THE DUBLIN PROGRESS.

VOLUME XIV — DUBLIN, ERATH COUNTY, TEXAS, FRIDAY, OCTOBER 11, 1901. — NUMBER 21.

MISTROT BROS. & COMPANY'S

Grand Bankrupt Sale Now in Full Blast!

The grandest opportunity ever offered to the public to buy high grade merchandise at less than wholesale values at a time when the people are compelled to make a dollar do the value of two. Mistrot Bros. & Co. are always on the alert and ready to take advantage of existing conditions—always having the ready cash to take advantage of opportunities.

We are glad of this opportunity! The big manufacturer's loss will be your gain! They had more goods than they could sell, offered them at a sacrifice, they knew Mistrot Bros. & Co. were big buyers and always had the cash. We scooped them in—over $00,000 spot cash planked down by our Mr. S. P. Mistrot in one deal at 67½ cents on the dollar.

Our store has been crowded with eager buyers since we commenced this sale, taking advantage of this opportunity. Eight sales people now employed at the Big Store to await on the crowd of eager buyers—more sales people than any dry goods store in Dublin kept busy from Morning till night.

THE PROOF OF THE PUDDING IS THE TASTING!

Big Shoe Sale.

Over one hundred and fifty cases of shoes just received from the best makers of shoes. See our big window display of men's shoes, right hand show window.

Look for us in our New Building, The Blood Red Front, Opposite Harris' Bank, W. T. Miller Old Corner. We are Here to Stay and will Save You Money.

At this time you need to make a dollar do the value of two and we are prepared to accommodate you in this way. We want your trade on fair and square business principles—the most goods for the least money. We are in a position to prove these facts. We are the only Mistrot Bros. & Co. store in Erath county, although many other concerns try to imitate us and mislead the public, we are here to stay and build a solid trade, as we have done in twenty-five other towns in Texas.

MISTROT BROS. & COMPANY.

LOOK FOR THE BLOOD RED FRONT, OLD W. T. MILLER CORNER. DUBLIN, TEXAS.

SITUAUION IS SERIOUS

More Trouble Looked for in the Feud in Tennessee.

BOTH SIDES ARMED.

A Report Is Current That Another Clash Has Occurred, but it Has Not Been Confirmed—Four Persons Were Killed.

Middlesboro, Ky., Oct. 8.—The situation at Big Springs, Tenn., where at the Union Baptist church Sunday, four members of the Chadwell and Morgan factions were killed and five wounded, is indeed gloomy, and it is the general opinion that more bloodshed will follow.

A report received here by way of Tazwell says a second clash between the factions had occurred, but the story is as yet unconfirmed.

Both factions are barricaded in their homes and are armed to the teeth. Many believe that they are waiting for darkness to renew the trouble.

Two members of each faction came to Cumberland Gap late Monday and secured a large supply of ammunition.

AN OLD FEUD.

Four Men Are Killed and Four Wounded in Tennessee.

Tazewell, Tenn., Oct. 8.—An affray occurred in Clairborne county at Big Springs Union church Sunday night in in which four men were killed and four wounded.

The dead are:

Rush and Henry Morgan, Tip and James Chadwell.

Henry Overstreet, James Morgan, Joe W. Overly and Constable Brooks were wounded.

The difficulty was the outcome of an old feud dating back to 1864.

Boers Will Appeal to Roosevelt.

Kalamazoo, Mich., Oct. 8.—Communications received in this city indicate that Boer sympathizers in this country are preparing to appeal to President Roosevelt to stop the sending of supplies from the United States to the British in South Africa. The endless chain plan has been started by the American Transvaal league of Chicago and sympathizers in Kalamazoo have received bundles of ten private postcards addressed to President Roosevelt with instructions to sign them and get friends to sign them and mail to the president. The cards read:

"Please stop the shipment of horses and mules from New Orleans to Cape Town, if possible. Please make England fight fairly in South Africa."

Killed by a Train.

Fort Worth, Tex., Oct. 8.—Pat Gorman, aged about 40 years, unknown in Fort Worth, fell under an incoming Texas and Pacific passenger train Sunday night from Dallas and both legs were crushed to such an extent that he died.

The remains were taken to the undertaker's, where they will remain until interred unless relatives or friends of the deceased are heard from.

Lottery Tickets Seized.

Fort Worth, Tex., Oct. 8.—United States District Judge E. R. Meek Monday made an order that the premises of lottery dealers in Fort Worth be searched and that seizures of all tickets, books, etc., be made. Several thousand tickets were found and taken, together with express books and receipts, and also the books of the firm pertaining to the lottery business.

E. H. R. Green Ill.

Bellows Falls, Vt., Oct. 8.—The condition of Edward H. Green remains unchanged. The son, Edward H. R. Green, had made arrangements to return to Texas Monday, his hurried summons here making this imperative in order to arrange business affairs, but was taken suddenly ill and is now confined to his room. His illness is not serious, and is probably caused by the strain of the trip north and close confinement in the sick room.

Tutt's Pills

FOR TORPID LIVER.

A torpid liver deranges the whole system, and produces

SICK HEADACHE, Dyspepsia, Costiveness, Rheumatism, Sallow Skin and Piles.

There is no better remedy for these common diseases than DR. TUTT'S LIVER PILLS, as a trial will prove.

Take No Substitute.

A NEGRO OUTLAW.

He Is Captured After Killing Two Persons and Wounding Two.

Madison, Fla., Oct. 10.—Will Jones, a negro outlaw, is in jail here seriously wounded, having been captured in a desperate fight with a posse of officers. Immediately preceding his fight with the officers, Jones killed a negro woman, because of jealousy, and a white man. The woman was shot down as she sat by the side of her husband in her home and the outlaw in making his flight ran upon Dan Anderson, a white man, who was hunting, and believing the man an officer, shot him down.

Jones was finally surrounded by a posse and a vigorous fusillade took place. Sheriff Armstrong and Deputy Yarbrough were both wounded, one ball striking the former in the head. Neither officer, however, is fatally wounded. The negro outlaw was shot down and captured.

UNDER MARTIAL LAW.

Cape Colony No Longer Enjoys Freedom That Has Heretofore Existed.

Cape Town, Oct. 10.—Martial law has been proclaimed in the districts of Cape Town, Wyenburg, Simonstown, Port Elizabeth and East London. The proclamation is the outcome of the recent visit of the premier of Cape Colony, Sir John Gordon Sprigg; the under secretary of native affairs in South Africa, J. Rose Innes and the old British high commissioner, Lord Milner.

It places under military control the few points in Cape Colony hitherto exempted and the constitution, therefore, is now suspended over the entire colony. This action probably foreshadows the commencement of vigorous measures which are necessary to end the war.

Martial law was modified in its application to the ports, by leaving the docks, railways and harbors under the control of the civil authorities. Military rule will be militated in some other respects.

FAST TRAIN SERVICE.

Frisco to Cut Down the Time to Kansas City and St. Louis.

Denison, Tex., Oct. 10.—By Dec. 1 the Frisco railroad semi-officially announces that it will put on a fast train service from Texas points to St. Louis and Kansas City. The company proposes to put on a train from Texas points to St. Louis, making the time from Denison to St. Louis about eighteen and one-half to nineteen hours. A train will be put on shortening the time into Kansas City about one and a half hours.

Since completing the Frisco connection between Afton and Miami, I. T., where the Frisco line is connected with the line of the Memphis road, it gives the Frisco a route 113 miles shorter into Kansas City than heretofore, and the Kansas City train from Denison and other Texas points will be a feature of the Frisco's passenger service.

Landing for Pacific Cable.

Victoria, B. C., Oct. 10.—James Wilson, superintendent of the Canadian Pacific company telegraphs that Mr. Lockwood, who has charge of the work of preparing the landing of the Pacific cable, and two engineers, have started for Barfield Creek, on the west coast of Vancouver island, 104 miles from Victoria, to make arangements for the site for the landing place of the Pacific cable. Wharves will be built and houses constructed to accommodate the staff, which will consist of about 40 men. The cable repairs ship will not have its headquarters on this coast as previously announced, but at Fiji.

General Smith Sails for Samar.

Manila, Oct. 10.—General Smith has sailed from here for the relief of the Island of Samar. He will take command of Samar and Leyte so as to enable Gen. Hughes to devote himself to the Island of Cebu where trouble is possible unless strong measures are adopted. General Smith is accompanied by a battalion of the Seventh infantry, who are anxious to avenge the disaster to company C of the Ninth infantry. Further accounts from Samar received here show that horrible indignities were perpetrated on the dead bodies.

Four Postmasters Appointed.

Washington, Oct. 10.—The president has appointed the following posmasters:

Joel D. Cranford, postmaster at Mineral Wells, Tex.

Charles Booth, postmaster at Prattville, Ala.

A. M. Orrick, postmaster at Van Buren, Ark.

A. H. Holland, postmaster at Scottsboro, Ala.

Both to Blame.

Halifax, N. S., Oct. 10.—Dr. Stein, the arctic explorer, has left Lewisburg, C. B., for Washington. He denies that Dr. Diedrich is insane, and says that probably Peary and the doctor are both to blame for the disagreement. Dr. Stein does not know that Peary discovered gold in the north, but he believes gold is there in plenty.

Saw a Wild Man.

Crystal Falls, Mich., Oct. 10.—Two resident hunters report meeting a wild man in the woods near their headquarters on Deer river, about 14 miles from this city. They got within 30 feet of him when he snarled at them and ran off into the woods A posse left here to search for him. It is thought he is some one who got lost in the woods and went insane.

Mrs. Nation Gives Bond.

Wheeling, W. Va., Oct. 10.—Mrs. Carrie Nation has given bond to keep the peace and appealed the case so she can sue the city for false arrest.

MISS STONE'S ABDUCTORS

They Are Said to Be on the Summit of a Mountain at Gultepe.

Constantinople, Oct. 10. — A trustworthy report locates Miss Stone's abductors on the summit of a mountain at Gultepe, on the Turko-Bulgarian frontier, near Dubnitza. It is said the kidnaping band numbers 18.

Arrangements have been made to surround the mountain with Turkish and Bulgarian troops. It has been suggested that the abductors of Miss Stone are members of the old Macedonian committee, actuated by motives of jealousy, and that they are endeavoring to accomplish the downfall of the present committee.

The Bulgarian government has promised to act vigorously.

Troops Hunting Miss Stone.

Sofia, Oct. 9.—Consul General Dickinson has applied for an audience with Prince Ferdinand, but it has not been granted. The prince has gone to the country.

No news has been obtained of Miss Stone since her recent letter to Mr. Haskell.

Bulgarian troops and police are actively scouring the country.

GROWING OF COTTON.

Subject of an Address Before the Commissioners of Agriculture.

Hot Springs, Ark., Oct. 10.—After the regular business session of the commissioners of agriculture of the cotton states Tuesday night, a banquet was served at the Arlington hotel in which the commissioners, state chemists, fertilizers and newspaper men participated in toasts on the various states represented and was responded to by Hon. Frank Hill of Arkansas, Hon O. B. Stevens for Georgia, G. W. Joiner for Virginia, Hon. Thomas H. Paine for Tennessee. Hon. R. R. Poole for Alabama, and Hon. Harvey Jordan for Georgia.

Members were late getting together for Wednesday's session and the time was principally devoted to listening to the address by Hon. Harvey Jordan, president of the Cotton Growers' Association of Georgia on the education of the southern formers in cotton growing and in making farming in the south self-sustaining and particularly on the organization of southern cotton growers for co-operating in marketing their products and regulating the supply on the market to the demand.

EACH KILLS THE OTHER.

Two Saloon Keepers Engage in a Fatal Battle at San Francisco.

San Francisco, Oct. 10.—Two men were killed in a saloon here late Tuesday night.

They are:

James A. Posey, proprietor of the place.

Andy Quinlan, proprietor of a near-Posey was about 50 years of age and Quinlan somewhat younger.

The two men were standing on the opposite sides of the bar. Angry words passed and they drew their revolvers and fired simultaneously. Posey sank down behind the bar and expired almost instantly. Quinlan staggered into the street and fell. He was picked up and taken into a nearby saloon where he died a few minutes later.

TRAIN HELD UP.

Robbers Attack a Gulf Train but Get No Valuable Booty.

New Orleans, Oct. 10.—News of the holdup of a train on the Kansas City, Pittsburg and Gulf railway near Ashdown, Ark., has just reached Wells-Fargo officsals here. The train was northbound from Shreveport. Information comes in a telegram to the express people announcing the holdup, but say the robbers got nothing. The telegram said valuables the robbers believed the express car carried had been left in Shreveport to go out by the day train.

