Body Of A Well-Dressed Woman Is Found Hidden In Wooded Creek Bottom

Victim Believed To Have Been Stabbed Over The Heart

(By The Associated Press)

CORRIGAN, Tex., Jan. 25. — The body of a well-dressed woman who apparently had been stabbed to death was found today where it had been hidden in a wooded creek bottom near the Polk-Trinity county line.

The spot where the body was found was about a quarter of a mile from highway 106. Sheriff R. D. Holliday believed it had been transported by automobile from some distant point and disposed of. From the condition of the body he judged the woman had been dead about ten days.

Found By Farmer

The body was discovered by Frank Fann, a farmer, who had been in the pine woods of that section searching for lost hogs.

Sheriff Holliday expressed the opinion that the woman was fully dressed when her body was placed in the shallow creek. It appeared to have been weighted down with pieces of wood. However, hogs had moved the pieces off the body and torn the clothing.

There was a slit in her coat just over the heart and a corresponding wound in the chest which Dr. Flowers of Livingston said looked like a knife wound. The body also bore numerous bruises.

Clothes Are Checked

No marks of identification were found. There was no jewelry. Sheriff Holliday was checking her clothes for laundry or cleaner's marks.

One arm was in fairly good condition and investigators noted that her nails were manicured and her hand well kept. It was estimated that she was between 25 and 30 years old. She was about five feet, eight inches tall and weighed somewhere around 150 pounds, Sheriff Holliday said.

After checking everything by which she might be identified the body was buried near where it was found.

Two Men Are Captured And Held On Burglary Charges

SEMINOLE, Okla., Jan. 25. (AP)—Eddie Paris and Bill Satterfield, wanted for burglary and jailbreaking at Cordell, Okla., were arrested today at Snowmack and were taken in custody by Sheriff Walker of Cordell.

Paris, an ex-convict, also is wanted at Archer City, Tex., for burglary, car theft, robbery and jailbreaking.

Gigantic Farm Relief Program Looms

Proposal Has Demo Leaders For Sponsors

Help For Farmer Never Before Attempted On Such A Large Scale Presented To Congress By Senator Robinson

Revolution Hinted

Ready Cash, The Postponement Of Mortgage Payments And Lowering Of Interest Rates To Be Provided

(By The Associated Press)

WASHINGTON, Jan. 25.—Help for the farmer on a gigantic scale never before attempted, was proposed in congress today in legislative form, with backing of the powerful Democratic leadership and organized agriculture.

Calling for federal outlays running far above a billion and a half dollars, the huge program was designed to provide farmers with ready cash, postpone their mortgage payments and lower their interests rates. Senator Robinson of Arkansas, Democratic leader, introduced the bill.

Revolution Is Rumored

At about the same time, spokesmen for the big relief organizations who helped to frame this and othe major farm relief proposals, were telling a senate committee that revolution in the small regions impends unless adequate steps are taken.

They gave their views at hearings on the domestic allotment bill in which are bound up their hopes for higher prices on what the farmer sells.

The legislation introduced by Robinson rounded out a farm relief program of mammoth proportions to the support of which President Elect Roosevelt is understood to be committed in a general way.

Sure Of Hoover's Veto

Many months ago he told the farm leaders if they could agree upon a program he would be disposed to regard it favorably. Accordingly, the farm groups pushing these measures have pinned their hopes on the special session expected to be called by Mr. Roosevelt early this spring. Although trying to make as much headway as possible in the present congress, sponsors of the legislation feel it would be sure to receive a

Man Is Arrested And Auto Is Confiscated At Hobbs

HOBBS, N. M., Jan. 25 (Special)—Officers captured one man and confiscated a Chrysler four-door sedan filled with loot on the main street of Hobbs about 8:30 o'clock tonight.

Three other occupants of the automobile abandoned the machine, and escaped on foot. Officers are checking on the automobile which carried license number 57,918. The man held refused to give any information regarding himself or his companions. Officers are checking to determine where the loot was taken.

Officers said they found ten boxes of cigars, a case of cigarets, a sack filled with new shoes, a number of new shirts, and other articles.

Bids Asked For Lubbock Paving

Three and a tenth miles of grading and drainage structures on state highway No. 7 from Slaton to Lynn county line have been advertised by the state highway commission for letting February 8 and 9.

Highway and bridge construction projects for the entire state advertised for the February session are estimated to cost $1,850,000, the Associated Press reported.

Slight Hope Being Held For Man's Recovery; Is Shot By Masked Bandits

New Mexico Recreation Hall Operator Is Victim Of Would-Be Assassins Tuesday

(By The Associated Press)

AMARILLO, Jan. 25.—Physicians tonight held slight hope for the recovery of Boss Jackson, who was wounded by masked bandits at his recreation hall in Santa Rosa, N. M., last night.

Jackson was shot once through the left lung once in his left shoulder and twice through his right hand, physicians said, denying the first report that one of the bullets ranged downward into his abdomen.

Joe Ballard, Jackson's business partner, said the shooting occurred about midnight, just at closing time. He said two masked men entered through the rear door, shooting as they entered, and fled the same way.

"The first shots were directed at the floor," Ballard said. "Boss made a move like reaching for a gun, and they fired at him. Then they fired twice at me. I rushed out, taking a chance on there being someone guarding the front door. I know reports from Santa Rosa say there were three men, but I saw only two. Boss had three bank rolls in one hand. He was reaching for his gun with the other, which explains the bullet holes in his hand."

State Judiciary Budget Feels Lash Of Salary Cuts; Judges Of High Courts Are Hard Hit

Appropriations Committee Of House Completes Its Work On First Of Four Bills For Government Economy

(By The Associated Press)

AUSTIN, Jan. 25.—The house appropriations committee today completed work on the first of the four major appropriation bills, that for the support of the judiciary.

While the exact total recommended in the bill was not known pending addition of the new figures, it was apparent that the committee had slashed the judiciary budget even deeper than the 25 per cent cut recommended by Governor Miriam A. Ferguson.

Under 25 Per Cent Cut

Governor Ferguson had recommended an appropriation of $2,023,981 annually, a reduction of approximately 25 per cent from the allotment for the current biennium. The committee's total was expected to be considerably less than $2,000,000.

The committee recommended that district judges salaries be reduced from $5,000 yearly to $4,000. Salaries of the judges of the supreme court of criminal appeals would be cut from $8,000 to $6,000.

Salaries of the commissioners for these courts would be $5,250 instead

Deputy Sheriff Acquitted Of Childress Murder Count

CHILDRESS, Jan. 25. (AP)—Deputy Sheriff M. E. Mote was acquitted late today of a charge of murder for the shooting of Noble Jordan, of Childress. The jury returned its verdict 30 minutes after the case was submitted to it.

Testimony showed that Jordan, a Childress man, was killed last Aug. 1, after Mote and Constable Tom Galyeon of Childress had stopped his car to question him concerning the attempted robbery of a bank.

The officers testified that he made a move as if to reach for a gun and said, "You've chased me for the last time."

Bill To Abolish Highway Patrol In Texas Proposed

AUSTIN, Jan. 25. (AP)—A bill to abolish the state highway patrol was reported favorably today by the committee on state affairs of the Texas house. The vote was 11 to 8. It was advocated by Representative W. E. Pope of Corpus Christi as a part of a retrenchment program.

And That's Just What They Are Doing; Lubbock Also Is In On The Big Idea

(By The Associated Press)

KANSAS CITY, Jan. 25. — Jones, an unemployed weather stripper living in a large city, wanted a cow, but lacked the purchase price.

"Surely," he pondered, "some one has an extra cow, a house that needs weather stripping, and will gladly trade Bossie for the job."

He Got The Cow

So Jones bought a newspaper want ad and explained his situation to the public. He promptly got a job, a cow and a calf thrown in for good measure.

There is nothing fictional about the case except the name. Everybody's doing it. The current economic situation has created an unprecedented era of newspaper swapping. Merchandise and services are substituted for money.

Householders in the large cities are trading furniture for clothing; baby buggies for row boats; radios for voice lessons; overcoats for electric refrigerators.

Make Special Rates

Newspapers in the rural sections of the western United States are making special rates to swappers as their contribution toward a revival of business.

Mrs. Ferguson Seeks Control Of Department

Elective Highway Commission Of Five Members To Replace Existing Appointive Board Being Sponsored

Would Boost Pay

Governor Would Be Given The Power To Name Five Members Immediately; Salary Would Be Almost Doubled

(By The Associated Press)

AUSTIN, Jan. 25—An elective highway commission of five members to replace the existing three-member appointive board was proposed today in a bill presented to the Texas house of representatives.

The innovation was accepted as a gesture by Governor Miriam A. Ferguson to obtain control of the highway construction department a majority of the personnel of the commission at this time being appointees of Former Governor R. S. Sterling, the woman governor's immediate predecessor and political enemy.

Several Are Authors

Representatives John W. Laird, of Lufkin, Sam Devall of Hallettsville, Lon A. Alsup of Carthage, A. C. Kyle of Mineral Wells and James Pavlica of Flatonia were authors of the proposal.

Mrs. Ferguson would be given the power to appoint the five commissioners immediately when the law becomes effective, should it be adopted, the appointees to serve until the general election of 1934. The state would be divided into five districts and a commissioner elected from each.

The commissioners would receive salaries of $4,500 annually and the chairman $5,000. The commissioners would devote their entire time to the administration of the department and regular meetings would be held twice monthly. Members of the existing commission receive $2,500 annually and only part time is given to the work.

Wife Of Slain Officer Is To Take An Active Part In The Hunt For Killers; To Serve Unexpired Term

(By The Associated Press)

TULIA, Jan. 25.—A woman joined the ranks of West Texas sheriffs today as Mrs. J. C. Moseley, widow of Swisher county's sheriff, who was slain by gunmen early Monday, was sworn in to succeed her husband.

Other women, whose husbands have been slain in the line of duty, have occupied the office of sheriff by appointment in West Texas, but due to the fact that the new term of office is less than a month gone Mrs. Moseley is probably the only woman sheriff in Texas at this time. She will serve out the unexpired term of 23 months.

