

Woodrow Wilson, Prominent Quail Farmer, Dies

Woodrow Wilson, prominent farmer living in the Quail community, died in St. Joseph's Hospital early Thursday, Oct. 15, after suffering a heart attack. He was 57.

Earlier this year, Mr. Wilson was hospitalized for a heart condition, but he was believed to be doing well. He entered the hospital again the day before his death.

Mr. Wilson was a life-long resident of the county, having been born here Feb. 20, 1913. Most of his adult life was spent in the Quail area, where he was a farm and community leader.

Mr. Wilson was a member of the Methodist Church.

He was married to Miss Dolie Mae Brown May 15, 1936 at Wellington.

Funeral services were conducted at First Baptist Church in Wellington at 3:00 p.m. Friday. Officiating were the Rev. Roy Collins, pastor, the Rev. C. R. Hankins, pastor of Glen Davis Methodist Church, Dozier, and the Rev. Porter, pastor of Quail Baptist Church.

Burial was in Quail Cemetery under the direction of Kelson Funeral Home.

Palbearers were Mack Horton, Z. J. Nelley, Pat O'Hair, Edward Mitchell of Spade, Dick Sweat and Raymond Barton.

Surviving Mr. Wilson are his wife of Quail; two sons and a daughter: Gano Wilson of Briscoe, Bill Wilson of Quail, and Mrs. Dick C. Sweat of Amarillo; his father, W. B. Wilson of Wellington; three brothers and three sisters, R. V. Wilson of Borger, Ollie Wilson, Wade Wilson and Mrs. Hugh Bledsoe of Wellington, Mrs. Ed Mercer of Littlefield, and Mrs. Bill Oldham of Samnorwood. There is one granddaughter, Becky Sweat of Amarillo.

Standard Time Returns Sunday

Time won't stop Sunday, but it will go back an hour to where most of Collingsworth County has wanted it all along.

The country returns to Standard Time Sunday, Oct. 25.

The easiest way is to turn the clock back an hour when you go to bed. As an example, if you're going to bed at midnight, then set your clocks—all of them—at 11:00 p.m.

Maybe you'll be too sleepy to let the fact that you celebrate two 11 o'clocks and two midnights bug you.

Prospects Good

Quail Goes to Flomot for Season Opener

Quail Quails and Bobwhites open their 1970-71 basketball season against Flomot Friday, Oct. 23, in what will be one of their tougher games of the early season.

After a scrimmage with Arnett Monday night, Coach Bill Wilson said both teams looked fairly good.

"We still have a lot of improving to do, but I was not at all disappointed," he said.

"Flomot usually has a strong team, and they are hard to beat at home. They have one boy, Alva Calvert, who is as good as you will find anywhere."

"But we will have both boys and girls with good teams, and we'll be fairly hard to beat also."

The Quail teams have been transferred to District 3-B this year and will play in Zone 2, along with Samnorwood, Lefors and Groom. Each team will meet only the other three in conference play. The district title will be determined in tournaments at Lefors early in February.

Playing in Zone 1 are Allison, Briscoe, Miami, and Moebette.

Coach Wilson has identical teams to last year plus several players who are freshmen or who were ineligible last year.

ASCS TOURS COLLINGSWORTH

This group which included representatives of the state, district and county ASCS begins the tour of Collingsworth as part of the effort to help county farmers retain their cotton yield histories for farm program purposes. From left they are Leonard White, program specialist with the state office; Roy Canada,

Earl Lynn Bartlett, Louis Allred, Troy Gene Thomason, Raymond Hodges, State ASCS Executive Director D. W. McElwath, District director Albert Marshall, Lefty Thomas, Dub Marchant, Pete Nipper and Bob Weatherly, ASC county executive.

Rites Conducted Thursday for Ralph Messer

Ralph E. Messer, 57, died in St. Joseph's Hospital at 10:00 a.m. Wednesday, Oct. 14. He had been in failing health several months.

Mr. Messer had lived in Collingsworth County since 1934, when he moved to the Swearingen community from Hall County. He farmed there until a few years ago, when he moved into Wellington. Over a long period of years he participated actively in the affairs of his community.

Mr. Messer was born April 4, 1914 in Memphis, the son of John W. and Ora Glasco Messer.

He was married to Mrs. Susie Patrick of Wellington on Dec. 20, 1951, in Portales, N.M. A veteran of World War II, he was also a member of the Methodist Church.

Funeral services were conducted at 3:00 p.m. Thursday, in First Baptist Church, with the Rev. Roy Collins, pastor, and the Rev. R. T. Dyess, pastor of First Methodist Church, officiating. Burial was in Memorial Gardens under the direction of Kelson Funeral Home.

Palbearers were grandsons and nephews and included Gary Patrick, Kim Patrick, Charles Patrick, Stevie Smith, Sammy

Rockets Travel to Electra Friday Night

Wellington Skyrockets travel to Electra Friday night, Oct. 23, to meet the Tigers, a team that is making a better showing than for several seasons.

Early in the season, Electra defeated Holiday, a Class A team that appears to be a district winner this season.

The Tigers lost to Seymour 8-0 last week, but prior to that they held strong Class A Crowell to a 0-0 tie and also tied Nocona, another strong Class A team which probably will win its district also.

"Electra is capable on a given night of beating almost any club in District 2-AA, but they haven't been consistent," said Coach Thayne Amonett.

Electra Head Coach Richard Mason has a well balanced club that can pass and also run the ball. The Tigers are primarily a slot I formation team. In Marsh, they have a fine quarterback, and up in the line are a number of men who are big and aggressive.

Most of these boys are juniors and have another year of eligibility.

Coach Mason is in his second year as head coach at Electra and prior to that was an assistant one season.

Wellington players are still nursing some injuries, Coach Amonett said.

Rocket Band Competes In Marching Contest

That Skyrocket Band will compete in the Marching Band contest in Canyon Tuesday, Oct. 27. This is the first of three Interscholastic League contests in which bands participate each year.

Director Phil Phyllier said the 68 Wellington musicians will be competing with eight other Class AA bands.

In preparation for the contest, Mr. Phyllier had a guest clinician, Jeff Doughton, director of bands at Southwestern State College, Weatherford, and four students to work with the Skyrocket Band Monday, Oct. 19.

One of these students was a former Skyrocket bandsman himself, Cleland Stallings, freshman trombone major and the son of Mr. and Mrs. Troy Stallings. Other visiting musicians were Randy Bateman and Dennis Kusch, trumpet majors, and Miss Ohman Wahl, trombone major.

They worked with the Wellington students in small groups before the general sessions were opened.

Mr. Phyllier announced the program for the marching band contest, which will include "Swing Out," by Eric Osterling; "That's Entertainment," by Arthur Schwartz; "Born Free," by Walter Beeler; "Alamo," by K. L. King; "Brasses to the Fore," by Harold Waters; and the Wellington High School fight song.

Earl Patterson Elected to Salt Fork SCD Board

Earl Patterson who lives north of Wellington and operates farming interests there and west of town, is the new member of the board of supervisors of Salt Fork Soil Conservation District. He was chosen in an election held recently and succeeds Ted Wheeler, who did not seek re-election.

The board has re-organized for 1971, with Otis Emmert of Quail, representing Zone III, as chairman. Other officers are Dan Henard, Jr., of Wellington, Zone V, vice chairman; John Brim of Wellington, Zone I, secretary. The members are Pat Bradley of Abra community, Zone IV, and Mr. Patterson, members, according to Gary Reed, unit conservationist of Soil Conservation Service.

The regular meetings of the board are on the second Tuesday nights of each month at 8:00 p.m. at City State Bank.

Mr. Patterson's term will expire in 1975.

He is vice president of the Collingsworth County Farm Bureau and a past president of the organization. He also is a director of the Chamber of Commerce and an immediate past trustee of the Quail School District.

Mr. Wheeler's work on the board and in behalf of soil conservation was praised by Mr. Reed and other members as he completed his 5-year tenure.

Warrick in St. Anthony's

Lawrence Warrick of Eureka, Kan., is reported as improving in St. Anthony's Hospital, Amarillo, after becoming ill here early Sunday, Oct. 18.

He and Mrs. Warrick came to attend the funeral of his mother, Mrs. J. E. Warrick, and were spending the night with Mr. and Mrs. Jack Davis.

Doctors at St. Anthony's were still running tests Tuesday afternoon, and had not decided the cause of his illness, Mrs. Velman Warrick said on returning home.

Co-operation Asked

City Takes Action on Bicycles and Parking

The city is taking action to correct two vehicle problems, bicycle riding at night, and improper parking of cars and pickups, both on the increase here, Police Chief Donald Nunneley announced. The cooperation of the public is being asked to correct these hazards.

There have been numerous complaints of children riding bicycles on the streets after dark with neither lights nor reflectors, as required by law, Chief Nunneley said. In several instances, accidents were narrowly avoided.

"Bicycles should be ridden on the right hand side of the street at all times, and bicycles ridden at night shall have lights and reflectors as required," the chief pointed out.

"Vehicles parking on the city square shall park at the proper angle in the strip space as painted for this purpose, unless it is specifically marked for parallel parking. Vehicle parking on all other streets shall be with the right side of the vehicle to the curb," he continued.

He noted violations in the area of the schools on 15th Street.

When lights in the school zone are flashing, the speed limit is 20 miles per hour.

Some parents who are driving west are in the habit of pulling across the street into the oncoming traffic, stopping at the south curb to let their children out. However, children leaving the car on the right hand side, step directly into the lane of traffic, it was pointed out.

"In Wellington the property damage reported to the Police Department from auto accidents is around \$25,000 to \$30,000 per year, and an estimated

More Customer Parking Drive Sought by C of C

The Chamber of Commerce is seeking the cooperation of business men in a plan that will mean more parking for customers in downtown Wellington.

