Wright Patman's Weekly Letter

First Congressional Dist. of Texas
"Heart of the Gulf Southwest"

IT WAS A GREAT VICTORY FOR THE BANKS but not for the Big Banker's Lobby, when the House voted by a tremendous majority of 352 to 23 in favor of a strong One Bank Holding Company Bill. Truth is that the great majority of the nation's bankers do not want to acquire non-banking concerns in their communities, to be thrown into competition with their own customers, or to be made the scapegoat in an attempted gigantic national Big Bank power grab.

AS DISCUSSED LAST WEEK, this legislation is really a Magna Charta for the smaller banks because now they can continue to serve their communities as banks, enjoying the highest regard and respect of their associates — no longer regarded as a possible fifth column for outside financial interests.

CONGRESS VOTES FUNDS FOR EAST TEXAS PUBLIC WORKS PROJECTS. The Senate has joined the House in approving the expenditure of \$1,580,000 for work on the Cooper Dam and Reservoir in Delta County — more than 3 times the amount budgeted by the President for this project. Also appropriated was \$200,000 for creation of a wildlife refuge and game management area in connection with the Pat Mayse Dam and Reservoir in Lamar County and \$1.2 million for the new Caddo Lake Dam. The \$65,000 request for completion of a comprehensive survey of the Sabine River Basin was also passed. The bill goes to a House-Senate conference to iron out some differences before being cleared for signature by the President.

LEGISLATION TO EXPAND THE FOOD STAMP PROGRAM has been passed by Congress. This is a typically American approach to the problem of eliminating hunger among our handicapped, disabled, and older citizens since it uses normal trade channels including local grocery stores, and actually increase food sales. Another point in its favor is that food stamps can be redeemed for domestically produced food only. Liquor, cigarettes, and other such items cannot be purchased with food stamps. Finally, the program rewards forethought and planning since individuals must apply for and purchase the food stamps.

Rivercrest Picked To Win Conference

Rivercrest is predicted to win the 15-AA basketball conference, according to a poll answered by seven of the eight schools in the conference.

The schools and the points they received are as follows:

1. Rivercrest — 39
2. Clarksville — 33
3. Commerce — 29
4. Powderly - Reno — 22
5. Mount Vernon — 16
6. Cooper — 14
7. Winnsboro — 13

Rivercrest Lions Turkey Shoot

The Rivercrest Lions Club will hold a turkey shoot on Saturday, Nov. 22 on the Rivercrest High School campus. The shoot will begin at 10 a. m. and will continue until approximately 5 p. m. Proceeds from the shoot will be used to help purchase a school sign for the Rivercrest campus that will list time and date of school events.

Rules for the shoot are as follows: guns must be open sight, only, and no larger than 12 gauge; all shooting will be from standing position — no rests. There will be targets for both rifles and shotguns and targets will be available for ladies only at 2 o'clock.

Everyone is invited to come out and help support this first annual Turkey Shoot of the Rivercrest Lions Club. Plenty of turkeys for everyone.

Castleman Due Doctorate At UT

Kenneth R. Castleman, former resident of Bogata, will receive a doctor of philosophy degree in electrical engineering in January, 1970, from the University of Texas at Austin.

He is the son of Mrs. Floy Castleman of Paris, formerly of Bogata, and the late James Castleman of Bogata, where he graduated from Bogata High School. He received bachelor's and master's degrees from UT-Austin where he was a member of Tau Peta Pi and Eta Kappa Nu, both honor fraternities, and was president of the university chapter of the Institute of Electrical and Electronics Engineers. He was a teaching and research assistant in the department of electrical engineering. During the summers he worked for the Texas Highway Department, Texas Instruments and I. B. M.

Castleman's doctoral dissertation, entitled "Waveform Analysis of Visual Evoked Potentials," dealt with the problem of detecting eye injury caused by high power lasers. This research project was in the field of biomedical engineering where medical and biological problems are solved with engineering techniques. It included experimental work on visual system of rabbits and computer analysis of physiological data.

Castleman has accepted a position with the Jet Propulsion Laboratory in Pasadena, Calif., which is the laboratory responsible to NASA for unmanned space exploration, including the Surveyor moon landers and the Mariner Mars and Venus probe. He will be working on a computer controlled microscope system. This equipment is scheduled to be soft landed on Mars where it will examine a sample of Martian soil for evidence of biological life and send microscope pictures back to earth via television.