More Than 25 Changes To Be Made In Laws

Measure Is Designed To Curb Bank Failures, Assist The Depositors Of Closed Banks And Stop Credit Flow

Filibuster Broken

Two Important Amendments Are Adopted Before Passage By Upper Branch; Not Likely To Reach House

(By The Associated Press)

WASHINGTON, Jan. 25.—Climaxing a two-year effort that included breaking one of the longest filibusters at a "lame-duck" session, Virginia's 75-year-old senator, Carter Glass, tonight put through the senate his bill to make far-reaching changes in the nation's banking laws.

An overwhelming vote of 54 to 9 sent the measure to the house where leaders have said a combination of opposition and other waiting legislation would block a vote on it there before this congress dies.

Squelches Opposition

The Virginia Democrat, a former secretary of the treasury and mentioned as holder of the same post under President-Elect Roosevelt, squelched the opposition today by circulating a petition to invoke the rigid cloture debate-limiting rule.

Thirty-seven senators, including a dozen or more Republicans and five senators who opposed the cloture last week, signed the petition in less than an hour and it was evident the required two-thirds to adopt it was available if Glass entered it.

Opponents Withdraw

In the face of this threat, Senators Long of Louisiana, and Thomas of Oklahoma, Democratic leaders of the filibuster, announced they would no longer delay the bill, but predicted it was as good as "dead."

He and Long both gave assurances of their good faith by withholding any amendments, and in less than two hours after the agreement to limit debate was reached the bill was passed.

Long, paired against the bill, was absent when the vote was taken.

More Than 25 Changes

The measure calls for more than 25 changes in the national and federal reserve acts designed to curb bank failures, assist depositors of closed banks and stop the flow of federal reserve credit to speculative channels.

Before passage two important amendments were adopted. One, by Senator Steiwer (R., Ore.,) would give the controller of the currency

Senate Confirmation Is Given Wednesday For Quartet But Action Withheld On Six And Three By Sterling

(By The Associated Press)

AUSTIN, Jan. 25. — Governor Miriam A. Ferguson today obtained senate confirmation of four of her appointments, but the senate withheld action on six other appointees of Mrs. Ferguson and on three appointees named by Former Governor R. S. Sterling.

In a two-hour executive session, the senate confirmed General Henry Hutchings of Fort Worth as adjutant general, W. W. Heath of Anderson as secretary of state, E. J. Kiest of Dallas as director of A. and M. college and Nat W. Brooks of Tyler as judge of a new district court for Smith and Upshur counties. These were the first appointments of Mrs. Ferguson to be confirmed.

Six On Waiting List

The Ferguson appointees awaiting confirmation were H. J. Lutcher Stark, of Orange, L. J. Sulak of La Grange and Dr. K. H. Aynsworth of Waco, appointed to the University of Texas board of regents and Leo Callan of Bexar county, Dr. E. F. Jarrell of Smith county and W. M. Glenn of Angelina county, nominated for membership on the livestock sanitary board. Confirmation of all was reported to have been recommended by the senate committee on governor's nominations.

Three appointments made by Mr. Sterling before he left office last week still had not been acted upon by the governor's nominations committee. They were the appointments of Ben F. Tisinger of Garland, C. H. Chernosky of Houston, and Tom Garrard of Lubbock to the Board of Education.

Barter Exchange And Scrip Currency System Is Adopted At Wichita Falls

(By The Associated Press)

WICHITA FALLS, Jan. 25—Wichita Falls adopted the barter exchange and scrip plans at a meeting of representative business men today. The system will go into effect as quickly as arrangements can be made.

Frank Kell, capitalist and railroad executive, took the lead in the movement and offered to invest $500 in the scrip currency.

A trial of the scrip plan calls for the issuance of $2,000 in the paper, all of which is to be underwritten. If the project is successful, other issuances will be made to the extent needed and without underwriting. Scrip stamps will be sold to merchants and individuals.

The barter exchange will handle various transactions, chief among which will be the exchange of labor for commodities needed by unfortunate families.

Mr. Kell in urging the adoption of scrip said: "the scrip plan is sound. There is but one difference between scrip valued at $1 and an actual $1. It is merely that the dollar will cease to circulate because of it being banked or hoarded, while the $1 worth of scrip will be circulated with great acceleration."

Miner Is Robbed But His Spouse Collects The Cash And He's Docked $13 Fine

KNOXVILLE, Tenn., Jan. 25.—Robert May, former Kentucky miner, staggered into Squire Wells office recently and wanted a warrant sworn out for a woman who had stolen $270 from him.

After investigating, Squire Wells found the woman was May's wife.

She explained that she had not stolen the money, but that May had given it to her when he was sober, and told her not to give it to him if he got drunk.

The squire finally sent May to jail. He was fined $13 and costs, which Mrs. May promptly produced and paid for him.

State Introduces Testimony Showing Parks Had Taken Insurance On Wife

(By The Associated Press)

SWEETWATER, Jan. 25.—State testimony was introduced today at the murder trial of L. M. Parks to show that insurance policies amounting to $18,000 were taken out on Mrs. Parks' life, with himself named as beneficiary, before she drowned at Lake Trammel last summer.

The state offered evidence to indicate that policies amounting to $16,000 were taken out within 30 days of her death. W. E. Davis, Sweetwater insurance dealer employed as special counsel to assist the district attorney, testified that none of the insurance taken out within 30 days of the drowning had been paid.

Davis said that Parks had also taken out a $1,000 policy on himself, payable to Fay Condit, described in the policy as a niece.

Earlier in the day Mrs. Condit in testifying for the state had revealed details of an intimate relationship with the defendant. She testified that he had contributed money to her support over an extended period.

She said she had lived in Sweetwater since 1929. She

THIS MIGHT HELP

THERE was a poem the other day in the Lea County Courier, which is published at Tatum, N. M., that carried some right good philosophy for a day when the troubles of a troubled world and all the rush and hurry have shattered the nerves of so many.

• • •

And because this sentiment is so appropriate for this section—the West where welcome used to be on every door step and where locked doors were an unknown thing—the poem is being picked up here. No author is given for the poem and no comment made in the Courier. It is entitled "Go and Spend the Day."

• • •

"There was a time, a good old time,
Not many years ago,
Before the motor age had brought
Its jazz and radio,
When folks would fill a wagon box
Chuck full of fragrant hay—
When old and young would tumble in
And 'go and spend the day.'

The women talked of many things:
Of marriage, church and chicks,
The men pitched horseshoes by the barn,
Or argued politics.
The children played at hide and seek
Around the ricks of hay
No hurry and no worry—when
They went 'to spend the day.'

The discontent that everywhere
The motor age has wrought
Could be effaced it seems to me,
At least relieved a lot,
If folks would take more time to live
More time to laugh and play,
And every now and then take time,
To 'go and spend the day'!"

• • •

In the opinion of this writer, the people who argue that we must learn to use our leisure are not so far wrong, after all. Having a holiday is as hard on the nerves and disposition of most people as a hard day's work—most of the time worse.

• • •

The tired business people don't relax, actually, when they have some time off. They go in for an extra strain that sends them back to their office worse off then they were in the beginning. Most people with a holiday plan to drive all night to some destination—or at least far in to the night. They spend a hectic holiday visiting or playing, cramming in to a few short hours enough to fill a week, and then try another night's drive in order to be at their desks at the end of the short vacation.

• • •

Of course the "go and spend the day" advice doesn't go so well when most people punch the clock about their business. But a more leisurely enjoyment of our pleasures or entire relaxation when the opportunity is offered might do much to relieve the nervous tension.

• • •

If more of us knew how to rest and how to make our leisure profitable we might efface many troubles for we have almost forgotten how to live simply and happily.

Two New Style Leaders

THE 1933 OLDSMOBILES

PRICES REDUCED $130 TO $145

A Roomier more Powerful Six $745 ☆ A Larger more Luxurious Eight $845

NEW! . . . Two motor cars entirely different from anything you ever saw. New radiators—lamps—hoods—windshields. New fenders and wheels. New rear contours. Symmetrical new design from end to end. And with style leadership, these 1933 Oldsmobiles also bring you every other desirable quality—*at the lowest prices in ten years.*

Larger—Roomier—More Powerful

The new Six is a roomier, more comfortable car . . . the Eight is larger and finer in every respect. Both are extremely brilliant performers. And progressive engineering has still further increased the dependability for which Oldsmobile is famous.

The Six engine is larger and develops 80 h.p. —while the Eight has been increased to 90 h.p. As a result, the new Six will do from 75 to 80, the Eight from 80 to 85—actual stop-watch miles per hour.

Engines Cradled in Rubber

The new Oldsmobile engines are cushioned on a three-point rubber mounting of new scientific design. This mounting is the most successful yet perfected, and overcomes all sensation of effort or vibration from the source of power.

Lower, Sturdier Chassis

In both the new Six and Straight Eight, Oldsmobile has employed a special double-drop X-type frame which greatly strengthens the chassis and provides unusual driving stability. By permitting a substantial reduction in the car's height, the new frame contributes also to the pleasing new body lines.

Fisher No Draft Ventilation

Outwardly and inwardly, Oldsmobile's new Fisher bodies offer many important refinements. For instance, the revolutionary new Fisher No Draft Ventilation, Individually-Controlled, is built into all closed models.

Demand Balanced Excellence!

Don't compromise, this year! Demand style, performance, and durability, at prices which represent *top value.* The new Oldsmobile Six and Eight—two outstanding General Motors values—offer you *balanced excellence* in everything essential to motoring pleasure, comfort and satisfaction.

The 1933 Oldsmobile Sixes range in price from $745—the Eights from $845—f. o. b. Lansing. Bumpers and spare tires are extra. Convenient G.M.A.C. time payment plan.

Support Urged Of Lubbock Citizens

Two members of the advisory board of the local Salvation Army corps Wednesday issued statements lauding the Army and urging aid from Lubbock residents during the home service appeal campaign which will begin January 30.

Of the organization, President-Bradford Knapp of Texas Technological college said, "I bespeak for them in their campaign the kindliest of interest on the part of all our Christian people, for they serve modestly and unobtrusively in many ways which never come to advertise them among our people. Their appeal is a most deserving one.

"Funds contributed in Lubbock are used for local relief," said Neil H. Wright, "and every dollar is made to do full duty in relieving distressed humanity. We sincerely hope that the citizens of Lubbock will respond generously to this appeal for funds to carry on the Army's work of soul saving and life saving in our community."

Mission Man Goes To Trial For Failure On Tax Report

AUSTIN, Jan. 25 (AP)—Sam M. Hargrove of Mission, former county commissioner of Hidalgo county, went to trial in United States district court today for failure to report all his income to the federal government.

