COTTON MEN OPEN GALVESTON MEET

NYE IS BITTER IN HIS ANSWER IN SMITH ROW

'EXPOSED SCOUNDRELS' COMFORTED, HE SAYS IN LONG REPLY

(By The Associated Press) WASHINGTON, Mar. 23.—Answering the letter of Governor Smith of New York which condemned him for his remarks about the governor in recent debate in the senate, Chairman Nye of the oil committee today countered that Smith was giving aid and comfort to "every scoundrel whose infamy has been exposed."

This and Nye said, was through Smith's "seeking to undermine public confidence in the fairness and impartiality of the committee in the midst of this investigation."

Disclaiming Any Attack Senator Nye, a republican from North Dakota, rebuffed any attack on the governor in the debate and wrote that he had "expressly stated that you were not in any way involved in the oil scandals now under investigation by the committee of which I am chairman."

"You need concern yourself in the least as to the 'public humiliation' which you state your letter will bring down upon me," Nye continued. "I do not propose to be deterred in the performance of my political duty by abuse of criticism or my work from you or from anyone else."

Asserting that the resolution which brought about the oil investigation had been sponsored by senate republican independents, the late Senator La Follette of Wisconsin and Senator Norris of Nebraska, Nye recalled that in the 1924 campaign Governor Smith supported John W. Davis of the house of Morgan after your supporters had effectually blocked the nomination in the convention of Senator Walsh of Montana as a compromise candidate according to my understanding of the analysis of the vote in the convention made by Mr. Callahan of St. Louis, who was a delegate to the convention.

Accusation in Becoming "Under these circumstances," he said, "it becomes you to accuse me of partisan motives or conduct in the performance of my duties as an official, in a letter which, by the way, represents the first public condemnation by yourself of the oil scandals which has come to my notice."

"Might it be that your reticence to speak out against these scandals sooner is attributable to the fact that Harry F. Sinclair was a member of your official family and had, as newspapers now report, contributed in 1921 when you were a successful candidate for governor to a

AGREEMENT IN PROJECT SEEN ACTION OF INSULT IS INTERPRETED TODAY AS PEACE MOVE

AUSTIN, Mar. 23 (AP)—A telegraph received by the Abilene News saying that the interests plan to proceed with development along the Colorado river was interpreted Friday by chairman John A. Norris of the state board of water engineers as symbolical of the beginning of final ratification of a treaty agreement between insult and Brownwood and West Texas water projects.

Mr. Norris pointed out that he had had no official information and that his statement was based on the newspaper's report.

After having offered to scale his water permit to 130,000 acre feet, to about 500,000 acre feet, Mr. Inaud was said to have decided to abandon his program when the West Texas Chamber of Commerce and the Brownwood water district, disagreed with him, still seemed unsatisfied.

The chamber, however, decided the relinquishment satisfactory and voted to ratify it.

Final disposition of the entire matter, Mr. Norris said, has been contingent on insult's decision to go ahead with or discontinue negotiations for the erection of six dams about the Colorado river, between the mouth of the Llano river and the backwash of Lake Austin.

SINGING HEROINE

Passengers on the S. S. Dallas praised Hazel Wylie, of New Orleans, as a heroine as the ship docked at New York. They told how she maintained quiet, among the nervous audience when fire broke out in the projection room during a movie show en voyage.

Hazel, protégée of Mary Garden, was returning home from a year's study of music in Italy.

BIG GROWTH IN LAMESA SHOWN

ANNUAL C. C. BANQUET SHOWS CONTRAST IN 1928 AND 1905

LAMESA, Mar. 23.—Contrasting the Dawson county of today with the Dawson county of 23 years ago at organization, was the feature of the annual Chamber of Commerce banquet held here last night.

More than 400 men and women who were residents of Dawson county when the county was organized, were in attendance in the Rix building, where peach blossoms and other decorations added to the festive occasion. S. L. Forest, newly elected president, presided.

Musical numbers by Jesse Paulk's Fiddlers, a seven piece orchestra, and singing, rendered by the Bluebonnet Chorus, composed of eight young matrons, preceded the principal address of the evening, "The Soul of the South Plains," by Rev. V. H. Fisher, pastor of the First Methodist church. Mr. Fisher's address was one of the best orations ever heard here.

Carrying out the contrast of pioneer days with those of the present time a dugout, such as served many early day families as homes, and a modern residence, a facsimile of those which dot the countryside in this vicinity, were displayed in miniature upon the tables. Since Lamesa entertained in January with a "Good Will" banquet for civic leaders of neighboring counties, last night's affair was strictly for "home folks." Outstanding on the program was the report of accomplishments of the Lamesa Chamber of Commerce over the past two years.

The report was given by William A. Wilson, secretary-manager.

OIL WORKER KILLED MIDLAND, Mar. 23 (AP)—Gilbert T. Davidson was killed today by a 49-foot fall from the top of an 80,000 barrel tank under construction on the Magnolia tank farm here.

ZAVALLA MAN SHOT TO DEATH

BUSINESS MAN SURRENDERS IN MYSTERY CASE

SHOTGUN TAKEN FROM ACCUSED AND PISTOL FOUND ON OTHER

(By The Associated Press) LUFKIN, Tex., Mar. 23.—J. Aaron Barge, merchant of Zavalla, Texas, 25 miles south of Lufkin, is at Liberty under \$5,000 bond today following the death of Jim Mullins who was shot and killed instantly at Zavalla last night.

Barge surrendered to officers and gave them a shotgun with an empty shell. An automatic pistol which had not been fired, was found on the belt of the dead man.

Houston Man Shot In Robbery Case

HOUSTON, Mar. 23 (AP)—Eugene, available police officer Friday was searching for the slayer of William Leary, 28, who was shot down, apparently by a robber, in a residence here Thursday night.

Carter B. Cook, Texas Salt company employee who was passing the scene of the shooting in his automobile saw the tragedy but was unable to see whether the slayer was white or black. A flashlight, dropped by Leary's assailant, and two small caliber shells are the only clues.

Leary was assistant secretary to the general passenger agent of the Pacific lines here. He formerly was employed by the Pullman company at New Orleans. The body will be sent for burial to Abilene, La., where Leary's widow is ill at the home of relatives.

S. M. U. Expansion Program Is Asked

DALLAS, Mar. 23 (AP)—An additional \$2,000,000 in endowment, and the construction of a \$350,000 library building and another science building were recommended as the "new future" program for Southern Methodist University by President Charles C. Selcman in his annual report to trustees in session here today.

The board of trustees yesterday approved a campaign to raise \$1,000,000 for a dormitory, 50 scholarships and seven professorships in the school of theology as recommended by Dr. Selcman.

Action is expected to be taken on this recommendation before the trustees adjourn late today.

Arguments in Hill Case Nearing End

EASTLAND, Mar. 23 (AP)—Arguments were being heard today in the trial of Robert Hill, confessed bank bandit, in the robbery of the First National bank of Cisco, on December 23, last.

The case is expected to go to the jury at 4:30 p. m. State counsel asked the death penalty while the defense lawyers based their plea for life imprisonment on the youthfulness of the prisoner and the fact that he has "never had a chance in life."

Bandit Reward Is Opposed By League

MCAMEY, Tex., Mar. 23 (AP)—Opposition to the reward of \$5,000 for each dead bank bandit offered by the Texas Bankers association was voiced by the Citizens Good Government League at its regular meeting here.

Copies of the resolution were ordered transmitted to Governor ... to the president of the Bankers association, to Bangor Opat-Hamer and to the news.

FLOOD BILL AMENDED WASHINGTON, Mar. 23 (AP)—After two days discussion, the senate commerce committee today amended the Jones flood control bill so as to require no substantial contributions by the lower-valley states.

Oil Case Hearing Is Granted Delay

SAN ANGELO, Mar. 23 (AP)—A hearing on four suits against W. H. Colquitt, receiver of the South Oil territories in Pecos county, originally scheduled for March 27, was postponed until April 30, according to a message James Corbett, one of the attorneys for Mr. Colquitt. The Roxana Petroleum corporation, the Douglas Oil Co., the California Co., and the Maryland Employes Royalty Co., have filed suit against the receiver asking injunctive relief from threatened suits involving heavy oil producing lands in the Yates oil field, Pecos county.

WARNING GIVEN BY DAM BEFORE BREAK IS PLEA

LOS ANGELES, Mar. 23.—The St. Francis dam disaster cast its shadow over the little settlement in San Francisco canyon for two days before the huge concrete wall collapsed, but the warnings that were issued as a result, lacked sufficient force and authority to ensure immediate evacuation. The result was the loss of some 450 lives and \$10,000,000 property damage.

Such was the testimony revealed before a coroner's jury here in which several residents of the area immediately below the dam and their stories.

Two Saw Warning At least two men—L. Berry, power house foreman, who died in the disaster, and Dave Matthews, a survivor of the Los Angeles water bureau and builder of St. Francis dam, together with H. A. Van Norman, his chief assistant, inspected the concrete structure, and while they found that everything was not as it should be, there were no indications of an immediate break.

The tiny impulses of fear which had beset those in the shadow of the dam were quieted for the time. Some of them resolved to move "tomorrow."

"Tomorrow" Came Too Soon Then when "tomorrow" was only a few minutes old, the big dam gave way and sent a deluge of water, destruction and death down the valley with little or no further warning.

Matthews testified that upon visiting the dam Saturday with Berry and they found "the old road washed in, the hillside soaked with water and an extra large amount of water coming down the spillway." This indicated that the huge lake was seeping through the earth at one end of the structure.

Four Men Offer As School Trustees

The names of Dr. J. T. Hutchinson, Neil Wright, W. B. Atkins and C. E. Maedgen have been placed upon the candidate list for the election of the trustees of the Lubbock independent school district April 1, it was learned today. The men have been serving on the board for several terms and upon request from various patrons have consented to consider re-election, it was said.

On the same day, elections of all of trustees for the various schools over the county will be held.

SPECIAL GRAND JURY PROBE SEEN IN ATTACK ON ACQUITTED OFFICER; INJURED MAN'S CONDITION SERIOUS

(By The Associated Press) COLUMBIANA, Ala., Mar. 23.—A special grand jury investigation was imminent and police Chief H. F. Blake today lay with a thrust in the neck from a hunting knife because two grief-stricken women had steadfastly refused to accept either his story or the formal pronouncement of a court of law about the death of Louise Monteararo last November.

Blake, in the court room, was receiving congratulations of his friends, just after a jury had acquitted him of murder of that pretty young woman when he fell victim to a sudden and frantic attack by Mrs. Mabel Monteararo, 45, mother of the dead girl, and Miss Cecil Tubbs, 43, an aunt.

