MOVING TROOPS TO HANDLE STRIKE

Mayfield and Ferguson Picked for Opponents

Special to The Ledger:

DALLAS, July 25.—As returns from Saturday's election continue to come into election headquarters, Earl Mayfield and Jas. Ferguson continue to gain in pluralities for first and second place. Ferguson's gain over Culberson practically insures him to be in the run off against Mayfield, according to tabulations made up to noon today by the Texas Election Bureau.

Compared with Monday night's final figures the six candidates for senate added to their totals up to noon today as follows:

Mayfield	9,023
Ferguson	7,533
Culberson	5,066
Thomas	4,356
Ousley	1,980
Henry	1,041

The total accounts for 484,000 votes from 240 counties including complete reports from 53 of the counties and partial returns from the other counties, with several making no report up to this hour. It is estimated that there are about 150,000 votes yet to be accounted for, but it is not believed that these will change the final results of the standing of the candidates.

In the congressional race in the various districts Black in the first district has a lead of 3,000 votes off Cyclone Davis. Box and Burns seem certain to be opponents in the run off in the second district. Rayburn has a lead of 200 over Westbrook and is the nominee in the fourth district. Summers has been nominated in the fifth district defeating Bal-
low. Garrett has a majority of 10,000 over both of his opponents in the eighth district, and is nominated. Mansfield and Fly seem certain to oppose each other in the ninth district with Mansfield in first place. Connally has a five to one majority over Lewis in the eleventh district and is nominated. Guinn Williams has a seven to one majority over his opponents in the thirteenth district and is nominated. Cunningham and Hertzberg will probably be opponents in the run off in the fourteenth district, the race between them for first place being very close. Garner has a lead of 3500 over Briscoe in the fifteenth district. Blanton has two to one lead over Calloway in the seventeenth district, and probably be opposed by Calloway in the run off although Cunningham is a close contender with Calloway for second place.

For Judge of the court of civil

appeals in the third district J. K. Baker, of Coleman seems certain of second place with Blair of Bell holding first place. The tabulation shows Blair 10,055, Baker 8,103, Brady 4,250; Reetor 3,473.

For judge of the court of civil appeals in the fifth district the returns show Taylor 23,392; Tidwell 17,622; Jones 20,301.

A great many of the counties complete for United States are not complete for congress and other offices.

Special to The Ledger:

DALLAS, July 25.—James E. Ferguson was leading Charles Culberson in the race for second place by 17,783 votes on the first tabulation made this morning of returns from last Saturday's democratic primary election, making a gain of 1497 over the last tabulation made Monday night.

On every total tabulation since Monday at noon Ferguson had made a gain over Culberson. Partial returns from 188 counties and complete returns from 50 counties account for 462,000 votes. Thirteen counties containing probably 13,000 votes have made no reports. The unreported counties are widely scattered. The total unreported vote will probably amount to 180,000 more votes.

Compared with the last totals tabulated Monday night, the first tabulation today shows the following totals: Culberson 609, Ferguson 2106, Henry 485, Mayfield 2666, Ousley 653, Thomas 1407. The total for all votes received up to the time the first tabulation was made this morning, including this morning's tabulation is as follows:

Mayfield	126,867
Ferguson	100,411
Culberson	82,625
Thomas	70,229
Ousley	47,928
Henry	34,896

In the last one hundred thousand votes tabulated Ferguson made a gain of about 10,000 votes over Culberson, and Mayfield made a slight gain in his lead over Ferguson.

With the 180,000 votes yet to be accounted for it is possible for Culberson to pull up to second place, but hardly probable, and it is the opinion of political leaders that Mayfield and Ferguson will go into the second primary seeking nomination for United States Senator to succeed Chas Culberson.

Miss Myzra, Utt. of Dallas, came in Sunday and will be the guest of Mr. and Mrs. Sim Cot-telle for a week or ten days.

Mrs. Kate Cordill returned home Monday from a visit to friends and relatives at Fort Worth.

HARDING'S DR. BLOCKS AID FOR SICK SOLDIERS

By Associated Press
CHICAGO, July 23.—Brigadier General Sawyer, President Harding's personal physician and chief coordinator of the federal board of hospitalization, is standing in the way of proper care of the wounded and shell shocked veterans of the world war, Colonel Sprague, chairman of the American Legion National rehabilitation committee, charged in a letter to General Sawyer.

Not only is General Sawyer blocking proper care of the unfortunate soldiers, but he is holding up hospital plans voted for by congress, Colonel Sprague charges, in the letter which he wrote to Sawyer and which was made public today. The letter says in part:

"There are over four thousand mental cases still confined in contract institutions, and of the remaining four thousand fifteen victims of mental disorders only three thousand five hundred are in government institutions devoted entirely to treatment of such cases. While years have already passed since the war the veterans have not yet been provided for and continue to suffer for lack of treatment and care which in hundreds of cases would restore them to health. In the face of this suffering and these conditions among the wounded and shell shocked heroes of that awful war, the hospital program is being held up and changed to meet your approval. Stand aside and allow the program of the veteran's bureau go on with its work."