Five other residents of that section also await trial on similar charges. They are Cam E. Hill, Alex Champion, George P. Parr, Marvin Evans and Plutarco De La Vina.

One count against Hargrove alleges failure to return a gross income of $36,202.21 for 1928, another alleges tax evasion and a third claimed the defendant's 1929 income tax should have shown earnings of $21,067. The government claims it is due $3,378 in taxes on the Hargrove income for the two years.

Seven government witnesses testified about income tax report records concerning Hargrove's earnings.

MAKES WOMEN LOSE FAT

Miss Rea M. Haines of Dayton, Ohio writes: "I weighed 180 so started to take Kruschen. I never was so surprised as when I weighed myself the first week—I lost 7 pounds. I just bought my 3rd jar and am down to 145—am still taking them and never felt better in my life." (June 17, 1932).

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at Mark Halsey Drug Store, City Drug Store or any drug-store in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely. adv.

Cotton Cotton Has A Narrow Range — Livestock Yearlings Carry Steady Rating — Grain Grain Values Gain Strength

Cotton

NEW ORLEANS COTTON

NEW ORLEANS, Jan. 25 (AP)—Cotton fluctuated uncertainly within a narrow range today, alternately influenced by moderate trade buying and moderate hedge selling, closing steady net unchanged to three points down. The January option expired at noon at 6.16.

The opening was easier in sympathy with rather lower Liverpool cables than due. Private cables said that market was quiet with hedge selling and straddle selling of Egyptian against buying of American, coupled with trade calling. Manchester reported its market quiet but a fair business with the continent and near east.

After fluctuating narrowly, prices eased off to new lows for the day in the late trading on realizing and a little hedging. March dropping to 6.11, May to 6.25 and July to 6.38 or 6 to 7 points down from the highs. There was a rally of 1 to 3 points at the end of covering, March closing at 6.13 or 2 points net lower, May at 6.28, net unchanged, and July at 6.39, or 2 points down.

Liverpool is due on New Orleans tomorrow at 2 penny points down.

Port receipts 25,737, for week 121,297, for season 6,511,675, last season 7,388,745. Exports 15,173, for week 70,303, for season 4,771,947, last year 4,590,568. Port stock 4,739,254, last year 4,992,807. Combined shipboard stock at New Orleans, Galveston and Houston 146,173, last year 199,292. Spot sales at southern markets 18,189, last year 28,189.

NEW YORK COTTON

NEW YORK, Jan. 25 (AP)—Trading in cotton continued quiet today and prices fluctuated within a range of 7 or 8 points.

March contracts closed at 6.15 under some realizing and southern selling. The general market closed barely steady, 1 to 4 points lower.

The opening was unchanged 4 points lower. Liverpool cables were rather disappointing and there was some near-month liquidation on the issuance of January notices representing about 1,800 bales. Trading in that contract ended at midday.

Trade interest brought January and March, and the market turned steadier. Active months rose 4 to 5 points, but comparatively light demand was supplied on this rally, and closing quotations were 5 or 6 points off from the best.

The weekly report of the weather bureau indicated that conditions during the past week were mostly favorable for coming crop preparation in the Atlantic states and much of Texas, but rains over most of the central portions of the belt and eastern Oklahoma had made the soil too wet for such work.

Liverpool cables reported a quiet market with some hedge selling absorbed by trade calling. Southern advices to spot interests reported a very quiet trade but said the basis was firmly held. Exports today 16,189 making 4,846,710 so far this season. U. S. port stocks 4,783,978.

Stocks Brace Themselves Against The Rail Shares And Close Atop A Rally

By JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, Jan. 25 (AP)—Stocks braced themselves against the rail shares today and closed atop a mild rally.

News centered largely around happenings in the carrier field—Pennsylvania's 50 cent dividend and confirmation of long-current rumors that Delaware Hudson had acquired a stock interest in New York Central. Also, freight loadings for last week seemed to have about held their own. Less favorable was Delaware & Hudson's omission of its own dividend, but the market effect of that action was localized in D. & H. shares which had an extreme loss of half a dozen points.

Foreign exchanges were calm after yesterday's gyrations. Silver, with the "sixteen to one" issue squelched by senatorial vote, had less cause for excitement and interest in that metal subsided as quickly as it flared on Tuesday. Bonds were irregular and quiet. In short, it appeared that speculation based on inflationary rumors had sobered considerably.

Three Members Southwestern Oklahoma Team Are Injured

WEATHERFORD, Okla., Jan 25. (AP)—Three members of the Southwestern State Teachers' college basketball team and the assistant coach were injured seriously last night in a traffic collision near Geary, en route to Enid from Weatherford. The injured players were regulars on the team.

Haskell McManus, the assistant coach, suffered a fractured vertebra.

The team captain, Marion Vickers, suffered serious cuts on the head. Maurice Francis' chest and one knee were crushed, while Flash Barnes received scalp cuts.

The Bank of England commenced active operations on Jan. 1, 1695.

Livestock

MIDWESTERN LIVESTOCK

KANSAS CITY, Jan. 25 (AP)—Fed steers and yearlings carried a steady to 25 lower rating in the day's trade. Medium weight and heavy steers showed the greatest losses. All steers with weight were difficult to move but buyers were especially bearish on kinds calling around 1300 lbs or above. Chicago listed best 1490 lb steers at 5.25 while the majority of heavy bullocks at various points were eligible to sell around 3.50-4.50. A few loads of choice light steers and yearlings around the circuit brought 6.25-.85 with the general bulk of lighter weight offerings eligible at 3.75-5.50. Receipts for the week at eleven markets totaled 113,800 against 121,296 last week and 104,227 a year ago.

St. Louis and Chicago sold best light weight butcher hogs at 3.35.

A range of 5.00-6.00 included a large percentage of desirable native and fed western lambs with a few around 6.15-25.

FORT WORTH LIVESTOCK

FORT WORTH, Jan. 25 (AP)—Steers made up the bulk of the cattle supply at Fort Worth today and the quality was better than usual.

All classes of slaughter cattle and calves sold to a narrow demand but morning sales were about steady, yearlings sold in line with the weakness of Tuesday. Very few cows and calves included in the day's total.

Hogs were steady with a top of $3.25 and morning sales of aged wethers were steady. Buyers were talking lower prices on lambs but no sales completed on that basis.

Dressed meats were in normal supply on the eastern markets with dressed beef mostly 50c lower and veal was steady to 50c and $1 higher. Most of the lambs was 50c lower and very little mutton was offered. Pork sold about 50c under Tuesday levels.

Hogs 700; truck hogs steady; no rail hogs offered; truck top 3.25 paid by packers and small killers for most of the good to choice 185-250 pound butchers; good 300 pound butchers 2.90; packing sows 2.60-.75 or steady.

Cattle 1,400; calves 700; trade slow, about steady on all classes cattle and calves; bulk of supply slaughter steers with quality better than usual; best fed steers held around 4.00; loads of light weight plain quality steers 2.90-3-10; best fed yearlings up to 4.75, others around 4.00; loads and packages fat cows due to sell around 2.50; butcher sorts around 2.00-; low cutter 1.00-25; carlot 449 pound stock steer calves 4.35; few packages up to 4.50; some feeder yearlings 4.00-50; one load feeder steers 3.10; heavy slaughter calves mostly 2.00-50; few heavy fat calves 2.75.

Sheep 5,000, including 1,183 through; early sales and bids fully steady; best lambs held higher, medium to good lambs 4.25-5.10; fat yearlings mostly 4.00; 5 decks aged fat wethers 2.50; holding several decks good lambs at 5.00.

Grain

FORT WORTH GRAIN

FORT WORTH, Jan. 25 (AP)—Rather slow demand for all commodities was reported Wednesday on the Fort Worth cash grain market.

Prices ranged as follows, basis carloads on track at Fort Worth, freight paid, delivered Texas gulf ports, export rate, or Texas common points: Wheat, No. 1 hard according to protein and billing 32 2-4 - 33 3-4. Barley, No. 2 nominally 33-34; No. 3 nominally 32-33. Sorghums, No. 2 milo per 100 lbs 67-69; No. 3 milo 61-66; No. 2 kaffir per 100 pounds 56-57; No. 3 kaffir 54-55.

Delivered Texas common points or group three: Corn, No. 2 mixed 40-41; No. 2 white or yellow 41-42.

Delivered Texas common points: Oats, No. 2 red 23 1-2 - 24 1-2; No. 3 red 23-23 1-2.

CHICAGO GRAIN

CHICAGO, Jan. 25 (AP) — Prospective broadening of Italian import requirements for wheat gave strength to grain values today, especially in the late dealings.

It was estimated Italy would need to purchase from other countries this season 30,000,000 bushels of wheat. Highly bullish domestic crop reports continued to pour in both from winter wheat territory southwest and from the Pacific northwest.

Wheat closed firm at the day's top, 1-4-5-8 above yesterday's finish, corn unchanged to a shade higher, oats unchanged, and provisions unchanged to 5 cents down.

"Swimming" of the Head
From Constipation

"I used to suffer from spells of swimming in the head," writes Mrs. Carrie Brown, of Meridian, Miss. "Everything would go 'round and 'round. When I stood upon my feet, I would be almost blind with dizziness. My stomach was upset. These spells, I believe, came from constipation. I suffered torture from the effects.

"My mother had taken Thedford's Black-Draught for a long time, and she suggested to me that I try it. While I was feeling so bad, I took half a teaspoonful, put it in some water and took it. I found it was just the thing to relieve the suffering from constipation. Now I always keep it in my house. I take it whenever I need a laxative.

"I have used Black-Draught in my home now for twelve years, and feel it is a great help in keeping my family in a healthy condition."

Rotary Anns Are Club Guests For Annual Program

Members of the Lubbock Rotary club entertained their wives and sweethearts in annual ladies' night program at Hotel Lubbock last night. Approximately 150 persons were present.

Following a four-course dinner, an informal program featured by humorous poetic introduction of club members on a lantern-slide screen was given. A vocal number, "Sweet Adeline", given by the Rotary quartet composed of Dr. Bradford Knapp, John Crisler, Asa May and Guy R. Johnston, was humorously received by those present after which Mr. and Mrs. Harry Blocker, Mrs. R. C. Goodwin and Herbert Brown came from behind the curtain and entertained with vocal selections.

