## More Workers Needed for Ball Park

"Work is well under way on Marian Ball Park. We have completed a great deal but there is a lot more that has to be done before we can start playing," the slow-pitch softball league president, Tony Stephens, said early this week.

Doubleheaders will be played each Monday and Friday through the season, with the first game starting at 8:00 p.m., and each Sunday starting at 1:30 p.m. Stephens said. Play is tentatively set to begin about May 15.

Five teams of 14 men each and the Little League players will call Marian Airpark home this summer.

Mr. Stephens expressed disappointment at the participation in sharing the repair work on the team, as only 9 men have done all the work so far. "We have worked hard, and we would appreciate everyone who has an interest to come out and help. We have worked as late as 12:30 at night, so if people who have regular jobs (as we do) will come on out after they get off, we can complete the work and get the leagues under way.

Repair on the field and stands is through an arrangement in which the city is furnishing materials and those concerned with the league are doing the repair work.

Gary Sanderson has made and given the league two donation boxes so that those who want to make donations can put their money in these receptacles. There will be no admission charge. Donations will go to buy balls, bases and other equipment. "We hope to restore the park that has been neglected for so many years. It will be enjoyment for a lot of people and also give the youngsters an excellent place to play baseball," said Mr. Stephens. "We are going to paint the stands and concession stand, erect a new chain link fence, replace the lights and put new grass on the whole field."

## Cancer Fund Drive Continues in Area

With \$1,064.82 already collected, Collingsworth County is going to meet its Cancer Crusade quota, both Gary Archer, county chairman, and Jerry Alexander, district field representative, declared here Tuesday morning, April 29.

The drive cut-off date has not been set, and it will not be until every county resident has had the opportunity to make a donation. Response from the schools already has been excellent, Mr. Archer said.

Mr. Alexander said he was pleased with the progress of the campaign here. Then he noted that Collingsworth County probably has the highest incidence of cancer per capita of any of the 20 counties in District 15, which he covers.

A mid-campaign workers

GREENBELT ELECTRIC CO-OPERATIVE BOARD

Two directors of Greenbelt Electric Co-operative, Inc., were re-elected in the annual meeting of members Friday, April 25. Reorganization of the board came in the directors meeting later that day. Seated above are from left, Selba Rainey of Samnor-

wood, W. S. Kromer of Vinson and A. J. Garland of Clarendon. Standing are, from left, George Henry, manager, T. B. Henderson of Twitty, Walter Camp of Dodson, Frank Murray of Hedley and Kenneth Matthews of Clarendon.

## School Bands Present Pops Concert Tuesday

The 1975 Pops Concert, presenting all school bands, will feature 119 young musicians on Tuesday evening, May 6, in Bura Handley Community Center. Curtain time is 8:00 p.m. and the band will be under the baton of Garry Wofford.

The groups presented will

be the award winners, That Skyrocket Bank, the Junior High Band, Elementary Music Group and That Skyrocket Stage Band.

The familiar format of past pops concerts will be preserved. The audience will sit at tables where they will listen to the music as they are served sandwiches, cake, coffee and pop. The cake auction will be held near the end of the program.

First to be presented will be the Elementary Music Group, opening with Roger Miller's "King of the Road." Next they will play "There's Music in the Air" and

"OOM PAH Waltz" by Forrest Buchtel, and they will close their program with John Denver's "Country Roads."

Junior High Band will then come on stage to play "Premier Parade" by George Rutledge, "Long, Long Ago", by Thomas Bayly, and close with "By the Time I Get to Phoenix," by Jim Webb, who lived in Wellington as a child.

That Skyrocket Band will make its first appearance with two numbers, "Pentland Hills" by Capt. J. H. Howe, and "Two Russian Songs" by Glenn Osser.

That Skyrocket Stage Band, made up of 22 members from the general band, will perform "Come

## Services Set Thursday for Otho M. Talley

Otho M. Talley, 73, Dodson farmer who came to the area as a small boy, died in Harmon Memorial Hospital at Hollis Tuesday, April 29, at 2:30 a.m. His death followed a short illness.

Funeral services will be conducted at 2:30 p.m. Thursday, May 1, in the Missionary Baptist Church at Dodson. Officiating will be Rev. Dwayne McClure of Hollis and Rev. Don Stone of Clarendon.

Members of the Odd Fellows Lodge at Hollis will be pall bearers and burial will be in Dodson Cemetery under the direction of Coley Funeral Home of Hollis.

Mr. Talley, son of the late

## Wellington Entered in Governor's Community Achievement Program

The Governor's Community Achievement Awards Program is an opportunity for cities in Texas to develop a coordinated program for community improvement and beautification and at the same time to compete for one of six cast aluminum plaques that are suitable for display in city hall, chamber of commerce or a city park.

The Chamber of Commerce has entered Wellington in this Community Achievement Program.

To coordinate the local program, the Chamber President, Sandy Parsons, appointed Mrs. Barney Glenn, Lyman Daniel and Mrs. Robert Lacy. This committee will contact city, schools, businesses, and leading civic clubs for their support.

The awards are given by population categories and graded on a point system as to community participation, citizen participation, property improvement, economic

development, and theme or slogan adopted.

Work is already underway in this program, the county school children are busy painting posters depicting our clean-up campaign which has been set by the City Council for May 26-31, said Mrs. Glenn. These posters will be judged and first place winners will be awarded with a prize and all winning posters will be displayed in a public place. Lyman Daniel will be taking pictures of

before and after scenes. All citizens, youth and adults, are asked to submit to the Chamber Office a slogan to be used in connection with this program. The winner of best slogan submitted will be given a prize.

"It is the desire of the Chamber to win this award for our county as a climax to our American Bicentennial and County Centennial year!" declared the chair-

## Assets of County Banks Pass \$23 Million for Historic High

Assets of Wellington's two banks passed the \$23 million dollar mark, exceeding by almost \$400,000 the previous first-quarter high set a year ago.

The new figure was revealed in the call made by the Federal Reserve Bank and State Banking Commissioner April 16. On that date, assets were \$23,408,205.95. A year ago assets were \$22,857,231.65.

Deposits likewise were at a record \$21,808,187.66, up from a year ago when the figure was \$21,190,381.

Significantly, both assets and deposits are up from the year-end Call, December 31, 1974, when assets were \$21,985,446.

Deposits are more than a million dollars higher than at the start of the year, when the Collingsworth residents had on deposits \$20,300,533.

The year end call formerly was the financial high point of the year for this and other counties of the area.

One of the amazing figures to emerge from the April 15 call is that both assets and deposits have more than doubled in the last five years, as revealed in the April 1970 call. At that time, assets were \$11,523,863.48. Deposits were \$10,543,909.11.

Returning to this year's report, the deposit figure, the April 15 figure is not the high point of the quarter, since deposits have been lowered somewhat with the beginning of farming operations.

The deposit figure of \$21,808,187.66, that of the

cotton crop which came in after the first of the year. It does not, however, show the considerable amount of oil and gas lease rental checks that will be coming in a little later.

Breaking down the deposit figure, demand deposits now stand at \$9,384,146.89. This represents the working money of the depositors. A year ago that figure was \$9,921,189.65.

Time and savings deposits are \$12,424,040.77. Both banks pay the maximum on these accounts, which can range from 5 per cent on passbook savings accounts to

—See #4, Page 2A

## Tech Kicking Specialist Sports Banquet Speaker

Young Wellington athletes will be honored Friday, May 2, at the Skyrocket All-Sports Banquet, when the community acknowledges their achievements of the 1974-75 school year.

The banquet will be in Elementary School Cafeteria, beginning at 7:30 p.m. It is sponsored by the Coaches and Rocket Booster Club.

The speaker will be Brian Hall, kicking speciality for the Texas Tech Red Raiders, an extraordinary young man in many ways.

Four Skyrockets and one Rockette will be singled out for special awards in recognition of their achievement. None of the recipients will be announced before banquet time, said Head Coach James Williams.

The Larry Wright Memorial Award, given to honor a young Wellington athlete who became a leukemia victim, will be presented for the second year.

Two awards will relate to football, naming of the Outstanding Backfield Player and the Outstanding Lineman.

In Basketball, the Outstanding Rocket and Rockette will be announced. All teams will be introduced: varsity football team, junior varsity, boys and girls varsity basketball teams, boys and girls junior varsity basketball teams, boys and girls track teams, and the tennis team.

Recognition will also be given the cheer leaders, Lucy Sullivan, Renee Mitchell, Kim Goforth, Karen Jeffrey, Rane Raylor and Jane Taylor, as well as the coaching staff, Mr. Williams, Phil Bailey, Robert Hicks, Bruce Dollar and Ronnie Glenn.

## Men's Organization Seeks Improvements

Mayor Billy Hatch and City Manager Glen Taylor met with members of the Men's Progressive Organization Tuesday, April 22, to map plans for improvement in Northeast Wellington.

"You decide what you want and let us know, we'll work with you," Mr. Taylor told members of the all-Black organization.

The group, with 11 members present and taking part in the discussion, explained their plans for a clean-up campaign in that part of Wellington, and asked the city's help in getting rid of some buildings no longer habitable. Mr. Taylor said later that Fire Chief David Peters has

BRIAN HALL

Coach Williams will be master of ceremonies and also will introduce the speaker. Jim Bob Nall will give the invocation and Steve Emmert the benediction.

Texas Tech coaches call Brian Hall an "extremely dedicated player."

The accuracy with which he kicks extra points and field goals is an acknowledged contribution to the Red Raider victories. He was likewise an outstanding player two years in Dalhart

High School and won the Dee Henry Memorial Award.

Yet all of this has come since it became necessary for Brian Hall to have one leg amputated. That he should return to athletics, much less become a kicking specialist on a Southwest Conference team, is one of the extraordinary achievements in college football.

There have been honors in other fields. An agricultural communications major at

—See #5, Page 2A

## Junior High Honor Students Announced

Wellington Junior High School honor graduates were announced this week by Charles Floyd, principal.

Valedictorian of the class is Robert Burba, with a scholastic average of 95.250.

Kim Judd, daughter of Denny Judd, is the salutatorian. Her average is 93.033.

The remaining eight students who make up the top ten in the graduating class are Don Lewis, son of Mr. and Mrs. Robert Lewis, 92.700; Chuck Darter, son of Mr. and Mrs. Charles Darter, 92.535; Mike Ray, son of Mr. Gerald Ray, 90.142; David Baumgardner, son of Mr. and Mrs. David Baumgardner, 89.625; T. Jay Roberson, son of Mr. and Mrs. Lonnie Roberson of Dodson, 88.250; Darla Seitz, daughter of Mr. and Mrs. J.W. Seitz, 88.107; Terry Manuel, son of Mr. and Mrs. Don Manuel, 87.964; and Earlene Davis, daughter of Mrs. Alice Davis, 87.050.

Commencement exercises for the Junior High graduates will be held Thursday, May 22, and complete information concerning this will be announced.

—See #1, Page 2A

## Greenbelt Electric Members Re-elect Two

Two directors were re-elected by members of Greenbelt Electric Co-operative, Inc., in the annual meeting Friday, April 25.

T.B. Henderson of Twitty was returned from District 1 and Walter Camp of Dodson from District 4.

In the directors meeting which followed, A.J. Garland of Clarendon was re-elected president and Kenneth Moore of Claude vice-president. Other members are Selba Rainey, of Samnorwood, Frank Murray of Hedley and W.S. Kromer of Vinson.

Entertainment was by two singing groups. Five second grade students from Wellington Elementary School, were dressed in pioneer costumes. They included

#1—continued from page 1 and the city will assist.

Representing the Men's Progressive Organization were Eugene Carney, Jimmy Barber, Jimmy Thomas, Claude Walker, Bro. Enoch Fuller, Howard Powell, Horace Powell, Joe Powell, Totie Washington, and Ocean Archie. Representing the city were Mr. Hatch and Mr. Taylor.

The Men's Progressive Organization includes men of all ages, including some who have lived in northeast Wellington for 50 years.

#3—continued from page 1 chairman said.

Besides the crusade, it was pointed out that memorial gifts may be made to the American Cancer Society at any time during the year, either in memory of someone who lived here or someone who died elsewhere. A card bearing the name of the donor will be sent the family of the deceased. These memorial gifts may be made at either bank, Kelso Funeral Home, or the Chamber of Commerce.

One major event remains, a Bike-a-Thon, to be held in mid-summer.

Approximately \$130,000 will probably be raised in District 15. Sixty per cent of this stays in Texas and 40 per cent goes to the national office.

"But we will receive from the national office of the American Cancer Society in excess of those 40 per cent of funds in the form of research grants," declared Mr. Alexander.

"The State of Texas has so many good research facilities and that is why we get back so much money. Some states do not have very many research facilities, consequently Texas receives a portion of their research funds."

The new Texas Tech University School of Medicine will make application to the American Cancer Society for research grants when it is fully set up, it was pointed out. In addition to these grants, individual physicians receive fellowships for research purposes, Mr. Alexander said.