NEGROES TO START HOLINESS REVIVAL

The colored folks will begin a holiness revival in the Colorado River park this week, according to a notice given The Ledger of the meeting. The revival will begin Wednesday night, and there will be some good old time holiness preaching, singing and shouting, according to the notice.

R. W. Bruce left Monday afternoon for Galveston, where he claimed that he had important business to look after. Friends say that Mr. Bruce went for his annual summer dip.

Read Ledger "wants" column.

AUSTIN, July 25.—The strike situation looked more serious today, and developments indicated that five companies of National Guardsmen, which have been in training only a few days at Camp Mabry, would be moved to Denison tonight, the information, which is considered reliable, saying the troops would move under orders of Governor Neff. Governor declined to make any statement or comment on the report, or give out any thing concerning his plans for handling the strike trouble.

START WORK ON EXCHANGE

Carpenters are at work making the building ready for the Ballinger Cotton Exchange. The exchange will occupy the rear space of the Rogers-Higdon company building, or that part of the building known as the up stairs or upper deck in the rear of the building. The entrance to the exchange will be from the side door fronting the post office. A partition will separate the space from the main part of the building and the work of making ready the room will be completed and the fixtures installed by the first of August.

The contract between the members of the exchange and the operators provides for opening the exchange by August first, and the contract covers one year. Quotations on all cotton markets, grain, stocks, and other commodities usually handled on the exchange boards, will be received here. The business men are supporting the exchange with the expectations of making Ballinger a better cotton market, and the public can keep informed on the various markets.

The Ledger will carry the cotton market from time to time, especially reporting all sharp fluctuations.

FORMER BALLINGER PIONEER DEAD

News was received in Ballinger recently of the death of Newt Copeland. Mr. Copeland died in Lubbock, where he had been living for many years. Deceased will be remembered by the old citizens of Ballinger. He came here in the early days of the county and was engaged in business here, later engaging in farming and livestock raising. He improved the place North of the city now owned by W. T. Routh.

Miss Maggie Underwood is at home, returning Sunday, from a pleasant visit with former Ballinger families at different places. She visited the members of the W. J. Miller family at Hutchinson and Wichita Kansas, and stopped in Fort Worth for a visit with former Ballinger families who are now living in that city.

MUSKOGEE, Okla., July 25.—A Katy passenger train, carrying sixty-three men, en route to Denison to work in the railroad shops at that place was held here last night by federal authorities after a note, wrapped around a brick, had been thrown into one of the windows, of the coaches of the train, as the train entered Oklahoma City.

The federal authorities refused to make public the contents of the note, but broadly intimated that it contained threats against the lives of the men, if they persisted in continuing their trip to Denison to accept work in the shops there and fill places of the strikers. The train was held here all night under heavy armed guards.

SLATER, Mo., July 25.—Joe Ward, a non-union employee of the Chicago & Alton railway here today was seized by a party of men who carried him away from the shops and gave him a coat of tar and feathers. Ward was later found by a deputy sheriff and taken to a hospital in Kansas City.

DENISON, July 25.—Twelve Texas Rangers are on duty here and thirteen others are expected to arrive tonight. A full force will probably not be here before Thursday, according to Adjutant General Barton who is in charge of the rangers.

The rangers will be encamped in Forest Park in the heart of the city and only a few hundred yards from the Katy locomotive and car shops. The strike situation here is reported to be quiet with no new waves of violence reported.

AUSTIN, July 25.—Col. Lincoln, of Fort Sam Houston, assistant chief of staff of the Eighth Corps here conferred with Governor Neff last night concerning the strike situation at Denison where Mr. Neff has already ordered a company of rangers and placed them on duty.

The conference was arranged for at the request of the army of officers of San Antonio. Governor Neff stated five companies of National Guards had been ordered to Camp Mabry and were now in training and that strenuous training in guard duty was being given the troops.

CHICAGO July 25.—New railroad labor unions proposed by the workers will be recognized by the United States labor board whenever they come before the labor board in disputes, providing that they prove that a majority of their membership is then at work on roads affected.

WASHINGTON, July 25.—The railroad labor board remains the only agency through which the government can and will deal with the railroad strike situation, although President Harding is continuing to hold himself in contact with all actions which the board is taking, it was announced at the White House.

The administration, in the railroad strike as well as in the coal controversy, it is asserted, intends to proceed along lines fairness to all interests involved with the determination to maintain the dignity and majesty of the United States government.

ARE YOU A GOOD LOSER?

