Parnell Calves Bring Record Price on Kansas City Market

J. W. and L. T. Parnell of Perryton received the highest price ever paid for stock calves at the Kansas City livestock market on 107 head of whiteface steer calves which went on sale December 22.

The calves, averaging 392 lbs. each, brought $30 per hundred weight. This price is $5 per hundredweight over the year's current high price.

Cornbelt buyers who were eager to purchase good quality calves for feeding in their feedlots were the bidders on the Parnell calves. The price paid per head for the calves was $117.60.

J. W. Parnell, who accompanied the calves to the Kansas City market, said they were between seven and nine months old and that they were only in medium flesh.

While he was in Kansas City, Mr. Parnell was interviewed by reporters for Kansas City newspapers and appeared as a guest on a radio program, "Then from the Stockyards," broadcast at 11:30 a. m. daily over KFRM at 550 kilocycles. He was interviewed concerning the crop conditions in the Perryton area and the way in which he and his brother handled their livestock.

Japan Sees 15 Years Of Housing Shortage

TOKYO (AP)—It will take Japan 15 years to eliminate its housing shortage, the Japanese reconstruction board estimates.

Goro Ito, chief of the board, says Japan was 2,650,000 houses short at the time of the surrender and repatriation of Japanese from abroad has swelled the total shortage to 4,150,000. The government so far has rebuilt 612,000 homes.

Rangers Open Cage Season Against Legion

With a prolonged football season placing them almost a month behind other schools in the area, Coach Floyd Murry began work Monday building the 1948 basketball squad around four returning lettermen. Twelve candidates for the Ranger A squad are working under Coach Murry while Coach Lewis Emerick drills fourteen B team hopefuls.

Both A and B squads will play their opening game Friday night in the local gymnasium against Coach Irvin Hergert's American Legion A and B teams. The two game program will open at 8 o'clock.

American Legion starters in the A game will likely be Irvin Williams and Wayne Gyger, guards; Lindsey McWilliams, center; and Joe McClung and Knute Dowers, forwards.

With only two practice sessions behind the Rangers Wednesday, Coach Murry was unprepared to announce possible starters for the opening game or position assignments.

Lettermen on the squad include Clarence Miller, 2 years; Raymond Powell, 2 years; David Hummer one year; and Tommy Pletcher, 1 year. Johnnie Revis,

High Winds and Drifting Snow Lash Perryton

Perryton received a ¾-inch covering of snow and .02 inches of moisture Tuesday night and Wednesday as the temperature plunged below freezing.

A biting north wind which lashed the Perryton area throughout Wednesday drifted the dry snow making an accurate measure of the depth of the cover difficult for local weathermen.

More bad weather is in store for the Panhandle area over the New Year holiday according to forecast yesterday afternoon. The temperature is expected to remain below freezing and more snow is predicted.

All roads into Perryton were open Wednesday afternoon as the Herald went to press, but continued high winds and drifting snow threatened to hamper traffic.

MOSCOW (AP)—A 100-Kilo-volt microscope able to magnify 200,000 times has been produced in the Soviet Union.

An announcement says members of the electron and microscope branch of the Ministry of the Electric Industry have been working on the mechanism for a year and a half.

Stiffer Penalties for Offenders As Police Chief Tarbox Opens Vigorous Enforcement Drive

Perryton's city police department will open the New Year with a vigorous campaign to reduce traffic violations and to promote traffic safety according to announcements made early this week by chief of police Clyde Tarbox and Thomas M. Ethridge, city superintedent and police judge.

Chief targets of the new enforcement campaign will be (1) exceeding the 20-mile speed limit; (2) angle parking on side streets; (3) failure to observe stop signs at intersections; (4) parking in restricted areas; (5) parking in pedestrian lanes at intersections; (6) exceeding the 15-mile speed limit in the school zone; (7) double parking, and (8) "crazy" driving on the part of young people on the city streets late at night.

Traffic tickets requiring violators to appear in police court and action to suspend driver's licenses will be the principal weapons in carrying out the campaign. Chief of Police Tarbox indicated that only a limited use would be made of the "courtesy" tickets which merely inform the violator of his offense and prescribe no penalty. Courtesy tickets have been in use during recent weeks and have not proved

Keith Flowers Wins Berth on All-Southern Football Squad

Keith Flowers, fullback on Perryton's Region One championship Ranger football team, added another honor to an already long list of distinctions last week when he was awarded a berth on the All-Southern high school football team. Flowers was the first Class A player in the Panhandle ever to receive this honor.

Selections for the All-Southern Club were made by sports writers and coaches from players in twelve states including Texas, Arkansas, Louisiana, Alabama, Georgia, Florida, Mississippi, North Carolina, South Carolina, Virginia, Kentucky and Tennessee.

Flowers had already won places on the All-District One, All-Region One, and All-State Class A teams. During the season he was selected "Player of the Week" by the Amarillo Daily News Sports staff.

He plans to continue his gridiron career at Texas Christian University next fall.

Stevenson Seeks Post In U.S. Senate

AUSTIN, Jan. 1—Ex-Gov. Coke Stevenson of Junction observed New Year's Day by announcing to the people of Texas that he expects to be a candidate for United States Senator in next summer's Democratic primaries.

Stevenson followed his usual campaign custom of not presenting a specific platform.

"I do not believe the average political platform is worth much of anything," he explained in his Thursday address, delivered

COKE STEVENSON

in Austin. "My candidacy is based on certain fundamental principles of sound government. It is based on my record as your public servant in the past."

The former Governor declared that if he is sent to Washington he will continue to follow the pattern set by him in his service as Governor, Lieutenant Governor and Speaker of the Texas House. "As your United States Senator I shall hope not only to be for the right things," he said, "but to be able to do something

Year Hit A Jackpot of Wacky Doings

By SAUL PETT
(AP) Newsfeatures Writer

Sub-marginal notes on the march of civilization in 1947:

FATE—In San Francisco, a police sergeant demonstrating the evils of the slot machine for some children said, "These things never pay off," put in a nickel, yanked the handle, hit the jackpot . . . A pigeon landed on the porch of an Olivet (Mich.) college building and the porch collapsed.

Three college boys saw a girl screaming in a New York hotel lobby as two men grappled with her. The collegians went to the rescue, were beaten up, wound up in court for interfering with two detectives trying to make an arrest . . . A woman was waiting for a bus in Dallas when a man drove up in a convertible, emptied a water pistol into her face, and sped away . . . At a Decatur Ill., railroad crossing, a drunk drove his truck into a locomotive. The engine didn't move so he backed up and tried again. Then a third time. Then the cops came. . .

ANIMAL KINGDOM: In Atlanta, a customer rushed into a laundry, hunted through dirty laundry bags, dumped one over and found his yawning pup . . . A woman in Atlantic City ate 186 clams in 30 minutes . . .A stary alley cat ran out of the rain and into a hotel where he won two prizes at the Greater St. Louis Cat Club show.

WAYWARD BUS—On March 28 William Cimillo, Bronx bus driver, turned left instead of right at the George Washington Bridge. He and the bus next showed up in Miami, Fla. Cimillo, who said he just "wanted to get away and go somewhere," was returned to the Bronx by two detectives and another driver in the same bus. His company reinstated him on the same route, 350 bobby-soxers clamored for his autograph, his friends ran a dance to raise money for legal expenses and grand larceny charges were dropped.

CHURCH NOTES: In Syracuse, N. Y., a man paid for $42 worth of Bibles with a worthless check . . . In London, a vicar apologized for suggesting that British spinsters, deprived of husbands by the war, should be permitted to have babies out of wedlock . . . In India and Japan, Bibles sold in the black market at six times their official price . . . In Detroit, 16 parishioners of a church were arrested for tossing eggs at their pastor.

LABOR AND MANAGEMENT—In Georgia, a lady federal employe asked the Treasury Dept. not to forget her when the government started "handing out loyalty checks." In Kankakee, Ill., a telephone supervisory employe put through an emergency call on a fire—in the home of a striker picketing the exchange . . . Tass reported the birth of quintuplets, in the Buriat Mongolian Republic, to a woman on a collective farm . . .

During the New York Telephone strike, a communter missed the last train, but managed to call his wife, 20 miles away, via Ireland. Cost: $15.

RED FACES—On April Fool's Day, a passerby told firemen lolling before their North Chicago, station house that the stew cooking in their back kitchen was burning. The smoke eaters laughed it off. Later they ate charred stew . . . In New York, one of seven defendants charged with using loud, boisterous language, was excused when he turned out to be a mute . . . An applicant for a Newark, N. J., police job flunked out for defining "autopsy" as short name for an automatic pistol . . .

TRIALS AND TRIBULATIONS OF OUTLAWS—In Chicago, 60-year-old Clarence Tilling told a 23-year-old prowler, "I'm going to beat the stuffing out of you," and did . . . A clumsy San Francisco hold up man killed his accomplice . . . In Indianapolis, a 45-year-old woman routed a thug with one, well-aimed punch . . . In Addison, Mich., a man stood in line before the teller's window a half hour, then held him up for $3,000 and escaped.

HIGHER ECONOMICS — A chemist reported that the chemical value of a human body, once worth only 98 cents, has been inflated up to $31.04 . . . In Munich, American souvenir hunters paid thousands of marks for "ashtrays used personally by the Fuehrer" although Hitler never smoked . . . Berli Moore headed for the bank with $1100 in cash. The rubber band on the bundle broke and the bills blew up and down Main Street. Volunteers helped him collect the money. Moore then counted it; he now had $1103.

HEART TROUBLE—A Cincinnati woman won a divorce after testifying her husband kept minnows in the bath tub and fishing bait in the refrigerator . . . In Warwickshire, Eng., a lovesick postman was jailed for trying to court the reluctant daughter of a peer while delivering the mail. Trying to impress her boy friend during the New York small pox scare, a woman posed as a nurse, vaccinated 500 people—with water . . . In Detroit, a scoutmaster sued for divorce, charging his wife and mother-in-law locked him in the house at night to keep him from scout meetings.

American History Shows Six Wars, Ten Peaceful Settlements

By JOHN L. SPRINGER
(AP) Newsfeatures Writer

NEW YORK—If anybody is betting on chances of war on a basis of past performances, the odds now are against it.

