THE JUNCTION EAGLE

Volume XLI. Junction, Kimble County, Texas, Friday, December 12, 1924. Number 34.

COMMUNITY CHRISTMAS TREE ON 25TH.

Members of the several churches and other interested persons have united in an effort to have a community Christmas Tree for Junction on Christmas Eve. The tree will be on the south side of the Court House if the weather is favorable, otherwise it will be in the High School Auditorium.

Small jars have been placed in most of the business houses and the public is urged to drop donations of any amount into these jars. The fund collected in this manner will be used to buy the small bags of fruit, candy and nuts, for children up to and including twelve years of age. It is hoped that enough money can be raised by this method to defray expenses, so that it will not be necessary to circulate a public subscription list.

The program will consist of a number of Christmas carols and a pageant depicting the Nativity. At the end of the program, Santa Claus will appear and distribute the gifts to the children.

The chairmen for the different committees are as follows:

L. R. Hodges, Tree Com; F. E. Garrett, Finance Com.; Mrs. Vara James, Sacking Com.; Miss Elizabeth Patterson, committee to secure names of children; Mrs. C. W. Atchison, Purchasing Com.; and Miss Austin Durst, Decorating Com.

The names of children who are not attending school, or Sunday School, should be given to Miss Patterson. Persons having Christmas decorations that they can donate, will please leave them with Mrs. Vara James.

The effort on the part of those who are fostering this move is most commendable. A community enterprise of any kind is desirable and one of this nature is doubly so, as it serves a very worthy end and will be a means of bringing about a closer relationship between all the churches and the non-church members as well. It is an undertaking that all should take an interest in helping to make a success

SCHREINER HIGH TO PLAY COLEMAN HIGH.

A game has been arranged for Saturday between the local High School foot ball team and the Coleman High School team.

Coleman has, as we are informed, a strong team and the game promises to be an interesting and hard fought one. Both teams have met defeat at the hands of the Lampasas team, which won the championship of this district, but both have also defeated many other teams in this section of the State.

The game will be played on the Junction school grounds.

Mr. and Mrs. Alex J. Hamer were in San Antonio last week-end. Mr. Hamer returned the first of the week but Mrs. Hamer went to Dallas and will be accompanied to San Antonio or Kerrville, in a few days, by Mrs J. O. Davis, who has been in a sanitarium for several days. As soon as Mrs. Davis is sufficiently strong to leave the hospital, she will come to Junction.

W. S. Hancock, Doctor of Chiropractic, of Brady, was here Monday and has made arrangements to open an office in Junction the first of next week. Dr. Hancock has been in Brady for the past two years and has enjoyed a good practice there, a number of people from this county being his patients. He has been practicing Chiropractic since 1916. See his advertisements in this paper.

Next week will be our Christmas Shoppers' Edition. We expect to get out The Eagle one day ahead of time in order to give the people more time in which to do their shopping for the holidays. A walk through the stores of Junction will convince the most skeptical that our stores are well stocked for the holiday business and a comparison of prices will show that you can buy your presents right here at home just as cheaply as you can elsewhere, and then you have the satisfaction of seeing the articles you buy and knowing that they are exactly what you want, and the added satisfaction, that should appeal to any one with the least bit of community pride, of knowing that the profit on what you buy is kept here and helps to pay the salaries of your friends and relatives who are working in these stores, instead of going to help build great business concerns in the large cities.

Last week's Eagle, this issue and the special next week will carry to nearly every home in Kimble County the messages of the progressive business concerns, and you will note from the live advertising that is regularly carried in this paper, that nearly every business institution in this little town is progressive and awake, and through their advertising in this paper, they are soliciting your business.

Try the home merchant first! You'll find what you want right at home.

R. S. Price, owner of Price's Camp, came in last week end and will be here until after the Holidays. Mr. Price states that he is going to get out his advertising folders early this year, probably getting them into the mails for distribution about the first of April. Besides advertising his own camp, Mr. Price does much to bring people from all parts of the country. He heartily agrees with The Eagle that we need several more good camps here, who will advertise and boost the country and give satisfactory camping accommodations after people get here.

Miss Lois Hankins will present her London class in recital Wednesday, December 17th at London, and her Junction class in recital Thursday, December 18th at the school auditorium. The public is cordially invited. Time, 7:30.

