Wilson Rules Out Rejection Of Harrison

AUSTIN, Nov. 30 (AP)—The state Senate's rejection of William Harrison as commissioner of insurance was based on a section of law that is unconstitutional, Atty. Gen. Will Wilson held today.

The confirmation or rejection of the insurance commissioner by the Board of Insurance is a non-legislative power and that part of the new insurance code giving it such powers is invalid, Wilson said.

Harrison, one of the state's top investigators in recent insurance failures such as U.S. Trust and Guaranty and the ICT Insurance Co., was turned down by the Senate in an executive session Nov. 12, last day of the first special session.

The action led to widespread criticism of the Senate, which gave no immediate official reasons for its action. Last week, the differences between the Insurance Board and some senators exploded in speeches in the State.

Several senators said Harrison was turned down because they did not feel his experience as an auditor and accountant qualified him. They also said they were not satisfied with reorganization of the Insurance Department under Harrison.

Harrison had no comment on the attorney general's opinion. He said he would confer with Chairman Penn Jackson and other members of the commission. They were out of town.

Harrison was warmly defended by members of the board and Gov. Price Daniel when the Senate rejected him. The board also challenged validity of the Senate action on grounds that it was not constitutional, and Wilson today upheld that view.

Attorney general's opinions have no force of law, but they are usually put into effect by state departments which ask for such guidance in administrative matters.

Apparently, Harrison will continue in office as top administrator for the Insurance Department. The board's work had been virtually brought to a standstill after Harrison's appointment was rejected.

It was entirely possible the matter could not be finally settled until some court action might be brought to test Harrison's right to hold the office in view of the Senate action.

Wilson said the questions raised by the Insurance Board had never been determined by a Texas court.

The courts have held however, Wilson said, that the power of confirmation is an executive function of the Legislature, and that it must be expressly permitted by the Constitution. Approval of appointments by the governor in the Senate fall in this category.

SNYDER SPOTLIGHT

By WACIL McNAIR

When a city, county or school figures that it has exhausted its possibilities for improvements, or the need therefor, it is on the verge of toppling over the crest for a downhill ride.

Few communities in the Southwest have been confronted with 100 per cent apathy for the simple reason that this region still is in a relatively early stage of development. Consequently, nobody finds it necessary to hunt projects which are sorely needed.

Conversely, there is usually so much that needs to be done that the problem boils down to "what can we do next, and what should have priority?"

• • •

From such a field has come the proposal to widen Avenue S in Snyder from the Deep Creek bridge south to the curve near Cogdell Memorial Hospital.

At the same time some work, apparently limited in scope, has been done toward widening Thirty-seventh Street from the Big Spring Highway east to U.S. 84 and 180. The latter project is little less important, if any, than the Avenue S proposal. In fact a type of construction similar to that being considered for Avenue S would not be over-building. Let's hope that it makes more progress during the coming months that it has during the past year.

• • •

These two projects do not represent all of Snyder's traffic needs by any stretch of the imagination. Our town still needs a good east-west artery somewhere between the square and Thirty-seventh street. The cost likely would be greater than for ordinary street work because of structures which would be required for crossing the creek and other factors. Yet, I wonder how much it is costing our city to do without it.

• • •

If you are interested in establishing a junior college in Scurry County, you'll have a chance to get the ball rolling within the next few days. In addition to the usual circulation by individuals, copies of petitions are going to be "stationed" at several locations in Snyder and in some of the rural communities. The petitions will simply call for a formal vote on the proposal, but they will be the first concrete evidence of active interest in the junior college program. At least 10 per cent of the qualified tax-paying voters of the county must sign the petitions before they can be considered by the state board of education.

EISENHOWERS ARRIVE AT FARM—President and Mrs. Eisenhower display broad smiles as they arrive at their Gettysburg farm home after a drive from Washington D. C. The chief executive plans an indefinite period of rest at the farm. (AP Wirephoto)

Asks Fund Power For Coordinator

WASHINGTON, Nov. 30 (AP) — Sen. Knowland (R-Calif) proposed today that President Eisenhower clothe a Defense Department coordinator with broad budgetary powers to channel missile spending into fields most likely to give the United States early superiority over Russia.

Knowland, the Senate Republican leader, said that unless one official has authority to transfer funds between projects being carried on by the Army, Navy and the Air Force, he does not believe the necessary cooperation will be forthcoming to elevate this country from a position of second best in the missile field.

