Daylight-saving time arrived on Sunday, April 7, at 2 a.m. Remember to "spring forward" and set your clocks ahead one hour now if you forgot to do so before going to bed on Saturday night.

Public Notice

The City of Colorado City will conduct a public budget hearing during a called meeting of the city council.

Subject of discussion will be the budget for the 1991-1992 fiscal year.

The hearing will be held on April 16, 1991 at 7 p.m. in city council chambers at City Hall, 180 West 3rd Street, Colorado City.

Public comment is invited.

Riding Club

Anyone interested in forming a riding club in Mitchell County is asked to meet on Friday, April 19 at 7:30 p.m. at Southwest Savings in Colorado City.

The club will be for the whole family, and participants must have their own horses.

For more information, call Stephanie Dakan at 728-8674.

Mid-East Feast

First United Methodist Church of Colorado City will be hosting a special dinner on Sunday, April 14, for the purpose of raising funds for mission work.

Sam Shehadeh, new co-owner of Mac-Michael's Restaurant, is originally from Jordan, and will bring his expertise to the preparation of special Middle-Eastern fare for the dinner.

Reservations for the meal must be made no later than April 7. Tentative ticket prices are \$10 for adults and \$3 for children.

Call 728-5296 for further information.

Men's Golf Association

The Men's Golf Association will be having an ABCD Scramble on Sunday, April 7 at 1:30 p.m. at the Golf Course.

Sign-up is required before 1 p.m.

TV program to air local escapee story

Mitchell County residents might see a familiar face on an upcoming episode of the television show, "Unsolved Mysteries."

Film footage of some locations around Colorado City, Big Spring and Snyder, will be seen in a segment of that show dealing with Travis Dale Gray, who escaped last June 20 from Price Daniel Prison in Snyder.

Gray was serving a 40-year term in the strangulation and drowning death of his first wife, Tammy Lynn Gray.

On Thursday, June 23, 1988, at approximately 3:39 a.m., according to Mitchell County Sheriff Wendell Bryant, Gray placed a telephone call for assistance to the department from Colorado City Lake.

By the time Deputy O.D. Majors arrived at the location, however, Gray had left the scene, and was taking his wife to Mitchell

Hispanic population up 8 percent

Colorado City's hispanic population increased over 8 percent the last decade, according to census figures released recently.

The City's population decreased 656 from 5,465 in 1980 to 4,749 in 1990.

The total hispanic population increased nearly 30% over the Big Country area. Coke County was the only county that showed a decrease in the Hispanic population, down four-tenths of a percent.

County-wide figures showed a total population of 8,016 down 1,072 from the 9,088 total in 1980.

New museum directors named

On Wednesday the board of directors of Heart of West Texas Museum met to choose the board of directors for the newly chartered corporation, Heart of West Texas, Inc., and to appoint committees.

That corporation was organized for the purpose of accumulating money and other assets to produce income, primarily to eventually fund the operation of the museum and Heritage House, as well as to promote and assist in creating interest in the culture, history and heritage of Colorado City, Mitchell County, and this area of West Texas.

It was chartered on March 4, 1991, by the Secretary of State at Austin.

Members chosen for the board of directors were: Anne Alford, Leola Anderson, Marion Bassham, Jim

Hospital passes Medicare review

A team of inspectors from the Texas State Board of Health completed the two-day annual Medicare Certification Review of Mitchell County Hospital on Thursday. The inspectors found that the hospital and medical staff were in compliance with Medicare rules and regulations, and declared the hospital certified for another year.

Hospital Administrator Wendell Alford said he was very pleased with the results of the inspection, which covered all areas of the hospital dealing with patient care, and with building life-safety codes.

He said there were several departments within the hospital which had received no deficiencies at all.

Those departments were X-Ray, Nuclear Medicine, Physical Therapy, Respiratory Therapy, Medical Records, Cardiac Rehabilitation, Pharmacy, Laundry, Quality Assurance and Ultra-Sound. Alford said that the inspectors

complimented the medical records department and the medical staff for the amount of work they had done in bringing the medical records into full compliance.

Medicare inspections, which are done on an annual basis, are very stringent, Alford said, and very detailed.

