## JAPANESE DENY RUMOR OF WAR

Declare That Story of Their Declara-  
tion War Against China Anti-  
Japanese Propaganda

### BRITISH CENSOR NEWS

Hong Kong Under Emergency Control  
With Mails and Cables Under  
Censorship—Strike

By United Press.

LONDON, June 23.—A Central  
News Tokio dispatch quotes the  
Japanese foreign office as deny-  
ing the rumor that Japan had  
declared war on China. This, it is  
declared, was merely anti-Jap-  
anese propaganda.

### British Grip City

By United Press

HONG KONG, June 23.—This city  
today is under a strict emergency con-  
trol censorship applied to mails and  
cables.

Police control food, fuel, vehicles  
and private premises.

This action is taken as a result of  
the recent strike and prevents the ex-  
port of anything beyond gold and sil-  
ver and foodstuffs.

The action of the state authorities  
is in answer to the activities of  
so-called "Dare to Die" corps.

The censorship is applied to both  
English and Chinese and is taken to  
indicate that the British desire to shield  
happenings in the city from the out-  
side world.

### Urge Philippine Strike

By United Press.

MANILA, P. I., June 23.—A definite  
move to extend the Chinese anti-  
foreign drive to the Philippine Is-  
lands was revealed here today. Cable  
dispatches from Chinese radicals in  
Shanghai to Chinese here have been  
intercepted.

Manila Chinese were urged to de-  
clare a general strike on June 25. Chi-  
nese leaders in the Philippine Islands,  
however, declare they are unwilling to  
take such action, but admitted their  
sympathy of the homeland movement.

The Chinese strike has hit Philip-  
pine's trade with China. Custom of-  
ficials stated that collections are fal-  
ling off rapidly. Ship sailings from  
here to Hong Kong have been can-  
celed but vessels moving are bound di-  
rect to Shanghai pending a settlement.

### To Settle Strike

SAN FRANCISCO, June 23.—A  
new conference has been arranged be-  
tween China and the foreign powers  
for the settlement of the Shanghai  
strike, a local Chinese newspaper  
here told the United Press it had learned  
today.

The government has agreed to the  
plan and proposed to appoint C. T.  
Wang and W. W. Yen as Chinese  
representatives.

A Hong Kong cable to the news-  
paper said the Chinese banks in that  
city had closed out of sympathy to  
the Shanghai strike. The British gov-  
ernment of Hong Kong has restricted  
to five dollars, the amount of money  
any persons may send out of the city.

### Pack Orphan's Box

The members of the First Baptist  
church missionary society met Monday  
afternoon at the church and spent the  
whole afternoon receiving packages  
and packing a box of summer clothes  
for the children at Buckner's Orphan  
Home. The box was valued at \$58.  
A cash gift will follow in a few days,  
according to Mrs. Olla Miller, who  
has charge of the work.

Mrs. J. D. Falkner and two daugh-  
ters, Misses Linnie and Inez, visited  
relatives at Colorado Sunday.

## DIES AT AUSTIN

George H. Sparenberg, Austin Post-  
master and For Many Years  
Resident Big Spring, Dead

Word of the death of George H.  
Sparenberg, postmaster of Austin late  
Monday has been received by M. B.  
Howard here. Mr. Sparenberg dropped  
dead in front of his office from  
cerebral hemorrhage.

He was well known in West Texas,  
the family having resided in Big  
Spring for the past 40 years, serving  
as postmaster there for 16 years. The  
Sparenbergs moved to Austin six  
years ago and he had served as post-  
master there for three years. He at-  
tended the convention of Rural Car-  
riers in Sweetwater May 30, appear-  
ing in the best of health at that time.  
The Sparenberg and Howard families  
have been intimate friends for the  
past 30 years.

## For 60 Years

Dr. John Harvey Scott has been  
head of the department of mathe-  
matics at Westminster College, Ful-  
ton, Mo., for 60 years. He also  
taught there for three years while  
still in college, making a total of 63  
years.

