

DAWSON COUNTY TO HAVE FAIR IN SEPTEMBER

Prizes To Be Given Winning Exhibits

Dawson county will have a fair. It was decided Tuesday morning this week when C. E. Martin, chairman of the Finance Committee of the local Chamber of Commerce, and his committee met at breakfast. Plans were laid to raise the money for premiums and expenses for a community agricultural display, the 20th and 21st of September.

Twenty-five dollars will be given to the community that has the best exhibit, twenty dollars will be given to the community with the second best exhibit, and fifteen dollars to the community who has the third best exhibit. Five dollars will be given to every community (not winning a prize) that make an exhibit and fills the score card listed below.

Arrangements have been made to hold the exposition at the agricultural building in the CCC camp, which gives an unusual space and location for the show. There will be no livestock show in connection with the agricultural display, but every effort will be centered in making the community exposition as good as possible.

Rooms have been arranged for all women and girls' club exhibits. Miss Mattie Phenix, home demonstration agent, has been named superintendent, and is in charge of women's and girls exhibits. Ribbons will be placed on all women and girls winning first, second and third places.

Each community in Dawson county is urged to select their fair committee now and be ready to make a creditable display and good showing for their community.

The best from all the exhibits will be selected at the time of the county fair for entry in the Panhandle South Plains Fair at Lubbock, Monday, September 23. All exhibits will remain the property of the County Fair organization. The time to start is now in organizing your community and making your selections. Do not wait. It is always the case at the time of the fair that you are not entered, you will want to, so make your preparations now.

J. D. Worley, assistant county agent has been named fair superintendent by the committee. He will have charge of all entries and community committees should arrange with him as early as possible for space. There will be no charge to any community entering the exposition. The score card as printed below will have to be filled before any community is eligible for prizes.

Rules and Regulations

1. The community exhibits must be obtained from within the bounds of the school district exhibiting. This contest will be confined to communities within Dawson county.
2. Exhibits must be in place by 9 a. m. September 20th, and remain unchanged until after judging is completed. Exhibit must remain in place until 8 p. m. September 21.
3. Community exhibits will be judged on score card below.
4. Anything raised in the community may be used as decoration.
5. In offering these prizes the management hopes to encourage diversification in farming and closer cooperation among neighbors.
6. One community can have but one entry.
7. Standard containers preferred but not required.

Lamesa and Big Spring Finalists In Ball Tournament

The annual Dawson County Baseball tournament came to a temporary close Monday afternoon when a heavy shower broke up the game between Lamesa and Pumpkin Center at the beginning of the eighth inning with Lamesa leading 7-6. The final game is to be played Sunday, Sept. 1 at the local park between the Lamesa and Big Spring teams, this game to determine the championship. The game is scheduled to start at 2:30.

The Class B Championship game between New Moore and Flower grove was not decided upon so we cannot say just when this will be determined.

In the games of Wednesday, Aug. 21, Key defeated Midway 8-3 and Wilson defeated Weaver 7-3 in the Class B games. In the Class A game Lamesa ushered Tahoka out of the running by a score of 8-1.

Thursday's Class B games found New Moore winning from Welch by default Flower Grove winning from Ballard 6-5. In the Class A game the Pumpkin Center boys eliminated the Ackerly team by a score of 3-1 in one of the best games of the tournament. As this was Ackerly's second defeat it eliminated them from further competition.

Friday's game found Midway defeating Wilson 25-1 Welch defeating Key 15-12. In the Class A game Lamesa handed Big Spring its first defeat by taking the long end of a 11-5 score.

Saturday only Class B games were played with New Moore handing the Flower Grove team its first defeat by a score of 7-3. Key defeated Midway 8-5.

Sunday's games found Flower Grove defeating Welch 8-3 and in the Class A Big Spring handed the Pumpkin Center team its first defeat by a score of 7-5 in ten innings.

Monday found New Moore eliminating Key in the Class B game 12 to 8. The Class A game found Lamesa eliminating Pumpkin Center by a score of 7-6 in a game called at the first of the eighth inning due to rain.