The gang that held up the train is believed to be the same one that operated against the Cotton Belt some time ago.

Jeffries-Ruhlin Fight.

San Francisco, Oct. 10.—Nov. 15 has been agreed upon as the date for the Jeffries-Ruhlin fight in this city. Jeffries has posted his $2500 forfeit in cash and nothing remains now but the selection of a referee. It is generally understood that Harry Corbett will be chosen if he can be prevailed upon to accept. Tim Hagarty, the Australian, who came to this city to meet McGovern, has agreed to meet Kid Lavigne.

Rockefeller-Aldrich Wedding.

Providence, R. I., Oct. 10.—In the presence of an assemblage which included relatives and friends and guests, John D. Rockefeller, Jr., of New York and Miss Abby Green Aldrich, daughter of United States Senator W. N. Aldrich, were married at Warwick Neck, Senator Aldrich's summer home.

President Hill's Daughter Weds.

St. Paul, Minn., Oct. 10.—At the residence of President J. J. Hill of the Great Northern railway here, occurred the wedding of his daughter, Charlotte, to George Thoron Slade of Scranton, Pa. Archbishop John Ireland officiated.

New Ameer of Afghanistan.

Simla, Oct. 10.—Habib Ullah Khan has been officially proclaimed ameer of Afghanistan and the accession has been accepted by his brothers and sidars. All is quiet at Kabul.

Amount Raised for Miss Stone.

Boston, Oct. 10.—Additions to ransom fund for Miss Stone have practically ceased. The fund aggregates nearly $56,000.

MARRIAGE AND DIVORCE.

Episcopal Convention Takes Decided Action in the Matter.

San Francisco, Oct. 10.—The action of greatest importance taken Wednesday by the triennial Episcopal convention was the adoption by the house of deputies, by a vote of 37 to 21, of canon, which relates to the solemnization of marriage. All of its provisions had previously been argued except those contained in section 4, which forbade the marriage of persons divorced for any cause not existing before a marriage.

"For any cause not existing before marriage" is understood to refer to such causes as insanity, inability to execute a contract, existence of a living wife or husband or like reasons which practically render the marriage null and void.

This section has been a bone of contention, a strong element in the church, holding that the marriage of the innocent party to a divorce granted on the ground of infidelity should not be forbidden. The bishops have refused to accept this view of the matter.

The question is by no means settled as the whole subject is now to come up in the house of deputies where it is expected to cause a prolonged canon

The bishops have yet to consider canon 37, providing for the discipline of persons marrying after having been divorced. This will also cause lively discussion.

Another feature of the work of the house of bishops was the appointment of a committee of five to act with similar committees of priests and laymen, constituting a joint committee of fifteen, in considering the proposed change in the name of the church. The committee has no power to act, but is to report its findings at the next general convention, to be held in Boston in 1904.

The house of deputies adopted the report of the joint committee on marginal readings after agreeing to an amendment eliminating those readings which are original with the committee

The report, as amended, will go back to the house of bishops for action on the amendment.

Both houses unanimously selected Boston as the place for holding the next triennial convention.

LETTER CAUSES ARRESTS.

Four Men Charged With Robbery and Burning the Building.

New York, Oct. 10.—A letter purporting to be signed by Chauncey M. Depew, John D. Rockefeller and Mark Hanna was turned over to the police at Newark, N. J., by a storekeeper of that place, and as a result four men are under arrested charged with burglary and arson. The letter was addressed to John Tortelli and contained the statement that the signers had set fire to the storekeeper's place of business and referred to articles stolen from the building. Oscar Steiglich, Marcus Dusslot, Chas. Hoyt, stepfather of Dussler, and Raimon Catenavall of Newark, were arrested and are charged with the offense of burning the building, robbing it and then sending the letter. It is said the men have confessed.

RICH GOLD STRIKE.

The Vein of Ore Is Two Hundred Feet Wide and Six Thousand Long.

Tucson, A. T., Oct. 10.—Charles R. Porter and W. Fleming of this city have arrived from Galluro mountains where they report a remarkable gold discovery. The rich find is located 70 miles north of Tucson and the vein of ore, according to the Flemings, is 200 feet wide and 6000 feet in length. A canyon cuts through the vein for 200 feet, exposing the ore on either side the entire length of the cut. It is estimated the amount of gold in sight is over $7,000,000.

The Tucson Star of this place is authority for the statement of the story told by the Fleming brothers is authentic and that it has verified the facts as above given.

Over a Half a Million Fire.

Chicago, Oct. 10.—The total loss in Tuesday night's fire is $595,000, divided as follows: Peabody Coal company $1,345,000; the six-story building and contents occupied by the Davidson Marble company, Globe Heat and Light company, and Welsbach Lighting company, $200,000; Chicago and Northwestern railway, freight sheds and rolling stock $50,000.

Babington Appointed.

New York, Oct. 10.—A dispatch from Wellington, New Zealand, to The Times says Gen. Babington has been appointed, with the approval of King Edward, to the command of the forces in New Zealand. It is not known whether he will accept the position. He is now on his way to England.

Petition to the Czar.

New York, Oct. 10.—A dispatch from Helsringfors to The Times says a new monster petition to the Czar in regard to the military edicts has been signed by 470,000 persons. The petition states that the new laws are directed against the right of the Fins to enjoy a political and national existence of their own.

Charged With Perjury.

New York, Oct. 10.—Robert L. Martin and Harry Valthausen, respectively president and secretary and treasurer of the Delaware Surety company, were arraigned in police court here before Magistrate Olmstead on charges of perjury. They were held in $10,000 bail each for examination.

Erath County District Court.

In the case of W. R. Bower vs. the city of Stephenville, which was on trial at the time of our report last week; a verdict was returned allowing $500 for damages to plaintiff.

In the damage suit of J. T. Daniels vs. the Ft. Worth & Rio Grande Ry. the jury failed to sustain the claims of the plaintiff.

Other cases have been disposed of as follows:

Walter Thornton, theft of a horse; verdict of not guilty.

John Smith, burglary: plead guilty and given two years in penitentiary.

Annie L. Cargill vs. T. M. Cargill, divorce; granted.

Gertrude Fulfer vs. M. A. Fulfer, divorce; granted.

Geo. Pate vs. Alice Pate, divorce; case dismissed because a divorce had already been secured by the defendant.

E. L. Green vs. G. T. Green, divorce; granted.

State of Texas vs. Leslie Walker, perjury; Oxford refused as judge.

State of Texas vs. Chas. Marthell, murder; dismissed by state as per written reasons on file.

The case of Sam Davis for perjury is pending in the court of Criminal Appeals.

The cases of Bob Duncan, Math Sikes, Joe Allen, Abb Hicks, and Will Gresham, each charged with arson, are set for Monday Oct. 28th.

The case of the state vs. Mose Burdix for an attempt at bribery was dismissed.

The trials of H. H. Matthews, W. M. Diesher, C. E. Diesher and J. B. Diesher, each charged with perjury, are set for Thursday, Oct. 17th.

The case of John Bruce, charged with the theft of a horse; is set for next Monday.

The case of the state vs. R. A. Hefner, charged with committing a rape near Clairette a few months ago, is set for Oct. 26th, and a special venire of sixty men ordered.

The trial of Dock Baines, charged with assault with intent to murder, has consumed the greater part of the court's time this week. This is the third trial of the case, it being heard in each of the the two preceeding terms of court.

JURY LIST FOR SECOND WEEK.

W. C. Croft, J. B. Brown, J. D. Cook, W. H. Finnell, F. H. Hill, D. B. Show, J. M. Parnell, G. W. Lidia, T. A. Henry, Chas. Hunt, T. M. Guest, S. L. Waynick, John Guest, G. T. Echols, N. McLaughlin, Chas. Harris, John Lingle, H. T. Hobgood, R. L. Henry, S. A. Hitterbrand, W. P. Hatles, J. M. Brock, J. M. McClusky, Nat Ross, H. F. Whitacre, Sam Dobson, Jack Funk, O. H. Simmons, W. O. Hudspeth, John M. Ott, J. P. Hale.

Talesman in Dock Baines case:—Fred Dillard, W. B. Cox, H. R. Gentry, Henry Collins, A. T. Allison.

BAILIFFS.

Door. Allen Zimmerman.

Riding. J. H. Young, W. C. Ready, J. H. Deaver, J. A. Duckett.

Hood County Court.

The county court convened at Granbury last Monday and up to the present time but two cases have been tried as follows:

Dan Moss carrying a pistol, verdict not guilty.

J. R. Lancaster, carrying a pistol; verdict not guilty.

The motion to vacate the office of county attorney on the grounds that the county attorney had accepted the position of city attorney, was overruled by Judge Jackson.

Bran $1.25, Chops $1.60 at Prim's Feed Store. 16-tf

Dr. J. C. Wingo is in receipt of the information that his son was numbered among those killed in the recent surprise and massacre of nearly an entire company of American soldiers in the Philippines. The young man had been in the army about a year and bore the reputation of a brave soldier. We sympathize with the family in the sad tidings of his death.

THE DUBLIN PROGRESS

E. PALEY,....PUBLISHER AND FOUNDER.

DUBLIN, TEXAS, FRIDAY, OCT. 11, 1901.

ATTEMPTED KIDNAPPING FAILED.

Son of Attorney Lee Young of Stephenville Intended Victim.

Stephenville, Oct. 6th.—Stephenville was thrown into a state of excitement yesterday morning early when the news went rapidly around the town that there had been an attempt made to kidnap Alden Young, the five-year-old son of Judge and Mrs. Lee Young of this city. Mr. Young and wife have been absent several days attending the Pan-American Exposition at Buffalo, and during their absence their children were left at their home in the care of Mr. Young's sister, Mrs. Vallade. Mrs. Vallade, we understand, had been unusually watchful of the children, and especially of Alden, taking him to the kindegarten every morning, going after him every evening and watching at all times after the welfare of the children at home. On Wednesday night she slept in the same room with the children. About four o'clock in the morning she heard a noise in the house as of something falling in the dining room or hall. She thought it was the cat knocking down some article in the house, and got up to see about it. After she had put the cat out of the house she heard another noise and went into the dining room to learn its cause. As she again entered the hall leading to the bed room, a man dashed out bearing the boy in his arms. Mrs. Vallade at once pursued him. The man made for a side gate near which his companion was waiting in a buggy. As he neared the gate he was compelled to check his speed, and it was there that Mrs. Vallade caught up with him. She grabbed the boy and fiercely scuffled for the possession of him. Mrs. Vallade's screams aroused Mrs. Bruington, who lives just across the street. She ran out and called loudly to know what was the matter. It was then the villian released his hold on the boy and ran to the buggy where his accomplice was waiting. As he reached the buggy he cursed the other man for not coming to his assistance. The men escaped, but officers were soon in hot pursuit. Yesterday afternoon one or two men had been arrested on suspicion, but nothing definite had developed. Mrs. Vallado thinks she would probably be able to identify the man if she could see him, but cannot be certain about it. At our last report a man was taken to her for identification, but we have not had time to hear of her verdict.

No stone will be left unturned to capture these ruffians. It is supposed they intended to take the boy for the ransom that would be offered.

Tom Miller's this fall.

Institute Program.

Following is the program for the teachers institute to be held at Stephenville Friday night and Saturday, Oct. 25 and 26.

Friday night at the Methodist church Judge L. N. Frank presiding.

Moral training in the Public Schools—J. W. Hamilton, of Duffau.

Recitation—Miss Watkins.

Mutual Relation of the School and Patron—Fred Chandler.

Saturday 10 a. m. Election of officers for the ensuing year.

Plans of Institute Work for the Year—Prof. Hall of Dublin.

General discussion.

Trade at Tom Miller's.

Program of Workers' Meeting.

The Baptist Fifth Sunday, or Workers' Meeting will be held with the Gilmore church, beginning on Thursday night before the fifth Sunday in December. The following program has been arranged.

Introductory sermon by J. B. Purves; Alternate W. R. Shelby.

Friday 9 a. m. Should the poor in our churches give financial support to the gospel?—Opened by W. S. Evans.

What is the best method of winning souls to Christ?—Opened by J. R. Davis.

Exidesis of Revelations 11:31; first clause, opened by W. R. Shelby.

Question Box, conducted by the chairman.

Board meeting Saturday at 2 p. m.

Sunday morning. What is the best method of creating interest in our Sunday schools?—Opened by A. V. Neely.