## WIFE IN WAY OF RICH MERCHANT

Charles B. Davies Retired Merchant  
Of Concordia Hired Gunmen To  
Murder Wife—Charged

### GANG BLACKMAILS HIM

Attack on Wife Fails But Attempts  
To Extort Money Leads to Final  
Confession of Crime

By United Press.

KANSAS CITY, June 23.—  
Charles B. Davies, Concordia,  
Kansas, prominent retired mer-  
chant was out on bond today fol-  
lowing his arrest last night on  
charges of hiring a group of gun-  
men to slay his wife, according to  
a copyrighted article in the Kan-  
sas City Journal Post.

Half a dozen members of the gang  
that attempted to kill Mrs. Davies  
are under arrest and officers are search-  
ing for 10 more said to be implicated  
in the paper states.

The Kansas City newspaper relates  
that Davies conspired with the men,  
hiring them to kill his wife in order  
that he could get her money and mar-  
ry another woman.

The attack was made the night of  
October 14, 1924 the article continues.  
Four gangsters were hidden in the  
Davies home and attacked Mrs. Dav-  
ies, beating her and leaving her for  
dead. Davies called police, saying rob-  
bers attacked him and killed Mrs. Dav-  
ies, who recovered however.

The gangsters began extorting  
money from Davies. He finally be-  
came desperate and the confession fol-  
lowed.

## GIVE TO CHURCH

Business Men of City Aiding in  
Construction Lamar Street Baptist  
Church Parsonage

Business men of Sweetwater are in-  
terested in the building of the pastor's  
home of the Lamar Street Baptist  
church if their contributions are to be  
taken as a fair criterion. Practically  
every one who has been solicited has  
helped. The total amount pledged and  
paid is \$649.00.

Those who have made contributions  
thus far, not including the member-  
ship of the church are as follows:

C. L. Freeman, J. R. Cornelius,  
Glass Grocery, Pace Bros., Pigzly  
Wiggly, Glenn Bardwell, D. M. Mizell,  
A. B. Alldredge, G. H. Graves, A. B.  
Walker, Gus Farrar, Miss Elliott,  
Judge Mauzey, I. W. Brashear, Dan  
Childress, J. J. Robbins, Gray Com-  
pany, Bryant Lumber Co., Dabney Mo-  
tor Co., Burton-Lingo Co., Higginboth-  
am-Bartlett Co., G. N. Koerth, W. H.  
Jobe, Tom Choate, H. E. Polk, R. An-  
drews, Bud Brown, G. D. Felton, J.

Garage, Modern Tire Service, C. F.  
Rogge, Walter Carter, Dr. P. T. Quast,  
J. H. Coker, Jr., T. T. McCord.

Other business men and friends  
of the church will be seen and reported  
later. All business men have not been  
given an opportunity to subscribe and  
therefore their names do not appear.  
Members of the church wish to thank  
these and any others who may help in  
the near future. It is the plan of the  
building committee to begin construc-  
tion about July first.

### Board at Work

The City Board of Equalization

and M. C. Manroe has begun its work  
of equalizing tax values in the city.

## JEFF BRIMBERRY RECEIVES PARDON

Man Confessed to Holding Wife Under  
Water Till She Drowned Freed  
By Governor

### SENTENCED FROM COLORADO

Case Moved To Mitchell County—  
Had Served About 8 Years—Feel-  
ing Was High Here

Recent Press clippings carry the  
news of the pardon of Jeff Brimberry  
Nolan county man who was sentenced  
to a life term in the state penitentiary  
for the murder of his wife. Brimberry  
was tried at Colorado where the trial  
was moved and had served approxi-  
mately 8 years when pardoned last  
last week by Governor Ferguson.

A Press story stated the pardon was  
recommended by the County Judge of  
Mitchell county and several Colorado  
citizens.

The murder is said to have been the  
coldest blooded killing in the history  
of this county. In Brimberry's con-  
fession following his arrest by Sheriff  
Yarborough here some time after the  
murder he stated that he and his wife  
went to a creek near their home on  
Oak creek, south Nolan county, ostensibly  
to fish. Brimberry hunted a deep pool  
of water, he said, and shoved his  
wife into it.

