A NARROW ESCAPE!

How it Happened.

The following remarkable event in a lady's life will interest the reader: "For a long time I had a terrible pain at my heart, which fluttered almost incessantly. I had no appetite and could not sleep. I would be compelled to sit up in bed and belch gas from my stomach until I thought every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I couldn't sweep a room without sitting down and resting; but, thank God, by the help of New Heart Cure all that is past and I feel like another woman. Before using the New Heart Cure I had taken different so-called remedies and been treated by doctors without any benefit until I was both discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sleep well. I weighed 125 pounds when I began taking the remedy, and now I weigh 136½. Its effect in my case has been truly marvelous. It far surpasses any other medicine I have ever taken or any benefit I ever received from physicians."—Mrs. Harry Starr, Pottsville, Pa., October 12, 1892.

Dr. Miles' New Heart Cure is sold on a positive guarantee by all druggists, or by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles $5, express prepaid. This great discovery by an eminent specialist in heart disease, contains neither opiates nor dangerous drugs.

Mr. H. H. Andrew authorizes the PROGRESS to withdraw his announcement as a candidate for city marshal, in view of the fact that he is opposed to making a personal scramble for the office among a number of candidates. Mr. Andrews had many friends who opposed his taking this step, but he has done so and left the field for the two remaining candidates to contest.

In this issue of the PROGRESS appears the announcement of Mr. Grant Holden as a candidate for election to the office of constable of the Dublin precinct. Mr. Holden is a strictly law and order man, and would make a good officer.

COXEY AND HIS ARMY.

The March of the Unemployed Toward Washington.

GEN. FREYE'S TEXAS BRANCH

Is Slightly Demoralized but Still in the Ring.

ALLIANCE, O., Mar. 27.—Twelve miles of the longest free lunch route on record was mapped out today for the Coxey caravan. January weather was also on the programme, but the sympathy of the people along the line of march is making it possible for the men to progress without any particular hardship. They were cheered this morning by sausage, ham, dry bread and black coffee. The health of the marchers has been remarkably good considering their experience. Meals that were irregular when they were provided at all and sleeping on frozen ground with a scant covering of straw is not ordinarily considered conducive to a man's physical well being.

At noon the commonweal arrived at Maximo, the capital of Washington township, having marched through a light snow fall. The march is conducted at the rate of about three miles an hour, and at the end of most every mile a halt is called to rest the men and horses.

The army arrived in Alliance tonight footsore and weary, and at once set out on an expedition to secure something to eat. Gen. Coxey went to Chicago to-night to return to-morrow; his departure has caused rumors that the expedition is about to collapse. Unless he is ruined financially some sort of procession will certainly reach Washton.

GEN. FRYE'S TEXAS DIVISION.

SIERRA BLANCA, Tex., March 28.—The United States industrial army from California reached this place March 26 shortly after daybreak and straggling fragments of the army kept dropping in until noon. Some of them, faint from hunger and exposure, were picked up along the line and carried in by their comrades. The citizens of Sierra Blanca at once raised a purse, purchased a beef and 400 pounds of flour, which made one good meal for the famished horde. Many were so weak from abstinence from food that their stomachs would not retain the food and were compelled to disgorge that which they had so ravenously devoured. On the following day after a fair night's rest in refrigerator cars the men were feeling better and all in very good spirits. Judge Beckham of El Paso contributed $25 for their relief and another ox was bought and they had their second feed in Sierra Blanca. Gen. Frye made an effort during the day to get his men to leave town on foot, but the effort was futile, although the men obeyed his every command in other respects, but this they refused to do positively, claiming that they would die of thirst if it were attempted. General Frye planned boarding a Texas and Pacific eastbound freight and had his men all in line waiting the arrival, when he received assurance from El Paso people that arrangements would be made to get them out of the desert to-day, and the same have been completed and the pilgrimage of the industrial army through the desert will soon be a matter of history only. The men are gentlemanly and well behaved. Among them are ministers, lawyers, merchants, mechanics and laborers of all classes, and for half-famished men the good nature which prevails is remarkable. At this writing the arrival of the Southern Pacific No. 19, which brings them the long-looked-for provisions, they not having had more than a few morsels each all day, is looked for at 10 o'clock.

