Two downtown businesses will close doors this month

Anthony's will reopen as Beall's, Perry's future remains uncertain

Two neighboring downtown retail stores are closing this month—one forever and one until it reopens next month with a new name and new merchandise.

C. R. Anthony's will close September 20 for remodeling and re-open as a Beall's Store on October 23, according to Vanessa Baker, manager.

The future is less clear for the Perry's store building on Second Street. After a month of liquidation sales, the local store closed Saturday.

Perry Bros., whose home office is in Lufkin in East Texas, is in the process of closing all its 89 stores.

Perry Bros. owns the building on Second Street. Patricia Spivey, Perry Bros. spokesperson, said Friday, "I have no information at this time," on the future of the Perry Bros. building. However, she added that she expects an announcement to be made next week.

When a "Going Out of Business" sign was hung on the local store July 22, Spivey said that a purchase agreement was being finalized with Universal International of Minneapolis, Mn.

However on Friday, Spivey

Council discusses ways to handle high weed problem

The Colorado City Council discussed ways to get tough on residents with overgrown weeds in their yard during Tuesday's meeting.

"People have been fed up with the weeds this year," said Mayor Jim Baum, adding that most of the council had received phone calls about the problem.

The City's efforts this year to get some people to cut down their weeds haven't been successful, the council learned. Out of 42 certified letters sent by the city, only four responded by cleaning up their yards or lots.

City Attorney Tom Rees said he would draw up an ordinance and present it to the council at their next meeting.

In other action, the council voted 3-1 in favor of a tax rate of $.684724.

Council woman Fay Ross voted against the motion to set the maintenance and operating tax rate at $0.375905 and the motion to set the debt rate at $0.308819.

With the new rate, taxes on a home valued at $21,270 will increase $8 a year, rising from $139.21 in 1996 to $147.25 this year.

Junell re-election announced

A re-election announcement party will be held for State Representative Rob Junell Thursday, Sept. 11, in San Angelo.

Junell will officially announce his plans to seek re-election to the 72nd District House seat in 1998.

Rep. Junell is presently serving his fifth term of office in the Texas Legislature. He has been chairman of the House Appropriations Committee for the last three legislative sessions.

The 72nd District includes Mitchell, Coke, Sterling, Tom Green and Irion Counties.

The announcement party will be held from 5 p.m. to 6:30 p.m. in the Cactus Hotel Lobby in San Angelo. Everyone is invited to attend.

Farm tour is September 24

The 1997 Mitchell County Farm Tour is set for Wednesday, September 24, beginning at 8:00 a.m. at the Civic Center. During registration from 8-9 a.m., coffee and donuts will be available. Buses will load and depart at approximately 9:00 a.m. The first stop will be the Carl Guelker Farm to look at a Chemical field trial with "Regent". This chemical is presently being field tested for labeling and is to be utilized for boll weevil control.

The next stop will be the Robert Cox Farm north of Loraine to look at some Roundup Ready Cotton.

The tour participants will then head southwest, just east of Colorado City, to the Ray Ritchey Farm to see a new underground Drip Irrigation System.

CISD trustees vote to increase taxes

"With regret," School Board Member Jesse Munoz murmured, a spontaneous attachment to the motion that set the Colorado Independent School District's tax rate of $1.5735.

Munoz's impromptu words seemed to mirror the board's reluctance to do what they said they didn't want to do—increase taxes to the maximum of nine cents above last year's $1.48 rate.

"It is with regrets. I don't like it either," said Geneva Findley, CISD business manager, after the board unanimously voted to pass the rate she had recommended.

The new rate includes the maintenance and operating rate of $1.50 and the debt service rate of $0.0735.

The board was required to set the tax rate before October 1 when tax statements for mailing are printed. No citizens attended the public hearing on the rate held at the beginning of Monday's school board meeting.

Findley opened board discussion on the tax rate and budget revenues with an overview of the district's finanacial situation now and in the future.

"State funds are dropping. Values are down. We're going to have to use some of our fund balance this year," said Findley.

The fund balance is the amount of cash on hand at the end of a fiscal year.

"It's not a very good picture. It's the first year we've had to do this but we can handle it. We're in good shape," she said.

She presented the board with three options—rates of $1.49, $1.52 and $1.57—and pages of figures and detailed information to help them make a decision.

Findley urged the board to consider not only the finances this year but in the next few years, saying it was impossible to predict factors such as whether values would rise or fall or the average daily attendance of students which affects state funding.

In the discussion of various options to raising taxes, Findley said that paying off the debt service, re-calculating and publishing the effective tax rate would cost $255,276.

If the district does not maintain the effective tax rate it will lose state funds, explained Findley.

The effective tax rate is the rate the district would need in order to raise the same amount of revenue as the previous year. The $1.50 maintenance and operating rate is the maximum the district can set.

COOK'S CORNER

Wraps. High-rollers. Gourmet burritos. Whatever you call them, these tasty combinations are rolling full-force onto menus at America's favorite delis and restaurants. New York City's famed Tavern on the Green restaurant recently added a sliced pork and potatoes wrap to its menu and fast food establishments, such as Taco Bell and Long John Silvers, just unveiled their newest wraps to capitalize on this sizzling food trend. Americans will continue to embrace these delicious and easy-to-prepare wrap sandwiches as they move front and center on kitchen tables and picnic tables this year.

Loosely defined, a wrap is any combination of your favorite foods, including cheese, meat and vegetables, tucked into a tortilla, pita or any flat bread and then rolled up. Best of all, they take so little time to prepare and their design makes them virtually spill-proof. Sandwich lovers will no longer grieve for that slice of tomato that fell out the other side.

The recipes for wraps are endless and easy enough for even the biggest culinary novice to concoct. One of the most versatile wrap ingredients is cheese because it is conveniently available in a variety of great-tasting shreds, all the better for speedy preparation. Whether you shred or slice it, cheese is the perfect wrap companion because it enhances and brings out the flavors of other foods.

