The Rockport Pilot

THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 91 | ROCKPORT, ARANSAS COUNTY, TEXAS, THURSDAY, OCT. 6, 1960 | No. 27

Along The Waterfront

Many enjoyed the fine weather at Good Luck Pier in Fulton this past weekend.

Mr. and Mrs. Lester Penny of Enid, Okla., continue to catch trout. His largest, four and a half pounds.

The Ernest Gonzales' family and Dutch Stoltz of San Antonio made a fine showing with one hundred and fifty-one trout. E. C. Moore and wife of same place reported twenty-five trout.

R. W. Landrum and John Gray, local, strung up sixty-five trout averaging two pounds each.

Chas. and Loyd Steger, father [illegible]son, of Austin, dressed fifty-[illegible]e trout.

[illegible]d Carpenter and family of [illegible]ylor, had ten good trout.

Our neighbor, Mr. Sorenson of Fulton, brought us a pilot fish to display in our glass walled tank. For forty-eight hours it gave our big "Red" a merry chase and was of great interest to onlookers.

Organization Meeting On Civil Defense To Be October 10

The continuation of the cold war with Russia and the large number of disasters that occur in the state each year make it necessary for adult Texans to know what to do—to know how to act intelligently in an emergency.

The public schools of Aransas County this year are offering a free course on "personal and family preparedness for survival." The 12-hour course will cover such important information as the effects of radiation, warning and communications, enemy capabilities, and protective measures against natural disasters.

Classes will be conducted by teachers, certified by the Texas Education Agency. The organization meeting for these classes will be held on Monday night, 7:30 p. m., Oct. 10.

Every adult in the Aransas County area is urged to enroll in this vital course. Your attendance in this 12-hour course is all that is necessary. It is entirely free and no tests of any type will be given.

New Country Club Officers Are Elected

At the annual directors dinner meeting held Tuesday night, at Little Bob's Cafe, in Aransas Pass, Roy V. Rogero, of this city was elected president of the Live Oak Country Club. He succeeds J. R. Richards, publisher of the Aransas Pass Progress who held that office for the past year.

Other officers elected were: Red Garrett, vice president and John Meredith, secretary, both of Aransas Pass.

Tabulations of the recently held directors election disclosed that Matt Scott was elected as a director from Rockport, to succeed Ed Barnard whose term expires this year. John Stellman and Wilson Wehring were elected as directors from Aransas Pass. They replace Warren Howery and Cecil Miller, whose terms also expire At a recent directors meeting, Bud Wood, of Aransas Pass, was elected as a director to take the place of E. C. Peterson who resigned. The other director is Hayden Elsberry.

CUB SCOUT MEETING TO BE HELD FOR ORGANIZATIONAL PURPOSES

An organizational meeting to start the fall program of Cub scouting will be held at the Woman's Club building on Monday night, Oct. 10, at 7:30 p.m. All Cubs, would-be cubs, and parents, along with any boys between the ages of eight and ten and a half that think they want to become Cubs.

Dens will be organized, den mothers appointed, and progress outlined for the year.

Bob Redell, scout executive from Sinton will be here.

Band Day Activities Clear Nearly $700

Trip to State Fair for Pirate Band Is Assured As Barbecue, Go-Cart and Golf Course Add to Funds For Trip

The finance committee of the Aransas County Band Boosters reported Wednesday that the barbecue staged by the club with the cooperation of the Chamber of Commerce and merchants of the town had cleared $650, while proceeds from the go-cart track and miniature golf course, donated by Leon Carleton and Mrs. Charles A. Roe, Sr., added another $72, insuring that every child in the band can ride to Dallas in comfort, and have their expenses paid.

The caravan of two big busses will leave here next Monday morning, Oct. 10, at 6:30 o'clock and leave for Dallas, where the Pirates have been invited to be part of Tuesday's music day at the Dallas State Fair.

After a stop in LaGrange at 9:30, the band will proceed to Cameron where members and adults accompany them will eat lunch in one of the parks.

There will be another stop in Waco, and then they will arrive at Dallas, check in at the Whitmore Hotel, and eat their evening meal.

Tuesday, Oct. 11, is the big day.

Reveille will be at 6:30 a.m., breakfast at 7:15, and at a quarter after eight the band will leave for the Fair Grounds.

Members will tour the Fair Grounds in the morning; that afternoon they will present a concert at the fair, and attend rehearsals for the band pageant to be held that night. Tuesday night they will march in a pageant honoring Richard Rogers, American composer of many musical plays.

They will leave Dallas Wednesday morning and arrive in Rockport about 6 p.m.

Adults making the trip will be Mrs. F. M. Rouquette, Mrs. J. D. Gray, Mrs. M. L. Townsend, Mrs. A. L. Reed, Mrs. R. A. Johnson, Mrs. Glenn Wendell, and Band Director Joe Randow.

Members of the band making the trip include:

Jean Miller, Mary K. Gray, Suzanne Keith, DeRema LeFevre, Patricia Webb, Pat Elder, Patricia Townsend, Becky Rouquette;

Charles Travelstead, Robert Louez, Frankie Casterline, Mary Moore, Lola Lewis, Carol Yates, Pat Webber, Ann Cassel, Karren Goodsell, Terrie Thomas, Janice Garrett, Linda Eller, Sherry Brundrett, Mary Johnson;

Jeanie Diederich, Marilyn Roy, Claudia Jackson, Annette Gardner, Billy Wilson, Nan Jackson, Joe Torres, Michael Schultz, Florence Casterline, Carolyn Taylor, Fay Snyder, Larry Coats, Margaret Pena, Dennis Davenport;

Mickey Gray, Diana Waggoner, Chris Johnson, Amando Cruz, Darrell Lichte, Priscilla Carleton, Steve Carleton, Linda Johnson, Sandra Shipman, Dellon Beasley, Randy West, Barney Reed, Charles Cosby;

Andy Everett, Mary Martha Blount, Robert Reed, Pamela Court, David Waggoner, Hugh Morrison, Reggie Wendell, George Corbett, John Ballou, Tommy Thompson, Patrick West, Anna Belle Casterline, Gerald Van Etten.

The Band Boosters' Club and the band wish to thank everyone who helped to make the trip possible, either by their work, by contributions, or by their patronage of the activities on Band Day.

Free Home Fire Inspections Available Now

The Rockport and Fulton Fire Departments are especially busy on their drill nights ,since the return of the members who attended the Firemen's Training School at A&M College. It is like training for football, both field practice and skull practice. The members are not only learning the lastest techniques in fire fighting but are, along with other deparements all over the state, studying fire prevention methods.

This course of study has been outlined and indorsed by the following state and national organizations: Texts State Board of Insurance, Engineering Extension Service of A&M College, Texas Education Agency, Texas State Firemen's and Fire Marshall's Association, International Association of Fire Chiefs, The National Board of Fire Underwriters, Federation of Mutual Fire Insurance Companies and the U. S. Department of Agriculture.

This course of training will enable the local members of the fire departments to render service to the community, that of giving free fire inspection for fire hazards in the home.

You may ask why all this fuss about fires in the home. There are two important reasons.

First: It hurts everyone's pocketbook. High insurance rates are caused by fire losses. In 1959 one billion, forty-seven million, seventy-three thousand dollars of losses were paid out of our insurance pocket, besides all the losses not covered by insurance. Each property owner pays this in his insurance premiums.

Second: The tragic loss of life in home fires, not even considering the thousands who are seriously injured. Eight hundred people die every day in home fires and the sad part of this is that one third of these are children under fourteen years of age.

While you read this article (if you are a fast reader) at least four persons will have died in a home fire, somewhere in these United States.

This home inspection will be given by the local firemen, on their days off or after their day's work.

The volunteer firemen receive no pay or other remuneration for any of their duties and this will require that they give up some more of their time they might be spending with their families. All they ask is the cooperation of the home owners of the county to help them in this effort to keep fire loss and tragedy away from our homes. During the first part of October, they will be ready.

There is no obligation on the part of the home owner to follow the recommendations of the inspectors. Each home owner will be given a written copy of the hazards found during the inspection.

These inspections can only be given only upon the invitation and with the consent of the home owner.

Literature on home safety, prepared with the cooperation of the afore mentioned organizations, will be available to everyone in keeping our homes and children fire-safe.