Is there any scriptural authority for engaging in a Sunday school?—Opened by J. B. Vinson.

Preaching hours supplied by committee.

In shoes, clothing and dry goods Tom Miller leads.

A match in a bale of cotton being ginned at Armstrong's yesterday afternoon, resulted in a fire in the gin. It was extinguished, however, with trifling damage and before the firemen arrived.

The campain for the democratic nomination for the various offices, and particularly that of sheriff, is already beginning to warm up despite the fact that no formal newspaper announcements have been made. Among the number who are spoken of in this connection, some of whom have avowed their intentions in that direction are Messrs. S. N. Jackson of Dublin, R. T. Hume, Mack Cresswell and Condy Toliver of Stephenville, Doc Dougherty of Lingleville and Bob Blair of near Morgan Mill.

W. C. T. U. COLUMN.

BY MRS. A. CASWELL.

The mother's meetings which are held the first Friday in each month are interesting and instructive, and are becoming very helpful to the mothers that attend them. The program for October 11th will be the study of non-alcoholic medication. October 18th will be a business meeting. All members should be present.

***

The utterances of the religious press concerning the canteen question are of special moment in view of the impending struggle, and the following quotations from a two-column editorial in the "Alabama Baptist" are significant:

"We are opposed to drunkenness, whether upon the part of citizens or soldiers, officers or men. If the canteen prevents drunkenness, then we are for it. We do not believe, however, that this is the case, on the testimony which has come to us. Besides, we do not want the United States government in pardnership with the brewers. If soldiers will drink and must drink, let them do so of their own accord, without the consent or encouragement of the government. * * * It seems to us, however, that we do not want drinking men as soldiers any more than we want them in any other relations of life, and if our present soldiers cannot remain sober, then they ought to be dismissed from service and in their stead men should be employed who can remain sober. Is it claimed that this cannot be done? Merchants do it, railroads do it, and why cannot the United States government do it? The drinking man now is not wanted anywhere. He is not wanted as a clerk, as a lawyer, as a doctor, as a teacher, as a railroader—not even as a saloonkeeper. He is kicked out of society, kicked out of business, kicked out of the saloon, and there are only two places in the world where he is wanted—in the legislature and in the army. But why should we have such a man in these places?

We have two suggestions to make in closing:

1. If our present army officials are not able to restrain themselves and their men from drinking, then there ought to be a reorganization of the army and officers should be elected who are able to exercise such discipline.

2. Really the best thing would be to get rid of these saloons all over the country. Why should they be allowed to exist under the license of the government and of the state when we have refused to license the canteen in the army? We have done well to abolish the canteen. We shall do better, far better, if we can now abolish the saloon also."

***

Army men are not all of one way of thinking on the canteen question. Major P. H. Ray, commandant at Fort Snelling says:

"The sale of beer or any other intoxicant is not necessary in the army. In any form it is a nuisance, caters to our worst element, and is not conductive to good discipline. I have never favored the canteen or the government engaging in the saloon business for any purpose whatever. Beer does not improve a soldier any more than it improves a surgeon, a lawyer, a clergyman, or any other decent and useful man."

The new oil mill recently finished at Stephenville began operations a few days since. The machinery was put in motion by Miss Minnie Doyle, who had been elected by a popular vote to take that part in the ceremony and the company presented her with a one hundred dollar share of stock.

The millinery opening at Maloney & Co's. last Thursday under the supervision of Miss Mason was not expected to be as elaborate as the one of last year, for the reason that the season is such as not to warrant an extra large display, but those who attended the opening were agreeably surprised at the magnitude of the display as well as the finery of the whole. Maloney & Co's. store is fast gaining a repretation as millinery headquarters and Miss Mason is amply qualified to sustain and to build a reputation for this department that is not easily obtained. The fact that this company spares no effort to keep the best goods and no expense to provide accomodations and satisfaction to its patrons is a matter that can only result in obtaining the best trade.

Master Miller Risien, a brother of John T. Risien of the Progress office, expects to leave some time this month for England, accompanied by a fifteen-year-old cousin who resides at San Saba. He will take ship at Galveston and will be met at Liverpool by his uncle, who resides in London, and with whom he expects to stay several years. He is spending the present week with his brother Will at Dallas.

The Richards&Pringles Minstrels will show at the opera house Tuesday night, October 22nd.

Uncle Barney Stephens of near Selden died on the 6th inst. at the home of his son, Ely Stephens, at Hico. He came to Texas in 1849, and had lived in Erath county about 15 years or more. He was born in Robinson county, North Carolina, 83 years ago. All his neighbors respected and loved him.

Just rec'd. our fall capes, jackets, skirts, waists and all made up stuff at Tom Miller's.

Mrs. Blakely received the sad intelligence last week that her brother, Morgan Blackburn, had died in Ft. Worth, on Tuesday, October 1st. The remains were removed to Dublin Wednesday for interrment. Mrs. Blakely left immediately for that place to be present at the funeral.—Hamilton Rustler.

The Best Prescription for Malaria,

Chills and Fever, is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

The farmers' cotton yard had received up to yesterday noon 2,029 bales and the Dublin yard 2,419, total receipts 4,448. Following is a report of the gins: Wasson 380, Rosamond 451, Peeples 537 and Armstrons 757. Total 2,135.

100 all wool suits, boys, ages 3 to 16 at $1.50 worth $2 any day, at Tom Miller's.

T. R. Hearne has recently returned from Oklahoma and the Territory. He was kind enough to present the Progress editor with a walking cane cut on the new lands opened within a few minutes of the time of opening.

Tom Miller's fall and winter shoes, child's, woman's, man's.

Messrs. John Hetit and Dan Brison of Comanche, have been in Dublin several days this week buying cotton seed upon which to winter their cattle. They have been paying twenty-five cents a bushel.

Look through Tom Miller's stock before you decide.

Misses Lottie and Allice Gaines left last Saturday for a trip to Dallas to spend several days with relatives, and incidently to visit the fair.

A fine line flannel waists just received at Tom Miller's.

Stops Cough and Works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

The Local Market.

Following is the price being paid yesterday in Dublin for the following farm products:

Cotton in bale, cwt.	$7.75 to $7.85.
Cotton seed per bushel	25¢
Corn, per bushel	85¢
Hay and sorghum per bale	35¢ to 40¢

WORK FOR SMALL MEN.

Don't hate your neighbor if his creed
With your own doctrine fails to fit;
The chances that you both are wrong,
You know, are well-nigh infinite.
Don't fancy mid a million worlds
That fill the silent dome of night,
The gleam of all pure truth converge
Within the focus of your light;
For this, my friend, is not the work for you:
So leave all of this for smaller men to do.

Don't hate men when their hands are hard,
And patches make their garments whole;
A man whose clothes are spick and span
May wear big patches on his soul.
Don't hate a man because his coat
Does not conform to fashion's art;
A man may wear a full-dress suit,
And have a ragamuffin heart.
This, my good friend, is not the work for you:
So leave all this for smaller men to do.

Hate not the men of narrow scope,
Of senses dull, whose brows recede,
My dainty friend, from just this breed.
Be sure the years will lift them up;
They'll toil beneath the patient sky,
And through the vista of long days
Will all come forward by and by.
Hate not these men; this is no work for you:
So leave all this for smaller men to do.

Despise not any man that lives,
Alien or neighbor, near or far;
Go out beneath the scornful stars,
And see how very small you are.
The world is large and space is high
That sweeps around our little ken;
But there's no space or time to spare
In whlch to hate our fellow-men.
And this, my friend, is not the work for you;
Then leave all this for smaller men to do.

DUBLIN, TEXAS, FRIDAY, OCT, 11, 1901.

Commercial agency reports state the number of business failures this year much less than last and the total amount of indebtedness involved in them at nearly forty million dollars less.

The democratic state convention of Massachusetts last Thursday nominated Hon. Josiah Quincy for governor and completed the naming of a ticket for state officers, with a practically unanimous vote in each case. Quincy was formerly mayor of Boston.

Boer sympathizers throughout the United States and Europe are preparing to present an appeal to president Roosevelt asking that he put a stop to the shipment of supplies in the way of horses and mules to the British army in South Africa.

Military automobiles of different types are now being constructed in all the leading countries of Europe. Several machines of new designs have lately been ordered by the German army. Among these is a light six-place vehicle, which has two seats in front and the other four disposed on each side of a small drawing table, on which maps, etc., can be spread out.

An experienced oil man is quoted as saying that within a short time all the oil gushers at Beaumont will refuse to gush and thereafter the product will have to be pumped. This, however, will make little difference as to the paying qualities of the wells, because the possible supply from a pumping process will still be such as to make the cost of pumping an insignificant item. There are now said to be nearly sixty flowing wells in the Beaumont field and this number is being rapidly increased by new spouters coming in nearly every day. There appears to be no limit to the amount of petroleum that may be afforded by the Texas oil fields.

For twenty years the French Academy is supposed to have been at work on a revision of the dictionary. The united efforts of forty imortals during that time has resulted in the dictionary being completed to letter C. As there are twenty-six letters in the alphabet, it will be a couple of hundred years at the present rate of progress before the work is finished.

It is rumored in European circles that King Edward of England is affected with a cancerous ailment and that the royal family is attempting to keep the matter a secret. The coronation ceremony of the new king has not yet taken place, but is expected to occur some time next year, though it is now considered improbable under such circumstances if the report be true.

Czolgosz the murderer of President McKinley, has been placed under strict surveillance at Auburn prison in New York, while awaiting his electrocution, which will occur during the week beginning October 28th. The prison authorities have received instructions not to allow anyone to have knowledge of the location of the murderer in the prison and no visitors are allowed.

The monthly report of the department of agriculture at Washington issued Thursday of last gives the condition of the crop in Texas worse than in any other cotton growing state, but the impairment of the prospect in Texas during the month of September much less than in any other. Speculators as well as spinners have for some time been deluded as to the actual cotton crop situation and the result is the price has been lower than it probably will be again in twelve months The bureau report places the average crop of Texas and Arkansas this year at slightly over one half crop and of the other cotton states about sixty-five per cent.

Every event of magnitude teaches some valuable lesson and points, some needed reformation in our imperfect lives and organizations. The assasination of President McKinley has more or less touched ed with indignation and horror, nearly every man, woman and child in the civilized world and through the concurring thought of this outrage the mind very naturally revolves to the cause of the horrible deed, which must of necessity have a cause, even though not a justifiable one. Anarchy is responsible for the death of the gentle and beloved president,and there is a cause why anarchy exists and this cause may be indirectly ascribed to the assasination. The spirit of militarisam has always led men and nations from the high estate for which man was originally created to the more inhuman and degenerate idea of a "tooth for a tooth and an eye for an eye" and hence vengeance, as that of a tiger, posses misguided minds to use the assasins bullet against the representative of a people because that people have suffered the shedding of blood in war. The irresistible current that carried the United States government, against its will, into the channel of a more or less military nation in the past few years can very reasonably be said to have been the prime cause upon which was conceived in the fanatics brain an attack upon the executive of the country. Just as Lincoln was assasinated because of the burning cruelty and brutal nature aroused in the breast of the assasin by reason of a bitter strife at arms, just so, no doubt, was McKinley made a martyr of his country, his greatness and goodness propelling the monster still more to make a shocking exhibition of his cruelty. The paths of peace are the safest to trod and, until the combined world has emerged from the bitter strife of might for right, so long will presidents, monarchs and rulers be the target for the lowest elements of society to reap vengeance upon.

DOUBTERS.

Can be Changed by Knowledge.

If there is any doubt about making brain power by the use of certain food, the doubter should make the following experiment.

Helen Frances Huntington of Gainesville, Ga., says: "Just a word of commendation concerning Grape Nuts which I have found to be the most wholesome, nourishing and appetizing food that has ever come to my knowledge.

I am not a dyspeptic, but being constantly engaged in severe brain work I found that I did not thrive on ordinary diet; even a moderate dinner dulled my brain so as to be practically incapable of critical work. I tried meat-juice, peptonoids, the two meal system of light breakfast and no supper which brought on nervous depletion and sleeplessness, so I resorted to one and another of the various health-foods which all seemed alike tasteless and valueless as a brain food, until quite by chance, I had a dish of Grape-Nuts food served as a dessert. I liked it so well that I began to use it daily, for supper four teaspoonsful in a saucer of hot milk, eaten before it dissolved to mushiness.

This point should be remembered as, after a certain time, evaporation seems to affect the sweet nutty flavor of the food as in the case of certain fine-flavored fruits.