Now, that it is all over, how do you feel?

Are you a good loser, or are you harboring a grudge?

Of course this would be a pretty old world, if we could always have our way about things. But did you ever stop to think that the other fellow is some times entitled to have his way?

It is true that the best man for office is not always chosen. Politics are too crooked for that, and the voters to often let prejudice rule when they go to the polls. But a grudge will not remedy the errors. We must take our medicine and wait for time to right the wrong.

The good loser gets more for his money than the man who acknowledges that he is down and out. If you lost your vote—if your political hero failed to go under the ropes, you can only heap coals of fire upon your own head by grudging about it.

Too many people live in this world by the rule or ruin way of doing things. As long as they can be the big boss, or the cock of the walk so to speak, they are Johnny on the spot, all smiles and a hale fellow well met. Any kind of reverses will test their real worth to the community.

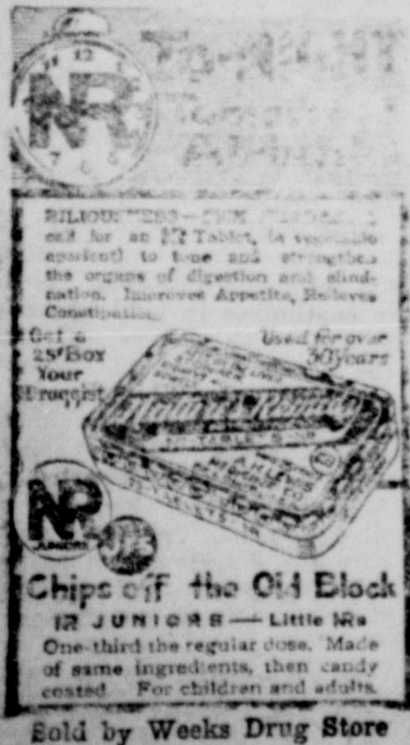

What the world needs is more good losers. What Ballinger needs is more people who will push and not lay down on the job because they can't be the tongue of the team.

CONCHO COUNTY RE-ELECTS OFFICERS

Special to The Ledger: PAINT ROCK, July 25.—Primaries in Concho county Saturday placed all county officers seeking re-election back in office and gave Neff a lead for Governor of only a slight margin. Ferguson easily carried the county for United States Senator, while Thomas was the citizen's second choice.

R. M. Miller was re-elected to the office of sheriff of the county, receiving 839 votes, while A. R. Holman, received approximately half that amount, 424. For County Clerk Miss Rosa Dunman was re-elected, receiving 719 votes, while her opponent J. A. A. Able was given only 458.

In the race for County Treasurer G. Houston was again elected as the keeper of the county's money, getting 777 votes, while H. G. Stephens, his opponent received 533.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from overwork: they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps, of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

NAZARENE REVIVAL CLOSED SUNDAY

The revival meeting which was held at the Church of the Nazarene the past twelve days came to a close last night. We feel this meeting has been a very successful one in many ways, and that much lasting good has been accomplished. The meeting was well attended each night, and the young people seemed to enter enthusiastically into the singing which was enjoyed by all. The largest crowd of the meeting greeted the pastor last night, when practically every available seat was taken. At the conclusion of the service an expression was given by most all in the form of a hearty handshake with the pastor saying thereby that the meeting had proven a blessing to them.

The pastor will leave tomorrow for Brownwood, where he will attend the District Convention of the San Antonio District, convening there from the 26th to 30th.

Our people are now looking forward with much interest to the oncoming Annual Assembly which convenes here October 18th to 22nd.

SURE TO HELP SICK WOMEN

Mrs. Baker, So Much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. EMMA BAKER, 310 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Baker and many, many other women.

Whereas, by virtue of authority vested in me as Trustee, named and appointed in a certain deed of trust recorded in Volume 17, Page 24, of the Records of Mortgages and Deeds for said County of Rannels, Texas executed and delivered to me on the 17th day of August, 1917, by William Schertz, for better securing the payment of one certain promissory note for the sum of Four Thousand Dollars (\$4,000.00), more fully described in said deed of trust, executed by the said William Schertz, payable to the order of Geo. E. Lenert, at LaGrange, Texas, due and payable on August 24th, 1920, bearing interest from August 24, 1917, at the rate of seven and one-half per cent (7 1/2 per cent) per annum, payable annually, as per interest coupons attached to said principal note and made a part of said deed of trust; said note also providing for ten per cent (10 per cent) additional as attorney's fees, if collected by suit, etc.; and