Under the present setup, Knowland said in an interview, William Holaday, assistant secretary of defense in charge of missile development, does not have the budgetary authority the California senator is proposing. Knowland added that apparently no one but the President himself now has the power to make fund transfers.

"We must make certain we get in the lead in all forms of missile production," Knowland said. "We must not be second best. It is quite likely the government is going to have to allot additional funds to the missile program.

"Whether an additional billion dollars or two billion dollars is necessary will depend on the facts as they are developed. But I don't think the mere shoveling in of additional funds is going to solve this problem.

"I do not believe we are going to get full coordination in the program unless the operating head of it is clothed with sufficient authority. The only way he can get that is to have the necessary authority to transfer funds from one missile development project to another.

"Unless he is given that authority he is not going to have the power to coordinate our efforts fully."

Knowland, who said he intends to confer with Bureau of the Budget experts Monday, said he believes Eisenhower can give Holaday the authority he needs by executive order. If some legislation is required, Knowland said, he will see to it that it is brought before Congress.

Knowland expressed confidence that additional funds can be channeled into the missile program without either new taxes or deficit financing. He said he thinks economies elsewhere in the budget will offset some of the increased missile spending.

Fires Cause Some Damage

Two fires Friday did some damage here, but one yesterday afternoon caused no damages, D. A. Porter, fire chief, said.

A cotton seed house at the Paymaster gin three miles west of Snyder on the Lamesa highway was damaged by a fire caused by sparks blowing from the gin's burr burner about 3:30 o'clock Friday afternoon. Firemen reached the scene before the fire did extensive damage, and it was quickly put out.

The inside of a three-room house was heavily damaged by a fire of unknown origin about 9:30 o'clock Friday night.

The house is located at Avenue H and Thirty-fifth Street, is owned by Will Jones, and was occupied by Pearl Harrison.

Grass in the yard of the Charles Kimes home, 2903 Ave ie X, caught fire about 3 o'clock yesterday afternoon, but did no damage.

Assassins Attack Indonesia's Chief

JARKATA, Indonesia, Nov. 30 (AP) — Assassins hurled four grenades at President Sukarno as he left an elementary school tonight, but, he escaped injury. A bloody toll was taken among those around him.

First reports said seven persons—five children and two police officers of the presidential escort—were killed when the exploding grenades ripped through a crowd around Sukarno's auto.

Seven other persons, all children were reported injured seriously. A citywide radio appeal was made for doctors to report to Jakarta's Central Hospital.

A few hours after the attack, Sukarno made a radio speech, appealing to the nation to remain calm. He said that mothers and members of his body guard were injured "and also several have been killed."

There was no immediate clue to the identity of the grenade throwers or the source of the attack.

Military leaders in various parts of the young island republic have been in revolt against the central government in Jakarta in recent months, but last September they pleaded allegiance to Sukarno.

Sukarno's program for a guided democracy for Indonesia has come under strong attack, however. Much of the opposition to it has resulted from his plan to include Communists among members of a ruling National Council.

The grenade attack occurred as Sukarno was getting into his car after speaking at a program at the elementary school attended by his own children. His son, Guntur, 12, and daughter, Megawati, 9, were not among the caualties, reports said.

In his radio address, Sukarno said:

"This is my voice, the voice of Sukarno. I want to express my gratitude to God Almighty that I have been saved from assassination at Tjikin Public School.

"I hereby want to express my deepest sympathy for these victims of terrorism. To the entire Indonesian people and to security agencies, I hereby urge that they remain calm and intensify national security.

"Let us stick together in our grief. May God protect us all."

Canadian Town Is Startled By Tremor

CORNWALL, Ont., Nov. 30 (AP)—An earth tremor startled Cornwall early today. The tremor, which observers said resembled an earthquake, occurred at 1:25 a.m. EST. There were no reports of damage.

The Cornwall area was shaken by an earthquake Sept. 5, 1944, which caused damage estimated at $1,000,000.

Ike Endorses U. S. Lag Report

GETTYSBURG, Pa., Nov. 30 (AP) — President Eisenhower tonight heartily endorsed an advisory report saying America is lagging dangerously in training scientists, with Russia "bending every effort" to achieve world domination in a scientific revolution.

