Texas Alerted To Open Draft By September

AUSTIN, July 11. (AP) — Texas has been alerted to start draft inductions "not later than September" but no state quota has as yet been received, state selective service headquarters announced here today.

The alert came in the form of a telegram from Maj. Gen. Lewis B. Hershey, national director, after the Department of Defense called yesterday for induction of 20,000 men at the "earliest possible date."

WASHINGTON, July 11. (AP)-Draft machinery to produce the 20,000 recruits asked for by the Army was in motion today, while military leaders sought ships to carry already trained troops to back the defense of Southern Korea against invading Communists.

The Army said it is studying the possibility of opening induction centers to handle the draftees as well as the flow of volunteers yesterday's call-up is expected to produce.

Army officials explained, however, that induction centers may not be necessary, unless the enlistment volume increases considerably.

DELAY

Army officials said that an immediate decision about setting up induction centers could be delayed as Maj. Gen. Lewis B. Hershey, director of selective service, said it would take about 60 days for his reactivated organization to provide recruits the Army could start turning into soldiers.

The call for 20,000 men — the Army said it wanted them "at the earliest possible date"—would indicate that few would be inducted in any one community on the first go-around.

Gen. Hershey said that if the draft call goes as high as 300,000 men he believes the men can be provided from among those registrants who are 22 years of age or older.

PROVISIONS

The draft law permits drafting of men 19 through 25 (18 year olds must register but can't be drafted until they are 19) and the plan is to take the oldest eligibles first.

However, since so many of the 24 and 25 year olds are exempted from the draft because of service in World War II, the accent at the start will be on those who are 22 and 23 years old.

Hershey said he had no idea about the size and timing of future draft calls. He used the 300,000 figure as a basis for discussion.

The Defense Department said yesterday's call for 20,000 was issued to meet the manpower ceiling approved by President Truman last week. The exact figures that are in the ceiling are still a secret.

President Truman has not yet made use of his new powers to call the reserves or the National Guard to active duty.

Case Dismissed When Witnesses Fail to Appear

The criminal district court case of Woodrow Dixon, 34, of Snyder, formerly of Bel Air, Md., indicted on a charge of automobile theft, was dismissed this morning after the failure of two prosecution witnesses to appear in courrt.

Announcement of the dismissal was made publicly in the courtroom by Eldon Mahon, district attorney, following a warning from the bench by Judge A. S. Mauzey that henceforth all witnesses properly subpoenaed would be fined $250 each plus court cost, and otherwise prosecuted if necessary, upon failure to appear in court at the time instructed them.

His statement being recorded as a part of the public court record, Mahon said, "This case is dismissed because of the refusal and neglect of two witnesses to appear this morning against the defendant, having been instructed by me personally yesterday to be present.

"If the people are not more interested in court than this, I am not going to waste the court's time trying to prosecute such cases."

Mahon said he would in all similar cases henceforth "prosecute witnesses who failed to appear in court on grounds of compounding the felonies they are witnesses to."

This is, in effect, making the witnesses parties to the offenses, Mahon said. "When witnesses fail to appear," he said, "the court is out additional expense paying the jury panel for wasted time, and the grand jury's time spent on the case, plus the time and expense of apprehension, is wasted."

Judge Mauzey said there was a tendency of complaining witnesses to forget about the court charges after stolen or swindled property had been recovered. "This kind of action is using the court for the wrong purpose," he added. "The court's business is to decide issues and prosecute criminals—not to collect bad debts or stolen property."

Dixon was indicted on a charge of stealing a 1949 Mercury automobile from Mr. and Mrs. Preston Denhams June 16. The car was recovered in Dumas, Tex., soon afterward in the possession of Dixon, a former employee of Denhams, who operates the Midway Cafe, four miles southeast of Snyder on the Sweetwater highway.

Soldier Ship Out

SAN FRANCISCO, July 11. (AP)—The American President Liner General W. H. Gordon will sail today with 1,350 soldiers as replacements in the Western Pacific.

W. A. Casseday Will Be Pastor Of Teague Church

The Rev. W. A. Casseday, pastor of the Presbyterian Church, announced today that he will go to Teague, Tex., as pastor of the First Presbyterian Church there. He will begin his duties there next Sunday.

Mr. Casseday said he had received a telephone call from Teague, asking him to come and take charge of that church. Teague is in the Waco presbytery, Mr. Casseday said, and is a larger parish than Snyder. He said there were opportunities for a great deal of church development there and that he felt that the change was a promotion.

"I regret to leave the host of friends and the good contacts that I have made in Snyder," Mr. Casseday said.

In his three years in Snyder the

Accepts call to Teague, Tex.—the Rev. W. A. Casseday.

membership of his church doubled. Aside from his church duties, he took an active interest in various kinds of civic work. As a member of the fire department, he served as chaplain, drove a fire truck and helped fight fires.

During the past year he was chaplain of the Mid-West Texas district of the Firemen's Association and he will continue his work with the association after he goes to Teague.

He was instrumental in getting aid for destitute families whose homes had burned through the Salvation Armry. He served as chairman of Salvation Army drives here. Chester Barrington, chief of police, will assume the chairmanship now, Mr. Casseday said.

For the past three years he has been chaplain of the Masonic Lodge here and will continue his Masonic duties in Teague.

He also worked with the Parent-Teacher Association in Snyder and expects to work with the schools in Teague. He will be a Bible teacher in the public schools there.

Mr. and Mrs. Casseday will leave tomorrow afternoon to go to their new home.

"Although we sincerely regret leaving Snyder," Mr. Casseday said, "we are looking forward to the tremendous amount of work to be done in our new parish. We hope our friends will visit us and write us there."

Yanks Thrown Back Before Big Red Mechanized Force

Fear Eighteen Americans Killed By Red Captors

By The Associated Press

AN AMERICAN BASE IN SOUTH KOREA, July 11. (AP)—Front line reports tonight indicate 18 American soldiers have been bound and slain by their Communist North Korean captors.

The executions all apparently took place in the field, in most cases not long after the victims fell into Communist hands. U. S. fighting men expressed anger over the manner of the killings.

Allowances were made for possible duplications in the battlefront cases reported. In each instance the type of wound, nature of the bindings and other ristingusihing marks were sifted by reporters making the count to try to avoid duplications.

TEXAN FIRST

Lt. D. C. Gates of Joinerville, Tex., was the first to report the atrocity slayings of bound prisoners. He said GI's were slain after having surrendered. Their hands were bound behind them. The bodies were in an area where a see-saw battle raged.

Then came Associated Press Correspondent William R. Moore, who found two more in a frontline area. The markings on the bindings of these two bodies were different from those described by Gates.

The two Moore found had been shot in the forehead. The seven Gates reported were hit in the face by bullets.

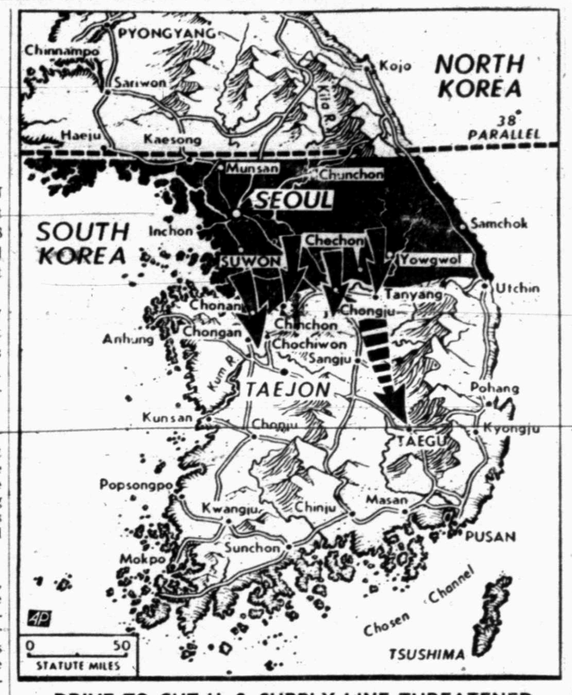

An Army doctor, Capt. Donald Duerk of Long Island, N. Y., reported seeing three bound bodies at an aid station. At least one of these victims had been shot behind the ear. He said the bodies were found in an area recaptured by the Americans.

THREE MORE

Pfc. Jack Higdom of Owensboro, Ky., reported seeing three soldiers' bodies bound with ropes and with bullet holes in their faces. All previously reported had been bound with cloth.

Pvt. Donald Odle of Portsmouth, Ohio, said several days ago he saw four Americans surrender to the Communists. One was shot immediately. He did not know what happened to the others.

Pfc. Arthur Allyn of Fort Meyer, Va., said he had seen the bodies of two soldiers at an aid station . . . their hands bound behind their backs with belts. They had been shot in the throat.

DRIVE TO CUT U. S. SUPPLY LINE THREATENED—Broken arrow points up threat to U. S. supply line from Pusan to Taejon which General MacArthur's communique said was seen in increased Communist activity in the Tanyang area east of Chonju. Solid arrows locate main North Korean drives. Deepest penetration was in west where North Korean columns driving south from Chonan reached Chochiwon and Chongan, just short of the Kum river above Taejon. Black area is approximate extent of territory in North Korean control. (AP wirephoto).

Eighty Tanks Spearhead Mighty Communist Drive

North Korean Troops in Disguise Filter Behind American Lines Before Engagement

BULLETIN

LONDON, July 11. (AP)—The foreign office said tonight Britain's ambassador in Moscow had a second talk with Deputy Foreign Minister Andrei Gromyko today on a possible "peaceful settlement of the Korean conflict."

TOKYO, Wednesday, July 12. (AP)—The North Korean Communists hurled American defenders back close on the Kum River in South Korea today in a major push powered by an estimated 80 tanks.

Some of these Russian-made tanks were identified as 60-ton monsters.

This enormous strength was displayed despite the announced knockout of 65 enemy tanks by American Air Forces only the day before the general Red offensive got under way.

A spokesman at American field headquarters in South Korea said the Communists were using 80 tanks on the American front in the Chonui area alone.

They also were using most of their infantry strength in the big drive, he said. He recalled that some days ago the invaders were estimated to have 15 divisions totaling 75,000 effective infantry fighters.

Communist troops disguized as civilians infiltrated the American lines in a foggy night in advance of the big push.

The enemy's deepest reported thrust drove the Americans out of Chochiwon, five airline miles north of the Kum River.

The Kum is the last major defense line north of Taejon (previously identified as U. S. field headquarters but not so mentioned in late dispatches.)

Americans were fighting desperately to stem the Communist rush, but a field headquarters spokesman acknowledged they were withdrawing to previously prepared positions.

REDS INFILTRATE

North Koreans who had infiltrated American lines during the night in civilian clothes, created confusion.

In Korea, an American field headquarters spokesman said Communist pressure was "being exerted all along our front line."

The battle raged between Chonui and Chochiwon, 20 air miles north of Taejon. The spokesman said it still "was fluid." An unofficial report reaching Tokyo said Americans had fled from Cohchiwon.

Gen. MacArthur's communique, which is usually 12 to 24 hours behind field reports, said "American forces . . . are continuing their action to stabilize the situation by stopping the North Korean offensive above the Kum River." It was issued at 12:05 a.m. (8:05 a.m. CST, Tuesday.)

(In Washington the Defense Department said 10 U. S. tanks had been destroyed and two disabled in Korea.)

TAKE UMSONG

The Reds' Pyongyang radio said North Korean troops had captured Umsong, 12 air miles southwest of Chungju, South Korea. It said Red troops took the city "and its surrounding areas" at 2 p.m. Monday (10 p.m. CST, Sunday.)

The Northern Korea radio also said three B-29 bombers were shot down in an American air raid on Pyongtaek, Inchon, Suwon and Chinchon, Red held South Korean cities.

Communist activity on the east coast increased, the announcement said, "although it still remains on a relatively small scale."

Enemy strength was reported increasing near Utchin, an east coast port about 125 miles north of Pusan.

HIT BRIDGES

The Fifth Air Force's light bombers supported by B-29's attacked bridges, highways and railroads with "excellent results," the communique said.

Fighter planes ranged widely, strafing highway, bridges and railroads with rockets and machineguns to support ground troops, the general's communique said.

Telephone Rate Hiked; Dial System Is Assured

The Southwestern Bell Telephone Co. announced at 3 o'clock this afternoon that they had accepted the rates offered last night by the city and that work on the dial system would go forward immediately.

The city council last night authorized higher telephone rates here, but did not accept the rate increases orginally asked by the Southwestern Bell Telephone Co.

The increases, as provided by the council's action last night, are being studied by telephone company officials in St. Louis.

The ordinance as adopted by the council provides for all the rate increases asked by Southwestern Bell except in two categories—business telephones and private-line residences. The company had asked $8.25 for business telephones, and was granted a new rate of $8; it requested $4.25 for private-line residences, and was granted $4.

APPROVAL SOUGHT

Marshall Kemp, Sweetwater, area manager for the telephone company, said these changes would have to be approved by company officials before work would commence on the dial syystem.

The council accepted the other proposed rates, which include $5.50 for rural business lines; $3.50 for two-party residence lines; $3 for four-party residence; and $3.25 for rural residence.

The old rates, granted by the council 14 months ago, were $5.50 for private-line business; $1.25 for business extension; $2.75 for private-line residence; $2.25 for two-party residence; 75 cents for residence extensions; $8.25 for commercial PBX lines and $1.25 for commercial PBX stations.

In voting the new rates, the council split four to one. Those voting in favor of the new rates were Ernest Taylor, C. L. Williamson, R. L. Terry, and Ivan Gatlin. Voting against the increases was A. L. Martin. H. B. Allen was not present.

Kemp, with W. L. Blakney, Abilene, district manager, and R. B. Peterson, Wichita Falls, former area manager here, met with the council to explain the petition.

Blakney told the council he had talked last night with the vice-president of Southwestern Bell and had been told that any committment made by him to the city of Snyder would be fulfilled, that the dial system for Snyder had already been engineered and that the manufaeturer would begin on the equipment as soon as rate increases agreeable both to the city and to the company had been fixed.

BUILDING SET

Kemp said, in explainnig the petition before a vote was taken, that if the new rates were accepted in full, the company would begin at once on a new two-story building to house the dial system. He also said the system would be in operation by October, 1951, and possibly sooner.

Blakney told the council that there are now almost 2,000 telephones in Snyder, but that the company is unable to meet all requests for telephones with its present system. He said there would be 5,000 telephones in operation by the time the new system had been installed.

A lot for the new building has already been purchased, Kemp said. It is located south of the Manhattan Hotel on Twenty-seventh Street and Avenue R.

The new rate schedule, as authorized by the council, will be effective immediately if it is approved by company officials, the council was told.

FIREWORKS BAN

The council also voted last night to put into effect an ordinance prohibiting the sale and shooting of fireworks within the city limits. Under the new ordinance, anyone selling, giving away, shooting or storing foreworks in the city is subject to a fine of not more than $100. The council voted four to one on the ordinance: Taylor, Terry

Cotton Futures Skyrocketing

NEW ORLEANS, July 11. (AP)—Cotton futures skyrocketed nearly $6 a bale here today on heavy trade and speculative buying on yesterday's small official acreage figures.