There are more examples in American history of serious international arguments having been settled peacefully than there are of those that culminated in war.

As against six declared wars in which the United States has been engaged since the Revolution, there have been ten "times of tension" which ended calmly.

War talk has been prevalent during much of the country's existence.

The colonies had barely got going as a united government when it looked as though they might have to bare muscles against France. That was in the 1790's, when the revolutionary French government tried to get America to take its side in its conflict with half a dozen European powers and Britain.

When the U. S. refused to intervene the French began to hit at American shipping and demanded a loan as appeasement. All America took up the cry of Charles Cotesworth Pinckney, ambassador to France: "Millions for defense, but not one cent for tribute."

Gen. Washington was beckoned from retirement to command the hastily forming army. American seamen armed their merchant ships and there were numerous skirmishes at sea.

War clouds grew blacker and even his bitterest political enemies announced their support of President John Adams' foreign policy. Abruptly, in 1799, the new French dictator Bonaparte offered a peace treaty.

There was another close call in 1846 after the Democrats had elected James K. Polk president on a virtual war platform sloganized as "Fifty-Four Forty or Fight."

Under the terms of the Louisiana Purchase, the U. S. claimed it had the rights to all northwest territory right up to the 54 degree 40' latitude at the Alaska border. The British had long maintained a counterclaim, and when discussions got nowhere war talk began to mount. Finally, however, an agreement was reached putting the Oregon boundary at the forty-ninth parallel, its present border.

America had three other brushes with the British. In 1863, John Bull grew apoplectic over the "wanton insult" given by U. S. Marines who stopped a British steamer carrying two Confederate envoys on their way to Europe. President Lincoln hastily put an end to the war-like noises by releasing the envoys.

Also during the Civil War the British built and loudly applauded the successes of the famed Confederate cruiser Alabama and other vessels which preyed on Union shipping. Northern hotheads were all for taking on the British too. And the feeling was reciprocated. Throughout the early part of the Civil War Britain and France both appeared eager to step in the struggle against the "up-start Yankees." Historians say the Northern victories at Gettysburg and Vicksburg, however, convinced them they were backing a losing cause.

In 1895, when Britain allegedly violated the Monroe Doctrine in the Venezuela-British Guiana boundary dispute which had been going on for more than half a century, President Cleveland accused her of "willful aggression." He threatened to "resist by every means" any British appropriation of mineral-rich lands which the U. S. regarded as Venezuelan. In that case a "get tough" policy paid offf because the British public, recoiling from the "unthinkable horror" of war, put pressure on their government toarbitrate.

Waving the big stick helped produce peace in several other delicate situations.

When Napoleon III tried to set up a French empire in Mexico during the Civil War and was slow in removing his troops Union veterans oiled their guns for action Napoleon, sick of the whole Mexican business anyway, ordered the army home.

Twice a show of strength averted what might have developed into out-and-out shooting with Germany. In 1889, when a German consul hoisted his flag on Samoa—over which the U. S. had joint claims as a protectorate—and when German sailors trampled the Amercan flag in the streets President Cleveland rushed warships to the scene.

The willingness of the U. S. to intervene in a matter involving a remote little island—plus a hurricane which put both naval forces out of effective action—are believed to be factors which led the German Chancellor Bismarck to agree to a joint protectorate over Samoa by the U. S., Germany and Britain.

Thirteen years later Theodore Roosevelt saw red when German warships blockaded Venezuelan ports to enforce a claims settlement.

T. R. charged the Germans with trying to get some control over the approaches to the Panama Canal, then building, and he ordered Adm. Dewey to be ready for action on an hour's notice. Roosevelt then demanded arbitration at the threat of war. The German emporor backed down hurriedly.

There had been tense moments in 1891, too, when a Chilean mob killed two American sailors in Valparaiso and injured several others. This argument was settled when the Chilean government apologized and paid $75,000.

Relations with Mexico were strained during World War I. In 1914 the U. S. intervened against the new revolutionary government there and the Navy even held Vera Cruz for several months. But that did not develop into declared war, nor did the crisis in 1916 when President Wilson sent troops under Gen. Pershing to search out the bandit Pancho Villa who had raided the town of Columbus, N. M.

Bookies trying to establish odds on war or peace would not find the whole answer in what happened in the past, however. It's always easier to figure what made the last war "inevitable" than to tell what the current situation really portends.

Veterans' NEWS

The number of World War II veterans in all types of training under federal programs administered by the Veterans Administration reached a new peak of 2,800,000 on November 30, 1947.

The current enrollment is more than four percent higher than the previous peak of 2,674,000 established on April 30, 1947.

November figures represent new peaks under each of the two laws providing education and training for veterans. By the end of the month, 2,546,000 veterans were in training under the Servicemen's Readjustment Act (GI Bill), and 254,000 under the Vocational Rehabilitation Act (Public Law 16) for disabled veterans.

New high levels were reached during November in all of the major training classifications under both laws with the exception of job training under the GI Bill. This type of training declined for the tenth consecutive month.

Most of the GI Bill trainees were studying in schools, with 1,150,000 enrolled in colleges and universities and 651,500 taking work in other schools below the collegiate level. Institutional on-farm training attracted 199,000 while 545,500 were training on-the-job.

Among the disabled veterans, approximately 86,000 were studying in colleges and universities. Another 35,500 were enrolled for study in other schools. Farm trainees totaled 23,500 and on-the-job trainees, 109,000.

More than $6 billion had been loaned to veterans under terms of the GI Bill for homes, farms, and businesses, according to a Veterans Administration report for the end of October.

The average World War II veteran served in the armed forces for about two and one-half years, the Veterans Administration has estimated.

Wheat Crop of 1948 Figures Revealed in Gov't. Forecast

WASHINGTON, Dec. 18 (AP)—The agriculture department today forecast the winter wheat crop to be harvested next summer at 838,705,000 bushels.

This is a decrease of 228,295,000 bushels from the 1947 wheat crop of 1,067,000,000 bushels.

No forecast was made for the spring wheat crop inasmuch as it will not be planted until next spring.

However, assuming an average spring wheat crop of about 236,000,000 bushels, total wheat production next year would be 1,074,705,000 bushels compared with this year's record of 1,364,919,000 bushels.

On the other hand, assuming a spring wheat crop equalling this year's 311,000,000 to total crop would be 1,149,,705,000.

Today's winter wheat estimate was based on the indicated acreage planted to the crop, the condition of the crop as of Dec. 1 and an appraisal of soil moisture conditions to date and other factors affecting the yield per acre. The estimate assumes normal weather for the rest of the crop season.

Winter wheat, which makes up about three-fourths of the entire wheat crop, got off to a poor start in some sections of the country this fall, particularly in the southern great plains, where dry weather hindered seeding and germination.

Rains in recent weeks have improved the outlook somewhat, but only time can tell whether the crop will be a short one.

Government officials have indicated that future shipments to shortage areas under a 570,000,000-bushel export goal for the crop season ending next July 1 will be guided by today's winter wheat estimate and developments in the crop during the winter and spring, and also by seedings of the spring wheat crop in the spring.

There is little official hope, however, that 1948 winter wheat production will approach this year's record 1,067,000,000 bushels.

This Will Make You Scratch Your Head

ALBUQUERQUE, N. M. (AP)—At last report the Albuquerque Chamber of Commerce was still looking for an answer to this inquiry from an Arizona correspondent:

"Would you please advise if there is a concern in Albuquerque which has facilities for cleaning toupees? This desert sand is a little difficult to shake out."

Food Packages Pilfered in Japan

TOKYO (AP)—Japanese postal and customs employes are pilfering food and clothing from packages sent for Japan's needy families, the Tokyo press complains.

The system is to tear off the customs declaration from incoming packages so no one can tell what they contained. Then the thieves remove some but not all the articles. The Nippon Times says so far the government hasn't arrested anyone.

"Lighterust Doughboys," a trio which sold flour by the ton with their radio show. That was in 1928.

By 1933, the "Doughboys" fan mail had soared to over 2,000 letters a day; about 1,700 of them coming from Oklahoma. With a warm reception assured, Bob moved to Tulsa. There his outfit increased to 25 men. They broadcast over KVOO for ten years, playing every night except two when floods prevented their appearance at the station.

Bob Wills and his boys became the pride and sensation of Tulsa. Their greatest annual triumphs were the rodeos called "Bob Wills' Stampede," put on for six consecutive years and featuring 500 riders and the best bucking horses available in the country.

Meanwhile Bob Wills' fame had caught Hollywood's attention, and in 1938 he co-starred with Russell Hayden in a series of eight Columbia pictures.

Between film and radio and theatre engagements, Bob Wills has been busy writing songs. His "San Antonio Rose," recorded by Columbia, has gone over the three and a half million mark.

"Nothing fancy or forced."

That's Wills' success formula, and it has worked.

Wills and his band appeared here in 1946 at the annual birthday celebration and was enthusiastically received by large crowds.

Veteran Forum

Q. Will my failure to report for a physical examination, ordered by VA, affect my payments of compensation?

A. Yes. Upon failure to report for examination, without adequate reason, an award of disability compensation is suspended. Where the veteran subsequently reports for physical examination, retroactive payments over the intervening period may be precluded unless the evidence clearly establishes that the disability, in fact, existed to a compensable degree during such period.

Q. Is the amount of my disability compensation in any way affected by the amount of money I earn or receive from other sources?

A. No.

Q. Is the stepchild of a veteran entitled to the same benefits as a natural child?

A. Yes, if the stepchild is or was a member of the veteran's household.

Q. If I have entitlement time left after I finish my job-training course, may I enroll in another job training course or go to school for the remainder of my entitlement?

A. With prior approval from Veterans Administration, you may use any remaining entitlement either for job-training or for educational training.

Mr. and Mrs. Buss Dory returned Friday from Bentonville, Ark., where they spent the Christmas holidays visiting with her parents, Mr. and Mrs. Ben Daniels.

Mrs. Virdie P. Wheeler had as her guest for the holidays her brother, Maynard Powers of Sacramento, Calif.

Fine Printing at reasonable prices at Stewart's.