On the local level, the reactivated Collingsworth County Cancer Society will be able to make available to patients who need them such services as furnishing hospital beds, wheel chairs, dressings, etc.

A continuing public education program is planned, Mr. Archer said.

## Norwood Faculty For Next School Year Announced

The Samnorwood School faculty for the 1975-76 school year was announced this week by Supt. Rex Peeples.

These include in grade school, Miss Deliah Roberts, kindergarten, first and second grades; Mrs. Bonita Myers, third and fourth, Mrs. Jane Thomas, fifth and sixth; Mrs. Mary Burcham, one-half time under the Plan A EPCO program and one-half time as science instructor in the grade school.

High school instructors are Paul Schaub, math; Miss Judy Barber, homemaking; Zeldon Jenkins, science and Jimmy Brown, vocational agriculture. Mrs. Melba Marcum is a half-time social studies teacher under a sharing program with Quail.

Coach Dale Morris, the two principals, Mrs. Selba Rainey and Kenneth Martindale, were hired earlier, and Supt. Rex Peeples contract does not expire this year.

The resignation of Mrs. Betsy Lemons, English instructor in high school, was accepted. She will teach in the Wellington system next year.

## Bicentennial Kick-off Will Come with Fair

The Collingsworth County Bicentennial Committee voted Tuesday, April 22 to hold the county's bicentennial kickoff in conjunction with the Collingsworth County Fair in September.

Other events will be scheduled through 1975 and 1976.

The committee will meet again Tuesday, May 13. Anyone with suggestions for celebrating the bicentennial or the county's centennial is asked to contact Henry Sullivan, chairman.

## Quail FHA Sets Car Wash

Quail Future Homemakers are sponsoring a car wash Saturday, May 3, at Wilkerson Car Wash on Highway 83. Mrs. Audcan Downey, instructor, has announced.

The hours will be from 10:00 a.m. to 4:00 p.m. and pick-up and delivery service will be offered.

Those wishing to have cars picked up may call Mrs. Downey at 447-2987.

Turn your surplus property into cash by using Classified Ads in The Leader.

## Lunchrooms

WELLINGTON  
Monday, May 5: Tacos, taco sauce, lettuce and tomato salad, oven fry potatoes, catsup, fruit, 1/2 pint milk or chocolate milk.

## Free Vaccine Clinic to Be Here on May 12

A free clinic offering vaccines that give protection against several childhood diseases are scheduled in Wellington Monday, May 12, from 1:30 to 4:00 p.m. These will be in the community Action Center.

Protection is against polio, diphtheria, lock jaw, whooping cough, measles and rubella, according to Jerry DeSha, health program specialist for the Texas State Department of Health, Amarillo.

There will be no charge. Besides Wellington the Texas State Department of Health holds free clinics at Dalhart, Spearman, Canadian, Pampa, Silverton, Cactus and Clarendon.

Anyone interested in any course from WT may contact Mrs. Sue Pride, 1206 N. 18th Street, Memphis, Texas, before school is dismissed for the summer.

#5—continued from page 1  
Tech, Hall will be remembered by many Wellington Future Farmers of a few years back as a district FFA president, Area I FFA first

## Relay, Tennis Teams Place in Regional UIL

Wellington Skyrocket boys doubles tennis team, George Brewer and Sammy Gonzales, advanced to competition for third place in the Regional UIL at Lubbock, only to lose to a team from Marfa, in far West Texas.

The 440 yard relay team, only one to qualify for the finals, placed seventh. Members were Dan Ford, Jessie Davis, Paul Hanna and Shane Tarver.

Others competing at Lubbock were Lee Templeton, boys tennis singles; Randall Sims and Richard Sims, boys tennis doubles; and Cliff Pennon, 120 yard high hurdles. Joe Baumgardner went as an alternate.

#4—continued from page 1  
7 per cent on four year certificates of deposit.

Farm operators depending on the two Wellington banks for financing are now getting into their operations and loans are on the rise, totaling \$11,043,328.30.

The two banks also show to have a total surplus of \$750,000.00 and undivided profits of \$332,705.89.

A review of figures back to 1970 includes:

Assets:  
1973 - \$17,215,501.46.  
1972 - \$14,029,040.18.  
1971 - \$13,409,242.23.  
1970 - \$11,523,863.48.

## Freshmen First in Two-A Track Meet

The Wellington High School freshman track team garnered 147 points to win first place in the recent District 2-A meet at Memphis.

These winners go no farther than the district level, but they give Skyrocket athletes a preview of what is in store for the next two or three years in track and field events.

First place in the 440 yard hurdles went to a team made up of Arnie Ingram, George Darton, Dickie Moore and Robert Sterling. Their time was 48.8. Craig Needham was second in the 120 yard high hurdles with time of 18.8.

Arnie Ingram took first in the 100 yard dash in 10.5; while George Darton had 11.4 time in the same event.

Ingram came in first again in the 220 yard dash, with 24.1. Darton was fourth in 25.6 seconds.

Richard Agüero placed first in the 440 yard dash, in 57.5; Dickie Moore was second in the 330 yard intermediate hurdles and Craig Needham was third.

In the 880 yard run, Dickie Moore finished first, Leonard Chambers third and Robert Sterling fourth. Pat White was third and Roy Cardwell fourth in the mile run, and the mile relay team composed of Sterling, Chambers, Needham and Agüero placed third.

Arnie Ingram was first in high jump, then came back to place second in the broad jump with George Darton sixth. Darton was third and Agüero fifth in the shot put.

## Former Quail Resident Dies

A.C. Pendergrass was called to Port Arthur due to the death of his brother, Marion D. Pendergrass, 66, Friday, April 18.

Memorial services were held at Nederland Memorial Funeral Chapel Saturday, April 19. His body was brought to Sweetwater for additional services at 2:00 p.m. Monday, April 21, at Lamar Street Church of Christ, with burial in Sweetwater Cemetery.

Mr. Pendergrass lived at Quail for about six years in the late 1920s and early 1930s. He moved to Sweetwater to work for Gulf Oil Co., and was transferred to Port Arthur in 1954. He was with Gulf 33 years before retiring a year ago.

Survivors are his wife; a son, Hoyt of Port Arthur; a sister, Mrs. Bernice Rotan of Nolan; and three brothers, A.C.; J.W. of Houston and Edward of Sweetwater.

Going from here were Mr. and Mrs. A.C. (Skeet) Pendergrass, Mrs. Mearl Parker and daughter, Vera Jean.

Mike Boothe of Clarendon. Musical Organizations at Clarendon College are under the direction of Kern Pigg. Admission to the May 1st concert is \$1.25 for adults and 75 cents for students. College students are admitted free. Proceeds from the concert benefit the college music scholarship fund.

Mr. and Mrs. John Ford of Greenville, were weekend visitors in the home of his parents and brother, Mr. and Mrs. Jack Ford and Mr. and Mrs. Lanny Ford and daughters.

## Norwood Grades Tour Palo Duro Canyon April 23

Sixth, seventh and eighth grade students of Samnorwood School went on a field trip to Palo Duro Canyon Wednesday, April 23. Zeldon Jenkins, science instructor, was the trip sponsor.

The 27 boys and girls, carrying sack lunches, first stopped at the Panhandle Plains Historical Society Museum. On their tour through the Canyon, Mr. Jenkins helped the students in a study of geological formations.

Mothers accompanying the group were Mrs. James Martindale, Mrs. Lee, Mrs.

Paul Schaub, Mrs. Rudie Tate and the instructors, Mrs. Mary Burcham and Mr. Jenkins.

## FFA Members To Area Meet

Five Wellington Future Farmers will represent their chapter in the Area 1 convention in Amarillo Friday and Saturday, May 9 and 10.

The voting delegates will be Kent Riley, Allen Murdock and John Birkey, Jr. Others attending will be Roy Cardwell and Lon Kiker.

Rodney Myrick, vocational agriculture instructor, will accompany the boys.

## CJC Music Department Gives Concert May 1

The Music Department of Clarendon College will present its spring concert on Thursday, May 1, at 8 p.m. in the Harned Sisters Fine Arts Auditorium. The College Choir, College Singers, and the Stage Band will each be featured.

The College Choir will perform a wide variety of choral music, including patriotic, popular, and inspirational selections. Among these are "Gallant Men" by John Cacavas, theme song for a patriotic record album made by the late Senator Everett Dirksen. Other titles include: "This Is My Country," "I Will Never Pass This Way Again," "Sunshine On My Shoulders," and "What Do I See," the latter being performed by the Women's Chorus.

The College Singers, a twelve member select choral group, have recently presented concerts for schools and civic clubs in Wellington, White Deer, Valley High School, and Matador. They

will perform selections presented on these concert tours. Numbers will include the popular ballad, "The Way We Were"; the swing tune, "A New Dimension"; and "Why Me" featuring Beth Rutledge of Canadian as alto soloist.

The Stage Band will perform music of a jazz-rock nature. They will open their portion of the program with an updated arrangement of an old dixieland favorite, "Up Cherry Street". Other selections will include "Sausalito Strut", and "One Tin Soldier". Soloists with the band will be Nikki Amburn of Hollis, Oklahoma; Earl Hartman of Wellington; and

Mike Boothe of Clarendon.

Musical Organizations at Clarendon College are under the direction of Kern Pigg.

Admission to the May 1st concert is \$1.25 for adults and 75 cents for students. College students are admitted free. Proceeds from the concert benefit the college music scholarship fund.

Mr. and Mrs. John Ford of Greenville, were weekend visitors in the home of his parents and brother, Mr. and Mrs. Jack Ford and Mr. and Mrs. Lanny Ford and daughters.

## Thomas Nursing Center News

All of the residents of the Thomas Nursing Center have been working like busy bees trying to get ready for a big craft day sale. The sale will be held at the Thomas Nursing Center on May 9.

Entertainment at the Center has been the Lighthouse Quartet and two programs presented by the elementary school talent show entries. The residents certainly enjoyed all this fine entertainment.

Several of our residents had the pleasure of having out of town visitors. They are as follows:

Mrs. Emma Kincannon visited by Mr. and Mrs. Delbert Rogers of Altus, Okla.

Henry Cocke - Charles Jackson of Houston.  
Ira Passon - Mrs. Charles Moore and Susie Pendleton of Wheeler.

Mr. and Mrs. Robert Melton - Mr. and Mrs. Dewey Melton of Plainview and Glenna Maddox of Memphis.

Iva Davidson - Mrs. Clifton Pugh, Lloyd Davidson of McLean, Mr. and Mrs. Johnny Valsquez and children of Mobeetie and Mr. and Mrs. Floyd Davidson of Wheeler.

Effie Phillips - Mary Terry, Bessie Pugh and Mr. and Mrs. Ferris Hess of McLean.

Jim Harris - Jimmy Harris of Fort Smith, Arkansas.

Elizabeth Grooms - Alma Drane and Mrs. Shoemake of San Diego, California.

MRS. BEN RATLIFF MRS. SAM THOMPSON MRS. RUFUS SWEAT

## Reception Honors Three Teachers Who Will Retire

Three Wellington School faculty members who will retire when the present term ends late this month were honored at a reception Sunday afternoon, April 27, in the Heritage Room.

They were Mrs. Sam Thompson, who teaches first grade in Wellington Elementary School; Mrs. Rufus Sweat, language arts instructor in junior high; and Mrs. Ben Ratliff, high school librarian.

Hosts were members of the Wellington Classroom Teachers Association, the High School Beta Club, which Mrs. Ratliff sponsors, and Junior High Beta Club, which has Mrs. Sweat as sponsor.

Guests were received by Mrs. Bill Wilson and Mrs. Bob McAlister, and presented to the guests of honor, Mrs. Raymond Hodges was at the register.

The reception table was covered with a white linen cloth and the centerpiece was of red carnations and white daisies. Decorating the bouquet were school erasers, pencil, small scissors and a piece of chalk. Narrow red ribbon streamers led from these items a short distance to a miniature rocking chair, symbol of retirement. Guests were unanimous in saying this trio is not by any means ready for the rocking chair!

Members of the two Beta Clubs alternated at the crystal punch service and in assisting at the table.

Each honoree received as a gift from her hostesses a piece of silver hollowware. This was a leisurely reception, for many of those attending had been students of one or another of the teachers, and they wanted to stay and visit.

Each of the three has taught in rural schools of the county prior to consolidation.

None of the three has a child still living in Collingsworth County, yet each of the three teachers had one or more children present for the reception.

Mrs. Ratliff taught her first school at Indian Creek, a short distance north of Salt

Fork on Highway US 83, in 1929. Altogether, she has taught 37 years.

After three years at Indian Creek, she taught five at Cottonwood. After she was married to the late Mr. Ratliff, whose home was in the Cottonwood community, she did not teach again until they were living in Childress County, when she was at Community Center a year. She returned to Cottonwood then taught at Quail 12 years. While she was working to complete her degree at West Texas State University, Mrs. Ratliff taught a year at Wildorado. She came to the Wellington Schools in 1959. She has taught 37 years.