Cryptic remarks spoken in a humorous vein regarding certain features of the program were given by Dr. W. A. Jackson, Chas. A. Guy and Neil Wright.

The program was prepared by a committee composed of: D. K. Bondurant, R. D. Erwin, Roy Furr and Guy McAfee. President Homer D. Grant presided as toastmaster.

Firing a watch from a pistol..

ILLUSION: The magician smashes a watch right before your eyes ...loads the pieces into a pistol...fires at a silk hat..,and the watch suddenly appears...*intact*...on the side of the hat!

EXPLANATION: Another watch was smashed. . .The first watch was attached to the back of the hat when you weren't looking. The hat was on a turntable which was arranged to make a semi-revolution when the shot was fired.

IT'S FUN TO BE FOOLED . . . IT'S MORE FUN TO KNOW!

Here's a magic trick from cigarette advertising called "Cigarettes and Your Throat."

EXPLANATION: A cigarette has to use choice, ripe tobaccos to be easy on your throat.

Cheap, raw tobaccos are harsh and irritating. No "treatment" can do more than mask their rasping effect.

And there is an irritating dust, naturally present to some degree in all tobaccos. Camel removes this peppery dust by a special *vacuum cleaning* process.

* * *

And even more important is Camel's *matchless blending* and its more costly tobacco.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, more expensive tobaccos than any other popular brand.

Choice tobaccos tell the best story of throat ease!

It's A World Problem

KNOWING the causes of one's ills doesn't relieve the pain but it is essential to a cure. This is just as true of economic ills as of human ills.

There is little consolation for Lubbock in the realizing that we of the South Plains are in as good condition—if not better condition—than any other section of the country.

By the same token, there need be no huzzaing in United States as a whole, simply because the rest of the world is no better, if as well off, economically. In setting about to correct conditions at home it is necessary that the American people become thoroughly conversant with conditions abroad for as long as America trades with the rest of the world its prosperity will hinge partly upon world prosperity.

Department of commerce agents have just ascertained that world trade is the same the world over. Uncle Sam is losing foreign customs, but so has every other country and in about the same proportion. Exports of all the major countries engaging in foreign trade are just about a third of what they were at their peak.

So it would appear that the trouble lies deeper than tariff wars, embargoes, boycotts, buy-at-home campaigns and other artificial trade barriers. The world-wide depression is not merely a phrase.

There is no longer such a thing as economic isolation for any civilized nation. It remains to be seen whether any nation can recover from the depression without help from sister nations.

To expect such to happen would be the same as to expect Lubbock and the South Plains to return to the boom times of 1929 without other portions of the nation similarly returning to abounding prosperity.

A NEW AGE OF SCRIPT

There are many people in Texas who remember the post-Civil war period, when the "script" plan of barter and exchange was in use all over the South.

There are other Texans who remember, in the late 1880's and earl, 1890's, when similar methods were in vogue.

But few, if any Texans would have told you a year ago that the "script" plan might come back—yet today it is being discussed seriously and not so many miles from Lubbock.

Citizens of Wichita Falls are considering the old method.

Doubtless they have investigated similar systems in Indiana, Wisconsin and in the Pacific Northwest and are wondering if that plan will help them over depression's hill. At any rate, they're considering the matter.

The Morning Avalanche has made no investigation of modern "script" methods, although we glean from magazine articles that it is being found successful in several quarters.

And although we don't need it in Lubbock, the Wichita Falls discussion will prove interesting to us.

UNRELIABLE MEMORY

Present conditions are conducive to lurid forecasts dealing with the "breakdown" of the existing economic order, the increasingly "precarious" condition of the majority of the people and the menace of special visitations like "technological unemployment". The country is full of pessimists predicting everything from revolution to wholesale starvation. Many of these never expect to see good times again.

Against such pictures of a world rapidly going to the dogs it is useful to take a look back into the past. Are the "unprecedented" phenomena really so unheard of as people assert? Have the industrial nations, over a long stretch of years, been going forward or backward?

Men and women, who have gone through other depressions, describe this one as all the others rolled into one. It may be but the human memory is notoriously unreliable and especially prone to forget the dark pages in life's history.

There are reasons why this crash should be more farreaching and complete. In the first place the nation's population increased by many millions between this and the preceding depression. And in the second place the country had never before attained such a high peak of prosperity.

Humpty Dumpty had a great fall but don't believe them when they say that all the king's horses and all the king's men can't put him together again.

The old debate flares again: Should college football players be subsidized or allowed to rake leaves now and then for, say, $1000 a semester?

Those cosmopolitan souls with broad interests who like a bit of everything should be having a great time right now with pumpkin pie.

Filipinos May Reject Bill

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Jan. 25.—Congress offered independence to the Philippines a few days ago with mixed motives.

The predominant motive was to get the islands outside the American tariff wall, in order to exclude them as trade rivals of a few classes of Yankee producers, with whom they have been competitors in Uncle Sam's markets.

Philippine Capitol at Manila

Another motive was to rid the United States of them as an expensive military risk.

A third undoubtedly was to spite President Hoover, which may seem childish in grownup legislators, but is a strong influence with a considerable number of them. The vigor of the dislike of many senators and representatives to the executive mansion's "lame duck" tenant is astonishing. Passing the Philippine bill over his veto was their final opportunity to take a slap at him, and there is no question that some of them were mighty willing to avail themselves of it.

Lastly, a few lawmakers are entitled to credit for casting their votes ni the Filipino measure's favor because they honestly believe that any people that desire freedom ought to have it, and from no other consideration.

• • •

IT GENERALLY is agreed on Capitol hill that the bill was a bad bill.

It was a compromise, and not a compromise in the interest of the Filipinos, but in the interest of the various groups which have been wanting to unload the islands for their own selfish reasons.

The Filipinos sought immediate independence, upon Filipino terms.

They now are invited to accept it upon a basis to be dictated by Uncle Sam, after a 10 to 12-year period of gradually relaxing American supervision.

Upon the ground that this is entirely too qualified an arrangement—and upon plenty of other good grounds which could be cited—they may yet reject the whole proposal at an election they are to hold, to decide the issue.

If they do reject it, it will be distinctly embarrassing.

• • •

DURING THE decade which is to elapse between their decision to go it alone (if they so decide) and practically (but not quite) complete American withdrawal, there will be a progressive tightening up of Uncle Sam's tariff restrictions against Filipino products (notably sugar, copra, hemp and tobacco, hitherto sold principally in the United States), but no corresponding tightening up upon the admission of American goods into the Philippines.

According to competent critics of the independence bill, such a system will launch the island folk upon their national career in a state of utter economic ruin.

During American sovereignty, trade with the United States hitherto has been encouraged at the expense of trade with other nations, so that now the only trade avenue the Filipino people have will be cut off.

At the very best, the bill manifestly is one-sided.

• • •

OF ALL ARGUMENTS against American retention of the Philippines, one of the most financially cogent is the argument that the archipelago, while heavily unprofitable to keep, would be enormously expensive for the United States to defend in the event of war with a naval power of any consequence.

American military men, in mentioning this contingency, freely admit that they have in mind Japan, with a southern Formosa base only a night's steaming from northern Luzon, as against nearly 5,500 miles from Honolulu.

The average Yankee probably would rebel at the idea of being scared out of the South Seas by the mikado. But, if Uncle Sam is leaving there anyway, maybe it legitimately can be pointed out that it would be foolish for him to retain just enough of an insular peg for Nippon to hang a quarrel on, at the Japanese emperor's convenience.

• • •

YET THAT is precisely what the Philippine independence measure contemplates.

The islands, if the Filipinos accept, are to be abandoned.

But a Filipino naval base is provided for.

Uncle Sam is prepared to surrender the source of possible future advantage. He insists on preserving the source of not at all improbable future danger.

The suggestion offends the Filipinos.

It exposes the extremity of Uncle Sam's coat tail, as a standing invitation to be stepped on.

UNIMPORTANCE OF POLITICS

Everybody wants to believe that the turning point in the depression has been reached. The nation is eager to be convinced but only something tangible will carry conviction, so numerous have been the false promises of succor.

This situation works both ways. While the public has grown skeptical the industrial, financial and political leaders and observers have grown cautious. Early in the depression they could produce prosperity predictions as readily as a magician can pull rabbits from a hat. Of late they have been loath to look into the future and hesitate about basing anything on the present.

For these reasons the recent public utterances of Col. Leonard P. Ayers, economist and banker, are of some significance. Especially important is his observation that there has been improvement in the financial and moral factors since a year ago.

His sage advice to the country is that it grapple with realities, be vigilant and cooperate to the fullest.

In decided contrast to attitude of the relief lobbies is the Ayres viewpoint. Enumerating the three factors which probably will shape the economic welfare of the nation this year, he names "financial conditions, business conditions and national morale" and does not so much as mention politics or congress.

(Title Fully Protected)

On request, sent with stamped, self-addressed envelope, Ripley will send proof and details of anything BY-RIPLEY depicted by him.

EXPLANATION OF YESTERDAY'S CARTOON

EMPEROR NORTON OF THE UNITED STATES:

The demented Englishman who claimed this title came to the United States in 1819. Financial reverses unbalanced his mind in 1857, and he presently became obsessed with the idea that he was Emperor of the United States by "an act of the Legislature." He assumed the additional title of Protector of Mexico, issued "an imperial decree abolishing many Federal offices in the Uniter States, and summoned Lincoln and Jeff Davis to appear before him to compose their differences."

Among other ambitious undertakings of the "Emperor" was his suit for the hand of Queen Victoria and a scheme for the Union of Great Britain to America. As his actions were innocent enough, he was treated with toleration and the inhabitants of San Francisco submitted good-naturedly to his "royal" acts, until he died in 1880.

Annual Lamb County Tour Set Friday; Work To Be Inspected

Fourteen Demonstrations Of Extension Work In County To Be Visited; Experts To Be In Party

(By Staff Correspondent)

AMHERST, Jan. 25 — Fourteen demonstrations of extension work in Lamb county are to be visited Friday by a group of interested persons under the direction of D. A. Adam, county agent and Miss Ruby Mashburn, home demonstration agent. The two agents combined their tours in order to visit a larger variety of activities.

Groups from all four county towns, Sudan, Littlefield and Olton as well as Amherst, have been invited to go with the party, which leaves here Friday morning at 8:30 o'clock. There will also be a number of farm men and women in the group. G. W. Barnes, livestock specialist of Texas A. and M. and several nearby county agents, are expected also.