Jack Sanford, vice president, said following a C-C meeting Thursday, Oct. 15, that merchants and their employees are being encouraged to park their cars away from in front of their own businesses.

"If we look around a little, I think we will find there are places we can park at little or no inconvenience," he said.

It is suggested that those in firms around the square use the center street parking, Mr. Sanford continued.

Most businesses on streets leading onto the square have a little more leeway, but the same courtesy of leaving parking spaces in front of firms for

customers is requested.

In the same meeting, Mr. Sanford named a nominating committee, including C. T. Hubbard, Billy Moseley and Jimmie Kelson.

The Chamber of Commerce will again sponsor Christmas decorations in both the business and residential areas. The committee appointed to be in charge of this includes Paul Hawkins, Harold Gattis and Lynn Jenkins.

1971 FARM BUREAU OFFICERS

New officers of the Collingsworth County Farm Bureau were elected at the recent annual barbecue and membership meeting. From left, they are L. A. Davis, second vice

president; Earl Patterson, first vice president; Dee Coleman, president; and N. E. Childers, secretary. Ray Null is the outgoing president.

PTO Sets Elementary School Annual Fun Night on Halloween

The annual Wellington Parent-Teacher Organization Fun Night will be held Halloween, Saturday, Oct. 31 at the Elementary School, Mrs. Howard Murdock, president, has announced.

The young ghosts and goblins

along with their parents and friends, will begin gathering at 7:00 p.m. and they will enjoy traditional Halloween fun until 10:00.

This is the major fund-raising project of the year for PTO, and proceeds are used for a major improvement to benefit the elementary school or its students.

This is a family event, Mrs. Farris Wood, publicity chairman, has stressed. Families can come and eat, for there will be homemade ice cream, cookies, candy, sandwiches and drinks for sale.

It is also a community event, for there will be games for everyone to enjoy—pop guns, ring toss, bottle toss, dart throw, bean bag toss, baseball, ring-the-bell, sponge toss, and a big, fantastic spook house.

"This is a supervised trick-or-treat event—an evening of good old fashioned fun," said Mrs. Wood, pointing out that it will keep young goblins off the street for the evening, and out of danger of being struck by passing cars, and from other accidents.

"And at the same time the children can add to the festivities by wearing their Halloween costumes."

"Fun Night serves a two-fold purpose, to help the children celebrate Halloween, and to raise money to benefit Elementary School," she added.

The executive committee working with Mrs. Murdock on overall plans for Fun Night are Mrs. Glen Warrick, Mrs. Frank Coleman, Jr., and Mrs. Billy Langford.

Mrs. Charlie Partridge and Mrs. Don Reeves are members of the hospitality committee and Mrs. Wood is in charge of publicity.

Deskins Wells Much Improved

Deskins Wells was reported Wednesday morning, Oct. 21, as improved and making progress in Baylor Hospital, Dallas, where he has been a patient since Saturday, Oct. 10.

Mr. Wells was badly injured when he was struck by a car while crossing a street in Dallas, then underwent emergency surgery for internal injuries Monday, Oct. 12.

He is still in the intensive care unit, but is due to be moved to a private room on Thursday, Mrs. Wells said.

"The doctors are most pleased with his response," she added.

His daughter, Mrs. Ansel McDowell, Jr., returned to her home at Perryton Saturday, and their son, Henry Wells, went back to classes at the University of Texas at Austin Sunday.

Bill Wolf Has Surgery

Bill Wolf of Loco, who underwent brain surgery for the removal of a blood clot Thursday, Oct. 15 is improving, his mother, Mrs. L. H. Wolf, said Wednesday morning.

The surgery was performed in Methodist Hospital, Lubbock, and his doctors found his condition less serious than they had expected.

His wife and other members of the family are with him, and there is no indication when he can be released from the hospital.

Curricula Preparation

Quail, Norwood Youth Study Narcotic Abuse

Students of two county schools, Quail and Samnorwood, are participating jointly in a series of awareness seminars, as part of the preparation of a curricula to teach narcotics, alcohol and tobacco abuse in grades five through 12. Courses in these grades become mandatory in all Texas Public Schools in 1971.

Three awareness seminars for students and an evening session for adults are slated.

The meeting for adults of Samnorwood community will be held at the school Monday, Oct. 26, at 8:00 p.m.

"This is an attempt by the school to make parents aware of the educational program we will have and of the problem of drug abuse," said Supt. Robert Dwight.

The meeting will center primarily around a film, "The People Next Door."

"This is a mature film, both in its implication and in its presentation, and students may attend only with their parents," said Mr. Dwight.

The awareness seminars for students of the two schools grew out of the workshop on drug abuse held for school administrators, teachers and selected students at the Panhandle Educational Service Center (PESCO) in Amarillo recently.

"A survey in Samnorwood last spring revealed a deficiency of knowledge by our students of the problem of narcotics abuse. After this recent workshop, Supt. James Stavenhagen and I decided our students

County Officials at Conference in Galveston

GALVESTON.—Three days of study and discussions have been scheduled here Oct. 28, 29 and 30 by the County Judges and Commissioners Association of Texas.

The occasion will be the annual conference of the 1270 association members from the 254 counties of the state.

Among those attending will be Collingsworth County Judge Zook Thomas and Mrs. Thomas, and the commissioners and their wives, Mr. and Mrs. Orville Vaughan, Mr. and Mrs. Melvin Seale, Mr. and Mrs. Pat O'Hair and Mr. and Mrs. W. R. Breeding.

A platoon of the state's highest elected and appointed officials have confirmed their engagements to speak before the judges, and commissioners.

Speakers and the order of their appearances are Governor Preston Smith; Bob Armstrong, Democratic nominee for Texas Land Commissioner; Lloyd H. Bentsen, Jr., Democratic nominee for U. S. Senate (morning of Oct. 29); Burton G. Hackney, commissioner of the State Department of Public Welfare; DeWitt Greer, chairman of the Texas Highway Commission; Representative Gus F. Mutscher, Speaker of the House (afternoon of Oct. 29); John H. Onion, judge of the Court of Criminal Appeals at Austin; Senator A. R. Schwartz of Galveston, and Lieutenant Governor Ben Barnes.

The inflated cost of public services, welfare, road construction and maintenance — these are among the many problems common to the 254 counties that will be looked at closely here.

Conference activities will be in the Galvez Hotel, where registration will begin at 10 a.m. Oct. 28. The 1970-71 officers of the association will be elected during the business session on the afternoon of Oct. 29.

Current officers are President E. A. Lyons, Harris County commissioner; Vice President Homer Roberson, Hale County commissioner; and Secretary-Treasurer Kenneth Douglas, Navarro County commissioner.

VETERANS—OLD, NEW

Most Arnett Graduates Now in College

A majority of the 1970 graduates of Arnett High School are attending college, Supt. Bob Copeland has announced.

These include Clarence Chappell, who is in Southwestern Technical Institute of Drafting and Designing, Oklahoma City; Steve Carter, Altus Junior College;

Steve Sikes, York Junior College, York, Neb.; Robert Scott, Abilene Christian College; Debbie Powers, Altus Junior College; Richard Bogle, Oklahoma State University, Stillwater; and Woodrow Denton, Altus Junior College.

Awaiting appointment to the Dallas Police Academy is Preston Wood. He and his wife, Vicki, also a 1970 graduate, are presently living in Lawton.

Gene Humpries is working in Hollis; Jimmy Moody is serving in the Navy at Orlando, Fla.; Reggie Bailey is in the Army and stationed at Fort Leonard Wood, Mo.; and James Kuykendall is in the Navy at San Diego.

Former Residents Visit Wellington

Mrs. E. W. Alley and her daughter, Mrs. Clyde Watts of Oklahoma City were here Wednesday evening and Thursday as house guests of Mr. and Mrs. Kelly Pigg.

They are former Wellington residents and moved from here in the early 1930s. Mrs. Watts will be remembered as June Marian Alley.

The two went from here to Odessa to visit Mr. and Mrs. Joe Coleman, and their next stop will be Roswell, N.M., where Mrs. Watts' son, Gary, is a student in New Mexico Military Institute.

Questions People Ask About the Catholic Church

May a Protestant validly baptize?

Yes, for the validity of the Sacrament does not depend on the personal worthiness or the orthodoxy of the minister. This has been the constant tradition of the Church, as we may learn from the condemnation of the Donatists at the Council of Arles in 314. In many large hospitals, doctors and nurses of all faiths, if a priest is not available, confer Baptism on babies of Catholic parents in grave emergencies. They are encouraged and trained by the Church to do so.

In the new Mass, may a woman be a reader?

When no capable male is present, a woman standing outside the sanctuary area, may read the Scripture lessons preceding the gospel reading.

Are there any paintings of Christ old enough to be considered authentic, so we might get an idea of what He really looked like?

No. The first known art representing Christ is estimated to have been produced four to six hundred years after His crucifixion.

Our 44th Year of Ginning Service We Are Ready To Serve You

We are pleased to announce to the cotton growers of this area that our new Continental Moss-Gordin Gin Plant is ready to take care of your cotton during the 70-71 ginning season. The Continental Moss-Gordin Gin Plant was selected for its efficiency and economy in order to gin your cotton better, thereby enabling our members to realize more net return from their cotton crop.

YOUR COTTON IS INSURED

The Farmers Co-Op Gin has always maintained insurance to insure against loss by fire the cotton of its customers while in the process of being ginned.

But in recent years the Gin also carries a "floater" which insures the seed cotton of its customers from the field to the gin premises.

To afford this broad coverage the insurance company has stipulated that the customer must agree at the beginning of the season to have all of his cotton ginned at The Farmers Co-op Gin in Wellington.

TOP MARKET PRICES

We will market your cotton at the highest prices available in the area.

