ANSWERLINE

Q. When does daylight savings time end?
A. Daylight savings time officially ends at 2 a.m. this coming Sunday, Oct 27. Be sure to set your clocks back 1 hour.

BRIEFLY

St. Joseph's Dance

A benefit dance will be sponsored, 8-12 p.m., Nov 9, at the Civic Center. Music by La Diferencia. Cost \$8.

Drivers License Office

Normal hours of operation have resumed. Hours are Mon, Tues, Thurs - 1:30-5 p.m.; Wed - 8:30 a.m. - 5 p.m.; closed Fri.

VFW Halloween Dance

Post 9178 will have a costume dance, 9 p.m. - 1 a.m., Sat, Oct 26. 'Crossfire' will play.

Early school dismissals

Kelley will dismiss at 12:45 p.m. and Hutchinson, Middle School and the High School will dismiss at 1:30 p.m. on Monday, Oct 28.

Pre-parade supper

Speech and Drama Booster Club will sell barbecue sandwiches from 5-7 p.m. on Thurs, Oct. 24 at the Thompson Room. Cost \$3.50.

Museum hours

Hours for the Heart of West Texas museum are: Tues-Fri, 1-5 p.m.; Sat, 2-5 p.m. Sunday by appointment, call 728-8000/3289

Halloween Carnival

Loraine Nursing home will have games and prizes in conjunction with a costume contest 6-10 p.m., Sat, Oct 26.

Fruit cakes for sale

Order by Oct 31 to get your fruit cake from the Band Boosters by Thanksgiving. Call Dolores Wood at 728-5170.

4-H Omelet Supper

Cost is \$3.50 for the meal to be served 5-7 p.m., Fri, Nov 1, at Kelley Elementary. Tickets available at Extension Office.

Highland Sock-Hop

Freshman class is sponsoring dance at Highland H.S. Gym at 6-9:30 p.m., Thurs, Oct 24, to feature '50's music.

Sweetwater Dance

At American G. I. Forum, 8 p.m. - 1 a.m., Sat, Oct 26, featuring Jean LeGrande. Call 728-8905/235-1060.

Halloween celebration

Dr. McAnally's office at 505 Chestnut will have a spook house from 7-9 p.m. on Halloween-no charge for any age.

Masonic awareness

Mitchell Lodge #563 invites the public to a Masonic awareness open house at 7:30 p.m., Monday, October 28.

AROUND TOWN

Housekeeping Report Given To Board

Directors of the Mitchell County Hospital District met Tuesday evening for their regular monthly meeting and received the final housekeeping consultant report and talked about the possibility of a rural health clinic.

"I think that everybody pretty well understands, you've got a hospital to run and it has to be, all of it has to be run properly," said Bob Golden, the housekeeping consultant from San Saba that was hired by the board.

"You've got to have doctors and you've got to have housekeepers," he said, "and the money you're spending, you need to get value for that dollar."

"We have presented you with three

suggested recommendations," said Golden, "either of which we feel would be in the best interest of the community and the hospital and lodge."

"They are basically: one, reorganizing and retraining personnel that you currently have; two, going as you were headed previously and contracting the housekeeping and yard maintenance out and I would add to that the maintenance part of the hospital; or three, perhaps considering contracting a management team responsible for housekeeping staff and grounds care."

"I would say that if you went into a total change," he said, "you're going to upset everybody

for a few days, but I think when the community or when everyone sees what ultimately is going to happen, yes, you may lose one or two, you may have one or two retire, you may end up actually, in fact, hiring some other people in the community, so you lose one here you may gain another one here. So I don't think that's really going to be a major factor."

"In a few minutes from now," said Golden, "our time will be complete here for what you asked us to do, in observing, analyzing and recommending changes that we feel need to be implemented."

"We've completed that and have observed each housekeeping person that was currently on your payroll,

both in the hospital and in the lodge."

"We came to know the employees," Golden said, "and recognize their potentials and we understand their attitudes toward their present jobs and we also think we relayed enough information that you can too understand where some of their attitudes come from."

"We gathered the information and combined it with our knowledge of proven techniques that can ensure a clean and sanitary environment as well as with our supervisory knowledge to form the assessments that we've made," he said.

"We've provided you with a housekeeping practises and

procedures manual that can be used in either the hospital or the lodge, which explains the correct techniques that are necessary to provide the best results in maintaining a clean environment in both the hospital and the lodge."

"One thing we want to stress," Golden said, "is that a good housekeeping program is built on recognition of three basic requisites: one, is a good personnel, which you have; adequate equipment, which we don't feel that you do have; and modern procedures, which some of your people are aware of some new techniques and some of them are not."

"We can't stress enough the

See HOSPITAL, page 2

NEW STATE SENATOR: Senator Temple Dickson, who will represent Mitchell County under the latest redistricting plans, spoke to community leaders on Monday at a joint civic club luncheon held at the Civic Center.

Senator Dickson addresses civic clubs at noon luncheon

State Senator Temple Dickson of the 24th senatorial district, who will - under the proposed redistricting plan - represent Mitchell County as the county leaves the 30th senatorial district, spoke of the need of voter approval for Proposition 4 at a joint civic club meeting held Monday at the Civic Center.

"You have the responsibility of deciding whether we're going to approve a \$1.1 billion dollar bond proposal that would create another 25,000 cells," Senator Dickson told the group of community leaders at the luncheon.

"These people - 85 percent of them are drug and alcohol abusers - that are in the penitentiaries," he said, "and I think the other 15 percent are probably lying."