IN A STARVING CONDITION.

San Antonio, Tex., March 23—The situation at Sierra Blanca, where the industrial army is camped is critical, and growing more threatning each hour. General Frye has returned to the army and is again in command. Members of the army have been without food for three days, and they are in a starving condition. Many of them are so weak that they cannot walk, and their attitude has become so threatening that the Southern Pacific officials fear that they will commence committing depredations at any time unless removed from the place. General Frye advocates good order, and will use every effort to restrain them from committing any overt act which might get them into trouble with the authorities.

A delegation of 200 members of the army took possession of an east-bound Texas & Pacific freight train last night, and are on their way to Texarkana. The people of El Paso have raised a sum of money sufficient to pay for a train of seven cars with which to haul the remaining 500 men to San Antonio. The train will leave Sierra Blanca either late to-night or early to-morrow morning, arriving here some time Thursday. If they come here as paid passengers the police authorities will not attempt to keep the army together and have them fed.

GOV. HOGG TAKES A HAND.

A red hot correspondence has been going on by wire between Gov. Hogg and General Manager Krutschmitt, of the Gulf, Harrisburg & San Pntonio relative to the transportation of the army. Hogg says among other things: "As your company and the other that is dominating it, has brought these men into Texas and left them at Finley or Morton in a desert where they are being murdered by starvation and exposure, you must carry them out or transport them to some place of refuge. You are given a reasonable time from this date to do your duty in the premises, or failing, take the consequences from the State of Texas. This state will not submit to such wholesale murder of human beings on her soil without testing the company's life and every right claimed by it under Texas laws."

General Manager Kruttschnitt telegraphed Governor Hogg denying that his road had voluntarily hauled them into Texas and therefore would not haul them through the state, though he agreed to take them back to El Paso and no further. To this Gov. Hogg replied: "You are advised that the State of Texas stands by its notice to you of yesterday and will not multiply words on the subject."

ARMY AT ALLIANCE.

Alliance, Ohio, March 28.—The soldiers of the Commonwealth army passed a comfortable night but did not start till 10 o'clock this morning when several recruits came in. Food is plentiful. The next stop will be at Salem, thirteen miles away. The roads are very rough after yesterday and the freeze last night will probably cause some delay in the march.

GEN. COXEY IN CHICAGO.

General Coxey attended a horse sale at the stock yards here today. He sold several horses for $450 and had expected $1000. At the conclusion of the sale he was greeted by loud cheers and and called for to speak, which he did, scoring existing circumstances and charging hard times to a lack of money.

INDUSTRIAL ARMY NOTES.

Wednesday night an appeal was gotten up by the citizens of El Paso asking aid for the army and published in the morning papers. The result was that yesterday evening about $200 of provisions were forwarded to them by express.

Late Wednesnay evening arrangements were completed with the G., H. & S. A. by which a train was sent down to take Frye's army to San Antonio. The train left El Paso at 7 o'clock.

At Buffalo, N. Y., when a straggling lot of Coxey's army arrived and asked for a night's lodging they were promptly arrested as tramps and jailed, tried and sent to the penitentiary. About fifty were thus disposed of.

Murderer Captured at Stephenville.

STEPHENVILLE, March 28. — On Tuesday evening, March 20, John English and John Willingham, two young men from this (Erath) county, rode into the town of Graham, Young county, and were approached by Sheriff H. C. Williams and Liveryman J. T. Horton whose suspicions had been aroused by the actions of the parties that there was something wrong with them. Willingham mounted his horse to ride away when the sheriff ordered him to stop. At this moment English shot Horton dead, and both began firing at Sheriff Williams. The sheriff returned the fire putting a ball through English's hat and cutting a furrow in the side of his head. Both outlaws then fled, leaving the sheriff in possession of their horses and saddles. English was attacked by an officer in Jack county the next day, but refused to surrender and shot several times at the officer and escaped. Willingham was captured on the 22nd in Jack county and carried to Graham jail. The officers learned from Willingham where English would go. So two men were sent to this place with our officers and guarded the house of James and Robert English, ten miles southeast of here, who are cousins of John English.