Trading was active and some of the demand seemed due to wet weather in the belt and favorable textile reports.

The spot July position behind new crop months, being under the influence of evening-up operations for last notice day Thursday, July 13. Profit taking from the long side erased some of the gain and at 9:15 o'clock this morning prices were 85 cents to $5.10 a bale higher with July at 36.50, October at 36.20, December at 36.19, March at 36.24, May at 36.25.

Well Near Ira Gets Salt Water In Deep Test

A prospective Strawn discovery in Central South Scurry County has developed salt water on a lower Pennsylvanian drillstem test.

The venture is Cities Service Oil Co. No. 1 B. Taylor, located one mile northwest of Ira. On a drillstem test at 7,584-600 feet recovery after two hours was 90 feet of mud and 2,250 feet of salt water.

Operator possibly will top the Mississippian, then plug back in an attempt to make a producer from the Strawn at approximately 7,089-118 feet where 10.56 barrels of oil and 17.2 barrels of salt water were recovered on a drillstem test of an unreported length.

The No. 1 B. Taylor is 330 feet from north and west lines of southeast quarter of section 133, block 97, H&TC survey.

PLUG WELL NEAR HERE

Gene Goff of Midland has been forced to plug and abandon his No. 1 B. Lida M. Hardy on the east edge of the Kelley-Snyder field, two miles west of Snyder.

The failure bottomed at 6,809 feet after being unable to develop production in the Canyon reef.

Drill site was 467 feet from north and west lines of lot 49, section 38, Kirkland and Fields survey.

HOWARD WILDCAT

Lomax Brothers Drilling Co. and R. J. Zonne of Midland are to start operations by Saturday on their No. 1 L. M. Anderson which is to be an 8,000 foot wildcat in in Northeast Howard County, to test the Pennsylvanian lime. It is about 17 miles north and slightly east of Big Spring and will be located 660 feet from north and west

U. S. Soldiers Found Tied, Fatally Shot in Korean War

By WILLIAM R. MOORE
AP Staff

NEAR THE FRONT IN KOREA, July 11. — I saw two dead American soldiers Monday who had been shot through the head. Their hands were tied behind them.

This was Communist North Korea's answer to the plea of the International Red Cross for humane treatment of prisoners in Korea's civil war.

Gen. MacArthur has ordered United Nations troops fighting in Korea to observe the civilized rules of warfare. Maj. Gen. Chung Li Know, chief of staff of the South Korean forces, has issued orders to his troops to observe MacArthur's instructions.

ON ROAD

The two soldiers lay just off a main road which carried the vital, frantic traffic supplying front line fighters. They had been there since Monday morning, I was told later by infantry officers at rear command posts.

REPORT THREE

These officers said three Americans had been tied and shot in the head but I saw only the two bodies.

(Yesterday, Lt. D. C. Gates, Joinerville, Tex., reported seven American soldiers, their hands tied behind, had been shot to death by North Koreans. There was no indication whether the three reported today were some of those, or additional atrocities.)

I found no one who witnessed these slayings. Based on what was known of the fighting at this point early Monday, the belief was held generally that the soldiers, riding in a jeep in the morning mist, suddenly found themselves only 20 yards or so from a North Korean tank. With the tank guns raised upon them, they jumped out and surrendered.

EVIDENCE SHOWS

Their bodies showed what happened afterward.

One of the green clad corpses lay face downward, the other on its side. Cloth bands about three inches wide, like the bandages each American soldier carries in his first aid kit, were tied so tightly around the wrists of each that the hands showed purplish brown, the arms above the thongs much lighter.

The gravel road at that point cuts through a small ridge. Below each approach to this small hill lie green rice paddies which stair-step steeply down to a small river.

Two Russian built tanks were said to have pushed through the morning fog to the top of this ridge, retreating after a hot sun burned away the fog.

HIT THE GROUND

I reached this hill late in the afternoon aboard a tank retriever—an armored tank-like vehicle that pulls disabled tanks back to safety. Almost immediately the deadly crescendo of a fighter plane's dive, which sounded as if it were coming toward us, caused all aboard to hit the ground. The plane had another target—a stalled or damaged enemy tank. It was a few hundred yards from the foot of the hill on the side toward the front line. The road makes a left turn at the foot of this hill. An American tank was just off the road at this bend.

Gordon Dean Named Chairman Of Atomic Energy Commission

WASHINGTON, July 11. (AP) — President Truman chose Gordon Dean, now acting chairman, to be chairman of the Atomic Energy Commission today.

The White House announced that Mr. Truman has decided on Dean, who has just started a new three-year term, and will make the formal announcement shortly.

Presidential Secretary Charles G. Ross told reporters the naming of an AEC chairman does not require Senate confirmation.

Dean has been acting chairman since the expiration of the term of Sumnter T. Pike on June 30.

Pike's nomination for a new term was approved yesterday by the Senate after considerable controversy.

Mr. Truman's decision to make Dean permanent AEC chairman still leaves one vacancy on the commission. This nominee will serve for five years. There has been no indication of who might be appointed to this place, which would bring the AEC to its full five-member strength.

One name mentioned in cloak room gossip was that of Wilson M. Compton, 59, president of Washington State College, but it was just as quickly discounted by other sources. Compton, an economist, is a brother of Atomic Scientists Karl T. and Arthur H. Compton.

Pike, Mr. Truman's choice for the second longest AEC term, won Senate confirmation hands down yesterday. Although his triumph had been conceded privately in advance by opponents, the 54 to 24 vote in favor was considerably more lopsided than anticipated.

GOOD MARGIN

Thirty-eight Democrats and 17 Republicans voted for the 58-year-old Maine Republican, while five Democrats and 19 Republicans opposed him.

The vote rejected a 5 to 4 recommendation of Senate members of the joint congressional Atomic Energy Committee that Pike be permanently retired from the post he first took over under a recess appointment from Mr. Truman on Oct. 28, 1946.

Huge Allied Air Attack On North Korean Supply Lines

TOKYO, July 11. (AP) — Jet fighters, streaking in with rockets and machineguns, today seared Communist North Korean supply lines front south of Seoul.

The biggest air armada since World War II—almost 300 warplanes—left roads, bridges and railroads strewn with crippled and knocked out equipment.

Gen. MacArthur in his communique said 65 tanks and 218 other Red vehicles were destroyed or damaged by the fighters and bombers.

The Far East Air Forces, in a later communique, cut the figure to 39 tanks, apparently finding duplicate reports on some sorties.

The allied planes—American and Australian—concentrated on roads leading to the Chonan, Suwon and Pyongtaek areas, south of Seoul.

RED JETS

Three Russian made jets—the first to go into action so far as is known—were flushed out of hiding. They were reported on strafing missions by ground troops, a spokesman at MacArthur's headquarters said.

The FEAF communique made no mention of the North Korean jets, but MacArthur headquarters identified them as Yak-15's.

TANK CLASH

The allied Air Force concentrated its major efforts on the embattled western front, where a tank clash between Red and American armor was in progress.

Planes smashed a front line triangle between Chonui, Suwon and Chungju, ranging from 22 to 70 miles north of advanced American headquarters at Taejon. It was in this sector that invader strength was massed for its southern drive.

No personnel were lost and all planes returned safely, FEAF said.

WEATHER

WEST TEXAS: Considerable cloudiness this afternoon, tonight and Wednesday. A few afternoon or evening thundershowers. Not much change in temperature.

EAST TEXAS: Considerable cloudiness with a few scattered thundershowers in north and central portions this afternoon, tonight and Wednesday. Not much change in temperature. Moderate to occasionally fresh southeast winds on the coast.

North Korean Troops in Disguise Filter Behind American Lines Before Engagement

BULLETIN

LONDON, July 11. (AP)—The foreign office said tonight Britain's ambassador in Moscow had a second talk with Deputy Foreign Minister Andrei Gromyko today on a possible "peaceful settlement of the Korean conflict."

TOKYO, Wednesday, July 12. (AP)—The North Korean Communists hurled American defenders back close on the Kum River in South Korea today in a major push powered by an estimated 80 tanks.

Some of these Russian-made tanks were identified as 60-ton monsters.

This enormous strength was displayed despite the announced knockout of 65 enemy tanks by American Air Forces only the day before the general Red offensive got under way.

A spokesman at American field headquarters in South Korea said the Communists were using 80 tanks on the American front in the Chonui area alone.

They also were using most of their infantry strength in the big drive, he said. He recalled that some days ago the invaders were estimated to have 15 divisions totaling 75,000 effective infantry fighters.

Communist troops disguized as civilians infiltrated the American lines in a foggy night in advance of the big push.

The enemy's deepest reported thrust drove the Americans out of Chochiwon, five airline miles north of the Kum River.

The Kum is the last major defense line north of Taejon (previously identified as U. S. field headquarters but not so mentioned in late dispatches.)

Americans were fighting desperately to stem the Communist rush, but a field headquarters spokesman acknowledged they were withdrawing to previously prepared positions.

REDS INFILTRATE

North Koreans who had infiltrated American lines during the night in civilian clothes, created confusion.

In Korea, an American field headquarters spokesman said Communist pressure was "being exerted all along our front line."

The battle raged between Chonui and Chochiwon, 20 air miles north of Taejon. The spokesman said it still "was fluid." An unofficial report reaching Tokyo said Americans had fled from Eochchiwon.

Gen. MacArthur's communique, which is usually 12 to 24 hours behind field reports, said 'American forces . . . are continuing their action to stabilize the situation by stopping the North Korean offensive above the Kum River." It was issued at 12:05 a.m. (8:05 a.m. CST, Tuesday.)

(In Washington the Defense Department said 10 U. S. tanks had been destroyed and two disabled in Korea.)

TAKE UMSONG

The Reds' Pyongyang radio said North Korean troops had captured Umsong, 12 air miles southwest of Chungju, South Korea. It said Red troops took the city "and its surrounding areas" at 2 p.m. Monday (10 p.m. CST, Sunday.)

The Northern Korea radio also said three B-29 bombers were shot down in an American air raid on Pyongtaek, Inchon, Suwon and Chinchon, Red held South Korean cities.

Communist activity on the east coast increased, the announcement said, "although it still remains on a relatively small scale."

Enemy strength was reported increasing near Utchin, an east coast port about 125 miles north of Pusan.

HIT BRIDGES

The Fifth Air Force's light bombers supported by B-29's attacked bridges, highways and railroads with "excellent results," the communique said.

Fighter planes ranged widely, strafing highway, bridges and railroads with rockets and machineguns to support ground troops, the general's communique said.

Telephone Rate Hiked; Dial System Is Assured

The Southwestern Bell Telephone Co. announced at 3 o'clock this afternoon that they had accepted the rates offered last night by the city and that work on the dial system would go forward immediately.

The city council last night authorized higher telephone rates here, but did not accept the rate increases orginally asked by the Southwestern Bell Telephone Co.

The increases, as provided by the council's action last night, are being studied by telephone company officials in St. Louis.

The ordinance as adopted by the council provides for all the rate increases asked by Southwestern Bell except in two categories—business telephones and private-line residences. The company had asked $8.25 for business telephones, and was granted a new rate of $8; it requested $4.25 for private-line residences, and was granted $4.

APPROVAL SOUGHT

Marshall Kemp, Sweetwater, area manager for the telephone company, said these changes would have to be approved by company officials before work could commence on the dial syystem.

The council accepted the other proposed rates, which include $5.50 for rural business lines; $3.50 for two-party residence lines; $3 for four-party residence; and $3.25 for rural residence.

The old rates, granted by the council 14 months ago, were $5.50 for private-line business; $1.25 for business extension; $2.75 for private-line residence; $2.25 for two-party residence; 75 cents for residence extensions; $8.25 for commercial PBX lines and $1.25 for commercial PBX stations.

In voting the new rates, the council split four to one. Those voting in favor of the new rates were Ernest Taylor, C. L. Williamson, R. L. Terry, and Ivan Gatlin. Voting against the increases was A. L. Martin. H. B. Allen was not present.

Kemp, with W. L. Blakney, Abilene, district manager, and R. B. Peterson, Wichita Falls, former area manager here, met with the council to explain the petition.

Blakney told the council he had talked last night with the vice-president of Southwestern Bell and had been told that any committment made by him to the city of Snyder would be fulfilled, that the dial system for Snyder had already been engineered and that the manufacturer would begin on the equipment as soon as rate increases agreeable both to the city and to the company had been fixed.

BUILDING SET

Kemp said, in explainnig the petition before a vote was taken, that if the new rates were accepted in full, the company would begin at once on a new two-story building to house the dial system. He also said the system would be in operation by October, 1951, and possibly sooner.

Blakney told the council that there are now almost 2,000 telephones in Snyder, but that the company is unable to meet all requests for telephones with its present system. He said there would be 5,000 telephones in operation by the time the new system had been installed.

A lot for the new building has already been purchased, Kemp said. It is located south of the Manhattan Hotel on Twenty-seventh Street and Avenue R.

The new rate schedule, as authorized by the council, will be effective immediately if it is approved by company officials, the council was told.

FIREWORKS BAN

The council also voted last night to put into effect an ordinance prohibiting the sale and shooting of fireworks within the city limits. Under the new ordinance, anyone selling, giving away, shooting or storing foreworks in the city is subject to a fine of not more than $100. The council voted four to one on the ordinance: Taylor, Terry

Cotton Futures Skyrocketing

NEW ORLEANS, July 11. (AP)—Cotton futures skyrocketed nearly $6 a bale here today on heavy trade and speculative buying on yesterday's small official acreage figures.

Trading was active and some of the demand seemed due to wet weather in the belt and favorable textile reports.

The spot July position behind new crop months, being under the influence of evening-up operations for last notice day Thursday, July 13. Profit taking from the long side erased some of the gain and at 9:15 o'clock this morning prices were 85 cents to $5.10 a bale higher with July at 36.50, October at 36.20, December at 36.19, March at 36.24, May at 36.25.

Well Near Ira Gets Salt Water In Deep Test

A prospective Strawn discovery in Central South Scurry County has developed salt water on a lower Pennsylvanian drillstem test.

The venture is Cities Service Oil Co. No. 1 B. Taylor, located one mile northwest of Ira. On a drillstem test at 7,584-600 feet recovery after two hours was 90 feet of mud and 2,250 feet of salt water.

Operator possibly will top the Mississippian, then plug back in an attempt to make a producer from the Strawn at approximately 7,089-118 feet where 10.56 barrels of oil and 17.2 barrels of salt water were recovered on a drillstem test of an unreported length.

The No. 1 B. Taylor is 330 feet from north and west lines of southeast quarter of section 133, block 97, H&TC survey.

PLUG WELL NEAR HERE

Gene Goff of Midland has been forced to plug and abandon his No. 1 B. Lida M. Hardy on the east edge of the Kelley-Snyder field, two miles west of Snyder.