The mother's one pistol shot went wild but the girl's aunt, by a sudden lunge, inflicted a knife wound which the doctors feared might prove fatal to the ex-chief of police in Calera, Ala. Paralysis of one arm was predicted, in case he lived.

Blake was put on trial for the murder of Miss Monteararo virtually because Mrs. Monteararo, Miss Tubbs, and other relatives of the girl persistently refused to accept his official story of her death.

Blake committed suicide after he was arrested and officer W. D. Farmer arrested her for speeding near Calera. Their insistence brought on an investigation which resulted in indictment of the two officers. Farmer is scheduled for later trial.

MARSH CHARGE BRINGS ROW IN COTTON PROBE

ATTORNEYS WRANGLE OVER ADMISSION OF CLAYTON ANSWER

(By The Associated Press) WASHINGTON, Mar. 23.—An attempt by counsel for William L. Clayton, Houston cotton dealer, under accusation of cotton market manipulation to produce evidence that spokesmen for the cotton cooperatives of the south had favored southern delivery of cotton on New York future contracts before the federal trade commission in 1923, started a wrangle today before the senate cotton marketing inquiry committee.

The evidence was finally admitted by Senator Smith, democrat, South Carolina, committee chairman, over objection of Representative Rankin of Mississippi, associated in the senate attempt to find out why the cotton market slumped in 1927 occurred.

Answer to Charges David H. Miller, Clayton's lawyer, read the name of C. B. Howard as representing a union of the cooperatives, adding that nine of the witnesses heard by the federal trade commission had later seen Clayton deliveries, eight had opposed it, and three were uncertain. Miller said he wanted this brought out in answer to charges of Arthur R. Marsh, New York cotton broker, that Clayton had been almost alone in urging southern deliveries. Marsh was under cross examination by Miller who said he wished to refute any implication that the commission had been swayed to recommend southern deliveries by Clayton although most of those questioned were opposed.

Miller went from that subject to the charge made by Marsh that a Clayton representative had telegraphed information to a New Orleans broker on the disputed government cotton price trend statement of September 15 last. Receipts of such a message had been denied by the New Orleans broker named H. H. Haywood.

"Great Secret" Debated Senator Smith intervened to get a statement from S. Tenny, chief of the department of agriculture, bureau of agricultural economics, which issued the September statement.

(Turn to Page 4, Column 2, Please)

WILL ROGERS GIVES JOHN D. A DIME

John D. Rockefeller, distributor of dimes, had the tables turned on him by Will Rogers, incorrigible humorist, when our photographer overlooked them raking the rounds of the Ormond Beach, Fla., golf course. "Have a dime on me," said Will, producing a shining new ten-cent piece which was promptly accepted. "But don't spend it all at once!"

FALLING TREE FATAL TO SIX

MISSISSIPPI, Mar. 23.—A huge Mississippi pine tree which had been set ablaze three days ago during a minor forest fire burned through yesterday and crashed across a roadway burying seven children and the driver of an automobile in which they were riding, beneath its blazing mass.

David Goff, driver of the automobile, and his fourteen year old daughter, seated beside him, met instant death. At the same moment, Nettie and Hattie Goff, eleven year old twin daughters of William Goff, and Edna Goff, 14, and Eva Mizell, 12, suffered fatal injuries from the crash. Horace and Ernest Goff, 7 and 9 years old respectively, were seriously burned and suffered possible fractures but escaped with their lives.

The bodies of the elder Goff and the five girls whom he was taking to school were burned almost beyond recognition.

The tree which fell across Goff's machine had been burning for three days but children passing to and from school had given no heed to its danger.

Wichita Business Man Dies Suddenly

WICHITA, Kans., Mar. 23 (AP)—Ransom Stephens, 54, founder of the Community Financing Service company, and prominent in civic affairs of this city, died suddenly at his home here today from heart disease.

Mr. Stephens came to Wichita in 1910 as superintendent of the Wichita Union Terminal Railroad company. From 1920 to 1922 he was associated with the Campbell Banking company at Dallas, then resigned to attend the Carnegie Institute of Technology, and later entered business here.

LOCAL BOY IS SNAKE VICTIM

Keith Martin, five year old son of Hills Martin, cotton man of this city, is recovering in a local hospital today from effects of a rattlesnake bite inflicted about 3 o'clock Thursday afternoon near Tahoka, where the boy was bitten about in a clump of bushes.

The reptile struck the boy on the calf of the leg, about midway between the ankle and knee, and he was rushed to Tahoka, where he was given the serum, following which he was brought to Lubbock by his father. Reaching the hospital here the newly discovered Jackson-Crimmins technique of cup suction was used on the swollen portion of the leg for about four hours under direction of Dr. Allen T. Stewart, pumping the venom from the limb before it could be diffused with the blood.

It was explained that the venom of the reptile's sting can not be diffused with the blood until it is diluted by a certain solution in the human body's circulation system, and that the Jackson-Crimmins treatment takes the venom out before this diffusion is made.

Upon reaching the hospital here, the limb was swollen and black to above the knee, hospital attendants said, but after the treatment, the swelling diminished, and the boy today was reported resting well, and on the road to recovery.

Exchange Official At Galveston Dies

GALVESTON, Mar. 23 (AP)—William V. Westerlage, secretary of the Maritime committee of the Galveston cotton exchange and board of trade, died today at his home here.

Mr. Westerlage entered the service of the Galveston Maritime association, which later was merged with the Maritime committee, 30 years ago.

DRASTIC MOVE TO HALT PINK WORM IS URGED

ACREAGE INCREASE IS OPPOSED; REDUCTION URGED AGAINST

(By The Associated Press) GALVESTON, Mar. 23.—Drastic measures to check the spread of the pink boll worm which was declared to be threatening to eliminate profit in the cotton industry were urged here today before cotton factors from all portions of the nation attending the seventh annual convention of the Texas Cotton association.

President H. G. Safford of Houston in his annual address asserted that the pink boll worm was more than a menace to the industry, and if allowed to spread further would have disastrous effects.

Major problems confronting the 400 to 500 delegates include foreign rules and arbitration, the futures markets and buying and selling methods.

Cotton Production Discussing production of cotton, Mr. Safford said it is not so much a question of reduction in acreage but a fight against increasing the present acreage.

"We would not urge a cut in acreage for the world's supply would suffer," he declared. "Rather, we should do all we can to prevent an increase."

Committees were to be named prior to an executive session this afternoon.

Cotton factors from all portions of the nation, including New York, Chicago and New Orleans are in attendance, with speakers attached to a report to be made by a committee which has been named to study cotton acreage reduction. Other main topics will include pooling of information; closed co-operation between cotton interests; the "Palmer" Texas Cotton Standards act, which calls for the buying and selling of cotton according to government standards; the foreign arbitration system.

Banquet Tonight The annual banquet will be held tonight at the Commodore Hotel of Galveston as toastmaster, Judge W. T. Armstrong is to speak on "Incompatible marriage and companionate divorce" and Dr. Stockton T. Axson of Rice Institute, Houston, will discuss "commerce and ethics."

The Texas Cotton association should not only co-operate to the fullest with all agencies combating the pink boll worm but should take the lead in the fight, President Safford said.

The average cotton production in Texas is 112 pounds per acre, Safford declared. If this is lowered all of the trade profits will be

PLANS TO HALT DISPUTE MADE

COMMISSION OFFERS A RECOMMENDATION ON U.S.-MEXICO ROW

(By The Associated Press) SAN ANTONIO, Mar. 23.—Plans to eliminate boundary disputes between the United States and Mexico, arising out of changes in the course of the Rio Grande, were outlined here today by Lawrence M. Lawson, United States boundary commissioner from El Paso, who has just completed an inspection of the river with other members of the commission.

The plan contemplates preventing changes in the course of the river through a system of dams and reservoirs which would prevent floods. At present many acres of valuable land are frequently switched from one side of the river to the other and from one nation to the other by changes in the course of the river.

The old boundary treaties make the Rio Grande the boundary and fail to provide for artificial control of its course, but the commission hopes to write new treaties when representatives of the two nations meet in September in Washington.

Commissioner Lawson estimates that the flood control scheme would provide enough water to irrigate 2,000,000 acres in Mexico and the United States. At present about half a million acres in this country are irrigated.

## Mrs. W. B. Price Is President O.P.T.A.

Mrs. W. B. Price was elected president of the K. Carter ward school P. T. A. yesterday afternoon when a business meeting of that organization was conducted at the school.

Mrs. E. M. Smith was a speaker at this meeting. Five delegates were named to the district P. T. A. convention which is to be conducted here early next month, and a program was given by pupils in Mrs. Josephine Ballenger's room.

Other officers who were elected, in addition to Mrs. Price were the following: First vice-president, Mrs. M. C. Overton; second vice-president, Mrs. G. M. Cooby; third vice-president, Mrs. G. T. Scaler; treasurer, Mrs. Albert Fryar; secretary, Mrs. E. B. Wheelock; corresponding secretary, Mrs. H. A. Davidson; reporter, Mrs. L. C. Ellis.

Delegates to the convention are Mesdames Price, Overton, Ellis, Fryar and Davidson.

## London Bridge Club Meets Thursday

Mrs. S. E. Cone was gracious hostess to London Bridge club members Thursday afternoon at her home, 1920 Broadway. Bridge was played.

Mrs. J. B. Jackson who made high score among club members, was presented with a framed picture and Mrs. Oscar Nislar, who scored high among visitors, was presented with a hand painted bowl. Mrs. K. L. Riggs cut high and Mrs. E. J. Parsons cut low.

Members and guests who were in attendance were Mesdames F. B. Taylor, R. W. Crowder, A. G. Vernon, Mrs. O. Mrs. English, Vernon, Beaman, Earl Moore, K. L. Riggs, H. S. Riggs, J. B. Jackson, Horace Hawkins, Joe Logan, E. J. Parsons, Clayton Gammill, Oscar Nislar and G. W. Chilton.

The hostess served colonial punch, chicken salad, sandwiches, strawberry short cake, Easter lilies were floral decorations.

## Delightful Affair Is Last Of Series

The closing party of a series of delightful affairs was given yesterday afternoon when Mrs. Houston Spikes and Mrs. De Dick Slaughter entertained at bridge in Mrs. Slaughter's home. Two parties had been given by these hostesses on Wednesday.

Mrs. E. B. Adcock scored high in yesterday's game, and Mrs. Louise Moore scored low. Cut favors of miniature Easter bonnets in boxes were presented at each table. Mrs. Sam Kellen of Dalhart, Mrs. Slaughter's mother, was presented with the guest favor.