NEW YORK—Barbara Bel Geddes, Designer Norman Bel G's extra-talented daughter, is supposed to be more actress than glamor gal, but she was the prettiest decoration in Sardi's during dinnertime . . . There also the superbly tailored, quiet Judith Anderson seemed nothing at all like the gaudy actress of "Medea," over which the critics are more than somewhat ecstatic.

Marlon Brando, another diner, was offered a very nice salary ($750 a week, it's said), to go to Hollywood after his brief personal success in Maxwell Anderson's dull tirade, "Truckline Cafe," but turned it down in favor of a permanent stage career . . . Meanwhile he had only one role, Marchbanks to Katharine Cornell's "Candida," and when that was ended he fended off further cinema chances . . . But so difficult was the simple job of keeping fed and clothed that he finally had to take a job as a night telephone operator in a Broadway hotel.

He still could have had the movie offers but he preferred to wait . . . His patience again has been rewarded with literally stunning reviews for his superb performance in "A Streetcar Named Desire," the new Tennessee Williams hit which was produced by Movie Tycoon Louis B. Mayer's daughter, Irene M. Selznick . . . Now again, Marlon's on the receiving end of fabulous film offers. As usual, he isn't having any.

Irene Selznick, along with benig Mayer's handsome daughter, also is the wife of another Hollywood producer David O. Selznick. She is, however, separated from Selznick, but in the calm style of such cinema separtions, Irene and David are cordial and friendly . . . Opening night, he was down front and center in the middle of the mob of milling Hollywood and Broadway celebrities, Irene even going so far as to give David better seats than she had for herself.

* * *

The opening was, incidentally, the year's most glittering. There were as many socialites as entertainmnt royalty and the place was fairly awash with sable, ermine and mink and the lesser accoutrements of the New Look. Dinner jackets were the general male rule, and even a few white ties and tails and top hats were to be seen durihg the intermission excursion to neighboring bars.

It was the sort of audience which, say some producers, notably Max Gordon and the Shuberts, impairs the impact of a premiere performance. But their cause took a stiff setback that evening. The supposedly hardened sophisticates of the stage, screen, Park Avenue and newspaper worlds more than moderately whooped it up at the final curtain. Cheers of "Bravo!" and "Author!" even brought the reluctant Tennessee Williams to the stage for a bow and an ovation before the socalled cynics were satisfied to go home, or wherever they usually go after a first night.

Come to think of it, it's not usually home. Not unless they live in night clubs, that is.

Big Shots Cheer Amid the Glitter Of Gala Opening

Mr. and Mrs. Lloyd Morgan spent Christmas in the home of her parents, Mr. and Mrs. J. S. Pinckley of Merkel. Miss Marie Pinckley, teacher in the Perryton schools, also spent her holiday in the parental home.

They Start 'Em Playing Football Young in Bremerton, Wash.

(AP Newsfeatures)

BREMERTON, Wash. —Taking advantage of the fact that tough little guys often grow up to be big, tough guys, this Navy yard city is encouraging the process with a football league for boys who are less than 12 years old and 100 pounds large.

They call it the "PeeWee" program, and it's paying off. Bremerton high school came up this year with one of the best teams in its history, winning ten straight games against the toughest competition it could find in and out of the cross-state league.

A team has eight players.

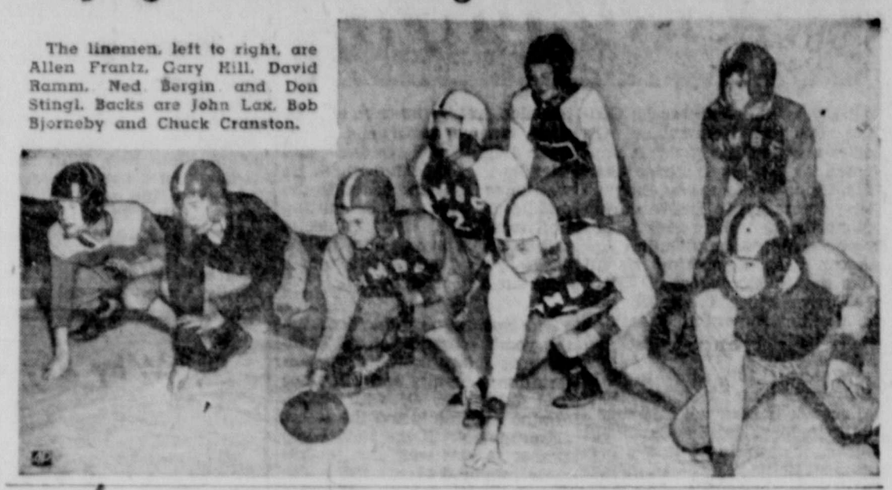

High school Coach Dwight Scheyer and the school athletic director, Larry Ramm, launched the PeeWee project back in 1941. In 1945 they go the junior high schools to change over from touch to tackle play. Football now is as much a part of growing up in Bremerton as losing baby teeth and getting a new voice.

This year there were six teams in the PeeWee league, all fully equipped and all playing tackle football. They play on a vest pocket field, 80 yards long, equipped with lights for night games.

Right up-to-date, the little fellows operate from the tricky T formation. They run from the T in junior high, too, where an intramural program has 156 boys playing at one school and 127 at the other.

Rough as it is, the game has brought only one PeeWee casualty—a broken finger—in all the years of league play.

Some of the players reaching high school have six years of football experience.

The linemen, left to right, are Allen Frantz, Gary Hill, David Ramm, Ned Bergin and Don Stingl. Backs are John Lax, Bob Bjorneby and Chuck Cranston.

Edwards' Receiving Satisfies Dodgers

BROOKLYN (AP)—Brooklyn Dodger officials must be pleased with the able backstopping of Bruce Edwards, for the Bums let three minor league catchers get away from them in the annual draft.

Cincinnati chose Catcher Ferrell Anderson, who was the Dodger receiver before Edwards jumped from Mobile to the majors in 1946, from St. Paul; Minneapolis picked Phil Tomkinson, who hit .346 fofr Fort Worth of the Texas League; and Milwaukee chose Paul Burris, a workhorse backstop for Greenville of the Sally League, who caught in over 100 games, hit .287 and batted in 84 runs.

CARD OF THANKS

The cards, flowers, and letters I received while in the hospital at Pueblo, Colo., helped make those three months seem shorter. The visits from homefolks were just what the doctor ordered, too. Please accept my thanks—you'll never know how much your thoughtfulness meant to me.

Game Multplying In Moscow Oblast

MOSCOW (AP)—Wild boars and elk are multiplying in the forests of the Moscow oblast as they did 800 years ago. A census for 1943-1944 showed the oblast had about 1,500 elk. Last year the number reached about 2,000.

The boars are increasing. They were brought here a number of years ago from the south.

Freedom's So Confining

RAPID CITY, S. D. (AP)—A statewide alarm was broadcast when a soldier escaped from the guard house at the army airfield here. Fourteen hours later the soldier surrendered. He'd spent his hours of "liberty" huddled under a nearby building.

Lt. and Mrs. H. D. Hearn and son, Corpus Christi, spent the holidays with his parents, Mr. and Mrs. Emil Hearn, and her mother, Mrs. Anne Cartwright. Clinton Hearn, also came in from St. Louis, Mo., to spend the holidays with his parents, Mr. and Mrs. Emil Hearn.

CARD OF THANKS

We wish to express our thanks to the many friends for the cards letters and gifts I received when I was in the Amarillo Hospital.

Burmese Family Will Help Envoy In His New Job

By JANE EADS

Ambassador's Children

WASHINGTON—The two black eyed sons of Burma's first ambassador are fast getting acquainted with America. An embassy spokesman says "they've started chewing gum."

Maung Aung Nyun, 12, and Maung Khine Nyun, 11, and their doll-like sister, Khin Aye Nyun, 3, arrivd in this country with their parents only a few weeks ago from Rangoon.

The ambassador is 50-year-old Oxford-educated U So Nyun, Britain's rule of more than a century over the Asiatic country (population 17,000,000) will be terminated formally in January.

* * *

So Nyun received his early schooling in Ceylon, spent eight years in London and for 10 years before his diplomatic appointment served as city administrator of Rangoon.

The "U" before his name is comparable to the title "Sir" in English but implies "Uncle" in Burmese and is applied to men of 24 years of age and over. The "Maung" before Aung's and Khine's names means "Master."

The new envoy and his family are living in a house on Massachusetts Avenue which is also the embassy's chancery. The Burmese have leased a handsome residence with a romantic garden in a quiet residential section of Old Washington. When they get settled they will have their books, paintings, Burmese ivory and wood carvings and rare and beautiful lacquer ware sent over.

Mme. So Nyun,, daughter of a wealthy Burmese family possesses practically a wardrobe of jewels—each piece more extraordinary than the other—fashioned of diamonds, rubies, emeralds, pearls and blue and white sapphires.

* * *

Though her husband and children have adopted the western style of dress, Mme. So Nyun wears the traditional costume of Burmese women—a thin blouse, topped with a double-breasted type jacket of white, a cylindrical skirt, called a lungyi, or longi worn folded over simply in front and reaching the ankles.

These skirts are fashioned of silks of bright but delicate shades and even the poorest possess at least one. In Burma they are worn by both sexes, but the men's jacket is single-breasted and of more sombre hue. The Burmese women oil their long black tresses with coconut oil and wrap them in cyl... coil atop the head.

Mr. and Mrs. R. C. Bates left Tuesday to return to their home at Philomath, Oregon, after spending several weeks visiting with his cousins, members of the Whippo family.

S. H. Myers, Edinburg, was looking after business interests in this vicinity during Christmas week.

Mr. and Mrs. C. R. Stephens spent Christmas in Hot Springs, Ark., with Mrs. Stephens mother and daughter, Mrs. Ida O. Rifenberg and Mrs. Robert Johns.

Mr. and Mrs. Art Elmore, who recently moved to Liberal, had the misfortune of losing all their personal belongings in a fire that destroyed their trailer house. While they were down town, the trailer home caught fire and burned. Nothing was saved. The loss was estimated at more than $2,000. No insurance was carried.

Miss Martha Huxtable, lab technician at Sanford Hospital, spent the Christmas holidays at Marion, Ark., with her parents.

