Trojans Win Over Naples 34-25 To Take District Championship

By CLAUDE PARR

Te Talco Trojans reached the climax of their district competition Friday when they romped over Naples Buffaloes 34-25 in Buffalo stadium. The Trojans went into this game as the only undefeated team of the district, but a loss would have meant a two way tie with Hughes Springs who has lost only one game this season. The Buffaloes were a highly aggressive offensive team but they just couldn't stop the Trojan advance.

Taking top billing in defensive play was Jimmy Cox, Edward Frye, Eddie Dunagan and Neal Hahn. Dunagan, Walker, Jones and Duke shared in the scoring. With the opening whistle the Buffaloes kicked to the Trojans who marched up to the 15, where the ball was issued to the opposition on downs. After a series of plays, Naples reached the 6 yard stripe, where they pulled the old powerhouse for the tally; the try for extra was unsuccessful.

Receiving the kick the Trojans rallied; "Doak" picked up 10 around left end. A pass from Jones to Cox counted for 20 more then on the 3 yard marker Walker stepped over for the tally; he also kicked the conversion.

When the Naples eleven received the kick they immediately went into the passing game, and on third down Coker connected with Cole who raced 70 yards for the tally; again the try for extra point was no good. At half time the Trojans lagged behind with a 12-7 score.

To begin the second half the Buffaloes again kicked to the Trojans, and with the efforts of Walker, Duke, Jones and Cox, reached the 5 yard marker; then Lon Jones found a hole and jumped through for the tally. "Doak" kicked the extra.

When the Trojans kicked to the Buffaloes a fumble occurred in their backfield, a Trojan raced in and recovered, then on the 17, "Buffalo Bill" Duke rode again, took the ball and went all the way for the tally. Again the Talcoites kicked to the Green and Gold and again they recovered. Then riding the wooden horse was "Doak" Walker, who slid off tackle for 6 yards and pay dirt; Walker also counted for the conversion. When the Trojans kicked to the Buffaloes it went into the end zone and was brought back to the 20. They marched up to the 30 and Coker tried to pass again but Dunagan plucked the ball out of the air and raced over for the pointer. Duke kicked the conversion.

The Buffaloes went on a stampede in the last quarter. They powerhoused another from the 10 and later, Buchanan got away and ran 85 yards for a TD, and also made the conversion.

This is the last conference tilt for the Trojans and they are district champs, but the game with Commerce is expected to be the best of the season, so all go and see the champs in action.

New Well's Report Not So Good

With the second well for the area pumping for completion in the Paluxy, the third test for the Mitchell Creek pool in Hopkins County Thursday had reached to pay zone and was coring.

Shell Oil No. 3 Hedrick, Halyard survey, 870 feet northwest of the No. 1 discovery, topped the Paluxy at 4,504, figured about level, and had cored to 4,551 with no report on recovery.

Shell No. 1 Glover, Halyard survey, northeast offset to the discovery, was reported pumping about one barrel of oil an hour from perforations at 4,497-517 feet. Operators may elect to perforate lower in the pay.

The discovery well is showing an increase in water on late gauges. One 24-hour pumping test gave it 234 barrels of water and 91 of oil.

Revival Meeting Talco Baptist

The Rev. Mark A. Wells will conduct a revival meeting at the First Baptist Church in Talco beginning Sunday, Nov. 14, and will continue until the following Sunday. The worship will begin at 10 a. m. and 6:30 p. m. Local talent will be used for the song services.

At present Rev. Wells is conducting a revival at the Lone Star Baptist Church under the pastorate of Rev. Charles Russell. Rev. Russell is conducting the song service and Joyce Wells is playing the piano.

October Rainfall Below Normal

Rainfall in this area in October amounted to only 2.71 inches, which was .55 of an inch below normal. This was the fifth month in a row recording a deficiency in rainfall. The amount officially recorded in October was nearer normal than for any of the four previous months. Two moderately heavy rains occasioned only slight delay in harvest work and other outdoor activities. October as a whole was another of several months favorable for farmers with crops to gather, but not to those who wished to grow late vegetables and feeds.

Although light frost occurred twice during the month, the period averaged slightly warmer than normal. The maximum October 30 was 81, which was summer heat.

