

Prepare For School District Election Saturday As Court Battle Proceeds

Preparations for the election Saturday which would give resident qualified voters the privilege of consolidating Stratford Rural High School District and the Conlen School District continue as Conlen battles the Dalhart Independent School District in a hearing in district court as the Dalhart district seeks an injunction and restraining court order to prevent the election.

Unless a restraining order is issued by District Judge Harry Schultz the elections will be held in Stratford and Conlen as ordered by the county judges of each county.

C. E. Hill, county judge of Dallam County, Mrs. Joe Huff, election judge at Conlen, County Judge L. P. Hunter and Arthur Folsom, election judge at Stratford, were served with papers Tuesday afternoon ordering them to appear in district court Thursday to show why a restraining order should not be granted the Dalhart Independent School District preventing the holding of the elections.

A battle of legal talent continued through Thursday and Judge Harry Schultz closed the court Thursday evening without rendering a decision. The case will be resumed at 9:30 A. M. Friday.

A large majority of Conlen residents favor sending their children to the Stratford school as they have done for the last five years.

A majority vote in the elections to be held in the Stratford Rural High School district and the Conlen School District is required for the consolidation of the two districts.

Those witnessing the trial Thursday stated that it appeared Conlen was winning it's case although the judge had made no comment on the judgment he is likely to render.

Christian Church Wins State Honor

The First Christian Church of Stratford has won the honor of being one of the 75 churches in the state listed as "topnotchers for 1949."

Churches winning this honor among Christian Churches in the state are designated according to goals reached in the growth of the church, spiritually, mentally and individually among members.

Mrs. Bessie Hart, Executive Secretary of the Texas Society of Mission and Education, made the announcement this week.

Christian Churches of Stratford, Hereford, Amarillo, and Pampa were those designated on the "topnotchers" list in the Texas Panhandle.

Men Wanted In Colorado Were Arrested Here

Three men wanted for armed robbery in Pueblo, Colorado were taken into custody by Sheriff A. L. Wilson on U. S. 287 about 2 miles south of the Dallam county line.

Sheriff Wilson received a message from officers at Pueblo about 8 o'clock, a short time after he had sent his deputy to Texhoma.

Pueblo authorities had traced the get-away car through Springfield, Colorado and thought it was headed for Boise City. Patrolling the highway, the sheriff met the '46 two-door maroon Ford and soon halted the car.

As Wilson approached the car he saw two pistols and two shot guns. Leisurely he questioned the occupants as to whether or not they had seen a combine traveling north on the highway without lights. He said it was too dangerous for them to be traveling after dark and wanted to get them off the road. Relaxed, the occupants of the car spoke of wheat harvest in Colorado and related that the harvest season was almost over.

At this point Sheriff Wilson leveled his gun on the three men in the car and placed them under arrest.

In the car were two pistols and two shot guns used in the armed robbery of the Pueblo grocery along with a '45 they had taken from the owner of the store who resisted the robbery. The Pueblo man was shot in one arm while reaching for the gun. Colorado officers have transferred the wanted men to Pueblo.

Town Team Wins 12 To 0 Over Spearman

Luther-Cox Nuptial Vows Read Saturday

Miss Mary Lee Luther, daughter of Mr. and Mrs. Henry Luther, became the bride of Kenneth R. Cox, son of Mr. and Mrs. Eddie Cox, Pampa, in a marriage ceremony in the home of the bride's parents Saturday night.

Rev. H. H. Whatley officiated at the double ring ceremony in the presence of members of the immediate families.

The bride wore a navy blue suit with white accessories. Her corsage was of white carnations.

Donny Cox, brother of the groom, and Emma Jean Luther, sister of the bride, were ring bearers.

For the wedding the bride's mother chose a dress of blue and the groom's mother wore lavender.

Immediately following the ceremony Mr. and Mrs. Cox left for a honeymoon in East Texas.

The couple will be at home in Dumas where the groom is employed with the Cut-Rate Grocery.

The bride has spent most of her life in Stratford and was a popular member of the Junior Class in the Stratford High School last year.

The groom is a graduate of the Dalhart High School. He served three years with the U. S. Marine Corps, and accepted a position with Brown's Food Store following his discharge.

Recently the bride was honored with a pre-nuptial shower in the home of Mrs. Louie Brannan. Mrs. Howard Haffey and Mrs. Doss Brewer were hostesses. Mrs. Brannan received the guests while Mrs. Haffey and Mrs. Brewer served refreshments.

The bride received many lovely gifts which were presented as the guests arrived.

Mrs. Foreman Hostess To Best Yet Club

The Best Yet Home Demonstration Club met Friday in the home of Mrs. Verne Foreman. Miss Millie Bennett gave an interesting report on the 4-H trip to College Station.

Four more boxes of clothing were sent to the adopted French family and plans were made for their Christmas packages.

Members present were Mrs. Baskin Brown, Mrs. R. O. Dickson, Mrs. Leon Guthrie, Mrs. Lorel Haile, Mrs. N. W. Hudson, Mrs. Walter Pendleton, and the hostess, Mrs. Foreman.

The next meeting will be August 12 in the home of Mrs. Baskin Brown.

Thursday is named from Thor, the thunder and war god of Norse mythology.

Fire Destroyed Brannan Home Tuesday Night

Fire destroyed the farm home of Mr. and Mrs. Edward Brannan, 13 miles southeast of Stratford Tuesday night. The three-room frame house and all of the family possessions burned before the flames attracted neighbors.

Mr. and Mrs. Brannan were visiting relatives in Dumas. They had moved into their home Tuesday morning.

Mr. and Mrs. Huber Tillery, whose home is only a short distance from the Brannan home, were visiting in Stratford.

Arlyn and Lorel Haile, plowing in a field a few miles away, first saw the blaze.

L. B. Haile drove to Stratford for the fire department while Arlyn and Lorel drove to the scene of the blaze but arrived too late to save any of the Brannan possessions.

The rural fire truck, manned by Stratford Volunteer Firemen, answered the alarm shortly after 11:00 o'clock. Followed by several cars of Stratford citizens they arrived at the scene of the blaze to wipe out the fire from smoldering embers and prevent its spread to nearby buildings.

The direction of the wind is credited with preventing the Tillery home from being burned by the fire.

Opium is derived from the white poppy.

The summer youth recreational program sponsored in Stratford this year will close with a double header baseball game to be played here Saturday afternoon with Boise City. The first game will be called at 2:00 P. M. This will be a matched game of the "Peewee" class boys.

Following this game the Juniors will play Boise City in a league game. Stratford's Junior team leads the district in winning games, having played and won five games.

Last week's report of the 5 to 2 game with Boise City was in error. This was the box score of town team games which was confused with reports of the Junior games.

Saturday the Juniors defeated their strongest opponent 17 to 1 when they defeated Texhoma on the Texhoma diamond.