Edith Eggleston, x-ray technician, was in Enid, Okla., to spend the Christmas holidays with relatives.

Miss Dorothy Davis, R. N., was in Oklahoma City to spend Christmas with her relatives there.

Mr. and Mrs. Carl Erickson, Pratt, Kans., were holiday guests of his brother, J. W. Erickson, Mrs. Erickson and family.

Mr. and Mrs. Monroe Owens were in Wellington, Texas, to spend the holidays with friends and relatives.

Sound Effects In Nickelodeon Days

DENVER (AP)—John T. McParland, retiring at 71 as superintendent of the city auditorium, recalls that in the silent movie days, former Mayor Robert Speer insisted on a free show for the public every Sunday.

"Eighteen of us used to go crazy trying to give realistic sound effects for those shows," McParland said. "We had rock crushers, steam whistles and fire bells back of the screen and a 35-piece orchestra out front.

"We had a war picture one Sunday. I got hold of the adjutant general of the state national guard and he loaned me a Gatling gun. There was no blank ammunition for the gun, so he had an entire company stay up Saturday night digging the slugs out of the bullets. The theater even smelled like a battlefield after that show."

L. T. Tucker came in Saturday, from Pueblo, Colo., where he was a hospital patient for the past three months following a major operation.

Two Moscow Tubes Finished Under River

MOSCOW (AP)—Builders of the fourth section of Moscow's subway system report that two of four tunnels under the Moscow River have been completed.

The remaining two tunnels are being pushed very rapidly, says the Moscow News. The fourth section, expected to be in service by 1950, will link most of the capital's railway stations and subway lines.

They Start 'Em Playing Football Young in Bremerton, Wash.

(AP Newsfeatures)

BREMERTON, Wash. —Taking advantage of the fact that tough little guys often grow up to be big, tough guys, this Navy yard city is encouraging the process with a football league for boys who are less than 12 years old and 100 pounds large.

They call it the "PeeWee" program, and it's paying off. Bremerton high school came up this year with one of the best teams in its history, winning ten straight games against the toughest competition it could find in and out of the cross-state league.

A team has eight players.

High school Coach Dwight Scheyer and the school athletic director, Larry Ramm, launched the PeeWee project back in 1941. In 1945 they go the junior high schools to change over from touch to tackle play. Football now is as much a part of growing up in Bremerton as losing baby teeth and getting a new voice.

This year there were six teams in the PeeWee league, all fully equipped and all playing tackle football. They play on a vest pocket field, 80 yards long, equipped with lights for night games.

Right up-to-date, the little fellows operate from the tricky T formation. They run from the T in junior high, too, where an intramural program has 156 boys playing at one school and 127 at the other.

Rough as it is, the game has brought only one PeeWee casualty—a broken finger—in all the years of league play.

Some of the players reaching high school have six years of football experience.

The linemen, left to right, are Allen Frantz, Gary Hill, David Ramm, Ned Bergin and Don Stingl. Backs are John Lax, Bob Bjorneby and Chuck Cranston.

Edwards' Receiving Satisfies Dodgers

BROOKLYN (AP)—Brooklyn Dodger officials must be pleased with the able backstopping of Bruce Edwards, for the Bums let three minor league catchers get away from them in the annual draft.

Cincinnati chose Catcher Ferrell Anderson, who was the Dodger receiver before Edwards jumped from Mobile to the majors in 1946, from St. Paul; Minneapolis picked Phil Tomkinson, who hit .346 fofr Fort Worth of the Texas League; and Milwaukee chose Paul Burris, a workhorse backstop for Greenville of the Sally League, who caught in over 100 games, hit .287 and batted in 84 runs.

CARD OF THANKS

The cards, flowers, and letters I received while in the hospital at Pueblo, Colo., helped make those three months seem shorter. The visits from homefolks were just what the doctor ordered, too. Please accept my thanks—you'll never know how much your thoughtfulness meant to me.

Game Multplying In Moscow Oblast

MOSCOW (AP)—Wild boars and elk are multiplying in the forests of the Moscow oblast as they did 800 years ago. A census for 1943-1944 showed the oblast had about 1,500 elk. Last year the number reached about 2,000.

The boars are increasing. They were brought here a number of years ago from the south.

Freedom's So Confining

RAPID CITY, S. D. (AP)—A statewide alarm was broadcast when a soldier escaped from the guard house at the army airfield here. Fourteen hours later the soldier surrendered. He'd spent his hours of "liberty" huddled under a nearby building.

Lt. and Mrs. H. D. Hearn and son, Corpus Christi, spent the holidays with his parents, Mr. and Mrs. Emil Hearn, and her mother, Mrs. Anne Cartwright, Clinton Hearn, also came in from St. Louis, Mo., to spend the holidays with his parents, Mr. and Mrs. Emil Hearn.

CARD OF THANKS

We wish to express our thanks to the many friends for the cards letters and gifts I received when I was in the Amarillo Hospital.

Burmese Family Will Help Envoy In His New Job

By JANE EADS

Ambassador's Children

WASHINGTON—The two black eyed sons of Burma's first ambassador are fast getting acquainted with America. An embassy spokesman says "they've started chewing gum."

Maung Aung Nyun, 12, and Maung Khine Nyun, 11, and their doll-like sister, Khin Aye Nyun, 3, arrivd in this country with their parents only a few weeks ago from Rangoon.

The ambassador is 50-year-old Oxford-educated U So Nyun, Britain's rule of more than a century over the Asiatic country (population 17,000,000) will be terminated formally in January.

* * *

So Nyun received his early schooling in Ceylon, spent eight years in London and for 10 years before his diplomatic appointment served as city administrator of Rangoon.

The "U" before his name is comparable to the title "Sir" in English but implies "Uncle" in Burmese and is applied to men of 24 years of age and over. The "Maung" before Aung's and Khine's names means "Master."

The new envoy and his family are living in a house on Massachusetts Avenue which is also the embassy's chancery. The Burmese have leased a handsome residence with a romantic garden in a quiet residential section of Old Washington. When they get settled they will have their books, paintings, Burmese ivory and wood carvings and rare and beautiful lacquer ware sent over.

Mme. So Nyun, daughter of a wealthy Burmese family possesses practically a wardrobe of jewels—each piece more extraordinary than the other—fashioned of diamonds, rubies, emeralds, pearls and blue and white sapphires.

* * *

Though her husband and children have adopted the western style of dress, Mme. So Nyun wears the traditional costume of Burmese women—a thin blouse, topped with a double-breasted type jacket of white, a cylindrical skirt, called a lungyi, or longi worn folded over simply in front and reaching the ankles.

These skirts are fashioned of silks of bright but delicate shades and even the poorest possess at least one. In Burma they are worn by both sexes, but the men's jacket is single-breasted and of more sombre hue. The Burmese women oil their long black tresses with coconut oil and wrap them in cyl... coil atop the head.

effective according to Tarbox.

That the new enforcement program will have enthusiastic support from the public is evident from the recent emphasis given traffic safety on civic club programs. Members of the Perryton Rotary Club voted at their last meeting to cooperate with any program advanced to improve local traffic conditions.

The Perryton Junior Chamber of Commerce began a traffic safety program several weeks ago, and the senior Chamber of Commerce, board of education, and the Jaycees have pledged funds for the purchase of traffic signal lights.

Members of the Sorosis Club petitioned the City Council at its last meeting to open a safety campaign, and other clubs and numerous individuals have expressed an interest in better traffic law enforcement.

In announcing the enforcement program, Tarbox, who accepted the chief of police job three weeks ago, said: "I am going to try to enforce the law with absolute fairness and when I give a ticket it will be purely a matter of duty and for the good of the community."

Although an assistant chief of police who would serve as night patrolman has been authorized by the city council, no appointment has yet been made and Mr. Tarbox is the only enforcement officer on duty at present.

In pointing out traffic violations which will receive special attention, Mr. Tarbox stated that double parking on main street will be permitted at present so long as the driver remains at the wheel of the vehicle. He added that leaving a vehicle unoccupied while double parked was strictly prohibited.

He urged the cooperation of all citizens in observing the 15-mile speed limit in the school zone. No signs marking the 15-mile zone are up at present, but they are scheduled to be installed within a week. Signs prohibiting angle parking on side streets are also scheduled to be installed in the near future.

One of the most hazardous practices among local drivers is swinging far to the right before making a U-turn, Mr. Tarbox said. This practice gives a motorist behind the impression that the vehicle is turning to the right and he may try to pass on the left causing a collision.

Persons employed in business firms on main street were urged by the police chief to cooperate by not parking unreasonable lengths of time on main street. Parking meters and other means of eliminating this problem are under consideration, but full cooperation of business men and their employees would greatly reduce the present difficulty shoppers have in finding parking space on main street.

Mr. Tarbox said that failure of traffic violators to report to the police court after receiving a ticket would result in a warrant for the offender's arrest. He added that although the police court lacks authority to suspend a driver's license, city officials may file such a request with the county court which does have authority to take away the license.

Several other minor offenses closely associated with the traffic problem such as throwing of fireworks from vehicles will come under the new enforcement program.

flight instruction at each of the auxiliary fields.

A meeting is scheduled Monday night at Darrouzett for former service men interested in enrolling for flying instruction under the GI Bill at the Follett Field. A similar meeting under the sponsorship of the American Legion will be held in Follett Tuesday night.

Application blanks for flight instruction under the GI Bill have been requested by more than twenty Spearman ex-servicemen who would receive instruction at the Gruver field.

Both the Gruver and Follett fields have been in use for some time and CAA approval of the landing strips as auxiliaries was secured by making additions to previous facilities.

constructive about getting the right things done."

He hit hard at Federal extravagance and pointed to the record of Texas during his administration as Governor when a General Fund deficit of more than 30 million dollars was transformed into a cash balance of more than 35 million dollars. "I say that if the State Government of Texas can do that, the Federal Government can do the same," he commented.

Government bureaucracy and Federal infringement upon the rights of the States came in for strong criticism by Stevenson. He recalled that 10 years ago, when he was a member of the Texas Legislature, he went to Washington to testify against a proposal that the Federal Government take over title to tidal lands owned by the States. He added, "That proposal was defeated."