THANK YOU

At the beginning of the 44th year of service to the cotton growers of this area, the officers, directors and employees of The Farmers Co-Op Gin in Wellington wish to express their sincere appreciation for the courtesy and cooperation we have received in the past. We pledge you a continuation of the same high class ginning service that has proved profitable for our members in other years. Come to see us.

Agriculture Gives County Income of \$11 Million in '69

Collingsworth County's agricultural production brought its farmers and ranchers an \$11,125,000 income in 1969, up three quarters of a million dollars from the year before.

These figures were cited in a new detailed statistical release prepared by the Texas Department of Agriculture and made available through the office of County Agent Don Reeves.

The development of Collingsworth as a livestock county is spotlighted, for cattle and hogs put almost a million and a half more dollars in the pockets of county ranchers and farmers in 1969 than did all crops together. Livestock accounted for \$4,742,000; crop production totaled \$3,140,000.

Farm program payments amounted to a little more than one-fourth the total agricultural income.

Here are the figures released in the report:

The county's total farm income in 1968 was given as \$10,369,999, and in 1969 it was up to \$11,125,000.

Of this, crops accounted for \$7,505,000 in 1968 and \$8,056,000 in 1969. This was further broken

down to include all crops in 1968, \$3,747,000; 1969, \$3,314,000; livestock in 1968, \$3,758,000 and 1969, \$4,742,000.

Livestock

Collingsworth County had a total of 51,000 head of cattle in 1969, but only 45,000 head in 1970, according to the Texas Department of Agriculture.

There were not enough milk cows to be counted, but there were 18,000 beef cows in 1969 and 1,000 more this year.

There is no figure for the cattle on feed in 1969, but when the census was taken in 1970, 3,000 were listed.

Hogs totaled 3,900 head in 1969, and a year later that figure is up to 4,500.

There were an estimated 5,000 chickens in the county in 1969, but poultry is not included for 1970.

Crops

Cotton: 45,400 acres planted; 43,400 harvested; 199 pounds per acre yield, with 18,000 bale production.

Wheat: 32,000 acres planted; 15,400 acres harvested; 17.4 bushels per acre yield, with the production totaling 268,300.

Oats: 2,600 acres planted, 500 acres harvested, yield 27 bush-

els per acre, with 13,500 bushel production.

Rye: 14,000 acres planted, 2,000 acres harvested with a 12-bushel per acre yield and 24,000 bushel total production.

Grain sorghums: 43,300 acres planted, 27,100 acres harvested with a yield of 27.9 bushels per acre and total production of 755,700 bushels.

Corn: 700 acres planted, 400 harvested, 25 bushels per acre yield and 10,000 bushels total production.

Peanuts: 510 acres planted, 430 acres harvested, yielding 892 pounds per acre with total production 383,400 pounds.

Guar: 2,100 acres planted, 1,200 acres harvested, with a yield of 750 pounds per acre and total production of 900,000 pounds.

Hay, 7,900 acres harvested, yielding 1.75 tons per acre, totaling 13,900 tons.

Alfalfa seed: 350 acres harvested, yielding 137 pounds per acre, with production reaching 48,100 pounds.

Peas, green: 50 acres harvested, 490 pounds per acre yield, with 24,000 pounds production.

Peas, dried: 1,200 acres planted, 25 acres harvested, yield-

ing 10 bushels per acre for a total of 250 bushels.

The county census compares production of the county's irrigated and non-irrigated areas. There were 6,000 acres of irrigated cotton yielding 427 pounds per acre, and 37,400 acres of dryland cotton yielding 163 pounds per acre.

The 2,100 acres of irrigated grain sorghum made 46.6 bushels per acre and the 25,000 acres of dryland sorghum produced 26.3 bushels.

Only 850 acres of wheat were irrigated, and this produced 19.2 bushels per acre, while the 14,550 acres of dryland wheat was almost as good, 17.3 bushels.

Only the peach crop was included in the agricultural statistics, and that amounted to 3,900 bushels.

Government Payments

As government payments account for a little more than one-fourth the farm income in 1969, this figure was also broken down:

Feed grain diversion and price support payments, \$305,742.

Wheat diversion and marketing certificates, \$270,466.

All cotton price support, \$1,782,464.

Colemans to WTCC Meeting

Mayor and Mrs. John Coleman were in Abilene to attend a meeting of directors of the West Texas Chamber of Commerce.

The body discussed federal highway funds which have not been forthcoming to the states at this time, said Mr. Coleman, who is the county's representative to WTCC.

The agriculture committee, of which he is a member, voted to not endorse Proposed Amendment 3 on which Texas voters will ballot Nov. 3. It does not mean they do or do not favor it, but simply that they are not giving their endorsement, Mr. Coleman explained.

Why Have a Creed?

BY GAYLORD COOK

The following quotation from the works of Benjamin Franklin is worthy of consideration: "First, any creed containing more than the Bible is objectionable, because it does contain MORE than the Bible. Second, any creed containing less than the Bible is objectionable, because it does contain LESS than the Bible. Third, any creed differing from the Bible is objectionable, because it does DIFFER from the Bible. Fourth, any creed precisely like the Bible is useless, because we have the Bible. This covers the whole ground. There can be no other thought of. A creed must contain more than the Bible, less than the Bible, differ from it, or be precisely like it. No man defends his creed on the ground that it contains more than the Bible, less than the Bible, that it is different from the Bible, or precisely like it. If a creed be not defended on some of these grounds, on what ground can it be defended? Why not just use the Bible?"

Wrinkles are a vicious cycle.

In some dryers the heat that dries your clothes also bakes wrinkles into permanent press.

But you can buy a new gas dryer with a permanent press cool-down cycle that turns off the heat and cools off your clothes.

That means modern gas dryers won't add wrinkles to your wash and extra ironing to your work load. Because they have a cycle that keeps wrinkles from becoming vicious.

B&PW Club Announces Repeat of Popular Progressive Dinner Nov. 10

Wellington Business and Professional Women's Club will repeat its progressive dinner, so popular last year, Mrs. Ernest Harwell, president, announced following the October 13 meeting.

Plans are being made and, so far, members can say that it will be Tuesday, November 10, from 6:00 to 8:00 p.m.

Diners will first go to the home of Mrs. Loren Thompson for beverages, then to Mrs. Charles Darter's for the salad. The main course will be served at the home of Mrs. Ernest Harwell, and Mrs. Raymond Patton will serve the dessert at her home.

The program at the Tuesday evening dinner meeting was presented by Mrs. Bura Handley, parliamentarian, on "Parliamentary Procedure."

During the business meeting,

Mrs. Raymond Patton and Miss Myra Hays, president, reported on the District 10 convention in Jacksboro, where Mrs. Ernest Harwell was appointed a member of the state nominating committee.

Plans were made for National Business Women's Week to be observed Oct. 18 to 24. Mrs. Jimmie Kelso announced plans for the tea which was held Monday, October 19.

Those present Tuesday evening were Mrs. Calvin Aaron, Mrs. Darter, Mrs. Truman Estes, Mrs. Joan Flint, Mrs. Handley, Mrs. Harwell, Miss Hays, Mrs. Rob Isbell, Mrs. Bobby Langford, Mrs. Tommie Murdock, Mrs. Patton, Mrs. Rufus Sweat, Mrs. Ernest Tate, Mrs. Louise Templeton, Mrs. Thompson, Mrs. Zook Thomas, Mrs. Wayne Parker, Mrs. Dan Henard and Mrs. Kelso.

Altar Society Elects Officers, Plans Renovation of Sanctuary

The ladies' Altar Society of Our Mother of Mercy Catholic parish met for their monthly session in the home of Mrs. Isidoro Cortez at 202 Bowie on Wednesday, October 14.

Among items on the agenda were the election of new officers, and further renovations to the sanctuary and the main altar in the church.

Miss Robertson Has Excelsior

Miss Dorothy Roberson was hostess to the Excelsior Club on Thursday evening, October 15, when the group met in the directors' room of the REA building. The Halloween theme was carried out in the room and table decorations.

The club president, Mrs. Robert Barjenbruch, gave the program on "Approach to Art." She related the story of the establishing of the Museum of Art in Roswell, N.M., and the appointment of Milton Resnick of New York as artist in residence. His wife is also an artist and has a studio in Roswell. Mr. Resnick is originally from Russia but he likes the scenes of the Southwest. In discussing his work he once said "When I paint, I share my soul."

Refreshments were served to Mrs. Barjenbruch, Mrs. Lowell Wells, Mrs. E. F. Bartlett, Mrs. J. F. Michael, Mrs. Byron Duncan, Mrs. Louise Vaughan, Miss Marie Shadid, Miss Rose Shadid, Miss Bonnie Willis and the hostess, Miss Robertson.

HDC Studies Oil Painting

The Lillie Home Demonstration Club met Thursday, October 8, in the fellowship hall of First Christian Church, with Mrs. Zook Thomas, vice president, directing the meeting.

Mrs. Ozro Bartlett was the hostess.

During the program hour, Mrs. Buster Bounds presented a program on oil painting, completing a picture as she spoke.

A "hobo trip" netted the club treasury \$1.20.

During the business meeting, plans were made for the HD council salad luncheon and for the upcoming Old Fashioned Foods luncheon.

Refreshments were served to Mrs. Bounds, Mr. and Mrs. Marvin Garrison, Mrs. L. M. Bartlett, Mrs. Malcolm Horton, Mrs. Bill Langford, Mrs. Bill Hill, Mrs. Haskell Manuel, Mrs. Thomas, Mrs. John Alf Thomas, Mrs. Lowell Wells, Mrs. Gabe Wright and the hostess, Mrs. Bartlett.

Party Honors David Hawkins

A party on his ninth birthday honored David Hawkins on Saturday afternoon, October 17, in the home of his parents, Mr. and Mrs. Paul Hawkins.

Games were played and later birthday refreshments were served. Assisting with the party were Mrs. Gary Reed and Miss Vikki Saunders.