The wrap and roll revolution began in California about two years ago. After vacationing in Cancun, Mexico, four friends decided they could modify the role of the tortilla. With hundreds of tortillas in hand, they opened a "wrap-style" sandwich shop in San Francisco, earning praise and prime profits from a hip, young crowd. The sensation quickly spread across the nation.

The following recipes are quick and tasty. They are something light for these hot evenings. Enjoy!

Garden Club hosts first meeting of '97-'98 season

Erna Lou Burt, Fay Nell Herm, Ray Ann Carlock, La Verne Chalker, and Terry McAdams were hostesses when the Colorado City Garden Club held its first meeting of the 1997-1998 club year at the Smoot House on September 5, 1997. A delicious formal luncheon was served by the Four Friends.

Leslie Scott, program chairman for the year, introduced Stacey Free who will give the November program on Decorating for Christmas. She offered several different project ideas for members to consider so that they can all secure their materials before the meeting.

This was a planning meeting for the month of September when members are responsible for the Horticulture Booth at the Mitchell County Fair and decorate fore the Mitchell County Reunion at the Civic House. All the necessary plans for persons and materials were completed for these events.

Leola Anderson was welcomed as a new member. Kathy Bassham and Jerry Strain were guests. Members present were Betsy Aycock, Florence Bodine, Erna Lou Burt, Ray Anne Carlock, La Verne Chalker, Fay Nell Herm, Marjorie Holman, Terry Ann McAdams, Charlene Reily, Wilma Reynolds, Leslie Scott, Margaret Trulock and Carolyn Witten.

THIS 'n THAT

By Sheila Plagens

Greetings to everyone!

***

Jan Lemons called the newspaper Friday to let us know she had left someone off the Christmas in April "Thank You" list—some very important folks at that. She wanted to say "thanks" for all the help from Mayor Rees and the City of Westbrook.

Jan also wanted to apologize for the omission. It's very difficult to get all the names when so many people are involved.

***

A new display at the library is part of the Santa Claus collection of Bebee Colaw. She has a very large collection of Christmas items—so much so that she starts putting things out very early or she would never get finished by Christmas time!

On that same line, I can't believe it is only 105 days till Christmas!!

***

Don't forget the Kiwanis Club Kids' Day Parade this coming Saturday. It starts at 9:30 a.m. Registration will be at the courthouse from 8:30 to 9:30. Even if you don't know anyone in the parade, come downtown and watch these kids—it's alot of fun!

***

Faye Daniel was honored on her 91st birthday, Sunday, August 31, with a dinner, cake and ice cream at her home. Her daughter, Billie Faye Conard, said everyone had a good time. Grandchildren and great grandchildren were also in attendance.

***

We have a couple of grand openings going on in town this Saturday. Lone Wolf Autoplex and Convenant Communities are both celebrating grand openings on that day. Try to make it by and wish them well!

***

Frances Godwin called me Monday to give me a little information about her dad's, L.B. Elliott, 100th birthday celebration.

Over 200 people attended the reception, representing 29 towns and six states.

The Heart of West Texas Museum also presented Mr. Elliott with a plaque that day, commemorating his years of service to the museum.

Frances said Mr. Elliott is still reading all the cards he received!

***

Congratulations to Sandy Castillo. She was named employee of the month at Kristi Lee Manor for the month of August. She has worked at KLM since February 1990.

***

Mrs. Holman brought in an article about Rodney Lee, who grew up in Colorado City. Some of you may remember his father owned the laundry at Oak and 4th Streets for many years.

Mr. Lee, now an attorney in Waco, has been appointed by Gov. Bush to serve a six-year term on the Brazos River Authority Board of Directors.

***

I heard a funny story on Mike Ratliff the other day. Seems he drove around in his truck for a couple of days thinking he had a rattlesnake inside the door. Sounded just like one, but no one could figure out how it would have gotten inside the door.

I guess Mike decided to check it out this weekend, he dismantled the door, and found....the electrical wiring was making all the rattling noise.

I guess all the stories about rattlesnakes being out and about recently had Mike expecting to come across one!

***

The Kiwanis Club has started selling tickets to their annual pregame barbeque. This year the barbeque will be held on Oct. 3—homecoming weekend.

The food is always good and they have run out in the past, so be sure to get your tickets early. Since it is homecoming weekend, the club is expecting a big turnout.

I heard Tuesday Brenda and Blake Hammond are expecting a baby! Congratulations.

Felix Silva officiated the double-ring ceremony.

Maid of honor was Tori Gaona. Bridesmaids were Angela Nelson, Tina McKinney, Sarah Selvera, Markita Selvera (junior bridesmaid). Bridesmaids were sisters of the bride. They wore pink empire waisted dresses. The skirts were two layers of pink georgette with a small rhinestone bow on the front of dress. They carried small bouquets of roses and baby's breath.

Community mission helps over 80 people in August

The Board of Directors of the Community Mission met on Thursday, September 4, 1997. Present were Chairman Kenneth Rogers, Director Shirley Stafford, Lola Morren, Marge Kolman, Lonie Pruitt, Sondra Williams, and Bill Reeves.

Assistance or clothes were given to many people during the month of August. Assistance included 31 food baskets for 69 people, rooms were provided for seven people, several people were assisted with gas to get to doctor appointments, and three people received bus tickets.

The Mission was able to provide help to so many people because of the generosity of many churches and people donating money, clothes and household goods to the Mission and by people that purchased clothes and household goods from the Mission Store. Eight volunteers donated 378 hours to the Mission.

The Food Bank of the Mission is in need of a used freezer right now if you have one you would like to donate or sell. Mattresses, coats, and fans or heaters are needs by the Mission, also.

People that would like to donate items or if you are in need of assistance call the Mission at 728-5067 or Shirley Stafford at 728-8421. Please leave a message if no one is there.