SACRED HEART TO HOLD RUMMAGE SALE

The Sacred Heart Altar Society of Rockport will have a rummage sale Oct. 8, starting at 8 o'clock in the morning.

Sale to be held at Parish Hall. There will be lots of good bargains offered.

Two Crabmeat Firms Get O.K.

Two Aransas Pass firms have been given a clean bill of health to ship their crab meat into Houston.

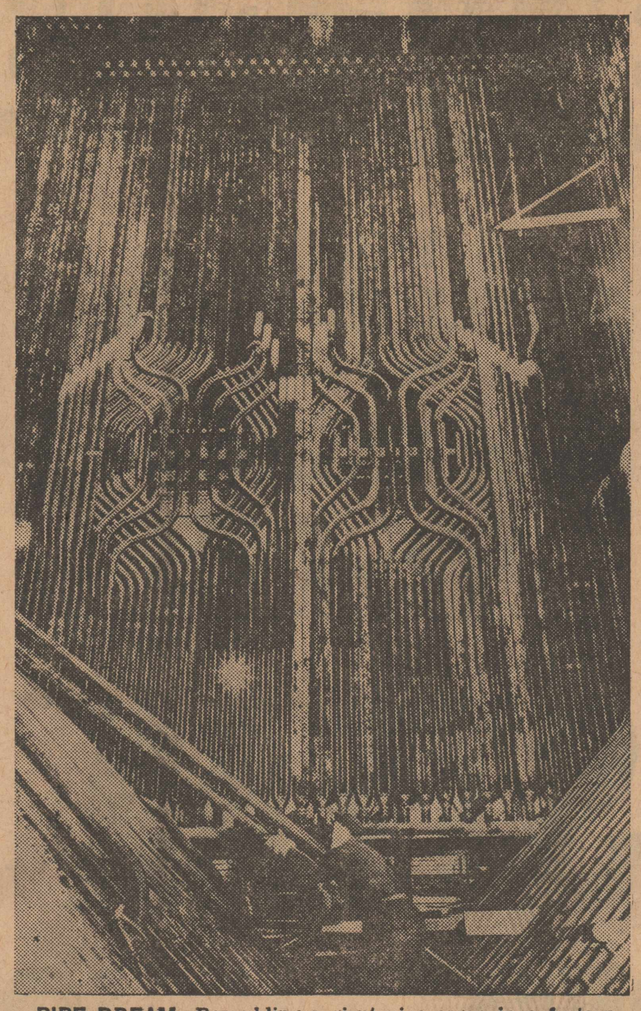

The Texas Crab Co. of Palacios on the city's blackball list for some time for "failing to meet health law requirements," has been given approval to resume shipments, Woody Fife, head of the meat inspection division of the city health department, said Sunday.

And the Aransas Crab Co. of Aransas Pass, which had been warned because of high bacteria counts in its crab meat, has been fully approved. "Recent samples have shown improvement," Fife said.

DOVE SEASON OPENS TOMORROW IN SO. ZONE

The mourning dove season in the south zone opens tomorrow and runs through Dec. 5, except in those counties having a whitewing season.

In those counties the season runs from Oct. 7 to Dec. 2, both days inclusive. The daily bag limit is 15, and the possession limit is 30 at any one time.

Pirates Play Bloomington

The Aransas County High School Pirates will play their second district game this week, against the Bloomington Bobcats. This is the team that was picked in the coach's pre-season poll as probably winners in District 31A this year, and despite the fact that they have lost four of five games, one of them a district game again Mathis, could be dangerous and upset the Pirate apple cart.

Scouting reports say that they have power, speed and experience, but that their team play leaves something to be desired. If they have smoothed out their rough spots, however, they could be tough as boots.

Gerald Wynn, 210-pound tackle is being boomed for all-state honors by practically everyone who has seen him play, and reports are that he is one of the best linemen in these parts.

Halfbacks Donnie Wall and Joe Galvan are fast and good ball handlers.

However, the Bobcats have lost to Industrial, St. Joseph's of Victoria, Ganado, and their first district game with Mathis which was played last Fridty, Mathis won 18-6. Their only win was against a parochial school from Yoakum.

The Pirates, according to Coach Dave Segler, are in good shape, with no one out because of injuries, although Gayle Williams was sick this week. The team has shown good progress in practice. Starters will probably be about the same as against Gregory-Portland Wildcats.

Aransas County's Huff Is Named "Back of the Week"

Kelly Huff, fullback from Aransas County, was a "unanimous choice" for the Caller-Times "Back of the Week" honor this week.

Aransas County coach Dave Segler and Gregory - Portland coach Bill Rhyne, whose team felt the effect of Huff's running, both nominated Huff for his outstanding performance as the Pirates opened defense of their District 31A championship by whipping Gregory-Portland, 28-0.

Huff carried 25 times for 181 yards, an average of 7.2 yards per carry, and scored touchdowns on runs of 35 and 19 yards. Huff was also on of the defensive mainstays for the Pirates and led Rhyne to say, "he's on of the finest backs we've met this year."

ARANSAS WILDCAT

K&H Operating Co. and Kirby Petroleum Co. No. 1 Tatton Ranch, Aransas County wildcat 7½ miles northwest of Lamar, was drilling at about 4,000 feet on a 6,500-foot permit. Location is in M. Hunt Survey, A-78.

COMMISSIONERS APPOVE NEW AIRPORT LEASE

The Commissioners Court in regular meeting refused to approve a plat of Mayflower Marina Addition presented by Joseph Hans, Corpus Christi architect until such time as it has been redrawn showing streets with a minimum width of 60 feet.

Copano Cove Subdivision, Unit 6, plat was approved.

The commissioners voted to hire an attorney jointly with the city to prepare condemnation proceedings for certain parcels of land along the old railroad right-of way, northeast of the city sewer

Fund Drive Planned By Gonzales Warm Springs

As a preliminary to a fund drive for Gonzales Warm Springs Foundation, Judge John D. Wendell is calling a meeting of all interested parties in the courthouse next Wednesday night, Oct. 12, at 8 o'clock.

"The Foundation," Judge Wendell said, "is working in a field that not only brings relief to many polio patients, but, perhaps more important, to many needing all types of physical rehabilitation.

"The importance of rehabilitation as a medical procedure has been generally acknowledged only since World War II. Although no one can intelligently contradict the effectiveness of rehabilitation, only a fraction of the handicapped population has been afforded the opportunity of participation in a rehabilitation program. The problem has been public apathy and lack of funds.

"Texas, despite its obvious deficiencies in rehabilitation, can pridefully claim a center which is on a par with the finest rehabilitation and physical medicine hospitals in the Nation. This is The Texas Rehabilitation Center of Gonzales Warm Springs Foundation, Inc., Gonzales, Texas—the largest rehabilitation facility in the Southwest."

THE POLITICAL PICTURE AS GIVEN BY LAW

Former minors and former non-residents who have become elegible to vote by reason of age or length of residence may obtain exemption certificates from the Tax Collector not later than 30 days before the general election.

The Secretary of State shall also certify to all County Clerks a list of candidates for state and district offices at least 30 days before the general election.

ADULT SQUARE DANCE SATURDAY

There will be an adult square dance at the George Fulton Elementary School on Saturday night, starting at 8 o'clock, according to Mrs. H. H. Dick.

C. of C. Directors Plan for Air Tour

Approximately Fifty Private Airplanes Due At Aransas County Airport October 15 On Twelfth Annual All Texas Air Tour

At the regular meeting of the Board of Directors of the Chamber of Commerce Tuesday night, plans were laid for a short tour of the Rockport-Fulton area by members of the Twelfth Annual All Texas Air Tour on Oct. 15.

Approximately 125 people are expected on the tour, and the planes will arrive here from Palacios about 10:45 that morning.

The Commissioners Court and the Chamber of Commerce are cooperating in arranging the tour, which will cover the entire waterfront from Cove Harbor in the south to Goose Island and the Big Tree in the north.

Visitors will also be presented with souvenirs and a packet containing literature and views of the area.

The tour schedule includes, besides the tour, luncheon at the Big Tree Lodges, rather than at Alice as originally scheduled, or at Corpus Christi, as some of the personnel on the tour had suggested.

Asa Burroughs, of Austin, in charge of the tour, called Monday to make the final arrangements and he said that interest is growing and registrations pouring in from people who want to join the mass flight of private aircraft which will wing its way over 3,000 of Texas' miles in the Twelfth Annual All Texas Air Tour.