The report by the President's Study Committee on Scientists and Engineers was made public by the temporary White House as Eisenhower continued convalescing at his farm home after last Monday's mild stroke.

In response to the Soviet threat in this space era, the committee told the President that the United States must marshal "our brain-pover resources in company with other nations of the free world, not only for mutual defense but to meet the broader challenges of the scientific age."

The committee chairman Howard L. Bevis, president-emeritus of Ohio State University, said in a letter to Eisenhower:

"The committee believes that the American people have not grasped the full implication of the recent technoligical developments, namely, that we have entered a new phase in man's intellectual progress and social evolution."

Bevis said further that long before such Russian space age advances as the launching of satellites, the Presidential Study Committee felt "very real concern . . . over the Soviet Union's mounting challenge to our technological leadership." Bevis added:

"The successful release of atomic energy some 12 years ago, the recent launching of man-made satellites, exciting advances toward unraveling the mysteries of life itself — these are dramatic symptoms of the new scientific revolution which is reshaping the world.

"There is ample evidence that the Soviet Union is bending every effort to achieve its goal of world domination by leading the way in this scientific revolution."

In replying to Bevis in a letter dated yesterday, Eisenhower commended the work of the Study Committee he created in April, 1956. Of the group's report and its remedial recommendations, the President said:

"It represents a clear picture of the large problems that confront us in building the nation's potential in science and engineering, and it makes pertinent suggestions for action to help solve these problems.

"It's my hope that the organizations whose leaders comprise the committee, as well as others concerned with these questions, will use the competent guidance provided by the report and plan and undertake such action as may be appropriate to their arms."

Syria Says America's Stand Unsatisfactory

UNITED NATIONS, N. Y., Nov. 30 (AP)—Syria said today that because of "so-called NATO solidarity," the U.S. position on Algeria was unsatisfactory. She asked that the United States reconsider the situation there "on its merits."

Syrian Delegate Farid Zeineddine added that the U.N. General Assembly should recommend direct negotiations between Algerians and French "on the basis of independence" for Algeria, with legitimate French interests safeguarded.

Hold the assembly's 82-Nation Political Committee France should negotiate with the Algerian Front of National Liberation—FLN, which he said could speak for Algeria and was ready to negotiate. The three-year-old Algerian revolutionary war, he added, should stop when the negotiations start.

Cmdr. Allan Noble, British minister of state, urged the Assembly to avoid any action that would hamper France in carrying out the pending framework law for Algeria, which he called "a courageous first step." This and supplementary laws would set up an Algerian federation giving Moslems equal voting rights with Europeans in the separate regions but leaving France in over-all control. The French National Assembly approved two of the laws last night.

Noble called for a cease-fire in Algeria leading to free elections to discover "who really can speak in the name of the inhabitants." He said it would be dangerous to equate the FLN's demands with the true interests of those inhabitants. He argued that institutions for such a complex community could be evolved only through the discussion of "freely elected representatives of the community as a whole."

The United States has not yet spoken in the committee's Algerian policy debate. In a communique ending the Washington visit of King Mohammed V of Morocco, Secretary of State Dulles Wednesday said merely that the United States favored a "peaceful, Democratic and just solution" of the Algerian question.

Zeineddine charged that the North Atlantic Treaty Organization, now planning a high-level meeting next month, had supported French rule in Algeria by letting French NATO forces fight the rebels there.

New Zealand Laborites Gain Power

WELLINGTON, New Zealand, Nov. 30 (AP)—Laborites edged the Conservatives in Parliamentary elections today on the basis of unofficial returns. The Socialists thus will return to power after an absence of eight years.

Prime Minister-elect Walter Nash, 76, head of the Labor party, promised in a nationwide broadcast to work for peace in the world. Nash was deputy prime minister in the old Labor government.

Final unofficial returns gave the Laborites 41 seats to 38 for the Conservative National party. One seat will be decided by a special election in January.

Labor will have only a slim working majority. The January election is in a National Party stronghold, and thus the Labor majority may be cut to two.

While the vote swept two Conservative ministers from Parliament, Prime Minister Keith Holyoake, head of the National party, retained his seat by a maorijty of 3,824 votes.