The failure bottomed at 6,809 feet after being unable to develop production in the Canyon reef.

Drill site was 467 feet from north and west lines of lot 49, section 38, Kirkland and Fields survey.

HOWARD WILDCAT

Lomax Brothers Drilling Co. and R. J. Zonne of Midland are to start operations by Saturday on their No. 1 L. M. Anderson which is to be an 8,000 foot wildcat in in Northeast Howard County, to test the Pennsylvanian lime. It is about 17 miles north and slightly east of Big Spring and will be located 660 feet from north and west

U. S. Soldiers Found Tied, Fatally Shot in Korean War

By WILLIAM R. MOORE
AP Staff

NEAR THE FRONT IN KOREA, July 11. — I saw two dead American soldiers Monday who had been shot through the head. Their hands were tied behind them.

This was Communist North Korea's answer to the plea of the International Red Cross for humane treatment of prisoners in Korea's civil war.

Gen. MacArthur has ordered United Nations troops fighting in Korea to observe the civilized rules of warfare. Maj. Gen. Chung Li Know, chief of staff of the South Korean forces, has issued orders to his troops to observe MacArthur's instructions.

ON ROAD

The two soldiers lay just off a main road which carried the vital, frantic traffic supplying front line fighters. They had been there since Monday morning, I was told later by infantry officers at rear command posts.

REPORT THREE

These officers said three Americans had been tied and shot in the head but I saw only the two bodies.

(Yesterday, Lt. D. C. Gates, Joinerville, Tex., reported seven American soldiers, their hands tied behind, had been shot to death by North Koreans. There was no indication whether the three reported today were some of those, or additional atrocities.)

I found no one who witnessed these slayings. Based on what was known of the fighting at this point early Monday, the belief was held generally that the soldiers, riding in a jeep in the morning mist, suddenly found themselves only 20 yards or so from a North Korean tank. With the tank guns raised upon them, they jumped out and surrendered.

EVIDENCE SHOWS

Their bodies showed what happened afterward.

One of the green clad corpses lay face downward, the other on its side. Cloth bands about three inches wide, like the bandages each American soldier carries in his first aid kit, were tied so tightly around the wrists of each that the hands showed purplish brown, the arms above the thongs much lighter.

The gravel road at that point cuts through a small ridge. Below each approach to this small hill lie green rice paddies which stair-step steeply down to a small river.

Two Russian built tanks were said to have pushed through the morning fog to the top of this ridge, retreating after a hot sun burned away the fog.

HIT THE GROUND

I reached this hill late in the afternoon aboard a tank retriever —an armored [illegible] pulls disabled tanks back to safety. Almost immediately the deadly crescendo of a fighter plane's dive, which sounded as if it were coming toward us, caused all aboard to hit the ground. The plane had another target—a stalled or damaged enemy tank. It was a few hundred yards from the foot of the hill on the side toward the front line. The road makes a left turn at the foot of this hill. An American tank was just off the road at this bend.

Gordon Dean Named Chairman Of Atomic Energy Commission

WASHINGTON, July 11. (AP) — President Truman chose Gordon Dean, now acting chairman, to be chairman of the Atomic Energy Commission today.

The White House announced that Mr. Truman has decided on Dean, who has just started a new three-year term, and will make the formal announcement shortly.

Presidential Secretary Charles G. Ross told reporters the naming of an AEC chairman does not require Senate confirmation.

Dean has been acting chairman since the expiration of the term of Sumnter T. Pike on June 30.

Pike's nomination for a new term was approved yesterday by the Senate after considerable controversy.

Mr. Truman's decision to make Dean permanent AEC chairman still leaves one vacancy on the commission. This nominee will serve for five years. There has been no indication of who might be appointed to this place, which would bring the AEC to its full five-member strength.

One name mentioned in cloak room gossip was that of Wilson M. Compton, 59, president of Washington State College, but it was just as quickly discounted by other sources. Compton, an economist, is a brother of Atomic Scientists Karl T. and Arthur H. Compton.

Pike, Mr. Truman's choice for the second longest AEC term, won Senate confirmation hands down yesterday. Although his triumph had been conceded privately in advance by opponents, the 54 to 24 vote in favor was considerably more lopsided than anticipated.

GOOD MARGIN

Thirty-eight Democrats and 17 Republicans voted for the 58-year-old Maine Republican, while five Democrats and 19 Republicans opposed him.

The vote rejected a 5 to 4 recommendation of Senate members of the joint congressional Atomic Energy Committee that Pike be permanently retired from the post he first took over under a recess appointment from Mr. Truman on Oct. 28, 1946.

Huge Allied Air Attack On North Korean Supply Lines

TOKYO, July 11. (AP) — Jet fighters, streaking in with rockets and machineguns, today seared Communist North Korean supply lines front south of Seoul.

The biggest air armada since World War II—almost 300 warplanes—left roads, bridges and railroads strewn with crippled and knocked out equipment.

Gen. MacArthur in his communique said 65 tanks and 218 other Red vehicles were destroyed or damaged by the fighters and bombers.

The Far East Air Forces, in a later communique, cut the figure to 39 tanks, apparently finding duplicate reports on some sorties.

The allied planes—American and Australian—concentrated on roads leading to the Chonan, Suwon and Pyongtaek areas, south of Seoul.

RED JETS

Three Russian made jets—the first to go into action so far as is known—were flushed out of hiding. They were reported on strafing missions by ground troops, a spokesman at MacArthur's headquarters said.

The FEAF communique made no mention of the North Korean jets, but MacArthur headquarters identified them as Yak-15's.

TANK CLASH

The allied Air Force concentrated its major efforts on the embattled western front, where a tank clash between Red and American armor was in progress.

Planes smashed a front line triangle between Chonui, Suwon and Chungju, ranging from 22 to 70 miles north of advanced American headquarters at Taejon. It was in this sector that invader strength was massed for its southern drive.

No personnel were lost and all planes returned safely, FEAF said.

WEATHER

WEST TEXAS: Considerable cloudiness this afternoon, tonight and Wednesday. A few afternoon or evening thundershowers. Not much change in temperature.

EAST TEXAS: Considerable cloudiness with a few scattered thundershowers in north and central portions this afternoon, tonight and Wednesday. Not much change in temperature. Moderate to occasionally fresh southeast winds on the coast.

CAMOUFLAGED CREW ALERT—Dug-in and covered with camouflage these GI's man their machine gun in the Korean front lines. Soldiers are left to right PFC Wayne MacKinstry, Worcester, Mass., Corp. Jack Roberts, C amp Wood, Tex., and PFC Edward Sage, Pontiac, Mich. (AP wirephoto).

City-State Paving Project on Avenue R is Agreed Upon

Negotations between the city of Snyder and the state highway department concerning the paving of Avenue R have been closed, Forest G. Sears, mayor, said yesterday.

Under the contract, which has been formally agreed upon, the city will put in curbing, gutters, and a strip of paving on each side of the street, and the highway department will put down a 24-foot strip of paving. The street will be used as a by-pass for Avenue S while Avenue S is being reconditioned.

Contracts for the highway department work on Avenue R are to be let in September.

Two American Correspondents Killed in Korea

TOKYO, July 11. (AP) — Two American correspondents were killed on the Korean warfront Monday.

A regimental adjutant reported their deaths to field headquarters.

Presumably they were Ray Richards, correspondent for the Hearst newspapers, and Corp. Ernie Peeler of the Tokyo Stars and Stripes.

International News Service here was informed that the report came from a regimental adjutant identified as a Capt. Downey.

NO BODIES

He reported the bodies were not recovered because fighting still raged around the outpost where the newsmen were killed.

Richards and Peller had been reported missing since Sunday night, when they went forward to observe results of the first American around-the-clock bombings.

Peeler was a newspaperman in San Bernardino, Calif., before entering army service.

Richards had been covering wars off and on since he served, as he termed it, as "a photographer's assistant" in the Francisco Villa campaign on the Mexican border. He was then with a Denver newspaper, which he told fellow newsmen was the "Old Republican."

OTHER SPOTS

He worked subsequently on the West Coast, and in Hawaii, Tokyo, Manila and Shanghai.

After World War II he reported hostilities in Manchuria and Greece. He returned to Tokyo some months ago and was among the first correspondents to reach South Korea after the fighting started.

Meager reports said he and Peeler were at a frontline outpost when Communist forces overran it.

Raschi and Roberts Clash In Today's 17th All-Star Tilt

By JOE REICHLER

CHICAGO, July 11. (AP) — Yankee Vic Raschi and the Phils' $25,000 bonus baby, Robin Roberts, clash today in the 17th renewal of the All Star baseball game at its Comiskey Park birthplace.

Although the fans' dream game has become the manager's nightmare, a sellout crowd of 49,000 is due to jam the Chicago White Sox ball park by game time. The first ball is to be pitched at 1:30 p.m. (EST) with television and radio (MBS) swingiing into action 15 minutes earlier.

TO SWITCH ONE

The embarrassed National League, trailing 124 in games, is a 9 to 5 underdog.

Burt Shotton, Brooklyn manager, is on the hot seat with Chicago fans because he tried to keep the Cubs' Hank Sauerr out of his starting lineup. The fans, who voted Sauer into third place among the outfielders with more than 700,000 ballots, won out in the end. Sauer finally was restored to the starting lineup after Commissioner A. B. Chandler reversed an earlier ruling.

Sauer, normally a left fielder not noted for his defensive skill, will be in center because Shotton doesn't want to change two out fielders.

"I don't want to break up two positions to fill one," he said, "If I moved Enos Slaughter (St. Louis) to center, then I'd have to play Sauer in right and only Ralph Kiner (Pittsburgh) would be playing a familiar position. I've got to put Sauer in center, I'm just sorry about that."

Shotton added, with a wink, that he'd just instruct his pitchers not to permit the batters to hit fly balls out there.

"For all I know," he said, "Sauer may turn out to be the star of the game. I hope so."

Manager Casey Stengel of the American League stars makes no secret of his displeasure over the use of several of his pitching selections last Sunday.

After naming Raschi to pitch the first three innings, Casey was cagey concerning his pitching alignment beyond the New York righthander.

"I don't know who I'll use after that," he said. "I may use Detroit's Art Houtteman and Cleveland's Bob Lemon"—both of whom pitched Sunday.

SHOTTON SILENT

Casey alluded to the three Yankee hurlers on the squad—southpaw Tommy Byrne, righthander Allie Reynolds and Raschi. "I arranged for them to be ready."

It was felt, however, that Casey, despite his chagrin, would use Detroit's Ted Gray in the middle three innings and would finish with Chicago's Ray Scarborough.

Shotton also was reluctant to name the hurlers who would follow Philadelphia's Roberts to the mound.

"I doubt that any of my three will be a lefthander, except in an emergency," Shotton said. Brooklyn's Preacher Roe and Boston's Warren Spahn are the only lefthanders among the eight pitchers.

Cincinnati's Ewell Blackwell and either Brooklyn's Don Newcombe or New York's Larry Jansen are likely choice to follow Roberts.

Shotton planned to make very few changes in the starting lineup in the event his team got off on top.

"It's honor enough for a man to be named on the squad," he said. "I will make no changes if I'm ahead. I'm not going to put a man in the game just to get his name in the box score. We're out to win this one and I'm going to use the best men as long as I can."

Except for Yankee Joe DiMaggio and Yogi Berra, all players were in good physical shape. DiMaggio, who pulled a leg muscle in Sunday's game and Berra, who aggravated an old leg injury in the same game, are not seriously injured and were expected to play.

Although Bobby Feller struck out 18 Detroit Tigers in a game in 1938, his Cleveland Indians lost the contest.

Shivers Observes First Anniversary As Texas Governor

MISSION, July 11. (AP) — Gov. Allan Shivers observed his first anniversary as governor today with what he described as "a spirit of humility and a deep sense of obligation to the State of Texas."

They were the same words he had used upon becoming governor a year ago on the death of then-Gov. Beauford H. Jester.

The governor reviewed his first year in office and announced his platform in his candidacy for his first full term in a statewide radio broadcast last night.

The governor said his platform would be "economy — of money, soil, water and human resources."

Four major league pitchers have struck out four batters in a single inning; in each case one of the batters reached first base on a third strike that eluded the catch-

Ochoa, Wanted For Murder, Found in Mexico

SAN ANTONIO, July 11. (AP) — George Ochoa, wanted for murder in the spectacular slaying of two men in a Laredo hotel a year ago, has been arrested in Mexicali, Lower California, Mex.

FBI Agent G. E. Weeks announced the arrest of the handsome, scar-faced broker today.

Ochoa has been lodged in jail at Mexicali pending extradition proceedings, Weeks said.

When you use fat for deep frying cool it after using it so you can handle it safely. Strain it through a few layers of cheesecloth back into its container, cover tightly, and store for future use.

Well Near Ira

Continued from Page 1

lines of northeast quarter of section 11, block 31, TP survey, T-2-N.

That makes the prospector two miles west and a little south of George Branon No. 1, new discovery from the Pennsylvanian lime reef.

The Lomax and Zonne venture is on a field worked up by Zonne. He took a farmout from Southern Production Co., Shreveport, La., and then made a trade with Lomax to drill the well. Zonne retains an interest.

FIND POSSIBILITIES

Possibilities of developing more Pennsylvanian Bend conglomerate production in West-Central Texas has been reported at Pan American Production Co. No. 1 C. A. Jackson, wildcat in Central West Haskell County, seven miles southeast of the Roark, Hooker & A. G. Hill No. 1 Williams.

The No. 1 Jackson, three miles west of Rule, recovered 210 feet of 37.6-gravity oil and 270 feet of mud-cut oil on a drillstem test at 5,842-63 feet.

The tool was open 80 minutes. Gas, which was unestimated, surfaced in 15 minutes. No water was reported in the recovery.

Flowing pressure was 150 pounds and shutin pressure was 2,050 pounds, after 20 minutes.

Operator was drilling ahead at last report.

Roark and Hooker and others No. 1 Williams, wildcat in Northeast Stonewall County and seven miles northwest of the indicated discovery in Haskell, was preparing to complete as a conglomerate discovery from a total depth of 5,886 feet.

The No. 1 Jackson is 4,300 feet from west and 467 feet from south lines of league 70, Coryell County School land survey.

HUNT ESTATE

Nelson Bunker Hunt Trust estate has completed another well in the Salt Creek-Canyon pool in West-Central Kent County.

Its No. 3 Burnett Trust Estate (TCU), located one-half mile south of the discovery well potentialed for 993.62 barrels of 39.6 gravity oil and no water daily.

Production was from open hole below the casing set at 6,488 feet and total depth of 6,530 feet. That zone had been acidized with 6,500 gallons of acid. Pay was topped at 6,231 feet.

The daily potential was based on the actual 12-hour flow of 496.81 barrels of oil.

SHELL'S O'DANIEL

Shell Oil Co. No. 1 E. T. O'Daniel, prospective Pennsylvanian lime discovery in Northwest Howard County, is drilling ahead after flowing oil and salt water on a drillstem test.

