Red Newsman Claims Only Few POWs Are Still Held

October Oil Cut Ordered

AUSTIN (AP)—The second severe cut in two months was ordered today in the Texas oil allowable. The Texas Railroad Commission set October permissive flow at 2,904,409 barrels per day.

This was a drop of 86,223 barrels daily under September.

The reduction was made after industry spokesmen testified almost unanimously that stocks of crude and products are excessive and lower production is essential.

Only dissent to the curtailment sentiment came from an independent, Pres. Maston Nixon of the Southern Minerals, who asked that production be maintained near its present level.

The commission effected the cutback by maintaining a 19-day statewide producing schedule for the 31-day month of October. It is now 19 days for 30-day September.

The net effect was a much smaller average daily allowable.

The big East Texas field was given 18 producing days, the same as at present.

The monthly proration hearing drew gloomy forecasts on the industry outlook for the last quarter of 1953.

Joe Owens of Sun Oil, under questioning by Commission Chairman Ernest O. Thompson, conceded a slight recession may be in store.

"Products are not moving as well now as they did in the first half of the year," Owens said.

He said his company is "anticipating a lessening of demand for October on the Eastern seaboard."

OTHERS STOCKPILE

Nixon, speaking also as chairman of a special committee of the Texas Independent Producers and Royalty Owners Association, quoted figures showing a build-up of crude stocks from all states except Texas the first eight months of this year.

Reading from the committee's report to TIPRO President M. D. Bryant, Nixon said: "We strongly recommend that this association insist that crude purchasing companies nominating for and buying Texas crude apply (the) principle of ratable take as between states."

"We condemn discrimination against Texas crude by those crude purchasers who do not share a reduction in demand ratably between states," Nixon continued.

"These same companies, coming before the Texas Railroad Commission asking sharp cuts in Texas allowable, make no reduction in nominations in other states that compete with Texas crude for markets."

"Now fellows, that's being brutally frank, but it's the damn truth," Nixon told representatives of major purchasers attending the proration hearing.

George Goad of Tidewater associated urged an even more drastic cut than the commission ordered. He proposed 18 statewide producing days at most, which would mean a reduction of roughly 180,000 barrels per day.

Statistics show the "over-supply problem is industrywide," Goad said.

Deep Wildcat To Be Drilled In Howard

Texas Pacific Coal & Oil Co. have staked location for a 10,000 foot wildcat in North - Central Howard County.

It is to be the No. 1 Helen Virgil Little, located 660 feet from west and 1,716 feet from north lines of section 11-32-4n-T&P.

That is approximately one mile northwest of the same firm's No. 1-A Tom Spencer, a Siluro-Devonian lime discovery. The No. 1 Little is to drill to the Ellenburger, where the No. 1-A Spencer reported only salt water.

DRILLING REPORTS

Texaco No. 1-n Clayton, Southwest Borden wildcat, is drilling in shale below 1,510 feet.

Texaco, Vickers & Ponder No. 1-42 G. E. White, five miles northeast of Ackerly in extreme Southwest Borden County, is drilling in sand and shale below 2,285 feet.

In West Borden County, Ryan & Burke No. 1 C. C. Canon is drilling in Spraberry below 6,335 feet.

Leonnie Oil Co. No. 1 Crist, Garza wildcat, is at total depth of 3,519 feet and waiting on cement on five and one-half-inch casing at 3,514 feet.

Urice No. 1 J. M. Bates, Central Howard wildcat, has been plugged and abandoned on total depth of 4,041 feet. Located four and one-h lf miles north and east of Big Spring, the project was originally slated to dig to 9,500 feet.

Cobb & Daniel No. 1 Veal Memorial Fund, Northwest Howard wildcat, is drilling below 5,860 feet.

Schools Given Use Of Car By R. B. Sears To Teach Driving

The Snyder school system has been lent a new 1953 Oldsmobile for its use in teaching students to drive.

The loan was made without charge by the R. B. Sears Motor Co., according to A. T. Nicholas, business manager of the school system.

The automobile is bright red, has a standard transmission, and is equipped with an extra brake control on the right side.

The car was lent under a similar agreement last year by another Snyder dealer, Stimson Motors.

REPLACE RING

When Lieut. Paul Wilcox of Cleveland Heights, O., was captured in Korea he was deprived of his wedding ring. Here he's all smiles as he gets a replacement from his pretty wife who met him on his arrival in San Francisco with 427 other repatriated prisoners of war aboard the troopship Gen. William M. Black.

Monday 'Peterson Day'; Ceremony At 6 p.m. On Square

Monday will be Carl Peterson Day in Scurry County when residents here will officially welcome the ex-prisoner of war who arrived at his home in Hermleigh at midnight Tuesday.

Peterson, 22-year-old son of Mr. and Mrs. George Peterson of Hermleigh, is the only known man from this county to have been a prisoner of the Korean War. He spent 32½ months in POW camps in North Korea before being released by the Communists Aug. 25.

PROCLAMATIONS

The special day in Peterson's honor is being proclaimed by Mayor A. D. Higginbotham of Hermleigh, Mayor Harry Holbrook of Snyder, and County Judge Edgar Taylor.

At 6 o'clock Monday evening, a special welcome ceremony will be held in Peterson's honor at the courthouse. The program, arranged by the chamber of commerce, will include talks by the two mayors and a representative of the ministers in the county. Also on the program, Taylor will make presentation of an appreciation gift to Peterson.

Higginbotham said he will ask Hermleigh stores to close for the ceremony. Most Snyder stores will be closed by that hour.

For the past few weeks, appreciation funds have been raised here and at Hermleigh. The county-wide fund has now grown to $1,271. Latest contributions to that fund were 225 anonymously, $5 by Lloyd's Clearners, $3 by Betty Bynum, $5 by John Spears, $15 by John R. Joyce, $5 by Lee Smyth, $5 by Gail Settitt, $10 by Hermleigh Eastern Star, and $5 by Edgar Wilson.

SEVERAL FUNDS

Higginbotham last week started raising two more funds, one from Hermleigh citizens and one from Snyder citizens. The 71-year-old mayor worked five days and brought in $334.25 in the Snyder fund and $293.50 in the Hermleigh fund.

The Hermleigh mayor has known the Peterson family 53 years, he said. The ex-POW is a native of Hermleigh, and he attended school there before joining the Army in January, 1949.

Collections made by Mayor Higginbotham are follow:

Shrine Circus Due Saturday

Tickets were selling fast today for the annual Shrine Circus, which will be held tomorrow afternoon and night at the rodeo grounds.

The three - ring circus includes 46 acts. It performs only through the auspices of Shriners throughout the country.

The Snyder DeMolay chapter has been designated by the Shrine Club here to aid in directing traffic. Highway Patrolman E. W. Green, a Shriner, has appointed a group of DeMolays to help with parking of cars and with selling pillows at the show.

Two performances will be held tomorrow. The first one will begin at 2:30 o'clock tomorrow afternoon, and the night performance will be at 8 o'clock.

Gates will be open one hour before each performance. Tickets are $1 for adults and 50 cents for students.

Two Dead From Plane Crash in Alaska Are Found Near Beach

KETCHIKAN, Alaska (AP)—The remains of two women, grisly evidence of the tragedy that befell five persons in a plane which disappeared Aug. 17, were found yesterday on the beach 35 miles southeast of here.

One was the body of Mrs. Ellis Hall, wife of the wealthy 54-year-old Albuquerque, N. M., oilman who piloted the plane when it left here on a flight to Bellingham, Wash. The other was identified only as one of the couple's two daughters.

Another of the daughters, Hall and Patrick Hibben, 17, still are missing.

The Hall girls were Joann, 20, daughter of Mrs. Hall, and Elizabeth, 21, Hall's daughter, both by previous marriages. Mrs. Hall was a former Democratic national committeewoman for New Mexico.

FOR DEAN BETRAYAL

South Korean Says He Was Given $5 Reward By Reds

By BILL SHINN

SEOUL (AP)—A slightly built, 40-year-old South Korean said today he accepted $5 from the North Korean Comunists in August, 1950, as payment for helping the Reds capture Maj. Gen. William F. Dean.

The Korean, Han Doo Kyoo, is one of two residents of Chinan, South of Taejon, held here on charges of betraying Dean.

Han told The Associated Press in an interview he accepted 30,000 won ($5) from the Reds for his part in the capture of Dean. He added that he "returned" the $5 to a Communist organization.

Dean, former commander of the U. S. 24th Division, was released two weeks ago at Panmunjom after more than three years as a captive. He has been under treatment at Tokyo Army Hospital for dysentery and is scheduled to depart for the United States Monday.