The Mission is staffed completely by volunteers. Please call if you would be interested in helping us a few hours a month.

The Community Mission is a nonprofit organization and all donations are tax deductible. Please fill out a form if you donate anything to the Mission.

September Fest coincides with fair

Antique, craft and collectible lovers will want to mark Saturday, September 20, on their calendars.

Over 50 local antique and craft dealers will celebrate a September Fest at all antique stores throughout the city.

September Fest will be held from 9 a.m. to 6 p.m. in conjunction with the Mitchell County Fair and the Mitchell County Reunion.

Besides bargains galore, there'll be sidewalk sales, door prizes and outdoor food vendors with such favorites as funnel cake and sausage on a stick.

Outdoor vendor space for food, crafts and other type booths is available at no charge.

Drawings for door prizes will be held at the individual participating businesses. Some shop owners, like Ginny and Ed Harmon at Good Old Days Antiques, are planning to have as many as a drawing every half hour throughout the day.

A map of shop locations is available at local antique stores or the Colorado City Chamber of Commerce.

Those participating include: Elroy and Betty Boedeker, Our House Antiques, one mile north on Hwy. 208; Walt Burroughs, Phoenix Emporium, 192 East 2nd St.; A.W. and Gene Rowe, Lazy 7 Antique Heven, 116 East 2nd St.; Ken Farmer, Colorado Collectibles; Charlotte and Amy Clemmer, Charlotte's Web, 153 Walnut St.; Glenda Stinson, Heartfelt Treasures, 169 E. 2nd St.; Ed and Ginny Harmon, Good Old Days Antiques, 157 East 2nd St.; Sharon Dockery, Homegrown Crafts and Antiques, 159 Walnut St.; and John Williamson, Log Cabin Collectibles, 155 Walnut St.

Fine antique furniture from Colorado City antique stores can be seen at the city's new bed and breakfast, The Smoot House, on Chestnut Street. Refreshments will be served at the bed and breakfast during September Fest.

Vendors interested in free outdoor booth space should contact Ginny Harmon, 728-8877 or Glenda Stinson, 728-2631.

Gifts to A&M top $100 million

Private support at Texas A&M University has topped $100 million for the first time, earning the university a national ranking of 11th in an annual survey of private support among public universities. This is a milestone for Texas A&M, which received over $100 million in private support in 1995-1996, beating a previous high of $90.2 million in 1993-1994.

University leaders credit the end of the "Capturing the Spirit" campaign in August 1996 with sparking an increase in end-of-the-year giving and boosting this year's ranking. One of the largest single gifts in the university's history was made in August—$15 million from Texas A&M alumnus L. Lawry Mays of San Antonio.

The campaign raised more than $637 million in gifts and pledges over six years.

"We're fixing to generate all the money we're going to generate locally for the maintenance and operating rate," said Superintendent Russell Merket.

Merket recommended the middle rate, $1.5235, but said it would mean delaying planned construction and "making hard cuts next year".

"Are we living on a caviar budget?" asked Board Member Rosanne Jameson. "We don't say no very often."

"I don't think we're living on a caviar budget," responded Board President Larry Blassingame. "We've cut the budget the last three or four years."

After more than an hour of discussion, Tony Turner, a board member who had suggested a lower tax rate earlier in the meeting, made the final motion to set the highest rate of $1.57.

"It seems like we can just go one way," said Turner.

"Nobody likes to raise taxes," summarized Board President Larry Blassingame.

Notice of Public Hearing on Tax Increase

The Loraine ISD will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1996 by 1.1066 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on September 17, 1997 at 8:00 p.m. in the board room at 800 South Lightfoot Street, Loraine, Texas.

FOR the proposal: Charles Bowen, Danny Butler, Frank Garcia, George Martin, Lisa Mitchell

AGAINST the proposal: Monte Wilkes
PRESENT and not voting: None
ABSENT: Rose Mary Aguilar

The statement above shows the percentage increase the proposed rate represents over the 1996 tax rate that the unit published on AUGUST 15, 1996. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	$17,536	$17,677
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	$5,000	$15,000
Average taxable value	$12,536	$2,677
Tax rate (per $100)	1.50	1.50 (Proposed)
Tax	$188.04	$40.16 (Proposed)

Under this proposal, taxes on the average home would decrease by $147.88 or 79 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would remain the same by $0 per $100 of taxable value or 0 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

GRAND OPENING SEPTEMBER 13

Denise Brown to speak at center opening

Noah Project-West will host an evening with Denise Brown of the Nicole Brown Simpson Foundation Sunday, Sept. 21.

"Celebration of Hope" will be held at 7:30 p.m. at the First Baptist Church Family Life Center, 1701 27th Street, Snyder.

Individual tickets are $25. The deadline for reservations is September 15.

The purpose of the evening with Denise Brown is to celebrate Noah Project-West's new Family Violence Center. The center serves Mitchell, Scurry, Nolan, Fisher and Kent Counties.

Denise Brown, sister of Nicole Brown Simpson and advocate for victims of family violence, will be the featured speaker.

Since early 1995 she has traveled tens of thousands of miles visiting over 28 different states to speak on the epidemic of domestic violence. She has addressed university student bodies, men in prison on domestic violence charges and men in batterer programs. She has also assisted in the success of a project in Louisville, Kentucky, called the Vine System, which is an automated victim notification service of the release of batterers from jail or prison.

Brown has also worked to help pass a variety of legislative solutions for domestic violence, including lobbying on behalf of the Violence Against Women Act. Senator Arlen Spector contacted Ms. Brown and asked for her assistance on a part of the bill that was stalled in committee in the U.S. Senate. With a potential slashing of its federal allocation to domestic violence services, Ms. Brown testified to the U.S. Senate Appropriations Committee for increased funding for the Act. After her testimony, that part of the bill's funding was increased from eighteen million dollars to thirty-two million dollars.