Approval of the bond issue rests

in the hands of the voters who will decide the fate of 13 constitutional amendments on the Nov 5 election.

Proposition 4 asks for approval of general obligation bonds to construct, repair and renovate correctional and mental health facilities.

"That's one of the important things that we've got to do in Texas," Dickson said of the proposition.

"I don't think any issue is more burning," he said, "from this end of the district to Bell County."

"This is the thing that bothers people most and it's because there has been such a drastic change in the last decade."

"Crime is running rampant," Dickson said. "The penitentiaries are a wreck and we have a system that we neglected to great extent,

back in the early '80's and before that."

"We've had to make some changes and we've been pressed to do it," he said, "the legislature ... has a great deal of difficulty in spending money, in biting the bullet and meeting the responsibility of raising taxes to do the things that we had to do."

"So we got ourselves in this position and now we have a situation which is improved to some extent in the past three or four years," Dickson said, "but it is still terrible."

"People don't understand when they send a violent criminal to the penitentiary," he said, "they serve on a jury - they don't understand when that criminal gets back to Colorado City before the Sheriff."

See DICKSON, page 2

C-City Livestock Auction to host special sale Saturday

The Colorado City Livestock Auction Company will host a special sale for the Cattlemen's Round-up for Crippled Children to benefit the West Texas Rehabilitation Center Saturday, October 26.

The sale, which begins at 1:00 p.m., is the initial sale for the

Cattlemen's Round-up in Mitchell County. Colorado City joins a list of almost a dozen communities that stage these special sales each year. The Cattlemen's Round-up is in its 32nd year and is the longest major fund-raising event for the Rehab Center. This year's Roundup has

See AUCTION, page 2

Homecoming plans set

The homecoming parade/car caravan will be held tonight (Thursday) as events build towards the Colorado City - Sonora football tilt on Friday night.

A 'car caravan' - representing those who pre-registered their vehicles - will form at 6:15 p.m. and along with the four class floats and the homecoming nominees will start the parade and will travel on a route from the Austin Street Church of Christ to the intersection of Hickory and Second Street.

At that point the band, which will form at the Berman Building, will join the parade and march on the route, down Second Street from Hickory to Oak Street.

The rest of the parade, the floats and car caravan will continue to the ag complex/rodeo grounds where the cheerleaders will help build spirit for the Wolves game with a community-wide pep rally and bon fire which will be lit at dusk, approximately 7:45 p.m..

Mayor urges passage of Proposition 1

Mayor Jim Baum urges voters of Colorado City to vote in favor of Proposition 1 on the Nov 5 constitutional amendment election.

The proposed amendment would specifically authorize home rule cities whose populations have

dropped below 5,000 to amend their charters by a majority vote.

In 1912, the Texas Constitution was amended to allow cities with populations exceeding 5,000 to adopt home rule charters.

See MAYOR, page 2

State lawmakers support passage of Proposition 4

The State Senator and State Representative who represent Mitchell County were in Colorado City on Monday urging voters to support Proposition 4 - which deals with prison bonds - on the Nov 5 constitutional amendment election.

"Proposition 4 is the only mechanism to get those prison cells that we badly need right now, on-line quickly," State Senator Steve Carriker said.

"If we don't pass it, then we have to go back and try to find some other source of funding."

Carriker said, "and that means one of two things."

"Either we don't build the cells we need right away, or we have to have some big new taxes."

"I think most Texan's will be very supportive of Proposition 4 when they understand that."

"Proposition 4 is a proposition that we must have, irrespective of Colorado City's involvement in attempting to get some sort of a penal system," State Representative Rob Junell said, "I think Texas cannot afford not to do this."

Almost \$740 million of bond proceeds has been spent on prison projects and a total of 26,230 new beds either have been built or are under construction.

These projects result in a prison capacity which will peak at 67,800 when all current projects have been completed.

"It has been estimated that we need 120,000 prison cells to keep prisoners behind bars for one-fourth of their prison sentence," Junell said.

See PROP. 4, page 2

FUTURE SITE: Bob Mehaffey, foreground, regional business officer of the Texas Department of Human Services, explains the renovation process that began on Monday at the Berman Building to transform the building into the future home of Texas Department of Health and Mitchell County offices to, from 1, State Representative Rob Junell, and State Senators Steve Carriker and Temple Dickson.

County senate district will change in Jan. '93

Due to the redistricting plan that came as a result of the last census figures, Mitchell County will change from being in the state's 30th senatorial district which Senator Steve Carriker represents and become part of the 24th senatorial district represented by Senator Temple Dickson.

The move will officially be recorded in January 1993 as lawmakers are sworn in for their Austin terms, but Mitchell County voters will begin in 1992 to cast ballots regarding the candidates in the 24th senatorial district instead of the 30th.

"It's a real loss for me to lose Mitchell County in the redistricting process," State Senator Steve Carriker said.

"When I was in the House," he said, "I didn't have Mitchell County."

"It was almost like coming home," Carriker said, "to me to have Mitchell County, because my father had represented Mitchell

County in the House of Representatives in the 1960's."

"It was nice to come home and have Mitchell County included in the senate district."

"Now," he said, "I'm losing it again because of redistricting."

"It's simply a matter of making the map and the numbers balance," Carriker said. "We have to have about 547,000 people in every senate district and Senator Temple Dickson's 24th District needed this number and ... that's the way it worked out."

"Mitchell County will be in good hands with Senator Dickson," Carriker noted. "He's close by, accessible, knows the County well. He represented the County himself back in the '60's as a state representative."

"So I'm happy that I'm able to leave it in good hands with someone who is sensitive to the needs of small towns and rural areas," Carriker said.