On the evening of the 24th they received a telegram from Palo Pinto stating that he was captured. So they quit the hunt, but next day the sheriff wired Sheriff Shands that it was a false report and that English was mounted and coming this way. He had stolen a horse and saddle from H. C. Sheets near Palo Pinto on the evening of the 24th. Sheriff Shands dispatched Deputies Freeman and Fulkerson and Constable Lawson at once to guard the house of the English brothers below town, and he, accompanied by Joe Williams went to the house of Mrs. Willingham, (mother of John), who resides in Stephenville, thinking English would come there. The sheriff intended to secrete himself in the house and capture English when he came in, but English had beat them there and was already in the house. When they arrived there was no light in the house and the sheriff could not tell where the man was located, so he dispatched Joe Williams to gather a posse of men and he guarded the house for more than an hour alone until assistance arrived, when he demanded English to surrender, which he refused to do and sent word that he would never be taken alive.

The sheriff stationed the guards around the house and held him until daybreak, when he got Mrs. Willingham to go again and tell him he demanded his surrender. He again refused and the sheriff notified him that he would burn the house down at once if he didn't give up. He finally came to the door and asked for Sheriff Shands, and said he would surrender as he was not prepared to fight so big a crowd. Messrs. John Fooshee, W E Taylor, Wm Nugent and T J Wilson were on that side of the house and told him that Sheriff Shands was there, whereupon he handed up his pistol and surrendered. He was taken to Graham on the 26th by Officers M A Wallace and Wm Clark.

Sheriff Shands has learned since their arrest that these two men are the same parties who had a fight a few weeks ago at Sullivan's crossing on Clear Fork of the Brazos, near Abilene, with Sheriff Cunningham of Taylor county, and two officers from Jones county. He has also ascertained that the two horses captured from them at Graham were stolen near Baird, and that they are also wanted in Greer county for theft of cattle. He has succeeded in finding the whereabouts of a $30 saddle stolen by them from Eugene Wylie, five miles from Stephenville.

There are various false reports now in circulation as to the manner in which English was captured, but the above is a correct statement of the affair.

MASS CONVENTION.

A mass convention of the people's party is hereby called to meet at the court house in Stephenville, on Monday, April 23rd, at 11 o'clock a. m. The objects of the meeting will be, 1st, to select delegates to represent Erath county in the State Congressional and Senatorial convention of the people's party. 2nd. To determine whether, in the event other parties make nominations for county officers, our people will also make nominations. 3rd, To elect a permanet county chairman, because I, myself, being a candidate, think it proper to resign the county chairmanship, which I will do at our convention.

All voters who believe in the reciprocity of reform and relief, as advocated by the people's party, or who have something better to propose, are cordially invited to attend. Such speakers as Judge Nugent, Cyclone Davis and Col. C. H. Jenkins will be present and address the convention.

Douthitt, Leggett & Co.

This excellent firm, who are dealers in saddlery, harness and all kinds of leather goods, have lately moved into the store building on the corner of Patrick and Elm, opposite S. S. Davis, where they have the only exclusive leather house there is in Erath county. They carry everything in their line and a good full stock of it. They do not propose to sell at cost but you can put it down in some convenient place that they all the time discount the prices of their competitors. They invite you to see their stock and get psices.

Among the new Populist publications started in the past week may be mentioned the Pathfinder, Washington, D. C; Morgan's Buzz Saw, Hardy, Ark; Herald, Colorado Springs, Col; Anti-Vivisection, Aurora, Ill; Kentucky Populist, Paducah, Ky; Virginia Pantocrat, Vicksburgh; Evening News, Omaha, Neb; Rodhoggeren, Fergus Falls, Minn; Sentinel, Deighton, Kas; Leader, Portland, Oregon; State, Oklahoma City; Horticulturist, Grand Junction, Col; Progressive Citizen, Houston, Texas; Globe Review, Ashland, Cal; Banner, Louisville, Ky; Tribune, Stephenville, Texas; Our Church, Salina, Kas; Expositor, Canisville, Mo., and the Tax Reform, Chestertown, Md.