It was last reported drilling below 8,111 feet in lime and shale on a 9,000-foot contract. On the drillstem test at 8,010-60 feet, the venture flowed 23.8 barrels of 45.6-gravity oil and 47.7 barrels of salt water in one and one-half hours. Gas volume was rated at 67,000 cubic feet per day.

This prospective discovery is seven miles north of the town of Coahoma and 1,997 feet from west and 656 feet from south lines of section 2, block 30, T&P survey, T-1-N.

It has indicated for possible production for approximately 37 feet of pay above the water level.

STANDARD LOCATIONS

Standard Oil Co. of Texas has staked the No. 1-14 J. W. Brown at the north edge of the Kelley-Snyder field, one-half mile south of Progress Petroleum Co. No. 1 E. S. Garden which found no production in the Canyon lime reef at 7,518 feet.

The venture is located 1,980 feet from east and 468 feet from south lines of northeast quarter of section 496, block 97, H&TC survey, 10 miles north of Snyder. It is projected to 7,000 feet.

Phillips Petroleum Co. and Sun Oil Co. have each staked a location to West-Central Diamond M-Canyon field five miles southwest of Snyder.

The Phillip's venture is the No. 3 McLaugh, 467 feet from north and 660 feet from esat lines of southwest quarter of section 195, block 97, H&TC survey, to be drilled to an estimated 6,900 feet depth.

Sun's explorer is the No. 1 C. A. Ramsey, 660 feet from horth and west lines of southeast quarter of section 195, block 97, H&TC survey. It will be rotary drilled to a 7,000 feet depth.

Other new locations in Scurry County include Pure Oil Co. No. 2 Nellie Williamson, 2,146 feet from east and 467 feet from south lines of northeast quarter of section 245, block 97, H&TC survey, Diamond M-Canyon field, eight miles west of Snyder. It will be rotary drilled, starting at once, to an estimated 7,000 feet depth.

Magnolia Petroleum Co. No. 3 T. J. McDonnell, 660 feet from north and west lines of southeast quarter of section 297, block 97, H&TC survey, rotary, 7,000 feet depth, Kelley-Snyder field, four miles northwest of Snyder.

Magnolia Petroleum Co. has staked the No. 4 Erton Tate, 1,980 feet from west and 660 feet from south lines of section 208, block 97, H&TC survey, Kelley-Snyder field, two miles west of Snyder. This venture will be drilled to an estimated 6,825 feet depth.

Lost Leg in War, Ready for More

DETROIT, July 11. (AP) — Among Detroit's potential army enlistees are two young men who sacrificed a leg each in the last war.

Thomas Schlagel, a post office clerk, and Harvey T. Grose, an unemployed speedometer repair man, walked into a crowded recruiting office yesterday to state their desires.

Schlagel lost his left leg and Grose his right leg in action against the Germans. Schlagel served in the Seventh Army, Grose in the Third Army.

"I want to help if it's only swinging a pencil," said Schlagel.

"Me, too," said Grose. "And I want to see what's going on in Korea."

Under Army regulations, combat-disabled veterans of the last war are eligible for service if suitable jobs are available.

Quake in Santiago

SANTIAGO, Chile, July 11. (AP)—Two earth tremors shook Santiago early this morning. No damage was reported.

Man Charged With Liquor Violation

L. C. Moore, 37, of Snyder, was charged in county court this morning with possession of liquor for purpose of sale in a dry area, following a search of his home last night.

The sheriff's department reported confiscating 48 pints of gin, 119 half-pints of whisky, 300 pints of whisky, 24 four-fifths quarts of wine, and 120 12-ounce cans of beer from Moore's home, near the Scurry County Memorial Park in northwest Snyder.

Officers making the search were Lloyd H. Merritt, sheriff, E. W. Green, highway patrolman, Vernie Head and Homer Whisnand, deputy sheriffs.

Bell Studies

(Continued from Page 1)

Gatlin, and Martin for, and Williamson against.

Bids from both local banks for the city depository were considered. Both banks asked for it on the same basis, and the council voted to transfer the street improvement fund for 1950, which amounts to $200,871.22, to the West Texas State Bank.

The council voted to buy a new pick-up truck for the city water department.

The Belmont Park Heights addition, which is bordered on the west by Avenue S and on the south by Chambers Gardens, was taken into the city.

The Markets

NEW YORK, July 11. (AP) — Railroad issues surged ahead of a churning stock market today.

Heavy selling pressure, on the other hand, flattened chemical and radio-television shares.

Elsewhere price lines were thoroughly tangled. A few shares showed outstanding strength but generally price changes were limited to about $1 a share or less.

Russia Charges Gross Violation In UN Actions

MOSCOW, July 11. (AP) — The Russian government today denounced the use of the United Nations flag by American troops fighting in Korea and attacked as illegal the Security Council's sponsorship of a U. S.-headed unified command for the Korean war.

A Soviet note to UN Sec.-Gen. Trygve Lie said the council's resolution of July 7 taking these actions "aims at unlawfully using the United Nations flag to cover armed actions of the United States in Korea."

Such U. S. actions, the note declared, "constitute direct aggression on the part of the United States with regard to the Korean people."

The Russian note, replying to a message from Lie informing the Kremlin of the council resolution, was published in all Moscow papers today.

It charged that the council resolution was a 'gross violation" of the UN charter because the Soviet Union and the Chinese Peoples (Communist) Republic were not represented at the council meeting.

The Soviet Union, a permanent member of the Security Council, raised the same objection previously in refusing to recognize the council resolution calling for military aid to the South Korean government.

Russia, chief advocate of the Peiping government's so-far-unsuccessful campaign for UN membership, since January had boycotted all UN meetings at which the Chinese Nationalists have been represented.

Glenn McCarthy's ULM Corporation Gets Charter

HOUSTON, July 11. (AP) — A Texas state charter has been granted the New ULM Corp., an $8,250,000 project headed by Glenn M. McCarthy.

Secretary of State John Ben Shepperd approved the charter in Austin yesterday. He listed the incorporators as McCarthy, A. G. McNeese, and R. A. Wade, all of Houston.

McCarthy said yesterday he had borrowed $5 million from the Metropolitan Life Insurance Co. on his New ULM oil field in Austin County.

The announcement said the money will be used to develop oil property and pay accounts of the McCarthy Oil and Gas Co.

The New ULM Corp. has a capital stock of $5,250,000 fully paid, Shepperd said. This includes $525,000 for 1,000 shares of common stock, no par value, and $4,725,000 for 9,000 shares of preferred stock, no par value.

Shepperd said property assigned the corporation is valued at $8,250,000, including $3 million in debtedness due and payable in one year.

Security Rules Prove Confusing To Newspapers

SAN FRANCISCO, July 11. (AP)— The freedom given military commanders to make local rules for security is proving confusing to newsmen here.

The Chronicle reported today that in the absence of a unified policy from the Department of Defense, the Navy, Army and Air Force locally are doing their own interpreting.

For instance—

The Army lists transport sailings. The Navy says such information is restricted. Both services apply the rule to the same ships.

The Army gives out general information about troops alerted for overseas shipment. The Navy and Marine Corps are silent about movement of their personnel.

Photographers were permitted aboard the Carrier Boxer yesterday. But they were asked not to take pictures of P-51 Mustang planes being loaded.

FIRST PURPLE HEART—Sgt. Leroy Deans of Alice, Tex., was the first U. S. soldier to receive the Purple Heart in the Korean fighting. Maj. Gen. E. R. Hume, Chief Surgeon of the Far East Command, is shown making the award. Deans was injured in the explosion of a bridge over the Han River. (AP wirephoto).

Russians Say West Forming German Army of 30,000

By THOMAS P. WHITNEY
AP STAFF

MOSCOW, July 11. (AP) —Pravda charged today that the Western Powers have given orders for the immediate formation of a permanent West German army of 30,000 men.

The newspapers, official organ of the Communist Party, called it "the new, most crude violation of the Potsdam agreements by the western powers."

Pravda, in a Tass dispatch from Berlin, said the army would be mechanized and have automatic weapons.

It said Hitlerite officers of all ranks were arriving in the West German capital of Bonn to lead the army.

This step, it said, had given rise to wide alarm among the German population.

The West German government, fearing an attack from the east, has asked the western allies for permission to set up a Central West German federal police force of 25,000 men.

The request was turned down June 22, but following the outbreak of the Korean war, U. S. High Commissioner John J. McCloy said the occupation authorities were willing to consider the request.

He said "no military implications are involved" in the proposed police force.

The Bonn government apparently wanted the force to counter the 50,000-strong East German people's police.

Traffic Violation Charges Before Court

Five persons were charged in county court yesterday with driving while intoxicated, one of them charged also with driving while his license was suspended because of previous conviction.

Bond was set at $500 for Arthur Burns, 41, of Taylor County, when he pleaded not guilty to a charge of driving while intoxicated. No date was set for hearing.

Three men pleaded guilty to charges of driving while intoxicated and paid fines of $123.50 each, including costs. They were L. A. Riley, 26, of Creswell Trailer Camp; H. L. Dresslar, 33, of Tourist Trailer Court; and Russell Duane Skinner, 23, of 2101 Avenue M.

Joel Tinker, 38, of 2901 Avenue S, pleaded not guilty to charges of driving while intoxicated and driving while his operator's license was suspended, and his bond was set at $500 in the first case and $100 in the second. A date for jury trial has not yet been set.

Two others were assessed fines of $123.50 each and sentenced to serve 30 days in the county jail after pleading guilty to charges of traffic violations involving automobile accidents. They were A. X. Oats, about 28, of Lubbock, charged with driving while intoxicated, and Theron M. Woodrum, 35, of Snyder, charged with aggravated assualt with a motor vehicle.

Oats was arrested when his car was in collision with one driven by R. B. Stuard, 21, of Snyder, on the Lamesa highway Friday night. Woodrum was involved in an accident near the same location Wednesday afternoon.

Hospital Notes

Admitted to Snyder Hospital Clinic yesterday were:

Mrs. Wesley Eugene Smith, Fluvanna.

Mrs. Mary Morning, 2202 Sunset.

Eddie Scott, Box 606.

Johnny Ray Nixon, general delivery.

Perry McBromo, general delivery.

Woodrow Wilson Barnes, 705 Twenty-ninth Street.

Mrs. Gloria Eldon Davis, 1310 Seventeenth Street.

Discharged yesterday were:

Steve Boone, 707 Twenty-seventh.

Mrs. Linda Maddox, Delux Trailer Court.

Headrick Warren England, Route No. 1.

Paul Wallie, Case Brothers Bunk House.

William Stanley Box, Fowler Courts.

Georgia Katherine Howard, Snyder Hospital.

Frank Fred Zedjlik, general delivery.

Famous First Division Of Marines Goes Back to War

(EDITOR'S NOTE: James P. Hackett, Associated Press correspondent at Atlantic City, enlisted in the U. S. Marine Corps Dec. 19, 1941, and served as a combat correspondent through the Pacific War. Discharged as a captain in November 1945, he is a Marine reserve officer.)

By JAMES P. HACKETT
(Associated Press Staff)

ATLANTIC CITY, N. J., July 10. —Eight years ago almost to the day, a large force of U. S. Marines put out into the Pacific — combat bound.

The First Division of Marines was on its way to Guadalcanal to stem the southward drive of the Japanese. The division went into action Aug. 7, 1942.

Today, the First Division is combat bound again—on its way to help stem the southward drive of Communist forces in Korea.

Eight years has made some difference in the First Division. Very few, if any, of the Marines who slogged through the mud of Guadalcanal will land in Korea.

SMALLER

The 1950 First Division is just about one-third the size of the 1942 force. Three out-sized battalions make up today's First Division, compared to three full regiments in 1942.

Gen. Douglas MacArthur is no stranger to the First Division. It was assigned to MacArthur in 1943 and under his command took Cape Gloucester on New Britain to clear the way for the Army's sweep around the eastern shore of New Guinea. The cape action was considered a classic of World War II.

Korea in the rainy season presents the kind of country over which Marines are accustomed to fight. Like other American kids, the Marines will gripe about the mud, the rain, the good. But they'll squirm through the mud and up and down the hills. The First Division has its own tradition as well as that of the Marine Corp to push it on.

If Korea is the pot in which World War III is being brewed, the Marines will be disappointed. They like to say they fired the first and last shots of any war involving America. But they'll take their places alongside the Army in Korea without a grumble.

READY

The Marines have been ready for combat ever since they put up their rifles on Okinawa in 1945. Gen. Clifton B. Cates, Marine commandant, always said, "We're ready to move at midnight or at any time."

How many more Marines will be shipped to Korea is up to the Defense Department. The Marines still have their Second Division, a force about the same size as the first, located at New River, N. C.

If the Marines follow the same manpower policy employed in World War II, they will build their divisions to full strength overseas. The Marines developed six full divisions durring the war in the Pacific, using New Zealand and the Hawaiian Islands as primary training bases.

It may be necessary in Korea to form raider battalions again. The raiders were used first on Guadalcanal to penetrte Japanese lines and raise havoc while the First Division contained the main body of the enemy. The three battalions of Marines that make up the First Division could be used as raiders, leaving the front line fighting to the Army.

Series E Bond Sales Fall Short of Goal

WASHINGTON, July 11. (AP) — A treasury report showed today that series E savings bond sales for May and June totaled $597 million —10 per cent less than the $654 million national goal of the May 15-July 4 independence savings bonds drive.

Officials of the treasury's savings bonds division said, however, that was no sign of a failing to reach the drive quota. There is about a two-week time lag between the time bonds are sold and the report on the sale reaches here, they explained, adding that full data on actual sales during the drive period will not be available for another week to 10 days.

Water Needs of Big Spring, And Odessa Discussed

BIG SPRING, July 11. (AP) — A two-stage proposition to fill the water needs of Big Spring and Odessa has been approved by directors of the Colorado River Municipal Water District.

The directors decided yesterday upon the dual program—the first stage to be to fill immediate needs by construction of a pipeline to Martin County and the use of water wells.

The second stage would be the construction of a dam on the Upper Colorado River to impound water for long-range use of the two cities.

The directors instructed their attorneys and engineers to prepare contracts for the underground water supply pipeline. R. T. Piner of Big Spring, president of the water district, said the contract and tentative final estimates of the costs would be submitted to Big Spring and Odessa city councils as soon as possible.

Confirm Premier

PARIS, July 11. (AP. — Premier Rene Pleven was confirmed in his post today by the national assembly. The vote by unofficial count was 363 to 187.

Tax-Burdened British May Get Some More

LONDON, July 11. (AP) — Britons groaning under the world's highest taxes, were told last night they can pay more—and may have to.

The warning was given by the nation's money and taxes boss, Chancellor of the Exchequer Sir Stafford Cripps, in reply to house of commons suggestions from Conservatives that tax gathering has reached its limit.

Britons now pay 40 per cent of GNP national income in taxes.