Han and Choe Chong Bong, 24, were arrested by South Korean national police two days after Dean was released.

I talked with them today outside the jail room of the Seoul central police station, where police brought them to pose for pictures.

Choe would not answer questions.

Police charge Han and Choe led Dean into a trap after promising to help him return to Allied lines.

Asked if he was the first Korean Dean met in the Chinan area, Han said, "Yes."

"When was it?" I asked.

Without hesitation Han said "Aug 25, 1950."

Asked what the general said at that time, Han said, "He did not say much. I could not understand the few words he said."

Han claimed he had intended to lead Dean to "a hotel." But, he said, a group of Communist "home guards" caught the general on the way.

Police said Choe also received a reward from the Reds.

Bermuda Hit By Hurricane, Little Damage

HAMILTON, Bermuda (AP)—Hurricane Edna roared on into Atlantic shipping lanes 775 miles east of Cape Hatteras today after playing havoc with transportation and electric power on the vacation island of Bermuda.

The Miami Weather Bureau said indications were that the storm would slowly decrease in ferocity, but the area of gales would become larger as the storm center curved further from North America.

Edna, fifth tropical storm of the season, did no apparent major damage to Bermuda although gusts up to 120 miles per hour whipped across the island. Downed trees and shrubs blocked most thoroughfares. Electric power and water service—cut off at most points at 9:30 p. m.—was not expected to resume until this afternoon.

No casualties had been reported early today.

WHO CARES FOR AVERAGES?

FORT WORTH (AP)—The law of avcrages governing multiple births doesn't mean a thing to Tech. Sgt. and Mrs. Toliver T. Turner.

Mrs. Turner gave birth yesterday to twin boys. Eleven months ago to the day she had twin girls.

Turner is from Burleson and stated at Carswell Air Force Base.

Fire In Truck Kills Mother, Four Children

PLAINVIEW (AP) — The mother and four children in a family seeking farm labor work died today in the flaming truck bed where they were sleeping as the truck rolled along the highway.

The father and a teen-age son in the cab escaped with only minor burns.

The victims were Mrs. D. F. Martin, 35, and her children—Billy Ray, 11; Delores Jane, 9; Dewey Wayne, 7, and Jackie Dale, 5. They were from Texarkana.

The surviving son, William Eugene, 13, said he noticed a fire in the truck bed in the darkness about 3 a.m. (CST) as they drove along the highway between Plainview and Muleshoe in West Texas.

The father stopped the truck, and the boy ran back and tugged at the tarpaulin that stretched over the truck bed where his mother and the younger children were sleeping among their household goods.

Flames whooshed across the back. The mother and children didn't have a chance to get out.

Investigating firemen said they believed defective wiring in the tail light caused the fire.

The family was understood to have come to West Texas earlier this week to pick cotton. They went first to Muleshoe, about 60 miles west of here, but discovered the crop wasn't ready to pick yet. Then they started toward Vernon to visit relatives.

A cool front entered the area just before the tragedy occurred. An early theory by Plainview Police Chief Joyt Curry that Mrs. Mathews may have attempted to light a fire was discounted. There was no explosion.

Dust, High Temperature

Blowing dust from a strong south wind covered Snyder yesterday, but the wind couldn't keep the temperature down. A high of 95 degrees was recorded in late afternoon, with an overnight low of 61 degrees. The temperature at 7:30 stood at 62 degrees, Mrs. D. P. Strayhorn, weather observer, said.

Young Van Fleet 'Never A Prisoner'

MUNSAN (AP)—A Red correspondent said today the only Allied war prisoners still in Red hands are "the handful which won't go back." The Comunists said later 10 or more of those have changed their minds and will be returned tomorrow.

Some could be Americans, but the Reds did not give any nationalities.

The Communists have said previously they were holding about 300 South Koreans and about 20 non-Koreans who had refused to return home. Some Americans were believed to be among the score of non-Koreans.

NOT OFFICIAL

The Reds have given no official answer to an Allied demand for an accounting of what happened to about 3,400 Allied troops—more than 900 of them Americans—whom the U. N. says were once known to be captives.

Communist Correspondent Wilfred Burchett of the Paris l'Humanite, told newsmen at Panmunjom the Reds are checking the list carefully. But, he said, "There is nobody being held except a handful which won't go back."

Burchett said a number of names on the list are due "to faulty bookkeeping."

The Red newsman, who frequently reflects official opinion, said he made "an exhaustive search" for Capt. James A. Van Fleet Jr., son of the former 8th Army commander, but he said the young pilot is not a prisoner and never was. He indicated Van Fleet died in the crash of his B26 in April, 1952.

Burchett had told newsmen last week that some Allied fliers are being held by the Communists, but he said they are special prisoners whose release must be handled through diplomatic channels.

IN MANCHURIA

Burchett said the fliers had gone down in Manchuria—forbidden territory to Allied pilots in the Korean War—and thus were not classified as war prisoners.

He gave no numbers of nationalities other than to say one of the men was Capt. Harold Fischer Jr. of Swea City, Iowa, one of America's double jet aces (10 or more kills).

An Allied spokesman said names of the 10 or more prisoners returning at 11 a. m. Saturday (9 p. m. Friday EST) would be released soon after they are freed. He said they will have their choice of whether to be interviewed.

The Communists informed Allied members of the joint POW repatriation committee that the prisoners changed their minds "as a result of repeated persuasion by our side."

All the 320 reluctant Allied prisoners were reported at Kaesong, waiting to be moved into Indian-guarded camps in the neutral zone this weekend.

INTIMIDATE POW'S

Meanwhile, the provost marshal general of South Korea accused the Reds of intimidating anti-Red North Korean POWs in Indian custody. He threatened to block delivery of any more North Koreans into the buffer zone camps and indirectly warned he might try to free the few thousand left in Allied camps.

THREATENS REPRISAL

Lt. Gen. Won Yong Duk said the Reds are taking names and addresses of the prisoners and threatening reprisals against their families in North Korea.

However, Indian guards at the neutral zone camp recently have kept Red observers 100 yards or more from the stockades, making it almost impossible to obtain the names of prisoners.

Only about 2,700 North Koreans remain in Allied camps. About 5,100 North Koreans already are in the buffer zone camps where reluctant prisoners of both sides will choose their future.

The Allies Friday delivered the largest group so far—1,000 North Koreans and 1,400 Chinese—and Indian officers ordered 500 more troops flown to Korea to help guard the seething, buffer zone compounds. The Indians originally expected to use about 5,000 guards.

The morning delivery of North Koreans was so smooth it took less than half the time allotted and an Indian spokesman termed it "one of the good lots." It was in sharp contrast to the violent outbreaks that marked previous deliveries.

IN DISGUISE

Meanwhile, Red China's Peiping radio, quoting a prisoner who was returned to the Reds Wednesday after changing his mind, accused the Allies of letting "secret agents" of Nationalist China into the camp disguised as POWs to intimidate and threaten any who also might change their minds.

"The Chiang Kaishek agents put out sentries day and night . . . to prevent them from expressing their desire for repatriation," said the Peiping broadcast

U. S. Insists Only Fighters Talk Peace

UNITED NATIONS, N. Y. (AP)—The United States formally notified Communist China and North Korea today that it was standing pat on the UN's decision barring neutrals from the Korean peace conference.

In a note transmitted through the Swedish government and circulated to all 60 members of the U. N., the United States called upon the Communists to act as quickly as possible to propose a time and place for the parley along lines laid down by the assembly last month.

The United States said it had taken note of Peiping's proposal that the Assembly reconsider its decision, but made it clear the United States would oppose any such action.

"The resolutions already adopted by the General Assembly as to the composition of the conference speak for themselves and there is nothing further to add on that subject," the note said.

The United States reminded the Communists it already had proposed on behalf of the nations fighting under the U. N. banner that the conference be held at Honolulu, San Francisco or Geneva on Oct. 15.

WEATHER

WEST TEXAS: Partly cloudy, cooler Friday night. Cooler, except in Panhandle, Saturday.

EAST TEXAS: Partly cloudy to cloudy with widely scattered showers through Saturday. Gentle to moderate southeast and south winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy to cloudy with widely scattered showers through Saturday. Not much change in temperatures. Gentle to moderate southeast and south winds on the coast.

Marine POWs Suspect Reds Might Retaliate

HOBBS, N. M. (AP)—Two Marines home from Red prisoner of war camps say they "aren't talking much" because they fear reprisal from Communists in the United States.

"I'm not afraid of anyone if I know who he is," said Marine Cpl. Lance Ricker of Peach Orchard, Ga., "but I don't know them.