Two Burglaries At Detroit

Detroit Drug Store was burglarized Wednesday night of last week and $500.000 worth of merchandise taken, besides change from the bus drawer and fountain register and cemetery jar.

Merchandise taken included a radio, electric clock, the choicest jewelry and a shipment of lifetime fountain pens that had just been received.

Faucett's Station at Detroit was also entered Tuesday night and a wheel, tire and tube were taken, besides $6.00 in pennies and the cemetery jar containing $2.50 or $3.00.

The Burnett Texaco Station at Blossom was also burglarized on Tuesday night.—Detroit News-Herald.

Thermometer Takes Sudden Drop

Winds coming off snow and sleet in the Panhandle dropped temperatures to 31 degrees here Wednesday morning and there was plenty of ice and frost.

Chilled air from the Rockies dropped temperatures from 90, the highest ever recorded here in November, to 55 degrees on Friday morning. All day a 25-mile-an-hour wind swept in from the northwest and the first breath of winter was here on Saturday morning.

High winds helped thresh pecan trees and blow leaves, killed by two light frosts, from them.

OLLIE L. DOAK OF CLARKSVILLE DIES

Ollie L. Doak, 71, retired Clarksville merchant, died at his home Thursday after a heart attack. He was a native of Red River County, born June 26, 1877.

Surviving are Mrs. Doak and a daughter, Mrs. Lillie Jamison.

Mrs. L. I. Hume Dies Tuesday At Cunningham

Mrs. L. I. Hume, 54, passed away Tuesday night at 10 o'clock at her home at Cunningham. She had been in ill health for several years. Funeral service, conducted by the Rev. Curtis H. Hoover of Bogata, was set for 2:30 Thursday afternoon at the Cunningham Baptist Church. Interment will be at Cunningham.

Surviving are her husband and eight children, Mrs. Pete Johnson of Bogata, Mrs. J. W. George and Weldon Hume of Dallas, Milow and E. D. Hume of Cunningham, Mrs. L. T. Mitchell of Franklin, Ky., Mrs. Bart McDowell of Paris and Mrs. L. C. Ward of Longview, her mother, Mrs. Walter Bell of R3, Deport, five grandsons and five granddaughters.

Deceased, the former Miss Bessie Galbreath, was born in Lamar County on Oct. 31, 1894, and had lived near Cunningham most of her life.

Named as pallbearers were: Zeb Page, Dave Kennedy, Claude Kennedy, Clifford Pynes, Harry Slusher, Almer Norwood, Ira Taylor, Roy Holt.

Griffin Hardware At Blossom Robbed

Burglars broke into Carl Griffin's Hardware Store at Blossom Thursday night and stole approximately $200 worth of merchandise.

Deputy Sheriffs Jerome Wright and Earl Brown of Paris reported after an investigation that the culprits apparents gained entry to the store by removing a pane of glass from the front door of the building.

Texas Ranger Stewart Stanley of Clarksville joined in the investigation. He said that a similar burglary occurred at El Dorado, Ark., earlier.

Included in the loot taken in the Blossom break-in were eight rifles and shotguns, four radios and two wrist watches.

A 17-year-old youth arrested Tuesday in Center admitted to having been involved in a recent series of burglaries and thefts in Lamar County and other points, Sheriff Bob England said after he returned from questioning the suspect.

Admissions also were made by the youth, said to be from Port Arthur, concerning burglaries at Honey Grove, Dodd City, Windom, Detroit and other places over the state. A car stolen at Clarksville contained much of the loot.

SAM BELL MAXEY LONG BURIED THURSDAY

Sam Bell Maxey Long, 79, senior member of the law firm of Long and Wortham, and a lifelong Paris resident, died at the Sanitarium of Paris Tuesday afternoon.

He was the namesake and adopted son of his great-uncle, General S. B. Maxey, in whose home he was born, and where he had lived all his life.

Trojan Band Puts On Its Own Show

The Trojan band at the James Bowie game put on a little tragedy. Before the game started, they had the flag presentation. The American and Texas flags and school banner were carried by Wanda Rogers, Billie Scarborough and Audra Britt. The drum was carried by Wanda Morris. They marched to the 50 yard line, where they played "The Star Spangled Banner."

