Libya...

U.S. planes fired on

WASHINGTON (AP) — Libyan forces fired at least two anti-aircraft missiles today as U.S. planes crossed Col. Moammar Khadafy's "line of death" and conducted operations over the disputed Gulf of Sidra, Pentagon sources said.

No American planes were hit by the missiles and there were no immediate reports of the United States responding with attacks on the Libyan coast, the sources added.

The sources, who earlier had acknowledged receiving reports from the 6th Fleet about missile firings, stressed that the information arriving at the Pentagon was "fragmentary."

But they added it now appeared clear that at least two Soviet-made SA-5 surface-to-air missiles had been fired from the Libyan coast over the Gulf of Sidra toward American planes.

"The initial report said just one, but now they're saying they detected two," said one source, who agreed to discuss the matter only if not identified.

"But they didn't hit anything and just fell into the sea," he said of the missiles.

According to the sources, the first U.S. flights over the Gulf of Sidra, which Khadafy claims as Libyan waters, began late Sunday night EST.

The initial flights were uneventful, said the sources, who agreed to discuss the matter only if not identified.

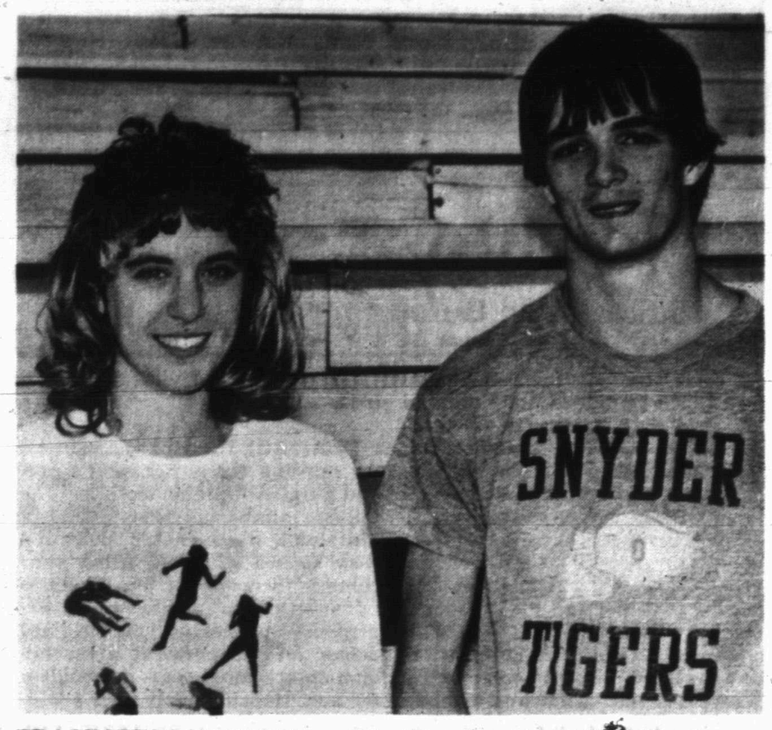

By early today in Washington, however, the three U.S. aircraft carriers now steaming off Libya's coast had sent additional planes on reconnaissance flights into the gulf and they began to detect evidence of increased Libyan military activity.

The sources said that evidence included an increasing number of Libyan planes taking off from military bases.

The sources added there had been no reports of dogfights between U.S. and Libyan jets.

The Libyans recently received several batteries of SA-5 missiles from the Soviet Union. Pentagon officials disclosed last month that on the basis of classified intelligence reports, it appeared some of those missiles had been installed and activated.

The SA-5 is a long-range missile that can be used against targets up to 150 miles away but it is generally considered ineffective against fast, low-flying jets.

TRACKSTERS HONORED — Kim Koening and Todd Pollard were honored as Mr. and Miss Canyon Reef Relays at the annual Canyon Reef Track Meet here Saturday. Also nominated were Karlene Thompson and Stephanie Warren and Jamie Cofer and Ricky Hunter. (SDN Staff Photo)

Rewards offered following death

Following the news of the shooting death Sunday morning of Allsup's convenience store clerk Jack Huddleston, two reward offers have been posted here totaling $2,000.

Both seek information leading to the arrest and conviction of Huddleston's slayer.

Snyder's Crimestopper program, administered through the chamber of commerce, has posted a $1,000 reward.

In addition, officials with the C&W chain of grocery stores have posted their own $1,000 reward.

See REWARDS, page 11

Store clerk found murdered

Police Monday morning were continuing their investigation into the murder of a 53-year-old convenience store employee apparently shot at close range early Sunday morning.

Officers say they have identified an individual who was in the College Ave. Allsup's store at 4:15 a.m. — apparently minutes before 53-year-old Jack Huddleston was killed.

Huddleston's body was found by a customer at 4:40 a.m. He was discovered on the floor of the store's walk-in cooler.

Cause of death was said to be a single bullet wound to the back of the neck.

Police said Monday they did not recover the bullet at the scene and are expecting it with the completion of an autopsy ordered by Justice of the Peace Dan Callaway.

The individual who was in Allsup's earlier told police the store's operation appeared to be normal. They said two other individuals, described as blacks, were in the store also.

Indications are an older model General Motors automobile was seen outside the store also.

A spent shell case was found on the floor of the walk-in but investigators declined to reveal details other than it was a small caliber variety.

Investigators are speculating that the weapon was of a semi-automatic type since a shell casing was ejected onto the floor.

Robbery was the apparent

Targets C02 performance...

Reef core sample said halfway done

By DONNY BROWN
SDN Managing Editor

An attempt at "the best look to date" of the rock strata comprising the Canyon Reef oil formation is now just past the mid-way mark, according to officials with SACROC.

No analysis has been completed as yet to the core samples being recovered at the drilling site.

Mike DeBerry, a SACROC petroleum engineer who is overseeing the coring process, said Monday they have cut some 160 ft. into the formation and have recovered aproximately 90 ft. of solid core.

The core has crumbled in some areas, he noted. In actual drilling, the rig is now down more than 200 ft. into the Canyon Reef. This is slightly more than half of the expected total depth.

"Now we're getting to the most interesting part," DeBerry said — the area of the Reef where SACROC engineers predict the majority of C02 and oil interaction has taken place.

A major goal of the project is to determine how effective the C02 injection has been toward enhancing oil recovery.

In line with this, SACROC staffers also hope to obtain "our best information yet" regarding how much recoverable oil remains in the formation.

Work at the site began in late February as a crew drilled down the some 6,700 ft. to reach the top of the Canyon Reef.

The coring work began March 10 with drilling underway around the clock. Approximately 15 personnel are on site.

DeBerry said "with luck" the coring process might be completed in seven more days.

SACROC initially hoped to drill a 400 ft. core section profiling the entire Reef formation.

The process being used is a departure from normal coring samples, which capture the rock core inside a joint of plastic pipe.

Instead, the core is wrapped in sponge-lined tubing. The sponge material serves to absorb oil escaping from the rock — holding it adjacent to the rock strata which held it.

The core samples will be analyzed initially at an independent laboratory in Midland. The majority of the analysis, however, will take place at the Chevron Oil Field Research Corp. in California.

Initial projections for the Canyon Reef were that it contained some 2.1 billion barrels of oil.

It is now estimted some 55 percent of this has been pumped. The Reef produced its "billionth barrel" of oil in 1973.

Ballpark renovation requested

Noting that the county lacked current funds for the project, commissioners told Jim Townsend of Hermleigh that any renovation of the ballpark in that community would have to be considered during 1986-87 budget discussions.

Townsend, pastor of Central Baptist Church, told court members during Monday's regular session that he and other pastors in Hermleigh had discussed the park renovation project with several community leaders.

"There are many young people in our area that need something to keep them in the community and to give them something to do," he said.

Constructed by the county during the 1950's, the ballpark has not been used in the past five years. Townsend noted that the facility's condition makes it currently unusable. Community residents want the playing surface renovated and new lighting installed.

Parks Superintendent Jimmy Ward, also attending Monday's session, estimated new lighting would cost the county some $25,000 to $30,000. "The lighting in Winston Park cost us $25,000 three or four years ago," he said. "The dirt work would be minimal since dirt work is already in the budget."

He added that water to the playing field has been cut off. "Even when it's on, there isn't sufficient pressure to water the field for good grass coverage,"

See REQUEST, page 11

CORE EXAMINED — Chevron geologist Tim Denny and geologist technician Sally King are shown examining a piece of a 15-ft. core sample removed from the SACROC drilling site. SACROC officials say the project may be complete within seven days. (SDN Staff Photo)

Wildflower Day grows to two-day observance

The local observance of Texas Wildflower Day — conducted for the first time here last year — will expand into a two-day event this April.

In addition, it will include art and creative writing by Scurry County school children, a symposium presented by three visiting speakers, a watercolor exhibit by Martha Bruce and dedication of the Sesquicentennial cookbook.

Events will begin April 18 when a plant-in is planned on the Western Texas College campus. The Scurry County Museum at WTC will have wildflower specimens on display and will also be the starting point for a walking tour to see wildflowers growing in the museum area.

On April 19, a symposium on

A. — The Internal Revenue Service offers a toll-free number, (800) 424-1040. It is listed in the telephone directory under "United States Government."

In Brief

Oil talks end

GENEVA (AP) — OPEC oil ministers ended nine days of negotiations today with no agreement on a comprehensive strategy to reverse the oil market decline, and their failure to resolve the crisis sent prices into a fresh dive.

James Audu, a spokesman for the Organization of Petroleum Exporting Countries, said the 13 ministers would resume negotiations April 15 in an effort to agree on major cuts in oil production.

Oil futures prices dropped sharply after the adjournment. On the New York Mercantile Exchange the May delivery price of West Texas Intermediate, the main U.S. crude and an important market indicator, dropped to $11.20 a barrel, down $2.74 from Friday's closing price, before recovering to just over $12.

Local

Noon service

Daily noon services scheduled here as part of the Holy Week observance will continue Tuesday with guest speaker Steve Coutouzis of the Church of the Nazarene.

The service will be at First Presbyterian Church. A lunch will be served following it.

The noon meetings will continue through Thursday under the sponsorship of the Snyder Ministerial Alliance.

Weather

Snyder Temperatures: High Saturday, 78 degrees; low, 43 degrees; high Sunday, 80 degrees; low, 44 degrees; reading at 7 a.m. Monday, 44 degrees; no precipitation; total precipitation for 1986 to date, .83 of an inch.