For more information on the "Celebration of Hope" in Snyder, call (915) 573-1822.

-approval to monitor meters, pertaining to existing water contracts with Mitchell County Utilities.

City purchases water meters

In a move to cut the loss of commercial water revenues, Colorado City Council members approved the purchase of two replacement water meters during a called meeting Wednesday, Sept. 3.

City Manager Steve Shutt told the council that recent tests on commercial meters showed that two meters that measure water being purchased from Colorado City by Mitchell County Utilities, were not functioning properly. One of the company's three turbine meters was not registering at all, said Shutt. Another was only recording 45 percent of the amount being used by Mitchell County Utilities.

Shutt said that the city is and has been losing revenue from the malfunctioning meters. The cost for new compound meters plus the installation charges, approximately $10,000 total cost, would be recovered by accurate meters, he said.

"One meter alone could pay for all this within three months," said Shutt.

The City Manager suggested replacing the old turbine-type meters with compound meters. A compound meter is superior because it measures high, medium and low flow, Shutt said.

Shutt also recommended changing the original agreement with Mitchell County Utilities. At that time the utility company agreed to purchase the meters and calibrate the amount of city water being used. The present council agreed to propose a new agreement that would make the city responsible for monitoring the meters.

GED classes to start

Fall GED classes will start Monday, Sept. 15 at the Wallace Center.

Classes will be held each Monday from 6-10 p.m. at the center.

Teachers this year will be Orphie Conner and Bob Reily. Instruction will be on an individual basis.

"This enables people to attend classes when they can without falling behind as would be true in a normal classroom situation," said Reily.

All instructional material is furnished to the students free of charge.

According to Reily, the informality of the classes helps students to feel more relaxed.

"We try to make the classes as informal as possible with each student free to advance at his or her own pace," he said.

Reily said that both he and Conner were looking forward to the new year of classes.

"It has been very gratifying to see so many students in the last two or three years obtain much better jobs that require a high school diploma or GED certification," he said.

Rob Junell has booklets available in C-City office

Representative Robert Junell announces that booklets on the proposed Constitutional Amendments are now available in his Colorado City office.

The office is located at 2135-D Hickory Street and office hours are 9:00 to 11:30 a.m. and 1:00 to 3:30 p.m., Monday through Thursday.

The Loraine City Council will meet Thursday, Sept. 11 for discussion and possible action on a four-way stop sign, worker's compensation, and a coin operated machine at the water department.

Another item on the meeting agenda will be selection of an engineer and grant management services for the 1997 grant contract.

The meeting will be held at 7 p.m. in the City Council Room of City Hall.

PUBLIC NOTICE

NOTICE OF RATE CHANGE REQUEST

Texas Utilities Electric Company ("TU Electric"), in accordance with the Texas Utilities Code, hereby publishes NOTICE of its Statement of Intent filed with the Public Utility Commission of Texas ("Commission") to implement the following optional time-of-use rates that would be applicable on a voluntary basis at the individual customer's option as follows: (1) Rate GTU - General Service Time-of-Use, which would be available to any retail customer and typically useful to commercial and industrial customers receiving firm electric service; (2) Rate RTU1 - Residential Time-of-Use Service, which would be available to residential customers; and (3) Rate GTUC - General Service Time-of-Use Voluntary Curtailable, which would be available to any retail customer and typically useful to commercial and industrial customers receiving interruptible electric service. TU Electric proposes to implement said optional rates on October 10, 1997, or as soon thereafter as permitted by law. The purpose of these optional time-of-use rates is to allow customers to manage their electric usage in a way to shift their loads from on-peak periods to off-peak periods and thereby save on their electric bills and allow TU Electric and all of its customers to benefit through a reduced need for additional resources to meet the peak load requirements of TU Electric's customers.

While these rates would be entirely voluntary at the individual customer's choice, all of TU Electric's customers and classes of customers in all territories over which the Commission exercises original jurisdiction would be affected by the proposed rates.

Since these proposed rate options are entirely voluntary, TU Electric is unable to estimate their effect on its revenues, although these optional time-of-use rates are designed to be revenue neutral to TU Electric.

Persons who wish to intervene in or comment upon these proceedings should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission's Office of Consumer Affairs at (512) 936-7120. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the Commission. Since the Application was filed on September 5, 1997, the deadline for intervention is October 20, 1997.

Stanton too much for Wolves

by Carl Graham

The Stanton Buffaloes utilized an impressive ground game and an intense defense to shut down the Wolves last Friday in the season opener for both teams. The Buffaloes handed the Wolves a 25-7 defeat.

All-State running back Aerian Emerson was held in check all night with only one rush for over 5 yards. This was Emerson lowest output since his freshmen season. As a team, the Wolves gained only 23 yards on 26 carries. Junior quarterback Justin Hill was sacked three times for losses of 47 yards and was intercepted three times. Hill completed 9 of 16 passes for 96 yards.

Hill transferred from Westbrook this summer and Friday's game was his first as a quarterback in 11-man football.

The Buffaloes drew first blood when Junior quarterback Kyle Herm scored on a one yard bootleg early in the second quarter. The PAT was good.

Hill would suffer an interception on the Wolves next possession, giving Stanton good field position. Herm would dial his own number three straight times scoring from 9 yards out. The PAT failed and Stanton lead 13-0 at the half.