Those attending were Tammy Hernandez, Lisa Wilson, Kristi Moseley, Karen Goforth, Jennifer Pendleton, Brent Reed, Mike Reed, Jeffrey Camp, Kirk Patterson, Melodie Watts, D'Yon Hawkins, David Hawkins, the honor guest.

Mrs. Larry Hampton Pips

Cathy Thomason Weds Larry Pips in Church Ceremony October Tenth

Miss Cathy Elaine Thomason and Larry Hampton Pips were married at seven o'clock Saturday evening, October 10, in a candlelight ceremony performed at the Church of Christ. Gaylord Cook, minister of the church, officiated.

Parents of the bride are Mr. and Mrs. D. C. Thomason, 1712 Park Lane, while the bridegroom is the son of Mrs. John Pips, 1201 Ennis, and the late Mr. Pips.

The couple recited their vows before an arch of foliage and white gladiolas, with tiered candles at the sides.

Mrs. Billy Mac Sims was the vocalist, and recorded wedding music was played.

Mr. Thomason gave his daughter in marriage.

The bride's gown was of white peau de soie, with a lace bodice and long sleeves. The lace train was attached at the empire waist, and her floor-length a-line skirt was edged in lace roses.

Her tulle veil was attached to a pearl crown, and was bordered in lace roses, centered with seed pearls.

She carried a bouquet of rosebuds, tied with bridal ribbon, on a white Bible.

Miss Beth Peters was the maid of honor. Her street-length aqua dress was designed like the bride's and she carried a single white rose.

Dwayne Ford was the best man and ushers were Frankie Green and Jim Rudy.

Auxiliary Told of Convention

The first meeting of the new year of St. Joseph's Hospital Auxiliary was held October 16 at the hospital.

Mrs. Ernest Harwell, president, gave highlights of the convention of the National Association of Hospital Auxiliaries which she attended in Houston recently, as well as an area meeting in Plainview.

Mrs. Jeff Wilson and Mrs. C. C. Brown volunteered to serve as a Telephone Committee.

All women who would like to work in the Auxiliary are invited to attend the next meeting, Friday, November 13, at the hospital, said Mrs. Harwell. Those attending were Mrs. Harwell, Mrs. Herbert Fields of Quail, Mrs. Wilson, Mrs. Brown, Mrs. John Sherman, Miss Rose Shadid, Sister Perpetua and Mrs. Jennie Holcomb.

Builders Class Has Luncheon

Builders Sunday School class of First Baptist Church met in fellowship hall of the church October 6 for their monthly luncheon and business meeting.

Class president, Mrs. L. A. Wall directed the meeting. Mrs. N. W. Murray led the opening prayer and Mrs. Wall gave the devotional. The secretary's report was read by Mrs. Maude Vaughan and the treasurer's report by Mrs. Rosco Land. Mrs. D. F. Roberts led the closing prayer.

Members present were Mrs. Wall, Mrs. Murray, Mrs. Roberts, Mrs. Land, Mrs. Ruth Wyrick, Mrs. E. W. Carter, and Mrs. Vaughan. Visitors attending were Mrs. Harold Keller, Mrs. P. E. Lowrie and Mrs. V. J. Simpson.

Mr. and Mrs. Tom Lockridge of Lubbock visited recently with her parents, Mr. and Mrs. Jimmie Kelso.

1924 Members Study Ecology

"Our World of Ecology" was the overall theme when members of 1924 Study Club met October 15 at the Greenbelt Electric Co-operative, Inc., with Mrs. J. B. King as hostess.

The conservation department chairman, Mrs. George Henry, was program director and presented "So Little Time". This was an unusual film of the future of waterfowl with narration including special musical score and balladry relating to the colored photography.

Members learned that drought, drainage of ponds on North American continent, and over-hunting are the fowls' worst enemies. Environment and heredity of the fowls were transmitted in a beautifully arranged filming that emphasized the possibilities of losing these species. Incredible were the sights that may be witnessed on the fowls' flyways by photographers, conservationists and hunters.

The refreshment table was also keyed to conservation with foliage representing various areas of the United States.

During the business session with the president, Mrs. Dee Coleman in charge, a report was made on the club's McLean trip for a program and tour on the preparation of dry foliage, as guests of the Pioneer Study Club. The guest speaker was from Wichita Falls.

The next club meeting is to be October 30 at Mrs. Coleman's home.

Attending were Mrs. Sam Adams, Mrs. R. R. Crawley, Mrs. Coleman, Mrs. Chester Fires, Mrs. Ralph Owens, Mrs. Henry, Mrs. L. W. Wells, Mrs. Les White, Mrs. King and Mrs. B. M. Sims.

Mrs. Frank Falk Entertains NWMS

The NWMS of the Wellington Church of the Nazarene met in the home of Mrs. Frank Falk Tuesday, October 13 for their regular meeting with twelve members and one visitor present.

The service was opened by singing "What a Friend", and a prayer by Mrs. Robert Posey. The devotional was given by Mrs. Philip Daniels. Mrs. Clyde Emmert, president, was in charge of the business session.

Minutes of the last meeting were read and financial report given by Mrs. Fred Yarbrough. The lesson study, "Communicating the Gospel in the Caribbean" was given in three parts, "Communication Through Language" by Mrs. Joe Harris; "Communication Through Music" by Mrs. Leslie Moore; "Communication Through Mass Media" by Mrs. Oral Bishop.

Mrs. Leburn Goswick gave the benediction.

A time of fellowship was spent after the service and refreshments were served to Mrs. Maggie Cass, Mrs. Emmert, Mrs. Harris, Mrs. Bishop, Mrs. Moore, Mrs. Posey, Mrs. Goswick, Mrs. Daniels, Mrs. Fred Yarbrough, Mrs. Earl Yarbrough, Mrs. Rodell Byers, Mrs. Eva Cornelius and the hostess, Mrs. Falk.

Here to spend the week end with Mrs. Rosa Trimble were her daughter and son-in-law, Mr. and Mrs. Jack Dowdy of Elk City, Okla.

Cason Family Has Reunion

The home of Mr. and Mrs. J. C. Cason on East Avenue was the setting for this year's annual Cason family reunion, which was held Sunday, October 18.

Those here for the reunion were the C. B. Cason family of Plainview, Mrs. Ora Thomas of Wichita Falls, Mrs. Sam Cason of Big Spring, Mrs. Charles Cason, Sr., of Wellington, Mr. and Mrs. Charles Cason, Jr., and family of Abilene, Bernice Cason of Big Spring, Mrs. Bud Davidson of Plainview, Mr. and Mrs. Miller Cason of Amarillo, Ronnie Nation of Albany, and Mrs. T. B. Wilkins of Wellington.

Mrs. Arzene Winter of Amarillo is visiting here for several days this week with her sister, Mr. and Mrs. Guy Bumpas and other relatives. Mrs. Winter recently moved to Amarillo from Tyler.

Corduroy

Corduroy, a pile fabric, takes on new faces this fall.

The very-versatile corduroy fabric is now available not only in the traditional thin or wide wale, but also the newer cut and uncut, patterned or luxurious suede-like ribless design.

For best results when sewing corduroy, follow these hints:

Before buying yardage, check the pattern envelope under the heading "with nap". If "with nap" is not listed, add three-eighths to three-fourths yard to provide ample fabric for cutting pattern pieces in one direction.

Cutting in one direction is important because direction of the pile affects the color of corduroy. For example, brushing the fabric against the pile produces a rough texture and deeper color. Smoothing the fabric down produces a lighter shade.

For perfect cutting, lay the pattern pieces on the wrong side of the fabric. The top of each pattern piece should point in the same direction to prevent color distortion in the finished garment.

If the pattern layout calls for a crosswise fold, cut on a single thickness with all pattern pieces pointing in the same direction. But if cutting on the lengthwise fold, cut on a double thickness.

Stitching corduroy on a sewing machine requires loose tension thread (8 to 10 stitches per inch), a fine needle size (11 to 14) and a round holding plate to prevent an imbedded stitch line which detracts from

the pile surface. Also, since some corduroy is heavy, a lining fabric may be used as the facing to reduce bulk.

Prunes

Prunes add a natural tart-sweetness and a fruity richness to a number of dishes.

Not only do they taste good, prunes are rich in iron and vitamin A. Incidentally, they're great eaten right from the package. Of course, you'll want to soak or cook them for other uses.

California's 1970 prune crop is forecast at 180,000 tons. This larger-than-average crop will provide especially plentiful supplies of dried and pitted prunes and prune juice.

Try this easy to prepare cake with prunes:

1 package spice cake mix (for 2-layer cake)

1 1/4 cups drained, pitted and chopped cooked prunes

Prepare cake batter according to package directions. Thoroughly mix prunes into cake batter. Pour batter into two greased and floured 8- or 9-inch layer cake pans.

Bake according to package directions but increase baking time by 10 minutes.

Cool cake a few minutes before removing from pans. When cool frost with white frosting.

The vacuum cleaner, when used in wet or damp areas, presents a potential shock hazard.

NWMS Meets With Mrs. Orr

Dodson Nazarene World Missionary Society met Tuesday afternoon, October 13, with Mrs. Joe Orr.

The house was called to order by the president, Mrs. Bill Holder. The program opened with two songs, "To the Work" and "Throw Out the Lifeline," led by Mrs. Orr. Mrs. Clifford Lowrie gave the devotional, "It all depends on the motive."

Mrs. Oscar Lewis led the prayer and Mrs. Holder gave the emphasis for October which was "Checking on star requirements for making our society a star this year." Mrs. Roy Tisdale read the minutes and gave the financial report.

Wilma Beanland gave the lesson on "Christ in the Caribbean." Mrs. Tisdale showed slides and commented on Trinidad and Tobago. Closing prayers were by Mrs. Claude Lewis and Mrs. Daro Camp.

