Vol. 64

State Capital NEWS

By Vern Sanford

State participation in the most sweeping public welfare program since the advent of the social security system has been approved by the Texas Legislature.

House of Representatives overwhelmingly approved legislation which will make medical care for 350,000 persons on welfare rolls under new Title 19 or "Medicaid" available.

Proposed appropriations will make payments totaling nearly \$100,000,000 for needy aged, blind, disabled and their families with dependent children.

Where Medicare applies only to the aged, this new program will bring hospital care, doctor services and a variety of other benefits to welfare enrollees regardless of age.

Legislation is broadly drawn making another 200,000 "medically needy" Texans eligible for sufficient state funds are appropriated.

Federal government provides approximately four dollars for every dollar put up by the states for Medicaid.

Appropriation bills by the Legislature call for state spending totaling \$25,700,000 in 1968. This would amount to \$104,000,000 in total assistance.

Included in the new program is in-patient and out-patient hospital care. This covers diagnosis, nursing home services, laboratory and X-ray charges, physician's services, treatment and prevention.

Funds also are applicable to the required "deductibles" in Medicare.

Texas Department of Public Welfare will administer the program. First payments under the act will be effective Sept. 1.

BUDGET ADVANCED—House Appropriations Committee voted a proposed \$449,300,000 general fund budget bill for 1968 in response to the call by Gov. Connally for single-year financing. Total of all funds \$2,300,000,000.

Bill provides these general revenue allocations as compared with the present spending level: Judiciary, \$7,100,000, now \$6,000,000; up \$900,000.

Public health, hospitals, special schools, youth institutions, \$8,200,000, now \$7,600,000; up \$600,000.

Executive and administrative departments and agencies, \$78,000,000, now \$53,700,000; up \$24,300,000.

Education, \$250,700,000, now \$290,000,000; up \$40,000,000.

Legislature, \$4,700,000, now \$5,000,000; up \$300,000.

If adopted in its present form, the bill would leave an estimated surplus of \$34,800,000 for teacher pay raises and other purposes.

TO RATES ALTERED—A new scale of Texas auto license fees is fixed in a bill passed by the House and sent to the Senate.

While the bill would lower rates for about half of the cars, it would raise them considerably for very small imported vehicles. Tags would cost \$12 for those under 3,500 pounds, \$15 for those 3,500 to 4,500 pounds and \$28 from 4,500 to 6,000 pounds.

A minimum fee of \$5 would be charged for all motorcycles, trailers and other light vehicles.

OPEN MEETINGS—Bills to revise open meetings of governmental agencies received approval of both House and Senate committees and were placed on floor calendars.

House State Affairs Committee approved the measure by Rep. Bill Rapp of Raymondville. Senate Education Com-

Quanah Man Named Area SCS Official

Douglas Cunningham, work unit conservationist at Quanah since 1964, became area conservationist for the 11 counties in the Pampa area on April 23.

Cunningham, 34, has been with the Soil Conservation Service since 1960 and has worked in Delhart, Pampa, Post and Quanah. He has been very active in all phases of agricultural activities most of his life.

He is a graduate of Sul Ross State College at Alpine, with a B.S. degree in range management. He is a native of Glascock County.

The Cunningham family consists of his wife, Peggy; son, Randy Scott, age 7, and daughter, Robby Dawn, age 5. They will be joining Doug shortly after school is out in May.

The Cunninghams are members of the First Baptist Church and have been very active in community affairs.

Former McLean Postmaster Dies

Funeral services were held in Amarillo Monday for Lee A. Wilson, 62, with Dr. Winfred Moore, pastor First Baptist Church, officiating.

Mr. Wilson formerly lived in McLean and at one time was postmaster. He was a brother-in-law of Homer Abbott of McLean.

He died Friday night in St. Anthony's Hospital. Surviving are his wife, the former Ila Abbott; two daughters, Mrs. Nancy Mays of Dallas and Mrs. James Johnson of Lukeland, Fla.; two sisters, Mrs. B. B. Reed of Richmond, Calif., and Mrs. W. G. Carter of Palm Beach, Calif., and three grandchildren.

Jaycees Attend Amarillo Meet

The Amarillo Jaycees and Jaycee-ettes held their annual installation banquet Friday, April 28, at 7:30 p.m. The banquet was held in the Crystal Room of the Herring Hotel.

Those from McLean attending the banquet were Mr. and Mrs. Casper Smith, Mr. and Mrs. Jewell Lee and Mr. and Mrs. Robert Martindale.

Citizens' Relative Dies in Amarillo

Warren Smith Morgan, 53, son of Mrs. Nannie Morgan of McLean and brother of Mrs. Kate Kerr, also of McLean, died Sunday at Northwest Texas Hospital, Amarillo.

Mr. Morgan had lived in Amarillo for two weeks.

LIQUOR BILL MOVES

House Revenue and Taxation Committee passed the liquor-by-the-drink bill by a close 10-7 margin, with four members absent.

Committee added these major amendments:

Separate local option elections will be necessary before mixed drinks can be sold anywhere. (Originally, the bill sought to legalize liquor-by-the-drink in presently all-wet precincts unless voters specifically rejected the change in referendums.)

Sellers of alcoholic beverages could be held financially responsible for property damage and injury caused by intoxicated persons who purchased beer or liquor from them. Limits of liability are fixed at \$25,000 for damage to property and injury or \$50,000 for death or loss of means of support.

Permit fees would be reduced from \$1,000 to \$100 for non-profit veterans and fraternal clubs which have performed substantial charitable or benevolent work over a period of five years.

While the first two amendments obviously were intended to attract some wavering supporters from dry areas, they had the effect also of scaring off some original supporters of the bill.

Polls indicate the House vote will be close.

CONSTITUTIONAL REVISION

A "compromise" plan for revising the state constitution has received clearance from the House State Affairs Committee.

A concurrent resolution by Reps. R. H. Cory of Victoria and Randy Pendleton of Andrews would establish a constitutional revision study commission with a 20-man citizens advisory commission.

Governor, lieutenant governor, speaker of the House and Supreme Court chief justice would share in appointments of commissions. Study commission's recommendations will be turned to the 1969 Legislature for its approval. Final approval will be up to the voters.

Legislature could revise the work of the commission, add to or reject it.

Stray Dogs to Be Picked up by City

McLean is now being faced with a hazard and a threat to the safety of our children. It is getting unsafe for a child to ride his bicycle or for a child or adult to walk down the street without having the fear of being attacked by a stray dog.

Due to the increasing number of dogs running loose in the city, a man from a licensed animal shelter will be here on Thursday, May 11, and he will pick up all dogs that are running loose.

The City of McLean ran an ad in The News a few weeks ago advising that an ordinance had been passed that dog owners must either keep their dog chained up or inside a fenced yard.

HOSPITAL NOTES

VISITING HOURS: 2-3 p.m. - 7:30-8:30 p.m. No Morning Visiting Hours

IN HOSPITAL: Annie Miller, Lola Graham, Leo Gibson, Sallie McAllister, Sallie Moore.

DISMISSED: Mrs. T. A. Langham, Nancy Hudson, N. A. Greer, Pearl Dickinson.

SEE THE FUZZ! These McLean men are proudly displaying one-week's growth they had so far as a start for the beard growing contest to take place in June. They are from left to right: Sammy Haynes, Carey Don Smith, Jay Thompson, Clarence Pierce, Ted Raines and Jim Allison.

Warning! That Animal May Be Dangerous!

Some of the surrounding counties have had several reported cases of animals having rabies. In the Dozier community some cats and a calf have been found to have rabies. Some children were bitten by these animals and are now having to take the series of 14 shots.

Reports from the Lurie community are of skunks acting in a peculiar manner, attacking dogs and other animals without provocation. In Silverton a skunk with rabies even entered a man's place of business and attacked him.

Parents with small children should warn them not to have anything to do with animals that they are not familiar with, as it is only natural for children to love any type of animal and want to pet it.

Junior High Band Presents Concert

A concert was presented by the McLean Junior High School band Tuesday night, May 2, for their friends and parents. They were led by their director, Herb Germer, who has done a fine job with McLean bands this year.

This band, along with Mr. Germer, will travel to Wellington Saturday to participate in a concert. McLean wishes them good luck.

ACC Campaign Underway in City

Kickoff for the \$2.8 million Community Gifts Campaign of Abilene Christian College Design for Development was held Tuesday evening, May 2, in the home of Mr. and Mrs. Pete Fulbright.

The campaign in McLean began with the 8:00 p.m. showing of the film, "Educating for Christian Living," Fulbright, of the McLean Church of Christ, is the city chairman for the Community Gifts Campaign in McLean.

The Community Gifts Campaign is being conducted among the alumni, parents and friends of ACC in more than 250 Texas cities. The effort will reach about 30,000 persons during 1967, seeking three-year gift pledges up to \$3,000.

The Design for Development, initiated in 1965, is a 10-year program to raise \$25.7 million for academic, physical and endowment expansion.