"I don't think the Communists would object to minor things we might tell, but you never can know what they would do if we told something they considered important."

Ricker's sentiments were echoed by Cpl. Jerry Baker of Hobbs in an interview with the Hobbs News-Sun. The two men were captured together with 17 other Marines on Oct. 27, 1952.

BUDDY AGREES

Ricker, 23, and Baker, 22, were on outpost duty near the Hook when they and the other Marines were made prisoner.

"They wanted to know too many things," Baker said, "even our home address right down to the street number, how much your father made, where he worked, what he did and all kinds of personal things.

"They never forgot the answers."

Both men said they had been questioned closely by Chinese officers who spoke excellent English.

"We told them a lot of lies," Ricker said. "We had to be careful to tell the same lies every time we were questioned."

The Marines did not expand on just what kind of reprisals they feared. They answered most questions readily and told in detail of many happenings during their months in prison camp No. 3.

Both said they had not been mistreated by the Communists, but that the food, clothing and medical attention were often inadequate.

Both refused to answer any questions about the 17 men captured with them.

Ricker said many of his captors had been educated in the United states, He implied that they still had contacts in this country.

"There are some of those people (Communists) in the United States, too, you know," Ricker said.

He said both he and Baker were being very careful to say nothing to which organized Communists might object strongly enough to retaliate.

When Baker was asked by a reporter if he saw anyone mistreated, he replied, "not physically."

"What do you mean?"

Baker declined to answer, then hesitated and said.

"Well, I'll tell you one thing, if you gave them a different answer the second time, they made it tough for you."

"How'd they make it tough?"

"Well....they had ways."

Then after a pause, the young Marine added:

"I just don't want to say anything now that they'd take offense to."

REDS CLAIM SUCCESSFUL TEST OF NEW A-BOMBS

MOSCOW (AP)—The Soviet government today claimed successful tests of "new type" atomic bombs in recent weeks but said it still wants an international ban on mass destruction weapons.

The announcement by the Soviet news agency Tass said the blasts occurred "in the last few weeks" but gave no details of the "new type" weapons tested.

CONFIRMATION

(In Washington, a spokesman for the U. S. Atomic Energy Commission said the Russian announcement "merely confirms" the AEC's statement Aug. 31 that a fission—atomic—explosion of about the same power as recent U. S. tests in Nevada had taken place Aug. 23 in Russia. The previous statement added the explosion "would appear to be part of a series."

(The American spokesman emphasized again that the Aug. 23 explosion was a "fission," or atomic, blast. Observers in Washington concluded from this that the Soviet explosion apparently did not involve the thermonuclear reactions of a hydrogen bomb.

(Moscow's announcement stirred speculation at United Nations headquarters in New York that it was timed to pave the way for new Soviet disarmament proposals to the U. N. Assembly, which has just opened its eighth annual session in New York. These were not expected to differ materially, however, from previous Russian disarmament offers the United Nations has repeatedly rejected.)

WANTS AGREEMENT

The Soviet statement said that although the Soviet Union "is able to give attention to the production of atomic weapons," it would pursue a policy of attempting to reach agreement with other nations on arms cuts and the prohibition of mass destruction weapons under strict international control.

Asserting that Russia considers putting atomic energy to peaceful uses its most important task, the statement said the Soviets are "carrying out the task of employing atomic energy for industrial purposes."

The AEC spokesman in Washington indicated the commission had found nothing additional of interest to add to its Aug. 31 statement. At that time, the AEC said it would make no further announcement about Russian tests "unless intelligence indicates information of greater interest."

"We are standing on the Aug. 31 statement," the U. S. spokesman said last night.

A previous Russian explosion apparently had involved some kind of hydrogen blast. On Aug. 21, the AEC announced that the Soviets had conducted atomic tests Aug. 12 involving both fission and thermonuclear reactions. Thermonuclear is a term scientists use to describe a hydrogen explosion.

INSPECT GARBAGE UNIT

The barrel-like object at left is a Pak-Mor garbage unit similar to the two Snyder has ordered for its new city garbage system. It was brought here for inspection by city officials this week. The unit above has a 12 cubic yard capacity, but the ones Snyder will get have a 15 cubic yard capacity. Shown from left are: Jimmie V. Thurmond, president of the Pak-Mor Manufacturing Co., San Antonio, Clarence Zigmond, salesman for the firm, City Councilmen C. N. von Roeder, Eugene Harper, Dr. Robert H. Hargrove, J. W. New York Cowboys Ride 1,700 Miles

PITTSBURGH (AP)—Don't ever get the idea that big city kids can't hold their own with Texans!

Texans, of course, are used to riding the wide open ranges, not embarking on a 1,700 mile cross country trip.

But last night four young people, looking all the world like Texans, showed up on Pittsburgh's out skirts. Despite their cowboy jeans, sombreros and Texas cayuses, the young folk come from Manhattan and that's where they headed this morning.

The four, riding and leading seven equally tired horses (they have three spares) identified themselves as 23-year-old Miss Nini Galpin, senior cowpoke and spokesman, Miss Cayla Hitzig, 17, her brother, Rupert, 15, and Bruce Whiteley, 16.

The four, their horses and a dog they picked up along the way when they left Austin, Tex., June 15, spent the night at Monzo's Ranch on the Greensburg Pike a few miles from the steel city.

Miss Galpin explained they conceived the idea last summer of going to Texas, getting themselves some horses and bringing them back the way any good cowpoke should.

Despite their weariness, the four say they still believe it's an ideal way to spend a vacation. They carry their own cook stove and utensils. And sleeping under the stars can be mighty good, they add, when you're using the air mattresses they carry as standard equipment.

Today, they said they'd head for Apollo, Pa., then Clearfield, Pa., Williamsport, Pa., and on to New York.

So far the New Yorkers have had little trouble. However, they started out with eight horses but one got kicked in Tennessee and had to be left behind. And in Tennessee they acquired Sam, a nondescript puppy. The four take turns carrying their mascot.

The brother and sister and young Whiteley are just a little worried because they'll be late entering school. Cayla is a New York City pupil, her brother, Rupert, attends Milton Academy in Massachusetts and young Whiteley attends Friends Academy in Long Island.

And what in the world will they do with their horses when they get to New York? Why, said Miss Galpin, that's simple. Smiling, she declared:

"We'll keep them at the Hitzig farm at Bearsville 100 miles north of the city. We all like to ride and we'll be up there a lot from now on."

Face Charges Of Buying Stolen Goods

Two operators of second - hand goods stores in the 2300 block of Avenue R were charged in county court late yesterday with contributing to the delinquency of a minor.

They were Jesse Beecher White, 52, and H. H. Moss, about 50. Both pleaded innocent this morning, and Edgar Taylor, county judge, set bond for White at $1,000 and for Moss at $500 in each of two cases. Only one charge was filed against White, who was already under bond of $250 on a similar charge pending since Sept. 22, 1952.

White is charged in the recent complaint with encouraging a minor to commit theft by his (White's) purchase of a battery while responsible for knowledge that it was stolen. Last year's charge against him alleged he encouraged a teenager to steal automobile hubcaps.

Moss is charged in one complaint with purchasing a table model radio and in another complaint with purchasing four six-foot measuring tapes while responsible for knowing they were stolen.

Allegations are that all the items were purchased from the same juvenile, who is being dealt with in county juvenile court. Arrests were made by city police.

Grigsby Still Not Conscious

Jay O. Grigsby, 22, of Snyder, was reported this morning still in serious condition in the Fisher County Hospital. He has not regained full consciousness since an automobile accident early Sunday morning.

Grigsby's automobile overturned on a curve near Roby shortly after midnight Saturday while being pursued by a highway patrolman whose car also overturned on the curve. The patrolman, Herman Seale of Sweetwater, suffered rib fractures and was hospitalized at Sweetwater. His condition was not serious.

The sheriff's department here contacted the sheriff's department in Roby by radio this morning and was informed that Grigsby was only semi-conscious, having suffered severe cerebal concussion. The Roby department said two traffic violation charges had been filed against him in county court there.

Grigsby was pursued from the Lamesa highway just west of here to Hermleigh by a patrol car of the sheriff's department here. By radio request, the highway patrolman joined the chase on a dirt road east of Hermleigh.

Man Fined $50 And Costs On DWI Charge

Garnett M. Kelly, about 45, of Snyder, was fined $50 plus court cost of $23.50 when he pleaded guilty this morning to a county court charge of driving while intoxicated.

He was arrested last night at the intersection of Twenty - fifth Street and Avenue S by Homer Whisnand, sheriff.