Snyder Area Forecast: Tonight...clear with lows lower 50s. Wind south 15 to 20 mph and gusty diminishing to 5 to 15 mph by morning.

Tuesday...partly cloudy with highs near 80. Wind south increasing to 15 to 20 mph and gusty after late morning.

Dear Abby

By Abigail Van Buren

© 1986 by Universal Press Syndicate

DEAR ABBY: Re the woman who hated her thin legs and inquired about silicone injections to make them more shapely: You advised her to consult three plastic surgeons before making that decision. Very good advice, Abby. I hope she took it.

Seventeen years ago, I consulted a plastic surgeon about the identical problem. My big mistake was consulting only one doctor. He assured me that silicone augmentation to fill out my calves was a simple procedure and involved very little risk.

I went ahead with it, and within a few days I noticed that the silicone had started to run down my ankle area! Not only did it look terrible, it was very painful when bumped. Shortly afterward, this doctor left town suddenly and was not to be found. A few years later, I read in the newspaper that he had been charged with wrongful death and malpractice suits in another state.

Now I must wrap my legs with Ace bandages daily and elevate my legs periodically to keep the silicone out of the ankle area. However, the silicone still gradually migrates down to my ankles.

Please keep repeating your advice to those who inquire about any kind of surgical procedure to get a second opinion. And a third is better yet.

SORRY I DIDN'T

DEAR SORRY: And I am sorry I didn't repeat this column that ran a year and a half ago:

DEAR ABBY: I am a healthy, active, 46-year-old man whose doctor told me I needed a triple (and possibly a quadruple) bypass operation immediately! It came as a shock to me because I had never had heart trouble of any kind. This news came to me on May 2, 1983. On the following day, I read something in your column that I believe was more than a coincidence. It was as though the good Lord had sent a messsage to me through you.

I acted on your recommendation and got not only a second opinion, but a third, and both doctors told me I did not need heart surgery. When I told my first doctor about the opinions of the other two doctors, he suggested that since I had so little confidence in his professional judgment, I should find another doctor. I did.

Please run the enclosed column again. And run it every year. Sign me ...

ALSO WISED UP IN SUNNY CALIFORNIA

DEAR ALSO: I will. And here it is:

DEAR ABBY: Thank you so much for printing the government's Second Surgical Opinion Hotline. (The toll-free number is 1-800-638-6833; in Maryland, it's 1-800-492-6603.) It's easy to see why you titled your column "Second Opinion Likely to Offend Doctor." It's been my experience that asking your original doctor for the name of a second-opinion specialist poses no problem for him. He will simply refer you to someone down the hall, in the same building or belonging to the same country club who will invariably corroborate his own opinion.

I cannot stress enough the importance of seeking out specialists totally independent from one another for second (and third and fourth) opinions in surgical or medical matters. Find a different doctor who will really take an objective look at your case, without regard to ego, fear of loss of control over a patient, his wallet, or any other irrelevant (to you) issues.

WISED UP IN SANTA BARBARA

DEAR WISED: I deserve no credit (or blame) for the headlines—they're dreamed up either by my syndicate editors or local editors.

Concerning second opinions: The Department of Health and Human Services offers a brochure titled "Thinking of Having Surgery?" It's excellent and it's free. So if you (or someone you care about) is considering any kind of surgery, write to Surgery, Dept. HHS, Washington, D.C. 20201, and request its brochure. You can also receive the brochure by calling the hotline number and requesting a copy.

* * *

CONFIDENTIAL TO YOU: Easter is nearly here, so if you plan to surprise a child with a gift, such as a live rabbit or a baby chick, please consider this: Living creatures need proper care, so unless you are certain that the rabbit or chick will receive the care it needs to survive, please give a stuffed bird or animal instead. Living creatures are not "toys" to be mauled, abused or neglected.

Fans gather for Oscar awards

LOS ANGELES (AP) — Starstruck movie fans gathered outside the Los Angeles Music Center overnight for the 58th Academy Award vigil, a chance to grab a glimpse or a snapshot of a screen legend in the flesh.

The faithful who crowded the "Artists' Entrance" screeched their approval as such stars as Barbra Streisand, Cher, John Huston and Alan Alda arrived by limousine for Sunday night's less-than glittery rehearsal.

The rumpled actors and actresses wore sweat suits and jeans, but in 24 hours would be turned out in tuxedos and gowns for the magic moment when about 1 billion television viewers worldwide will hear a voice announce: "And the winner is ..."

Will "Out of Africa" win best picture or "The Color Purple?" Or will both favorites be beaten out by such longshots as "Prizzi's Honor," "Kiss of the Spider Woman" or "Witness?"

Will Meryl Streep take home a second best actress Oscar for her portrayal of a writer in "Out of Africa?" Or will the Academy give the golden statuette to newcomer Whoopi Goldberg for her portrayal of an oppressed black woman in "The Color Purple?"

Unlike the previous three years when winners were predictable, the awards for best film achievements of 1985 are anybody's guess.

The only certainty is the celebrity power of this awards show. Producer Stanley Donen has promised the most star-studded Oscar gala in recent memory. About 1 billion television viewers worldwide are expected to watch the show.

Among those who showed up to try out their lines and stand on their marks were legendary directors Huston, Billy Wilder and Akira Kurosawa.

Bob Hope was there, preparing to present the Jean Hersholt Humanitarian Award to actor Charles "Buddy" Rogers, husband of the late Mary Pickford.

Miss Streisand, who has endured snubs from the Academy in the past, was cheerfully ready to hand out the award for best director.

Backstage politics may influence the ultimate outcome of the best picture race. The Academy's failure to nominate director Steven Spielberg for "The Color Purple" angered some in the Hollywood film community. The Directors Guild responded by giving Spielberg its top award.

"Out of Africa," a lushly romantic film set in the vivid landscape of colonial Africa, is a favorite for best picture. But sentimental feelings about the 79-year-old Huston could boost "Prizzi's Honor," his sardonic comedy-drama of love and duplicity in the Mafia underworld which co-stars his daughter, Anjelica.

A split among voters could also throw votes to two sleepers, "Kiss of the Spider Woman," the powerful drama of politics and the prison life of a fiery revolutionary and a movie-mad homosexual; and "Witness," the popular cop chase through Pennsylvania Amish country.

Only one acting nominee has said he won't be there. Harrison Ford, nominated as best actor for "Witness," is filming "The Mosquito Coast" in Belize, formerly British Honduras, with Australian Peter Weir, nominee for his direction of "Witness."

Paul Newman, who receives a special Oscar for "his many memorable and compelling screen performances and for his personal integrity and dedication to his craft," plans to accept from Chicago, where he is filming "The Color of Money," an update of "The Hustler."

The ABC telecast, featuring Alda, Jane Fonda and Robin Williams as hosts, begins at 9 p.m. EST.

Snyderites earns degrees at Tech

LUBBOCK--More than 1,250 students at Texas Tech University received degrees in commencement exercises at the conclusion of the 1985 fall semester.

Recipients included the following from Snyder:

Bachelor's degrees: Melinda L. Stephens, accounting; Violet D. Arnold, education; Betty E. Thompson, education; Leah A. Daves, education, Thomas L. Selmon, physical education; and Dennis C. Boone, finance.

Law degree: Jody Hall.

Trina L. Caraway of Fluvanna received a bachelor's degree in chemical engineering.

Report: calcium, garlic may help prevent colon cancer

DAYTONA BEACH, Fla. (AP) — Calcium and the chemical that gives garlic its aroma might help prevent colon cancer by inhibiting early changes in the colon that can lead to the disease, researchers say.

The links are suggested through a method of research that can indicate promising leads in cancer prevention without full-blown experiments that can take years, said one scientist reporting the results.

More study will be needed before definite links between the substances and colon cancer prevention can be established, however, and it's too early to make any dietary recommendations based on the studies, researchers said Sunday at an American Cancer Society seminar for science writers.

Dr. Martin Lipkin of the Memorial Sloan-Kettering Cancer Center in New York said the possible protection from calcium was shown in its ability to inhibit abnormal proliferation of colon cells.

Such abnormal production of those cells is characteristic in people at increased risk for colon cancer, Lipkin said. Studies of how dietary substances affect that proliferation can be used as guideposts in studying cancer prevention, providing leads in months for full-blown studies, which could take years to accomplish, he said.

Lipkin's calcium study, reported recently in the New England Journal of Medicine, found that giving 10 people calcium supplements for two or three months reduced their abnormal cell proliferation to rates close to those of people at low risk for colon cancer.

The supplementation provided 1,200 milligrams of calcium carbonate a day, half-again as much as the government's recommended daily intake for calcium in the diet.

Calcium seems to bind to fatty acids and bile acids that irritate colon cells and promote proliferation, Lipkin said. Calcium also acts directly on colon cells, he said.

Dr. V.P. Hutter, chairman of the pathology department at St. Barnabas Medical Center in Livingston, N.J., called the calcium research "exciting" and ripe for further study.

"It's going to take a large number of people and a long period of time" to see if calcium can actually reduce the risk of colon cancer, he said.

The garlic ingredient, called diallyl sulfide, was found in animal research to inhibit the early cell changes associated with colon cancer, said Michael Wargovich, assistant professor of cell biology and assistant cell biologist at the University of Texas System Cancer Center and M.D. Anderson Hospital and Tumor Institute in Houston.

The substance was given to the animals before they were exposed to a potent cancer-causing substance, he said.

Diallyl sulfide makes up about 14 percent of the weight of garlic and is responsible for its odor. he said.

The substance is now being tested for a direct link to preventing colon cancer in mice, he said.

Dr. Gott

Peter Gott, M.D

DEAR DR. GOTT — Thirty years ago, when I was newly married, I was told that I had a slightly tipped uterus. I had a pessary inserted, ceased having severe menstrual cramps and became pregnant. Now my daughter has been told that she has a slightly tipped uterus, causing bad menstrual cramps. The doctor gave her the choice of Motrin or the Pill. He dismissed the idea of a pessary as old-fashioned, ineffective foolishness. This is a frustrating situation, given my own experience. Any suggestions?

DEAR READER — A pessary is a rubber or plastic device that is inserted deep in the vaginal canal to help hold the uterus in a more forward position. Uterine retroversion (bending backward) can be a cause of menstrual cramps when the womb is heavy with congestion during certain times in the menstrual cycle.