Castleman and his wife, the former Bettie Marie Gill of Bogata, moved to Pasadena, Calif., recently from Austin.

Rivercrest Bows To Commerce

Rivercrest Rebels closed out their season in Memorial Stadium on the East Texas State University campus in Commerce Friday night against the Commerce Tigers, who defeated the Rebels 26-8.

Rivercrest started off the first quarter with a full head of steam making a first down on a 31-yard run by George Marshall. However, the Rebels cooled off and failed to warm up again until the final minutes of the fourth quarter to score their only touchdown of the game.

Commerce's first touchdown came late in the first quarter when McMurray galloped for 52 yards to cross the goal line. The extra point kick was good for 7-0. The second score came about five minutes later when quarterback Anglin completed a 59-yard pass to Wilson for the tally. The kick was bad this time keeping the score at 13-0.

Rivercrest almost put together a successful drive on the series by making two first downs, on a 13-yard drive by Lavene Norman. However, two unsuccessful pass attempts forced the Rebels to punt.

Late in the half McMurray bolted across the goal line from the 19 to make the score 19-0. The Tigers tried to run for the extra point but were stopped.

The Tigers struck again in the third quarter, and with a kick for the extra point, made the score 19-0.

A fumble recovery gave the Rebels the ball on the six yard line. But they had to give up

Tigerettes Win Over Rivercrest

Deport Tigerettes came thru Monday night to win over Rivercrest Rebelettes, 39-25 in the Rivercrest gym before an enthusiastic crowd. Rebelettes scored 8 points before Deport could get started. At the end of the first quarter the score was 12-9; second quarter, 18-15 and at the third, Rivercrest 24 - Deport 23. During the last quarter Deport scored 16 points to Rivercrest 1, putting them in the lead to win. Bridges was high for the Tigerettes with 19 points, Glover 13, Joan Walesiak and Rosemary Brown each scored 10 points to be high for the Rebelettes.

In the college exhibition game Rangeanns of Ranger Jr. College defeated Ouachita Tigerettes 26-25. Glenna Grayson of Ranger and Lana Sloan of Ouachita, former Rivercrest Rebelettes, turned in a good performance for local fans.

Thanks Service November 26

Community-wide Thanksgiving service, sponsored by the Ministerial Alliance, will be held this year at the Calvary Baptist Church in Talco. The service is scheduled for Wednesday evening, Nov. 26 at 7 p. m.

Rev. James Walker, pastor of the United Methodist Church, will bring the message. Rivercrest High School Choir will present the musical part of the Thanksgiving program. The public is cordially invited to attend this service.

Rev. Don Malone, pastor of the Assembly of God Church, is president of the Ministerial Alliance.

Supper For Two College Teams

Ouachita Baptist College girls basketball team and the Ranger Jr. College basketball team were guests at a chicken spaghetti supper at the Rivercrest Cafeteria Monday evening.

Miss Glenna Grayson, a former Rivercrest Rebelette and daughter of Mr. and Mrs. R. E. Grayson of Sulphur Springs, is a member of the Ranger Jr. College team.

Miss Lana Sloan, a former Rivercrest Rebelette and daughter of Mr. and Mrs. J. E. Sloan of Talco, is a member of the Ouachita Baptist College team. Rivercrest is proud of these girls and wishes them the best.

O. V. Salter Rites Held Monday

Orin V. Salter, 79, of Pattonville, died in St. Joseph's Hospital, Paris, Friday at 11 p. m. Son of Joe and Mattie (Fendley) Salter, he was born in Shady Grove community, Dec. 16, 1890.

He married the former Henrietta Kelley in 1910 at Biardstown, and she survives, besides seven children: Mart, Cleo and Glen Salter and Mrs. Lewis McGee, all of Paris; Bernard and Edwin Salter of Pattonville, and Mrs. T. L. Metcalf of Carlsbad, N. M.; also 22 other descendants; a brother, W. B. Salter of Pattonville, and a sister, Mrs. Sammie Lamb of Paris.