The result in my case was simply astonishing. I had no desire whatever for sweet pastrys, meats, or in fact anything else; and my brain was as clear and active at night as on awaking from a long, refreshing sleep.

The peculiar advantage about Grape-Nuts food is that it supplies the nutrive qualities of a varied diet without the bad results of heavy eating. I cheerfully recommend its use to all brain workers, if not as an exclusive diet, certainly for the last meal of the day. I always take it with me when traveling, which saves a deal of annoyance and discomfort."

KANSAS CITY CONFERENCE.

By Newt Gresham, Greenville.

From the state of New Jersey on the north to the great state of Texas on the south, and from the Dakotas on the the west to old Kentucky, South Carolina and Georgia on the east and south almost every state was represented. In addition to the representative force of the mid-road populists came the long haired single taxers, the long faced fusion populists, the misguided Bryan democrat, the free silver republican, the young public ownership party, representing in all perhaps not less than four million votes. We took in, by actual count, 30,000 Bryan democrats out of St. Louis, one hundred and ninety-eight delegates from their clubs represented them; they came with their "Bryan's Workingman's Club" badges pinned on the lapels of their coat, but they went away without them; they surrendered them to the populists, one of which is on exhibition in the Observer office. I am going to keep it as a relic of the past and as a pointer back to the great victory won by the mid-road populists simply by staying with and fighting for principle instead of pacing off with certain leaders in the direction of strange gods. Allen of Nebraska, Weaver of Iowa, Butler of North Carolina, Davis, Tracy & Co of Texas,were not there, but those who followed them away in the dismal swamp of fusion was there. These gentlemen lead them away but they had not the manhood to head the possession on the return trip. The god of nations and the gentle spirit of peace has certainly cast their beneficent influence upward and the peoples party principles, once trodden under foot of animals, called men, are again on the high road to ultimate success. Every plank, and even the preamble to the people's party platform, was adopted by the allied forces of Bryan people, fusion pops, single taxers and silver republicans and all they asked us to do was to change the name of the party from the "peoples party" to "The Allied Party," which we agreed to leave to referendum vote of the populists throughout the nation and report at a united consumating convention to be held at Louisville, Ky., on the first Wednesday in April, 1902. Now, I want to appeal to not only those who profess to favor reform in this republican form of government of ours in the county of Hunt, but to all to whom comes these presents greeting to get up and shake off their drowsy fears and get a hustle on for surely the winds have changed. The foolish, experimental stage in reform politics have been passed; those who wobble on the spindle have been spotted and they will never be given the oars again, but will be forced to sit on the bottom of the boat and be good or else go overboard.

Watch my prediction and hold me responsible for it and don't forget I said it, the next national campaign will be fought out between these reform forces upon populist principles and the republican party. Those democrats who refuse to recognize the parting of the ways when they reach the forks of the road will either fall headlong into the republican party which is the ultimate end sought by thousands of them, or else they will be run over by the onward march of reform politics and in the political fog.

Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food Such children grow right if treated right.

All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.

Send for free sample.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

A Fiendish Attack.

An attack was lately made on C. F. Collier, of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Overton Drug Store.

A Plucky Woman.

A recent dispatch from Italy, Texas, gives account of an encounter between a would-be burglar and a lady housekeeper for a family who resides on a farm three miles from there. The article reads:

"There was no one at home but the housekeeper, Mrs. Star, who, hearing a noise in one of the rooms, stepped to the door and saw the burglar who was on his knees, with a screwdriver and hammer trying to open a trunk. Mrs. Star stepped back and secured a piece of lightning rod about two and a half feet long, and walked into the room and asked what he was doing. The burglar replied: "You get out or I will kill you." The lady advanced and struck him a blow with all her strength on the back of the head, and as he raised up she struck him again on the side of the head and face, and then repeated the blow, making the blood flow at every stroke.

The man threw the hammer at her, striking her shoulder, which caused her to fall, but the plucky woman was up in time to strike another blow, which fell across the burglar's outstretched hand just as he was in the act of seizing her. Mrs. Star jumped out through the door and ran for a nearby neighbors."

Feed Cotton Seed Meal and Hulls.

We will give you 1200 pounds of hulls, 400 pounds of meal and $8.00 in cash for a ton of cotton seed. This amount of meal and hulls will last longer than a ton of seed, and will keep your cow in better condition. The feed we give you is clean and pure, and the meal is partly cooked.

There is 295 pounds of oil, 85 pounds of dirt and 30 pounds of lint in a ton of seed. These are entirely useless for fattening purposes, and a loss to you on every ton of seed you feed.

We pay you $1.00 per ton more for your cotton seed when you exchange on the above basis, which makes a ton of seed net you $15.00. Can you afford to feed cotton seed at $15.00, when for $7.00 you can buy 1200 pounds of hulls and 400 pounds of meal, which will feed your cow longer than a ton of seed? Figure it for yourself.

Rode the Galveston Storm.

The following story comes from Paris, Texas, under date of October 5th:

"H. C. Smith, an old blind beggar with a trained dog as his faithful companion, has been a familiar sight on the street corners the past few days, and the sagacity of the dog attracts a great deal of attention. The blind man's appearance recalls the great Galveston storm and flood, in which he and two other persons had a wonderful experience. One of them was George Jackson, a candy maker, and the other had both legs cut off near the knees and wore leather pads on them. He was known to Smith and Jackson as "Shorty" and engaged in fishing for a living. The three men lived on the gulf side of the city at Eleventh street and L in a shanty. When the storm came up and the house was flooded, they crawled into a light wooden cistern after having moored it to a tree with a fishing line. The house was torn to pieces by the wind and waves and part of the debris struck against the line, which was broken asunder. Being cast adrift, they were driven ahead of the waves with great speed. On the evening of the second day out on the water they were carried into shore with the tide and was landed in tall grass and marsh two miles from Corpus Christi. The blind man and Jackson had to carry "Shorty" on their backs, taking turn about and waded in the water and marsh for a mile before they reached high ground. The blind man's home is still in Galveston, but he has been traveling in the north ever since his wonderful experience."

The Cotton Crop.

At the request of several of our readers we publish the following statement concerning the cotton crop, which is clipped from the Atlanta Constitution of a recent date:

"The business men of the south are vitally interested in the farmers getting the highest possible price for their cotton. They prefer that the farmer should get the full benefit, because his good fortune furnishes the oil for business wheels of the country.

We have already shown why cotton cannot go below eight cents, except by a shade, and given the reasons pointing to even higher prices.. A large crop in Texas has been relied upon to glut the market, but the opinion of Hon. John H. Traylor of Dallas, a man whose estimate has weight, is that the Texas crop has been materially cut, which would result in a crop below previous estimates. To that opinion we have now to add that Mr. George W. Truitt, of La Grange, as follows:

'Editor Constitution:—I want to give it to you as my opinion that ten cents a pound will be paid for cotton within six weeks, and perhaps higher. The spinners are forced to use new cotton now, and have none of last year's left over. The limit of the crop this year will be 10,000,000, and that only if all conditions are favorable. A spell of bad weather now would knock out 1,000,000 bales. The world is short on cotton, and will be shorter next year. The wise planter should hold. GEO. W. TRUITT,

La Grange, Ga., Oct. 16, 1901.'

Such opinions as these are deserving of serious attention. The importance of a farmer getting the highest price for his product now is greater than ever. The present crop has cost more to mature than any one preceeding it for twenty years. Labor has been scarce and high, and the tenant system has fallen off sixty per cent in result, the price of corn and bacon has been high, mules costs $120 apiece—take all in all, the planter has been forced to invest more in the present crop than has been known in a long time. This being the case, it will take a full price to bring him out clear.

But, even with all this, the end is not yet. The crop in the field is three weeks late. It is just as important that we should have a clear October and November as it was that we should have had a seasonable June and July. With this ideal condition granted, never before has there been a crop so much in doubt for the picking. Heretofore when the bolls appeared there has been no uncertainty about this feature. There was abundant labor. But now, the labor is scarce. Croppers, fed from January to June, have deserted their planting and fled to the cities for work. To-day the trend is cityward. Railroads, furnaces, public works of all kinds, activities in the cities have all chained the fields so that the planter, looking over his budding [illegible] cannot pick it. From all [illegible] Georgia come reports of the [illegible] Hence the danger of scarcity [illegible] if nature should be kind. The [illegible] planter, therefore will scrutinize [illegible] market, and see to it that he [illegible] no mistake in what he does.

The views of such men as [illegible] John H. Traylor of Texas, and [illegible] George W. Truitt of Georgia, [illegible] valuable in that they come [illegible] men who know what they are [illegible] ing about."

We have never used any of ...d fashioned coffee since it ...rst started in our house." ... A. Smith, Blodgett Mills, ...d Co., N. Y.

The big combined circus of Adam Forepaugh and Sells Bros. which exhibited at Waco last Monday was attended by a large number of people along the route of the Texas Central and for many miles along the line of each road leading into Waco. The afternoon performance was witnessed by a number of people, estimated to be from fifteen to twenty thousand and for nearly an hour before the performance began the sale of tickets was refused because, notwithstanding the mammoth dimensions of the big, three ring tent, there was insufficient room to accommodate the people with any comfort. This circus is doubtless, easily the largest one in existence to-day and the performance was one rarely, if ever equalled in any department.

Virgil Harrod, a well known young man of this city, died at his home in Dublin early last Sunday morning, after a confinement of ten days. He seemed to be conscious to the very last, and also seemed to know that the end was near. At about six o'clock on Saturday evening he wanted to get up and walk around, but was pursuaded to stay in his bed. He told his attendants if they would permit him to get up, that after 3:35 they could handle him any way they wished, and at 3:30 that night his spirit took its flight. He leaves a young wife, to whom he has been married but about five months, and other relatives to mourn his loss, to whom the Progress extends sympathy.

Local sportsmen about Abilene report an exceptional large number of quail there this season. Some claim that the dry spring is responsible for it, while others insist, with probably more reason, that the enormous number of bull snakes captured in the country thereabouts is responsible for the additional increase of the birds, because these snakes invariably eat all the eggs they can find and are especially apt at hunting out nests in the grass. A number of parties have made good money in the past year trapping reptiles about Abilene for sale to San Antonio parties who supply them to menageries and circuses throughout the union.

John Alexander, a truck farmer living in the sandy land near Woodbury, in Hill county, has success with winter onions and cabbage. He plants his crops in the fall and has them ready for market by the first of April. He says he has done so for several seasons, and will soon be ready to plant his next crop. This year he made nearly $300 on less than half an acre of land. He told a local correspondent he could make money raising tomatoes at twenty cents a bushel, and would contract to raise nothing else on his farm if he could get a contract to sell all the tomatoes he could raise for twenty cents a bushel.

At Walnut Springs last Tuesday the Progress man met D. J. Timlin, the clever master mechanic for the Central railroad. Mr. Timlin says that Walnut is improving rapidly since the final decision for a permanent location of the shops at that point and that thirty-five new houses have been built there since the decision had been reached. The Central too is making extensive improvements to their shop buildings and additions to their mechanical oppliances. The monthly pay roll of the shops is reported to exceed seven thousand dollars.

The newspapers of Erath county are what one might in familiar parlance call "daisies." There is not another county in Texas that can show according to population, the number and quality of papers that can Erath. The Progress is making an effort to keep at the head of the procession, but its a "hard go," despite this fact, however, the Progress is not in anywise ashamed of a comparison. We are compelled to admit, and with pride too, that we have the most worthy of contemporaries.

The merchants who advertise should receive a liberal share of your trade for they go to the expense of inviting you to their stores and keeping you informed of the prices of goods. When you have to buy supplies of any kind give the advertiser an opportunity to figure with you and if a merchant who does not advertise should ever make you prices lower than one who does advertise it will be a surprise to the commercial world.

Two boys, one twelve and the other fourteen years of age, stopped in town Tuesday night begging for something to eat. They claim to live at Waco, and have been as far out as Abilene hunting work without success and are footing it back home.—Whitney Messenger.

Two trains of seventeen cars each containing cattle were shipped from Albany to a single firm in St. Louis last Saturday. They were all cows and the shipment is said to be the largest ever sent out of that place to one firm at one time.

I APPRECIATE YOUR WORK AND GIVE YOU A GOOD GUARANTEE.

S. C. MORGAN.
DENTIST, DUBLIN.
Office over G. B. Maloney & Co

A minister saw an Irishman who was a member of his flock about to enter a grog shop, and hailed him. Pat turned and looked at the minister, then walked in. The pious man waited for him on the outside, however, and when he emerged said to him: "Pat did you not hear me call to you?" "Sure, and Oi did, your riverence, but Oi only had the price of one," was the reply.—Ex.