It was only a little over waist deep,  
however, and he jumped into the  
stream, held his wife's head under the  
water until she was drowned, and then  
dragged her ashore. He threw the  
body in the back of a hack,  
brought it to Sweetwater and shipped it  
to her relatives. He did not accom-  
pany the body on the train.

It was several days later that of-  
ficers began to doubt Brimberry's  
story that his wife drowned when she  
fell into the creek. He was arrested  
and his confession followed.

W. W. Beall of Sweetwater was  
district judge at that time and tried  
the case. W. P. Leslie, now district  
judge, was district attorney then and  
prosecuted the case. Friendless and  
penitent, Brimberry was defended by  
an attorney appointed by the state.

He had not lived in this county long,  
it is stated having moved here from  
east Texas. He had been married only  
a short time when he committed the  
unusual murder which aroused great  
interest and high feeling in this sec-  
tion at the time.

## WOMEN CONFESS TO KILLING MAN

Mrs. Frank Howard and Mrs. Elsie  
Lott of San Francisco Held—U.  
S. Customs Guard Slain

### SELF DEFENSE IS CLAIM

Say Battled to Protect Selves—Victim  
Found in Elevator Apartment  
House—Died Later

By United Press.

SAN FRANCISCO, June 23.—  
Claiming self defense Mrs. Frank  
Howard and Mrs. Elsie Lott were  
held by police today in connection  
with the slaying of Albert Anderson,  
U. S. customs guard.

Through their attorney, the women  
announced they would admit the crime  
but that they battled only when it be-  
came necessary to protect their lives.  
Anderson mortally wounded, was  
found in the elevator of a fashionable  
apartment house Sunday night. He  
had been struck on the head and stab-  
bed in the chest. He died on the way  
to a hospital without recovering con-  
sciousness.

## HALT CEDAR FIRE

Ranchmen in Barton Springs Section  
Check Flames That Swept Through  
Cedar Forest

By United Press.

ANSTIN, June 23.—Fire which  
broke out in the cedar forest east of  
Barton Springs was extinguished  
Monday night before serious loss re-  
sulted.

The fire was said to have started  
from a brush fire Monday morning,  
but before nightfall ranch owners in  
that vicinity had succeeded in check-  
ing the flames.

Mr. and Mrs. Olem Melvane and  
children have returned to their home  
at Haynesville, La., following a visit  
here with her brother, P. M. Daniel  
and family. They visited at several  
other West Texas points during the  
past three weeks.

## Heads Scouts

James J. Storrow  
Newly-elected President of  
the Boy Scouts of America

## ELECT STORROW

Boston Man New Head of Boy Scouts  
of America—Elliott of Colorado  
Returns From Session

NEW YORK, June 23.—James J.  
Storrow of Boston was unanimously  
elected president of the Boy Scouts of  
America at their fifteenth annual  
meeting at the Hotel Commodore, in  
this city, by the 350 delegates assem-  
bled from all parts of the country.  
This is the first occasion in the his-  
tory of the great boy movement that  
a change in the presidency has been  
made, for Mr. Colin H. Livingstone of  
Washington has been reelected to this  
important responsibility each year  
since its organization, he having been  
one of the sponsors of the movement  
in this country.

The new president has been closely  
identified with the Boy scout move-  
ment for a number of years, having  
been a member of the executive board  
of the national council for the past six  
years, and chairman of the region  
covering all of the New England  
states.

Mr. Storrow is a member of the  
banking firm of Lee, Higginson & Co.,  
chairman of the board of the Nash  
Motors company, and director in many  
business corporations.

Notwithstanding the many responsi-  
bilities of an active business life, Mr.  
Storrow has always taken a great in-  
terest in public affairs.

He is a great lover of outdoor life  
and several years ago went on a  
camping trip beginning in the Grand  
Canyon in Arizona and terminating at  
the Glacier National Park in Montana,  
but his favorite recreation ground has  
always been the White mountain re-  
gion of New Hampshire, in which he  
has taken camping trips annually for  
many years.