Sir Stafford agreed he has reached the limit of taxability. There are indirect taxation, death duties, and many other ways by which taxes can be raised.

"If it were the question of an emergency the situation would be quite different."

When buying broccoli see that the bud clusters are compact and do not show any purple or yellow color. If the stems are heavy they may be cut in criss-cross fashion part of the way up so that they will cook tender in about the time it will take the top clusters to get done.

Texas Teams Have Trouble In Attendance and Players

By HAROLD V. RATLIFF
Associated Press Sports Editor

DALLAS, July 11. (AP) — Texas this year took the national lead in number of professional baseball clubs but didn't hold it long. The state started with 47—two more than the leader lo these many years, North Carolina. But in about a month Donna-Weslaco and Robstown dropped out of the Rio Grande Valley League.

Texas may finish the season with 45 and a tie with North Carolina but several clubs in several leagues are having tough sledding right now and the state may lose even its tie before next year.

It's pretty certain that Texas won't have anything like 45 clubs in 1951.

Every indication points to the merger of the Rio Grande Valley and Gulf Coast leagues, both Class C circuits. Only four clubs are drawing sufficiently in the Valley loop—Harlingen, Corpus Christi, Brownsville and Laredo, the latter when it started playing better baseball.

These four probably will combine with Port Arthur, Galveston and Lufkin of the Gulf Coast, with Orange taking the other franchise. It would appear that travel might be a handicap but there are only about 450 miles between Harlingen and Brownsville and Port Arthur. Harlingen is 355 miles from Del Rio in the Valley League this season.

Our information is that Presidents Kelly Nemick of the Valley League and Howard Green of the Gulf Coast are to get together shortly to talk over the proposed consolidation.

Such a merger would eliminate four clubs.

LONGHORN SOLID

The East Texas League isn't doing very well and even some of the other league clubs are having a rough time. We note where Greenville, usually a good drawing town, is having its difficulties. The Big State probably will survive with perhaps an adjustment or two and the West Texas-New Mexico and Longhorn League are quite solid.

Beaumont in the Texas League is drawing so badly its owner has put out a statement that the franchise may have to be moved if it doesn't do better, but it isn't likely this city will give up its long-time franchise. Beaumont has had those "save baseball in Beaumont" scares before.

Our guess is that Texas will have about 33 clubs next baseball season. Despite the fact that Texas is a mighty big place it would appear that many ought to be enough.

FIGURES COMPARED

Attendance is down throughout organized baseball. Many reasons are advanced for it, ranging from worsening financial conditions to war jitters. Some blame radio, others television. Radio, however, has been with us a long time and couldn't affect attendance so much in just one year. Television could be the culprit - not because it shows baseball so much as the fact that it shows a lot of other things the people had just as soon or rather stay home and see.

Grayle Howlett, president of the things; that the people are getting thinks it's a "back to normalcy" matter, that there has been a leveling off from the mad spending of post-war; that things are being made and done now that divert from baseball—or rather compete with it; that people have more leisure time and are doing more things; that the people arre getting more choosy—you have to put on a good show to get them out, thus they won't go to see a baseball club that isn't in the race.

To really compare baseball attendance one should look back to before the war. The Texas League took out in 1942 and remained inactive until 1946. In 1942 the league drew about 460,000 fans. Through that time it had had only one year that brought in more than 1,000,000—1926. But since 1946 it has drawn more than 1,000,000 per year and twice went over 2,000,000. This year it will hit about 1,600,000.

Attendance is down from the postwar years and this should be expected. However, our opinion of why it is is that the people have less money to spend although they still have a lot more than before the war.

DRINK BLAMED

Speaking of attendance analysis, here's what one baseball authority had to say about Dallas not drawing well in Sunday night ball:

"The men get drunk Saturday night, don't get up Sunday morning to go to church and the wives make them go to church Sunday night to make up for it."

Abilene Walks In Hubber Run To Lose Game

The Lubbock Hubbers, currently atop the West Texas-New Mexico League race by two games, picked up their victory last night the easy way when a run was walked in giving them a 2-1 decision over Abilene.

Second place Lamesa blanked Pampa, 10-0, Borger edged Clovis, 10-9 and the Amarillo-Albuquerque game was rained out.

Ken Wade walked Lubbock Pitcher Bill Ewen with the sacks full to give the Hubbers their win. Ralph Rahmes homered for Abilene, and Nelson Davis nudged one out of the park for Lubbock.

Glen Selbo gave the Pampa Oilers only three hits in his whitewash job.

Borger picked up an unearned run in the ninth frame to beat Clovis, Eddie Carnett hit two homers driving in three Borger runs.

Jr. State Golf Meet To Open Play Today At San Antonio Park

SAN ANTONIO, July 11. (AP)—The 24th annual State Junior Golf Tournament was to open at Brackenridge Park today with an 18-hole qualifying round.

Morris Williams, Jr., of Austin, 1949 champion, has turned professional and cannot defend his title.

Also up for decision today are the Southwest's two qualifying spots in the Hearst National Junior Tournament and places in the USGA National Junior. Entries eligible for these events will play an extra 18 holes.

The city with the low four-man aggregate score will win the Stanley Callahan Memorial trophy.

Match play will begin Wednesday and continue through Saturday.

Trautman States Minors Fate Is With Radio, TV

CHICAGO, July 11. (AP) — Is this the year—with television and widespread broadcasts of major league play — that may decide the fate of minor league baseball?

That question was raised even as the American and National Leagues played before a plump patronage of 49,000 in the 17th All-Star game at Comiskey Park.

The two major loops yesterday waded through some new business.

But the alarming note of the joint meeting was this report by President George M. Trautman of the National Association of Profession Baseball League (minor leagues):

The Justice Department in Washington already has indicated that any attempt to curb major league radio or telecast might be interpreted as monopoly.

So the minor leagues have stood patiently by while their turnstiles have rusted. How long they can take a box-office beating is questionable.

The survey of minor league attendance will continue throughout the season. Then Trautman will present the plight of his organization to the Justice Department for what it is worth. "As things are going," said Trautman, "the death of the minors seems inevitable."

In the top three minor leagues, American Association attendance was reported 27 per cent below last year; the International League had dropped 19 per cent; and the Pacific Coast League 12½.

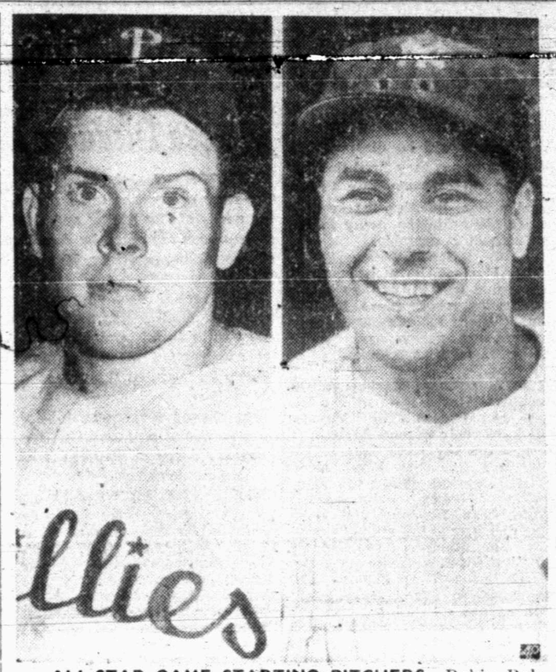

The majors, however, did nothing at yesterday's joint session on the television-radio subject, except to name a study committee.

Their main accomplishment was virtually to eliminate the March 1 deadline for reporting to spring training camps. Now players can report anytime before then as an individual club prefers — except that players cannot be compelled to come before that date.

Firemen Over State At Training School

COLLEGE STATION, July 11. (AP) —Firemen and instructors from over the state are attending the 21st annual firemen's training school here.

The course, which opened yesterday and lasts five days, has drawn 620 trainees.

ALL-STAR GAME STARTING PITCHERS.—Robin Roberts, left, of the Phillies and Vic Raschi, right, of the New York Yankees, both right handers, are slated to start on the mound in the All-Star game at Comiskey Park, Chicago, today. Raschi has won 10 and lost six for his American League Club while Roberts has won 10 and lost three during the current National League season. (AP wirephoto).

Bob Lemon Hits 33rd Home Run As Indians Win

(By The Associated Press)

Big Bob Lemon, Oklahoma City's fence-blaster, has just 22 home runs to hit to tie the Texas League record. He has 64 games in which to get them.

Leon poked his thirty-third over the palings last night in leading the Indians to a 16-8 victory over San Antonio. He thus went four homers ahead of the pace set in 1924 by Clarence Kraft of Fort Worth when the big first baseman clubbed 55 to establish the record.

He got a single too against San Antonio and ended up with five runs batted in.

Oklahoma City was just one of the first division clubs to win last night — three others did so also. The only change in the standings, however, was Beaumont moving into undisputed fourth place as San Antonio, which had been tied for the spot, took its licking from the Indians. Beaumont beat Dallas 5-1.

Leading Fort Worth won its twenty-sixth one-run victory edging Shreveport 2-1. Second-place Tulsa thumped Houston 5-2.

Shreveport got only six hits off both Mel Waters and Ray Moore—five off the former in 7 2-3 innings—while Fort Worth pounded nine.

Lamour In Hospital

LOS ANGELES, July 11. (AP) — Dorothy Lamour had an abdominal cyst removed yesterday.

Her surgeon, Dr. Raymond McBurney, said her condition is "very satisfactory" but she'll have to stay in Good Samaritan Hospital 10 days.

Rome Workers Quit

ROME, July 11. (AP) — Communist-led workers quit work for an hour in the city and province of Rome today in protest against "American aggression in Korea."

Walker Cress tamed Houston for eight innings. Tulsa, meanwhile, was running up a 5-0 lead. The Buffs got two runs in the ninth and Rudy Minarcin relieved him to put out the fire. Cress fanned 13 batters while in there.

Clarence Beers, a Houston castoff, handcuffed Dallas with six hits as Beaumont moved along. The Roughnecks got eight.

The clubs wind up their two-game stands tonight with Dallas at Beaumont, Fort Worth at Shreveport, Oklahoma City at San Antonio and Tulsa at Houston.

Odessa Shutout By Swatters 6-0 As Rockets Win

By The Associated Press

Front-running Odessa took a 6-0 licking from Sweetwater last night and all the other first-division clubs moved up in the Longhorn League.

Roswell gained a half-game by just being idle—its game with Midland was rained out.

Third place Big Spring and fourth-place Vernon picked up a game apiece as Big Spring downed San Angelo 7-2 and Vernon clipped Ballinger 8-0.

Roswell still is three games behind Odessa and Big Spring and Vernon are eight back.

Lee Gatewood allowed Odessa only three hits. Dom Chiola drove in three runs for Sweetwater—enough to win the game.

Big Spring had to go 10 innings to beat San Angelo. The Broncs got five unearned runs in that frame on two singles, three errors and a triple by Felix Gomez.

Cotton Russell won his fourteenth pitching victory of the season i shutting out Ballinger. Jimmy King homered with two on in the second inning.

Ballinger	000 000 000	0	4
Vernon	241 000 01x	8	81

Davis, Hill and Warren; Russell and Herring.

Odessa	000 000 000	0	1
Sweetwater	003 003 00x	6	1

Carson, Carroll and Perez; Gatewood and Bottarini.

Big Spring	000 002 000	5	8
San Angelo	020 000 000	2	3

Uley and Hernandez; McClure and Lopez

Williams Bout With Costner Is Rained-Out

PHILADELPHIA, July 11. (AP) — Weather permitting, Lightweight Champion Ike Williams battles George (Sugar) Costner tonight in an over-the-weight bout that could give the winner a crack at the welterweight crown.

Both are top contenders for Sugar Ray Robinson's welter title.

Williams, long king of the 135-pounders, weighed in at 143 yesterday before rain caused postponement of the 10-round feature of a charity show promoted by Frank Palumbo.

Costner, hard-hitting Camden, N. J., puncher, tipped the scales at 146.

There will be no weigh-in today but if bad weather pushes the Shibe Park show back to Wednesday the fighters will have to mount the scales again.

McClain Blasts Another Homer In RGV League

By The Associated Press

Jake McClain, the Harlingen hammerer, probably is the nation's leader in home runs this season to date but he'll have a tough time bettering the all-time record.

The record is 69 held jointly by Joe Hauser and Bob Crues and McClain has 35 this season in 89 games. But he has only 59 games to go in order to get the other 35.

McClain clubbed his thirty-fifth last night as Harlingen beat McAllen 10-3 to remain in a virtual tie with Corpus Christi for the Rio Grande Valley lead.

Harlingen pounded 14 hits which also included homers by Keith Carpenter and Chuck Young.

Corpus Christi licked Del Rio 9-7 but the game was protested by Del Rio Manager Bob Hamric, who claimed Corpus Christi Shortstop Joe Koppe stepped out of the box while hitting a foul ball. Corpus battered 16 hits.

Brownsville beat Laredo 6-3 with a four-run splurge in the eighth; Juna Perez and Gene Chaon both hit homers in the rally.

John Hetki, Cincinnati pitcher, hurt his arm in his first professional game with Albuquerque, N. M., in 1941, but came back to win 16 games that season.

Cincinnati catcher John Pramesa hit .357 in his first year of pro football with Bristol, Va., of the Appalachian League in 1943.

PERSONALS

Joe Stinson and Joe Dave Scott were to drive to Dallas today, and planned to return tomorrow.

Mr. and Mrs. Homer Whisnand had as guests over the week end their friends, Mr. and Mrs. Herbert Bowden of Wichita Falls.

Mrs. Ira Collins of Cleburne is in Snyder, visiting with her husband, who is the new manager of the Manhatten Hotel. Mrs. Collins is staying at the Manhatten while here. She has been relieving the cashier in the Manhatten Coffee Shop.

Mr. and Mrs. Robert Gray, Jr., and children are here from Atlanta visiting Mr. Gray's parents, Mr. and Mrs. R. E. Gray, and Mr. Gray's sister and family, Mr. and Mrs. P. W. Cloud, 3109 Avenue S. Also visiting the Grays and the Clouds this week are Mr. and Mrs. Leo Harris and children of Abilene. Mrs. Harris is another daughter of Mr. and Mrs. R. E. Gray.

Mrs. Walla Fish returned to her home, 3110 Avenue U this week, after a trip to Temple and a medical check up at Scott and White Clinic. Mrs. Fish is now back at work at her business, Vogue Beauty Shop.

Dr. and Mrs. W. H. Andrew, 2804 Avenue D, have just returned from a trip to Dallas, where they visited John O. Fallum, an oilman.

Mr. and Mrs. Frank Stephenson, 2001 Twelfth Strreet, drove to Big Spring Sunday, where they visited with friends, Mrs. J. P. Meador and Mrs. Cleo Richardson.

Mr. and Mrs. John Sentell and sons, Marvin Sentell and Joe Sentell, have just returned from their ranch in Sonora, after a week's visit there.