B. A. Donelson pitched, winning his fifth game of the season. He was credited with 10 strikeouts, making a total of 66 strikeouts in the five games the Juniors have played. Donelson capped his pitching skill by swatting one home run during the game.

The Peewees won their game with Texhoma 16 to 7. Hampton and Hardwick were credited with home runs.

Cactus Tourney Planned

Cactus is making plans for an invitation baseball tournament. Both Junior teams plan to attend this tournament if it is held, however there will be no more regular ball practice periods as there have been during the summer.

Swimming Party Friday

Plans are being completed for all of the boys taking part in the summer recreation program to be taken on a swimming party to Guymon Friday.

No youth will be allowed to attend the swim unless he has written consent from his parents.

Womans Council Meeting Wednesday

Womans Council Circle 3 of the Christian Church met Wednesday in the home of Mrs. Joe Billington with 11 members present.

The meeting was called to order by assistant leader, Mrs. Parker.

Minutes were read and approved. 20 sick calls, 1 book read, 1 trip, and 7 daily devotionals were reported.

A short business meeting was held and then the meeting was turned over to Mrs. Herbert Folsom.

The following program was presented by Mrs. Folsom:

Song, "Rock of Ages."

Devotional and talk on unity.

Mrs. Folsom.

In connection with the devotionals were three short talks, "Our High Calling, by Mrs. Leslie Parker, "Dark hours then victory," by Mrs. Bardwell, and "Experience of Years," by Mrs. Elmer Hudson.

A collection of \$12.50 was taken.

Prayer was offered by Mrs. Bernard Dovel.

Mrs. John Reaves gave an interesting talk on China. Mrs. Joe Billington spoke of the Yankima Indians. Mrs. John Knight told of 10,000 villages in the U. S. without churches.

Mrs. Keenan gave a talk on "Christian Inventory."

"On Jericho Road," was the closing hymn.

The next meeting will be held in the home of Mrs. Elmer Hudson September 7, with Mrs. Joe Billington as program leader.

Refreshments were served and a fellowship hour was enjoyed.

Rare Old Volume Is Treasure Trove Of 'Tongue Tangles'

WORCESTER, MASS.—The Society of American Antiquarians has acquired an alliterative asset in a rare early edition of the children's nursery book "Peter Piper's Practical Principles of Plain and Perfect Pronunciation."

Published in near-by Lancaster in 1830, it goes through the alphabet with a tongue twister for each letter. Best known is the famous:

"Peter Piper picked a peck of pickled peppers;
Did Peter Piper pick a peck of pickled peppers?
If Peter Piper picked a peck of pickled peppers,
Where's the peck of pickled peppers Peter Piper picked?"

The astonishing alliterative admonition in the preface goes: "Peter Piper, without pretensions to precocity or profundity, puts pen to paper to produce these puzzling pages, purposely to please the palates of pretty prattling playfellows, proudly presuming that with proper penetration it will probably, and perhaps positively, prove a peculiarly pleasant and profitable path to proper, plain and precise pronunciation."

Escaped Prisoner Calls On Jailer for Room Rent

LOUISVILLE.—The crowning insult, according to Lt. Frank Callan, jailer of the county jail, was the telegram he received from Frank Madish, 40, a Huber law prisoner who failed to return to the county jail.

The telegram, Callan informed District Judge Harvey L. Neelen Tuesday, read:

"Please forward room rent." Madish, Callan said, was picked up Sunday at a downtown hotel, where he had been living since taking French leave. And his arrest, according to Callan, ended one of the unhappiest periods in Callan's experience as a jailer.

For, in addition to the telegram, there were a dozen or more telephone calls that Callan received at his office and at his home from Madish.

And each time Madish referred to Callan in ungentlemanly terms, the jailer said.

Madish had been sentenced to six months in the county jail Jan. 7 on a charge of malicious injury to property.

Under the Huber law, Judge Neelen permitted him to leave the jail to work during the day in order to support his estranged wife and his two children.

But Thursday, when Madish failed to return to jail, Callan learned that Madish had quit his job and had taken his pay check.

Supercarrier

Named "United States"

WASHINGTON.—President Truman has approved the name U.S.S. United States for the Navy's giant aircraft "supercarrier," which is to be 1,090 feet long.

The name is considered an especially honored one, having been used for only one other combat ship in the history of the Navy. The first was a frigate launched on May 10, 1797, and named the United States by President George Washington. The keel of the new United States will be laid at Newport News, Va., according to the latest Navy estimate. It is expected that it will cost about 152 million dollars.

In revealing the choice of names, the White House said the "super-carrier" would be equipped with "the most advanced armament of her time," and the "latest type carrier planes available" would fly from her deck.

Steady Decline Seen In Number of Persons Reported as Missing

NEW YORK.—The post-war years have seen a steady decline in the number of persons reported missing to the police, acting Capt. John J. Cronin, in charge of the missing persons bureau, said in his 1948 report to Chief of Detectives George P. Mitchell.

The bureau handled 23,516 cases of all types last year. Of these,

15,196 were hospital cases involving victims of aphasia, amnesia, fainting spells and other temporary ailments, all of which were cleaned up, Captain Cronin said. The overall total in 1947 was 27,158.

The number of adults and children reported missing from home was 6,317 as compared with 7,076 in 1947, a drop of 759. Of this total, 433 were boys and 316 girls, with the average age of the juveniles 15 years.

The youngsters eventually picked up by the police and interviewed by the juvenile aid bureau of the police department offered a variety of reasons for leaving home. Some said they skipped because they just "didn't like school," others, that they had an unhappy home life. More adventurous spirits had "a desire to see the world."

Where investigation by juvenile aid bureau discloses objectionable home environment and mistreatment of the children, the cases are docketed for the children's court and whenever possible better homes are found for them. The bureau's report shows that a number of internationally-publicized cases involving well-known figures of a decade or more ago are still being kept "open." These cases are carried because it is a rule of the bureau that until positive identification is established there is always the possibility that a person reported missing may still be alive.

First Reo Model E-22 tractor, powered by Reo's new Gold Comet overhead valve engine, is shown shortly after it came off the assembly line at Lansing, Mich. Examining the new gasoline power plant are (left to right) William M. Walworth, chief engineer, and R. D. Hilty, general sales manager of Reo Motors, Inc.

LANSING, Mich.—A six-cylinder, gasoline truck engine, described as the most powerful of its size ever built, has been introduced by Reo Motors, Inc., pioneer truck manufacturer.

The all-new "Gold Comet" engine "develops more usable horsepower than any other six- or eight-cylinder gasoline truck engine of comparable displacement," and was designed to "set entirely new standards for truck performance under all operating conditions," the Reo announcement said.