Pessaries are a nuisance because they should be removed and cleaned daily. Therefore, many gynecologists recommend using medication to relieve menstrual cramps. Nonetheless, pessaries still can be useful. I don't agree with your daughter's doctor that pessaries are old-fashioned and ineffective. They worked for you, didn't they? Perhaps she should use one and, if it works, she will be satisfied and the doctor may learn that what is old-fashioned is not necessarily foolish.

DEAR DR. GOTT — I am a female, 18. Around the time of my parents' divorce, my menstrual cycle became very irregular. Can a tragic experience like a divorce disrupt a menstrual cycle? Will it become regular again?

DEAR READER — Stress can alter the menstrual cycle. Grief, illness and malnutrition have been associated with discontinuation or irregularity of the cycle. Once the stress is resolved, the menses usually return to normal. As time passes and you adapt to your parents' divorce, your periods will probably become regular again. If not, check with your gynecologist.

DEAR DR. GOTT — I was in a car wreck and was bruised very badly. Both my arms and legs go numb. The doctor said this is because the muscles in my neck get tense and he gave me Amitriptyline (10 mg.). Is this a muscle relaxer? Will I ever get over this?

DEAR READER — Amitriptyline is ordinarily prescribed as an antidepressant. Perhaps your doctor believed that your muscle tension and pain are partially caused by depression. If your symptoms are due to the auto accident, healing will occur with time and you will feel better.

Dr. Gott's Health Report on DIGESTIVE GAS tells what causes this common problem — and how you can manage it. For your copy, send 75 cents plus a long self-addressed, stamped envelope to P.O. Box 2597, Cincinnati, OH 45201. Be sure to mention the title.

4-H'ers show livestock in Houston and San Angelo

Scurry County 4-H'ers competed at the 1986 Houston and San Angelo Livestock Shows.

Local competitors at Houston and San Angelo included Rana Eicke, Jessica Eicke, Cotton Merritt, Brett Merritt, Leslie Ward, Lesa Ward, Wendy Hart, Justin House, Raymond House, Perry Lee, Tobi Stephens, Terry Stephens, Leddy Lewis and Shondra Robinson.

Results of the Houston Livestock Show in the market lamb division were Lesa Ward, medium weight finewool, 8th place; Brett Merritt, light weight medium wool, 8th place; Leslie Ward, heavy weight medium wool, 22nd place; Cotton Merritt, heavy weight crossbred wool, 23rd place; and Tobi Stephens, light weight medium wool, 26th place.

Each entrant made the premium sale.

In the market steer division Cotton Merritt, light weight hereford, 5th place; Jessica Eicke, light weight hereford, 11th place; Tobi Stephens, medium weight hereford, 9th place; and Rana Eicke, light weight chianina, 11th place.

At the San Angelo Stock Show Raymond House placed 5th with his medium weight hampshire. In the market steer show Rana Eicke placed 2nd in Class 3 and Cotton Merritt placed 3rd in Class 1. The steers qualified for the premium sale.

HONORED WITH RITUAL — Mary Lou Scott was honored by Snyder Lambda Kappa Chapter of Beta Sigma Phi for her 28 years of membership. (SDN Staff Photo)

Silver Circle Ritual held

Mary Lou Scott, a member of the Snyder Lambda Kappa Chapter of Beta Sigma Phi for 28 years, was honored by her sorority with the Silver Circle Ritual. They met on March 19 in the home of Mr. and Mrs. Allen Pollard. The candlelight ceremony was presented by President Sue Sewell and assisted by Barbara Bills and Carolyn Limmer.

The ritual table was covered with a lace cloth and featured candles in colors of red, yellow, blue, orange, green, violet and silver. The candles represented courage, vision, humility, loyalty, fellowship, service and steadfast devotion. The ritual honors only those members who have been in Beta Sigma Phi of 25 years or more.

Scott was presented a silver pin, a bound certificate and a bouquet of pink tulips. A reception followed the ceremony.

Sewell presented the program entitled, "The Home, The Place, The People." She opened the program by introducing her daughter, Sandy Pollard. The presentation featured a discussion and tour of the Pollard two-story house.

The business meeting followed with the election of the 1986-87 officers. Those elected were president, Mickey Baird; first vice-president, Gay Idom; second vice-president, Twila Polk; recording secretary, Jacalyn Lowrance; corresponding secretary, Donna Fowler; treasurer, Dena Ellis; and extension officer, Brenda Hedges.

Reports were given from the Service Committee and Founder's Day Committee. The next meeting will be April 1 at Snyder Country Club.

Book Review

BRIGHT RIVER TRILOGY. By Annie Greene. Simon & Schuster. 256 Pages. $14.95.

Save your money — $14.95 plus sales tax is a bit high to pay for sleeping pills. And that is what Annie Greene's "Bright River Trilogy" does best — put the reader to sleep.

Oh, it does have some few saving graces such as a nice bit of writing here and a rather well-made character there but for the most part "Bright River Trilogy" is an exercise in tedium.

The story is narrated by three women, but it might as well have been one since their speech and thought patterns are very much alike. What they think and talk about is a man named Darcy Blunt.

The women are Lilly, she is Darcy's mother; Jessie, a young woman whose life is changed considerably by Darcy, and Ellen, an even younger woman who loves Darcy even though she knows he is "unreliable, unapologetic, only working half the time and drinking the rest of it."

Yes, Darcy, this is your life, and a sorry thing it is as related by the three women it has had the most effect upon. Author Greene tries to paint Darcy as a charming free spirit, but he comes across instead as a drunken, irresponsible bum.

Le Leche League

La Leche League of Snyder will hold its next meeting today at 7:30 p.m. at 2708 48th St.

La Leche League is inviting anyone interested in breast feeding to attend. You do not have to be pregnant or nursing.

The league began in 1956 in Chicago when a group of women who had successfully nursed their babies, began to offer mother-to-mother help and advise.

The practice is important today with families moving far away and losing the natural teaching from mother to daughter. The league has over 3,500 groups in the United States and has expanded to 40 foreign countries.

Texas style supper held

The Art Guild Study Club met for a "Texas supper" at the Martha Ann Woman's Club on March 19.

Hostesses were Ethel Mae Sturdivant and Verna Lee Roe. Roe began with the invocation and led the pledge to the Texas flag.

Roe introduced the speaker, Lois Bartels, who presented the program on Texas Sesquicentennial.

Bartels gave an overview of many highlights in Texas history and discussed plans for the local events to be held.

Scheduled are wild flower exhibits and a symposium on plants, to be held April 18-19. Other dates for observance include April 21, July 4, November 3 and December 31. The American Junior Rodeo Association Rodeo and Buffalo Days will be additional events scheduled. The historical marker book will be updated.

The "Texas supper" of steak, gravy, biscuits, salad and dessert was served to 19 members and one guest. Individual tables were colorful with western style cloths and patriotic napkin rings.

President Virginia Grove conducted the business meeting and welcomed four new members. Included are Doris Minton, Thelma Odorizzi, Pat Blakely and Katherine Ervin.

A style show was announced for April 19 at the MAWC.

Snyder girls 4th at Canyon Reef

Snyder's Lady Tigers won a lot of small battles here Saturday but the war went to Lubbock Estacado.

The Lady Matadors won four events and placed well in most of the others to poll 123 points in Division I of the Canyon Reef Relays. Sweetwater took second with 93, Borger followed with 91 and Snyder finished in fourth place with 83 points.

Amarillo Palo Duro won Division II, girl's 5A, with 116 points. Abilene High scored 98 for second place while Midland Lee took third with 84 and Plainview was fourth with 79.

"Some of the girls had better times and all but I really had hoped we'd do better than we did," said Snyder's Coach Patty Grimmett after the day-long meet.

Snyder was in second place going into the final event, the 1600 meter relay, but finished fifth and tumbled in the final standings. Borger, which had only 71 points going into the event, won with a 4:11.58 and Sweetwater took second with a 4:13.49. Both vaulted past Snyder, which ran a 4:23.55.

One reason the Lady Tigers didn't make a stronger showing in the race was because the team's fastest quarter-miler, Karlene Thompson, was on the sidelines nursing a sore instep.

Thompson, who started the day in electric fashion by winning the long jump and triple jump with her season's best efforts, was forced to the stands after the 200 meters.

"It's something that has been bothering me all along and it got really bad today," said the senior, who had her left foot incased in ice. "It happens when I run the curve."

When Thompson went down, the Tigers went to alternate Nicole Overman. She ran well without experience, but the juggled lineup, and the fact that the third leg runner, Yolanda Rivers, was also fatigued, took its toll.

Earlier in the day, Thompson had overcome a jump of 18-4½ by Colorado City standout Sandra Williams to win the long jump. Thompson soared 18-7¼ - her personal best - to win on the last jump.

Ironically, the long jump was considered Thompson's weakest event coming into the 1986 season.

"It was, it was," she laughed. "But when I finally went 18 feet, I said 'Hey, I like this.'"

She also sailed 38-¾ to win the triple jump.

Thompson may have had misfortune in the 200 where she finished fourth with a 26.03, but for teammate Katrina Reed, her 25.68 for third place was a gala event.

She had run a 25.7 in the prelims. Both were new personal records for the junior speedster.

"The school record is 25.4 and I'll beat it, I know I will," she grinned. She said advice from Coach Kevin Wiseman helped shave a few tenths off of her time.

"He told me keep my head still when I was running and not move it so much. I've been trying to do that and I guess it works," she said.

It was also a thrill for her to beat her teammate.

"I think it's a great accomplishment because to me she's just a great athlete," she said of Thompson. "She made me run fast. I could see her out of the corner of my eye."

Snyder also got points from the shot, where Donna Clay finished third with a throw of 32-9¾ and Hope Hernandez was fourth with a 31-11½. Stephanie McKnight, often overshadowed by Thompson in the jumping events, took fourth in the long jump with a 16-6¾.

Snyder failed to point in several events, however, including the discus, high jump and 100 meters.

Kima McLarty continued to show well by placing fourth in the 800 meters and fifth in the 1600. Just a junior, McLarty seems to be Snyder's best talent in the distance races in some time.

In other results, Stephanie Warren placed sixth in the 800 meters - she's just a sophomore - while the 800 meter relay team was fourth and the 800 relay squad was second.

