SIX TRIPS TO THE MOON ON A MAGIC STRAND!
If the lines of all the electric cooperatives in the nation were put end to end, they would stretch to the moon six times, or a distance of nearly 1 1/2 million miles. These lines were strung through swamps, over hills, across plains, and through forests to serve rural people who built their own electric systems because they couldn't get electricity any other way. The nation's rural electric systems are dependable and efficient. Their service is modern and up-to-date. They are a shining example of what free enterprise can accomplish, building a brighter tomorrow.

SORT OF A MIRACLE DRUG

Wagner And Co. Are Enough To Cause Teachers' Strike

BY INEZ ROBB

In that far-off millennium of which we all speak so glibly, the meek may inherit the earth. But, to date, there is no evidence that they have been testamentary legatees to any part thereof.

So if the teachers of New York City went on strike for a wage increase that would help them, in these costly times, to keep body, soul and landlord together, more power to them.

The method by which they chose to strike may have been unwise; there are persons most sympathetic with the teachers in this action who feel that the city administration could not negotiate with them under threat of strike.

But if I were a teacher in New York, trying to live in one of the world's most expensive cities on a teacher's salary, I am certain that my students and my judgment would be warped beyond endurance by the unwarranted \$10,000 that Mayor Robert Wagner and his fat-cat cohorts voted them, selves after Wagner's re-election to the mayoralty last November.

Wagner's political cronies, including the controller, the City Council president and the five borough presidents, all got a raise of ten grand. And never mind the merit system. They were Wagner's chums, weren't they? Percentage-wise, how that hideous Madison Ave. phrase corrupts as it spreads—the mayor's heist amounted to 25 percent, the controller's to 33 percent and the

borough presidents' 40 percent of their previous take.

Very nice work, indeed, as they say in the political chthonuses. And oh, what a beautiful sugar-plum tree the mayor and his buddies prepared for lesser satellites in the name of palish, beautiful palship. There were all sorts of goodies and raises for friends. The raises began with modest hikes of \$3,500.

Nor, while we are examining the city's inability to scrape up modest raises for its teachers and its hypocritical moral indignation that teachers dare stage a walk-out, can we overlook the \$92,000 new Cadillac to which the mayor, the City Council prexy and three of the five borough presidents treated themselves immediately after the November election.

Continuing our examination of the delightful fact that to the victor belongs the spoils, as recently as March 22, when Wagner was confronted with the possibility of a teachers' strike—that stalwart son of Tammany did not hesitate to add \$136,000 to the budget in pay raises and new jobs in several "deserving" city departments.

No wonder the well has run dry as the teachers ask for a pay increase! The big boys got there first and took the most.

Let us also cast a cross-eye on the charge that New York's teacher-controller is on his hearties gone on strike

Profits Show Increases In 1st Quarter

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Profits may be a controversial word in political, labor and management circles today because of the ruckus over steel prices. But for the stockholders of five out of six corporations who have reported first quarter 1962 earnings to date, the comparison with a year ago is very pleasant indeed.

The first 195 corporations to report show net income after taxes averaging 19 per cent higher than in the first quarter of 1961.

Remember that business in general has been at, or near, record highs this year, while a year ago the recession was scraping bottom. And also remember that the 195 can only indicate a trend, since the great flood of earnings statements are yet to appear.

For a number of individual companies the percentage of increase is many times higher than the 19 per cent average, reflecting either an unusually strong position this year or a much worse than average showing in the early months of 1961.

The largest steel companies will be reporting their first quarter profits after Easter. But three smaller steel makers have announced already. Remember each has individual reasons for its comparative showing and can't be held representative of the industry. But here they are: Pittsburgh Steel went from a net loss of \$1.2 million in the 1961 quarter to a profit of \$1.5 million in 1962; Granite City Steel earnings rose 73 per cent and Lukens Steel's 135 per cent over the first quarter of 1961.

Of the 195 companies reporting reporting so far—many for quarters ending before March 31—only 25 show decreases from last year. This time there were nine companies operating at a loss against 25 in the 1961 period.

Combined the 195 show profits of \$716,965,000, compared with \$602,260,000 for the same companies in the year-ago period.