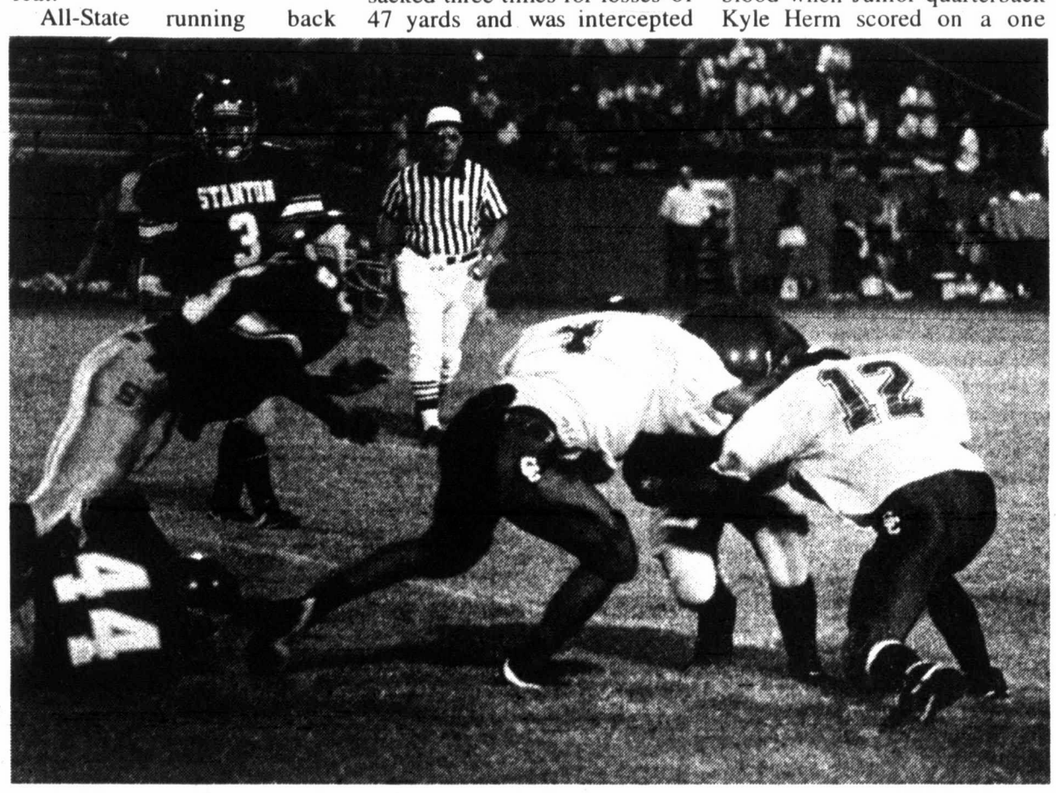

The Wolves defense stiffened in the third quarter holding the Buffs on three straight set of downs. In the fourth quarter Stanton finally broke through on a James Jenkins run blasting in from the 9 yard line. The PAT again was no good leaving Colorado City down by a 19-0 count.

Colorado City went to the air on their next possession with Hill connecting with Adam Wood on a 31 yard toss for a touchdown just 33 seconds after Stanton had scored. Randy Byington put the extra point through the uprights to close the gap to 19-7. The Wolves defense held the Buffaloes on the next series but Colorado City could not capitalize as Stanton's swarming defense held Hill in check forcing him to throw hurriedly and off balance.

With 1:11 to go in the game Stanton's Jody Louder scored their final tally on a five yard run. The extra point try was no good but Stanton lead 25-7 with very little time left. Colorado City bogged down in their last series and could not muster a first down. Randy Byington came in to attempt a 57 yard field goal with one tick left on the clock. The kick fell short.

"Position changes caused several kids to have to play their first Varsity game in new positons and when that happens you can expect mistakes and mental breakdowns," said Head Coach Bill Grissom. "Not to take anything away from Stanton though they have a very good club and are very quick."

It doesn't get any easier this week as the Wolves take on state ranked Stamford in Stamford Friday night.

FRANK MARTINEZ (4) AND ARMANDO ROCHA (12) stop a Stanton runner for no gain in last Friday's contest at Stanton. Colorado City dropped the game by a 25-7 score.

QUARTERBACK JUSTIN HILL scrambles out of the pocket while looking for an open receiver in action last Friday against Stanton. He will again be kept busy this Friday when the Wolves take on #4 ranked Stamford in Stamford.

Wolves to take on powerful Stamford

The Colorado City Wolves will have little time this week to lick their wounds from a disappointing loss to arch rival Stanton, as they prepare to take on the #4 state ranked Stamford Bulldogs this Friday night in Stamford.

The Bulldogs were 10-4 (5-0 District) last season and made it to the quarterfinal round before losing a heartbreaking 14-13 game to eventual state champion Iraan in the last minute of the game.

Quarterback Eric Alvarez (6'1", 180) is not as fleet footed as Stanton's Herm but can be dangerous when he does decide to tuck the ball in and run with it. Alvarez completed 81 of 167 passes last year for 1,180 yards. Returning starting tackles John Diers (6', 220) and Jeremy Stinnett (6'2", 275) give ample protection to air the ball out. Running back Clarence Whitfield was a part-time starter for the Bulldogs and rushed for over 1,000 yards which is more than more than most backs do in starting roles. One of Alvarez's favorite targets will be tight end Lonnie Applin (6'3", 185) and wide out J.T. Clark (5'8", 150, 4.8).

Stamford opened the season last Friday with a convincing win over Clyde who Stamford had lost to in their opener last season.

"With such a tough non-district schedule we can ill afford a let down," said head coach Bill Grissom. "I believe the tough schedule will pay dividends for us in preparing us for district play. We just have to stay focused and ready to play."

Lady Wolves stuff Monahans in tournament play

The Lady Wolves volleyball team got a chance for revenge against old nemisis Monahans last Tuesday, September 2nd, in action at Monahans. They took on a tough Fort Stockton team first and whipped them 18-16 in an exhausting 1 1/2 hour match. They put them away by a 15-4 count in their second match. Next it was on to arch rival Monahans and the girls were up for the match winning 15-6, 13-15 and 15-6.

"We played an extremely good mental game," said Coach Karen Trent. "We were really fired up for Monahans. It was a revenge thing," she said.

