Powell Medalist With 70 In Lakeside Tournament

Defending Champion Rives McBee of Garland saw Neighbor George Powell of Irving turn in a 2-under 70 par Friday to capture medalist honors in the annual Lakeside golf tournament, and both tied off in the championship flight Saturday morning.

McBee toured the nine-hole course layout in 71, including an eagle two on the 18th. He and five teammates fired a low-ball score of 65 for second place in the pro-am.

The winning pro-am team consisted of Bill Jenkins, Dickie Rogers, Dayton Bray, C. A. Gilbert, Bob Wilson and George Owens. They combined for a low-ball total of 63.

On McBee's team were Bob Busby, John Cotten, Bill Mitcham, Sara Gordon and Henry Gunlord.

Powell tackled Dickie Rogers as his first-round opponent and McBee had Wayne Fenter.

Two 18-hole rounds of match play was on tap for Saturday and Sunday.

The public is welcome to witness the final rounds Sunday and attend the awards presentation when some \$2,000 in prizes will be given.

EDDY EIKNER
In Eastland Concert

Van Cliburn Scholar And Guild Winner To Present Concert Here

Eddy Eikner of Tyler will be presented in a piano concert Tuesday evening at 8 p. m. June 29th at the First Baptist Church, Eastland.

A 1965 cash award winner and soloist with the Midland Symphony, the 19-year-old musician is a sophomore student at Baylor University where he is recipient of the \$1,000 Van Cliburn Scholarship.

The son of Mr. and Mrs. Charles Eikner of Tyler Eddy has coached with Bommar Cramer of Dallas and has been a student of William McKamie the past two years.

Critics have said "Eikner played the Prokofiev concerto with ability and confidence, definitely marking him as a possible successor to the Cliburns and Hollanders of today." He performed with brilliance and virtuosity.

"This young pianist's command of his instrument was clear in his subtle interpreta-

tion of melody, his almost fierce approaches to martial passages, and his unhesitating approach to keyboard runs. Eikner performed with a determination and certainty rarely seen in pianists of his age."

Eastland, Olden Agreed on Details Water-Sale Deal

Representatives of the Olden Water System and the Eastland City Commission hammered out terms of a contract to be entered into by the two parties, adding several additional restrictions, during a special called meeting of the commission Thursday evening at the City Hall.

The contract is being drawn and is expected to be formally inked soon. Specific new restrictions include a reduction by a million gallons a month to be supplied by Eastland.

Olden had originally asked three million gallons a month, but it was agreed at the meeting that only two million would be supplied. Restriction on the number of customers to be served by the proposed Olden system was set at 175, with approval by Eastland on more-than-that number.

The proposed water system will be Farm Home Administration financed. Bill Hunter is chairman of the system's board of directors.

Boundary limits were also set as follows: West line — the Dixie Drive-In Road; North line — Norwood Road; South — one-half mile south of Interstate 20; and no formal line on the East.

All Commissioners were present for the discussion, and representing Olden were Hunter, Travis Hilliard, Gene and Danny Woods, Pat Mosley, Attorney Dewey Cox, Engineer Leon Decker and L. J. Williamson.

The Olden men had appeared at the regular Monday night commission meeting but due to the absence of two commissioners, action was postponed.

Fire Chief Wayne Jackson also appeared before the commission in the special meeting to discuss briefly the Volunteer Fire Department's interest in the American Legion Hall. No formal action was taken. City Manager Lewis Tiner reported.

Commissioners also discussed briefly the petition submitted by local citizens relative to a local situation which the citizens believe falls under the nuisance definition of the recently passed city health and sanitation ordinance. Two commissioners had to leave at 9:30 and no action was taken. It was generally agreed, Tiner said, that such a nuisance does exist.

Two Pickup Schedule Is Announced

The city will begin picking up garbage twice a week beginning tomorrow, June 28, according to City Manager Lewis Tiner.

Monday — garbage picked up will be for the regular run of Monday and Tuesday;

Tuesday — for the regular run of Wednesday and Thursday;

Wednesday — for the regular run of Friday and Saturday mornings;

Thursday — for the regular run of Monday and Tuesday;

Friday — for the regular run of Wednesday and Thursday; and Saturday — for the regular Friday and Saturday run.

Barbecue is Set

There will be a catered barbecue at 7:30 p. m. Saturday, July 3, followed by a fireworks show at the Lone Cedar Country Club, according to an announcement by President W. H. Marstender.

Don De Shazo's string group will play for dancing after the fireworks program. The barbecue will cost \$2 for adults and \$1 for children, and there will be a \$3 charge for the dance.

Electric Shop Opened Here By Francis Bond

Eastland County Native F. L. (Francis) Bond has announced the opening in Eastland of Bond Electric for general residential, commercial, industrial and oil field electrical work.

Well-known throughout the county, Bond is the son of the late Travis Bond and Mrs. Bond, who presently lives south of Eastland.