The giant Bell Telephone System makes up almost half of the total earnings. Its gain was 10 per cent. Without it the other 194 have an increase of 27.7 per cent.

Among the companies that are up this year are: General Electric with a gain of 32 per cent; International Business Machines, up 15.2 per cent; Celanese, 28.2 per cent; Western Union, 44.7 per cent; United States, 24.1 per cent; West Virginia Pulp & Paper, 26.4; Firestone Tire & Rubber, 6.8 per cent; and Avco, 20.4 per cent.

Companies with striking increases, often because of unusually poor showings a year ago, include: International Harvester up 67 per cent; U.S. Plywood, 195 per cent; J. P. Stevens, 147 per cent; United Fruit, 81.7 per cent.

Among the firms with declines this year, for one reason or another which may or may not be representative of their industries, are Superior Oil and National Tea. General Tire & Rubber's earnings slipped 12.2 per cent. Deere & Co. was down 18.7 per cent and Carrier Corporation, 8.4 per cent.

The general gain in profits this year has been expected, both in comparison with a depressed period a year ago and in total volume because of rising business activity. But management spokesmen stress that earnings gains haven't risen as fast as economic growth in general, that the ratio of profits to sales has fallen, and that the ratio of profits to invested capital also has declined.

Tomcat Is Blamed In Two-Car Crash

LOUISVILLE, Ky. (AP)—Pretty Boy the tomcat was snuggled in with a cute kitty in a box enjoying a Sunday drive in his owner's car.

Then Pretty Boy got out and leaped on the dashboard.

Marshall and a passenger suffered minor injuries. Jacobs was unhurt but his wife, Carlotta, 16, was treated for a chin bruise.

Pretty Boy was unscathed but also unscolded. "His girl friend, Min, stampeded away in the confusion."

Mysterious 'Slip' Pitch Colt Secret

NEW YORK (AP)—Is it black magic...? A witch's brew...? Mysterious legerdemain...? A potion from outer space that has enabled the Houston Colt pitchers to hold the enemy to just eight runs and 27 hits in five games?

Well, it has been a mystery, all right, that is until today when Manager Harry Craft let the secret out before the Colts headed for the Polo Grounds to meet the New York Mets in the first clash of the two new National League teams.

It's a new pitch devised by General Manager P. J. Richards, a long-time deceiver.

It's called "the slip," not to be confused with the twist.

"It's a beautiful pitch," said Craft, "it's sort of a change of pace that does something. It's something like a knucker. It sinks, but you can control it much better and you can throw it much harder."

How is it thrown?

The pitching staff isn't saying. "We're not supposed to talk about it," said Dick Farrell, with a furtive look behind him lest Richards be lurking in the shadows. "Paul doesn't want us to discuss it."

But Craft apparently was not bound by the code of secrecy.

"You put the ball between your thumb and the tips of your fingers off it."

"Then you kind of slip it off the second joint of your fingers and the fat part of your thumb."

The slip theory is as good as any to explain the fine showing of the castoff-dominated Houston pitching staff. In fact, there is no other explanation.

Lakers Hope To Wrap Up Cage Crown

LOS ANGELES (AP)—Cautious Los Angeles casts a wary eye on history and the Boston Celtics to night when the Lakers can wrap up the National Basketball Association playoff crown.

In an effort to secure a second consecutive series win, the Lakers will play the great Elgin Baylor, whose record 61 points Saturday night led Los Angeles to the championship threshold.

The Lakers outscored Boston 82-72 in the final period and pulled ahead 3-2 in the best-of-seven series with a 126-121 triumph.

"We had this same situation a year ago in the semifinals against St. Louis," Los Angeles coach Fred Schaus warned. "We led the series, 2-2, coming home, then dropped the next two and were eliminated."

Baylor's 61 points bettered the previous playoff final mark of 50 set by Bob Pettit against Boston four years ago.

For the tired Celtics, there is no tomorrow in their quest for an unprecedented fourth straight crown.

Colt, Pony Leaguers In Session Here

Everyone interested in the functioning of the Colt and Pony Leagues is reminded of the 7 o'clock organizational meeting tonight in the high school gym here.