Mr. Storrow has always taken a  
great interest in work for boys. About  
20 years ago he established a boys' club  
in the west end of Boston, which he  
still maintains, as well as a sum-  
mer camp in Maine which is run in  
connection with the boys' club.

Rev. W. M. Elliott, Colorado, Texas,  
president of the Buffalo Train council,  
has lately returned from New York  
where he attended the fifteenth an-  
nual council meeting as a representa-  
tive of this council.

### Caught Big Fish

That all the big fish are not caught  
by the men, was proven by Mrs. Tom  
Farris, when she landed a six pound  
drum on the San Saba river a few  
days ago. The fish broke her fish-  
ing rod before it could be towed to  
land.

Mr. and Mrs. Tom Farris and chil-  
dren and Dr. and Mrs. W. F. Pool re-  
turned Saturday night from a week's  
camping and fishing on the San Saba.

## BOOGER RED IS READY FOR PICNIC

Rodeo Manager Announces Pens And  
Chutes At Park Ready For  
Celebration Performances

### BUCKING HORSES HERE

Many Wild Horses Sent Here For  
Picnic—Plan Novel Stunts—Seale  
Girls To Ride

Chutes, corrals and pens for Booger  
Red's Rodeo have been built in Sweet-  
water Park at the picnic grounds and the  
rodeo manager stated Tuesday that as  
far as he was concerned, the Sweet-  
water Fourth of July celebration could  
begin at any time. Everything is in  
readiness, the cowboy declared, for  
staging the best five rodeo perform-  
ances ever seen in this section of west  
Texas.

Booger Red's attractions will be  
presented in five performances. The  
first will be Thursday night, July 2.  
Afternoon and night rodeos will be  
held on Friday and Saturday, July 3  
and 4.

"We have more bad, bucking horses  
than have ever been gathered together  
before in West Texas," Booger Red  
said today.

The rodeo manager added that many  
wild horses had already been  
shipped here and that more were com-  
ing in daily.

Beside the usual rodeo attractions  
of bull dogging, wild horses and mule  
riding, goat roping, and steer riding,  
Booger Red has arranged for a num-  
ber of novel attractions.

The Seale sisters of Baird, Billy and  
Curly Seale, known to rodeo fans  
throughout the south, will be here for  
the rodeo. Both are champion steer  
riders, bronc riders and fancy riders,  
and have appeared at the Fort Worth  
Pat Stock show rodeo many times.

A "Bucking Ford" will be a novel  
feature, and cowboy clowns will add  
fun to the entertainment.

"Everything is ready to step on the  
gas," the sun-faded little cowboy de-  
clared Tuesday. "The whole gosh  
dar outfit is ready to go." Booger  
went on, "and we will have a rodeo  
here next month that will be second  
to none."

Mrs. K. M. Hodges is now located at  
Colorado Springs, Colo., for the sum-  
mer and taking a special course in  
English and physiology at the univer-  
sity summer session. She states that  
lots of Texas teachers are summer-  
ing in Colorado this year.

## GIVES OPINION ON NEW TRAFFIC ACT

City and County Officers Not Affected  
By Statute Relative to Traffic  
Arrest Says Moody

### WITH COMMISSIONERS COURT

Body May Employ Highway Officers  
If Necessary—Provision in Act  
Declared Void

By United Press.

AUSTIN, June 23.—City traffic of-  
ficers and other county and city peace  
officers are not affected by the recent  
act of the legislature relative to the  
arrest of speeders and other traffic  
violators on public highways attorney  
general Dap Moody ruled today in an  
opinion given the county attorney of  
Johnson county.

The act became effective June 18.

The opinion held that the statute  
has vested the commissioners courts  
with authority to employ not more  
than two regular highway officers,  
and not more than two additional of-  
ficers for special emergencies, but the  
statute does not make it mandatory  
that such officers be employed, and it  
is within the discretion of the commis-  
sioners court whether they employ  
them or not as they may see fit, and  
to dispense with their places if they  
have been employed.