The All Texas Air Tour has grown in importance and in success each year and is now recognized nationally and internationally as the best, largest, and most friendly of all flier's get-togethers. This is due largely to the six cosponsoring organizations: Texas Flyers Association, Texas State Aviation Association, Texas Flying Farmers and Ranchers Association, Texas Ninety-Nines, Texas Wing of the Civil Air Patrol, and the Texas Aeronautics Commission, acting as coordinating agency. The Air Tour has been most effective in pointing up the versatile utility of private aircraft in safe, mass movement over the state.

The purpose of the "Annual All Texas Air Tour" is now, as it was originally, to promote private aviation. These mass flights stimulate the townspeople's interest in their local airport; the utility and safety of the light plane is sold to the public; manufacturers have an opportunity to display their latest models; cooperation between military and civilian flying is proven; the Good Neighbor policy is furthered; and Texas and their out-of-state neighbors get around to meeting thousands of other Texans, while getting a "birds-eye" view of their state. Worthy projects are always given a boost. This will be the ninth year that

School Libraries Here Outstanding

Improved library service for Aransas County schools is being emphasized this year by officials and faculty, who are bending every effort to make the school libraries a valuable source of information which the students can and will use.

Mrs. G. W. DeForest, junior-senior high school librarian for the past eight years, says that the library there serves some 400 students, with 740 books in circulation each month. Over 2,000 volumes are available to the students, on a wide variety of subjects.

At Rockport Elementary School, for the first time, a librarian, Mrs. R. L. Schultz, has been employed. She has had experience in Bay City schools and in those of Grand Rapids, Mich.

Although housed in an older building, the number and quality of volumes far exceeds that of many schools in this area, including some of the larger cities.

During the past week, Mrs. Marshall McClearly, librarian in the Victoria public schools, was in Rockport, acting as consultant and assisting Mrs. Shultz in organizing the library. Mrs. McClearly was accompanied by Mrs. M. S. Greeson, a former Victoria librarian.

Mrs. Shultz hopes to increase the effectiveness of the library by establishing cross files on many subjects which will aid students in research by making books easier to find. Approximately 5,000 books are now housed in this library, with a circulation of 500 per week.

The Rockport and Fulton Parent-Teacher Associations are endeavoring to enhance the appearance of the school libraries by placing attractive plantings and paintings in them.

The public is requested to donate such items if they have them available and also to contribute appropriate books in good condition or back issues of such educational magazines as the National Geographic.

The George Fulton Elementary School library has over 1600 volumes and is operated by several of the students under direction of the school principal, C. D. Snyder. He hopes to increase the selection of books this year, and to make available the latest on a wide variety of subjects.

An effort is also being made, Supt. J. D. Gray said, to establish a professional library for the teaching staff. Included in this group will be books on child growth and development, educational philosophy, and teaching Methods. This library will be housed in the central administration building.

All school libraries will cooperate with the Aransas County Public Library in celebrating National Library Week in the month of April in an effort to encourage everyone to find enjoyment of books.

SINGING CONVENTION

The Aransas County Singing Convention will be held at the Assembly of God Church on Sunday, Oct. 9, from 2:30 to 4:30 p.m.

If you are interested in singing good Gospel song you are invited to join them.

Members of all faiths are invited.

BANK TO CLOSE ON COLUMBUS DAY

The First National Bank will be closed Wednesday, Oct. 12, in celebration of Columbus Day.

Six-Man Football At Pirate Stadium Sunday Afternoon

The Rockport Radomes from the 813th AC&W Squadron will play the Sweetwater team from the 683rd AC&W Squadron in Rockport Sunday afternoon at 3 p.m., in the Pirate Statium at Aransas County High School. There will be no charge for admissions, but all donations will be accepted to help pay for the officials.

The game will be 6-man tackle, which is faster than the regular eleven man football, and all persons on the team can run or receive passes except the person receiving the ball from center.

The coach says that it should be a close game. Rockport played the same team three weeks ago at Sweetwater and lost, but are out to revenge their defeat.

GREAT BOOKS DISCUSSION GROUP INVITES PARTICIPANTS

The Great Books discussion group of Aransas Pass is inviting participants. There are no dues, all you need to take part in the meetings is an interest in books and an enjoyment in talking about them.

The group meets every first and third Thursday of the month at Kieberger School in Aransas Pass, from 7:30 to 9:30 p.m.

The subject for discussion on Thursday, Oct. 20, is Homer's "Odyssey."

REBEKAHS TO HOLD BAKE SALE OCTOBER 8

Highway Dept. Answers City On Parallel Parking

The Texas Highway Department through District Engineer T. O. Foster of Corpus Christi, has answered the city's request for additional parking on Loop 70, the business route of Highway 35, which runs through downtown Rockport. The City Council has requested that his letter be published in full, for the information of Rockport. The text is given below:

Honorable Herman Johnson
Mayor of Rockport
Rockport, Texas
Dear Mayor Johnson:

At the September 14, 1960, meeting with Messers. R. H. Oliver and Karl Kutzer of our office, you requested additional information about parallel parking on State Highway 35 Business Route in Rockport.

The Municipal Construction and Maintenance Agreement for the recent project on Loop 70 (S.H. 35 Business Route) dated September 22, 1958, signed by the City of Rockport and the State of Texas makes the current Municipal Maintenance Agreement, which covers all highways in Rockport, dated July 25, 1956, signed by the City of Rockport and the State of Texas states that the City agrees to prohibit angle parking, except upon written approval by State after traffic and engineering surveys have been conducted to determine that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic. Under the proper circumstances angle parking is permitted, but the highway under discussion is not wide enough. There are several reasons why parallel is preferable to angle parking on city streets. Parallel parking provides more street capacity for moving traffic, it is safer than angle parking, and it does not impede traffic flow as much.

The act of leaving the angle stall is more dangerous than unparking from a parallel stall. Many drivers back excessive distances when leaving an angle stall, others back too suddenly for the short distance needed to gain visibility; consequently moving traffic is forced to swing out, often across the centerline or lane line and partially into a lane of opposing traffic. Hence the result that several feet of the roadway adjoining the angle spaces is avoided by moving traffic as dangerous.

Many studies of the "before and after" type have shown that angle parking at the curb is a common factor in accidents and a change to parallel parking brings a definite reduction.

We understand that there have been complaints about the median traffic islands on this highway. This to be expected since the angle parking opposite these islands reduces the pavement width for driving considerable below what was intended to be provided. In addition we have observed that vehicle parking next to the median has been permitted. This further reduces the street width. We believe that there would be no problem with the median islands if the curb parking were parallel.

If the City would pass an ordinance requiring parallel parking next to curb only and would give it a fair trial, we are sure that there would be no problem with the median islands and the whole highway would operate better. If there were continued problems and accidents involving the islands with the parallel parking, we would be glad to make a traffic and engineering study to see if the islands should be redesigned or reduced in size.

Yours very truly,
T. O. Foster, Jr.,
District Engineer
District Number Sixteen

Mrs. Christian Writes From Miami

The following letter from Mrs. Jones Christian will be of interest to her many friends:

"What does Miami have that Rockport does'nt? Plenty."

"Oh me! There are so many answers to that innocuous question. Nature, beauty, charm and wholesomeness—the latter such a "disappearing commodity." Rockport is a rare bit of "Americana." Families play together on a lovely beach, oldsters renew their "over stuffed" minds and bodies in the tranquil atmosphere of a small, friendly community.

"Swimming there is for enjoyment, not vanity of beach attire or personal effect. Fishing is for relaxing. The abundance of "finny creatures" catches pre-doom and bragging—fishing is for fun in Rockport.

"We are much traveled both in the U.S. and some travel outside and nowhere have we found a place like Rockport. Other visitors who we have sent there concur with celerity that it is a real playground and restorer for real people. Ones who do not include night life, synthetic excitements offered by places like Miami on their agenda for fun, return again and again and like us, only wish we could live there now, which we plan to do in the near future. Maybe these pastoral settings aren't for all but let us have Rockport as it is with ite modeceins of improvements, there are plenty of "Miami's." The birds know a good thing.

A Rockport Devotee,
Thanks for listening.
Mrs. J. L. Christian
Edmond, Okla."