All appointments were in the Easter theme and a glad course was served. These playing were Mesdames O. L. Peterman, I. C. Enoch, Hub Jones, Louie Moore, Robert Strong, Jean Jarrott, E. B. Adcock, R. C. Smith, Sam Kellen, Brete Ferguson, E. M. Lovelace, Elmer Cooley, Evelyn Brown, Owen McWhorter, Morton J. Smith, Walter Gilmore, of Rails, Lowell Munday, Louis Quillen, Sam T. Davis, Earl Sprules, Herbert Lowery, J. B. Crisler, Russell Myrick, Richard L. Douglas, Earl Hunt and Ek McElvey.

## Bits Of News And Personal Mention

Bradford Bull of Clarendon and Vestal Lett of Amarillo are visiting friends here.

Rev. Z. E. Pirke, pastor of the First Methodist church of Levelland, was a visitor here yesterday. He was accompanied home by his son, Burgher, who will visit there for several days.

Sugg Robertson of Slaton was in Lubbock last night and attended the Sans Souci club dance at the Lubbock hotel.

Luther Harris of Lockney is visiting friends here. He is a former student of Tech.

Mrs. H. G. Tucker, 1509 Avenue B, has returned from Lindale where she has been for two weeks. Her father died there Monday after an illness of several days.

There is to be a bit social at the Sanders school this evening, beginning at 8 o'clock, under the sponsorship of the P. T. A.

Fred Partain is in Greenville where he was called following the death of a friend.

The Junior high school P. T. A. is conducting a food sale Saturday at the Amarillo Furniture company store.

Mrs. George W. Russell, of Amarillo, is in Lubbock on business and the partying gifts were presented Miss Jennings. There were a few invited guests.

## Sans Souci Society Gives Large Dance

Sans Souci club members entertained last evening with a dance at Hotel Lubbock. Harmonica Tennesse furnishing music for the occasion. About one hundred and fifty invitations were issued by the club members.

The Sans Souci club is a social organization at the Technological college.

Club members are Mesdames DAUN SAMMONS, Gladys Cole, Gertrude Smith, Mary Frank, Nicholas, Ann Hartson, Alma Spinks, Anna Bell, Collins, Faye George, Girma Sigma, Novelle Hornhill, Marjorie Bennett, Opheelia Steele, Dagna Vaughn, Helen Wray, Jane Mae, Mrs. Charles A. Gay and Mrs. Louie Jennings.

Chaperones at the dance were Mrs. Mary W. Deak, dean of women, and Mrs. R. M. Whitwood, assistant dean of women.

## Miss Jennings Given Farewell Honor

Miss Louise Jennings, who is leaving Monday for Tulsa, was complimented with a surprise handkerchief shower last evening, given by members of the First Christian church choir.

With Mesdames Joe Cooney and Paul Barrer as hostesses, choir members went to the church parlors following regular rehearsal where there was a short social hour.

## Pre-School Circle Is Organized Thursday

Mrs. Paul Barrer is chairman of a pre-school circle which was organized at the K. Carter school yesterday afternoon with 13 members. Mrs. R. H. Taylor is vice-chairman and Mrs. Gus Niblack is secretary.

The club personnel consists of Mesdames R. M. Lambert, Charles Smith, E. J. Parsons, J. P. Giles, C. H. Tubbs, W. A. Drake, Joe Griffith, O. C. Boone, Ray Johnson, W. H. Bledsoe, Guion Greig, E. B. Wheelock and M. C. Overton.

## Unique Party Given For Children

Children, ranging in age from 9 to 12, in the First Methodist Sunday school attended a "party" yesterday afternoon late.

The group gathered at the home of Mrs. and Mrs. Hurd B. Jones, 1615 Avenue M, and from there rode stock horses on a "trans-Atlantic" flight to the church, following a trail of bits of paper. Games played at the church were designated as "nose dive," "tail spin" and such titles. Later there was a home-ward flight in which Payton Price was winner. He was presented with a bag of candy marked \$25.00.

Refreshments were served at the home home by Dorothy Hughes, Pauline Hawthorne, Allie Vista McCoy, J. V. McCoy, Earline Heddings, Elizabeth Louise White, Bunny Dow, Elouise Smith, P. A. McCasland, Neal McCasland, Mary Louise Spack, William Camp, Doris Tubbs, Harold D. W. Richardson, Nannie Lee, Paul, Billy Bob Jones, Bertie Lee Partain, Katherine Klett, Julia Plawell, Louella Benson, Marian Webb, Payton Price, Eula E. Hambrick, Nathalie Fulton, Sara Sue Stewart, Ansel Jones, Helen Brown, Mildred Tubbs, Frances Campbell, Leola Wofford, Billie Dykes, Doris Moreland, Mary Kathryn Rice, Gladys Boone, Ruth Darden, Sophia Alice Hardgrave, Esther Berle Sewell, Gladys Wofford, Evelyn Meador, Clarence Mast, Jr., Truener, Hutton, Edwina Williams, Herbert Allan, Charles MacGinn, Charles Hayes, Dencie Mae Caton, Ruth Holland, Beth Holland, Lorena Hamrick, Mary Perkins, Sammie Marie Hitt and Modelle Hitt.

## New Hope Club Has One New Member

One new member, Mrs. A. P. Tins, and a visitor, Mrs. M. A. Short, were in attendance yesterday afternoon when the New Hope Women's Hope Demonstration club met at the school with 13 members present. Mrs. E. D. Harvey made a talk on ever-bearing strawberries and Miss Zeida Parkhill talked on permanent vegetables and small fruits. Plans were made to assist in entertaining the County Federation of Women's clubs and favorite recipes were exchanged by members.

## Delphian Chapter In Meeting Yesterday

Mrs. G. L. Tuve led the Lu-Bess Delphian lesson on "The Later Roman Republic" yesterday afternoon and was assisted in her presentation by Mesdames Eric Stogerman, Rose, Oscar, George, Smalwood, A. B. Davis, J. E. Hamilton, R. S. Rodgers, G. C. Barrer, Donnell, R. L. Howell and Miss Johnny Gulkerson. The meeting was in parlors of the First Baptist church.

## ENGLISH BURIED WITH PIONEERS AS PALLBEARERS

Pioneers of Crosby county and the South Plains were to be pallbearers at the funeral services of E. English, of pioneer of that section, which were to be held in Crosbyton this afternoon at 2:30. Mr. English died in Snyder Wednesday following a brief illness.

Rev. E. E. White, pastor of the First Methodist church of this city and Rev. R. F. Dunn, veteran pastor of the Plains, also of Lubbock, will be in charge of the services.

Pallbearers are: active W. P. Fullington, Lorenzo; J. P. Lot, W. W. Cooper, A. K. Lasky, Edgar Allen and R. J. Heard, Crosbyton; honoraria W. T. Kelley, G. W. Harrell, Billy Smith, Lubbock; J. A. Noble, Coner; Matt Davis, R. L. Travis, Ralls; John K. Fullington, R. W. Mitchell, John B. McDermott, George W. Smith, A. W. Swearingin, Crosbyton and H. S. Smyer, Lovelock.

Burial will follow the services in the Crosbyton cemetery.

The raising of bees is known as Apiculture.

## Three Rebels Slain In Marine Encounter

MANAGUA, Nicaragua, Mar. 23 (AP)—A clash between an American marine patrol and a small band of rebels indicated today that aerial bombardment of the region near Murra had failed to dislodge the Sandino forces. Three rebels were slain and two wounded in the encounter which took place at Zapopan, near Murra, in northwestern Nueva Segovia. There were no marine casualties.

The region around Stuvia was bombed and raked with machine gun fire from marine planes after a band of insurgents fired upon marine flyers injuring one slightly on Monday.

# HOT RACE SEEN IN NATIONAL WITH FIVE CLUBS IN SCRAMBLE

## GIANTS' BOSS SAYS CHASE IS "OPEN" FOR FIVE BIDDERS AS PIRATES CONCEDED AS BETTER

### CARDS, GIANTS, REDS AND CHICAGO GIVEN NEAR EVEN BREAK

By Brian Bell (Associated Press Sports Writer) NEW YORK, Mar. 23.—There will be no odds on favorite in the National League as the eight clubs start along the trail leading to a pennant at the end of September. At least half of the entries are conceded chances to make it a race and as close an observer of things baseball as John McGraw has called the contest "open" for five bidders.

The defending champions, the Pittsburgh Pirates, may expect stern opposition from St. Louis, Chicago, Cincinnati and New York on the face of the early spring returns, subject to confirmation in the summer. The other three places will be divided between Brooklyn, Boston and Philadelphia.

**Cardinals Are Strong** Many forecasters who have had the pilgrimage to Avon Park to look over the Cardinals, expect Bill McKechnie's team to resume the fight with the bold Buccaneers where the same outfit, under Bob Farrell left off last year.

The Pirates are conceded to be in better position to beat back the opposition in 1928 but rotters for the other clubs insist there is more strength in the assaulting force. The Cardinals supporters have been in particularly good voice in Florida in March.

The addition of Earl Adams to do Pittsburgh's second basing and the resultant switch of George Grantham to first base has plugged the Pittsburgh weakness in the middle of the infield. Burleigh Grimes' crafty arm may also be expected to help the Pittsburghers and last year's pitchers are back again, with the exception of Vic Aldridge, the Indiana school-warrior, who may or may not join the Giants.

**Injured Men Better** The Cards, too, have been strengthened, not by the addition of new players, but in improved physical condition of the stock on the shelves. O'Farrell promises to do the catching without the handicap of a bulky thumb. Hafey's eyes have responded to treatment and two bad legs, divided between Theverson and Blades, are bettered to be whole again. Flint Rhem will be able to pitch at the season's opening. Alexander seems more than ever a living illustration of the brook which was said to have

gone on forever. The passing of Fred Bell, who was far below his 1926 form last season, may leave the Cardinals a third base problem. Skeptics are found who refuse to believe that the Giants who finished third last season with Hornsby at second base can do better than the hard hitter doing his hitting for another club, Frank Hogan to take care of the bulk of the catching. Andy Cohen as Hornsby's successor at second and Jim Welsh and Frank O'Doul added to the outfield complement, mark the Giants' changes in McGraw's team.

**Cubs Add to Strength** The Chicago Cubs have added greatly to their offensive power by the acquisition of Hamlyn Cuyler, who will not be called on to hit second in the batting order and in Johnny Hartnett, they have a pitcher who will not only pitch and ball for the best in the league, but the Cubs' worries if any come about the infield. Maguire, McMillan, English and Justice will hold the club's ultimate fate in the hollow of their gloves.