Henderson Reunion

A reunion of former residents of Henderson County will be held Sept. 27 at Mackenzie Park in Lubbock, Mrs. H. T. McKissack, secretary of the Henderson County association, has announced. Each family is to bring a picnic lunch.

TEC To Make Wage Survey In Scurry

Information on farm labor wage rate scales will be sought from Scurry County farmers by the Texas Employment Commission, Bill Hazlewood, TEC office manager in Sweetwater, said yesterday.

Migratory workers seeking employment in the cotton harvest are expected to begin arriving in this area early next week, Hazlewood said. Mexican nationals, whose employment must be authorized by the TEC, may be admitted to the county for farm employment if the supply of domestic labor is insufficient.

Cotton producers here will be requested to information to be used in a "range of wage survey" in which other counties in this vicinity will also be asked to participate. Bi-weekly surveys on the wage situation will be conducted throughout the cotton harvest season in areas where a sufficient number of Mexican nationals are employed, Hazlewood said.

Thus far only 25 Mexican nationals have been approved for employment in this vicinity, Hazlewood said. They were requested by a Howard County cotton producer.

Altevogt Rites At 4 Today

Funeral services for Walter Anthony Altevogt, 67, will be held at 4 o'clock this afternoon in the Bell Funeral Home Chapel. Burial will be in Snyder Cemetery.

Mr. Altevogt, who was born in Amsterdam, Holland, was engaged in real estate business here. He died Saturday night of a heart ailment. Funeral services were postponed to await the arrival of a son, Walter Altevogt, Jr., who has been stationed on Guam.

Other survivors include the wife, Mrs. Hattie Altevogt of Snyder, a daughter and another son.

Special Judge's Legal Jurisdiction Argued In Plea For New Trial

RIO GRANDE CITY (AP)—Attorneys continued arguments today on whether special Judge Royce Oxford had jurisdiction in a hearing on a motion for a new trial in a Starr County election suit.

Oxford, who rejected a motion yesterday for a delay in the hearing, was appointed special judge to hear the suit last July. The suit is one involving the commissioner of Precinct 3, Starr County, between Armando Longoria and J. M. Longoria.

A group of lawyers acted under a seldom-used Texas law to name Oxford after Dist. Judge C. Woodrow Laughlin failed to appear to try the case.

After a hearing, Oxford ruled Armando Longoria was the duly elect commissioner. He ruled that initials alone were not enough to be counted as write-in votes.

Previously, J. M. Longoria had been declared the winner of the Nov. 4 election.

Burglar Steals $6,500 In Jewels At Dallas

DALLAS (AP)—Police today are seeking a dark, slender, hawk-nosed burglar who stole some $6,500 worth of jewelry from a Dallas real estate dealer yesterday.

A neighbor of the Rutherford Parks, victims, said she saw the man flee the rear of the Parks home as Mrs. Parks was entering the front door.

Couple Arrested Here Sent To San Angelo

The sheriff's department yesterday afternoon gave the Tom Green County sheriff's department custody of a man and woman—one a Snyderite—arrested here on felony warrants from the San Angelo office.

They were Gerald Brown, about 32, of Snyder, and Mrs. Katherine Lindeman, wife of George Lindeman of San Angelo. The two were arrested together in Brown's 1952 Packard near his residence in the 600 block of Twenty-fifth Street, th sheriff's department here said.

Mrs. Lindeman's arrest was on a warrant from Tom Green County issued on a felony charge of forgery, the department said. Brown's arrest was on a warrant issued on a charge of felony theft which had been filed in Tom Green County.

Wilshire's Holdings Here Part Of Sale

FORT WORTH (AP)—Sunland Oil Corp., Fort Worth, has announced the purchase of a one-third interest in properties formerly owned by the Wilshire Oil Co., dissolved earlier this year.

Mrs. Elsinore C. Maehris, Palm Springs, Calif., who retained a 1-3 interest when the Wilshire Co. dissolved, sold the interest to Sunland for a price reported in excess of ten million dollars.

Producing properties purchased included the Kelley-Snyder area of Scurry County, Texas; the Wilshire Ellenburger pool and Spraberry Areas in Upton County, Texas; the Townsend pool in Lea County, N. M; and the South Cuyama, Huntington Beach and Santa Fe Springs pools in California.

Sunland also acquired leasehold interests of some 200,000 undeveloped acres in Texas, Canada, Montana, Utah, Wyoming, Colorado, California and New Mexico.

The Monterey Oil Co. and the Wilshire Oil Co. of Texas operate the producing properties.

Small Changes Noted In Mixed Trading

NEW YORK (AP)—The stock market was mixed today with trading light.

Price changes ran from around a point lower to fractions higher in significant areas of the list.

The market had three days of advancing prices after Monday's severe shakeout, and today the market seemed to be resting on its gains.

Twentieth Century-Fox, yesterday's most active issue off 1⅛, was down a small fraction today after opening on a block of 1,000 shares off ⅛ at 15½.

Railroads were unchanged to lower as were most oils, coppers, rubbers, and chemicals.

Narrowly mixed were motors and radio-televisions. The utilities were quite steady along with air lines and aircrafts.

Texas Third Among States In Murders

DALLAS (AP)—About six persons out of every 100,000 in Texas get murdered each year, a report by the Federal Bureau of Investigation shows.

The Texas rate of 6.06 persons murdered per 100,000 inhabitants ranks the state third in the nation behind Georgia and Alabama.

The report, based on the first six months of 1953 and the 1950 census shows Houston the fourth U. S. city in the number of murders committed although Houston is 17th in population.

Dallas, 22nd in population, is 11th in murders, according to the FBI report.

For other crimes listed by the FBI, Texas ranks nationally: 14th in assaults, 4th in burglaries, 10th in thefts, 6th in autos stolen.

BOYLE'S DOGHOUSE

Any Comment On Wife's hat Will Get Husband In Trouble

BY HAL BOYLE

NEW YORK (AP)—It is the easiest thing in the world for a married man to get into the doghouse at home.

All he has to do is open his big mouth, put his big foot in it and—presto! He's in the doghouse. And generally without understanding how it happened.

On the other hand he can keep his mouth shut tighter than a clam at low tide and still find himself in the doghouse. For a doghouse has many entrances. You can get in one almost as easy by not saying what your wife wants you to say, as you can by saying something she doesn't want to hear.

IMPASSE

There are some situations in which even the most cunning husband cannot duck entrapment in the doghouse. Neither silence, lying nor honesty will help him out.

Take, for one example, the case of a wife who brings home a new hat which she knows in her heart she ought to take back to the store but which she can't quite make up her mind to do. This is a typical case, as 90 out of 100 times the average wife decides to buy a new hat she isn't going to settle for the first one she carts home.

But somebody is going to pay for her indecision, and what victim is handier than the husband? So she straps on her new bonnet, and asks gaily:

"How do you like it, dear. Is it for me?"

The poor husband is caught in the following three-way wringer:

1. Suppose he tells the truth and says, "Well, honey, of course I don't have my glasses on. But are you sure it is a hat? From here it looks like a toadstool dripping a broken Easter egg, or a rainbow with fallen arches leaning on a foot rest."

He is deep in the doghouse because he has committed the gravest of all matrimonial errors. He is a husband who can tell at first sight a fashion that is wrong for his wife, something she herself is never quite sure of. This makes her uneasy, because it may indicate he actually might understand her, too, something no wife can forgive a man.

IF HE APPROVES

2. Suppose he lies like the peace-yearning cad he probably is and says cautiously, "My pet, that hat fits you like a glove. No other woman but you could bring out its...its...er...its hidden qualities." This puts him in the doghouse because she thinks either he hasn't really looked at the hat or else, "maybe the old fool is right, no, he can't be. I know the hat is horrible."

3. Suppose he just looks silently at her in dumb confusion, knowing no more which way to escape than a worm in a revolving door. Well, he's in the doghouse for not helping her make up her mind about the hat. It makes no difference that she already really knows what she is going to do. Doesn't the man have a mind of his own? She has a vague memory that he used to.

Of course, there is a final, desperate alternative. The husband can exclaim hysterically:

"My golden girl, discard that horrid rag at once! Don't shadow the splendor of your brow with such frippery. Toss it away. Bare the true wonder of your curls—I count them every one apart (one, two, three) — to the envious world."

(Editor's note: Look, Boyle, no husband ever said anything like that to the woman he was married to.)

(Boyle's note: You don't say it out loud. You whisper it in her ear—the one that has wax in it.)