ARANSAS COUNTY REACHES 110.6% OF BOND QUOTA

Savings Bond Sales in Texas increased 15% in August, over the same period of 1959. The report was made today by Fred Bracht, chairman of Aransas County Savings Bonds Committee.

"August Savings Bond sales in our county were $3619. Sales for the first eight months amounted to $66,381 which was 110.6% of our county's 1960 goal," Bracht reported.

Texas bond sales for the first eight months of the year total $105,607,518 which represents 63.8 per cent of the state goal.

"The role of the Savings Bonds Program in light of world conditions cannot be over-emphasized. Buying of Saving Bonds is a tangible way that each American can demonstrate his patriotic support of our great nation," Bracht said in announcing the sales for his county.

What the Democrats Say About Kennedy

Sen. Robert C. Byrd (D - W. Va.): "Kennedy lacks the age and experience to be President in these perlious days. I find it difficult to be secure in the thought of his sitting down with the Adenauers, the DeGaulles, the MacMillans and the Khrushchevs as our country wrestles with important problems in the field of international affairs." MARINE RECRUITING SERGEANT CHANGE ROCKPORT SCHEDULE

A new recruiting trip schedule is set up for the Marine Corps Recruiting Service, according to M-Sgt. L. M. Bomar, Recruiter in charge of the Marine Corps Recruiting Substation, 420 Taylor St., Corpus Christi, Texas.

MSgt. Bomar will visit Rockport on the 2nd and 4th Wednesdays of each month. He will be located at the Rockport post office from 12:30 p.m. until 4 p.m.. The next trip scheduled is for Monday, Oct. 12.

High school graduates may now enlist for three years and married men with one dependent may now enlist providing they attain a qualifying score on the Armed Forces Qualification Test.

MSgt. Bomar may be contacted other times by writing to the Marine Corps Recruiting Substation 420 Taylor St., Corpus Christi, Texas, or by calling TU 2-7361, collect.

Ice Capades Will Be In Corpus Christi

Ice Capades fans will be taken on a Caribbean holiday in the new wonderful "Ice Ca Cha Cha Cha", one of the 10 giant productions in the all new 20th Birthday Edition of Ice Capades soon to appear at the Corpus Christi Memorial Coliseum on October 25th thru October 30th.

Based on the most modern of the tropical rhythms, "Ice Ca Cha Cha Cha Cha" is a vast improvisation on Cha-Cha themes which includes all of the familiar conga, marenga, mambo and samba dance movements. Choreographed by internationally sought-after dance designer Ron Fletcher, this study in carefree movement with the Cha Cha beat has infinite variety.

The Ice Ca 'Pets' and Ice Cadets appear to be milling in happy chaos, but actually the intricate designs in movement are as precise as a Bach fugue.

Evening performances will be at 8:15 p.m. Tuesday through Friday, and 9:00 p.m. Saturday, and matinees at 1:30 p.m. and 5:30 p.m Saturday and Sunday.

Tickets are now on sale at the Corpus Christi Memorial Coliseum box office from 10:00 a.m. to 6:00 p.m., or order by mail by writing to Ice Capades, Memorial Coliseum, Corpus Christi stating number of seats, price and performance desired. Enclose self-addressed stamped envelope with check or money order for quick ticket return.

Pioneer Priest Dies Alone In Brush

Father Peter Kerulam was old that November day in 1872, when he vanished in the wild brush country of South Texas, after 30 years of ministry to a flock that stretched all the way from Brownsville to Roma and San Ygnacio.

He had risen early, as was his habit, and made his simple preparations. His horse, Pancho, with its coat nicely brushed by Father Peter's hands, was saddled and bridled with the horsehair headstall and the tall and bulky saddle on which some of the leather was worn away, so that the wood of the tree showed through.

That saddle had been chair, living room and crutch to Father Peter, and to it he had attached many ingenious and cranky accessories. But nowhere was there any place for a weapon, for despite the danger from Indians he always went unarmed. And thru the years he had become master of the distance, the fatigue, the heat, the menace of time in slow travel, the harsh vegetation of the brush desert, and even of the murderous savages who never offered to harm him.

From beneath the straw hat he wore against the sun, he peered near-sightedly, for Father Peter was almost blind, his vision obscured by cataracts. And his hand shook so with age that he could hardly write.

As he prepared to leave the courtyard in Brownsville he turned to a brother priest, Father Pariscot, and said:

"I have a presentment that I shall never die at home, but if I lose my way in the woods and find myself on the point of death, I shall set my horse free, for it would be a sad thing for him to die of hunger and thirst."

And the presentment was too true, for he never returned.

What did he think of that last day, as he rode through the chaparral, bound on an errand that normally took two or three months and that had made him universally beloved all over South Texas?

Of his boyhood and young manhood in Brittany where, a successful architect at 28, he gave up the world for his religion, joined the Society of the Oblates, and was ordained a priest seven years later?

Or of the great Norman Church of the Immaculate Conception, in Brownsville, which he had made the most perfect example of Gothic architecture in Texas, built of hand-made bricks, with massive chandeliers and chimes imported from Paris?

Or did he muse, as his horse's fox trot ate up the miles, of those two other and simpler churches in which he was pastor—the one at Rio Grande City, or the one which he had built at Roma, high on a bluff overlooking the Rio Grande?

No one ever knew, for there in the South Texas brush, Father Peter met fate headon, perhaps in the form of a rattlesnake or heart attack, apparently as he was preparing to camp for the night.

And, despite his plight, he freed his horse, which came back to Brownsville bridleless and without a saddle, three days after Father Peter's departure.

For days his brother priests and the good folk of the border searched, but no trace could be found of Father Kerulam. Then, one day, almost ten years later, in a small clearing in the brush, near present Mercedes, two vaqueros found what so many had looked for so long.

There was not much left, for the South Texas earth and sky had been voracious. Coyotes and blowing sand, vultures, sunlight and wind had worked with the years on flesh, leather and homespun.

A moldering saddle hung on a mesquite bough, accompanied by the horsehair bridle. Nearby were a few human bones and some hard things that had resisted the elements; a pewter chalice, 18 American silver dollars, a rosary of small seashells, a small bell, a holy water bottle and a watch, and the crucifix which Father Keruam had worn most of his life.

Many years later the Reverend Yves Gourmelon erected a monument in the cemetery of Our Lady of Mercy, near Weslaco, to the memory of Father Kerulam, although his bones were later interred at the DeMazenod Scholastic of the Oblate of Mary Immaculate in San Antonio.

On the monument at Mercedes, the following inscription is graven in Spanish:

"To the memory of the Reverend Pastor Peter Ivo Kerulam, lost and died in these parts as a good pastor in search of souls, November 12, 1872, his Brothers in religion, with the rest of the faithful, as a pious memory, full of gratitude, dedicate to him this monument, November 12, 1920"

WORKER'S DEATH BEFORE 1940 NOT A BAR TO SURVIVORS INSURANCE

Social Security benefits may now be paid to survivors of workers who died before Jan. 1, 1940 if the worker had at least a year and a half of Social Security work when he died, says H. M. Cleveland, District Manager of the Social Security Administration.

Before the Social Security Amendments of 1960, no monthly benefits were payable to the survivors of a worker who died before 1940.

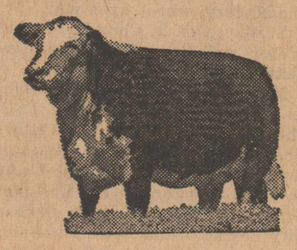

Under the new law, if such a worker had worked under Social Security for at least a year and a half, benefits are payable to his widow and dependent mother at age 62, to his dependent father at age 65, and to his disabled children who were disabled before they become age 18.

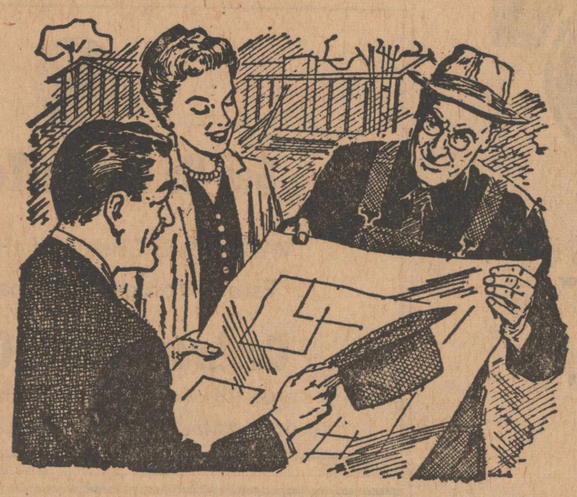

For further information regarding this new provision get in touch with your Social Security office, 530 South Water Street, in Corpus Christi.