Coffman hit a home run with the bases loaded for Lamesa in the first inning and Holloway hit one with one runner on in the third to account for six of the Lamesa runs, with L. White scoring the other in the 7th inning on a single and an error. The Pumpkin Center team scored two runs in the third on an error, a double by Williams and a single by Sturdivant. They then tallied four times in the seventh on a single by Melton and a home run by Williams, another single by Sturdivant, with Britt hitting another home run to score twice more. Lamesa had two on bases with no out when the game was called.

Vocational Courses To Be Taught This Year in High School

Lamesa High School has been approved by State Department of Education authorities for several vocational courses for the ensuing term.

Home Economics courses will be offered by two instructors for high school girls and for adults who are interested. Miss Ragie and Miss Palmer are both graduates of Texas Technological College and hold both teachers permanent and vocational certificates and will have charge of this type of instruction.

Miss Commie Zell Barnes of the University of Texas School of Business Administration will teach commercial subjects of bookkeeping, short hand, and office practices, commercial arithmetic and typing to regular high school pupils who desire these courses and she will also teach the "part time" classes composed of employed and unemployed persons who wish to improve their employable status in commercial fields. Pupils will indicate their wishes for these subjects at the time of enrollment. Adults and others who wish to enroll in the part time classes should arrange to confer with Miss Barnes on Monday, September 9th.

The music courses offered by Mr. King have many vocational possibilities and the program will be enlarged this year to carry four units instead of two.

Diversified Occupations is the name of new courses approved for the local high school. These will be offered by Mr. L. P. Stark who has met the departments requirements and who has spent most of the summer in special courses offered at the University of Texas. These courses offer opportunity to boys and girls of the junior and senior classes to learn a trade or occupation of their choice here at home and to receive high school credit for progress made while learning. Pupils interested are requested to confer with Mr. Stark.

Free textbooks or private schools, for 202,799, against 232,939.

Thus five of the seven amendments were adopted and two with rejects and it is estimated that there are not enough votes out to change the outcome of any decision unless it could be the amendment submission.

Three WPA Projects Requested By County

The Dawson County Planning Board approved three projects for WPA in Dawson county this week at their Wednesday's meeting. All three projects are being sponsored by the Commissioners Court of the county.

The projects are: Four culverts on Sulphur Draw, cost \$11,000; the Dawson County Library, \$1,000 a year; and the grading, drainage, base and topping of the Stanton road to cost \$80,000.

The applications for these projects have been forwarded to the WPA district office at Big Spring and if approved there will mean that the government will complete them at as early a date as possible.

The planning board is urging the filing of the Brownfield road as the next project. Also some street work in the city limits is being urged.

Members of the county Planning Board are: J. E. Barron, chairman; Wm. A. Wilson, secretary; Dixie Kilgore, M. C. Lindsey and Carl Rountree, members.

Citizens are invited to make suggestions to the board as to projects needed in the county, city or schools.

Damage Suit Filed In District Court

One of the largest damage suits ever filed in the District Court of Dawson county has been filed against Swift and Company, Wilson and Company, and the Lubbock Poultry and Egg Company by Carl Rountree, local attorney, representing R. E. Wilkinson alleging violation of the Anti-Trust laws by combination and restraint of trade and injury to farmers of the trade territory. The total amount of damages asked is \$45,000 with \$20,000 actual and \$25,000 exemplary.

This is the first anti-trust violation that has been filed here since the passing of the NRA and it is pointed out in the petition that farmers of this territory have been penalized by having to take lower prices for their eggs, poultry and cream by agreement of these companies to hold prices down.

Much interest locally will be taken in this suit and its outcome.

Texas Votes Wet In Saturdays Election

Although Lamesa, Dawson County and the South Plains in general voted against the amendment for the Repeal of the Texas dry law Saturday, Texas as a whole voted to go wet.