Refreshments were served to Mrs. G. M. Lewis, Mrs. Kate Smith, Mrs. Bill Patterson, Mrs. Clifford Lowrie, Mrs. Oscar Lewis, Mrs. Claude Lewis, Mrs. Daro Camp, Mrs. Roy Tisdale, Mrs. Bill Holder, Mrs. Sherrill Beanland and Jon, Mrs. Howard Smith, Rev. Howard Smith and the hostess, Mrs. Joe Orr and Elboree.

structed for use on wet surfaces, such as indoor carpets, patios or around swimming pools.

There are, however, some "wet pick-up devices" on the market today approved by Underwriters Laboratories. Many commercial businesses also have these devices.

Several manufacturers are making central vacuuming systems that have attachments for cleaning wet surfaces. To insure safe cleaning on such surfaces look for the UL seal on the cord and the cleaner.

Mrs. J. L. Hays Has Surgery

Mrs. J. L. Hays underwent major surgery in Wichita General Hospital, Wichita Falls, Friday morning, Oct. 16.

She is improving and will probably be released from the hospital late this week, according to her daughter, Miss Myra Hays.

With her for the surgery were five of her daughters, Mrs. Harold Pollard of Odessa, Miss Myra Hays and Miss Larlu Hays of Wellington, Mrs. D. R. Biter and Miss Merle Hays of Wichita Falls.

Keesees Here from California

Mr. and Mrs. Jim Keese of Victorville, Calif., are here this week visiting his sisters, Mrs. Charley Hill, Mrs. Bura Handley, Mrs. Bessie Winter and Miss Myra Keese. They also visited friends in Mangum, and from here will go to Trinidad to visit another brother, Doc Keese.

Both Mr. and Mrs. Keese grew up in the Vinson area and she will be remembered as Annie Aikman.

Atomic Crime Detection to Become Reality

AUSTIN.—Atomic crime detection is becoming more than a theoretical laboratory term for nuclear scientists at The University of Texas who have entered into a crime detection program with the Texas Department of Public Safety.

With a \$40,545 grant from the Texas Criminal Justice Council a team of scientists headed by Dr. Stephen J. Gage, director of the Nuclear Reactor Laboratory, plans to establish the routine use of nuclear techniques for law enforcement agencies.

Using the laboratory's sophisticated equipment, the scientists will be able to undertake radioactive analyses such as making "isotopic fingerprints" of various pieces of evidence.

NOTICE

We have received many complaints of the following infractions concerning bicycles and vehicle parking and the City of Wellington asks your co-operation in correcting the problem.

BICYCLES

We have received reports of several near-accidents with bicycles being ridden at night without reflectors or lights.

Bicycles shall be ridden on the right hand side of the street at all times, and at night they shall have lights and reflectors as required by law.

VEHICLE PARKING

• Vehicle parking on the city square shall park at the proper angle, in the stripe space as painted for this purpose. There shall be no vehicle parking unless in the angle space, with the exception of the Hospital-Clinic-Rest Home area on 15th.

• Vehicles parking on all other streets shall be with the right side of the vehicle to the curb.

• When Flashing lights in the school zone are in operation, the speed limit is 20 miles per hour.

Enforcement of these laws is for safety of all of us and especially of our children.

Cook a Husband

We have, in times past, made note of interesting items to be found in old newspaper clippings. One of our compatriots with the WESTVILLE (Indiana) INDICATOR recently discovered such an item in an old cookbook compiled by the ladies group in a Baptist Church of Wolcott, Indiana. The item read: How to Cook a Husband!

"A great many husbands are entirely spoiled by mismanagement in cooking, and so are not tender and good. Some women keep them too constantly in hot water, others freeze them; others put them in a stew, others roast them, others keep them constantly in a pickle.

It cannot be supposed any husband will be good and tender managed this way. But they are delicious when properly treated. Don't keep him in the kettle by force, as he will stay there himself if proper care is taken. If he should sputter or fizzle don't be anxious, some husbands do this. Add a little sugar in the form of what confectioners call 'kisses,' but no vinegar or pepper on any account. A little spice improves him but it must be used with judgement. Do not try him with something sharp to see if he becoming tender. Stir him gently the while lest he be too long in the kettle and become fat and tasteless.

If you follow these directions you will find him very digestible, agreeing nicely with you and he will as long as you want."

We're not sure how well this old recipe will work today in the age of power-drive can openers, outdoor electric grills and kitchen cooking implements with master panels of such complexity as to tax the ability of a master engineer (which most housewives have to be these days.) But we seem to detect some elements in the "cooking" methods which suggest that the modern wife of today isn't too far removed from her maxi-skirted grandmother of yesterday.

Environ Of a Small Town

A grocer moves his goods to a larger store, a firm adds a high radio antenna (a hometown friend graduates from college, the city votes in a higher tax levy, a business celebrates its 75th anniversary . . . each a component in the metamorphosis of the small community.

These news events do not survive on the front pages of the metropolitan dailies. They are buried by stories of ghetto violence and war.

But the hometown paper was created for such happenings. They dwell on the news of home and friends.

The small town weekly is geared to report the many changes that comprise a community's evolution. Its goal is to cover objectively each transformation proposed or being carried out in the community.

During the search for this news, one fact keeps reappearing. Although a town's features change, its personality remains relatively stable, unmarred by the effects of pollution and automation.

The town's foundation of people and buildings come and go, are born and wither away. Yet, its pattern of friendliness and an easy life is not altered by time.

The newspaper considers the modifications of born in the community as important events. The coverage is aimed at a target of understanding whereby each resident knows the direction his community is heading.

The small town's character is generated by its people. That desired component of warmth and care is radiated from generation to generation, family to family, and neighbor to neighbor.

Effort Worth It

Dallas has a good start toward being a clean city, thanks to the efforts of 3,000 volunteers who participated in A Beautiful, Clean Dallas (ABCD) program over the weekend.

Trash, bottles, cans and other items, carelessly discarded by thoughtless residents and amounting to 15 city garbage truckloads, were gathered in the 2-day effort. In addition, scuba divers retrieved just plain junk from ponds in the city.

One ABCD spokesman said, "It can safely be said that where it happened, it was a great success. Cleaned areas were noticeable. They picked up everything.

Eleven areas in North Dallas, Arlington Park, West Dallas, Pleasant Grove and White Rock were targeted in the drive.

The volunteers' efforts were commendable. They, no doubt, gained a deep appreciation of the cost of careless littering. The areas which were cleaned should be kept that way. And residents in other sections of the city should see what they can do to improve their areas. The effort, as the ABCD campaign proved, is worth it —The Dallas Morning News

AUSTIN.—Tax-free financial incentive are recommended by Texas' top officials to lure new industry to the Lone Star state.

Gov. Preston Smith came out for the added attraction at no cost to taxpayers. Lt. Gov. Ben Barnes said he agreed that revenue bonds to help industry finance locations would be the preferred route for legislation.

Both spoke here at the governor's annual conference on industrial expansion.

Smith also advocated a pre-employment industrial training program to fill the need for trained labor. He pledged his efforts to maintain a favorable tax climate for industrial development.

James W. McGrew, Texas Research League director, underscored the importance of the recommendations when he told the conference that Texas will need to provide 600,000 new jobs because of the predicted population increase during the next decade.

Sponsored by the Texas Industrial Commission and hosted by Gov. Smith, the conference honored six industries for expansion and economic impact on their communities during 1969.

Award-winning industries were Johnson Manufacturing Company of Lubbock, Kilgore Ceramics Corporation, Celanese Chemical Company of Clear Lake, Missouri Beef Packers of Friona, Laredo Packing Company and Friedrich Refrigerators Inc., of San Antonio.

At a meeting before the conference, the Industrial Commission reviewed plans for a 24-page section on Texas Industry in Business Week Magazine on March 13. Also discussed was a computerized, finger-tip data bank on industrial development opportunities in 438 Texas communities over 1,000 population.

Courts Speak

State Supreme Court agreed to hear the appeal of a Houston trucking firm on Nov. 25 relative to a \$300,000 judgment favoring an Odessa widow and her children in connection with a 1966 accident in which the woman's husband hit a parked truck.

In other recent actions, the High Court:

—Rejected the City of Floydada's appeal in a lawsuit over land condemned for the city's airport.

—Turned down the claim of

a Houston widow to a share of her deceased husband's inheritance because she waited too long to file suit.

Court of Criminal Appeals dismissed the petition of a Houston doctor sentenced to life in prison in the sniper slaying of a partner.

Three Houston theater operators seek a federal court injunction to prohibit police raids on nude-film showings.

Tax Raise, Cut

Employers got both good news and bad on the tax front last week.

Rate experts recommended a 1.1% average increase in workmen's compensation insurance rates.

At the same time, Governor Smith said employers covered under the Texas Unemployment Compensation Act will be eligible for a 1% reduction in their payroll taxes about Jan. 20.

Workmen's comp rate will vary among industries. Under recommendations the average manufacturing rates statewide would increase 4.4%, while those for contractors would drop 2.3%. Oil industry rates would dip 1.1% and "all others" would increase 2%.

Unemployment tax cut is possible because the trust fund reserve for paying jobless benefits reached \$347 million on Oct. 1. When the fund is more than \$300 million on the computation date, a tax cut is mandatory.

450 Next Draft Call

November draft call for Texas is 450, says acting State Selective Service Director Lt. Col. Charles Duncan.

First to be called by the local draft boards will be men with random sequence numbers 1 through 145. Those with higher numbers will be subject to call if needed, Duncan said.

Texas' quota is part of the national call for 8,000 men, all for the Army.

A total of 1,310 will have to take pre-induction physical and mental examinations for the November quota.

Local board quotas for induction and pre-induction examinations in November were mailed to 159 boards on Oct. 9.

