milam's home, Mexican Methodist and Baptist churches, St. Joseph's Catholic school and an orphanage in Levelland.

Various members and friends of the chapter have contributed to the fund for this work. Several hundred pounds of Christmas goodies will be distributed through the generosity of various Lubbock firms, over $800 worth of material being used in the project.

Miss Brown also is presenting attractive Christmas baskets as prizes to Guadalupe and Dunbar schools for outstanding student achievement, the gifts to be given at Christmas programs at the two schools.

The DAR chapter has received special honors and prizes for the last two years for the work done in the field of Americanism.

Pageant To Be Staged Before Slaton P-TA

The O. L. Slaton choir and the speech department will present a pageant, "Symbols of Christmas," before members and guests of the parent-teacher association Tuesday night at 7:30 o'clock in the school's auditorium.

Jaycee Christmas Party Set Tonight

The Tech Men's Glee club, directed by Richard G. Richards, today presented a program of five songs for the Lubbock Junior Chamber of Commerce at a luncheon meeting in the Hilton hotel.

R. S. Wilkinson, Jaycee president, announced there will not be another meeting until Tuesday January 3.

Final plans were made for the organization's annual Christmas party at 7:30 o'clock tonight at the Cotton club.

Christmas Party Held By Euzelian Class

First Baptist Euzelian class attended a Christmas party at the activities center recently with 19 members and two guests attending. Miss Mae Davis told of Christmas customs in Mexico; Miss Donna Key played "O, Holy Night" as a violin solo and carols were led by Mrs. A. L. Bruce.

Gifts were exchanged around a decorated tree. The refreshment table was covered with white satin and decorated with evergreen, silver bells and red candles in silver holders.

The members presented a gift to Mrs. Dick Heath, class teacher, and brought canned food to be given to the Lubbock Negro nursery.

Meeting Postponed By Lubbock Hadassah

Lubbock chapter of Hadassah will not hold the Tuesday meeting announced previously, but will meet Jan. 3, according to announcement by Mrs. Julius Kerman.

Children Unruffled By Sub For Santa

OMAHA, Neb., Dec. 19 (U.P.) — Two starry-eyed youngsters prepared to climb up on Santa's knee in a department store.

After standing in line impatiently, the two little brothers finally were next to let Saint Nick know what they wanted for Christmas.

Just then a lunch-time substitute took the original Santa's place, right in front of the boys.

Unruffled, they climbed on the second Santa's knee, told him what they wanted, and asked no questions.

Five More Entries For Yule Lighting Contest Received

Five more entries this morning increased to 48 the number of contestants in the third annual Home Christmas Lighting contest sponsored by The Avalanche-Journal.

Woman Perfumes Up And Leaps To Death

BOSTON, Dec. 19. (U.P.)—Miss Virginia Martin, 33, bathed luxuriously early today, marcelled her blonde hair, donned a dressing gown and leaped to her death from the fifth-floor fire escape of her home as her horrified mother watched helplessly.

Police said Miss Martin quit her secretary's job after suffering a nervous breakdown but recently took a similar position. She rarely had dates, they said.

Mary Haworth's Mail

After Breakdown, Woman Took Psychiatric Treatment, Fell In Love, Has New Problem

DEAR MARY HAWORTH: I am 33, married 12 years, have two children, and, unlike my husband, I have a warmly affectionate nature. He is undemonstrative, a slave to his business and a stickler for routine, and his difficulties with poor help in recent years sharpened his demands on me.

After a siege of emergency stress I had a nervous breakdown 18 months ago and for several weeks was given day care at a psychiatric institute, where I had insulin treatments and analytic interviews — and where Dr. X revived my will to live, and also restored my self-respect and confidence.

Although I was quite hostile to other doctors on the premises, I liked Dr. X from the start. He is about my age, very kindly and understanding, and after some months I realized how much I cared for him, but I knew about emotional "transference" in these relationships, so I wasn't too worried.

In the Spring, however, after failing to handle my feelings satisfactorily to myself, I made a clean breast of the problem to my doctor, knowing he could somehow help me. He said that by working through this emotion I could be happier than I'd ever been and also tried to explain that my feelings were identical with those I had for my father — which I think is ridiculous.

FEELS DISLOYAL TO HER HUSBAND

SINCE then, instead of getting over my feelings for Dr. X, I've only fallen more madly and hopessly in love with him. I love and respect and admire him in a way I never dreamed I could love anyone. It is not sordid or cheap, but I know this whole thing is wrong, and yet I seem quite powerless to correst it.

Recently I told Dr. X that (1) we could continue analysis forever and I would never change; (2) that there was nothing more we could say or do; (3) that he never should have told me to accept this emotion for him; and (4) that control is the only way one ever acquires strength of character. But instead of having peace of mind after making a final break, I felt numb and empty. A day or so later I blacked out for a few minutes and this has been happening frequently since.

I've had to go back to the hospital for treatment and the doctor says if I continue in my own way I'll end up having amnesia. So now the analytic interviews have been resumed, once every two weeks, and I feel trapped. Seeing Dr. X is like torture or slow death; and I feel like an unfaithful wife, in heart and mind if not in fact. I am so completely different from the way I used to be that I don't know myself. Patients are supposed to outgrow transference, but I feel I am an exception. Any advice will be appreciated — and don't spare my feelings. I haven't any. Signed—R. S.

DOCTOR WORSHIP IS DELUSIONAL

DEAR R. S.: To say that you've fallen more madly and hopelessly in love with Dr. X since last Spring — when you first realized that your transference feelings were becoming burdensome — is to artlessly reveal (1) the delusional quality of your doctor worship, and (2) the neurotic anxieties, hopes and demands which underlie it.

What is meant when one speaks of being madly and hopelessly in love with another? It means that one is experiencing an urgently demanding feeling of total dependency upon another's personality and resources — as if one were an infant, naked, orphaned and needful of every form of devotional care, which the other alone could provide. Figuratively it is a desperate cry for womb-like protection.

The function of the analytic relationship is to bring to light the patient's psychological fetters — those hidden emotional factors in personality that keep him incapable of handling experience on the adult plane in a sensibly realistic, reasonably courageous way.

CASE OF DEPENDENCY ANXIOUSLY MISPLACED

AT that phase of "transference" where you began to feel romantically in love with Dr. X, you were blundering into the hidden sector of infantile dependent traits in your nature, projecting them all at Dr. X in unconscious hope of evoking totally responsive "care" from this kindly sympathetic man — and you were sugar-coating this campaign of infantile demands by calling it love of him.

It is my impression that Dr. X hasn't steered the case very well; that his interpretation and advices in the transference crisis fell short of the mark; and that your struggle to break out of the blind alley probably had real logic in it — of the will-to-survive variety. In blacking out, you were registering unbearable anxiety — and it was precautionary to return for further interviews. But in my opinion, either Dr. X needs specialist guidance in handling the case hereafter, or you should transfer to another analyst who has far greater vocational wisdom and maturity. M. H.

Husbands Are Guests Of Sunshine Club

Sunshine needle club gave a Christmas party, with husbands as guests, Friday night at the home of Mr. and Mrs. L. R. Harrison, 2118 Thirtieth. Christmas decorations prevailed in appointments and there were gift exchange and games of forty-two.

In the games Mrs. Ross Kirk and H. B. Wallin scored high and low scores were made by Mrs. H. D. Boyd and W. C. Hamrick.

Other guests were Mr. and Mrs. L. O. Tucker, Mrs Wallin, H. D. Boyd, Ross Kirk and Mrs. Alice May Smith.

Mabry Peel, son of Mr. and Mrs. J. A. Peel of 2503 Twenty-eighth, arrived Saturday from Roswell, where he is a student at New Mexico Military institute and will spend the holidays with his parents. He will return to school Jan. 3.

Floydada Rites Set For Victim Of Crash

FLOYDADA, Dec. 19 (Special) —Funeral services for F. Clyde Irwin, 52, of the Fairview community, who died here this morning as a result of injuries suffered in a plane crash Nov. 27, will be conducted at 4 o'clock this afternoon at the First Methodist church.

Rev. Joe Wilson of the Fairview Baptist church will officiate, with burial in Floydada cemetery under direction of Harmon Funeral home.

Survivors include six sons, Ranall, Shirley, Lofflin, Sherman, Herbert and Hershel, all of Floydada; a daughter, Luella of Floydada; three brothers, Carman of Clayton, N. M., Ruey of Floydada and Herbert of Louisiana; and two sisters, Mrs. Gracie Mayfield and Miss Alta Mae Irwin, both of New York City.

Wreck Injuries Are Fatal To Meadow Man

J. R. Bartlett, 80, of Meadow, community, died in a Plainview hospital at 5:55 o'clock this morning of injuries received in a recent auto accident.

Funeral services will be conducted in the Meadow Church of Christ at 3 p. m. Tuesday. Burial will be in the Meadow cemetery under direction of Bryan McDonald and Son Funeral home, of Lubbock. Mr. Bartlett had resided in the community 15 years.

Survivors include two sons, W. A., of Meadow, and G. C., of Haskell, three brothers and four sisters.

Wise Mothers FIND NEW RELIEF! For STUFFINESS, COUGHS of COLDS

Wise mothers know how really effective Vicks VapoRub is when you rub it on.

Now, for amazing new relief when colds cause coughing, upper bronchial congestion, or that "stuffed-up" feeling, modern mothers use VapoRub this *special* way, too — *in steam!* It brings relief almost instantly.

Put 1 or 2 good spoonfuls of VapoRub in a vaporizer or bowl of boiling water, as directed in package. Then . . . breathe in soothing, medicated vapors.

Every breath eases coughing, relieves that "chokey" feeling. For continued relief—even while you sleep —rub it on, too.

Use it in steam—Rub it on, too!

Weekend Traffic Mishaps Hike Violent Deaths In Texas To 20

(By The Associated Press)

At least 20 persons died violently in Texas over the weekend—17 in accidents on the highways, streets and railroad crossings. Two women burned to death and one man was shot.

Mr. and Mrs. Jack H. Petty of Dallas were killed early Sunday in a train-automobile collision at a Missouri-Texas railroad crossing in Dallas.

James Emory Alexander, 26, and Mrs. Gene Robinson, 52, both of Monahans, were killed Saturday when their car and a Texas & Pacific freight train collided. The wreck occurred a mile west of Monahans.

Mrs. Margaret Dunnavent Calhoun, who would have been 95 on Christmas, burned to death early Sunday when a heater set fire to her bed at her home in Gainesville. She was blind and nearly deaf.

Mrs. Fannie Lucinda Richardson, 97, died almost instantly yesterday from burns suffered when her clothing caught fire as she stood before a gas stove at her home at Nocona.

The driver of a wrecker truck answering a minor accident call was killed Sunday when the vehicle and another truck collided two miles south of Beeville. Killed was Ramon Ybanez, 39, of Beeville.

Conley Gill, 34, and Clarence Lee Houston, 41, Hillsboro negroes, were killed Sunday when their car and a Greyhound bus collided head-on within the city limits of West. None of the 30 passengers on the bus was hurt.

Mrs. W. W. Williamson, 68, of Menard was killed 17 miles north of Alice Sunday when a truck and her automobile collided in heavy fog. Corporal Hugh A. Byers, 19, Ellington air force base policeman, was injured fatally when a car and a wrecker collided. Alvin Daniels, 36, of Houston was hit by a car as he crossed a street.

Worker Is Killed

El (Bo) Green, 22, a Cleveland, Tex., oil field worker, was killed Saturday when his car plunged into a ditch near Cleveland.

Louis Powell Smith, about 34, of Pueblo, Colo., and George Gerlock, about 40, of Rocky Ford, Colo., were killed Saturday when two trucks collided on wet pavement near Falfurrias.

John W. Estes, 40, of Strong, Ark., and Laveda Roberts, 40, of El Dorado, Ark., were killed Saturday when their pickup truck went out of control and landed bottom side up in a creek four miles east of Big Sandy.

Robert Stotts Spence, 24, of Morton was shot to death Saturday night in a south Lubbock apartment.

Joe Williams and Charles K. Wright were killed early Sunday in San Antonio when an automobile plowed into a three-car accident.

The average girl of today is taller, broader in shoulders, narrower in hips, and heavier than her mother was at the same age.

Congratulations to:

Mr. and Mrs. E. W. Pantel, 2113 Fifth, on the birth of a boy weighing 4 pounds 2½ ounces, at 1:20 a. m., Saturday, in West Texas hospital. The father works for the Baker company.

Mr. and Mrs. Charles Bucy, 3002 Twenty-sixth, on the birth of a boy weighing 7 pounds 3 ounces, at 2:35 p. m., Saturday, in West Texas hospital. The father is a farmer.

Mr. and Mrs. Benito Banda, 1105 Sanders, on the birth of a boy weighing 7 pounds 12 ounces, at 6:46 p. m., Saturday, at St. Mary's hospital. The father is a farmer.

Mr. and Mrs. J. C. Eckert, jr., of Slaton, on the birth of a boy weighing 8 pounds 4 ounces, at 11:24 p. m., Saturday, in Lubbock Memorial hospital.

Mr and Mrs. T. C. Wolf, Reese Air Force base, on the birth of a girl weighing 6 pounds 9 ounces, at 2:15 a.m., Sunday, in Lubbock Memorial hospital. The father is serving with the Air Force.

Oklahoma Pastor May Seek Seat In Senate

OKLAHOMA CITY, Dec. 19. (U.P.)—A red-haired preacher with senatorial ambitions is asking Oklahomans to mix religion with their politics—perhaps by sending him to Washington.

Rev. William H. Alexander, 34-year-old former nightclub entertainer, is on the verge of entering the 1950 Senate race.

The eloquent pastor of Oklahoma City's prosperous First Christian church wants to oppose 74-year-old Elmer Thomas, who will be seeking his fifth term. Both are Democrats.

Alexander's huge congregation has given him permission to enter the race, providing he will continue as pastor of the church. The preacher says that if elected he would commute from Washington in his private plane to keep his pulpit filled.

Misdemeanor Pleas Produce Six Fines

Six pleas of guilty of misdemeanor offenses were entered by five defendants today in the Court of County Judge Walter Davies, the county attorney's department announced.

They were listed as:

Gwyn Heard, $5 and costs, violation of check law; Leon White, 42, a negro, $25 and costs and three days in jail, theft; Homer Furgerson, 30, of Slaton, $100 and costs and $150 and costs on two charges of carrying a pistol; and Joe Hernandez and Garland H. Gilmore, 34, $75 and costs each on drunk driving charges.

One of the charges against Furgerson was filed in August, the other today, it was explained.

DEATH TOLL RISES

SIOUX CITY, Ia., Dec. 19 (U.P.) — The death toll in last Wednesday's explosion at the Swift and Co. meat plant reached 20 today when Mrs. Alice Hammond, 25, died at Lutheran hospital.

MRS. AMERICA AT HOME—Mrs. America of 1949 doesn't let glamor change her life. She is Mrs. Frances L. Cloyd, 28, of San Diego, Calif. She won her title in the national competition at Asbury Park, N. J., last September and now keeps busy at the same non-glamorous tasks as any other housewife and mother. She keeps house for her husband, Arthur T. Cloyd, jr., an automobile mechanic, and their three small children, attributing her charm to her motherhood. Above are some highlights of Mrs. America.

Four Are Killed In Missouri Collision

BOURBON, Mo., Dec. 19 (U.P.)—Four persons were killed and seven injured in a headon automobile collision on U. S. highway 66 here, the Missouri highway patrol reported today.

Radius McCoy of St. Louis, his wife, their son Tommy, 10, and Mrs. Paul Broadus of Kirkwood, Mo., were killed when McCoy's automobile smashed into a car driven by Paul Broadus.

Broadus, his sons David, 3, and Don, 16 his daughters Marilyn Sue, 11, and Mary Louise, 13 and Howard Blanton, 24, and his wife, Betty, 21, of St. Louis, were injured.

Montevideo, Uruguay, reports that Britain has agreed to pay higher meat import prices.

Bonham Youth, 17, Released On Bond

Talmadge Monroe Bonham, 17, Bonham youth who last week posted bonds totaling $45,000 in connection with robbery with firearms charges in Lubbock, Crosby and Dickens county, was released from county jail Sunday.

There had been a request that he be detained, even after posting of the bonds, until relatives arrived, officials had explained Saturday.

An indictment was returned a week ago in one of the charges, by a Dickens county grand jury. Efforts are being made to arrange an early trial date.

TO REDUCE TERMS

FRANKFURT, Germany, Dec. 19. (U.P.)—The U. S. army announced today that war criminals in German prisons will have their sentences reduced for good behaviour, in accordance with American penal practice.

Services Pending For Wreck Victims

BROWNFIELD, Dec. 19. (Special)—Funeral arrangements are pending the arrival of relatives for three members of a Latin American family who were killed Saturday night in a car-truck collision two and one-half miles southeast of Brownfield.

Killed were Felipe Miranda, 50, his wife, Hilaria, 48, and a son, Nasario, 12, all Brownfield residents. Another son, Bertal, 24, who was driving the car, was reported resting well today by attendants of the Treadway-Daniel hospital. Walter Chandler, 52, of Brownfield, driver of the truck, was uninjured.

Their deaths brought to 104 the number of traffic fatalities on the South Plains this year.

Fog Blankets Texas Areas

Weather-minded Texans kept an eye on their overcoats today as they looked with suspicion at their thermometers

Lubbock's early morning minimum of 31 today was due to be followed by a high of 64 or 65 this afternoon, following a 65-degree maximum Sunday.

By 1 p. m. the official temperature at Municipal airport was 58. Winds were steady from the west at 10 to 15 miles an hour.

An airplane pilot coming in from the south reported low, heavy cloudiness continued as far north as Tahoka.

Fog Grounds Planes

Meanwhile, heavy fog grounded airplanes over a wide section of Texas early this morning, the belt of fog extending from Big Spring and Wichita Falls throughout North, Central and South Texas to the Gulf coast.

At 7:30 a. m. planes were unable to leave or land at Dallas, San Antonio, Austin, Waco, Beaumont and Houston, the Associated Press reported.