For example, one of the deficiencies noted in the inspection was that the time of a fire drill was not noted as being a.m. or p.m. Another deficiency was that the annual inspection of one of the hospital's 40 fire extinguishers had not been recorded; yet another deficiency had to do with the fact that on one shift, a nurse had failed to log her check-in time.

Alford said the most serious of the deficiencies, in his opinion, was in the number of times per shift the glucometer was being tested. The glucometer is a machine which measures certain patients' blood

FDIC seizes First Western funds

The Federal Deposit Insurance Corp. this week received about \$736,000 that Federal officials seized in November on illegal loan proceeds from several brokerage accounts at Prudential-Bache Securities in Dallas. According to a copyrighted story in Thursday's Dallas Morning News, the money in the Prudential-Bache accounts came from First Western Savings and Loan Association of Colorado City.

According to a recent United States Attorney's report from the Dallas office of the Department of Justice of the Northern District of Texas, in 1986 the former vice president and Chief Executive Officer of First Western Savings and Loan Association (First Western) of Colorado City, Texas, initiated a plan to remove a growing number of problem loans from the books of the Association. The report titled "Frauds in Financial Institutions - II," stated when a loan secured by property or business defaulted and First Western was faced with repossession, a plan was devised to have shell corporations purchase the properties or businesses. The plan provided that the borrowers, in conjunction with receiving new loans for the purchase of the non-performing assets, would receive additional loan funds which were placed into brokerage accounts, first with one brokerage firm then later with Prudential-Bache. The funds were

invested in the names of the shell corporations, but account statements were sent directly to First Western where, allegedly, bank officers retained discretionary use of the funds. While the brokerage funds were supposed to pay off the underlying loans as well as the brokerage loans, this did not happen. Occasionally the funds were used for unrelated purposes or to make payments on other delinquent loans at First Western. Moreover, the true nature of the non-performing loans were misrepresented to federal regulators.

Records reflect that all funds invested in these accounts were First Western loan proceeds. Despite fluctuating balances in the accounts as a result of brokerage activity, the balances never exceeded the amounts originally established by loan proceeds. On the contrary, brokerage activity or withdrawals resulted in the accounts declining to the levels present at the time of seizure. As a result, the remaining account balances were traceable to possible criminal violations.

U. S. Attorney John Gant of the Department of Justice was in Colorado City Thursday visiting with a local attorney. Gant refused to comment on the investigation other than to say that it was ongoing.

Desert Storm soldier honored in Loraine

Students, staff, and faculty of Loraine School on Wednesday welcomed home from Desert Storm one of their own heroes, PFC Michele Shy.

Accompanied by whistles, cheers, flag-waving and misty eyes, Miss Shy was welcomed by Loraine School Principal Doug Foshee, before a standing-room only crowd which filled the school cafeteria.

Asked, prior to the welcome ceremony, how she felt about it, the Army Intelligence Analyst said she was very touched, but very nervous. In fact, she said, she had not been as nervous even during the war when scud missiles were exploding nearby.

She did not seem nervous at all, however, when the ceremony actually took place.

Waving handmade flags, students quieted their cheers to hear Miss Shy give a brief, uplifting speech.

She thanked the crowd for the flags, all the yellow ribbons, and all the letters they had written, which she said meant so much to her, and to all the other troops who had benefited from the outpouring of feelings from the people back home.

"It was rough over there," she said. "But knowing you were all behind us helped a lot."

Project Celebration plans underway

Project Celebration is once again in the preparation stage for its all night, drug-free, alcohol-free party on graduation night, Friday, May 24.

The first organizational meeting for Project Celebration was held on Tuesday, March 26, and some of the adult committee chairmen were chosen at that time.

Prior to that meeting, seniors had met to decide on the theme of this year's Project Celebration, and to sign papers showing their commitment to the project.

Seniors also filled out questionnaires, which were used to determine some possibilities for senior prizes and trips. The questionnaires also served to allow the seniors to pick the committees on which they wished to serve, and

to make suggestions for fund-raising projects.

This year's Project Celebration theme, chosen by the senior class, is Nike's slogan, "Just Do It."

Nike Corporation is being asked to be a sponsor, and to donate prizes for the event.