The 800 squad was made up of lead-off specialist Kim Koening, Rivers, Reed and Thompson. They flashed a 1:45.35 to finish second behind Estacado, which ran a 1:44.67. Sweetwater was a distant third with a 1:48.17.

"That's the best we've run all year. It really felt good. I was glad we could run that well at home," said Reed.

Snyder also finished fifth and sixth in the 100 meter hurdles as Tonya Holladay made her season debut with a 17.22. Melissa Hodges ran a 17.30.

The finish was not what Holladay, last year's 2-4A hurdle champion, was looking for.

"It was terrible," she said. "I went off the first hurdle on the wrong foot. I wasn't sure I was ready but Coach Grimmett wanted me to run, anyway. I'm going to work out all during spring break and run again at Sweetwater. Hopefully, I'll do better."

Abilene ran away with the distance races to help clinch second place in Division II. Kim Griffin had no competition in winning the 3200 with an 11:54.55 or the 1600 with a 5:34.78. Likewise, Beverly Pyle won the 800 meters in 2:35.45.

Palo Duro nailed down victories in two of the three relays and used its depth to take the title. The Dons won the 400 meter relay with a 49.06 and the 800 with a 1:44.69. Renee Johnson won the 400 meter dash with a 1:03.65. Palo Duro also placed third and fourth in the event.

Midland High was paced by Ethel Edwards, who was unbeatable on the track. She zipped a brilliant 23.94 clocking in the 200 meters and ran the anchor of the first-place 1600 relay team which zoomed home with a 4:03.91 - nearly nine seconds ahead of second place Plainview.

KATRINA REED

Estacado runs away with Division III cup

Lubbock Estacado won seven of the 10 running events, including both relays, to sprint away with the Division III championship in the Canyon Reef Relays here Saturday.

The Matadors, who tallied 167 points, won the 400 and 800 meter relays, the 800 meters, the intermediate and high hurdles, the 100 meters and the 400 meters. In events which the Lubbock school didn't win, such as the 200, it still placed individuals in the high point range.

Estacado's dominance was such that second place went to Brownwood with just 77 points. Sweetwater was third with 59 followed by Muleshoe 46, Lake View 40, Lamesa 34, Brownfield 32, Levelland 27, Snyder 26 and Coahoma 12.

In contrast, the best fight of the day came in Division IV where Abilene High polled 105 points to claim the championship. Midland Lee scored 98, San Angelo Central 74, Odessa 73 and Midland

(see Estacado, page 7)

Gold All-Stars defeat Black; traveling teams are selected

The Gold teams took championship honors as the Boy's Little Dribblers held their All-Star games Saturday at Snyder High School Gym.

The Minor League Gold Stars got 21 points from Adrian Sneed to edge the Black squad 37-31 while the Major League Gold team defeated the Black team 28-24.

Jim Pat Griffin led the Minor League Black All-Stars with 14 points. Johathan Patrick scored 8.

High-point for the Gold Major Leaguers was Kory Clark with 8 points. Bill Vestal and Steven Bollinger added 6 apiece.

Top scorers for the Black Major League team were Marcus Best and Chad Fox with 6 apiece.

Traveling All-Stars were named in both leagues. Those teams will play in the Regional Little Dribbler's Tournament.

In the Minor League, traveling All-Stars are Shae Sisson, Jonathan Patrick, Jim Pat Griffin, David Krenek, Tyson Cromeens, Marc Sparlin, Chris Cunnington, Greg McAden, Brad Hart, Adrian Sneed, Jared Graves and Michael Hess. Coaches will be Russell Gafford, Tracy Braziel and David Sisson.

Major League traveling All-Stars will be Cedric Sneed, Brian Crawford, Brian Butler, John Conger, Chad Fox, Kyle Martin, David Hinojos, Bill Vestal, Locadio Luera, Steven Bollinger, Eric West and Kory Clark. Coaches are Kenny Thompson and Larry Braziel.

LITTLE DRIBBLER ALL-STAR GAMES
MINOR LEAGUE

Gold	9	12	8	8	-37
Black	9	4	9	9	-31

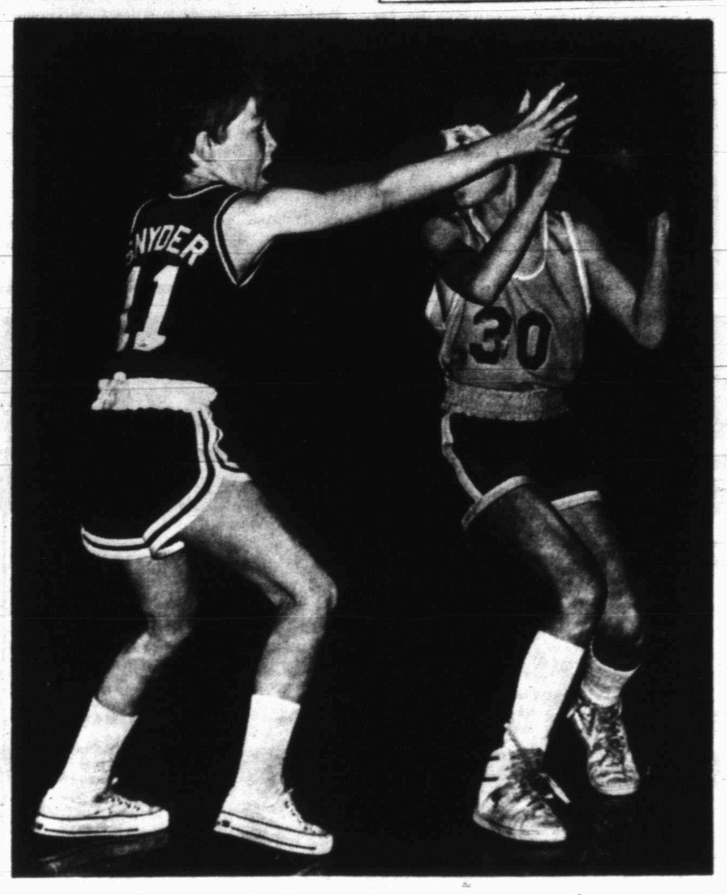

GOLD– Greg McAden 5, Adrian Sneed 21, Jared Graves 6, Jason Pierce 3, Michael Hess 2.
BLACK– Jonathan Patrick 8, Jim Pat Griffin 14, David Krenek 4, Tyson Cromeens 3, Marc Sparlin 2.

MAJOR LEAGUE

Gold	6	10	2	10	-28
Black	6	6	4	8	-24

GOLD– J.J. Kincheloe 2, Bill Vestal 6, Steven Bollinger 6, David Patrick 2, Eric West 2, Kory Clark 8, Tory Garza 2.
BLACK– Cedric Sneed 2, Eric Braziel 2, Brian Crawford 4, Marcus Best 6, Raymond Ware 2, Chad Fox 6, Kyle Martin 2.

Lake View claims win in net tourney

Manda and Janda Lopez defeated Snyder's Shawna Chrane and Deone Farmer in the girl's doubles finals here Saturday to help San Angelo Lake View win the championship of the Snyder Team Tennis Tournament.

San Angelo won the two-day, eight-team tournament with 103 points. Sweetwater took second with 92, followed by Big Spring with 65, Odessa High 61, Snyder 60, Lamesa 50, Snyder JV 42 and Colorado City 21.

The runnerup finish in girl's doubles was Snyder's best effort of the tournament and earned the varsity team 15 points.

Snyder also got solid points from its girl's singles players of Terri Holley and Michelle Osborn. Osborn defeated Julie Allen of Lake View and Daphne Fowler of Colorado City before falling to eventual runnerup Rachelle Mulanax of Sweetwater in three sets. She also lost to Lake View's Daila Scranton and took fourth place in the tournament.

Holley defeated Hilda Navarro of Odessa but lost to Scranton. She then defeated Snyder JV player Lori McFarland and lost to Lamesa's Jennifer Smith for sixth place overall.

Sweetwater's Debbie Marlett won the girl's singles division.

The best finish from the varsity boys was eighth place by Michael Risenhoover and Michael Rodriguez in doubles. They lost to Big Spring in the opener, then won their next three matches.

SNYDER TENNIS TOURNAMENT
TEAM TOTALS: 1. San Angelo Lake View, 103; 2. Sweetwater, 92; 3. Big Spring, 65; 4. Odessa High, 61; 5. Snyder, 60; 6. Lamesa, 50; 7. Snyder JV, 42; 8. Colorado City, 21.

Berbick champ

LAS VEGAS, Nev. (AP) - Trevor Berbick, a 6½-1 underdog, got into the trenches with previously unbeaten Pinklong Thomas and wrenched away the WBC heavyweight championship with a unanimous 12-round decision.

It was a war of attrition and Berbick simply wore down Thomas with his strength and quickness.

Berbick's victory before a crowd of about 2,000 people in the Riviera ballroom, made him a champion on his second try.

Snyder golfers battle well but Andrews does one better

FORT STOCKTON -- Snyder gave its best effort of the season but Andrews managed better as the Lady Mustangs picked up ground on the girl's District 2-4A golf race here Saturday.

Snyder shot a 359, the best the team has shot in at least five years. But Andrews, defending 2-4A champion, overwhelmed everyone with a 341 as the loop completed its second of four tournaments. The Mustangs keep the advantage as they host the next tournament on April 5.

"We had decided that Andrews may beat us but if they did they were going to have to set some records. Well, they did," said Coach Jan Kruse. "I'm real proud of our girls. This (359) is the best we've shot at least since I've been here, five years. Our B team shot a 429 and that's the best our B team has ever shot, too. Andrews just had a fantastic round."

Andrews' 341 gives the Mustangs a 718 over two tournaments. Snyder has a 747. Fort Stockton, which shot a 388 here, moved into a distant third place with an 807.

Snyder's Leslie Light shot an 84 to hang on to medalist honors with a total 169. Genny Kovacs, who took top individual honors here with an 80, is the current runnerup with 171.

Individually for Snyder, Xalyn Harris also shot an 84 while Michelle Holder carded a 92, Angie Lay a 99 and Lee Ann Thompson a 100. For the B team, Camille Reed had a 99, Kristi Neill a 107, Rachel Everett a 108, Stacy Botts a 115 and Missy Trull a 121.

Harris' total 187 places her in a tie for sixth place in the medalist standings. Also in the top 10 is Lay with a 195. Holder is in 12th with a 199 and Reed in 14th with a 203. The top 10 girls at the end of the season are automatic all-district choices.