The fog extended through Omaha, Nebr., the Great Lakes area and on to the East coast.

Minimum Is Recorded

Dalhart, in the upper Panhandle, recorded a minimum of 27 degrees this morning. Amarillo recorded 36. In the Rio Grande valley, minimums were in the 60's. In West Texas, skies were partly cloudy.

The Panhandle may expect colder temperatures Tuesday night, the Weather bureau at Dallas said.

Wife Of Imprisoned Solon Out Of Race

HACKENSACK, N. J., Dec. 19 (AP)—Mrs. J. Parnell Thomas withdrew today as a candidate for the congressional seat to be vacated next month by her imprisoned husband.

The withdrawal left the field open to state labor Commissioner Harry C. Harper who was selected over the weekend as the Republican organization candidate for the 7th congressional district post.

Mrs. Thomas said:

"It would be impossible for me to campaign adequately in the brief time which elapses before the special election."

Henderson, Bertolino Clash

Title Bout Is Set Tonight

Lubbock's first championship boxing match in a decade will be unreeled tonight at Chapman fieldhouse when Bill Henderson and Eddie Bertolino meet for the lightweight title of Texas.

The 15-round bout will highlight a 29-round card beginning at 8:30 p. m. which promises plenty of action. Both Henderson and Bertolino are ranking lightweights in the state, and the winner will fall heir to the now-vacant lightweight throne.

The two fighters are considered to be near equal ability, and as fight time nears Henderson continues to rank as favorite among local boxing fans who have watched the young Levelland slugger win 29 professional fights while dropping but two.

Has Good Record

Bertolino has a fine record, losing but five of 55 fights against some of the best competition to be had in the Gulf Coast area.

Both are considered to be in top shape for the contest, going through loosening up exercises the past two days and working on timing and footwork with ropes and punching bags.

Experience seems to favor Bertolino, who has developed a keen sense of timing and speed in previous fights. In heavier workouts earlier he proved that he could throw plenty of leather, but with the large gloves it was hard to tell just how hard his blows were hitting. Bertolino has a reach of some two inches over Henderson.

Henderson gained his reputation among South Plains fans by his ability to give and take punishment. He is a scrapper and has a very hard punch for a lightweight.

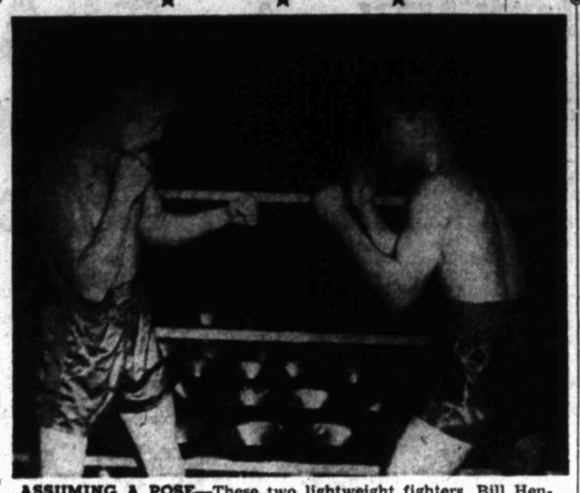

The official weigh-in ceremony was to be held at 1 p. m. today at Chapman fieldhouse. Bertolino, who hails from Galveston, expects to weigh near 134 pounds, and Henderson should scale 133.

A six-round semi-final, featuring Leonard Duncan of Hale Center and Gil Ramirez of El Paso will liven up the card, which has two preliminaries opening the show.

Ramirez was scheduled to arrive in Lubbock late Sunday for his middleweight bout with Duncan who has won eight of his nine pro starts.

Meeting in a featherweight bout will be Juan Herrera, El Paso, and Enrique Morales, San Antonio. A welterweight scrap pits Jimmy Moreland, Lubbock, against Joe Chaplin, Sh. eport.

Promoter of the bouts is Edd Sides. Tickets at $4 ringside, $3 reserved and $2 general admission will be on sale all day at Hilton hotel, Tech drug, Hub Clothiers and City Club gy .

ASSUMING A POSE—These two lightweight fighters, Bill Henderson (above left) and Eddie Bertolino, were only kidding when they squared off for the photographer, but tonight at Chapman fieldhouse the lightweight championship of Texas will be at stake and neither will be in a joking mood. Preliminaries leading up to the main event will get underway at 8:30 p. m. (Staff Photo by Choc Hutcheson).

VAN BUREN PACES PHILADELPHIA

Eagles Beat Rams For Crown In NFL

LOS ANGELES, Dec. 19 (AP)—The Philadelphia Eagles are still champions of the National Football league.

And Steve Van Buren is a terrific back, even in the mud. But NFL head Bert Bell will never win a sports popularity contest in these parts.

Those items stand out today in the wake of a crushing 14-0 victory by the Eagles over Los Angeles' Rams in the coliseum yesterday. What was billed as a high-scoring duel between two speed-burning, pass-happy teams turned into a slow-moving tug-o'-war between two lines, with the Eagles for the better.

Passes Get Tally

Only once did passing become important. Then three quick tosses provided one of Philadelphia's touchdowns. The other came on a blocked punt.

The teams sparred through the first quarter, but the Eagles broke loose early in the second. Quarterback Tommy Thompson tossed two passes to Left End Jack Ferrants—the second of which he caught on the ground after it was deflected. Thompson mixed in tries at the line, then rifled one to all-pro Right End Pete Pihos for 31 yards and a touchdown. In the thrust, the Eagles went 63 yards in six plays.

The second score came four minutes after the third quarter started. The Rams were on their 10, set back by a holding penalty, when End Leo Skladany broke through to block Bob Waterfield's punt, pick up the ball on the three and trot across. A high pass from center was a contributing factor. Cliff Patton converted both scores.

Rams Threaten Once

The Rams threatened only once, and that was nullified by an interception. The Eagles lost a third chance when Jim Parmer fumbled on the seven.

So bad was the weather that the managements of both eastern and western division winners were willing to postpone the playoff until Christmas. But Commissioner Bell, in his home in Philadelphia, said no.

The downpour was so steady that even two layers of tarpaulin didn't keep the turf dry. Showers pelted the spectators through most of the game.

Although he didn't figure in either of the scores, Van Buren, the Eagles' all-pro back, gave as great a running exhibition as the coliseum has seen.

The one-time Louisiana State star carried the ball 31 times for a net of 196 yards, breaking the single-game record of 159 yards in 10 tries set by Elmer Angsman when his Chicago Cardinals beat Philadelphia for the title in the 1947 playoff.

The Rams didn't make a single first down from a running play. They gained only 48 yards all day on the ground, and lost 27 to that Eagle line.

ORGANIZATION COMPLETED

CROWLEY, La., Dec. 19. (AP)—The Gulf Coast baseball league will open its 150-game season next April 12. Final organization of the new Class D circuit came yesterday. Howard Green of Abilene was named president and secretary-treasurer. A. M. Nelson of Lake Charles, La., was elected vice president.

CO-CAPTAINS NAMED

ABILENE, Dec. 19 (AP)—Center Bob Reily of Abilene and Fullback Floyd Sampson have been elected co-captains of the 1950 McMurry college football team.

Major Quints Upset Victims

By STAN OPOTOWSKY
United Press Sports Writer

NEW YORK, Dec. 19. — Who will field the standout basketball team of 1949? Kentucky? Already defeated. Oklahoma A&M? Already defeated. Bradley? Already defeated. San Francisco? Same story.

And so it went pretty much down the line today, with the wax still shiny in the new hardwood season. True, some of 1949's major fives have not yet tasted defeat—but not even they have been impressive.

CCNY Is Impressive

Perhaps the one best bet for a standout team is City College of New York, which to the moment has not lost a game in five starts. But CCNY, although obviously a superior club, must face a rugged Madison Square Garden schedule which could lay any five low, so it is really too early to pass judgment.

Now to check off last year's titans:

Kentucky—The NCAA champions started off well enough with easy triumphs over Indiana Central and Western Ontario, but the first big team they met was St. John's and they lost, 69-58.

San Francisco—The Invitation tournament champions were bounced off in their first start—by San Jose State, 43-38. Since they have downed Nevada and UCLA. That defeat could be an indication of things to come, or a fluke. The next two weeks will tell as the Dons tour the east.

Bradley Is Upset

Bradley—With Paul Unruh touted as one of this season's greats, Bradley rolled over Houston, Iowa State, Nebraska and TCU. Then came Purdue, and Bradley lost Saturday, 71-65, despite Unruh's 19 points.

Oklahoma A&M — Basketball's freeze faction also was coasting along comfortably until it was out-iced by Long Island, 38-31.

St. Louis university—This club has not been beaten. In three starts, it has downed South Dakota, Texas A&M and TCU. But Ed Macauley is gone, and so is the spark he provided. The St. Louis supporters were willing to concede the tough times ahead, despite the unbeaten record.

Thus, basketball may have an entirely new set of champions this year, and maybe no standout team at all. There are dark horses, however. North Carolina State, still the power of the southern conference, has not lost, and Tulane is unbeaten in its challenge of Kentucky's long southeastern conference supremacy.

The patterns are forming, and they may jell within the next couple of weeks.

Games Are Listed

Here are the major games scheduled this week:

Monday — Syracuse-Princeton, Cornell - Rutgers, Notre Dame-Iowa, Indiana-Oregon State, Bradley-Georgia Tech, Northwestern-Iowa State, Michigan-North Carolina State, Temple - Vanderbilt, Washington State - St. John's, CCNY - Oklahoma, Mississippi-LSU, Wyoming-Kansas State.

Tuesday—Minnesota - Washington, Indiana-Oregon State, Michigan-North Carolina State, Wisconsin-Missouri, California-NYU, Southern California-LIU, Oregon-Stanford, Holy Cross-Kansas, St. Louis-Georgia Tech, Baylor-Tulane, Alabama-Auburn, Duke-South Carolina, Wyoming-Kansas State.

Wednesday — West Virginia-Temple, Syracuse-Penn, Toledo-Denver, Valparaiso-Western Michigan, Minnesota - Washington, Bradley-Washington St., DePaul-Kentucky, Hamline-San Francisco, Oregon-Stanford, Santa Clara-Xavier, Rice-Colorado.

Thursday — Fordham-Duquesne, Michigan State-Georgia Tech, Illinois-St. Louis, California-CCNY, San Francisco-St. John's, Washington State-Kansas State, Oklahoma Aggies-Arkansas, Rice-Colorado, Missouri-Smu, LSU-Louisville.

Friday — Fordham-West Virginia, Ohio State-California (Rose Bowl preview), Purdue-Kentucky, Michigan State - Northwestern, Bradley-Fresno State, DePaul-Southern California, Illinois-UCLA, Washington - Stanford, Washington State-Wyoming, Iowa State-Drake, Missouri-SMU.

Saturday—None.

Veteran Jockey Is Defeated By Woman

AGUA CALIENTE, Mex., Dec. 19 (U.P.)—Veteran Jockey Johnny Longden, defeated by a girl rider in a match here, vowed today that he'll "beat her the next time."

Mrs. Wantha Davis, a tiny 30-year-old brunet from Redlands, Cal., edged out the three-time national champion by a length and three-quarters yesterday at the colorful old Hipodromo de Tijuana track. She was riding Northeast and Longden was up on Grey Spook.

"I challenge her to another race and will beat her the next time," the pint-sized Longden said after the race.

The California millionaire made no comment about Mrs. Davis' horse bearing to the outside in the stretch and almost forcing him off the track. The stewards gave no ruling on possible interference, since there was no betting on the special event.

Mrs. Davis, wife of Oklahoma rancher Lendol Davis and mother of an eight-year-old son, challenged Longden as part of her campaign to prove that girl jockeys should be allowed to compete with men on recognized American tracks.

Gonzales Gets Top Ranking

NEW YORK, Dec. 19 (U.P.)—Richard (Pancho) Gonzales of Los Angeles and Mrs. Margaret Osborne Dupont, of Wilmington, Del., America's 1949 national singles champions, top the amateur ratings announced today by the ranking committee of the U. S. Lawn Tennis association.

Gonzales, who beat Ted Schroeder in the longest finale match in national singles history, also distinguished himself in this year's Davis cup competition by winning two singles matches as the U. S. retained the international trophy.

Title Is Defended

Before retaining her national singles title by beating Doris Hart, Mrs. Dupont successfully defended her Wimbledon singles crown against Louise Brough and teamed with Miss Brough to retain the British women's doubles championship.

The rankings, which will be submitted to the annual meeting of the U. S. L. T. A. at New York on Jan. 21, usually are approved automatically. Gonzales, however, turned professional in September and his top listing will depend on the adoption of an amendment to the current rules which state that no player can be ranked if he turned pro before Oct. 15.

LEADERS RETURN

MIAMI (AP) — The top five money-winning stables of last winter's Hialeah meeting — Calumet, F. W. Hooper, Gustave Ring, George D. Widener and E. K. Bryson — are back for another try this campaign, all have extensive strings at the track.

Claude Harmon Wins Havana Tournament

HAVANA, Dec. 19. (AP)—You won't find Claude Harmon's name among the nation's top 25 golf pro money-winners of 1949, but the Mamaroneck, N. Y., swinger hauled off the biggest purse today in the Havana invitational.

Averaging slightly less than 68 per round, Harmon completed the 72 holes yesterday with a winning total of 271, firing a two-under-par 70 for his final round.

Chick Harbert, Detroit star, finished two strokes behind Harmon.

U. S. Open king Cary Middlecoff finished third with 275. Lew Worsham, Oakmont, Pa., with a 276, was fourth.

Garnet Reeves Says:

"I am mighty proud . . . Of that new policy contract my company came out with recently — THE JEFFERSON FAMILY PROVIDER. It's a new low cost plan — a special plan for preferred risks only.

For a little more than the regular cost of $5000 whole life insurance, the plan provides for $14,460 total protection for your family.

Grid Titles At Stake

Wichita Falls, 'Cats Favored

By HAROLD V. RATLIFF
Associated Press Sports Editor

Four teams featuring slashing ground power battle it out within the next eight days for Texas schoolboy football championships.

Undefeated, untied Wichita Falls meets once-beaten Austin at Fort Worth Friday for the Class AA diadem.

Unbeaten, untied Mexia clashes with once-defeated, once tied Littlefield at Abilene next Monday for the Class A title.

These games wind up Interscholastic league gridiron activities for the year.

Wichita Falls Favored

Wichita Falls will be favored to beat Austin and win its second state championship in history. But Mexia, despite its great record, will be under-dog to the high-scoring, hard-running youngsters from the Plains country.

Wichita Falls won its way into the finals for the third time in 12 years by walloping Highland Park (Dallas) 21-0 with an offensive and defensive show that made Austin scouts blanch.

Austin, however, had topped a Port Arthur outfit that was an overwhelming favorite to not only get into the finals but to win the state championship. The score was 20-14 as Austin got the jump on the Yellow Jackets and never turned loose.

Mexia edged Uvalde 7-6 but had to come from behind to do it. The Black Cats showed a strong ground game, whipping up 252 yards, but their passing was rather puny—three completions out of 12 for only 17 yards. That was the pay-off as far as the experts were concerned.

Wildcats Beat Garland

Littlefield licked Garland 27-13, showing no weakness except in pass defense. If Mexia can't go through the air any better than that it isn't likely to stay in the ball game with the great Littlefield rushing game—one of the most vicious to be found.

Wichita Falls not only has a strong running game and is quite adept at defensing either rushing or passing, but reportedly can make yards aplenty in the air if need be. The Coyotes tried only three passes against Highland Park. Bill Waggoner and Tommy Fields spearhead the Wichita Falls running attack.

Austin's striking power on the ground comes from twin howitzers—John Salyer and Bobby Warren. Those two did things to a fine Port Arthur line. The Maroons also have been known to get away with passing of top variety although they didn't do much of it against the Yellow Jackets.

Bailes Is Praised

Key man of the Mexia offense is Derrell Carlile but it's doubtful if any player in Texas—in any class—can match rugged Tom Bailes of Littlefield. This fellow got 225 yards running with the ball against Garland. He's been doing things like that all season. He has made the Wildcats the top scoring team of the state. Littlefield has averaged 35.2 points per game.

Wichita Falls and Austin are old championship campaigners. It has, however, been quite a few years since either captured a title. Wichita Falls turned the trick in 1941, Austin in 1942.

Mexia and Littlefield are upstarts. Neither ever got this far in football before.

Records of the four teams:

Wichita Falls—won 13, lost 0, 414 points to 72.

Mexia—Won 14, lost 0, 385 points to 64.

Littlefield—Won 12, lost 1, tied 1, 495 points to 79.

AUSTIN—Won 12, lost 1, 287 points to 99.

Red Raider Quint Meets San Angelo

Texas Tech's basketeers meet Checker Cab of San Angelo at 8 o'clock tonight in the top game of a basketball doubleheader at Tech gym, preceded by a Tech freshman contest with Thomas Tinkers at 6:30 o'clock.

Checker Cab has a high-scoring aggregation which put together an average of 68 points per game in its first five tilts of the season, scoring 343 points to only 228 for the opposition.

Height in the Cabbie lineup has been responsible for their good showing thus far, with two men at 6-foot, 7-inches in Herman Hopkins and Norman Berge. Five other men on the squad are well over the six-foot mark.

Leading scorer for the Checkers is Berge, with 93 points in four games for an average of better than 23 per contest, and Hopkins has 65 points in four games for a 16-point average. Next high is John Klick, San Angelo High cage mentor, with 14 points per game and a total of 67.

Tech will be seeking its fourth win of the year in the game tonight, one not included on the regular schedule, and will be hard-pressed to take the contest.

Probable starters for the Raiders will be Charlie Pinnell and Verdell Turner at forwards; Gene Gibson and Jack Alderson or Jim Eddins at guards; and Jiggs Jackson at center.

Lubbock Host To Pampa Five

Lubbock's Westerner basketball team has two tough tilts scheduled for this week, meeting Pampa Tuesday and Abilene on Wednesday. Both games will be played at 8 p. m. at Chapman field.

The past week-end the Westerners took top honors in the Wayland college basketball tournament in Plainview, defeating Samnorwood, Sudan and Hollis, Okla., in that order to win the tourney.