Several fund raising possibilities have been discussed, such as a car wash, a bake sale, a volleyball tournament, a dress baseball game, a wrestling match, and senior slaves.

More details of these potential events will be published as they become available.

"Senior Day at Sonic" is scheduled for Saturday, April 20. Seniors will car hop on that day at Sonic, and all proceeds will go See PROJECT, page 2

CASE

Travis Dale Gray

County Hospital, where efforts to revive her proved unsuccessful. Despite suspicions of foul play, Bryant said, his department was unable to proceed with the arrest of Gray until final results of the autopsy were available from the Institute of Forensic Sciences in Dallas.

Bryant said that certain bruises, marks, and scrapes on the victim's head and body, along with the fact that the suspect possessed a substantial amount of life insurance on the victim, contributed to those suspicions.

While waiting for the autopsy results, Bryant said, his department continued investigations. Autopsy results were received in February of 1989, according to Bryant, and indicated that Mrs. Gray's death had been a result of the combined effects of strangulation and drowning.

The department then asked for a grand jury indictment, which was handed down on March 17, 1989.

Bryant said that Gray, after his capital murder indictment and subsequent incarceration in Mitchell County Jail, posted \$50,000 bond on March 20, 1989.

On March 2, 1990, after being found guilty, in 32nd District Court, of murder in the first degree in the death of his wife, Gray was lodged once again in Mitchell County Jail, until deputies transferred him, on April 2, 1990, to The Texas Department of Criminal Justice Diagnostic Unit at Huntsville.

District Attorney Frank Conard, who chose to prosecute the case as first degree rather than capital murder, said he has no doubt that Gray is guilty.

He said that in addition to all the

releases

March report

The Colorado City Volunteer Fire Department responded to 12 fire calls during the month of March.

Three of those calls were false alarms.

There were six grass fires and two miscellaneous calls, and there was one structure fire.

The structure fire occurred at a barn and storage building located at the Rob Holman farm on State Highway 644.

The barn contained tools, hay, and related farm equipment. The building and its contents were a total loss.

Cause of the fire appeared to be an electrical short caused by wires being blown in high winds.

The fund raising committee will begin requesting donations of money or prizes from individuals and businesses within the next few

other conclusive evidence, there are some additional facts which convinced him beyond a shadow of a doubt.

First of all, he said, Gray failed a polygraph test, a fact which was not allowed as evidence at the trial. Second, Conard explained, when Gray described finding his wife's body after she supposedly had drowned, he said it was "floating on the water, with one hand raised."

Conard said that in reality that could not have happened, because a freshly-drowned body sinks to the bottom, and does not rise again for several days. He said he has seen many drowned bodies throughout his life, and that there are no exceptions to this fact, except on television, which is where he believes Gray obtained the information for his testimony.

Another convincing incident Conard mentioned was the fact that Gray's insurance agent reported that Gray had inquired, several days prior to Tammy Gray's drowning, if drowning was considered accidental death, and as such, if it was covered on the policy.

Conard said he is delighted that this particular story will be featured on "Unsolved Mysteries."

He said he has been trying, since Gray's escape, to interest the Burbank, California firm of Cosgrove-Meurer, Productions, which produces the show, in Gray's story. He said that he feels circumstances which occurred last January helped members of that firm make their final decision.

Last January 30, Gray was spotted in Las Vegas, Nevada, along with his second wife, Missy McGlaun Gray, whom he married prior to his trial for the murder of his first wife.

According to Conard, security officials at El Rancho Casino in Las Vegas became aware on that date of a child left alone for a long period of time in a van, and when they approached the child's mother, she said her husband was with the child.

At that time, Gray bolted from the van and escaped in a car parked nearby, which also belonged to the couple.

Missy Gray was taken into custody, according to Conard, and was ordered to send the child to live with his grandparents.

Gray used a bonding service as an intermediary to get his wife out of jail. Surveillance placed on her after her release failed, and the couple escaped Las Vegas authorities.

They have not been seen since that time.

Conard is certain that the television show will lead to Gray's recapture, and he said that any hope Gray might have had for an appeal is gone.