DICKSON

FROM PAGE 1

"They don't understand when they're doing one year for every ten years of the sentence."

"They don't understand when the state shrugs its responsibility and lets over 10,000 people, as we speak right now," he said, "10,000 convicted felons languish in the county jails of this state and thereby passing the buck to the counties, rather than meeting the responsibility that we have as a state government - to do what's necessary."

"This in face of, and perhaps because of, a 51 percent increase in violent crime over the past 7 years," Dickson said.

"We have to do some things that are important," he said, "we have to create more penitentiary cells."

"Obviously we have to deal with the drug and alcohol abuse that we have not done and we have to do

some things in education that we have not done," Dickson said, "to prevent this kind of thing from happening."

"But for the time being," he said, "we have to create more penitentiary cells and that is the responsibility."

Dickson also addressed the October issue of the *Texas Monthly* magazine - the issue which features their views on the best and worst legislators.

"*Texas Monthly* is an interesting publication," Dickson said, "and I've got to tell you this at the outset - as I come into this new district I've got to say that in supporting the kind of issues I support and opposing the kind of people I oppose and running the economic development committee - as I run it - will get you on that list and you can expect me to be on it every time; and I won't mind it."

PROP. 4

FROM PAGE 1

Proposition 4 would fund a legislative package that would provide \$672.1 million for repairs, renovation and the planned construction of a total of 25,300 new beds, including 12,500 dedicated to drug treatment programs.

"Right now we have one drug counselor for every 1400 inmates," Junell said, "we're not treating the symptoms or the problems while we have them and they get back out on the street and they have the same need for alcohol and drugs."

"We've got to take care of the problem and do something about it," he said.

"This legislative package," Carriker said, "recognizes that traditional jail cells or traditional prison beds don't do a lot to solve the long term prison problem or the long term criminal justice problem."

"Such a large percentage of our criminal justice problem is related to drug and alcohol abuse," Carriker said. "We've got 12,500 beds slated specifically for criminals with drug and alcohol problems."

"I think it's a golden opportunity," he said, "for cities like Colorado City/Mitchell County, because they will be good facilities to locate in the county."

"They'll have a high payroll, they'll have a lot of professional people connected with them," Carriker said, "and the kind of people you bring into the community are the kind you want to bring in, they have good payrolls which create more jobs."

Texas voters responded to the need for more prison space in the past by approving a \$500 million bond package in 1987 and another \$400 million in 1989 to fund prison renovations and construction.

HOSPITAL

value of promoting pride," Golden said, "in appearance and emphasizing a sense of importance in the employee talking to you to the overall hospital and lodge operation."

"In this manual we have outlined basic hospital procedures which have been tried and performed successfully when used both as training tools for supervisors and as a procedural book for housekeeping employees."

"We have explained in detail our recommendations and assessments of your current purchasing practices, the equipment and the miscellaneous items of housekeeping and yard maintenance as you had described in the original specifications," he said.

"We have evaluated each employee's present job description," Golden said, "and have submitted job descriptions that we feel would be more evenly distributed in regard to their responsibilities."

"Our job descriptions are fully explained and broken down to advise the employees of exactly what and when to clean an area in the hospital and in the lodge," Golden said.

The board members also discussed the possibility of locating a rural health clinic in Mitchell County.

"The overall concept is good," said hospital administrator Wendell Alford, "it would meet the needs of the community."

There are two types of rural health clinics; hospital based and free standing, Alford explained.

A nurse practitioner or a physician's assistant is a requirement to meet federal regulations for a rural health clinic.

"The down-side is that there would be a negative cash flow for 90 to 120 days," Alford said, "the potential is there to either grow or fail."

"The up-side is the outreach that a rural health clinic could provide to the community," he said.

The rural health clinic concept can be totally cost base funded through such programs as Medicare/Medicaid, Alford noted.

Dr. Dee Roach told the board members that he had mixed emotions of the rural health clinic plan. "My only concern is how it would influence the private sector?"

He noted that the system seemed to be geared towards catering to federally funded clients.

"I'm not an opponent," Dr. Roach said, "the program is conceptually sound. I basically have two questions: one, the financial burden imposed by the rural health clinic; and two,

MAYOR

FROM PAGE 1

In home rule cities, the police department, fire department, sanitation department and other city services are among the many aspects of local government regulated by the city charter.

According to Mayor Baum, the need for this amendment is critical. "Cities whose populations exceeded 5,000 during a time of greater economic prosperity and who adopted home rule charters during that period, now find themselves in the unfortunate situation of being unable to amend the charters they adopted many years ago."

Under a literal reading of the Constitution, cities which now have fewer than 5,000 residents are legally unable to make the changes in their charters necessary to bring about greater efficiency, and oftentimes fairness, in local government.

Only an amendment to the Constitution will correct this problem.

Mayor Baum emphasized that the proposed amendment, "will do nothing more than allow all home rule cities the equal opportunity to amend their outdated charters if a majority of the qualified voters elect to do so."

"Cities whose population have fallen below 5,000 will not be unfairly penalized by that decrease, but instead can keep pace with the changing times."

AUCTION

FROM PAGE 1

already raised just over \$245,000.

Saturday's sale will include the auction of several head of cattle as well as pies, cakes, and other specialty items. The general public is encouraged to come out to the auction and be a part of the action.

Anyone wishing to donate something for the auction should contact Bill or Nancy Ellis at 728-2603.

inequity in terms of how different socio-economic classes are to be treated in the same clinic."

Both the housekeeping and the rural health clinic matters will be brought up at a future meeting for further deliberations before final decisions are made.