Coach David Cook will send the Westerners through a workout today to take out the kinks in their offense and defense before tangling with Pampa at 8 p. m. Tuesday and Abilene at the same hour on Wednesday at Chapman fieldhouse.

Lubbock Cowhands entered the Smyer tourney the past week-end, and Coach Dee Alexander's quintet won first place.

Two Westerners, Jim Wilson and Jimmy Sexton, were chosen to the Wayland all-tourney teams, and Tommy Yelvington and Sammy Adams received the honor at Smyer.

Texas Tech Gridders Resume Drills Today

With the Dec. 31 Raisin Bowl encounter with San Jose State less than two weeks off, Texas Tech's Red Raider football team will be making every minute count this week in practice.

The Techsans resume training today after a day off Sunday, and part of the remaining period before the game will be spent for holidays and travel.

Since resuming drills last week, the Tech gridders have been brushing up on fundamentals and running through ground plays and passing exercises, but heavy contact work is in store this week in all probability.

San Jose's Spartans boast a big, powerful team that won eight games and lost four over the season, the losses coming to Stanford, Santa Clara, University of San Francisco and College of Pacific.

LOSING TOUCHDOWN

EAST LANSING, Mich. (AP) — Guard J. C. Williams' touchdown run with an intercepted pass against Arizona in Michigan State's closing game cost line coach Hugh (Duffy) Daugherty an expensive leather jacket. He had promised the bright yellow affair to the first lineman to score a touchdown.

FINE FROSH

NEWARK, Del. (AP) — Marty Pierson's University of Delaware freshmen football team racked up an undefeated 1949 season, and only two touchdowns were scored against them — both by Lehigh. The Delaware fledglings have lost only one game in two years, that to the Navy Plebes, 7-6, in 1948.

Southwest Cagers Face Rough Slate

By WILBUR MARTIN
Associated Press Sports Writer

Southwest conference basketball teams won't be able to brag about their intersectional record this year.

Last week alone the circulit's seven members dropped nine of 12 games against out-of-state competition. And this week, eight of the ten games will be against more intersectional foes.

Baylor grabbed the lead in the early season standings. The Bears have won four of six games to date. Texas and Rice are tied for second with records of four victories and three defeats.

Aggies Get Win

Texas A. and M. broke into the victory column for the first time last week, whipping Abilene Christian university twice, 66-45, 73-38, and then polishing off Trinity university, 67-49.

Southern Methodist dropped a surprising 57-56 decision to Howard Payne of the Texas conference. The Mustangs also lost to Colorado, 71-48.

Colorado, Tulane, Wichita, Missouri, and Oklahoma A. and M. provide intersectional opposition for the conference this week.

Last week Texas Christian and Missouri split two, TCU winning 37-35, then losing, 54-45. Illinois beat Arkansas, 65-53, and Indiana downed the Razorbacks, 75-50. Baylor lost to Kansas State, 78-30, and to Nebraska, 69-55.

Bradley trimmed Texas Christian, 85-49, and St. Louis beat the Frogs, 80-53, Rice whipped Southwestern Louisiana Institute, 60-40, while Arizona dumped A. and M., 56-50, and Texas beat the Arizona quint, 58-50.

Schedule Is Given

This week's schedule:

Tonight—Southern Methodist vs. Colorado at Boulder, Colo.

Tomorrow—Baylor vs. Tulane at San Antonio, Texas A. and M. vs. North Texas State at College Station, Texas vs. University of Houston at Austin, Texas Christian vs. Wichita at Wichita, Kans.

Wednesday—Rice vs. Colorado at Boulder.

Thursday—Rice vs. Colorado at Boulder, Southern Methodist vs. Missouri at Dallas, Arkansas vs. Oklahoma A. and M. at Little Rock.

Friday—Southern Methodist vs. Missouri at Dallas.

Leading scorers:

Player—	G	F	TP
Tom Hamilton, Texas, F	41	32	114
Jewell McDowell, A&M, G	39	34	112
Joe McDermott, Rice, C	40	26	106

Diamond Rule Gets Support

By HUGH FULLERTON, JR.
Associated Press Sports Writer

NEW YORK, Dec. 19 — The baseball rules-makers, who tried so hard last week to find a way to curb "take out" plays at second base, found one dissenter in 80-year-old Jack Doyle . . . Jack, the oldest active scout in the business, was known as "dashing Jack" when he played ball because of his base running ability . . . "You can't pass a rule about that," Doyle proclaimed. "It's a part of the game to try to break up those double plays. Even if a fellow is out he can't hold up once he has committed himself to a slide. He'll hurt himself that way . . . It's just good, aggressive baseball and that's what the players and fans like." . . . Doyle listened patiently while Umpire Bill Summers explained the rules committee's idea was to stop unnecessary sliding or running into a fielder who was nowhere near the base . . . "Well, I guess you'd call that interference," Jack conceded. "But I think young fellows like rough, aggressive games. That's why so many of them are playing football instead of baseball."

Son Is Confused

Lynn Patrick, the Rangers coach, took his 3½ year old son, Craig, to see a hockey game the other night . . . It was his first, and when Lynn rejoined his family after a close and exciting game, he asked the youngster if he had seen daddy at the garden . . . "Yes, Daddy," replied Craig. "You open and close the gate."

Rote Is Honored

Alex Groa, who is running himself ragged with the Indianapolis Olympians for what won't be a big share of the profits, could have had a $6,000 bonus and a $10,000 a year salary to sign as an individual last spring. Alex preferred to string along with his Kentucky teammates, who didn't get such big offers . . . Speaking of Kentucky, the Wildcat footballers thought Louisiana State was about the toughest team they faced all season—and SMU's Kyle Rote about the best individual . . . Texas grid fans are looking forward to a duel between Froggy Williams of Rice and Art Weiner of North Carolina, a pair of standout ends, in the Cotton Bowl.

Gulf Coast Cagers Slate Three Tilts

Gulf Coast conference teams play only three games this week, then suspend operations for the Christmas holidays.

North Texas State meets Southwest Texas State of the Lone Star conference at San Marcos tonight.

Tomorrow night University of Houston clashes with Texas of the Southwest conference at Austin, while North Texas State engages Texas A. and M. at College Station.

Hardin and Trinity have no games this week.

Trinity lost three games last week but still held top place in the conference with a 3-3 record. The Tigers were beaten by West Texas State 65-45, Texas A. and M. 67-49 and Texas 84-37. They defeated Hardin-Simmons 54-51.

He'S NO DUB

CLEVELAND (AP) — The way Dub Jones of the Cleveland Browns got his nickname is intriguing—and it has nothing to do with his ability or lack of same. His brother always called him "W. A." His two kid brothers figured it took too long to say, so they shortened the "double-u" to "Bub." He's established as a real pro now—only 24 years old and in his fourth season.

Only One Game Set In Lone Star Loop

(By The Associated Press)

Activity is sharply curtailed this week in Lone Star conference basketball.

Only one game is scheduled while one team plays in a tournament in Kansas.

Southwest Texas State, topping the circuit with a 3-2 record, plays North Texas State at San Marcos tonight. Tomorrow East Texas State goes to Topeka, Kans., to participate in an invitational college tournament.

The other teams do not play at all this week, taking out for the Christmas holidays.

The conference had a so-so week with no team doing better than break even. Southwest Texas lost its only game played, falling before University of Corpus Christi 56-41.

Psychology To Aid Brownies

ST. LOUIS, Dec. 19 (AP) — The owners of the St. Louis Browns, willing to try anything to improve the cub's position, have come up with a psychologist.

He is Dr. David F. Tracy of New York — author, lecturer and specialist in psychological problems.

Dr. Tracy convinced President Bill Dewitt that he can do things toward building the players' confidence and boosting their morale. He has been hired for four weeks of the 1950 spring baseball training season.

Given Free Hand

The psychologist will have a free hand at the Burbank, Calif., training base in his efforts to instill a spirit of confidence in the players. He also will concentrate on teaching them how to relax and overcome tension.

"After I teach the players emotional stability," Dr. Tracy told Dewitt, "they will automatically climb higher in the league race. should finish fifth and may even climb to fourth."

The club finished seventh in the American league last season and had a narrow escape from the cellar. Incidentally, the Browns drew fewer spectators through the turnstiles than any other team in the major leagues.

The hiring of Dr. Tracy goes back to last summer. Tracy, a former athlete himself, was at the Yankee stadium one Sunday when the Browns dropped a doubleheader to the Yankees. Later he called on Dewitt and his brother, Charley, the club's vice president, and explained how he thought he could help the club.

"Dr. Tracy explained to us," President Dewitt said, "that under the stress of a hard-fought game a player tenses up. Errors result. Psychology, aiding a player to overcome this mental stumbling block, gets at the bottom of this trouble and enables him to combat these tensions the minute they develop."

BLACK TO BLACK

STATE COLLEGE, Miss. (AP)—Blondy Black, star halfback for Mississippi State's 1941 team, caught his own pass for an 18-yard loss against Alabama that season. Holt Rast, Alabama end, tackled Black just as the ball was thrown, the pigskin going almost straight up in the air. Blondy recovered in time to catch the ball but for a loss.

TIGHT TIDE

TUSCALOOSA, Ala. (AP)—The University of Alabama's 1938 football team holds the Southeastern Conference defensive record. In nine games that season the Crimson Tide allowed its opponents a total of only 701 yards rushing and passing or an average of only 77.9 yards per game.

Ohio State Picked To Top California

By OSCAR FRALEY
United Press Sports Writer

NEW YORK, Dec. 19.—Perfectly willing to spend your last dime in '49 if it means a nifty '50—here is the final edition of Fraley's follies and the New Year's day bowl game "winners."

There being no truth to the rumor that this is the first hangover of 1950, these scientific pigskin prognostications come out like this:

Rose Bowl—Ohio State over California.

Cotton Bowl—North Carolina over Rice.

Sugar Bowl—Oklahoma over L. S. U.

Orange Bowl—Santa Clara over Kentucky.

Gator Bowl — Missouri over Maryland.

"System" Is Revealed

That's the essence of it but seldom in the history of football forecasting has such an exact and careful study been made as that conducted by old Fearless. Team records, comparative scores, weather data, weight charts, injury reports and all other types of telling facts were gathered.

All were then tossed away immediately.

Wading through all that hocus pocus, you get so you can't see the woods because of the trees. It's like the Chinese alphabet system when wagering on the sport of kings. If you know the Chinese alphabet the horse nine times out of 10 can't run anyhow.

But old Fearless finally hit on a system which can't possibly miss. Mottoes! Yep, that's it, and now you shouldn't have any trouble at all in paying those Christmas bills. Anybody knows that a motto is a great inspirational factor.

Upset Is Forecast

So just consider the California-Ohio State embroglio at Pasadena. Most experts would tell you that California is favored because of its impressive record and heavier team, and that Ohio State probably will be killed with pre-game kindness.

But consider the California state motto: "Eureka, I have found it." After entertaining such roughnecks as Michigan and Northwestern the past two year, the Cals apparently think they've got a soft touch. Ergo: Overconfidence. Ohio State wins. Simple, isn't it?

Rice is the largest favorite against North Carolina and to hear the lads tell it, that first half the Tarweels played against Notre Dame must have been strictly a planned accident.

But, remember this, my weary wagerer, Rice hails from Texas where the motto is "friendship." And those Tarheels are trucking on down from a section whose maxim is "to be, rather than to seem." What do you think is going to happen when those nice, friendly Texas lads lock horns in supposed friendship with North Carolinians who seem to be convivial and turn out to be rough. It'll be a new war between the states, North Carolina succeeding and Rice seceding.

Faces Rough Test

On that basis, Louisiana faces a rough afternoon. Its escutcheon bears the words: "Union, justice, confidence." But North Carolina has Justice (Charley, by name) in another bowl. So overconfidence pops up again and Oklahoma goes to work with a slogan: "Labor conquers all things." Being one who likes to watch others work, old Fearless from New York naturally believes in it in Oklahoma—and in Oklahoma.

Dodgers Lead Loop Fielding

NEW YORK, Dec. 19. (U.P.)—Let's have no more jokes about Brooklyn's butter-fingered fielders because official averages today revealed that the Dodgers walked off with the National league's defensive diadem in 1949.

Time was when fumbles and bobbles were a nickel a bushel at Ebbets field; but it wasn't that way the past season.

Brooklyn not only turned in the league's premier fielding mark of .980 but contributed four of the circuit's nine individual defensive leaders.

Team Is Given

The National league's all-star fielding team for 1949:

1B—Git Hodges, Brooklyn, .995.

2B—Al (Red) Schoendienst, St. Louis, .987.

SS—Harold (Pee Wee) Reese, Brooklyn, .977.

3B—Grady Hatton, Cincinnati, .975.

OF—Stan Musial, St. Louis, .991; Harry (Peanuts) Lowrey, Cincinnati, .989, and Charles (Chuck) Diering, St. Louis, .987.

C—Roy Campanella, Brooklyn, .985.

P—Don Newcombe, Brooklyn, 1.000.

London Zoo monkeys now get candy declared unfit for humans.

Surprise Announcement By Commissioner Of AAC Leaves Pro Grid Loops Muddled

NEW YORK, Dec. 19 (AP)—This is the day the All-America football conference was supposed to crawl off somewhere and die, but it's 'still kicking.

O. O. Kessing, commissioner of the officially defunct circuit, announces surprisingly in Houston, Tex., "we're not dead yet."

He hinted of startling developments at a league meeting here next month.

Unrest Is Reported

Unrest is reported in Cleveland where Coach Paul Brown of the AAC champion Browns said a week ago his team wouldn't go along with the new combined league 'unless we get a place in the division with better clubs."

At Buffalo, where pro football was left high and dry by the merger, a move is under way to field a team financed by public subscription. At last reports, $230,135 already had been raised toward a $500,000 pot.

Move Is Confusing

All this is very confusing to those who thought professional football's problems had been solved ten days ago with the merger of the National league and the younger AAC.

The National took in three members of the AAC—Cleveland, San Francisco and Baltimore—to form the new National - American league. It came into official being today.

MAN RETAINS POST

WACO, Dec. 19 (AP) — E. C. (Mule) Frazier of Waco today was reappointed Dixie commissioner of baseball to decide negro baseball championships below the Mason-Dixon line by the National Baseball congress.

HST To Speed Home Building

WASHINGTON, Dec. 19 (AP) — A board program to step up construction of homes costing $8,500 to $10,000 was reported today to have clinched a high place on President Truman's legislative list for Congress next session.

An official of the Federal Housing administration said the nation's middle-income families are now among those most in need of housing.

"We'd like to see more rental units for this same 'forgotten man' group," he told a reporter.

Record Pace Set

He noted that home-building has proceeded at a record pace this year, with the result that the demand for dwellings which cost more than $12,000 has largely been met.

But Americans in the middle-income brackets—especially non-veterans—have not yet been adequately provided for, he said.

The purpose of any new legislation would be to make more liberal the present federal guarantees on home-building loans—with the emphasis placed on private construction.

The new program would thus conform closely to legislation introduced during the last session of Congress by Senator Sparkman (D-Ala).

Sparkman recently advised the administration to go slow in extending its civil rights program to the housing field if it wants to get home-building measures through Congress.

He referred to a new regulation denying FHA and Veterans administration loan guarantees in cases where restrictive covenants are filed in court after February 15. Such covenants are intended to block the sale of homes to members of minority groups.

Sparkman indicated that new housing legislation needs the votes of many southern lawmakers opposed to the President's civil rights program.

The fire raced through the two-story, seven-room home at 6:50 a. m., following a stove explosion.

One of the children, Mary Lou, 13, was in Port Huron hospital with burns covering 80 per cent of her body. She was burned shoving two smaller children out of a second story window.

Also burned seriously was Mrs. Della Bethway, the children's grandmother, who lived on the farm, located 12 miles west of Port Huron.

Burned to death were Thomas Bethway, 11, his brothers, William, 7; David, 5; Frederick, 3, and a sister, Beverly Ann, 4.

Five Business Firms Destroyed By Blast

RENTON, Wash., Dec. 19. (U.P.)— An explosion apparently caused by escaping gas today destroyed five business establishments in a block-long downtown building today, scattering Christmas merchandise over sidewalks and streets.

It felt just like an earthquake. The blast was deafening," said Walt Parietti, news announcer for radio station KXRN.

No one was injured. A fire which broke out in a restaurant after the blast was brought under control by firemen. A grocery, a florist's shop, an appliance store and a pharmacy were destroyed, with damage estimated at $100,000.

Floydada Resident's Services Set Today

FLOYDADA, Dec. 19 (Special)—Funeral services for L. L. Clark, 61, who died here at his home Sunday morning, were to be conducted at 2 o'clock this afternoon in First Methodist church.

Rev. R. N. Huckaby, pastor, was slated to officiate at the rites, assisted by Rev. N. S. Daniel of Lockney. Burial will be in Floydada cemetery under direction of Harmon Funeral home.

Survivors include his widow; a son, L. L. Clark, jr., of Plainview; one daughter, Mrs. Alva Redd of Floydada; a brother, Lawrence Clark of Placerville, Calif.; and six grandchildren.

Santa Not Baffled By Nebraska Laws

OXFORD, Neb., Dec. 19 (U.P.) — Chamber of commerce officials found that Nebraska's anti-gambling laws prevented their usual custom of giving away money by lottery during the Christmas season.

So they said a Santa Claus will just throw it away instead.

They decided there was no law against anybody, even Santa, standing on a street corner tossing bills in the wind.

The word "cheer" originally meant face, countenance, or expression, according to the Encyclopedia Britannica.

OIL SHARES DECLINE

NEW YORK, Dec. 19 (U.P.) — Stocks made an irregular advance on sharply curtailed volume today.

Cross-currents of year-end operations brought declines into most oil shares, gains in a majority of rails, better demand for aircrafts, some selling in amusements, investment buying in some preferred rails, and strength in several special issues.

Demand for aircrafts came just before closing time. Gains in the group ranged to more than a point and reflected improved outlook for the industry which is reporting increased order backlogs.