Mr. and Mrs. Bond have moved to 808 W. Commerce St. He formerly was associated with Bond Electric Co. in Abilene, and was contractor for the wiring of Eastland's new elementary school building and gymnasium. He was also contractor for the Ranger Junior College job which included two classrooms and a gymnasium.

Other recent contracts include the De Leon school system project involving a gymnasium and elementary school, and re-doing of the high school plant and a housing project at Gorman.

Bond, 33, is a Carbon High School graduate and has been in the electrical business since 1954. He holds a U. S. Department of Labor Electrical Degree, achieved after five years specialized training.

He will do installations, repair, maintenance and up-dating of present wiring in Eastland.

He and his wife Nadine, have two daughters, Melody, 5, and Darla, 4. Mrs. Bond is a native of Moran.

Telephone number for Bond Electric is MAIN 9-1724.

Eastland C-C Awaits Cisco, Ranger Okays To Launch Labor Survey

The Eastland Chamber of Commerce awaits the "go sign" from the Cisco and Ranger chambers to launch the county-wide labor survey being considered as a joint effort to lure industry.

A recent three-town meeting of representatives from each, indicated the acceptance of the program and willingness to participate. Chairman James Smith told directors of the Eastland chamber at the regular monthly meeting at the White Elephant Restaurant Thursday noon.

The Ranger chamber has its regular directors meet the second Tuesday of each month, and the Cisco directors meet on the first Tuesday. Smith told Eastland directors. A tentative date of July 15 was agreed on as a likely date for holding a detail - planning meeting at which specifics of the survey would be worked out, under the direction of Mr. George Maddox, area development specialist with Texas Electric Service Co.

President Don Vieregger presided at the Thursday meeting. Retail committee chairman Jay Staggs reported results of a recent meeting of his group, in which members endorsed the current Old Rip Scrip program, and announced the added emphasis being put on the twice-a-month drawing. Survivors include her husband; one brother, Marshall Webb of Colorado City; and on sistr, Mrs. Harbin.

Jury Refuses Damages in Pippin Suit

A 91st District Court jury ruled last week in favor of Defendants A. T. Barron and Kenneth Paul Foster in a \$40,000 damage action brought by W. L. Pippin of Cisco.

The suit resulted from an April 10, 1964, automobile accident in Cisco. Testimony got underway Tuesday and was completed all but for the testimony of one witness, resuming Wednesday morning.

Pippin had alleged negligence on the part of Barron and Foster, associated with a materials company.

Jury Says Guilty In DWI Trial

William Lester Agnew of Cisco was found guilty in 91st District Court Thursday of second offense DWI and was fined \$100.00. The jury deliberated less than two hours on the verdict.

Jurors were V. L. Davis, W. J. Dickinson, Walter Daniels, Wesley Walker, Bernice Stephens, Mrs. G. A. Townzen, Arley Bibby, Wade Albritton, Mary Chamberlain, Mrs. W. E. Dean, Walter Maynard and Mrs. James Mears.

RETURN
Mr. and Mrs. Carl Garrett have returned home after spending last week in Lubbock.

Peanut Insects Devour Crops, Even 'Saltless'

BY HOMER TERRY

The peanut is a legume — a pea belonging to the same group of plants as a garden bean or pea — the chief difference being that its fruit matures under the soil's surface.

No stranger to Eastland County, the peanut is a Number One crop in the farm economy.

Peanuts are also known as goobers, earth nuts, ground nuts and pinders, and are thought to have grown in Central and South American Countries as early as 1555. Its greatest spread throughout a number of southern states occurred after the Civil War.

People like to eat peanuts and peanut products as snacks, at parties and at ball games, but "insects" love to chew on the plants too, and they really don't care that they are not salted.

Although people really like to eat the so-called "goobers," it sometimes can be a difficult task to raise a crop

of peanuts. In Eastland County there are several diseases and bug that make their living on the peanut plant.

A Southern blight, caused by the fungus, *Sclerotium rolfsii*, is typically a warm weather disease. According to Eastland County Agent J. M. Cooper, the disease is one of the more destructive in Eastland County.

Also in Eastland County there is the *Coronopora* Leaf Spot. There are two *Coronopora* leaf spots that can defoliate peanuts. The destruction of this disease starts with brownish to black spots developing first on the leaves and then if the weather is humid, complete defoliation may result, according to Cooper.

The number one bug that destroys the peanut crop in Eastland County is the Lesser Cornstalk Borer. It too, has been proven to be the most destructive insect pest of the Texas Peanut Industry. The insect is the most severe on peanuts grown under dryland

PEANUT ENEMIES

... they like to munch too conditions or during drouth years.

Leafhoppers suck plant juices from stems and leaves, resulting in yellowing of leaves and unhealthy appearance. This wedgeshape insect, pale greenish yellow, about 1/8 inch long, is very active when distributive.

Another Eastland County insect problem is the Thrips. They are tiny dark brown to black insects that cause widespread disease like injury that resembles leaf burn, delaying growth of seedlings.