Jack Hendricks, manager of Cincinnati, regards his team as a dark horse with red legs. Hendricks says his hopes as a contender on improved physical condition of long George Kelly, an appendicitis victim last year, and added speed in the outfield to be contributed by fast youngsters who have been carefully brought along and are now pronounced ready. He is standing pat on his pitchers.

Brooklyn and Boston may have a race all their own. Rogers Hornsby will add a punch to the Braves' offensive it has not known in years and the Boston entry should strengthen the infield and should mate well with Hornsby and Farrell. The Redskin pitching is a doubt question. A catching crisis was solved by the return of the hard working Taylor from New York. Manager Jack Slattery has other problems in his infield and outfield which may or may not work themselves out.

# TEXAS SHOWN AMONG STRONGEST IN MINORS

## A PENNANT THEY WOULD GIVE CINCINNATI

Reading left to right: Ethan Allen, Adolph Luque, Epps Rixey, Carl Mays, Red Lucas, Charley Dressen; in circle Jack Hendricks

Just what, asks Jack Hendricks, manager of the Cincinnati Reds, will the Reds do this year? Perhaps win the pennant, answer his stars at Orlando Fla. Ethan Allen, the young outfielder, says he'll take some mean cuss this season and perhaps drive in many runs. The four hurriers—Luque, Rixey, Mays and Lucas—say they will pitch swing-ball. And Charley Dressen promises good work at the hot corner all the year. If they keep their promises, Cincinnati will worry all would-be pennant winners in the National League.

manager working hard with limited material will give some of the young fellows a chance and hope for the best. Bill Kelley, a big first baseman, has shown a disposition to hit the ball and "Pinky" Whitney seems to know what it is all about around third base.

The National League argument promises to be long drawn out and may not be settled until the football season is just around the corner.

**Pirates, Held Idle by Rain, Count Three More on Injured List with Traynor, Grimes and Wright Added**

(By Associated Press) SAN FRANCISCO, Mar. 23.—After a day of idleness enforced by rain, the Pittsburgh Pirates today counted noses and found that three additional members have been added to the list of those slightly incapacitated.

Pie Traynor, Pirate captain and third baseman, was complaining of soreness in his back and throwing arm. Burleigh Grimes, spitball artist, was suffering from a cold and Glenn Wright, shortstop, was afflicted with what Manager Bush termed overwork.

**Holm Takes Place As Cards' Regular** AVON PARK, Fla., Mar. 23.—Wally Holm has taken his place as regular third baseman for the St. Louis Cardinals and it was he who supplied the winning punch for the Cardinals in their 8 to 2 victory over the Philadelphia Athletics yesterday. With the bases full Holm smacked a clean single through the box scoring two men.

**Fothergill Weak On Training Grub** SAN ANTONIO, Tex., Mar. 23.—The rotund Roy Fothergill, probable left fielder for the Detroit Tigers, has, by strenuous reducing measures undertaken since his arrival here, brought his weight down to 213-1-2 pounds. But he commented: "I am weaker than a cat and I'm going to slow down on this training stuff."

**O'Doul Is Meeting Giant's Best Hope** BRADENTON, Fla., Mar. 23.—Sparkling play in pre-season skirmish by Lefty O'Doul indicated to the master mind McGraw today that he had made a ten stroke in landing the San Francisco player who was awarded the most valuable player award in the Pacific Coast League last year.

O'Doul's activities against the Red Sox yesterday included three safeties in four times up, three runs two stolen bases, four putouts and one assist. Harper contributed a homer in the Giant's 8 to 7 triumph over Boston.

**Herman Apparently "In" Robins' Squad** CLEARWATER, Fla., Mar. 23.—Instead of the bench, Babe Herman apparently is "in" as far as the lineup of the Robins is concerned even though Del Bissonette has his old job on first base. Herman's batting orgy carried through yesterday when he smacked another home run, his second in two days which aided the Brooklyn club to clear out of Clearwater with a victory over the Phils.

**Fortunes Of Yanks Fall Into Slump** ST. PETERSBURG, Fla., Mar. 23.—The fortunes of the Yankees have fallen into the slump that has mired their famous masters of swats, Ruth and Gehrig. Yielding the St. Petersburg championship to the Braves yesterday, the Hugmen took a 6 to 2 beating in the last of a four-clash series, Boston winning three. The Babe got a single, Lazzeri and Combs hit for the circuit.

**Senators' Recruit Showing Real Stuff** TAMPA, Fla., Mar. 23.—Manager Harris of the Washington Senators may have to reconsider his selection of Foster Gansel and Emil Barnes for his utility outfielders. When he picked these two day

**Runners Start For Gallup In Marathon Race**

LUPTON, Ariz., Mar. 23.—Ninety six runners in the Los Angeles-New York cross country marathon pushed forward today from here toward their twenty first control at Gallup, N. M., a distance of 26 miles. Stepping across California and Arizona, the derbivests have left 686 miles of their 3,400 mile jaunt behind them.

Today's course is in the shadow of towering sandstone cliffs over a rough, recently graded road. Saturday the athletes will surmount the continental divide at Thoreau, 7,255 feet above the sea level.

Thursday's lap in the marathon ended in a tie between Ed Gardner of Seattle and Seth Gonzales of Denver. The two runners jogged into Lupton from Navajo, Arizona.

**Pitchers Chosen For Browns' Game** WEST PALM BEACH, Fla., Mar. 23.—Dick Coffman and Ernie Nevers were Manager Howley's mound selections for the St. Louis Browns' tilt with Brooklyn here today.

**Indian Regulars To Be Given Hard Work** CLEVELAND, Mar. 23.—From now on the regular lineup of the Cleveland Indians will take the field in their exhibition games, Manager Roger Peckinpaugh announced. By this plan Peck hopes to have the tribe under full speed when the season opens.

Light stick work and one bad inning by pitcher Joe Shaute were contributions to yesterday's 5 to 2 beating at the hands of the New Orleans Pelicans at New Orleans.

**Braves Lay Claim To Championship** ST. PETERSBURG, Fla., Mar. 23.—The Boston Braves think they are entitled to be called the spring world champions on the basis of four wins in five starts against the club that shut the Pirates out last year in four straight games. The Braves slammed the Yanks here yesterday 6-2 despite home runs by Combs and Lazzeri.

**Sox Pitchers Badly In Training Need** BRADENTON, Fla., Mar. 23.—If yesterday's game between the Giants and the Red Sox demonstrated anything in particular it was that the Sox pitchers need more practice than the fast winning training season probably will allow them to get. While it was true that the Giant hurling staff looked none too impressive in edging out of the Sox, 8-7, the Boston lads, Russell, Wiltes and MacFayden, showed even less. MacFayden forced in the winning run when he passed Terry with the bases loaded in the eighth.

**Pipp Again Out In Uniform, Flu Victim** ORLANDO, Fla., Mar. 23.—Wally Pipp, still a bit weak from his attack of influenza, again is in uniform with the Cincinnati Reds here. He will be ready to go into serious action next week.

Manager Jack Hendricks expressed himself as delighted with the showing of Luque against the Baltimore Orioles yesterday. Luque pitched the full nine innings, yielded one run, gave 8 hits and struck out 9 batsmen.

**Cards' Outfielder Is Sent To Buffs** AVON PARK, Fla., Mar. 22.—Homer Peel, Cardinal outfielder, was released to the Houston club of the Texas league today and leaves tonight for that berth with pitcher Crockett, it was announced at the Cardinal camp.

## SPUDDERS WIN FROM CHICAGO IN EXHIBITION

### TWO MAJOR CONTESTS SCHEDULED TODAY ON TEXAS SOIL

(By Associated Press) With the approach of the 1928 season, Texas league clubs are beginning to show the form that has stamped them as among the strongest in minor league circles.

After dropping two games to the Chicago White Sox, the Wichita Falls Spudders Thursday jumped, on the offerings of three Sox hurriers, hammered out 15 hits including three homers, and beat the American leaguers 10 to 5.

**Two Scheduled Today** Two tilts with major league clubs were on Friday's program. San Antonio was to meet Detroit at San Antonio, and Dallas to play Chicago at Dallas.

The Tiger clash was the first game on the home lot for the Bears who have been training at Fredericksburg.

The Steers mixed fielding and batting practice with a squad game which the regulars won, 10 to 3.

After routine practice, manager Jake Atz announced his Fort Worth Cats were ready for a battle with St. Paul of the American association Friday.

After defeating the Texas Aggies two straight games, the Houston Buffs were set for a game with Minneapolis, the first of a three game series.

**Triple Play is Feature** At Shreveport Thursday, the sports were victims of a triple play engineered by the House, of David team. Unabashed, however, they copped the game by a 6 to 0 score.

The Beaumont Exporters had little trouble winning over the Union Marcaroni team, a semi-pro organization. They got 11 hits, stole eight bases and won 14 to 4.

The Cub regulars at Waco licked the Yammigans 6 to 0.

completing the 34.7 mile run in five hours, nine minutes and 30 seconds. For the 696 miles from Los Angeles the elapsed time for the two runners were: Gardner 131:29:16; Gonzales 166:17:57.

## MANY ATHLETES TO PARTICIPATE IN RELAY GAMES

(By Associated Press) AUSTIN, Mar. 23.—Olympic candidates from 100 colleges and universities headed a field of 900 odd athletes were here today for the annual Texas relays.

Relay marks and nearly all the field and special track event records will be under fire.

A special 140 yard dash offers Charles Paddock a chance to demonstrate whether he still has the speed that has made him a menace to all sprinters for so many years. He is matched in this event with Fred Alderman, former Michigan sprinter, running with the Illinois A. C. and Aubrey Cookerell of Texas university.

Leo Baldwin of Texas university, was out to beat the discus record of 152 feet 5 1/8 inches held by Doug Richerson of the University of Missouri. Baldwin has a heave of 150 feet 8 1/2 inches to his credit this season.

## COURT TOURNEY OF TECH OPENS ON NEXT MONDAY

The elimination tournament for the selection of the Tech tennis squad will get under way on the college courts Monday, it was learned from Coach Kenneth Knickerbocker this morning. The team will be selected from a list of 30 candidates, four of the veterans of last year being among the number.

An array of meets have been arranged for the squad that would be of credit to any team in the state. The opening meet will be played here with the West Texas Buffaloes on April 14. The Great Plains meet will be the next competition for the locals on April 21. On May 5 the team will journey to Dallas and meet the S. M. U. squad and then the T. C. U. crew at Fort Worth on May 7. Later in the month they will play Simmons a meet here and one at Abilene. McMurry will also be seen on the local court.