Mrs. Ratliff noted that one of her pupils from the first year she taught, Mrs. Amy Winters Seale, was at the celebration.

Mrs. Ratliff's three children were here also, Mr. and Mrs. Ben Ray Ratliff, Brent, 15, Brad, 12, Babbette, 9 and Brandi Kiz, four, of Lubbock; Mr. and Mrs. Dale Ratliff, Carman, 12 and Shara, one year, of Clayton, N.M.; and Mr. and Mrs. Jim Griffin, Eric, 9, and Brandon, three, of Amarillo.

Mrs. Thompson's first school was at Westview, west of Hollis. After a year, she went to the Dodson School for two years. She followed this with periods of teaching at Arlie, Gilliland in Knox County, Hopkins School at Pampa, back to Dodson, then Vernon, Floydada and Loco. Altogether, she has taught 35 years, and 19 of these were at Wellington.

Helping her and Mr. Thompson to celebrate this event were their older daughter and her family, Dr. and Mrs. K.A. Davis (Sammie Lou) and Paul Eugene of Denton. The family is moving within a few weeks to Tacoma Washington. Their younger daughter, Jane, of Gatlinburg, Tenn., was here recently.

Mrs. Sweat began teaching in 1928 in the Plymouth School. She followed this with tenures at Nicholson

## Happy Homemaking

By BARBARA BAKER

Line the drawer in which you keep your pins and jewelry with sponge rubber. This prevents jewelry from tangling and the individual pieces stay in place without rolling all over the drawer when opened.

Lugging sand around in the back of your car may be a chore for those with space problem or unable to shovel it under wheels stuck in heavy snow or ice but a blanket works just as well with few space requirements and little trouble handling it. Keep a folded blanket no longer used around the house in the trunk. When the car's tires won't budge, just toss the blanket beneath the wheel and spread out as if laying a carpet before the tire. This creates traction for the tire and you should be out in no time at all.

For instant first aid, here's an instant ice pack that won't

drop all over. Take a dime store balloon and fill with water until about the size of a baseball. Store in the freezer and when kids come home with some bruise that may swell, apply it as an icepack. As the ice inside the balloon melts, you needn't worry about it leaking and when fully melted, can be easily returned to the freezer for the next disaster.

Plastic garbage bags have such a variety of uses besides just storing rubbish and if you put your imagination to work, you can discover some really fun projects for the kids when indoors on those rainy days. One of the easiest projects is to give each of them a bag and let them cut out holes for their heads and arms then slip the bag over and voila — a one-piece costume they can decorate anyway they wish.

## Bridal Shower Given Saturday Honors Miss Lucinda Aguilar

Miss Lucinda Aguilar, bride elect of Trinidad Cantu, Jr., was honored at a shower in the Heritage Room Saturday afternoon, April 26.

Mrs. Bob Sessions received the guests and presented them to the honoree and her mother, Mrs. Edward Aguilar.

The refreshment table was laid with a white linen cloth and appointed in center. The centerpiece was a miniature bride and groom, surrounded by champagne goblets

holding lighted candles. Mrs. Oscar Herrera, sister of the honoree, poured punch.

Hostesses were Mrs. Herbert Bearden, Mrs. Kenyard Potect, Mrs. Isidoro Cortez, Mrs. Alicia Martinez, Mrs. Dee Burba, Mrs. Ruby Williams, Mrs. J.B. King, Mrs. Bill Janes, Mrs. Ida B. Outley, Mrs. Bob Sessions, Mrs. Bob Barton, Mrs. Zook Thomas, Mrs. Clifford Christian, Mrs. Tommy Lou Thompson and Mrs. Eddie Saldana.

## Eight Children of Thos. Clay Family Hold Two-Day Reunion

The eight living children of the late Mr. and Mrs. Thomas M. Clay met at the Quail Baptist Church Saturday evening, April 19 for a family reunion.

After enjoying sandwiches, they met with Quail Baptist Church to hear Mr. and Mrs. Dick O'Brian of Lamesa. Mr. and Mrs. O'Brian showed films and gave testimonies of their missionary work in Guatemala, Central America.

The group met again in the Bura Handley Community

## Cummings Host Dinner

Guests of Mr. and Mrs. Palo F. Cummings Sunday were her sister, Mrs. Fred Cagle and granddaughter, Monica, of Amarillo.

Joining them was Miss Daisy Cagle, who had been visiting in the Bill Cagle home at Hollis, and who returned to her home in Amarillo with her sister-in-law.

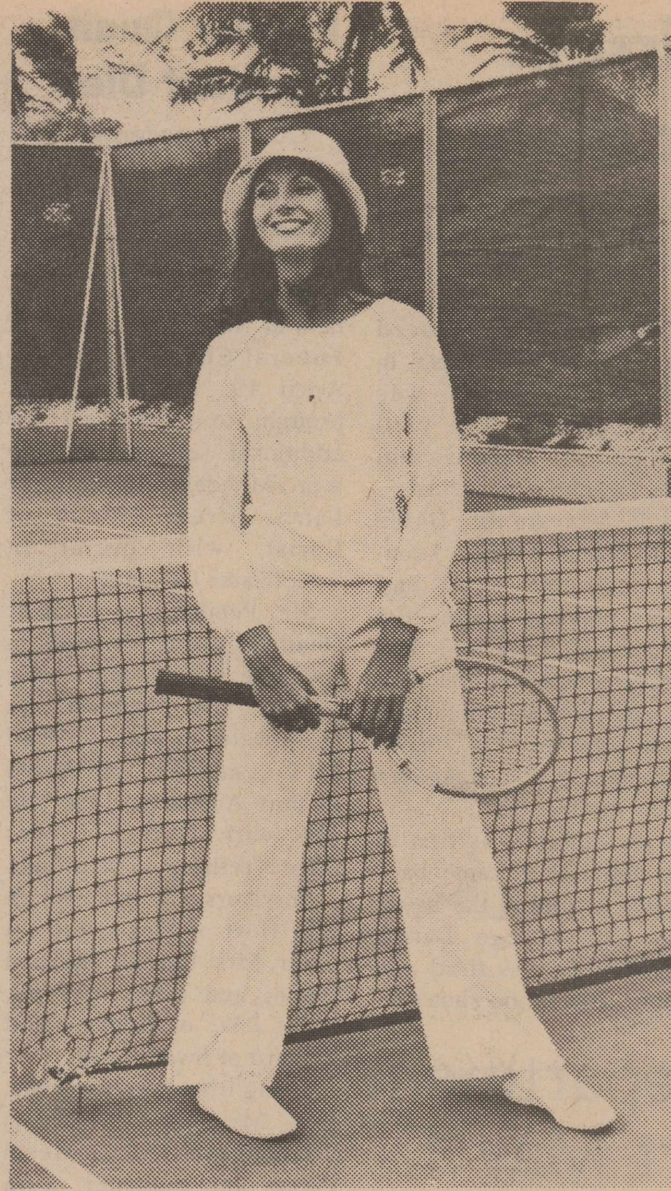

Other dinner guests included Mrs. Mary Frank McCreary and son, Tony, and Mr. and Mrs. Zeldon Jenkins and Richie.

Building Sunday, April 20. Lunch was served and they enjoyed visiting during the afternoon.

Those attending were Mrs. Lena Clay Young, Lamesa; Mr. and Mrs. Porter Arnold (Hassie Clay), Silverton; Mrs. Alta Clay Tyler, Mrs. Adell Clay Burdine, Melrose, New Mexico; Mr. and Mrs. Pat O'Hair (Shirley Clay), Quail; Mr. and Mrs. Howard Crosby (Ola Mae Clay), Wellington; Mr. and Mrs. Herbert Clay, Muleshoe, Horace Clay, Wellington; Mrs. Mary Clay, wife of the late Bill Clay, Hedley;

Alvie Clay, Hedley; Mr. and Mrs. Loyd Langley, Wellington, Mr. and Mrs. Delbert White, Mr. and Mrs. Cary Don Neeley, Curtis Don, Quail; Mrs. Bill Fletcher, James Fletcher, Mr. and Mrs. Anthony Looney, Angela, Mr. and Mrs. Lewis Fletcher, Amarillo.

Mr. and Mrs. Delbert Timmons, Perryton; Mr. and Mrs. Dick O'Brian, Lamesa; Mr. and Mrs. Roy Mack Walker, Silverton; Debbie Fletcher, Wayland College, Plainview; Ethel Diskcall, Tucumcari, New Mexico.

THE WARM-UP IS A HOT SPRING ITEM that goes from tennis to boating, jogging, hiking or just taking it easy. This good sport comes from Margaret Court by David Smith, has a koala bear on the pocket and striped trim. In machine-washable warp knit of Avlin polyester. It stays fresh and white through lots of hard play.

## Grant Jolley Children Hold Reunion in Anaheim, Calif.

The children of Mr. and Mrs. Grant Jolley, formerly of the Lutie Community, met in Anaheim, California recently at the home of Mr. and Mrs. Carl Van Ry. Mr. and Mrs. Jolley farmed for many years in the Lutie Community; moving to Bellflower, California in 1950. They are both now deceased.

Those present were: Mr. and Mrs. Andy Jolley, LaHabra, California; Mrs. George (Lillian) Deger, Shamrock, Texas; Mrs. Coleman Jolley, Paramount, Calif.; Mrs. Jim (Catherine) Dodson, Strathmore, Calif.; Mr. and Mrs. Jay L. Jolley, Orland, Calif.; Mr. and Mrs. Grant (Wart) Jolley, Auburn, Calif.; Mrs. Ervie (Nellie) Robinson, El Paso; Mrs. Ray

(Faye) Mitchell, Lubbock; and the hostess and her family, Mrs. Carl (Lorine) Van Ry.

One daughter, Mrs. Carl (Duff) Yarbrough, Como, was unable to attend.

## Gwen Lewis In Society

WTSU--Dana Gwen Lewis has been selected for initiation into Phi Eta Sigma, a national scholastic honor society for freshmen at West Texas State University.

Initiation will be May 1 at 7 p.m. in the WTSU Student Activities Center Ballroom.

To be eligible for membership, students must make at least half A's and half B's during their freshman year, according to Dr. Roy E. Thoman, associate professor of political science and faculty adviser.

One of 180 chapters at colleges and universities throughout the country, the WTSU chapter will initiate 63 members.

Dana is the daughter of Mr. and Mrs. Tom Lewis of Route 2, Wellington.

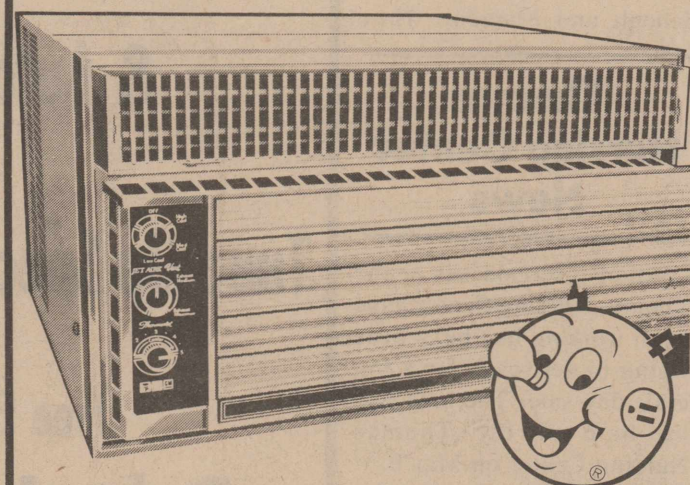

A child with signs of repeated skin injuries or other injuries which cannot be satisfactorily explained, may be a victim of abuse by parents or guardians, according to Mrs. Ilene Miller, family life education specialist with the Texas Agricultural Extension Service.

Also going from Shamrock was Mrs. Pat Winters, mother of Mrs. Jay L. Jolley.

Mr. and Mrs. Andy Jolley hosted a dinner party for the family on Sunday afternoon. Many of the grandchildren and other relatives visited with the family.

Plans are tentatively being made for everyone to meet in El Paso in 1976.

## Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from

## 1954 Study Club Meets

The 1954 Study Club has co-signed with the 1924 Study Club to sponsor a juniorette club in Wellington. Mrs. A.J. Fires, second vice president, told members of the 1954 Club at their regular meeting Thursday, April 24.

Mrs. Jerry Nix was hostess in the Heritage Room, and Mrs. Fires presided at the business meeting.

Mrs. Lynn Wright told that awards would be given for winners of the community beautification project.

Mrs. Cal Hurst presented the program "Recycle our Resources." She said some of the most important human resources are "thank you," appreciation, kindness, understanding and gentleness.

Mrs. Hurst used excerpts from Dr. Gaston Foote's column in the Fort Worth Star Telegram, two of which were "Photograph as you Go" and "Take a Little Honey Along."

Refreshments were served to Mrs. Roy Collins, Mrs. Fred Cox, Mrs. Fires, Mrs. Bill Hatch, Mrs. Hurst, Mrs. Don Lacy, Mrs. Nix, Mrs. Paul Spillman and Mrs. Wright.