The "lifetime" engine features the wet-sleeve principle with removable cylinders. Only lack of normal care and maintenance can shorten the Gold Comet's life span, Reo reported. The cylinders, in the form of sleeves, may be replaced quickly and inexpensively, eliminating a major repair job if a cylinder wall becomes scored or damaged.

Easily installed without special tools, a relatively inexpensive new sleeve-piston and ring assembly results in "what amounts to a brand new engine," Reo said.

The new Reo engine has been designed for heavy-duty, high speed service, providing more speed and power with greater fuel economy, greater endurance and far easier maintenance, the Lansing firm disclosed. It "easily develops" 140 horsepower at its governed speed of 3200 RPM. Pistons and sleeves are all of standard size and interchangeable.

Result of a \$5,000,000.00, three-year program of engineering, testing and development, and the purchase of specially-designed precision production machines, the Gold Comet will power Reo's Model E-22 trucks and tractors with gross weight ranges of 17,000 lbs. to 38,000 lbs.

HOUSE JOINT RESOLUTION NO. 32

Proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 1 of the Constitution of the State of Texas as be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, A. D. 1949, at which election all ballot shall be printed thereon:

"FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to

the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

er classroom studies were over. The board of education's division of community education, seeking to cope with the increasing problem of juvenile delinquency, has purchased 135 small-size pool tables and installed them in school community centers throughout the city for use in late afternoon and evening recreation periods.

Education officials hope this move will tend to keep boys off the streets and away from the dingy, smoke-filled commercial halls, where the sporty element is said to gather to the detriment of tomorrow's citizenry.

At the board's headquarters, 110 Livingston street, Brooklyn, Mark A. McCloskey, director of the community education division, said that a total of \$5,400 was expended for the billiard tables, which "were bought centrally for economy." He hastened to explain, however, that the funds were "non-tax money" accumulated from membership dues in the community centers. Thus, he declared, when a youngster, proud of his after-school accomplishments, speaks of "our table" his allusion is not to be taken lightly. This pride in ownership, McCloskey indicated, was an important factor in maintaining the equipment in good condition and in holding the interest of the boys.

London Sniper Has Grudge Against Car Number "68"

LONDON.—A ghostly sniper with a grudge against streetcars numbered 68 made a no man's land of the Waterloo station-Greenwich route.

In two nights the unseen gunman put bullets through the windows of eight trams bearing the unlikely number. Trams numbered 36, 38, 70 and 74, which travel the same way, went unscathed.

One passenger on a No. 68 car was cut by glass. Slugs narrowly missed several others.

"Piggy-Back" Rocket Developed by U. S. Navy

WASHINGTON.—The navy has developed a large piggy-back rocket for launching guided missiles at speeds faster than sound.

The navy said the rocket, believed to be the largest of its type ever built, solved the problem of how to get guided missiles up to the high speeds at which they operate most efficiently.

The navy's only reference to the rocket's tremendous speed was a terse statement that it is "high in the supersonic range." Sound travels at about 750 miles an hour at sea level.

The rocket was designed for the navy's "Bumblebee" missiles program, which involves the development of missiles for firing from the ground and from aircraft.

The rocket, which already has been flown successfully at the naval ordnance test center at Inyokern, Cal., is designed to carry faster-than-sound missiles, such as those powered by ramjet engines, on its back.

At take-off the rocket provides nearly all the power, exerting a push "considerably in excess" of the 75,000-pound thrust developed by the Nazi V-2 rocket.

As speed builds up into the supersonic range, the ramjet cuts in. The rocket finally falls away to earth and the ramjet continues to its target.

Lands Man in Jail

GLOUCESTER, MASS.—A 30-year-old Providence, R. I., man tried to play a "daily double" at the expense of Western Union, but instead of paying off, it landed him in a police cell.

First, the man went to the local Western Union office, deposited \$2,500 cash and ordered it wired to a "William Taylor" in Springfield. That night he broke into the same office and rifled the safe, but it contained only \$200, his \$2,500 having been hidden elsewhere.

Next day the man appeared at Western Union in Springfield, identified himself as "William Taylor," and tried to collect the \$2,500 he had wired. However, police had been tipped off and he was arrested.

Police said the man had hoped to regain his \$2,500 from the Western Union safe, then hurry to Springfield and collect the \$2,500 he had wired to "William Taylor."

English Artist Said Cats He Drew Caused His Doom

LONDON.—Millions of people have heard of Britain's Louis Wain. Not so many years ago his drawings of cats were famous the world over. Children and adults alike

waited eagerly week by week for his next batch of pictures. There were Louis Wain annuals, Louis Wain calendars, Louis Wain tablecloths, towels, toys, cushions and chair covers.

Louis Wain was the Walt Disney of grandma's day—with a difference. Each and every one of his pictures showed cats, grave or gay, skittish or serious, young cats and old. With the adventures of a family of cats Louis Wain started the first strip cartoon.

He earned thousands of dollars a week for each new cat adventure. Yet 25 years have passed since Wain disappeared abruptly from public life.

Many of his admirers imagined him dead. Louis Wain drawings were still offered to editors but were no longer so freely accepted, for, instead of being playfully impudent, some of the new cats were devilish and horrifying. Gradually even these offerings ceased and soon nearly all Louis Wain's new drawings were seized by a doctor and destroyed.

Until his tragic death in the war years, Wain was confined in a mental home and in his lucid moments he said the cats had accursed him. The ancient Egyptians revered cats as supernatural beings.

HOUSE JOINT RESOLUTION NO. 36

Proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1: That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State under such conditions as the Legislature may fix by law, and to provide for the support of

She is 91 and is still preaching evangelistic sermons in a church in Paris.

said districts, by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts"; and

"AGAINST The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said

election and have the same published as required by the Constitution and Laws of this State.

HOUSE JOINT RESOLUTION NO. 38

Proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be Numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51 of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties

shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51 of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees."

Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which ex-

presses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

Your trip to California in Santa Fe Chair Cars costs less than by automobile ...

It's hard to believe (till you figure it out for yourself)

Even when you divide the cost among two people—the cost is still less per person via Santa Fe chair car.

Just add up the cost of driving your car to California—gas, oil, depreciation and night's lodgings (to say nothing of wear and tear on yourself)—and you'll see for yourself!

And that isn't all! After arriving in Los Angeles, you can travel to San Diego on your round-trip ticket via Santa Fe at no extra cost! Just tell the ticket agent you want it that way.

You'll like traveling in Santa Fe chair cars, too! Carefree clothing is the popular way to dress, and you have comfortable dressing rooms to freshen up whenever you please so that you can enjoy every minute of your trip along the scenic route to California.

Ask your local Santa Fe ticket agent to give you travel cost for your city

Remember too, you can enjoy famous Fred Harvey meals when you travel Santa Fe.

Having a hard time getting the family out of bed these first warm mornings? There's a simple solution — make breakfast so interesting they won't want to miss it!

