Lyman-Roberts Name Changed

ARANSAS PASS — This Texas coastal city no longer has a "Lyman Roberts Hospital" — it's called the Coastal Bend Hospital Foundation now, and those connected with the hospital are reported to be "very excited."

The hospital officially underwent the name change last Thursday, January 22 — the latest step in the proposed construction of a new 75-bed, \$8 million hospital that will serve Aransas Pass and the surrounding area — including Aransas County.

When completed, the new 75-bed facility will replace both the existing Coastal Bend Hospital (formerly Lyman-Roberts) and Aransas Hospital.

The next step, says hospital administrator Ben Pate, will take place sometime this spring when, according to plan, Aransas

Hospital will be gifted to the Coastal Bend Hospital Foundation Inc.

Plans also call for the sale of the \$8 million in bonds that will pay for construction of the new facility. These will be revenue bonds and as such will not impose any tax burden on the people of Aransas Pass or surrounding area.

Bonds are expected to be sold by this summer and by late summer or early fall. [See HOSPITAL, Page 7]

Becky Werhan, La Donna Donnan On Pilot Staff

Becky Werhan, Pilot reporter, and La Donna Donnan in charge of circulation, are the two newest additions to the Pilot staff.

Becky, a Rockport native and third generation Rockportian, started to work for the Pilot November 19,

1980, handling circulation.

She moved into the news department early this month. She holds a bachelor of science degree from the University of Texas College of Communications and a bachelor of arts from the UT College of Liberal

Arts.

The daughter of shrimp-er F.G. Werhan, Becky worked on her father's boat for about eight months before coming to the Pilot. She is a 1975 graduate of Rockport-Fulton High School.

La Donna came to work in the Pilot's circulation department as Becky's successor, starting about two weeks ago.

She's also a native of Rockport and a graduate of the Aransas County school

system. Married nine years to James Donnan, an inventory specialist at RYSCO, La Donna has two children — both boys.

Prior to coming to the Pilot, she was employed at Western Auto.

Appraisal District Directors Hold Session

The Board of Directors of the Aransas County Tax Appraisal District held its first meeting of the year Thursday, January 22. Present at the meeting were Dan Shelton, Chairman of the Board, Secretary Charles Roe, Jr., Jack Groseclose, Chief Appraiser, Jimmy Hunt and Noah Cunningham. Absent was Vice-President Harold Shirey.

Approved by the board were plans to rent a new building to serve as the Chief Appraiser's office. The building selected, formerly a dentist's office, is located at 701 Allen Street, behind Duck Inn.

The building will be rented for 24 months at \$400 per month. At the end of that 24 month period rent will be adjusted to \$420 per month.

The motion to approve the renting of the new building was made by Noah Cunningham and seconded by Charles Roe.

Next on the agenda was the discussion of insurance for employees of the appraisal district. The possibility of a blanket liability policy was considered and Charles Roe suggested that in light of the upcoming move and new location, the board should "move with haste" toward a decision.

Unemployment insurance was approved by the board for employees of the district as was workmen's compensation. Groseclose presented the board with information about the Texas Association of Counties coverage plan by which the Appraisal District could obtain a 25% savings on workmen's compensation payments. The motion was made and passed to take the T.A.C.'s coverage plan.

The board also heard the financial report from Grose-

close. Revenue obtained in 1980 was \$32,933.33, \$21,942.62 was spent, leaving a balance of \$10,990.71.

Added to that balance were first quarterly payments for 1981 of \$44,944.16, resulting in a total of \$55,934.90, minus January expenditures of \$585.01, leaving a present balance of \$55,349.89.

After approving the financial report, the board considered the possibility of opening of a savings account for the funds. Due to the expenditures involved in the upcoming transition, the purchasing of Certificates of Deposit or the opening of a N.O.W.-type account was not deemed advisable. A basic savings account earning 5 1/2% interest was decided upon and approved.

Before concluding the meeting the board held election for 1981 officers. Noah Cunningham made a motion to re-elect the 1980 officers in light of their

excellent performance and achievements in the past year. Jimmy Hunt seconded and the motion was passed unanimously.

Only 4 Thallium Cases Confirmed

By Becky Werhan

Out of 21 suspected cases of thallium poisonings in Texas, only four have been confirmed, according to an investigating team that met in Sinton on Monday, January 26.

The team, made up of representatives from the State Board of Health, the Poison Control Center in Galveston and industrial hygienists from Austin, confirm that only Mrs. Jan Murphy, formerly of Aransas County, her husband, daughter and mother have thallium present in their systems.