Mrs. L. W. Littleton is now at home from Spohn Hospital where she was confined, following a slight stroke last Thursday morning.

RUTH CIRCLE HAS MEETING

The Ruth Circle of the Woman's Society of Christian Service met at the home of Mrs. J. D. Gray. Refreshments were served on arrival.

The meeting was opened by the chairman, Mrs. Eloise Harrist.

A most interesting lesson "Living Echoes" was given by Mrs. Eva Riser. Mrs. J. D. Gray gave heart warming devotional .

After the lesson, the business session was held. The minutes of the last meeting were read and approved. The treasurers report was given.

A love offering of $2 was collected. Two cards were sent to shut-ins, and a report of 17 visits was made.

Mrs. Myra Allen took orders for the fruit cakes which were so thoroughly enjoyed by everyone last year at holiday time.

Everyone was reminded of "Self Denial Week," Oct. 25 to Oct. 31 and also the World Day of Prayer. The November meeting will be at the home of Mrs. Clara Sanders.

Mrs. E. G. Cooke urged everyone to attend the study "One World, One Mission," which will be held Oct. 13 at 9:30 a.m.

The meeting closed with the WSCS benediction.

WOMAN'S CLUB TO HAVE MEETING

The Woman's Club of Aransas County will hold its regular monthly meeting at the Woman's Club building on Tuesday, Oct. 11, at 3:30 p.m.

A musical program consisting of group singing and solos will be presented under the direction of Mrs. A. L. Bachman and Miss Winona McFall.

A social hour will follow.

HONORED BY BARBECUE

Mr. and Mrs. Frank J. Kresta honored their daughter and son, Georgia and Danny, with a barbecue Monday evening.

The guests were Billy Orr, Bonnie Johnson, Bob Creager, Jimmy Seawright, David Kanvicka, Robert Kanvicka, Gary Horn, Mr. and Mrs. Emil Kanvicka and Monsignor O'Doherty.

An evening spent out in the yard was throroughly enjoyed by all.

Bill Saovie, the Kankakee flash, went home for the summer, but couldn't stand the Illinois heat, and the Illinois game wardens interfered with his favorite sport of telephone fish.

As a consequence, Bill packed up and came back to cool Texas this week, where he can fish undisturbed.

LODGE HAS GAME PARTY AND SUPPER

Mrs. Velma Elder, noble grand, presided at the regular meeting of the Rockport Rebekah Lodge at 8 p.m. on Thursday, Sept. 29. This was a short session, held in the lodge parlor.

The following members were reported sick on in distress: Mrs. Minnie Alice Smith is in Refugio Hospital with a broken hip; Mrs. Zoe Heath, ill at home; Mrs. Beckham, home from a San Antonio hospital after operation, Willie Beetley, husband of Mrs. Sally Beetley, recuperating after eye surgery, and Tom Ballou, Mrs. Lillian Ballou's husband, is critically ill in a Corpus Christi hospital.

At 6:30 p.m. the Odd Fellows and Rebekahs and their families had a covered dish supper, followed by a game party. There was a good crowd present, and all had a fine time.

GOOD NEIGHBOR CLUB HAS SEPT. MEETING

The Good Neighbor Club met Wednesday, Sept. 28, at 2 p.m. with Mrs. J. F. Cloberdants at her home in Sparks Colony, with 8 members present.

The club made hangers of plastic and rope as their work project and studied ways of caring for different types of fabrics and metals.

A dessert plate with punch was served by the hostess.

Mrs. Cloberdants won the door prize.

The meeting of the club will be at the home of Mrs. Alex Williams at Lamar with glass etching as the project.

C of C Directors

(continued from page 1)

the March of Dimes has been sponsored by the Tour.

Chamber of Commerce, civic organizations, and city officials at all stops have gone all out to assure a warm welcome for the tour participants, with receptions and entertainment.

The tour officially started in Temple at noon, Oct. 8 and will cover 3,000 miles, visiting 44 cities during the week-long flight. Lunch stops will be made at Sonora, Plainview, Mineral Wells, Marshall, Beaumont, and Rockport; overnight stops at Ft. Clark Ranch, El Paso, Big Spring, Pampa, Sherman, Nacogdoches, Galveston, and ending in McAllen, Oct. 15. This activity has developed into a must for flyers from all states and Mexico. An open invitation was issued to all interested pilots to join and registrations were received from 16 other states and Mexico, as well as the many Texas pilots who participate in this event each year.

WATERFRONT—

(Continued from Page 1)

Daniel H. Janzen, Director of the Bureau of Sport Fisheries and Wildlife, at Washington, D.C., today urged all waterfowl hunters who have received registration cards with the purchase of their Federal duck stamps to cooperate with the Fish and Wildlife Service of the U.S. Department of the Interior by filling out and promptly returning the indicated portion of the form.

One-half of the card is to be filled out by the hunter and returned at once to the Bureau. The other half it to be retained as a sort of scorecard on which the hunter can list the numbers and kinds of waterfowl which he bags during the coming season, and the number of days he hunted.

"Hunters who return the cards," said Director Janzen, "will receive questionnaires at the end of the hunting season in which they will be asked to report their seasonal hunting success. It is highly important that all duck stamp purchasers receiving registration cards, fill them out and mail them promptly. Cards from everyone contacted are necessary to make our sample representative of the entire hunting population."

The chief purpose of the survey is to determine as accurately as possible the extent of the waterfowl hunting kill for the season in order that proper balance between the harvest of these birds and the hunting regulations may continue to be maintained.

plant, needed in the city and county drainage projects.

The commissioners also voted to cooperate with the Chamber of Commerce in providing transportation for a tour of the area by members of the Twelfth Annual All Texas Flying Tour, due here Saturday, Oct. 15.

In addition they heard the recommendations of the Airport Advisory Committee.

The committee recommended that Buster Coward be given a five year lease of the airport at a rental of $2400 for the first year, and $3600 a year for each year after that. In addition, they recommended that a portion of the airport income, not to exceed 5% be used for advertising its advantages.

These recommendations were approved upon motion by Commissioner Arthur Davis, subject to the provision that, unless Coward has a plane dealership within six months, the contract be limited to two years.

SUN OIL ASKS FOR PERMIT FROM ENGINEERS

The Sun Oil Company has asked for a permit to operate on State tracts 69 and 70, about 6 miles north of Rockport.

The company proposes to place a two-inch pipeline at the above location.

The pipe line would extend from well No. 3 in State Tract 69 easterly a distance of approximately 5,300 feet to the mean high shore line. The line would be placed 1½ feet below the bed of the bay except through shell reefs or beds where it would be placed 1 foot below the bed. The pipe would be placed by jetting, plowing, discing or some other method whereby there would be a minimum disturbance of the bed and no spoil deposits would remain.

AIR FORCE ANNOUNCES NEED FOR VETERANS

Corpus Christi.—The Air Force will now accept veterans of Army, Navy, Marines or Coast Guard in the grade in which they left those services (up to E-7) if they hold one of the skills needed in the AF.

The more liberal grade policy for veterans of the other services was announced this week as headquarters USAF reported it was also opening enlistment rules to take in more AF men who have had a break in service.

Until now, AF has taken "prior service" men from the other services only in about 40 skills, and then only in grades at least one rank lower than those with which they left the other services.

Now, AF will enlist such men in grades up to master sgt. (E-7) in many skills. In all, it will accept prior service men in about 140 skills in grades ranging from airman second class (E-3) through master sergeant (E-7).

To enlist in grade, an enlisted man must (1) be in a skill where AF is taking that grade and (2) enlist within a year after discharge. He will lose one grade if he has stayed out longer than one to two years.

To see whether they are qualifying to enlist in the Air Force, men from other services will be required to have in their posession a copy of their DD-214, report of separation from the other services.

For Additional information contact the Air Force Recruiting Office, 420 Taylor Street, Corpus Christi, Texas, or call TU 2-2402.