The Junction man put himself on record as a vigorous and unrelenting foe of Communism. On European aid, he labeled himself no isolationist, but urged that Americans not be shortsighted in extending aid to Europe.

"The greatest service the United States can render the world today is to survive and prosper as a nation governed by the democratic ideal," he said. "Let's not give the fruits of our labor to the undeserving. Let's not give them our crops. Let us give them instead a hoe and a plow so they can produce their own crops."

Stevenson ended his talk with a solemnly uttered New Year's resolution: "If you the men and women of the sovereign State of Texas choose to send me to the United States Senate, I resolve here and now to serve your interests and the interests of constitutional government to the very best of my ability and in accordance with the principles of American democracy, so help me God."

Miss Betty Pugh's Marriage to John C. Daniel Highlight of Holiday Activities

The Rev. O. C. Curtis officiated at the marriage of Miss Betty Jean Pugh to John Clifford Daniel on Friday afternoon, December 26, at four o'clock in the First Baptist Church. The bride is the daughter of Mr. and Mrs. T. O. Pugh, Perryton, and the bridegroom's parents are Mr. and Mrs. J. W. Daniel, Perryton.

The all white, double ring ceremony was read before the altar banked with white chrysanthemums against a background of Woodwardia fern and palms. The white bridal carpet was laid in the aisle and on the chancel floor; tall white tapers were in cathedral candelabra, and the family pews were marked by white chrysanthemums in white satin bows.

Preceding the ceremony, Miss Carol Lawrence, organist, played "Ava Maria," "Clair de Lune," "Indian Love Call" and "Moonlight Sonata." Mrs. Robert E. Goff, Chicago, Ill., soloist, sang Cadman's "At Dawning" and "Because" by D'Hardelot. The traditional marches marked the arrival and departure of the wedding party.

To introduce the ceremony, Misses Peggy and Carla Sue Blackmore, cousins of the bride, lit the tapers. They wore identical floor length dresses of white brodaced taffeta, and had wristlets and headdresses of white carnations.

The bride was given in marriage by her father. Her brunette beauty was enhanced by the ivory slipper satin wedding gown of period design which she wore. The fitted bodice featured a high V neckline, and long fitted sleeves which extended into calla points over her hands; the full skirt fell into a cathedral train, and a draped peplum formed a bustle over the train. Her veil of imported illusion fell from seed pearl headdress of Dutch motif, and she carried a white prayer book topped by a white orchid showered with white satin streamers and sweetheart knots. She wore a single strand of pearls, a gift from her father to her mother, and she carried a white handkerchief, hand embroidered in blue, a gift of her

Taz Schoolhouse Scene for Party

The Christmas party given by the Taz Home Demonstration club on Monday evening, Dec. 22 at the schoolhouse was a great success. The club recently voted to have electricity wired to the building so that it might be used as a community center, and this was the first gathering at the schoolhouse since the work had been done.

The appearance of Santa on the scene and the traditional tree from which gifts were exchanged by sunshine friends of the club and treats distributed among their families were highlights of the entertainment.

A play, "The Star of Bethlehem" was presented by the 4-H club girls; Mrs. Travis Flowers read passages from the Bible; a reading was presented by Robert Potts and accordian solos were played by Verle Downing.

Games were played by the children, and songs were sung to complete the festivities of the evening. Club women served home made candy.

Christian Women Meet December 18

On Thursday, December 18, the Women's Missionary Society of the Christian Church met in the home of Mrs. O. O. Cox with Mrs. Claude Allen co-hostess.

Mrs. J. W. Miller was in charge of the program hour which opened with the singing of "Joy to the World." Mrs. Art Turner spoke on "World Evangelism" and Mrs. Debs Riley brought the devotional, "Wells of Living Water."

During the social hour a gift exchange was enjoyed and the refreshment plate served. Members present were Mesdames M. R. Todd, Lee Halpain, Art Turner, M. T. McLain, Leon Shrader, Carl Ellis, Debs Riley, Roy Miller, Ward H. N. Gregg, Alec Wilson, J. W. Miller, W. H. Shrader, Leon Shrader and Alf Pittman.

Guests were Mesdames Miles Sumpter, Joe Cox and C. B. Gift.

Holiday Party For Classmates

On Tuesday evening, Dec. 23, Mrs. B. H. Peckenpaugh entertained for former classmates of her son, Wendel, at their country home near Farnsworth.

At the close of the informal hours, refreshments were served.

Present were Misses Anita King Norma Flowers, Velma Lee Bowles, Patsy Henry, Colleen Milledge, Ruth Wade, Carol Lawrence, Nina Raye Phagan, June Phebus, Nelda Ruth Patton and Nell Peckenpaugh.

Edward Dear, Paul George, Keith Flowers, Douglas Hawk, Gene Terhune, Don Stephenson, Gene Stinson, Roy Johnson, Lloyd Dean Slaughter, Glen Johnson, Edward Merydith, Duane Bell, James Hale and Wendel Peckenpaugh.

Ochiltree Club

The Ochiltree Home Demonstration club will meet on Friday afternoon, January 2, in the home of Mrs. Oscar Blank in Perryton.

The meeting will begin at 2:30 p. m. Members are urged to be present, and visitors are welcome.

Send a birthday card from the Stewart Printing Co.

Potluck Supper Monday Evening

An enjoyable courtesy of the holiday season was the potluck supper for which Mrs. Mark Burton and Mrs. Don Shockley were hostesses on Monday evening, December 22. The Burton home, where the party was held was tastefully decorated with the lighted Christmas tree and Yule candles.

Games of bridge were enjoyed by the following couples following the meal: Messrs. and Mesdames Glenn Allison, Floyd Murry, Raymond Powell, Shockley and Burton.

Huntoon Club Has Christmas Party

The annual Christmas party of the Huntoon Home Demonstration club was held in the home of Mrs. D. D. Hummer with only five club members present, because of bad roads.

The afternoon was spent visiting and an exchange of gifts was held by those present.

Refreshments were served to Mesdames O. R. Collins and children, Rhodie Stollings, M. S. Hummer, George Graves and Leon and Corwin Trosper and the hostess.

The January meeting of the club will be held on January 21 in the home of Mrs. J. O. Cook.

Perryton Families Gather During Holiday Week for Traditional Dinners, Reunions

As in every locale throughout the nation, families in Perryton and the adjacent communities gathered in various groups during the week for holiday reunions and dinners.

The home of Mrs. J. D. Copeland was the scene for a family Christmas dinner on December 23. Gifts were exchanged and a bountiful dinner enjoyed by those attending.

The following guests were present: Mr. and Mrs. Verbon Smith, Mr. and Mrs. Lester Schwalk, Bobby Dean and Janice; Mr. and Mrs. Harry Reimer and Judy; Mr. and Mrs. Harry Barlow Sr., Rev. O. C. Curtis and Lynn and Mr. and Mrs. Geo. M. Dietrich, Elaine and Don.

Mrs. E. C. Barnes called in the afternoon.

Mr. and Mrs. E. B. Gyger entertained members of the Leatherman family with a family dinner on Christmas day. Plates were laid for Mr. and Mrs. Wayne Gyger, Dempsey and Randy, Mr. and Mrs. John Brodie, Mrs. Phyllis Dye and Penny Lea, Mr. and Mrs. George Leatherman, Mr. and Mrs. Alton Witt, Ronnie and Danny, Mr. and Mrs. Jake LeMaster and the host and hostess.

The R. H. Holland home was the scene for two dinners during the holidays. On Sunday members of the family gathered for a potluck dinner, and those present for the day were Mr. and Mrs. R. R. Ward and Jerry, Mr. and Mrs. Carl Blackmore and family, Mr. and Mrs. T. O. Pugh and Delos, Mr. and Mrs. Ernest Black and family, Mr. and Mrs Lloyd Holland and Gary and Mr. and Mrs. C. A. Huvar and Dale.

Immediate members of the family were present for dinner on Christmas day. Table appointments were made for Mr. and Mrs. Clifford Burns, Barbara Jo and Bobbie Sue of Phillips, Tex.; Mr. and Mrs. Bob Schuster and Linda; Mr. and Mrs. Robert H. Holland, Gray, Okla.; and Mr. and Mrs. D. W. Holland, Dodge City, Kans.

Christmas day, Mr. and Mrs. J. W. Mounts entertained at their home in the Gray, Okla., community with a dinner. Those present were Mrs. Nellie Mounts and sons, Duane and Del Roy, Mr. and Mrs. Charley Mounts and children, Lillian, Danny and Alice, Mr. and Mrs. Kenneth Mounts, Mr. and Mrs. Gus Albright of Watseka, Ill.; Mr. and Mrs. John Mounts, Sharon and Carolyn, Mr. and Mrs. Carl Delano of Dove Creek, Colo., and Mr. and Mrs. Earl Mounts of Goodwell, Okla.

December 27 was the day Mr. and Mrs. C. E. Delano were host and hostess for a holiday dinner. Plates were laid for Mr. and Mrs. Lester Delano and James, Wichita, Kans.; Mr. and Mrs. Carl Delano, Dove Creek, Colo.; Lee Hulse, Beaver, Okla.; Mr. and Mrs. Desley Tice and Cecil, Mr. and Mrs. Bruce Forney, Shirley, Charlotte and Junior and C. Aleta Faye McDaniel Becomes Bride Of Walter Campbell Duff Dec. 21

Miss Aleta Faye McDaniel, Perryton, daughter of Mr. and Mrs. Lon McDaniel, Mesquite, became the bride of Walter Campbell Duff, Sterling City, son of Mr. and Mrs. Matt Duff, Hillsboro, Sunday afternoon December 21, at the First Christian Church, Mesquite. The Rev. Hugh McDaniel, Dallas, uncle of the bride, officiated.

Lon McDaniel gave his daughter in marriage. The bride wore a gown of white marquisette and Chantilly lace fashioned with an off-shoulder lace bodice and an inset of marquisette. The petal-point sleeves were fashioned with tiny, self-covered buttons. The full, marquisette skirt fell into a cathedral train and was paneled with insets of Chantilly lace. Her tiered marquisette veil, trimmed with Chantilly lace, cascaded from a tiara of seed pearls. Her only jewelry was a single strand of pearls. She carried a white prayer book topped with white orchids.