Types of Work

Types of work to be visited include: beef cattle feeding by men and by 4-H club boys; trench silo, terracing, meat demonstrations, dairy demonstrations, living room and bed room demonstrations; 4-H club girl's bedroom and living room demonstrations, pantries, terraced garden, and a grape yard.

Places to be visited on the tentative scheduled include: Pat Nix, beef cattle demonstrator; Mrs. Martin White; Jess Mooney, Spring Lake; Edna Packard, club girl, Olton; Merrill Brigance, feeding; Mrs. Walter Schrier, Olton; L. L. George, Sand Hill; W. P. Neinast, Hart's Camp; Mrs. Sheffield, Spade; R. B. McQuatters, Littlefield; Joe Wells, terraced garden; G. D. Lair and R. L. May, Amherst and C. J. Poor and P. E. Boesen, Sudan.

Other places will be visited if there is time, Mr. Adams said. This is an annual tour.

Lunch will be served at noon by the Olton Home Demonstration club.

EXPENSES ARE PAID

LAMESA, Jan. 25 (Special)—City officials of Lamesa report that all city expenses for the past three years here have been paid from revenue derived from municipal utilities. This, however, does not include interest and retirement of bonds voted. Funds come from the water and sewer system and a lower water rate is boasted than that offered by the city of Lubbock.

Slaton Registers Work Applicants

By Staff Correspondent

SLATON, Jan. 25—Registration of men who need work and who are to be employed in civic work with funds from the R. F. C., has been started by the local welfare committee. The work is being handled at the chamber of commerce office with A. J. Payne in charge.

A sifting committee has been named by the committee to check all applications for work. This group will pass on all names before one can be employed and paid with R. F. C. funds.

Slaton received $800 for January and February. The alleys are to be cleaned and other work done and new caliche spread from the city paving to the sanitarium, about four blocks.

There were 150 men registered for the first work last December. So far about 80 men have registered.

FEEDING PROJECT STARTS

MORTON, Jan. 25—Lee Cooper Cochran county farmer living north or Morton, has a good sized feeding project under way this winter. He is using home-grown feeds. Mr. Cooper has 200 head of three year old steers in his feed lots. He also is feeding out between 200 and 300 head of lambs for the spring markets.

LOAN IS ASKED

WASHINGTON, Jan. 25 (AP)—New Mexico today applied to the Reconstruction Corporation for an emergency relief loan of $81,600 for use to March 1.

Business Man Back In Cell

Glenn Smeeman Awaits Action Of Governor On Pardon As Wife Fights To Recover Of Suicide Attempt

DENVER, Colo., Jan. 25 (AP)—Glenn Smeeman, Cleveland business man and Colorado convict, was back in his cell at the Canon City prison today awaiting action on his pardon plea, while his wife was recovering here from an attempt at suicide.

Mrs. Smeeman talked readily of her attempt to kill herself by a sleeping potion and gas in the home of a relative Thursday.

"One minute I was building up hope, the next I was frightened," she said. "It's been like that for days. And the days have been so long, always worrying, wondering if everything will be all right."

Smeeman, convicted of auto theft here in 1917, escaped and became a successful business man in Cleveland before the law finally found him out. He faces a similar charge of auto theft in St. Louis, Mo. He has applied to Governor Edwin C. Johnson for a pardon and the governor has taken the request under advisement. The state board of corrections and Prison Warden Roy Best recommended to the governor that executive clemency be granted.

Ninety-Nine Year Sentence Of Sam Smith Is Affirmed

AUSTIN, Jan. 25 (AP)—The court of criminal appeals today affirmed a ninety-nine year imprisonment conviction against Sam Smith, found guilty by a Lamar county jury in connection with the murder of Razz Bray on September 20, 1931.

Bray was slain with a piece of iron.

Affirmance also was given the 12 year conviction of Jim Davenport, Rusk county, for the murder of Will York on September 7 last.

C. B. Yarbrough, held without bail for the murder of Doris Yarbrough, who died of burns at Belton on September 7 last, was granted a writ of habeas corpus and his bond fixed at $5,000.

Human Embryo Found In City

Three Months Development Is Report Of Examining Physician; Buried In A Shallow Hole

A human embryo, with about three months development, was uncovered in a shallow hole a mile north and east of Lubbock county courthouse Wednesday, the sheriff's department said.

An investigation was instituted when W. C. Wright, who lives near the City park at the northeast edge of Lubbock, reported that David Feazell had found the body of a baby. Deputy Sheriff Baxter Honey, J. C. Keller, state highway officer, County Attorney Vaughn E. Wilson, Justice of the Peace J. S. Connell, C. W. L. Baugh and others, went to the scene, a short distance east of the park.

The embryo, apparently buried Tuesday or early Wednesday, had been "incapable of life," the doctor said. It had been wrapped in a torn white shirt, dropped into the hole, and covered with weeds and dirt. The "burial" was near the road at the edge of a small ravine. Wright said that he had directed burning of weeds along the ravine yesterday, and that after the fire had destroyed tall weeds about the place Feazell saw the freshly turned dirt and found the embryo.

Banking Bill

permissive power to reopen banks on petition of depositors representing 85 per cent of the deposits.

The other, by Senator Gore (D., Okla.,) would make it a misdemeanor for any executive officer or a reserve member bank or his relatives to borrow from that bank. The maximum penalty for violating this section was fixed at one year in prison and $5,000 fine, while the banks involved would have to pay not more than $10,000.

Cause Of Failures

Gore said he had been informed by receivers of some banks that one-third of the bank failures were caused by borrowings by officers of the institutions and their relatives and told of a president of one bank who borrowed $300,000 when the limit was only $65,000, causing the institution to fail.

An effort by Senator Black (D., Ala.,) to strike out the section permitting branch banking among national banks in the nine states authorizing this system among their own financial houses was defeated 43 to 17.

Chief Deputy Says He Is Working On A "Hot Lead"

TULIA, Jan. 25. (AP)—L. G. McDonald, chief deputy sheriff, who is directing the search for the slayers of Sheriff John C. Moseley here early Monday, said tonight he might know the names of the gunmen by tomorrow.

"I am working on a hot lead," McDonald said. "It probably will not mean an immediate arrest, but we should at least learn the names of the persons we are looking for."

McDonald would not disclose the nature of his information.

Sullivan Trial

(Continued From Page One)

ployed by Lamb county as a special officer when Pebworth's ranch was raided by Texas and New Mexico officers August 20. Pebworth has not been arraigned in connection with the Olton robbery.

Others Are Indicted

Glen Huntsucker and Henry Reed also were indicted, the latter as an accomplice. Huntsucker, Pebworth and Sullivan were charged as the participants in the holdup.

Sullivan eluded the officers but was arrested at Mountain Air, N. M., Sept. 13 when his right arm was riddled with bullets in a chase. He was placed in the hospital ward of the Lubbock county jail but escaped Nov. 17. He was recaptured at Vernon a month and three days later. He had been to a hospital to have wounds treated and was recognized by Vernon officers as he and a woman left.

Farm Relief

(Continued from Page One)

Hoover veto.

Outstanding in the Robinson bill introduced today is provision for $1,000,000,000 government agency — the "Emergency Agricultural Refinance corporation" to lend up to $10,000 each to individual farm owners on first or second mortgage security, provided the total mortgages do not exceed 75 per cent of the value of the property.

Treasury Backs Banks

In addition, resources of the federal treasury would be placed squarely back of the federal land banks so they might take over all sound first mortgages offered by any creditor who needs to liquidate, establish interest rates at a 5 per cent maximum and extend the payments of worthy borrowers. The joint stock land banks would be taken over by the federal system.

Taking the offensive in the fight on the domestic allotment bill, Edward A. O'Neal, president of the American Farm federation, told the senate agriculture committee "unless something is done for the American farmer we will have a revolution in the country-side in less than 12 months."

John A. Simpson, president of the Farmers Union, said "the biggest and finest crop of revolutions you ever saw is sprouting all over this country right now"

Conditions Which Surround Children In Many Instances Are Regarded As Tragic By Visiting Welfare Leader

CONDITIONS which surround children now in many instances are "pretty tragic," Mrs. Walter McNabb Miller, a member of the White House conference on child welfare, said here last night. Mrs. Miller, who was accompanied here from Austin by Miss Grace Buzzelle, a state supervisor of nurses with the state health department, has several engagements here today.

"There are two things essential to the normal development of a child," said Mrs. Miller, who is classified as a humanitarian in "Who's Who". "These things are the childs right to a feeling of security, and to an opportunity to develop.

Obligation Of Adult

"These things now are denied many children. It is the obligation of the adult to join in the move in this state to see that Texas children have these vital needs."

Mrs. Miller, also a staff representative of the American Child Health association, will attend a Texas Child Health conference at Austin February 9-11, as a representative of the conference at the White House several months ago.

"Object of this Texas conference, which is the 28th state conference since the White House meeting, is to urge organization of a children's council in every county," Mrs. Miller pointed out. "Such councils, with representatives from all organizations, will seek adult education for the welfare of children."

Conference At Austin

The conference at Austin will consider the "health, mental and physical, the education and training of all children, and the care of the child handicapped mentally, physically, or socially," according to Mrs. Miller.

The children's charter of 19 points, an outgrowth of the Washington conference of more than 6,000 persons, "begins with a demand for the spiritual and moral training of children to enable them to stand firm in the social stress," Mrs. Miller said.

NEWS BRIEFS

Diana Lou Burns, two years old, whose parents and a six-week-old sister died in an explosion and fire in their Tatum, N. M., home January 4, was released from Lubbock sanitarium Wednesday, to go to the home of relatives in Brownfield. The child was critically burned. Mrs. Otis L. Burns, the only other survivor of the blaze, and an aunt of Diana Lou, will be released from the sanitarium today to go to Sweetwater. Her home is in Roswell.

Suit for $5,000 damages against Ben F. Condray, a Texas Technological college faculty member, and the Glens Falls Indemnity company, inc., of Glens Falls, N. Y., was filed in 72nd district court Wednesday by Tom Garrard, a Lubbock attorney. The suit is a result of an accident in which Garrard was hit by an automobile driven by Mrs. Condray December 20.