British Ship Hits Iceberg

LONDON, Nov. 30 (AP)—A British research ship struck an iceberg and was badly damaged today some 400 miles off the frozen northern tip of Antarctica, but hours later it was reported still seaworthy and keeping afloat.

The 1,100-ton Shackleton, en route with 60 persons aboard to relieve scientists who had been in the antarctic for two years, radioed tonight it was heading across the storm-tossed Scotia Sea and would try to reach the British island of South Georgia.

The radio message picked up by the admiralty here came as an optimistic footnote to a day of high drama amid the polar ice.

A previous radio signal from the Shackleton had said the master of the crippled ship was trying to beach it on bleak Laurie Island.

SANTA WRITES

North Pole
Nov. 30, 1957

Dear Snyder area children,

I have already received letters from many of you, and I am so busy trying to get your orders ready I haven't time to write you individually.

I do, however, want to write you an open letter asking you to be sure to be on the courhouse square Tuesday afternoon, because I want to see every one of you.

You are always asleep when I make my rounds on Christmas Eve night, and the only opportunity I have to see you is when I make my annual pre-Christmas visit.

I'm giving the reindeer a vacation this year, and I will come to Snyder by helicopter. I plan to land on the square at 4 p.m. Tuesday.

Since I will be busy that day visiting with you, I have asked the merchants committee of the Chamber of Commerce and the boys and girls committee of the Downtown Lions Club to help me. The Lions will be passing out candy to all of you while I'm there, so don't miss it.

While you are there, please do not get in the way of the helicopter, and watch for cars on the street, so none of you will be injured.

Yours,
Santa Claus

Solons Try Again To End Session

AUSTIN, Nov. 30 (AP)—A Legislature that has finished its assigned job but can't agree on a quitting date will try again to end it all next week.

The House meets Sunday at 6 p.m. in an extraordinary session that very likely will not have enough members present to do anything but adjourn until Monday.

The Senate had such a session yesterday, with 4 of 31 members present. Senators were outnumbered 6 to 1 by newsmen, clerks, doorkeepers and other attaches.

Those situations came about when both houses, squabbling over final adjournment and one remaining segregation bill, couldn't agree on granting mutual permission for a Wednesday-to-Monday Thanksgiving holiday.

The Consntitution proves that neither house shall adjourn for more than three days at a time without the consent of the other. Members of the House and Senate butted heads over this question, and over the matter of final adjournment, for hours Wednesday without avail.

Then the Senate, as it often does, took matters into its own hands. It adjourned until Friday with an understanding that almost all would stay at home.

The House then had no choice. To get as well around the three-day rule as the circumstances permitted, it quot until 6 p.m. Sunday.

There may have been in the dim past some occasion when the Legislature or either branch of it met on Sunday, but not in modern times.

The only bill of major nature pending is the registration measure—one that both the House and Senate have passed in precisely the same textual form. A technicality has kept it from going to the governor.

Gov. Price Daniel's suggested program was disposed of early last week when the lawmakers agreed on a troop-school closing bill and a bill bolstering state legal aid for local school districts involved in federal integration suits.

Daniel did not urge the registration bill as one of the purposes for which he called the second special session. The measure's authors say it is aimed at making public the rolls of the NAACP.

Skies Clear Over Texas

By The Associated Press

Skies were clear over all of Texas Saturday and temperatures rose into the 50s after an early day freeze that extended deep into Central and East Texas.

Winds that whipped across the state in a cold front diminished.

Another freeze was forecast for much of the state with clear skies and fair weather through Sunday.

The Weather Bureau said more cold air is poised to the northwest of the state but that it was too early to tell what effect it will have on Texas.

Early morning temperature lows ranged from 18 degrees at Salt Flat to 44 at Brownsville.

Small craft warnings remained up from Brownsville to Pensacola, for winds of 25 to 35 miles per hour diminishing Sunday.

WEATHER

SNYDER TEMPERATURES: High Friday, 49 degrees; low, 22 degrees; reading at 7:30 a.m. Saturday, 24 degrees.

East Texas, South Central Texas, North Central Texas and West Texas: Generally fair Sunday and Monday with slowdly rising temperatures.

Oilman Dies Of Injuries After Fall

MIDLAND, Tex., Nov 20 (AP) — William D. Lane, 59, widely known West Texas oilman, died early today of injuries suffered in a fall at his ranch 30 miles southeast of Rocksprings in Real County.