Mrs. Sam E. Wilson, Jr., submitted two options to the Parks and Wildlife Department:

1. A tract of 5,624 acres with 8.3 miles of beach frontage on the Gulf of Mexico, for \$6.1 million; or

2. A tract of 7,495 acres with 11 miles of Gulf Beach, for \$8.1 million.

Mrs. Hale also agreed to an easement across her land for a proposed \$3 million Corpus Christi water exchange pass and offered to give the state 130 acres north of the pass. Latter adjoins 580 acres on the island already owned by the state.

Attorney General Rules

Military personnel can qualify to serve as prospective jurors on satisfying election code requirements and if they intend to establish a residence in Texas, says Atty. Gen. Crawford C. Martin in a new opinion.

In other recent rulings, Martin concluded that:

—No state agency now has authority to execute a FHA form certifying the need for a nursing home.

—College of Osteopathic Medicine in Fort Worth is entitled to representation on the Anatomical Board of Texas.

Private Colleges Ask Aid

Private colleges and universities will be seeking \$28 million in state aid to stay in business during the next two years.

Independent Colleges and Universities of Texas, Inc., has reviewed its needs in a meeting with Central Texas legislators. Spokesmen for the schools previously have outlined their plight to the Coordinating Board of Texas College and University System.

Legislation backed by the group will seek tuition equalization grants for private college students and authorization for contracts by the Coordinating Board with private schools for services and degree production.

Although the state is investing heavily in new tax-supported institutions, there are some 16,000 openings in private classrooms.

CROSSROADS REPORT

In line with the reformists' plan to stop murders by registering guns is my rural pundit neighbor's plan to stop forest fires and Molotov cocktail protests by registering matches.

But the magic formula whereby potentially dangerous objects are supposed to be made less so by putting their serial number on a punchcard doesn't work very well.

After all, 50,000-plus people are killed and millions injured every year by cars, in spite of nearly every one of them and their drivers being registered.

My people expert neighbor says he has noticed that a public debate usually serves only one purpose. It convinces each participant and each hearer that he has been right all the time.

Which probably raises the national happiness quotient, the same as if both teams won in all football games.

But the famous TV debate between Mr. Agnew and the five Student Body Presidents may rate as an exception. Some grudge that Agnew won. Probably because he appeared to be about 10 percent as wise as his opponents think they are.

Waste Orders Required

Texas Water Quality Board Chairman Gordon Fulcher has warned that waste control orders must be obtained from that agency before any type of sewage facility is built.

This applies to individuals as well as municipalities and other government entities.

"This is for their own protection," Fulcher said. "While the type of facility might meet with full approval of the Board, there is also the possibility that it would not, and that money spent on the facility might thus be wasted . . . Standards vary in different areas of the state."

Application forms are available through the Board office at 1108 Lavaca in Austin, on request.

PLAN AHEAD

Newlyweds, do you want some sound advice on saving money when you're just starting out?

Probably the first thing you'll be faced with after your honeymoon is where to live. Here are some important things to consider when you are making your decisions.

First, the important thing is to build up a savings account so you will be able to buy the necessities. A good way to do this is not to go out and buy a house and try to decorate and furnish it immediately. A house has more room than you'll be needing for a long time.

By finding a small apartment with enough room to live comfortably, you'll save money that you will be able to apply to your dream home. This will also give you enough time to decide what type of house you want and where you want it.

Junior High Wins Over Shamrock 36-14

The Wellington Junior High Firecrackers defeated the Little Irish of Shamrock 36 to 14 on El Paso Field, Shamrock on Thursday evening, Oct. 15.

"This was the best game played by the Firecrackers so far this year. The entire squad was outstanding in defeating a well-balanced Shamrock ball club," said Coach Carroll Nunnelle as he praised his team.

Wellington kicked to Shamrock. The Firecracker defense held and Wellington took over and marched 65 yards to score with Bobby Jo Shrubs sweeping right end for the touchdown.

The try for extra point was good on a pass from George Brewer to Larry Wright.

Wellington scored twice during the second period. Bobby Jo Shrubs again got the call and the try for extra points was good with passes from Brewer to Wright and score at halftime was 24-0.

Wellington received the second half kickoff and went downfield with good line blocking led by Paul Wilbur, Larry Wright, Ricky Robinson, Cameron Moore, Dave Peterson, Cleo Pennon and Edward Thomas, and good running by backs Jim Bob Nall, Richard and Randall Sims, George Brewer, and Shrubs.

One again it was Shrubs who scored, this time in the third period on a 60 yard punt return set up by excellent downfield blocking. The try for extra points failed and the score was 30-0.

The last quarter saw action for the alternate unit of the Firecrackers. Shamrock was able to score on a 40-yard pass play and try for the extra point failed.

The final Wellington tally came on an end run by Shrubs again from 25 yards out, but the pass play try for extra points failed.

Shamrock's other tally came with one minute left in the game, on an end run of 35 yards. The try for points was good on an off-tackle play.

"I was very pleased with the team effort and execution of both offense and defense in this game. It was the best overall performance we have had this year," declared Coach Nunnelle.

Kathe McClendon

Wellington Native

Dual State 4-H Honors to Kathe McClendon

4-H Club honors have come not singly, but in pairs, for a young native of Wellington, 15-year-old Kathe McClendon. She is the daughter of Mr. and Mrs. Wayne McClendon who now live at Abernathy.

Kathe was named State 4-H Champion in Home Management for 1970. She also was State 4-H winner in the Clothing, Educational Activity, and in relation to this she presented a program at the State Fair of Texas in the Texas Food and Fiber Pavilion on Oct. 20.

As tops in the state, Kathe will receive an expense-paid trip to the National 4-H Congress in Chicago Nov. 29 to Dec. 3. There she and other state winners will compete for \$600 Educational Scholarships to be presented to a blue award group by Tupperware Division of Dart-Industries, Inc.

Her Dallas program showed the actual steps in the tie-dye process. Because her audience numbered approximately 200, her demonstration was shown by colored slides. She displayed T-shirts, blue jeans, a blouse, and wall hanging to show the varied and attractive uses of tie-dyeing. She demonstrated the rosette and donut knot, the sunburst and how to gather an article for a stripe. Her trip is sponsored by Plains Cotton Growers, Inc.

The 15-year-old Kathe has been involved in 4-H work for

seven years.

"When I first started in 4-H, I conducted two projects—food and clothing. Since then I have made a few additions," she said. The additions number 10 and range from child care and gardening to swine and entomology. "I have carried my home management project for three years," she added.

Kathe's honors in all project areas include five medals, four first places, one blue ribbon and one award in local, county and district competition.

Her junior leadership project has taken her far.

"As a result of the things I learned in Junior Leadership project, I'm now a volunteer worker at the State School for the Mentally Retarded in Lubbock," she said. "Also, when I finish high school, I plan to major in special education because of my leadership experiences, and I believe my 4-H work will back me up all the way."

Kathe's qualities in leadership have been demonstrated in her school and community, as well as 4-H. She is a member of the Abernathy School band, varsity basketball team, drama club, FHA, and is a cheer leader.

As a community member, she has worked in the Head Start program two years.

"Kathe is truly an outstanding 4-Her," an adult leader

Van Pelt to Direct 1971 Spelling Bee

Don Van Pelt, county school counselor, has been named 1971 Spelling Bee director for Collingsworth County.

The Collingsworth County Bee will be held by April 1, 1971, and the winner will go to Amarillo on April 24, 1971, for the annual elimination contest when a new regional champion will be named. The young boy or girl named in Amarillo will win an all-expense-paid trip to Washington, D.C., June 7-11, where he'll represent the Golden Spread in the national competition.

In 1970, Debra Long, daughter of Mr. and Mrs. Bill Long of Wellington was the county champion. She was a student at Wellington Junior High in the 8th grade.

The 1971 Golden Spread Bee will be co-sponsored by West Texas State University and the Amarillo Globe-News. L. J. (Jack) Edmondson, director of public services at the university, will be bee coordinator for the Golden Spread event.

There will also be a secondary contest—the only one of its kind within the National Spelling Bee program—open to youngsters from the sixth and lower grades. These juniors will be guests of the Amarillo Globe-News at the Regional Bee on April 24, but will not spell unless they represent the senior division also.

Diana Wilson was the Junior Champion for 1970 and her parents are Mr. and Mrs. Jeff Wilson of Wellington. The junior champion attended Wellington School in the 6th grade.

The district winner, to be named in April, will go to Washington where he'll com-

pete with district winners from all over the United States. The trip includes various sight-seeing tours and entertainment.

Each county winner will receive a plaque in Amarillo and a gold pin; each county junior champion will be awarded a trophy and silver pin. Entry ribbons and winner ribbons will be given to all participants.

This year's contest marks the 23rd annual event, sponsored by the Globe-News Publishing Co., and will make the 44th national contest, sponsored by newspapers throughout the U.S.

The new "1971 Words of the Champions," containing 500 new words, may be ordered from Jim Walker, Spelling Bee Editor, Amarillo Globe-News, Box 2091, Amarillo Texas 79105. Price, 20¢ each.

Delivery is expected around mid-October. Youngsters eager to begin studying should place their orders at once.

Miss Saunders at Conference

Vikki Saunders attended the 16th annual Women's Conference of West Texas Utilities, held in Abilene Monday, Oct. 19, with approximately 200 attending, local manager Paul Hawkins said.

The leadership workshop conference was established 15 years ago to help the women employees of the company develop public relations know-how in order to better serve the public. The theme was "Switched On."

Guest speakers for the morning and their subjects were:

Barbara Brockwell, invocation; Durwood Chalker, "The Future Is Electricity"; Mrs. Lavelle Taliaferro, "The Pleasure of Your Company"; Mrs. L. F. Perry, "Beauty and the Beast".

Luncheon was served in the Abilene Country Club banquet hall during the noon break between sessions, with music provided by Rufus Edmundson, an employee of WTU, and drawing for door prizes supervised by Mrs. Joe W. Howe of the Abilene office.