Set a pretty table, vary your breakfast menus and then give the call to breakfast. Your reward — bright faces and hearty appetites at the breakfast table.

For a breakfast with a touch of spring, try Bacon Pancakes made the easy way with pancake ready-mix. Pancake batter is poured over strips of pan-fried bacon for a perfect blending of flavors. Serve with maple syrup — and you have a breakfast deluxe!

Bacon Pancakes
2 cups pancake ready-mix
2 1/4 cups milk
Bacon strips

Cut bacon strips in half and pan-fry until crisp. Drain well on absorbent paper. Add milk to unsifted pancake mix all at once and stir lightly. Somewhat lumpy batter makes light, fluffy pancakes. For each pancake, place 2 pieces of bacon on hot, lightly greased griddle and pour 1/4 cup of batter over bacon. Bake to a golden brown, turning only once. Makes 14 to 16 medium pancakes.

Use Education To Control Disease

AUSTIN — A statewide educational campaign for the control of venereal diseases, which will be carried out throughout the late summer and possibly into the fall, has been announced by Dr. Geo. W. Cox, State Health Officer.

"While it is true that great advances have been made recently in the control of these diseases, nevertheless a lack of full information on the part of the public has hindered the complete success of the program," Dr. Cox said.

"There has been a steady decline in the incidence of new

cases reported, in infant and adult mortality rates, and in admissions to mental institutions due to syphilis, since 1938 when intensive measures for the control of venereal diseases were initiated. But this decline has not been great enough," Dr. Cox added, "and this is partly attributable to a lack of accurate information and the general apathy concerning venereal diseases which followed the termination of the war.

"The spread of many completely false ideas about these diseases and their treatment has also lead to a feeling of complacency, and the belief that a patient can diagnose his own case, and treat it with self medication. This is a particularly dangerous untruth; only a competent doctor can diagnose and treat venereal diseases, and it is the purpose of this educational campaign to fully inform the public of the actual dangers of venereal diseases, and what measures must be taken to control them."

Dr. Cox said that this campaign of the Texas State Department of Health will coincide with other similar educational campaigns, which will be conducted by health officials throughout the entire nation.

Lasley et ux Vs. James Taylor et al.

The defendants are those above named or otherwise identified.

Such suit is the usual action in Trespass to Try Title as heretofore prescribed by Statute and now prescribed by the Rules of Civil Procedure, alleging the ownership in fee simple and seeking the recovery by plaintiffs of the title to and possession of the following described tract of land in Sherman County, Texas, to-wit:

All of the North half (n/2) of the Northwest Quarter (NW/4) of the Southeast Quarter (SE/4) of Section Number 177, Block 1-C, G. H. & H. Ry. Co. Survey, originally patented to N. A. Cowdrey.

Alleging additionally that plaintiffs have title thereto under the three, five, ten, and twenty-five year statutes of limitations; that the defendants actually own no interest therein, and any apparent interest should be removed so that the same shall not hereafter constitute a cloud on the title of the plaintiffs, damages in the sum of \$500.00; in the alternative seeking recovery of the title thereto and possession of the lands and premises above described, by and

Herculite Hammer Test

PITTSBURGH, Pa.—Despite 10,000 blows every eight hours by these two three pound steel hammers, the "miracle" Herculite glass does not show any sign of wear. This demonstration of one of the newer products of the "Glass Age" is being viewed by Mary Jane Wojcik and Evelyn Kuhlman, obviously impressed by the show. Secret of the strength of the glass, made by the Pittsburgh Plate Glass Company, is a tempering process which makes it four to five times as strong as regular plate glass of the same thickness. It is now widely used for store doors and automobile glazing.

HOUSE JOINT RESOLUTION

NO. 22
Proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Sec. 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge, who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a Court in this State, or both combined, for four (4) years next preceding his election, who shall have resided in the district in which he was elected for two (2) years next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the Legislature. The Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law. He shall hold the regular terms of his Court at the County Seat of each County in his district at least twice in each year in such manner as may be prescribed by law. The Legislature shall have power by General or Special Laws to make such provisions concerning the terms or sessions of each Court as it may deem necessary.

"The Legislature shall also provide for the holding of District Court when the Judge thereof is absent, or is from any cause disabled or disqualified from presiding.

"The District Judges who may be in office when this Amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on November

8, 1949, at which time all ballots shall have printed thereon: "FOR the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law"; and "AGAINST the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law."

Each voter shall scratch out one of said clauses on the ballot,

leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

Dairy Herd Spraying Will Yield Dividends

May Mean \$75 Extra Profit This Summer

Spraying dairy cows with methoxychlor to control blood-sucking stable and horn flies, may mean at least \$75 extra profit this summer, according to H. B. Petty, insect specialist in the Illinois college of agriculture. And the chances are good, he says, that profits from spraying may run much higher.

Spraying dairy cattle is a big job for farmers, but it is one that should be done.

Petty figures the potential \$75 extra profit from spraying in this

manner: You can get 15 per cent more milk up to September if you spray. This has been demonstrated by careful small-scale field tests.

It is generally estimated that the average cow will give 1,700 pounds of milk during the four-month fly season. A 10 per cent boost — instead of 15 per cent — would mean 170 pounds of milk for that time. For a 15-cow herd, that would mean 2,550 pounds of extra milk from fly-control.

Figured conservatively at \$3 a hundredweight, that's just under \$75 more in milk checks. And it costs only about 20 or 25 cents a head for spraying.

Petty recommends spraying the inside of dairy barns two or three times during the summer. He suggests that the formula used provide for one pound of 50 per cent methoxychlor-wettable powder in two to four gallons of water to every 1,000 square feet of surface.

Dairy cattle should be sprayed with methoxychlor every two to four weeks to control horn flies. The formula is one-half pound of 50 per cent powder in three gallons of water and apply one quart to each cow.

Old & New

Today's farm machinery is fast replacing the familiar rural picture of pitchfork and horse in haying time. With farm machinery in better supply than at any time in history, scenes like the upper one are giving away to those depicted by the bottom photo. Haymaking equipment like the automatic baler, left, and field bale loader in the lower picture are cutting man hours in the hayfields as much as 75 per cent.

Vitamin B12 Heralded In Hog Feeding Practice

Will vitamin B12 revolutionize swine feeding practices? Michigan state college researchers don't say it will, but they're finding that this new vitamin is doing some rather remarkable things in swine feeding. They have found that it has growth stimulating properties for pigs and when added to other diets in small quantities it results in gains for dry-lot pigs.

HOUSEHOLD QUESTIONS

Drying Out Fresh Plaster

QUESTION: Is there a way of drying out plaster and Keene's cement (in a bathroom) quickly, so that we can paint the walls of new rooms? We were advised to wait three to six months, but we need to hurry this if at all possible.