Allen Bird, a negro, recently called up the cashier of a Mt. Calm bank over the telephone and represented himself as the cashier of the Citizen's National Bank at Waco and got $200 on his statement to that effect. He was placed in jail at Waco and Thursday of last week killed another negro prisoner by striking him over the head with an empty soda water bottle.

A new steam laundry is shortly to be installed in Dublin, at least such is the prospect at the present time. W. H. Flesher, proprietor of the Model Steam Laundry of Abilene is pected to install the enterprise and has already about completed arrangements for a laundry building to be erected between the old Moore hotel and the Central railroad, on the lot formerly occupied by Lafferty's marble yard.

Among other things, in making his charge to the grand jury of Hill county recently, Judge Poindexter alluded to a practice sometimes indulged in by attorneys of going out and soliciting business. He charged the grand jury to investigate the matter and if they could learn of any such practices there to return bills for each and every offense so committed.

We inadvertently omitted last week to say that Mrs. Mary Blackford accompanied her daughter, Miss Jessie, to Ft. Worth on Monday to witness the ceremony between her and Mr. Howard of Dallas, and that she remained in Ft. Worth to spend a few weeks with relatives, after which she will reside with her daughter in Dallas.

The operations on the well being bored at Morgan in prospect for oil has been delayed about thirty days on account of the drill having gotten hung in the well. The hole is now twenty-three hundred feet deep and it is expected be continued for a good many feet yet. The machinists are in a good way now to shortly resume boring.

Rev. A. E. Marsh, of the Farmers' Cotton Yard of Dublin, went to Stephenville last Monday to have his cotton scale weight investigated and officially stamped by the proper authorities. Both the Dublin yards are sparing no effort to provide themselves with facilities for giving absolutely correct weights.

For all fresh cuts or wounds, in either the human subject or in animals, as a dressing, Ballard's Snow Liniment is excellent; while for sores on working horses, especially if slow to heal, or suppurating, its healing qualities are unequaled. Price 25 cents and 50 cents.—Clay Drug Co.

The newspapers that have contracts to advertise the round lap bale system at a rate of one or two cents a line and sometimes less, should in all justice reduce the price charged their local advertisers to the same figure. If any advantages are given, the home people are entitled to them.

Misses Mary and Ruth Summerour, of Dawsonville, Ga., nieces of Mrs. Tobe Williams of this city, arrived last week, and will make their future home with Mrs. Williams. Frank Summerour, a brother of the above young ladies, also arrived and has accepted a position with the Latham Co.

G. L. Stine, second hand store, moved to Mistrot Bros. & Co.'s old stand in the Stine building. New goods in the line, furniture, etc., in trade for second-hand goods of any kind. Also plenty of second hand goods for sale cheap. Bring to us if you want to sell or trade. 18-4t

The key to health is in the kidneys and liver. Keep these organs active and you have health, strength and cheerful spirits. Prickly Ash Bitters is a stimulant for the kidneys, regulates the liver, stomach and bowels. A golden household remedy.

Nature can only feed the flame of life with the food eaten which is digested. Herbine will reinvigorate a weak stomach, and so improve digestion as to insure the natural bloom of health. Price 50 cents.—Clay Drug Co.

J. A. Armendt of Lyons, Burleson county, came in Thursday and has located in Dublin, temporarily renting one of the Hurd new houses in East Dublin, expecting to build at a later date. He was accompanied by his family.

Notice:—We have three rooms to rent. We take roomers and boarders. We do all kind of sewing to order. Call at Will Davies house. —Tates. 20-4t

Groceries

Full

Weight,

not under, is what you get by dealing with us. That kind of business pleases people and pays us. We are not in a hurry to get rich, but are content with quick sales and small profits. The fact that we have been in business for many years, and have customers now who traded with us when we started proves that we do what is right in selling groceries.

THIS SEASON'S CANNED GOOS

are being received by us daily. It will be wise for you to examine them.

Buying from headquarters is the secret of our low prices. We cannot attempt to describe all the Groceries in our stock. Come and see.

After June 15th, and until September 1st, our store will close at 7:30 p. m.

HARRIS GROCER CO.

BRISTOL ON STAND.

He Was Watch Officer on the Texas in the Santiago Battle.

OTHERS ARE CALLED

Lieutenant Bristol Declined to Change His Statement as to the Distance of the Blockading Squadron at Cienfuegos.

Washington, Oct. 10.—In the Schley naval court of inquiry Wednesday Lieutenant M. L. Bristol completed his testimony, and Rear Admiral Henry C. Taylor, Lieutenant Commander T. M. Potts and Lieutenant Edward L. Leiper, gave testimony, the latter being on the stand when the court adjourned for the day.

Admiral Taylor related incidents of the battle off Santiago on July 3, including the Brooklyn's famous turn. He said that none of the Spanish ships had made an effort to ram the American vessel when they came from the harbor at Santiago.

Commander Pott's testimony dealt especially with the bombardment of Colon. Answering a question from Judge Advocate Lemly as to the conduct of Commodore Schley during that engagement, he said it was that of a man laboring under great mental excitement and of a man who was anxious to discharge as soon as possible a disagreeable duty.

Lieutenant Leiper expressed the opinion that the Spanish shore batteries had not been at any time formidable.

During Commander Pott's examination Mr. Raynor secured permission from the court to introduce as evidence the order of Secretary Long to Admiral Sampson, dated April 6, in which he was admonished against the exposure of the American vessels to the fire of the strongly fortified ports. The paragraph in that order which he especially wished to have considered reads as follows:

"The department does not wish the vessels of your squadron to be exposed to the fire of the batteries at Havana, Santiago de Cuba, or other strongly fortified ports in Cuba, unless the more formidable Spanish vessels should take refuge within those harbors. Even in this case the department would suggest that a rigid blockade and employment of our torpedo boats might accomplish the desired object, viz: The destruction of the enemy's vessels without subjecting unnecessarily our own men of war to the fire of the land batteries."

The dispatch also contains the following order: "The department further desires that in case of war you will maintain a strict blockade of Cuba, particularly at the ports of Havana, Matanzas and, if possible, of Santiago de Cuba, Manzanilla and Cienfuegos."

Washington, Oct. 10.—Notwithstanding yesterday marked an important turning point in the career of Rear Admiral Schley being nothing less than the date of his transfer from the active to the retired list of the navy, he was in his accustomed seat within the railing of the Schley court of inquiry and gave his usual attention to the proceedings of the court. The retirement of Admiral Schley is in accordance with law, he having reached the age of 62 years. It was generally remarked he did not look his age.

Formal proceedings of the day began with the reintroduction of Lieutenant L. Bristol, formerly watch officer on the Texas, as a witness. He was under cross-examination when court adjourned Tuesday night and Mr. Rayner continued his questions when he resumed the stand.

The other witnesses on the list for the day included Lieutenant Commander Templin M. Potts, who was navigator on the Massachusetts during the war with Spain; Lieutenant A. W. Grant, who was also on the Massachusetts; Rear Admiral Taylor, who as captain commanded the battleship Indiana; Commander William H. Schuetze, who was navigator on the Iowa, and Lieutenant Jones H. Holland, who as officer on the Scorpion, made the log record of the communication of Commander Sutherland to Commodore Schley concerning the condition off Santiago.

Mr. Rayner questioned Lieutenant Bristol as the reliability of the stadimeter in measuring the distances at sea and the witness admitted it was not very reliable for a distance above 4000 yards.

The witness declined to change his statement made Tuesday that Schley's blockade of Cienfueges was 8 to 10 miles out.

Mr. Rayner also interrogated Lieut. Bristol concerning his estimate made soon after the arrival of the fleet off Santiago, that the Spanish shore batteries amounted to but little. He said the elevation of these batteries was from 150 to 200 feet Mr. Rayner produced a chart to show Morro battery was 220 feet above the water line and Zocopa battery was 230 feet.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Santa Fe Dividend.

New York, Oct. 10,—The directors of the Atchison, Topeka and Santa Fe railroad have declared a semi-annual dividend of 2 per cent on the common stock, an increase of ½ of 1 per cent over the previous declaration.

THE CANAL TREATY.

United States May Yet Get the Terms Sought from England.

London, Oct. 10.—Rumors that the canal treaty has been negotiated on the basis of the Davis amendment are discussed with languid interest by the English press. There is no marked revival of the quid pro quo argument of which much was made when the senate amended the former treaty, and there is evidence that wiser counsels prevail and that there is a disposition to allow the United States government to settle the canal question in its own way, with the confident feeling that it will then turn about and return the favor by disposing in a generous spirit of all controversies affecting Canada.

One comment that is heard is that the American government should find out precisely what is wanted and that the senate should not increase its demands subsequently.

American control of the canal is regarded as a convenient setoff for British control of the other interoceanic waterway.

MEXICAN OFFICERS.

They Go to France to Study the New Artillery Guns Adopted.

New York, Oct. 10.—Fifteen Mexican artillery officers will sail for Antwerp on the Red Star liner Southwark, enroute to France, where they will study the manufacture and manipulation of the French ordnance.

The officers, with a single exception, Col. Gilberto Luna, are captains or lieutenants in the artillery branch of the Mexican army. They have been commissioned by President Diaz to spend two years at Le Creuzot and study the famous artillery made there, which has been adopted by the Mexican government, in place of the German guns formerly used.

Col. Luna, in an interview, said that the Mexican army was in splendid shape. The country was free from brigands, and in every way was in a peaceful as well as prosperous condition.

On the day previous to his departure from the city of Mexico, Colonel Luna had a long talk with President Diaz, who, he said, was in splendid health.

MAY TRY FOR CUP.

Emperor of Germany Thinking of Entering the Race Next Year.

Berlin, Oct. 10.—Much interest has been excited in Berlin by the rumor that it is the emperor's intention to challenge for the America's cup, but nothing definite is known on the subject.

For two years the emperor has been ambitious to challenge for the cup, but his advisers have dissuaded him from trying until some finality was attained regarding the build of the yacht necessary.

The Kaiser is persuaded that with a yacht of the Meteor class he can accomplish nothing. German builders at present are closely studying the questions involved and the Kaiser is kept constantly posted, but nothing is yet known except that builders have been sounded both in this country and England on the subject.

Bookwalter Succeeds Taggart.

Indianapolis, Oct. 10.—Chas. A. Bookwalter, Republican, will succeed Thos. Taggart, Democrat, as mayor of this city. The Republicans also elected Chas. N. Elliott, city clerk; George W. Stubbs, police judge and a majority of the city council. Bookwalter's plurality will exceed 2000. A remarkable thing about the voting was that in every ward except the second, a Republican stronghold, Bookwalter made a net gain over Maguire.

SENSATIONAL ARREST

Woman Charged With the Murder of Fourteen People.

LAST WAS A SISTER.

Her Alleged Victims Were Four Husbands, Five Children and Four Members of Different Families Where Employed.

Dayton, O., Oct. 8.—Mrs. J.A. Witwer, a widow residing in this city, has been arrested by the police at the instigation of the coroner and is held a prisoner pending investigation which promises sensational results. Mrs. Witwer is suspected of 14 murders, the list including four husbands, five children, one sister and four members of different families in which she has been employed as housekeeper.

The last supposed victim was a sister, Mrs. Anna Pugh, who died a week ago under mysterious circumstances. An autopsy performed at request of Mrs. Witwer's mother who came here from Detroit, is said to have disclosed the presence of arsenic and copper in her stomach. Following closely upon the death of her first husband, Fred Schweger, came the death of two children. The second husband died suddenly several years after the wedding and three children of this marriage died in rapid succession. Her last husband, A. J. Witwer, died last April.

In each instance death was somewhat sudden and all were strangely alike.

The prisoner is 47 years of age and formerly lived in Middletown, this state. She has two sons in the Philippines and a sister, it is stated, in a New York asylum.

No conceivable motive for the suspected crimes has been disclosed. Drugs which were found in the house occupied by Mrs. Witwer are in possession of the police and will be examined.

CHASING THE BOERS.

British Troops Unable to Corner Those Invading Natal.

London, Oct. 8.—A correspondent of The Times, wiring from Dundee, Natal, says that during the progress of the big movement, such as is now being conducted by Gen. Lyttleton in the southeast corner of the Transvaal news consists mostly of the record of movements of Boers from farm to farm in an attempt to escape the cordon which is being drawn around them by British troops. In the country in which these operations are taking place it is impossible to prevent small groups of Boers from slipping through the columns. It is well known how successfully a large number of Boers can melt away in an almost incredibly short time on the present occasion. It is presumed the burghers, though massed in greater number than usual will be alarmed by their experience at Fort Italia and will avoid further concentrations.