Other suspected cases under surveillance in Texas have tested out negative or as poisonings of different types of metals such as lead and mercury. All heavy metal poisoning cases exhibit the same symptoms, a factor that made the task of the investigating team all the more difficult.

Charles Gilham of the Region 8 office in Corpus Christi said Monday that efforts to find the source of the thallium in the Murphys' systems will continue, as it seems evident that the poison must have come from something common to the whole family.

16 Rockport Students In All-County Band

Sixteen members of Rockport-Fulton Junior High Band were picked for the San Patricio All-County Band in tryouts held Saturday, January 24 in Aransas Pass.

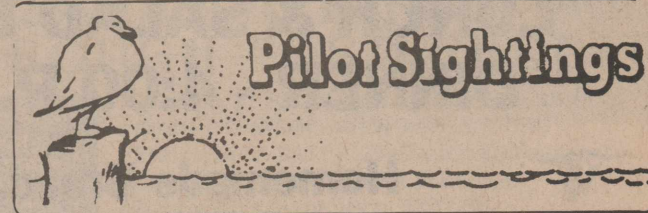

Thirty Rockport-Fulton students traveled to the tryouts to compete along with members from nine other area bands.

The 100-member All-County Band will perform

in concert in Gregory-Portland on February 21.

The 16 Rockport students gaining a place in the band are: Kristen Barnebey, Michelle Moon and Dahlia Dominguez on clarinet; Cindy Wolfe on contrabass clarinet; Cindy Schrusch, Jennifer Heldenfels and Lisa Castilla on flute; Bill Janota on alto sax; Audra Ballou on tenor sax.

Pirates Outrun Cottonpickers

By Bob Crawford

Coach Bobby Flanagan played his entire bench as his Rockport-Fulton Pirates glided past the Robstown Cottonpickers — by 58-50 — in a District 15-4A contest in Rockport Friday night.

The win pushes the Pirates to a mark of 12 wins and 11 defeats.

Pee Wee Solis led the Pirate offense with 13 points, but three other Pirates surpassed the double figure mark as Donnie Frels and Dennis Hull each found the range for 11 points, and James Walls hit for 10 counters.

The Pirates opened the first quarter with a running game, taking a lead of 18-10 at the first period's end. The lead grew to 11 points by the half as the Pirates were up 33-22.

The Pirates showed how well they could get into a running game on occasion as they took the rebound, hit the outlet pass, and then converted the basket on the other end.

Dennis Hull, Micheal Simmons, and Marty Davenport were particularly instrumental in getting the game going, and Solis and Walls took over on the other end.

As the game progressed, the Cottonpickers began to

shoot better, but they could not match the Pirates' running or rebounding game.

In JV action, the Pirates had their six-game winning streak broken in Robstown, 50-39. The Pirates could not get any consistency going at all.

The game was close at the half 19-18, but the Pickers expanded the margin in the last two quarters. The loss was the first district loss for the JV Pirates.

Robstown treated the Pirate Freshmen rudely as the Picker Freshmen dumped the Pirates 32-26. The Pirates could never get any momentum going. Jeffrey Dickerson was the high point man for the Pirates with eight points.

Lady Pirates Win

By Bob Crawford

Rockport's Lady Pirates put away the Lady Cottonpickers of Robstown 44-26 Friday night, January 23, in a district contest in Pirate Gym.

Robstown, although taller, couldn't penetrate the Lady Pirate defense as the Pirates claimed their 14th victory in 26 outings.

The Pirates started quickly by jumping into a 13-6 lead in the first period and then increased the margin to 24-12 at halftime.

Kim Foitik headed the Pirate scorers with 14 points, running her season's total to 374. Four other Pirate players contributed five or more points.

The Pirate JV ran into a low-scoring game, and then came out on the short end of a 22-19 contest.

The Ladies just couldn't get anything going against

Robstown. Michelle Willis was the top scorer for the Pirates with nine points.

The Freshmen Lady Pirates burned the nets and the Robstown Freshmen 49-12 behind the 18-point performance by Lee Anna Cassel and an output of 15 markers by Mona Cowen.

While the Pirates were scoring 26 first half points, Robstown could count only four.

Dominicans kill all hogs

The Dominican Republic, a Caribbean country with a population of 5.1 million, has had to kill all its hogs in a fight against African swine disease as a prelude to restocking with healthy pigs.