According to Conard, when a prisoner escapes while an appeal is pending, unless he turns himself in within ten days of that escape, the appeal is dismissed, and the conviction is final.

In addition to his original 40-year sentence, Gray is likely, upon capture, to receive an additional sentence for the escape.

Conard said that the insurance policies which Gray had taken out on his wife, in the amount of approximately \$189,000, will be held in trust for the two children he had while married to his first wife, Tammy.

Those children are presently in the custody of Gray's parents.

days. All prizes purchased will be purchased from local merchants.

On April 3, Roxie Strain and Debbie Harris met with the Ministerial Alliance to ask for support and any help members would be willing to give.

The members present voted unanimously to "give whole-hearted support to this very worthwhile cause."

Roxie Strain is chairman of this year's Project Celebration, and Debbie Harris and Ann Galey are co-chairmen.

Committee chairmen are: Karen Holman and Judy Bridgford, prize committee; Brian Bassham, cleanup committee; Leada Wood and Sue Payne, decorations committee; Golda Redwine, publicity committee; Honey Tarter, parent sponsors committee; Carolyn Smith, fund raising committee; Tina Williamson and Judy Chapman, activities committee; Sammy Contreras, security committee; Jamie Hill, swimming party committee; Debbie Blair, registration committee; and Leslie Perkins, bank committee.

Anyone who wishes to help on one of these committees, or who has any questions, is invited to call Roxie Strain at 728-5453, Debbie Harris at 728-2984, or Ann Galey at 728-5749.

The next Project Celebration meeting will be at 7:30 p.m. on Monday, April 15, at Calvary Baptist Church.

Project Celebration is an enormous and very costly undertaking, which must rely on the generosity of the community for its success.

sugar level.

Recent changes to regulations require such checks twice per shift, but the hospital had not yet been made aware of the changes, and was performing the check once a shift, as had previously been required.

As stringent and detailed as the inspections are, Alford said, the hospital still only received 14 deficiencies. Four of those, he said, were not directly hospital-related, but all the deficiencies will be corrected by the end of this month.

Alford said the average hospital receives between 25 and 30 deficiencies during one of these inspections, and that he is extremely proud of the low deficiency rate achieved by the staff of Mitchell County Hospital.

Josie Shy, are originally from Loraine and Snyder, and they were married 20 years ago in Colorado City.

The family moved to Houston for several years, due to health reasons, but are back home, now, in Loraine.

This is a wonderful time for them, they said, as they will be celebrating their anniversary as well as the return of their daughter.

The Shy family has one more event to celebrate, too. While in Saudi Arabia, Michele met another Desert Storm soldier, George Johnson, from Wittier, California.

He is visiting here now with her family, and within a few days, Michele will return to California with him to meet his parents.

The couple plans to be married in one year.

Miss Shy, who said that her job in Saudi Arabia included monitoring radio broadcasts, managing message traffic, and doing map workups on enemy positions, intends to spend some time while she is home speaking to various classes in Mitchell County schools.

She says she hopes to be able to come home again for the Mitchell County Salute to Veterans Parade on the Fourth of July.

County Government Week proclaimed April 7th - 13th

Mitchell County Judge Ray Mayo, along with Mitchell County Commissioners, have signed a proclamation declaring the week of April 7 through 13, 1991, to be National County Government Week in Mitchell County.

The proclamation reads as follows:

WHEREAS, county government is the oldest form of local government in the United States and 98 percent of the nation's population reside in counties; and

WHEREAS, county government in Texas has been a major partner

in providing services to citizens since the early days of the Republic and today the 254 counties of this state are involved in providing dozens of services to their citizens; and

WHEREAS, counties are on the front line of addressing many of the nation's most critical issues including environmental protection, indigent health care, special assistance for the elderly, job training, transportation and public safety; and

WHEREAS, serving as an elected or appointed county official

today requires dedication, hard work and a strong sense of purpose. The mission of Mitchell County is to meet the needs of our citizens without placing an undue burden on local taxpayers and to find solutions that are of benefit to all Texans; now, therefore be it

RESOLVED that the Mitchell County Commissioners Court does hereby proclaim the week of April 7 through 13, 1991 as "National County Government Week" and urges all citizens to be more involved in and aware of issues affecting county government.