Rails responded to a better earnings outlook and were featured by strength in Santa Fe. Alleghany corporation preferreds, strong last week, lost on profit-taking. Utilities were firm in most instances, but a wide decline in Panhandle Eastern Pipe line brought their average down.

New highs were made by such issues as Allied Chemical, Western Union, and General Mills. Oils had losses ranging to 2 points with one of them ranging over an arc of six points.

NEW YORK REPORT

NEW YORK, Dec. 19 (AP) — Cotton futures advanced slightly in early dealings today on mill and export buying, but thereafter drifted lower. Grain Market

CHICAGO REPORT

CHICAGO, Dec. 19 (AP) — The price trend in grains was downward on the board of trade today. Deferred deliveries lost the most ground, but even with these the extent of the decline was not large.

At times December wheat and corn moved above the previous close on short covering, trading in all December contracts ends tomorrow. There also was some mill buying of wheat following a government request for 155,000 sacks of flour.

Wheat closed ⅛-1⅜ lower, December $2.21-$2.20⅞, corn was ⅜ lower to ⅛ higher, December $1.30¼-⅝, oats were ⅛ to 1 cent lower, December 77-76⅞, rye closed 1 to 2 cents lower, December $1.40⅛, soybeans were 1½-2¼ lower, December $2.30¼, and lard was 12 cents lower to 3 cents a hundred pounds higher, December $11.30.

Spilled Cream Is Menace On Highway

NORFOLK, Neb., Dec. 19 (U.P.) — Highway crews were sent to a stretch of highway 81 north of here when police reported the road was slick and dangerous.

They found the highway covered with cream.

A truck loaded with 24 10-gallon cans of cream, valued at $425, turned over.

The workmen didn't try to skim the cream off. They just covered it up with gravel.

Fruit compotes may be varied endlessly. For instance, dried stewed figs may be mixed with a can of apricots for a delicious dessert.

Burglaries

Morton.

John Dayton Ritter, 43, former Oklahoman who reportedly had been in Lubbock several months, was held in denial of bail in connection with a charge of murder with malice in the case.

The shooting was in an areaway leading to an apartment in 1900-block Ave. R. Ritter said Spence attempted to hijack a dice game in the apartment. Ritter and S. E. Melton of 1908 Ave. Q, another witness to the shooting, told officials that Spence had been in the game earlier in the night. A negro witness, Joe Patterson of Morton, told officials Spence had a gun when he drove from Morton to Lubbock Saturday.

Men Are Questioned

The district attorney's and the sheriff's departments said "four or five men known to gamble frequently had been questioned today in connection with the case.

None of them was at the apartment at the time of the shooting, however, they reputedly said. All disclaimed any knowledge of the trouble.

"That leaves us right where we were," an official said.

Funeral services for the victim will be read at 1:30 p. m. in Morton, and burial will be in Southland cemetery.

Hijacking Clues Sought

In the meantime, there seemed to be no definite clues in the Saturday night hijacking of J. C. Payne, at Payne's Food store at 4118 Ave. H. Loss was approximately $1,500. Reports that a California license was on the car did not seem to tally with numbers listed on the tag, officials said.

Two complaints involving thefts of articles from parked cars were registered with police.

Jack Hooser, of 505 North College Ave. told officers that clothing valued at about $125 had been removed from his car in the 1200-block Texas Ave.

A man identified only as a Mr. Burgeson of Lubbock route 2 said clothing, a bed spread and a pair of cuff links had been taken from his car while it was parked in the 2200-block Nineteenth. No value was placed on the missing articles.

Truck Reported Stolen

Mrs. H. F. Underwood of 2320 Sixteenth reported theft of a 1947 GMC truck-tractor, Texas license 7865, from Twenty-third and Ave. E. A red trailer was hooked to the vehicle, she said.

A report filed by city detectives said that a Lubbock negro, Robert Lee Wilkerson, had been shot in the calf of the left leg as he sat in a residence at 1212 East Thirty-first early Sunday. Wilkerson said he had no idea who fired the shot, and that he heard no noise at the time the bullet was fired The shooting was listed as accidental.

The wounded man was given emergency treatment at Porter clinic-hospital and released

The provost marshal's office at Reese Air Force base early Sunday asked Lubbock officers to be on the lookout for a soldier wanted for questioning in connection with the theft of $161 in cash and several bank money orders there.

Base officers indicated the suspect may be driving to Arkansas.

Officers said a screen had been torn from a basement window of a residence at 2114 Eighteenth recently and that burglars had apparently entered the place.

Occupant of the residence, Mrs. Elbertine Hush, has been out of the city on a vacation, neighbors said, and possible property loss will not be definitely established until her return.

The sheriff's department announced the arrest of Anestasio Algeria, 27, of 208 Ave. N, on charges of removing mortgaged property from the state. Bond for Algeria, indicted by a 99th judicial district grand jury Nov. 29, has been set at $1,500.

Peruvian Heiress Arrives In New York

Beauty Says Culture, Social Life Are Preferable To Love

NEW YORK, Dec. 19 (U.P.) — The beauty queen of the Americas said today that culture and an interesting social life were more interesting to her than love.

"Love is strictly secondary, and so is money," said beauteous Ana Maria Alvarez Calderon, heiress to a reported $32,000,000 fortune. She arrived here yesterday from her home in Lima, Peru, where she won the beauty queen title for the western hemisphere.

To Visit Museums

The 20-year-old brunette said she would do some culture-cultivating in Manhattan before leaving for a six-month tour of Europe with her family. She said she planned to visit the museums and hear plenty of music — classics.

"Jazz and be-bop are mostly for 15-year-olds," she said.

As for her other primary interest, social life, Miss Calderon said she would cultivate that in New York's night clubs. She said her favorite dance steps were the samba and rhumba.

Money Not Important

"Love is just a compliment as far as I'm concerned," she said. "I'm not even thinking of marrying, not at least until the right man comes along. As for money, It's not important but it's no great handicap to a girl these days."

Miss Calderon, whose 120 pounds are moulded into a shapely five-feet four, said she is not worried about running into any fortune hunting men. She said she already had met a few when she attended college in San Francisco, Calif., in 1946 and 1947.

"Peruvian boys aren't like that," she said. "So I don't expect American boys are either."

reports on the Sovietski Soyuz. One said that the ship, whose hull was laid down in 1939 at Leningrad, was so badly damaged during the war that construction had to be held up and it still was on the stocks. A shortage of material in Russia was said to preclude its early completion.

Another Jane's report from Sweden said that the Sovietski Soyuz is ready to be finished at Leningrad "and one, possibly two of these powerful ships is now almost ready for service."

First reports said that each of the three new battleships was equipped with nine 16-inch guns in three triple turrets, two forward and one aft.

The Swedish report said the new ships were equipped with two catapult towers for firing radio-controlled aerial torpedoes.

Jane's observed that though the U. S. Navy has suffered further reductions, "it still is a colossal fleet of 2,600 warships." These included 15 battleships, 103 aircraft carriers and 169 submarines

Only one battleship, the Missouri, is in active commission.

The British navy, it said, now has five battleships, compared with its prewar 15 battleships and battlecruisers. None is in active commission.

No charges were placed because Joyce's existence in the attic appeared to be by her own choice.

Police found Joyce Saturday night. She had slept on a few planks laid across the sills of the unfloored attic. Decaying orange and grapefruit peels littered the cubicle. She had used a paper bag for sanitation.

The girl was badly undernourished and said she hadn't eaten a hot meal in two years. Her tousled, crudely-cropped brunette hair was matted. She wore blue dungarees and a blouse "so tight it looked like she had grown into them," police said.

Joyce sobbed continuously at police headquarters and stared at the floor. The bright lights hurt her eyes and appeared to stun her.

Police took her home again after they had questioned her, and she spent Saturday night sleeping on the floor, huddled in the corner of the living room.

Miss Simpson, 33 and a divorcee, said she will wear a simple navy blue suit with a blue velvet beret, blue suede shoes and matching accessories. She will wear a single strand pearl necklace and pearl earrings.

Both attended mass yesterday. O'Dwyer worshipped at 11:45 a.m. mass at St. Ann's church in West Palm Beach and his fiancee attended a 10:30 a. m. mass at Fort Lauderdale.

O'Dwyer, who is staying at a cottage adjacent to the Jupiter island clubhouse on exclusive Hobe Sound, will have a patrol car escort to the scene of the wedding.

Honeymoon Cruise Set

Miss Simpson has been staying aboard the yacht Almar II, owned by H. G. Matthews of New York City, and will come here from West Palm Beach, 37 miles to the south.

After the wedding, the couple will go on a honeymoon cruise in the Florida keys aboard the Almar II.

When they applied for a license here last Thursday, O'Dwyer gave his birthplace as Ireland and Miss Simpson said she was born in Dallas, Tex.

O'Dwyer is a widower and Miss Simpson's former marriage did not take place in a Catholic church.

ADA Attack

Communists enthusiastically cooperated in association with such big city bosses as Jake Arvey, of Chicago, and Mayor William O'Dwyer, of New York. Ike was second choice to Supreme Court Justice William O. Douglas.

Backing HST Now

That political episode is ended and they love Mr. Truman now. His far-reaching social programs are pretty much theirs.

In its Baltimore meeting ADA swung at Eisenhower as though to knock out a dangerous 1952 contender. The ADA statement said, in part:

"In its frenzied attack on the concept of political action for the general welfare, American conservatism has shown dangerous signs of degeneracy. Some of its newly-heralded spokesmen have shown an attitude bordering on contempt for legitimate American aspirations.

"James F. Byrnes says Americans 'seem more afraid of life than of death.' Dwight D. Eisenhower, who two years ago asserted that 'men of my generation familiar in their youth with the specter of insecurity that haunted many a family are living witnesses of what has been accomplished,' tells us today that 'if all Americans want is security, they can go to prison.'

"These men now have joined such advocates of the jungle state as Sen. John W. Bricker, R., O., Sen. Harry F. Byrd, D., Va., and Sen. Kenneth S. Wherry, R., Neb."

Ike denied last week that he was a candidate for political office.

GOP EMBARRASSMENT IS HOPED

Democrats Count On Profits From Civil Rights Showdown

By JACK BELL
Associated Press Staff Writer

WASHINGTON, Dec. 19 — Administration Democrats counted today on swift political profits to flow from plans for a civil rights showdown in the next session of Congress.

The session will begin Jan. 3.

Senator Lucas of Illinois, the Democratic leader, says that showdown will come in the Senate on a bill to set up a permanent fair employment practices commission (FEPC). The agency would have power to enforce its orders against race and creed discrimination in jobs.

The FEPC bill will offer the most serious affront to Southern Democrats and widen the breach that already splits that party. At the same time, some administration leaders hope it will prove politically embarrassing to Senator Robert A. Taft (R-Ohio).

Taft Against Bill

Taft, dubbed by some of his friends as "Mr. Republican," is against the bill now on the Senate calendar. He plans to offer, instead, a measure to set up a federal FEPC to obtain voluntary compliance with anti-discrimination rules.

Taft has said that the administration bill would create a board that in the long run "will tell every employer how he must make us his labor force."

The National Association for the Advancement of Colored people and other groups interested in the civil rights issue have made their stand clear: they are more interested in the FEPC bill than companion measures to abolish state poll taxes and to make lynching a federal crime.

By the same token, FEPC is a red flag to the Southern Democrats. They will throw every effort into the attempt to prevent action on it by the Senate.

House Measure Stymied

In the House a similar bill has cleared the House labor committee and is tied up in the rules committee. Chairman Lesinski (D-Mich) of the labor group has announced he will try to by-pass the rules blockade.

Even if the bill is blocked in each house, administration Democrats think they can harvest political profit out of the resulting situation.

The Senate has a new rule, adopted last year, under which the "yes" votes of 64 senators are required to halt the filibuster that Southern Democrats always begin when any move is made to take up civil rights legislation.

Senator Wherry of Nebraska, the GOP floor leader, has identified himself with the adoption of that rule by calling it the "Wherry rule."

Previously, two-thirds of the senators voting could end debate on a bill. But this rule didn't apply on motions to take up a measure. The new debate limitation applies to a motion as well as a bill.

Lucas has predicted publicly that the new rule won't work—that 64 senators won't be on hand to vote when the debate gag question comes up.

If it doesn't work, administration Democrats will blame the "Wherry rule" and say the Republicans have made it impossible to pass civil rights legislation.

If the rule works, the administration will claim credit for having put through the first piece of civil rights legislation, citing failure of the previous Republican Congress to pass such a bill.

Republicans say they don't intend to let the Democrats sell the people any such idea. Wherry dared Lucas in the last session to force a vote on the rule asserting that Republicans would furnish 35 votes—more than half—to end debate.

There are 54 Democrats on the Senate rolls, but Lucas may have trouble in corralling the 29 of them that would be needed to make the64—assuming the Republicans deliver 35 for vote limitation.

If Lucas can't deliver enough Democratic votes, the Republicans will say that the Democrats were the ones who didn't want the bill passed.

AWOL Soldier Admits Beating Man Fatally

LINCOLN, Neb., Dec. 19. (U.P.) An AWOL soldier "overdid it" when he started pounding a stranger with his fists and ended by beating him to death with a hammer, he admitted to police here.

James H. Young, 25, of Ararat, Va., signed a confession that he killed Joe Dunner or Donner—he wasn't sure how the victim spelled his name—at Columbus, Ga., Dec. 1 after an argument, police said.

Young said the victim, whom he had just met, offered to take him for a ride in his car. They argued while driving around, he said, and Young said he struck the other man with his fist, then repeatedly with a hammer.

"I just wanted to beat him up a little bit," police quoted Young, "but I overdid it."

Services Today For Darrell Henry Infant

Services for the infant daughter of Mr. and Mrs. Darrell Henry of 302 Ave. T, who died at West Texas hospital Sunday night, were to be held at 2 p. m. today at McDonald Funeral home.

June Haver, Kirk Douglas Selected Most Cooperative

HOLLYWOOD, Dec. 19. (AP)—The golden apples fall this year to June Haver and Kirk Douglas.

The Hollywood Women's Press club, which goes in for this sort of thing annually, yesterday tabbed Miss Haver and Douglas as "most cooperative actress and actor in Hollywood. They will receive the golden apple awards tomorrow night at a dinner.

At the other end of the limb, Hedy Lamarr and Humphrey Bogart were named most uncooperative. They get nothing—not even golden worms.

Neither was available for comment.

Services Set Today For Plainview Man

PLAINVIEW, Dec. 19 (Special)—Funeral services for Percy R. Hauck, 59, who died Saturday were to be at 1:30 p. m. today, in the Roy G. Woods Funeral home chapel here.

The Rev. G. K. Rogers, pastor of the First Presbyterian church here, was to officiate. Hauck, a retired Swisher county farmer, died at the home of Mr. and Mrs. A. W. Karnegay, after a illness of four months.

A native of Minnesota where his relatives still live, Hauck came to Plainview in 1914. He was a Mason and a member of the Plainview Elk's lodge.

He is survived by three brothers, Leslie and Arthur of Madison, Minn., and Stanley of Madison, S. D., and a sister, Mrs. H. H Morrill of Minneapolis.

Services will be held in Plainview under the direction of the Roy G. Wood Funeral home and the body will be sent to Madison, Minn., for burial.

HST Vacation Ends Tuesday

KEY WEST, Fla., Dec. 19.—(AP)—President Truman took a last dip in the warm waters of the gulf today before heading back to Washington for a hot fight for the "fair deal."

He flies to the capital at 8:45 a. m. (EST) Tuesday to make a quick survey of the legislative outlook and meet with his cabinet at 10 a. m. Thursday.

He'll talk over with the cabinet the all-important "State of the Union" message to be delivered personally to a joint Senate-House session Jan. 4 or 5, as well as the budget and economic messages.

Final decisions are yet to be made on whether to recommend repeal of war-time excise taxes and the levying of new taxes on corporation profits to offset an anticipated deficit.

Going Home Friday

Mr. Truman plans on a brief stay in Washington—scheduling a takeoff from there Friday for Independence, Mo., to spend the Christmas holidays with his family.

The chief executive, looking plumper to most observers than when he flew here Nov. 28, also appeared tanned, healthy and cheerful.

If he weighed only 177 pounds—which the White House claimed—it was 10 more than he weighed when he entered the White House.

It didn't seen to disturb him as much as it did his physician, Brig. General Wallace H. Graham, who would like to trim the President to 175 pounds.

The President and his staff, conscious of the fight that is ahead in Congress over his civil rights, national health, Taft-Hartley repeal and other proposals, took it easy for just one more day.

The vacation ends tomorrow. They've had a fine time. But they've got to get back to Washington to get in training for the real scrap.

That's not in Congress, but on the stump. Mr. Truman is ready to take a swing around the country to seek election of candidates supporting his measures.

Wealthy New Yorker Offering To Help Girl, 10; Save Hand

BROWNSVILLE, Tenn., Dec. 19 (AP)—Maybe the prayers of thousands for little Betty Marbury have been answered. At least, Betty may find out this week.

A wealthy New York man announced Saturday he will put up whatever money is needed to help her save her hand from a surgeon's knife.

Betty and her father, Clay Marbury, will fly to Boston Wednesday to see a famous specialist. The New Yorker, who asked that he not be named, will finance everything.

The Boston doctor, who also asked to be anonymous, will examine her Thursday and make a final analysis.

Several weeks ago doctors in Memphis told Betty, 10, her hand may have to be cut off shortly after Christmas if a malignant lesion does not respond to treatment.

Asks People's Prayers

Betty asked people everywhere to pray that she may keep her hand. In a letter to the Memphis Commercial Appeal, she said:

"My doctor says he fears that he will have to amputate my hand. I want those who read this letter, if it is published, to pray that I may completely recover. I believe the Lord will answer their prayers."

News services carried her plea over the nation. The response was tremendous, More than 7,000 letters and packages swamped the modest Marbury farm house near here. Prayers were said in churches and homes throughout the country.

Overwhelmed and happy, Betty said she was convinced the prayers would be answered.