Returns from Dawson county on all the amendments voted upon Saturday have not been completed as we go to press but incomplete returns show: Pensions, for 667, against 108; insanity, for 444, against 182; repeal for 246, against 503; Amendments, for 256, against 294; Sentences, for 204, against 244; fees, for 343, against 225; Textbooks, for 351, against 334.

Latest tabulations for the State returns show that over 500,000 votes were cast in the election. The rural districts showing a much lighter vote than is usual. Incomplete returns on the seven amendments show:

For repeal 259,218, against 209,869.

Old age pensions, 366,173 for and 91,967 against.

Commitment of insane, 252,645 for, 165,604 against.

Constitutional Amendment submission at special sessions, 185,298 for, 197,052 against.

Suspended sentences to be imposed by judges, 210,302 for, 177,669 against.

Abolition of fee payment for certain officials, for 241,537, against 153,779.

Free textbooks or private schools, for 202,799, against 232,939.

Thus five of the seven amendments were adopted and two with rejects and it is estimated that there are not enough votes out to change the outcome of any decision unless it could be the amendment submission.

High School Pupils To Enroll Next Week

Although school work does not begin until September 9th, pupils wishing to attend high school this year, will be expected to enroll next week. In the past the enrollment has been attended to by the Principal during the summer months, using the pupils written preference of courses. This year several new courses have been added to the accredited list and in order that pupils may have the opportunity of changing their courses and take advantage of the new work offered, enrollment will take place the week before school opens.

Pupils entering Lamesa High School from non-accredited schools will have to be examined in previous years work, if they enroll for work in the eleventh grade. Therefore, attention is called to all high school pupils and parents, to the following schedule for enrollment and examinations.

Wednesday, September 4th, 9 a. m. All eighth grade pupils enroll at Principals office.

Thursday, September 5th, 9 a. m. All ninth grade pupils enroll at Principals office.

State examinations for pupils wishing to enter Eleventh grade from non-accredited schools, room 209, High School Building.

Friday, Sept. 6th; 9 a. m. All tenth grade pupils to enroll at Principals office.

Saturday, Sept. 7th, 9 a. m. All eleventh grade pupils to enroll at Principals office.

J. W. MAYFIELD NEW HEAD OF RE-EMPLOYMENT AGENCY

Mr. J. W. Mayfield arrived in Lamesa last week to take the place left vacant by Mr. Gorman, as head of the National Re-employment Service Office here.

Mr. Mayfield comes to Lamesa from Abilene. He will move his family here in the near future.

219 BOYS ARE ENROLLED IN LOCAL CCC CAMP

By the latter part of this week two hundred nineteen boys will be enrolled at the local CCC camp, with approximately 40 of them being from Dawson county.

The next two weeks will be spent in conditioning the boys, the main work to start about September 15, states Lt. Russell Howarth, Commanding officer in charge.

Religious services were held at the camp, Sunday August 24 by Rev. Gentry, conducting them in the morning. Evening services were held by Captain Yeagan, CCC District Chaplain. Services will be held each Thursday evening with a local minister in charge.

Special formation was held at the camp on Monday at noon at which time the flag was raised for the first time.

Lieut. Howarth also stated that approximately by September 1, he expects to work out an educational program for the boys. John F. Dean has been assigned to the local camp as Educational Advisor. He is expected to arrive within the next few days.

"Also about September 1, preliminary steps would be taken for forming various athletic teams at the camp, and as fast as they get organized and their equipment, they will be glad to compete with any local teams," said Lt. Howarth.

SOCIETY

Mr. and Mrs. George Norman spent the first of this week in Dallas buying new furniture for the Higginbotham-Bartlett Co.

Mrs. W. K. Crawley and sons returned Sunday from a visit with relatives at Throckmorton.

Mr. and Mrs. J. W. Bryant and Vernon Bryant left Sunday for a weeks visit in Missouri.

Miss Minnie Cope returned the first of the week from Dallas where she spent two weeks attending the Higginbotham-Bailey-Logan Merchandising school.