"Other officers than these highway  
officers, are not deprived of their au-  
thority to make arrests as provided  
for by law for violations of laws on  
highways in the state, notwithstanding  
the act of the Thirty-ninth legisla-  
ture purporting to deprive them of  
this authority," the opinion said, "the  
latter provision being void because it  
was not purporting in the title of the  
act and therefore is contrary to the  
constitution."

Mr. and Mrs. J. H. Snell and son,  
Billy have returned from George-  
town, where they had gone to wit-  
ness the graduation of their daughter,  
Miss LaNell Snell, at the Southwest-  
ern university. Miss Snell returned  
home with her parents to spend her  
summer vacation here.

## Kellogg's Aid

Edwin Olds is going to re-  
sume a partnership that was inter-  
rupted when Frank B. Kellogg of  
Minnesota went to London as Ameri-  
can ambassador over a year ago.  
Kellogg is now secretary of state  
and Olds, his former law partner,  
was appointed by President  
Coolidge as assistant secretary.

## SHEPHERD DENIES MURDER OF WARD

Defendant in Gera Murder Trial  
Takes Stand Today And Enters  
Complete Denial of Crime

### NEVER SAW FAIMAN

Declares He Had Never Seen Presi-  
dent of "University of Sciences"—  
Court Room Crowded

By United Press.

CHICAGO, June 23.—William  
D. Shepherd today took the wit-  
ness stand to deny charges that he  
had killed his millionaire ward,  
Billy McClintock. His face was  
drawn and his broad shoulders  
sagged but his eyes beamed with  
pleasant anticipation of "complete  
vindication" as he walked to the  
witness chair high above the  
crowded court room.

"State your name," William Scott  
Stewart, Shepherd's chief counsel  
said.

"William Darling Shepherd," he re-  
plied in a slow, even voice.

Shepherd then entered a complete  
denial that he murdered Billy McClin-  
tock.

"You are an inmate of the county  
jail, charged with the murder of Wil-  
liam Nelson McClintock?" Stewart  
asked.

"I am."

"Did you murder William Nelson  
McClintock?"

"I did not," Shepherd replied, his  
words coming in sharp accents.

"Your indictment further charges  
that you murdered William Nelson  
McClintock by inoculating him with  
typhoid germs. Did you do this?"

"I did not."

"The indictment further charges  
you poisoned William Nelson McClin-  
tock by means unknown to the grand  
jury. Is that true?"

"It is not."

Shepherd then entered an equally  
positive denial that he had ever seen  
Dr. Charles Faiman, young president  
of the "National University of  
Sciences" who confessed complicity in  
the alleged murder plot by giving  
Shepherd three tubes of typhoid  
germs with which to inoculate young  
McClintock.

## DEPUTIES FIGHT

Free For All Fist Fight Breaks Out  
in Chamber of Deputies During  
Moroccan Debate

By United Press.

PARIS, June 23.—A free for all fist  
fight broke out in the Chamber of  
Deputies during the course of a Mo-  
rocan debate, when communist deputy  
Doriot urged a class war to end the  
capitalist war.

This followed a verbal clash be-  
tween the communists and the rest of  
the house after Premier Painleve in  
the course of a statement on the Mo-  
rocan warfare had declared that the  
communists approved Krim's warfare  
and hoped for triumph against  
"French imperialism" and cries of  
"kick them out" had been leveled at  
the communists.

## WILL ASK CITY TO GRANT BAND AID

R. C. D. Committees Will Appear Be-  
fore Commission to Ask Co-opera-  
tion in Support of Band

### SPONSOR YARD CONTESTS

Board Will Offer \$50 in Prizes For  
Prettiest Yards By August 3—  
Name Chairman

A committee from the Board of City  
Development will appear before the  
City Commission at its next meeting  
to lay the hand situation before that  
body and to ask the commission, in be-  
half of the whole board, to continue  
the appropriation which has aided in  
covering expenses of maintaining the  
band in Sweetwater. This committee  
was named by J. P. Majors, president  
of the board at a meeting Monday  
night after the band situation had  
been thoroughly discussed, and is com-  
posed of Walter Bothe, Louis Galbraith  
and H. B. Allen.