Funeral services were held Monday at 2 p. m. in Paris with burial in Meadowbrook Cemetery.

the ball on downs.

Neither team seemed able to convert third downs successfully in the early part of the fourth quarter. However, the Rebels put together a scoring drive with two minutes left on the clock. Marshall bulled his way across the goal line from the 11. Joe Simpson crossed over for the two-point conversion to make the score 26-8.

Marshall was the leading ground-gainer for the Rebels with 83 yards, followed by Norman with 59 yards. Leading on defense were Lawrence Norman, Cecil Galloway, Joe Brooks, Troy Brown, Andy White, Alford, Ricky Logan and Marshall.

Mr. and Mrs. James A. Foster and two children of Carrollton, visited their parents, Mr. and Mrs. W. S. Richardson and Mr. and Mrs. A. E. Foster, during the week end. Mr. and Mrs. Brack McDonald of Arlington, also visited Mr. and Mrs. A. E. Foster.

AUSTIN.—Gov. Preston Smith turned from reading political polls to Indian signs last week and came up with a proposal for a new park in the Amistad Reservoir area near Del Rio.

Smith made a day-long inspection tour by air, car and boat, primarily to view 8,000-year-old Indian pictographs in Seminole canyon.

Impressed, the governor said the area must be developed as a recreation site and necessary steps taken immediately to protect primitive art from elements and vandals.

Smith said he personally favors state park development but noted that legislation already has been introduced to create Amistad National Recreation Area covering some 63,000 acres of land and water.

Parks and Wildlife Department Director J. R. Singleton said state funds could come from future sale of bonds from the \$75 million Texas recreation and park development bond program. However, Singleton favors waiting on federal action to establish a national recreation area and determination of funds that U. S. agencies will provide for access roads and other facilities.

Smith said he plans to consult with Singleton and request the PWD chief to call all appropriate state department heads together at an early date to explore the states role in area development.

CRIME AND NARCOTICS — An anti-crime and narcotics education package is being drawn up by the Texas Education Agency for classroom use beginning in September, 1970.

Detailed proposals for a statewide attack on crime and narcotics will be drafted. State Board of Education has authorized the agency to develop proposals requesting funds through the federal Juvenile Delinquency Prevention and Control Act of 1968, plus state and private sources.

Program was initiated by the 61st Legislature, which directed the agency to develop "a course on the evils of crime and narcotics" which will be required of all students.

Next planning step will bring 100 educators and other interested persons together in Austin for the first National Leadership Methods Laboratory on crime and narcotics. Laboratory will be directed by R. T. "Sonny" Davis, Austin attorney.

Scope of the problem the legislature is trying to solve is illustrated with the latest figures compiled by the Department of Public Safety. During February through August, 1969, a total of 1,035 students in Texas in the 11 to 18-year-old age bracket were arrested on narcotics and drug charges. This includes 519 arrests for possession of marijuana, 243 for dangerous drugs, and 273 for narcotics.

COURTS SPEAK —Harsh editorial criticism of a university professor's anti-war demonstration activities did not constitute libel, since the man was a public figure subject to criticism, Supreme Court has held.

Improve Talco Water Tank

The Pittsburg Tank and Tower Company from Pittsburg, Kans., has finished their contract with the City of Talco to clean, scale and paint the interior and exterior of Talco water tower. The job took 3½ days at the cost of \$1500. The new silver paint job looks very nice.

Mr. and Mrs. J. J. Smith spent the week end in Cleveland visiting her brother, W. L. Hargrove and Mrs. Hargrove.

said. In other recent decisions, court concluded that:

• A new hearing should be granted in the state's suit for more than \$10,000 in telephone taxes from a McAllen firm which installs and services auto telephones.

• No commission is owed a newspaper broker who said he had arranged for the sale of two Corsicana newspapers, since he had no written contract.

ATTORNEY GEN. RULES — Deposit-type accounts may be accepted by state-chartered savings and loan associations under the Texas Savings and Loan Act, Atty. Gen. Crawford Martin held.

In other recent opinions Martin ruled that:

• A county depository contract is not assignable by a liquidator of a defunct bank to a successor bank, and successor First State Bank of Aransas Pass, therefore, is not subject to terms of a depository contract with a defunct bank.