Messiah Given Here By A Cappella Choir

Sixty-three members of the Lubbock Senior High school A Cappella choir, directed by J. H. Penn, presented Handel's Messiah to a relatively small audience in the Lubbock High auditorium Sunday afternoon.

The annual presentation ushered in a week of activities at all Lubbock schools, including several special programs and parties. An open house was staged by the Overton elementary school Sunday.

James Metts played organ accompaniments and Gerre Hancock piano for the Sunday Messiah program. Featured in the hour and 10 minute presentation were soloists Mrs. Paul Glasgow, Cathryn Shafer, Wilson Ward and Bob Leonard.

Other programs for the week will be given Wednesday at the various schools, while special menus are planned by the school cafeterias.

INSECTICIDE IMPORTANCE STRESSED

Boll Weevils Unusually Heavy In 1949, Cotton Expert Says

By FRANK CAREY
Associated Press Staff Writer

BIRMINGHAM, Ala., Dec. 19.—The cotton boll weevil, ring leader of the insect rascals preying on king cotton's realm, was out this year in his greatest numbers since 1942.

This was related today to representatives of the cotton industry and cooperating groups gathered to map basic strategy for the cotton farmer's battle against all insects for 1950—and to survey a $470,000,000 loss to bugs in 1949.

Approximately 200 representatives of the cotton industry, state and federal agricultural agencies, land grant colleges and insecticide and farm equipment manufacturers are here attending the third annual cotton insect control conference sponsored by the National Cotton Council of America.

Weather Favorable

Dr. S. A. Rohwer, assistant chief of the bureau of entomology and plant quarantine of the U. S. department of Agriculture, told a reporter prior to the meeting that there had been "an unusually heavy infestation of the boll weevil in 1949—the heaviest since 1942, and it continued through the season."

He attributed this to a relatively mild winter a year ago in the cotton belt, so that unusually large numbers survived hibernation and were ready to get in their dirty work when the season arrived. Furthermore, he said, the weather of the 1949 cotton season was favorable to the development of weevils, with a lot of rain.

In a talk prepared for the conference, Dr. Rohwer added that these facts, together with the weevil's appearance "in more northern sections where it only occasionally occurs in destructive numbers, mark the 1949 season as an unusual year."

"The occurrence and abundance of some of the other important pests also deviated from the average patterns," Rohwer said.

Insecticides Available

"The bollworm was of unusual importance in some areas while the leafworm was generally absent. These and other facts had an important effect on the demand for insecticides needed for control.

"In general, however, insecticides were available in quantities and as required to meet farmer use. There were no significant cases where crop losses occurred because insecticides could not be secured."

Pointing out that "no recent year has demonstrated as clearly as 1949 the value of cotton insect control: Rohwer said this:

That farmers who applied control measures as recommended protected their crops and benefited materially—often in contrast, he said, with their neighbors who failed to carry out insect control practices.

The 1949 season, Rohwer declared, was the first one in which large quantities of the newer insecticides—including DDT, toxaphene, and benzene hexachloride—were used against cotton insects.

Usefulness Shown

"The usefulness of these materials was demonstrated," he said. "Even though there were incidents where they failed to meet expectation. It was clearly shown that they will continue in high favor with cotton farmers.

"The demand for them—which in some areas exceeded supply—further illustrated the acceptability of the new insecticides."

Dr. Ralph B. Draughon, president of Alabama Polytechnic institute, asserting that in his state farmers lost more income to cotton insects in 1949 than they made on any crop other than cotton or on any closs of livestock, said this:

"Effective insect control is one of the major factors in lowering the cost of cotton production. It is a necessity if cotton is to meet the great competition it now faces.

"Our state and federal research workers have already developed methods of insect control which, if applied generally by cotton farmers, would increase the per-acre yield."

The cotton belt states are Virginia, North Carlina, South Carolina, Florida, Georgia, Alabama, Tennessee, Arkansas, Mississippi, Louisiana, Texas, Oklahoma, New Mexico, Arizona, California, Missouri, Illinois and Kentucky.

Typographical Union Holds Annual Dinner

Approximately 50 members of the Lubbock Typographical Union No. 888 and their wives attended an annual Christmas dinner at the Hilton hotel at 2 p. m. Sunday.

Dr. Doyle D. Jackson, professor of education at Texas Technological college, was principal speaker, tracing the rise and fall of the various ruling nations of the world and warning that unless the American incentives to work, earn save and invest were preserved our nation might come to the same fate.

A quartet, composed of Lewis Faw, Gil Wallace, John Zimmerman and "Squeaky" Roberson sang several songs during the meal and Mrs. D. E. Ing, accompanied by Mrs. Sam Malone, gave a vocal solo.

Carl Hyatt, president of the union, presided as master of ceremonies. Two charter members of the union, which was organized on April 22, 1925, Will White and A. L. Borho, were recognized.

Mr. and Mrs. Charles A. Guy and Mr. and Mrs. C. W. Ratliff were special guests.

Rita Hayworth Created Most Excitement

Filmland Weddings, Divorces Were Sensations During 1949

BY BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, Dec. 19 (AP)—This was Hollywood's marrying-est year. Also the divorcingest.

Most sensational of the marriages came on May 27 when Rita Hayworth and Aly Khan exchanged gold rings in the town hall of Vallauris, France.

Another European wedding ranked with that one for excitement. While Italian mobs screamed "Ty Ty Ty," erstwhile Actress Linda Christian became the bride of Tyrone Power in Rome. The ceremony took place on Jan. 27, just eight hours before Annabella's California divorce from Power became legal.

Garson Weds Texan

Jimmy Stewart married Socialite Gloria Hatrick McLean on Aug. 9.

Jennifer Jones married her boss, David O. Selznick, at Genoa, Italy, on July 13. Greer Garson took another fling at married life with Texan Buddy Fogelson. Rudy Vallee, 48, wed Eleanor Kathleen Norris, 21, a psychology graduate.

Mickey Rooney began his third marriage, with Martha Vickers. Angela Lansbury and Peter Shaw found another parson after the vicar of her family church in London refused to perform the ceremony, she being a divorcee.

But the marital splits were just as loud and numerous. Biggest bombshell was the break between Ingrid Bergman and Dr. Peter Lindstrom following her Stromboli idyll with Roberto Rossellini.

Almost as thundering was the split of Shirley Temple and John Agar. The fable of their storybook marriage was shattered when she aired her troubles in a divorce court.

Ginger Rogers and Jack Griggs called it a day, and Joan Fontaine and William Dozier ended their marriage, but not their movie company.

Narcotics Peddlers Hiding From Arrest

CHICAGO, Dec. 19. (U.P.)—Narcotics peddlers were in hiding today as federal agents and police sought to round up 88 to 120 alleged violators of the federal narcotics laws.

Yesterday, police arrested two more persons in their crackdown on a ring accused of selling narcotics to teen-agers and college students in the midwest. The new arrests brought the total to 37, but one of the 35 seized in the opening raids was released for lack of evidence.

The raids, which started Saturday, climaxed five months of preparation by out-of-town agents brought here so they would be strangers to local peddlers.

Christmas Spirit Is Given A Boost

PHILADELPHIA, Dec. 19. (AP)—Don't tell Charley Willis there's no such thing as Christmas spirit.

Charley works in the Philadelphia Inquirer library. Months ago he and his fellow workers decided to chip in a quarter each a week to create a Christmas party fund. The name Sunshine club was chosen.

Two months ago, Charley's three-year-old daughter was critically burned in a gas stove mishap.

Without taking a formal vote, the Sunshine club gave Charley the $160 in the club treasury to help defray medical expenses. And the scheduled party at a Philadelphia restaurant was cancelled.

Restauranteur Frank Palumbo heard the story and tonight Charley—his daughter well on the road to recovery—will join his friends at the party they planned, with Palumbo picking up the check.

VEGETABLES COMING UP

TUCSON, Ariz. (U.P.)—The Southern Pacific Railroad expects to move some 35,000 carloads of vegetables from fields in Arizona, the Imperial Valley of California and Northern Mexico during the winter and spring harvest seasons. The shipments will include lettuce, tomatoes, carrots, citrus fruit and other produce bound for the nation's dinner tables.

A baby atom-smasher, with a 9,000,000-volt punch, has been built in Holland. It is so light and easy to handle that it will be taken to the job instead of moving the job to it.

'Twas Christmas Eve Night!

It was just before twelve
On Christmas Eve night,
I looked in the kitchen
And saw such a sight!

Old Santa was there,
His beard was like silk,
He was helping himself
To a glass full of milk.

His face was so happy
I could easily tell,
He sure was enjoying
That bottle of Bell.

I went back to bed
But not back to sleep
And a few minutes later
I heard Santa creep . . .

Into the living room
To lay out the toys
Which I knew he would leave
For good girls and boys.

Then before going off
To the neighboring house,
He crept back to the kitchen
As quiet as a mouse.

Our ice cream and chocolate
He was gleefully taking,
And a big chocolate Sundae
For himself he was making

The ice cream was Bell
From the handy bulk pak
And I know he enjoyed it
For his lips he did smack.

The next thing I know
He was out in his sled
And I trundled back
To my little warm bed . . .

But just as he left
I heard Santa yell,
"On to the neighbors . . .
They, too, take Bell."

SKYROCKETING PRICES EXPECTED

Londoners On First Post-War Spree Of Christmas Shopping

By GERALDINE HILL
United Press Staff Writer

LONDON, Dec. 19. — Christmas report from Britain:

The biggest crowds since pre-war holidays are jamming Britain's shops this Christmas in an orgy of buying gifts to fill up their stockings.

Selfridge's, big department store which sells everything from pins to pianos, reported that an average of 110,000 Christmas shoppers had jostled for goods at the counters every day for a week.

Survey of other London stores showed that it was the same everywhere — vast crowds and oodles of presents.

The survey also revealed that prices had not changed very much because of devaluation. Britons were spending freely in anticipation of prices skyrocketing by next Christmas.

Shoppers Cram Baskets

Harrods, a soft carpeted store in Knightsbridge, reported that it had more and better goods than at any time in the last 10 years.

"Our cash boxes are filling up daily as shoppers cram their baskets with gifts," a spokesman said.

Selfridge's, founded in 1909 by an American millionaire, Gordon Selfridge, even hired two Santa Clauses to deal with the hordes of British kids.

The two favorite toys being sold are a girl's fancy doll for $4.22 and a boy's metal sled for $3.78. The most expensive doll was price-tabbed $28. She rolled her eyes and had an extra set of lingerie to take care of.

Nylons Are Scarce

The most difficult gift to get in Britain today is a pair of nylons. Their price, $1.46, is government controlled. But finding nylons in London is like finding a needle in a haystack.

"We do not put them on sale to the public, but send about one pair every three months to our account customers," said Harrods.

"We just haven't got any," said Selfridge's.

Men's socks cost anything from 60 cents to $1.80, and are in big demand this Christmas. A man's sweater costs about $3.65, and a shirt with collar attached $6.72.

Women's clothes continue to take a big pile out of a man's pocketbook. A woolen dress costs anything from $8.92 to $28, and a silk dress from $9.52 to "the sky's the limit."

Waiting On Turkeys

Chanel No. 5 is price-tabbed $4.90 for half an ounce, and a calf handbag for $13.72.

Most British stores are still waiting for their annual distribution of turkeys from overseas markets. Many Britons tired of waiting for their 10-pounder at $5.62 have made do with a chicken.

Ham is still rationed at four ounces a week per person.

The biggest moment for British kids this Christmas will be 12 noon Dec. 25 when the lights go up on the 58-foot Christmas tree in Trafalgar square. The tree is a present from the city of Oslo.

GUILTY VERDICT—Mrs. Sophie Petrillo, clutching a cross, collapses on the shoulder of her attorney, Ernest Walker, as she is pronounced guilty of slaying her husband in Riverside, Calif., court. The jury ruled it second degree murder. At the right is Pauline Shannon, a matron. Mrs. Petrillo was accused of slaying her husband, Pete Petrillo, a night club manager, because of jealousy over another woman.

Christmas Amnesty Sought For Conscientious Objector Group

PHILADELPHIA, Dec. 19. (AP)—President Truman has been asked to grant Christmas amnesty to thousands of conscientious objectors.

The central committee for conscientious objectors said yesterday 70 eminent Americans had written the President asking Christmas amnesty for the objectors.

The request, the committee said, was made in behalf of those whose convictions as objectors not only resulted in their imprisonment but classed them permanently as felons deprived of civil rights.

"Men who already paid heavily for their beliefs with long prison terms still suffer the disabilities which follow the loss of civil rights," the signers wrote.

Petitioners Listed

"Surely men who have endeavored literally to follow the teachings of the sermon on the mount should not therefore be permanently relegated to second class citizens."

Among the noted churchmen and writers urging the Christmas amnesty are Albert Einstein, John Dewey, Pearl S. Buck, Bishop Theodore Ludlow and Thomas Mann. Noted criminologists and doctors among the signers include Austin MacCormick, Miriam Van Waters, Gregory Zilboorg and Negley Teeters. Other signers include Bishop William P. Remington, Dr. Paul Hoon and President John W. Nason and Professor Patrick Malin of Swarthmore college.

Exhibition Of Navy Paintings Set Here

Lubbock is one of six Texas cities where "Operation Palette," the traveling Navy exhibition of 100 outstanding paintings and drawings by Navy combat artists, will be exhibited, the Navy department announced in Washington.

The exhibit has just returned from Panama City and Colon, where 7,500 Panamanians viewed it. It is now at Corpus Christi. The exhibit will move to San Antonio January 7, El Paso Jan. 21, Lubbock Feb. 4 and Amarillo Feb. 16.

It was not announced where the exhibit will be in Lubbock, but it likely will be displayed at the Naval Reserve Training center, Eighth and College avenue.

WAIT TILL 1999

WASHINGTON (AP)—An architect forecasts that by 1999 Washington "will be a choice place to live, with everything to recommend it except its summer temperatures."

It will be a city of 5,000,000, Frederick Vernon Murphy believes, with virtually no slums, few private residences, an opera house and a large gallery of modern art. Murphy formerly was head of the department of architecture at Catholic University here.

LAST RITES SET

AUSTIN, Dec. 19. (AP)—Last rites were to be held today for Miss Cordie Porter, 59, formerly of Dallas. She died in a hospital yesterday.

Prayers Of Former Chaplain Published

KEYSER, W. Va., Dec. 19 (U.P.)—The colorful and pungent prayers which Dr. Peter Marshall intoned while chaplain of the U. S. Senate are now in book form.

The widow of the Scottish-born clergyman, whose preachments were often found a source of well-founded advice by bickering legislators, has published a collection of his sermons.

It took eight months for Mrs. Marshall to select and edit the sermons from more than 500 of her late husband's manuscripts. He died last January.

For readability, Marshall often typed his sermon notes in uneven, stair-stepped lines and to preserve recollections of his unique and emphatic delivery, the volume was printed in the same manner.

Americans In Japan Welcome Consul Expelled From China

YOKOHAMA, Dec. 19 (AP) — Consul General and Mrs. Angus Ward came back to fellow Americans today from a year's virtual imprisonment by the Chinese Reds and got a rousing welcome for their 30th wedding anniversary.

The Wards and members of the consulate staff at Mukden, Manchuria, arrived here aboard the Lakeland Victory to complete the first leg of their journey back to the United States.

The consul general, who was kicked out by the Chinese Communists, said he was overwhelmed by the greetings of some 200 Americans waiting at Yokohama's south pier when the ship docked.

Mrs. Ward said she was, too—so much that "it's hard to speak."

Accused Of Beatings

Behind them — but fresh in memory — was what Ward called the "hellish" treatment at the hands of the Reds in Mukden, months of bickering to try to leave the country, and finally his arrest and a month in jail before a "peoples court" ordered him expelled. The Communists accused him of beating two Chinese employes in a wage dispute. The U. S. State department said the charge was "trumped up."

The consul general related it all again today at the pier for Japanese newsmen. He said his group was treated "very, very poorly—most inhumanely."

Ward walked down the gangplank of the Lakeland Victory to the strains of an enthusiastic U. S. Army band. With him was W. J. Arthur's diplomatic section.

Sebald conveyed the allied occupation commander's personal welcome to Japan and an invitation to lunch with the general in Tokyo Wednesday.

Puffing a stubby pipe, Ward was obviously touched by the reception. He wore a black Manchurian fur lined cap — a marked contrast to Sebald's black homburg of diplomatic tradition.

Mrs. Ward wore a yellow fur coat and fur lined airmen's boots.

Few — if any — of the official greeters and throngs of well wishers on the dock knew their welcome was marking the Wards' 30th wedding anniversary. But crewmen of the Lakeland Victory and correspondents aboard the ship had marked the occasion in advance with a party for them last night.

Army sedans, jeeps and trucks were at the pier to whisk the Ward party to the new Grand hotel.

There, at a joint Allied-Japanese news conference, Ward went over again his arrest and expulsion from Mukden.

He said he was "not prepared to begin to discuss" whether these events would affect American policy toward the Chinese Communists. The Peiping government has not been recognized by the U. S.

The Wards are scheduled to leave Japan for the U. S. on the liner President Wilson Thursday. He said he would go to Washington and then take a "spot of leave."

"Convertible" Top Planned On Novel Pittsburgh Amphitheater

PITTSBURGH, Dec. 19. (AP)—Pittsburgh's music lovers can look forward to concerts in a "convertible" amphitheater—with the top lowered for clear weather and raised in a jiffy when rain clouds threaten.

Believed to be the first structure of its kind, the elements-proof amphitheater will be ready the year after next. It will house the performances of the Pittsburgh Civic Light Opera association and other non-profit activities.

Covered With Plastic

Most novel feature of the $1,000,000 project is the removable roof. The amphitheater seating 9,500 persons will be covered in bad weather by a plastic fabric tent supported by a movable steel frame-work.

The flexible ceiling will be divided into pie-shaped segments that will fan upward from the rear of the arena when it is being covered by a flick of a switch.

The plastic "tent" will move from its lowered position up over the arena in two and a half minutes on a giant arch-like steel frame.

Half of the project's cost will be provided by a pledge from a trust set up by Edgar J. Kaufmann, Pittsburgh philanthropist and merchant. The city agreed to match that sum.