Whereas, the said Geo. E. Lenert is the holder and owner of said note, and the said William Schertz has made default in the payment of said note above described, and the same is now past due and unpaid, principal, interest and attorney's fees, by reason thereof, and as provided for in said note and in said deed of trust, there is now due on said note the aggregate sum, principal, interest and attorney's fees, of Four Thousand Seven Hundred Fifty-two and 22/100 (\$4752.22) Dollars, and whereas I have been requested by the said Geo. E. Lenert to enforce said trust, and to sell the property mentioned in said deed of trust, hereafter described for the purpose of paying the said note:

I will offer for sale, between the legal hours, to-wit, between the hours of ten o'clock a. m. and four o'clock p. m., at public auction to the highest bidder for cash, on the first Tuesday in August, 1922, the same being the first day of August, 1922, at the Court House door in the town of Ballinger, in Rannels County, Texas, the following described property, to-wit, with all the rights members and appurtenances thereto in any wise belonging:

141.75 acres of land, same being in three parts, as follows; all situated in Rannels County Texas.

First: 59 3/4 acres of land out of the Francis W. White Survey No. 370; Certificate No. 2173-2274, Abstract No. 498.

Second: 30.8 acres of land out of the Francis W. White Survey No. 370; Certificate No. 2173-2274, Abstract No. 498.

Third: 51.2 acres of land, situated in the upper or most Northwest corner of the Francis W. White Survey and being the same land heretofore sold by the G. C. & S. F. Railroad Company to Glover & Shaw by deed now of record in Volume 36, Page 216, of the Deed Records of Rannels County, Texas; the said land being fully described in the

said deed of trust above mentioned, to which deed of trust and record thereof, reference is hereby made for a more complete description; the said land is located on or near the Colorado River, on the Northeast side of the said river, on or near Elm Creek and a short distance to the Southeast of the original townsite of Ballinger; the same by which the said land is most generally known is the Glover Farm.

It seems expedient to me to sell said property together, and not in lots or parcels, and I will sell all of the said land together, and not in lots or parcels.

Witness, my hand this 5th day of July, A. D. 1922.

Goodrich

announces

new tire prices

—lowest cost mileage ever known

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—the Goodrich one-quality standard. It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Think of being able to buy

THE B. F. GOODRICH RUBBER COMPANY, Akron, Ohio

BUSY SESSION FOR Y. M. B. L.

The meeting of the Board of Directors of the Young Men's Business League Monday night was devoted principally to discussing the County Agent situation; the meeting of the Texas Highway Association; adoption of a resolution concerning the railroad strike; plans for the tourist camping ground, election of a new director; report of the White Way committee, and furtherance of plans for the County Fair and the District Assembly of the Nazarene Church.

It developed that Runnels County is about to lose her Farm Demonstrator unless the County Commissioners reverse a former decision and decide to assist the Extension Department in financing the work. Despite the success of the County Agents work thru out this state and the United States, the Commissioners say that it is not worth the money, tho the appropriation in this county would mean only five cents a year per capita for our population. Petitions from all parts of the County have been presented to the Commissioners asking them to finance the work, but up to this time they have declined to do so. A committee consisting of N. K. Freeman, Rev. Jo Mitchell and E. Shepperd was appointed to devise ways and means for financing the work and giving the Runnels county farmers the same advantages enjoyed by the farmers of other Texas counties.

Ballinger will likely be represented at the meeting of the Texas Highway Association in Galveston, August 4th and 5th, when plans will be laid for improving highway laws and looking to the building of a comprehensive system of connected highways in this state. Mr. Pirie stated that Texas had more miles of first class road than California, but that a tourist could not drive 100 miles in any direction in Texas without encountering an unimproved gap.

The league passed resolutions calling on the President and Governor to bring the strike to an end, and to keep the trains moving until the strike could be settled, in order not to interfere with the movement of the 1922 crops.

The Finance Committee for the Tourist Camp will complete the raising of funds this week for the improvement of the grounds near the old flour mill recently secured from the Santa Fe. Many prospective Fair visitors state that they want to camp there during the County Fair.

U. S. B. Baby was elected a director of the organization to succeed Ralph Erwin, resigned.

The White Way committee will meet with the City Commission at their next meeting, which will likely be held in a few days, to work out plans for financing and installing a standard system of lights in the business district.

The Trade Trip committees reported successful visits to five rural communities during the past two days, at which Fair advertisements were distributed and better relations established with our neighboring towns.

The Secretary reported that marking of the Gulf to Panhandle Highway would be completed this week, that 10,000 of the highway maps had been distributed over Texas, New Mexico, Colorado, Wyoming, California, Utah and other states.

M. C. Atkins told the Board that the U. S. Veterans Bureau had a large number of trained men seeking positions, and that the government would place these men and pay their wages for several months if the employer would agree to keep the ex-soldier if he proved satisfactory.

Biliousness and Constipation
"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieved the feeling at once, strengthened the digestive functions, helped the system to do its work naturally," writes Mrs. Rosa Pitts, Birmingham, Ala.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.