## Mrs. Gribble HDC Speaker

Mrs. Helen Gribble, home economist for West Texas Utilities Company, was the guest speaker at the Dodson Home Demonstration Club Tuesday, April 23, for a program on the energy crisis.

Mrs. Lynvel Black was hostess.

Some of Mrs. Gribble's suggestions by which the homemaker can save energy included:

- Turn the water heater temperature down to 140 degrees.
- Freezers will be safe at 10 degrees below zero degrees. Keep full.
- Use big loads in washer and dryer.

KAREN MICHELE MARTIN

## July Wedding Announced for Karen Martin, Michael Davis

Mr. and Mrs. Joe Bob Martin, 6508 Oxford Avenue, Lubbock, are announcing the engagement of their daughter, Karen Michele, to Michael Lee Davis, 2408 Auburn, Lubbock.

Parents of the prospective bridegroom are Mr. and Mrs. Gay Neil Davis.

The couple will be married Saturday, July 12, at seven-thirty in the evening at Ford Memorial Chapel of First Baptist Church, Lubbock.

Miss Martin is a senior in Monterey High School and is employed at Highland General Hospital, Lubbock.

Her fiancé plans to complete the work for his degree at Texas Tech University in August with a double major in zoology and

- Cook an entire meal in the oven.
- Load your dishwasher full before turning on. This saves water and electricity.
- Mrs. Wayne Reynolds gave the home demonstration council report.

Refreshments were served to Mrs. Fred Boyd, Mrs. Purl Tippie, Mrs. Thurman Crownover, Mrs. Reynolds, Mrs. Gribble and the hostess, Mrs. Black and her daughter, Leslie.

## New Committees Announced By B&PW President Elect

"Gavel Talk" was the theme of the program for Business and Professional Women's Club, Tuesday, April 22, with Mrs. J.C. Hartman, Jr., chairman and Mrs. Bura Handley, Mrs. Gary Killian and Mrs. Joan Flint, co-chairman.

A crossword puzzle on parliamentary procedure and a game "Gavel Talk" were used to emphasize the importance of correct procedure. Programs and table decorations were handmade programs, flowers and balance of weights. Petals of the flowers were words that completed the crossword puzzle and all complimenting the program.

The business session was conducted with Mrs. Zook Thomas, president, in charge.

Mrs. Dudley Phipps, president elect, announced her officers and Committee chairmen for the new year. Those appointed were pianist, Mrs. Truman Estes;

chorus, Mrs. Ernest Harwell; reporter, Miss Ann Smith; hospitality, Mrs. Zook Thomas; yearbook, Mrs. J.C. Hartman, Jr.; Mrs. Gary Brewer and Mrs. Mark Killian; program, Mrs. Lynn Wright; membership, Mrs. Pearl Harwell; personal development, Mrs. Billy Williams; civic participation, Mrs. Fred Yarbrough; world affairs, Mrs. Raymond Patton; finance chairman, Mrs. Gary Brewer; legislation, Miss Myra Hays; public relations, Mrs. Handley; parliamentary procedure, Mrs. Rob Isbell; women in government, Mrs. Ernest Harwell; telephone committee, Mrs. Claude McKinney, Mrs. Lonnie Neeley and Mrs. Louise Templeton.

Two guests were present, Mrs. Alton Belew and Mrs. Dian Souder. Members present were Mrs. L.C. Sweat, Mrs. Tommie Murdock, Mrs. Jack Lowry, Mrs. Peggy Holland, Mrs. McKinney, Mrs. Dan Henard, Mrs. Doc Turner, Mrs. H.L. Jenkins, Mrs. Melvin Cardwell, Mrs. Pauline Estes, Mrs. Brewer, Mrs. Willie B. Harwell, Mrs. Wright, Mrs. Williams, Mrs. Phipps, Mrs. Thomas, Mrs. Pearl Harwell, Mrs. Turner, Miss Hays, Miss Smith, Mrs. Flint, Mrs. Estes, Mrs. Handley, Mrs. Hartman and Mrs. Gary Killian.

## Class Has Luncheon

The Builders Class of First Baptist Church met Tuesday, April 15, in the home of Mrs. Rosco Land for a covered dish luncheon.

The business meeting was conducted by Mrs. Alice Wall, president, opening prayer was given by Mrs. Ethel Lowrie and Mrs. Jack Ball gave the treasurer's report.

The class discussed angels for their devotional.

Those attending were Mrs. Wall, Mrs. F.F. Popwell, Mrs. Ruth Wyrick, Mrs. Donnie Huston, Mrs. Ball, Mrs. Celia Johnson, Mrs. Lowrie and the hostess, Mrs. Land.

## Samnorwood PTA Installs Officers at April Meeting

Mrs. Frances Barker, reporter; and Jimmy Brown, parliamentarian. They will serve for the 1975-76 school year.

Machines and supplies that the PTA has bought for the school during the year just ending were displayed. They included a record player, kindergarten kit, fan for the gymnasium, two calculators, coffee pot for the PTA booth in the gym, tumbling mats. PTA also sent two girls to Girls State and made a \$100 donation to the kitchen.

Mrs. Schaub presided. Lynn Tate and Russell Schaub led the Salute to the Flag, then Kim Peebles gave the devotional and Supt. Rex Peebles a prayer.

Entertainment was presented by the Kindergarten, first and second grades, Miss Delta Roberts room. The children sang and played rhythm instruments, accompanied by Mrs. Selba Rainey. A skit, "The Little Red Hen" was given by Carlos Stinson, Betty Sue Kincannon, Mike Machina, Steven Bentley, John Bentley, Tammy Hall and Robert Hall.

The room count was won by Miss Roberts Room. Lynn Tate and Mark Wischkaemper were recognized as winners in the county spelling bee.

Refreshments were served by the 1974-75 PTA officers.

DIANNA ROWELL AND KENNETH TERRY

## Dianna Rowell, Kenneth Terry To Marry in Amarillo June 20

Central Christian Church in Amarillo will be the setting for the wedding of Miss Dianna Rowell and Kenneth Dale Terry on Friday, the twentieth of June.

Announcement of their

engagement was made by the parents of the bride-to-be, Mr. and Mrs. William Walter Rowell, 2829 Loyd Drive, Amarillo. Parents of the prospective bridegroom are Mr. and Mrs. Donald Joe Terry, 3621 Eddy, Amarillo.

## Lillie HDC Plays '42'

Mrs. L.M. Bartlett was hostess for the Lillie Home Demonstration Club fortytwo party in the Heritage Room Thursday evening, April 24.

Refreshments were served to Mr. and Mrs. Dudley Phipps, Mr. and Mrs. Henry Langford, Mr. and Mrs. Zook Thomas, Mr. and Mrs. Bill Langford, Mr. and Mrs. Jim Lowe, Mr. and Mrs. Elmer Haralson, Mrs. Bill Hill, Mrs. Ollie Buske and Mrs. Ozro Bartlett.

When selecting a new kitchen gas range, look for one with control knobs that are difficult for children to turn on -- yet placed so that the knobs can be reached without stretching over burners, advises Mrs. Doris Myers, family resource management specialist with the Texas Agricultural Extension Service.

He is also the grandson of Mr. and Mrs. Joe Terry of Wellington.

Mr. Terry is employed by Nunn Electrical Supply, Amarillo.

# Cub Scouts Hold Bicycle Rodeo and Inspection

The first Wellington Cub Scout Bike Rodeo was held Saturday, April 26, at the band practice field.

The competition was scored by dens, with first, second and third place ribbons awarded in each event. A double lined seven foot figure "8" was one of the events, with points being subtracted each time a contestant crossed one of the lines. The other four were parallel lines, balancing for 30 feet (only 1 1/2 turn on the bike pedals at the start), sixty foot race in less than thirty seconds and speed races by dens.

Sheriff John Rainey and Deputy Richard Keller supervised a bike inspection prior to the competition. Cubs were given a bicycle check list, with remarks on how to improve their own bicycles for safety.

Judges for the bike rodeo were, Benny Kilgo, Jim Forrester and Dan Langford. Boy Scouts assisting were John Birkey, Clay Don Lacy, Carl Taylor and Brent Long.

Ribbons were presented to the following cubs: Parallel lines; Den 2: first, John L. Green, second, Scott Bobbitt, third, Bryan Wilbur. Den 34: first, Chad Holland; second, Bill Reeves and third, Barry Long. Webelos: first,

Scott Cochran; second, Darren Hall; third, Ricky Keller.

Balancing: Den 34: first, Chad Holland; second, Lynn Bartlett and third Barry Long. Den 2: first, Drea Felts; second, John L. Green and third, Scott Bobbitt. Webelos: first, Tim Harris; second Eddie Langford and third, Darren Hall.

Figure "8": Den 2: first, Drea Felts; second, Scott Bobbitt and third, John L. Green. Den 34: Chad Holland, first; second Todd Roberson and Barry Long, third, Webelos; first, Darren Hall; second, Eddie Langford and Tim Harris, third.

Sixty foot race: Den 2: first, Scott Bobbitt; second, John L. Green and third, Bryan Wilbur. Den 34: first, Chad Holland; second, Darvin Nix and third, Aaron

## Samnorwood Grade School to Amarillo

• Woodgrained vinyl exterior; chrome-plated timer knob, door release

Prepare and freeze meals in advance, then defrost them when needed to make mealtime easier. Oven does all cooking jobs quicker than microwave below because it's more powerful.

Side-swing door with decorative black glass. Chrome-plated timer knob and door release. Woodgrained vinyl exterior. Easy-clean acrylic interior. 14-minute dial-set timer. Latch-type door lock prevents operation when door is open. Sealed-in glass cooking tray. Recipe book. Oven interior measures 14x12 1/4 x 7 3/4 inches high. Overall oven measures 20 1/2 x 15 1/2 x 16 inches high. (Freight and Installation Extra)

# Deck's Didactics

—by Deskins Wells

WIND as a source of energy has been mentioned in this space more than once. Now they are talking about harnessing the trade winds that blow over Hawaii at the fairly steady rate of 15 to 20 miles per hour most of the time. When these winds hit the mountains of Ohua they double in velocity and cube in their power to produce electricity.

EDWARD TELLER, the father of the hydrogen bomb, says that power from the wind can be produced economically and profitably in Hawaii. He claims we should be exporting energy in ten years.

INTEREST in converting the energy of the wind into power has been at a high level here in the Panhandle since the energy shortage became apparent. We have more or less constant winds in all the Great Plains area.

NO FARTHER away than Stillwater, Oklahoma, the State University has two five-kilowatt generators that are being operated on an experimental basis. New windmill designs are being built and tested in this country and in Europe. One of these is being built by a firm in New Mexico and huge wind driven generators are already in use in Europe. The wind can be and will be harnessed as an important source of supplemental power.

OUR doubles tennis team played for third place in the regional which is not bad at all if you will consider what a big area was involved and the number of schools that were represented. Wellington coaches are pleased because all of the boys who went to Lubbock will be playing for the red and white again next year. Wellington is lacking in tennis courts; but the school is blessed with some natural tennis ability and some good coaches. All they need is more practice ground and more practice. You do not become an expert tennis player by playing two or three months a year.

DROVE by the old A. Buerger home the other day and it brought back many memories. This is the house at the corner of Dalhart and 10th Street where Bert Starkey lived for many years and where Hook Elliott now lives.

WHEN I was a boy attending school in the only school building in town, which later became west ward, the A. Buerger home was a familiar landmark on my angling journey from the east side of the town section

to the west side. It was a mile and a quarter to walk twice a day.

THE SAME pine trees and the same cedar trees were flourishing in the yard then as they are today; but they were much smaller and much fresher looking sixty years ago. There were no paved streets and very few dirt streets marked off in straight lines. I simply followed my trail from our house to the railroad switch past the house of the manager of the Cicero Smith Lumber Company to the square and then past the Lowry Barber Shop and north of the Joyner Livery Stable south of the Methodist parsonage and by the A. Buerger place and from there I ambled southeast to the new brick school building.

DR. J. FRANK Johnson killed a 55 inch rattlesnake on his ranch south of Buck Creek last week and the reptile was more remarkable for its girth than its length. The head measured 2 1/2 inches across. Dr. Johnson came across the snake near a supplement feeder. It had caught and was starting to swallow a young rabbit head first, the snake disgorged the rabbit, but not in time to save itself. Dr. Johnson killed it with one pistol shot through the head.