Mrs. Frank Bissett, who was seriously ill last week has continued to improve and at present is doing nicely, and will probably be able to sit up by the last of the week.

Photo Through Air

Above is a photograph of President Coolidge sent by radio from London to New York, time 17½ minutes. Below shows photo being taken from radio cylinder in New York.

Commissioner-elect Charles Montgomery, was recently operated on at a hospital in San Antonio. Mrs. Montgomery returned home Sunday and states that Mr. Montgomery is in a serious condition, and that the doctors say he will be confined to the hospital for at least a couple of weeks yet.

T. H. Walton, who has lived on the Weaver Baker ranch on Cedar Creek for the past year, has moved to town and has rooms at the Goben residence.

There are men right here in Bandera who, if they would cooperate together, could accomplish wonders. Instead, some of them hold aloof from every project that is for the good of the town just because some other fellow who they don't like, favors the project. Do you want us to call names? We are not going to do that, because it would do no good in the first place, and in the second place it would only make such individuals more determined to obstruct progress. We need co-operation among the people of Bandera more than any people we have ever known, and we firmly believe that the day is coming soon when these people will stand in their own light no longer but will get right up in the collar and pull together.—Bandera New Era.

Editor Hunter is just right. In all small towns there is a tendency to be selfish and to feel that no other businesses are needed. Of course, not all little towns can become large ones, but this selfishness and self-satisfied attitude on the part of many of what are generally termed the leading business men, is responsible for many towns remaining small, that have the natural surrounding that would enable them to develope rapidly.

Fortunately, Junction has a great deal more of this co-operative spirit than most towns of its size, and it has as live a set of business men as any town of its size and these are the reasons, adding its natural attractions, that Junction is becoming so well known.

But even if conditions here among our citizenship are as stated above, we cannot be satisfied, until there is still more concerted effort and a greater effort made to bring both the vacationist and the home-seeker here. There is plenty for all—except those few who think that we don't need any more people or any more business houses, and of course they will "drift out" when more people and more businesses come into the town and county.

Rev. Kelley of the Baptist church announces that he will preach at the Roosevelt school house Sunday, December 14th, at 3:30 p. m. The people of that community will take notice of the place and date.

Mrs. Alfred Stoudt and son of San Marcos, and Mrs. Burney Dixon of Segovia, were guests of Mrs. Sam Bowers this week. Mrs. Stoudt is a daughter of Editor Buckner of the San Marcos Record, and a cousin of Mrs. Bowers.

CROWDED HOUSE SEES CEMETERY AID PLAY.

Local talent, under the direction of Mrs. Oren C. Reid, presented a play, "The Old Fashioned Mother," at the Opera House Thursday night, to an audience that filled almost every available seat.

Miss Tyler Wilkinson played the leading role, as "The Old Fashioned Mother," and Lawrence Johnson, as "Jerry Gosling" furnished the amusement throughout the evening. The other members of the cast, all dressed in clothing of a generation ago, were well qualified for the parts assigned them, and the play was a complete success, both from the standpoint of entertainment furnished the audience and the receipts which will be used by the Cemetery Aid Society.

We understand that about $100.00 was turned into the Treasurer after expenses were met.

Many country people were in attendance. Several from London, Roosevelt, Cleo, and other communities in the county were also here.

The young ladies in the play furnished the younger boys and girls with ideas of dress and make-up that none of them had ever seen except in pictures preserved, since before the beginning of the present century. Of course their dress and make-up looked ridiculous, but probably rouge and paint and bobbed hair and knee dresses may look the same to the next generation 25 years from now.

TURKEYS TO BE SENT TO ORPHANS

Rev. E. L. Kelley of the Baptist church, in talking with the Eagle reporter, stated that his church was making an effort to send a nice shipment of turkeys to Buckner's Orphans Home on the 21st of this month, and as it occurred to the reporter that others might want to donate to this worthy cause we are giving the matter publicity.

The Home has a small dressing and cold storage plant, where the turkeys can be prepared and kept until used.

Those willing to donate one or more turkeys, should deliver them to Butt & Garrett's store between now and the 20th, where they will be kept until the shipment is made. Robert Waits offers to truck them to Menard gratis and Mr. Garrett is willing to pay the express, so it is hoped that a considerable number will be bro't in for this purpose.