All veterans can have their assignment in advance. Stateside and overseas assignments are guaranteed prior to enlistment. Many Electronic schools are open provided mental and physical requirements are met.

Why Good Cooks Cook Better — ELECTRICALLY!

A flameless electric range saves you hours of cooking time. It performs perfectly — automatically! Electric heat cooks all the way through, yet reduces shrinkage and drying out. Food comes from your electric oven moist, yet thoroughly done . . . golden brown, yet tender. Because it's flameless, pots and pans never blacken from smoky fumes . . . saves hours of housecleaning time, too. Electric cooking is clean, cool and convenient. It's economical, too — average cost is less than $2 a month. It's the truly modern way to cook better.

Pirates Win Over Wildcats By 28-0 Score

The Aransas County High Pirates had sharpened their cutlasses this past week, and chopped the heads off Gregory-Portland's Wildcats, coming up at the long end of a 28-0 score in the first 31A District game for either of them.

Kelly Huff turned in a whale of a game; so did Billy Boy Johnson, David Pena and Manuel Lugo, while the line was in there plugging every minute of the game.

Huff kicked off to the Wildcat 15 and they ran the ball back to their own 30. However, on the first play from scrimmage they fumbled and the Pirates recovered. Johnson made a yard, then gave the ball to Kelly Huff, who rambled 30 yards for the score. Tommy McCabe kicked the extra point.

Huff Kicked off to the Wildcat 15 again and they moved the ball back to their own 31 where Vargas fumbled and lost 9. Aycock made 6; Hunt to Hernandez was incomplete and then Hunt kicked to the Pirate 49½.

From there Pena made 9½ and Huff picked up enough yardage for a first down on the Wildcat 41.

Huff made 7, Lugo tallied 2½, then Huff made one and it was the Pirates ball on the Wildcat 29½. Billy Boy Johnson racked up 3, then stepped back and lofted a 26 yard pass to Roger Beasley for the second touchdown of the game. McCabe kicked the point.

Huff kicked off, this time to the Wildcat 11, and they returned it to their own 33 yard line. Chavez made three through the line. then broke loose and went 22 more on the second play, to the Pirate 42.

Hunt fumbled but recovered for no gain, the Aycock took the pitchback and made 6. Hunt's pass to Hernandez was incomplete, and then the Wildcat gambled on Chavez(who made enough yardage for a first down on the Pirate 32.

Chavez made 1; then 4; then Aycock rambled to the Pirate 19 and a first down. However, in four tries, the Wildcats were unable to gain enough distance for a first down, and the Pirates took over on their own 12.

Pena made a couple and then Huff barreled through for 12 more, and the Pirates were on their own 26. Pena made 3 just as the quarter ended and then, on the first play in the second quarter, Lugo made five, only to have it called back as the Pirates were penalized 5 for backfield in motion. Huff made 11 yards in the next two tries.

On the first down, Johnson was thrown for an 8-yard loss, then Huff fumbled when tackled and the ball spurted from his hands to be recovered by the Wildcats on the Pirate 33.

However, Vargas failed to gain; Hunt to Vargas resulted in a -yard loss; Hunt to Kucera was good for 13 yards; and then, as Aycock could only make a single, the ball went back to the Pirates on downs on their own 25.

Lugo made 9 and Pena 4 for a first down on the Pirates 38; then Huff carried the mail for 14 yards and another first down, ending up on the Wildcat 48.

Johnson made a couple; Huff tallied 5; then Lugo turned in a 6-yard run, to the Wildcat 35. Johnson made 3; Lugo lost 2; then Jimmy Jackson was swarmed under and had to eat the ball for a 6-yard loss. However, Pena pulled the fat out of the fire when he blasted through for 26 yards on a fake kick, to the Wildcat 16.

Johnson, on a keeper, racked up three yards; then, on the next play, there was lots of action. The Pirate's pass was intercepted and the Wildcats ran it back to the Pirate 30, where Huff came from nowhere to make the save. However, a clipping penalty against the Wildcats nullified the run, and the Wildcats were pushed back to their own 26, where they had the ball, first down and 10 to go.

Hunt's pass to Kucera went incomplete as the Pirates broke it up; then Gayle Williams made Hunt eat the ball on the next play when he crashed through and threw the Wildcat fullback for a loss of 6 yards. Aycock picked up 7 and then the Wildcats kick to the Pirates was fumbled by Johnson and Gregory-Portland recovered, only to have the play called back because of an offside penalty against the Pirates. Then Kucera kicked to the Pirate 38.

Huff failed to gain; Lugo made 4; Johnson made 1; and then Huff kicked to the Wildcat 24, where the ball was run back to the 26. Two attempted passes by Hunt were incomplete and the half ended.

As the third quarter began, the Wildcats kicked off the Pirate 25 where Huff took it and made a 12-yard return to the Pirate 37. From there, Lugo made 2; Pena lost 1; then Johnson made 11.

From the Pirate 49, Lugo went for three yards, then a clipping penalty against the Wildcats advanced the ball to their 33, and Huff and Lugo made another first down to the Wildcat 22 in 3 carries.

Jackson to Pena was incomplete, then Huff raced around right end for 22 yards and a touchdown. Tommy McCabe Kicked the point, his third for the evening.

Huff kicked off to the Wildcat 10 and Aycock ran the ball back to the Wildcat 38. Hernandez made 1, the Aycock fumbled when tackled and Satsky recovered on the Wildcat 40, and the Pirates started their march downfield again. Huff rambled through for 21 yards with tacklers hanging on like flied; then Pena made 2 and Huff another 9 before Billy Boy Johnson went around right end for 8 yards and a touchdown. McCabe kicked his fourth point of the night.

After this, the game settled down to a hard-fought match in which neither side did much, although some of the subs that Coach Segler sent in did well.

Huff kicked off to the Wildcat 8 where Aycock grabbed the ball for a 24-yard runback to the Wildcat 32. Hernandez to Miller was good for 11 and a first down. Hernandez to Cravez and Miller were incomplete; Aycock made 4; then Kucera kivcked to the Pirate 15.

Huff made 4; Lugo made 5 yards and 34 inches; then Huff made it to the Pirate 27 for a first down. Immediately afterwards, however, he was thrown for a loss of 8, then made 4, and then Jackson to Beasley racked up 25 yards to the Pirate 48.

Lugo made 6; then he was just shy of a first down by about 2 inches on the next play as the quarter ended.

With resumption of play, Galinde made 5, to the Wildcat 36 for a first down.

Jackson to Beasley was broken up by Hernandez; Huff made 2 through the line; then Jackson was thrown for a loss on each of the next two plays and the Wildcats took over on their own 42.

Hernandez's pass to Kucera was tipped by Satsky and flipped over to Beasley who made the interception, and it was the Pirates' ball on their own 30. However, Lugo fumbled on the first play and the Wildcats recovered, on the Pirate 32.

Hernandez to Kucera was incomlete; then Dennis McCabe blasted through and threw Hernandez for a 7-yard loss. On the next play, Hernandez pass was ientercepted by Satsky who made a 15-yard back to the Pirate 35.

Huff made no gain, then Jackson's pass was intercepted by Solis for the Wildcats, who took over on the Pirate 40. Aycock was thrown for a loss of 2 yards; Hernandez was smeared, losing 11 more; then Aycock made a couple before he kicked to the Pirate 20.

Lugo ran the ball back to the Pirate 25. Johnson made 4 and Huff added 7 in two carries. However, on the next play, the Pirates were penalized 15 yards for offensive holding. On the next play, the Pirates fumbled, but Tommy McCabe recovered for a loss of 4. Lugo made 4, then, on the next play, quick kicked to the Pirate 32.

Aycock failed to gain for the Wildcats. Vargas' 5-yard gallop was called back on an illegal motion penalty against the Wildcats, then Hunt tossed one to Vargas for 7. Hunt's next pass was intercepted by Johnson, but the Pirates were penalized 15 yards for clipping, back to their own 36, although retaining possession of the ball.

Pena and Huff made 17 yards in two carries; Ramsey failed to gain, then made 3. Galindo made 2, then the Pirates were penalized five yards for delay of game and Huff kicked.

The Wildcats took over on their own 22. Hunt to Vargas was incomplete; the next play was smeared; Hunt to Vargas was incomplete; and Chavez carried for the last play of the game.