During the half time the band marched on the field playing "Host of Freedom." While marching, Don Freeman, the trombone player, got out of step and line. Our drum major had a very hard time trying to get him back in line—in fact she didn't get him in line.

Claude Boyd, dressed in the director's uniform, came running out on the field and shot him (blanks of course) and the band gathered in a circle around him. Don put a sheet over his head to represent a ghost and then ran Claude off the field.

The band got into formation and played "Victory March." A counter march followed and the band did flank movements and went off the field playing "Liberty Fleet."

Correction

Westlake, La.

Dear Mr. Holloway:

Am writing to correct an article in the Oct. 28 edition about Patricia Miller of Pickton dying of polio. Her name was Patricia Mitchell, 7, and she didn't die of polio. The doctors are still making tests to try to find out what was wrong with her. However, her younger sister, Elaine, now has polio and her father is real sick with flu. There has been one other polio case (both in the Humble Camp) at Pickton. The other was a little Sawyer girl, 5 years old. She's lots better. The school is closed.

CALVARY BAPTISTS USING ADVERTISING

Calvary Baptist Church of which the Rev. F. H. Ogilvie is pastor, has a series of announcements in this week's Talco Times. Others will follow. "We don't expect you to print all that matter free," said the minister. He was assured there would be no charge for the regular announcement of services, but for other matter, a charge sufficient to cover cost of production would be made.

Miss Margaret Ferrell of Gladewater, was a week end guest of Miss Julia Etta Biles.

Thirty years ago Thursday the "Cease Fire" command ended World War 1. And on that day we honored those who had fallen in the service of our country. Today, added to that honor roll are those who gave their lives in the second great world conflict. It is not enough this Armistice Day to honor the brave dead of two wars by bowing our heads in prayer. Only by each of us working assiduously to prevent another war—working to build an everlasting Peace — can we pay them deserving tribute.

Insects Cost Red River Co. Farmers Half Million

"Cotton insects have cost Red River County farmers almost $500,000 in cold cash this season.

"This terrific loss will be repeated next year unless a rigid control program is put into effect immediately at the start of the season," County Agent Herman R. Lynch warns.

"We had tremendous numbers of flea hoppers and boll weevils. One field near English—in the northeastern part of the county—ran 92 per cent," Lynch explained. "Gin trash was alive with weevils. You could pick up a handful of it and they would swarm out between your fingers."

The hard freeze last winter and spring and the long, hot summer did not check the insects, as many farmers thought they would. This ability of insects to live through adverse weather, together with their great numbers, led Lynch to issue his warning.

"Then, too," he continued, "we did not get as many cotton fields plowed under as we wanted. That should have been done before frost, but plowing was scattered."

Lynch considered his estimate of loss—based upon one out of every eight bales—as conservative. He figured that the county would make 20,000 bales from 60,000 acres. That meant insects got at least 2,850 bales worth $150 each, not counting seed.

"A lot of farmers did not realize how hard they were hit until they started picking," he added. "The way to avoid such damage is to start in dusting early and to keep on dusting. Some farmers last season dusted as many as six times, and it paid off in increased yields."

The nations are terribly inconsistent. They want peace, and while praying for it keep their guns pointed toward each other.

It is fine for a man to have an iron-bound conscience, even though the personal choice of many is one that can be stretched.

It is pretty difficult for Texans to urge the voters to vote a straight democratic ticket when so many crooked ballots have been discovered.

Ben Warrens Buy New Dairy Cattle In Wisconsin

Mr. and Mrs. Ben Warren were in Waukesha, Wis., last week, where he purchased twelve head of grade Holstein cows with good milk records and good breeding. These will augment his 32 head of Jersey and Holstein cows he is now milking at his farm east of Fulbright.

"Farmers in that area really know how to make money dairy farming," Mr. Warren told the editor. "They grow their own feed, which is put into silos and makes about 12 per cent protein. In addition to this they feed ground corn and oats."

Most of the cows Mr. Warren purchased are two and three years old, and artificially bred to one of Wisconsin's finest males. Their average cost was $270, with other added expenses for commissions, shipping and feeding.

"If those cows will give 50 pounds of milk a day down here in Texas, compared to the 60 to 65 they have been producing in Wisconsin, their milk and increase should pay for them within a year," Mr. Warren added.