The government's decision to eliminate the entire swine herd was without precedent in the history of the Western Hemisphere.

Goliad On Record Course

"Both Stake races — the Texas Futurity Breeders Stake and South Texas Derby — will very possibly set new purse records," reports La Bahia owner General Manager Leonard H. Von Dohlen III.

"Continued receipt of late entries could result in our exceeding our earlier estimates of \$225,000 for the Texas Futurity and \$50,000 in the South Texas Derby," Von Dohlen added.

Through January 1 there were 199 entries in the Futurity with 191 remaining eligible. The Derby had received 62 entries with 59 remaining eligible.

Foundation Inc. -- has (as most hospitals have) a volunteer group of men and women known as the Lyman-Roberts Hospital Auxiliary.

They will change their name.

These people come from Rockport, Aransas Pass and Ingleside. There is no restriction as to where they reside.

Patients in this hospital come from every community -- Rockport, Aransas Pass, Ingleside, Port Aransas etc. That is why it's important for aides to come from every community -- especially Rockport.

The big question is "What is a male or female nurse's aide? What do they do? When and how much time do they have to donate? Do they have to know anything to start?"

A Volunteer Nurse's aide for Lyman-Roberts is a person who cares about people -- who will give a few hours of his time per week (they decide on what days and hours they wish to work).

They go to the hospital on a regular schedule and help the nurses -- just visiting with patients, talking to them when they are able to talk, rolling them to X-Ray Dept., getting them cool drinks or coffee, magazines, etc. Just doing what comes naturally for a sick person, but never doing the nurses' prescribed duties.

They also preside over the Auxiliary Desk in the hospital lobby.

They receive and deliver flowers and mail, sell coffee, candy, etc. from the bar, answer questions from visitors and relatives of sick people, see that they do not violate visiting hours.

They check on, and hook

up, the T.V.s when required by patients. These T.V.s are owned by the Auxiliary -- their principle source of revenue and rent for \$3 a day with bed speakers.

Now for the pluses of being a Volunteer. First that smile (when they are able) when you in your pink uniform (women) or white (men) slip softly into a room and introduce yourself, get acquainted and ask if you can be of any service.

Ninety percent of the time there is nothing you can do, but you have offered and your offer is appreciated.

Then you will probably run into a patient from Rockport. It doubly makes your visit worthwhile.

If they are in the hospital for a week or more you will see them and they will recognize you when you return on your regular date.

One day when I was traveling on the highway near San Antonio, we had to stop at a filling station as we had car trouble. Another traveller who had stopped for groceries came up to me and said, "Uncle John, do you remember me?"

Of course I was at a loss. He seen tells me, "I was in Lyman-Roberts Hospital a month or so ago with heart trouble. You were there in your white coat and were nice to me. I haven't forgotten you." This did happen and it was quite a thrill.

We have spent nearly every Thursday afternoon for the past three years being Pink Ladies (white men) and do recommend this outlet for you and yours. You will thank us for recommending this.

Phone us at 729-6177. WE NEED YOU!

Until now, the only place you could get a checking account was at a Bank. But not anymore. Now you can get a checking account at Olympic Savings but with one big difference: we pay you 5.25 % Interest.

IF YOU FORGET HOW MUCH OR TO WHOM YOU WROTE YOUR LAST CHECK, YOUR CHECKBOOK WILL REMEMBER. Forgetting to record a check can be embarrassing. But with an Olympic Savings checkbook you can't forget because every time you write a check you make a carbon copy.

Like any bank, Olympic Savings sends you a monthly itemized statement with the amount and date of each check and your balance. Our statement also shows the amount of interest your account earned. So why pay a bank to have a checking account when we'll pay you?

Aransas Wildlife Refuge Participating In Program

AUSTIN — Young people age 15 to 18 who would like to work outdoors in jobs that help conserve natural resources will have that opportunity this summer through the Youth Conservation Corps (YCC).

Jobs are being made available to youth throughout Texas through this program which is open to young people of all backgrounds and from all economic sectors, according to Sidney M. Wieser, executive director of the Texas Department of Community Affairs.

Locally, forms for enrollment in the program are available at the Aransas National Wildlife Refuge, P.O. Box 100, Austwell, Texas 77950, telephone 512-286-3559.

The YCC is similar to the Civilian Conservation

Corps of the 1930s. Wieser said, with those involved performing needed work on public lands such as the Aransas Wildlife Refuge.