HENRY S. KOEHLER COMPLETES BASIC

Marine Private Henry S. Koehler, son of Mr. and Mrs. Henry S. Koehler, of Aransas County, completed basic training Sept. 8 at the Marine Corps Recruit Depot, San Diego, Calif.

The 11-week course included instruction in all basic military subjects and infantry weapons.

Upon completion of training he was assigned to a unit for further infantry training.

Robert Fulton was a portrait painter before he became an inventor.

Student Council Officers Elected

The students of Aransas County Junior High School elected Herbert Mills as Student Council president for the 1960-61 school year in a run-off election with Mary Lou Johnson last Tuesday.

Mary Moore took the vice-president position in a run-off race with Randy West on Monday.

A very unusual thing happened in the race for president in the election last Friday which necessitated having two run-offs in the race for president. Herbert Mills led with Mary Lou Johnson, Billy Ormand and Shelley Roaten coming in second with the same number of votes on Friday. In the first run-off on Monday Mary Lou Johnson and Herbert Mills received the majority of the votes and their names were carried on the ballot of the second run-off on Tuesday. Herbert Mills received a majority of the votes on Tuesday and was elected president.

The election was held in the same manner as local, state, and national elections are held.

The secretary and treasurer will be appointed.

FRIDAY! THE GREATEST
SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, *you*-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10½ inches lower.

SEAMAN IS AIRMAN OF MONTH AT 813TH SQUADRON

A2C Harold G. Seaman was selected August Airman of the month, announced Major Richard N. Flaa, Commander of the 813th AC&W Squadron.

Airman Seaman who calls Riverhead, Long Island, New York home, has been assigned to the AC&W site for the past ten months.

His selection as Airman of the Month was primarily based on his outstanding job knowledge and performance in the Radar Maintenance section. At the present, Airman Seaman is attending night classes at Del Mar College in Corpus Christi. Major Flaa further stated that Airman Seaman will receive a $10.00 check, letter of appreciation, 3 day pass and two free passes to the Trail Drive-In Theater.

RANDOW THANKS BAND'S FRIENDS

Dear Friends:

On behalf of the members of the Aransas County High School Band and myself, I would like to take this opportunity to say "thanks" to the many friends who have given support to the band in many ways. So many people have helped to make it possible for the band to go to Dallas that it is almost impossible to list each person for fear we may accidentally omit someone.

The band members and myself will do everything in our power to bring favorable publicity to our community.

Again, thanks for your support.

Sincerely,
JOE RANDOW
Band Director

THOMAS AIRMAN OF QUARTER AT 813TH SQUADRON

A2C Walter E. Thomas was selected at the 813th AC&W Squadron Airman of the Quarter for the period July 1, 1960 to Sept. 30, 1960, announced Major Richard N. Flaa, commander of the 813th AC&W Squadron.

Airman Thomas, who calls Fort Pierce, Fla. home, has been assigned to the AC&W site here for the past seventeen months. His selection as Airman of the Quarter was based primarily on his outstanding job knowledge and job performance in the operations section.

Airman Thomas was previously selected as the Airman of the Month in August.

At the present time, during off duty hours is well known in the local area for his sterling performance as assistant coach and captain of the squadron's football team.

Maj. Flaa also announced that Airman Thomas will receive a letter of appreciation, a three day pass and a $15 check at the next commander's call.

MR. HARRY CARTER DOING WELL AFTER SURGERY THURSDAY

In a telephone conversation Wednesday morning, Mr. Harry Carter, in Room 251, Memorial Hospital, said:

"I have a world series hernia. Eight years ago, about the time I was operated on by Dr. Robert Sigler and Dr. E. Jackson Giles for a double hernia.

"Dr. Sigler, a licensed lay reader of the Church of the Good Shepherd in Corpus Christi, followed up my operation by taking my place in the pulpit at St. Peter's the following Sunday.

"A recent recurrence of the hernia on one side necessitated another operation. Last Thursday morning Dr. Giles did the operation and the anesthetist was Dr. Sigler.

"In 1952 I heard the world series on my bedside radio, and this time I can watch it by TV, kindly sent along by Dr. Sigler.

"I will be in Memorial Hospital until the end of the week, and will then recuperate in the home of friends, and be back in Rockport early next week.

"On the coming Sunday, Sam Gottlich, president of the Episcopal Association of the Diocese and lay reader at the Church of the Incarnation, Corpus Christi, will fill the pulpit at St. Peter's.

"I want to thank all of my friends who have been here to see me, or sent cards or flowers, for it has helped pass the time most pleasantly. I am looking forward to seeing everyone soon."

Edward Everett, famous orator, delivered an address two hours long at the Gettysburg dedication.

QUAIL SEASON IN SOME AREAS STILL UNCERTAIN

Austin, Sept.—There is still a big question as to how good the 1960 quail season will be, according to the assistant executive secretary of the Game and Fish Commission.

Biologists are now checking conditions in regulatory areas for recommendations at the Oct. 7 meeting of the Game Commission.

At the July meeting it was suggested that quail season be opened Nov. 1 in most of the counties under regulatory authority. However, there was a strong protest on the part of dog owners and many others. It was decided to delay decision on the opening date. Since then, there is evidence that the quail crop in some areas isn't up to expectations.

The general quail season in Texas is Dec. 1-Jan 16, inclusive. There are a few counties where the season opens two weeks earlier and a few where it extends until Jan. 31.

Season for Texas shooting resorts will open Oct. 1, and continue through February on both quail and pheasant. These are penraised birds, released for shooting over dogs. Eight resorts this year also are offering duck shooting. Information on these resorts can be obtained from Joe B. Davidson, representing the Sportsmen's Service Bureau, Box 661, Tyler, Texas.

LOCAL DEVELOPERS APPLY FOR ARANSAS PASS PERMIT

Local developers W. D. Johnson and George Strickhausen, III, have applied for an engineer's permit to operate in Redfish Bay at the Morris and Cummings Cut, immediately south of the Aransas Pass-Port Aransas Causeway, approximately 2½ miles east of Aransas Pass.

They propose to dredge an area and fill an area at the above location. Morris and Cummings Cut would be deepened from the Texas Highway right-of-way line southwesterly a distance of 2,000 feet over a bottom width of 120 feet to a depth of 15 feet at mean low tide. The dredged material would be placed on Steadman Island. No dredged material would be placed nearer than 200 feet to any existing channel.

SHOW ON WORTH! CHEVROLET

NEW '61 CHEVY CORVAIR

More space . . . more spunk and wagons, too!

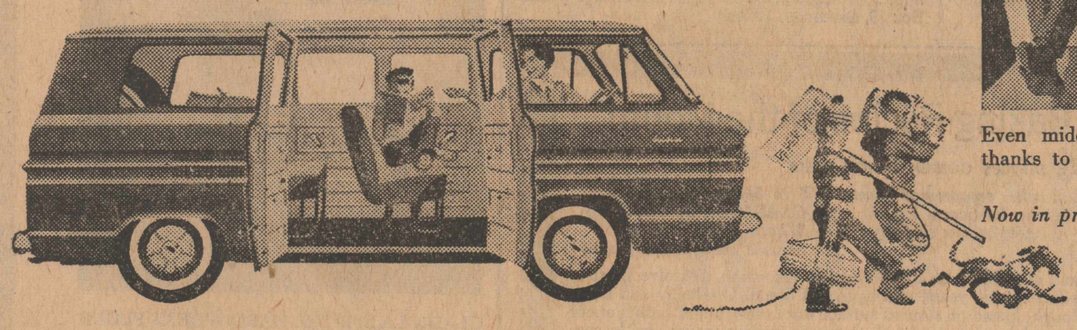

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. *Like all coupes and sedans, it has a longer range fuel tank.*

CORVAIR 700 4-DOOR SEDAN. *Provisions for heating ducts are built right into its Body by Fisher.*

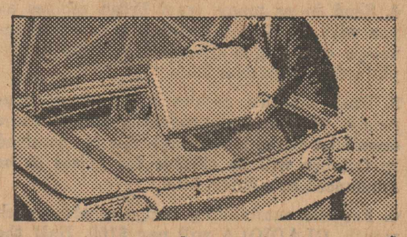

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

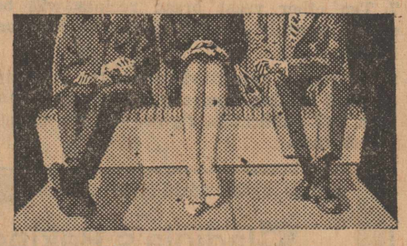

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON *with up to twice as much room as ordinary wagons (third seat optional at extra cost).*

433 PAY FINES FOR FISHING WITHOUT PERMIT

Austin. — Wardens will begin another crackdown on persons who fail to buy their hunting and fishing licenses, according to the director of law enforcement of the Game and Fish Commission. New licenses were required after Sept. 1.