But this is just a cheap subterfuge from buying her any hat at all, and any sensible wife knows it. Such a husband hasn't really escaped the doghouse. He has only postponed it, and put a deeper scar in his bank account.

The next day she will show up with an even more expensive hat—and no matter what he says he is only throwing another straw in the kennel he has made for himself.

And once a wife puts her husband in the doghouse he is like a mouse with all four paws caught in a bear trap. He doesn't belong where he is—but only genius can get him out.

School Report By Yarbrough At Rotary

"The teachers sense their responsibility to live up to the possibilities of the school buildings the people of Snyder have built," Cecil Yarbrough, superintendent of schools, told the Rotary Club yesterday.

Yarbrough described the beginning of school this year as one of the most orderly he had experienced.

Getting set up for work in the new high school, he said, was a tremendous job. But it went smoothly, and credit should go to T. D. Wiman, principal at the new school, Yarbrough said.

The superintendent said there are the usual dislocations at the opening of school—some classes too large, and some schools getting heavier student loads than others. The problems were expected and have been reasonably easy to handle, he added.

The cafeteria system functioned well after the first day, and patronage at the high school cafeteria has been especially heavy, he continued.

"We usually can give the public excuses for not doing a better job of teaching," he commented. "We can say we'd do a better job if we had more room or had more equipment or if classes were smaller. But you've taken all our excuses away from us. By your support of the school building program here, the Snyder public has shown that it expects an above - average performance from its teachers.

"The teachers sense this and want to give better-than-average results. They also sense that the rest of the state is watching with interest to see what improvements we can make, now that we're working in our new plant."

Guests of the Rotary Club yesterday were Bill Alexander of Houston and Lyle Alexander of Snyder, both sons of A. C. Alexander, Frank Wilson, director of curriculum in the public schools, M. E. Stanfield, assistant superintendent of schools, and Wiman, high school principal. Visiting Rotarians were Walter W. Ivie of Odessa and Edward H. Harte of San Angelo.

'Grass Stands Still' Under Influence Of New Chemical Spray

CINCINNATI, Ohio (AP) — Chemical being used by the Ohio Highway Department may end "lawnmoweritis"—the summer disease known to make men lie down at the sight of uncut lawns.

W. J. Garmhausen, the department's chief landscape architect, said MH40 can be sprayed on grass in April and will so stunt the grass' growth that it won't have to be cut all summer.

In Columbus, an Ohio State University agronomy professor, Charles J. Willard, said the chemical "sure will work if applied at the proper time and place. We sprayed it on blue grass and it just stood there without growing for three months."

However, he cautioned, he would not recommend it for home use because it will kill some kinds of grass if applied at the wrong time.

Universal Cure Pills Seized By Government

HOUSTON (AP)—The federal government has taken steps to remove from the market a pill that sounds like the biggest all-in-one bargain yet.

Asst. U. S. Atty. James T. Dowd filed suit yesterday to seize and condemn 1,000 of the Houston produced pills.

Devised by a Houston pharmacist, the pills are recommended for "temporary relief of physical strain, overwork, mental fatigue, nervous tension, excessive alcoholism, loss of sleep, lack of energy and pep, laziness, hangovers, mental strain."

It is also claimed they will "make you feel good and look better and nicer.

First Christian To Be Dedicated Sunday Afternoon

Dr. M. E. Sadler, president of Texas Christian University, will speak for dedication services of the First Christian Church at 3 o'clock Sunday afternoon.

The Rev. Clifford Taylor, Jr., of Fort Worth, former pastor of the congregation, will assist in the service. The church choir will present two anthems, "Bless This House" and "My God and I" with Mrs. N. N. Rodgers as organist.

Invitations have been sent to many former members of the church and others for the dedication service, the Rev. Glenn Ricketts, pastor of the church, said.

Services were held in the new building on Thirty-seventh Street for the first time last Sunday. Delegations from churches in Lub[illegible] and Sweetwater have already signified their intentions of attending the services, and visitors are also expected from several other Christian Churches in this area.

A reception and open house for the church building and the parsonage is to follow the dedication program. The Women's Fellowship will have charge of arrangements and refreshments at the reception.

Youth services of the church will be omitted Sunday night, Mr. Ricketts said, because of the dedication and reception following. The evening service will be held at 7:30, and a baptismal service is planned in connection with the worship program.

Mr. Ricketts will speak at both the morning and evening worship services. His topic for the morning sermon will be "The Lord's Building." The evening message is "United We Stand."

SERMON TOPICS

"The Prodigal Son's Brother" will be the sermon delivered by the Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, at the 11 o'clock service Sunday morning. At 7:45 Mr. Cates will speak on "The Touch of the Master's Hand." A transcript of a sermon given by Billy Graham, entitled "Let Freedom Ring" will be broadcast on the Word of Life program at 8:30 Sunday morning.

• • •

The Rev. E. K. Shepherd, First Baptist Church pastor, has chosen as his Sunday morning sermon "I Am the Debtor." Speaking at the evening service, Mr. Shepherd will take as his topic, "The Meaning of Church Membership."

• • •

"According to Ability" is the topic of the sermon to be given by Ted Norton, minister of the Twenty-fifth Street Church of Christ at 10:45 Sunday morning. At 7:30 Sunday evening, Mr. Norton will speak on "Is God's Grace Bestowed Upon Us in Vain?" Bible classes meet at the church at 9:45 Sunday morning.

• • •

"The Broken Vow" will be the sermon of the Rev. Woodrow Adcock at the First Methodist Church at 10:55 Sunday morning. The Rev. M. W. Clark will observe his eighty-third birthday by preaching at the 8:45 Sunday morning service of the church. At the evening service starting at 7:30, Mr. Adcock will speak on "The Jesus Way of Life." The choir's anthem at the 10:55 service will be "Come Ye Disconsolate."

• • •

Warder K. Novak, minister of the Thirty-seventh Street Church of Christ, will speak on "The Work of the Elders" at the 10:55 service of the church Sunday morning. His topic for the evening service will be "How God Gave Us the Bible."

• • •

"What is Your Life?" is to be the subject of the Rev. Jack Dean, pastor of the North Side Baptist Church, at the 11 o'clock service of the church Sunday morning. At 8 o'clock Sunday night he will speak on "Selling Out Too Cheap." This service will be broadcast.

Baptist B&PW Class Holds Monthly Meeting

Plans for dividing the Business and Professional Women's Sunday school class of the First Baptist Church were discussed at the monthly class meeting Monday.

Mrs. Virgie Harris, 3012 Avenue V, was hostess for the meeting. A covered dish supper is planned for October when the group will meet in the Extension Service office.

Christian Men Discuss District Meeting Plans

Plans for a district meeting Oct. 20 were discussed at the Christian Men's Fellowship meeting last night. It was announced that a program and dinner will be arranged for the district rally.

Jack Lightfoot, president of the Fellowship, presided at last night's business session.

Trinity WSCS Has New Board of Officers

The Women's Society of Christian Service of the Trinity Methodist Church met Monday to install new officers.

Mrs. Dale Clemmer presided at the meeting and gave the devotional. The Rev. Bill Lewis, pastor of the church, spoke on the purpose and work of the WSCS.

Other officers presented and installed at the meeting besides Mrs. Clemmer were Mrs. Earl Stacey, vice president; Mrs. C. J. Killgo, secretary, and Mrs. Charles Duran, treasurer.

Committee chairmen are Mrs. Cliff Patton, Mrs. J. H. Harris, Mrs. Kenneth Babcock, Mrs. Neil Faulkner, Mrs. E. P. Ketner, Mrs. Jeff Brown, Mrs. Marvin Foree, Mrs. Ford Kenner and Mrs. W.S. Dow.

Surprise Party Is Given Mary Martha Circle on Birthday

Mrs. W. W. Adcock surprised members of the Mary Martha Circle of the First Methodist Church with a decorated birthday table and refreshments in celebration of the Circle's fourth anniversary. The meeting was held Wednesday.

Mrs. Fay Phillips conducted the business session and introduced two guests, Mrs. Kay Sharp and Mrs. Hazel Renneseld.

The study course, Spreading of the Flames, was conducted by Mrs. Mary Beth Vestal. On the program were Mrs. R. D. White, Mrs. Paul Keaton, Mrs. Ned White, Mrs. Jack Young, Mrs. Don Hire and Mrs. Woodrow Adcock.

Fifteen members and a new member, Mrs. Bob Crowell, attended.

Open House Scheduled In Church Kindergarten

The kindergarten department of the First Methodist Church will observe open house from 9:45 to 10 o'clock Sunday morning. The public is invited to inspect the department, which is in the remodeled church basement along with the nursery department.