Miss Sandra Jean Josephson, 1705 Twenty-eighth Street, will leave Thursday for Dallas, where she will take part in a wedding rehearsal of friends. Miss Josephson will attend the wedding, to take place in the near future.

Mr. and Mrs. Bob Davie and son, Mark Davie, returned Monday from a vacation to San Antonio where Mr. Davie attended the State Bar Convention. They visited there in the home of Mrs. Davie's parents, Mr. and Mrs. A. Boone Chastain.

Mr. and Mrs. C. L. Calloway and Johnny Calloway have just returned from a two weeks' vacation trip to Southgate, Calif, where they visited Mr. Calloway's brother, J. P. Calloway. They also visited the Grand Canyon, Boulder Dam, Mexico, and intermediary points of interest. Mr. Calloway is the manager of the Lone Star Gas Company; Mrs. Calloway works as a secretary in the offices at Snyder schools.

Mrs. J. T. Crawford is ill at the home of her mother, Mrs. Joe Sheid, west of town on the Lamesa Highway.

Miss Vera M. Swedberg was a Snyder visitor over the week end. Miss Swedberg, former superintendent of nurses at Snyder Hospital, dropped by to visit friends en route to her new job at the recently erected Midland Memorial Hospital, Midland. She will be the head of the obstetrical nurses there. While in Snyder, Miss Swedberg visited with Mr. and Mrs. Johnny Dodson and Mrs. Betty Wendell Snyder.

Mr. and Mrs. John Trost have just returned from the International Furniture Mart in Chicago. Mr. Trost represented his store here, Town and Country, and Mrs. Trost represented their store in Tuscon. While away, the Trosts visited with Mr. Trost's parents in Champagne, Ill., where the Trosts also have interests in the J. C. Trost Grain Elevator Co., and Mrs. Trost visited with her parents in Decatur, Ill. Mrs. Trost has returned to Tuscon with their children. Mr. Trost plans to attend the Los Angeles Furniture Mart July 17.

Mrs. J. W. Scott, 700 Twenty-fourth Street, reports that her daughter and family, Mr. and Mrs. Max Brownfield, from Colorado City, leave this week for a 10-day vacation trip to Colorado. Mr. Brownfield owns the Hickory Street Drug Store in Colorado City. Mrs. Scott's son and family, Mr. and Mrs. Grover V. Scott, have also just had their vacation. They spent a week at Ruidosa, N. M. Mr. Scott owns Scott's Filling Station on the Lubbock Highway, and has recently erected another service station directly across the road.

Mr. and Mrs. Jack Sparks were in Abilene over the week end. Mrs. Sparks returned to her offices as County Home Demonstration Agent Monday afternoon.

Mr. and Mrs. H. J. Brice, 2712 Avenue U, are home again after a trip to San Antonio, where Mr. Brice attended the Texas Bar Association. The Brices left last Tuesday for San Antonio, returning Sunday.

Mr. and Mrs. J. A. Starnes, 2105 Twenty-sixth Street, have had a number of out-or-town relatives visiting in their home the past week. They are Sgt. and Mrs. Scott Starnes and family, recently returned from Army Air Force duty in Japan; Lee Starnes of Gadsden, Ala.; Clyde Starnes, La Grange, Ga.; Ivan Jones, Bertram Starnes, and Mrs. Lucille Strayberry, all of Alexandria City, Ala. Sgt. and Mrs. Starnes left Monday for Lubbock where they will be stationed.

Mr. and Mrs. Bushy Hedges and family, from west of Snyder, and Mrs. Hedges' father, H. W. Taylor, 2211 Avenue T, have just returned from an extended trip through eleven northern states. They were gone two weeks.

Arthur Hasenjaeger, who enlisted in the Navy June 3, is receiving training at the U. S. Naval Training Center, San Diego, Calif. The son of Mr. and Mrs. Carl R. Hasenjaeger of Smith's Trailer Court on the East Highway, he enlisted shortly after his graduation this spring from Snyder High School.

Mr. and Mrs. D. M. Cogdell have returned from an extended trip through several southern states, where they visited relatives of Mr. Cogdell's and toured the scenic points of interest. The couple were away two weeks.

Mrs. Harry Ward and her children spent the week end with her parents, Mr. and Mrs. Ollie Stinson, on the ranch in Borden County.

Mrs. Johnnie Williams, 700 Avenue S, is still ill. She recently underwent medical treatment at Lubbock Memorial Hospital. She is recuperating at her home.

Mr. and Mrs. D. J. Williams, Route No. 3, are the parents of a baby boy, born at 8 o'clock this morning at Snyder Hospital. Dr. Girod was the attending physician.

TALK OF THE TOWN

BY FRANCES BIOW

Last night the mesquitos were in fine fettle, two folding chairs collapsed, the covered dish supper was tasty, and, in other words, everything was very much summer fun at the picnic MRS. J. D SCOTT hostessed for her Sunday School class on the sloping green lawns of Warrencrest.

This Nancy Caton Sunday School Class, Methodist Church, has gone on for years, and is noted for attracting women whose husbands can't, won't, or haven't opportunity to attend. And the girls make up in spirit for the lack of men. MRS. A. C. PREUITT told of one of their usual parties years ago. It seems the class depends upon food by the simple expedient of calling everybody, saying "Bring a dish." So this particular time, everybody brought peas and carrots! On doing research, said Mrs. Preuitt, someone had made a remark before the class, "Why doesn't somebody sometime bring peas and carrots?" "I just went in and fried a couple of pounds of bacon and we then had bacon and peas and carrots."

Then, MRS. D. M. COGDELL supplied the story about the time nobody brought anything but dessert. "We got nine pies!" she said reminiscently.

* * *

Of all the fancy-stepping, active-minded women around town, one you would have to get up early to out-energize is MRS. OSCAR WEBER. Her husband is in Owens Shoe Department, and his lady is simply a burning cauldron of plans, projects and accomplishments. There's the hand-painted china class she will teach in the Fall. There's the Highland Park home that is frustratingly slow in going up, all the decorator plans she is pouring into it. At the moment her buffet sits precariously in her kitchen in a crowded duplex on Avenue I, and her daily fear is it will get grease-splattered before she can move it to its rightful place in a roomy, well-laid-out dining room. She has handpainted tiles for the new bathroom, with a lily and aqua theme. And she is frantically searching for somebody to wire a 1900 model Buick head light for her porch light! Right then I felt compelled to move on because she made me feel lazy!

* * *

"Oh, do have another drumstick, Mr. Shedd!" Thus urges perhaps the uncrowned best cook in town at the homey, loaded table at 2008 Twenty-seventh Street. The butcher at Furr Food, along with his wife and a dozen-odd other of the town's hungry inhabitants ate unstintingly of another drumstick and then another. MRS. NELLIE COTTON reigns benignly over her deluxe boarding-house dining room, has for years offered something luxurious in lunches to folks who know about her and her way with the pots and pans. She says about six years ago a friend with ulcers asked that she cook for him and his son. This began Snyder's most lush lunch room. Mrs. Cotton admits she eats heartily, loves to do it, wants folks to enjoy her cooking.

Managers of stores, clerks, oilmen, visiting firemen, all come again and then again. Laid out family style, the honey-brown chicken, fresh yellow squash, pungent fried okra, well-done bean pot, lovely bread, tangy iced tea, and on and on. . .well, it's all there, and everybody leaves with that smug, home-cooked-meal look!

* * *

JOHN TROST, manager of Town and Country, furniture store on Lamesa Highway, brought back a briefcase full of new ideas for Snyder furniture shoppers, but most tempting to the ordinary housewife would be that glamour girl gas stove. Honestly, it's the kind of thing Grannie had fantasies about as she stoked another log into the old black range! Personally, I run out of adjectives when I attempt to describe this Rainbow Set. It's got an array of colored light switches, resembling the dashboard of a four-motored bomber. Mr. Trost assured me one needn't be an electrical engineer to manage it. When the heat is high, the red light shows; for second heat, green, and so on through the spectrum. If nothing else, it should brighten a bored domestic's day. Of course, if you're color blind you're just not market at all to Mr. Trost. He maintains, that, besides being a light-flashing phenomenon, this cooking unit has a timer. You leave for church or movie or just gadding. You pop in the meat, set the clock, and thirty minutes before mealtime, on goes the heat and when you arrive, you simply take off your gloves and sit down to the spirited ovation of your family about the good food you've slaved over. Now, I didn't mean to imply it sets the table for you. But it does get you about as far away from the cave man's bonfire as the ingenuity of man has yet ventured.

Tri-County Club Completes Quilt For Girlstown

Mrs. F. H. Patterson was hostess to the Tri-Community Home Demonstration Club Wednesday afternoon.

The group held a short business session, and then completed a quilt, which is to be sent to Girlstown, Whiteface, Tex.

Mrs. Patterson and Mrs. Guy Glenn gave a demonstration on the making of frozen lemon tart.

The club will next meet in the home of Mrs. George Webb.

Women's Calendar

TUESDAY

Business and Professional Women's Club meets at 8 p.m. at Mrs. Marvin Hanback's, 408 Twenty-ninth Street.

FRIDAY

Members of the Church of the Nazarene are invited to an all-day rally, to be held at the Church of the Nazarene, Lamesa.

Garden Club Enters New Year When It Meets on July 28

The Snyder Garden Club will meet at 9:30 o'clock the morning of July 28.

Miss Myrtle Harrell, president, announced that the club will meet in the dining room of the First Christian Church, and that at that time all member's dues are to be turned in.

Miss Harrell said that the club is going into a new year, and a business report will be made of the year's accimplishments.

NEW UNDERSECRETARY — Clarence J. McCormick, Knox County Indiana farmer, and a director of the Indiana Farm Bureau, has been nominated by President Truman to be undersecretary of Agriculture. (AP wirephoto).

Mrs. J. T. Whitmore, 600 Twenty-eighth Street, sits at her desk, corresponding with old club friends, keeping informed on current local and national news. Once called "The Will Rogers of Texas clubwomen," Mrs. Whitmore is now unable to participate actively in her clubs. But she continues her great interest in the problems of women. She is a long-time admirer of George Eliot, still reads her novels avidly.

Bridges Opposes His Union's Anti-Communist Resolution

SAN FRANCISCO, July 11. (AP) — Harry Bridges oppositon to his own C.I.O. union supporting U. S. action in Korea precipitated a near riot last night.

Several fist fights broke up the meeting of Local 10, International Longshoremen's and Warehousemen's Union, and prevented a vote on the anti-Communist resolution. Bridges is a member of the local.

BOO BRIDGES

Angry rightwing longshoremen booed their international president as he led the opposition. The resolution had been offered by Phil Sandin, president of the local.

The resolution condemned North Korean aggression, pledged the union's loyalty to the United States, promised to load all war cargoes, and declared:

"We shall not join in, condone or recognize any Communist demonstation or picket lines."

Bridges offered an amendment expressing support for the United Nations "cease fire" order and asking peaceful settlement of the Korean war. Sandlin said the same motion was defeated at a union been disposed of. Bridges' appeal from Sandin's ruling was defeated meeting last week, and thus had by a vote.

FIGHT STARTS

The fist-swinging started after one longshoreman then shouted:

"All the Commies should be loaded into armored cars and sent to Tule Lake."

(Tule Lake, Calif., is the area where Japanese nationals were interned during World War II.)

Bridges recently was convicted in federal court of perjury for denying at his 1945 naturalization hearing that he had ever been a Communist. He is free on bond pending hearing of his appeal.

Engagement of Jack McGlaun Announced

Mr. and Mrs. Frank Hale of Abilene have announced the engagement and approaching marriage of their daughter, Miss Lila June Hale to Jack McGlaun, son of Mr. and Mrs. O. D. McGlaun, 2402 Avenue M.

The rites for Miss Hale and Mr. McGlaun will be solemnized July 25 in the First Christian Church, Abilene. The Rev. Harlie Woolard will officiate.

Miss Hale was graduated from Abilene High School and attended McMurry College. Mr. McGlaun was graduated from Snyder High School in 1946. He works here with the Sweetwater Production Credit Association.

Americans Fight In War They Don't Understand

By WILLIAM R. MOORE
AP Staff

AMERICAN ADVANCED HEADQUARTERS IN KOREA, July 11. (AP) — There are a lot of young Americans fighting like heroes in this faraway war they do not understand very well.

You can get an idea from the wounded of what it is like up there to the north where the outnumbered Americans are trying to check the southward drive of the invaders from Communist North Korea.

The 21-year-old soldier sat in the railroad car which was bringing back the wounded from the front. He was brown-haired.

BRAVE ACT

"That machinegunner," he said. "He just stood there and poured machinegun bullets at them until his whole squad got out.

"Then we got him back and he has four holes in him. I think he's going to be all right."

He paused, then went on.

"The lieutenant and me and the guy back here," he said, pointing to a wounded soldier resting on the coach chair behind him, "had been shooting bazooks. Then something—maybe a grenade—got us.

"It tore us wide open. This guy here is burned bad. I was lucky."

REPORTS

There had been reports of Americans battling North Korean tanks with bazookas at ranges as short as 20 yards. I asked the soldier if the bazooka was any good against the tanks he had fought.

He waved two fingers in my face almost violently and shouted:

"We stopped two of them! That's what I've been telling you. Two of them and their crews, and then we got it, me and the lieutenant and this guy here."

Many modern cooks know that low temperatures used in roasting meats mean less shrinkage, but they don't always realize that mean that the meat will be more uniformly cooked with less contrast between the outside layers and the center.

RECIPE

RAINY DAY SNACK
Frosted Chocolate or Hot Tea
Raisin Coconut Cookies*
(Recipe for Starred Dish Follows)

RAISIN COCONUT COOKIES

Ingredients: 1 cup seedless raisins, ½ cup shortening, ¾ cup brown sugar (packed), 1 teaspoon vanilla extract, 1 egg, 1 cup sifted all-purpose flour, 1 teaspoon baking powder, ½ teaspoon salt, ½ teaspoon cinnamon, 1 cup shreaded coconut, ½ cup quick-cooking rolled oats.
Method: Rinse raisins and drain. Cream shortening and sugar together thoroughly. Blend in vanilla and beat in egg. Sift together flour, baking powder, salt, and cinnamon. Stir into creamed mixture, blending thoroughly. Mix in raisins, coconut and oats. Drop by teaspoonfuls onto greased cooky sheet. Bake in moderately hot (375F.) oven 12 to 15 minutes. Makes about 4 dozen cookies.

Float for Parade To Be Discussed By Club Tonight

The Business and Professional Women's Club, meeting tonight in the home of Mrs. Marvin Hanback, 408 Twenty-ninth Street, will discuss the club's contribution to a float for the parade during rodeo time.

Mrs. Forrest Beavers, president, announced that the club netted about $25 from their bake sale, held in the Pick and Pay Grocery, Saturday. Proceeds from this sale will go to books for the new Youth Center.

Club members will convene at 8 o'clock tonight.