Main body of Boers, which remains under the leadership of Commandant General Botha is within the cordon, and pressing north from Zululand frontier.

On the eastern frontier of Natal the danger of invasion seems to be averted by rapid movements of British troops. Throughout eastern Transvaal scouts continually sight armed Boers. Most of these do not belong to any particular command, but watch the movements of the British and are always ready to snipe from safe distance when opportunity offers.

CLASSED AS FENIANS.

London Newspapers Say Anarchists the Same as Fenians.

London, Oct. 8.—The speech of H. Kelly, of New York, at the anarchist meeting held Sunday in the hall in Tottenham Court road, London, in which he denounced the late President McKinley's political career, has led to the revival of the demand for the extirpation of anarchists.

The Pall Mall Gazette compares anarchism with Fenianism and maintains the only difference the sentiments of anarchism and the war of outrage, advocated by such men as former Congressman Finerty, is merely one of diverse means to the same end and urges that the police of the two Anglo-Saxon nations be empowered to take concerted action, hunt down the social enemy, whether anarchist or Fenian, and both governments refuse them the right of asylum.

By coincidence The Times prints a long article from Washington, protesting against the license allowed the Irish in America in plotting against Great Britain.

Commenting on this the St. James Gazette thinks British hands are not altogether clean, and that no law would be strained if Kelly and other foreigners, whose cult is murder, received immediate notice to quit.

Explosion on German Steamer.

Lima, Peru, Oct. 8.—An explosion in the magazine of the German steamship Totmes, from Hamburg, in latitude 24 degrees south, longitude 43 degrees west, killed the third officer and the head steward. The Totmes proceeded to San Francisco.

THAT BOOK ON SCHLEY.

Sampson Has Never Yet Denied He Did Not Approve Proofs.

New York, Oct. 8.—Colonel Robert M. Thompson of this city, president of the United States Naval Academy Alumni association, makes the following statement to the Associated Press in connection with the Schley inquiry:

"There is one story which I am very anxious should be truthfully presented to the public. After the Makay book was published, Makay stated that the proofs had been submitted to the commanding officers, including Admiral Sampson, and that they approved his statements. A reporter calling upon Rear Admiral Sampson when he was ill in his bed, obtained from the admiral what appeared to be a confirmation of this statement. The admiral was asked if he had seen and read the proofs of Makay's book, and he said "yes," but unfortunately he was too ill to go into the matter at any length to explain everything, and the public was so informed, and today it is believed that Admiral Sampson entirely approved the statement that Schley was a coward and a caitiff which was the gist of the Makay charge against Schley.

"I am in a position to state the true facts, and you may absolutely rely upon them as the truth. The proofs were sent by Mr. Makay to Admiral Sampson with the request that they should be read and corrected. The admiral, at the time, was not in good health, and did not wish to undertake the labor, but his secretary pointed out that the history was a standard one, and used at the naval academy as a text book. This volume brought the history down through the period of the Spanish war, and it was desirable that there should be no inaccuracy in it. The admiral, therefore, consented to read them, and he did correct a certain part of them. But as soon as he arrived at the part which contained the statement that Admiral Schley was a coward and a caitiff he was very much angered, and said that the statement was one that the author had no right to make; that it was unjust and unfair to speak of any naval officer in such terms, and declined to have anything further to do with the proofs. His secretary, impressed with the great desirability of having the statement of facts accurate, and not believing that he was in any way responsible for the statements of opinions did, on his own account, compare the book with records, and make on the margins a number of corrections. As these were in the same handwriting as those made when Admiral Sampson was giving his personal attention to the corrections, Mr. Makay was perfectly justified in his statements."

Outbreak of Smallpox Feared.

Denison, Tex., Oct. 8.—Indian Commissioner Jones fears an outbreak of smallpox in the reservations this winter, and is asking that a special appropriation be made for the expense of vaccination and retention of Indians in camps when infected with the disease.

Big Price for Quail.

Denison, Tex., Oct. 8.—The banks of Purcell alone handled $41,000, paid out for live quail shipped out of the Indian Territory last year. This fact was brought out by a meeting of the United States commissioners in South McAlester last week.

Two Miners Killed.

Hartshorne, I. T., Oct. 8.—In shaft No. 1 of the McAlester Coal company two Polish miners named Nick Competesh and Alex Carissno lost their lives from gas explosion and firedamp by going over defined marked dead lines.

Shot Himself.

Royse City, Tex., Oct. 8.—A farmer living three miles west of Royse shot himself in the head with a 22 target rifle. He is still living, but his condition is very critical.

Ex-Gov. Jones Made Judge.

Washington, Oct. 8.—The president has appointed ex-Governor Thomas G. Jones of Alabama United States district judge for the northern and middle districts of Alabama to fill the vacancy caused by the death of Judge Bruce.

The president also appointed Charles Hortsell of Colorado secretary of Porto Rico to fill the vacancy caused by the promotion of Secretary Hunt to the governorship of that island.

From Quebec to Cape Breton.

Toronto, Ont., Oct. 8.—Dr. W. Seward Webb, representing the Vanderbilt interests; President Newman, of the New York Central; Messrs. Sprague and Reid of New York and James Lawrence of Boston, have just completed a tour of Cape Breton on the proposed railway route from there to Quebec. In Cape Breton the Vanderbilts own several short lines and are connecting them so as to reach Sidney and Louisburg, from one of which points, Dr. Webb says, fast steamers will run to Great Britain.

Death of a Journalist.

New York, Oct. 8.—William H. Eckman, a former newspaper man and magazine editor, 60 years of age, is dead, the result of apoplexy. Mr. Eckman was for seven years city clerk of Cleveland, O., and at one time edited Winslow's Magazine.

Orley Humphreys, aged 19 years, died at Elgin, Tex., from hydrophobia. The dog that bit him is alive and shows no hydrophobia symptoms.

AN EXCELLENT SHOWING.

Choctaw, Oklahoma and Gulf Declares Dividends on Earnings.

Philadelphia, Oct. 8.—The directors of the Choctaw, Oklahoma and Gulf railway met here Monday and declared a semi-annual dividend of 2½ per cent on the $6,000,000 preferred stock and 2½ per cent on the common stock, the latter being a cash increase of half of 1 per cent. A 10 per cent common stock dividend was also made to the comon stock holders out of the accumulated earnings made during the past year. An official statement says the earnings belong to the common stock holders, and the directors felt under the circumstances of the declaration of the stock dividend upon the common stock it was not desirable to increase the cash dividend beyond 2½ per cent, although the net earnings for the fiscal year would have justified it. The statement says the company will eran upon outstanding $8,000,000 of common stock, after paying fixed charges over the 10 per cent for the current fiscal year.

JONES A DEMOCRAT.

He Supported Gold Democratic Ticket in Campaign of 1896.

Washington, Oct. 8.—Ex-Gov. Thos. Goode Jones, of Alabama, whom President Roosevelt appointed judge of the middle and eastern district of Alabama, to fill the vacancy caused by the death of Judge John Bruce, has always been a Democrat and was twice chief executive of his state. He was Gen. Gordon's adjutant general during the civil war. In 1896, as a gold Democrat, he supported Palmer and Buckner. It is understood that Booker T. Washington, the well-known negro educator, was one of ex-Gov. Jones' supporters. The latter not only has aided Mr. Washington in his efforts to elevate the negro, but he opposed the negro suffrage amendment incorporated in Alabama constitution.

LUMBER DESTROYED.

Half Million Dollar Fire Occurs at Arkansas City.

Arkansas City, Ark., Oct. 8.—A half million dollar fire occurred in this city Monday afternoon, completely consuming the Paepcke-Leicht Lumber company's immense yard of cottonwood lumber, containing 4,000,000 feet of seasoned lumber, ready for the market, and six cars belonging to the Missouri Pacific Railway company. The fire seems to have caught from a spark from the mill smokestack. It was thought for a while that the Kimball mill would be burned, but heroic efforts on the part of citizens and the fire company saved it and prevented the spread of the angry flames beyond the lumber yard. The lumber is partially covered by insurance.

KEPT TO HIMSELF.

Visitors Will Not Be Allowed to See the Assassin Czolgosz.

Albany, Oct. 8.—State Superintendent of Prisons Collins has given orders that Czolgosz, the murderer of President McKinley, must not be the subject of notoriety while in Auburn prison awaiting electrocution. He must not be seen and visitors must not be permitted to enter any part of the prison where knowledge might be gained of his location. The warden of the prison had been instructed to inform the guards and other employes of the prison that the divulging of any information concerning him or his doings would be considered a grave breach of discipline and will be dealt with accordingly.

Territory Judgeship.

Ardmore, I. T., Oct. 8.—Colonel Charles M. Campbell of Ardmore, I. T., clerk of the United States district court for the Southern district of the Indian Territory, is here. He saw the attorney general with regard to the judgeship of the district, and says that there is no doubt that Judge Hosea Townsend will be reappointed.

Killed Two Negroes.

Bryan, Tex., Oct. 8.—In the district court here the jury in the case of John Greer, charged with he killing of two negroes, H. Ense and Williams, near the Allen farm, a year or two ago, returned a verdict of guilty of murder in the second degree and assessed punishment at five years in the penitentiary.

Stricken Blind.

Lockhart, Tex., Oct. 8.—Walter Holmes, a restauranteur of this city, was stricken with total blindness early Sunday morning and has not yet recovered his sight. Mr. Holmes' eyes have been affected for some time.

Bohemian Farmer Dead.

Taylor, Tex., Oct. 8.—John Vitek, the Bohemian who was waylaid and shot on the Willis creek bridge, north of here, died Sunday night after fully identifying the negro captured here as his assailant.

Seven Murder Cases.

Carthage, Tex., Oct. 8.—District court convened here Monday, with Judge R. B. Levy of Longview presiding. There is a large criminal docket. Among the cases are seven murder cases.

Dead in a Buggy.

Mexia, Tex., Oct. 8.—Hugh Rogers died at Forest Glade, near here, Monday. He was visiting some friends in a buggy and late in the evening the buggy was found in the lot with the dead body in it. Cause of death not known.

Judge Reagan's Birthday.

Palestine, Tex., Oct. 10.—Judge John H. Reagan, chairman of the railroad commission, was Tuesday 83 years old. He celebrated his birthday on his farm near here, where he is spending a few days of quiet enjoyment.

Texan Fell at Batanga.

San Antonio, Oct. 10.—Robert Sproule of company C, Ninth regiment, United States army, who was among the killed at Batanga, Samar, on Sept. 28, was a San Antonio newspaper boy, having just before his enlistment been connected with the Daily Express of this city Previous to his enlistment he was in the employ of the Southern Pacific. He was a bright young man and enlisted in the regular army with the determination to win a commission.

Henry Randall Sentenced.

Houston, Tex., Oct. 10.—Henry Randall has been sentenced to be hanged in the county jail on Friday, Nov. 29. On the night of Sept. 23 Randall disemboweled his sweet heart, Lulu Davis, a negress, with a razor and then attempted suicide.

Boy Instantly Killed.

Mansfield, Tex., Oct. 10.—Will Gill was accidentally shot and killed while hunting on Mountain creek in Johnson county, four miles south of this place. The young man and a companion were hunting bullfrogs with a 22-caliber rifle when the accident occurred. They were neighbors and lived about two miles north of here. A verdict was rendered by the coroner in accordance with the above facts.

THAT RAISE OF BORDEN'S

He Gives His Reasons and Says Other Manufacturers Not Consistent.

New York, Oct. 10.—As the situation is at present, M. C. D. Borden, the cotton cloth manufacturer, does not expect the 30,000 operatives in the Manufacturers' association of Fall River mills to strike on Oct. 21 for a five per cent raise in wages, as has been threatened. Mr. Borden, who does not belong to the association, in an interview, gave his side of the controversy.

"Unfortunately the manufacturers seem to feel they are opposing one man," said Mr. Borden, "and I seem to be that man. That is a big mistake, for it is conditions, not methods, that confront them. Six weeks ago print cloth was selling at 2⅝ cents per yard. A cut of 14 per cent in wages was threatened. The operatives said they would strike and wages were not cut. Now prices are 20 per cent higher than then. There is a strong demand, with 3 cents steady as the price; a threatened cotton crop failure, and cotton itself higher, and if the manufacturers refuse to grant a five per cent increase Oct. 21, they will do so out of stubbornness in the face of every argument against them. It will be inconsistent.