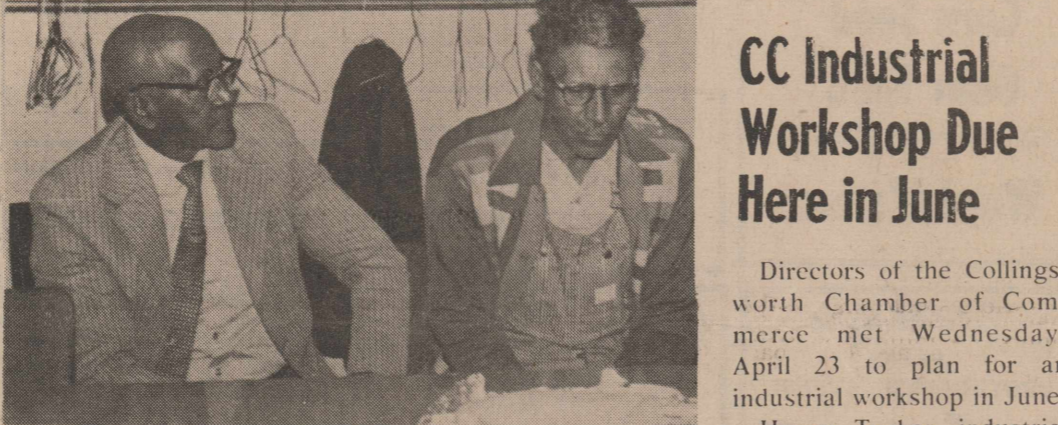

THE PISTOL marksman explained that many people considered rattlesnake meat a delicacy and asked me if I wanted any of it. Rattlesnake meat is not bad tasting for I ate some in San Antonio a number of years ago. Fresh-shrimp or crabmeat will be sufficient for me as long as the price is not exorbitant. Neither do I relish the thought of hunting rattlesnakes with a pistol. A shotgun at fifteen feet seems like a more practical duel to me although I once killed a rattlesnake with a hoe while barefooted.

AFTER MOST victories you feel exuberant; but I felt no elation after this old snake encounter. I was nearly sick in my stomach and I was seared witless.

YOU NEED to read "Territorial Imperative" to realize why a barefoot boy can get into action so swiftly against something he has been taught to fear. I thought the snake was on its way to eat the fluffy little baby chicks that had been hatched the day before.

Mr. and Mrs. E.E. Baggett of Ft. Worth visited this week with Aubrey Baggett. Mr. and Mrs. Haskell Baggett and other friends and relatives.

Mrs. Robert L. Karnes was the honoree at a birthday dinner given Sunday, April 27, in the home of her daughter and son-in-law, Mr. and Mrs. C.A. Wilbur. Others present were Mr. and Mrs. Willie Smith, Ed Smith and Paul Wilbur.

MAP IMPROVEMENT WORK  
Members of the Men's Progressive Organization met with Mayor Bill Hatch and City Manager Glen Taylor Tuesday, April 25, to map improvement plans for northeast Wellington. At top, from left, are James Thomas, vice president, Enoch Fuller and Jimmy Barber. Next, City Manager Taylor and Mayor Hatch talk with Horace Powell and Howard Powell. In the third picture are Claude Walker, Clarence Jones, Joe Powell and Willie McKennon. Below are two long-time residents of that area, E.G. Carney, left, and Harvey Washington.

## Woffords Give Music Program

Mr. and Mrs. Garry Wofford will present a program of music at the Dodson Church of the Nazarene Sunday, from 10:45 to 11:00 a.m.

Mrs. Wofford will do the

narration, while Mr. Wofford will sing and present instrumental music.

He is director of the Wellington School Bands.

The public is invited, said Mrs. Melvin Cardwell, who is helping with plans.

A Leader Want Ad is a little investment that produces big returns.

## Powell Field Damage, Pickup Theft Reported

A case of malicious destruction at Powell Field, possibly Saturday night, April 26, and theft of a pickup which was later recovered also on Saturday night, were reported by the Sheriff's Department.

Irrigation pipe was run over by a motor vehicle and four or five hurdles used by the track team were broken, according to Deputy Sheriff N.E. Childers, who with Deputy Richard Keller investigated the incident.

Sheriff John Rainey said a pickup was stolen from the home of Palo F. Cummings --was reported about 4:00 a.m. Sunday and found later in the day stalled in a ditch about a mile south of town on FM 1035. A 16-year-old boy was taken in custody Sunday afternoon by juvenile authorities and is being held in juvenile section of Childress County Jail. Sheriff Rainey said. Since juveniles must be held separately from adults, Collingsworth juveniles are held at Childress.

## Kansas Band to Play for WHS Students May 1

The 145-piece Garden City, Kansas, High School Band will present a program of band music in the Wellington High School Gymnasium Thursday, May 1, according to Melvin Cardwell, high school principal.

It will begin at 1:35 p.m. and will last about an hour.

Director Bob Brock and his uniformed band is presently on a week's tour which will take them to schools in Texas, Oklahoma and Kansas.

This is an annual trip for the southwest Kansas high school band.

Garden City is 235 miles north of Wellington on US 83.

Due to the size of the touring band, it is necessary to hold the concert in the gymnasium, Mr. Cardwell explained. Anyone who is interested is invited to attend, he added.

Don't just store it away and forget it—sell it with a classified ad in The Leader and use the money to buy something you need.

## CC Industrial Workshop Due Here in June

Directors of the Collingsworth Chamber of Commerce met Wednesday, April 23 to plan for an industrial workshop in June.

Homer Tucker, industrial development consultant for the Texas Industrial Commission met with the group and invited them to make a field trip to Austin to study programs offered by TIC.

A follow-up program will be held here later.

Attending were Sandy Parsons, Zook Thomas, Bill Hatch, Garner Altom, Charlene Potect, Esta Glenn, Jack Kennedy, Pat McAlister, C.T. Hubbard and Kenneth Moore.

## Protect Profits before the

• Nature on a rampage can sweep away farm profits. But not if you insure crops, livestock, buildings and machinery against financial loss. Check with us for complete details.

## Highway Department Offers Rural Transportation Program

AUSTIN -- The Texas Highway Department is accepting applications for demonstration projects aimed at improving public transportation in rural and small urban areas.

The purpose of this program is to develop public transportation systems operating vehicles on rural

highways. It is provided by Section 147 of the Federal Aid Highway Act of 1973.

The systems are to serve passengers within rural areas, including towns of less than 5,000 population,

and small urban areas of between 5,000 and 50,000 population, and between such areas and larger cities.

Any public agency or non-profit, public-purpose organization, preferably with statewide or areawide responsibilities, may apply for 100 percent federal grants, covering both capital and operating expenditures. Facilities must be designed to accommodate the elderly and the handicapped.

The Highway Department has been designated by Governor Dolph Briscoe to administer the funds and supply technical assistance for the program in Texas.

After receiving applications from Texas, the Highway Department will forward them to the regional Federal Highway Administration office in Fort Worth.

Regional officials of the Federal Highway Administration will review and select 10 proposals from the state of Texas, Arkansas, Oklahoma, Louisiana and New Mexico.

Those selected will be sent on to the Washington office of the U.S. Department of Transportation which will make a preliminary selection of projects to be financed in this fiscal year from a nationwide appropriation of \$9.65 million.

The number of proposals selected nationwide will depend on the number and cost of the applications submitted.

After a project has been selected by the Washington office, the Texas Highway Department with the assistance of the applicant in the area to be served by the system will conduct a public hearing. Results of the hearing will be forwarded to Washington for final selection.

Applications must be received by the Texas Highway Department not later than June 10, 1975. A copy of the application should also be sent to the regional Council of Governments for its review.

Applications should be mailed to:

The Texas Highway Department

## Dr. Bill Reeves New Athletic Director at UTA

Dr. Bill Reeves, brother of County Agent Don Reeves, is the new athletic director of the University of Texas at Arlington. He is also a nephew of Mrs. Frank Anderson.

A native of Hedley, he graduated from Plainview High School where he lettered in football, basketball and baseball. He earned three letters playing basketball at the University of Texas at Arlington.

Before returning to UT-Arlington as assistant coach, he was high school basketball coach at Buda, Houston, Spring Woods and Ennis.

Dr. Reeves served as an administrative assistant to Chena Gilstrap, who submitted his resignation as athletic director of UT-Arlington

## County to Observe Loyalty Day May 1

In observance of Loyalty Day on May 1, the Glynn Moore Post 6439, Veterans of Foreign Wars, requests that all citizens of Collingsworth County observe this patriotic date, according to James R. Bowen, post quartermaster.

There will be one special event here, when post officers present an award to a fifth grade child in Elementary School who is winner of a Loyalty Day essay contest.

May 1 was designated as Loyalty Day by an act of Congress in 1958.

"Each year our president issued a proclamation in which he implores all us to ponder the inalienable allegiance which each of us owes to America," Mr. Bowen said.

"Loyalty Day calls for

vigorous action by all concerned citizens to insure that other countries are fully aware of the basic fact that we are united in our love for our way of life and our determination to remain forever a strong, free and sovereign nation."

## Betty Burba Receives \$400 WT Scholarship

WTSU -- Betty Burba, a 1975 graduate of Wellington High School has been awarded a \$400 residence hall scholarship for the 1975-76 academic year at West Texas State University.

Miss Burba is the winner of the Betty Crocker Achievement Award, is listed in "Who's Who in American High Schools" and is a member of All-Region Band, student council and the Future Homemakers of America. She was selected as band queen.

The daughter of Mr. and Mrs. Dee Burba, 1301 El Paso Street, Miss Burba plans to major in accounting at WTSU.

## DePauws At Farmers Union Board Meeting

Mr. and Mr. Wilbur DePauw of Wellington representing Collingsworth county attended the regular Spring Board Meeting of Texas Farmers Union in Waco last Saturday. The Farmers Union Board of Directors is composed of over 100 county presidents, representing the major agricultural producing

areas of the state.

The farm leaders reviewed and approved reports on their business activities and services. They also adopted several resolutions on state and national legislative issues affecting farmers, ranchers and rural people.

In a carefully worded resolution that pointed out the shortcomings in the new federal price support and target price legislation, the farm group urged President Ford to sign the legislation.

"Although the proposed changes in the farm program are totally inadequate to meet the needs of agriculture and to assure the consumer an adequate supply of food and fiber, we recognize that this is the best that we can expect out of this session of Congress, and until a comprehensive new farm program is passed, we urge President Ford to sign the farm bill. If the President fails to do this, we urge Congress to override his veto," the Farmers Union Board stated.

## Winners of Big Bluff Race Listed

Seventy-seven riders braved the elements to compete in the moto cross at Big Bluff Race Track Sunday, April 27.

Winners were: Micro-mini man: first, Morris Troxwell of Canyon; second, Jay Jones of Wellington; third, Tim Grisson of Bovina.

Mini man: first, Joe Reay of Tulia; second, Kenneth Hicks of Hereford; third, Morris Troxwell of Canyon.

100 class: first, Tom Johnson of Hedley; second, Phillip Beauchamp of Blair, Okla.; third, Lyle Baartman of Altus, Okla.; fourth, Rodney Seago of Amarillo; fifth, Gary Tucker of Idalou.

125 class: first, Ricky Blackwell of Amarillo; second, Danny Lane of Childress; third, Randy Jenkins of Altus; fourth, Tom Johnson of Hedley and fifth, Gary Erdman of Amarillo.

250 class: first, Ricky Blackwell, Amarillo; second, Tommy Brown of Amarillo; third, Henry Small of Amarillo; fourth, Neil Tucker of Idalou and fifth, Thad Slaton of Pampa.

Open class: first, Henry Small of Amarillo; second, Harold Wilson of Canadian; third, Dwight Nishiyama of Amarillo; fourth, Randy Killough of Amarillo and fifth, Wayne Adams of Amarillo.

The next race is scheduled for May 11.

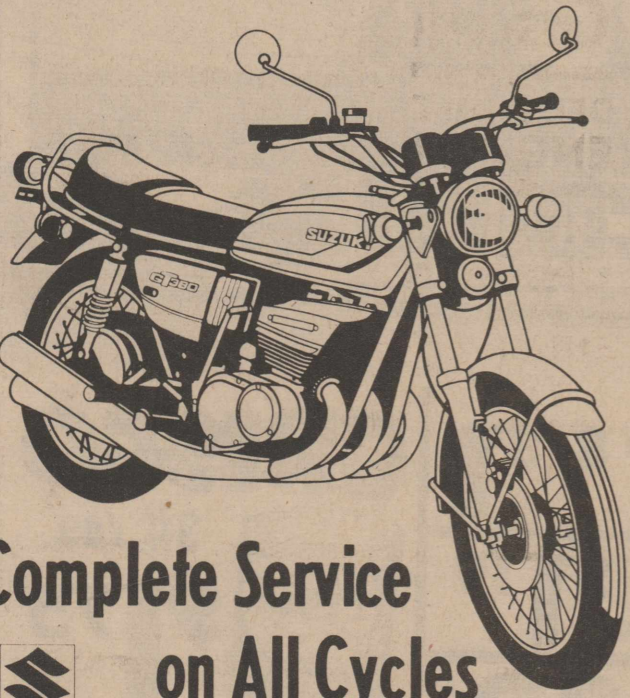

## Needham Gives Meeting Place To Cycle Club

Jack Needham has donated the west side of his building for meetings of the Wellington Cycle Club, Pat McAlister, president, has announced. It is located at the corner of Galveston and 9th Streets.

Members are meeting each Friday night at 7:30 to work on the building. For the present this will take the place of the regular second and fourth Friday meeting dates which have been held heretofore, Mr. McAlister said.