An extension class in "Social and Economic History of the Great Plains" was conducted at Big Spring last night by Dr. W. C. Holden, professor of history at Texas Technological college. J. F. McDonald, head of the extension department, said 20 members are enrolled in the class. Mr. McDonald said there are several vacancies in freshman physics, known as "Physics 131," and that the class is open to any one.

Geo. A. Lider, a former Lubbock resident, and now county surveyor of Floyd county, was here yesterday.

A. C. Goin, former Floyd county sheriff, was in Lubbock attending business Wednesday.

Louie Ares, Santa Fe special officer, of Slaton, was here yesterday.

Hiki Gholson was fined $25 and costs by County Judge E. L. Pitts, Wednesday, upon a plea of guilty of aggravated assault and battery of Irene Thompson. Gholson was returned to county jail in lieu of payment of the fine.

Sergeant James C. McDermitt, United States army recruiting officer, Wednesday announced that three men had been accepted for service in the U. S. Cavalry at Fort Bliss, Texas. They are Robert W. Fisher of Amherst, Joe M. Mayfield and Herbert E. Stanley, both of Mitchell, Neb.

Slight improvement in the condition of Mrs. W. B. Atkins, wife of a Lubbock school trustee, was noted at Lubbock sanitarium last night.

Harry Powell, manager of Powell-Martin company here, is "very seriously ill" at Lubbock sanitarium of pneumonia. No change in his condition was seen yesterday.

Let's Swap

(Continued From Page One)

farm implements, incubators, vegetables and a host of other things for needed supplies and equipment.

The current "swap" classification of want ad generally is distinct and separate from the columns listing real estate and automobile trade opportunities.

Watch Lineage Grow

Some newspapers long have carried a column for the convenience of miscellaneous traders, but many have started such a listing only recently. With something akin to amazement advertising executives have witnessed the lineage growth.

One Sunday two dentists offered their services without the payment of money fee. One wanted a job of paper hanging. The other was satisfied to accept a floor sanding job, or a cello.

An Arkansas City, Kas., daily recently inaugurated a swapper's column. Scores of persons were quick to take advantage of the opportunity. Cemetery lots were offered in exchange for an automobile; a radio and five shoats for a team of horses; a business college scholarship for a shotgun.

Outstanding Example

A Houston, Tex., swap column, is outstanding. An instructor in China painting and a piano teacher offered services in exchange for room and board. Flying instructions were proposed by an aviator as pay for an automobile.

Los Angeles paper hangers and painters offer their work as apartment rental. Dental work may be traded for a campaign outfit, and auto repairs for groceries.

A Joplin, Mo., advertiser desired to swap a paid up correspondence course for horses, hogs or chickens. In Salt Lake City a truck owner sought to trade the vehicle for chicken coops.

A Seattle physician was offered the opportunity to acquire a Cocker spaniel in return for medical services. And an inventor with a patented sea airport wanted to trade the rights to his brainchild for a congenial home.

came here from San Angelo. She told of meeting Parks at her rooming house when he came to deliver bottled drinks for the concern with which he was employed.

Her testimony was given with the understanding that anything she might say would not be used to incriminate her. The court promised her immunity. She has not been indicted in the case.

Mrs. Parks was drowned while on an outing at the lake with her husband and two daughters.

It was expected that the state would complete its case around noon tomorrow.

of the present commission to replace Cone Johnson of Tyler, when the latter's term expires next month. Other members are W. R. Ely of Abilene, chairman and D. K. Martin of San Antonio. Terms of Ely and Martin would not expire during the two-year tenure of Mrs. Ferguson.

Under the new bill members would draw lots for two, four and six year terms, after they have been elected.

There has been some speculation as to whether Denison, the Ferguson appointee, could be designated chairman of the commission by the chief executive to replace Ely in that capacity. Governor Ferguson recently said it had not been definitely settled if she should name the chairman.

of $7,500. Compensation of judges of the courts of civil appeals would be decreased to $5,000 from $7,000.

Would Abolish Officials

The salaries of the celrks of the courts of civil appeals would be reduced from $3,000 to $2,000. The committee would abolish the office of deputy clerks in these courts. Stenographers salaries would be cut twenty per cent and the $720 annual salary now paid porters would be cut in half.

The courts' operating expenses were cut to the bone.

The committee eliminated suggested appropriations for traveling expenses of judges of the courts of civil appellate courts, and contingent expenses of the advisory council.

Lubbock Invitation Tournament Brings 24 Teams To Westerner Gym; Girls To Engage In Tournament Friday

Three basketball tournaments—two invitation affairs, one county play-off—are scheduled for Lubbock county courts on Friday and Saturday of this week. Two of them, drawing between 40 and 50 teams, will be held on Lubbock courts. The other is scheduled for the Slaton High school gymnasium floor.

The second annual Lubbock High school invitation tournament which starts tomorrow morning at 8 o'clock, bids to be the most important. It is exclusively for boys teams, and will draw 24 teams of this section.

Big Tourney At Slaton

Slaton High school will be host to about 20 teams in an invitation girls tournament Friday and Saturday. Special entertainment will be provided for visiting teams, the entertainment card including a breakfast for teams surviving Friday's play. The breakfast will be served Saturday morning.

On the Texas Tech court girls again will be the contestants. It is the county tournament for girls teams of Lubbock county. According to County Athletic Director Dawkins, about 25 teams have signified intention to participate. The winner in this county will compete in quadrant play, quadrant winner to participate in the district tournament. The district tournament will not be sponsored by the Texas Interscholastic league.

Three Late Entries

The acceptance of the entries of Slaton, Cotton Center and New Hope yesterday swelled the entry list for the Lubbock invitation to 24 teams. The tournament play begins at 8 o'clock Friday morning when Woodrow and Carlisle take the floor. Other first round games will be played as follows on the Lubbock High gymnasium floor unless specified otherwise:

9 a. m.—Grovesville vs. Wolfforth; 10 a. m.—New Hope vs. McClung; 11 a. m.—Wilson vs. Plainview; 12 noon—Lubbock vs. Center; 2 p. m.—Sudan vs. Cotton Center at junior high school court; 3 p. m.—Ralls vs. New Hope at junior high school court; 4 p. m.—Slaton vs. Crosbyton at junior high school court.

Second round pairings are:

1 p. m.—Monroe vs. Brownfield; 2 p. m.—Shallowater vs. Estacado; 3 p. m.—Abernathy vs. winner Lubbock-Center game; 4 p. m.—Acuff vs. winner of Grovesville-Wolfforth game; 5 p. m. League Four vs. Hale Center; 7 p. m.—winner Sudan-Cotton Center vs. winner Ralls-New Hope; 8 p. m.—winner New Home-McClung vs. winner Woodrow-Carlisle; 9 p. m.—winner Crosbyton-ton vs. winnerSlaton vs. winner Wil-Slaton vs. winner Wilson-Plainview.

La Didrikson Is Ordered To Bed With Fever; To Start On Vaudeville Tour Immediately

DETROIT, Jan. 25. (AP)—Mildred (Babe) Didrikson, star girl athlete, was ordered to bed by her physician and all engagements for the day were cancelled when she developed a slight temperature after a workout in a gymnasium here today.

George Emerson, manager for Miss Didrikson, who is making a series of appearances here and in other cities, said she "evidently is tired out from her heavy schedule the past few weeks."

Miss Didrikson is scheduled to begin a vaudeville tour Friday.

Horned Frogs Sign North Dakota For Nov. 11 Game

FORT WORTH, Jan. 25. (AP)—With the signing of North Dakota university for a game in Fort Worth on November 11, Texas Christian university has completed its 1933 schedule. The Frogs are to play 10 games, five at home and five on foreign fields.

The Sports HORN

By BILL PARKER
Associated Press Sports Writer.

SINGING IN THE SUNSHINE

President J. Alvin Gardner of the Texas League is through humming blues in the rain of trouble that hovered over the Texas League in 1931 and 1932.

• • •

Today Gardner is singing in the sunshine of clear skies and hope. He is telling the world that he is president of the country's finest Class A. League. Sincerely he believes that baseball boom times will return next summer. He claims he has gazed deep into the crystal and seen only prosperity for his new eight club league.

• • •

Gardner desired more than anything else to get Oklahoma City and Tulsa into the Texas League. He realized that ambition at the National Baseball meeting. His second pet desire was to retain San Antonio as a league member. This also materialized.

• • •

The Texas League president is a happy man. His office is a workshop for Gardner, Milton Price, his assistant, and Bill Ruggles, league statistician since 1920, where 1933 plans are being made.

• • •

Big opening days with a return of colorful street parades, special field day events on the holiday dates, the Shaughnessy plan and the schedule are only a few things getting the attention of the league's executives.

• • •

"Big towns, each thoroughly sold on baseball, a new kind of a pennant race under the Shaughnessy system; natural rivalry between the cities;" was Gardner's staccato comment on the outlook upon his return from San Antonio where he aided in locating the St. Louis Browns' franchise. "I believe we will start good and finish grand this year."

• • •

SELPH STANDS ALONE

Providing Jake Atz is appointed manager at Fort Worth, Carey Selph will be the only inexperienced manager this year in the Texas League.

Happ Morse will start his third year at Dallas, which is something unusual for a Dallas manager.

• • •

Art Griggs at Tulsa and Fred Luderus at Oklahama City are veteran managers.

Bob Coleman, who replaces Del Baker as manager of the Beaumont Exporters, formerly managed San Antonio.

Henry Severeid, new San Antonio skipper, piloted Wichita Falls and Longview in 1932.

Billy Web, new Galveston manager, has served in the same capacity in other leagues.

• • •

Seven of the eight managers, if and when Atz is named at Fort Worth, will start from scratch in the race of experience. Selph will be the only handicap man in the field. But he has been in the game many years and knows that the baseball element of Houston is ready to back his judgment loyally.

Forward Pass Rule May Get Changed Again

"Committee Of 20" To Report On Proposed Changes Soon; Three Suggestions Will Be Given Rules Committee

By EDWARD J. NEIL
Associated Press Sports Writer

NEW YORK, Jan. 25.—Reference in the 1932 football rules committee report to the fear something might have to be done eventually about the forward pass has brought forth from prominent coaches at least three suggestions that something be done immediately. As a result football's "committee of twenty," representing college and high school coaches with Lou Little, of Columbia, in the chairman's seat will meet here early in February to draw up recommendations to the rules committee.