ANSWER: You can help to some extent with portable stoves, but I would not advise you to apply an oil paint under two months, three to six months will not be necessary. If you wish to cover the walls in a hurry, you can put on a resin-base, water-emulsion paint. This, however, is not intended for either a bathroom or a kitchen, as the surface is not glossy enough. But it may serve your purpose for a couple of months. You then can put on a varnish-size and when dry, apply two coats enamel undercoater and a finish coat of enamel.

30,000 Swedish Women Flex Muscles in Gyms

STOCKHOLM.—Thirty thousand Swedish housewives, from girls of 20 to energetic grannies of 70, now belong to gymnastic groups and look forward to the weekly physical training hour as a relaxation from household work and worries. They pay special attention to exercises for strengthening the back and feet, conditioning the washing-up muscles. Next summer 5,000 of these muscular mothers will give a giant demonstration of physical exercises at Stockholm as part of the great gymnastic display known as the Lingiad.

The Swedes are pioneers of physical training. It was Pehr Henrik Ling who, at the start of the last century, invented physical exercises without apparatus, known to our grandfathers as "Swedish drill."

SENATE JOINT RESOLUTION NO. 1

Proposing an amendment to Section 2 of Article VI of the Constitution, repealing the provision making the payment of a poll tax a qualification of an elector, requiring the Legislature to pass a general registration law for voters; providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 2, Article VI of the Constitution of the State of Texas be and the same is amended hereby so as to read hereafter as follows:

"Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one (21) years, and who shall be a citizen of the United States, and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that before offering to vote at any election a voter shall have registered as an elector before the first day of February next preceding such election. This provision shall be self-enacting. The Legislature shall pass a general registration law requiring registration of voters at a time not later than the first day of February for each election to be held for that calendar year, and the Legislature shall have power to prescribe a registration fee. The Legislature may authorize absentee voting."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the 8th day of November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."

"AGAINST the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

SENATE JOINT RESOLUTION NO. 4

Proposing an amendment to the Constitution of the State of Texas, by amending Section 19 of Article 16, so as to provide that the qualification of no person to serve as a juror on grand juries and on petit juries shall be denied or abridged on account of sex; providing that existing provisions of the Constitution shall be construed in conformity

herewith; providing for the submission of this amendment to a vote of the people of Texas; providing the time, means and manner thereof; and making an appropriation for such purpose.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 19 of Article 16 of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 19. The Legislature shall prescribe by law the qualification of grand and petit jurors; provided that the qualification of no person for service on grand juries or on petit juries shall be denied or abridged on account of sex."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the second Tuesday in November, 1949, at which all ballots shall have printed thereon:

"FOR the amendment to the State Constitution qualifying women as grand and petit jurors."

"AGAINST the amendment to the State Constitution qualifying women as grand and petit jurors."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this Resolution and the Constitutional Laws of this State, and return shall be made and the votes canvassed and counted, as provided by law; and if said amendment is adopted by the vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

Section 5. Two (2) regular sessions of each Legislature shall be held; and until otherwise provided by law, the time of the convening of the first regular session shall be at noon on the second Tuesday in January of each odd-numbered year, and of the second regular session, at noon on the second Tuesday in January of each even numbered year.

"At other times, when called by the Governor, the Legislature shall convene in special session."

Appropriations for monthly recurring expenses and salaries paid by the State shall be made for a period of not more than twelve (12) months.

"At the second regular session of each Legislature, only proposals to amend the Constitution and to make appropriations to pay monthly recurring expenses and salaries and such other measures only as four-fifths (4/5) of the Membership of each House may determine shall be considered."

Sec. 3. The Amendments proposed herein, if ratified by the people, shall become effective January first, A. D. 1950.

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the second Tuesday in November, 1949, same being November 8, 1949, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

Each voter shall express his vote on the proposed Amendment in the manner provided by law.

Sec. 5. The Governor of this State shall issue the necessary proclamation for said election and shall have same published as required by the Constitution and laws of this State.

HOUSE JOINT RESOLUTION NO. 15

Proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-b, authorizing the Legislature to provide for the establishment of health units, and authorizing a tax in support thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be and the same is hereby amended, by adding a new Section to Article III of said Constitution to be designated Section 48-b, reading as follows:

"Section 48-b. The Legislature shall have the authority to provide for the organization of county-city health units and to authorize counties and cities to provide a tax of not to exceed twenty cents (20c) on the One Hundred Dollar (\$100) valuation of taxable property in counties and

cities for the purpose of financing the said county-city health units; provided that no such tax shall be authorized except by a vote of the people residing in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1949, at which election all ballots shall have written or printed thereon:

"For the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of county health units and to authorize cities and counties to vote a tax in support thereof;" and

"Against the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of county health units and to authorize cities and counties to vote a tax in support thereof."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 5. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 2. That Section 5 of Article III of the Constitution be amended to read as follows:

"Sec. 5. Two (2) regular sessions of each Legislature shall be held; and until otherwise provided by law, the time of the convening of the first regular session shall be at noon on the second Tuesday in January of each odd-numbered year, and of the second regular session, at noon on the second Tuesday in January of each even numbered year."

"At other times, when called by the Governor, the Legislature shall convene in special session."

Appropriations for monthly recurring expenses and salaries paid by the State shall be made for a period of not more than twelve (12) months.

"At the second regular session of each Legislature, only proposals to amend the Constitution and to make appropriations to pay monthly recurring expenses and salaries and such other measures only as four-fifths (4/5) of the Membership of each House may determine shall be considered."

HOUSE JOINT RESOLUTION NO. 19

Proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain counties upon a vote of the people therein.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows:

"Section 62-c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized

and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this Section shall apply to appointive offices only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less than seventy-five thousand (75,000) people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorates of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein;" and

"AGAINST The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

HOUSE JOINT RESOLUTION NO. 5

Proposing an Amendment to Section 5 of Article III of the Constitution relating to sessions of the Legislature and what may be considered thereat and an Amendment to Section 24 of Article III relating to compensation of Members of the Legislature; specifying the time when the Amendment shall take effect if ratified; and providing for the submission of the proposed Amendment to a vote of the people.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the State Constitution be amended to read as follows:

"Sec. 24. Members of the State Senate and House of Representatives shall receive from the State Treasury an annual salary of Three Thousand Six Hundred Dollars (\$3,600), to be paid in monthly installments on the first of each month.

BOWERY BUMS

Study Shows Real Problem

NEW YORK, N. Y.—The legendary "Bowery bum"—sleeping in hallways, brawling, boozing—is not an amusing character to the families of the lower east side. He is a source, rather, of deep concern and anxiety.

A survey of the area and its casuals by the Community Service society shows that homeless men there are on the increase. Some families have become so alarmed by the problems created that they want to move out of the neighborhood.