President Cleveland has not yet taken any action in regard to the signing or refusing to sign the seigniorage bill. He has, however, suggested changes in it and the general opinion is that if he does sign it, it will be after it has been robbed of all its virtues.

Cyclone Davis will likely be nominated a candidate for congress in his district.

ENCAMPMENT VISITORS.

Today's issue of the PROGRESS is the last that will be printed until after the Grand Encampment and Reunion of next Tuesday, Wednesday and Thursday. In behalf of citizens the PROGRESS extends a hearty welcome and an unlimited freedom of the entire city during your stay. Gentlemen, we hope your stay among us may be a pleasant one, and our utmost endeavor shall be exerted to make it such. If there is anything you want that you don't see, ask for it.

The Populist county primary convention of Delta county will be held on the 2nd of June.

Several new students have entered the college this week, among them W. R. Crawford, of Blum, and F. P. Kennedy, of Dublin, both old students.

Hon. Chas. Jenkins, of Brownwood, is admitted by democrats and Populists alike to be one of the best orators and brainiest men Texas has ever produced.

Cyclone Davis and County Attorney Gibbs of Palo Pinto county, held a joint discussion at Gordon last Monday. The cyclone, as usual, swept everything.

The Jeffersonians are gaining strength in nearly every county in the state. If the agonized have any tears they had better prepare to shed them.—Alliance (Miss.) Age.

Ex-Governor Hubbard says in regard to the "harmony" meeting at Dallas: "I am well pleased at their action" Nothing surprising about that when you come to think the ex-governor is ambitious for pie.

Single Speech Jenkins has caught the sound, "let the office seek the man," and now says with emphasis that he is not in the race to beat C. K. Bell. But Cholly would weep over his disappointment for many moons should the office fail to find him.—Round-Up.

The office will not fail, Frankie; you may bank on that. Col. Jenkins will be in line at the roll call of the next congress.

Already the "harmony" gang have commenced their music and general wrangle over what they did or did not do at the Dallas meeting. A. B. Colquitt, of Terrell, is the first among them to use the public prints to deny having voted for the endorsement of the administration. It's an utter impossibility to properly place the action of a democratic convention or mass meeting. Their condition requires that all their actions be couched in language that can be either denied or affirmed, so as to suit the convenience of the different districts, sections and occasions.

MRS. LEASE SAYS.

Mrs. Lease says that Governor Lewelling, of Kansas, ought to be put in prison for life for calling out the militia last year during the session of the legislature. She says that Governor Waite, of Colorado, too, made a mistake in calling out the militia last week. These are two populist governor. If populist rule brings such dire trouble as it has in these two instances, the less we have of it the better.—Stephenville Empire.

Yes, friend Empire. Mrs. Lease has a great many foolish things to say, and the Empire should make special arrangements to get all her "sayings." In the meantime the populist patriots and Governors Lewelling and Waite will go marching grandly on.

Sheriff's Sale.

STATE OF TEXAS, }
COUNTY OF ERATH. }

By virtue of an Execution issued out the Honorable District Court of Erath county on the 15th day of February, 1894, by the Clerk thereof in the case of Funck & Hertzler vs. J. H. Latham and Company, No. 1384, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in April, A. D., 1894, it being the 3rd day of said month, before the court house door of said Erath county, in the town of Stephenville, the following described property to-wit: The south one-half of Lot No. 6 in Block No. 6 of Bishop's Addition to the town of Dublin, Erath county, Texas. Being part of the Wm. Thomas survey. This is part of the lot on which the J. H. Latham two story stone building is situated, and this levy is also made on the south room of said building, which is now occupied by the Dublin Mercantile company as a place of business. Levied on as the property of J. H. Latham to satisfy a judgement amounting to $2031.79 in favor of Funck & Hertzler and cost of suit.

Given under my hand, this 8th day of March, 1894.