Lou Little

Definitely, the fear of the rules committee that forward passing was getting out of hand and that indiscriminate tossing should be discouraged, has brought these suggestions.

Would Increase Penalty

1. That the penalty for two successive incomplete passes be increased from five to 15 yards.

2. That forward passes be permitted from any point behind the scrimmage line, replacing the present restriction that the ball must be thrown from a point at least five yards behind the line.

3. That a forward pass caught by the defense after it has touched an eligible receiver be ruled an intercepted pass, instead of an incomplete pass as is the case today.

These suggestions stood out in the mind of Lou Little today as he prepared to receive members of the committee.

Committee Formed In December

The committee was formed for the first time at the annual coaches' sessions here last December. The results of its deliberations will be turned to the rules committee as suggestions for consideration at the annual meeting of the lawmakers next month.

"All we want to do," said Little today, "is help the rules committee and help football if we can. There's nothing belligerent in our attitude. We're not trying to run football.

"Personally I believe that aside from simplifying the rules, taking away the ambiguity that exists in some places, they should be let alone. Last year's changes worked out very well, I think. A little attention to the forward pass is about all I can see that is necessary."

Pat Page, Jr., Drops Out At Chicago Because Stagg Was Retired; To Enter OU

CHICAGO, Jan. 25 (AP)—Harlan A. Page, Jr., son of the football coach and one of the most versatile athletes at the University of Chicago, withdrew from school with the avowed intention of entering the University of Oklahoma.

Young Page apparently became disturbed when he learned that the veteran coach Amos Alonzo Stagg was to be retired this spring and that his father, Pat Page, was not to be chosen as Stagg's successor. It was at his father's advice that he entered the University of Chicago to play under Stagg.

Page is a junior and one of the best all around stars at the university, starring as a football fullback and in baseball and basketball. He was ineligible most of his sophomore year, but saw action last fall. He plans to enter Oklahoma for the second term.

Bill Carr To Hang Sprint Shoes Up For Good After 1933 Meets Are Finished

Here's One Amateur Who Won't Turn Professional

BY EDWARD J. NEIL
Associated Press Sports Writer

PHILADELPHIA, Jan. 25 (AP)—Down through the stretch bursts a black-headed vision of flying youth, arms driving rhytmically, slender legs eating up distance, spikes biting fast and clean into the track.

The bellow of 100,000 throats crashes down from the sloping tiers of the Olympic Stadium, engulfs the flying figure, hurls it on to the finish line.

Now A Scholar

The vision fades, and Bill Carr, fastest quarter miler in history, shakes his head, and tries to concentrate again on the book in his hand, the scholar deep in the problems of 1933.

For William Carr, of Pine Bluff, Ark., student, in the Wharton business school of the University of Pennsylvania, the new year marks the end of a glamorous racing trail. He will run out the string of college competition, and compete abroad this summer. Then the spiked shoes of the boy who sped through 400 meters of the Olympic final in 46.2 seconds will go up on the wall forever.

"I expect to be a member of the United States track and field team that will tour Europe next summer," he said. "When the teams returns my uniform and spiked shoes will be put away for good. I'm going to devote every minute of my time to the business. I don't think a man can be both a good athlete and a good business man. So I plan to efface myself from track."

And so, in all probability, Bill Carr will step off a cinder track for the last time in 1933 with all the modesty, the shyness, and lack of ostentation that marked his unheralded entry years ago at Mercersburg academy.

Two Men, Or One?

A little fellow, it is difficult to picture in the neat, studious young man who goes about his business studies so seriously the mercury-footed athlete who beat fleet Ben Eastman three times last summer, and broke a world record each time he did so.

WILLIAM CARR

Now he is training diligently for the last of his college competition. He expects to run his last intercollegiate quarter mile in the Penn relays. He will concentrate on the 100 and 220 yard springs in dual meets and the outdoor intercollegiate championships. On the trip abroad he may compete as a quarter-miler.

Also A Broadjumper

There was little indication in Carr's early career of the dazzling speed that blazed through the intercollegiate and Olympic fields last summer. He was a broad jumper, and sprinter at Mercersburg academy. For two years he ran on the Penn relay team. In one meet he broad jumped 23 feet 3 5-8 inches, high jumped six feet, and ran 100 yards in 10 1-10 seconds.

Last spring he raced his first quarter mile against Cornell in 48.4 seconds. He was conceded little chance against Blonde Ben Eastman in the intercollegiates. So he ran Big Ben into the ground in 47 seconds flat, did it again in 46.9 in the Olympic 400 meters tryout, and proved his supremacy beyond all question in the Olympic final.

Indianapolis Owner And Manager Confer With Cat Owners At Fort Worth; Perry May Buy Controlling Interest

FORT WORTH, Jan. 25. (AP)—Future ownership of the Fort Worth baseball club of the Texas League remained in doubt tonight. No announcement had come from the conference of S. S. Lard, majority stockholder and Ted W. Robinson, minority shareholder, with Norman Perry, owner of the Indianapolis club in the American Association, prospective buyer, and Wade Killifer, manager of the Indianapolis club.

J. Alvin Gardner, president of the Texas League, sat in on the negotiations as a neutral.

Announcement Today

It was unofficially reported that it appeared likely a new ownership would result from the conference but it was improbable anything official would be announced before tomorrow afternoon.

Killifer was the only one who would express any kind of opinion. He said he thought Fort Worth would make an ideal farm for the Indianapolis baseball club and if the price was right he favored Perry taking control of the Cats. The Indians have approximately 20 players of varying ability which they won't be able to keep at Indianapolis. A number of them are brilliant young prospects Perry and Killifer dislike to lose. They need a team on which to play them.

MIGHTY NICE RECORD

Belve Bean, recalled by the Cleveland Indians from the Toledo American Association club, finished 1932 with 20 victories and 14 defeats after losing his first eight games.

Keeping Up With Tech Athletics

BY ED McKEEVER
Tech Sports Correspondent
THE COACHING SCHOOL

Cards have been sent to all the coaches who attended the second annual coaching school at Tech last summer, asking them to select the coaches they want for school this year. The cards received so far have given the majority of the votes to Harry Kipke of the Michigan Wolverines, Kipke whose team won the national championship last season, uses the short punt system of play. "Phog" Allen of Kansas University, who was on the staff of coaches last summer, is the favorite for basketball and treatment of injuries. If there is sufficient demand, courses in Wrestling and in Organization and Administration will be offered.

• • •

GRIDIRON SCRIMMAGE

The first intramural scrimmage was held Monday afternoon in order that the teams would have a chance of polishing up on their plays and defense before the start of the season. The workout was costly for the Army, as Cy LeMasters their backfield ace, fractured a bone in his foot and will be out for the season.

• • •

AGGIES TO BE STRONG

The Aggies, coached by George Langford and Johnny Beauchamp, will be a strong contender for the intramural championship. "Big Time" Holden, a classy end from Parkesberg, West Virginia, and E. G. Cauble will be at the ends. "Blue" Howell, a letterman of the 1930 Matador team, will be at quarter. "Bull" McGinty, a former Lamesa star, will be at the fullback post. John Manning, and Jessie Young will be at the half back positions.

SOUTHWEST HELPS GIANTS

NEW YORK, Jan. 25. (AP) — Developments affecting the Southwest's contribution to the New York Giants today included the signing of Joe Moore, Texas outfielder, and re-instatement by Commissioner Landis of Travis Jackson, Arkansas shortstop. Moore was with the club last season.

Local Schools Agree On Grid Card For 193

Tech And High School Councils To Alternate Holida Games After This Yea Kansas Team Coming He

After a conference between members of the athletic councils Texas Technological college ar Lubbock High school Wednesday a ternoon, it was indicated that Lub bock and Amarillo High schools w play their Thanksgiving footbe game in Amarillo.

An agreement was made betwee the two councils whereby the tw local schools would alternate hom Thanksgiving dates after this yea The two councils are also to coo erate in arranging grid schedules that no week-end will have tw games here and holiday dates ca be played at home every other yea

For Second Time

Tech is scheduled to meet th Kansas Aggies here on Thanksgiv ing of this year. Although Lubboc played at Amarillo the past seaso it was satisfactorily agreed that th Westerners again go to Amaril this year in order that the Matador might play the colorful Kansa State team.

Members of the two council present at the meeting which wa held in the office of Dr. Bradfor Knapp were: Tech—W. L. Stange Dr. W. A. Jackson, E. L. Dohoney C. W. Ratliff, Pete Cawthon and Dutchy Smith; High school—Supt M. H. Duncan, Principal R. W Matthews, Carroll Thompson and Weldon Chapman.

Temple Scribe Named Prexy Central Texas Association

WACO, Jan. 25. (AP)—C. E. McClelland of Temple was elected president of the Central Texas Sports Writers' association at the annual banquet here last night and Temple was named for the 1934 meeting.

The association went on record as opposing the eight-semester rule but favoring the one-year transfer rule. A class C division of the Texas interscholastic league was advocated.

SMILES in SPORTS

Bill Guthrie Is One Umpire Who Knows A Good Ball When He Sees It

BILL GUTHRIE, American League umpire, has a sense of humor nearly as big as himself.

Bill was doing a stand at the Red Sox bailiwick in Boston one day in 1932. He was behind the plate. Benny Tate was the Sox catcher.

The balls were flying fast, and Guthrie was calling them as he thought they should be. But Tate didn't agree entirely with Bill's decisions.

One came whizzing across and it looked like a perfect strike to Benny. But Bill thought otherwise, and called it a ball.

"Bill," shot out Benny, "that was a good ball."

"I knew it was," Guthrie replied. "It was a brand new one. I just took it out of the box and rolled it out to the mound."

And that shut Benny up for the day.

You never know when *you'll* need HOT

WATER

In most homes, hot water faucets have far more emergency calls than the Police Force or the Fire Department. Cuts, sprains, bruises and swellings cry for soothing hot water. So do tired eyes, chilled feet and sore throats. And in the dead hours of night, what does the physician most frequently ask for? Hot Water! Is it ready when he requests it? Or must you rush to the kitchen to heat a tea kettleful or downstairs to stir up a sleepy fire?

And yet the emergency uses for hot water arise but seldom in comparison with the everyday uses—150 of them in the average home! Why not install a Self-Action Gas Water Heater and have instant hot water on tap every hour of the twenty-four? This thrifty Heater operates itself for a few pennies per day per person—much less than it's worth to you!