All fathers of teenage boys, along with past and prospective club sponsors, are especially invited to attend, as are all other interested parties.

Possible conversion of the Colt League (aged 13 through 15) into a Senior Little League is one of the important items that will be up for discussion, and a good representation of boosters is needed in order to come to a decision on that and several other topics.

Big Series Set In SWC

By The Associated Press

Baylor and Texas open an important series in Southwest Conference baseball Monday.

They clash at Austin in two games, that could mean Baylor a top favorite for the title or throw the race into a jumble.

Baylor pushed into the undisputed lead last week as Texas A&M lost a game to Texas Christian and Texas dropped one to Rice. The Bears now are 5-1 while AM is 4-2 and Texas 4-2. Rice is next at 2-3 and is far from out of the race.

The Aggies play Southern Methodist at Dallas Monday and Tuesday. Rice and Texas Christian play a doubleheader at Fort Worth Monday.

There is no conference action after Tuesday but Baylor will be particularly busy for three days, playing in a tournament at Monday. Texas A&M meet Sul Ross at Bryan Thursday and Friday nights. Rice escapes Sam Houston Saturday at Houston.

PREPARE FOR WOLF INVASION—In a 4 p.m. District 3-AAA baseball opener at Towle Park Tuesday, the Snyder Tigers will engage Colorado City's Wolves in the first of two district games slated for the week.

Following the Tuesday affair, Coach Speedy Moffet's Tiger charges will pack up and hit the road for Lamesa Friday. They currently stand 5-12 in the won-lost column. (Photo by Jackson)

Little League Registration Is Scheduled

Registration for Little League boys has been set for tonight and Tuesday night, reports coordinator Matt Herod.

All boys between the ages of 8 and 12 who are planning to play are reminded to register either of those two nights—about playing in order to register. Each boy reporting is asked to bring with him a copy of his birth certificate and to be accompanied by his mother or father.

Times for both registration sessions are from 7:30 p.m. to 9:30 p.m.

It is not necessary for boys to have already been contacted about playing in order to register. Each boy reporting is asked to bring with him a copy of his birth certificate and to be accompanied by his mother or father.

Lincoln Is Second In District Meet

SEMINOLE — Ronald Green sparked Snyder's Lincoln High Trojans to a second place in the district meet here Saturday with a first-place showing in the broad jump and both hurdles events.

Crane won the meet with 182 points, while Lincoln gained the runnerup spot with 138.

Green's leap in the broad jump was 22' 3 1/4". His time in the low hurdles was 21.3 and in the high hurdles 16.3.

In that only the first-place winner in each event gains a ticket into the April 28 state meet at Prairie View A&M College, Green will be the sole track and field representative there from Lincoln.

Trojan Buford Thompson notched a pair of seconds with his 119.6 heave in the discus and his runnerup spot in the 800-yard run. The winning time in the 800 was 2:03.2. Joseph Crayton was also second in the high jump with 5-8, while...

John Choynce in boys singles and Choice and Linwood Durst in the doubles.

Friday baseball action saw Colorado City downing the Trojans 12-8 behind the six-hit effort of G. Scott.

Three of the Trojan safeties were gamered by Mack Taylor, including a three-bagger.

Buford Thompson absorbed the loss, giving up eight hits.

C-City had its big inning in the first when seven runs crossed the platter. The big hit of that frame was a two-run triple by H. Belvin. The Trojan baseball nine sees its next action Wednesday when it travels to Colorado City for a 4 p.m. encounter.

Rinehart Aids Teammates In Mexico Meet

MEXICO CITY—Mary Carl Rose of Lubbock and Janice Rinehart of Snyder paced the Texas Track Girls Club to a lead at the halfway mark Sunday over Mexico in the annual International Track and Field meet being waged here.

Rain almost forced postponement of the first day's runnings. The meet is scheduled to be completed today and the Texas team to return stateside tomorrow.

Miss Rose was high point for the day with 26% and Miss Rinehart second to her with 21. They both ran on the 440-yard relay team that set a new meet standard of 11.5. Completing the record-smashing foursome were Jennie Ellison of Abilene and Dora Patterson of Gatesville.