In other action board members heard reports from the hospital and lodge administrators.

The patient days for Mitchell County Hospital were up, reaching 267 days in September which created an average daily census for the hospital of 8.9 patients, Alford noted in addressing the board.

Total net revenue for the month was reported at \$233,562 for the month with revenue per patient day at \$1134 as compared to expense per patient day of \$1049 without depreciation.

Board members were also presented with a report, HAS/Monitrend II, which compares the reports of Mitchell County Hospital to those of other hospitals for a guideline in searching for problem areas at the facility.

Several items on the 36 page report were discussed and it was noted that the hospital is coming closer to matching the norms of like sized hospitals.

The lodge report, given by administrator Marsha Rickard, showed that the facility is currently at 100 percent capacity.

Air conditioning problems at the facility were reported to board members. The unit was out several times during the month waiting on repairs.

On Sept 16 the compressor went out and was replaced on the 19th. The compressor went out again on the 25th and was replaced on the 30th. On Oct 11 the unit went out again, this time due to bearings in the motor and the unit was down until the 17th when a new motor could be installed.

Board members also approved a security system for the facility to help with wandering residents.

A system from Accutech of Dallas, was approved for purchase at the cost of \$2600 on the recommendation of Rickard.

She noted that she would not purchase the system immediately, but would rather wait until a need arose, but that with board approval she would be able to order the system should the need arise.

FROM PAGE 1

Board members were also presented with the medical staff report from Dr. Roach.

He informed the board members that physician credentials had been approved at a medical staff meeting of the physicians who use the hospital.

Dr. Roach also told the board members of reviews that were being conducted by the hospital's doctors.

He reported that the staff is required to perform an on-going study and that a study regarding the transfer of patients, especially by helicopter to Methodist Hospital in Lubbock, had been completed.

The medical staff report indicated the need for an autoclave, a machine which is used to sterilize surgical instruments.

It was noted that the equipment present in the hospital lacked the 'flashing' capability, which would allow instruments to be sterilized in a short period of time as compared to the hour-and-a-half that the current unit requires.

Dr. Roach, representing the medical staff, recommended to the board the purchase of the unit - estimated at \$7000 - to improve the effectiveness of the medical facility.

Board chairman Marion Bassham and directors Kay McCarley, Jr., Virgil Stone, Sybil Stevens, Junior Smith, Jay Craddock and Gene Parker were all in attendance.

CHIEF LONE WOLF

In 1937 history was made at Cantrell Field in Colorado City. For the first time ever, Loraine defeated the Wolves in a football game.

Loraine was led by first year coach Newby Pratt, who was fresh from the campus of McMurtry College in Abilene.

"We had a pretty good record (in '37)," Pratt recalls. "We were just lucky in pickin' up some good boys who were good athletes."

Good evening ladies and Gentlemen. Welcome to tonight's game between the Wolves and the Bulldogs. Colorado City, in their new red jerseys, will defend the north goal while Loraine, wearing, ahem, uh, khaki sweatshirts, will defend the south goal.

Pratt admits the Wolves had his team outclassed when it came to uniforms.

"Colorado City had those new red jerseys and we, well, we looked kinda pitiful."

But, the Bulldogs played better than they looked. Much better. Late in the game Loraine started a drive which would result in their taking the lead and the victory.

About 4 minutes left in the game folks. And, wait a minute. Bulldogs quarterback "Ox" James appears to be hurt. Here comes Loraine Coach Pratt out onto the field.

"Now, that was a kinda funny thing," Coach Pratt remembers. "Ox went down, but he wasn't hurt bad. He just wanted some help (from me). I went out onto the field and he says, 'Coach, what do you want me to do?'"

"And we called a play right there 'cause we saw that opening for Bud Glass."

Ox is back on his feet. He's alright. Here come the Bulldogs now. Ox is back to pass...He throws to Glass...He has it!! Glass to the 15...the 10...the 5, touchdown! Loraine wins!

Did Coach Pratt tell Ox James what play to call?

"Well, we 'arranged' a play while I was out there," Pratt said with a trace of a smile. Then, he added, "Ox was a pretty smart boy." Pratt says he thinks the final score was 13-7, Loraine.

After the game, Loraine hosted the mother of all celebrations.

"We went back to Loraine that night," Pratt remembers, "and gosh, they had opened the grocery stores and gotten boxes and they had built bonfires. That's when Dr. Bruce Johnson started promoting (a drive) to get the football field lighted so we could play night games."

"It was after two o'clock in the morning before we got to bed. They were really celebrating."

So saith Newby Pratt, who coached Loraine for just one year. Then, in what became a time honored tradition, Colorado City hired the successful mentor as an assistant coach to Jack Christian.

"Oh yeah, I got a big raise for comin' over here. They gave me \$1600 a year," Pratt remembers.

And how did Loraine fans react to his leaving?

"Most of 'em understood. A few of 'em didn't. I was just tryin' to make a livin'."

The ones who really understood were the Colorado City football fans. With Pratt helping to coach the Wolves the next year, Colorado City defeated Loraine, 14-13.

Nowadays Newby Pratt gets to pull for both Colorado City and Loraine.

"We're for both of 'em," he says. "There are some awfully good people in Loraine."

And there are a lot of people in Loraine who remember Newby Pratt was an awfully good coach.

\$1.6 million in CRP money sent Monday

Annual rental checks totaling \$1.6 million were sent out Monday to local farmers who are participating in the Conservation

Reserve Program (CRP).

250 farms, representing 46,000 acres of land are involved in the Mitchell County program, said Don

Stewart, executive director of the Mitchell County ASCS office.