M. C. Manroe and Roy Costephens,  
experienced bandmen, appeared before  
the board Monday night at the request  
of that body, and reported on the band  
situation. It was the opinion of both  
Manroe and Costephens that the boys  
band should be continued in Sweet-  
water.

"It is worth all it costs to the city  
to give the boys a musical education  
and to keep them off the streets two  
or three nights a week," Manroe de-  
clared.

Costephens said that all money so  
far spent in training the boys and pre-  
paring them for band work would be  
practically wasted if the city allowed  
the work to drop at this point.

It seemed to be the wishes of a ma-  
jority of board members present that  
a competent band director be secured,  
and that the boys band be continued,  
and that the director might devote a  
small portion of his time, in addition  
to managing the boys band, to work  
with an adult band if such a band was  
organized.

The band has in the past been sup-  
ported by the board and by the city,  
each bearing one half of the expenses.  
It will be the purpose of the board  
to ask the commission to cooperate  
with them in supporting the band, and  
to continue the appropriation for the  
city's part in paying band expenses.  
It was brought out at the meeting  
that a legislative act makes it possible  
for the city commission to levy as  
much as a three mill tax for maintain-  
ing a band.

The board Monday night endorsed  
a Beautiful Yard contest over the city,  
and voted to give \$50 in prizes for the  
best kept and most beautiful yards.  
The contest is now open and will close  
August 3. This will allow sufficient  
time for all residents to begin work  
on their premises, improve and beautify  
their yards and work for the  
prize money. The city will be divided  
into sections of zones, and a set of  
prizes will be given in each zone.

President Majors named the chair-  
men of thirteen standing committees  
at the Monday night session. These  
chairmen will have in hand the work  
of promoting the projects which they  
head, and will appoint as their com-  
mittee, Sweetwater citizens outside  
the board of city development. The  
chairmen were named according to a  
written report turned in by each one  
concerning the work most needed, in  
Sweetwater. The chairmen, the names  
of their committees follow:

Budget and Finance, George Willis;  
Trade Extension, J. H. Hubbard;  
Streets and Highways, Lang Aycock;  
Commercial and Industrial, C. S.  
Boyles; Publicity, George McKnight;  
Traffic and Transportation, J. H.  
Snell; Stock Raising and Fair, Walter  
Bothe; Conventions and Entertainment,  
Louis Galbraith; Health and  
Sanitation, Dr. R. Allen; Parks and  
Civic Improvements, George Parker;  
Agriculture and Rural Relations, L.  
Fabry; Educational, B. M. Nebbett;  
Municipal Affairs, E. E. Roy.

The president and vice president, J.  
P. Majors and H. B. Allen, will work  
with all committees and were not  
named chairmen.

### Lamar St. Society Worked

The members of the Lamar Street  
Baptist Missionary society met Mon-  
day afternoon at the home of Mrs.  
Brent Richardson and turned their  
talents toward seeing who could do  
the prettiest quilting work. One quilt  
was completed and has been sold for  
\$5.00 and the money will be turned  
into their society treasury.

There were ten ladies present.

**ERRORS**

The Star-Telegram carries a news story about the Sweetwater Postoffice going into the first class rank and heads it "Sweetwater to become second class postoffice."

A few days ago the Fort Worth Record had an extensive item on road improvement work in West Texas and had issues of varying sizes voted for the work with never a mention of Nolan county, which has a road improvement program of greater proportion than all of those considered in the item.

The news of the day is a tricky thing and newspaper editors are no more infallible than anybody else. The only trouble is everybody knows about a newspaper's mistakes and very seldom hears about those of the other fellow.

Lady Says Her Back "Hurt Night and Day"—Least Noise Upset Her. Better After Taking Cardui.