LOCAL GIRL WEDS COLEMAN MAN

An event of wide interest was the wedding of Miss Lunelle Nix of Lamesa and Rev. Lee Hemphill of Coleman and Fort Worth which was solemnized on the lawn of the suburban home of the bride's parents, Mr. and Mrs. E. C. Nix on Monday evening August 26th at twilight.

The impressive ring ceremony was used by the Rev. J. F. Nix, pastor of the First Baptist church, Clovis, New Mexico.

Inclement weather prevented the rendition of the full program consisting of a solo "I Love You Truly" by Mrs. W. J. Beckham, a violin number "Roffs Concerto" by Mrs. J. E. Hardesty and "O Promise Me" by Owen C. Taylor.

To the familiar strains of Lohengrin's Wedding March, played on the violin by Mrs. J. E. Hardesty and accompanied at the piano by Miss Verna Marie Hemphill, sister of the groom, the couple approached the altar preceded by little Miss Eleanor Ann Nix, niece of the bride, strewing rose petals along their way. The wedding vows were taken while the pianist played softly "At Dawning" under an arch of ferns from which hung a cluster of silver bells, tied with a lover's knot of white tulle, which lent beauty to the outdoor scene.

The three-tiered wedding cake was topped with a miniature bride and groom, and this on the punch bowls were presided over by Miss Eleanor Ragle, assisted by Miss Nix's Sunday School class of young ladies.

The bride was lovely in an early Autumn model of plum shade, satin-back crepe dress, carrying an arm bouquet of white gladiolas and maiden hair ferns. The wedding was the culmination of a romance which began during college days in Hardin-Simmons University, where both received their degrees in 1929.

The bride has been very active in church affairs, also Eastern Star work and a most efficient teacher in Lamesa Public Schools for a number of years, and will take special training in the seminary the coming session.

The groom taught science in the Sweetwater High School for a number of years and has been active in the ministry. Rev. Mr. Hemphill is to complete his studies next spring in the Baptist Theological Seminary

at Fort Worth, where they will be at home following a honeymoon trip to Carlsbad Cavern and other points of interest.

Notwithstanding the threatening weather the impressive ceremony was witnessed by a large group of local friends and a number of out-of-town guests among whom were: Mr. and Mrs. C. W. Hemphill, parents of the groom; Mr. and Mrs. Wade Hemphill and little son Jimmy; a brother Zeno and three sisters Misses Verna Marie Ruth and Dorothy, all of Coleman; Mr. and Mrs. E. C. Nix and daughter Ann of Colorado City; Mr. and Mrs. Don B. Weatherbee and daughter Marjorie of Abilene; Rev. and Mrs. J. F. Nix and children Lucile and Joe of Clovis, N. M.; W. M. Nix, great uncle of the bride, Rienzi, Miss; Miss Eleanor Ragle of Ralls; L. S. Munger of Abilene; Mr. and Mrs. James W. Brown and daughter Mary of Silver Valley; Mr. and Mrs. L. Z. Timmons of Amarillo.

1931 SEWING CLUB MET WITH MRS. STEELE

Mrs. L. C. Steele was hostess to members of the 1931 Sewing Club last Friday afternoon at her home.

After the guests had enjoyed sewing, the hostess served a delicious refreshment plate. Those attending were Mesdames A. S. Alsbrook, T. A. Harris, Ross Gibson, Marvin Morris, H. B. Glover, L. B. Stuart, Sam Bockman, J. F. Smith and Guthrie Allen.

The club will meet this coming Friday with Mrs. J. F. Smith.

MRS. PAULK HOSTESS TO LA FELIZ CLUB

Mrs. Jesse Paulk was hostess to members of the La Feliz Club on Tuesday afternoon at her home.

Games of "42" were enjoyed after which delicious refreshments of Golden Glo Salad, toasted Crackers and iced tea were served to Mesdames Gus White, A. S. Alsbrook, V. Z. Rogers, Guthrie Allen, Grady Scott, C. E. Cameron, Bill White and the hostess.

PECK BRIDGES MARRIES LEVELLAND GIRL

Miss Bernice Elliott, of Levelland became the bride of Peck Bridges in a ceremony performed at Brownfield on Saturday, August 24.