In Korea, If They Like You They Hiss, Attorney Recalls

The Korean's long and stubborn insistence on national freedom was the thing that impressed Bob Davie, Snyder lawyer, when he served with the American occupation army in Korea.

Davie arrived with the occupation army under command of Lt. Gen. John R. Hodges at the port city of Inchon Sept. 12, 1945, and remained in Korea until Dec. 21, 1945. He served as aide to Gen. Harcourt Hervey, head of occupation forces in the south.

From Inchon the army went by rail to Seoul, about 37 miles to the north and west. Seoul, the great capital city, is both New York City and Washington, D. C. to the Korean, Davie said.

MUDDY WATERS

Inchon is located on the Yellow Sea, so named because it is very shallow and casts a yellow haze as contrasted with the inky blue-black of the Pacific. The tide on the Yellow Sea, one of the largest tides in the world, brings in a mass of gray mud. Davie said thousands of women and children would swarm the beaches, sifting the mud with their arms and fingers, even at freezing temperatures, to secure a half handful of snails and sea life containing protein to cook with their rice.

The Korean—he calls himself "Core-dee-own"—has a terrible struggle to keep body and soul together and considers himself wealthy if he can supply his family with fish as often as one meal a week to go with the watered-down rice on his knee-high table. He is a short, stocky fellow, as Davie recalls, with a round smiling face. He had his family wear white cotton clothing because white is a mouring color and since Japan formally took over his country in 1911 all Koreans wear white.

At the outset of the occupation, Davie says, the American forces made a serious mistake, by retaining the kempei (Japanese police) in authority until native Koreans could be trained. Since the Korean views the police with extreme hatred, he concluded that his hope for freedom from Japanese tyranny was a delusion and that Americans were in collusion with the hated Japanese.

There were no justice or police courts in Korea. The Japanese police, upon catching a minor offender, beat him with their clubs, until he fell and then walked away.

COUNTRYSIDE

The country of Korea has a splendor and beauty that is breathtaking with its green-clad mountain ranges, separated by wide low valleys, intensely cultivated with rice fields and turnip patches. Turnips and cabbage are the fall crops which are harvested in November and preserved in tall crocks of brine for consumption during the winter.

The rich rice paddies in the southern half of Korea served as the bread line of the Japanese military during World War II. The Japanese sent the Korean farmer cheap coarse Manchurian barley in return for his precious rice. The northern or Russian half of Korea is the mining and industrial section of the country.

During the bitter Korean winters, Davie recalls, an entire family would sit on the floor, gathered around a single flower pot type urn sitting in the center of a cold room. The ordinary family lives in a low thick mud-walled house with an arched thatched rice-straw roof and dirt floors.

ELDERS RESPECTED

The oldest male member of the family wears a black cone-shaped horse hair skull cap on the back of his head as a mark of his position as head of his family. He makes all the important family decisions and assigns the tasks to be done. He manages several dozen people and is entitled to extra bows when greeted. Also his chin whiskers—although "scraggly" to western eyes—are longer than those of other men.

He decides which members of the family will take the chicken, rice, fish, eggs or turnips to the village market and whether or not, when and to whom his grandsons will marry. No decisions concerning marriage are made, however, until after extensive negotiations with the head of the would-be bride's house, and no marriage is consummated as long as an older brother insists on bachelorhood.

The old man also sits on the village council and is entitled to considerable more "hissing" than an ordinary man. "Hissing" is a sound not unlike a lusty sipping of hot coffee, as Davie describes it, and means that the visitor "Likes the taste of the learned elders presence." Davie heard an example of it, he says, when a group of village elders called on an American general.

MUST SUPPORT WIVES

A man may have as many wives as he chooses so long as he maintains food and clothing of a sort for his family. Such a rule practically enforces monogamy, Davie observed. Prostitution is a profession, and it is a source of income to a father whose crop has failed. He may sell one of his daughters tution to avoid starvation for his to a commercial house of prostifamily.

The family burial ground is always on almost vertically sloped rocky land unfit for cultivation on the mountain side above the rice fields. The mountains are covered with trees not over 10 or 12 feet tall, since all trees are carefully pruned for firewood. Every twig and blade of dry grass is gathered in the fall to heat cold toes and fingers on long winter days.

The railroad which runs from Pusan (Foo-san) north to Sowon-Seuol-Inchon was completed in about 1915 by American capital, and fortunately for the occupation, was of American guage rails. The original occupation, hurriedly organized, contained no American Railway Battalions. After Japanese military personnel had been sent back to Japan, it was ordered, perhaps in the interest of promoting good American-Korean relations, that all Japanese civilians must be evacuated.

With all Japanese, including railroad workers, out of Korea, the Koreans assured the American command that they could efficiently operate the roads, although the Japanese had allowed the Koreans to rise only a little above the status of section-hand labor.

In a period of about six weeks after the railroads were turned over to the Koreans, 22 train wrecks occured between Taegu and Pusan and emergency planes flew in railway battalions from the European theatre to relieve the stress on the old locomotives.

Davie says the engines ejected steam from all corners and looked like a mass of humanity plowing down the track, jam-packed with Koreans inside and out of it. The oudside passengers lashed themselves with grass ropes on the roofs and sides of every car and the coal tender. Many were returning home from forced labor in Japanese war factories.

The Korean impressed Davie with his respect for family, his tenacious insistence for national freedom, his patient and fond hopes to be free and promote his culfure, which he proudly boasts existed 1,000 years before "your Jesus."

Confusion in Corsicana As Clocks Go Their Own Way

By WILLIAM C. BARNARD
(Associated Press Staff)

They had a time with the wrong time in Corsicana.

All over town, Western Union clocks in business establishments were from five to 15 minutes off last week. This went on several days since Western Union's local clock expert was on a holiday and couldn't be found. Appointments — and even trains — were missed.

The Corsicana Sun recognized the crisis and headlined a front page story: "Erratic Clocks Cause Confusion Over Entire Town." It quoted the local Western Union manager, a dismayed man indeed, as saying he had no idea what was wrong. He had appealed to the Dallas regional office for aid, he said.

AID ARRIVES

The aid came, all right, and next day everything was under control.

We asked A. F. Moody, Western Union's assistant general manager in the Southwest, what happened.

"I've been with the company 40 years," said he, "and never saw anything like that happen before. Our master clock at Corsicana, which regulates our other clocks over the city, went on the blink. The steel spring that holds the pendulum broke, and from then on the clock wasn't responsible, of course. It went off the beam, and all the other clocks that it regulates did the same.

NO SPARE

"When we found the trouble, there was no spare spring in Corsicana, so we rushed one by automobile from Dallas. We certainly were glad to straighten out that situation. It was a very surprising thing to me — I had come to think of Western Union time as infallible."

In Texas alone, Western Union has about 4,300 clocks, Moody, a tall, pleasant, grey-eyed man, a resident of Dallas, told us.

"And we take our clocks seriously," he chuckled.

Daily, at 11 a.m., master clocks over the nation, such as the one that went on the binge at Corsicana, are regulated by direct wire from the naval observatory at Washington.

"Right on the dot, at 11 employees in the local offices are watching their master clocks to see if there is any change ment of regulation."

"The result is entered into a chart. Some of our master clocks go a year without losing as much as a second."

PENDULUM ACTION

Pendulums on the master clocks are fitted with two tubes of weather-sensitive mercury to compensate balance when the temperature changes. A pendulum tends to swing faster in cold weather. The master clock regulates other Western Union clocks in its city every hour, on the hour.

Western Union has found that even the planned-sway of tall buildings disturbs pendulum sway enough to throw a clock off. "We had to replace all our pendulum clocks in the First National Bank Building at El Paso with marine movement clocks which have balance wheels like a watch instead of pendulums," Moody said.

Big Spring Man Is Charged in Shooting Of Estranged Wife

BIG SPRING, July 11. (Spl.)—Charges of assualt with intent to commit murder have been filed by District Attorney Elton Gilliland against Frank Cathey, a local barber, who police said yesterday tried to shoot his estranged wife, Mallie, to death and then made several unsuccessful efforts to commit suicide.

The incident took place in the Cathey home at 904 Gregg street about 7 o'clock yesterday morning.

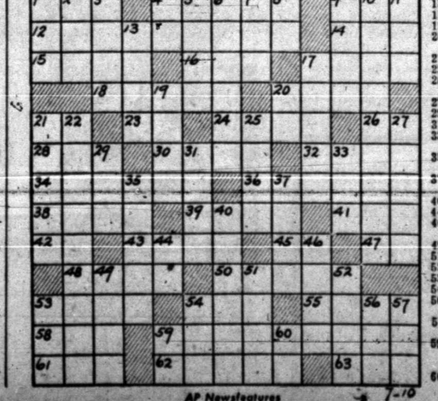

Mrs. Cathey, who recently had filed a restraining order against her husband after applying for divorce, was rushed to the Big Spring hospital with a wound in the left side of the chest several inches above the heart. She is expected to recover.

She was struck with a copper-covered bullet fired from a .380 automatic pistol. Capt. E. W. York, one of three city officers summoned to the scene, said the gun jammed after the first shot, leaving seven unfired bullets in the weapon.

JULY 10

Senator Douglas Hopes To Cut Billion Dollars Off Money Bill

WASHINGTON, July 11. (AP)—Sen. Douglas (D-Ill) turned the edge of a billion dollar pruning knife toward the $34,688,000,000 one-package money bill as it came up for debate in the Senate today.

Douglas told reporters he will offer a series of amendments aimed at trimming a billion off of the non-military expenditures in the bill.

He is acting separately from a group of Republicans and Democrats who are sponsoring an amendment — rejected by the appropriations committee — to cut 10 per cent off personnel outlays and 20 per cent off travel expenses outside of the military agencies for an estimated saving of $600 million.

CLOSED GOP MEET

Chairman Taft of Ohio said the Republican Policy Commitee will discuss the amendment at a closed session and decide what course the GOP wants to take in trying to effect some economies.

Sen. Byrd (D-Va) said he is working with both Republicans and Democrats to help get the amendment in shape for action by the Senate.

Playing a lone hand, Douglas said he will seek to cut $300 million off personnel outlays with an amendment providing that many government agencies could fill only one half of all vacancies that occure in jobs in their departments. In addition, he would ask for a flat 2 per cent cut in the number of jobs.

Douglas hoped to pick up a $100 million saving by reducing the annual leave of government employees.

He aimed a $300 million reduction at funds for rivers, harbors, roads and dams.

The Illinois senator proposed a $75 million cut in subsidies paid railroads, airlines, ship builders and operators. He said he would propose a postal rate increase aimed at raising $200 million new revenue.

HOPES HIGH

Chairman McKellar (D-Tenn) of the appropriations committee was prepared to call up the omnibus bill with the hope that it can be passed before the week is out.

Sen. Robertson (D-Va) suggested that senators limit themselves to 10 minutes debate on each amendment, but Sen. Wherry of Nebraska, the GOP floor leader, said there ought to be some general discussion of the bill before there is any debate limitation.

Human Male Is Turning Fancy In His Apparel

AP Staff

NEW YORK, July 10. — The men folk appear to be sprucing up. Merchants who sell shirts, pajamas, hats and sportswear report business better than last year—in some cases 50 per cent better. And some see a definite trend in the male to go fancier.

Manufacturers who turn these items out say re-ordering by retailers is keeping them busy. Some say orders for fall are half again as big as last year. Shirt production so far this year is 11 per cent ahead of last. Pajama production is up 44.5 per cent.

STRAW HATS

The straw hat people are jubilant, almost dumbfounded. For the first time in several years, New York stores didn't break out with a rash of straw hat price reduction sales July 5. On the contrary, manfacturers say they have been getting re-orders from retailers. One straw hat maker is keeping his factory operating through July to fill these orders.

A Toledo, Ohio, store reports its best straw hat season in three years. Some Dallas stores say sales are up 15 to 20 per cent. The hat research foundation quotes its members as reporting the biggest straw hat year in 20 years.

The foundation credits this to advances in styling and merchandising methods. Straw hats are lighter—there's a panama weighing only three ounces—they are more porous, and come in a greater variety of styles, the foundation says.

SPORT SHIRTS UP

Sport shirt production outstripped dress shirts the first part of the year. Together they ran 11 per cent ahead of 1949 output. Shirt makers say retail orders are well ahead of last year. Some see fall business from 18 to 20 per cent ahead.

A trend toward fancies is reported in many stores. Some of the items reported in good demand are lightweight short-sleeved sport shirts, colored yarn shirts, and sport shirts with knitted backs. Some makers believe the striped shirt will stage a comeback this fall. Shirts made from sheer fabrics are selling well, according to 20 of the 26 stores represented on the style committee of the National Association of Retail Clothiers and Furnishers.

The U. S. Government's Bureau of Human Nutrition and Home Economics has been looking into the clothes closets of a number of Minneapolis and St. Paul families. Its survey shows that in those cities the average husband owns an overcoat, topcoat and raincoast, four hats and caps; three suits, five pairs of extra trousers; 14 shirts, 18 pair of socks, four pair of shoes, and 18 ties.

Light Damages, No Injuries in Sunday Accidents Near City

Damage to five automobiles involved in two collisions near Snyder Sunday was estimated at $345. No one was injured.

At 9:50 o'clock Sunday morning a 1949 Pontiac driven by Wesley Campbell Edmons, 49, of Lamesa, and a 1947 Chevrolet driven by Fred Allen Perry, 20, of Snyder, collided about a mile west of town on the Lamesa highway.

Both cars were traveling east when the accident occurred as the Edmons car was attempting to pass the Perry vehicle which began to make a left turn. Perry paid justice court fines yesterday for failure to make a turn signal and for driving wihtout an operator's license.

Damage to the Edmons car was estimated at $15, and about $50 damage was done to the Perry car.

A minor 3-car collision occurred about two miles east of here on the Roby highway shortly after noon Sunday when a 1949 Chevrolet truck driven by Euel Pervis Mayfield, 24, of Fort Worth, collided with the back of a 1949 Plymouth sedan driven by Lester Ray Batteas, 23, of Sylvester, Tex., which in turn struck the rear of a 1937 Ford coach driven by Allen Oscar Crews, 38, of Snyder.

A traffic violation charge of speeding was filed against Mayfield. All three were traveling east. Damage to the Batteas car was estimated at $150, while about $15 damage ws estimted done to the Crews car. The truck was scarcely damage was estimated done to the vestigated by E. W. Green, highway patrolman.

Home Coming Is Set For Second Sunday In August at Audobon

Announcement has been made that the Audobon Home Coming, to be held in Wise County as usual, will be held the second Sunday in August this year.

The annual reunion attracts oldtimes of Audobon, some who have not met for years.

This year, everyone is asked to bring a basket lunch which will be served under the old brush arbor. An interesting program has been planned, according to J. M. Howard, secretary of the event.

Three Sentenced To Penitentiary In Court Here

Six penitentiary sentences totaling 12 years were pronounced upon three men in district court yesterday afternoon.