Last month 433 persons paid fines for failure to have fishing licenses, according to the monthly report of the law enforcement division. There were 546 arrests for the month, with fines and costs amounting to $9,075.42. Five persons paid fines for "telephoning" for fish. This is the illegal use of electrical devices in shocking fish.

Licenses were revoked on a dozen violators, including those who "telephoned" the fish. Others who killed deer out of season also got their licenses revoked.

"There is little excuse for a person to get caught without a hunting or fishing license," the director said. "Everyone knows such a license is required. They think they can get by without one, and then get caught."

Bill White Works Up New Business Repairing Reels

Bill White has worked himself up a new business without fanfare that is reaching out to the far corners of Texas.

It all happened when a fisherman from Waco stopped in at Bill' store where he sells fishing tackle and repairs reels, and showed him a popular and expensive Ambassadeur Swedish reel that had been worked over by a Waco mechanic.

Bronze stationary bearings in the original had worn a grove in the shaft, with the result that it operated at only a portion of its efficiency.

The fisherman and the Waco mechanic had searched the domestic market for roller bearings that might fit, and had replaced those that come with the reel with surprising and gratifying results.

Bill became interested, started searching for bearings that could be used, and before he knew it he was in business. And reels have started to sift from all over Texas as word of his success began to get around by the grapevine.

Now he has ten or fifteen in his shop, and more coming from points as far away as Dallas, Fort Worth, Austin and Waco, for a face lifting.

After Bill works one of the reels over, it operates at about 150% of its original efficiency. The result is, he has more work than he can do.

SPANISH MOSS ISN'T SPANISH NOR MOSS

Visitors to the south, who have never seen Spanish moss, come up with the zaniest comments on those gray-green streamers trailing from the trees.

One man, catching sight of the stuff for the first time said: "Hey! What kinda birds build those big nests? They sure must be big ones."

Another tourist queried: "What happened around these parts? Been a bad flood lately? How come all that debris got up in those trees?"

And then there's the classic about the little old lady who took one look and waved a quick goodby to the land "where such horrible big spiders spin such horrible big webs."

But it is not a big bird's nest, debris, gigantic spiders' webs, nor even moss. And it's definitely not Spanish!

Nor, despite the poem written by Lafcadio Hearn, in which he terms it a parasitic "vampire of the woods" is it parasitic.

Perhaps the fact that it is seen living on dead trees decaying stumps has been responsible for the that Spanish moss has killed them. But this is not true, for botanists class it as an epiphyte—an air plant—and a member of the pineapple family, the bromeliads.

Epi means surface; phyte is plant; and this surface plant not only lives in the air but also draws its sustenance from it. Magician-like it has its own sleight-of-hand tricks for snatching its food right out of the atmosphere.

Trees, lamposts, telegraph poles, dead stumps and so on serve merely as supports for the plant.

The only thing Spanish about them is their name. Early French settlers in Louisiana derided their Iberian forerunners by calling it "Spaniard's Beard." Just as derisively, the Spaniards called it "Frenchman's Wig."

It is also known as Crepe Moss, Air Plant, Long Hair, a favorite among many Indian tribes, Tree Beard, Long Moss, Vegetable Wool and, in Florida, its called New Orleans Moss.

If visitors and residents are mixed up about Spanish Moss, they're no worse off than botanists, hortoculturists and flower fans who call it Tillandsia usneoides in many instances, although some, behind the times in their nomenclature, refer to it as Dendropogon usneoides. Some of them don't even attempt to name it.

And even in death the plant continues to live in the air, for, stripped of its outer covering it is used commercially in upholstery, and many a plane seat is stuffed with Spanish Moss.

VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way. Richard Nixon stands for:

- A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;
- A sensible farm program that will attack and solve the present problems.
- Texas retaining its tidelands, and a tax policy favorable to Texas.
- Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

$100 FIRST PRIZE AWARD FOR "GOLDEN ONION ROLLS" RECIPE

11 CASH PRIZES EVERY MONTH

Here are the easy Contest Rules:

1. This monthly contest is GLADIOLA's way of stimulating the exchange of good yeast bread recipe ideas between you and your neighbors here in the Home Baking Heart of Texas. Anyone may enter except employees (and their families) of Fant Milling Company, its affiliated companies and its advertising agency.

2. Write down your favorite yeast bread recipe using GLADIOLA Special Hard Wheat Flour. List all ingredients, then explain briefly each step in the procedure.

3. Cut off the strip that says "GLADIOLA Special Hard Wheat Flour" from the folder enclosed in every bag. Send it . . . with your recipe . . . to Glad Times, Sherman, Texas.

4. Send in as many yeast bread recipes as you wish. Mail each recipe in a separate envelope enclosing a GLADIOLA strip as explained in Rule No. 3.

5. Each month's recipes are judged separately, with an independent graduate home economist as the final judge. Recipes received in October will be eligible for prizes to be announced at a later date.

6. For the outstanding recipe received each month, GLADIOLA will pay $100. Half the prize money . . . $50 . . . goes to the winner. The remaining $50 goes to the church of her choice as her special contribution.

7. Ten other yeast bread recipes will be chosen monthly for $10 Honorable Mention prizes.

8. All recipes submitted become the property of Fant Milling Company, Sherman, Texas, with full publication rights. Recipes cannot be returned.

Sparkling "golden onion rolls," deliciously filled with delicate country-fresh flavor, earned a $100 first prize award for Mrs. Tom Janak of Hallettsville, Texas. Mrs. Janak graciously announced that the Building Fund of Sacred Heart Catholic Parish of Hallettsville will receive one-half of her prize awarded in GLADIOLA's "yeast bread" Baking-Recipe-of-the-Month Contest.

The secret of Mrs. Janak's baking success is a *special* ingredient . . . GLADIOLA Special Hard Wheat Flour . . . a flour that blends so quickly and easily that dough responds to kneading like magic.

You'll enjoy watching the uniform strength of your dough rise

GLADIOLA SPECIAL HARD WHEAT FLOUR

evenly with a texture filled with real yeast flavor. Only a *special* kind of flour makes baking such a sheer delight — a flour made purposely for yeast bread baking . . . GLADIOLA Special Hard Wheat Flour.

GOLDEN ONION ROLLS (makes 2 dozen)

Gladiola's Baking-Recipe-of-the-Month

MRS. JANAK'S GOLDEN ONION ROLLS

¾ cup milk
¼ cup sugar
1 tablespoon salt
¼ cup shortening or oil
2 cakes compressed yeast
½ cup lukewarm water
2 eggs, beaten slightly
5 to 5½ cups sifted GLADIOLA Special Hard Wheat Flour
Sesame seed or poppyseed

Scald milk; add sugar, salt, and shortening or oil and cool to lukewarm. Dissolve yeast in lukewarm water. Combine milk mixture, yeast, and eggs and blend. Gradually add flour, beating well, to form a stiff dough; knead on floured surface until smooth and satiny, about 5 to 8 minutes. Place in a greased bowl, turn dough to grease surface, cover and let rise in a warm place until double in bulk, about 1 hour. Meantime prepare Onion Filling (below) and cool. Pinch or cut off pieces of dough about the size of an egg and form into balls. Place 2 inches apart on greased baking sheet and flatten with palm of the hand. Brush with reserved egg from filling. With a tablespoon make an indentation in the center of each roll and fill with Onion Filling. Sprinkle with poppyseed or sesame seed. Let rise 30 to 45 minutes until light and almost double. Bake in a moderately hot oven (400 degrees) about 15 minutes until golden brown. Makes about 2 dozen.

ONION FILLING: Cook 2 cups chopped onion in ¼ cup butter or margarine over medium heat until well cooked and golden in color but do not brown. Stir in ¾ teaspoon salt, 2 tablespoons slightly beaten egg (reserve remainder) and 2 tablespoons cream. Cool.