Five churches on the lower east

side co-operated in the study. The objects of the survey was to analyze the effect of the presence of homeless men on families and children in that area. The investigators found the answer to their question in one word: "Bad."

Sixty-three families were spot checked by the questioners. "Do the homeless men affect your family?" they asked. "How?" "Have your children ever talked about these men?" "What sorts of things do they say about them?" Following is the language of the report:

Examples of Behavior

"The interview brought out numerous examples of gross behavior and other forms of annoyance by these derelicts. Parents often cited incidents of immoral approaches to children. Other resident families voiced complaints about drunkenness and abusive language.

"I'm afraid to let my children

Calf Is Named In Honor of Foreign Exchange Students

CARY, ILL.—A Brown Swiss heifer calf was named Curtiss Candy United Nations in honor of 32 foreign scholarship students who visited the Curtiss Candy Farms, near here, the day she was born. Eugene Woodcock of Tripoli, Iowa, national 4-H champion boy in Holstein breeding, who accompanied the group, introduces her to Claude Ballande of France. Behind them is the calf's dam, Royal's Charmer of Lee's Hill, who established a world record for the breed of 20,474 pounds of milk and 873 pounds of butterfat during a recent test.

play in the street alone," one mother told the investigator. Another parent said: "Some time ago my seven-year-old daughter was accosted by one of these men. At the time she was deeply troubled. I explained as well as I could how she is to conduct herself in the future, but I would be deeply grateful if the situation could be rectified."

Despite the findings, the report refused to use them as an indictment of the homeless men, calling their behavior "largely uncontrollable," and declaring: "On the contrary we have the greatest sympathy for them and their plight; our quarrel is with the system that disposes of them with only lodging and coffee. It is important to avoid the conclusion that all homeless men are of the type described here."

Urge Wider Understanding

The Gramercy district committee of the society, which actually carried on the survey, urged "wider public understanding of the problem plus intelligent help and understanding." It also recommended the following long term measures:

"1. Decentralization of facilities for the care of homeless men from the lower east side by establishment of temporary shelter units in various appropriate sections of the city away from residential areas.

"2. Provision of facilities suited to the needs of different types of men having specialized problems and requiring specialized treatment and handling. These include the incurably sick, others requiring hospital or only clinical care, alcoholics, the employable and non-employable and veterans entitled to special benefits under federal and state legislation."

Jet Bomber Sets Record Of 607.2 Miles Per Hour

WASHINGTON. — An arrow-shaped B-47 jet bomber has streaked through the stratosphere

at an average speed of 607.2 miles an hour in the fastest transcontinental flight ever made.

The bomber, rated as "light" despite its 125,000 pounds, flew 2,289 miles from Moses Lake air base in Washington state, to Andrews field, Md., a few miles southeast of the capital, in three hours and 46 minutes.

The pace was 27 minutes shorter in time and 23 miles faster in average speed than the official record of four hours and 13 minutes at 584 m.p.h. established by Col. William H. Council in an F-80 Shooting Star two years ago.

However, the air force will claim no record. The flight was not timed officially and the plane did not fly the recognized contest course. The recognized course—the one that Council flew—is Los Angeles to New York, 2,464 miles.

Given Only Year to Live, Man Takes up Robbery

ROCKFORD, ILL. — Walter R. Molander, 32, vice-president of a display equipment firm, confessed that he committed three stickups because a doctor had told him that tuberculosis would kill him within a year, "and I didn't have much to lose."

Police Chief Folke Bengston said that Molander admitted robbing a salvage yard of \$300, a barbershop of \$25, and a loan company at Freeport of \$750.

Bengston said Molander also admitted stealing cars here and in Freeport and using them in the robberies.

"I was swamped by debts, and a gun was the easiest solution," Molander said.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess blood and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Thank God for God!

Lesson for August 7, 1949

WHILE the little children are thanking God for birds and bees and oatmeal, let us grown people rise and offer some adult thanksgivings.

Reading the Psalms of praise which are this week before us, we get the impression that these poets were grateful above all not for anything God had given but for God himself. Thank God for God! sings Dr. Foreman through every line.

Suppose there were no God? He is the Creator of all; without him nothing else can be. The nature of time and space, of molecule and atom and electron, the mighty power that holds all together; the emergence of life, of mind, the possibility of thought, of values, whatever is and whatever can be, is because he wills it so. That there is energy in the atom, light in the sun, refreshment in the rain and power in the lightning—that these things can be and that anything can be, we thank the God.

No Unrighteousness in Him
SUPPOSE God were not good? A vast and vicious devil, his immense mind brimming with intelligence and malice, could perhaps have contrived a universe more enormous than this corner of one which is known to us. A creative devil—what pangs he could have invented to torture his creatures!

It may be, indeed, that only on this earth is there rebellion against the Creator, and that elsewhere in God's dominions all is peace. But suppose it were true that all the evil in the world was ordained by some Creative Hatred?—all the goodness in the world only an illusion, a deception?

Suppose it were the intent of some devilish maker of man finally to destroy all his creatures, or worse still, to make every creature long bitterly for death but find none? Let us thank God for God: the God of mercy whose loving kindness endureth forever.

He Knoweth Our Frame
LET us thank God for his providence. He did not create and then forget us, nor give us so much freedom that we could destroy his majesty or bring to naught his mighty plan. Let us thank God for his infinite love and interest that spares and speeds us, his knowledge of our frame, his remembering even the hairs upon our heads. Let us thank God that being infinite he can have a care for the infinitesimal, and that not a sparrow falls to the ground without our heavenly Father. Let us thank God whose care for us is such that without his knowledge not the least of his creatures can fall asleep.

From death and disaster we and the nation and the world have been saved, time and again. Frail is the craft in which the human spirit is launched through this pathless universe; yet it holds, and will hold, because the universe is there by his almighty decree.

In spite of the chaos of men's unruly wills, in spite of we know not what rebellions in the spirit world, he sees to it that not one good is ever wholly lost.

Who Redeemeth Thy Life
LET US PRAISE God for his promise and for his faithfulness. That he has not left us to our sins nor given us up though long we scorned him; that his divine patience outlasts the hasty heart; that he spared not his own Son but freely gave him for our sakes; that none who come to him will be cast out; that the God who creates is the God who redeems, we praise him from a heart of love. As the Psalmist of old knew himself as one of the children of the Covenant, so may every man who takes God's promises and makes them his heart's own.

To take this God for my God—this is the beginning and the end of religion. To step out on his promises as on a bridge that stands secure above all the floods of eternity.

To trust in his faithfulness though all the race of man were liars; to look down the vista of the years without fear, knowing that the God of our fathers will be the God of each succeeding race, that his mercy is everlasting to everlasting and that his kingdom ruleth over all—this is to know him, and this is life eternal. Thank God for God!