Julius James, 25-year-old Snyder Negro, was sentenced to serve two years in each case after pleading guilty to four indictments charging him with forgery. James was tried in connection with several checks passed to Snyder merchants, each bearing the forged signature of John Cole, a former employer of James.

Grover Leon Bibb, 32, of Bridgeport, Tex., was sentenced to serve two years in the penitentiary after pleading guilty to swindling with a worthless check. Bibb admitted passing a worthless check for the amount of $94.56 to W. E. Smith, of Fluvanna, as payment for some sheetrock.

Cornelius Cook, 25, of Rush Springs, Okla., was sentenced to two years in the penitentiary for theft of an automobile on April 24 from Bob Worthington of Sweetwater, owner of a Snyder used car firm.

Cook is also wanted in connection with car theft in Oklahoma and also by the FBI on a federal charge of violation of the Dyer Act in crossing a state line with a stolen automobile, according to Lloyd H. Merritt, sheriff. The automobile stolen here, a 1950 Chevrolet valued at $1,900, was recovered at Andrews, Tex., in May, where Cook was arrested.

Earlier in the day, two sentences were assessed Raymond H. Grubbs, about 30, of Abilene, charged with theft of a trailer and an automobile. The sentences were for four and five years. Also sentenced then was Joel Blackwell Webb, about 38, of Shamrock, Tex., who was given a term of two years in the penitentiary after pleading guilty to automobile theft.

In the civil case of R. M. Fowler vs. H. F. Proctor, an application for temporary injunction against the Crazy Traders used car firm, Judge A. S. Mauzey ruled that no injunction would be imposed at this time. Both parties to the suit agreed in court to set the date for further hearing 15 days hence, at which time the plaintiff stated new allegations would be filed. The plaintiff is claiming a partnership in the business, and the defendent contends Fowler was only an employee on a commission basis.

The plaintiff was represented by Pat Beene and John Sentell of Snyder, and Proctor was represented by Keith Merrick of Snyder and Ross Hardin of Fort Worth.

NEWS FROM FLUVANNA

Misses Ola Faye and Laverne Smith moved to Snyder the first of this week where they will be employed by Bell Telephone Co.

Mr. and Mrs. Tom Smith of Cisco visited Monday through Thursday with their daughter Mrs. Bruce Kerley and family. Other visitors in the Kerley home were Mr. and Mrs. Bub Roper and children of Fort Worth. Miss Dianne Kerley accompanied the Ropers to Carlsbad Caverns, Wednesday; returning Thursday.

Mr. and Mrs. J. L. Rankins of Seminole visited last Thursday with Mrs. Rankins' sister, Miss Hannah Steel.

Mrs. Sam Beaver visited last week in the Panch McDonald home.

Mrs. Grady Laws of Cisco and Mr. and Mrs. F. E. Fisher of Dublin spent Friday in Fluvanna on business.

Mr. and Mrs. Carlyle Russell and family of Littlefield are visiting Mr. and Mrs. Sandy Holder and family. The Russells arrived last Thursday.

Mr. and Mrs. C. A. Landrum and children of Eagle Pass arrived Friday and are visiting in the C. F. Landrum home here.

Mr. and Mrs. Bob Jennings, Mr. and Mrs. Bogue Forehand, Mr. and Mrs. Herschell McIntyre of Abilene, and Jackie and Pasty Holder spent Friday at Sweetwater Lake.

Alton Milliken is recovering from a sprain received in a fall from a horse.

Poage Says Texans Back Korean Action

WASHINGTON, July 11. (AP)—The people in Texas are fully back of President Truman's decision on Korea, Rep. Bob Poage of Waco found on a trip home.

He said on his return here yesterday:

"The only complaint they have—and that is my feeling too—is that we should have told the world long ago that we would back up Korea militarily.

"That might have stopped the North Korean invasion."

He said he opposed an economic aid bill "because we wouldn't say at the same time that we would back this up with military aid."

Heiress Wife Still Draws on Allotment Of Former Marine

LOS ANGELES, July 11. (AP) — A former Marine Corps sergeant, Edward F. Boozer, says his wife wasn't content with $1,000 a week from her $5,000,000 inheritance—she also got $27.50 of his monthly disabled veteran's allotment of $110.

Boozer made the allegation yesterday in seeking separate maintenance. His estranged wife, Mrs. Joyce Primrose Boozer, heiress to a fortune left by her grandfather, C. Berquist, Chicago packer, has sued him for divorce. She charges Boozer drank excessively. They were married two years ago in Las Vegas, Nev.

Boozer's attorneys said that the wife continues to draw a percentage of his allotment under government regulations.

Communist Leader In Alabama Sentenced

BIRMINGHAM, Ala., July 11. (AP) —The chairman of the Communist Party in Alabama—Sam Hall, Jr. —was sentenced to 180 days in jail and fined $100 on a vagrancy charge last night.

Hall was arrested at his home Saturday when police began a crackdown on Communists in the Birmingham area.

Christian Statement On War In Korea Is Being Drafted

TORONTO, July 11. (AP) — The World Council of Churches, which represents millions of Protestant church members throughout the world, begins drafting a statement on Korea today.

The council's 90-member policy making central committee will meet in closed session to draw up what is expected to be a highly significant declaration of Christian policy toward the Korean war.

It will express the views of a group embracing about 160 million Christians in 44 counties, including some behind the Iron Curtain.

THURSDAY ACTION

A spokesman said the closed session was called to give some members a chance to express their views privately. The draft of the Korean resolution is expected to be completed for public debate Thursday.

The central committee was asked by the Commission of Churches on International Affairs to issue the Korean statement. The commission, an agency of the council, also asked that a letter of sympathy be sent to Korean Christians and that the committee prepare a prayer for world peace to be used in Protestant and orthodox churches throughout the world.

PRESENTATION

The commission's request was presented by its chairman, Kenneth G. Grubb of London, and its director, Dr. O. Frederick Nolde, dean of the graduate school of the Lutheran Theological Seminary in Philadelphia.

It was made after a long discussion yesterday of ways and means of meeting the challenge Communism presents to Christianity.

The committee sought, in that discussion, to find a theme for the next meeting of the full council, scheduled for Evanston, Ill., in 1953. The committee is expected to wind up its meeting at the University of Toronto by Saturday.

Charge of Murder

BELTON, July 11. (AP) — Wash J. Howard of Houston will go on trial Sept. 25 on charges of murder.

Howard is charged by grand jury indictment with slaying Carter Boyd, Houston Negro, March 11, 1950, following a traffic accident.

South Carolina Primary Draws Heavy Voting

COLUMBIA, S. C., July 11. (AP)—More than 350,000 South Carolinians are expected to vote today in a Democratic primary featured by a hot U. S. Senate contest and a four-cornered governor's race.

The fact that James F. Byrnes, 71-year-old former secretary of state, is one of the four gubernatorial candidates has attracted more than usual national interest to the voting.

Olin D. Johnston, the incumbent, and Gov. J. Strom Thurmond are the principals in the battle for the Senate seat. They have waged a bitter name-calling campaign for the last six weeks, during which both sharply criticized President Truman.

Byrnes' opponents are Thomas H. Pope, New Berry attorney and speaker of the state house of representatives; Lester L. Bates, Columbia City councilman and successful insurance company executive; and Marcus A. Stone, Florence and Dillon lumberman.

Also at stake, besides the Senate seat and the governorship, are four of the state's six seats in the U. S. offices of lieutenant governor, attorney general, secretary of state and commissioner of agriculture, and most of the 170 seats in the general assembly.

Orders West Texas Utilities to Bargain

Order of the U. S. Court of Appeals for the District of Columbia now supports the National Labor Relations Order for the West Texas Utilities to bargain with union representatives.

The ruling came in connection with hearings conducted about two years ago at Abilene, in which local representatives of the company and of union affiliates were heard as witnesses. The contest involved the non-Communist oath, which company officials contended should be required as a prerequisite for unions to take their cases before the NLRB. The NLRB had found the WTU guilty of refusing to bargain with three locals of the AFL Electrical workers, one of which was at San Angelo.

Executives of the West Texas Utilities at Abilene were not available for comment today. Representatives of the union in San Angelo were also not available.

Toombs States Intention To Protect Taxpayer's Dollar

Seeks commissioner's post from precinct No. 2—Cullen Toombs.

Cullen H. Toombs, announcing his candidacy for commissioner of Precinct No. 2, says that the discovery of oil has made the duties and responsibilities of the commissioners' court more varied and complex.

"If elected," he says, "I will lease more of my farm in order to have the time necessary for the job."

Toombs has lived in Scurry County 15 years, 10 of them in Precinct No. 2. He has held various positions in his community, now serving as secretary and president of the Fluvanna School Board and chairman of the Youth Recreation Committee.

He is a native Texan, 43 years old, and has a son and a daughter.

Regarding his platform, Toombs said, "I will endeavor to protect the taxpayer's dollar, see that he gets his money's worth in service, construction or maintenance. And I will not be satisfied until each home in the county has access to an all-weather road.

"My first aim will be service to the public," he added. "Any salary or stipend will be secondary, incidental."

Plan For Health Department Is Vetoed by House

WASHINGTON, July 11, (AP)—Rallying to a call of "no socialized medicine," Congress has killed President Truman's plan to create a department of health, education and security.

The death blow to Mr. Truman's proposal that could have made Oscar Ewing a cabinet member was dealt yesterday by the House.

By 249 votes to 71 it passed a resolution vetoing the proposal to transfer all agencies of the Federal Security Agency (FSA), to a new department of health, education and security. Major agencies involved were the Social Security Administration, the Office of Education and the Public Health Service.

EWING HEAD

Ewing heads the FSA, and was generally believed to be in line to become a cabinet officer had Congress not rejected the reshuffling.

No Senate action is required. The reorganization law permits either branch of Congress to nullify a reorganization law permits either branch of Congress to nullify a reorganization plan within 60 days of its submission. The Senate Expenditures committee yesterday voted 6 to 3 against the FSA reorganization plan but the Senate itself has not acted and won't have to, in view of the House veto.

It was the first Truman reorganization plan beaten by the House. Six others had been rejected by the Senate. Twenty more have gone into effect without congressional disapproval. One more becomes effective on July 31, unless vetoed, and no opposition to it is sighted.

27 PLANS

In all, the President has sent 27 reorganization plans to Congress this year. They were based in varying degrees on recommendations of a bi-partisan commission headed by Former President Hoover.

Republicans who led the fight against the FSA reshuffling argued it was in direct conflict with Hoover commission recommendations.

They based their opposition mainly, however, on their claim that the plan was a broad step in the direction of socialized medicine and a move to build up Ewing politically. Ewing long has been a target of congressional criticism because of his stand on public health and compulsory health insurance under federal supervision.

Cranberry sauce is delicious served with pork, duck, or chicken, as well as with turkey.

A leg of lamb takes on wonderful flavor when it is rubbed with a mixture of lemon juice and grated onion or crushed garlic for several hours before roasting.

Junior Chamber Goat Is Named "A.W.O.L."

Plans were discussed last night for the rodeo parade and the donkey baseball game at the Junior Chamber of Commerce meeting at the Snyder Country Club.

Positions were given for the donkey game against the Lions next Tuesday night at the V. F. W. Field, and ticket arrangements were decided upon. The proceeds from the game will be given to the Snyder Youth Center.

Myron Fenton, in a report on the rodeo parade, said that several businesses have planned to enter floats in the parade. The rodeo parade committee will have a meeting tonight to discuss details of the rodeo event.

One of the major issues of the evening was the naming of the Junior Chamber goat. The goat is given to absentee members to keep for one week, when it is then passed on to another member who was absent from the meeting. After mueh debate, the goat was finally given the name "A. W. O. L."

Delbert Randolph is to deliver the goat this morning to Dick Buron to keep for a week.

Divorce To Be Tried After Wife's Death

HOUSTON, July 11. (AP) — A district judge has ruled the divorce suit filed by the late Mrs. Helene Crosby Simmons must be tried.

Judge Roy Campbell said yesterday ownership of the Crosby oil estate, estimated to be valued at millions of dollars, is tied to the divorce suit.

Mrs. Simmons, who filed the suit against Frank A. Simmons, died in May.

Mrs. Simmons' divorce petition also asked the court to give her clear title to what she contended was her separate estate.

Simmons' petitions, submitted in reply, contend he owns half the estate under the community property law. He also contends the value of the estate increased about $2,000,000 under his management and that he is entitled to half of this.

A will filed for probate by Mrs. Simmons' attorneys leaves the bulk of the state to the Baylor University College of Medicine here. The will is being contested by Simmons.

Political Office Announcements

The News is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary Saturday, July 22.

For State Representative, 118th District:
STERLING WILLIAMS
N. C. OUTLAW

J. B. TURNER

County Commissioner Precinct No. 4
SIMON BEST
DOYLE PARMER
WAYNE ROGERS
WALTER ELLERD

Justice of Peace Precinct No. 1
W. C. DAVIDSON

"Talent Scout" Is Charged with Beating

WEST LOS ANGELES, July 11. (AP) — Police held Walter Spiegler, 29, today on suspicion of assault with a deadly weapon, supporting their action with this tale:

Spiegler, arrested yesterday, gained entrance to two UCLA sorority houses by posing as a Hollywood talent scout. In each he delivered a soul-stirring lecture on the need to suffer to portray genuine emotion.

Then he stirred things up elsewhere by beating several of the sisters with a belt to test their ability to register pain.

When the gals in the second house found they couldn't sit down, they refused to stand for it. Police, duly notified, were on hand to greet belting Walter when he showed up at a third sorority.

The opening hockey game in Madison Square Garden next fall will be the 600th regular season home game for the New York Rangers.

It's Vacation Time . . .

ALMOST TOO GOOD TO BE TRUE!

Luggage you know is the finest—because it's Hartmann

for a limited time only... this famous TWIN SET

both pieces only 55.00 plus tax

You don't get this chance very often...this unusual buy. Think of it! Two pieces of famous Hartmann luggage...the exclusive Mayfair Wardrobe and a matching Weekend Case for a price you'd expect to pay for the Mayfair alone. Here's luggage in perfect step with today's fashions and built to last. Both pieces are just what you want for vacation time...the set makes a wonderful gift for the girl graduate or bride. Choice of firmly woven canvas coverings.

NOTHING LIKE IT! This Hartmann Twin Set

- Pullman Case and
- Weekend Case to match

both for only 49.50 plus tax

Another exceptional vacation luggage value. Two pieces...a roomy Pullman Case for packables and a very convenient Weekend Case to match...both at a very low price. Don't compare it with ordinary luggage because Hartmann is in a class by itself. Better get your set now and don't forget it's a perfect gift for all occasions.

For Gift Occasions and Vacations

HARTMANN POUDRE CASE

only 25.00 plus tax

A perfect partner to match your new Twin Set...ideal personal luggage for every trip you make...also gift occasions. Has adjustable loops for cosmetic containers, washable lining, convenient removable tray and a large removable mirror in the lid. May be purchased separately. Choice of attractive canvas coverings.