N. J. SHANDS, Sheriff.
By F. W. FREEMAN, Deputy.

Put down anarchy and the causes which produce it. It is daagerous. The way to put it down is to first put down the plutocracy that labels itself democracy. Thus kind of "ocracy" working the gillotine and and gallows breeds anarchists faster than they can dispose of them.

SHAKESPEARE

What Mr. Smith Thinks He Would Have

Said About Hood's Sarsaparilla

"Had Shakespeare lived here and suffered as I have, I think he would have said, Throw away all medicine except Hood's Sarsaparilla. As an Englishman, coming to this climate, I have felt the heat very much. In the spring I felt as if I had all the care and anxiety of America on my mind. I got one bottle of Hood's Sarsaparilla and after I had taken it I felt as if I could undertake

The President's Duties.

Last month I had a return of prickly heat; it seemed impossible to stand up or lie down without almost tearing myself to pieces. I then got one more bottle and it has not only cured the heat but I believe it put my blood

in good condition. I advise all to take Hood's Sarsaparilla in the spring and fall." GEORGE SMITH, Uvalde, Texas.

The Rock Island Railway Co. is noted for the persistence with which its officials try to induce immigration and build up the country through which its lines run. This company has a thoroughly organized department for this business and has, for the past few months, been working for Texas, the result of which is that several hundred substantial farmers from Iowa, Kansas and Nebraska have become citizens of the Lone Star state. The last issue of the "Western Trail," a newspaper published in Chicago by the Rock Island is almost entirely devoted to Texas, and contains much information as well as numerous cuts engaged from actual photographs, taken by its editor while recently here. If you desire a copy of this paper mail a postal card to J. C. McCabe, G. P. A., Fort Worth, Texas, giving your address or any of your friends you think would like a copy. 43-4t

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box of Bucklen's Arnica Salve cured him entirely. Sold by Dublin Drug Co. 3

A GROWING NECESSITY.

We find some democrats who are opposed to Clevelandism and yet hope for democracy.

They say it would be well for democrats at the South and West to vote for the people's party at the elections of 1894, arguing that if the South endorses the course of the party under Cleveland that at next presidential campaign another New England goldbug will be nominated; but if a rebuke is given in 1894 by letting the populist in, that the democrats in 1896 will nominate a western man.

Give us a chance, boys, on this line, and when once in we will do so well that you will all go along eternally with us.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in his house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., Says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottle free at the Dublin Drug Co. Regular size 50c. and $1.00. 3

The Ex-Union and Ex-Confederate soldiers will hold a grand reunion at Dublin, Texas, on the 3rd, 4th, and 5th of April. A grand time is anticipated, as the plucky little city always hangs its latch-string on the outside on such occasions.—Coke County Rustler.

MARCH, APRIL AND MAY

Is the Season for Catarrhal Dyspepsia—The Blood Must be Cleansed.

The symptoms of catarrhal dyspepsia are: Coated tongue, pain or heavy feeling in the stomach, sour stomach, belching of gas, dizzy head, sometimes headache, despondent feelings, loss of appetite, palpitation of heart and irregularity of the bowels.

For this condition Pe-ru-na is found to be an admirable remedy. In all cases it brings prompt relief to the painful symptoms, and in a large per cent. of the cases it makes a permanent cure. Peruna soothes the inflamed mucous surface, and thus strikes at the root of the disease. In cases where the inflamation has been so severe and continued as to produce extreme irritability of the stomach the remedy may be taken in small doses at first, diluted in water; but, as soon as the improvement is sufficient to permit a full dose to be taken undiluted, it is a better way, and the cure is much more rapid. Peruna is also a spring medicine which at once removes the cause of all affections peculiar to the spring season by purifying the blood of all contaminations and invigorating the whole system.

Two valuable books—Family Physician No. 2, setting forth in detail the treatment of catarrh, coughs, colds, sore throat, bronchitis and consumption, in every phase of the disease, and Family Physician No. 3, on spring remedies and diseases—will be sent free to any address by the Pe-ru-na Drug Manufacturing Company of Columbus, Ohio.