The CRP was established in 1987 to take cropland out of agriculture and seed the land to grass cover.

The program is a ten-year program which allows the land to rest, controls erosion and aids in maintaining the supply and demand of crops.

Benefits from this program are

long term due to controlling erosion.

Areas used for fishing, hunting and recreation have improved due to erosion control.

The 'resting' of the land is a necessity. Valuable nutrients and minerals that are decreased with constant usage are replaced.

Land in the CRP provides a break from chemicals needed in crop production.

CRP LAND: Shown inspecting county land in the program are, l to r, Don Stewart, executive director of the Mitchell County ASCS office; George Martin, ASCS committee representative from Loraine; and Tolbert Jaynes, district director of the ASCS program from Sweetwater.

951 drilling permits issued by commission

AUSTIN, Texas, --A total of 951 drilling permits were issued by the Railroad Commission in September, according to RRC Chairman Lena Guerrero. In August, the total was 1,114. September 1990's total was 1,339.

The September total included 568 permits to drill new oil and gas tests, 32 to re-enter existing well bores, 25 to deepen existing holes 132 to plugback existing holes, and 81 for other wells. Operators were also issued 113 amended drilling permits.

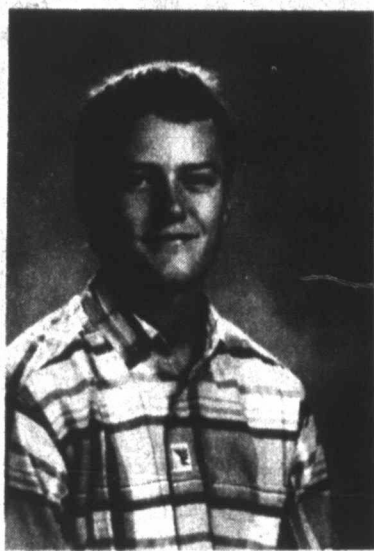

Guerrero said permits issued for new oil and gas holes in September included 40 in the San Antonio area (District 1), 19 in the Refugio area (District 2), 54 in Southeast Texas (District 3), 42 in deep South Texas

(District 4), seven in East Central Texas (District 6), 60 in West Central Texas (District 7B), 67 in the San Angelo area (District 7C), 75 in the Midland area (District 8), 58 in the Lubbock area (District 8A), 78 in North Texas (District 9), and 20 in the Panhandle (District 10).

In the first nine months of 1991, the Commission has issued 10,462 drilling permits, an eight percent decrease from the 11,410 issued during the same period of 1990.

The 951 permits issued in September included 464 oil permits, 130 gas permits, 308 oil and gas permits, 30 injection permits, four disposal permits, and 15 other permits.

Grandson attends leaders conference

Jay Long

Jay Long, son of Jack Long, Jr. of Sanderson and grandson of Mr. and Mrs. Jack Long of Colorado City, attended a young leaders conclave in Washington, D. C., this summer.

Long was selected to attend the 1991 National Young Leaders Conference after demonstrating academic achievement, leadership and citizenship.

He was among 350 outstanding high school students from across the nation at the conference sponsored by the Congressional Youth Leadership Council.

The theme of the National Young Leaders conference was "The Leaders of Tomorrow Meeting the Leaders of Today."

Throughout the uniquely designed six-day conference, Jay had a chance to meet with key leaders and newsmakers from the three branches of government, the media and the diplomatic corps.

Founded in 1985, the council is a non-profit, non-partisan educational organization committed to recognizing outstanding youth and providing them with a "hands-on" civic learning experience in the nation's capital.

TWC urges proper operations

The Texas Water Commission is encouraging all wastewater treatment plant operators and operations companies to properly operate and maintain their systems to avoid penalties levied against them for discharge pollution.

"The practice of wastewater operators failing to properly investigate the nature of any pollution discharged from their systems is, unfortunately, all too common," said Allen Beinke, Executive Director of the Texas Water Commission. "We want to

send the message that the TWC will hold a plant operator or the management company operating the plant partially responsible for pollution that occurs as a result of improper operations and maintenance."

The TWC recommendation comes after the three-member water panel levied a \$4,800 fine against a small wastewater operations company in Brazoria County for several months of noncompliance with its permit limitations. Despite the company's knowledge that the plant had suffered several years from high levels of grease and other substances in their influent, the operations company delayed taking the necessary steps to properly investigate the nature of the problem.

Any wastewater treatment plant operators or operations companies needing information about the correct procedures for operating and maintaining their plants may contact the Texas Water Commission's Water Quality Division at 512/463-7732.

Tammie Blair

Four locals lead cheers for WTC

Western Texas College has announced its cheerleaders for the 1991-92 season and four of the six are from Colorado City.

Returning cheerleader Marlyn Kay is joined by Tammie Blair, Jeran Ware and Beatrice Rivera. Kay is a sophomore elementary education major. Her parents are Jim and Ann Kay of Colorado City.

Blair, a WTC freshman, cheered for the Colorado City Wolves in

high school. Her parents are Ronnie and Debbie Blair.

Ware, a sophomore business education major, was a cheerleader at Westbrook High School. Her parents are Christine Chambers and Maxey Ware.

Rivera, the daughter of Joe and Gregoria Rivera, was a cheerleader at Colorado High School and active in sports.

Others on the WTC squad are freshman Jacqui Allen of San Angelo and sophomore Buffy

Giddens of Snyder.

WTC basketball action gets underway November 5 when the

Westerner's take on McMurry University. Mickey Baird is the cheerleading sponsor.