"They said the other day, 'It is all very well for Borden to offer 3 cents for spot print cloth, but he knows there is none to be had.' Well, then, I went into the market and offered 3 cents for futures as far ahead as four months and they refused to make contracts with me. They are subordinating the real issue—trade conditions of a supply and demand—to a contest between capital and labor, on a paltry five per cent increase in wages, when prices have gone up 20 per cent."

Two Negroes Killed.

Dallas, Oct. 8.—Two negroes killed and one, or possibly two others badly injured was the result of a shooting affray occurring at 4:30 o'clock Monday morning on a Cotton Belt train a short distance this side of Reinhardt, Dallas county. The dead are: Wilkins B. Watson, a barber, of Sulphur Springs; Tom Neal, a bootblack of the same place. John Farrar was pushed or fell from the steps of the car and was badly injured. It is announced that a woman had her leg broken by a bullet, but this could not be confirmed.

Shamrock Will Not Return.

New York, Oct. 8.—Sir Thomas Lipton has decided to keep the Shamrock II in America this winter with a view of racing her next spring against the Constitution and Columbia. The Shamrock II is to be dismantled at once. Her mast will be taken out so she can pass under the Brooklyn bridge, and she is to be towed after being stripped, to New London, Conn., there to be laid up for the winter with the Constitution, which will also have a berth at that place.

Dead in His Office.

Austin, Tex., Oct. 8.—Dr. George W. Christian, a well-known practicing physician of Austin, was found dead in his office Monday. He returned Sunday night from a business trip to Hondo. The cause of his death is not definitely known. He was 55 years old and came here two years ago from Houston. He leaves a widow and three daughters, one of whom is married.

Strenuous.

"Why, Harwood, you have blisters on your hands. I remember you had some before you were married."

"Yes, but there is a great difference. Before our marriage the blisters came from rowing her around the lake. Now they are from beating carpet."—Chicago News.

"What's that?"

"The older women are all th... anxious to get in. The youn... pretty ones want to come o... Set.

PROTEST FROM CHINA.

Complaint Made That Chinese of Pekin Are Badly Treated by Soldiers.

Pekin, Oct. 8.—Chinese officials are considering the desirability of protesting to foreign ministers against the conduct of the legation guards as soldiers, who continue to treat the Chinese as conquered people. Groups of soldiers roam about the city wearing their side arms, often intoxicated, maltreating natives and committing petty robberies.

A party of Americans recently looted a silversmith's store, securing several hundred taels worth of property. The whole garrison was confined to the barracks until the guilty men were detected.

The governor of Pekin has protested because foreign storekeepers continue to occupy buildings which they seized in 1900, regardless of their owner's wishes. Ministers will evict storekeepers from these places.

Correspondence has been exchanged between Chinese officials and ministers regarding complaints made by Chinamen that they have been compelled against their will to take part in work of building new legations. It is becoming evident that some modus vivendi must be established or conditions here will become intolerable.

PRISON REFORMS.

Sultan of Morocco Undertakes to Make Prisons More Habitable.

London, Oct. 8.—A dispatch to The Times from Tangier, dealing with the announcement that the sultan intends to reform the Moorish prison system, says anything more pitiable than the present state of the prisons it is impossible to imagine. Any Morrocan subject is liable to be seized and incarcerated at any moment, often without the pretense of a trial. The rumor that he has saved a few dollars is sufficient excuse for his imprisonment.

The state of affairs in the prisons in the cities is bad and that of the prisons in the country baffle description. Many of them consist of small, high walled yards, with no shade, no shelter, no water supply and no sanitation.

To add to the horror, the prisoners are chained by their necks to a long, heavy iron chain, sometimes as many as 50 to one chain, without a yard between each. Heavy shackles are also riveted to their legs. The conditions in the subterranean dungeons are even more awful.

The sultan intends to change all this. He will overhaul the prisons, sending inspectors to report upon their condition. The prisoners are to have sufficient rations supplied to them by the local officials.

ANARCHIST LEGISLATION.

Mr. Hill Says a Law Came Near Passing Congress Before.

New York, Oct. 8.—Ex-Senator David B. Hill, in an article in a New York weekly journal tells about the failure in 1894 of proposed legislation in congress for the exclusion of alien anarchists, and for the deportation of those who had already entered this country.

Senator Hill was chairman of the immigration committee and was strongly in favor of such a law. The bill passed the senate, but failed to pass the house of representatives. Senator Hill says that it was not because the majority of the members of the house were opposed to the general principles of the bill, but because it reached that body late in the session when there was a rush of business and a single objection prevented measure from coming up for a vote.

He says there was a hitch between the house and the senate as to whether the anarchists should be examined by consular agents or treasury agents abroad. However, he declares that such legislation must be passed by congress in the near future. He predicts that the next congress will take up the matter.

Luther Bedford Mentally Deranged.

New York, Oct. 8.—Luther S. Bedford, the editor who failed to keep an engagement with Rev. Dr. Parkhurst, and who disappeared in this city, causing his friends and relatives considerable anxiety, has been found by John Gitterman, a New York attorney. Mr. Gitterman made the technical complaint that Mr. Bedford was mentally irresponsible. His sanity will be determined at Bellevue hospital. Mr. Bedford is a printer by trade and is well known in Texas, where he lived for many years and has relatives living in Dallas.

Boy Kills His Sister.

Hills Prairie, Tex., Oct. 8.—While Joe Rogers, a negro, and family were in the field Saturday evening, their child 7 years old, got hold of the gun. After pulling the hammer back, he did not know how to get it down, he pulled the trigger and killed his little sister, who was on the bed playing with the baby.

Woman Died of Burns.

Greenville, Tex., Oct. 8.—Mrs. George Catron died at her home in the southeastern part of the city as a result of injuries from burns caused by a broken lamp.

Protestant Sanitarium Completed.

Fort Worth, Tex., Oct. 8.—The Protestant sanitarium, the contract for which was let some months ago, was completed Saturday at a cost of about $25,000.

Supreme Court to Resume.

Washington, Oct. 8.—The United States supreme court will reconvene next Monday, after a recess of four months.

MORE WITNESSES YET.

Government Side of the Schley Court of Inquiry Not Finished.

Washington, Oct. 8.—The Schley court of inquiry has entered upon the third week of the investigation of Admiral Schley's conduct in the Spanish war. The crowd in attendance is large as at any previous time, indicating interest in the case is unabated. It had been expected the navy department would be able to complete its presentation of the case by the close of last week, but Captain Lemly's list of witnesses still contained almost a dozen names. Prominent among these is Captain Chadwick, who was Admiral Sampson's chief of staff, and who was in immediate command of the flagship New York during the Santiago campaign.

The program for the day included in addition to those recalled for correction of testimony, the names of two new witnesses, and of two who hitherto have been on the stand. The new witnesses who were present when court convened, with the expectation of being called to the stand during the day, were Captain W. M. Folger, who commanded the cruiser New Orleans during the bombardment of the Christobal Colon on May 31, in which that vessel participated, and Lieut. M. L. Bristol, who as ensign, was watch officer on the battleship Texas during the Santiago campaign. Lieut. Commander Dyson was also present with the understanding he would probably be recalled for the purpose of continuing his testimony concerning the coal supply of the flying squadron when it first arrived off Santiago and its capacity under carying conditions of speed.

The day's proceedings began with a recall of Lieut. Doyle, and Commander Rodgers for the purpose of correcting their previous testimony and when they had been excused Lieutenant Commander Hodgson, navigator of the Brooklyn during the Santiago campaign, resumed the stand. Th... was his third sitting. There were still a few letters constituting correspondence between the witness and Admiral Schley to be read and when they were concluded Captain Lemly and Mr. Hanna proceeded with their questions.

Hodgson's cross-examination brought out practically a repetition of his former testimony. In speaking of the battle of Santiago he gave a graphic discription of the fight. He was asked about the signals the Brooklyn gave during the engagement and told of the Oregon being signalled to use 13-inch guns.

HONORS TO A JAP.

One Will Lecture at Yale University on the Laws of Japan.

New York, Oct. 8.—Mr. and Mrs. Kato Hatoayama of Tokio, Japan, who have come to this country that Mr. Hatoayama may deliver a course of lectures on Japanese law at Yale University, are in this city for a few days previous to their departure for New Haven. Mr. Hatoayama is the first Japanese to be called to Yale to lecture on Japanese law. He is a graduate of the Yale law school from which he received the degree of D. C. L in 1881. He is one of the foremost exponents of new Japan. He has been for 10 years a member of the house of representatives of Japan and was at one time its speaker. He is a professor of law in the University of Tokio and president of the State Semmon Sakko, a private institution at Tokio, where 15,000 young men are students of law, literature and political science. His lectures at Yale will be on the civil code of Japan.

Immediately after his arrival in this country several days ago. Mr. Hatoayama went to Washington, where he had an interview with President Roosevelt They discussed the Chinese situation and agreed that the policies of Japan and the United States in that country are identical as both want to open China to commerce and neither cares for conquest.

Mrs. Hatoayama is here to investigate in the interest of dress reform. The advanced women of Japan, of whom Mrs. Hatoayama is one, are organized into a society which aims at the introduction of the American skirt.

Peary Accepted His Resignation.

New York, Oct. 8.—A Halifax special to The Journal gives the following story of the cause of the trouble between Robert E. Peary and Dr. Thomas S. Dedrick, as told by Captain Joseph Blakeney of the Peary relief steamship Erik. The report says Dr. Dedrick wished to have command of the Windward during Peary's absence. Peary refused to grant this request and soon after this the doctor tendered his resignation. The resignation was promptly accepted and the members of the party considered this acceptance a surprise to Dr. Dedrick.

Building a Monster Ship.

Newport News, Oct. 8.—It is officially announced that Oct. 19 has been selected as the date for the launching the monster steamship Siberia of 18,600 tons displacement, built here for the Pacific mail line. The Siberia and Korea are the largest ships built on this hemisphere.

Shot by a Minister.

Carbondale, Ills., Oct. 8.—Ben Brown, a carpenter and apple buyer, was shot down and killed by Rev. Joseph McCammish. The tragedy was enacted on the public square while the street were filled with people. Domestic troub... the cause of the shooting.

TEXAS HOUSE OF REPRESENTATIVES
Officially Recognizes the Shirt Waist.

The one thing that is sure to stir up the American public is any radical departure from custom—anything that is not in style and lacks Dame Fashion's approval, no matter how sensible and full of service the new idea is—vide the shirtwaist man for instance. In time, however, the merits of any worthy innovation impress themselves, and the distrusted theory becomes fact—as in the case of the shirt waist, adopted at Austin, August 6th, by official vote, as the proper thing.

"THE DENVER ROAD" was the first to break away from the electro-slug method of display advertising, giving the people something to read, with frequent changes and it worked well. This year in the interest of our "constant readers" we have put in a little time courting the Muse, also the Amuse, and—has it worked? Well, the shirtwaist man realized that he had been flagged and backed into a blind siding when he heard the talk. The "TALK" was what we were after—we thot the people a trifle slow in coming to a full understanding of what we were offering them for their money.

Within the last three years "THE DENVER ROAD" has made several quite radical departures in the matter of regular, daily equipment and service, viz: Pullmans with comfortable large dressing rooms for ladies, Cafe Cars, meals a la carte, Day Coaches—of the most modern variety—a handsome, box-vestibuled train, run thru without change. These trains, as well as our indvidual advertising, both strictly "Poetry of Motion"—have attracted considerable attention, and we are doing a good business, which is a compliment to the intelligence of the people who are our guests.

OVER THE COUNTRY.

LINGLEVILLE.

Regular Correspondence.

Oct. 9th.—Our community was visited by a refreshing rain on the night of the 7th, which was needed on account of stock water and fall pastures. We think the damage to cotton slight as most of the crop is gathered.

School opened at the Christian college with a fairly good attendance. Many visitors were present who offered words of encouragement to the students and well wishes to make the school one of notability.

Dr. Carr and wife, accompanied by Mrs. Jennie Carr, leave today for Dallas to attend the fair.

Bud Martin, Bill Goodson and F. M. Brown left on the 7th for the plains in search of land. They intend to move their families in a short time, if they meet with success.

W. B. Whitacre purchased the Duncan residence in place of Mr. Bowen,as was previously mentioned.

DUFFAU.

Fromthe Recorder.

Oct. 5th.—Many farmers say they are done picking cotton.