Improvements include new sheet rock and a redecorating throughout the interior, painting the exterior, beautifying the grounds and a new sign.

## Three Tennis Camps to Be Held At WTSU

CANYON, Texas -- Registration for the sixth annual West Texas Tennis Camp continues at a brisk pace, according to camp director David Kent, but plenty of spaces remain open in two of the three summer sessions. The camp, on the campus of West Texas State University, is scheduled for three sessions, June 1-7, June 22-28, and July 27-August 2.

"The first session is already filled, but we still have plenty of openings in

the second and third," said Kent, who is head tennis coach at WTSU.

Over 1,200 young tennis players have improved their games since the camp was started five years ago. Campers enjoy excellent tennis facilities, a modern dormitory and balanced meals.

Cost for each weeklong session is just \$150. Application forms are available by writing David Kent at West Texas State, P.O. Box 413, Canyon, Texas 79016. A \$50 deposit is required with all applications. The camp cost includes room, board, instruction, and all activities.

Campers receive an extra bonus during their off hours. The \$4-million WTSU Activities Center is open to them. Inside the AC, campers will find swimming, bowling, paddleball and handball courts, and many other varied activities.

The second and third sessions of the camp will be filled on a first-come, first-served basis.

#1--continued from page 1B  
ment, Mr. Phillip L. Wilson, Engineer-Director, Planning and Research Division, P.O. Box 5051, Austin, Texas 78763.

Details regarding the program may be obtained by contacting Mr. Wilson or Mrs. Sally Cliver, planning assistant, at the same address or by telephone at (512) 475-7266.

Mr. and Mrs. Lee Hughey, Jr. of Houston visited his father, Lee Hughey, and his sister, Mrs. Nita White, during the weekend.

#2--continued from page 1B

The farm organization went on record in support of intrastate price regulation of natural gas, a pipeline gas tax, a strong utilities commission including provisions for territorial integrity to rural electric cooperatives, regulation of corporation farming, a state indemnity payment for brucellosis losses and lower ad valorem taxes on agricultural land. The farm leaders expressed their disagreement with the Governor's school tax program, because "it places an undue burden of the school tax load on the farmer and rancher."

The Farmers Union Board postponed action on several federal and state issues. The county Farmers Union presidents agreed to poll their members to determine whether or not there was local support for a national check-off program for the research and promotion of beef. The question of support for the new state constitution was also tabled pending the determination of grass-roots support.

Representative Lane Denton of Waco addressed the noon luncheon and explained legislation which he has introduced to control corporation farming. Representative Denton also discussed the various proposals for levying taxes to support public education.

It was announced that the 1975 state convention would be held December 4 through 6 in Fort Worth at the Hilton Inn.

PAULA WAGGONER

### 3-Year-Olds Receive Trophy

Paula Waggoner, of Dallas, and six others in her age group recently won the trophy in a group twirling division at a South West Twirling Association event in Garland.

Paula, who is the daughter of Mr. and Mrs. Jon Paul Waggoner of Dallas and granddaughter of Mr. and Mrs. Louis Alfred of Wellington, is in the three-year-old class of the Dilly-Dally School of Arts, which offers a program of tap, ballet, tumbling, dramatics, modeling, personality singing and other related activities. The Dilly-Dally School is also a preparatory workshop for girls and boys entering the first grade. It is offered by the Gingham Girl Dance Studios of Dallas.

## Dr., Mrs. McNett Attend Texas Dental Meetings

Dr. and Mrs. R.C. McNett were among the 3,000 dentists, dental auxiliary personnel and guests who gathered in Fort Worth April 25 through 29 for the annual session of the Texas Dental Association.

They heard leading dental scientists and clinicians present lectures and demonstrations on the latest techniques and approaches to the problem of controlling several of mankind's most prevalent diseases, tooth decay and gum diseases.

Dr. Henry M. Sorrels of Houston, state dental association president, said that the 105th annual meeting was "only one part of the continuing education process by which dentists keep current with the latest developments in their field. The meeting provides family dentists across the state an opportunity to hear and see the latest dental developments and compare notes."

The Texas meeting draws speakers of national and international renown. "We believe the program complements the dentists' other continuing education efforts through the many dental journals, dental school courses, local study groups and other regional and national dental meetings around the country," Dr. Sorrels said.

In addition to the scientific portion of the program, local dentists also met officials of the Mexican Dental Association and the American Dental Association. The current ADA president, Dr. L.M. Kennedy of Dallas, addressed the opening meeting.

Another Texas dentist, Dr.

## Guard Taking Desert Maneuvers in Stride

FORT BLISS, TEXAS, -- When manpower and equipment are needed, the people of Texas are there, willing and able to assist and take part. These characteristics are exemplified in the men of the 2nd Battalion, 142nd Infantry of the Texas National Guard. For their 1975 annual training, the 2nd Bn, 142nd Inf, headquartered in Amarillo, is taking an active role in the joint training exercise "Gallant Shield" now taking place on the vast open spaces of Fort Bliss, just outside El Paso.

Under the command of Lieutenant Colonel Hal L. Boyd, the 2nd Bn, 142nd Inf has more than 700 men out in the field participating in the war games. Mobilized in both World War I & II, the unit is the only reserve component participating as a combat maneuver element in this exercise which is estimated to involve 23,000 soldiers from across the nation. Equipped with 188 vehicles, both tracked and wheeled, the unit will be testing its combat readiness against the rigors and peculiarities of desert warfare alongside other units on the desert-like terrain of southwest Texas. The unit will be working alongside regular Army and Air Force, Army Reserve, National Guard and Air Force Reserve units in the "Gallant Shield" mock battles.

The 2nd Bn, 142nd Inf is made up of 11 smaller units which are located in cities throughout the panhandle of Texas. Units that make up Amarillo, Borger, Pampa, Shamrock, Wellington, Tulia, Lubbock, Brownfield and Levelland. Two of these cities, Levelland and Shamrock, are more than 250 miles apart.

In recent years, the unit has been called to duty because of natural disasters which have occurred in the state of Texas such as tornados and snow storms. During the past year, the unit did work following a tornado which hit the area of Lefors. The unit received recognition from the House of Representatives of the

State of Texas for its work following devastating tornados which hit the Lubbock and Plainview areas in 1970. The 2nd Bn, 142nd Inf is doing its share to keep at readiness level for the defense of the United States and the safety of the citizens of the state of Texas.

## Norwood Sophs Roof a House

Sophomores of Samnorwood High School have had as one of their class projects roofing a house in the Dozier community.

They worked all day Friday, April 25, a teacher work day, then finished the job Monday evening.

They made about \$250 on the project.

## Baumgardner Installs Model Feed Lot-Japan

By Mrs. Tom Stansell (The former Ora Lee Forbis)

OLTON -- John H. Baumgardner of Halfway, professor in the school of Agriculture of Texas Tech University, returned home last month from six months in Japan where he was supervisor in the construction of a model feed lot by the U.S. Feed Grain Council.

Baumgardner's wife, Marretta, taught several years in Olton.

The model feed lot is at Kyushu which is the southernmost island. Here few Americans have been seen.

Baumgardner found little unemployment in Japan where it is considered that accepting charity "kills the soul." When a person becomes too old to perform his task or if he becomes incapable of continuing, the employer finds something he can accomplish and keeps the worker on the payroll.

Baumgardner saw people cleaning out a riverbed with buckets and shovels. He was told "to be sure we can use steam shovels but our people need the work."

Baumgardner reports many, many cattle are being fed in Japan and lockers are overstocked with meat. The steaks are cut as thin as bacon and then cut into bite sized portions which are picked up by chopsticks.

Fish is served raw in slices and dipped into varieties of sauces. Japanese foods never lose their nutritional value by over cooking.

Much noise is made by noodles and soup being "slurped" from bowls. Baumgardner was told by the interpreter that he should make more noise while eating or it would be thought odd that he did not show more appreciation of his food.

In most Japanese hotels there is one large tub that is at times occupied by 15 or 20 people who cleanse themselves from a nearby basin before getting into the large tub which is for relaxation. As the water is always warm in the large tub and the hotel rooms have little heat, people warm themselves by staying as long as three hours in the tub.

leave from Perdue University. The Texas Tech teacher went to Poland and to Rome where he gave instruction in the recycling of feed lot manure.

Mrs. Yvonne Brewer, Elizabeth and Mr. and Mrs. Gary Brewer were in Lubbock Saturday to watch the Regional UIL tennis competition.

Sell it with a Classified Ad.

## Home Management

BY MRS. ARLA FELTS CO. EXTENSION AGENT

In springtime, consumers often turn their attention to garage sales. This is one of the best places to buy second-hand portable appliances.

Large coffee urns and roaster-ovens used only a few times a year may be priced low enough to make it practical to own them.

A "try before you buy" test is one way to find any problems the appliance might have.

Other considerations are general condition and cleanliness of the appliance; fitting of lids and other parts; presence of the UL seal; convenient and safe handles; and whether the open heating coils have broken wires.

When buying a portable with detachable cord, check appliance terminals where the plug is inserted. Pitted terminals indicate that the cord had repeatedly been attached to the appliance after the plug was inserted into the wall outlet.

Arcing and subsequent carbon deposits resulting from this practice reduce the electrical conducting ability of the terminals and shorten the appliance's life.

If open heating coils have broken wires, replacements are simple and inexpensive. Broken coils should never be stretched and reattached.

If it's possible to plug in the appliance before buying it the thermostatic controls can be checked for accuracy.

Before buying an item that obviously needs repair, consumers can check with an appliance service center or repair manual to estimate cost of repairs.

May the 13 and 14 would be good days to try out the information above. At this time the County Extension Service will jointly sponsor a Bazaar and Garage sale with the R.S.V.P., Retired Senior Volunteer Program. Proceeds will be divided between the R.S.V.P. and the County 4-H.

If you have items that you wish to sell, we are taking them on consignment for these two days. Please contact The County Extension Office (447-2313) or R.S.V.P. Center (447-2935).

## Youth Plays With Symphony

Mr. and Mrs. Jess Motesbocker of Arlington, formerly of Wellington, and his parents, Mr. and Mrs. C.J. Motesbocker, were in Amarillo Saturday night, April 26, to hear Dana Motesbocker in a tuba solo with the Amarillo Symphony Orchestra.

Dana, 16-year-old son of Mr. and Mrs. Jesse Motesbocker, and a freshman in Arlington High School, received a 1 placement as a tuba soloist in the Greater Southwest Music Festival. He also received a gift certificate from Blackburn Brothers.

He is also a member of the Arlington Stage Band which placed 1.

His older sister, Jessica Motesbocker, a senior in Arlington High School, was a member of a clarinet ensemble which placed 1 as well as the Arlington High School Band which placed 1 in AAAA band competition.

Dr. and Mrs. Jim Ward of San Angelo spent the week end visiting Mrs. Ward's grandparents, Mr. and Mrs. Tiffin Young and Mrs. S.L. Lindsey.

Keith Brown and Marilyn Brewer of Amarillo visited his parents Mr. and Mrs. Millard Brown, Jr. over the week end.

Judge and Mrs. R.L. Templeton were in Lubbock Thursday and Friday last week to watch the Regional UIL tennis competition.

## Personal

Mr. and Mrs. Harold Keller recently visited their daughter, Dr. and Mrs. Glen Reeves in Starkville, Mississippi. While there they were called back to attend the funeral in Dallas of Mr. Keller's sister-in-law, Mrs. Aubert Keller. Before returning home, the couple visited Mrs. Keller's sister, Mrs. Rachel Scott in Memphis Tennessee.

Mr. and Mrs. J.D. Farrar spent the week end in Amarillo visiting their son, Mr. and Mrs. Gary Farrar.

Mr. and Mrs. Sherman Stewart of Sweetwater and Mr. and Mrs. George Stewart of Clarendon were dinner guests of Mr. and Mrs. Bill Tarter Friday evening. George Stewart teaches in Clarendon Junior College, which necessitated their returning to Clarendon late in the evening.

Guests in the home of Mrs. Virginia Gholson were her daughter, and granddaughters, Mrs. Nell Corn, Kimberli and Kelli Thomas of Denver.

## Summer Recreation Offers Variety Here This Year

Summer recreation programs many times do not live up to their name but what is coming up in Wellington this summer gives promise of something for most recreation minded people. Some of this is under the city sponsorship, some is independent.

New tennis courts are due at Ellison Park in time for summer playing. A more vigorous program of activities at the swimming pool is scheduled. The city has given these priorities.

The renovated Marian Ball Park will be the home of the Wellington men's slow pitch softball league involving at least 70 men. The co-ordinate women's teams are in the process of organization. Besides this, official Little League will be played there, with probably more than 100 boys participating.

Golf at Hay Camp Country Club is something the county has never known before. The tournament program for the summer months is impressive.

The municipal golf course at Marian Airpark is available to anyone who is not a member of the country club and who wants to play golf. It is as good as any flat course in this part of the country and more conveniently located than most.