VOTE YES

To Fight Crime!

Clay Strange
Mitchell County Attorney

The "revolving door" of the Texas prison system hit close to home late last summer. A Lubbock man convicted of the heinous crime of killing and then dismembering the body of his wife, was released on parole after having served only five years of a 50 year sentence.

The body of the victim, a young woman who grew up in Snyder, was dumped in the northern portion of Scurry County. Some body parts were buried in the couple's back yard.

The convicted killer is now on the streets despite protests from area law enforcement officials. A yes vote for new prisons will help keep such people behind bars and off the streets.

PIGSKIN PICK 'EM

Pigskin prognosticators close gap

With only three weeks left in the local football predicting contest, the lead has changed hands again.

This week, Earl Plagens stepped to the front of the pack after dominating the selections of last weeks contests.

Odessa beating Abilene Cooper came as a surprise to a majority of the predictors in the high school contests, "only John Martinez, Glenn Sanders and Royce McNally picked the game right."

College games including TCU over Rice, Texas A&M over Baylor, and Arkansas over Texas weren't predicted by the majority of guessers in the local contest.

Seattle over Pittsburgh, Phoenix over Atlanta and came as surprises in the pro games.

Glenn Sanders was the only local predictor to pick Cleveland over San Diego.

This weeks predictions offer the possibility of yet another week of upsets as teams are trying to align themselves for post-season play.

Wolves face Sonora for Homecoming '91

The Wolves return to Colorado City for homecoming and face the Sonora Broncos at 7:30 p.m. Friday night.

Coach Tom Ramsey will lead the Wolf Pack into the pivotal district match-up with a record of 2-4-1 (0-1-1) after tying Kermit by the score of 6-6 this past Friday night.

The Broncos, under leadership of Coach Bob Bellard, come to the homecoming game with a record of 5-2 (1-1).

Sonora beat Kermit by the score of 25-14 and lost to Reagan County last Friday by the score of 14-13.

In non-district action, Sonora

won the first four games of the season by beating San Angelo Lake View, Junction, Ozona and Mason, then were beaten by Ballinger the week before district action began.

The Broncos average scoring 26 points per game as compared to giving up 10 points a game.

Last year Sonora completed the year with an 8-5 (3-2) record which included a 32-0 victory over the Wolves.

The Broncos run their basic offense from an I-formation which lines the backs straight behind the quarterback.

The rushing leader of the team is Adam Youngblood who is a 5-11, 175 pound, senior, who averaged 7.2 yards per carry last year and netted him All-West Texas honors in the Class 3A division.

The defense lines up in a 50 formation which puts five defensive players on the line of scrimmage and uses two linebackers.

Sonora will complete their schedule by facing Midland Greenwood at home and traveling to Crane.

Hays receives black belt

Gary Don Hays, former student at Westbrook High School, now a freshman at Eastland High School, has received his 2nd degree Black Belt in Tae-Kwon Do Karate.

Gary was tested on Karate forms

Gary Don Hays

and fighting. His instructions being given to him in Korean language. He was awarded his 2nd degree Black Belt on October 5, 1991 in Fort Worth after passing his Korean Karate test. He is under the leadership of Master Parks.

Gary has been a two time winner at the State Tournament and has advanced to the Jr. Olympic National Tournament in Cleveland and Cincinnati Ohio for the past two years. He is the son of Mike & Sylvia Webb, grandson of Mr. and Mrs. Adam Gonzales of Westbrook, Mr. and Mrs. Dois Hays of Gillette, Wyoming, and Mr. and Mrs. Don Webb of Colorado City.

LORRAINE PERSONALS

Hello this Tuesday morning. The weather people said it would be warm and windy today. I don't know what our cotton farmer friends would like in weather but I am sure it isn't rain. I think Mitchell County is going to be very busy. Some are stripping cotton, others are spraying acid and several others ginning some but this is all a typical fall month. I sure hope it turns out real well for all concerned.

I'll just have to brag on our Bulldogs a bit. They really did play hard and we went home in the third quarter because of the 45 point rule. It sure was nice to be on that side for a while. You already have the stats from the Sunday paper so I'll just brag on them and apologize to a few. Matt Givens, I am sorry I said you were out for the season with an injury. You were the first one I saw suited out. I had been told that little bit of news but I am glad it worked out better for you.

I know that gave the team a big

lift to win and in such a big way, so we will all be there to watch you win another in a big way.

I saw Edgar Haltom taking care of some of his Sheriffin' duties Friday night. He asked a bunch of kids not to play on the field and they all left, only to go back on when he turned his back. Stay with them, Haltom, they'll obey you one day.

Saw Apple Sanchez at the game. I hadn't seen him in a long time. He is one of those people that everyone likes. Also Ike and Etta Gee with the newest grandson, proud grandparents.

Also saw Bonnie Herrington and her new family. I can't remember her cute husband's name nor the baby's name but anyway, Bonnie, we are real glad for you and your happy little family.

We only have two cheerleaders this year and we would like to

thank Dawn Butler and Debbie Banks for a job well done and Lavon Herrington for all the work she helps them with. We are proud of them.

To our good looking and good sounding band. We are thankful for the job you turned in Friday night. We are so proud of you. Thanks to our Band director and to Fabian Alvarez for their part in making a good half time show. Also, to the Hermleigh girls Drill Team, we thank you. You were good and beautiful also. Thanks.

The nursing home has a new patient. He is Jerry Grimes and lives in room seventeen. I don't know where he is from but anyway welcome to Loraine.