Rev. Frederick Jones, Episcopal minister from Kerrville will conduct services at the Episcopal church here Sunday the 14th at 3:30 p. m. This will be the Rev. Jones' first service here, and will be the first service conducted here since this church was transferred into the Kerrville charge.

Judge and Mrs. C. R. Stevenson were in Rocksprings Monday night, making a hurried trip there before Judge Stevenson had to leave Tuesday morning for Kansas City. He will return by way of Austin where he will attend to legal business before coming home, a couple of weeks from now.

Misses Austin Durst and Victoria Brewer, County Examiners, held the teachers' examination here Friday and Saturday, and several teachers and would-be teachers from this and adjoining counties were here to take the examinations.

Tom Phillips of Noxville was here Tuesday on business.

I think it is Sam Miller of the Mineral Wells Index who asks this question: "What has become of the old-fashioned girl who used to think that when was kissed she was engaged?" Well, my dear sir, S. G. is just the Huckleberry to answer that question, and give you the last word on it. That very girl is now one of the saintly, Gorfearing mothers of grand old Texas. She now has a beautiful daughter of her very own, just about as round and plump and rosy-cheeked as she was at "sweet sixteen." And that very girl, daughter of that "old-fashioned" girl is herself somewhat old-fashioned, albeit she does paint her lips, rouge her cheeks and bob her hair, and she is doing just about as did her mother, getting kissed and engaged. —San Saba News.

TURKEY INDUSTRY MARVELS ASTOUND NATIVES.

The accompanying statement reprinted from the Rockdale Reporter, is typical of the unbelief that marks even the native Texans, when the marvels of the turkey industry are presented. West Texas has changed since Editor Cooke left these parts for the sand and sticks some fourteen or more years ago, and West Texas is some swift moving section now-a-days. As witness Gov. Neff's statement regarding the turkey picker. Really, none should doubt the Governor, nor should it be necessary for The Standard to vouch for his veracity. So we merely say in passing, that the Governor was eminently correct, truthful and fully informed in making his public statement.

The editor of The Standard stood by Governor Neff's side and saw not one, but two turkeys dressed, one after another, each operation being completed in the time of 20 seconds. It was Sunday, and an off day for the picker, and he performed solely for the edification and information of Governor Neff.

As a matter of fact, this same picker, John Cathey, and his partner, Will Turner, each of whom has been coming here the past four years to "rough" turkeys, can knock a few seconds off of Governor Neff's official timing, when they get warmed up to the work. From 15 to 17 seconds is their real speed. These two men have a record of having "roughed" 1,000 turkeys in a day, for a stretch of four days straight, working ten hours a day. At 5c per head, that figures their pay at $50 each per day.

The "rougher's" work is to kill the turkey, take off wing and tail feathers, which they deposit in one barrel, and then the main body feathers. They even separate the downy feathers just under the tail feathers, which produce the finest down, and are said to be valued at $250 an ounce.

Following the "roughing" the carcasses are turned over to the pickers who remove the pin feathers for which they receive 10c per head. These pickers themselves can make all the way from $2.50 to $10 per day.

Also it may interest the Reporter editor, and the public generally, to know that Brady's turkey shipments to market so far this season have totaled about 130,000 birds, or 65 carloads, and each carload is valued at around $6,000. The local market this week has reached 22c per pound, and with the statement that the local plants will continue dressing right through the Christmas season and up into the new year, it can readily be seen that turkeys in McCulloch County are today a bigger money crop than were the cattle in the days when Cooke was numbered among the long-horns of West Texas.—Brady Standard.

The little folks are requested to send in their letters to Santa Claus by Tuesday of next week. After that date the letters cannot be used. We have received several, some of which cannot be read and some of which do not have the names of the little boy or girl. The Eagle is very anxious to have a large number of these letters, so we can infrom Santa Claus just where each little boy and girl lives, and what each one wants. Those sending in letters, should get their mothers, sisters or brothers to help them, as the letters must be legible to be used. Get some one to help you now and mail your letter early.

Heyman has a big assortment of silverware, — Community Plate—for your inspection. This is a permanent and lovely gift.

If you are hard to please, we know we can take care of your needs. Our stocks are well assorted and we have the many useful and appreciated gifts that you will want for the Holidays. Let us show you. Heyman's Drug Store. 32-tfc

KEEPING WELL

WHY RISK LIFE TO SAVE 5 MINUTES?