2nd District 2-4A
Girl's Tournament

TEAM TOTALS- 1. Andrews 341, 2. Snyder 359, 3. (tie) Fort Stockton and Monahans 388, 5. Andrews B 410, 6. Snyder B 429.

MEDALIST- 1. Genny Kovacs, AHS, 80; 2. Dana Walker, AHS, 81; 3. (tie) Leslie Light, Snyder and Xalyn Harris, Snyder, and Debra McLain, Fort Stockton, 84.

SNYDER A- Light 84, Harris 84, Michelle Holder 92, Angie Lay 99, Lee Ann Thompson 100.

SNYDER B- Camille Reed 99, Kristi Neill 107, Rachel Everett 108, Stacy Botts 115, Missy Trull 121.

Season Totals
After 2 Tournaments

TEAM TOTALS- 1. Andrews 718, 2. Snyder 718, 3. Fort Stockton 807, 4. Andrews B 826, 5. Monahans 847, 6. Snyder B 898.

MEDALIST- 1. Leslie Light, SNY, 169; 2. Genny Kovacs, AHS, 171; 3. Melissa Northcutt, AHS, 177; 4. Dana Walker, AHS, 183; 5. Tammy Peters, AHS, 186; 6. (tie) Kami Sheffield, AHS and Xalyn Harris, 187; 8. Debra McLain, FTST, 193; 9. (tie) Angie Lay, SNY, Carma Cooper, MHS, 195.

Tiger boys in thick of 2-4A golf race after first tourney

LAMESA -- Some inflated scores turned in by several teams and some top efforts by others left the District 2-4A boy's golf race in a close battle after the first loop tournament of the season here Saturday.

Lamesa shocked everyone by turning in a 334 to win the first 18-hole tourney of the season. Meanwhile, Andrews, which had been shooting in the 320s in pre-season meets, shot a 338 to finish in second place. Andrews B and Monahans both turned in 341s while Snyder took fifth with a 344. Twelve teams entered the competition.

"That's within two (strokes) of the best we've shot this season," grinned Snyder's Coach Mackey Greene, whose Tigers are 10 strokes out of first place and only three behind Andrews. "Andrews beat us by 50 something at San Angelo. It was just the first time in four years we've been this far up in front."

Aiding the Tigers' cause is the fact that they host the final 2-4A tournament on April 12 at Western Texas Golf Course. First, however, they play at Monahans on the 5th.

"That's a pretty good advantage for us. We should be able to play everyone pretty well at our own course. The kids all gave a good effort Saturday. We didn't have many penalty points and that made a big difference," said Coach Greene.

Also playing a factor was that Andrews put ace Lance Jones on its B team for the tournament and he turned in the day's low of 79. That helped the B squad, but resulted in nearly 10 strokes being added to the Mustangs' A-team score.

Junior's Shane Gann and David Holley led Snyder with a pair of 83s. The rest of the team, all sophomores, shot under 95 with Wade Hatter carding an 88, Marc McQueen a 90 and Michael Trull a 92.

Three other Snyder students played as individuals. Jason Polk, sophomore, shot a 93. Freshmen Terry Hildreth and Jeff Franklin turned in a 98 and a 109 respectively.

Gann and Holley are tied for 10th place in the medalist standings.

TEAM SCORES- 1. Lamesa A 334; 2. Andrews A 338; 3. (tie) Andrews B, Monahans A, 341; 5. Snyder A 344; 6. Fort Stockton A 346; 7. (tie) Pecos A, Sweetwater A, 349; 9. Monahans B 369; 10. Fort Stockton B 374; 11. Pecos B 390; 12. Lamesa B 446.

MEDALIST- 1. Jones, AHS, 79; 2. (tie) Beal, AHS, McMahon, PHS, Aldridge, LAM, 80; 5. (tie) Hatchett, LHS, Poe, SWTR, Deitiker, PHS, 81; 8. (tie) Buchanan, FTST, Morgan, MHS, 82; 10. (tie) Gann, SNY, Holley, SNY, Terrzas, FTST, White, MHS, 83.

SNYDER A TEAM- Shane Gann 83, David Holley 83, Wade Hatter 88, Marc McQueen 90, Michael Trull 92.

SNYDER INDIVIDUALS- Jason Polk 93, Terry Hildreth 98, Jeff Franklin 109.

Western 17th in field of 27

CONROE -- Florida schools dominated the Long Star State Intercollegiate, held here Friday through Sunday at Club Del Lago.

Western Texas College finished 17th out of the 27 teams entered after struggling in the third round.

Brevard, Fla., won with an 1,182. Five strokes back with an 1,187 was Florida Junior College. In third was Palm Beach with an 1,192. Texas teams followed with McLennan's 1,206 taking fourth and Odessa's 1,211 fifth.

Western shot a 1,279. The Westerners scored a 317 and a 313 over the first two rounds but dropped to 337 on the third. They tallied 312 to finish the 72-hole tourney.

"We played 36 holes on the first day and didn't get through so we had to come back the next morning at 7 o'clock and play six holes, then turn around and play another 18. We didn't get through then either so we had to play early the next morning, too," said Coach Dave Foster. "We probably would have finished in the top 10 if we hadn't played poorly the third round. Our other rounds were fair."

Pat Fitzpatrick led WTC with a 318. He was followed by Bo Kay with a 321, Brent Wilson with a 325, Matt Smith with a 330 and Mike Harrison with a 336.

McLennan's Chris Little won medalist honors with a 287.

"This will be the strongest field this year, even stronger than the nationals because some of the teams won't make it to the national tournament," said Coach Foster. "For instance, Brevard, Florida JC and Palm Beach are all in the same region and only two of them will end up getting to go to nationals. That's unfair, really."

Next action for WTC will be the Southern Junior-Senior in Dadeville, Ala., on April 4-5-6.

Lone Star State Intercollegiate
Club Del Lago
Conroe

TEAM SCORES- 1. Brevard, Fla., 1182; 2. Florida JC, 1187; 3. Palm Beach, Fla., 1192; 4. McLennan, 1206; 5. Odessa, 1211; 6. Alexander City, Al. and Paris JC 1218; 8. NMJC, 1225; 9. Wallace St., Ala., 1240; 10. NMMI, 1244; 17. WTC, 1279.
27 teams.

MEDALIST- Chris Little, McLennan, 73-71-70-73--287; Johann Rystrom, Florida JC, 69-71-77-76--293 and Louie Mitrovich, Brevard, 74-72-71-76--293.

WTC- Pat Fitzpatrick 318, Bo Kay 321, Brent Wilson 325, Matt Smith 330, Mike Harrison 336.

ESTACADO WINS

(continued from page 6)

High 60.

Snyder's 26 points in Division III was anchored by second place finishes in both the shot put and pole vault. Jimmy Hunter sailed the shot 47-11½ - his best effort of the season.

"I'm glad I'm doing well," said the senior, who had never competed in varsity track before this season. "But I want to do better. To really compete I'm going to have to add at least two more feet. I need to break the 50-foot barrier."

Reggie Price, who went 11-6 to take second in the pole vault, is a more familar figure to track, though injuries have kept him sidelined for awhile. Saturday's effort was his first of the season.

Snyder's other points came in the 300 intermediate hurdles where Craig Watkins ran a 43.40 for fifth place and in the 1600 relay where Watkins, John Pena, Todd Pollard and Dan Krenek ran a 3:30.84 for fourth place.

Sweetwater's Mike Welch won the long jump with a 21-5¾ effort and Clint Ellis of Brownfield cleared 6-6 to take first place in the high jump.

Estacado streaked to a 43.28 win in the 400 meter relay, then backed it up with a 3:23.55 to grap top honors in the 1600 relay.

In other individual events, Estacado's Todd Doss won the 110 high hurdles in 14.67 and teammate Author Kinney won the 800 meters in 2:00.37. The Mats also placed second in both of those events with Ras Dotsey in the hurdles and Orand Montgomery in the 800.

Dotsey came back to win the intermediate hurdles in 39.73. Lamesa's Keith Bryant was second with a 41.17.

Also, Richard Ross of Estacado won the 100 in a 10.26; Joe Morales of Brownfield won the 3200 in 10:22.99; Dial Prennis of Estacado won the 400 meters in 49.92; Jerry Letcher of Lake View won the 200 meters in 22.19; and Ronnie Logsdon of Muleshoe won the 1600 meters in 4:37.62.

Abilene High won the Division IV title despite finishing fifth in the 1600 meter relay. The Eagles won the pole vault as Doug Ice cleared 13-6 and the 100 meters with Erik Petty running a 10.31.

Midland Lee won a number of events including the 3200 meter and 1600 meter runs with Mike Garcia. Brad Cooper timed in at 48.59 in the 400 and David Almand ran a 2:01.07 to take the 800 meters.

Central's Charlie Good set a meet record 13.83 in winning the 110 high hurdles. The Bobcats' Anthony Pape won the shot put with a 53-1 and teammate C.L. Bowman won the long jump with a 22-½.

Odessa got top points from Jones, who won the discus in a throw of 173-1 and from Darren Davis, who won the high jump with a 6-6.

In other events, Abilene Cooper's D.C. McDonald won the 200 meters in 21.72 and Midland High won the 1600 relay in 3:21.64 and the 400 relay in 42.53.

Plainview cracks SHS diamondmen

PLAINVIEW -- Snyder's Tigers, beset by illness and still somewhat error-prone in the early innings, fell to Plainview 8-4 in a non-district baseball game here Saturday.

The loss leaves Coach Albert Lewis' Tigers at 7-7 on the season and begins a week of off time for the club, which opens District 2-4A play next Tuesday, April 1, by hosting Lamesa. Lewis was still trying to find a game for the Tigers to play this week.

Plainview got three runs in the first inning, three more in the fourth and one each in the fifth and sixth. Snyder got all of its points in the fourth.

Snyder should have added two runs in the third, but an umpire's decision made the difference.

"Jimmy Velasquez hit a two-run homer but the umpire said he didn't pick the ball up until it hit," said Lewis, meaning that the ball went over the fence in fair territory but the official didn't see it until it bounced foul outside the field. "There's not much you can do about those kind of situations. You just have to live with it, I guess."

Snyder tallied in the fourth when Earl Ware hammered home Scott Lanier and Ricky Hunter, who had both singled aboard. Ware scored on a passed ball and Snyder got its final run when Velasquez doubled to score Mike McWilliams, who had reached on a fielder's choice.