Mr. Reager and lady are visiting his father's family at Clairette.

W. R. Sifers has removed to Chalk Mountain.

O. C. McClure has lately had his residence neatly painted.

Postmaster Elkins notifies the public that by direction of the postal department the office here will be closed at sundown, commencing last Monday Oct. 7th, and after that time each evening, no mail will be handed out.

Six hundred and eight bales have been handled by the gin here.

Miss Berdie Lewis is again with relatives here.

Lewis Brown has returned to Duffau and we learn that his finger that was hurt, has not yet been healed. The effects of inflamation has somewhat affected his arm.

The young people enjoyed a social at the home of Mr. Washam last Wednesday night, an occasion of farewell to their friends. They started on their journey to their new home in New Mexico Friday.

CLAIRETTE.

Regular Correspondece.

Oct. 8th.—This country was visited with a very fine rain last night.

"Uncle" Bill Brown, who has been visiting here from Houston, Texas, for some time, left for home this morning on the flyer.

Will Key was here Saturday representing a Brownwood hardware company. He did some business in our little city.

Our community has been well represented at Stephenville for the past week and will no doubt continue to be while court is in session.

Mr. Roberson of eastern Texas, and Miss Lula O'Daniel of Clariette, were quietly married at the home of the bride's parents last week, W. R. Hardin officiating. The new couple left next day for the groom's home in the east. We truly hope that happiness and prosperity may attend them through life.

G. H. McCarty and wife made a trip to Hico Friday.

G. B. Weeks and W. J. Stephens made a business trip to Hico Monday.

Messrs. George Paris and A. L. Mayfield left yesterday morning for the fair at Dallas.

The majority of farmers will about finish up their cotton this week.

J. R. Garrett has his mill completed and his windmill ready to put up.

PURVIS.

Special Correspondence.

Oct. 6th.—Lee Goodwin has purhased Prof. Paine's house and lot at this place.

Mr. Lincoln has moved to Purves.

L. L. Stroble, who formerly resided at San Saba, is now moving near this place.

Barney Baker and A. L. Martin are visiting in Stephen county, some special attraction for Mr. Baker, judging from his frequent visits to that portion of the country.

Mr. Stroble has sold his farm near here to Mr. Lafever.

Mr. Stringer and lady, of near Altman, attended the Baptist meeting at Salt Branch Saturday and Sunday.

J. J. Anderson, who purchased the house and lot of Mr. Martin, is in this week.

Our school opened Monday with small attendance.

COW CREEK.

Regular Correspondece.

Oct. 8th.—A good rain fell in this section last night, filling the dry tanks and injuring the cotton that was unpicked.

E. K. Howell and family, accompanied by Mrs. Leverett and Miss Minnie Ellis, attended preaching and visited relatives on Green's creek Saturday and Sunday.

A. G. Leverett and family an dMrs. J. J. Kennedy and son were in attendance at services on Green's creek Sunday.

Miss Annie Kirk, one of our most highly esteemed young ladies and Walter Harris, were married Sunday morning at the home of the bride's cousin, Obe Kirk, Rev. Owen officiating. Sunday evening they left for their future home at Indian Gap, Comanche county.

In the midst of prayer meeting Sunday night, without a moments warning to those present, Joe White and Miss Nannie Price of Highland, entered the church and requested Rev. Owens to marry them. Our congratulations go with both these couples.

Bro. Owen is building a chimney to his mother's house.

H. C. Alexander and family visited W. L. Terry and family of Gorman, last week.

Mr. Webb and family visited friends near Proctor Saturday and Sunday.

You can get stamp photos at Thompson's. 17tf.

STEPHENVILLE.

Regular Correspondence.

Oct. 10th.—Reports from different points of the compass show the rain which fell here Monday night to have been pretty general throughout this section of the county.

District court and first Monday combined brought an extra large crowd to town Monday. Merchants report the trade of that day better than usual for a "first Monday" crowd.

T. W. Head, of Huckabay, arrived yesterday from Rising Star, where he had been at the bedside of his mother, who had been very sick.

Lawyer J. E. Sanders, who had been absent from here for some time, returned this week and will resume his law practice. He has been with his parents in Tennessee.

Ed Mobley left the first of the week for his home at Robert Lee, after a visit of several days with friends and relatives near here.

Among those from this city who have attended the State Fair at Dallas this year are: Misses Swan Jordan and Minnie Doyle, John Doyle, Don King and wife, Nick Sikes, Harve Keith, John Cage, W. W. Rutherford, Johnson Compton and Misses Mintie and Ethel Sherrell.

Judge L. N. Franks has gone to Austin on business.

W. H. Neel of Dublin, has been in the city this week interesting the merchants in a piano and organ contest.

Mr. Tommie of Dublin, was here the first of the week.

Mrs. W. Bough of Granbury, and her niece Miss Clara Williams of Georgia, were visiting friends here this week.

Miss Mabel Perry of Dublin, is visiting her brothers in this city.

Mrs. Eunice Moore left Tuesday for her home at Memphis, Texas, after a visit of some time in the Oak Dale community. She was accompanied on her return by her sister, Miss Bessie Varley,

Joe Watson, manager of the brick yards at Thurber, was shaking hands with his friends here first of the week. He went from here to Dallas.

Fred Glisson, the little son of D. F. Glisson and wife, got a fall ffom a peach tree Monday which resulted in a broken arm. It was his left arm which was broken, and the break occurred between the wrist and elbow, where no joints were interfered with, and the wound is easy to manage. Fred is getting along well.

An accident more serious than the one mentioned above occurred at Tudor's gin in this city Saturday at about noon, Frank Bostic, a nine year old boy who lives about three miles northwest of town, had come with his father to the gin. Frank entered the gin room and while the ginner's back was turned, got very close to the gin stand and began to catch the seed in his hand. Soon his hand was caught in the saws and his hand and arm so badly lacerated that amputation was necessary. The limb was taken off just above the elbow. The boy has not yet gotten able to be taken to his home, but is at the home of V. M. Washam, here in the city.

Outsiders continue to wish for Erath county land, as shown by the purchase by Dr. John G. Clay of Denton county, of four thousand acres of land from O. S. Houston, president of the First National Bank of Stephenville. This land is a part of the Three Circle Ranch near Bluff Dale. The transaction also included thirteen hundred sheep. The consideration was $32,500.00.

Uncle Jimmie McAllister of the Smith Springs community, about four miles from here, died last Friday and was buried on the following day at his home cemetery. He was a good old man, about 69 years of age, and for many years a resident of Smith Springs community.

Esquire J. D. St. Clair and wife of Alexander, have been visiting their daughter, Mrs. O. S. Houston, this week.

PALUXY.

Regular Correspondence.

Oct. 8th.—We had the best rain last night we have had in twelve months. Wheat sowing will be in order now, cotton is about all gathered, grass is very poor and stock of all kinds is in bad order.

Jno. Palmer trapped a large wolf one night last week that has been depredating on his sheep and goats.

Our gin has put up somewhere in the neighborhood of three hundred bales to date.

Sherman Kelsoe has sold his store house and goods to James Roland and he has gone to farming again.

Wink Williams, Mr. Morrison and several others will leave soon for the new country in Oklahoma.

James Roberson will start for Fisher county in a week or so.

You Know What You Are Taking.

When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in tasteless form. No Cure No Pay. 50c.

SHELBY.

Regular Correspondence.

Oct. 9th.—Health is improving this week.

People are about up with cotton picking in this part of the country. Just a few more nice days and it will be out.

Lewis McClusky sold some fine porkers last week in Dublin at eight cents per pound.

Mrs. L. V. McClusky and daughters were visiting Mrs. Daugherty last Friday.

Sam Knight was shaking hands with friends in Dublin last Thursday.

People are wandering where they are going to get seed oats for another year, as the acreage will be small here next season on account of the scarcity of seed.

Rev. N. R. French preached at Shelby last Sunday. He returned to Iredell Sunday evening.

Rev. J. J. Davis of Stephenville, will preach here next Sunday.

Thousands of the most stubborn and distressing cases of piles have been cured by Tabler's Buckeye Pile Ointment. It never fails to cure. Price 50 cents in bottles, tubes 75 cents.—Clay Drug Co.

Tot Causes Night Alarm.

"One night my brother's baby was taken with croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it wruld strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for coughs, colds, throat and lung troubles. 50 cents and $1.00. Trial bottles free at Overton Drug Co.

Marriage Licenses.

The following wedding permits have been issued by the county clerk since the 3rd inst:

L.S.Acrea and Miss Pearl Weathers, Stephenville.

A. L. Essary and Miss Della Foster.

Joe White and Miss Nannie Price, Dublin.

M. V. Hunter and Miss Sallie Morris, Stephenville.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundations of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case it fails to cure. Send for list of testimonials.

This is a new line with us and in order to get it before the people we have decided to make some extra inducements in the way of close prices. Call and examine this line whether you want to buy or not, we want you to get acquainted with this department.

Yours for Business,

Utterback & Harris Co.

DUBLIN, TEXAS.

A Suggestion to War Preachers.

By permission we publish the following extract from Judge T. B. King's forthcoming book on the the "Ascent from Churchanity to Christianity—from Mars to Jesus."

The scene is laid in the border ruffian district of Missouri in the year 1856. The occasion of this speech was on a "First Day of Court Public Speaking." Senator Atchison and General Stringfellow had made speeches favoring ballot box stuffing in Kansas, accompanied with a strong refrain, that if necessary, in order to make Kansas a slave state, "shooting as you wheel" might become necessary, and advocating secession and how in certain parts some preachers on the rostrum by nodding heads and other signs of approbation had approved of the "peaceably if you can, but forcibly if you must" doctrine advanced by the senator and general, whereupon Judge Counsellor, on the part of the law and order element, among other things, addressed the clergy present as follows:

"Oh, thou of the clergy! What is your mission? Is it to give the people a serpent when they call for meat? To give them stones when they call for bread? Is your mission to teach our youths to beat pruning hooks into spears and plowshears into swords, or to teach that the nations shall learn war no more by beating spears into pruning hooks and beating swords into plowshears? What of these is your mission? Is it your mission to teach our mothers to swear their children *Carthage delenda ests* of barbarism, or to raise them up in the nurture and admonition of that Christian civilization which draws its inspiration from the prince of peace? Which? Is it your mission to teach our daughters to tune their voices to the hoarse bellowing of the bawls of blood and fire, or to the anthems and acclaims of the angels proclaiming 'peace on earth, good will to all men?' Do you deem the voice of women better calculated to shout aloud to Mars in his triumphs of killing and burning, or to chant the psalms that prophecy of Jesus in his triumphal overcoming by love of all the kingdoms of the earth? Is it your mission to teach strong men to become war horses champing on their bits as they snuff the sulphur fumes of war from afar, or to teach them the arts of peaceable industry? Will the mothers of your country under your teachings be like bridegrooms coming out of bridal chambers strong to run the race of life, or be like wild beasts coming out of the hells of war where the tooth is made strong to gnash and the claw strong to tear and rend asunder in the struggles of death? Are the caresses that men should pour onto the warm bosoms of brides to be turned, under your ministrations, into curses to be hurled at the bosoms of their fellow man? Is ballot box stuffing in Kansas to be preached by you as one of those insearchable riches to be laid up as treasurers in heaven? Will you bow your heads, as you did to-day, to the blasphemous sentiments of shooting people down in cold blood in case they oppose your voting in their state? Will you, in fine, desert the worship of Jesus the prince of peace and bow down and worship at the altars of Mars, the god of war?

Oh, men of the clergy, there will be no war if you, as you should, preach Christ instead of Mars! What will you do? This day, and every day, some life and death is set before you—which will you choose? I am as well satisfied as I am satisfied that I am looking now into your faces that if you follow the advice of the "On to Kansas, shriekers" and as you have heard today from this stand, that war will come, and with war will come the trumpet sound of the angel of oistory, "slavery, slavery is no more!" For in less than four years the trample of what Senator Atchison calls "John Brown's Legions" will be heard in the halls of every southern capitol."

Why We Have Friends and Why We Keep Them.

The way to keep your friends is to treat them right all the time. That is the way the Great Rock Island Route keeps its friends. We give them the best we've got and we've got the best.

The way to gain new friends is to have something attractive about you. Some of the attractive things about the Great Rock Island Route are, a rock ballast road bed; the best dining stations and the best dining car service in the world; the latest and most elegant Pullman sleepers running out of the state; the finest free reclining chair cars; employes that look after your comfort and welfare and give information in a civil, respectful manner; known that you can well afford to the accommodations se-