Make Pleasant Work of Canning Relishes

(See Recipes Below)

Savory Relish

RELISHES go with meals just as easily as some foods team together. What's a sandwich without crisp pickles, or peanut butter without jelly? Doesn't a meat platter look bare without spiced peaches? What's a hamburger without chili sauce or catsup?

If you answer these questions favorably, you probably are planning to stock your canning cupboard with a variety of these relishes, for they are just as much a part of your food supply as are fruits and vegetables.

There's little chance of failure if you follow recipes because spices and vinegar are a preservative and make success easy.

HERE'S A FAVORITE pickle which you'll want to make, especially if there are lots of sandwiches made at your home:

Chunk Pickles
(Makes 8 pints)
25 large (about 6 pounds) cucumbers
3½ cups salt
3 quarts water
2 tablespoons alum
1 quart vinegar
8 cups sugar
2 2-inch sticks cinnamon
2 blades mace
1 tablespoon whole cloves

Wash cucumbers; place in a stone crock or jar; cover with cold brine made by dissolving salt in water; let stand for two weeks. Remove cucumbers from brine; wash and trim off stems. Cut, cross-wise, into one-inch pieces. Cover with cold water; add alum and let stand overnight. Drain and wash well. Combine remaining ingredients and bring them to a boil. Pour immediately over cucumber chunks and let stand. Repeat this process for three mornings, reheating the syrup each morning, place cucumbers in sterile jars. Pour hot syrup over them and seal at once.

Chili Sauce
(Makes 4 pints)
10 pounds red tomatoes
1 quart chopped sweet red peppers
1 cup finely chopped white onions
1 quart sugar
2 tablespoons salt
5 cups vinegar
1 teaspoon mustard
1 teaspoon ground cloves
1 teaspoon nutmeg
1 teaspoon celery seed

Scald tomatoes, remove skins and cut out cores. Wash peppers, remove seeds and dividing membranes. Put all through food chopper. Add all remaining ingredients and mix thoroughly. Boil for two hours, stirring frequently to prevent burning, until thick. As soon as the sauce is of desired consistency, pour into sterile jars and seal.

Ripe Grape Jam
(Makes 12 6-ounce glasses)
5½ cups prepared fruit
7 cups sugar
1 box powdered fruit pectin

To prepare fruit, slip skins from three pounds fully ripe grapes. Add one cup water to the pulp, bring to a boil, and simmer, covered, for five minutes. Remove seeds with sieve. Grind skins and add to pulp. Measure sugar into dry dish and set aside until needed. Place measured fruit into a five or six-quart saucepan, filling the last fraction of a cup with water, if necessary. Place over hottest fire and add fruit pectin; mix well and continue stirring until mixture comes to a hard boil. Continue stirring, bring to a full rolling boil, and boil hard one minute. Remove from fire, skim and pour into sterile glasses. Paraffin hot jam at once.

In making catsups, use a low heat and stir frequently to prevent the mixture from burning. Food choppers may be used for catsups, sauces and relishes for cutting vegetables and fruits easily.

Cider vinegar is most frequently used for pickling since many people like its mellow flavor. Light vinegar may be used for pickling light colored fruits and vegetables.

Over-mature vegetables will frequently give you tough and tasteless pickles.

Fruits which are overly-ripe should not be used for pickling as they will not hold their shape well enough to make nice pickles.

All relishes should be stored in a cool, dark place, away from drafts.

LYNN SAYS:
Observe These Tips For Crisp Pickles

Salt used in making pickles should be of good quality, with not too much chemical added to it to prevent caking. Table or dairy salt, such as is used in flavoring butter, is good to use.

In making sweet pickles, do not place them in too heavy a syrup or they will shrivel. The vinegar solution should not be too strong, either, at first or the pickle will shrink.

Spiced Peaches
(Makes 4½ quarts)
10 pounds clingstone peaches
3½ pounds sugar (7½ cups)
5 cups vinegar

3 sticks cinnamon
4 teaspoons whole allspice

Choose ripe but firm, medium-sized peaches. Place sugar and vinegar in a saucepan and heat to boiling. In the meantime, slip the skins off the peaches by dipping them in hot water for a minute or two, then in cold water. Stick two or three cloves in each peach. Tie remaining cloves, cinnamon and allspice loosely in a cheesecloth bag and drop this into the boiling syrup. Add 8 to 10 peaches and cook until tender. Place peaches in sterile jars and cover with lids but do not seal.

When all the peaches are done, pour hot syrup into each of the jars to within ½ inch of the top. Seal at once.

PLUM CATSUP is an excellent relish to use with meats and fowl.

Plum Catsup
(Makes 5 pints)
5 pounds plums, pitted and chopped
½ pound tart green apples, peeled and quartered
2 cups vinegar
4 cups brown sugar
3 tablespoons cinnamon
½ tablespoon cloves
½ teaspoon mace
½ tablespoon salt

Cook plums and apples in vinegar until soft enough to put through a sieve. Add remaining ingredients and simmer until as thick as desired. Pour into sterile jars and seal at once.

Of course this senate resolution is not in good faith. They know there is a federal deficit of over a billion dollars now. The deficit will be bigger next year. So they all talk economy, but they don't want economy for their pet scheme, nor for their own states or districts.

And the facts are the senate simply has demonstrated it does not have the intestinal fortitude to take the steps necessary to balance the budget.

Reason for Move
Reason for this move of the senate into the old supreme court chamber as we pointed out in a previous column, is necessary vacation of the senate chamber so workmen can repair the roof, install air conditioning and new acoustic properties.

And while this improvement of the senate chamber was voted in the 79th congress, approved in the 80th and the contract let in October 1948 to cost something like 2.3 million dollars, a battle over spending the money came up the other day when tall, handsome Senator Lodge of Massachusetts sought to prevent any tinkering with the present senate decorations. He sought an amendment to an appropriation bill to prevent it and lost.

He also lost two appeals to the chair and the senate voted him down twice.

Complained Senator Lodge: "All these plasterers and all these painters will be taken away and the senate will be made to look like the inside of a bank. The whole appearance of this chamber in which so much that is wonderful in American history has taken place, is to be changed. I think it is presumption. I think it is in bad taste . . . to change the whole appearance of the senate chamber."

Historic Room

WITHIN the hallowed confines of the old supreme court room where more than a century and a quarter ago the United States senate of the young republic met with only 34 members, the living senate today is again in session.

From 1810 to 1859 the United States senate debated the principles upon which our government is founded and the spirit and heritage left by those early-day statesmen still cling to the somewhat musty atmosphere of the small semi-circular room where 96 senators are packed and jammed together with 25 members of the working press and the necessary senate clerks.

The historic room where for 76 years after 1859 the United States supreme court wrote the law of the land until it moved into its new building in 1935, with its original paintings and fixtures restored after burning by the British in 1814, is still reminiscent of those early days.