Last Saturday the Lady Wolves traveled to Seminole to participate in the Seminole tournament. The first opponent for C-City was district rival Midland Greenwood and they split in pool play winning the first 15-7 and dropping the second by a 10-15 count.

Next up was Vernon who they had played in the Abilene tournament earlier in the season. Once again they downed Vernon by scores of 15-8, 15-10. The next action was against a strong Pecos team. Pecos, a 4-A squad, dropped the Lady Wolves 8-15 and 9-15. This placed them third in pool play and pitted them against Class 5-A powerhouse Odessa in the consolation round. The Lady Wolves went down in defeat by scores of 15-6, 10-15, and 12-15.

Coach Trent praised Bettina Bridgford as playing one of her best games of the year. Also cited for their outstanding play were Jana Redwine and Kendra Anderson.

Despite the loss to Odessa, Coach Trent felt like it was one of their best efforts of the early season. "The team as a whole played outstanding and I was very proud of them," said Coach Trent.

Next action for the varsity Lady Wolves will be this Saturday when they get to travel to Granbury to play in yet another tough tournament with the likes of Azle, Nimitz, and Arlington Heights. These should be very good tests for our local girls and Coach Trent expects to once again stand up to the test.

JV Wolves lose to Stanton 34-14

The Stanton Buffaloes rolled over the Colorado City Wolves JV 34-14 in action at Wolf Stadium last Thursday evening.

Stanton took an early 14-0 lead before quarterback Chase Phariss put the Wolves on the score board on a 21 yard run. Colorado City made the two-point conversion on a toss to Rodriguez to cut the lead to 14-8. Stanton scored once again in the second quarter to take a 20-8 half-time lead into the locker room.

Colorado City again cut into the lead when Chase Phariss scored on a 79 yard run from scrimmage with 6:06 to go in the third quarter. The conversion failed leaving the Wolves down 20-14.

Stanton scored two more times in the third period to close out the night's work leaving a final score of 34-14 in favor of Stanton.

Next test for Colorado City will be when Stamford's JV comes to town on Thursday, September 11, for a 7:30 encounter.

Bulldogs lose to Woodson 56-14

by Jay Smith

The Loraine Bulldogs faced a trial by fire in their season opener at Woodson Friday, where they lost to a seasoned Cowboys team 56-14. "We're a young and inexperienced team We only have one player that started last year," said Loraine head coach, Ronn Langthorn, who is himself in his first year as a Bulldog.

The Cowboys grabbed momentum by scoring on their first possession then recovering a fumble inside the Loraine 20-yard line and scoring again minutes later. The Cowboys went on to score two more touchdowns and a field goal against the shaken Bulldogs in the first half before the Bulldogs settled down and began to play, scoring a TD in the final second of the first half on a pass by sophomore quarterback Mike Rico to senior running back Ronnie Garcia.

Woodson scored first in the second half on an 80-yard kickoff return. The Bulldogs answered on their next possession, capping a 67- yard drive with a touchdown from tailback Leonard "Bubba" Williams, who was forced to the sidelines by legs cramps late in the third quarter. The Cowboys scored once more in the third quarter.

Loraine rushed for 170 yards, led by Bubba Williams with 77 yards and Ronnie Garcia with 74 yards, and gained 49 in the air for a total of 219 yards for the game compared to Woodson's 285 total yards, a closer game statistically than the score would indicate. Mike Rico scored 2 extra points, and senior Marcus Garcia, the lone returning starter for the Bulldogs, led the defense with 9 tackles and 3 assists. Loraine fumbled three times during the game, a problem that should disappear as the Bulldogs gain experience.

"When we finally settled down and started to play hard-nose football at the end of the second quarter we scored 14 points and held them to 12 for the rest of the game," noted Coach Langthorn. He and his coaching staff remain optimistic that the Bulldogs will be a force to contend with as the season progresses.

The Bulldogs now turn their attention to their first home game of the season when they will host Jayton next Friday at 7:30 p.m.

The Loraine Junior High will travel to Jayton for a 6 p.m. contest on Thursday.

8th grade volleyball team loses to Snyder

The 8th grade "B" team was in action last Thursday against Snyder and dropped both games by scores of 13-15, 6-15. Chelsia Strunk was high point in game #1 with 7 points and Chesna Riley was high point in the second game with 5 points.

The "A" team lost their matches by scores of 2-15, 15-8, 4-15. Kassie Redwine was high point server with 7 points and Rita Luera contributed with 5 points.

"The girls hustled very well and are improving every day," said 8th grade Coach Anita Graham.

In action played on last Monday evening the "B" team beat Sweetwater by scores of 6-15, 15-8, 16-14. Leading the scoring was Chesna Riley with 7 points, Deanna Moody with 4 points, and Rita Garcia with 4 points.

"Colorado City lost the first game but came back and won the next two," said Coach Graham. "The girls were serving real well during the second and third games."

In "A" team action the girls were outlasted by scores of 15-10, 14-16, and 1-15. In game #1 Vanessa Quintero was high point with 7 points. In game #2 Danielle Arellano had 6 points to lead the team.

"Colorado City won the first game and we had the lead in the second game until the last 3 points," said Coach Graham. "The girls played great but we just lost our momentum in the second game and it carried over into the third game," Coach Graham added.

Next game is scheduled for this Saturday when the "A" team travels to Big Spring to participate in a tournament there. The "A" and "B" team will play at Crane on Monday, September 15.

Wildcats lose to Blackwell

The Westbrook Wildcats traveled to Blackwell last Friday and came away with a 44-22 loss to the Hornets in a non-district tilt.

Davy Daniels scored twice for the Wildcats and Tony Alaniz accounted for the other touchdown.

Things do not get easier for the Wildcats this week as they prepare to take on a strong Balmorhea team this Friday night in Grady. Balmorhea went 8-3 last year advancing to the second round of the playoffs. They return four offensive and five defensive starters from that team and are expected to give the Wildcats a good test. Game time is set for 7:30 p.m.