DR. FREDERICK R. GREEN
Editor of "HEALTH"

PUNCTUALITY is a virtue. But even virtue can be carried too far.

Samuel E. Freundlich, sixty years old, had been employed by one firm for over thirty years and in all that time he had never been late. He lived at Rosehill, a Chicago suburb, and took the 7:06 a. m. train every morning. The other day he was a few minutes late and reached the station just as the train was pulling out. He ran to catch it, jumped for the platform, missed it and went under the wheels. He lost both of his legs and probably his life.

We are all creatures of habit. Regularity and punctuality are highly commendable characteristics. But they aren't worth risking your life for.

It's better to break your record than to break your neck. Be on time, by all means, but when an occasional miscalculation makes you a few minutes late, don't risk your life in order to maintain your record.

Men who are sixty years old haven't any business running after trains, anyhow. It's all right for the boy or the young man. But the muscle fibers of the heart are like rubber. When you are young they can stretch, even beyond the ordinary, without permanent injury. But by middle life the heart muscle is like old rubber. It's all right as long as you don't put an unusual strain on it, but if it's stretched, it's apt to break.

Men and women over forty-five, and especially over fifty, should avoid sudden, extreme and unusual exertion. If the heart muscle is not diseased, it's fully equal to the ordinary, everyday strain which is put on it. But sudden and severe exertion may cause serious if not fatal consequences. Unusual exertion increases the rate and force of the heart's action. The heart is like a rubber ball. If it is overstrained, it stretches. This may cause acute dilatation of the heart, sometimes severe enough to produce death, or it may result in stretching the valves of the heart so that they never work properly thereafter.

Many serious heart conditions have their origin in some unusual exertion, which is often unnecessary. If you are middle-aged or past, don't run after street cars or trains. Wait until the next one comes, even if you are a little late. This may require five or ten minutes' waiting, but it may mean several years longer life.

We admire people who get up and fight for whatever they think right, but these folks who think that all the virture is on whatever side they happen to be on makes us tired, very tired.

* * *

Dr. Butte, during the campaign, said that platforms are all "bunk." Maybe they are, but we believe "Ma" Ferguson will live up to her own plaform of strict economy and rigid law enforcement, and as an humble member of the Legislature, the Mesquiter editor will cheerfully back her up along those lines.

* * *

By leading a forlorn hope, probably in an effort to establish a new party with himself as its recognized leader, Senator LaFollette succeeded only in eliminating himself as the holder of the balance of power in the United States Senate. But he is not the first smart man, who unwisely failed to let well enough alone.—John Davis in The Texas Mesquiter.

The City Market now has fresh oysters. 24-tfc

The name of Ottomar Mergenthaler doesn't mean much to a reader. But it was he who invented the linotype machine and made it possible for the large daily newspapers of today. This machine, with the paper mill, and printing presses, is the big factor in the spreading of the printed news. Recently a memorial tablet was placed on the little house where he was born in a small German village. Germany is late giving recognition to so deserved a genius, but as the years go by and his star shines brighter, the fame of the war-dogs in Germany will grow less.—Bryan Eagle.

THANKFUL FOR BLESSINGS

The following card of thanks recently appeared in a Kansas paper:

"I wish to thank the city authrities for quarantining my family and me for three weeks because one of them had the small pox. During that time my wife caught up with her sewing; we had three square meals a day, as no one came in and she was not permitted to leave; we enjoyed three weeks of good nights' sleep; and best of all a cousin with four children had arranged to visit us, saw the small pox sign on the door and left town so scared she will never come back again. So for these blessings we are thankful for the quarantine."

Denton, Texas, Dec. 3.—Miss Mary Frances Hodges of Junction, an irregular student at the College of Industrial Arts, is a member of the band of foreign and home mission workers recently organized under the sponsorship of Miss Mabel McQueen Weir, instructor in Bible at C. I. A. The band is composed of students interested in Christian work who intend later to do home or foreign mission work.

Miss Hodges is a daughter of Mr. and Mrs. P. T. Hodges.

FLEMING-SANDHERR.

Announcements have been received here, mailed at Brownwood, of the marriage on December 4th, of Slater Fleming and Miss Natalee Sandherr. The wedding took place at Junction and the young couple left for Brownwood shortly after the ceremony.

The groom is a son of Mr. and Mrs. John S. Fleming, and the bride, a daughter of Mrs. Nat Sandherr.