'All-Night Sinning' Tickets In Demand

KINGS MOUNTAIN, N. C. (AP)—The tickets read "all-night sinning" and the first 500 sold like hotcakes.

Then the printer's mistake was discovered and the sponsoring ladies Bible class of the East Side Baptist Church hastened to correading, "all-night singing." to correading, "all-night sinning."

The sponsors solemnly reported yesterday they haven't sold a single ticket of the second batch.

AUTHORITY IN RELIGION

Ted Norton

What is the source of authority in religion? Until this question is answered correctly, mankind will continue in hopeless confusion. Is the word of God (the Bible) sole authority, or is religious authority vested in the pronouncements of some man or of some church?

After His resurrection, Jesus commissioned His apostles to carry on His work (Matt. 28:18-20). He had taught them intensively. However, He did not trust their fallible memories. For complete accuracy of teaching, He promised the apostle that the Holy Spirit would teach them "all things, and bring all things to your remembrance, whatsoever I have said unto you" (John 14:26).

Inspiration of the Holy Spirit made the teaching of the apostles identical with that of Jesus. This was true both in their oral and in their written teaching. At first, all of the teaching was oral. This teaching was the gospel of Christ. Inspiration was in the man (apostle or prophet). Later, the apostles and prophets committed the gospel to writing (scriptures). Inspiration was in the scriptures (New Testament). For example: Paul wrote, "Whereby, when ye read, ye may understand my knowledge in the mystery of Christ, which in other ages was not made known unto the sons of men as it is now revealed unto his holy apostles and prophets by the Spirit . . ." (Eph. 3:4, 5). Furthermore, Paul warned Christians, ". . . not to think of men above that which is written . . ." (1 Cor. 4:6).

How perfect and complete was the "written word (the New Testament)? Peter wrote, ". . . according as His divine power hath unto us all things that pertain unto life and godliness . . ." (2 Pet. 1:3). James wrote about the gospel as being ". . . the perfect law of liberty . . ." (James 1:25). Paul said, "For I have not shunned to declare unto you all the counsel of God" (Acts 20:27) and "all scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works." (2 Tim. 3:16, 17). The New Testament (the gospel) is perfect, complete, and ". . . the faith which was once delivered unto the saints." (Jude 3.)

Men must embrace the gospel of Christ (New Testament) and avoid perverted or different gospels. Paul wrote, "But though we, or an angel from heaven, preach any othar gospel unto you than that which we have preached unto you, let him be accursed." (Gal. 1:8-10). A different gospel cannot be accepted even from an apostle or angel!