New law approved by 75th Legislature

Texans who apply for disabled person motor vehicle registration, face new requirements effective September 1, 1997. These actions are the result of a new law approved by the 75th Legislature earlier this year.

Beginning September 1, a first-time application for disabled person vehicle registration must be accompanied by a notarized written statement or a written prescription from a physician licensed to practice medicine in Texas. The statement or prescription must also include a certification of whether the disability is permanent or temporary.

A first-time applicant must also show a Texas driver license or personal identification card issued by the Texas Department of Public Safety (DPS). Disabled parking placards issued to persons with a permanent disability will now be valid for four years instead of five; placards issued to persons with a temporary disability will expire after a period of time not to exceed six months and can only be renewed when the request is accompanied by a physician's statement or prescription.

A citizen who renews a placard will complete the top portion of the application and surrender the expired placard to the county. A notarized statement or written doctor's prescription is not necessary to process a renewal unless the citizen does not have the expired placard, there is no receipt for the expired placard, or the county tax office cannot find a record indicating that the placard had been issued. It will be necessary to show a Texas driver license or DPS-issued personal identification card before a placard renewal can occur.

Another law that takes effect September 1 allows for the issuance of more than one set of disabled person license plates to citizens who own more than one specially-equipped vehicle. A specially-equipped vehicle is one that is equipped to be driven by an individual who has lost the use of one or both legs.

Persons who have questions about the new requirements for disabled person motor vehicle registration should contact the Mitchell County Tax Office at (915) 728-2606.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION
NOVEMBER 4, 1997

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional amendment to allow a person to hold the position of municipal judge in more than one municipality.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow a person who holds the office of municipal court judge to hold at the same time more than one civil office for which the person receives compensation."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 43 proposes a constitutional amendment to allow the legislature to limit the maximum annual increase in homestead appraisals for each year since the most recent tax appraisal. The amendment would also permit the legislature to allow the governing body of a school district to elect to apply the law providing for the transfer of the age-65-and-older school property tax freeze to the person's new homestead, if the move to the new residence homestead occurred before the law took effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the Legislature to limit increases in the appraised value of residence homesteads for ad valorem taxation and to permit a school district to calculate the school property tax freeze applicable to the residence homestead of an elderly person or the surviving spouse of an elderly person in accordance with the law authorizing the transfer of the school property tax freeze to a different homestead regardless of whether that law was in effect at the time the person established the person's homestead."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment to allow the legislature to authorize counties, cities, towns, and other local taxing entities to grant exemptions or other forms of ad valorem tax relief on property on which approved water conservation initiatives have been implemented.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to permit a taxing unit to grant an exemption or other relief from ad valorem taxes on property on which a water conservation initiative has been implemented."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 104 proposes an amendment to update the Texas Constitution by deleting duplicate numbering in its provisions and removing certain of its obsolete portions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment eliminating duplicate numbering in and certain obsolete provisions of the Texas Constitution."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to allow the Supreme Court of Texas to hold sessions at any location in this state. Currently, the court is limited to holding sessions only at Austin, the seat of state government.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the supreme court to sit to transact business at any location in this state."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment to repeal the current provision which provides that the board of the Texas Growth Fund may not invest money in a business unless the business has disclosed to the board whether it has any direct financial investment in or with South Africa or Namibia.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the Texas growth fund to continue to invest in businesses without requiring those businesses to disclose investments in South Africa or Namibia."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to create the Texas Water Development Fund II as a fund separate and distinct from the Texas Water Development Fund. The amendment would authorize the Texas Water Development Board to administer the fund and issue general obligation bonds for purposes of the fund under guidelines set forth in the amendment.

The amendment would also allow the Board to use loan repayments coming into the fund after the end of the fiscal year to make bond debt service payments, and would provide certain conditions for the flow of funds for repayment of Texas agricultural water conservation bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the authorization to the Texas Water Development Board to transfer existing bond authorizations for water supply, water quality, flood control, or state participation from one category of use to another category to maximize the use of existing funds and relating to more efficient operation of the bond programs."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 31 proposes a constitutional amendment which would authorize home equity lending, in which a loan could be secured by a lien against the borrower's homestead. The amendment would also establish several provisions providing for consumer protection in the home equity lending process.

The proposed amendment will appear on the ballot as follows:

"The amendment to the Texas Constitution expanding the types of liens for home equity loans that a lender, with the homeowner's consent, may place against a homestead."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment that would authorize the legislature to authorize a property tax of five cents for each $100 valuation in rural fire prevention districts which are located in Harris County. The constitution currently authorizes a property tax of three cents for each $100 valuation in rural fire prevention districts regardless of what county they are in.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to authorize an ad valorem tax rate in rural fire prevention districts located in Harris County of five cents on each $100 of taxable value of property."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 33 proposes a constitutional amendment to permanently dedicate monies from the Texas Crime Victims' Compensation Fund (and its auxiliary fund) so that they are used only for assisting victims of crime and not for any other purpose. If an episode of mass violence occurred, however, money from the funds could be used to assist victims of the mass violence if all other sources of authorized emergency assistance were depleted first.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment designating the purposes for which money in the compensation to victims of crime fund and the compensation to victims of crime auxiliary fund may be used."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 59 proposes a constitutional amendment to prohibit the Legislature from authorizing additional state debt payable from the general revenue fund if the resulting annual debt service (the amount needed each year to make payments) would exceed five percent of the annual general revenue available over the last three fiscal years, excluding revenues constitutionally dedicated for purposes other than payment of state debt.