Mrs. Bill Howard of the Quanah office introduced the afternoon sessions, which began at 1:15 with R. E. Kennedy and his presentation of "It Was Only Yesterday." Mrs. Ben Lawson of the Chillicothe office presented "Don't Take It Off—Turn It On".

The final banquet entertaining began at 7:00 o'clock. The opening remarks were by President Roff W. Hardy. The entertainment feature was a hat style show.

Max SHERMAN

The Panhandle needs Max Sherman for effective representation in Austin. If this district is to receive the recognition and consideration it deserves, we need a dynamic, energetic voice to speak for us in Austin. We need a voice that will be heard in the Texas Senate. We need Max Sherman... he is your kind of Senator!

Max SHERMAN THE MAN

Sherman knows the Panhandle as a life-long resident. He grew up in Phillips where he graduated from high school.

He worked his way through Baylor and the University of Texas Law School by waiting tables, counseling freshman students, and selling Bibles. At Baylor he was president of the student body and was named Most Representative Senior Male Student. He graduated with honors from the Law School at Texas and received many awards.

Sherman served his country in the Army. He entered as a recruit and later received a commission in the Judge Advocate General's Corps.

He married the former Gene Alice Wienbroer of Borger and now has two children. His wife taught at Borger High School, Palo Duro High and Amarillo College.

Since 1961 he has been a practicing attorney.

Max SHERMAN THE LEADER

An energetic 35 years old, Max Sherman is active in civic and church affairs. He is a church officer and Sunday School teacher and is president of the Panhandle's oldest and largest Kiwanis Club.

The Amarillo Jaycees presented him the Young Man of the Year Award in 1969.

Sherman is Chairman of the Potter-Randall Hospital and Health Facilities Advisory Committee and the State Junior Bar Mental Health Committee. He is a member of the Board of Directors of the United Fund, and he has served as Chairman of the Legal Aid Society, the Cerebral Palsy Center and the Chamber of Commerce Legislative Affairs Committee.

Sherman is a current or former member of many other worthwhile organizations.

His leadership, integrity, ability and good judgment merit your support.

Max SHERMAN THE SENATOR

Max Sherman is dedicated to making the Panhandle a better place for your family and for his own. He is strongly committed to:

- Economy in government.
- Government at the local level.
- Good, locally-controlled schools.
- Prompt, effective laws to stop drug traffic.
- Improved, firm crime prevention laws.

Max Sherman has taken his campaign to the people. At the beginning of the campaign he personally went to each county to file for the office of State Senator. Since then he and his wife have traveled more than 16,000 miles meeting and visiting with voters in this district to learn what they want in government. It is the people who will always determine his course in Austin. He is not obligated to any outside influences.

Max Sherman believes there is no substitute for hard work. He has worked hard in this campaign and has promised "I will work as hard at being your State Senator as I worked at getting elected."

Drug Abuse Discussed for County Teachers

Teachers of the county's schools heard Dr. Carter Holcomb in a discussion of drug abuse at the dinner meeting of the TSTA unit in Dodson Monday night, Oct. 12.

He included in his discussion barbituates and amphetamines, as well as heroin, LSD and marijuana, and pointed out their dangers and adverse effects, as well as permanent lasting effects. Some, he told

the teachers, produce mental change, others, as LSD, produce irreversible physical damage.

Dr. Holcomb's comment on aspirin, intended as an aside to his main talk, created keen interest among the teachers when he said that roughly, 1400 persons die each year from overdoses of aspirin, and that 979 died last year in the United States from aspirin poison.

There is no antidote for a toxic dose of aspirin, he told the teachers. Aspirin should be kept where children cannot reach it, for if a child finds a bottle and likes the taste, he may eat the entire contents of the bottle.

Robert Dwight, superintendent of Samnorwood Schools, spoke briefly on how the teachings concerning drugs, alcohol and tobacco will be implemented in the school systems.

Dinner entertainment was by the Sikes Family of Westview Boys Home.

John Alf Thomas, president of the county TSTA unit, was master of ceremonies; James Stavenhagen of Quail gave the invocation; John Masten of Quail introduced the speaker; and Charles Floyd of Wellington gave the benediction.

Shamrock Takes 36-8 Victory Over Rockets

By STAN PARKER

Shamrock's Irishmen overpowered the Wellington Skyrockets with a consistent ground game led by Irishman Donald Rhodes with a 36-8 victory over the Rockets in Powell Stadium Friday, Oct. 16.

The Rockets benefitted on four of seven fumbles when Wauer, Harris and McLain recovered the slippery pigskin as the rain hampered both teams as well as the band and the spectators.

The Irishmen's Gregg received the opening kickoff on the 20 and gained 10 yards before being brought down on his own 30 yard line. Shamrock gained 57 yards on 12 plays with alternate runs by Gregg, Franks and Rhodes before fumbling on the 13 where Ted Harris recovered for Wellington. However, on the successive play Wellington fumbled, giving possession

sion, on the 5. One play later saw Rhodes scampering around the left end to score the first Irish TD. Ramsey took the ball in on the conversion for 2 extra points, giving Shamrock an early lead of 8-0.

After Jackie Pendleton received for the Rockets on the 18, runs by Outley and Killian gained one first down and Lindy Norman booted a 48-yard punt to give the Irishmen possession on their own 25.

Seconds later Shamrock was in Wellington territory on the 46 when wingback Rhodes reversing sides, went around the right end to score the second Irish TD. The right end was the scene for the conversion run by Franks. The score at the end of the first quarter: Shamrock 16, Wellington 0.

Early in the second quarter Sanders recovered a Rocket fumble on the Rocket 19 yard line. Two running plays later and nine yards out, Franks galloped 9 yards to score Shamrock's third touchdown. 24-0 was the score after Franks ran the conversion.

Wellington was unable to capitalize on the following two drives and the Irishmen took over on the 14. On the third play of Shamrock's drive, Rhodes danced and powered his way 84 yards to make the score 30-0 after the conversion attempt failed.

The Skyrockets had control of the ball 18 out of 26 plays in the third quarter. On the last play of this quarter, Quarterback Bruce Oney connected with David Hodges on a 20-yard pass play putting the Rockets in a first and goal situation on the Shamrock 8. From one yard out, Pendleton scored Wellington's only touchdown, while

Nation's Symbol now Endangered

AUSTIN.—Since the snowy pate of the bald eagle is easily identifiable with the symbolism of nobility, courage and eternal vigilance, the United States would be hard put to find a better national emblem.

Nevertheless, the U.S. might be wise to start seeking another emblem. The eagle, symbol of our nation, could be on the brink of extinction.

Where once there were thousands along the Texas coast, only five or six pairs remain, according to the National Audubon Society. In the U.S. only 12,000 to 15,000 eagles remain, with 10,000 of them occurring in Alaska.

Though guns and bulldozers

have certainly taken their toll of both the eagle and its habitat, other more insidious creations of man are threatening to make the eagle less durable than the nation it represents.

Chlorinated hydrocarbon pesticides such as DDT, dieldrin and endrin are reported to seriously threaten the future of the bald eagle.

This is because bald eagles, as with most birds of prey, are positioned at the end of the food chain, which guarantees a dosage of poison with practically every meal. For some birds of prey, such as the golden eagle which feeds mostly on mammals, the end should not come as quickly as it may for others which feed mostly on birds and fish as does the bald eagle. Pesticides apparently are magnified more in birds and fish than in mammals.

California produces some 275 farm products, more than 140 of them commercially.

FOR YOUR STATE SENATOR . . .

Malouf 'Oofie' Abraham . . . he knows how!

A SMALL TOWN NATIVE, from Canadian, "Oofie" has always worked, as most Panhandle residents do.

HE HAS SOLD CARS and drygoods, run a cafe on a 12-hour schedule, operated an insurance agency, been in farming and cattle raising and in the oil and gas business. He has served as mayor of Canadian.

BY PLAIN, DIRECT work he has earned modest business success. He is able to be a full time senator.

"OOFIE" KNOWS FIRSTHAND what the people of the Panhandle need from Austin ---and he knows the worth of a dollar. He respects your tax dollars---so much that he has turned back more than \$19,000 he could have spent in expenses as a State Representative.

HE HAS DONE THIS while being an effective Legislator. "Oofie" doesn't go for frills at taxpayers' expense.

HE IS A FAMILY MAN with three grown children. One son is a Canadian physician; one a Dallas banker and his daughter is a Stinnett school teacher.

"OOFIE" WORKS IN HIS CHURCH, the Presbyterian; he works in his community.

LET "OOFIE" WORK FOR YOU as STATE SENATOR

HE KNOWS HOW-HE KNOWS the JOB!

Henry Sullivan Low In Golf Tournament

Leading the four flights in the Wellington State Bank Golf Tournament, which ended Sunday afternoon, Oct. 18, were Henry Sullivan, Willie Gragson, Weldon Cleveland, Sr., and Carey Don Neeley.

They were among the 16 winners in the 8th annual tournament who were given their choice of prizes from a wide variety, including four savings bonds that were revealed only after the men who chose them had opened sealed envelopes.

Qualifying play was held Saturday and Sunday, Oct. 10 and 11, with tournament play the following week end, Oct. 17 and 18.

The full slate of winners was announced by C. T. Hubbard, bank president.

Mr. Sullivan led Flight One and had a tournament low of 222 on 54 holes of play. Billy R. Long was second with 226; Weldon Cleveland, Jr., third with 233; and Jones Singley fourth with 235.

Flight Two winner was Mr. Gragson, with 226 on the 54 hole course; Bobby McAlister, second with 237; John Coffee, third with 239; and Emory Hunter, fourth with 240.

Flight Three winner was Weldon Cleveland, Sr., with 251;

Tony Hurst, second with 252; Paul Hawkins, third with 253; and Howard Holton, fourth with 257.