SUNSET LINES RESUME SAN ANGELO RUN.

The direct route from San Antonio to San Angelo, through Kerrville, Junction, Menard and Eden, is now traveled daily by the Big Passenger cars of the Sunset Limited Lines with headquarters at Kerrville; one car going from Kerrville to San Angelo and the other from San Angelo to Kerrville, meeting at Junction. Connection is made at Kerrville with the numerous Sunset cars that run between that town and the Alamo City.

By the schedule now maintained, a person can leave San Antonio at 6:30 in the morning and reach Junction by 11 o'clock and be in San Angelo by 3:30 that afternoon. Cars leave San Angela at 7:30 and reach Kerrville at 2 p. m., and San Antonio at 4:30. This is the only direct run between the two cities, and will prove a great convenience to through passengers as well as to persons desiring to go from one town to another along the route.

J. G. Ayala, proprietor of the Sunset line, states that his cars will give the best possible service, as in the past, and that the patronage of the people of this county is greatly appreciated.

A number of changes in stations have been made. The most important of which is the present headquarters in San Antonio at the Red Ball station and at San Angelo at the St. Angelus Hotel. The Junction station stop is at Heyman's Drug Store.

Mr. and Mrs. Conde Hardeman expect to leave the first of next week for Dallas where they will spend the Holidays.

MEMBER TEXAS PRESS ASSOCIATION

The Brady Standard came out this week with a twelve page Shoppers' Edition, to acquaint the people within a radius of many miles of that city, with the many advantages offered and the large stocks of merchandise carried by the Standard's advertisers. Besides serving the regular subscribers, enough extras were printed to place a paper in practically every home in Brady's trade territory. The issue was well patronizzed and the reading matter from the standpoint of interesting news matter, was very creditable and Editor Schwenker is to be congratulated on the good work he is doing by giving Brady a semi weekly newspaper of the first class, and his efforts in placing the live Brady business interests before so many people.

TWO KILLED AT KERRVILLE LAST WEEK.

Loren Oscar Copple was killed and Miss Ruby Lee Yett of Hunt, injured, when the car in which they were riding turned over on the Highway near the Methodist Encampment ground about 2 o'clock Sunday afternoon.

The entire top of the young man's head was crushed, presumably by the body of the car. He was immediately rushed to the hospital in this city, but life had left the body before he could be taken into the building.

About 10:30 last Sunday morning Wm. A. Rodey, 31, lost his life as the result of the accidental discharge of a shotgun on the Bandera Road about 3 miles below this city.

Mr. Rodey and W. A. Neyland were out hunting doves when the accident occurred. Noticing a large flock of doves in the trees along the river, they had just gotten out of the Ford and went down into the brush a few yards from the car to see if they could get a shot at them.

Rodey returned to the car and Neyland soon heard a shot from that direction. Thinking Rodey had taken a shot at a dove he paid no attention to it, not even turning around, although he was within 50 feet of the car, with a screen of brush between.

After listening in vain for a few moments for any noise from his companion, Neyland stepped from behind the brush and called to him. Rodey was sitting in the car beneath the steering wheel, as if ready to drive the machine.

Apparently from the way the gun was lying and the position of the body, Rodey had gotten into the car and attempted to pull the gun in, muzzle first. The body of the dead man was sitting upright with the right hand outstretched towards the muzzle of the gun, which had apparently dropped when discharged by the hammer coming in contact with edge of the car body. The entire load of bird shot had entered Rodey's right cheek.—Mountain Sun.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

Execution Sale.

THE STATE OF TEXAS:
County of Kimble.

In the District Court of Kimble County, Texas.

Mrs. N W. Allen, Vs. W. R. Richardson, C. F. Maddux and H. Vanderstucken.

Whereas, by virtue of an execution issued out of District Court of Kimble County, Texas, on a judgment rendered in said Court on the 8th day of September, A. D. 1924, in favor of Margaret Allen Barr on a plea of Intervention, and against the said W. R. Rehardson, C. F. Maddux and H. Vanderstucken, No. 810 on the docket of said Court, and in which said cause the Peoples' State Bank of Ranger, Texas, were Interveners, I did, on the 29th day of November, A. D. 1924, at 11 o'clock a. m., levy upon the following described tracts and parcels of land situated in the County of Kimble, State of Texas, and belonging to the said W. R. Richardson, C. F. Maddux and H. Vanderstucken, to-wit:

10	2881	1988	G C & S F Ry	228.6
24	21-351	530	S A & M G Ry	320

The above described lands being the premises commonly known as the W. R. Richardson Ranch, situated on Cedar Creek, in Kimble County, Texas, and on the 6th day of January, A. D. 1925, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the Courthouse door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said W. R. Richardson, C. F. Maddux and H. Vanderstucken in and to said property. Dee Gibbs,
Sheriff of Kimble County, Texas.