All of this recreation is sports oriented and much of it, let it be noted, has come about because some groups are interested enough to work at making the program available. These will continue only if the public is interested in their being continued.

The summer recreational activities that could be available to Wellington are limited only by imagination. If enough people are interested, these can be available, just as softball has for men and women.

#### Beauty Potential Due Effort

Little oases of color and beauty add immeasurably to the personality of a city.

Wichita Falls has the potential for many beauty spots at what should be a minimum expenditure of money and labor. We're talking about small areas, such as plantings around the fountains at Harrison and Speedway and on Wenonah. We're thinking about the circle on Martin known as Martin Plaza and parts of city parks that border heavy traffic areas.

Azaleas, daffodils, hardy roses, thrift - all these are plants that bloom happily and brightly in season. Kept well trimmed, clumps of evergreen can do wonders; so can a handful of bluebonnet seeds broadcast in grassy areas of our city.

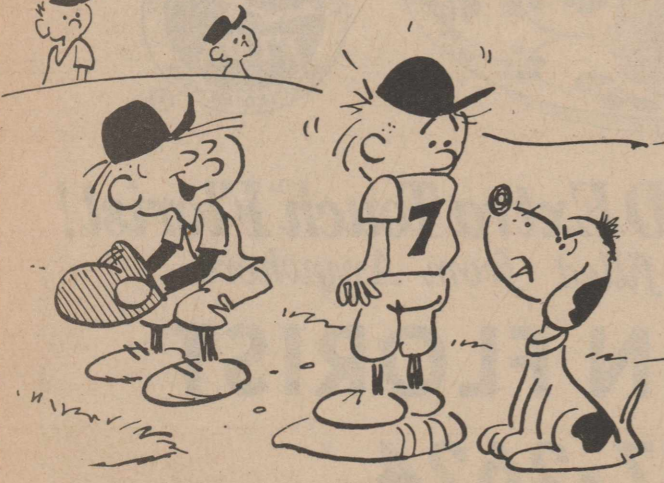

One only need survey the city from a tall building to see that it is an oasis among the relatively treeless plains at the western edge of the Cross Timbers of Texas. But even brighter spots within the midst of our spring greenery certainly are welcome.

We're happy the city is turning on fountains in many areas. Continued emphasis on planting flowers to set off the fountains, small monuments and other focal points for color and greenery certainly would pay off.

We think all efforts to this end are worth trying.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN—A utilities regulatory bill finally surfaced in the Senate but immediately ran into stiff criticism after early indications it might pass promptly.

The bill (SB 42) remained on high center while sponsors tried to satisfy complaints with amendments.

A Texas Coalition for Utility Regulation spokesman termed the Senate bill "a monopoly's dream and a consumer's nightmare."

Some charged it would mean an automatic rate increase for most utilities because of provisions of the rating formula. Lt. Gov. Bill Hobby termed this concern a "misapprehension."

The bill would set up a three-member appointed Public Utility Commission with jurisdiction over intrastate telephone rates.

Cities would retain jurisdiction over electric and gas rates. The Utilities Commission would have jurisdiction over electric rates outside city limits, while the Railroad Commission would have jurisdiction over gas rates outside municipal boundaries.

Appeals from electric rate decisions by cities would go to the Utilities Commission. Appeals in gas rate cases would go to the Railroad Commission.

**SPEED BILL KILLED**  
The Senate sent the so-called "no-pain" speed bill to a painful end.

Senators voted down 10-19 the House-passed measure which sought to limit fines for speeding violations under 70 mph to \$25 (including court costs). The original bill also would have prevented 55-70 mph speeding violations from being entered in drivers' records for insurance premium enhancement and license suspension purposes.

The legislature earlier extended the present 55 mph speed limit to conform with federal energy-saving requirements. Enforcement apparently will be "monitored"

### by the federal government. SUPERINTENDENTS AXED

Thirty-nine county school superintendents would receive no more state aid under a bill passed by the Senate and returned to the House.

The measure (HB 226) would take away state support for superintendents in Jasper, Newton, Sabine, Anderson, Atascosa, Austin, Bexar, Brazos, Burleson, Camp, Crosby, Delta, Donley, Eastland, Gonzales, Gregg, Hardin, Harrison, Hunt, Jack, Jones, Karnes, LaSalle, Leon, Liberty, Medina, Orange, Red River, Robertson, Rusk, San Augustine, San Jacinto, Starr, Tarrant, Tyler, Upshur, Walker, Waller and Washington Counties.

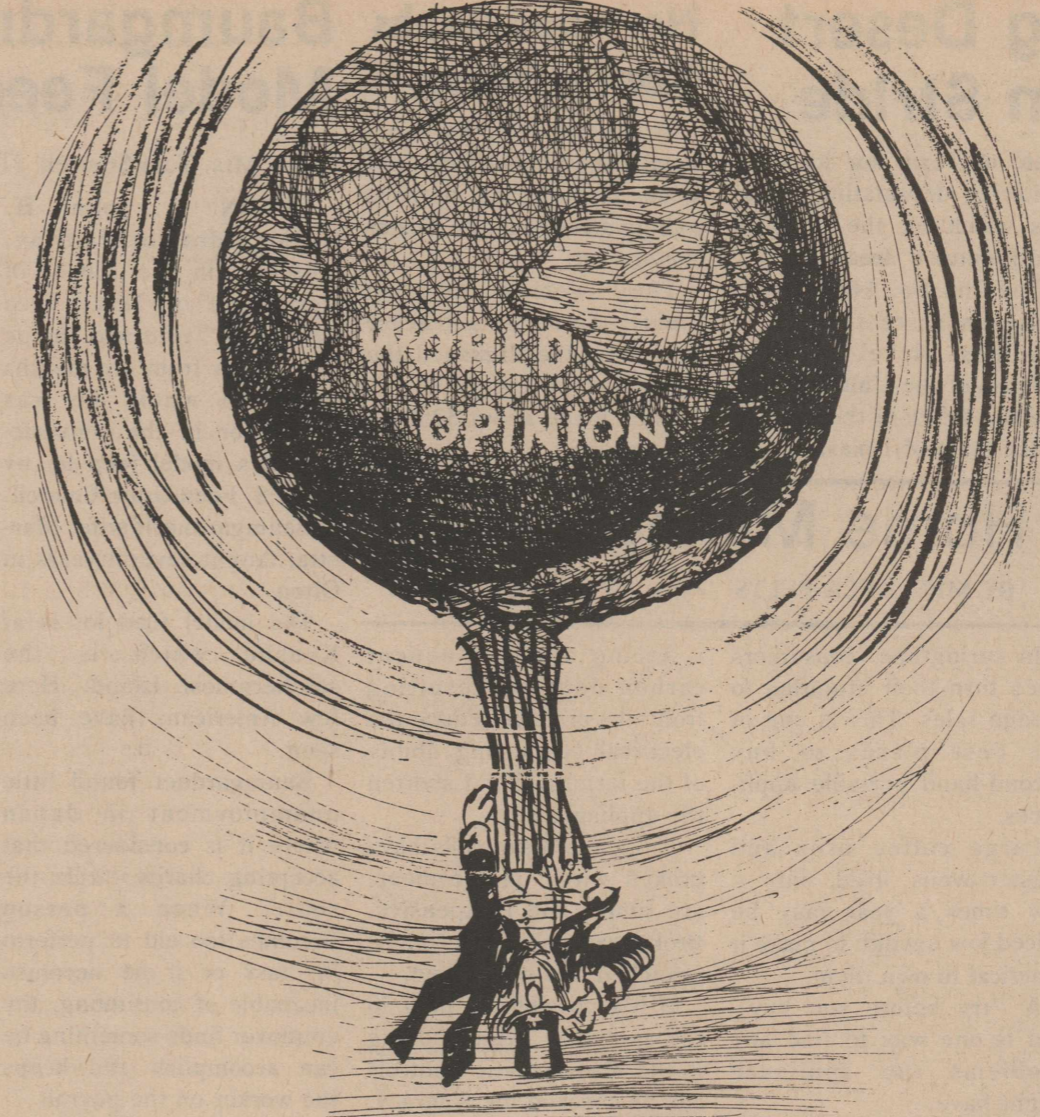

**COURTS SPEAK**  
Third Court of Civil Appeals held a lawsuit claiming Secretary of State Mark White Jr. helped dissolve a corporation in an improper manner can be tried in Travis County.

A Nueces County man should be released from custody for contempt, since he had a right not to answer a question put to him at a deposition taking, the Texas Supreme Court held.

A Dallas County black won a new trial on rape charges. The Court of Criminal Appeals reversed the case, on grounds the trial judge would not allow the defendant's attorneys to question prospective jurors about racial prejudice.

**AG OPINIONS**  
Alien children are entitled to attend public schools in their home district, regardless of whether they are legally or illegally within the U.S., Atty. Gen. John Hill held.

In other recent opinions, Hill held:  
There is no difference in rights reinstated by a pardon or a restoration to citizenship. But a restoration to citizenship might not satisfy a requirement that a pardon

## Strictly Fresh

We have a share-the-tree plan with our neighbor. He gets all the shade in summer, and we get all the falling leaves right about now.

Accidents in the kitchen are too often served anyway.

Yes, Gwendolyn, you could call a fried actor a canned ham.

One way to keep a husband at home is to ask him to go someplace with you.

The fellow who comes by the house on his bike, going out around midnight, makes us long for a motorcycle club — a big one.

The boss was practicing the wage freeze long before Washington latched onto the idea.

## Short Takes

### Like Ancestors

Among the orders of birds in North America, the order of loons is most like its remote ancestors. Their bones and other characteristics are most nearly like those of ancient fossil birds of any on this continent.

### Coal Producers

The leading coal-producing nations of the world are the United States, Soviet Union, Germany, the United Kingdom, Poland and China, according to the Encyclopedia Britannica.

### Keen Sense of Smell

The animal which exhibits the most acute sense of smell is the male silkworm moth, or Emperor moth, which can detect the sex attractant of the female at the almost unbelievable range of 6.8 miles.

### How It Was Named

Because Indians often traversed the Big Horn Basin of Wyoming reckoning time and distance in "sleeps," the midway point became known as Ten Sleep, the name the Wyoming town has retained.

### Moscow's Temperatures

At Moscow, the mean temperature for January, the coldest month, is 14 degrees. In July, the warmest month, the mean temperature is 66 degrees.

### Tizzy

"Oh, oh! My cake dropped — I guess I'll have to make a pie out of it."

### Athens.

The award winners will be honored in ceremonies during May. Fourteen other companies were selected for special citation.

### SHORT SNORTS

Mrs. Selma Wells of Houston was named to the State Board of Pardons and Paroles. She is the first woman member, and the first black, on the board.

Gov. Dolph Briscoe urged fellow governors to join him in demanding full information on a federal plan to produce electricity by thermonuclear bomb explosions in salt domes of Texas, Louisiana, Mississippi and the Gulf of Mexico.

The Senate has approved legislation to require coverage of alcoholism under health care insurance policies.

Sixty-three grants totalling \$5.2 million have been authorized for improvements in the Texas criminal-justice system.

and a proof of innocence are necessary for an award of compensation to a wrongfully-convicted person.

The federal election campaign act amendments supercede Texas Election Code expense reporting requirements for candidates for federal office.

Preliminary and tentative suggestions in a school board committee report are excepted from disclosure under the Open Records Act, as are charges against identifiable individuals.

### WINNERS NAMED

Winners of the Governor's 1974 Industrial Expansion Awards were named by Texas Industrial Commission for civic and economic contributions to their communities.

Winners were Mooney Aircraft Corp. of Kerrville, Amoco Chemical Corp. of Alvin, Timex Corp. of Abilene, G&H Casting Corp. of Slaton, Inca Metal Products Corp. of Lewisville and Mr. Fine of

# Beautiful Weed-free Lawns Possible with Management

**BUSHLAND** -- A beautiful weed-free lawn is the result of good management, involving adequate watering, proper fertilization and careful mowing. In some instances, fungus control may be necessary. If bluegrass or bermuda grass lawns in the Panhandle area are properly managed, weeds can be virtually choked out, and only a minimum of weed control by hand or with herbicides will be required, according to A.F. Wiese, Weed Scientist with the Texas Agricultural Experiment Station.

The most common management failure is inadequate watering. Water should be applied until the top 2 or 3 feet of soil are soaked. In most dry lawns, this requires about 6 inches of water. Most sprinklers apply 1 or 2 inches of water an hour; consequently long periods of watering are required to adequately soak the soil.

Fertilization recommendations on most commercial formulations of lawn fertilizer are adequate and usually result in sufficient plant food (N, P, K and iron) when applied in accordance with directions. Sometimes additional application of iron (iron sulfate or Sulfasol) is needed to keep healthy green foliage.

"A good 'rule of thumb' for proper lawn mowing is never clip more than one-half of the grass. Best weed control will be obtained if at least 2 inches of grass covers the ground at all times. Tall grass shades the ground, preventing or markedly reducing growth of young weeds," Wiese stated.