The Phase I three-year target of the campaign is \$10.4 million, and currently more than \$9.8 million has been raised. The Community Gifts Campaign is designed to help complete Phase I by its February, 1968, deadline.

Visiting Sunday in the home of Mr. and Mrs. C. O. Goodman were Mr. and Mrs. Milton Skipper, Montie, Pat, Wayne and Sheila, Mitch Taylor, Mr. and Mrs. Nicky Skipper, Robyn and Mikala of Amarillo; Mr. and Mrs. J. D. Fish and Jay Dee, Ray Fish and Sharon Hauck.

County Program On Beef Cuts At Pampa May 16

"All Beef Is Not Steak" is the theme of a program planned by the Gray County Program Planning Family Life Committee. This program on cuts of beef will be at 7:30 p.m. on May 16 at the Robert E. Lee Junior High School Cafeteria in Pampa.

The program will consist of a demonstration on cutting up a half of beef by Paul Crouch, of Panhandle Packing Company, Mrs. Mildred Prince, home service advisor, Southwestern Public Service Co.; will demonstrate the cooking of different cuts of beef.

According to Jimmie Lou Wainscott, county home demonstration agent, and Foster Whaley, county agricultural agent, all people who are interested in becoming better consumers of beef are invited to attend this meeting. Door prizes will be given.

McLean Native Buried in Pampa

Funeral services were held Tuesday in Pampa for Mrs. Mary Geraldine Shirley, 49, with burial in Fairview Cemetery.

Mrs. Shirley, a native of McLean, was a member of the First Baptist Church of Lefors. Survivors include her husband, Clifton; two daughters, Mrs. Glenda Lynch of Pampa and Mary Lois Shirley of the home; a son, Mack of Borger; a sister and two grandchildren.

Piano Students Participate in National Auditions

The following students from Mrs. Willie Boyett's piano class played in the National Guild auditions at the Assembly of God Church in Pampa on Thursday and Saturday of last week:

Curtis Simpson, elementary A, six pieces; Cathy Curry and Vickie Jones, elementary A, 10 pieces; Randy Curry, Sheri Haynes and Debbie Ryan, elementary D, 10 pieces; Stephanie Riley and Gay Simpson, intermediate A, 10 pieces; Judy Watson, intermediate C, 10 pieces; Jan Coleman, Janet Cullers, Michele Parker and Valta Tarbet, intermediate B, 5 sonatas; Nelson Dwyer, Debra Denise McClellan and Keith Watson, 15 Bach numbers; Keith Watson, preparatory D, 10 memorized selections played; scales, arpeggios and sight reading and social test for a social diploma.

All pieces were memorized except the social test. The Guild doesn't approve of publishing ratings for the auditions, but the comment from the judge was that all the students seemed to enjoy their music, which is as it should be. Dr. Duven Grimes of the University of Portales, N. M., was the judge.

Parents and friends accompanying the students to Pampa were Mesdames John Dwyer, J. O. Coleman, John Cullers, John M. Haynes, J. P. Jones, Bernard McClellan, R. C. Parker, J. S. Ryan, Earl Tarbet and Ernest Watson; Mr. and Mrs. Glen Curry, Mr. and Mrs. Frank Simpson, Cheri Tarbet and Mrs. Willie Boyett.

Window Cited by Lubbock Paper

Eddy Windom, son of Mr. and Mrs. E. J. Windom Jr., received strong recognition in the Lubbock Avalanche Journal newspaper last week for his outstanding defense playing during the Tech spring games.

Texas Tech is a mighty big place and up to Saturday not many people had heard of Eddy Windom from McLean, but after Saturday April 22, he was operating from Tech's new rover position, and it is possible that many are thinking right now that maybe Eddy invented it.

"He was the best defensive player on the field," commented one assistant coach, and nobody within earshot offered any argument.

On at least a half-dozen occasions, Mike Leinert, a Houston all-SWC halfback, would take a swing pass only to be slammed groundward by Windom.

Windom was one of eight boys of Texas Tech secondary called by Coach J. T. King "the most pleasant surprise of the spring."

HIGH SCHOOL GOLF TEAM IN AUSTIN

McLean's High School golf team placed first in an area tournament that was held in Lubbock recently left Wednesday for Austin. The team will participate in the state tournament Friday and Saturday, Thursday (today) will be used as a practice day.

McLean's four-man team is composed of Joel McCarty, Mike Simpson, Dick Back and Pat Windom. They were accompanied to Austin by Terry Dan Hugg who will serve as an alternate and their sponsor, Jack Riley.

Area residents are rooting for them and anxiously awaiting the outcome of this tournament as it is quite a honor for a school as small as McLean's to be eligible for a state meet.

American Legion Convention in Midland May 6, 7

Legionnaires and Auxiliary members from the 16th, 17th, 18th, 19th and 21st districts, comprising the Fourth Division of the American Legion, will assemble in Midland Saturday and Sunday, May 6, 7, for their annual Spring Convention. Lee Johnson, convention chairman, has announced.

Registration will open Saturday at 8 a.m. at the American Legion Hall and the Downtown Motor Inn. There will be bowling, golf and table tennis tournaments Saturday morning.

Saturday afternoon, Department Adjutant W. H. McGregor of Austin will explain the processing of the 1968 membership cards. A joint rehabilitation conference will follow at 3:30 p.m. with American Legion Service Officer Garland DeLamar of Waco and Mrs. Carl Flack Jr. as instructors.

A joint banquet for Legion and Auxiliary will commence at 6 p.m. in the American Legion Hall. Joint session will follow at 7 p.m. with Convention Chairman Lee Johnson calling the meeting to order. Midland Color Guard of Post No. 19 will have charge of colors, and invocation will be by Department Chaplain M. L. McNabb of Fort Worth. District Judge Perry Pickett will give the address of welcome and response will be by H. B. Virgil Crawford of Brownfield. Guests and speakers will include National Vice Commander Lewis M. Emerich of Houston, Past Department Commander Clayton Mann of Wichita Falls, and Mrs. Jack W. (Mary) Flynn, department President of the American Legion Auxiliary.

It's Happening In West Texas . . . Now

The small West Texas town need not fade from the picture if it follows the ideas and suggestions put forth at the 49th annual West Texas Chamber of Commerce held recently in Del Rio.

"The small town must be preserved as the last citadel of gracious living, neighborliness and close friendships based upon intimate knowledge of the hopes, dreams and ambitions of one another," according to John Ben Shepperd, Odessa, president of the WTCC, in summarizing the findings of the Small Towns Task Force which released its report.

The printed report, entitled "The Small Community in West Texas," is the result of seven months of intensive work and detailed study and analysis by the 23-member "blue ribbon" Small Towns Task Force of the WTCC.

Written community inventories were compiled by a scientifically selected cross section of 140 small towns (under 12,000). This information, plus eight hearings throughout the area and in Austin and Washington, combined with the research by the Task Force members, are the basis for the identification of the problems and recommendations in the printed report.

Leadership was pointed out as the most important ingredient of a community's progress, when Mayor Royce Lee, Bronte, presented the section on the role of leadership in building the small community. Communication between leaders and those who follow was emphasized as necessary to the successful completion of community projects. Involvement of the entire community is also mandatory if the community is to accept the projects, according to the section leader.

Dick Marrow, Fort Stockton businessman, led the section on the educational, recreational and cultural opportunities of the small towns. It was pointed out in this section that vocational and technical courses in the small town high schools will be most helpful in preparing the students for job opportunities. Too, the availability of these trained people will attract certain industries to the area because of the special skills available in the labor market.

Cultural activities of the small town can be expanded by utilizing the facilities of nearby metropolitan areas. Concert series, art classes, dramatic presentations offered in the metropolitan centers provide an excellent opportunity to small town residents to see, enjoy

and participate in such pursuits. Expanded library facilities with possible exchange privileges were suggested as a means of broadening the cultural and educational programs of the small towns.

Further development of natural and man-made tourist attractions was suggested as one of the greatest opportunities for the creation of new dollars in the community.

ed and financed through the use of an advanced through the efforts of multiple-county cooperation were recommended as at least a partial answer to the great distances which presently exist between institutions of higher learning and some of the small towns. It was pointed out that not every small town can or should have a junior college, but multiple-county districts may be feasible in some areas.

"Industrial possibilities abound for the small town," according to Claude W. Brown, McCamey, member of the Texas Industrial Commission and member of the Small Towns Task Force, who led the presentation on industrial potentials for the small town.

The report, entitled "The Small Community in West Texas," made several recommendations regarding industry potentials for the small communities which included: (1) Establishment of research centers for the development of cotton which would meet textile mill demands that will be compatible to the West Texas climate and growing conditions; (2) assignment by the Texas Industrial Commission of at least two members of its staff to work exclusively with small towns; (3) establishment of a fibers research center at Texas Tech to further the uses of natural and petrochemical feedstock fibers; (4) passage of legislation permitting issuance of industrial revenue bonds by cities and counties; (5) encouragement of home-grown industries in the community; (6) apply the multiplier factor to raw products to increase the income of farmers, processors and finishers by developing more processing and finishing plants for raw materials and products in the West Texas area.