In all, Snyder got four runs on seven hits and benefitted from two Plainview errors. The hosts got their eight runs on seven hits and enjoyed three Snyder errors, including two in the first inning.

Hunter, 4-1, took the loss in four and two-thirds innings of work. Kenneth Pickering went one and one-third and Don Osborn finished up the final two-thirds.

Chanos Romas was credited with the win in five and a third stanzas. Willie Ansley finished out for the hosts, who are 3-7 on the season.

Meanwhile, Lewis is hoping that his team will get healthy over the spring break. Steve Parker, who missed several games with sickness, was feeling ill again Saturday and the Tigers where also without regular short stops Brad Holcomb and Reynaldo Gomez. Also, catcher Todd Odom, who was hit with a foul ball in Friday's game with Odessa Permian, had to come out of Saturday's game because his vision was impaired.

"I'd like to see what our team would look like when everybody is healthy but we haven't had them together in a while," mused Coach Lewis. "I don't want to take anything away from Plainview, though. They played a real good ballgame. They played the wind real well and we misplayed a couple a couple of balls in the wind. But that's West Texas baseball. You've got to be able to play in the wind."

Wranglers win juco nationals

SENATOBIA, Miss. (AP) - Odessa College captured the national championship Saturday in the National Junior College Athletic Association Women's Basketball Tournament by defeating Northeast Mississippi 80-69.

Northeast Mississippi led 36-32 at the half, but with 5:30 left in the game Doreatha Conwell hit a turnaround jumper to give Odessa a 63-62 lead. The Texas team then pulled away to victory.

For Odessa, Renay Daugherty led all shooters with 27 points. Conwell added 22, Patricia Purvey 15 and Donna Wilson 10.

For Northeast Mississippi, Ara Gardner scored 21 points, Phyllis Stafford 18, and Kunshinge Sorrell 15.

Doreatha Conwell was named the tournament's most valuable player.

Odessa finished the season with a 36-0 record. Northeast Mississippi finished second in the tournament and posted a 30-1 record overall.

NOTICE OF HEARING, CITY OF SNYDER, PLANNING AND ZONING COMMISSION

NOTICE Is hereby given that a public hearing will be held Monday, March 31, 1986 at 5:15 P.M., at the City Hall, 1925 24th Street, Snyder, Texas, to review and discuss the following items.

Zone Case #275: The request of Ray Guynes to rezone part of Block 3, H & GN RR Survey, located at 2205 21st. St. from an R-3, General Residential District to an R-2 Limited Multi-family District.

Special Use Case #SU-017: The request of Sandi Pavlik for a Home Occupation Permit to operate a beauty shop out of her residence at 3711 Noble Drive, Lot 18 Block 1 of the Noble Heights Addition.

Zone Case #276: The request of Vickie Ille dba Burnett Safety Service to rezone Lot 9, Block 5 Bootheland Addition, located at 304 North Ave. T from an M-2 Heavy Manufacturing District to an R-3 General Residential District.

Special Use Case #SU-018: The request of Michael Reed for a Home Occupation Permit to operate a mail order Distribution business out of his residence at 2313 Merrill St., Lot 26 Block 9, Bootheland Addition.

After review by the Planning and Zoning Commission, these request will be forwarded to the City Council for their review at the earliest date available.

Rick Conner
City Engineer

Pursuit, two accidents precede arrest Sunday

A Colorado City man was jailed Sunday for driving while intoxicated following a chase with police and two traffic accidents.

According to reports, 21-year-old Benito Gutierrez Aroche of Colorado City was arrested on that charge after his 1981 Chevrolet flatbed truck collided with a stop sign at the intersection of 37th St. and the Brick Plant Road at 6:04 p.m.

Police first attempted to stop Aroche after he was involved in a minor mishap with a 1980 Mercury driven by Joe Arthur Hernandez of 2902 Ave. E. This accident occurred in the 2900 Block of Ave. E at 6:02 p.m.

The suspect allegedly fled from police southbound on Ave. E and then turned east on 37th St.

He was attempting to turn off 37th St. and onto the Brick Plant Road when the second accident occurred.

No injuries resulted from either accident.

His arrest was part of 11 persons taken into custody on misdemeanor charges over the weekend.

Two other suspects were arrested for driving while intoxicated and six were jailed for public intoxication.

Both DWI suspects were also charged for driving with suspended licenses.

In addition, two local men were jailed for unpaid traffic citations.

Agreement said not illegal

NEW DELHI, India (AP) — The government regards Union Carbide's tentative agreement with private lawyers to pay $350 million to individual victims of the Bhopal gas disaster as illegitimate, an official spokesman said today.

"There cannot be any settlement without agreement by government of India as it represents all the victims," said a spokesman for the Ministry of Chemicals.

"Only the government of India can represent the victims in view of the ordinance and retainers given by the victims to the government," said the spokesman in a statement read over the telephone. He spoke on condition his name not be used.

India enacted special legislation Feb. 20, 1985 making the government the sole representative to file a lawsuit.

Wildflower events slated

Continued From Page 1

native plants is scheduled in the WTC Fine Arts Theatre from 9 until 11:45 a.m. Guest speaker will be Vernon Wesby of Kerrville, president of the Native Plant Society of Texas; Mike Moeller, assistant commissioner of the Texas Department of Agriculture; and Dr. Charles Shields of Lubbock. Their program will include discussions of past and present uses of native plants.

The Sesquicentennial cookbook, "From Cookie to Chef," will go on sale April 19 in the museum immediately following a brief dedication in the Fine Arts Theatre at 11:45 a.m.

The public is invited to participate in the Wildflower Day activities and persons interested in additional information are invited to contact Britt Canada, chairman of the Wildflower Committee. His number is 573-8511.

Other committee members are Maggie Best, Doris Byars, Joe Carter, Julie Fox, Janet Halbert, Dr. Harry Krenek, Shirley Leftwich, Ricky Linex and Margaret Presswood.

Court hears field request

Continued From Page 1

he said.

Townsend cited a problem secu ballpark space in Snyder, particularly during league play as an additional reason for seeking repair of the Hermleigh park. "We also want to continue to attract new people to our community. We're talking about a community that wants to rise up and not just die out," he said.

Ward added that a women's softball field in North Park could be made available to Hermleigh youth on certain days throughout the week. "We could also go ahead and do the dirt work and let them play until dark."

In other action, commissioners approved county bills and minutes from last week's meeting.

Rewards follow Sunday killing

Continued From Page 1

Lonnie Luce, vice president of the C&W chain based in San Angelo, noted his company has a standing policy of a $1,000 reward for any incidents occurring at C&W stores.

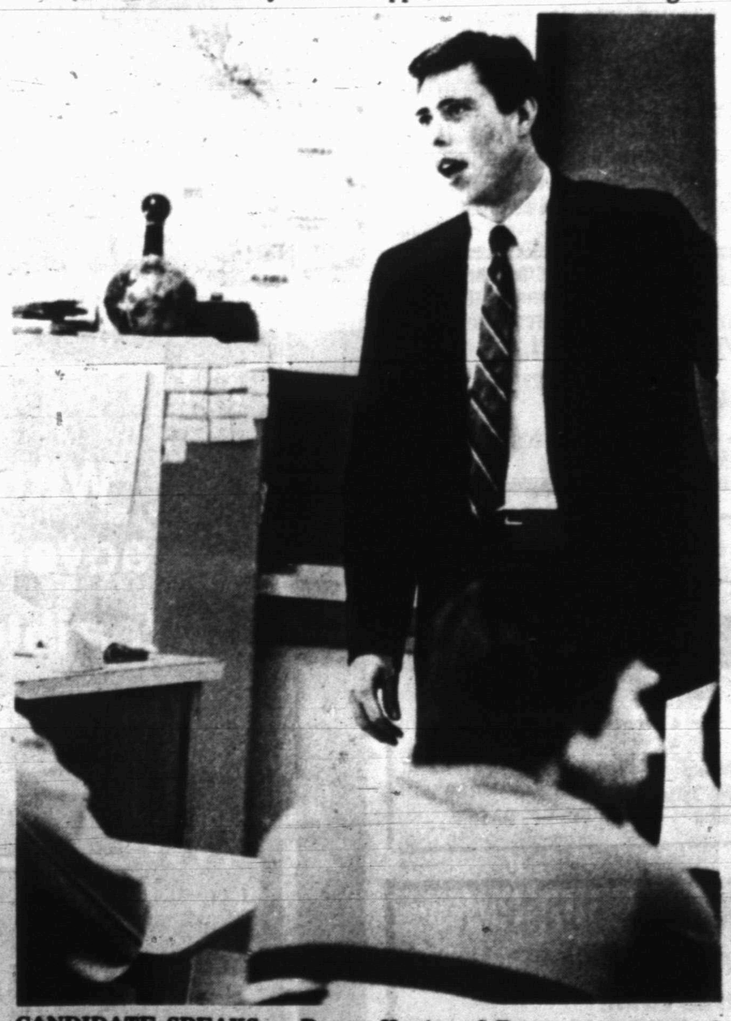

He said they decided to extend this to the Allsup's shooting "Because an incident like this isn't good for our business and sure isn't good for your city."

C&W operates stores throughout West Texas including three in Snyder.

Luce said their reward would also be administered through the local Crimestoppers program. Individuals with information regarding the case should call Lt. Steve Warren of the Snyder police at 573-2611.

The 53-year-old Huddleston was found by a store customer at 4:40 a.m. Sunday. He was killed by a single bullet wound to the back of the neck.

Police believe robbery to be the apparent motive in the killing.

CANDIDATE SPEAKS — Danny Hunter of Roscoe was guest of social studies classes at Snyder High School last Thursday. Hunter was addressing the classes as part of his campaign for the office of State Representative from the 79th District which includes Scurry County. (SDN Staff Photo)

SHS LIVESTOCK TEAM — These four SHS livestock judging team members won first place team honors in sheep judging at last week's Western Texas College judging events. Pictured (from left) are: Brett Morton, second high individual overall; Dawn Patrick, 3rd high individual in the sheep judging; Carl Daugherty; and Charles Cribbs. (SDN Staff Photo)

Tokyo recovers from worst spring storm

TOKYO (AP) — The worst spring snowstorm in Tokyo history killed at least 13 people, caused a train collision in which more than 200 passengers were hurt, and brought the city of 12 million people to a soggy halt.