Funded by the U.S. Departments of Interior and Agriculture-Forest Service, the YCC offers both residential and nonresidential projects. At the residential work encampments, the program provides food and lodging as well as round-

the-clock supervision.

In both projects, enrollees devote 30 hours per week to work at minimum wage of \$3.35 per hour, and

10 hours to environmental education. The 1981 projects will be coeducational and will last for approximately eight weeks.

Applications must be submitted by March 15 for the 1981 summer program.

Permit Requests

Navigation District To Dredge Little Bay

The Aransas County Navigation District has applied for a Corps of Engineers Permit to dredge in the salt water pool in Little Bay.

Proposed work is maintenance dredging and approximately 500 cubic yards of material will be removed by dragline to a depth of 4.7 feet.

The material will be placed on an adjacent upland area behind an existing bulkhead.

Comments for or against the project must be sub-

mitted to the District Engineer, P.O. Box 1229, Galveston, Texas 77553 on or before February 20.

Ingleside

Ingleside Dock and Fuel Company of Corpus Christi has applied to the Army Corps of Engineers for a permit to dredge a slip and construct a bulkhead and levees in the Gulf Intracoastal Waterway.

The company also proposes to place six mooring dolphins in the area which is approximately 2.5 miles southeast of Ingleside. The slip will be dredged to a depth of 14 feet.

Comments must be submitted to the District Engineer in Galveston on or before February 20.

Copano Bay

Terra Resources Inc. of Houston has applied with the Corps of Engineers for a permit to add an area of Copano Bay to an existing oil field development.

The proposed addition is State Trace 15, approximately 8.5 miles north of Rockport.

Comments must be submitted to the District Engineer on or before February 20.

HOSPITAL

[Continued From Page 1]

the building program is expected to get underway.

Once the new structure is 90 percent complete, Pate added, the old Lyman-Roberts building will be demolished and a third wing will be added to the new hospital facility.

Aransas Hospital will be left as is and will be converted for storage and parking, Pate added.

In addition to more beds, the new hospital facility will provide expanded surgical, X-ray, obstetric and emergency facilities and will include the most modern equipment.

"Everybody's really excited about it," Pate said.

Notice To Bidders

The Key Allegro Property Owners' Association would like to receive estimates for maintenance work on the community property areas listed below. These estimates/bids should be based on a monthly basis and can be submitted to Frank Durham [729-6799] or Mary Jean Brownell [729-7845]. We would prefer to secure one person to be responsible for all the work; however, anyone interested can prepare an estimate for one or all areas to be worked.

Mowing Areas

Island Entrance - bridge/tennis court area [this area to be beautified by the Garden Club in the spring].

Allegro House pool area and adjacent vacant lot.

3 cul-de-sacs [Luau & Sandpiper, Curlew & Bahama, Blue Heron Circle].

Maintenance Area

21 cul-de-sacs.

11 of these are presently in good condition with rocks and palm areas and need no attention. However, the other 10 require weeding, etc. In the spring the Garden Club will do some replacing of dead plants and then a watering program needs to be established. We do have a towable water tank to be used for this purpose.

Vacant Lot Mowing

Vacant lots need to be mowed twice yearly. This work to be paid for on a per lot basis. It may be possible for equipment to be leased from our former maintenance man.

Palm Tree Trimming

Approximately 60 trees on cul-de-sacs and entrance areas need to be trimmed once yearly. Fronds should be hauled away to dump area off island.

Eckhardt, Leland "Zeroes", Says Conservative Group

Washington, D.C. — U.S. Representative Bob Eckhardt (D-TX-8) and Mickey Leland (D-TX-18) each received zero percent ratings from a nationwide citizens action organization, for the first session of the 96th Congress (1979).

The group, Conservatives Against Liberal Legislation (CALL), also rated five Texas congressmen with 100 percent marks. They were James Collins (3rd District), William Archer (7th), E. "Kika" de la Garza (15th), Richard White (16th), and Tom Loeffler (21st.).

The CALL rating shows that the Texas delegation is generally conservative. Sixteen of the twenty-six member delegation scored over 75 percent.

"Eckhardt and Leland are simply out of touch with Texas," declared CALL Chairman Rhonda Stahlman. "Their zero ratings represent their anti-taxpayer, anti-defense, anti-family votes in Congress."

"Right down the line, Eckhardt and Leland have supported more taxes and less defense. They voted for more regulation of families, more regulation of individuals, more regulation of businesses. The whole country is being strangled to death by regulations, and they want more."