They were accompanied by Brownfield by Miss Juanita Phillip and Cecil Jordan.

The couple will be temporarily at home with the grooms parents who reside two miles south of Lamesa.

Mrs. Bridges was one of Levelland's most popular young ladies. Her father has been tax collector of Hockley county for the past several years.

JOE H. FOSTER CELEBRATES BIRTHDAY

For the first time in almost thirty years the children of Mr. Joe H. Foster, a resident of the Klondike community of this county, met at George town, his former home, as guests of Mr. and Mrs. Lowery Foster, a son. Those being present were Mr. Joe H. Foster, Mr. and Mrs. George W. Holley, all of Lamesa, Mr. and Mrs. Archie A. Foster and son, Mrs. Leona Burleson and son and Mr. Leonard Foster, all of Hereford. The occasion was to be with their father on his eightieth birthday, August 15.

Many other relatives were present for the occasion including Mrs. Ada Thurman and son Lowell of Lamesa.

The main celebration was held at the city park in Georgetown on Tuesday afternoon, where a very pleasant and enjoyable time was spent.

BARTLETT FAMILY HAVE REUNION

On last Sunday, August 18, the Bartlett family met at the City Park for a reunion. Barbecue and a basket lunch were served, after which they returned to the home of Mr. and Mrs. N. E. Bartlett where an enjoyable afternoon was spent talking of old times.

At 5:30 cake and ice cream were served to the following: Dr. and Mrs.

Dallas Southard, Stamford; Mr. Frank Swafford, Avoca; Miss Elouise Southard, DeFuniak Springs, Fla.; Mr. and Mrs. C. B. Hampton, Mr. and Mrs. Charlie Trebblecock, Ulysses, Kansas; Mr. and Mrs. George Bartlett, Bronco; Mr. and Mrs. L. R. Bartlett, Levelland; J. A. Bartlett, Tahoka; Mr. and Mrs. N. D. Bartlett and son Earnest, Mr. and Mrs. Leonard Bartlett and daughter Billy Jo, Mr. and Mrs. Marshall Stanley, Mr. and Mrs. Arthur Edwards, Mrs. Raymond Earnest and sons, Milton and Bruce, all of Lamesa.

Friends visiting in the afternoon were Mr. and Mrs. Will Burkett, Lamesa, Mrs. A. L. Turner and children and Mrs. Moffitt of Lovington, N. M.

FARM NOTES

By Joe C. Williams, County Agent

Leaf Worms

There has been quite a lot of talk about leaf worms in cotton over the entire county. Suggest that all cotton farmers go over the field at least every other day and make a search for the worms and do not wait to smell them before looking.

There is a scarcity of poison now over the state and according to druggists it is very hard to get. Several formulas are available through the drug stores in Lamesa, as well as this office. The one that is of least danger is the one with Calcium Arsenate which requires no boiling in water to dissolve. This requires three pounds of Calcium Arsenate to fifty gallons of water, and will cover from two to three acres depending on the use of the spray. We suggest that you place your order in advance with your druggist as this office will not order or handle any of the poison to be used in the leaf worm control.

1934 Bale Tags

Any producer in the county who holds unused portions of 1934 bale tag certificates, should turn them in to Mr. Worley in the agent's office for re-issue, as they cannot be used on the 1935 crop. The tags when turned in to Mr. Worley will be re-issued in tags for use on the 1935 crop. We urge that you get the certificates transferred not later than September 1 if possible to do so, as we are anxious that all be reissued as soon as possible in order to keep down confusion.

Trench Silos

Have you ever given a thought to pickled bundle feed for use during the winter with your livestock, which will take the place of green feed?

According to the extension service silage is a safe feed for work stock as well as cattle. Several farmers are planning on digging trench silos to preserve the feed crop in the making. If interested drop into the county agent's office and we will be glad to talk it over with you.

N. J. Allen of Amarillo was a week end visitor in Lamesa.

Mr. and Mrs. Bob Lavender and daughter of Lubbock visited friends here during the week end.