The term "additional state debt" does not include bonds that, although backed by the full faith and credit of the state, are reasonably expected to be paid from revenue sources other than the general revenue fund.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment limiting the amount of state debt payable from the general revenue fund."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 55 proposes a constitutional amendment to provide that if the Texas Supreme Court does not act on a motion for a rehearing within 180 days of the motion's filing, the motion is denied.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to establish a deadline for supreme court action on a motion for rehearing."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 8 proposes a constitutional amendment to establish the Texas Tomorrow trust fund dedicated exclusively to the prepayment of tuition and fees for higher education. The amendment would guarantee that if there is not enough money during any fiscal year to pay the appropriate tuition and required fees, the needed money will be appropriated out of the first available money coming into the state treasury each fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to encourage persons to plan and save for young Texans' college education, to extend the full faith and credit of the state to protect the Texas tomorrow fund of the prepaid higher education tuition program, and to establish the Texas tomorrow fund as a constitutionally protected trust fund."

PROPOSITION NO. 14 ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow the legislature to set the official qualifications for constables.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of constables."

Quilt show opens at museum

A quilt show, displaying the quilting heritage of Mitchell County, opened at the Heart of West Texas Museum Tuesday, September 9.

The show will continue through October 31.

Local residents who would like their quilts to be included in the display can contact Shirley Bradley, museum director, at 728-8285.

Bradley said they'd like to have as large a variety of quilts as possible, filling all the rooms of the museum.

The quilts don't have to be old and they don't have to be pretty, Bradley said.

"The main thing is the story behind the quilts," she said.

One of the quilts loaned to the museum last week for the display is a 1930s quilt made for a high school boy containing the names of students and teachers of the time.

CRP sign-up will begin October 14

The next Conservation Reserve Program (CRP) sign-up will be held from October 14 through November 14, according to U.S. Congressman Charlie Stenholm.

Designed to reduce soil erosion and improve water quality, the CRP is a voluntary program which enables landowners to enter into contracts with the U.S. Department of Agriculture (USDA) to place environmentally sensitive cropland into long-term conservation practices for periods of 10-15 years. In exchange, landowners receive annual rental payments and cost-share assistance for establishing those practices.

"This latest sign-up is a good opportunity for individuals whose contract offers were not accepted in Sign-up number 15 last spring, and for those with contracts which expire this fall," said Stenholm. "In response to concerns I raised with USDA Secretary Glickman, the USDA has been educating their employees about how to more fully in-form landowners regarding the options they have to enhance their Environmental Benefits Index (EBI), and I am hoping there will be less confusion than with the last sign-up."

The USDA will continue to evaluate and rank all eligible offers using an EBI based on the potential environmental benefits from enrolling the land in the CRP. Decisions on the EBI cutoff will be made after the conclusion of Sign-up 16. Those who have met previous EBI thresholds will not necessarily be guaranteed a contract this time around.

"I would strongly encourage interested individuals to meet with county employees just as soon as possible in order to discuss options, and hopefully improve their chances for inclusion in Sign-up number 16," advised Stenholm.

Interested individuals should contact their local Farm Service Agency (FSA) or Natural Resources Conservation Service (NRCS) office for additional information.

Chamber of Commerce receives SWBT grant

The Colorado City Area Chamber of Commerce recently applied for and received a $3,900 grant from Southwestern Bell's 1997 Economic Excellence Program.

The funds will be used to upgrade and remodel parts of the Railhead Building, including new doors for the building, install ceiling fans and upgrade the sidewalks around the building.

It is the goal of the Chamber that the building will eventually be used at least six times a year for the Railhead Trade Days and for various other Chamber sponsored events throughout the year.

"The Railhead is a great building," said Chamber Manager Windi Fuller, "and if utilized properly it has tremendous potential to be a great source of economic development for Mitchell County. This grant will give us a great start to accomplishing some of our goals."

The application from the Colorado City Area Chamber of Commerce was one of 125 received from across the state.

Loraine News

By BESSIE ANN VAUGHN

Greetings From Loraine.

There seems to be a lot of airplane noises lately. We hope there won't be a lot of cotton damage from the Boll Weevils. In driving around the County, one can't help but notice the beautiful cotton crops.

It would be wonderful if everyone could produce bumper crops this season.

If you have bought shirts, blouses etc. lately, you will notice the use of cotton is more prevalent once again. At one time knit materials had most markets cornered. It won't be so bad if we have to iron a little here and there if it will help the farmers.

David and Whitney Taylor of Midland spent the weekend with Nola Taylor. Nola is back in her home and still recouping from hip replacement surgery. By the way, here is a great adage told by Nola and something to ponder. "Those who live the longest have the most birthdays."

We, in the community, send our love and condolence to the family and friends of Mr. Huse Narrell. He was a successful, long time farmer and rancher in this area and at one time was involved in community matters that called for his time and presence. He will be missed.

"It's More Blessed To Give Than To Receive"

Mrs. Miles had just finished frying chicken and icing a huge chocolate cake for the church supper social that evening. She did the cooking early in the morning, before her kitchen got too hot.

The delectable smells woke her three children and they could barely contain themselves when she told them under no circumstances were they to touch or bother the food. They watched as she put their favorite food in all the world in a big picnic hamper and shut the lid.

Just before leaving the house to work in her garden. She warned the children again... "leave the food alone."

The back door slammed when Mrs. Miles left the house, and in a wink the kids were looking and salivating over the food. One girl said, "It's not fair. We will probably have pinto beans and cornbread."

"Why don't we tell mama that a thief came by and ate it all up."

"No stupid," said brother Billy, "She wouldn't believe that."

"Well alright smarty, you tell us what to do."

"Ok, I will," Billy replied. "Let's tell her six hungry, hobo's came by the back door begging for food and we gave it all to them. We remembered that you told us it was more blessed to give than to receive."

The sisters thought he was a genius and said "yes, yes, that's good, tell her that."

When his mother came home and found the food had vanished, Billy hurriedly told her the pitiful story, once again reminding her at the end that it was more blessed to give than to receive.

Mrs. Miles went outside and in no time came back with a good sized switch. The mother told her children "I feel quite blessed to give you what you are about to receive. Bend over".