"Metropolitan areas have a definite need for the growth and development of the small town if the metropolitan areas are to prosper, Wendell Mayes Jr., Midland radio executive, told the convention. The large towns depend upon the small town as retailers of the goods which the large towns distribute, according to Mayes.

Planning assistance, medical facilities, communication media and industrial expansion assistance are all important assets available to the small towns from the metropolitan areas, the speaker stated. These aides to the small town should be asked for by the small town leaders to properly coordinate their own assets with those of the larger town.

Small towns were told to analyze the reasons for their continued existence. Too, they were admonished to develop their assets and advertise the good living conditions, the slower pace of living and the congenial atmosphere of the small communities.

Higher taxes, more aggressive leadership on the part of public officials and cooperation between governmental bodies were suggested as possible means of attaining goals in the small communities, when Mrs. Fred McCleskey of Stephenville, city councilwoman, led the discussion on the role of city and county responsibilities in the development of the small town.

Many towns, according to the surveys, listed low taxes as an asset, whereas the problems in the same towns were often listed as lack of facilities which are normally paid for with taxes. This paradox must be corrected,

according to the report, before real progress can be achieved.

Elected officials should assume more of their civic responsibilities if they are to be kept in office and city and county governments, as well as school, hospital and water districts should coordinate their planning for the most effective utilization of the tax dollar, the study suggested.

Although the Task Force did not recommend specific federal or state grant or aid programs that should be utilized by the small towns, it did suggest that a thorough analysis of available assistance from the sources in planning, as well as in financing, should be made by the leadership of the small towns.

"Do it yourself" programs were lauded in the study with specific examples cited of cities which have undergone tremendous revitalization through the efforts of local citizens and without the financial assistance of state or federal government funds.

The final section of the printed report outlined Project STEP—"Small Town Economic Progress," a program for the implementation of the suggestions contained in this report as well as those developed through the community inventories conducted late in 1966.

DOWN MEMORY LANE

40 Years Ago

A deal was made this week whereby George Colebank became part owner of the Cheney Feed Store. The partnership now consists of W. C. Cheney and George Colebank and they will do business under the name of Cheney and Colebank. Mr. Colebank owns the McLean Mill, which is in the same building with the feed store.

A. P. Rippey of Heald was in McLean on business Monday.

Miss Margaret Glass of Amarillo spent Saturday and Sunday with home folks here.

John Haynes visited in Norman, Okla., last weekend.

The following essay was a first place winner in a contest on "My Home Town" put on by the McLean school. It was written by Josephine Turner, 7th grade.

McLean, the fastest growing town of the Panhandle, is situated in the southeastern part of Gray County, in the northern part of Texas, is a town of many golden opportunities. Not many years ago McLean was only a little village with nothing except four or five stores, a frame building as a school house, and a few people. In the last years this town has built up more than anyone realized it would. For you who do not want to buy a house yet, we surely have a good tourist camp. Just as you enter town on the east there is a camp consisting of eight large buildings arranged so as to form one and two room apartments. These two rooms are divided with colonnades which make a wonderful little house. My home town is well lighted with a light from our water tower, seen for miles around, is used as a beacon for lost travelers. We have good drinking water, too, and in order to be prepared to meet the demands of the increasing population we have another well started and almost finished. If you want good water all the time come to McLean. One of

the greatest things McLean can give you is a good education. In April we have an Interscholastic League meet. This year we won the cup, though one of our competing schools had three times as many students.

30 Years Ago

The Junior Music Club met April 23. The hosts were J. B. Sharp and William Sharp. The visitors were Mrs. Sharp, Mrs. McDonald, Mrs. Glass, Mrs. Abbott and Mrs. Stewart. The best players for the afternoon were: Martha McDonald, in the first group, with Erma Ruth Fulbright second; in the second group, Ruth Strandberg was first and Frances Sitter second.

At the band concert at Pampa last Thursday, Friday and Saturday, the Shamrock freshmen band took first place. The Sam Houston band of Amarillo took first place in another division. The McLean band took second place. R. L. Floyd and Jesse Dean Cobb rated highly superior in solos, and Clint Doolen also rated highly superior. Jack Bogan and Jesse Dean Cobb rated highly superior in their duet.

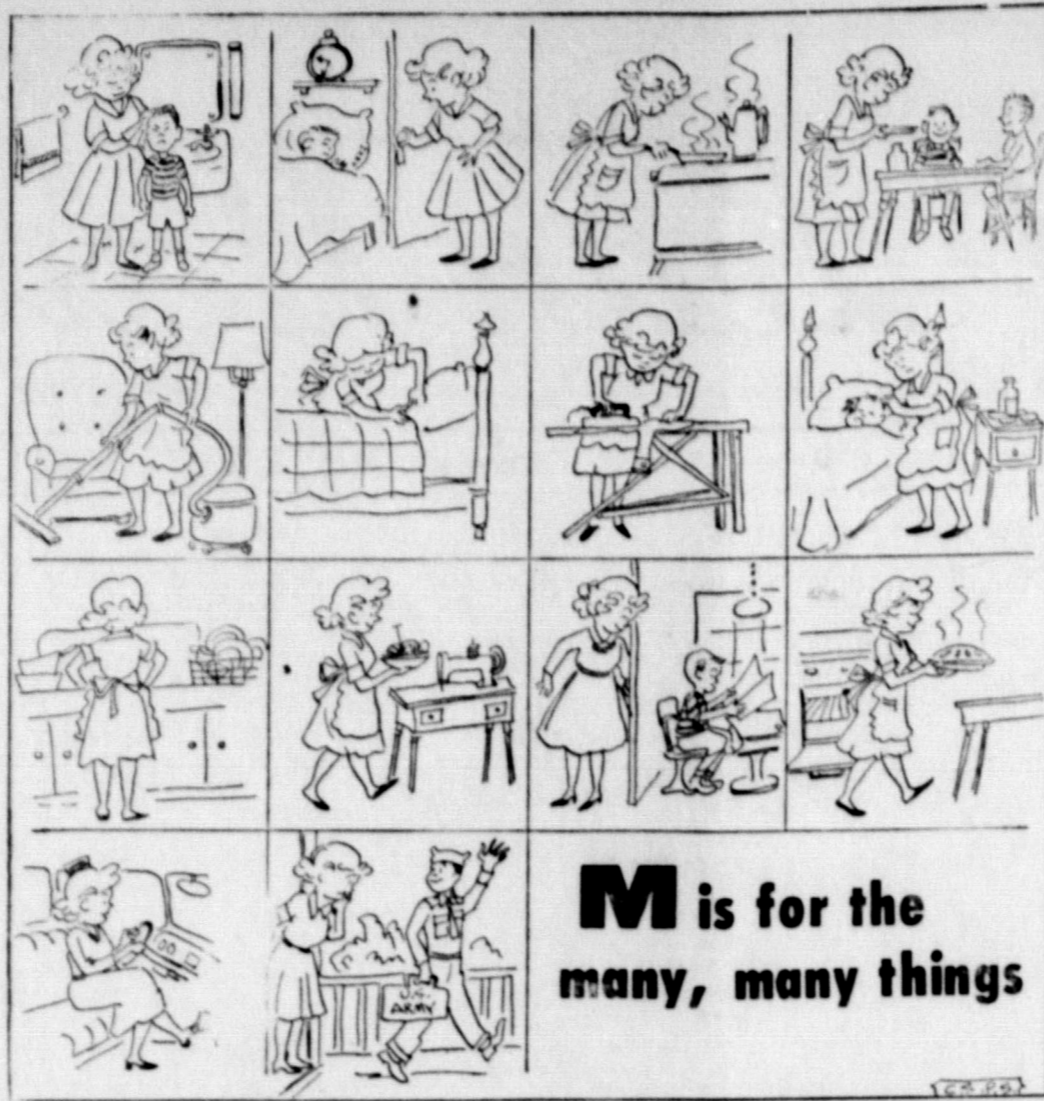

Mrs. Nannie Williams of the Dial Ranch north of McLean is visiting her mother, Mrs. John Barr, this week.

Dessie Ford of Kellerville was a dinner guest of Viola Blue Sunday.

20 Years Ago

Burglars entered the McLean High School building Sunday night, ransacked many of the rooms, but only about \$5 in cash was missing in a survey of the thievery Monday. Entrance to the building was gained through the back door. Many of the rooms, which are locked each night, were entered by breaking out glass door panes.

Mr. and Mrs. Bill Cash and son, Don, who have been making their home in Dumas for the past few months, have moved back to McLean.

M is for the many, many things

Mrs. Jeff Railsback and daughter of Dublin arrived Sunday for a few days visit with their mother and grandmother, Mrs. R. L. Harlan, and other relatives.