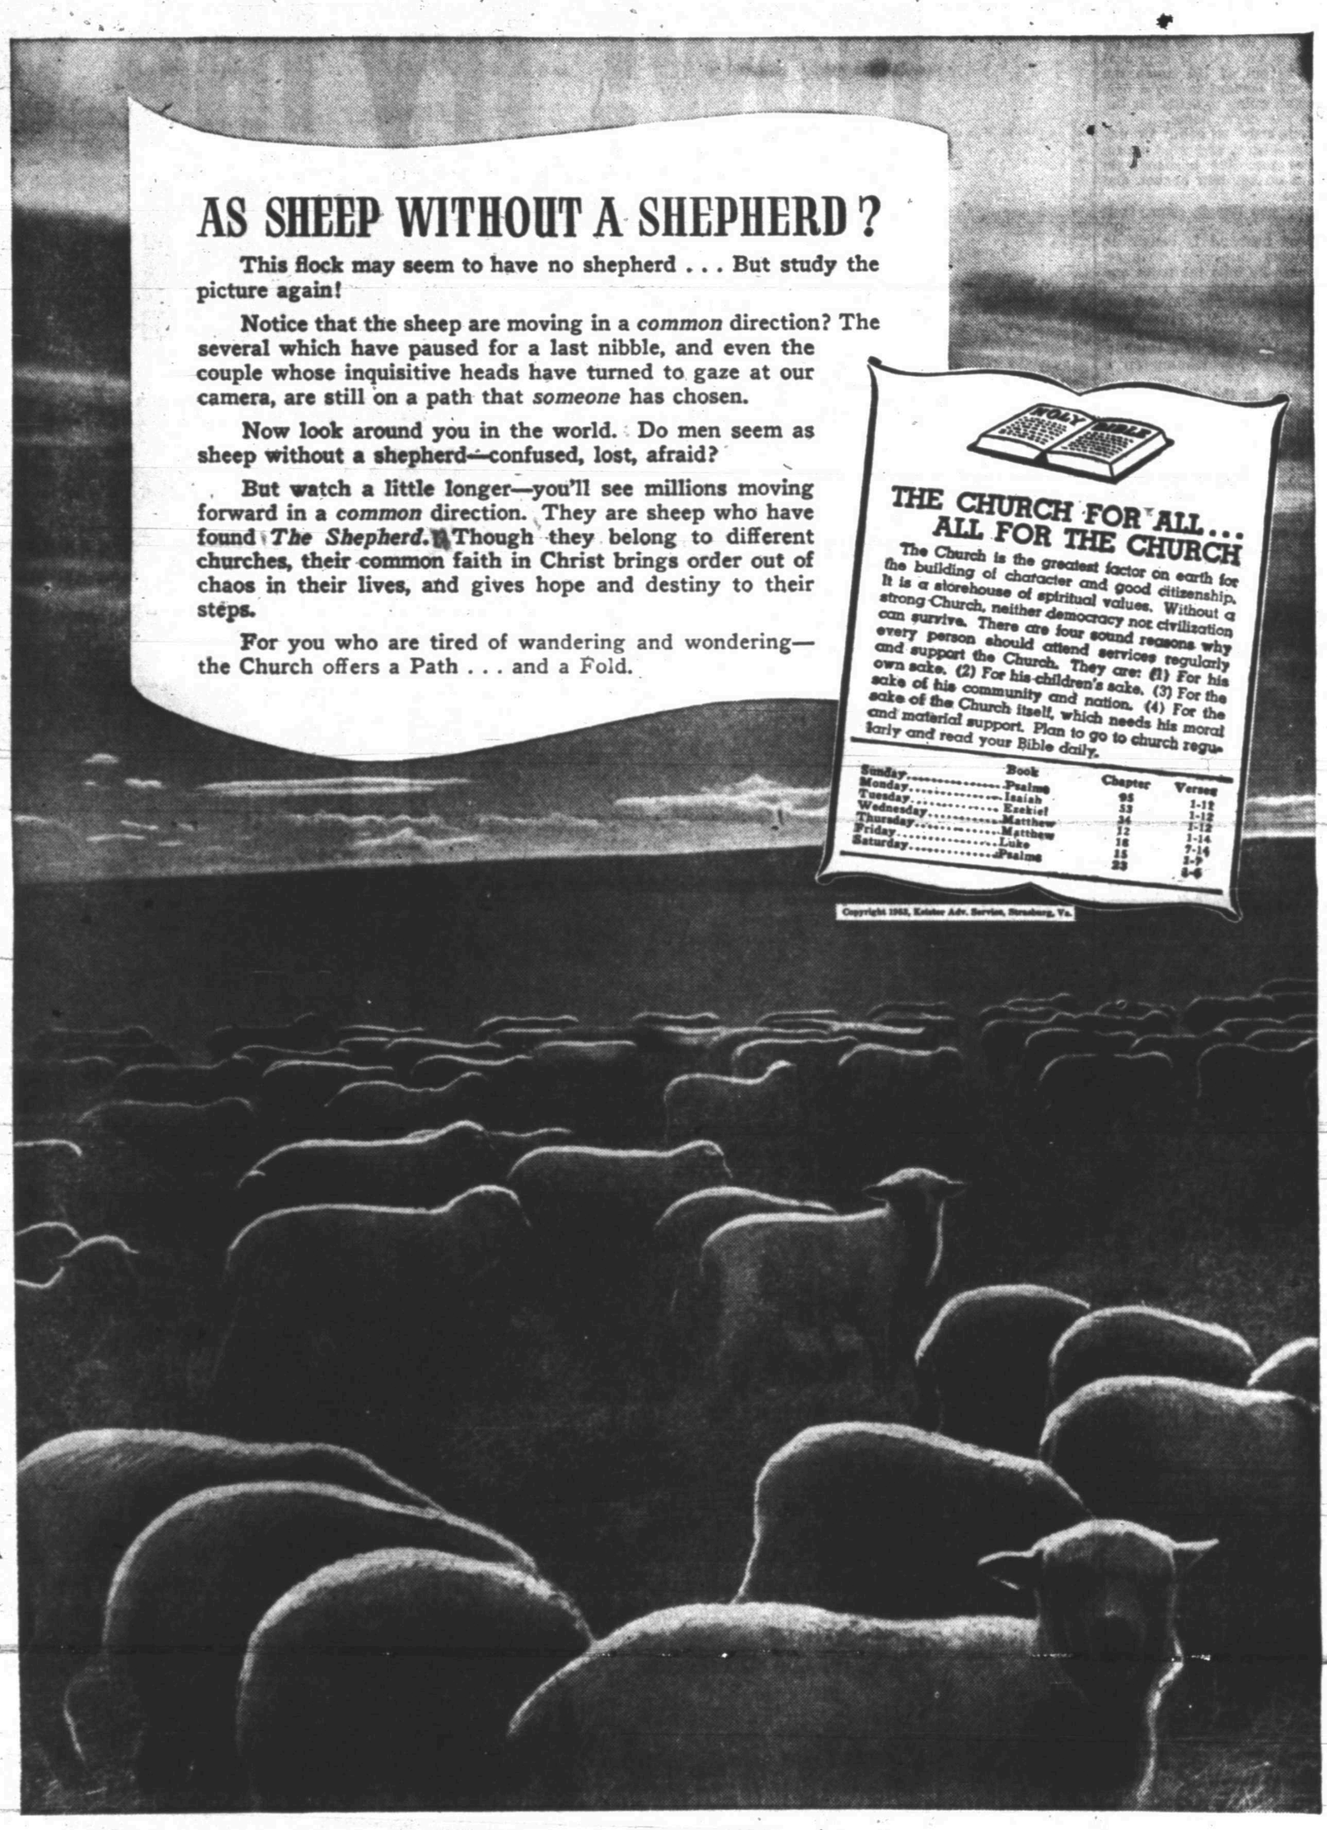

Men will be judged by "what is written." ". . . the dead were judged out of those things which were written in the books, according to their works." (Rev. 20:12b).

To summarize the truth about the New Testament (the gospel): It is inspired, written, perfect, complete, once delivered; a perverted or different gospel must be avoided, and men will be judged by "what is written." Therefore, the New Testament of Jesus Christ (the gospel) is authority in religion (Matt. 28:18-20).

With this reverent attitude toward God's word, how does the New Testament answer the following questions? Were any to speak by inspiration after the days of the apostles? May infants be baptized? May sprinkling be substituted for immersion? May instrumental music be used in worship? In answer to every one of these questions, the New Testament is eloquent by its silence! Thereby it says that all such is not "good works." (2 Tim. 3:16, 17).

Austrian Lecturer's Desire To See America Is Fulfilled

She had to flee Austria, her home, during the last war and she has entertained a keen desire to visit the United States. Now, in September she is having that desire gratified.

Frau Renee von Bronneck of Vienna, Austria, has a fairy tale story, really, for on a train in Europe she met an American couple, Mr. and Mrs. W. B. Little of Littlefield. This was last year and since Frau von Bronneck's desire to see America the Littles resolved to aid her in realizing her wish.

Frau von Bronneck's accomplishments are imposing. She was a film star, has been an actress on the stage, is a singer and lecturer. Her late father was Max von Oberleithner, who composed opera and was a member of the Austrian aristrocracy.

As a naturalized Briton Frau von Bronneck took her daughter and went to Sydney, Australia, where she successfully operated a chemist shop for 10 years.

Returning to Vienna she lived there until her American tour began.

Her tour of the Plains, which includes an engagement here, is being sponsored by the Seventh District of the Federation of Women's Clubs in Texas as a part of their Aid to Austria project. Frau von Bronneck is not allowed to bring her own money into this country so she will have to make her expenses while here.

On her return she will tell the Austrian Ministry about the United States.

Frau Renee von Bronneck

She will appear here Sept. 29 at the Altrurian Daughter's Club Silver Tea. It will be interesting to Texans to hear her opinion of this vast wind-swept prairie, the like of which she may have seen in Australia.

Mrs. Rainwater Is New Elementary P-TA Persident

Mrs. T. A. Rainwater was elected president of East Elementary P-TA at a meeting earlier in the week in the school cafeteria.

Three other officers were elected to fill vacancies left by resignations. These were Miss Bobbie Kerley, secretary; Mrs. W. L. Smedley, treasurer, and Mrs. Wraymond Sims, vice president.

New teachers were introduced; also P-TA officers and committee chairmen.

Acacians Told America Must Shelve Prejudice

America cannot be a truly strong nation until we shelve our prejudices, S. L. Surratt, commander of a reserve airforce group told members of the Acacia Study Club at the meeting Wednesday afternoon in the home of Mrs. Earl Brite, 3102 Fortieth Street.

Mr. Surratt said further that prejudices prevent Americans' becoming strong as individuals and that as individuals make the nation it is necessary to become unprejudiced toward persons and nations.

He also said women can actually change the policies of the nation if they will work at it. He emphasized the Golden Rule axiom be applied to every phase of American life.

Mrs. Charles McCaleb served as program leader.

The club voted to contribute to the restoration of Independence Hall.

Eighteen members and one guest attended.

There was a social hour and the hostess served a refreshment course at the conclusion of the business meeting.

Margie Taggart, Is Married To Raymond Wilson

Announcement has been made here of the marriage of Miss Margie Taggart, daughter of Mr. and Mrs. John Taggart, 1708½ Twenty-seventh Street, and Raymond Wilson of Odessa. The marriage took place earlier this month. Mr. Wilson is a son of Mrs. Ike Haines, Odessa. The couple were in Lovington, N.M., for the ceremony which was performed by the Rev. John Green.

For her wedding costume Mrs. Wilson wore a two-piece suit in aqua. Her accessories were in brown. She chose pink rosebuds for her corsage.

Mrs. Wilson is a graduate of Snyder High School and is employed in Odessa by the Southwestern Bell Telephone Co. Mr. Wilson is employed in Odessa with the Magnolia Service Station. He served for more than three years in the Air Force and had reached the rank of staff sergeant at the time of his discharge.

Mr. and Mrs. Wilson spent their honeymoon in New Mexico and are making their home in Odessa at 1509 Sunset Boulvard.

MISSING WOMAN

Police Chief Charles Knecht of Geneva, Switzerland, announced that Mrs. Donald MacLean, American born wife of a British diplomat widely believed a fugitive behind the Iron Curtain, disappeared with her three children from Geneva Sept. 11. Mrs. MacLean is shown leaving London for France, July 20, 1952, with two of her children, Fergus, 8, foreground, and Donald, 6. Her third child is a daughter, 2, born three weeks after her husband disappeared.

Children Under 12 Are Offered Tickets To Shrine Circus

Shriners announced today all children from six through 12 years old will be given free tickets to the Shrine Circus if they will be at the circus headquarters on the west side of the square between 9 o'clock Saturday morning and noon.

Hilton Lambert, chairman of the committee on tickets, said tickets given the children will be honored at either the 2:30 matinee or the 8 o'clock night performance.

Children of Fluvanna, Ira, and Hermleigh are being given tickets at their schools.

La Crawford's TV Debut Set Tomorrow

HOLLYWOOD (AP)—Joan Crawford takes the plunge into television tomorrow night.

The filmed half-hour drama goes over the CBS-TV network on Revlon Mirror Theatre at 8:30 p.m., (CST). Miss Crawford understands she follows Helen Hayes in the East.

"I would have to follow an act like that in my debut," was Miss Crawford's comment.

The film, which she has seen, so pleased her that she intends to embark on a filmed television series in which she will play a newspaperwoman.

Gregory Peck's Wife Says They're Apart

HOLLYWOOD (AP) — Gregory Peck's wife says she and the actor have been separated since last January.

As for the chance of a divorce, she told a reporter last night: "I've taken no steps along those lines." Reconciliation? "This is something I haven't thought about enough."

Mrs. Greta Peck and the couple's three sons, Jonathan, 9; Stephen, 7, and Carey Paul, 4 returned from Paris last January. They had gone to Rome with the actor, where he had a film assignment, the preceding May. He is now making a movie in Munich, Germany.

The couple married Oct. 4, 1942, in New York City.

8-Year-Old Superman Ends Up In Hospital

COLUMBUS, Ohio (AP) — Eight-year-old Larry King posed on his second floor fire escape, adjusted the silk scarf around his head and spread the towel which hung, cape like, down his back.

Then he took off.

"I thought the air would get under my towel and float me down like it does Superman," he said tearfully.

Then, in his hospital bed, he peeked down at the plaster casts covering his broken wrists and said:

"Tell the kids that Superman may be able to fly but little boys can't."