Unfortunately today there are no Daniel Websters, or Henry Clays or John C. Calhouns. It was here that Webster trumpeted, "Liberty and Union, now and forever, one and inseparable." It was here that the Monroe Doctrine was first proclaimed.

Unfortunately today there are no ringing patriotic declarations, but rather there is evasion of responsibility and the constitutional authority of the United States senate.

For whatever may be the final outcome, it is here that the United States living senate is on record formally to surrender the congressional purse strings of the government to the chief executive. For it is here that 61 senators, 24 Democrats and 37 Republicans, representing 49 of the 48 states signed a petition urging the majority leader to bring out of committee the resolution which passes on to the President the responsibility of slashing all appropriations "in the aggregate equal not less than five per cent nor more than ten per cent of the total amounts estimated in the budget."

This is a most flagrant evasion of the constitutional prerogative of congressional power. Said Senator O'Mahoney of Wyoming: "This bill, if it should be enacted, would hand over to the executive the complete power to cut the appropriations which only the congress is supposed to make in the first instance."

Facts Outlined
Here are the facts. The house cut most of the appropriations bills. The senate has dawdled along and even had to pass special appropriations bills to pay salaries of government employees after they missed one pay day. But the senate has restored many of the house cuts and raised some. And now the senate seeks to pass its responsibility on to the President to make horizontal cuts in all appropriations, to which the house will never agree, because the house is mad.

Of course this senate resolution is not in good faith. They know there is a federal deficit of over a billion dollars now. The deficit will be bigger next year. So they all talk economy, but they don't want economy for their pet scheme, nor for their own states or districts.

And the facts are the senate simply has demonstrated it does not have the intestinal fortitude to take the steps necessary to balance the budget.

Sports Afield

(By Ted Kesting)

One of our most perennial outdoor battles is that waged by fresh-water anglers and those who fish the salty waters of the seas as to which branch of fishing is superior. Let's take a look at the arguments of Robert D. Hall, author of many salt water fishing articles.

In fishing salt water the angler is at a disadvantage because of the meager information available concerning marine fishes. Much of his knowledge is gained by personal experiences in fishing a particular section of our coast. And it isn't easy to study

fish that are nearly always moving up or down the coast, or inshore or out with tide and food.

The controversy between black bass fishermen and sea trout fishermen, or the musky fisherman and the bonefish fisherman boils down to the fact that it is not so much the species of fish you may catch, but how light the tackle you use.

No man will ever derive the utmost fun from fishing until he has reached the point where he considers the battle far superior to the catch. It is very encouraging to see the trend in recent years toward lighter-weight fishing equipment.

The tarpon fishermen have

World-Citizen Counts Home Countries of Daily Devotional Booklet Authors

Nobel prize winner, Dr. John R. Mott, searches the globe to enumerate the countries represented by contributors to the first international issue of The Upper Room, the world's most widely used devotional guide.

Honorary president of the World Council of Churches, this famed Christian layman was chosen to be the only American among the 60 overseas contributors to the September-October number. Two million copies are being printed, including editions in Portuguese, Spanish, Chinese, Armenian and Braille.

Dr. Mott is familiar with every land where Christianity is preached, having made 110 Atlantic and 18 Pacific crossings.

He holds that Christianity will never be fully understood until believers of all races and cultures have made their contribution to its interpretation.

discovered that a splittail streamer tied on a 2/0 O'Shaughnessy hook will usually drive these small 8-or-10 pound tarpon crazy in their mad rush to strike this tantalizing lure. You decide if this is equal to catching a bright salmon. Here both anglers use a 6-ounce fly rod for their sport.

It can be truthfully stated that more tarpon are lost than salmon. Of course, we must grant the bonelike construction of the tarpon's mouth makes hooking more difficult than gently taking up the slack line when salmon fishing.

Hall asserts that fresh-water fishing can offer nothing comparable to stalking a bonefish in the crystal-clear waters of the Florida Keys with a 4-ounce tip rod and 150-yard reel, loaded with 6-thread line.

But the real fascination of salt-water fishing lies in the uncertainty of the size of your catch and the type of fish. This great uncertainty of the catch makes it superior in many ways to the angling in fresh-water lakes and streams. So claims Mr. Hall.

Grotesque Items Hold Interest at Museums

MILWAUKEE.—If the persons who annually make more than a million and one-half visits to the public museum were to be polled as to their favorite exhibits, it's a safe guess that they'd place shrunken heads and mummies high on the popularity list.

More questions are asked about the shriveled heads of dark skinned Jivaro Indians, who ploded the jungles of Ecuador some 50 years ago, and the bound forms of two Egyptian priests than any other exhibits, according to museum guards.

Some visitors return annually to see whether the heads have shrunk any more or if the glaring Jivaros still have their teeth. They do.

Young and old, they gaze with fascination at the mummies, one of them 2,600 and the other 3,600 years old.

"I've often wondered why the shrunken heads and mummies are so popular," commented Dr. Walter D. Kline, associate curator of education at the museum. "I guess it's the grotesqueness of it all. That same tendency is evident in the extreme interest of some children in seeing skeletons of both animals and humans. Only, in those cases, it doesn't take much of a look to satisfy them. One glance and they are ready to take in something else."

Visitors find it difficult to believe that birds mounted with the original coat of feathers are not faked reproductions.

I went to my first and last dollar day a short time ago. After I got my toes trampled; shoved around; had things jerked out of my hands in that mad rush, I almost swore. I bought one dozen handkerchiefs, (10c each in anybody's store) for \$1.00. My expense for the trip was \$2.50 for gas (no oil); \$7.00 depreciation on my car (175 miles at 4c per mile) lunch for two \$1.70 (no flat tires.)

The merchandise which I bought really cost me \$12.20. This much money spent in any local store would have bought a lot and the \$12.20 would still be in our good little city. This is

STEEL PRESS WHEELS

Rolkleen V-Tires help speed germination by pressing seeds down into bottom and sidewalls of furrows, where moisture is most highly concentrated. The plant comes up 2 to 5 days sooner in many cases—giving you a head start on an earlier, bigger-yielding, better-paying harvest.

NO DIRT BUILD-UP: FIT PRESENT WHEELS
★ Smooth V-side walls prevent build-up of dirt and mud so common with flat press wheels. Semi-pneumatic Rolkleens shake off dirt and mud—and pull easier, roll quietly, and absorb shocks.

★ Prolong press wheel life. Hub turns 1/4 slower. Less dirt gets into bearings, because wheel flanges don't dig into furrow sidewall.
★ You can easily install on your present steel wheels. Made of tough, long-wearing rubber. Rolkleens soon pay for themselves!

(A) Rolkleen packs soil completely around seeds, leaves moisture-catching mulch behind in its track; (B) Flat press wheel packs soil unevenly, makes a hard crust.