Johnny Can Visit Six "Grandmas"

When 18-month-old John Urias Day of Bellaire, O., gets big enough to pay visits, the cupboards and cookie jars of his six grandmothers should satisfy his appetite for cookies and jam and all other things that grandmothers are supposed to have. A visit to grandma's—and every day in the week a different one—is in prospect for little Johnny. Some of the six grandmothers are "greats" and one is a "great-great". Johnny is shown here in the arms of his mother, Mrs. Mary Ann Day, 18, one of his grandmothers, Mrs. Mary Adelaine Day, is left, and another, Mrs. Lizzie Day, 42, is pictured inset.

Old Yellowhouse Headquarters To Be Erected Again

LITTLEFIELD, Jan. 25—The old Yellowhouse ranch headquarters in Yellowhouse canyon, about 14 miles southwest of here, destroyed by fire in August 1930, is to be rebuilt.

J. P. White, one of the owners of the ranch after the old Capital Syndicate sold its properties to Major G. W. Littlefield, is rebuilding the structure. Mr. White was Major Littlefield's nephew and business associate.

Sold To Syndicate

The two men bought the ranch and headquarters more than 30 years ago. It was operated by them until the death of Major Littlefield. Some years ago the ranch property was sold to a syndicate and much of the ranch area sold off to settlers.

However the old headquarters in the canyon, with the famous windmill, was not sold. It was leased to W. G. Murray, Lubbock sheep rancher.

Mr. Murray's lease will expire late this winter. Meantime Mr. White secured possession of the property.

The Yellowhouse was noted for its famous windmill, some 126 feet high, extending above the bluff of the canyon walls. The mill was built in the early days of the ranch as a water supply. However the winds failed to provide enough force to move the mill, so it was built up until it was higher than the level land of the baldies. After that there was no difficulty in securing a sufficient water supply.

The old mill was blown down a year or so before the ranch house was destroyed. The ranch and later the house, was given its name from the yellow adobe or clay, in the canyon.

Lumber and materials have been sent to the ranch. Plans were drawn for a headquarters. Whether Mr. White will occupy the building has not been announced.

Woman Arrested And Given Sentence For Whisky Sale

SAN ANTONIO, Jan. 25 (AP)—Ramifications of an alleged student drinking party Friday night at a rooming house here were responsible today for the arrest and conviction in federal court of Mrs. Rosalie Brehm, the seller of a pint of whiskey which the students took to the rooming house.

She was given a six months suspended sentence.

Ratliff-Rogers Present New Oldsmobile Models Today

1933 Oldsmobiles—Left, the New ... Straight Eight; Right, the New Six

New styling with a distinct difference between the six and eight and greater speed and power in both cars are the major distinctions of the 1933 Oldsmobiles on display today at the showrooms of Ratliff-Rogers Buick company.

In outward appearance, the new cars are distinct style leaders, presented extreme advanced modes in automobile design. They are low with aerodynamic lines from the sloping radiator grill to the gracefully curved rear quarter. Designs also include the new Fisher no-draft ventilation system. In addition to these features and others that materially enhance performance, the new Oldsmobiles are announced with a substantial reduction in prices.

Engines Stepped Up

The straight eight engine has been stepped up as regards speed and performance and now rates 90 horsepower. The wheelbase has been lengthened to 119 inches. The six has been made more powerful through enlargement of the bore and refinements of the downdraft carburetion. The engine now develops 80 horsepower.

From a mechanical standpoint probably the most outstanding change in the new cars is the engine mounting, the motor being suspended at three points through non-adjustable wear-proof rubber cushion mountings.

Improved automatic choke, thermostatic water temperature control, new type connecting rods, improved fan, valve lifter and cam arrangement and numerous other changes mark the new cars.

Jagged Trail Of Ruin Is Surveyed

MAUREPAS, La., Jan. 25 (AP) — Residents of half a dozen communities in this section today surveyed a jagged trail of ruin left in the wake of a freakish tornado that dipped into southeastern Livingston parish yesterday, injured a score or more persons, demolished some homes and snapped off hundreds of trees.

Residents of the area said the funnel-shaped gale struck suddenly at Whitehall and whirled along an erratic course to Maurepas, head of island, Killian, French settlement, Bedico and Lee's landing.

The windstorm lifted one house and deposited it 200 yards away in the tree tops of a swamp, whirled another from its foundation into a river and wrecked many others.

Curling-irons heated to about 202 degrees will curl hair with out doing damage to the hair or its color.

Legislative Program Made By Cattlemen Is Announced

AUSTIN, Jan. 25 (AP)—Dayton Moses, attorney for the Texas and Southwestern Cattle Raisers' association, today announced the legislative program which had been formulated at a meeting of the association's executive committee here this week. Representatives of the Texas Sheep and Goat Raisers association worked in harmony with the cattlemen in drafting the program.

Moses said the committee voted unanimously to condemn a bill introduced in the house to require the selling of all excess lands in state surveys. Moses stated that the ranchers felt that this bill, offered by Representative Bob Long of Wichita Falls, would cloud land titles.

The cattlemen declared in favor of the land title validating bill offered last fall by Senator Clint Small of Amarillo and defeated in the house.

They also approved an oleomargarine tax, provided that oleomargarine made entirely of United States products be exempt. The would place the tax only on oleo margarine made of cocoanut o from the Philippines.

Tariff Raise Being Sought

Stabilization Of All Foreign Currencies Or A Boost For American Tariffs Believed To Be Necessary

WASHINGTON, Jan. 25 (AP)—In the face of impending discussions of debts and economics with foreign debtor nations, the view was expressed today in the highest administration sources that either American tariffs must be raised or foreign currencies stabilized.

Three nations — Finland, Latvia and Czechoslovakia—now have fallen into line behind Great Britain and Italy in seeking and being granted a discussion with the next administration of their debt terms.

In these discussions, President-Elect Roosevelt has determined to put this nations bargaining power into play to get trade advantages for this country.

From quarters qualified to speak the mind of President Hoover, there was word that he felt the United States was just beginning to feel the full effects of the departure from the gold standard of Great Britain and other nations last year.

A heavy influx of foreign goods, sold more cheaply on the American market than they could be produced in this country, was said to necessitate either the raising of tariffs or the forthcoming world economic conference must meet soon and move toward a stabilization of currencies.

The outline of President Hoover's views described him as feeling that when countries are not able to pay in cash one of the compensations they might give would be a stabilization of their currency.

Finland owes $8,800,000 and Latvia $7,000,000.

Indicaton already has been given that all of the nations, such as Latvia, Finland and Czechoslovakia, that have not defaulted would be given the same opportunity for discussion as has been accorded Great Britain and Italy.

Pioneer Says Indians Heard That He Was Coming And They Left The Area

BURKETT, Texas, Jan. 25 (AP)—"The Indians heard I was coming and left the year before I arrived" is the way William Burkett, father of the town that bears his name, described the condition of Coleman county when he arrived in 1883.

Nevertheless, Mr. Burkett, who is 74 years old, recalls that the early pioneers suffered many hardships. Born in the old town of Moulton in Lavaca county in 1859, Burkett came to Coleman county in April, 1883. He was instrumental in securing the first postoffice at Burkett and in 1889 was appointed the town's first postmaster.

When Burkett settled here, the county was a labyrinth of post oak trees and his only neighbor was Jim Allen, who lived 200 yards away.

Burkett built and operated the first steam cotton gin in Coleman county. He erected and operated a grist mill and operated a water well drilling outfit. He recalls drilling a water well in the center of what is now the Amerada oil field, which is producing from a depth of 450 feet.

"But water at that time was more important than oil," Mr. Burkett said," and I wouldn't have known what to do with an oil well."

There now are eleven producing oil wells on his 160-acre farm at the edge of Burkett. Initial production of some of the wells was as much as 500 barrels per day at one time and the oil sold as high as $1.25 a barrel.

Mr. Burkett and Miss Laura Yates of Bonham were married in 1887. All of their six children, with the exception of one living children, with the ham of Fort Worth, are located near Mrs. Minnie Cunning-

Graves Rites To Be Friday

One Of Two Men Who Carried Idea Of Gas Distribution To Successful Conclusion Dies In City

Funeral services for W. N. Graves, 62, credited with being one of two men who first conceived the idea of a vast network of pipelines for gas distribution throughout the South Plains and West Texas, will be conducted Friday morning in Walters, Okla. Mr. Graves died at 1:30 o'clock Wednesday morning in his home 1713 Broadway.

The body will be carried overland today by Byrum-Stahler funeral home to Walters. Mr. Graves had been in ill health for about four years, but his condition became serious only several days ago.

Mr. Graves is survived by his widow, a daughter, Miss Eileen Graves, of Lubbock; a son, Harold W. Graves of Oklahoma city; a daughter, Mrs. R. W. Alexander of Oil Hill, Kas., four sisters and two brothers of Kansas and three grandchildren.

For more than two years after organization of the West Texas Gas company in this section Mr. Graves was assistant to the vice president of the company.

Here From Oklahoma

Originally from Oklahoma, he came into the Panhandle-Plains territory with a companion, Ralph Tipton with the idea of serving cities of this section with natural gas. The two men purchased franchises in towns over the area and, after a lengthy period, succeeded in enlisting financial interests in the enterprise. As a result work was started in June 1927 on the project and expansion continued until 1930.

Shopping with

YOURSELF

IN MANY OF OUR LARGER CITIES shopping has become a profession. Experienced women who know the stores and shops, who know merchandise and values have gone into business as "Shopping Guides."

To a stranger, a trip with one of these professional shoppers is a great saver of time and trouble. No matter what the visitor wishes, her Shopping Guide knows just where to go—for quality, materials, styles, sizes, prices, specialties.

And where do these professionals get their information? They are probably the world's most conscientious and thorough readers of daily newspaper advertisements.

Clever? Yes! But any woman can be just as smart. Just turn to the advertisements in this paper and let them be your Shopping Guide. No professional shopper can take you to more reliable or smarter shops than the ones that advertise in this paper. No professional shopper can give you such accurate or intimate details about merchandise, about newness, about style, about quality, about bargains.

The merchants and manufacturers who advertise in this paper are dependable. You can believe in their statements. They have spent their money to tell you what their expert buyers know to be the truth about the merchandise they have selected for you. Their salespeople know their goods intimately.

Study the advertisements. Make a list of the things you need and the stores where they may be had. Be your own professional shopper.