Miss Maudie Faye Moon of Haslet was maid of honor and bridesmaids were Miss Dorothy Rumsey and Miss Betty Stewart, both of Cleburne, Miss Dorothy Wilson of Friona and Miss Betty Duke of Perryton. Billie Selby of Ballinger, niece of the bridegroom, was flower girl.

The maid of honor and the bridesmaids wore dresses of simliar period design, with plain round neckline, puff sleeves, fitted bodice, and full skirts. Miss Moon's gown was of pink lace and net and she carried a colonial bouquet of aqua shaded carnations. The bridesmaids gowns were of aqua lace and net and carried colonial bouquets of pink carnations.

J. R. Duff of Ft. Worth attended his brother as best man. Ushers were W. N. Selby of Ballinger; G. W. Tillerson, Sterling City; Woodrow T. Isbell and George M. Russell, Hillsboro.

Mrs. David Miles, pianist played nuptial selections preceding the ceremony and the traditional wedding marches. She also accompanied Mr. Miles, who sang the bridal solo, "I Love Thee" by Grieg.

During a wedding reception at the home of the bride's parents, Miss Marjorie Price of Perryton and Mrs. Medford Webb presided at the wedding cake, and Mrs. Chas. Branton was at the bride's book.

For a short wedding trip to Tyler, Tex., the bride chose a grey dressmaker suit trimmed with self covered buttons and accessories of black.

The couple plan to make their home in Sterling City. Mrs. Duff is a former student of Mesquite High School and N. T. S. C., where she was a member of Pi Omega Pi. She is a teacher in the Perryton Schools, her resignation becoming effective at mid-term.

Mr. Duff was graduated from high school in Hillsboro and from N. T. S. C., Denton. During the war he served for a year as a second lieutenant in the infantry. He is now the grade school principal and assistant coach at Sterling City.

Miss June Johnson of Australia Becomes Bride of Ralph Lee Kulow Sunday, Dec. 21

In one of the most beautiful ceremonies which has taken place in the First Methodist church at Liberal, Miss June Johnson, attractive daughter of Mr. and Mrs. Albert Martin of Newcastle, Australia, became the bride of Ralph Lee Kulow, son of Mr. and Mrs. J. R. Kulow Sr. of Dombey, Okla. The wedding took place at two o'clock Sunday afternoon, December 21. Rev. J. H. Winkler, pastor of the Turpin, Okla., Methodist church read the double ring service.

Baskets of peach gladioli and white chrysanthemums and fern, and three seven-branch candelabra holding white tapers, decorated the front of the church. The altar was draped with white, with a large pink bow.

Miss Lou Ella Sturdivant, pipe organist, played a prelude of nuptial music. Before the ceremony Miss Roberta Winkler of Turpin sang "The Lord's Prayer," "Till the End of Time," and "With This Ring." Miss Sturdivant played the Lohengrin wedding march as the processional and during the ceremony played softly "O Perfect Love." Mendelssohn's Wedding March was used as the recessional.

The bride, who was given in marriage by Hobson Burris, superintendent of the Turpin schools, a friend of the bridegroom, wore a beautiful gown of brocaded ivory satin designed with long train. The fitted basque bodice buttoned down the back, had long fitted sleeves and a yoke outlined with seed pearls. Her fingertip illusion veil fell from a crown of pearls and orange blossoms. She carried a white Bible with a gardenia showered with stephanotis and tied with white satin ribbon.

Mrs. Clyce Ragsdale of Perryton, Texas, a cousin of the bridegroom, was matron of honor. She wore a gown of yellow taffeta and net with puff sleeves and a shoulder length yellow

Miss Fannie Osborne Honored on Sunday

Members of the Busy Ladies and Men's Bible Class of the Methodist Sunday school gathered in the country home of Mr. and Mrs. G. M. Cooper Sunday afternoon for an old time singing to honor Miss Fannie Osborne.

Rev. W. C. Bryan gave the opening prayer. Many old time hymns were sung as well as Christmas carols.

Miss Fae Marie Beck played the accompaniment for several of the songs on the "old parlow reed organ" of the home.

Those present to enjoy the afternoon were Mr. and Mrs. R. D. Stephenson, Mr. and Mrs. F. B. Kile, Mr. and Mrs. W. C. Bryan, Mesdames D. A. Caldwell, W. E. McMillen, H. C. Barlow Sr., H. W. Ragan, Anna Budock, Belle Truax, John Beck, Miss Nellie Perry, Mrs. Clifford Beck and Fae Marie and Lois Beck, Mr. and Mrs. Cooper and the honoree.

Mr. and Mrs. Chauncey O'Brien Amarillo, were guests through the Christmas holidays with her mother, Mrs. Emma Glasgow.

Church Ceremony Christmas Eve at High Noon Unites Miss Rogers, Harold Hudson

The First Methodist Church was the scene Wednesday, December 24, at high noon, for the marriage of Miss Jane Louise Rogers, daughter of Mrs. Clyce B. Rogers, 622 Grinnell St., and the late Mr. Rogers, and Harold Ray Hudson, son of Mr. and Mrs. Horace I. Hudson, Floydada.

The Rev. James M. Cooper, pastor of the Methodist Church at Lorena, Texas, officiated at the service.

Mrs. A. P. McCelvey, pianist, and Mrs. James M. Cooper, Lorena, soloist, presented the nuptial music. Pre-nuptial selections included "Always," "Indian Love Call," "Ah, Sweet Mystery of Life," "To A Wild Rose" and "Liebestraum." Mrs. Cooper sang "I Love Thee" by Grieg and "Through the Years" by Youman and at the close of the ceremony "The Lord's Prayer" by Malliotte. The traditional marches were used for the processional and recessional.

The solemn vows were spoken before the altar banked with Woodwardia fern and palms; white chrysanthemums were in tall altar baskets, and white tapers were in cathedral holders. The aisle was laid with bridal carpet and white satin streamers caught by large satin bows, marked the family pews.

Gale S. Rogers gave his sister in marriage. She wore a gown of blush ivory satin fashioned along classic lines. It was designed with a high round neckline, long fitted sleeves which tapered to points over the hands and a molded bodice. The full flared skirt was accented with corded bands of satin at the hipline and extended into a formal train. Her fingertip veil of illusion was caught to a headdress of orange blossoms, and she carried a white Bible with a shower of narcissus. The pearls which she wore were a gift from her father to her mother, prior to their marriage.

Mrs. Robert N. Tipps, Pueblo, Colo., was matron-of-honor. She wore a gown of deep rose moire taffeta designed with square neckline, cap sleeves and bustle back. Her headdress was of plumes in shades of rose, and she carried a white satin lace trimmed muff topped with a pink rose corsage.

Demonstrator Stories of H. D. Club Women Tell of Past Year's Work

Demonstrator stories from six of the nine Home Demonstration clubs of the county have been filed with Mrs. Virdie P. Wheeler, agent, and are indicative of the work being done by women of the county who are active in the work of the organization.

Highlights of several of the reports appear below, and more will be published in the near future.

Mrs. Warren Gum, a member of Taz Home Demonstration club, told of her work in the garden and the canning she did for her family during the year.

"My garden was on new sod this year. It was 36 by 50 feet, inside our yard, near the well, so we had plenty of water to irrigate with. The garden furnished our family of five with plenty of fresh vegetables all summer.

"We had 4 rows of rust proof Golden wax beans, and 2 rows of Burpees stringless green pod which furnished all we could use fresh, and we canned 40 qts. We set 48 tomato plants. We had best results with Rutgers, Danmark and Porters. Bisons produced a lot of tomatoes but the vines went down and didn't shade the fruit. We canned 80 qt. tomatoes, 20 pints chow-chow, 25 pints of tomato preserves.

We had one row of black seeded Simpson, lettuce, and one row white icicle radishes. Nine sweet pepper plants produced all we needed for relishes, plus 4 pts. of pepper relish. Our 12 cabbage plants didn't produce so well, but we did have some to use and plenty for relish. Green bugs hit our 4 rows of early June peas, we started spraying but were too late to save the peas. We used carrots and parsnips from the garden till late November.

"We set 12 asparagus, 6 rhubarb, and 30 strawberry plants, all of which did well. The Giant Everbearing strawberries did better for us than the Gem Everbearing. We had one 36 ft. row of okra and had all we could use and gave some away. From 12 hills of cucumbers we canned 15 qts. of sweet pickles, and from Mrs. McCarter's garden I canned 6 qt. of beets.

We planted 50 pounds of Irish Cobbler potatoes, used off them all summer and stored about 5 bushels. We planted watermelons, cantaloupes and pumpkins in the tree rows too. We couldn't irrigate them, so they didn't do so well, but we are still enjoying pumpkin pies.

We think the earlier you get your garden out in the spring the better it does, and as soon as one thing is through bearing, the vines should be pulled, and burned. We also think the earlier you can plow or work your garden the better it does. Spading or plowing in the fall helps get rid of insects.

Canning I did other than from my garden included one bu. of pineapple, two bu. peaches, apple and plum jelly, 20 qts. pork sausage, and 40 qts. beef. We put pork and beef in the locker to meet our family needs.

The thing I enjoy most about my club work is exchanging ideas and recipes with my neighbors, and working with them."

Mrs. T. M. Osborne, clothing demonsfrator, Lone Tree club, kept a diary of her club work this year. From this diary the agent, Virdie P. Wheeler, gleaned the following: Mrs. Osborne took inventory of her clothing, made a list of the things she would actually need, and a list of the things she would like to have.

In January Mrs. Osborne met in the agent's home with other clothing demonstrators to learn how to clean a sewing machine, take a clothing inventory, and make a clothing budget. She made a house dress, tacked a comfort, made a spool holder, and cleaned her sewing machine. At the March meeting she answered roll call by showing a pressing ham, and giving the pattern to club members.

Sidney M. Jines was best man, and ushers were Donald C. Rogers, brother of the bride, Jack M. Allen and Harold Witt.

Mrs. Rogers, mother of the bride, chose a steel gray suit with purple hat and gloves for her daughter's marriage and her corsage was of Vanda orchids. Mrs. Hudson, the bridegroom's mother, was attired in a green suit with pink feather hat, and her corsage was of pink roses.