T. G. Hobbs, a dairyman living northeast of Paris, accompanied the Warrens and bought ten head of good milk cows.

Burt Lockhart Tells Why Truman Won Election

Following from Burt Lockhart's Pittsburg Gazette sums up the recent election better than anything else this editor has read:

"The result of the national election was a knock-out blow to millions who had relied implicitly on polls. Dr. Gallup and Homer Roper had convinced the public that Dewey would win in a walk. Every noted commentator, including Winchell and Pearson, and every prominent newspaper had forecast Republican victory. Some had even gone so far as to pick Dewey's cabinet. Betting went as high as 15 to 1 on Dewey with few takers.

"One of the factors that contributed largely to Truman's victory was his ability to convince the voters that a Republican Congress had been responsible for all our national economic ills. General prosperity might also be given as one of the causes for victory. Sixty million people employed at record wages, top prices for livestock and all farm produce, concerted action on the part of labor, and a love for the "under dog" also were factors in the election of Truman.

"The result of the election is a reminder that Hoover was kicked out of the White House because of a depression for which he was not responsible, while Truman is kept in the White House for a prosperity for which he is in no way responsible."

Agriculture Dept. Hikes Cotton Crop Estimate 87,000

WASHINGTON.—The Agriculture Department, in its semi-final report of the year estimated this year's cotton crop at 15,166,000 bales.

This is 87,000 bales more than the 15,079,000 forecast a month ago. It compares with last year's crop of 11,857,000 and with the 1937-46 average of 12,014,000.

In an accompanying report, the Census Bureau said 10,432,934 bales from this year's crop had been ginned prior to Nov. 1. This compared with 8,368,643 ginned to the same date last year and 5,726,145 to the same date two years ago.

The yield of lint cotton per acre was estimated at 312.1 pounds. This compares with 267.3 pounds last year and 254.2 for the 10-year average.

The indicated yield per acre and production for Texas was 171 and 3,200,000.

Guests of Mr. and Mrs. Felix Jones during the week end were Mr. and Mrs. F. A. Jones and son of Kilgore, Jerry and John Paul, students of TCU, Ft. Worth, Billy Gene, student of Dallas business college and Mrs. Charles Nichols of Ft. Worth.

Alton Willms, band director for Talco School, has been unable to meet his classe for several weeks, but is now back at work. He accompanied his band to Paris Saturday and participated in the marching contests with three other bands.

PANEFUL CRIME

Sherlock, the famed detective, arrived on the scene of the crime. "Heavens;" he said, "this is more serious than I figured. This window is broken on both sides."

Talco Happenings Ten Years Ago

Week of November 11, 1938

A number of Talco citizens had visited Irvin-Sandlin Motor Co. at Mt. Pleasant to see the bullet riddled car in which Clyde Barrow and Bonnie Parker had been killed.

This section had been visited by heavy rains followed by a norther and lots of ice.

Jack Caruthers had been re-elected president of the Talco Chamber of Commerce and Truett Carter secretary.

Talco Trojans had defeated the Picton eleven by a score of 13-7.

Mrs. S. L. Whitman of Clarksville, had died at her home there.

Accompanied by their teacher, J. W. Caruthers and Rev. P. G. Hightower, members of the Overalis Sunday School class were guests at the Bogata Theatre on Nov. 11 to see the picture, "Boys Town."

The Paluxy Asphalt Co. used a page ad in The Times, memorial to Nov. 11, 1918.

Susie, small daughter of Mr. and Mrs. V. A. Dean, had received severe burns when she fell against a stove.

Dr. A. A. Smith had suffered a heart attack and was quite ill at his home.

Miss Frances Griggs was among the honor students on the first six weeks report at Paris Junior College.

Mrs. Alford Bailey had returned to her home after a major operation at a Mt. Vernon hospital.

A daughter, weighing 7 lbs. and named Charlotte Ann, had been born to Mr. and Mrs. Pink Kelley.

Members of the Talco Fire Department had enjoyed a fish supper at a park near Mt. Pleasant with Fire Chief Wilton Kelley as host.

Funeral services had been held for Sam A. King, a Talco oil field worker, who suffered an attack of appendicitis.