Eight men, the highest in the coming tournament, will be selected for the team and the highest ranking four will be the traveling squad.

### TEXAS TO GET BIG PROJECT

#### INSULL INTERESTS TO GO AHEAD ON RIVER DEVELOPMENT

(By The Associated Press) ABILENE, Mar. 23.—The Middle West Utilities company of Chicago intends to proceed with its proposed waterpower development of the Colorado river, as an evidence of the faith that company keeps with Texas, Martin J. Insull, president, wired the Abilene News last night. It is not for the best interest of Texas that the power rights be developed, such development would not be pressed, the power magnate added.

Mr. Insull stated that if no additional agitation is raised in the state against the development of the river by his company, he is disposed to reconsider the project in spite of the fact that he does not now, and never has, regarded the development as particularly attractive. He made it plain that his company had entirely withdrawn from the proposition, and that from a power standpoint his position had not changed from the statement made by his representatives at the Abilene meeting last August, in which his company announced it had contracted to make the development because it believed it to be for the best interest of the state.

### BUILDING SHOWS GREAT ACTIVITY FIRST QUARTER

With seven days yet to go and only \$5,000 short of the half-million mark the goal set for the first quarter, building permits are showing greater regularity than ever before and show promise of a boom over the two million dollar mark by the end of the year if they continue at the present rate. The total for the year stood at \$494,210 today at noon. The total for March rose to 145,000 with the issuing of three permits for \$1,300 today.

Permits issued: \$1,000 to W. H. Thompson, contractor, to move and add to a room residence for Elmer Patton from 1426 Avenue Q to lot 8, Marten, \$2,500 to W. C. Casey, contractor, for Miss Mattie Randall for a six room residence on lot 3, block 8, Overton and \$2,800 to L. M. Hart for a room and a half residence on lot 10 and 11, block 24.

### Allison Is Victor In Tennis Match

AUGUSTA, Ga., Mar. 23.—(AP)—Wilmer Allison, University of Texas, defeated Wray Brown, St. Louis, in the final match of today's Davis cup tennis tournament, 6-3, 1-6, 6-4, 6-4.

### COTTON MEN

(Continued from Page 1) removed. The spread of the pest should be checked or results will be as facing a very grave situation. No less than seven counties in West Texas are now thoroughly infested and five or six more are partially infested. No insecticide known will exterminate the worm. It must be starved out.

### Leaders Gather In Memphis Session

MEMPHIS, Tenn., Mar. 23.—A number of leaders of the cotton industry from southern states met today to consider the formation of a permanent organization to solve problems of the industry. Judge C. E. Thomas of Montgomery, Ala., presided. Those in attendance were appointed at the recent south-wide cotton conference in Jackson, Miss., as a special committee to form an organization that will carry through a program designed to hold the 1928 acreage within reasonable bounds and provide a profitable market for the crop when it is made.

MEMPHIS, Tenn., Mar. 23.—A national single stalk cotton show will be held in conjunction with the Texas Fair at Dallas, the Southeastern Fair at Atlanta and the Tri-State Fair and National Dairy Show in Memphis, it was announced here today by Edward J. Condon, director of the Sears-Roebuck Agricultural Foundation. Eighty-one cash prizes, running from \$5 to \$500 will be awarded in the cotton producing territory, with 20 prizes allotted to the growers in each district. A grand prize of \$1,000 will be awarded to the best stalk of cotton selected from among the winners in each district. In the event of a tie, duplicate awards will be made. The contest is open to every cotton grower, with restrictions that the entry must be selected from a field containing not less than one acre of cotton.

**SKINNER'S**  
MAGNETTI

### SEVERAL INJURED IN ATTACK MADE ON OHIO MINERS

CADIZ, Ohio, Mar. 23.—Several men were injured today in a clash between employed miners and alleged union adherents at the Wheeling Township mine No. 2, six miles east of here. The attackers, led by a woman, hurled stones and other missiles at about 20 workers as they prepared to enter the mine. The attackers numbered about 100 men and women.

Major Bowland jumped into the thick of the fight, discharging his revolver in the air and ordering the assailants to disperse. Tear gas bombs finally were used to break up the fight but not until several of the employed men had been injured.

The mine has been operated several months on a non-union basis.

### EXAMINATION OF GIRL'S VISCERA NOT COMPLETED

(By Associated Press) FORT WORTH, Mar. 23.—Preliminary examination of the viscera of Laura Mae Strickle, 17, Perrin school girl who was found dead early yesterday, disclosed that complete analysis will not be completed until Monday. The viscera was brought here for analysis.

Pending a report from the laboratory, Robert E. Crow, Jr., 22, alleged sweetheart of the girl, is in jail county jail at Jackboro, with murder charges against him. An inquest was held but no findings announced.

Two physicians, questioned yesterday, said that the girl was about to become a mother. Dr. J. R. Woods, Perrin, declared he had received a telephone call at 1 a. m. yesterday from Crow. Met by Crow, he was conducted to the Perrin school house where the girl's body was found.

### Tech Alumni Plan Busy Season Ahead

Members of the alumni association of Texas Technological college, although few in number, are planning an extensive program of work during the coming year and will hold a meeting Tuesday night, March 27, at 8 o'clock in room 317 of the administration building for the purpose of outlining phases of the work. The coming president of the association, and at the college today.

The association now has a membership of approximately 25 but only about 18 of them are in the city at present. The membership will be greatly augmented with the addition of this year's class which will number a good 100 students.

A banquet of the association will be held during the latter part of the spring term, it was learned.

### CLAYTON CASE

(Continued from Page 1) ment that it had not been surrounded with great secrecy. Tenny said it was made available to the press on the afternoon of September 14 for publishing the following day.

Marsh said today that Charles D. Freeman, another New York cotton commission broker, yesterday had a telephone conversation with M. H. Thomas, Dallas, which might throw light on the alleged Haywood message. Freeman was called to tell of this incident and testified that Thomas had said to him over the phone that the Dallas man "knew of two men in Dallas who had knowledge of this communication with Haywood."

Didn't Get Names  
"He tried to name these men but I could not get the names," Freeman said, adding that he had asked Thomas to refer to his information direct to Chairman Smith of the committee, who said he had not received such a message.

"I understood Thomas to say it was a letter," Freeman said, referring again to the alleged communication to Haywood.

Mar, when most alive to his physical condition is only 25 per cent conscious of what his body is doing, scientists say.

DAILY MARKETS

Cotton Markets

NEW ORLEANS TRADING NEW ORLEANS, Mar. 23 (AP)—The cotton market was easy in early trading today owing to lower Liverpool cables and reports of beneficial rains in south Texas. Following an initial decline of 10 to 12 points the market rallied to ease until May contracts touched 18.91, July 18.75 and October 18.45, 14 to 15 points net down.

Stocks And Money

WALL STREET TRADING NEW YORK, Mar. 23 (AP)—The upward movement of stock prices which was temporarily interrupted late yesterday, was resumed with considerable violence at the opening of today's market. Radio opened 4 points higher at 158 and Montgomery Ward, General Electric, U. S. Cast Iron Pipe, Case Threshing, New York Central and Hudson Motors and U. S. Steel common each showed initial gains of 2 points or more.

Local Studio Gets Levelland Contract

The photographic contract for Levelland high school's first annual has been awarded to the Brown studio of Lubbock, it was announced here today.

Brazil Withdraws But To Aid League

GENEVA, Mar. 23 (AP)—Brazil today informed the League of Nations that despite its withdrawal it would continue to cooperate in the work of the league. The Brazilian reply was in response to the request of the league council that Brazil and Spain reconsider their decisions to withdraw. Spain yesterday announced her return.

TECH'S GEOLOGY STUDES TO MAKE MONTANA JAUNT

Out for further studies in geology students of the department in the Tech will leave here in the college bus Monday June 4 for Glacier National Park, Montana on the second annual field trip of the department. An announcement from the office of Dr. Leroy T. Patton, head of the department, says.

Today In Congress

(By Associated Press) House continues debate on naval appropriation bill, while senate considers radio conference report and norbeck migratory bird bill.

CAMERAMAN IS HERE TO 'SHOOT' SCENES IN CITY

way through school at the college barn. Mr. Bockelman is in Lubbock today enroute from the cattlemen's convention at Amarillo. He took pictures of the new Denver line construction work near Leakey Tuesday and will "shoot" various other activities in this section.

Safe and Sane Relief for Pain

Capudine is the logical agent to relieve pain and high nerve strain because it gives relief by soothing the nerves—not by deadening or doping them. It contains no opiates.

NEW YORK TRADING NEW YORK, Mar. 23 (AP)—The cotton market opened easy at a decline of 9 to 14 points in response to relatively easy Liverpool cables and the favorable weather map.

Enough buying developed to check the decline around 19.20 for May and 18.76 for October. Spot and trade interests were credited with buying near months while there was some covering in later deliveries and prices rallied several points from the lowest active prices ruling about 19 to 15 points net lower at midday.

- Rosetaupe, Black

Number 825—At \$1.49

#### Sheer Silk With Lisle Top

A new number, decidedly a new value. This is a full fashioned thread silk hose with a narrow lisle band at the top—a hose that will fit and wear—a hose that gives you a lot for your money—a hose to be had too in all the new shades—

- Rose Taupe, Honey Beige, Tansand,
- Nude, Pearlblush

## ITALIAN KILLED BY GANG WHILE AT HIS PRAYERS

(By the Associated Press) CHICAGO, Mar. 23.—John Infantana, kneeling at his prayers, was shot dead early today—three bullets in the back. He was the second Italian to fall before assassins' bullets within 30 hours. The "Dime", as they called Infantana, slipped to the sidewalk near his home Wednesday night with 38 shotgun slugs in his body. Whether his death and that of Infantana were connected, police said they did not know. Coming so closely together, the one a sinister sequel of the other, police are pursuing a theory that the slayings were woven on the same loom.

Infantana, who was 35 years old, was found on his knees, his head and shoulders fallen forward against the bed and blood streaming from three bullet wounds.

Insinuations, demagogic slander, and reckless and outrageous conduct.

"While I resent and repel these unwarranted misstatements, I do not propose to engage with you in any controversy on that level. You gratuitously charged me however, with being a party to a plot to enable the republican party to escape in some measure the penalty for the disgraceful record of the party in connection with these scandals. In other words, you impeach me as the chairman of the committee in charge of the investigation as being engaged in an effort to protect culprits whose exposure by the committee would injure the republican party. There is just a bit of humor in your charge.