Mitchell County 4-H Club members watch while County Judge Ray Mayo signs a proclamation declaring the week of April 7 through 13 to be National County Government Week in Mitchell County. Board hears report on mill

Maggie Compton addressed the members of Mitchell County's Economic Development Board on Friday morning at the group's regular meeting, and gave a progress report on Texas Yarns and

Fibers, Inc., the cotton mill she hopes to open soon in Mitchell County.

She thanked the board for its moral support as well as its financial support, and said that

progress was coming along very well.

Ms. Compton told the board that she has already chosen the site for the proposed mill, and that it is near a well, is located approximately one-half mile from a gas line, and is easily accessible to Texas Utilities Electric lines.

She estimated that the mill will provide jobs for 80 employees, and she said that she had already arranged with Mitchell County Day Care Center to provide care for employees' children.

Ms. Compton said the time is right for Texas to take over the spinning industry, and she said she feels Mitchell County is the perfect place for it to start.

Board members have been chosen for Texas Yarns and Fibers, Inc. They are: Ms. Compton, Earl Plagens, Sheila Plagens, Mark Piland, Mac Morris, David Stubblefield, Tom Lovell, Don Browne, Bob Reily, Ben Lancaster, and Jon Ingram.

The company is authorized to sell up to \$20,000,000 worth of stock, Ms. Compton said, and there are other possible sources of revenue which she said may become available very shortly.

She plans to use the first funds she receives to hire a manager and buy the land.

Ms. Compton said that three or four West Coast knitting operations have expressed interest in purchasing yarn from Texas Yarns and Fibers, Inc., and she says she is very pleased with the progress of the plans thus far.

Her goal, she announced, is to break ground sometime in May.

Board members voted to reimburse Ms. Compton the sum of \$983.39, for work and travel expenses she has recently incurred.

Klepper hosts Beta Epsilon Chapter

Beta Epsilon Chapter of Delta Kappa Gamma International met on April 2 in the home of Debbie Klepper.

Other hostesses were Orphie Conner, Sonja Hanks, Kathy Wilson and Margaret Conaway.

President Marian Craddock presided; Ethelyn Lancaster gave the invocation.

The initiation ceremony preceded regular business.

Gayle Piland, ceremonials chairman, and her committee, Fanny Fay Feaster and Judy Merrell, conducted the traditional ceremony. Initiated into membership were Adele Morgan, Amy Moore, and Adele Wilkinson.

Routine business matters were conducted by the president. She also announced that Janet Mayo had accepted the appointment by Incoming State President Ruth Johnson to serve as Area XII

coordinator.

Kitten Arthur and Patty Pharis presented the program on "Re-orientation." They gave a clever and informative program on how Delta Kappa Gamma uses money derived from dues and other sources on the international, state, and local level.

Locally, this year Beta Epsilon Chapter has helped financially the Literary Council and the Child Welfare Board. The Chapter has provided a scholarship for a college student going into the teaching profession, and will continue

support of Project Celebration in May.

A beautiful Spring Look refreshment table featured punch, fresh strawberries with dip, assorted sandwiches, pecan tarts, nuts and mints.

Other members attending were Betsy Aycock, Janie Lou Greenlee, Frances Godwin, Barbara Hammond, Brenda Martin, Janet Mayo, Peggy Ratliff, Wilma Reynolds, Jean Robinson, Earline Sellier, Carolyn Weaver, and Margaret Sparks.

Births

Gerardo and Tamara Martinez of Roscoe would like to announce the arrival of their son, Harry Westey, born on April 2, 1991 at Mitchell County Hospital.

He weighed 7 lbs 6 oz and was 20 1/2 inches long.

Jamie and William Slover of Westbrook announce the birth of their son, Dustin Zane, born on April 1, 1991 at Mitchell County Hospital.

He weighed 7 lbs. 4 oz. and was 19 inches long.

Thomas and Tammy Harkey would like to announce the birth of their daughter, Kayla Michelle, born on April 2, 1991 at Mitchell County Hospital.

She weighed 7 lbs. 7 oz. and was 21 inches long.

LISD board to meet

The Loraine Independent School Board will meet on Monday, April 8 at 8 p.m. in the school board room.