Gipsy Characteristics

There is a great difference in language and character in different gypsy tribes. In America the younger generation speak English and are rapidly losing their native tongues. The gypsies of one nationality are not very friendly with gypsies of another nationality and rarely does a Hungarian gypsy marry a Rumanian gypsy, or a member of either of these tribes marry a Brazilian or Spanish gypsy.

IT CAN'T BE DONE.

One of the very first things an editor learns is that he can't please everybody. The one who haven't learned this are too dumb to be trying to run a newspaper. Human nature is so constituted that some of our readers would like to have us feed them on scandal; some would like to have us tell the unvarnished truth about them, while others would kill us if we did. It is a comforting thought to the editor to know that the Savior Himself did not please everybody while He was here on earth. We labor hard to entertain and please our subscribers, but that we should occasionally fail is to be expected. Yet you will always find us ready to be forgiven. No matter how old we may grow to be, however, there is one thing that we are never going to forget; and that is that an editor can't please everybody. If he could he would be wearing wings on his shoulders in another world instead of patches on his pants in this.—Boerne Star.

The Advance

Modern civilization has not only gone forward since B. C., but 1924 A. D. finds the home a thing of beauty that was heretofore unknown. Now there are many things that help make "home" all that the word implies.

Houses are designed, not just built.

Furniture that goes into the present day home bears a full share of the burden. A home can be marred or made with the selection of furniture that goes into it.

Home Comfort

Not only is the home of today a more beautiful place, but it is much more comfortable. Things that were thought the ultra of comfort in the past, have been discarded. Only the best of the past has come down to day. Only the things that were most beautiful have been embodied in the modern word "furniture."

You will possibly find all that is beautiful in a rug of the past in a tiny design, but in to-day's rugs, the whole is beautiful.

USEFUL GIFT SUGGESTION

9x12 Rugs from $16.50 to $95.00

Cedar Chests from $3.75 to $12.00

Congoleum Rugs, all sizes. Mirrors, Rockers, Breakfast Sets, Blankets, Suit Cases and Trunks and many other things. Inexpensive Gifts that are useful the year around.

FOR THE KITCHEN

We have in our store all of the things that make a kitchen easier to work in. They have been designed for utility and time saving. Kitchen cabinets as we will show you, contain every conceivable kitchen utensil They all fit compactly in the cabinet which is a thing of beauty in itself.

FOR THE DINING ROOM

Your dining room on Christmas Day will be filled with laughing people and good food, but how will your furniture look? Will you exhibit it proudly, or will you have to hunt for chairs for the extra guest? We have inexpensive, well-made, carefully designed dining room furniture ready for Christmas.

Santa Claus is at our Store and has hundreds of the very Gifts that little boys and girls like to have at Christmas time.

What little girl would not want one of the sets of doll dishes pictured here, and what little boy would not want one of these rocker horses? These are only two of the many Gifts Santa Claus has at our Store,

An Electric Iron will lighten the work of wife or mother and she will get pleasure out of doing her own ironing. Let us show you why our Sunbeam Irons in the new heat-proof case are better.

IDEAL FOR GIFTS, TOO!

Every Member of the family enjoys crisp brown toast for breakfast. Why not make morning work easy for the women folks? Present your wife or mother with one of our Universal Electric Toasters. It will be a pleasure to use one.

Cheap Efficient—Is a Coffee Percolator. It brews the delicious beverage to a Queen's taste. You'll like your morning coffee better if made right—in one of our new percolators. Be sure to see them. We have all sizes.

Electric Curling Irons make delightful gifts. We have the "Hold Heet" brand. You'll like them, too.

A Timely Suggestion

You are going to give presents—of course you are—some to friends, some to members of your family or to relatives.