The Pollard-Breckenridge scandal still occupies far too much of the space of the daily papers. The latest reports give accounts of the former tarnished character of Miss Pollard and altogether the case has taken a decided turn in favor of the colonel, though his case cannot be otherwise than condemned.

Cyclone Jim Davis addressed the Populists at the opera house Saturday night. He rounded up the two old parties in "his own peculior style," and to the entire satisfaction of his Populist friends. Hon. L. N. Frank and Mr. Lee Young have associated themselves in the practice of the law. Their card will be found in this issue of the PROGRESS. Both these gentlemen have been engaged in the practice for many years in this county and we do not need to do more than mention the fact of their association.

OVER THE COUNTY.

SALRT BANCH.

We had a magnificent rain and hail on the 17th instant. The sprits of the agricultural contingent were being rapidly elevated by the gentle rain but received a severe blow from the aforesaid hail, some of the stones being of the size and shape of a large hen's egg.

The farmers have finished planting corn.

W. M. Case is cultivating his farm this year.

T. W. Archer and Frankie are visiting friends in Comanche county this week.

BLUFF DALE.

The cold snap has done considerable damage to fruit and crops.

We learn that Mr. Bostain, of this place, borrowed a horse of J. A. Ducket to ride a day or two and then gambled the horse off. Mr. Duckett recovered the horse and saddle.

The writer was at Rocky Point on the night of the 24th, where he had a nice time. After taking supper with the old "wheel horse" Third party man, J. D. Jackson, we proceeded to the school house, where we found a good crowd, among whom were several liberal-minded democratic friends. We have reason to believe the number of democrats at Rocky Point who will vote for their own interests instead of party name is increasing.

PLEASANT HOME.

Health of the community is tolerably good.

Farmers are all about up with their work and we think some are a little ahead. The early bird gets the worm but the bird gets there before the worm this time and he would not object to his corn being in the barn instead of in the field.

Oats are not looking so well on account of the cold weather.

There is a larger acreage of oats this spring than for many years in this community.

Wheat is looking well but is very scarce.

We had a people's party meeting, but are unable to give any particulars at present.

J. M. McArthur had a good horse to die one day last week.

CHALK MOUNTAIN.

The fine spring weather which has gladdened our hearts for some time past terminated abruptly, and for the last forty-eight hours old Boreas has been ripping and snorting over the prairies at the rate of 'steen miles per hour.

The vegetation looks rather down in the mouth, as if suffering from a bad cold. Can't tell yet how much damage has been done.

Our school closed last Thursday. It has been a grand success from the very moment of inception up to the present time. Seventy-five pupils were enrolled, and during the entire session not one of these model pupils received a castigation, a most remarkable circumstance never before known in the academical annals of this vicinity.

The health of this section is good.

I would like to see the name of Isaac Pipes before the people for county clerk and H. L. Clark for representative. My last should have said William Martin's child died.

ST. GEORGE.

Oats are looking fine.

Corn has all been planted, but it were better for the seed to be back in the crib or between the upper and nether millstones, as the sprouted corn looks very much "under the weather" and seems to be in urgent need of warm sunshine in liberal doses.

It is feared that the fruit crop and gardens are ruined beyond redemption.

The writer was one of the audience that greeted Hon. J. J. Eager at Mt. Airy last Saturday evening. Mr. Eager was at his best and delivered a splendid address on the silver question which was received with thunders of applause from his highly intelligent hearers. He spoke at some length and discussed the question in all its bearings, denouncing the present plutocratic administration in a highly satisfactory manner. His illustration of the cow with her eating utensil in the South and her milking apparatus in the North and East, was a very apt one; representing the poor producers of the country working in the interest of the bloated bond-holders. At the conclusion of his speech a club of fourteen members was organized and it is thought that the people's party will carry Mt. Airy by a large majority.

We have a club organized at St. George but it is not in a very flourishing condition. We are grievously in need of some one to come into our midst to speak in the good cause. We are satisfied that much good could be accomplished and that the result would be a bountiful harvest of votes this fall. There are several of our citizens who are a little weak-kneed in the cause at present but they are all right at heart and on election day will loom up like a stone light-house in a fog to cast a vote in behalf of the wealth producers.