At the reception in the bride's home for the family and members of the bridal party, Mrs. James M. Cooper poured, and Mrs. Robert N. Tipps served the cake.

When the couple left for their wedding trip to New Orleans and Dallas, the bride was wearing a toast gabardine suit with matching straw hat and brown accessories. Her corsage was of pink camellias.

Mrs. Hudson is a graduate of Perryton High School, Stephen's College, Columbia, Mo., and Southern Methodist University, Dallas. She is a member of Chi Omega; Pi Lambda Theta, honorary education fraternity; and Beta Sigma Phi. She is art and writing teacher in the Perryton schools.

The bridegroom is a graduate of Perryton High School and Texas University, Austin, where he was a member of Delta Sigma Pi fraternity. He served three and one-half years in the army during World War II, and two and a half years of this time was spent in the E. T. O. Mr. Hudson is now news editor of the Ochiltree County Herald.

The couple will be at home at 805 Amherst St. after January 1.

Out-of-town wedding guests included Rev. and Mrs. James Cooper, Lorena; Mr. and Mrs. James L. Darnell, Amarillo; Mr. and Mrs. Robert N. Tipps, Pueblo, Colo.; Mrs. Ray Veale, Gladewater; Mr. and Mrs. Glen Tindle, Dumas; Mrs. Ruth Lewellen, Borger; Mr. and Mrs. Horace Hudson, Floydada; and Mr. and Mrs. Grover Wilson, Amarillo.

Rehearsal Dinner

Mr. and Mrs. Van W. Stewart and Mr. and Mrs. Virb Conley entertained with the rehearsal dinner in the Stewart home on Tuesday evening, Dec. 23.

Plates were laid for Mr. and Mrs. Sidney Jines; Mr. and Mrs. Robert N. Tipps, Pueblo, Colo.; Mr. and Mrs. James M. Cooper, Lorena, Texas; Mr. and Mrs. A. P. McCelvey, Messrs. Gale S. Rogers, Jack M. Allen, Donald C. Rogers, Harold Witt; Mrs. Ruth Lewellen, Borger; Mrs. Clyce B. Rogers, the honorees, Jane Loclse Rogers and Harold R. Hudson, the hosts and hostesses.

Demonstrator Stories

(Continued from Page 1)

In April Mrs. Osborne gave a method of shrinking material at the regular meeting, and at a "call" meeting gave the demonstration on cleaning a sewing machine. She writes, "I also demonstrated patching pants on the sewing machine, without ripping the leg, and for good measure, I made a brick pin cushion. At the May meeting I modeled a cotton work dress that I had made from one of the patterns designed by the Bureau of Home Economics.

"The club members met with me in August. As clothing demonstrator, I gave the demonstration, "Clothing Storage," in the absence of our agent. My clothing closets are well arranged and adequate for our needs. At the October meeting, I discussed the importance of good posture to good exercises to club members and the agent.

"My tomato house was 10x14 feet, made where I had a small chicken yard," writes Mrs. Robert Barlow, Lone Tree club. "My husband and I left the fence where it had been, nailed burlap and feed sacks on sides of the house and cheese cloth on top. We spaded the ground in the fall.

"The first week in May we set Bison tomato plants two feet apart using only 12 plants for the house. Tomatoes began to ripen the last week in July. When plants began to run, I drove up stakes by each plant, as high as the roof, and tied the plants to stakes with a string. Most of the plants went to the top. I had plenty ripe tomatoes for the table all summer, and canned 20 quarts before frost. Tomatoes were a nice size and a very good flavor.

I enjoyed my tomato house too, as a hot house for flowers. I put house plants out all through the summer, and set out petunias and marigolds in the house allowing them to run up the fence to the top. Their blooming gave a very pleasing fragrance to visitors viewing my tomatoes. I plan to put gladioli in the house near the fence next year."

Mrs. Carl Scroggs, Waka Club, wrote the following concerning her work. "I was chosen clothing demonstrator for the year. I would estimate that I made 35 garments for my two little girls and myself. I made 15 garments for others. I attended 7 club meetings this year and enjoyed each one of them."

Mrs. L. F. Waggoner, recreation leader for the Notla Club, wrote the agent at the close of the year. "I attended 17 club meetings out of 20 this year. I had recreation planned for every meeting that I attended. We had three parties for our families, and I planned and led recreation on those nights. I also planned recreation for our Christmas party.

"Words cannot express how much I have enjoyed our programs this year. I have really enjoyed being recreation chairman, just hope I enjoy being Program Chairman as much." Mrs. Wheeler believes that Mrs. Waggoner's statement pretty well expresses the sentiment of all recreation chairmen. Each woman has enjoyed her job.

Babson Discusses Employment Outlook

ROGER W. BABSON, Editor-in-Chief

NEW YORK CITY, Dec. 26—With more workers employed than ever before in the history of our country, many of my readers have asked, "How long can the boom last?"

Employment at All-Time Peak

Latest figures available reveal better than 43,250,000 persons engaged in nonagricultural industries last month—more than a 200,000 rise over the previous month. This brought total employment close to 60,000,000—an all-time high. At the same time the number of unemployed is estimated at about one and one-half million—an all-time low.

Coupled with this record employment is record wages. For example, in 1939 the average weekly pay envelope for bituminous coal miners was $23.88. Today it is $71.19. In other words, the pay envelope is 198% fatter than it was eight years ago. All along the line wages have improved. Now they seem to be leveling off. In fact, some industries, such as radio manufacturing, furriers, and ladies wear plants, may soon be considering wage cuts.

Business Earnings at All-Time Peak

Last quarter 1947 reports will show better than four billion spent for expansion. This will total up to somewhere around fifteen billion for the year—65% greater than the previous all-time high of 1929. Even so there seems as yet little indication of overexpansion. On the contrary, some industries report that unfilled orders are greater now, and still continue to be received more rapidly, than at any time since the end of the war.

Businessmen everywhere, with few exceptions, acknowledge that business is good. The New York Stock Exchange recently reported 800 companies paid amounts in dividends equal to an increase of 21.5% compared with the dividends for the same period last year. Indications are that coming months will see continued high output and consequent full employment, unless too great discrepancies develop among incomes, costs and prices.

Grain, Steel and Your Job

Your job and mine will be greatly affected in the coming months by what happens to grain, steel and oil. Grain is the basic source of bread, cereals, producing poultry, eggs, and meat. Steel controls the cost of rails, freight cars, farm machinery, household appliances and highway transporation. Oil provides the motive power for the latter.

Under the present conditions two things are needed to help stabilize employment in 1948:—(1) controls over the allocation of grain, steel and oil; and (2) a more realistic and christian attitude on the part of us all to produce more at the least cost. Full employment depends upon increased production and lower prices.

Outlook for Coming Months Good

Right now there are shortages of workers in the great Midwest—that Great Magic Circle of the U. S. A. Similar shortages also exist in the southwest. This condition is not true, however, for either the east or west coasts. In New England, the deep south, and the far west, the labor supply is easier now.

There are some shortages along skilled lines,—plumbers, electricians, tool makers, sheet metal workers, etc. Best bets for women are no longer on the production line. Industry now prefers men here. There remain nationwide shortages of stenographers, bookkeepers, and other office workers. But in all lines only an honest day's work for an honest day's wage will insure continued employment for all you readers.

I'M COUNTING ON YOU!

Washington Letter.

WASHINGTON — Free lancing in adoption doesn't pay, so give up all idea of finding a child by yourself.

The U. S. Children's Bureau, in a sprightly new pamphlet, talks like a Dutch uncle to couples who want to adopt a child.

"It is estimated there are some 50,000 adoptions each year. Adoption is one of the major concerns of the Children's Bureau. It wants to help make them satisfactory for all concerned. The pamphlet, "When You Adopt a Child," is intended to help in this. (Copies may be obtained from U. S. Children's Bureau, Washington 25, D. C.)

Friends or relatives—or your doctor or lawyer—may be glad to get you a child for adoption and no questions asked.

"Firmly turn them down," says the Children's Bureau, advising couples to go instead to a good licensed adoption or child-placing agency.

"You don't want just any child. You want one who will fit into your family. Turn thumbs down on any offer that is not made by a first-rate agency."

To find the best agency write to your state's department of public welfare or, if there is a council of social agencies near you, ask there. Before any agency is licensed to handle adoptions, its work must meet certain standards set up to protect your interests and safeguard the welfare of the child.

If such an agency helps you, says the Bureau, "you will be surer than by any other way that:

"You get a normal child—in body and mind.

"Legally everything will be in order.

The child will suit your type of family.

"What you tell and what the workers learn for you will be just between yourselves."

* * *

"Cross question yourself," advises the Bureau. Give the question "Why do you want to adopt a child?" your most honest thinking. Think of what you will have to give up in time, money and effort and "don't make a move unless you and your partner are of the same mind and heart in the matter."

You are asked to remember the baby you want to adopt won't stay a baby very long and his coming to your home will mean one of the biggest changes your life ever had.

* * *

The question arises over and over again: Should you let the child know he is adopted?

"By all means," says the Bureau, "for some day, somehow, he will learn. So you be the one to tell him first."

He should be told ea... or five years.

Mrs. A. V. Goff returned home last Friday from Chicago, Ill., where she attended commencement exercises Dec. 19 at the University of Chicago, at which her son, Robert E. Goff, received a Masters degree in Science. Mrs. Goff flew from Chicago to Kansas City, Mo., on the return trip where she visited her sister-in-law until Mr. and Mrs. Bob Goff joined her for the trip to Perryton. Mrs. Bob Goff's sister, Mrs. Bill Terminello and Mr. Terminello of Hackinsack, N. J., met them in St. Louis, Mo., for the trip to Texas where the two couples spent their Christmas holidays. Bob has accepted a position on the staff of a junior college in Chicago, and is also on the staff of the Association for Family Living there.

Mr. and Mrs. Luther Wade were in Denton Sunday to attend the Brillhart-Strong wedding and before returning to Perryton spent several days in Dallas.

Thieves Walk Off With Seven Tons

BUTTE, Mont. (AP)—Thieves in the Butte area have added a Paul Bunyan twist to their operations.