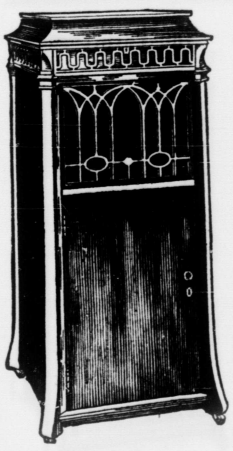

May we make a suggestion that we know you will agree is timely?

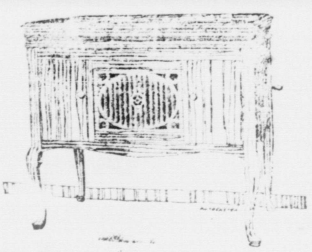

Why buy trinkets or fads that will only give temporary pleasure to the one who receives it, when you can, at the same small cost, buy something in our store that will not only give pleasure at the Holiday Season, but for months and years, will continue to be useful and will be a constant reminder of your thoughtfulness

Our Store has many such gifts, a few of which are given on this page. Let us show you many others of service.

School Notes.

Christmas is only a few short days away, and most of the students are working to have their grades up to the passing mark before the holidays begin.

The coming of Christmas has not caused any great excitement around school, only once in a while some doubtful student will make the remark: "Please, Mr. Santa Claus, bring me a 75 in English."

There was a great surprise for everyone in school Monday morning, when the students assembled in the Auditorium there was seen on the stage a beautiful curtain decorated with the painting of a mountain scene, and advertisements of various business men of Junction. After everyone was seated the curtain was raised to display the most beautiful stage scene ever brought to Junction. Everyone was very much pleased with this beautiful scenery and we all feel that we owe the trustees much praise for selecting this attractive stage setting.

The second team in charge of Captain Bill Foley took a tour to Menard Saturday and defeated the Menard second team by a 13 to 2 score. "Jelly" Jobes and "Pocket-knife" Watkins were the outstanding stars of the game. Both of these young athletes have played faithfully on the second team the entire season, and expect to make a showing on the first string line-up in a year or so.

Everyone is wondering why Lura B. has W. W. printed on her left arm.

Miss Modelle Jobes' room won the banner in the red cross drive contest. The boys' side, led by Menifee Coleman, defeated the girls' side, led by Madeline Ragland. They sold $10.00 worth. Joe Turner proved champion seller, selling $3.59 worth.

The Rocksprings basket ball girls defeated the Junction girls in a hard fought game Saturday afternoon. Most of the local girls are playing their first year, but with some hard practice and training, Miss Merchant expects to develope a winning team. This game did not count in the Hill Country meet.

Lura B. Taylor has not reported for basket ball practice in the last few days, and the girls are worried over the loss of their star player.

The Physics laboratory has added another improvement. The laboratory tables have been equipped with water lines and drains. There is more equipment to be installed in the near future, and no doubt but what Junction will have one of best equipped laboratories in this part of the State for a Class B. school.

The English teacher wishes to say to the parents of her English students that too little time is being put on preparation of the English lessons. The English work is of such a nature that no student can pass the course unless he puts some preparation on his recitation; and on the other hand, the English courses are of such a nature that there is not a student that can not do satisfactory work if he puts a reasonable amount of preparation on his work

Katherine Braley had the misfortune of cutting her hand. The cut has improved very much in the past few days, and she is expected to remove the bandages next week.

Mr. Miller has not been able to reason out why Marjorie Ragland shot a fire-cracker in the study hall Tuesday morning

HONOR ROLL:

SecondGrade: Juanita Cowsert, Alvin Linn, Rosabel McDonald, Freddie Ramsey.

Fourth Grade: Eileen Garrett, Vivienne Livingston, Audrey Barrett, Bertha Emsley, Elinor Highsmith.

Fifth Grade: Lucille Motley, Raymond James, Linada Warren, Carleton Wright, Junior Stevenson.

Sixth Grade: Nevada Blackburn, Blake Chenault, "Buzz" Motley.

We Wonder:—Why Frankie has improved in her grades so much the last six weeks.

Why Clara used the telephone Monday morning.

Why Evelyn Nance was absent from English Monday.

Why Audrey fell down one night when we were practicing the play.

Why "Cap" Foley never opens his eyes.

Why Bill Wright enjoyed the play so much Thursday night.

Why Sidney Randle and Doc Farmer have traded their spurs off for a Jelly Bean suit.

Mr. Heyman has in some new vanities and powder puffs.