Mr. and Mrs. Ross Gibson and daughter left this week for a vacation in the mountains of New Mexico. Mr. and Mrs. J. B. Tarleton jr., returned last Friday from a weeks stay at Corpus Christi.

Curtis "Little Fellow" Cason, son of Mr. and Mrs. John Cason, had his tonsils removed last Saturday morning. He is doing nicely.

Miss Faye McBride of Hamlin is here visiting her parents Mr. and Mrs. W. C. McBride.

"Broken Arch"

How often do we hear this expression? It simply means that in the structure of the foot there are certain misaligned bones.
How often during the day do you say "My feet are killing me"?
How many of your friends walk with that splaying out, wooden footed motion?
By correcting that misaligned bone or bones, we stop those cramps, bunions, tired and aching feet and limbs.

SCHOOL BOYS STILL LEAD SOFT BALL LEAGUE

As the final games in the Softball League are to be played this week, the School Boys have undisputed possession of first place with 7 victories and one defeat with the Wilson and Boy Scout clubs tied for second with six victories and two defeats each.

In the games of last Wednesday night, August 21, the Cox team took the measure of the Fire Boys 9-6 in the first game when they scored 7 runs in the second inning on seven errors and a walk. Cox's team could only gather 4 hits off the offerings of Captain Ed Hatch. C. Jordan got two of these hits, both doubles. Ed Hatch was the hitting star for game with 3 hits in 4 times at bat.

In the second game the Gus Ragsdale boys upset the dope bucket and took a hotly contested game from Wilson 8-6. In the first inning (Pepper Martin) Hollingsworth doubled with the bases loaded and scored himself a moment later on an error to give the Ragsdaleites a 4 run lead and they were never headed. In the last half of the 7th Wilson jammed the bases with no outs but the Ragsdale boys fooled them with a change in pitchers and forced the hard hitting Wilson boys to pop up short in-field flies and the day was saved. Wade, Hollingsworth and Forrester made 2 hits each for the Ragsdale's while Meyers and Johnson made 2 hits each for Wilson.

Friday nights games were closely contested with the Boy Scouts winning their 6th game by defeating the Post Office 5-2 in the first game. King was the star of the game striking out six of Uncle Sam's boys and getting three hits for a perfect night at bat.

In the fastest and closest contest of the season the School Boys continued their march to the championship of the league by beating Cox team 3-2. Only 49 men batted and for the most part it was 3 up and 3 down. The School boys could get only four hits with the Cox boys getting three.

The Lions Club shoved Tillman's Luncheon Club a little deeper in the standings by taking an interesting contest by the score of 9-5 in the mid-night game. Dr. Nix had a hard time showing his players where the bases were, but after he sent Jesse Carroll in everything was all right. Dan Davis ran for himself and half of his team-mates, and tried to act like Ty Cobb by stealing all the bases.

Monday nights games were postponed until Tuesday night because of rain. In the first game of Tuesday night the Ragsdale teams outscored the Crouch team in a wild hitting, loose fielding and fast running contest that ended 16 to 13. Only a few hits were made but each team made so many errors that it was impossible to keep up with them. Gus Ragsdale took over the pitching duties for his team in the second inning and managed to keep the Crouch boys fairly well under control.

The second game Tuesday night was the fastest played game of the season with the Wilson club defeating the Fire Boys in 35 minutes by a score of 7-3. Both teams played good ball and made very few errors.

Wednesday night, August 28th found the Lions defeating the Post Office 8-6 in the first game with the Cox team crashing out a 11-7 victory over the Luncheon club in the second contest. Both games were hotly contested until the final out. Gus Whites yelling was the feature of the first game. Some said he could

Lamesa To Have Clean-Up Campaign

Lamesa is called on to clean up. The fact that so many weeds and trash of all kinds have collected makes it very important to clean up, says Mayor W. L. Marr, who is also chairman of the Civic Department of the Chamber of Commerce. There is some typhoid fever, lots of hay fever, and a possibility of an epidemic if Lamesa does not clean up.