Burial services had been conducted at Green Hill for Chas. C. Black.

Spotlighting Men T. H. S. Athletics

By CLAUDE PARR

The only real competition on the Trojan squad this year is between the two boys in today's column. They have both made good showings on offensive and defensive play and are so rough in their competition that it will be a tough job to pick the all-district man this year.

Delois (Skeeter) Horn is not one of the Trojans' old men of the squad, but has as many workout hours as any man on the squad. Skeeter has been playing football as long as the writer can remember and that is many year. Skeeter is 5 feet 9 inches tall and weighs about 128 pounds and is now completing his senior year at THS. He has been elected favorite of the class. He did not participate in last year's gridiron workouts but turned his efforts to basketball where he started the B team. Now he has graduated to football but also plans to participate in all other Trojan activities.

Billy Duke can't be called an old man of football, either, but he was found on the gridiron teams last year, keeping in shape for this year. Billy didn't participate in any other sports last year but kept to his studies in order to have a high standard to come back to this year and continue his football career. Billy is also a senior this year and is a member of the concert band. He is one of the hard hitting men of the Talco backfield and it is said that he can go between posts six inches apart.

ENTERTAINS HUSBAND'S DEER-HUNTING PARTY

(From The Deport Times)

Mrs. Sam Holloway entertained members of her husband's deerhunting party with a venison stew at her home in Deport last Saturday night. Meat used was from last year's hunt and plates were laid for Alex Wetherbee and his sons, Alex Jr. and Tommie, of Paris, Jack Winn, Jim Price, B. L. Jones, M. E. Jones and R. H. Harper of Talco, and Sam Holloway. Mrs. Jack Winn and daughter, Jackie, assisted Mrs. Holloway in serving.

Following the meal, plans were completed for the hunt this year in southwest Llano County. With one good meal of deer meat under their belts, it will not be so bad if they fail to bring home the venison this year.

Alcorn Glad to See His Ignorance Matched by Big Political Experts

Editor's note: Achin Alcorn, philosopher, on his Johnson grass farm on Sulphur, like everybody else, has his say about the election, his letter this week reveals.

Dear Editar: Me and a couple of my neighbors was sittin out here discussin the election again yesterday and tryin to explain it, although my opinion is that the election don't need explainin near as much as the big newspapers which had everybody believin Truman couldn't get elected dog catcher and wouldn't have made a good one if he could, and one of my neighbors said Dewey reminded him of a county official years ago who was campaigning for re-election to his second term, which should have been a sure thing.

He said this fellow came out here as the campaign got underway and started askin for votes.

"Why, you don't need to be campaigning out here," the political leader of this area at the time told him. "Just a waste of time. Everybody here's gonna vote for you. Go on back and take it easy."

Instead of sayin "that don't make no difference, I wanta come out and shake hands with the folks and ask 'em for their votes anyway and let 'em know where I stand," the county official swelled up with pride and said, "Well, that's the way I felt all along about it. Glad to hear you say so," and he left and never did campaign out here.

Well, when the election returns come in, that candidate got swamped out here. Beat four to one. And the political leader who advised him not to campaign was against him to start with.

The trouble with Dewey, we concluded, was he had everything systematically arranged, even to namin his Secretary of State and hirin the movin van to haul his things to the White House, except he forgot about the votes. He was powerfully efficient but he wasn't president.

And I'll admit the papers had me fooled too, the same as you. But unlike the experts, I ain't tryin to blame it on anything, outside of ignorance, which I'm glad to see ain't confined to the Sulphur area.

To Dunk or Not To Dunk?

Dunking doughnuts is Sober Hopkins' favorite morning pastime ... and for a long time Ma Hopkins has been trying to break him of the habit. Feels it sets a bad example for the children.

So one morning she puts a heavy frosting of chocolate on the doughnuts ... figuring that will stop him. Sober thinks it over for a while and then: Dunk! Taste? Smile!! And Sober compliments the missus on the lovely mocha flavor!

I guess there'll always be two schools of thought: to dunk or not to dunk. But from where I sit, it's a matter of personal choice and taste—like some folks prefer beer to cider, ale to beer. And the less we criticize those differences of taste, the better.

In fact, Ma Hopkins got so curious about the flavor of chocolate-covered doughnuts dunked in coffee, that she tried it herself. Now—you've guessed it—she's a daily dunker, too!