• Texas Board of Licensure for Nursing Home Administrators consists of seven appointed members and two ex-officio members, completing nine-member board. Members appointed to this board and the State Board of Examiners for Psychologists serve for two years except for initial appointees.

• Ex-officio members of the Texas Judicial Council do not hold separate and distinct offices. Terms of appointed members are six years, one third appointed every two years.

MILITARY LIQUOR SALES EYED — Liquor Control Board is reassessing its tax collection-enforcement limitations on federal military posts, apparently with intentions of increasing state revenues.

LCB ordered a staff study to determine those posts on which state jurisdiction has been yielded and those which have not. Members seemed to have an eye on collecting the state's new five cents-a-drink service charge at clubs on military bases.

At the same meeting, Board turned down for the present the idea of a master club card which would create a system of guest reciprocity in participating private clubs. Proponents were offered a chance to get an attorney general's opinion on the subject, however, if they would officially request a permit in writing.

MEDICAL ASSISTANCE UNIT TO FUNCTION — State Department of Public Welfare's first medical assistance unit will begin field operations from San Antonio December 1, serving a vast 47 - county area of South Texas.

Team, headed by a doctor, will have responsibility for medical review and utilization review of services provided by physicians, nursing homes and state institutions participating in Medicaid. Unit will also offer consultation to nursing homes on patient care and social services and medical record keeping. Its consultation services will be available to state mental hospitals and schools for retarded.

Unit is due to be the prototype for similar services in 16 welfare regions.

Red River AIA Election Held

The Red River County Agricultural Improvement Association elected to serve for the coming year: J. H. Summers, president; Carl Zehntner and Jack McCoy, vice presidents; Mrs. Eulabee Hines, secretary; Charles Zuelke, associate secretary; and Gavin Watson Jr., treasurer. Bob Moody was named finance chairman.

Directors named are Don Smith, Mrs. Winifred Bishop, Mrs. Glover Smith, Herman Lawler, A. J. Bell, Dick Walker, Jesse Humphrey, Nolan Meredith, Johnny Drew and Carl Zehntner. Stanley Holland was given a lifetime membership in the organization.

Mr. and Mrs. Elton Welch visited in Bogata Sunday afternoon with Mr. and Mrs. D. E. Howard.

Week end guests of Mr. and Mrs. Coy Case were their son, Bobby Joe Case, Mrs. Case, Teresa, Janet and Martha of Dallas, and their daughter, Mrs. Billy Porter, Mr. Porter, Donna, Mike and Cindy of Mt. Pleasant.

Local Girls Star In College Game

In a highly-publicized women's basketball game played under '69's new NCAA Women's Rules Committee regulations, Ranger Junior College Rangeanns, featuring ex-Rebelette all - stater Glenna Grayson, pulled out a squeaking 26-25 victory over the Ouachita Baptist College Tigerettes and ex-all-state Rebelette Lana Sloan Monday night at the Rivercrest High School gym.

Lana and Glenna teamed in '68 to lead Rivercrest to an unprecedented state championship, compiling a 35-0 season won-lost record. Upon graduation the girls went opposite directions to attain their formal educations and at the same time continue the sport they both love.

The game was played in accordance with international regulations, similar to "boys rules." Despite the unfamiliar regulations and its being their first game this season, Glenna led all scorers with 11 points, and Lana led all rebounders, plus she provided all-important leadership and the tandem playmaker for the Tigerettes throughout the game.

Elect Sikes Paris Bank Director

A Paris grocer, C. R. Sikes, has been elected to the board of directors of Citizens State Bank, Paris. Sikes, an independent grocer, operates four stores in Paris.

Active in civic affairs, Sikes has served on the board of directors of the Chamber of Commerce of Lamar County as a vice president of the Chamber. Hot water

supply got the chills?

For quick recovery
-switch to an electric
water heater.

An electric water heater, with immersed heating elements, heats the water, not the tank. You get abundant hot water with quick recovery for fast replacement. And because an electric water heater is flameless and needs no flue, you can install it safely under stairs, in closets, under drainboards . . . almost anywhere. There's no soot, no odor, no noise, no venting problems. You enjoy dependable water heating that's clean, modern and worry-free. See your dealer or call our office.

Ask us for information about our special water heating rate and installation allowance.