Chester Golightly, who is finishing McLean High School with a four year average of 94.7 per cent, has been named valedictorian of this year's senior class.

Mr. and Mrs. Johnnie Mertel and daughter, Toni Cheryl, visited Sunday in Shamrock.

A miscellaneous bridal shower honoring Mrs. Bob Sherrod, the former Miss Loyce Thacker, was given in the home of Mrs. W. E. Bogan at 3 o'clock Saturday afternoon, April 26.

10 Years Ago

The Order of Eastern Star will meet Thursday night for their regular meeting. Initiation will

be held. The meeting will begin at 7:30 o'clock. Members are asked to remember the school of instruction Saturday, April 6, in Amarillo.

The Willing Workers Sunday School class of the First Baptist Church met Wednesday, April 3, for their monthly luncheon and meeting. Hazel Smith and Katie Price were hostesses. Others present were Mildred Wyatt, Edna Graham, Bobbie Dwight, Joann Miller, Gladys Stewart, Jerry Corbin, Dana Paul Miller and Clint and Craig Corbin.

Saturday, April 6, is the day that has been set to elect two members to the board of trustees of the McLean Independent School District. Sammy Haynes and J. H. McCarty, both seeking second terms, are unopposed in the election. Voting place for the trustee election will be at the McLean City Hall.

From Conrad S. Hegstrom, Elmhurst, Illinois: I remember the threshing rings at harvest time.

Vividly I recall the distant summer sky punctuated by the plumes of black smoke of the Rumley's and Avery's fireboxes. I could see seven or eight from my home in the arc of vision. When closer to the scene, one could see the billows of chaff, dust, and straw caused by the thrasher's blowers.

When older and able to assist in the harvest, I recall pitching bundles of grain into the maw of the machine from high loaded racks. And the stream of golden grain pouring into the grain boxes.

Let me not forget to mention the dinners at threshing time. Those noonday meals were a sight to behold and to enjoy. Those farm wives surely could set a board.

(Send contributions to this column to The Old Timer, Box 437, Frankfurt, Kentucky 40601.)

CARD OF THANKS

"We would like to take this means of expressing our thanks to all the wonderful people who showed their love and concern and who helped in countless ways during our tragic loss.

The Family of Mrs. J. E. Kirby

Gray County S.C.D. NEWS

By WILLIAM M. SOWERS
Soil Conservationist

Soil and water conservation practices which were completed this week in the Gray County SCD were:

Land leveling on approximately 30 acres was completed on the H. W. Waters farm. A farm pond was completed on the Wylie Reynolds farm. Lamon Stovall has completed the seeding of 20 acres of blue grama and buffalo grass mixture on his farm.

A. C. Wilkerson planted 10 acres of blue and sideots grama on part of his range land. Leslie Dursey has completed the installation of 1160 feet of 6" asbestos irrigation pipeline. Curtis Lancaster has completed a well for livestock water on his farm. Eight acres of land leveling has been completed on the Abe Lewis farm. Approximately 7100 feet of parallel terraces were laid out on 45 acres of cropland on the O. R. Blankenship farm.

Gray Counties Purchase Bonds

During the first quarter of 1967 the citizens of Gray County purchased \$112,552 in Series E and H United States Savings Bonds, according to a report received from George B. Cree Jr., chairman of the Gray County Savings Bonds Committee. 28 per cent of the 1967 goal of \$400,000 has been achieved.

During the first three months of 1967 the sale of U. S. Savings Bonds in Texas totaled \$42,572,284. This is an increase of 10 per cent over the same period of 1966 and 23 per cent of the state's goal of \$181.3 million.

"The New Freedom Shares which went on sale May 1, 1967, will be issued to individuals only, with the simultaneous purchase of Series E Bonds on the payroll savings plan or Bond-a-Month plan at your bank. These new notes will have the same tax deferral privilege as the E bond. Payment of income tax on the interest may be deferred to redemption or maturity, and the interest is not subject to state or local income taxes." Chairman Cree pointed out.

Use of "abracadabra" as a "magic" word began in the second century when it was recited to expel fevers, inflammations and aches. Higher education in Texas began in 1840 with the founding of Rutgersville University in Fayette County.

LAND GIFT TO UNIVERSITY

The University of Houston has been authorized by the Texas Legislature to accept a gift of 50 acres of land to be used as the site of the university's Clear Lake City Center. Friendswood Development Company, a subsidiary of Humble Oil & Refining Company, will donate the land, which is near NASA's Manned Spacecraft Center southeast of Houston. John B. Turner, left, president of Friendswood and Dr. Philip G. Hoffman, president of the university, examine the site on a photographic map. The University of Houston plans to construct a \$3 million building on the property in 1969 to serve personnel of NASA and aerospace firms, as well as other residents of the area.

BIRTHS

Mr. and Mrs. Kenneth Jackson are the parents of a son, Robert Wayne, weight 9 lbs., 4 oz., born at 10:02 p.m. Monday, April 24, in Groom Memorial Hospital.

Grandparents are Mr. and Mrs. Jack West of Groom, T. C. Jackson and Mrs. Fern Jackson of White Deer. Great-grandparents are Mr. and Mrs. Elton Johnson and Mr. and Mrs. C. H. West of McLean and Mrs. W. C. Knutson of Idalou.

There are about 160,000,000 acres of land in Texas farms and ranches.

HONOR ROLL

RENEWALS: Joe's Barber Shop, Southwestern Public Service, Pampa, J. R. Ryan, Tom White, Mrs. Dalton Jones, J. R. Phillips, Jewel Coats.

NEW: John C. McClellan.

CHANGE: J. D. Roachelle, Emelita Encino, Calif. 92318.

CARD OF THANKS

I want to thank all my friends for the cards and visits while I was in the hospital; also Dr. Fabian and the hospital staff for their care.

"Y'ALL COME"

Sidelights from a History Notebook

Among radio pioneers was Nathan B. Stubblefield, who demonstrated a radio broadcast in 1892. In 1902 he gave a public exhibition in Fairmont Park, Philadelphia, his voice being heard a mile from the transmitter. Stubblefield was granted a patent on his broadcasting method, May 12, 1908.

On May 12, 1937, a record was set for the longest radio program ever recorded — the coronation of King George of England. The recording covered both sides of 108 twelve-inch records, runs for nearly fourteen hours. Ironically, the recording was not made in London. A New York firm picked up the broadcast on short-wave receivers.

"Blood, toil, tears and sweat." Addressing the House of Commons for the first time after his election to the position of British Prime Minister, on May 13,

1940, Winston Churchill said: "I say to the House, as I said to the Ministers who have joined this government, I have nothing to offer but blood, toil, tears and sweat."

The month was May, the year 1607. They came in three ships, the Sarah Constant, the Goodspeed, and the Discovery, a party of one hundred five men. They entered Chesapeake Bay and sailed to a river they called the James. They landed on the lower bank and began erection of the first permanent English settlement in the New World, which they called Jamestown.

On May 15, 1862, amid the turmoil of the Civil War, President Lincoln signed the act creating the U. S. Department of Agriculture. During the same year he signed the Homestead Act and the Land-Grant College Act.

The Mother's Ring

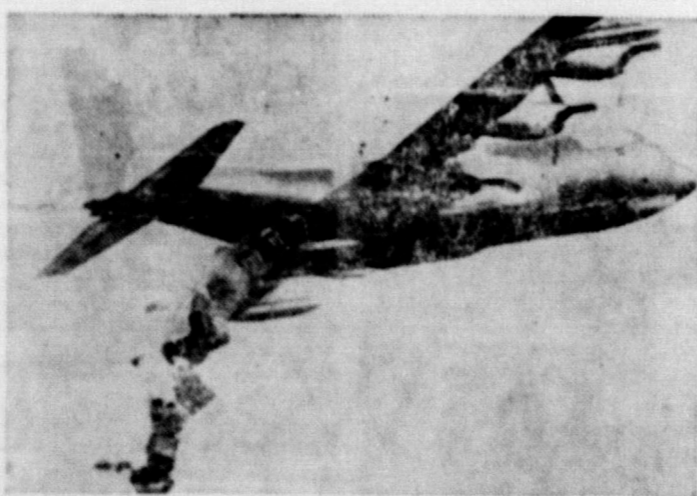

Is Mother's Day the only appropriate time to give her The Mother's Ring?

Not really. Christmas, Valentine's Day, Easter, her wedding anniversary, her birthday, the day her first child arrives may be equally significant days for her. But since Mother's Day is so close, why wait?

PARSONS REXALL DRUG

CONGRATULATIONS . . . South Vietnam Premier Nguyen Cao Ky congratulates SP4 Raymond L. Parker, 509th Engineer Company. Parker was recipient of Vietnamese Gallantry Cross, Vietnamese 3rd highest award, with the Silver Star. Mrs. Ky is at right.