With a 12.8 clocking in the 80-meter hurdles, Miss Rose also established a new mark.

Miss Rinehart scored a victory in the 220-yard dash with a 26.8 reading and was also second in the 100-meter dash.

Schwall Discounts 'Sophomore Jinx'

By BOB GREEN, Associated Press Sports Writer

Sophomore jinx? Boston's Don Schwall isn't having any, thank you, though the figures show otherwise.

"Nonsense," the 1961 American League Rookie of the Year shrugged after his second straight loss Sunday, 5-1 to the Orioles in the first game of a doubleheader at Baltimore. The Red Sox won the second 5-4.

"I know that sometimes you get more breaks than others. Over a full season, they usually even up for everyone."

He hasn't had much help so far this season. Schwall, who had a 15.7 record with the sixth-place Red Sox last season, was beaten 4-0 in the opener this year. Army Pvt. Steve Barber handcuffed Boston Sunday.

Los Angeles' surprising Angels gained sole control of the top spot at the end of the first week's play, taking the Twins 6-3 at Minnesota. Chicago blasted the A's 8-3 at Kansas City. New York at Detroit was postponed by cold weather, and the Washington at Cleveland doubleheader was postponed because of snow.

In the National League, Milwaukee won its first game of the year, beating the Los Angeles Dodgers 6-3. Cincinnati snapped a five-game losing string and handed St. Louis its first loss, 4-3. Pittsburgh defeated New York 7-2. Rain forced postponement of the second game of the scheduled Pirate-Mets doubleheader, and also washed out the Houston at Philadelphia doubleheader. St. Louis at Chicago was called off because of cold weather.

Only rampaging rookie Rich Rollins bothered Los Angeles' Eli Grba. Rollins, who is hitting .333, accounted for all the Twins runs with a three-run homer. His third, in the ninth, Bulky Steve Biko crashed two homers and Leon Wagner one for the Angels as they took a half-game lead atop the standings. Grba allowed nine...

hits, but was supported by four double plays.

Schwall allowed only three hits and struck out eight in seven innings, but was plagued with lack of control, walking seven. Jack Brandt drove in three Orioles runs.

Two on a double in the first. That was all the margin Barber, on a weekend pass from Ft. Bragg, N.C., needed. He spaced eight hits as the Red Sox left 12 on base.

Casper Wins By One In Greensboro Open

GREENSBORO, N.C. (AP)—"The Lord has been good to me this year," sighed bulky Bill Casper. He had just picked up \$3,300 first money by one shot over aging Mike Soutchak in the Greater Greensboro Open golf tournament Sunday.

In a finish reminiscent of Casper's come from behind charge on the closing holes three weeks ago at Miami, Fla., the Apple Valley, Calif., professional squeezed through by a stroke after being three down with six holes to play.

He shot a final-round 68, three under par, for a 275 total. Soutchak, out in the tournament's best line, 37, took 38 coming back for 69 and 276. He won \$2,400.

Casper played the last four holes in even fours, against muscular Mike's 5-3-5-4.

"It's a crazy game," summed up Casper, who now has won \$22,600 on tour this year and finished in the top five, winning twice, in five of the 10 tournaments he's entered. Both he and Soutchak are in the Houston (Tex.) Classic beginning Thursday.

Redoubtable Sam Snead closed his 69 (bird place at 278, win over 279) on a hole-in-one at 125,000 here since taking the 1950-51 title.

mid-40s. Only seven of the 68 last-day players broke par, with Casper's 68 the best score of the day. He and Soutchak were the only men to break par 71 every day.

Kennedy Not In Vindictive Mood

WASHINGTON (AP)—President Kennedy, having shown Big Steel who is boss, can be expected to deal tenderly with business in the next few months.

Although Army Gen. Robert F. Kennedy says a New York federal grand jury will continue its investigation of possible collusion on steel price increases which were later rescinded, the President is represented as not being in any vindictive mood.

The President, who felt he was kicked in the pants by the steel executives after he had helped get what he called a non-inflationary wage settlement with the Steelworkers Union, was said to feel that this is the time to be magnanimous in victory.