Winfield, Texas.—"My back hurt night and day," says Mrs. C. L. Eason, of R. F. D. 1, this place. "I ached and ached until I could hardly sit. I felt weak and did not feel like doing anything. My work was a great burden to me. I just hated to do up the dishes, even. I was no-account and extremely nervous."

"My mother had taken Cardui and she thought it would do me good, so she told me to take it. My husband got me a bottle and I began on it. I began to improve at once. It was such a help that I continued it until after the baby's birth."

"I took eight bottles and I can certainly say that it helped me. It is a fine tonic. It built me up and seemed to strengthen me. I grew less nervous and began to sleep better."

"I can certainly recommend Cardui to expectant mothers, for to me it was a wonderful help. . . . In every way I felt better after taking it and I think it is a splendid medicine."

Cardui is purely vegetable, and contains no harmful drugs. For sale everywhere. NC-162

**Presbyterian Church Auxiliary**

The ladies of the Presbyterian church auxiliary met Monday afternoon at the church and enjoyed their monthly missionary program, which had been arranged by Mrs. Wiggins.

The program subject was "Mission Schools," with Mrs. Jay Ingram, Mrs. C. A. McCorkle, Mrs. Neinst, and Mrs. J. E. Barriek taking different phases of the work as their subjects.

Following the close of the program, Mrs. Ste Edwards, vice president took the chair, and called for a short business session, during which the auxiliary voted to take a partial vacation until the first of September. They will meet only twice a month on alternate Mondays. The second Monday afternoon to be Bible study and the fourth to be designated, Missionary program day.

**The Gleaner's Society**

Mrs. Chisolm, was hostess Monday afternoon, at a meeting of the Gleaners' Missionary society of the Methodist church, with a good number answering to roll call.

Mrs. P. G. Dabney directed the Bible study from "The Life of Christ." During the social hour following, Mrs. Chisolm served plates of sandwiches and iced tea.

**Ouch!**  
A touch of rheumatism Flush it out

That pain you call rheumatism is caused by acids and poisons in the system. The kidneys and pores should remove them. But cold or dampness may close the pores. Then the kidneys, overtaxed, may grow sluggish and rebel.

One must remove those poisons, and the way is this:  
Drink plenty of water—many glasses a day. To the morning glass add a little Jad Salts. That makes an effervescent drink.

Jad Salts is made from the acids of grape and lemon juice combined with lithium. It is made to stimulate the organs of elimination.

Results usually come in one hour. The poison removal starts. Do the same every morning for a week. A large amount of poison will disappear in that time. We believe you will find relief.

Remember those results. At the first twinge of rheumatism start on water and Jad Salts. Countless people save much suffering in that way.

### TO EAT CHICKEN

County Women To Raise Funds For Prize Winning Members.  
The big fried chicken dinner to be given by the ladies of the Nolan county home demonstration clubs on Saturday, June 27, is the first day on the summer program of big events to take place in Sweetwater.

All plans are being rounded out and Saturday promises to be the day when all the business men and women of the city can get all the fried chicken they can eat. The dinner will be served in the banquet room at the Wright hotel and hot biscuits from the baking contest will be served, among the other good things accessory to a "good old fashioned chicken dinner."

The dinner will be served under the auspices of the Nolan County Federation of Clubs, for the purpose of raising funds to send the prize winning women and girls to College Station.

### Itching Stops instantly

Itching skin, broken, pimply or inflamed skin—you will never suffer troubles like that when you know.  
Modern science, by decades of study has learned how to deal with such troubles. How to relieve instantly, how to start healing at once. And how to bring complete results so quickly they amaze.  
The basis, of course, is sulphur. We can never hope to find a factor which so quickly destroys skin parasites. But men have found new ways to give it multiplied effects.  
The new-day method is called Menthosulphur. It combines the best all science has developed. To countless people it has shown the way to avoid all skin afflictions.  
Ask your druggist for a jar of Rowles Mentho-Sulphur. Then you are doing the utmost, and that utmost will amaze you. We believe that never again will you let a skin trouble annoy you for a day.