Maritime Safety Agency officials said they had recovered the bodies of 10 sailors who had been aboard two ships that sank Sunday after being buffetted by winds of more than 54 mph.

Air and sea rescue missions were being conducted in the Pacific Ocean south of Tokyo today for one other sailor who still was missing.

The Meteorological Agency said 3.5 inches of snow fell on central Tokyo on Sunday, the most ever recorded for the city after the spring equinox. More than double that amount fell in outlying districts.

Bright sunshine returned to the Tokyo area today.

Tokyo Electric Power Co. spokesman Yoshimitsu Tsurubushi said 1.32 million households in the Tokyo area lost electric power because of overturned transmission towers.

"We've been working all night, but unfortunately there are still about 60,000 homes without electricity," he said today.

Almost all surface rail lines in the metropolitan area were shut down until Sunday evening, expressways were closed to all but autos with tire chains and about 2,000 people were stranded at Tokyo's Narita airport overnight because of suspended or delayed flights.

Airport operations stopped for about an hour during the afternoon high winds forced flight controllers out of the control tower.

Most commuter trains in the Tokyo area were functioning normally today.

Twenty-two trains were canceled along the Shinkansen high-speed train route linking Tokyo and Osaka. Some trains on the 255-mile three-hour run were running more than eight hours behind schedule.

At Tanashi, in Tokyo's northwestern suburbs, 204 people were injured when one commuter train, apparently slipping on snowy tracks, ran down a slope into the rear of another train that had stopped for repairs. Police officials said 18 people were hospitalized.

There were 1,400 people aboard the two eight-car trains.

Some of the less seriously injured had to wait in the darkened, unheated trains for up to six hours because ambulances could not get through snow-clogged streets.

Maritime Safety Agency officials said today they still were trying to identify the bodies of those who drowned in the storm.

The 1,107-ton freighter Shoeimaru sank with eight crew members aboard, and the 197-ton freighter No. 16 Yoshida-maru with three crewmen disappeared after sending distress signals in coastal waters south of Tokyo.

Murder victim found Sunday

Continued From Page 1

motive, although a spokesman for Allsup's in Clovis, N.M. said Monday morning it was a "minute" amount.

Marvin Cramer of Allsup's noted the death was the first involving an Allsup's employee in Texas. He said this involved 167 stores and a period of operation dating back to 1965.

Huddleston, who had reportedly worked for Allsup's less than one month, was pronounced dead at the scene by Callaway. The body has been taken to the Southwest Institute for Forensic Sciences in Irving.

Services for Huddleston are scheduled for 2 p.m. Thursday at Bell-Cypert-Seale Chapel.

He is survived by his wife, two daughters, a son and eight grandchildren.

Vehicle blaze doused Saturday

Units of the Snyder Fire Department extinguished a vehicle fire southeast of Hermleigh Saturday afternoon.

According to fire department reports, Steve Connor of Knox City was driving a 1976 Chevrolet Blazer on U.S. Hwy. 84 about 2 miles southeast of Hermleigh when the vehicle caught fire.

Extensive damage was reported to the truck but Connor was not injured.

Hospital Notes

ADMISSIONS: Marla Bell, Rt. 3; Henry Mendez, 3112 Avenue I; Lillis Streety, Lafayette, La.; and Josey Lujan, 1205 15th St.

DISMISSALS: Angelia Guynes and baby, Dorthy Gill, Eugenia Grizzle, Tammy Hudson, Frank Pruitt, Marla Bell, Francis Hazel, Perry Rodman, Bonnie Carroll, Bolton Bruyere Jr. and Christina Whitfield.

Births

David and Josey Lujan, 1205 15th St., are the parents of a baby girl weighing six pounds and seven and one-half ounces. She was born at 9:26 p.m. on March 23 in Cogdell Memorial Hospital.

Out-of-town driver felled at local relays

A 64-year-old bus driver for the Lamesa Independent School District was pronounced dead on arrival at Cogdell Memorial Hospital at 12:30 p.m. Saturday after suffering an apparent heart attack while attending the Canyon Reef Relays.

Howard Miller became ill at Tiger Stadium and was taken to the local hospital by private vehicle.

Funeral services for him were held at 10 a.m. Monday at the Second Baptist Church in Lamesa.

Drivers strike sign, vehicle

Two collisions involving fixed objects or parked vehicles were reported in Snyder over the weekend.

Involved in the first — at 6:33 p.m. in the 3000 Block of 25th St. — was a 1978 Oldsmobile driven by Ricky Chaidez of 1801 19th St.

The Chaidez vehicle struck a roadside sign owned by the Texas Highway Department.

The second accident was reported at 3:11 a.m. Sunday in the 4100 Block of the Brick Plant Road.

Involved in it was a 1968 Dodge driven by Jimmy Louis Guerrero of 1728 Ave. Q which struck a parked 1977 Chevrolet pickup owned by Mark Lyle of the Eastridge Apartments.

Vandalism noted to local vehicle

Police are investigating a misdemeanor criminal mischief report filed shortly after midnight Saturday.

Albert Zamora called police at 12:01 a.m. Sunday and told officers that the front and back windows had been broken out of his 1962 Chevrolet while the vehicle was parked at a local private club earlier in the evening.

No value was estimated for damage to the car.

Obituaries

Jack Huddleston

Services for Jack Huddleston, 53, of 20th and Ave. N will be at 2 p.m. Thursday at Bell-Cypert-Seale Funeral Home Chapel with the Rev. Danny Williams, pastor of Lighthouse Assembly of God, officiating. Burial will be at Snyder Cemetery under the direction of Bell-Cypert-Seale.

He was killed Sunday at Allsup's Convenience Store. He was born Aug. 29, 1932.

He is survived by his wife, Elizabeth Ann of the home; two daughters, Dianna Harber of Snyder and Teresa Dixon of Salem, Mo.; one son, Tommy Jack Huddleston of Snyder; eight grandchildren; his mother, Beulah Hunter of Broken Bow, Okla.; his father Shorty Roberts of Garvin, Okla; two brothers, Eugene Huddleston of Mena, Ark. and Kenneth Roberts.

Cal Adams

ODESSA--Services for Cal Adams, 26, of Odessa will be at 1 p.m. Tuesday at the First Baptist Church in Odessa with the Rev. H. Bailey Stone officiating. Graveside services will be at 5:30 p.m. Tuesday at Bellview Cemetery in Rotan.

He was killed Saturday in a traffic mishap in Andrews. He was born Sept. 23, 1959 in Odessa. He was a member of the First Baptist Church. He graduated from Odessa High School in 1978. and was voted Mr. OHS that year. He lettered for three years on the varsity high football team.

He was a salesman for Redeseal and had worked in the Snyder area. He was the son of the late Rev. Calvin Thomas Adams Jr., a minister in Rotan.

He is survived by his mother, Billie Jean Fisher Adams of Odessa; his grandmother, Lillie Adams of Plainview; two sisters, Debbie Pettit of Austin and Donna Jackson of Odessa; two nieces.

Obit photos encouraged

The Snyder Daily News encourages family members to provide photographs when possible to accompany obituaries printed in the newspaper.

These may be turned in at the newspaper office or with Bell-Cypert-Seale representatives.

Such photographs may be picked up at the news office the day following publication.

Cancer patient returns home

ABILENE, Texas (AP) — A 5-year-old boy who only a few weeks ago lay dying in a Dallas hospital has returned home after radiation, chemotherapy and other treatment seemed to begin curing his cancer, doctors said.

Brody Kerby's illness has been short but painful since cancer was discovered Dec. 3, two days before his birthday. His spine was wrapped in life-sapping tumors.

The boy's 70-pound body shrank to 45 pounds, and he began to cough up blood.

But last week, the doctors sent him home because the impossible seems to have happened.

Doctors said evidence of Brody's tumors disappeared from the screens of the machines that reliably spot cancer masses.

A special pump inside his head kept fluid from putting pressure on his brain, from which the first tumor was removed three months ago.

His mouth, throat and head were burned from weeks of radiation and chemotherapy.

James and Cecile Kerby said their son was suspicious of everybody because even people who were nice to him at first would stick him with needles later.

Today, Brody's appetite is increasing. He watches television and asks his 18-year-old brother, Russell, to toss him a baseball.

"The only thing it can be is a miracle," his father told the Abilene Reporter-News. "We questioned his treatment. We didn't want him poked with any more needles.

"And the day the doctor told us the good news, I asked him, 'If this mass of tumor has disappeared in 12 weeks, was it actually there?'

"He said yes, positively, and he said the drug (methotrexate), acting like a vitamin because he gave it in particularly small doses, might have fooled the tumor into absorbing all the medicine."

Dr. Barton A. Kamen, associate professor of pediatrics and pharmacology at Southwestern Medical School in Dallas, said the child may yet face a struggle before complete recovery.

"I like to think it's a miracle, but it's too soon," said Kamen.

Humans possible on Mars?

WASHINGTON (AP) — A presidential panel is proposing an ambitious, $700 billion space program that would put manned settlements on the moon and Mars and vastly expand space travel to perhaps 1 million travelers a day, a published report says.

The National Commission on Space, appointed by President Reagan a year ago, said in its study that it envisions a time within the next half century when moon and Mars outposts would become permanent installations furnishing the necessities of life and sustaining exploration, scientific work and resource development, Aviation Week & Space Technology reports in its March 24 editions.

The commission is expected to present the report to the White House next month, says Aviation Week, which obtained a final draft of the panel's report.

The 200-page report, called "Pioneering the Space Frontier: Our Next 50 Years in Space," is dedicated to the seven-member crew of the Challenger who died when the space shuttle exploded Jan. 28.

Commission spokesman Leonard David said in a telephone interview Sunday night that the commission did not scale back any of its goals in the wake of the Challenger accident.

David declined to answer questions about the report's details, but said the commission was finished with its work and discussing the report's release date with the White House.

The panel is headed by Thomas O. Paine, former administrator of the National Aeronautics and Space Administration, and also includes Neil Armstrong, the first man on the moon; astronaut Kathryn Sullivan; and Air Force Brig. Gen. Chuck Yeager, the first pilot to fly faster than the speed of sound.

A 1904 fire virtually destroyed downtown Baltimore.

Astro-Graph

By Bernice Bede Osol

Your Birthday

March 25, 1986

Advantages that you couldn't develop on your own will come through your personal contacts in the year ahead. Big rewards lie in proper teamwork.