"Texans do not want higher taxes. They do not want a weaker national defense. And they do not want the government's hand in everything we do. Yet that's what Eckhardt and Leland have been voting for."

Stahlman, while blasting Eckhardt and Leland for their "antiquated" policies, had nothing but praise for Collins and the four other congressmen who scored 100's.

"These congressmen have done an exceptional job of representing their constituents," she said. "They have supported legislation that offers solutions to the problems created by liberals in Congress, like Eckhardt and Leland."

"We commend these conservative congressmen for their commitment to their constituents. It is not always easy to be a conservative in the thoroughly liberal environment of Washington."

Stahlman outlined the votes on which the Texas delegation was rated. The

votes were divided evenly among economic, defense, regulatory and social issues.

Congressmen Collins, Archer, de la Garza, White and Loeffler voted against the creation of yet another needless bureaucratic institution — the Department of Education. This vote was important. It was another example of the expanding bureaucracy in Washington. It symbolizes the government's desire to control our lives, in this case the education of our children.

"These five congressmen also voted to balance our federal budget. They voted for increased defense spending. They voted collectively against the giveaway of our Panama Canal, in the interest of our national security and of the stability of Central America."

Returning to Eckhardt and Leland, Stahlman accused the two congressmen of not attending to "the real needs" of their constituents. Eckhardt represents the industrial and working-class section of Houston, the 8th District covers the central part of the city of Houston, inhabited mainly by minorities.

"The people of Houston need jobs and opportunity. If Eckhardt and Leland were really concerned about the people they represent, they would vote to reduce their immensely high taxes. They would stop causing inflation by spending so much. They would support a measure like Kemp-Garcia to revitalize the decaying inner city areas."

"Instead, all you get from Eckhardt and Leland are more federal programs and more bureaucracy. The truly needy never benefit from the programs. Only the bureaucrats do."

As an educational organization, CALL devotes most of its time to legislative matters and to increasing citizen awareness of the voting records of members of congress.

"We simply want to make sure the average American citizen is aware of how his or her representatives are voting in Washington," Stahlman explained. "How many citizens really know how their congressman or senators voted in an important issue? Yet this is the key to knowing your elected officials."

Other members of the

Texas delegation rated as follows:

Senator Lloyd Bentsen, 50; Senator John Tower, 84; Rep. Sam Hall (1st District) 92; Rep. Charles Wilson (2nd) 80; Rep. Ray Roberts (4th) 60; Rep. Jim Mattox (5th) 50; Rep. Phil Gramm (6th) 83; Rep. Jack Brooks (9th) 36; Rep. J.J. Pickle (10th) 50; Rep. Marvin Leath (11th) 92; Rep. Jim Wright (12th) 33; Rep. Jack High-tower (13th) 83; Rep. Joe Wyatt (14th) 92; Rep. Charles Stenholm (17th) 92; Rep. Kent Hance (19th) 83; Rep. Henry Gonzales (20th) 33; Rep. Ron Paul (22nd) 83; Rep. Abraham Kazen (23rd) 75; Rep. Martin Frost (24th) 42.

Nominations

For Oil At 2.56 Million

AUSTIN — February 1981 nominations for the purchase of Texas crude oil total 2,567,731 barrels daily, the Railroad Commission's Oil and Gas Division reported today.

Purchaser nominations for January 1981 totaled 2,587,925 barrels daily. Comparable purchaser nominations for February 1980 totaled 2,653,720 barrels daily.

The Commission will set the February production allowances during the monthly statewide oil and gas production hearing at 9 a.m. Tuesday at the Quality Inn in Austin.

The statewide oil allowance for January is set at 100 percent of the maximum efficient rate with actual production to approximately 2,490,000 barrels daily.

The Oil and Gas Division reported final tabulations place purchases of Texas crude oil in November 1980 at 2,453,095 barrels daily, or 675,972 barrels daily less than nominations for that month.

Italy, which was a series of regions kept independent and sometimes hostile in a various duchys, has been a nation only since 1861, making it one of the newest in modern times.

And the regional differences are still mightily apparent. There is a change in

the physical cast of the people, in temperament and most clearly, in cooking.

There are vast differences in the cooking of Florence and Bologna, although they lie only 60 miles apart.

After attending cooking classes given by Marcella Hazan in Bologna and Giuliano Bugialli in Florence, I understood finally what is meant by the special pleasures of cooking as a loving

art and sociologically as a way of maintaining a civilized link between generations.