We regret to hear of the death of Bro. Bob Shelby's little girl. May the good Lord comfort the bereaved parents. Their loss is the child's gain.

DESDEMONA.

This is Easter Monday, and a cold east wind is blowing that makes us hunt the warm corners.

We believe everybody is about through planting corn.

There are some grave doubts as to the fruit, as we had considerable ice this morning.

Last Wednesday our town was flooded with drummers, so you see the wholesale men look for better times ahead.

The Populist club held a meeting last Thursday. Esq. Daken, of Eastland, was present and made a short talk.

H. M. Lightfoot and Mick Murchinson, of Eastland, were in town Friday looking after the delinquent taxes.

In the justice's court last week only one case was tried, the balance being continued. We noticed some Dublinites present, but can't give names, as we fonnd no acquaintances.

Mrs. Rich and Mrs. Crowder started last Friday for Los Angeles, Cal., the home of the former.

Barney Davis and Mr. Crowder were in Eastland Friday and Saturday.

Mr. Bun Martin returned from Waco Friday, where he has been attending Hill's business college.

Mr. Dow Boling's residence was discovered to be on fire this morning, and at the sound of the alarm the bucket brigade responded promptly and had the fire out in a few minutes. Damage slight.

Born to Mr. and Mrs. Bevil on the 26th inst., a boy.

DUFFAU.

This precinct was visited by a sand storm this week.

We have had a severe freeze for three successive nights. Corn is killed to the ground, and may have to be planted again, and if so, it will be a great loss as seed corn is hard to get.

On account of bad weather Hon. T. B. King did not speak at Duffau on the 17th as announced, but we will have him to come down soon.

Hon. E. E. Davis will speak at Duffau on April 7 at 2 p. m.

The "Empire" says the democrats in the Duffau precinct are determined to elect a democrat justice of the peace this fall, and that he will watch this precinct with a great deal of interest.

Yes, Mr. "Empire," keep your eyes on the Duffau precinct, and if you can't get your eyes on it just put your ears to the ground and listen, and about election time you will "hear something drap" down in the Duffau precinct. As the populists are largely in the majority in this precinct the democrats will have to do some *good counting* to elect a man.

As the time for holding the primaries and conventions draws near the people are beginning to inquire as to who are suitable men to place on the ticket for county offices.

Mr. Ike Pipes has a great many friends in the southern part of the county who are inquiring about him, and insist that his name shall again be on the ticket. It is understood that Mr. Pipes is not a candidate, but the people are not very particular whether a man is a "candidate" so he is a suitable man.

LIVE OAK.

Inspired by the lovely spring-like weather which was prevailing when we last wrote, and feeling a tingling in our veins, as if the divine muse had suddenly seized us, we could not resist the temptation of "drappin' into poetry," and snatching up our "express," we dashed off the following in about thirty minutes:

O, the sweet and balmy breezes,
How they whistle through the treezes.

And here we had to stop as our thinking apparatus had slipped a cog, and while trying to get the machinery again in good repair, the wind whipped around to the north and it looked as though our hopes were blasted, and in our mental aberration, we resumed our task with the following lamentable result:

Blow, ye gentle zephyrs, blow,
Durned if it ain't about to snow.

By this time the wind was so cold that it froze our poetical expressions and we suddenly collapsed.

We have heard several say they would have to replant their corn, while others think the corn will revive.

Some fruit is killed, but we think there is still enough left for a fair crop. Gardening seems to be at a stand-still — waiting for warmer weather.

The sick in our midst are all convalescing.

One of our young men answered a matrimonial advertisement last week and we shall look for stirring events soon.

We know an old couple — than whom there is none more worthy —and they have two children, the eldest e girl and the youngest a boy, and from the oldest to the youngest, they are industrious and hard-working, using every exertion that age or infirmity will permit, and yet they are drinking "meal coffee" in this land of plenty, while our law-makers are faring sumptuously every day, but doing nothing to ameliorate our condition.