Keith Hackfeld, I saw some "lovely" pictures of you the other day. My Snyder relatives say you were quite a scream and I know you were having a barrel of fun. One picture I saw was inscribed "wouldn't this just warm a mother's heart?" I wasn't real sure about that, but you were cute as could be, ask your mom.

Saw Helen Gomez and her kids at the grocery store. Helen and Gilbert are a good part of our school. They will help anyway they can.

Roy & Mary Helen Price, Bessie Ann Vaughn and Rachel were in Snyder last week to attend the funeral services for an aunt Hattie Rollins. Mrs. Rollins was Mrs. J.E. Price's sister.

Winnie Coffie of San Angelo and Lena Bullard of Colorado City were guests at the Senior Citizens for lunch last Friday.

We were in Colorado City last Saturday and ran into Forrest and Modene Porter of Roscoe and with them was Waldo Porter and his wife of New Mexico. The Porters are brothers and lived where Atwood and Billie Sheffield live. They are products of our school.

Sarah Zelman of Dallas visited her mother Hazel Pratt last week.

We saw John and Cecilia Munoz and their son eating lunch in

Loraine JH defeats Abilene Christian JH

On Thursday, October 18, 1991 the Loraine Junior High Football team traveled to Abilene to play the Abilene Christian Junior High Football team.

The Abilene Christian Junior High school had a 5-0 record going into this game and was beating their opponents by an average of 30 points a game. The Loraine Junior High team rose to the test and played a complete game with the offense putting points on the scoreboard and the defense playing an outstanding game on the other side.

At the end of the 1st quarter Abilene Christian was leading 6-0. Loraine finally broke into the scoring column with a 49 yard run by Corey Woodell. The extra point failed and the score at half time was 6-6.

In the 3rd quarter Abilene Christian went ahead 13-6 but the Loraine Junior High tied the score at 13-13 end of three quarters. This

score came as a result of a 41 yard run by Corey Woodell and the extra

point conversion by Josh Lee. Loraine Junior High took the lead for good in the 4th quarter with Corey Woodell scoring on a 44 yard run.

Point after touchdown failed and Loraine was ahead 19-13. Abilene Christian Junior High team added 2 points before the game was over by downing our back in the end zone for a safety. Loraine kicked off following this safety and recovered the ball on the kick-off when Abilene fumbled the ball.

Records: Abilene Christian Junior High 5-1; Loraine Junior High 4-2.

On offense Corey Woodell had 164 yards rushing for the night. Josh Lee had 43 yards.

Defensive standouts were: Richard Cooper, 13 tackles; Corey Woodell, 11 tackles; Ty Henderson, 14 tackles; Adam Loy, 14 tackles.

The Loraine Junior High will play their next game against the Ira Bulldogs, at Loraine, on Thursday, October 24, 1991, at 6:00 p.m. This will be their last game of the season.

...BY LOIS PHILLIPS

Colorado City last Saturday also. They are good at helping at school or wherever else they can.

Saw James Jarrett at the lunch counter also. He is another one who grew up over in our end of the county.

On Friday of last week, Mr. and Mrs. Johnny Bryant from Hawley brought his mother, Effie Bryant to Loraine for a visit in the home of Effie Wheeler. She will be here several days visiting other relatives and friends. Eldie has been living in Dallas with a daughter since 1990.

Lawrence and Molly Redman and children from Odessa came to visit Molly's grandmother, Eldie Bryant on Saturday. Eldie is visiting in the Wheeler home this week.

We understand that Etta Parnell is able to be back at work now, at least part of the time. She and Clyde Parnell are recovering slowly from a motorcycle accident during a rain storm in Abilene a month or so ago. Clyde still cannot be up much of the time and we understand it will be quite a while before he is able to go back to work.

Watch out for the rattlesnakes. They seem to be nearly everywhere. I have been told Junior Beights & Donald Graham are summing theirs on Junior's driveway.

Mary Treadway of Sweetwater visited Gladys Payne Sunday afternoon.

McPeters celebrates birthday

The McPeters children gave their mother, Mary McPeters, a surprise birthday party, Sunday, October 20. All five of her children presented her with a new mixer, so if anyone wants a cake or pie baked don't hesitate to call.

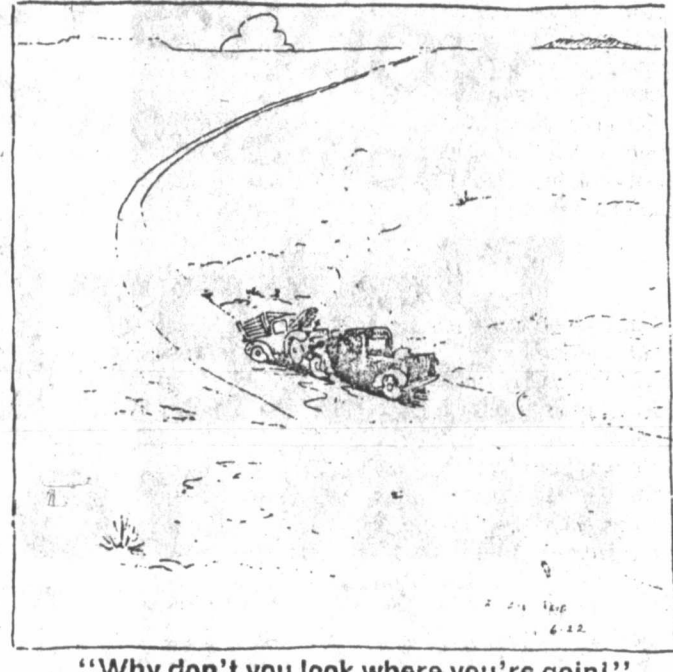

Ms. Cat, her sister-in-law gave her a real pretty blouse. Cheryl presented her with a handmade wreath.