AIR DROP . . . An Air Force C-130 Hercules climbs sharply as it releases a huge load of supplies in major parachute drop in Vietnam. Planes dropped hundreds of tons of supplies, including jeeps, trucks, trailers and ammunition, in support of Army's 173rd Airborne Brigade in Tay Ninh Province.

GLISTENING NEW . . . Something new has been added to the scene in Montreal beside the number of pavilions on the fair grounds of Expo 67. It's a glistening new metro (underground railroad) with modern decor and swift service.

Drive the cost of living down, without giving up all this.

Chevrolet's room, ride and price. When *Automotive News* made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are still the lowest priced full-size cars of this kind you can buy. **Chevelle's quick size.** It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true. But they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. **Camaro's road-hugging stance.** At its price, Camaro is the only sportster to give you wide-stance design. It rides steadier, clings to curves better,

hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.

See your Chevrolet dealer during his Camaro Pacesetter Sale

Special buys on Camaro Sport Coupes and Convertibles specially equipped with: 250-cubic-inch Six, 155 hp • Deluxe steering wheel • Bumper guards • Whitewall tires • Wheel covers • Wheel opening moldings • Striping along the sides • Extra interior brightwork • And, at no extra cost during the sale, special hood stripe and a floor shift for the 3-speed transmission! SALE SAVINGS, TOO, ON SPECIALLY EQUIPPED FLEETSIDE PICKUPS (Model GS 10934).

Shower Honors Joyce Beasley

Miss Joyce Beasley, bride-elect of Scott Carpenter, was honored at a bridal shower in the Methodist church parlor on Tuesday, April 4.

A yellow and white motif was carried out in the decorations. Gail Fry presided at the tea table which was laid with a white linen cloth and centered with an arrangement of forsythia, apple blossoms and pearls. The appointments were crystal.

Martha Beasley presided at the bride's book, which was a gift from the mother of the groom-to-be.

Those serving as hostesses for the shower were Mesdames W. P. Flowers, Clyde Magee, Wheeler Carter, Dick Dickinson, S. A. Cousins, Ernie Fry, Cicero Turpen, R. C. Parker, Marvin Hall and Frank Rodgers.

Those attending or sending gifts were: Mesdames Jay Dee Coleman, Claude Powell, E. J. Windom Jr., Dorothy Bench, Jimmie Keen, John B. Rice, Frank Reeves, James Barker, George Van Huss, Raymond Glass, Betty Hendricks, Bob Sherrod, Mike Johnson, Kenneth Thornton, John McCall, Sidney Lands, Bill Simpson, Roy McCracken, John Anders, Jeanne Caho, R. D. Back, Earnest Beck, Irene Mullanax, Jerrell Lee, Wilson Boyd, Ott Moore, Hershel McCarty, Lurah Rhodes.

And Mesdames Bill Bailey, Corinne Trimble, Odessa Gunn, Lena Pettit, Olin Stapp, Jeff Railback, C. R. Griffith, Grace Harrington, James Hinton, John Jenkins, C. H. McCurley, Jewel McCurley, Sinclair Armstrong, John B. Gull, Charlie Vineyard, Doyle Billingsley, H. M. Harkins, Madge Page, Tom Trostle, Homer Wilson, Joe Taylor, J. L. Hess, Curby Morris, Jimmy Shelton.

He said the workshop is part of a semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic lodges. The Masonic fraternity is noted for its activities in the field of charity and in the self-improvement of its members.

New 4-H Program Sponsor

A new 4-H Field Crops Science program sponsor is welcomed to the National 4-H Service Committee, Chicago. Norman C. Mindrum, director (left) shows M. B. Turner, vice president of Amchem Products, Inc., the 1967 4-H award program Handbook which includes Field Crops Science.

The national 4-H Field Crops Science program has a new sponsor this year. It is Amchem Products, Inc., of Ambler, Pa., near Philadelphia. Announcement of the new sponsor was made by Norman C. Mindrum, director of the National 4-H Service Committee, Chicago.

Mr. M. B. Turner, vice president and general manager of the Agricultural Chemicals Division of Amchem, is the 4-H contact person for his firm.

The 4-H Field Crops Science program is one of the primary project areas for young farmers. In addition to learning approved practices for soil preparation, seeding, weed control and harvesting, 4-Hers this year are encouraged to explore the science in growing crops, according to Mindrum.

The USDA planting survey for 1967 forecasts an increase of 7% acreage in corn; 12% in grain sorghum; 9% in soybeans and 25% in wheat. The 4-H field crop growers are expected to increase their spring plantings. They strive to produce quality crops and obtain highest possible yield.

That is where the science phase of the program is put to use, according to 4-H leaders. Weed and insect control are two factors which determine both quantity and quality. Conservation, marketing and land judging also are studied.

As part of its 4-H sponsorship, Amchem provides awards for the most outstanding projects. Four top members in the county receive honor medals. One 4-H'er will be chosen from competing field crops members in the state as winner of an all-expense paid trip to the National 4-H Club Congress held in Chicago the week following Thanksgiving.

The big awards are six \$500 educational scholarships. These go to six national winners chosen from the state group. All award recipients are selected by the Cooperative Extension Service.

Carrying out field crops projects over a period of years has determined future careers, both on and off the farm, for many farm youths. Scholarships and profits from 4-H projects help defer college expenses.

- Whaley, Custer Lowary, Guy Hester, Charles Cooke. And Mesdames Dean Tate, H. F. Fabian, Carl Dwyer, Ted Raines, Clifford Allison, J. E. Kirby, Clyde Willis, Pete Fulbright, W. R. Ferguson, C. F. Keen, Ernest Watson, Joe Graham, J. R. Phillips, J. L. Andrews, Edgar Bailey, Jess Kemp, Victor Clett, James Clett, Butch Turpen, Bob Patton, L. F. Giesler, J. L. Mann, Woody Wilkerson, Eddy Bartlett, R. L. Brown, Paul Kennedy.

Woods Entertain Shamrock Club

Mr. and Mrs. R. T. Wood of the Veral Lynn Gift Shop were hosts to the Blue Bonnet Home Demonstration Club of Shamrock on Wednesday, April 26.

The hosts gave demonstrations on making grape clusters, lamps, candles and other decorative items from polyester resin. A short demonstration on gifts made from papier-mache, such as pins, fruits and vegetables, was also given.

Mrs. Pearl Bogan of McLean gave a very interesting demonstration on the art of decoupage and application of gold foil to ash trays, boxes and other items.

Refreshments of cookies, coffee and lemonade were served to the following members: Mesdames Chester Beasley, Tom Montgomery, Susan Peachy, T. E. Johnston, Roland Pike, S. E. Riley, Wade Willis and J. P. Hall.

Mrs. Luther Troxal of Shamrock was present as a guest of the club. All members reported a most enjoyable and informative visit.

News From HEALD

Mr. and Mrs. Dawson Jackson of Weatherford, Okla., spent the weekend with her parents, the A. W. Lankfords.

Miss Jana Davis of Amarillo is spending the week with home folks.

Mrs. Nida Rippy Green visited her sister, Mrs. Estelle Roach, and her brother, H. S. Rippy, at Shamrock last Thursday.

The Heald W.S.C.S. honored the George R. Reneau with a pot luck dinner on Wednesday of last week. Mr. Reneau was 90 on that day and Mrs. Reneau 83 on Friday. During the day, Mrs. A. E. Carpenter brought the fifth lesson in the study of James and of 1st Peter.

New officers were elected for the coming year. Those present besides the honorees were Mesdames O. O. Tate, A. W. Lankford, A. E. Carpenter, Gerald Tate and Mark, K. S. Rippy, Ott Davis, Nona Dougherty, Nida Rippy Green, Grace Haner, Glenda Adams and son.

Mr. and Mrs. Bob Bidwell visited her sister, Mrs. Bill Clay in Quail Sunday afternoon.

Mrs. Pickett returned home Amarillo Thursday of last week. Visiting in her home on Sunday afternoon were Raymond Lane, Earl Green and Mrs. Earlene Smith.

Mr. and Mrs. Guy Clements and Todd of Pampa visited in the Ott Davis home Sunday afternoon.

Mr. and Mrs. A. W. Lankford were in Sentinel, Okla., Monday on business.

Mrs. Rita Ann Crawford and son, Shawn, of Canyon visited in the home of her uncle, A. W. Lankford, Sunday afternoon.

MELVIN D. HARBISON

Harbison to Get Seminary Degree

Melvin D. Harbison, whose home town is McLean, will receive the bachelor divinity degree from Southwestern Baptist Theological Seminary at Fort Worth during the 60th annual spring commencement exercises, May 5, in Truett Auditorium.

Pres. Robert E. Naylor will present degrees and diplomas to 147 candidates. Degrees in church music, religious education and theology will go to students from 26 states and two foreign countries. They join over 11,000 graduates from the seminary serving on every continent.

Dr. William Shamburger Jr., pastor of First Baptist Church, Tyler, and chairman of the seminary trustees, will deliver the commencement address. Southwestern Baptist Theological Seminary, owned and operated by the Southern Baptist Convention, is the largest evangelical seminary in the world.