Who would have thought it? Johnnie Blackburn failed in history.

HOW "HICK" TOWNS ARE USUALLY MADE.

The best way to judge a "hick" town is by its newspapers, and the advertisements in the papers are the sources from which opinions are formed. If merchants are wide awake, progressive dealers, they invariably carry a good amount of advertising in their local papers and show an intereste in constantly increasing their trade territory. Where advertising is lacking everybody except the merchants themselves, knows that the best trade of the territory is going to the more enterprising neighboring towns and cities, and that the capital of that territory is steadily being drawn from it to other places. This in time reduces it to the "hick" classification. The best of towns can be killed by a non-enterprising set of business men who are merely "store-keepers," and not merchants of a kind that are constantly building up a trade territory through modern methods.—Ex.-Lieut.-Gov. Will H. Mays, now Dean of Journalism Texas University.

WHAT GERALDINE PREWITT DID.

She was but 17, from the little town of Richardson, right here in Texas. She determined to become a steno-typist. Lack of money nor hard times did not deter her, for she knew of the pleasant work with big pay for a steno. So she found a way. She entered the Byrne School in Dallas; studied hard, and broke the world's record.

Miss Prewitt, in 20 days' study of Byrne Shorthand, wrote 154 words of new unfamiliar matter a minute for 5 consecutive minutes, and transcribed it accurately. She well earned front page mention with photo in a leading San Antonio daily of Nov. 24, 1924. The previous record for speed in learning and writing was held by H. L. Kendrick of Haynesville, La., who after 22 days' of study wrote 150 words a minute. No other system of shorthand can boast of such accomplishments. Learn Byrne and learn the best. No little credit is due Prof. L. S. Rather, now of the San Antonio Commercial College, one of Miss Prewitt's instructors, for her high honors.

$100.00 in gold for you. This College offers a reward of $100 in gold to any person who can beat the record of Miss Prewitt. We believe it can be done. We want a S. A. C. C. student to have this honor. This in addition to the generous Holiday Cut Rate offer.

Terms of half down, balance in 30 days and 60 days may be arranged with low rate board and room. Yet should you prefer our "Pay after Graduation and Position is Secured" plan, we will be pleased to hear from you. Opportunity is at hand. Will you grasp it? The quicker you lear, the quicker you earn.

Write San Antonio Business College, San Antonio, Texas for more details, or ask the Junction Eagle about this special half rate for this month.

Meaning of "Zion"

Zion is a form of the Hebrew word Siyyon. It is perhaps from an older word meaning "to be dry," "to set up" or "to protect." Arabic analogies favor the meanings "hump," "summit of a ridge" and so "citadel." Zion was properly the southern part of the eastern hill on the top of which the temple was built.

The New 1925 STAR CAR

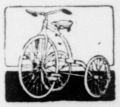

What better time of the year than Christmas, to thrill every member of the family with an automobile? You cannot hope to drive a better car than the Star or Durant. The new 1925 models are the acme of mechanical perfection. Give the car NOW! There are many beautiful motoring days throughout the winter and early Spring. We will drive it, spic, span and shining new—all holly bedecked—to your door early on Christmas morning.

Let us have your order in time for sure delivery on December 25, 1924.

Why not buy a Present for the Whole Family?

Dad, You remember when you were a boy! Nothing pleased you better than a nice little express wagon. Your boy is the same! We have a fine lot of express wagons, rubber tired, or plain wheels, sturdily built, and the prices are not as high as you would think. Make your boy happy and give him something useful, as well. You can't get anything better than a wagon or a wheel barrow. See wat we have.

In the Spring, Summer and Fall a Tricycle will keep the lad out in the open, for he will wheel himself up and down the block for hours at a time. Some are painted black with red wheels and white rubber tires. The frames and rims and spokes are of steel.

WAHL BROTHERS & JORDAN

THERE is entirely too much unnecessary sickness in this community. How many people can you name including your self, who are vigorous, healthy and strong? Isn't the number appallingly small?

"Sickness"

People are being educated to the truth about the "cause and cure" of diseases, and within the next few years sickness will be the exception rather than the rule. Why? Because Chiropractic has not only discovered the cause of disease, but offers a positive means of correcting it.

CONSULTATION IS WITHOUT COST.

We will be glad to explain fully what Chiropratic Adjustments will do to correct the cause of your particular ailment and thus restore you to health.