Flight Four winners behind Mr. Neeley, who had a score of 275, were Carroll Nunnelley, second, 283; Kenny Brown, third with 284; and Hubert Brooks, fourth with 299.

"Forty-two of the original 48 who qualified finished the tournament. We consider it one of the best we have ever had, and we are real proud to have each one participate," said Mr. Hubbard.

Golf is one of the major participation sports for adults that Wellington offers at this time, Mr. Hubbard pointed out. "We had 8 or 10 new golfers this time we haven't had before. In addition there are quite a few ladies playing again," he said.

"Most Courteous" Named

Youth Conference to Urge "Drive Friendly"

The Skyrocket Youth Conference chose Denny Carter as its first "Most Courteous Student Driver" in the meeting Thursday, Oct. 15.

This is a continuing program and a "Most Courteous Driver" will be selected each two weeks. The conference also has "Drive Friendly" stickers that may be bought from its officers.

"You 'Drive Friendly' by obeying all traffic laws, both state and local," reminded Connie Bearden, SYC president. "You 'Drive Friendly' by respecting local and state police officers."

"You 'Drive Friendly' by being generous with your right of way. A less skillful driver may try to take your driving lane. Let him have it. It's not worth dying over."

"You 'Drive Friendly' by keeping your vehicle in good

operating order, by not driving while under the influence of alcohol or drugs, or when ill. "Won't you please join us and 'Drive Friendly'?"

During the business session, members also began plans for the Little Miss Wellington contest. As a fund raising project, the conference will paint house numbers on curbs. Wellington residents wishing this service may contact any member, said Connie.

Those attending were Carlos Hatch, Carole Cochran, Connie Bearden, Nancy Shumate, Judy Jones, Katy Sullivan, Ed Watkins, Phyllis Sullivan, Cathy Singley, Lennie Morgan, Dian Brooks, Tina Nunnelley, Gwen Lewis, Nancy Graham, Dickie Johnson, Brent Wade, Joy Jesse, Debra Long, Earl Hartman, Lillie Rogers, Jan McGill, Sammy Coffee and the sponsor, Mrs. H. L. Jenkins.

Samnorwood High School

Students Attend WT Staging of "Antigone"

Fifty students of Mrs. Joe John Henard's English classes at Samnorwood attended the showing of "Antigone", Jean Anouilh's adaptation of the Greek tragedy staged this week by the Drama Department of West Texas State University.

The Monday night staging was sold out to Samnorwood students, almost the entire high school.

After the play was over, the actors came out and visited with the boys and girls, and each gave an interpretation of his role.

William Angus Moore, director, then gave a history of Greek drama and its significance in the contemporary theatre.

Special interest in the project stemmed from the fact that Dr. Jack Walker, new chairman of the WT Speech Department, is a graduate of Samnorwood High School.

The production is being given in the Intimate Theatre of the Fine Arts Building. Seats form a horseshoe around the thrust stage, and students and actors were in close communication.

Even though the tragedy was written in 441 B.C., the students could identify with this story of the generation gap—youth against the establishment, Mrs. Henard said.

The Anouilh adaptation was written in 1944, to rally the spirits of French youth during the Nazi occupation.

Part of Mrs. Henard's classes are now studying drama, and it was a coincidence that their regularly scheduled study of "Antigone" came at the same time as the WT presentation.

Sponsoring the class were Mr. and Mrs. Henard and Supt. and Mrs. Robert Dwight, Mrs. Helen Oldham and a number of the teachers.

Tentatively listed as the speaker is Father Tash, an Amarillo priest who works with Suicide Prevention and Crime Intervention programs in Amarillo. He has a broad background in these problems and in work with youth, and also serves as chaplain of St. Anthony's Hospital.

His discussion will concern the drug problem as it relates to youth.

Each of these seminars has been one-half day in length. To close out each, the students have dialog among themselves and discuss the problems presented that day.

"We are letting them tell us what they want to know," said Mr. Dwight. "We are trying to find a way to reach students that they will listen to. The traditional approach seems to be one they are turning a deaf ear to."

Later there will be at least a half-day session and the students will be asked to work in small groups, in a serious manner to make suggestions for a curricula to teach narcotics, alcohol and tobacco abuse in the Texas schools.

These suggestions will be taken to PESO and they will be incorporated in the recommendations which are submitted by that body to the Texas Education Agency.

Traders Compress Becomes a First Buyer of Cotton

A major effort to strengthen the local economy was announced by Ed Holley, Wellington manager of Traders Compress Company.

"Traders," Holley said, "under an unprecedented policy instituted by its new management will become a first buyer of all grades and staple of cotton."

Holley said Traders now is a full service cotton company: buying, compressing and storing locally produced cotton. He said the company's Wellington facility is USDA approved and has been newly equipped and updated to provide excellent service.

"We feel a definite obligation to the community," Holley said. "to strengthen Traders' position in the local market. The compress employs about 25 people and is a major factor of the area's economy. Traders paid \$90,000 in wages in Wellington and Shamrock during 1969," Mr. Holley said.

Traders' management, he continued, believes the new policy will result in higher prices for producers and will aid stability of transportation costs.

Traders Compress Company, he said, owns a subsidiary of Pioneer Products, Inc., an agricultural service organization which operates extensively in Oklahoma and Texas in the distribution of LP-gas, diesel fuels, liquid and dry fertilizers. The firm also operates a compress at Shamrock.

Quail News

By Mrs. G. T. Stephens

• Troy Thomason of Wellington preached at the Quail Church of Christ Sunday morning, Oct. 18, in the absence of the regular minister, L. A. Davis.

• Mr. and Mrs. Ople White, Mrs. Willie Tow and L. P. Tow of Wellington visited with Willie Tow, who is a surgical patient in St. Anthony's Hospital in Amarillo. He underwent eye surgery recently. Mrs. Tow has been staying with Mr. and Mrs. White since her husband has been hospitalized. Mr. Tow is a brother of Mrs. White.

• The crows are migrating lately. They are coming in by the thousands and destroying the feed and digging the peanuts out of the ground, so the farmers are making war on them. Some are shooting them, and others have turned on their crow guns or butane bombs. With favorable harvesting weather, some farmers estimate the dry land peanut crop about a third of normal. Those with irrigated peanuts report an average crop.

• Rev. C. W. Squyres of Lawton, Okla., was a guest in the home of his daughter and family, Mr. and Mrs. Albert Gollighugh and Dub last week. He is a retired Baptist minister, and is 86 years old. However, he is still active, as he rides his bicycle at home every day to get his mail and transact other business he has in town.

• Mr. and Mrs. Dale Farris of Amarillo were guests in the home of her parents, Mr. and Mrs. Obie White on Sunday.

• Mr. and Mrs. T. C. Crabtree attended the Meason family reunion at Lugert, Okla., Sunday. Mrs. Des Meason, Mrs. Crabtree's sister, came home with them to spend this week.

• Mrs. Ollie Simmons of Carey visited friends in Quail on Wednesday, Oct. 13.

Mr. and Mrs. R. E. McGowan came last week to move their trailer house from here to Sallisaw, Okla. They moved it Wednesday, Oct. 14. They have been in Sallisaw working since school was out last spring, hoping to return here this fall. However, their plans didn't work out.

• Mrs. Albert Gollighugh and her father, the Rev. C. W. Squyres of Lawton, Okla., spent Thursday visiting old friends in Wellington.

• Friends who lived here years ago to come by Quail Mercantile and visit recently with Mr. and Mrs. T. C. Crabtree were W. T. Helbert of Waco, on Saturday, and Ed Allen of Amarillo on Monday, and Mr. and Mrs. John Scott of McLean Tuesday. Mrs. Scott said this was the first time she had been in Quail for 54 years. Her sister, the late Miss Mary Billingsley, was one of the early teachers here.

• Mrs. Albert Gollighugh, Dub, Mrs. Eugene Vernon and children, Darrell and Betty of Wellington, spent the week end in Amarillo with Mr. and Mrs. Evon Gollighugh and family and Mr. and Mrs. Johnny Gollighugh and family.

Mrs. W.E. Leach Ill in Lubbock

Mr. and Mrs. Jake Leach were in Lubbock last week at the bedside of his mother, Mrs. W. E. Leach, who was suffering from heart failure.

She is a patient in Methodist Hospital, and her condition is improving, Mr. Leach said.

Other children were also called to her bedside, including Jim Leach of Abilene, Mr. and Mrs. Don Leach of Andrews, Mr. and Mrs. George Cristy of Seminole and Harold Leach of Lubbock.

Sears "Wish Book" Arrives

A Christmas "Wish Book" brimming with 16,000 gift ideas is being distributed by Sears, Roebuck and Company to 13 million families across the nation.

This year's Christmas catalog represents an effort to retain the traditional "wish" flavor of the book while showing consideration for consumer emphasis on economy. Prices have been cut on more than 225 items, 100 of them toys. The catalog's toys—accounting for 175 of the 608 pages—may be purchased through July 30, 1971.

Laycock New Vice-President of West Texas

Position changes at West Texas State University saw a former Collingsworth County man step into one of the top posts at the school.

Dr. Emmitt D. Smith, 62, vice president of research and development, will become dean of the College of Education. He will be succeeded by Dr. Kenneth Laycock, dean of the College of Education.

At the same time, Dr. Walter H. Juniper, vice president of academic affairs, will become a professor of English, and Dr. Ray Malzahn, dean of the College of Arts and Sciences will replace him.

These changes are effective Sept. 1, 1971.

Dr. Laycock, who was reared in the Abra community, is the son of Mrs. W. M. Laycock, who still lives at the family home.

THEY CHALLENGED THE LAST WILDERNESS

a land of violent splendor, ruled by the Law of the Fang and the Claw.

One man and a little girl against the bullets of the bounty hunter and the fury of nature in the raw!