Hon. Evan Jones spoke here on Wednesday night with telling effect to a large audience of representative citizens.

In our rambles recently in an adjoining community we came upon a crowd of men who were digging a cellar for a large sized widow lady who is blessed with a considernble amount of adipose tissue. After trying the depth of the cellar and ascertaining that it was about six teet, one portly gentleman remarked that it was deep enough for the lady standing up, but hardly so if she was lying down.

Two of our most enthusiastic sportsmen started Tuesday for Brown county for more greyhounds, so we are informed.

To show the force of excitement, one of our most sedate and exemplary young men, while driving his team attached to a wagon hauling wood, his dogs started a rabbit and in his excitement he put whip to his team and at breakneck speed went dashing over the prairies after his dogs and making good time with them.

HIGHLAND.

The cold snap that we spoke of in our last letter has certainly arrived; it will answer for easter and equinoxtial storms both. Notwithstanding the severe cold vegetables still survive; corn that was up was bitten down but not killed. We can not tell yet the extent of the injury to fruit.

The general health of this neighborhood is good, though Mrs. Van is still in a critical condition.

Mr. R. E. O'Neal is on the sick list this week; bad cold seems to be the trouble.

Rev. Mr. Stetson, best known as the cowboy, preached at the Jones school house Saturday and Sunday to a large audience, notwithstanding the cold weather. Parson Spradlin, a young man of about 17 years, is preaching with the cowboy, and seems to have on the whole armor and well equipped for his work.

MOCCASIN ROCK.

As we have seen no letters from this part we thought we would write one to your valuable paper. Times are hard here, although we have had good rains.

A third party club was organized here this week with 26 members, with assurance of 24 more members.

The weather is cold for this time of the year; although fruit and corn is all right yet.

Our school closed Friday. We have had one of the best schools that has been taught here for years —T. J. Roberson, teacher.

No deaths have occurred lately. No marriages, although we expect one or two soon.

A WOMAN'S BURDENS

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she has new life and strength after using this remarkable remedy. It's a powerful, invigorating tonic and nervine which was discovered and used by an eminent physician for many years, in all cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical "change of life;" in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, if it ever fails to benefit or cure, you have your money back.

Something for the Astronomers to Figure on.

Will some astronomer give some light on the following:

On Tuesday about 3 o'clock p. m., I saw a fire traversing the air, coming from the northwest and going southeast. When I first saw it, it was about a hundred feet high and coming down to the earth at about ninety degrees, not in a circle, but going on a straight line. The wind was blowing hard, nearly from the south, which seemed to have no effect on it, showing that it had a heavy body. It looked to be about fifteen inches long, with a curling or fluttering red fire all over it, and was going endways. When it got within thirty or thirty-five feet of the earth the fire went out and it looked black and longer, and at eight or ten feet after it went out, it disappeared. I was about one hundred and forty yards from it. It was nearly over Mr. Daniel Martin's (better known as "Rocky" Martin's) house, and there was nothing about the place to cause such a terrific phenomenon. I told Mr. and Mrs. Martin what I had beheld and they went with me on a tour of investigation in the interest of science, but were not rewarded with any startling discovery. The atmosphere was then perfectly clear with the exception of a slight haze off toward the western horizon. The above was as plain as could be and looked to be about four inches in diameter.

Important to Farmers!!

It is very important for farmers to plant the best and earliest seed potatoes he can buy. To do this he must plant the "Early Six Weeks." If farmers plant this potato they would always get their potatoes in market in time to get seven and eight dollars per barrel. This potato is so quick that the Esquimo would almost have time to mature a potato crop. In the south two full crops can be grown in one season. Its size is large and handsome. We planted the "Early Six Weeks" the last two seasons and selling our crop for nine dollars per barrel. We now have one thousand barrels for sale. 1 lb. 40 cents, 3 lbs. $1.00 by mail post-paid; peck $1.10, bushel $3.00, barrel $7.00 by express or freight. Send your order in at once before they are all sold. Address all orders to the