Harbison, a 1956 bachelor of arts graduate of Abilene Chris-

SUNDAY'S SERMON

ATTITUDE

You'll find the world to be a much better place if you begin each day with a smile. Try it. When you brush your hair or straighten your tie, smile at the image in the mirror — and observe the smile that you can see. Carry this smile with you as you go about the business of the day. You will be greeted by more smiles than came your way yesterday. There is no magic about it. It is really a simple thing. The world reacts to you. Your attitude, the air that you have about you, the way that you meet the world; here it influences, here it forces, positive or negative, that causes the world to react in kind. Carry a smile with you wherever you go. A smile may — or may not — open up new doors for you. But one thing is certain. It will make the world a happier place, wherever you happen to be.

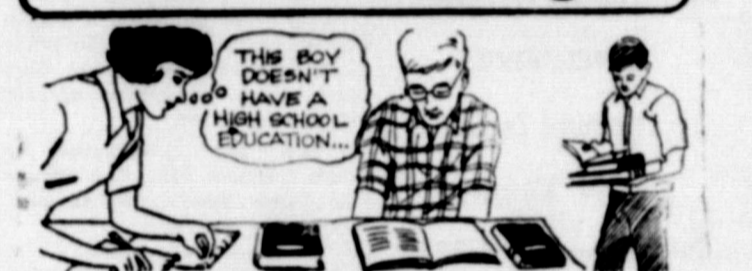

tian College, is minister of Birdwell Church of Christ, Fort Worth. He is married to the former Virginia Ruth May, daughter of Mrs. W. C. May, Fort Worth. Harbison's father, Clarence Edmond Harbison, now lives at Whiteface.

Sunbeams Meet

The Sunbeams met at the First Baptist Church Tuesday, May 2, at 4:00 p.m. The lesson for the day was "Home Missions."

Those attending were Jerec Boyd, Carol and Mark Bailey, Amber Hester, Trudy Stewart, Leslie Hunt, Gregory Smith, Lisa Young, Lanau and Michele Sons and Gladys Stewart, counselor.

For And About Teenagers

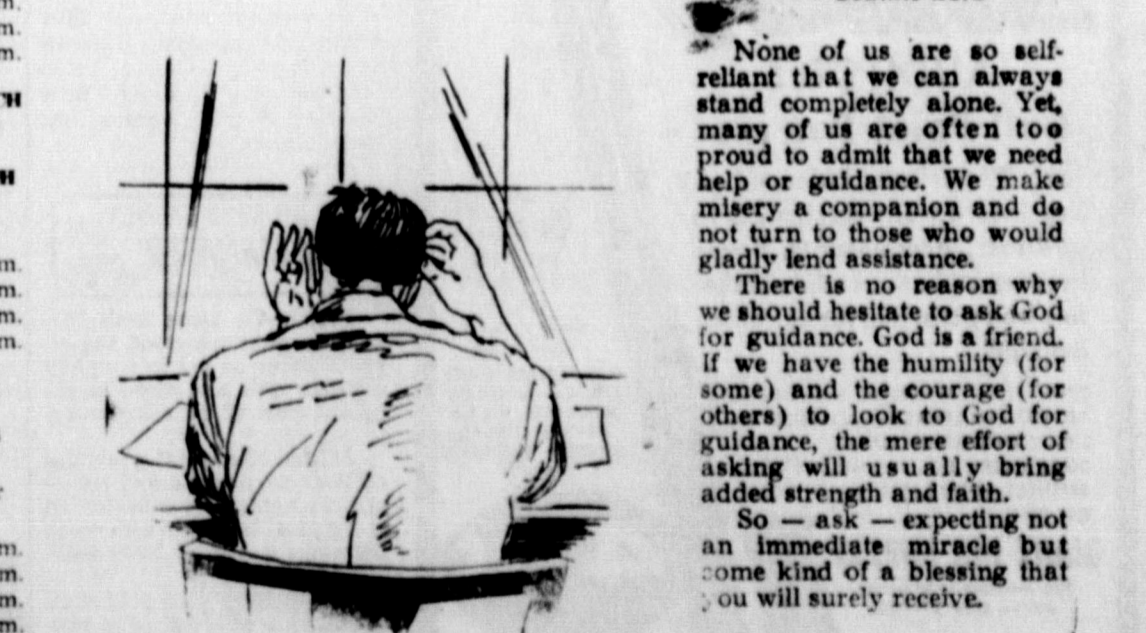

THE WEEK'S LETTER: "I met this boy at a dance and I think he is the most wonderful thing that has ever happened to me. You probably are like my parents and think sixteen is too young to know if you are really in love. I have been looking around and I know what kind of boy I want and now I have found him. This boy doesn't have a high school education and I am afraid my parents will not let me see him for this reason. He tried to get back in school but one of the teachers refused to pass him on to another grade. This would make him a year behind, so he won't go back. My girlfriend doesn't care if he is in school or not and he has started calling her. I see and hear less of him. What can I do? How can I convince him he needs his education and I don't care if he is a year behind me in school? I don't want to end the friendship with the girl, but how can she do this to me after we have been friends for six years?"

OUR REPLY: You are not the first girl to fall in love at sixteen. It is a pretty safe bet, we feel, that this will not be the last time you fall in love. Try to convince the boy that he should go back to school. It is not disgraceful to be a year behind and the boy who aspires to make some kind of a mark in the world need not be told that the lack of a high school diploma will close many doors to him. The school situation may have nothing to do with the fact the other girl is seeing him more and you are seeing him less.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, COMMUNITY AND SUBURBAN PRESS SERVICE, FRANKFORT, KY.

Worship Each Sunday

Ask for Help "Hear the voice of my supplication, as I cry to thee for help, as I lift up my hands toward thy most holy sanctuary." — Psalms 28:2

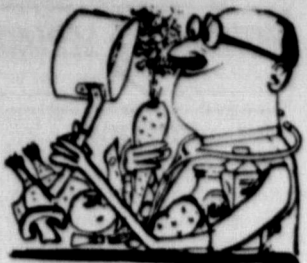

None of us are so self-reliant that we can always stand completely alone. Yet, many of us are often too proud to admit that we need help or guidance. We make misery a companion and do not turn to those who would gladly lend assistance. There is no reason why we should hesitate to ask God for guidance. God is a friend. If we have the humility (for some) and the courage (for others) to look to God for guidance, the mere effort of asking will usually bring added strength and faith. So — ask — expecting not an immediate miracle but come kind of a blessing that you will surely receive.

DIET, EXERCISE AND YOUR HEART

Are you worried about your diet, your activity program, and your heart? You will be interested in a view recently expressed by Dr. Thomas R. Dawber, who headed the study of heart diseases conducted by the National Heart Institute over a 14-year period in Framingham, Massachusetts. Dr. Dawber is now program planning officer at the Boston University Medical Center.

Watch Blood Pressure

Basing his opinions on data and experience gathered during the Framingham study, Dr. Dawber believes that lowering the blood cholesterol by dietary means, and encouraging greater physical activity, do not offer as much protection against coronary heart disease as physicians have believed. He does not discourage these approaches, which he believes can do no harm, but he advocates greater emphasis on two other points—smoking and blood pressure control.

While he admits the statistical correlation between low blood cholesterol and a low rate of coronary diseases, he does not believe that this proves the artificial lowering of blood lipid (fatty substance) levels to be effective in preventing coronary disease. He points out that atherosclerosis is present in the arteries 20 years before symptoms

appear, and so the lowering of cholesterol levels comes too late to be helpful.

Dr. Dawber does not believe that push-ups, pull-ups or bicycle riding will prevent coronary disease, though he does advocate continuing exercise because it may be a factor in prolonging life.

Key To Prevention

Dietary control is important for the control of overweight, diabetes and high blood pressure, but Dr. Dawber believes that the key to prevention of coronary heart disease lies in control of blood pressure and in cutting cigarette smoking. In the Framingham study, the sudden-death rate from coronary heart disease in nonsmokers was only one-fifth that of smokers, and nonfatal heart attacks one-third as great. Improvement is evident immediately upon discontinuing smoking, even after the persons had been smoking for a long time.

Dr. Dawber was quoted in Medical World News this past winter as saying: "of all the factors increasing the risk of coronary heart disease, stroke, and peripheral vascular disease, cigarette smoking is the only one in which there is convincing evidence that a change, at any age, (italics mine—WWB), will materially alter the risk of subsequent disease. The hopeful and unique aspect of cigarette smoking is that its presence as a risk factor can be voluntarily eliminated."

The ship's rudder for steering large vessels was perfected in the 13th century, paving the way for long voyages.

Freshmen Enjoy Hay Ride, Picnic

The freshman class at McLean High School went on a hayride Monday, May 1, as their class party.

They were pulled on a wagon by a tractor to the Clyde Willis farm, where they ate hot dogs and had a good time playing along the creek.