Items on the agenda include a resolution to tax personal property in 1991; the approval of update 31 to the school board policy manual; and a request from seniors to use a school bus on their senior trip, as well as an approval of that trip's itinerary.

Also on the agenda is an item to designate Mildred Lee, officially, as tax assessor-collector; an item to remove an official reprimand from a record; and an item to adjust the salary of Coach Lee for coaching baseball.

A closed executive session is planned, at which discussion will be held involving the employment of auxiliary personnel; and involving reconsidering extending the principal's contract.

Colorado City Playhouse sponsored a poster contest among sixth grade art students at Colorado Middle School, for posters advertising the upcoming production. Twenty posters will be placed at various locations around Colorado City. Shown here from left are Marian Craddock, publicity chairman of the Playhouse; Lee Ann Upshaw, first place winner in the contest, who will win three tickets to the performance of her choice; Benito Barton, third place winner, who will win one ticket; Monica Orona, second place winner, who will win two tickets; and Tom Kelly, whose art class participated in the contest.

Colorado High School students Sarah Wike, left, and Bea Rivera, at computer, visited the IBM Educational Systems Mobile Instruction Van on Tuesday. Shown with the students is Harold Horne, IBM educational and business systems specialist, who represents MIDA/Connecting Point Computer Centers, of Midland, an IBM business partner.

"Computer Van" visit allows students first hand experience

Harold Horne, an IBM education specialist, brought the IBM Educational Systems Mobile Van to Colorado City on Tuesday, April 2. The visit was coordinated by CUSD Superintendent Don Nimmo. The bank of computers within the van were available for students and teachers alike for the day, to enable them to learn more about the educational systems which are available for the classroom from IBM.

Available for study in the mobile unit were 120 of the 300 courses of instruction available through IBM Educational Systems

for pre-kindergarten through grade 12.

The central file server system, one of which is presently installed in Hutchinson Elementary, permits a teacher to program each subject individually for each student, whether that student needs remedial, regular developmental work, or enrichment work within the same subject.

The Lone Wolf 4-H Club will host a reception honoring county officials on Thursday, April 11, 1991, from 7 p.m. until 8 p.m. in the lobby of the Mitchell County Courthouse.

The public is invited to attend this reception, which is being held in conjunction with the observance of National County Government Week April 7 through 13.

This will give the public an opportunity to meet county officials and learn more about the business which takes place in

county offices.

Other activities included in the week-long observance will be a "Coloring the Courthouse" contest for elementary students, and a poster drawing contest for junior high and high school students.

These works of art will be displayed in the courthouse during the week.

If you would like more information concerning County Government Week activities, call the Mitchell County Extension Office at 728-3111.

County Oil & Gas News

Pumping 36 barrels of 45-gravity oil per day plus 123,000 CF casinghead gas, the No. 1601 J.M. Sterling has been completed in Mitchell County's Southeast Vincent Field by Trend Exploration Co.

Location is 3.2 miles southeast of Vincent.

The well was perforated to produce from the Strawn Formation, 7,733 to 7,755 feet into the wellbore. Water production totaled about 75 barrels daily.

Crude oil production in the Clear Fork Formation will be the target when Fina Oil and Chemical

conducts a recompletion operation in Mitchell County's Turner-Gregory Field, six miles west of Westbrook. Involved in the venture is the No. 10 Morrison "35." It currently is bottomed at a depth of 3,200 feet. The well is one of hundreds of water injection wells in the region which are being converted to crude oil producers.

Location is in a 320-acre unit in the T&PRR Survey Section 35 Block 29.

Chevron U.S.A. has hung the dry hole sign on an unsuccessful re-entry operation the Mitchell County's Westbrook Field, five miles north of Westbrook. The well had been designated as the No. 5407 North Westbrook Unit. The plugging and abandonment will be a second such decision at the well. It first was labeled as dry in November of 1987.

Showing ability to flow 31 barrels of oil per day on a .375-in choke, the No. 6 Jackson has been completed in Mitchell County's Turner-Gregory Field about five miles northwest of Westbrook.