Mining equipment, weighing from 12,000 to 14,000 pounds, has been disappearing in large quantities in recent weeks.

Undersheriff William T. Dee said specialized knowledge of the machinery, a crane and some heavy duty trucks were probably needed to cart off the machinery.

So far, Dee says, officers have had no luck in tracing the machinery.

Oh, My Hat!

HAMBURG (AP) — An 18-year-old Hamburg student won a bet by walking two miles through the crowded city streets clad only in underwear and a bowler hat. A notice around his neck bearing the date 1950 forecast how the Germans would be dressed in that year if the shortage of new clothing continued.

Mrs. T. M. Osborne, Mrs. Jack Osborne and Lamdrum Osborne went to Lubbock Friday to take Miss Dorothy Osborne back to her home. They returned to Perryton Monday.

Mr. and Mrs. A. B. Hankins and son spent the holidays with relatives near Lubbock, Texas.

Tokyo May Face Shortage of Baths

TOKYO (AP)—Looks like three-fourths of Tokyo's population may go without a bath this winter.

Anyway, there are 785 public bath houses using electricity which may have to close down because of the power shortage, and that's where three-fourths of the Japanese in this capital bathe.

Mr. and Mrs. W. H. Floyd, Lubbock, visited their daughter, Mrs. Robert E. Goff and Mr. Goff in Perryton during the holidays. Another daughter, Mrs. Bill Terminello and Mr. Terminello of Hackinsack, N. J., were also here for the holidays.

—in—
"This Time For Keeps"
Romance, music and comedy are represented by its top exponents in this festive new Technicolor musical. There are fourteen different musical selections ranging from opera to Danish folk songs and a "hot" Latin ditty. The story revolves around two conflicts—one between an opera star and his crooner son; and the other between an aquatic queen and a society girl.

Wednesday - Thursday
January 7-8
Henry Fonda, Barbara Bel Geddes, Vincent Price, Ann Dvorak, Howard Freeman, Moroni Olsen and Elisha Cook Jr. in—
"The Long Night"
Photographed against a background of a town of the Pennsylvania-Ohio steel area, the story combines tender romance and keen suspense with turbulent realism. Henry Fonda portrays a steel worker who falls in love with a beautiful young girl only to find that an older man has a strange and baffling influence over her.

Babson Sees No Depression For 1948

BUSINESS AND FINANCIAL OUTLOOK FOR 1948

By ROGER W. BABSON

1. 1948 will be, more or less, of a duplicate of 1947. Certainly there will be no "depression" as so many pessimists are talking about, but fundamental conditions will become increasingly less favorable. Watch out after November 2, 1948.

General Business

2. The above paragraph applies mostly to gross business. Certain industries will show smaller net profits. This means that, in some cases, dividends may be less in 1948. Remember some things may be allocated or rationed again in 1948.

3. The reconversion from war to peace has been entirely completed; war surpluses are pretty well disposed of; and 1948 will even show a resumption of military purchases.

4. Inventories, quoted both at their price values and their volumes, will increase during 1948. Both raw material piles and manufactured goods will be in greater supply during 1948.

Commodity Prices

5. Notwithstanding the above paragraph, some allocations or priorities may be reinstated in 1948. The public is sick of high prices and will make demands for some price controls in the case of certain products in short supply.

6. The retail price of some goods, other than food products, will be higher during 1948 as the final turn has not yet been reached for all types of goods.

7. We expect to see the peak in wholesale commodity prices sometime during 1948. We, therefore, advise going easy on inventories, especially on borrowed money.

8. Retail price changes will lag after wholesale price changes. This explains why we expect retail prices on good quality merchandise to hold up for awhile after wholesale prices begin to decline. BUT 1948 WILL BE A YEAR OF WAR PREPARATIONS.

Farm Outlook

9. The total farm income for 1948 should approximately equal that of 1947; but we forecast lower prices for wheat, corn, and certain other products. Farmers should certainly diversify more in 1948, get out of debt, put money into improvements, and prepare for real trouble someday.

10. The supply of certain vegetables, fruits, and fish products should increase during 1948 and the price of these should fall off barring some weather, insect, or blight catastrophes.

11. Meat will be in shorter supply in 1948 than in 1947. Should the current propaganda to "eat less and have a better figure" gain popularity, upward pressure on meat prices would be greatly reduced.

12. Farmers will try to get both 1948 Presidential candidates to promise further subsidies.

The above four Farm Forecasts assume normal weather which we do not attempt to predict.

Lower Taxes

13. The Federal debt will be decreased during 1948.

14. No personal taxes will be increased during 1948 and there will be some reductions,—perhaps 5% to 10% in the upper brackets and the entire elimination of those in the lowest bracket.

15. We forecast that the new tax bill would enable a man to share his income tax equally with his wife without sharing his income or property.

16. The 25% tax limit on long term gains will remain unchanged.

Retail Sales

17. Goods on counters will be of better grade in 1948, even if retail prices hold up.

18. There will be many "mark down sales" of goods of inferior quality and curbs on instalment buying may return.

19. The dollar value of all retail sales in 1948 should at least equal 1947.

20. The unit value of retail sales will be less in 1948 than in 1947; there will be fewer purchases in most stores, although each customer may visit more stores to "shop around."

Foreign Trade

21. Our foreign trade will be less in 1948 than in 1947. We shall help Europe; but it will be on a more economical and efficient scale.

22. More foreign loans will be made during 1948; but many of these will be direct to business concerns rather than to political governments.

23. There will be considerable competition from other countries in legitimate foreign trade where the credit is good. Other countries will not compete with us in our "charities"; but they certainly will compete for all profitable business.

24. Throughout 1948 war talk and uprisings will continue; but no World War III will start in 1948. WAR PREPARATIONS WILL ACCELERATE.

Labor Outlook

25. 1948 will see an average hourly wage rise of 5% to 7%. Lower income taxes should increase buying power, but this will be offset by further rises in the cost of living.

26. There need be no more unemployment in 1948 than in 1947; but "Unemployment Insurance" will be taken advantage of by too many unprincipled people.

27. Wageworkers will gradually see that the Taft-Hartley Bill puts a checkrein only on their labor leaders, but not on Union membership. Hence, the bitter hatred against this Bill will gradually subside. The Bill is merely an "SEC" for labor leaders who need it today as much as investment bankers needed the SEC which was started ten years ago.

28. Any labor legislation during 1948 will be to amend the Taft-Hartley Bill and to raise minimum wages.

Inflation

29. The Inflation Era which we have forecast for several eyars will remain at this stage until November 2, 1948. There will be no reckless printing of currency or government borrowing in 1948.

30. 1948 will see a public reaction against "feather bedding," "workless" jobs, and union rules which result in slow-ups. More labor-saving machinery will be installed. The public is gradually realizing that inflation can be beaten only by increased production.

31. Sometime during 1948 production in many lines will have caught up with consumption which will prevent further price increases in such lines.

32. There will be many inflation and price investigations during 1948. Both the Democrats and Republicans will try to lay the blame for high prices on the other party.

Stock Market

33. We believe that 1948 will be a year of switching, for various reasons. One of these will be an attempt to get out of stocks of companies which have most of their assets in big "vulnerable-in-case-of-war" cities into companies whose assets are well distributed and safe from attack.

34. The Administration will try to keep the Dow-Jones Industrial Averages between an upper ceiling of around 185 and a floor of around 165. Commodity speculators will be curbed.

35. The wisest will not try to pick any special "winners" in 1948; but will diversify broadly and those who have too many stocks will gradually build up good reserves, in cash or Governments, for the big break which will come someday.

36. Careful buyers of stocks will insist on making full payment and avoid borrowing during 1948.

Bonds

37. We are definitely bearish on low-coupon rate, long-term bonds. Many of these will sell at even lower prices in 1948 than in 1947. Money rates will gradually increase.

38. If Congress gives a good reduction in Federal taxes to investors in high brackets, 1948 will see a further falling off in the prices of most municipals and other tax-exempt bonds. As indicated above, however, we do not expect such a desired tax reduction.

39. In view of the large decline in many preferred stocks during 1947, this rate of decline should begin to level off during 1948.

40. Investors will give much more attention to diversification in 1948 and not become too heavily interested in railroad securities, telephone issues and other public utilities, many of which are now selling too high.

Real Estate

41. City real estate will continue to hold firm through 1948, due to less available space caused by pulling down structures to save taxes, to provide parking spaces, etc. There also is a disinclination to build city property in view of the present high inflationary building costs.

42. Suburban real estate will continue in greater demand with still higher prices during 1948.

43. Big commercial farm acreage may sell for less during 1948; but subsistence farms located close to established communities will hold up in price.

44. General building should increase during 1948. Young people are gradually getting accustomed to high building costs and tired of living with their mothers-in-law.

45. Both office and residential rents will be higher in 1948. Property owners are entitled to receive higher rentals. Only as such are granted will there be as much building as there should be.

46. Mortgage rates during 1948 will continue about the same as in 1947. These rates are very favorable for those who have the courage to build. However, in 1948, it will be harder to obtain mortgage loans.

Politics

47. Both President Truman and the Republican leaders will be playing politics up to Nov. 2, 1948. It is now too early to forecast the outcome of the Presidential election. The Republicans however, have so bungled the price controversy that Mr. Truman has a fair chance of re-election.

48. Congressmen returning from Europe will determine our foreign policy and take it out of the hands of the State Department, the Brass Hats, and even the President himself.

49. Unless illness or accident interferes, Mr. Truman will be the Democratic candidate, with the possibility of Mr. Marshall being on the ticket with him.

50. We forecast a greater interest in sane religion, temperance, and civic righteousness during 1948, with continued reaction against denominationalism, intolerance and dogma.

Santa Fe
the more-to-enjoy route

Santa Fe

Our little friend has the right idea. No matter which one of our fleet of fine Santa Fe trains you ride, there's more to enjoy—more to see—more to write home about. A feast of fine Fred Harvey food and a feast for eyes whether you look for pepper-festooned villages, Indians in silver and turquoise, snow-capped mountains, or hell-for-leather cowboys. Yes, folks, that's traveling—Santa Fe style.