They were accompanied by their sponsors, Mrs. Carl Dwyer and Herb Germer. Bill Simpson drove the tractor.

The McLean News

News From ALAN REED

By MRS. CECIL CARTER

Mr. and F. B. Carter, Mrs. Buddie Hill and Mrs. F. L. Dalton and Dan of McLean were in Amarillo on business Wednesday.

Cecil Carter was in Clarendon on business Wednesday.

Mr. and Mrs. Cicero Turpen visited Thomas D'Spain in a Pampa hospital Wednesday.

The T. P. Crisp and Mrs. H. H. Worsham were in Wheeler on Wednesday to visit a sick friend.

Mr. and Mrs. L. H. Eurlman spent several days in Lubbock last week with the Claude Farleys.

Mr. and Mrs. Bill McKee and family of Groom visited the Bert McKees Sunday.

The Alanreed Home Demonstration Club met April 26 in the home of Mrs. Bob Roland. The meeting was opened by President Roland who also gave the roll call which was answered with "A woman in the news." A report was made by the council delegate. A state convention delegate was elected to compete with those from other clubs.

Three ladies will go to state convention in September. Our delegate is Claudia Cooke. A program on the diet pill menace was given by Mrs. Cooke, and a question and answer session followed. Refreshments of cream pie, coffee and tea were served by the hostess to Mesdames Al Cooke, Robert Bruce, Cecil Carter and J. D. Harrison.

Mrs. Hartley Davis visited in Groom and Stinnett with her sister and family. She drove her sister from Groom Hospital to her home in Stinnett.

Vickie and Jerrie Carter of Pampa spent the weekend here with their grandparents, the Cecil Carters. Their grandparents returned them home and visited with the Jerry Carters Sunday.

Mr. and Mrs. D. E. Malone of Skellytown visited the Curg Hills over the weekend.

Mrs. Marie McCracken has accepted a position with the Claude Nursing Home and will leave our community.

Harry Prock entered Shamrock Hospital last week after suffering a slight stroke.

Mr. and Mrs. S. T. Greenwood have their daughter, Ruth, and her husband visiting this week. Also visiting over the weekend were a son, Burnett, and wife of Wichita Falls.

Visiting the Leo McMahan's this week were Mrs. McMahan's parents from California and Mr. and Mrs. Jerry McMahan and son of Amarillo.

The judging of our Community Improvement was held on Friday, with a tour of each home and farm.

The W.M.S. of First Baptist Church met in the church for mission study on Hong Kong, with Lela Sherrod in charge.

After prayer call read by Mrs. Cecil Carter, each one participated in the very interesting study. Present were Mesdames A. H. Moreman, S. T. Greenwood, R. J. Bruce, E. R. Sherrod and Cecil Carter.

Mrs. Groves Is Host to Sew Club

The Sew Sew Club met Monday, May 1, in the home of Mrs. Mary Groves.

Making curtains, sewing, embroidery and quilt block piecing and visiting were enjoyed by all present.

Betty Thacker was elected president of the club; Mary Groves, secretary and treasurer, and Laura Goodman, reporter.

A delicious luncheon was served at noon. Present were Mesdames Vela Corcoran, Jeannette Kennedy, Minnie Groves, Laura Goodman, Eva Peabody, Betty Thacker, Maggie Johnston and Mary Groves.

FOR THE FAMILY MANAGER

ITEM: To store fresh fish, wrap in moisture-proof, vapor-proof paper or put in a tightly covered dish and store in the coldest part of the refrigerator.

ITEM: Mix equal quantities of fresh whole milk and reconstituted nonfat dry milk for an economical beverage with much the same flavor as fresh milk.

ITEM: Keep eggs cold at all times. Ups and downs in temperature cause egg whites to become thin.

ITEM: If you plan to freeze a cake, be sure to use pure vanilla. The U. S. Department of Agriculture says synthetic vanilla may give an off-flavor to frozen cakes.

ITEM: Baked angel food and sponge cakes may be stored in the freezer for up to two months.

MINOR CONCERT... Two young "fiddlers" appear engrossed in their music as they participate in a violin concert performed in the spacious arena of the Nippon Budokan Hall, Tokyo. The two children were among the 2,000 students of the Talent Education Institute, headed by Shinichi Suzuki, who demonstrated what they had learned. The Director's students begin their musical lessons at the age of six years.

Veterans' Medals Are Unclaimed

Millions of unclaimed medals earned by World War II and Korean War servicemen are stacked up in warehouses around the country, according to the Veterans Administration.

Jack Coker, manager of the VA regional office in Waco, revealed that the Army alone has some 800,000 pounds of medals in a Philadelphia warehouse.

Among the medals there are over one-and-a-half million Victory Medals, a decoration earned by almost everyone who served in World War II.

The VA manager said that veterans interested in securing medals to which they are entitled should write a letter to the military branch in which they served.

Letters should contain full particulars about their military units to which they were assigned, and above all, the letter should contain the veteran's complete name and serial number.

To write for medals, Coker said, use the following addresses:

ARMY: The Adjutant General, Decorations and Awards Branch, Department of Army, Washington, D. C. 20300.

AIR FORCE: Director of Military Personnel, Attention: Awards Branch, Headquarters, U. S. Air Force, Washington, D. C. 20300.

MARINE CORPS: Commandant, Headquarters, U. S. Marine Corps, Washington, D. C. 20300.

COAST GUARD: Commandant (PMM), U. S. Coast Guard Headquarters, Washington, D. C. 20300.

NAVY: Commandant, Headquarters, U. S. Navy, Washington, D. C. 20300.

Wood's 'Notebook' In Second Printing

Do you have, or did you ever have, a favorite uncle who always seemed to have a story or a quip up his sleeve that left you grinning? Do you sometimes like to browse through an almanac? Do you like the sound of a choir singing old, familiar hymns in a small town white church with background music of bees buzzing in lilac bushes outside flung open stained glass windows?

If "yes" is the answer, then chances are you will like "Notebook of Uncle Zeb," by Carl C. Wood of Claude.

Recently published, the little volume of 47 pages went into its second printing last week. Previous writings of "Uncle Zeb" include "Plowin' Out the Corners" and "Along the Trails With Uncle Zeb in Red River."

"Notebook" is as much every day America as whistling Yankee Doodle, seeing the Star Spangled Banner waving on top of the post office, or relishing the taste of the sound sweet heart of a rosy ripe watermelon in July-along about the 4th!

In "Notebook" you will find small paragraphs or sentences under such chapter headings as Finding Fault, Happiness, Money, The Uplook, Leftovers, This and That, Thinking Out Loud.

Juicy little morsels of wisdom and inspiration and humor reflect a spirit and a picture of life that vividly fill the pages of the little book above and beyond the words Mr. Wood put there.

About his philosophical writings, Uncle Zeb says, "They are down to earth, where we all live when no one is watching."

"Notebook of Uncle Zeb" sells for \$1. It may be purchased from Carl C. Wood, P. O. Box 325, Claude, Texas 79019.

Suggestions For Painting

The kind of paint for that inside the home painting job should be determined by how much "wear and tear" it gets. That's the word from W. S. Allen, extension agricultural engineer at Texas A and M University.

He says paints are available in three general classifications: alkyl, latex and special types. Primers might also be considered as a class by themselves, notes Allen.

Alkyl, or oil-base paints, come in three kinds, flat, semi-gloss and gloss enamel. Flat paints are excellent for bedroom walls because they produce no light reflection. Semi-gloss, or eggshell, as it is called by some companies, is best for the living room, kitchen, bath, and in some cases for the hallway.

Gloss enamel, covered with a rubbed-effect varnish, can be used for painting woodwork and furniture.

Latex, or water-based paints, are also known as vinyl, polyvinyl acetate, styrene butadiene and acrylic. Special paints include textured varieties, multi-colored and jellied paints. All produce a kind of pattern and require careful choice of fabrics and furniture to go with them, says the engineer.

Allen says semi-gloss and gloss paints withstand scrubbing and stain removal best; that any flat paint will wear off and may leave shiny places when spots are scrubbed.

A paint looks brighter and darker on the wall than does a small sample, he says. The lighter paints reflect light and give better lighting effects for family activities. Allen suggests the use of a base coat, such as a primer, or a second coat of enamel or latex when covering a dark paint with a lighter one.

Study paint container labels, says Allen, to gain information on content, storage, drying time, how to clean brushes, and the number of coats required. Then, he adds, select the best paint, the best equipment and the best ladders you can afford and practice safety when painting.

Finally, Allen suggests that you consider your time and energy when making the decision about painting. It might pay to have the painting done instead of doing it yourself.

Guadalupe Peak in the northwest corner of the state is the highest point in Texas with an elevation of 8751 feet.

Houston to Host Production Group

Production Credit Association fieldmen from the 35 associations in Texas will convene in Houston, May 9, 10, to study the future credit needs of agriculture.