D.L. Bishop is the operator. The well came in with 175 PSI flowing tubing pressure. It made 74 barrels of salt water per day in addition to oil.

Bishop perforated the Clear Fork Formation for production at 2,589 to 2,764 feet into the hole.

Dickie White and Associates has given up on efforts to make a producer out of the No. 2 Roach, a new pool wildcat located near existing production in Mitchell County's Champion Lake Field. It was spudded on Feb. 8 of 1990 and probed to a dry bottom at 487 feet in the T&PRR Survey Section 89 Block 26. It will be plugged and abandoned.

Football Poster

Beginning on Monday, April 15, the School Calendar Company will be selling advertisements for the 1991 Colorado ISD Football poster.

This is the poster with action pictures of athletes and schedules of all the football teams.

Mr. Eller is the person who will be contacting merchants.

This is the only company which has a contract with the school system to do a football poster.

If you have questions concerning this matter, please call Tom Ramsey, director of athletics, at 728-3426.

Communion Scheduled

First Presbyterian Church is celebrating Holy Communion on Sunday, April 7, at the 11 a.m. service.

All Christians are welcome. Come join in the first Lord's Supper First Presbyterian Church has had since the Reverend Roy Byrd retired.

Wolf Baseball Boosters

The Wolf Baseball Booster Club will meet every Wednesday at the Field House at 6 p.m. The public is invited.

Volleyball Tournament

Project Celebration will be sponsoring a volleyball tournament on Saturday, April 27.

Entry fee is \$30 per team, and the last date to enter is Wednesday, April 24.

Anyone interested may call Sheila Redwine at 728-3424 or 728-2089.

Cancer Fund

A fund has been set up at City National Bank to assist with the medical expenses for the Cleon Williams family.

There will be a United Girls' Softball Association meeting at the Lone Wolf Building on Monday, April 8 at 7 p.m.

All interested parties are encouraged to attend.

Undefeated Wylie Bulldogs deal hard blow to Wolves

Playing the third ranked baseball team in the state, Colorado City had their hands full in a lopsided loss of 1-27 on Tuesday, April 2, against the forceful Wylie Bulldogs.

The first inning appeared to be one of those situations where the underdog just might pull off the upset with the Wolves evening up the score at the end of one, 1-1. Yet in the second inning, the immaculate dream turned into a nightmare as Wylie got the bats sizzling hot.

In the top of the second, Wylie, with the help of a couple of C-City errors, came up with six big runs which included a three run "homer," but the runs did not even begin to stop there as the relentless Bulldogs came up with 18 runs in the fourth and fifth innings as the game was called due to the ten run rule at the end of five complete innings.

"We just did not hit the ball!" stated a concerned coach Jerold Epperson. "The score was 1-1 (after the first inning), and I felt really

good, but after that, we only got two base hits."

Not taking anything away from Wylie, Coach Epperson gave the Bulldogs their due respect stating that, "Wylie hit the ball hard, and with twenty hits, they deserved to win."

Returning all of their starters from last season, the Class AAA finalists are undefeated in district at 2-0 and post a 10-3-1 season mark while the Wolves are currently 0-2 in district and 2-5-1 on the season.

Badgers sneak by Bulldogs, 10-9

The Loraine Bulldogs just missed their first baseball victory for the 1991 spring season as the Merkel Badgers came from behind in the bottom of the seventh inning to win 9-10 on March 22.

The Bulldogs jumped out of the gate quickly scoring two runs as Rene Pantoja picked up one of his four hits to lead 2-0 at the end of the first.

David Mitchell reached base in the top of the second on a Badger error. Pantoja came through with the big stick to drive in Mitchell. Two more mental errors by the Badgers allowed Pantoja to make his way home as the Loraine led 4-2 by innings end.

Moving to the end of the fifth, Merkel had gone ahead 7-6, but Loraine rallied in the top of the sixth to take the momentarily 8-7. Merkel retaliated though, and scored a single run to tie the contest up 8-8.

In the final inning of play, Pantoja, for the fourth time, was the Bulldog catalyst earning a triple in which he would score with the aid of the next Loraine batter.

With half an inning to play, Merkel got the big hits scoring two runs to end the game at 9-10 for a thrilling comeback performance.