"Surely you cannot be ignorant of the fact that upon my own initiative and responsibility, and without the suggestion of any other member of the committee, republican or democratic, I appointed an investigator, on the basis of information privately furnished to me, who traced bonds of the Continental Trading Company owned by Harry F. Sinclair directly to the coffers of the republican national committee through the banks of New York city.

Joseph Devito, who operates the rooming house into which Infantana moved a week ago, found the body. There were no witnesses and no heard shots, police were told. Like many who have died before in Chicago's half-world gun wars, Infantana, and perhaps Esposto, was involved in the liquor racket, police said.

## Preacher Robbed But Money Returned

BROWNWOOD, Mar. 23.—After he had been given a lift near Comanche, in an automobile driven by the Rev. G. H. L. Busby, student in Howard Payne College here, a 20-year-old youth robbed his benefactor of 75 cents and then returned it when he learned his victim was a minister.

## Girl May Recover Fracture Of Skull

HOUSTON, Mar. 23.—Lillian Thomas, 16, who has been in a hospital here since 1:30 p. m. Sunday with a fractured skull was approaching the 120th hour of unconsciousness Friday. Her mother, Mrs. J. L. Thomas, has maintained a constant vigil at her bedside. "She may want something," Mrs. Thomas explains, "may want her mother, you know, and I'd hate not to be here when she awakens." Physicians said icyday has a chance to recover.

The wind always blows from the north at the South Pole. "A thing of beauty is a joy forever," comes from the pen of Keats.

## Hiccough Attack Brings Man's Death

LOS ANGELES, Calif., Mar. 23

—After four days of hiccoughing A. M. Chamblor, a railway employee, died here last night. Chamblor began hiccoughing Monday morning and after all efforts to

stop it proved futile he was taken to the hospital. Physicians said the hiccoughing was a result of a highly nervous condition and other factors brought about by several months illness.

## NYE-SMITH ROW

(Continued from Page 1)

democratic committee in New York? This thought is merely suggested by your letter.

**Charged With Comfort**  
"I only regret that you have seen fit to give aid and comfort to every scoundrel whose infamy has been exposed by seeking to undermine public confidence in the fairness and impartiality of the committee in the midst of its investigation. This is the status you now occupy, in my humble judgment, as the result of your unwarranted letter with whatever 'public humiliation' it brings to yourself."

In the first part of his letter Senator Nye took up in detail the debate leading up to the questioning of him by Senator Robinson, republican of Indiana. He said that the Indiana senator belonged to a faction of the republican party "with which I have never been charged, until now and by you, with identifying myself."

In reply to the suggestion of Senator Robinson that Governor Smith be called before the oil committee to tell of his relations with Sinclair as a member of the New York racing commission, Nye recalled that he replied that Robinson had made "an unreasonable request."

**Statement in Good Faith**  
"This statement," he continued, "I made in good faith without mental reservation and without any desire or possible motive to attack, embarrass or reflect upon you in any way. So, these are the facts upon which you base an abusive letter freely charging me with infamous

### 674 CANDIDATES FOR DEGREES IN TEXAS U. SEEN

AUSTIN, Mar. 23.—From present indications there will be approximately 674 students of the University of Texas who will be candidates for degrees at the June commencement of that institution, according to E. J. Matthews, registrar. The number will doubtless be altered by some students dropping out of school and others registering in absentia, Mr. Matthews said.

Among the candidates for degrees the largest number have applied for bachelor of arts degrees from the College of Arts and Sciences. There are 275 candidates for such degrees. The next largest single number is 125 for master of arts. In the other divisions of the university the candidates for degrees are as follows: Bachelor of law, 64; bachelor of business administration, 20; bachelor of journalism, 3; bachelor of science in honor economics, 20; bachelor of science in education, 15; bachelor of science in physical education, 3; bachelor of science in architecture, 15; bachelor of science in architectural engineering, 6; bachelor of science in civil engineering, 12; bachelor of science in chemical engineering, 7; bachelor of science in electrical engineering, 21; bachelor of science in mechanical engineering, 16; and 6 candidates for master of business administration degrees.

### Trial Of Pro Head Is Set For April 12

HOUSTON, Mar. 23.—Trial of George Hammons, deputy administrator in charge of prohibition enforcement at Houston for the past two years, on a charge of using undue force in carrying out his duties as an officer, had been set for April 12, E. M. Holden, U. S. district attorney, announced Thursday.

The officer was indicted in connection with a raid made by Hammons and two other agents on a small store in Galveston last fall.

### Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mr. Earl Goodridge Foster, of 2206 Ellis Ave., Fort Worth, Tex., says: "I was flat on my back, suffering from indigestion. But after 5 bottles of Tanlac I returned to work, didn't suffer any more from indigestion and gained 15 lbs."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and bark. Get a bottle from your druggist today. Money back if it doesn't help you.

### Review Denied In Humble Bay Case

AUSTIN, Mar. 23.—The supreme court Wednesday refused to review the state's unsuccessful suit to enjoin the Humble Oil company from laying a crude oil loading pipe line into Corpus Christi bay.

The state's motion for writ of error from the third civil appeals court's decision, which dissolved a Travis county district court restraining order in the matter, was denied.

The company, however, has announced unofficially, according to reports reaching here, that it has abandoned the Corpus project and probably will concentrate certain loading facilities at Port Aransas.

### Coming To LUBBOCK Dr. Mellenthin

SPECIALIST in Internal Medicine for the past fifteen years DOES NOT OPERATE

Will be at MERRILL HOTEL MONDAY, MARCH 26TH

ONE DAY ONLY Office Hours: 10 a. m. to 3 p. m.

No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Texas.

He does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

Below are the names of a few of his many satisfied patients in Texas who have been treated for one of the above named causes:

Mrs. C. O. Bilyrey, Jayton.  
Mrs. Tom Bolton, Clarksville.  
H. W. Brogden, Crosbyton.  
Mrs. J. J. Gausatz, Needville.  
Bill Graf, Vernon.  
Mrs. Nora Hillboldt, Cal Springs.  
Mrs. M. A. Martin, Lorenzo.  
Mrs. J. S. Mitchell, Farmersville.

Remember above date, that consultation on this trip will be free and that his treatment is different. Married women must be accompanied by their husbands.

Walsh Has A Reply To The Wise-Cracks About Senatorial Investigations—Lowman's Serenade—Good One On Fuller

IN NEW YORK SEE-SAWING and BROADWAY

By ROONEY DUTCHER
NEA Service Writer
WASHINGTON, March 24.—The Senate lately has been the butt of wise-cracks from persons who have implied that it was making itself ridiculous by proposing so many investigations.

At a hasty glance one might conclude that the old world already has surrendered. The new theaters of Second Avenue are patterned after the new theaters of Broadway.

There is too much partisan politics in the Teapot Dome probe to suit the Plainsman.

On Strike
The good old days when fathers were law to the daughters of the home seem to have gone forever.

Death In Life
Helen Buschman, Ohio college girl, has been unconscious for nearly two months because of injuries received in an automobile accident.

That Girl on Broadway says some men pay more attention to their skirts than they do short measures.

We hear a lot of talk about psychology nowadays. Ever since time there is a murder, a suicide, a bank robbery or a hold-up there is some mention of the "psychology" behind the crime.

Most of us can find plenty of "natural" bumps in unpaved streets and along highways without having somebody build additional ones in other words, his wages are higher than the level of the street.

They're going to make poor Harry Sinclair stand trial alone. Now isn't that a shame? With no father to mother to guide him without even one of his confederates at his side at the defense table, poor defenseless Harry is going to have to answer again at the bar of justice for his monkeying into public life.

It just isn't fair for the great big United States to put on a little Harry and his friends and let them be awful hard on him to feel that everybody is against him so. But that's the way of life and the "innocent" must suffer in many instances as we travel along life's highway and all that sort of thing "Poor Harry" did he did was sweeten the pot for the G. O. P. and then collect for it and they're treating him just as if he was a criminal instead of a politician.

Of course Harry probably never will have to go to jail like a common ordinary man would—no could hardly expect that. It seems like he has been sentenced a half dozen times already but in this day and age, if you have the coin, it isn't the sentence that counts so much—it's the appeal that is important. The Plainsman feels for Harry Sinclair and Albert Fall and their buddies. It seems like they're not being treated with the diffidence that wealthy men have the right to under our present plan of things.

But seriously speaking, don't you think there's too much politics being played in the Teapot Dome investigation? Don't you think that some of the principals and some of the outsiders in the senate are making more about party politics and the elections which are just around the corner than they are in bringing the guilty to justice? The Plainsman does.

Despite the fact that shady dealings within the inner council of the Republican party have been brought to light through the investigation, the Plainsman believes that Republican leaders should seek to convict the guilty before trying to clear their skirts.

There is too much partisan politics in the Teapot Dome probe to suit the Plainsman.