Donor Suggested Roof

Kaufmann suggested the removable roof when he donated the money for the project. The structure's unusual design was based on an invention of James A. Mitchell, member of a Pittsburgh architectural firm.

Officials of the Civic Light Opera association said rain-cancellations normally cost the group between $10,000 and $12,000 for a single performance at Pitt stadium and other outdoor sites.

The new amphitheater's site will be chosen early next year and ground will be broken in the spring. The city of Pittsburgh will own the structure and lease it to the opera association.

Fires Damage Local Grocery Store, Home

Two fires in Lubbock Sunday, both starting from defective stoves, caused considerable damage to the interiors of a grocery store and a private residence.

A fire starting from a defective oil stove badly damaged the interior of the Martin grocery, 1607 Myrtle dr., shortly after 6:30 p.m.

At 7:43 p. m., a fire started by a defective gas range burned out two rooms and part of the roof of a six-room frame house at 123 Ave. M, occupied by the Felix Bustillo family.

Damage to the grocery store and its contents was estimated roughly at $4,000 by Calvin Martin, owner of the building, and C. D Ivey, operator of the store. No estimate of damages to the Bustillo house was made.

Tattooing certain marks on the body is regarded in Burma as a sure shield against being killed in warfare.

Hunter's Two Prizes Lost As Deer Stolen

BOUND BROOK, N. J., Dec. 19. (AP)—John Wojnar is a crestfallen hunter today.

Wojnar has been hunting deer in season for more than five years. This year he bagged a nine-point buck, and entered it in the 21st annual buck deer contest run by Frank Efinger, owner of a Bound Brook sporting goods store.

Efinger gives two prizes each year—for the first deer killed and for the heaviest.

Wojnar brought his kill in first. The buck, along with eight others, was hung on a rack outside Efinger's store to await the judging yesterday.

During the night thieves made off with Wojnar's buck.

The hunter still was indisputably eligible for the prize for bringing in the first buck of the season.

That's just the trouble—the prize for the first deer is a free mounting of the head.

German City Seeking Gun For Celebration

ECKERNFOERDE, Dec. 19 (AP)—Germans have apparently been very thoroughly demilitarized. This city, wishing to celebrate the 100th anniversary of Eckerfoerde, needed a cannon presented the city after a naval battle in 1849. A British unit had "liberated" the cannon. The British unit, an artillery regiment, was willing to return the cannon provided the Germans gave them another in exchange. The Germans had no cannon. The city council is considering appealing to the British fine arts and monuments branch in Hamburg.

Vick Joins Race For Lieutenant Governor

AUSTIN, Dec. 19 (AP)—Senator Kyle Vick will definitely be a candidate for lieutenant governor.

The Waco senator reiterated that yesterday after an Associated Press story inadvertently omitted his name from a list of prospective candidates for the lieutenant governorship in 1950.

Vick was president pro tem of the Senate during the regular session of the 51st legislature and as such has served as acting governor of Texas. Vick's service in the Senate dated from the 47th legislature.

Vick said today that while he considered himself as a candidate, he would not make formal announcement until after the close of the special session early in 1950.

We see by the papers where surgeons now can re-enforce leg bones. In fact, they can do almost anything with bone, except eliminate it from a human brain.

BACK IN 1927, Mrs. Annie Lee Funk, of Dallas, wrote a piece called "A Letter to Santa Claus," copyrighted it and sold it to "Farm & Ranch" magazine.

After publication in "Farm & Ranch," the piece began to get added circulation and, in recent years, has appeared in many newspapers and other periodicals during succeeding Christmas seasons.

Mrs. Funk's "A Letter to Santa Claus' is very good and it hits home to a lot of us, especially at this time of the year. So we received permission from the author to reproduce it here.

It goes like this:

A LETTER TO SANTA CLAUS

Dear Santa Claus:

I have not written to you for a long, long time, but the gay little toys of Happiness, the shimmering tinsel of Laughter, the gleaming baubles of Joy, the bells of Cheer that rang in my voice, the candles of Faith ashine in my eyes, the kind thoughts like Gold and Frankincense and Myrrh, and Love like a star in my soul—all these that I once had are tarnished and broken and lost now—all, all! And so, at long last, realizing their preciousness and repenting my carelessness, humbly, contritely, I ask you for Christmas:

Please, please fill my wayward heart with graciousness; give me forgiveness of those who have stolen my laughter; bring me cement of contentment that I may mend the fragments of my shattered joys; leave me a whistle of cheer, a pair of rose-colored spectacles, and a life full of the fruits of kindliness and patience. If you can't spare me so much, why just bring the Love and Faith, for with those I can build myself a prayer wherein I can talk again with God.

And please don't forget the many other unfortunate grown-ups everywhere who won't have any Christmas unless you bring them these same gifts I so desire.

Love and thanks, from

The Child Who Grew Up.

P. S.—I have moved from the old place on Sunny Heights. Be sure and don't miss me in The House That Looks Forlorn at the End of Cynical Street.—T.C.W. G. U.

THE CHRISTMAS season is that period of the year when we forget about the past and future and concentrate on the present!

We see by the papers that, on a bet, a man found, in less than three hours, a needle hidden in a haystack.

Give that guy enough time and he could even find a loose key in a woman's handbag!

★ ★ ★

DREW PEARSON, who knows everything and admits it, had a field day not long ago. He took one item and "proved" (1) that a U. S. senator he doesn't like is an ignoramus; and (2) that another U. S. senator, whom he does like, is a great statesman.

That was quite a trick and one that few other American writing men could accomplish in one paragraph.

Mr. Pearson's arguments were hung on the same peg.

It seems that U. S. Senator Elmer Thomas, of Oklahoma, in Paris, got the names of the French premier and the Defense minister all mixed up. Therefore, he couldn't possibly be a good senator, according to Pearson. He must certainly be an ignoramus, which sin was made even worse by the fact that Senator Thomas was in Paris at government expense.

But, butted Pearson, on the other hand U. S. Senator Hubert Humphrey, of Minnesota, went to Europe at his own expense. What he went for wasn't mentioned, but, anyway, Humphrey paid his own way. Therefore, reasoned Humphrey's pal, he is a wise and useful senator indeed.

★ ★ ★

Well, we don't like Senator Thomas any better than Pearson does and we don't think he's a particularly valuable member of the U. S. Senate. But we don't think that Thomas' failure to differentiate between the French premier and the French Defense minister has contributed, or will contribute to the Oklahoman's stature—or lack of it—as a statesman. As a matter of fact, there are millions of very useful Americans who don't know Bidault from Pleven and vice versa, and who don't care. After all, the way France runs its government, neither may be in office tomorrow.

Conversely, and despite Mr. Pearson who has great enthusiasm for the radical Humphrey, the Minnesotan isn't a ga-reat and good statesman simply because he took a vacation trip to Europe and paid for his own ticket. The truth is that Freshman Senator Humphrey is a wild-eyed leftwinger whose idea of "democracy" is ramming his own cockeyed social and economic theory down the throat of everybody in the U.S.A. Mr. Pearson to the contrary notwithstanding, Humphrey could pay his way to the moon and back again and still be the kind of senator the country can do best without.

★ ★ ★

THE point is, of course, that people like Mr. Pearson—who set themselves up as the final word on every public question and on the stature of every public official—should learn to back up their arguments with something more convincing than personal likes and dislikes of either questions, or individuals.

Some of Mr. Pearson's readers may be stupid enough to accept his unsupported word on any and all subjects, but it's a pretty safe bet that most of them have a lot more sense than that.

If Mr. Pearson wants to contend that Senator Thomas is a lousy senator and an ignoramus, let him do so with logic and proof from the Thomas record, which many will contend can be easily accomplished.

But if he wants to make a hero out of rabble-rousing Senator Humphrey, he'll have to dig up more in that gentleman's behalf than the fact that Humphrey paid his own way to Europe.

Not even Mr. Pearson can be "86 per cent right" with that sort of fluff.

BY DREW PEARSON: PRESIDENT IS STILL BROODING OVER DEFEAT ON OLDS APPOINTMENT

Brass Hats Throw Competitive Bidding Out Window

WASHINGTON. — President Truman is still brooding over the licking he took trying to reappoint Leland Olds to the Federal Power commission.

Though it's too late to change the results, the President found another letter endorsing Olds and sent it right up to the Senate the other day. He scribbled an accompanying note to Vice President Barkley, asking him to insert it in the congressional record.

PEARSON

The letter in favor of the lost cause was written by Senator-elect Lehman of New York to Ed Johnson of Colorado, chairman of the Senate commerce committee which finally vetoed the Olds appointment. Johnson, who was against Olds, never made the letter public.

But when the President got hold of a copy, he sent it to Barkley with a note "to the vice president" scribbled on yellow scratch paper.

"This is a copy of a letter Governor Lehman wrote Ed Johnson about Olds," wrote the President. 'I don't think it saw daylight. Will you see that it goes in the record? We must have a complete record on this event.—HST."

NOTE — Since his appointment to the Federal Power commission re-placing Olds, Truman's old friend, ex-Senator Mon Wallgreen, has gone back on him. Recently Wallgreen voted to give electric power from Kingman's canyon, in the central valley of California, to Pacific Gas and Electric, despite the fact that it is Truman's fixed policy to favor public power in this area.

Brass Hats And Big Business

Secretary of Commerce Sawyer published shocking figures recently about the growth of monopoly in the U. S. A. Yet not far away, in another government building, Secretary Sawyer could find one reason for monopoly.

It is the incorrigibl, at times illegal, determination of the armed forces to place their orders only with their old friends, the big corporations.

All you need do is examine the published figures of the armed forces to see that the average businessman has no more chance of getting a government contract than he has of making an atomic bomb.

When you consider that military orders comprise the great bulk of our gigantic federal budget, you can understand how the company which gets on the inside with the grass hats, also gets the inside on monopoly.

Most amazing thing is that the military appear to be violating not only the spirit but the letter of the law regarding government purchases.

That law (public law 423) is supposed to provide all businessmen an equal chance, through competitive bidding, to compete for government orders. However, it specifies 17 minor exceptions where competitive bids are not necessary, and the military have now stretched these exceptions to cover 90 per cent of all procurement.

• • •

DURING the war, competitive bidding was abandoned on the excuse that speed was necessary. Huge contracts were let overnight on a cost-plus basis on the plea that the 30-day period to receive bids meant loss of life. But today the government is on a humdrum peace-time basis. Offices aren't open on Saturday. The brass hats get off for golf an extra afternoon a week. Stenographers start powdering their noses at 4:25 p. m., and there should be ample time for competitive bidding.

Nevertheless, it remains a fact that the big companies still have the inside track and get most of the contracts.

One way this is done is by hiring top Army-Navy executives to work for the big companies. Having been close to procurement while in the armed services, they know how to swing contracts to the private corporations they now work for.

For instance, able Gen. Harry Ingles, once in command of the signal corps, now works for the Radio Corporation of America, which manufactures a great deal of equipment for the signal corps. Or Adm. Andrew F. Carter, once executive officer of the Army-Navy petroleum board, now is employed by a subsidiary of the Arabian-American Oil company which sells oil to the navy.

Another way the big military orders are controlled is by curtailing bid information. Naturally no company can get a military contract unless it knows what contracts are open, and this information is not easy to get.

Furthermore, the procurement brass hats have just drafted a new directive proposing even tighter restrictions on information.

So many loopholes have been written into the proposed new directive that the military could cut off contract information to newspapers almost at will. For example, before a newspaper would be eligible to receive procurement information, it must not only agree to publish all "synopses of bid invitation" but also publish them "in the same detail in which they are received." This is a condition few newspapers would accept.

Another loophole would permit the Pentagon to rule any newspaper in or out of the picture. In very small print it is stated: "The publication must cater primarily to manufacturers and producers of actual or potential needs of the armed forces."

This tentative directive was drawn up by Rear Adm. Morton L. Ring of the munitions board, now in charge of Pentagon "procurement policy." When asked how the brass hats got away with violating the law by negotiating 90 per cent of all contracts, Admiral Ring's only answer was: "That depends upon your interpretation of the law."

NOTE—Last summer, the Senate expenditures committee staged a healthy probe of "five percenters," the influence boys who try to swing government contracts. As a result, Maj. Gen. Alden Waitt was eased out as head of chemical warfare and Maj. Gen. Herman Feldman, the quartermaster general was also caught dabbling in favoritism. Thought Maj. Gen. Harry Vaughan was revealed as a potent wire-puller, it is only fair to point out that his influence was used on the side of small companies.

Since September the committee has rested on its oars, but if it really goes into government procurement next January, the senators can perform a real service, not only for business but for the taxpayers who pay higher prices as a result of no competitive bidding.

Guiseppe Di Stefano Ranked As Metropolitan's Top Tenor

THE Broadway Lights—Stage Entrance: The N. Y. Times assigned a staffer to cover "Gentlemen Prefer Blondes" when it was playing out of town. He rushed to Boston. It was in Philly . . . This is how play-production costs have zoomed: Producer L. Hayward revealed that when one of his shows grossed $30,000 it netted $1,300 . . . Don't miss the Music Hall's annual stage pageant: "The Nativity." Always the top spectacle . . . When the "S. Pacific" spectators are told that E. Pinza's understeady (Dick Eastman) will replace him because Pinza has one of his numerous codes-id-da-node — they groan. But when the final asbestos drops they cheer him . . . The Met's F. Tagliavini is getting a big ballyhoo, but the Met has another tenor, rated superior. He is Guiseppe Di Stefano. "The closest thing to Caruso yet!" report rooters. His "Mignon" (Victor) recording is his best . . . Correction: We neglected to add (the other col'm) that the "S. Pacific" pews which attract $100 (each) were for New Year's Eve—via some specs. Why not donate that much to the Runyon Fund (which has 14 for that performance) and deduct it from your tax?

The First Nights: "Clutterbuck" went to press just as we did the weekend before. The critics embraced it affectionately. Aisleman Chapman dimpled his report with: "A happy, daffy sex comedy." It twits sex hilariously . . . The week's major flop (it played two consecutive performances) was "Metropole," by Wm. Walden, his first play. He tried to show that the New Yorker's whackiest cartoon is H. Ross, its weird editor. The critics doomed it but found Lee Tracy "as always, reliable." The Sun's undertaker (Ward Morehouse) intoned: "It's not long for this world." Producer M. Gordon spurned this colyumist's plea to be among the backers . . . The week's wow finish was "Gentlemen Prefer Blondes." Most of the critics called it a swellapalooza. Critic Brooks Atkinson's blessing: "Every part of it is alive and abundantly entertaining."

The Cinemagicians: "On the Town" (some reviewers said) is a melodious gag-and-gal carnival. The merrymakers include Gene Kelly, Frankie-Boy, Betty Garrett, Ann Miller —not to mention Et and Cetera . . . "The Red Danube" turns in a worthy job of yanking Communist fangs. W. Pidgeon and E. Barrymore provide de luxe gamuting . . . "The Devil and the Angel" is a frail Gallic tragedy wherein the cast suffers and so does the audience . . . A superior Frenchie is "The Loves of Colette." Its realistic bang makes heart-strings vibrate . . . "Roll Thunder Roll" will not help the popcorn concessions . . . "Free for All" aims for laughs and settles for lulls.

Gallup's Funniest Comedian Poll puts Chaplin in 15th place. He hasn't done anything in years. Must be televiz, huh? . . . The late Buddy Clark is seen (at the Globe) narrating a disc jockey short. His parting words are: "It's sure been nice visiting with you" . . . Things that kee me awake: Why the film, "Oh, Doctor," had its title changed to "Mother Didn't Tell Me."

The Airistocrats: M. Cross' sonorous narrations (during the Metopera broadcasts) personify dignity without being stuffy. Quite-a-feat . . . A ditty that beguiles this tune-hunter is "Dreamer's Holiday." Even the adenoidal larks can't wreck it, and the lyrics prove the author is ejakated . . . There's very little difference between vaudeville and teevee. The acts that laid off in front of the Palace Theatre are now laying off in the NBC lounge . . . Your New York Correspondent wishes to apologize for his fluffs and the uncalled for ad-lib outburst (at the President) regarding the "red-herring" matter. We regret it. 'Scuse, please. (Aside from the Newsroom: "That's what comes from not sticking to the script!") . . . Television's billboarding of its coming features sometimes gets too gooey to handle. They yammer about how superior the programs will be. Look, fellas. Please don't make up our minds.

Another common illusion lies in the judging of a motorcycle's speed by its noise. It really isn't running 400 miles an hour—it merely sounds as if it were.

"Come Back, You Two Critters!"

BY ROBERT C. RUARK

Film Producer Johnson Swaps Independence For Salary Job

LOS ANGELES, Dec. 19.—When I am in Hollywood I generally call upon Mr. Nunnally Johnson, a talented soul whose Georgia drawl ever thickens, like simmering soup and who, as a scorched chile, has come to dread the fire of individual enterprise.

RUARK

Mr. Johnson is lean and saturnine and on the wagon and, furthermore, he has decided that the lone effort to beat the tax people is strictly for financiers. Mr. Johnson is a writer.

"Hello, Cracker-boy," said Mr. Johnson on the phone, from his lush offices at 20th-Century Fox. "Come to call. Ah'm back with the nice folks now. Ah'm workin' fo' a salary agin."

Mr. Johnson labors happily in his office, with the tame secretary outside and the yaller furniture inside and the special-built light burning over his typewriter. He is a wage-slave come home to the Legrees of his business, movies, and he thrives on the whip.

Once upon a time Mr. Johnson was an independent producer like everybody else in Hollywood, and he produced independently until his money run plumb out. In this respect he is a symbol, too.

• • •

Burns Uy Money

"It got to raining over there at Universal," Mr. Johnson said. "Them banks run through the accounts and when they said ah was broke ah took their word for it, on account of not being able to add. It was fancy and fun but man, you sure can burn up money."

Whilst Mr. Johnson was dwelling in a lime-and-yellow cabana, with hairy yellow rugs on the floor, over to the Universal - International lot, he put out a whole flock of pictures with special techniques and stuff, and they laid oblique financial eggs and the rain done fall right on Mr. Johnson's punkin haid. This interesting experience was shared by approximately 431 and ½ actors, writers, producers and directors who figured that they could go independent and get rich on a capital gains gimmick. There are very few of them left, on account of banks. Banks just quit lending money on love.