Lane retired in 1954 after serving as general superintendent in charge of all Plymouth Oil Co. activities in West Texas, New Mexico and the Rocky Mountain area.

He had considerable oil property and owned ranches in Real, Uvalde and Comanche counties. He also was associated with a son in Lane Bros. Trucking Co. of San Angelo and Odessa.

Members of the family said Lane was awakened by a noise early today. He fell and suffered a concussion on concrete steps leading to the basement of the ranchhouse. Death came about an hour later.

A native of Comanche County, Lane started his career in 1924 at Texon, Reagan County, with Big Lake Oil Co., a subsidiary of Plymouth Oil Co. He later joined the parent firm and stayed in Texon until 1939, when he was transferred to Brownfield.

Lane came to Midland as superintendent of the firm's Midland district in 1942.

Services will be held here at 2 p.m. tomorrow with burial in Midland.

Survivors include the widow; two sons, James and William C. Lane, both of San Angelo; his parents, Mr. and Mrs. J. F. Lane of Comanche; one brother, Floyd Lane of Longview; and five grandchildren.

Four Rebels Killed

HAVANA, Cuba, Nov. 30 (AP)—The Cuban army announced today troops killed four rebels attempting to burn sugar cane fields in Oriente Province.

Ike Still Making Speedy Recovery

GETTYSBURG, Pa., Nov. 30 (AP) — President Eisenhower marked up additional headway today toward recovery from a mild stroke—with the Army-Navy football game on television as a personally prescribed tonic.

The commander in chief of the armed forces went through the customary motions of neutrality, then gathered old friends around him and rooted for Army from start to finish.

And, as he went through an otherwise quiet day of recuperation at his country estate, Eisenhower's doctor, Maj. Gen. Howard M. Snyder, reported that his patient "had another good night's sleep" and that "his progress continues to be excellent."

White House press secretary James C. Hagerty described his boss as in a "very good" mood. He said that, "To me, he looks increasingly better every day."

As to how the President felt about the 14-0 beating his alma mater took from the Navy, there was no way of telling immediately. Hagerty said late this afternoon he hadn't contacted the President about the game's outcome and didn't plan to.

Hagerty and Eisenhower handled a bit of official business. But otherwise, the President spent the day reading, loafing, and taking in the big game.

There wasn't much else to do, because it was a wet, raw day and it kept the chief executive indoors.

So he had an early lunch and nap, and then plunked himself in front of the TV set on the glass-enclosed porch of his home.

Pulling for Army, of course, was just what could be expected. For after all, Eisenhower is the most noted graduate of the West Point class of 1915. Furthermore, he was a halfback on the football squad until a knee injury ended his gridiron career in his sophomore year.

He did get in some formal "best wishes" to the Navy team today. But his loyalty to Army came out in a definite word of encouragement to the West Point squad.

Monday Is Dollar Day In Snyder ... Don't Miss It

OIL ROUNDUP

California Crude Records Separate

By MAX B. SKELTON

HOUSTON, Nov. 30 (AP)—The oil industry must keep a separate set of supply and demand records for California.

Transport problems and other factors have forced the industry in recent years to add emphasis to a rather old practice of figuring the state's crude production and products demand separately from the rest of the nation.

California has complicated the problem. The state's crude oil production this year declined a fourth straight year but the state still lead the nation in increased demand for gasoline.

Since 1953 the state's annual crude output rate has declined over 14 million barrels. Its demand for gasoline alone has increased over 17 million barrels a year.

Such a combination of production decline and demand increase caused President Eisenhower's advisory committee on energy supplies and resources policy in May 1956 recommended that any efforts to limit foreign oil imports exclude all imports to California and the West Coast.

Administration officials said at the time the recommendation was made to permit desirable flexibility in California as the industry made adjustments needed during transition from a surplus to a deficit producing area.

The advisory committee reaffirmed its recommendation in late 1956 just before the Suez crisis halted government plans for voluntary efforts to limit imports. The West Coast exception was included, however, in President Eisenhower's order of last July 29 establishing the current voluntary curtailment program.

Independent oil operators, leaders in the fight against imports, now contend California imports have increased sharply since the July 29 presidential order. A Washington hearing was held this week to determine whether West Coast imports should continue to be excluded from quotas set under the voluntary program.