Suicide Note Admits Murder

Murder will out. H. B. Tennison, 17-year-old University of Arkansas freshman, was found dead in his room at Fayetteville, Ark., Friday, with a suicide note identifying himself as the so-called "phantom killer" of Texarkana. He had taken poison.

Five persons were killed near Texarkana from March 24 to early May in 1946. Two young couples were waylaid on country roads and a man was killed in his farm home by an assailant who also shot and wounded his wife as she fled to a neighbor's home.

If brevity is the soul of wit and stylists continue the trend in bathing suits, there will be a lot of laughter at the beach next summer.

You reckon Dr. Gallup can drive a tractor?

Texas Casts Record Vote Nov. 2nd

Sweep of Texas by the Democratic party in the general election in a county-by-county tabulation of the Texas Election Bureau, reveals that Texans cast a record total of votes in the election. With about 40,000 votes estimated yet unreported, the election bureau accounted for 1,161,047 in the report on the vote by counties. The counted vote already had set a general election record.

Another record also was set. Jack Porter received the biggest vote in the state's history for a Republican candidate for state office. He drew 357,523 votes in his race for the United States Senate against Rep. Lyndon Johnson, who won with 732,719 votes.

Republicans upped their popular vote in Texas considerably but made little progress in adding counties to their column. The Dewey-Warren ticket carried eight counties, one more than seven years ago. Porter got a majority in sixteen.

The complete vote in Lamar, Red River, Titus and Franklin Counties follows:

	Truman	Dewey	Thurmond	Johnson	Porter
Lamar	6306	1018	1015	6180	1739
Red River	2979	323	637	3065	718
Titus	2339	379	332	2275	641
Franklin	1236	146	135	1207	253

Big Homecoming PJC on Nov. 19

The biggest Homecoming in the history of Paris Junior College is being planned for Nov. 19, when the PJC Dragons meet Kilgore in an annual grid battle at Noyes Stadium. Students are assisting ex-students with the round of activities which will carry out the 25th or silver anniversary of the school.

Activities get underway with a parade in downtown Paris at 2 o'clock in the afternoon of Nov. 19. Featured will be floats from organizations at the college and bands from this area.

From 3:30 to 5 o'clock ex-students will gather at the college recreation room for a reception, which will be followed by an auditorium program. A barbecue supper at 6 o'clock will be held in the east grove on the campus.

The Homecoming queen, selected by the student body, will be crowned at half-time ceremonies at the football game by Cedric Townsend, president of the Ex-Student Association. Also adding color to the game will be the PJC and Kilgore bands and the famed Kilgore Rangerettes.

To wind up the events, the Student Council will sponsor a grand ball in the gymnasium after the game. An 11-piece orchestra will furnish music for dancing and the Homecoming queen will lead the grand march.

All ex-students of the college, whether members of the Exes organization or not, are invited to attend. There will be no charge for any of the events except the football game, to which Exes will be admitted at student rate and ex-lettermen by paying only the tax on the tickets. However, the tickets must be purchased at the college on Homecoming day.

Most candidates know that they can't fool all the people all the time; but are content to fool the majority for a short time—around election time.

New Congress for Farm Supports

WASHINGTON.—Strong backing for the Marshall Plan, high support prices for farm products, and repeal of the Taft-Hartley law are indicated in survey of members of the new Congress.

Almost half the men and women who will make up the Eighty-first Congress expressed their views on major issues.

Boiled down, here are the results:

1. Do you favor farm support at present levels? 135 Democrats and 53 Republicans said they do, several of them advocating even higher supports than the present 90 per cent of parity. Six Democrats and 10 Republicans said they are opposed to price supports on basic farm commodities. 17 Democrats and 27 Republicans were undecided.

2. Do you favor giving the President power to fix price controls and allocations? 93 Democrats and 4 Republicans said they do. 27 Democrats and 76 Republicans said they do not. 37 Democrats and 14 Republicans weren't willing to comment.

3. Do you favor repeal of the Taft-Hartley law? 95 Democrats and 8 Republicans said they do. 22 Democrats and 53 Republicans do not. 47 Democrats and 33 Republicans advocated revision.