ARIES (March 21-April 19) Bargains or agreements you strike today might not amount to much in the long run. Both parties could lack the will to follow through. Know where to look for romance and you'll find it. The Astro-Graph Matchmaker set instantly reveals which signs are romantically perfect for you. Mail $2 to Matchmaker, c/o this newspaper, Box 1846, Cincinnati, OH 45201.

TAURUS (April 20-May 20) Serious responsibilities and duties cannot be wished away today. Pretending that they'll take care of themselves is asking for bigger headaches later.

GEMINI (May 21-June 20) Don't gamble on something today if you're relying solely on Lady Luck. She might look the other way when you need her the most.

CANCER (June 21-July 22) If the world happens to treat you a trifle rough today, don't take your wrath out on innocent bystanders, especially those who are powerless to answer you back.

LEO (July 23-Aug. 22) Holding unyielding opinions today could be asking for trouble, particularly if you enter into a debate with a character who likes to argue.

VIRGO (Aug. 23-Sept. 22) A joint venture requiring a cash outlay on your behalf might not live up to its expectations today. Before investing, know what you're getting into.

LIBRA (Sept. 23-Oct. 23) Treat your partnership arrangements with all the skills you can muster. Normally this is your strongest area, but it might be your weakest today.

SCORPIO (Oct. 24-Nov. 22) It's wise to place boundaries on your generosity today, or you might give away something on impulse that you could later regret.

SAGITTARIUS (Nov. 23-Dec. 21) Avoid a gathering today where you might run into someone you dislike. This person could drop in and spoil your fun.

CAPRICORN (Dec. 22-Jan. 19) Be extremely careful in ticklish career situations today. Don't achieve your purposes at the expense of someone else.

AQUARIUS (Jan. 20-Feb. 19) Today, if you rely more upon what you feel than the facts, you may not see the issues clearly. Blurred vision brings fuzzy results.

PISCES (Feb. 20-March 20) This might not be one of your better days moneywise. Be careful with your cash as well as the resources of others.

Oil Patch News

Scurry County

Centaur Petroleum Corp. has completed the No. 2 B. J. Eiland in the Revilo field, 12 miles northwest of Snyder. The well produced 34 barrels of 37.9 gravity oil and 140 barrels of water. Perforations were from 2,744-872 feet, and location is in Section 400, Block 97, H&TC survey.

Patterson Petroleum Inc. has completed the No. 21 Bullard, an 8,147-foot wildcat 14 miles northwest of Snyder. The well produced 77 barrels of 41 gravity oil and 434 barrels of water.

Gas-oil ratio was 850-1 with perforations from 7,514-518 feet. Location is in Section 303, Block 97, H&TC survey.

Borden County

Permian Resources Inc. has completed the No. 1-A Newton in the Dunigan field, 10 miles north of Gail. The well produced 10 barrels of 42.6 gravity oil and two barrels of water.

Gas-oil ratio was 200-1 with perforations from 8,833-846 feet. Location is in Section 20, Block 30, T6N, T&P survey.

The Superior Oil Co. has completed the No. 2-535 W. H. Jones in the Fluvanna field, three miles northwest of Fluvanna. The well produced nine barrels of 38.9 gravity oil and one barrel of water.

Gas-oil ratio was 1,111-1 with perforations from 7,872-875 feet. Location is in Section 535, Block 97, H&TC survey.

Fina Oil and Chemical Co. will drill the No. 1-41 Stephens, a 7,800-foot wildcat 11 miles northwest of Gail. Location is in Section 41, Block 32, T6N, T&P survey.

Mitchell County

Phillip Russell has completed the No. 4,017 E. T. Strain in the Sharon Ridge field, 12 miles northwest of Colorado City. The well produced 25 barrels of 31 gravity oil and 20 barrels of water. Perforations were from 1,643-691 feet, and location is in Subdivision 10, G. J. Reiger survey.

Phillip Russell has completed the No. 4,018 E. T. Strain in the Sharon Ridge field, 12 miles northwest of Colorado City. The well produced 20 barrels of 31 gravity oil and 20 barrels of water. Perforations were from 1,634-689 feet,and location is in Subdivision 10, G. J. Reiger survey.

Mrs. W. M. Keck Jr. will drill the No. 5-A Coleman Ranch in the Sharon Ridge field, three miles northeast of Cuthbert. Planned for a depth of 1,700 feet, location is in Section 84, Block 97, H&TC survey.

Mrs. W. M. Keck Jr. will drill the No. 4-A Coleman Ranch in the Sharon Ridge field, three miles northeast of Cuthbert. Planned depth is 1,700 feet, and location is in Section 84, Block 97, H&TC survey.

Mrs. W. M. Keck Jr. will drill the No. 2-A Coleman Ranch in the same field, three miles northeast of Cuthbert. Also planned for 1,700 feet, location is in Section 84, Block 97, H&TC survey.

Mrs. W. M. Keck Jr. will drill the No. 4 Coleman Ranch in the Sharon Ridge field, three miles northeast of Cuthbert. The venture will be drilled to 1,700 feet, and location is in Section 84, Block 97, H&TC survey.

Garza County

Brothers Production Co. has completed the No. 1-A Ben Altman in the PHD field, eight miles northwest of Post. The well produced 28 barrels of 39 gravity oil and 200 barrels of water.

Gas-oil ratio was 200-1 with perforations from 3,758-767 feet. Location is in Section 1,255, TTRR survey.

Maralo-Connell has completed the No. 1-A Connell in the Polar north field, nine miles northeast of Justiceburg. The well produced 162 barrels of 40 gravity oil. Perforations were from 7,788-802 feet, and location is in Section 73, Block 5, H&GN survey.

Maynard Oil Co. has completed the No. 201-H Slaughter in the Happy field, 13 miles southwest of Post. The well produced 25 barrels of 38.6 gravity oil and 150 barrels of water. Perforations were from 8,259-301 feet and location is in Section 43, Block 2, T&NO survey.

Natural Resource Management Corp. has completed the No. 1 R. Clyde Miller, a wildcat located 3.5 miles south of Justiceburg. The well produced 25 barrels of 32 gravity oil and 70 barrels of water. Perforations were from 8,109-113 feet, and location is in Section 41, Block 6, H&GN survey.

Kent County

Fairchild Petroleum Corp. has completed the No. 1 Cecil Hagar in the Boomerang field, 10 miles east of Clairemont. The well produced 34 barrels of 41.5 gravity oil and 151 barrels of water. Perforations were from 6,630-650 feet, and location is in Section 24, Block 1, H&GN survey.

Fisher County

Bay Rock Operating will drill the No. 1 Underwood, a 6,700-foot wildcat 12 miles northwest of Rotan. Location is in Section 638, Block 97, H&TC survey.

Nolan County

Enrich Oil will drill the No. 1 McCain, a 6,700-foot wildcat four miles south of Nolan. Drill site is in Section 11, Block Z, T&P survey.

Howard County

Bond Operating will drill the No. 8-C TL&M in the Iatan East Howard field, three miles southeast of Coahoma. Planned for 3,600 feet, location is in Section 8, Block 30, T1S, T&P survey.

Conoco Inc. will drill the No. 19-B G. O. Chalk in the Howard-Glasscock field, seven miles northeast of Forsan. Location is in Section 114, Block 29, W&NW survey.

Society inducts Snyder student

Mary Ybarra, a senior at Texas Tech University, has beem inducted into Pi Delta Phi, an honor society for French students.

She is the daughter of Carolina Ybarra of 405 30th St.

To be selected for the society, students must have a 3.0 grade point average overall and a 3.5 average in French studies.

Chemical Pump Service Serves Many Oil Patch Needs

Chemical Pump Service, owned locally by Tom Machen, serves the needs of the oil patch, by carrying a full line of Texsteam Electric Drive Injectors. The 4100 Series Texsteam Injectors are positive displacement, plunger-type pumps which are gear driven and utilize electric motors, V-belts or other rotating drives as the power source. The unit's gear drive is housed in a precision-bored, heavy cast iron case with anti-friction bearings on the high speed shaft. The output gear, made of high strength alloy iron, is supported in a special bearing arrangement assuring extremely long life with maximum rigidity.

The entire worm-gear drive mechanism runs in a lubricant bath for longer operating life, even under the most adverse operating conditions.

The Texsteam 4100 Series can by used for chemical injection and for handling corrosive fluids.

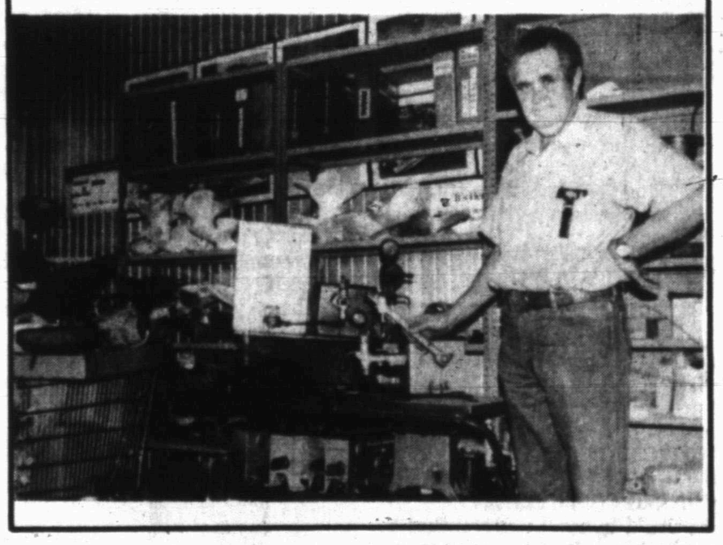

Because these units can be equipped with from one to eight heads, a wide range of additives may be accurately handled from one installation. This versatile pump has found wide acceptance for use in refineries, LACT units, salt water floods, tank batteries, process plants and in water treatment for boilers

The Texsteam 4100 Series Injectors are easy to install. No expensive foundation or piping is required. These pumps will give you many years of economical and trouble-free service.

In addition to Texsteam Electric Drive Injectors, they also carry Western, Calgon and Percision Pumps and Bendix, Wico, Fairbanks Morse and American Bosch Magnetos.

Also ask about Magneto sells and repair as well as Poulan and Shindaiwa chain saws and all types of chain saw sharpening.

See Tom Machen, 315 East Hwy. Call 573-5219 or 573-6562 for all of your Chemical Pump needs.