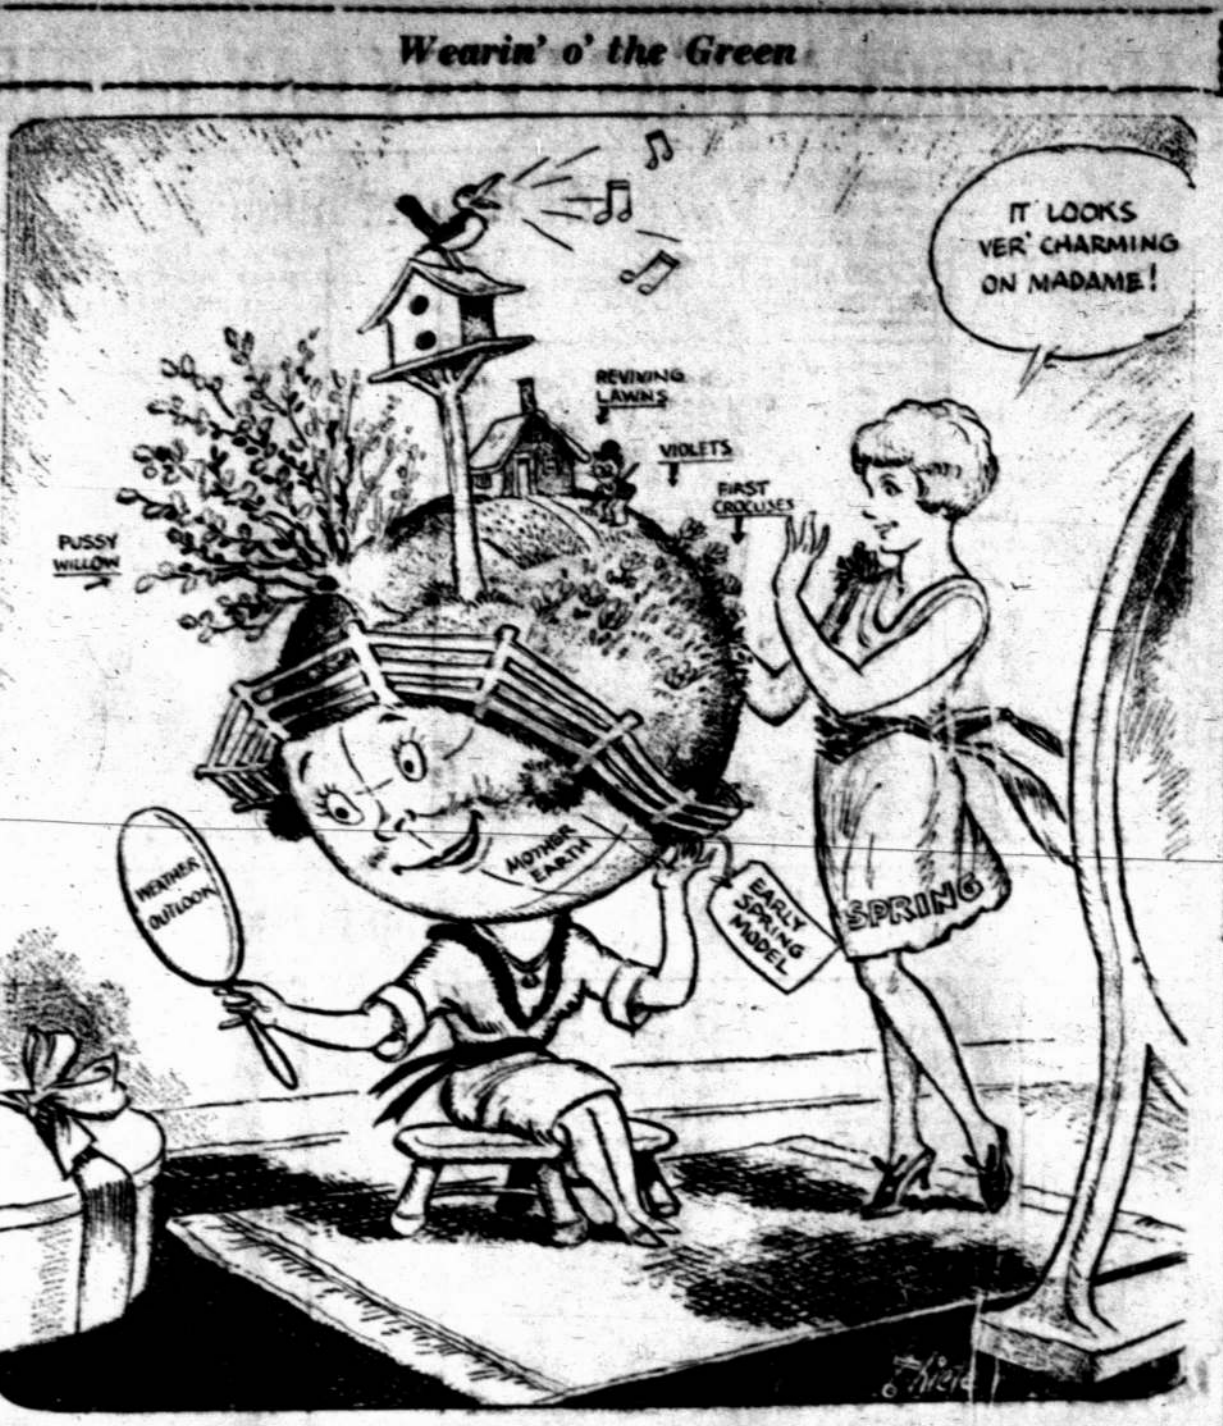

That Man on Avenue Q says it's a strange state of affairs when "bargain" only is advertised but prize light is barred.

"GENERAL SANDINO AGAIN ESCAPES MARINES," says a headline in the Cebu Daily Times that's one heading which the newspapers of the country can keep bargaining along with "Today in Society" and "The Markets."

As Albert Fall said to Harry Sinclair, "It's O.K. right with me, old pal!"

As the Plainsman sees it it's a bad situation when a state can get more widespread publicity through a horrid deed than it can through being the greatest undeveloped empire in the entire nation.

His wife put on her button dress, and then she chanced to cough. The gown was so extremely tight that the buttons all fly off.

"Without-Or-With, Offense To Friends Or Foes. We Sketch Your World Exactly As It Goes."—Byron

Walsh Has A Reply To The Wise-Cracks About Senatorial Investigations—Lowman's Serenade—Good One On Fuller

By ROONEY DUTCHER
NEA Service Writer
WASHINGTON, March 24.—The Senate lately has been the butt of wise-cracks from persons who have implied that it was making itself ridiculous by proposing so many investigations.

Senior Thomas J. Walsh of Montana undertook to answer this sort of attack in defending his resolution to investigate the electric light and power industry. He said:

"I challenge any member of this body to rise now and point to any investigation which has been had by the Senate in the past and to say in the light of subsequent disclosures which such investigations produced that they should not have been had."

Nobody rose and Walsh went on to mention the oil, Veterans' Bureau and slush fund investigations.

Seymour Lowman is assistant secretary of the treasury in charge of prohibition enforcement. One of the latest worries has concerned the serving of cracked ice, ginger ale and other ingredients of alcoholic drinks. It was called to his attention that Washington drug and delicatessen stores were delivering cracked ice to dwelling houses.

Was that a law violation? Lowman said it wasn't—that the treasurer's ruling on cracked ice and ginger ale applied to night clubs, restaurants and cafes where the proprietor knew that the stuff was to be used to illegal purposes.

A damsel who lives in the same large and extraordinarily exclusive apartment hotel where Lowman lives reports that it's a standing joke there that Lowman returns from his office regularly in the midst of the cocktail hour and is forced to listen to a serenade of clinking ice and ginger ale bottles being toted through the halls by bell boys to the various rooms.

Everyone has wondered what Lowman's thoughts were, but he never has expressed them publicly.

Another current Washington joke concerns Governor Fuller of Massachusetts. Fuller not long ago proposed a Republica ticket, of Hoover and Lindbergh, despite the fact that, under the constitution, Lindbergh is many years too young to be vice president. For several weeks it had been reported here that Fuller had now it is being suggested that Fuller, knowing both his constitution and Lindbergh's age, was trying to keep the second-place berth open by putting up an ineligible. He is supposed to have meant "Hoover and Fuller."

Peering closer, though, you'll find that Second Avenue may have changed its spots, but not its habits. The theater facades may be of Broadway patterns, but it's different on the inside. Here they still eat peanuts in the parquet and park their squealing youngsters in the foyer.

One of the many public halls and the dance music that comes there from is not of the jazz age, but is a Viennese waltz or a Hungarian mazurka.

On Sunday nights the little simba-house starts the first of gay Budapest. The gypsy violinist pours his soul into his fiddle and all about are the children of his homeland—yes, the same garter-snapping flapper and the new world sheik. And their gypsy is the gypsy of another world—a child-like, simple quality as far detached from the hectic jazzman is of Broadway as let us say, Second Avenue is detached from the rest of New York.

SHORT MEASURE GASOLINE

If the report of weight and measure inspectors of the state department of agriculture are an index to the general practice of filling station operators in Texas it is high time that some action is taken to assure the public that inspection of pumps is frequently made in an adequate manner.

Knowing many of the filling station operators in this section personally it is the opinion of the Herald that the practice referred to in a recent communication from Chief Inspector V. A. Stovall of Austin does not prevail in this section.

The report of the chief inspector of interest to the public and is reproduced here for what it is worth in itself.

Weights and measures inspectors from the state department of agriculture during the month of January proved that a slight of hand artists, better known as magicians, are not confined to the theatrical world—quite a number were found operating gasoline pumps.

Without introducing themselves the inspectors quietly visited 112 filling stations, made a purchase of five gallons of gasoline at each station, secured a receipt from the salesman on each purchase to the effect that five gallons were bought and paid for, and out of the 112 purchases eighty five were found to be short measure. In some instances the shortage amounted to as much as a gallon and a half to the purchaser.

The gasoline purchasers in this state, no doubt, would like to know how the slight-of-hand artist performs the trick of giving a gallon and a half short measure on a five-gallon sale. Like all slight-of-hand tricks, it is simple after once being revealed. The trick is performed by diverting the flow of the gasoline to the under ground storage tank at the same time the automobile is being served. This can be done on nine different types of gasoline pumps now in use in Texas.

It is not definitely known the amount lost each year in the sale of gasoline due to short measure, but a fair estimate may be had by taking the results of the purchase tests on 112 pumps. The total shortage in the purchase of 560 gallons from the 112 pumps was 3,509 cubic inches, or 2.71 per cent.

Such a percentage might be considered exceedingly small by some people, but viewed in connection with the total annual sale of a few of the largest companies engaged in selling gasoline, it is not small.

For example, the records of the State Comptroller's Department show that six of the largest oil companies in Texas during the year 1927 sold 47,630,925 gallons of gasoline. 2.71 per cent of this amount is 129,179 gallons. Taking as an average price, 15 cents per gallon, the annual loss amounts to \$1,937,685. Think of it, if this amount is lost on sales of six companies, no doubt the loss will exceed two million dollars when the total sales of gasoline for all companies doing business in the state is considered.

Deviating the fact that the people of Texas are losing millions each year in the purchase of gasoline because of short measure is valuable information, but the inquiry is made, and properly so: What is being done to prevent it?

Answering this inquiry, reference is made to the court action taken against the "short measure artists" immediately following the purchase of gasoline from the 112 pumps. In the first city worked 15 complaints were filed, 14 of which pled guilty and paid fines, in the second city seven cases were tried and a fine from \$50 to \$100 was assessed in each case.—Plainsman Herald.

Inasmuch as all of the crooks are always in the other town, of course

WEST TEXAS: Tonight and Saturday fair; cooler in north portion Saturday.

EAST TEXAS: Tonight and Saturday partly cloudy, little change in temperature. Light to fresh southerly winds on the coast.

LOUISIANA: Tonight and Saturday partly cloudy, little change in temperature. Light to moderate southerly winds on the coast.

ARKANSAS: Tonight and Saturday partly cloudy, little change in temperature.

OKLAHOMA: Tonight and Saturday partly cloudy, cooler in west and north portions Saturday.