The recipes which follow were demonstrated, with participation from the class. Most are taken from Marcella Hazan's "The Classic Italian Cookbook" (Knopf). There is also a second book available.

If you are interested in exploring the classes in Flor-

ence or Bologna, here are addresses where information can be obtained:

For cooking in Florence with Giuliano Bugialli, write Mrs. Bernard Berman, 2830 Gordon St., Allentown, Pa., 18104.

For the Bologna classes with Marcella Hazan, write HAZAN, P.O. Box 285, Circleville, N.Y. 10919.

Here, then, are the recipes for the antipasti.

Wash and dry the mushrooms. Slice off the very bottom of the stems where they are dry.

Put the oil in a medium-sized frying pan and add the garlic. Saute the garlic over medium heat until it golden. Discard the garlic and add the mushrooms. Raise the heat and cook them quickly. Keep stirring them so they don't burn.

When the mushrooms

start to give up their juices, add the salt. When they are tender but still firm (about four to five minutes), squirt them with lemon, stir them well, add the parsley, stir again and take them off the heat.

Cover and refrigerate the mushrooms until serving. Serve them cold in their own oil. Serves six.

Although this recipe called for 20 medium ancho-

vy filets, I substituted a can of Italian tuna in olive oil since many tastes reject anchovy.

PEPERONI E TONNA

(Peppers and Tuna)

8 medium sweet red bell peppers (or use green)

1 can tuna packed in olive oil or 20 medium flat anchovy filets

Salt

Freshly ground pepper
3 tbsps. capers
4 cloves garlic, lightly crushed with a knife handle and peeled
Olive oil

Place the peppers under a hot broiler. When the skins swell and begin to char, turn them until all sides are blistered and slightly charred. Remove and peel the peppers while they are still hot.

Cut the peppers into lengthwise strips 2 inches wide, removing all seeds and the pulpy inner core. Pat the strips dry with cloth or paper towels.

Choose a dish that will layer the peppers four times.

Arrange a layer of peppers on the bottom. Layer either bits of tuna or four or five anchovies next.

Add a pinch of salt, a grinding of pepper, a pinch of oregano, a few capers and one

crushed garlic clove. Repeat until you have used all the peppers. Add enough olive oil to cover the top layer.

Put the dish, covered, into the refrigerator at least four hours or overnight. Remove the garlic after 24 hours. Bring the mixture to room temperature before serving and taste for seasonings. Serves six to eight.

Incorrect
Number
Delays
Refunds

AUSTIN, TX -- To avoid
federal tax fund delays,
persons who changed their
names last year, such as
newlyweds, should report
the new name to their local
Social Security Administra-
tion office to ensure that
the correct name and num-
ber match, the Internal
Revenue Service says, be-
cause the records of the IRS
must match those of the
SSA.

Incorrect Social Security
numbers and inaccurate ad-
dresses slow up processing
and this can delay federal
tax refunds.

Another good way to
guard against unnecessary
refund delays is to use the
peel-off identification label
provided with the tax pack-
age. If the name, address
or Social Security number is
incorrect, necessary chang-
es can be made directly on
the label.

1040A Can Save
Taxpayers Time

AUSTIN — Taxpayers
who can file a Form 1040A
federal income tax return
this year can save both time
and money by doing so, the
Internal Revenue Service
says.

Many taxpayers are
eligible to use the Form
1040A, so even those who
filed a Form 1040 last year
should check into the pos-
sibility of using the Form
1040A this year.

In general, Form 1040A
is for taxpayers with in-
comes of \$40,000 or less
and filing jointly; or in-
comes of \$20,000 or less for
all other taxpayers.

Income must be from
wages, salaries and tips
with not more than \$400 in
interest or \$400 in divi-
dends, and deductions can-
not be itemized.

Taxpayers who use Form
1040A will find it easy to fill
out. The entire form is
printed on one side of a
page. Calculations start at
the top and move down the
page, step-by-step, to the
bottom, where the signa-
ture goes.

In fact, many taxpayers
do not even have to calcu-
late their tax; the IRS will
do it for them. Just com-
plete the form to the line
that says, "If you want the
IRS to figure your tax,
please stop here and sign
below."

IRS officials cautioned
that the return must be
signed. Both spouses must
sign a joint return.

The IRS will figure the
tax in the way most bene-
ficial to the taxpayers, in-
cluding doing the Earned
Income Credit if the tax-
payer qualifies.

Marine Engineering from
the University of Michigan.