• • •

MR. JOHNSON, who wrote the screen play for such things as "Grapes of Wrath" is firmly in favor of censorship at the source of movie-making, along prescribed lines, as opposed to Mr. Georgie Jessel, a producer who feels that censorship is stranglihg the industry. Mr. Jessel's idea is that our national appetite for strong meat has outgrown the tenents of propriety laid down by the Breen office, which rides herd on the morality of the Hollywood output.

"Ah keep thinkin' about that old story Don Marquis wrote about the wild man in the carnival," Nunnally says. "There he was in the canvas pit, a-strainin' and a-lungin' at his shackles. One day the shackles come loose and all we had in the pit was a po' ol' cullud man, who didn't know where to go once he was loose. That's what happens if you knock off the restraints on how you make movies.

• • •

Talent Is Lacking

"Once you loosen up on the restrictions on movies you got one man who will show you a lady's chest and then you got a guy who will show you two ladies' chests and finally you are in the burlesque business, navels and all. We got all the room we need to move in. The only shackels we got out here is lack of talent. Strike off those shackles and we ain't got to fret about censorship.

"If that settles your problem, cracker-boy," Mr. Johnson said, settling down to his prepaid typewriter, "feel free to come back in another three or four years. There may be some more trends running around."

I would like to mention in conclusion that Mr. Johnson, the wage-slave, has recently prepared a fine script about an unwilling gun-fighter, and that at no time in this piece did I tell you the story of what Nunnally said about the Tobacco Road characters being called the country-club set in his locality.

The Feminine Viewpoint

IT'S a waste of time—

For a woman to tell her husband what a good wife she has been to him. If it is necessary to remind him—it won't do any good.

For a man to tell a beautiful girl she's beautiful. But telling a downright plain or just pretty girl she is beautiful is something else again.

MILLETT

For a woman to point out an attractive woman's faults to an admiring man. He'll mark it up to jealousy—and, of course, he's right. It's jealousy that makes one woman hunt for and spot another woman's faults.

For a man to criticize a woman's housekeeping. What he can't accomplish by praise—he'll never get by being critical.

For a wife to check up on a husband. All she can find out is the worst—and then what is she prepared to do about it?

• • •

LET 'ER SCRAP

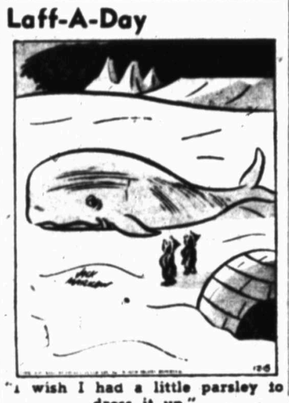

FOR a man to try to soothe a wife who is ready for a fight. Might as well have it and get it over with—for if she can't fight about one grievance she'll hit on another—if she's in the mood for a fight.

For a woman to caution another woman "not to tell a soul." Under such circumstances the best of women will only tell those they are sure won't let it go any further.

For a man to try to understand a woman. Women are too smart to fall in love with men who understand them.

For a man to tell a woman to hurry. Nothing makes a woman more deliberate than to be hurried by a man.

"Try And Stop Me"

JOHN MASON BROWN, following the lead of all good parents, utilized Easter vacation to take his two small boys to Washington. They saw everything, with a side trip to Mount Vernon thrown in as a matter of course.

Several months later, Brown came across a picture of Mount Vernon in a magazine and decided to determine how much, if anything, his boys had learned from their trip to the Capital. "Meredith," he asked the one aged eight, "do you know what place this is?" "Don't be silly, Pop," answered Meredith. "Everybody knows that It's Howard Johnson's."

Today's Journal Editorial

OUR PROGRESSIVE FARMERS

The Journal often has remarked—and expects to do so many, many more times—that, as a whole no farmers upon earth are more progressive than those of the South Plains.

The cotton marketing quota election a few days ago supplied another bit of supporting proof to the volumes already extant.

The turnout of voters in this area for that election was the largest in proportion to the number eligible of any region reported thus far. This was remarkable, considering that most South Plains cotton farmers still are in the midst of the harvest push, while those of most other cotton producing areas have finished their year's job. Further remarkable was the fact that the ratio of support for control of surpluses, which have become a threat to the stability of the cotton market, was larger over the South Plains than in any other region.

Unquestionably, the farmers had an interest in this election—but no more so here than in the cotton belt generally. The large vote was, in considerable degree, a testimonial to the quality of citizenship which feels the duty and responsibility to exercise the right of ballot when an election is held.

Presenting Each Week News About Live, Progressive Firms and Individuals of Lubbock

FOR CHRISTMAS GIVING — Few gifts would be more appreciated throughout the months of 1950 and for years to come than a new Admiral radio-phonograph. Shown above are two models on display at Pioneer Radio and Refrigeration Service, 1610 Nineteenth. On the display case are shown small radios, in addition to small appliances, which are sold by the company. Pictured is Thomas Q. Moore, owner and manager of the firm.

Pioneer Radio Has Many Gift Items

For Christmas gifts that are sure to please, you can't go wrong by shopping Pioneer Radio and Refrigeration Service, 1610 Nineteenth for highest-quality radios, refrigerators, and electrical appliances.

Pioneer has gifts that will be used and enjoyed throughout the new year, as well as for years to come.

Consider, for example, the stock of Admiral radios and radio-phonograph combinations in stock at Pioneer Radio and Refrigeration Service.

Whether you give a small portable model or large radio-phonograph console, if it's an Admiral it means you are giving the finest—in terms of performance, good looks, and long service.

The radios are available in various attractive finishes, including both light and dark woods, to blend with the decorative scheme of any home. Console models may be had in traditional or contemporary cabinet styles.

Another gift for the home that is certain to hit the spot is a Gibson refriegrator from Pioneer Radio and Refrigeration Service. This line of refrigerators is becoming more and more popular with the buying public by reason of its economy of operation and dependable performance year in and year out.

Gibson refrigerators are available in several different sizes to fit any kitchen. Prices on this famous line are attractive, too.

Pioneer also stocks a small line of well-known Sunbeam electrical appliances which make much-appreciated gifts for friends or family members.

In frying chicken many cooks have excellent results when they keep the skillet fat very hot when the chicken is dropped in, then cover the pan and lower the heat to steam. The cover may be removed for the last five or ten minutes of cooking and the chicken recrisped.

BURDINE CLEANERS AND CLOTHIERS — A wide selection of Christmas gifts for men are now on display at Burdine Cleaners and Clothiers, 1709 Nineteenth. Suggested gifts for the men on your shopping list include pure silk hand-painted ties by Hollyvogue of California, Lauer gloves by Milwaukee Glove Co., sport shirts in both gabardine and nylon fabrics, dress shirts, and belts, billfolds, and similar leather goods. For that "special person," Burdine's suggests a gift of made-to-measure suit or topcoat by Storrs Schaefer of Cincinnati. A large array of samples of suit materials from which to choose are shown at Burdine's.

AWAY FROM THE DOWNTOWN RUSH

Burdine Cleaners And Clothiers Has Wide Array Of Men's Gifts

Shoppers, you can select Christmas gifts for the men on your list without the hurry-scurry-and-shove that ordinarily goes with Christmas shopping, and find plenty of free parking space to boot.

Impossible here in Lubbock? Of course not! The men's clothing and gift departments at Burdine Cleaners and Clothiers, 1709 Nineteenth, is the answer. You're sure to find the right gift for every man on your Christmas list.

Burdine's suggestion for the man who is hard to fit, or who "has everything," is a made-to-measure suit by Storrs Schaefer of Cincinnati. This tailoring company also makes made to order slacks and top coats. A large array of samples in all color and materials are on display at Burdine's for making up into custom made garments.

No man ever has too many shirts, and Burdine Cleaners and Clothiers has a wide variety of both dress and sport styles.

A new shipment of sport shirts has just arrived there. Styles include the ever-popular gaberdines which are just right for Texas weather, and the new nylon shirts which do not require ironing. Prices for most styles are $5 and $5.95.

A wide selection of Beau Brummel brand dress shirts also are stocked at Burdine's. Both whites and colors are represented, and in a complete range of sleeve and neck sizes.

And you'll want to see the new plaid shirts with dress collars which can be worn equally well for sport or dress. They are available in a wide variety of beautiful color combinations.

But Burdine's gift suggestions don't end with suits and shirts—far from it. They have one of the widest selections of men's ties of any store in Lubbock.

A large array of famous Hollyvogue hand painted silk ties await your selection there. Colors range from conservative designs of one or two shades to designs with almost every color combined together—although always tastefully done.

For the man who feels gloves are essential (and who doesn't these cold December days!) Burdine's has a wide variety of famous Lauer gloves, made by the Milwaukee Glove Co. Featured are gloves in deerskin and washable pigskin, and gloves with fur linings.

Gift wrapping of Christmas merchandise is offered.

BLAST SAFEGUARDS NOT HOPELESS

Protection From Atomic Bomb Effects Sought By Scientists

By ELTON C. FAY
Associated Press Staff Writer

WASHINGTON, Dec. 19.—United States scientists are finding answers to one of the most difficult and terrifying problems of atomic warfare.

For three years they have sought a safeguard against the lingering and lethal radioactive poison created in some types of a bomb explosions. The search has gone on since the underwater explosion of an atomic bomb in the Bikini tests of 1946.

The results of those tests started military and atomic energy commission (AEC) scientists looking for ways to prevent contamination of people and objects or to cleanse areas and objects of the poison.

Task Not So Hopeless

A new publication of the AEC on "Handling Radioactive Wastes" and a summary of studies written by an army engineer show that the problem is not quite as hopeless as was once believed.

The AEC report mentions that its Oak Ridge, Tenn., laboratories have been seeking better methods for decontaminating buildings, equipment and general areas. Then it comments:

"This work will be useful not only in the atomic energy program but also to the armed forces in developing means of decontaminating equipment in combat zones.

"Progress is reported on the development of strippable films which can be used to cover contaminated apparatus and, if necessary, placed by remote control."

Coatings Developed

At other laboratories, it says "similar coatings have been developed for painting hot laboratories. From time to time the contaminated paints can be removed, and the laboratory walls do not thus become permanently contaminated."

Atomic experts use the word "hot" to designate anything that is dangerously radioactive. The "hot" ships in the Bikini tests were those sprayed with salt water made radioactive by the underwater burst of the bomb.

At Bikini, various experimental efforts were made to cleanse ships of the radioactive contamination.

Lt. Col. Richard D. Wolfe, Army engineer, in an article appearing in the current editions of two unofficial magazines, the Antiaircraft Journal and the Military Engineer, describes three general methods tried.

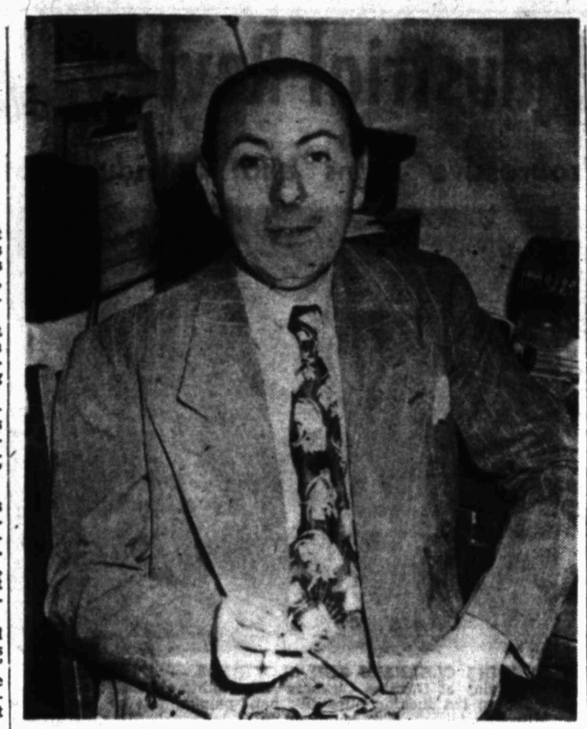

Sandblasting Included

"The first," he writes, "consists of surface removal methods. In this category are the successful methods used to date in decontamination of ships. In crudest form they include paint removal by caustic solutions and such brute-force methods as sandblasting and scraping to remove paint and part of the surface of the material.

"The second approach is that of decontamination without affecting character or quality of the surface; this method includes the use of chemical solutions to dissolve the contaminants and carry them away.

"The third method involves the means of preventing contamination, including such devices as the interposition of a water film on the surface which mechanically impedes the attachment of contamination to the surface itself."

England's King George VI has two birthdays. His real anniversary is December 14th, but the "official" one is June 11th.

MEET THE MANAGER—Abe Kelner, owner and manager of Kelner Furniture and Appliance, 1305 Texas, was born in New York City Sept. 15, 1902. His family lived there until he was 13 when they moved to St. Joseph, Mo., where he attended grammar school and high school. He entered the retail drug business when he was 21 and became a registered pharmacist when he was 23, owning two stores. He moved to Lubbock in 1938 and entered the retail furniture business. The present location was established in November, 1944. Mr. and Mrs. Kelner live at 2510 Thirty-third. They have one daughter, Charmaine, a May, 1949, graduate of University of Texas, who now lives in Kansas City, Mo. Mr. Kelner is a member and secretary of Congregation Shaareth Israel and a member of B'Nai Brith and the Retail Furniture association of Texas. His hobbies include golf, baseball and movies. Brownfield Church Dedicated Sunday

BROWNFIELD, Dec. 18 (Spl.)—A crowd of 200 persons overflowed the capacity of the new First Presbyterian church building here Sunday to hear a dedicatory sermon delivered by the Rev. J. Hoyt Boles, executive secretary of the Texas Presbyterian Synod.

Hundreds of persons later viewed the new structure during an open house late this afternoon, the pastor, Rev. J. Preston Murphy, said. The new building is located at East Broadway and D street.

The dedication program began at 11 a.m. following regular Sunday school services. The opening preludes by Mrs. Frank Wharton, organist, were followed by the processional hymn and the pastor's call to worship. Soloist was Mrs. John F. Luckie, rendering a Christmas selection.

Rev. Boles' sermon was entitled "We Dedicate This Temple." The pastor pronounced the benediction after the invitation to Christ and His Church had been given

The open house this afternoon followed a special musical program at 3 p.m., under the direction of Richard Young. The Brownfield Men's Community Glee club sang several numbers and soloists included Ann Snedeker, Melvin Alexander and Jack Shirley.

SATISFACTION GUARANTEED

SHEBOYGAN, Wis., (U.P.)—"I hope you're satisfied," Ruth Johnson, 22, of West Virginia said as the judge sentenced her to serve 60 days for vagrancy. "I'll make that 90 days," the judge said. "I hope you're satisfied."

Last Nazi War Criminal Faces Prison Term

Von Mannstein Is Held Guilty

HAMBURG, Germany, Dec. 19 (U.P.)—Nazi Field Marshal Erich Von Mannstein, last German to face an Allied war crimes court, was found guilty on nine of 17 war crimes charges today and sentenced to 18 years imprisonment.

Sentence against the 62-year-old commander of Hitler's forces on the southern Russian front was pronounced by a British military tribunal after four months of testimony.

Von Mannstein was cleared of the charge that he personally ordered, authorized and permitted the mass extermination of Jews, Gypsies and Russian citizens through Heinrich Himmler's infamous SS Elite Guard.

Disregarded His Duty

But the court ruled he "deliberately and recklessly" disregarded his duty as a military commander by failing to insure respect for human life, with the result that many persons were exterminated.

In the gallery of the court as the verdict was pronounced were Von Mannstein's wife and 18-year-old son. Many prominent Britons contributed to his defense fund, including wartime Prime Minister Winston Churchill.

The court ruled that Von Mannstein, as commander of Hitler's 11th army in the Crimea, had:

1. Disregarded his duty to insure humane treatment of Russian prisoners of war.

Executed Without Trial

2. Permitted and issued orders that Russian soldiers were to be treated illegally as partisans and terrorists and executed without trial.

3. Ordered, authorized and permitted compulsory employment of Russians as slave laborers in such dangerous activities as mine-clearing.

4. Issued and enforced orders that Russian political commissars were to be executed without tiol.

5. Disregarded his duty as a military commander by failing to insure respect for human life, with the result that Jews and others were exterminated.

6. Permitted the execution of civilian hostages for offenses allegedly committed by others.

7. Ordered male and female Russian civilians to be employed at work connected with military orders.

8. Ordered Russian men and women deported to Germany and other places for compulsory labor.

9. Ordered Russians deported, seized their cattle and foodstuffs and destroyed their houses during the "scorched earth" retreat from the Crimea to Poland.

COMINGS, GOINGS AND DOINGS
News About People

BY LONNIE HUDKINS
Journal Staff Writer

From Daniel Renfro Knickerbocker Elliott, 12-year-old son of Tech Professor and Mrs. Paul Elliott of Lubbock route 5, comes this unselfish request to Santa—Mother and I heard Mr. Edward R. Morrow tell about a whole town, Del Mar, Maryland, where everyone is hungry and in need of clothes. They live high up in the mountains and it is hard for everyone except Santa Claus to get to them. Their school teacher, Mr. J. R. Andrick, is taking care of the children, but there is only enough food left for a week. It isn't right that a whole town in America should be hungry, and I thought it would be fine if every boy and girl who has more than he needs for Christmas would send them something. Their fathers are miners and have had no work all year and no money to move somewhere else. If we don't help them they won't have any Christmas. It is my wish that you, dear Santa, make it possible for the people of Del Mar to have a merry Christmas from all the children of Lubbock.—

* * *

Dear Santa, I will be five-years-old Dec. 21. Please bring me cowboy boots, hat, gun and clothes. Please remember my big brother, Afton, jr., 7, and my baby brother, Bobbie, who is a year old. Will leave you plenty of cake on the coffee table (how about some hot coffee, too?) and thank you, Santa. Love, Phillip Williford, 2315 Eighth.