The City has been busy the past week getting all its property cleaned. You have probably noticed the weeds cut along the walks and side streets. These will be collected and burned it is reported.

Property owners are called on to get their premises cleaned the next week. Cut and burn your weeds. Collect all cans and rubbish, and call the City office and arrangements will be made to take it away for you.

If you desire to cooperate with the city officials in ridding Lamesa of Typhoid fever, flies, hay-fever, and a possible epidemic of serious sickness get busy and clean up the weeds cans, rubbish and what not about your place. Telephone the City office if there is anything that needs to be hauled off, or if you have a lot adjoining you that you cannot get cleaned up. Maybe the city can help you get it cleaned.

This is a good move. Every citizen in Lamesa should welcome this drive to get our town and community clean and healthy. Not only will we look better but this move is absolutely necessary to our health and to the health of our children. Get busy now!

F. T. McCollum Addresses Club

The Lamesa Luncheon Club met in regular session Tuesday noon with fifteen present. A good program was enjoyed with the Misses Jackson as musical entertainers and F. T. McCollum as the principal speaker.

Mrs. Carl Rountree presided at the piano and furnished delightful music while the boys enjoyed the meal. Mr. McCollum told the attendance that football depended on three major things, namely, blocking, tackling and speed. Mr. McCollum stated that he appreciated the fine cooperation that has been given in the past to his teams by Lamesa fans and hoped for a continuation of past backing, but he stated that football was not all that the Lamesa High School encouraged or had and that he would like to see more school patrons interested in other school activities.

He stated that the schedule was not complete for games but the first game would be with Snyder, at Snyder, September 20th, and the second game would be with Colorado in Lamesa a week later. He further stated that he expected harder competition

to be heard three miles away.

GOOD SHOWERS FALL IN COUNTY THIS WEEK

Good showers fell in Lamesa and parts of Dawson county on Monday afternoon and again on Wednesday afternoon. The rain averaged

about 1 inch here in town, and from one inch to a half inch in parts of the county.

Many farmers are reporting that worms are already in their cotton since the showers, many having already started to poison.

MISS OPAL WOODS RECEIVES BURNS

Mr. and Mrs. J. M. Woods received a message from Ouray, Colorado, Saturday that their daughter, Miss Opal Woods had been burned about the face and neck when a pressure cooker exploded. The burns were said not to be serious.

Miss Ruby Woods left the first of the week to be with her sister.

Mr. and Mrs. J. D. Dyer and children are visiting relatives this week in Lipan and Weatherford.

Mr. and Mrs. R. L. Hollinghead and daughter returned this week from a few days visit in Abilene, Clyde and Sweetwater.

KLONDIKE BAPTIST MEETING CLOSES

The Baptist meeting at Klondike closed Sunday night with an overflowing crowd, and the best singing throughout the meeting, and the finest cooperation from the people of other churches it has been my privilege to have in a long time. The visible results were not what we wished for, but not a failure by any means. When the pastor went to his car Sunday night to come home, he found that it was loaded down with good things of old fashioned pounding. Thanks to the good people of Klondike for your every kindness.

W. M. Whatley, pastor.

KLONDIKE BAPTIST CHURCH

Rev. W. M. Whatley will fill his regular appointment at Klondike on Sunday. Sunday school 10 a. m.; Preaching 11 a. m.; evening service B. T. U. 7:45 p. m.; preaching 8:30 p. m.

Soil Erosion Meetings Are Very Successful

The meetings being held by the Soil Erosion Committee in the different communities over the county are said to be very successful with all farmers cooperating in every way.

Mr. Warren R. Landrum, Agronomist, states that the meetings will continue until each community in the county has an opportunity to get acquainted with the government program.

He also states that County Agent Joe Williams will contact farmers in this district when meetings will be held in their community and urges every farmer and his wife to be present.

The soil erosion office will soon be moved from the county agents' office to their building at the CCC camp.

J. W. Strong is seriously ill at his home here.