Beyond that, Kennedy obviously has no hankering for the kind of political vendetta with business that Franklin D. Roosevelt seemed to enjoy. He needs business support to attain several major objectives of his administration.

The most pressing of these, of course, is to get the economy rolling in higher gear so that it will absorb some of the unemployed and help dispose of this one of his most troublesome problems.

Seek Clues In Slaying

GILMER (AP)—Officers searched for clues today in the slaying of Mrs. Minnie Green, a widow who lived 14 miles northwest of here in Northeast Texas.

A neighbor, W. A. Pennington, found the body Sunday when he saw a light burning in her home and investigated.

County Atty. Ott Duncan said Pennington discovered the body in a field. There were signs of a struggle in the house and she had been dragged across the road, he reported.

Duncan said it appeared Mrs. Green had been dead since Friday night. Discovered the body in a field. There were signs of a struggle in the house and she had been dragged across the road, he reported.

Japanese Facing Poaching Charges

KODIAK, Alaska (AP)—The captains of two Japanese fishing boats have been arrested on charges of poaching in the latest fishing by the Japanese in waters claimed by Alaska.

The Ohtori Maru was escorted by the State Fish and Game Department vessel Teal and held under \$25,000 bond.

The Ohtori Maru is one of five catcher boats which Alaska officials say have been taking herring in Shelkof Strait for about two weeks. They are accompanied by a 5,000-ton mother ship, the Banshu Maru, with 123 persons aboard.

Officers also arrested the captain of the Banzhu Maru, along with two other crew members, and having registered the gear of boat.

Manasaki was charged with fishing commercially without having notified the state.

Superior Court Judge Edward W. Davis flew here from Anchorage Sunday to arraign Tadao and Hanayaki. He released them to their vessels on their promise to leave the area.

In Tokyo, a spokesman for the Taiyo Fisheries Co., which owns the vessels, said "We have ordered the fleet to operate at least five miles off the coast of the United States, two miles outside the accepted territorial water boundary. We are confident no violation is involved."

Alleged poaching by Japanese fishermen has been a hot issue in Alaska for at least 25 years. In 1938, the Alaskan delegate in Congress, Anthony Dimond, even suggested that the United States bomb Japanese fishing boats in Alaska waters.

Shelkof Strait, varying in width from 30 to 21 miles, lies between Kodiak Island and the Alaska Peninsula.

Gov. William A. Egan of Alaska said the strait "traditionally has been an inland body of water." He said it was regulated by the U.S. Fish and Wildlife Service before Alaska became a state.

Crisis Faced By Pianist

MIAMI BEACH, Fla. (AP)—The pedals fell off the piano two-thirds of the way through Rudolf Serkin's playing of Beethoven's Fifth Concerto before 3,000 concertgoers Sunday.

The famed pianist stopped and had conductor Fabien Sevitzky explain to the University of Miami symphony concert audience.

Then up, from the long-stroke stroke Israel Greenfield, Greenfield is a cellist, but also is a skilled piano tuner. With the aid of a couple of maintenance men and a hammer he fastened the pedals back in place.

Serkin got a big ovation when he sat down and played the concerto from the beginning—without technical interruptions.

Income Tax Return Flutters Down Drain

LEXINGTON, Ky. (AP)—R. W. Richmond saw his income tax return go down the drain literally.

He drove up to a curbside mail box at the post office Sunday and attempted to drop the envelope in the letter slot. He missed. The return went through a street grating and into a storm sewer.

Firemen retrieved it after a brief search.

Missing Italian Soldier Turns Up

NICASTRO, Italy (AP)—Every day for 22 years Anna Rocca placed flowers on the local tomb of the unknown soldier in memory of her soldier son.

Cesare Rocca went off to war in 1938 as a member of Benito Mussolini's black-shirt troops in Ethiopia. His last letter was written in June 1940. After the war the Defense Ministry ruled him lost and awarded Mrs. Rocca a monthly pension of 10,000 lire—\$76.

Over the weekend a letter arrived from Ethiopia, from Cesare to his brother, Vincenzo. Now 32, Cesare said he had married an Ethiopian woman and had two sons. He gave no explanation for his long silence but said he planned to come home soon to see his mother.