We had about 32 people present. Those who attended the party were Ms. Mildred Rose, Ms. Rose Etta Smith, the Williams family, the Atkins' family, the Sterlings, Catherine Griffin.

Of course, all the kids & their families were there. Vickie and family of (Cleburne, TX) Pat Carrington & family, Vanessa Smith and family (Sweetwater), Billy & family, Nick McPeters, Ardellemom, Charles (husband) & Mack Griffin, her brother of Sweetwater.

We catered good ole fried chicken from Allen's in Sweetwater. We all had a good time.

To end this special occasion, Billy presented mother with a bouquet of red roses. We love you mom! Hope you live to see a 100!

"Why don't you look where you're going!"

As your hometown bank we wish to give you 'straight talk' about our concern for you! First State Bank feels that no one should be foolish about money or personal safety! We urge you to drive carefully, all the time!

Richards wants "yes" vote on Proposition 4

"We need to vote yes on Proposition 4 on November 5," said Governor Ann Richards, "to ensure us additional prison space for violent criminals."

"Our criminal justice system is broken," the Governor said. "Texans are fed up with the spectacle of violent offenders being

released from prison after serving only a fraction of their sentence."

"County jails are backed up with state inmates, and our state penitentiaries operate like a revolving door -- sending violent criminals back out onto the streets after they have served only a fraction of their sentence."

"Judging from the mail my office is receiving," she said, "I can assure you that most Texans recognize crime as the number one problem facing this state. And Texans want to keep violent offenders off the streets."

"One way to do that is to vote on November 5."

"Proposition 4 authorizes the state to issue up to \$1.1 billion in general obligation bonds to finance the cost of new prison facilities that will lock up 25,300 new prisoners."

"When you consider that our

current prison capacity is right at 50,000, you can see what a difference these 15 new prisons will make."

"If we are going to keep violent offenders incarcerated, we must have space for them."

"New crime control laws also create a substance abuse felony punishment and provide space for 12,000 inmates punished under this provision."

"The money raised from the \$1.1 billion bond issue can also be used in this effort to break the cycle of addiction and crime."

OBITUARIES

Arthur C. Wilson

Funeral services for Arthur C. Wilson, 82, of 1927 Hemphill, Colorado City, were held Tuesday at Calvary Baptist Church with Dr. Travis Monday officiating. Burial was in the Colorado City Cemetery under the direction of Kiker-Scale Funeral Home.

Mr. Wilson passed away Sunday, October 20, at Mitchell County Hospital.

He was born Sunday, February 28, 1909, in Ira.

Mr. Wilson was a farmer and had worked for the Texas Highway Department in highway maintenance and was a Baptist. He married Bernice L. Sweatt Wildon on February 5, 1936. Mr. Wilson was preceded in death by his parents, Arthur L. and Leona Wilson.

Survivors include his wife; one son, Roy Wilson of Spade; one daughter, Virginia Claxton of Big Spring; two sisters, Clola Whiteside of Westbrook and Opal Powell of Sweetwater; nine grandchildren; and ten great-grandchildren.

Jaysn Flynn Jameson

Funeral services for Jaysn Flynn Jameson, 24, of Early, were held Monday at the Early First Baptist Church. Graveside services were held at the Colorado City Cemetery.

Mr. Jameson passed away Thursday, October 17, in a Lake Jackson Hospital.

He was born October 14, 1967, in Amarillo.

Mr. Jameson was employed by Dow Chemical Company where he was a product development chemist. He was a graduate of Southwestern University and was working on a doctorate in chemistry at Rice University at the time of his death.

He had been a member of the board of trustees of Southwestern University and was a member of the American Chemical Society, the Society of Polymer Engineers and the American Institute of Chemical Engineers.

Survivors include his parents, Jerry and Donna Jameson of Early; a brother, Stefan Jameson of San Saba; a sister, Kenda Jameson of Early; a paternal grandmother, Wyone Jameson of Colorado City; paternal grandparents, Helen and Rex Williams of Indianapolis.

Weight Loss Surprises Researchers

WASHINGTON—A nutrition organization was hopeful that a nutritionally complete "hi-tech" food tablet would help erase world hunger problems, until a study revealed that one of the ingredients could cause significant weight loss.

Although other studies and scientists may not agree, researchers in Europe found that the ingredient, a natural plant colloid, actually caused people to lose weight, even though specifically instructed not to alter normal eating patterns, according to one study published in the prestigious *British Journal of Nutrition*. Researchers in an earlier study had speculated that the weight loss was due to a decrease in the intestinal absorption of calories.

While the development of the product called Food Source One, a project of National Dietary Research, would not be used to successfully fulfill its original goal, the formula which has since been improved with other natural colloids has been a windfall for some overweight people. A Daytona Beach, Florida woman fighting a weight battle for 12 years used the product on the recommendation of her physician and lost 30 pounds. She stated, "Not only have I lost 30 pounds but my cholesterol has dropped from 232 to 143. I have two closets full of clothes which have not fit me in two years that I can now wear." In a separate report, a telephone interview revealed that a Wilmington, North Carolina pharmacist lost 14 pounds in 3 weeks on the product and was never hungry.

Food Source One tablets are part of National Dietary Research's comprehensive plan to bring a rapid end to obesity in this country. A variety of nutritionally sound diet plans, specially prepared by NDR, accompany each bottle and provide a natural, drug free alternative for confronting the problem of obesity.