* * *

Robert Adams, 8, of 1627-B Eighth, put a lot of extra effort in his letter to Santa by drawing on the bottom of his own well-written message. He asks St. Nick to bring him "two Roy Rogers guns and holsters. I want a wagon, too, and a football. Don't forget the other children. Don't forget my sisters (aren't sisters children?). I have been good."

* * *

"I love you Santa Claus. I am a big boy 8 years old. I have three little brothers. I want 2 guns and holster set. Jack T. is 4. He wants 2 guns and a cowboy suite. Joe Wayne is 3 years old. He wants 2 guns and a cowboy suite. Mickey Lloyd is 1 year old. Bring him 1 gun (just one for such a gun totin' family?) and a doll and what you think he can play with (how will he find time to play if he has to dodge bullets from six guns, pardner?). I want a cowboy suite to. Jack T., Joe Wayne, Mickey and Douglas S. Hensler, 2604 Forty-first."

* * *

Clayteon Parks, son of Mr. and Mrs. A. B. Parks of 3303 Twenty-fifth, laboriously printed this message to Santa on a sheet of his parents' best stationery. "Dear Santa, Please bring me a stopper gun and a football and o aiv (air) pump to pump up my bicycle tires. My little brother Don wants a hammer and some scissays (scissors) and some little baby puppies for his dog. (What does his dog want for Christmas?) I also have little baby brother since (Santa couldn't make this one out) last Christmas. Don't forget him. Love."

* * *

A flower pot was bought by Miss Rosemary Bourland of 2714 Thirty-fifth. It will be on the Christmas tree for a close relative. (Guess who).

* * *

Mrs. Ralph Stevenson of Abernathy was looking at toys.

* * *

Going to Pampa Christmas day will be Miss Juanelle Tisdel of Lubbock route 3.

* * *

Mr. and Mrs. H. J. Parker of Ft. Smith, Ark., will arrive this week to spend the holidays with Mr. and Mrs. H. L. McCandless of 1009 Forty-fifth and their daughter, Maxine. Mrs. Parker and Mrs. CcCandless are sisters.

THE QUESTION
How do you think that Christmas carols add to the Christmas spirit?
(All children answering this question are students at Sanders School).

THE ANSWERS

DOROTHY JEAN GAITHER, 109 Hub Homes, daughter of Mr. and Mrs. L. B. Gaither: "Carols help to cheer people up and make them happy, and Christmas is a time when everyone should be happy. The quieter carols remind us of Christ and that we should all go to church."

RICHARD HOPSON, 311 Hub Homes, son of Mrs. Anna Hopson: "I think that carols add to the Christmas spirit because they make people think about Christ and that makes them go to church. After all, the spirit of Christmas should be religious. I think that around Christmas times especially, people should go to church."

PEGGY JEFFCOAT, 619 Hub Homes, daughter of Mr. and Mrs. D. O. Jeffcoat: "I think that carols add to the Christmas spirit because they make us feel gay and happy. When I hear Christmas songs about Santa, I think about all the nice presents I'll get, and that makes me happy."

Beethoven and Mozart records already are scarce in South Africa, under the import ban.

SUE JANE McDANIEL, 505 Ave. D, daughter of Mr. and Mrs. W. L. McDaniel: "Christmas carols seem to make Christmas time gayer. They put joy into everyone's hearts. Some of the more religious carols make us think of Christ's birthday and remind us that we should go to church."

L. C. DENNIS, 118 Ave. H, son of Mrs. A. B. Dennis: "I think Christmas carols add to the Christmas spirit because they make you feel happy and joyous; Christmas is a time when everyone should be happy. They make you feel like doing something nice for someone, too."

HAROLD HALL, 421 Ave, F, son of Mrs. George Hall: "Christmas carols add to the Christmas spirit because they make you happy and glad. They make you think about all of the nice presents that you are going to give people and the nice ones you are going to get, too."

THIEF IS PARTICULAR

MOLINE, Ill. (AP)—Moline police figure the backyard thief who raided R. W. Jamison's washline was mighty selective.

Jamison reported $12 worth of his wife's underclothes were stolen from a clothesline. But the thief passed up a number of children's articles hanging on the same line.

Tech Concert Is Set Tonight

A packed auditorium of listeners is expected in the Lubbock High school building tonight for the annual Christmas concert of the Texas Tech department of music. Admission is free to the program, slated to begin at 8:15 p.m.

All four of the department's musical organizations will be included in the concert, marking the beginning of a campaign to bring recognition to Tech music as an entity rather than to each group individually.

Christmas carols, intermingled with spirituals and folk songs, will be included on the hour and a half program. Highlight will be the final number, an original arrangement by Pete Wiley, entitled "Christmas Fantasy," according to Dr. Gene Hemmle, head of the music department. The arranger is the son of Prof. D. O. Wiley, director of the Tech concert band, which will play the tune.

Besides the concert band, the Tech Men's Glee club, under direction of Richard Richards, and the Tech Choir and Campusaires, both directed by Dr. Hemmle, will will appear on the high school stage.

Dr. Hemmle will be making his debut as head of the department and as director of the two new musical organizations. Both the concert band and Glee club have established their names throughout the Southwest, while the other two groups have shown great promise in practice session tshis fall.

The Glee club will lead off the program, singing three spirituals, followed by the Tech Choir and three numbers. The Campusaires, an all-girl organization, will render two folk songs and a spiritual next, followed by the choir again with five Christmas tunes. Following intermission, the concert band will play five numbers, ranging from the "popular" classic to Wiley's fantasy.

U. S. AND BRITISH SHIPS WARNED
China Nationalists To Mine Coastal Areas By Wednesday

HONG KONG, Dec. 19 (U.P.)—The Chinese Nationalist government announced today that all ports on the China coast will be mined effective Wednesday to prevent British and American ships trading with the Chinese Communists.

With the last Nationalist mainland port lost to the Communists, the Nationalist foreign office in Formosa has warned foreign consulates to advise their ships to leave Communist ports before Tuesday.

Shippers Skeptical

A spokesman for the Nationalist cabinet said all Communist-held ports along a 2,000-mile stretch of coast from Yinkow south to the Luichow peninsula would be mined.

The announcement did not say just how the mines would be laid and shipping circles in Hong Kong were skeptical of the Nationalists' ability to lay a thorough screen of mines.

However, they pointed out that shippers would "think thrice" before ordering ships into mined ports, even though the mining threat might be largely bluff.

Blockade Penetrated

The cabinet spokesman said the mining of Communist ports was

GOOD CONSTRUCTION IS THE BEST BUY
Located on 25th St., in exclusive Tech Terrace. Owners offer their beautiful three-bedroom and two-bath home at a sacrifice price. It contains an abundance of closet and linen storage space, and is near Roscoe Wilson School and Shopping Center. Only $17,500 with a good loan.
ONE-HALF SECTION
320-acre farm near Lariat in Parmer county with 2 sets of good improvements and good 10" well, is being sold at a sacrifice price to settle estate. A loan of $19,600 has been approved, and the price is only $135 per acre. Immediate possession.
GOOD FARM AND GOOD HOME
The home won't make a farm, but it took a good farm to build this home. 160 acres good soil, and a modern six-room rock home. Better investigate this buy. $140 per acre.
SOME GOOD BUSINESS OPPORTUNITIES—
Among them one of Lubbock's better small laundries, making money. Owner will sell one-half interest. $3000 will handle—buyer take over management.

COMMUNISM STILL POTENT FORCE

Democracies Win First Round Against Reds In West Europe

By R. H. SHACKFORD
United Press Staff Writer

LONDON, Dec. 19. — The cold war is far from over but at the moment Communism is on the retreat in Western Europe.

The western democracies have won a round against the Russians in a two-year struggle west of the Elbe river. This does not mean Communism is a dead force in Western Europe. It is still a potent political factor in France, Italy and Western Germany, and it could rise again in those three countries to the position of influence it held in the immediate post-war period. An economic collapse would be its strongest ally.

Lose Cabinet Posts

Two years ago Communists held a total of 28 cabinet posts in Western European nations. Today they hold none. Two years ago there were 244 Communists holding seats in Western European parliaments. Today there are 217.

Reports from United Press correspondents throughout Western Europe show that these are the main reasons why Communist influence has declined:

1. The Marshall plan turned the tide in 1947-48 by demonstrating to the people that the democracies were vitally interested in feeding them and putting them back on their feet economically.

2. Many persons who were ready to swing either for or against the Reds became disgusted with Communist-inspired strikes and obstructionist tactics in the hard winters of 1946-47-48.

Some Triumps Too

3. The Catholic church's excommunication decree against Communism gave pause to many persons who were moving toward the extreme left.

4. Marshal Tito's split with the Kremlin indicated to millions that a man could defy the Moscow lightning and still survive.

5. The French government scored a success against a general strike in 1947.

Communism has had its triumphs as well as its defeats in Europe. Red regimes are firmly installed in all the satellite nations and any dissidents are promptly liquidated.

But the main battle ground of the cold war today is Western Europe and it is there that the democracies are winning.

In France, the Communist party organ L'Humanite recently deplored the fact that even threats of expulsion were no longer effective in maintaining interest and membership.

Setback In Norway

In Germany, the third largest stronghold of Communism in Western Europe, the West German elections indicated a small drop in support. The Communists obtained 1,360,443 votes whereas in previous local elections in the three western zones of Germany the Communists vote totalled 1,568,984.

The most startling setback for western Communism occurred in Norway where in 1945 Communists held two cabinet posts. Until this year the Communists held 11 seats in parliament. They were stripped of all parliamentary representation in this year's election.

Only in Austria has parliamentary representation increased, from four to five seats. But in this year's election the Communists combined with other extreme left wing groups to form the "left block."

Influence On Wane

Communists still gather lots of votes. But the next general election in France, their previous stronghold, is expected to show a tremendous drop — maybe nearly 50 per cent — from the 5,475,975 votes obtained for Communist candidates in 1946.

The Communist party membership is harder to pinpoint. But the Communists themselves admit growing apathy" among members in the west. Official and unofficial figures show a decline since the postwar peak period of probably about 500,000 Communist party members in Western Europe.

The statistical survey and recent trends showed that Communist membership, fellow-traveler support, political support at the polls, prestige, influence, and even participation in western governments all are at new postwar lows west of the Elbe.

China Ports

(Continued From Page One)

made necessary by persistent blockade running. Most successful in efforts to run the blockade have been ships of the American Isbrandtsen line and some British ships.

The U. S. State department at Washington warned American ships last Saturday that the Communist-held port of Shanghai now was a "danger area." It was presumed that the Nationalist decision to mine the coast had been communicated to the State department last week.

Many Homes In U. S. Termed Inefficient

MINNEAPOLIS, Dec. 19 (U.P.) — America's biggest "industry," the operation of its 42,000,000 homes, will waste at least $349,231,650 this year, according to an analysis just completed for a Minneapolis concern.

More than 54 per cent of the nation's homes, or 23,282,110, are at least 30 years old and original equipment is beginning to show the ravages of time, the survey disclosed. In a majority of these obsolescent houses, faulty plumbing and inefficient heating plants increase water and fuel expenses an average of 15 per cent a year, according to Tom McDonald, vice president of Minneapolis-Honeywell, for whom the survey was made.

Much of the waste is going up the chimney, according to a check of 42,000 furnaces which showed that less than 10 per cent of home heating plants are in "satisfactory" condition.

CHEERING ON

NEW YORK. (AP) — Spectator cheering at football games is an 80-year-old American practice, notes the National Geographic Society. On Nov. 13, 1869, when Rutgers and Princeton Universities met for the second intercollegiate grid contest in U.S. history, Princeton supporters invoked lungpower, shouting an old Confederate battle cry to urge their team on to victory. Princeton won, 8-0.

EAST OR WEST—MAIN STREET'S THE SAME AT CHRISTMAS TIME—From Ginza Street in Tokyo to "Petticoat Lane" on Middlesex Street in London, the world's shopping centers are all of a kind at Christmastime. At left above, Londoners by the thousands jam the famous "Petticoat Lane" looking for Christmas bargains. At right, a department store Santa Claus looks down on Tokyo's not-so-numerous Yuletide shoppers. Only a small percentage of the Japanese observe Christmas, but businessmen do their best to promote the holiday spirit by decorations such as these.

In the majority of towns in the United States, motorists read from the left and down when given printed instructions on usage of traffic lanes. For example, the good drivers of Fort Worth, Dallas, Houston etc., read "Left Turn Only" when reading down as they were taught to do in grammar school. Here a motorist reads "Only Turn left," which has the same meaning but creates confusion, according to some local drivers.

Town Will Revert To Frontier Days

TOMBSTONE, Ariz., Dec. 19 (U.P.) —This Arizona town, famed as the last frontier of the 1880s, has undertaken a drive to restore its Western atmosphere.

A civic committee has been set up to make the fabled "town too tough to die" the "Williamsburg of the West."

The committee plans to enlist the aid of merchants in the restoration program. Store fronts will be restored to the 1880 mode, wooden sidewalks laid and advertising signs taken down. All overhead utility lines will be removed and placed underground.

YEMEN POPULATION HIGHER

CAIRO. (AP)—The population of the Kingdom of Yemen in southwest Arabia has reached 4,500,000 a high Yemen official said here. The isolated Kingdom is one of the least known areas in the world. Most standard reference books had calculated the population at 1,000,000 less than the correct figure, the official said.

Owner OF Adolph Hitler's Car Using Vehicle To Aid Charity

CHICAGO, Dec. 19. (U.P.)—Christopher G. Janus, who bought Adolf Hitler's personal armored automobile, is getting a big kick out of using the car in a way "I'm sure Hitler would not have liked."

Already the powerful automobile, which has toured the country in exhibitions, has grossed more than $100,000 and benefited 40 charities and worthy causes.

"My aim in putting the car on exhibition," Janus said, "was in addition to recovering my investment, to have the car do some good.

"I felt the more good it did, the worse Hitler would have liked it. In fact, most of the things I did, I'm sure Hitler would have not liked."

Here are some of the ways in which money earned by the car was used:

Greeks Aided

For six poor Greek students, whose families were murdered by the Nazis, to go to Athens College, an American institution in Greece.

Clothes for displaced persons in Bay City, Mich.

Three Jewish boys sent to a camp last summer in Palatine, Ill.

Recruiting aided in the U. S. Army and Air Force in New York.

School books for poor children in Montgomery, W. Va.

Rehabilitation of war veterans in several hospitals, and a wedding gown for a needy Greek girl whose parents were killed during the war.

Helped to build a barn on a poor boys farm in Macon, Ga., and a bank in Montezuma, Ga.

Uniforms for the Lions Boys club in Miami, Fla.

Upkeep Is High

Janus said the car still runs well, but averages only 3½ miles to a gallon of gasoline.

"We have spent more than $2,500 for repairs," he added.

Some of the charities have exhibited the car on an admission basis, while others asked for donations. All aid has been offered without regard to religion, race, color or creed.

Janus said he is greatly amused at the numerous threats and warnings he has received from people all over the world.

"They say that Hitler's ghost is lurking in the car and one day will get even with me," he observed.

Of all the students enrolled in U. S. correspondence schools, more than 85 per cent are studying vocational courses.

Four Wounded In Gun Battle

HALE CENTER, Dec. 19 (Special)—A gun battle in a lumberyard here between 2:30 and 3:30 p. m. Sunday, sent four Latin-Americans to the hospital, and another to the county jail in Plainview.

All the injured men are Hale Center residents. Two have been admitted to Hale County Co-operative hospital for treatment, but their conditions are not considered serious. The other two were treated and released.

The man arrested was described by Sheriff Ted Andrews, of Plainview, as 25 years of age, and a resident of Littlefield. No charges had been filed this morning.

Deputy Sheriff Cleatus Dyer, who halted the gun battle by talking with the men, said only two guns had been found. One was a .32-caliber automatic taken from the man arrested. The other was described as a .38-40 rifle, which Dyer found just outside the lumberyard after stopping the shooting. He said that still another weapon used in the gun fight, a .38 pistol, still was missing.

Hospital attendants reported their records showed those hospitalized with gunshot wounds and other injuries were Fidel Flores, 37, who suffered the loss of a little finger, and Juan Aguilar, who suffered a wound in the thigh. Treated and released were Ben Flores, brother of Fidel, who suffered facial abrasions, and Joe Hernandez, who had suffered wounds in both arms and a head injury.

Kenneth Masters, a blacksmith in Hale Center, called Dyer to the scene of the gun fight. Masters said he saw two men circling around each other in an ominous manner when he drove up to the H. H. Craddick service station on the highway in the north part of town, to see about some repairs on a car.

"The attendant was trying to call the law," he said. "I remembered having seen the deputy's car parked downtown, so I went after him. As I left, a third man took sides with one against the other."

Masters found Deputy Sheriff at a cafe where he was checking on a disturbance. Questioning of several persons later indicated that the disturbance in question was an altercation among the five men that had started in the cafe and then moved to the lumberyard, he said.

Men Heard Shots

Dyer said he and Masters heard shots as they approached the service station, and discovered that a gun battle was raging in the R. B. Spencer and company lumberyard, about 200 yards south of the service station on the highway.

He covered several of the group, and talked them into giving up, Dyer said. Masters then took the most seriously wounded to the hospital.

Japanese War Bride Will Leave America

HINTON, W. Va., Dec. 19 (U.P.) — There's no place like home, a Japanese war bride has concluded.

Even if it means leaving this land of plenty, she wants to go home.

Cheyoko Harvey has lived with the mother of her soldier-husband here for almost a year but she feels she's too far away from where she spent her life to enjoy it.

"She's homesick," the mother-in-law volunteered when the girl filed for permission to return to Japan. Her husband's still there.

Phone Firm Reports Rate Boosts Costly

WASHINGTON, Dec. 19 (AP) — The Chesapeake and Potomac Telephone Co. says it needs more money—but not enough to boost pay phone charges to 10 cents.

John M. Howard, general commercial manager, testified at a District of Columbia Public Utilities Commission hearing that it would cost $500,000 to convert the coin boxes. The increase might cut pay phone business 25 or 30 per cent, he said, and the result would be about a draw.