Dandelion is the most common weed in Panhandle lawns and is easily controlled with 1/2 pound of 2,4-D per acre. The 2,4-d will kill this perennial weed any time of the year, but fall is the safest time to spray because shrubs and flowers are mature and not particularly sensitive to the herbicide. Small care-

lessweed or pigweed, goat-heads and kochia can be controlled also with one application of 1/2 pound per acre of 2,4-D.

Crabgrass is controlled best by cutting lawns at least 2 inches tall. Grass shades the ground preventing germination. This, combined with a little hand pulling, will keep crabgrass under control in a vigorous lawn. Herbicides that will control crabgrass are Tapersan 50W, Dacthal, Betasan, calcium arsonate, Dymid and Enide. These herbicides must be applied in the spring, prior to crabgrass emergence. Once crabgrass has emerged, foliage applications of herbicides containing DSMA (disodium methanearsonate) and MSMA (monododium acid methanearsonate) will give control. Grass burs and barnyard grass are also controlled with DAMS and MSMA. (Several brands of DSMA or MSMA are available at farm and nursery stores.)

Wild mustard that germinates in fall planted bluegrass lawns can be controlled with a March application of 2,4-D at 1/2 pound per acre. Pigweed that emerge in summer-planted lawns can be controlled with 2,4-D applied about the time of the first mowing.

Research at the USDA Research Center at Bushland has shown the best way to eliminate bindweed before planting a lawn. Soil should be heavily watered about April 15 and 2,4-D at 1 pound per acre applied on May 10. After 2 weeks, the weed tops will be dead and lawn planting can proceed. "This will not eliminate bindweed, but the weeds will be stunted enough for grass to become established," Wiese stated. After the lawn is established, retreatment will be necessary.

Blueweed can be controlled prior to planting grass by spraying vigorously growing weeds in the bud stage with 2 pounds per acre of an ester

formulation of 2,4-D. This stage occurs from May 20 to June 10. The 2,4-D should be applied with water containing some diesel oil or detergent. This treatment repeated again in mid-summer will control the weeds enough so that grass can be planted in the fall.

Large unsightly sprigs of Johnsongrass and fescue can be controlled by applying a teaspoon of naphtha at the base of each sprig several times during the summer. This neither harms lawn grasses nor makes large bare spots in the lawn.

Because 2,4-D is toxic to shrubs and flowers, the chemical should be applied in a manner to minimize spray drift and volatility. The safety type of 2,4-D to use in a city is 2,4-D amine, a formulation that has minimum volatility. According to Wiese, 2,4-D can be safely applied with low pressure type hand sprayers and sprinkling cans. If susceptible weeds are located near or under shrubs, they can be treated with a rag or a sponge-type mop dipped in a 2,4-D mixture. The mixture should contain 1 tablespoon of 2,4-D per gallon of water.

"Everybody can not have the best lawn in the neighborhood," Wiese stated, "but with a little work and planning, anyone can be proud of their lawn."

### CITY BUDGET CRISIS

New York City has the county's largest municipal budget, second only to the federal government budget. New York City is broke. It is faced with drops in expected revenues, budget deficits, job layoffs and hiring freezes and a constant push to raise taxes. Don't laugh; the only difference between New York's financial plight and every other American city's or town's is the size of the numbers. The National League of Cities, for example, recently surveyed 67 cities and found that 43 of them expect revenue shortages this year; 42 expect to raise taxes, cut services or both; 36 are postponing capital improvements and 21 report job layoffs and hiring freezes.

Right now, the Mayor of New York City is trying to meet a \$1.68 billion deficit in his \$12 billion budget by eliminating 24,000 city jobs and by imposing a 10% increase in property taxes. Real estate groups say this would be ruinous, especially when whole office buildings are standing empty in Manhattan.

The financial crisis in which New York City finds itself, is less dramatically being felt in other cities and states. In the third quarter of 1973, state and local governments as a whole shifted from a budgetary surplus to deficit. This means just one thing -- higher taxes, reduced spending or a combination of the two.

Right now around the country: Detroit, where unemployment is running 21% in the inner city, has a \$30 million current deficit. To maintain next year's budget at present levels the city will need \$100 million; San Francisco faces a \$61 million gap in the fiscal 1976 budget; Atlanta asked all 8000 city employees to take a week's furlough without pay;

## Mrs. Thomas Attends Nursing Home Meeting

Beatrice Thomas, representing Thomas Nursing Center of Wellington, joined colleagues in Dallas last week for the 25th annual Spring Meeting of the Texas Nursing Home Association.

While there, she attended eight lecture courses to earn twelve official hours of credit with the Texas Board of business depends on the basic profit potential. Unless your hobby business is returning 20% or more a year on the capital investment, forget about making it a full time career.

Business consultants believe that about 90% of all hobby business failures are the result of management mistakes. And most new business will fail. Dun & Bradstreet has compiled figures which show that of all new small companies, about a third fold within one year and only a third stay alive more than five years.

Remember also that the background of an executive does not prepare him to handle all of the details of a one-man operation. And others are just not emotionally ready to carry the burden of being self-employed. Be sure the public wants what you have to offer by doing some market research before starting. Many times a hobby business is nothing more than the owner doing what he enjoys, and the field may already be saturated with similar businesses in the same community.

Licensure for Nursing Home Administrators. The classes, supervised by the Distributive Education Department of the University of Texas at Austin, were built upon the theme "How to Get More From Your Professional Services."

The instructors who addressed the delegates were: Dr. Eric A. Pfeiffer, Professor of Psychiatry, Duke University Medical Center, North Carolina; Mrs. Jane Hewett, R.N., Assistant Director and Professor at the University of Texas School of Public Health in the Behavioral Science, Houston; Dr. Harry Lips-

comb, former Medial Director of St. Anthony Center, Houston; Kirby Perry, Senior Principal of Kirby W. Perry, A.I.A. Architect & Associates, Inc.; Clint Hines, President of Hines Nursing Home, Pineland; and Thomas Jaeger of Gage, Babcock and Associates, New York.

The Texas Nursing Home Association, of which Thomas as Nursing Center is a member, represents over 53,000 beds licensed for long term care in Texas.

Mr. and Mrs. Chuck Cox of Canadian spent the weekend with her parents, Mr. and Mrs. J.B. King.

## Camp Sweeney Diabetic Center Opens June 1

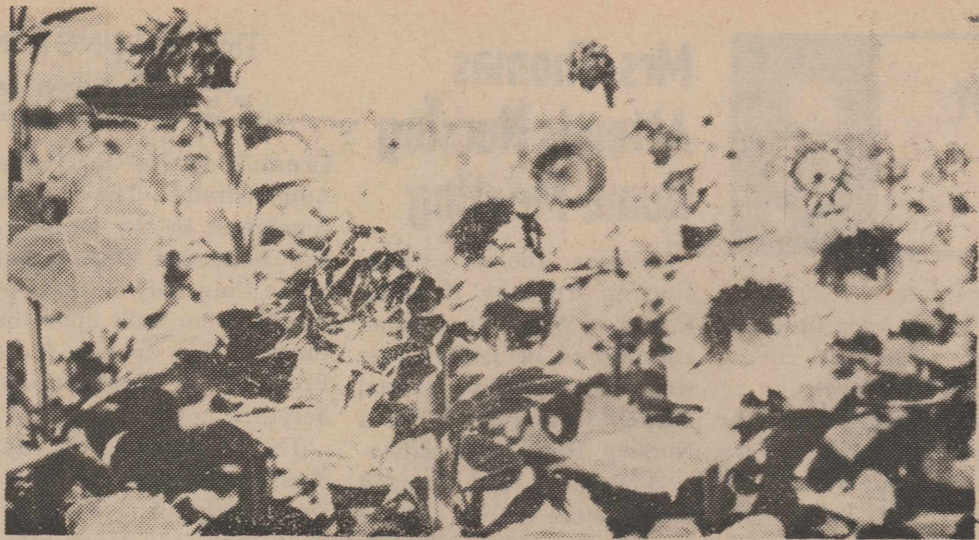

Camp Sweeney Diabetic Educational Training Center for diabetic boys and girls (6 through 16 years of age) will open for the 26th year of operation June 1st with three-three week sessions as follows: June 1 to June 21, June 22 to July 13 and July 14 to August 2.

Camp Sweeney is located 9 miles east and 1 mile north of Gainesville, Texas, on 338 acres of beautiful rolling timbered hills with three dormitories for boys and three for girls; a non-denominational chapel; a modern hospital; a 30 acre lake for boating, fishing and water skiing; a sanitary swimming pool, tennis courts, recreational pavilion, target range and 20 gentle saddle horses.

Under the supervision of a specialized medical staff, dietitian and counselors, these children are taught their proper diet with regulated exercise, how to take their own urine tests and give their own insulin injections. Of major importance, through this group association with other young diabetics, they realize they are not alone with their disorder and with proper knowledge and instruction they can learn how to live with their lifelong companion -- diabetes.

Diabetes is hereditary, incurable and increasing yearly. It is the 5th killer of diseases and ranks 3rd as the cause of blindness. Medical authorities estimate one-fourth of the world's population carries the diabetic gene.

**NEW CASH CROP**—Acres of sunflowers will join traditional crops in their march across the Texas Plains this summer. Some 200,000 acres have been planted for their oil in the Lubbock-Amarillo area and another 50,000 are scattered in South, Central and Far West Texas.

## Sunflowers March Across Plains As New Crop Goes Commercial

AUSTIN—Texas may be on the way to taking the title of "Sunflower State."

Some 250,000 acres of sunflowers are expected to be harvested this year, primarily for their oil.

"If all goes well, this will make Texas the largest producer of commercial sunflowers in the country," said Agriculture Commissioner John C. White. "We planted such a large acreage this year, we had to go to Europe for some of our seed. There wasn't enough available in the United States."

Though Texas has grown a sunflower crop in the past, acreage has been small. But tumbling cotton prices and good sunflower contract incentives put numerous farmers in the business of raising "flower."

One company contracted early for around 95 percent of the seed at 12 to 15 cents a pound. The company plans to use sunflower oil in its chip-making process.

Lubbock and Amarillo area growers planted 200,000 acres, which are expected to be harvested in July and August. Smaller acreage is growing in the Lower Rio Grande Valley,

Coastal Bend, Central Texas and the Trans-Pecos area.

One advantage to the crop is that it can be planted early and will germinate in soil conditions of 55-60 degrees. A short-season, frost-tolerant crop, it requires only 100-110 days from planting to maturity.

Demand for edible vegetable oils here and abroad has raised sunflower prices, and new hybrids have boosted yields from 20 to 25 percent. These developments have been further incentives for farmers to diversify.

The major insect threats to the crop are the carrot beetle and sunflower moth. Pesticides have been developed to fight the beetle, but none have proved effective against severe damage. Researchers have had better luck against the sunflower moth.

Reports indicate that knowledge is limited regarding other sunflower pests, but stem girdlers, leaf feeders and stem borers can reduce yields if present in sufficient numbers.

### OIL & GAS

Mineral Deed: Ted J. Wheeler and wife to Colonial Royalties of Tulsa: one-fourth interest in and to all oil, gas and mineral with specific inclusion of geothermal rights and minerals in underground waters to: S/2 of S/2 of NW/4 section 55, block 15; SE/4 and SE/4 of SW/4 section 55, block 15 and N/2 of SW/4 section 55, block 15. 320 acres.

Mineral deed: Iva Mayfield of Gray county to Marie

Sturgeon of Pampa: one-eighth interest to oil, gas and other mineral rights to the W/2 of the NW/4 section 95, block 16.

Paul J. Bell and wife, Jackie, to Elbert Kesler of Amarillo: NW/4 section 51, block 15, less 20 acres. One provision contained in this lease is that no explosives may be set off in seismograph operations within 1200 feet of an irrigation well. The lease

does not include the use of water for recycling, flooding operations, etc.

Paul J. Bell and wife, Jackie Bell, also executed oil, gas and mineral leases to Elbert Kesler of Amarillo covering the following land:

NE/4 and S/2 of section 76, block 21; NE/4 of section 80, block 21; Section 79, block 21.

Assignment of oil, gas and mineral leases: Elbert Kesler of Amarillo to Gas Producing Enterprises, Inc., the following leases executed by Paul J. Bell and Jackie Bell: NW/4 section 51, block 15; NE/4 and S/2 section 76, block 21; NE/4 section 80, block 21; and section 79, block 21.

Oil, gas and mineral lease: Paul J. Bell and wife, Jackie; Guy Bell; Vaudine Bell Page and husband, Ira L. Page of Clarendon, to Elbert Kesler of Amarillo: NW/4 section 102, block 21.

Assignment of oil, gas and mineral lease: Elbert Kesler of Amarillo to Gas Producing Enterprises, Inc: NW/4 section 102, block 21.

Oil, gas and mineral lease: Paul J. Bell and wife, Jackie and Vaudine Bell Page and husband, Ira Page of Clarendon, to Elbert Kesler of Amarillo: N/2 of S/2 section 102, block 21.