## Christian Aid Society

The members of the First Christian Ladies Aid society met Monday at the church, with 12 present. Dr. McKissick led a very instructive Bible study and Mrs. W. G. Davis, presided over a short business session. It was decided to devote the second Monday in July to a social meeting. Mrs. Lang Aycock will be hostess and invites every member of the aid society to be her guests on that day.

## YOU HATE TO LOOK AT AT A PIMPLY FACE

There is perhaps nothing more distressing to people who are bothered with them, and surely nothing as displeasing to others who see them, as pimples, blotches, bumps, rash, scrofula, eczema, "breaking out" and similar skin disfigurements.

But now that Black and White Ointment, and Soap, are proving to be so dependable in quickly getting rid of these diseases of the skin, it seems foolish for people to neglect using them and making themselves attractive to others instead of being slighted all the time.

All dealers have Black and White Ointment, and Soap, in the convenient low-priced liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size.—Adv.

## What Causes Holes in Cheese Mystery Is Solved

Experimenters in the department of agriculture are reported to have discovered that special curing processes and preparation of the curd, cause the holes in Swiss cheese. The product is now being supplied to employes at a cost of about twenty cents a pound for material. The expense of the experiments, which were started nearly ten years ago, is being recovered by the sale of the cheese. The demand for it is so great that orders are rotated according to a system which permits all employes to make purchases.

## Sailboat with Two Hulls Keeps Better Balance

Built upon two pontoons bridged together, a novel sailboat devised by Italian enthusiasts is said to have a safe speed of twenty-four knots in brisk winds, to keep bet-

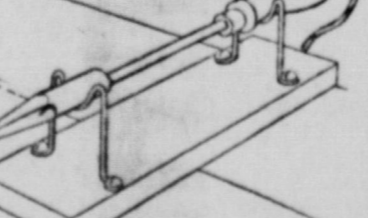

ter balance than ordinary models and to be practically non-capsizeable. When one side rises clear of the water, the other remains securely on the surface. The pontoons practically act as outriggers, but do not interfere with handling the boat, and when the craft rides on a single float, head resistance is decreased, it is claimed, especially in rough seas.

## Cleaning Paintbrushes

By using the following method paintbrushes can readily be cleaned and kept soft and pliable without keeping them in oil or water. When finished with the brush, clean it in gasoline; about two-thirds of a cupful is enough. Pour some clean gasoline on the brush and hold it in front of the nozzle of a garden hose or other strong stream of water, turning the brush around several times to wash out the gasoline. With the removal of the gas, every trace of the paint will also disappear. The brush is then laid away to dry, and it will be soft and clean for the next job. Even if used in black paint a brush will not soil a clean piece of paper when rubbed over it, after having been thoroughly cleaned and dried in this way.

## Easily Made Soldering Rest

The fan who has burned a spot on the top of his table when building a radio set by absent-mindedly putting down the hot soldering iron on it, appreciates the advantages of some sort of rest for the iron. It is a very simple matter to make a practical rest from a couple of short lengths of left-over busbar wire and a

piece of wood. Eyes for screws are bent at the ends of the wires, and the middle parts formed to a Y-shape in which the iron rests as shown in the illustration. The supports are fastened to the wood by means of screws driven through the eyes, as indicated.

**Mowing Lawn Banks**

With the aid of an additional handle on the lawnmower, the difficulty of cutting grass on banks is considerably reduced as it permits the worker to remain on top of the lawn yet hold the mower at the proper angle. The extra handle, about 8 ft. long, is screwed to the underside of the regular handle, and a brace is nailed between the two, as shown. The

## Tubes That Won't Burn Out

Vacuum tubes for radio sets of the future may have their life prolonged indefinitely by a new filament which works at a temperature much lower than the ordinary bulbs. The material, which was described by Dr. Irving Langmuir, of the General Electric company, accomplishes its purpose without heating to a glow, and even in a dark room does not appear red under operation. By the addition of a small amount of thorium, combined with several gases, to the tungsten used in the tubes, the filament is made to operate at temperatures far below the usual danger point, avoiding overheating to the burning-out stage.