Fall armyworms, corn earworms and a mixed population of other caterpillars also love to chew on peanut plants, but farmers do not stand by and watch their peanut profits being eaten up by the ravaging pests.

Experience has taught modern growers that it pays in many ways to control insects with applications of safe, effective insecticides.

Whatever team you prefer to root for, quality peanuts will still flow through the stands at the ballpark as top-notch growers continue to produce superior nuts with the aid of proper insect control.

Cattle Re-Test Program Due To Start In County

The re-testing of 20 percent of the cattle herds in Eastland County for brucellosis will begin in the next few days, according to Dr. J. B. Henderson of Coleman, area veterinarian for the Texas Animal Health Commission. Buddy Henderson of Stephenville will be in charge of this work, Dr. Henderson said.

Herds that had reactor animals when the cattle herds over the entire county were tested for this dread animal disease two years ago will be tested as well as enough other herd to equal at least 20 percent of the herds over the county.

102 Relatives Attend Patton Family Reunion

The Patton family reunion was held recently at City Park, with 102 relatives present. It has been planned as an annual affair.

Special Tourist Course Is Planned June 29-30

A course on "Selling and Serving Tourists" for all interested residents of Eastland County will be conducted in the Corral Room at the Victor Hotel in Cisco next Tuesday and Wednesday, June 29 and 30.

Sponsored by the Cisco Chamber of Commerce, the five-hour course will be conducted in two, two and one-half hour sessions, scheduled for the convenience of persons working either the morning or evening shift. To receive the entire course, it is necessary to attend one session on each of the two days. It will be taught by George Jordan of the West Texas Chamber of Commerce.

Mr. Jordan, a veteran civic worker, formerly was manager of the Chamber of Commerce in Breckenridge and Brownwood. He served for several years as manager of the Holiday Inn in Brownwood, and joined West Texas C of C staff two years ago.

The first session, "What It's All About," is devoted to a study of tourism; a review of the facts and figures on the industry, both national and state, the vanishing frontier; population forecasts and trends; a study of what tourists expect from people with whom they deal; and a review of Texas, West Texas and local tourist attractions.

The second session, "What Can We Do About It," deals with the promotional aspects of serving tourists, especially courtesy. Some topics to be covered include promoting tourism through local news media; self-improvement programs; customer relations; services of restaurants; service stations, hotels and motels, and retail stores; what man-made attractions, and special events; and a study of tourist promotions by other cities and organizations.

The classes will be held from 9 a.m. to 11:30 a.m. and from 7:30 p.m. to 10 p.m., starting Tuesday morning. There will be a \$2 fee for the course.

Manager Jim Smothers of

GEORGE JORDAN

the Cisco CofC, who was handling arrangements, said that 75 or more people are expected to take the course. He said that 10 had enrolled from Eastland and others were expected.

The local committee in charge included J. D. Yardley, chairman, E. L. Jackson, Richard Moore, Eris Ritchie, Wayman Johnson, Lou Jenkins, Gene Abbott, Bob Elliott and Mrs. Bob White.

How to keep your kitchen cooler while you're cooking...

COOK FLAMELESS ELECTRIC! With flameless electric cooking, pots and pans sit directly on electric heating elements, and absorb the heat before it can escape to warm up the kitchen. Air circulation isn't needed to support combustion, so flameless electric ovens are fully insulated on all four sides, top and bottom to "lock" cooking heat inside where it's used and wanted. This means your air conditioning equipment will have an easier task... work more efficiently and economically because it doesn't have to overcome heat wasted into the kitchen air by cooking flames. See the new electric ranges at your dealer's soon... and enjoy a cooler kitchen...electrically!

Mrs. Brockman Hosts Morton Valley HD

The next regular meeting of the Morton Valley Home Demonstration Club will be held on the second week in September. Members will have a "back yard" picnic July 30 in the home of Mr. and Mrs. R. W. Gordon, near Ranger.

Mrs. C. T. Brockman presided at the last meeting, which was held Wednesday, June 23, in the club house. The motto, pledge and prayer were led by Mrs. H. C. Pounds and the devotional was given by a guest and former member of the club, Mrs. Grace Funk.

After roll call, which was answered with "my favorite song," a short business session was held and secret pals were revealed. Gifts were

then presented and new names were drawn for the next six months.

All members and guests then participated in a round table discussion on "how to attract and obtain new members." Recreation hour was led by Josie K. Nix, who presented a clever word game.

Hostess, Mrs. Alvin Kincaid, served German chocolate cake squares, chips and dips and punch to the following Mmes.: Nix, Homer White, M. V. Harrison, L. W. Leach, H. N. Sherman, R. W. Gordon, G. M. Hargus, Joe Bond, Jeff Laughlin, L. E. Omms, B. A. Blair, E. L. Danley, C. M. Pogue, Brockman; and two guests, Mrs. Funk and Donnie Leach.