"Providing enough of the right kind of credit for farmers and ranchers these days is no easy assignment," declares Erbin Crowell, general manager of the Canadian Production Credit Association. Crowell, Larry Albin, John Burson, Lynn Futch and James Verden will represent the Canadian association at the meeting.

Dr. T. R. Timms, head, Department of Agricultural Economics and Sociology, Texas A and M University, will discuss "Future Credit Needs of Agriculture."

Also slated for the conference will be a commodity outlook panel discussion on cotton, beef cattle, dairy and grain. Members of the Agricultural Economics Department of Texas A and M University will compose the panel.

CONFIDENCE

A statement of confidence is the finest of compliments. The leader of men becomes stronger in determination with knowledge that those who follow his directions believe in him, depend upon him for guidance.

When you patronize a local merchant over a long period of time, you do so because you have confidence in the fact he will deliver you the value and service and, particularly perhaps, because these qualities have been demonstrated in all previous transactions.

Shop wisely. Expect value and service for every dollar you spend. But, we suggest, always, other things being equal, trade with someone in whom you have confidence. Someone with a record of dependability.

Trade at Home for Your own good and community progress

By FOSTER WHALEY

In February, 1966, a total of 375,000 head of cattle was sold through the livestock auction of Texas. During February, 1967, only 345,000 head were sold through the same auctions. This was an eight per cent drop. During March, 1966, a total of 487,000 head of cattle was marketed through the livestock auction in Texas. In March, 1967, only 491,000 head showed up at the Texas auctions. This is an 18 per cent drop.

This occurred at a time when dry conditions prevailed all through the southwest in February. Favorable market conditions have been present throughout February and March and very conducive to marketing.

Reports from the auction sales are very accurate and in our opinion would give a much better clue to cattle numbers than random samples taken from livestock producers.

If we had more cattle, as some authorities think, one would think with unusually dry conditions in February more cattle would show up at the livestock auction, not less. We say it is strictly a light supply of cattle that has been met with a moderate demand for feed lot replacement mainly.

We are told by good authority that thousands of acres of grass in the southeastern state are being plowed up and planted into soybeans. We believe there will be one of the biggest surprises to hit the cattlemen of the nation when an accurate count is made on cattle numbers. The way we see it from here, you better tie your stirrups if you are in any phase of the cattle business. You are gonna see some steep ups and downs. We think the same thing is true in all agricultural products. Wheat is an explosive commodity. The Santa Fe crop report differed sharply with the government crop report on wheat. A three cent rise followed on Monday's market as a result. We personally agree with the Santa Fe report.

There isn't enough participation on the part of producers on the Chicago Mercantile Exchange—live beef cattle futures market—to erase all the extreme highs and lows out of the market today. In due time this will have a decided effect. It has some effect at present.

Stick around for two years of big excitement in the field of agriculture. There is more discontent at present than we have seen in years.

Farms will continue to grow larger in size and volume of sales produced. Value of the average farm in Gray County in 1969 was \$77,896. The average size was 1,409 acres. In 1964 the average size rose to 1,465 and the value rose to \$129,385. We think the trend to fewer farms and larger farms will speed up in the next few years.

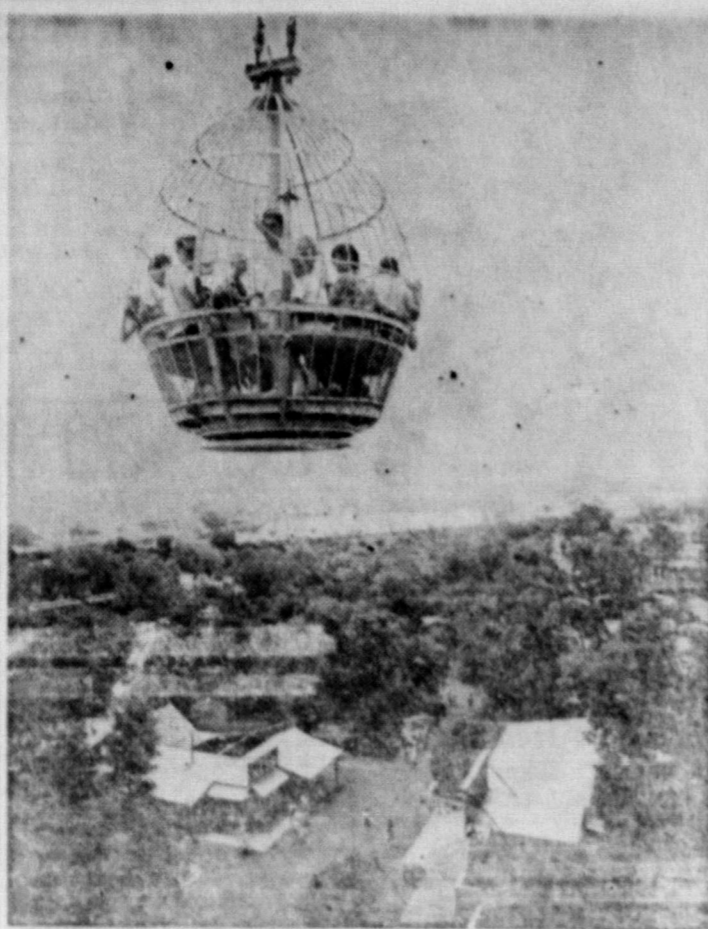

Money
in your
mailbox

If you'd like to have regular, twice-a-year income from a government-guaranteed investment, you'll be interested in Series H Savings Bonds. Twice a year for ten years they'll bring you this steady income in the form of interest checks. Then at maturity, your H Bonds will be redeemable at par. H Bonds pay 3 1/2% when held to maturity. Ask your banker about H Bonds—and start finding money in your mailbox soon!

The U.S. Government does not pay for the advertising. The Treasury Department handles the advertising and the publication of this patriotic ad.

From 125 feet in the air, "Sky Hook" passengers in steel baskets get a panoramic view of SIX FLAGS Over Texas as well as the skylines of the cities of Dallas and Fort Worth, both 15 miles away, to the east and west.

The light-gathering power of the 80-inch telescope at McDonald Observatory is about 150,000 times greater than that of the human eye.

Bats have been known to live as long as 29 years.

Mr. and Mrs. E. M. Bailey and family were in Wichita Falls and Fort Worth over the weekend. They visited with Mr. Bailey's brother and his wife, Mr. and Mrs. Carl Bailey, in Fort Worth, and also attended Six Flags at Arlington.

Music Clubs Meet At Boyett Studio

Friday, April 21, the Sonatina, Bach and Seales Club met in the studio of Mrs. Willie Boyett.

The roll was called and answered by two important events in the life of Bach. After all business was taken care of, each member played some selections on the piano.

The superior plus ratings were Judy Watson, Keith Watson, Debra McClellan, Jan Coleman. The superior were Michele Parker, Denise Bailey, Janet Cullers, Nelson Dwyer. The excellent players were Cheri Tarbet and Valta Tarbet. Student of the month was Judy Watson, and second was Keith Watson. The repertoire players were Nelson Dwyer and Michele Parker.

The repertoire players were the special players for this week. Double Sharp Club

The Double Sharp Club also met in Mrs. Boyett's studio on Friday, April 21, with Sheri Haynes in charge. Members responded to roll call by naming two composers and the nationality of each.

Cathy and Randy Curry, Delynn and Diann Miller, Debbie Ryan, Gay and Curtis Simpson played three featured selections each: Halsey Back, Becky Biles, Sheri Haynes, Kathy Hopper, Vickie Parr, Stephanie Riley, Diane Tarbet, Vicki Jones and Rhonda Troxall played on number each.

Ratings for the fifth six weeks were: Superior plus, Halsey Back, Cathy Curry, Rhonda Troxall; superior, Randy

IN MORE THAN 2000 COMMUNITIES WELCOMING HANDS ARE GREETING VISITORS SEEKING TO KNOW WHAT CANADA IS ALL ABOUT... ITS PEOPLE, ITS SPIRIT AND ITS VAST DOMAIN REACHING 5000 MILES FROM THE ATLANTIC TO THE PACIFIC.

NUMEROUS ACTIVITIES ARE SCHEDULED IN EVERY COMMUNITY MANIFESTING THE THEME OF THIS YEAR-LONG NATIONAL CELEBRATION.

Curry, Delynn Miller, Stephanie Riley and Debbie Ryan. Others listed above made excellent. Student of the month was Cathy Curry, with Rhonda Troxall second highest. At the close of the meetings,

Wayland Offers Special Program For HS Seniors

High school students who have completed their junior year can assess a maximum of 14 hours toward a college degree before they finish their senior studies.

Dr. Roy C. McClung, Wayland Baptist College president, said the college this summer will initiate the special study program for students who will be classified as high school seniors this fall.

To be eligible for enrollment, Dr. McClung pointed out, a student must be in the top 25 per cent of his junior class and must have approval of parents and his high school principal.

The high school students will take the same courses as college students enrolled in the summer session and may complete a maximum of 7 hours in each of the two terms in the summer session. Credits will be awarded the student upon his