There are no poisonous snakes in Cuba, Jamaica, Hispaniola and Puerto Rico in the West Indies.

Advance Sales Indicate Big Fan Crop Tonight

A near - record turnout is expected at 8 o'clock tonight at the football stadium when the Snyder Tigers host the Fort Worth Tech Bulldogs.

More than 400 season reserved seat tickets were sold before the sales stopped this week, which is a record here.

Reserved seats for this particular game sold fast, too, nearing the 200 mark today. The sales were to stop at 3 o'clock this afternoon, according to Art Nicholas, school business administrator, who said that the staff cannot sell tickets downtown after that hour and still make arrangements to take care of the gates at the game.

STUDENT SALES

Student tickets were also selling fast, passing the 200 mark this morning at the high school. If bought at the school, the tickets cost 25 cents. They are 50 cents at the gate. Adult tickets are $1 for general admission and $1.25 for reserved seats. There is also a special rate of 75 cents for college students and those in military service.

High school students inaugurated activities this morning in a big pep rally in the high school gym. At 7:30 o'clock tonight, members of the Quarterback Club will form a reception line on the field for the team. The club is now 183 members strong.

For the Fort Worth team, this is the "game of the year," the time when the student body is sent with the team. The school ordered 300 student tickets and 500 adult tickets earlier.

Attendance could easily go over last year's mark, when the crowd at all games averaged 1,945. The largest attendance last year was 2,429 when Vernon came here, and the lowest was 1,078 when the Tigers hosted Plainview.

STRONGER TIGERS

Tonight's game is the season opener for the Tigers, who appear stronger with their 18 lettermen than they have in the last four years.

The team, which has been weak on pass offense and defense, has been hard at work on both and is now in much better shape on those two points than at any time last year. Players held their final workout of the week under lights last night. Passing for the team tonight will be Joe Baxter, Alan Snead, and Bernie Hagins, who will start as quarterback of the team's split-T formation.

Hagins, a junior, weighs 143, and has lettered two years as quarterback. The small gridder, who completed about one-third of his passes last year, has improved this season.

Baxter, 178-pound sophomore, is a capable passer, completing about 70 per cent in scrimmage, and he is one of the most outstanding defensive players on the team. Both Baxter and Snead will serve in more than one backfield position this year. Snead, 175, is a sophomore and served some time at the quarterback spot last season. Both Snead and Hagins are best on short passes, while Baxter is capable on the longer ones.

HALFBACKS

Either Snead or Mike Gibson, 155-pound senior with B team experience, will fill the right halfback position tonight, while Gerald Crawford, a two-year veteran, will be on left half, backed up in the position by Baxter. Jackie Grimmett, 170-pound senior and only three-year letterman on the team, will be fullback.

On the offensive line will be Reagan White, 163-pound senior and chief pass receiver, and Royce Pierce, 182-pound senior switched from guard, on ends. White, who will serve with Grimmett as game captain, will handle the right end, with Pierce on the left. Left tackle will be Jimmie Rodgers, rough 186-pound senior and two-year veteran, and right tackle will be Jerry Smith, who is just as rough and weighs 198. He is a senior and two-year letterman.

Right guard is Steve Blair, 164-pound junior and two year letterman who is the hardest worker on the team. Left guard is Norman Grimmett, sophomore who earned a reserve letter as a freshman. He weighs 171.

At center will be Bernie Hagins, 143-pound senior and one-year letterman who did not play last year.

DEFENSIVE

On the defensive team will be Blair and Keith Pitner at ends. Pitner, 162, is a tireless two-year letterman. Tackles will be Rodgers and Frankie Minton, 220-pound junior and reserve letterman. Guards will be Smith and Robert Hagins, 185-pound junior who has lettered since a freshman. The secondary will be made up of White, Pierce, and Douglas James, 168-pound junior who will also serve part of the time as offensive center. Safeties will be Baxter and Gibson.

Jack Spikes, 178-pound back who showed up as a freshman last year, probably will not play tonight because of a "charlie-horse" in his leg.

Tech will go onto the field with a team of little experience. Much of its starting lineup is made up of last year's B teamers. One ex-B team player, Quarterback Bennie Davis, is called one of Fort Worth's most outstanding backs. He passes, runs, and kicks for the team.

The Bulldog squad is said strongest in the middle of the line, where Guards Bill Casey, 155, and Jim Owen, 155, have lettered previously, as has Center Ed Mapp, 150.

Hermleigh Is Host Tonight To Aspermont

Still trying to get back on its feet after taking one of its rare losses last week, the Hermleigh football squad will host Aspermont at 8 o'clock tonight.

Charlie White's Cardinals are beginning what may be their worst season in years. They are habitual winners, having taken four of the last five titles in their district. Last year their only loss was to Melvin in the regional contest.

Last week the team was downed by Seagraves 6-0, and since that time they have been working even harder, attempting to make a team out of inexperienced players. The squad lost practically all its starters last year. The Aspermont eleven lost to Trent 26-7 last week, but White says he does not know whether that means Aspermont is very weak or Trent is very strong. His team must meet both.

Quarterbacking the Cardinal squad tonight will be Kemp McMillan, 135, who played in that position last week.

White has switched several players on the line for tonight's game. Alvis Tarter, 150, changed to end from center; Delbert Hess, 130, went to guard from end; Geral Greene went to center from defensive end; and Neil Wilcox, 180, went to fullback from end.

Charles Rinehart, 160-pound fullback and halfback, will start at fullback tonight. Last week Rinehart completed two passes, both to Delbert Hess, for 24 yards. The two were the only passes completed from the 10 attempts. Wendell Goodman, 160, will be left halfback, and Richard Fritz, 135, will be on right half.

Hess and Neil Wilcox, 180, will be starting ends tonight, while tackles will be Alvin Wimmer, 160, and Leon Hale, 195. Guards are Charles Smith, 135, and Powell Tarter, 140. Center is Alvis Tarter, 150.

Veterans To Direct Fans

Members of the Veterans of Foreign Wars and American Legion today requested the cooperation of the public in driving and parking at the football field tonight.

The two organizations will direct traffic at home games here this year, as they have for several years, and will post members at all corners approaching the field to direct traffic to parking areas.

The clubs asked football fans to follow directions, aiding in speedy and safe parking as well as routing traffic safely away from the field after the game.

Saturday 'B' Team Plays Season's First

The high school B team will open its grid season at 7:30 o'clock tomorrow night in Abilene when it meets the Eagle B.

This season will be the roughest the B squad has ever had, and it will include two games with Odessa teams, Lamesa, Colorado City, and possibly others.

Jack Dillon and Gene Gibson coach the team. They combined their B and freshman teams earlier this season because of the lack of players. The freshmen will play the four games they already had scheduled and will play with the B team during weeks they do not have a game of their own.

The B squad is made up mostly of freshmen with junior high football experience. Some of the players were outstanding in the junior high tilts last season.

Starting at left end will be Harold Hooks, 145-pound freshman with junior high experience. Left tackle will be Wally Denson, 160, no experience, while left guard is Don McNew, 150, who was fullback on the freshman team last year. At center is Robert James, 160, who was a tackle on the frosh squad. On the right end of the line will be Hal Holladay, 130, at guard; John Partain, 150, at tackle; and Milton Ham, 125, at end. Holladay was a guard on the frosh team last season, while Partain and Ham have junior high experience.

Quarterback will be either Ronald Smith, 110, or Jerry Taylor, 120. Smith, a freshman, was quarterback for the junior high squad last year, while Taylor was quarterback for the Stanton team.

Powell Berry, 125 - pound freshman who was a junior high end, will be left halfback, while Carl McDaniel, 125 pounder with no experience, will be at right half. Fullback will be Floyd Blackwell, 125-pound freshman with junior high experience.

Public Prayer Before Home Games Starts

Plans have been made by the school administration here to have an invocation before each home football game, according to Dr. Cecil Yarbrough, superintendent.

There are several purposes for the invocation, Yarbrough said, including re-emphasis and re-dedication of those attending to the educational phases of competitive sports; increasing awareness of the responsibilities of spectators and participants to be good sports both in losing and winning; to emphasize those qualities of courtesy and consideration accorded visitors; and to emphasize the inner - resources necessary for acceptance of bad and good fortune, injuries, and bad breaks of the game; and to maintain a high level of citizenship before, during, and after the game.

The Rev. Ronald Hubbard of the First Presbyterian Church will lead the invocatoin before tonight's game.

In the early days of New Mexico, vintage French wines were imported at high prices for military receptions although New Mexican wines were considered excellent.