There is nothing like this going on in Lubbock, and in fact we just do not believe there are dealers in Lubbock who would do this intentionally but, sometimes folks become very careless. It is not altogether wholly with the vendors of gasoline either, but it is in every line of business where weights and measure has to do with it. Honest dealers should at all times be encouraged, not that they should be rewarded for being honest for that is one's duty, but dishonest people should not be encouraged in any line of business and hence from the lowest vendor to the highest this should always be taken into consideration. This should extend into the political field also, and be given consideration in the election of officers from President to constable.

Nothing contributes so much to the success of a meal as the quality of the coffee served. That is why thousands of housewives choose Morning Joy Coffee. This famous blend from New Orleans—the home of good things to eat—is specially prepared in one of America's finest coffee roasting plants, located in one of the world's greatest coffee markets.

Morning Joy Coffee has everything that good coffee should have—absolute purity—delightful aroma—satisfying flavor—full strength. A marvelous blend perfectly preserved in a modern, airtight, vacuum can. A cup of Morning Joy Coffee, first thing in the morning, adds joy to the day; a cup after dinner mellows the whole meal, and helps digestion. A drink of steaming hot coffee out of your vacuum bottle will take the chill off on long rides, fishing trips or outings. Anytime—anywhere—Morning Joy Coffee satisfies.

When friends get together, the delightful fragrance and flavor of Morning Joy Coffee is remembered with pleasure and is spoken of afterwards.

# TELEPHONE IS A BIG FACTOR IN BUSINESS LIFE

### SERVICE ABOVE SELF IS CITED AS MEANS TO PLEASE CLIENTS

(By Associated Press.)  
FORT WORTH, Mar. 22.—By putting service above self, the telephone industry has succeeded in pleasing the customers, and it is only by a continued application of the rule that the pleasing relations can be sustained, R. H. Cornish, local manager of the Gulf States Telephone company, declared in his address before the annual convention of the Texas Independent Telephone association here today.

Mr. Cornish spoke on "Pleasing the Public."  
He recalled that, on March 10, 1916, a single sentence was heard over the telephone, whereas there is now an average of 50,000,000 daily conversations. "To plan is one thing," he said, "and to achieve

another. The achievements of the past speak for themselves and convincingly, as is evidenced by the unusually rapid growth of the industry. We must keep faith with the public and carry on to greater achievement.

#### Flings Out Challenge

This gigantic, dynamic factor in human affairs flings out a challenge to us, he declared, "and we are definitely charged with the grade of service we deliver. It is not only to the individual we are to render a service that is pleasing. It also is to our community, state, our nation and to international service that we are held responsible."

Mr. Cornish pointed out that there is a mutual need between community and the telephone. One cannot expand without the other, asserted. Good will and confidence of the public must be retained, he said, and that can be through the spirit of service.

#### Must Use Personality

Each man and woman engaged in the service must use his or her personality, he continued, each striving to become as efficient as possible according to his or her ability, never discounting that ability one fraction of one per cent, but knowing that he or she is fulfilling the responsibilities of the place to the best of his or her ability.

"We cannot all fill the same places but each place must be manned by some one, so if we want the business we are engaged in to have the good will and confidence of the public, it is up to us as individuals. Let us accept the challenge, learn our job and do our best. When we do, defeat cannot be our portion, neither will we stand still, but will advance.

"Each of our respective jobs come in contact daily with all classes of people. We cannot please the public without making an individual effort to be pleasing and agreeable to the individual. If employ the honest sort of smile, bow to duty and do the best we can, will be found pleasing the public, as individuals and as an established institution.

#### Honest Application

"It is through the honest application of these principles that we have caused the public to look with favor on the telephone industry. It was not always so. But we have weeded out until the present personnel is living up to the motto of 'Service Above Self.'

The leaders of our industry have been and are advancing methods and regulations that, when applied by individual employees cannot fail to bring good will, confidence and respect from the public. If the proper impression is made on the public by employees, the public will gladly overlook mistakes some times made. Let us deliver this service unblemished and receive a receipt in full payment signed 'Please Public.'

Water freezes every night in the year at Alto Crucero in Bolivia while at now the egg is almost hot enough to blister the flesh.

Denver, Colo., spent \$15,902,650 for new buildings last year.

# MICHIGAN SOLON DIES TODAY OF SHORT ILLNESS

(By Associated Press.)  
WASHINGTON, Mar. 23.—Senator Woodbridge N. Ferris of Michigan, died here at 6:15 o'clock this morning from an attack of pneumonia.

The 75-year-old veteran of Michigan political battles succumbed after a little more than a week's illness which began with a heavy cold he could not shake off.

It had been planned to take him to Battle Creek as late as last Friday if his condition did not improve. That evening, however, he began to break rapidly. Then pneumonia set in, and the efforts of physicians to prolong his life proved futile.

Those at the bedside when the end came were Mrs. Ferris, two sons, Carleton and Phelps Ferris, Mrs. Ferris' brother, John McCloud, and Garris Masselink, vice president of the Ferris Institute and college mate of the senator.

#### COLLEGE OFFERS ENGLISH COURSE TO AID TEACHERS

In order that more teachers of the South Plains may attend Texas Technological college the department of English is offering during the spring quarter two Saturday courses in English literature. A full week's work is given at each Saturday recitation.

The lectures are on English poetry of the romantic period and on the modern novel. Prof. Gates conducts the work in poetry and Dr. Carter, head of the English department, conducts the work in the novel. Mr. Gates class meets at 9 o'clock Saturday morning and Dr. Carter's class at 1:30 Saturday afternoon.

These courses carry college credit and are especially designed for students and teachers in English. Such courses have become quite popular with students from surrounding towns during the past two quarters. One student is coming each Saturday from as far as Seminole.

The largest picture ever painted is the "Paradise" of Tintoretto, which hangs in the Palace of the Doges at Venice.

Contracts in most states are equally valid whether made orally or in writing.

# MOTOR TRAVEL IN SOUTH DUE FOR BIG BOOM

### LEGION CONVENTION TO DRAW TOURISTS FROM ALL OVER NATION

SAN ANTONIO, Mar. 23.—Motor travel in the south and southwest is due for a marked boom this season from the national convention of the American Legion and five other great national gatherings to be held in this section of the country this summer and fall.

With the large amount of new construction completed, the 100,000 legionnaires and the 200,000 members of the other organization attending the conventions will find splendid highways for motor tours in the romantic region in the United States with a history dating back beyond the American revolution.

#### Many Injuries Received

The Legion meets at San Antonio October 8-12 and already inquiries on roads are coming in, according to Philip B. Stapp, Legion convention director. The other gatherings are: National Junior Chamber of Commerce, San Antonio, May; General Federation of Women's clubs, San Antonio, May; Shrine, Miami, May; Democrats, Houston, June; Elks, Miami, July.

Automobile clubs, newspaper information bureaus and tourist bureaus are sending in highway inquiries daily to the Legion convention

bureau and the Old Spanish Trail association and other information centers here. The volume of inquiries is much larger than normal, due, according to Harrel Ayres, managing director of the Old Spanish Trail association, to the Legion and the other five conventions.

#### New Construction

Twenty million dollars worth of new construction has recently been opened on the Old Spanish Trail alone, making a total of \$70,000,000 recently completed on this one main artery, which is now an all-weather highway from Saint Augustine to San Diego, with the exception of a small stretch in Baldwin county, Alabama, which is good except in very bad weather.

Major projects just opened include: Lake Pontchartrain bridge,

New Orleans, 164 miles, cost \$5,500,000; Mobile Bay bridge, 10.5 miles, \$2,500,000; Sabine river bridge, 3 miles, \$1,000,000; bridge at Bay St. Louis, Miss., 2 miles, \$750,000; concrete pavements and new bridges in east Texas, \$7,000,000; completed road across New Mexican desert, bridge over Gila river, Arizona, pavement in southern California sand hills and grade through Granite mountains near San Diego, \$1,000,000.

Travelogs and information may be obtained by writing the American Legion convention bureau or the Old Spanish Trail association, Gunter hotel, San Antonio, Texas.

Avalanche-Journal was: acc pay.

# STOCKS MUST BE SOLD!

## AND HERE IS THE

# REASON-READ!

The telegram at the right is self explanatory, and simply means that the Amarillo Furniture Company is constantly seeking to add to its power of service and through increased buying power, BRING STILL LOWER FURNITURE PRICES TO THE HOME FURNISHERS OF THE SOUTH PLAINS. The object of this tremendous value-giving event is to clean up present retail stocks in our location at 1114 Broadway to make room for immense WHOLESALE STOCK to be carried in Lubbock to supply other South Plains branches of this company.

At the conclusion of this sale, some few features of our retail service that add materially to our overhead will be eliminated in order that we may be enabled to sell home furnisners, fine furniture at prices that are ACTUALLY WHOLESALE, and sell it to the consumer at prices that are LESS THAN MANY SMALLER DEALERS ARE REQUIRED TO PAY IN THE WHOLESALE FURNITURE MARKETS OF THE UNITED STATES.

It stands to reason that a furniture buyer going into the furniture markets to supply MANY stores rather than JUST ONE store, will be given price concessions that mean sensational savings to his patrons. And that's just what this institution does. Our buyers go into the markets supreme in the knowledge that they have practically unlimited resources behind them and that because of that fact and because they are buying for many stores under our operating head, they can secure VALUES and pass the savings on to their customers.

# "SELL STOCKS REGARDLESS OF LOSSES YOU TAKE!"

Those Are The Orders That Bring This Furniture Sacrifice!

**An Unbeatable Value**

*3-Piece Jacquard Velour Living Room Suite*

Think of buying a 3-piece Living Room Suite, full overstuffed for \$62.50. It's ridiculous, but we're going to set a new mark for value-giving and the price is—

\$62.50

**Can You Beat This One?**

*4-Piece Bed Room Suite*

We don't think you can equal this offering in PRICE OR QUALITY. Suite consists of Bed, Vanity, Chest and Bench, all for—

\$41.25

**What a Sensation!**

*8-Piece Walnut Veneer Dining Room Suite*

Only an event like this could produce such a wonder value. An eight piece suite consisting of Table, Buffet, 5 Chairs and Host Chair—

\$69.50

This is the most sensational, price-wrecking sale of Furniture that you EVER ATTENDED, ANYWHERE AT ANY TIME! Prices that are so ridiculously low that they are unbelievable — unbelievable because they represent Furniture of excellent construction and quality.

You'll have to see the bargains there are for you in this great sale, and anticipate your home-furnishing requirements for many months to come.