166 Oil, 23 Gas Wells Completed

AUSTIN, Nov. 30 (AP)—The Railroad Commission said today 166 oil wells and 23 gas wells were brought in this week in Texas.

Wildcatters completed were 7 oil and 1 gas well. Wells plugged totaled 104.

Oil well completions total 14,110 for the year compared to 14,929 wells last year. Gas wells this year totaled 1,707 compared to 1,626.

Some 64 dry holes were reported, a total of 6,850 for the year compared to 7,410.

The daily oil allowable today was 3,069,922 barrels compared to 3,063,918 a week ago, an increase of 6,004 barrels.

San Andres Extended In Diamond M

San Andres production has been extended approximately one mile north in the Diamond "M" multi-pay field of Scurry County with completion of Monsanto Chemical Co. No. 53-G-1 McLaughlin, 15 miles southwest of Snyder.

It was completed for a daily pumping potential of 56.84 barrels of 38 gravity oil, with gas-oil ratio 130-1.

Production was through perforations between 2,488-506 feet in 4½-inch casing set at 2,582 feet on total depth of 2,600 feet. Pay section was fractured with 20,000 gallons of oil and 20,000 pounds of sand.

Top of pay was picked at 2,456 feet.

The project, originally slated as a Glorieta wildcat, is 990 feet from the north and west lines of 196-97 H&TC.

Fisher Wildcat, Garza Stepout

A wildcat eight miles northeast of Sweetwater was circulating at 6,045 feet in lime and chert. It is Amerada Petroleum Corp. No. 1 Ada Adrian, W. L. Coulson Survey in Fisher County.

A drillstem test was taken from 5,975 to 6,003 feet with the tool open for 95 minutes. Recovery was 10 feet of mud with no shows.

Blanco Oil Co., et al, of San Antonio has filed application to drill the No. 4-A J. N. McCrary, as a location east stepout to the three-well O. S. Ranch (Glorieta) field of Garza County, 12 miles east of Post.

It will be drilled to 2,850 feet with rotary.

Location, on a 473-acre lease, is 603 feet from the north and 3,690 feet from the east lines of 1-E W. Clark survey.

New Wildcat Set In Nolan County

Nolan County has gained site for a new wildcat in the area three miles north of Dora.

The venture is Coroco Drilling Co. of Dallas No. 1 TXL slated for 6,500 feet with rotary.

Drillsite is 660 feet from the north and east lines of Section 77, Block 5, T&P Survey.

Monterey Oil Co., San Antonio, No. 42-102 Emily A. Bridgeford was spotted in the Group, West (Strawn) Field.

Location is nine miles northeast of Blackwell, 1,934 feet from the north and 660 feet ffom the east lines of Section 102, Block 1-A, H&TC Survey. Permit depth applied for is 7,100 feet with rotary.

The Pure Oil Co. No. 1 Ralph Mims, Section 33, Block 22, T&P Survey, wildcat 1½ miles northwest of Sweetwater, was drilling below 5,922 feet.

Operator cored from 5,675 to 5,725 feet. There were no shows.

Tip From Russians

STRAUBING, Germany, Nov. 30 (AP)—Farmer Hermann Spanner is baking sunflower seeds into bread and trying to sell it to the U. S. Army. He said vitamin-packed sunflower seeds would give the soldiers added strength and stamina. He got the idea when he saw Russian soldiers in World War II chewing sunflower seeds as Americans chew gum.

Employment, Bank Deposits Show Decline

DALLAS, Nov. 30 (AP)—A decline in employment and bank deposits was reported today in the 11th District by the Federal Reserve Bank of Dallas.

Construction contract gains and a slight oil production increase were noted. Retail trade rose slightly but was less than seasonal, the report stated.

Harvest delayds and crop damage from the late October freeze and heavy November rains also were reported. The report stated:

"Nonagricultural employment in the 11th District states turned down contraseasonally in October, and the year-to-year margin of gain was reduced to 1.08 per cent. Unemployment in Texas rose for the second consecutive month, reaching 4.3 per cent of the labor force.

"Retail trade at district department stores in October exceeded the October 1956 total by 1 per cent, but the 9 per cent gain over September was less than seasonal."

The report said open weather late in November "encouraged rapid harvesting as a series of cold fronts presented a constant threat to field work.

"Range conditions continued to improve with the abundant moisture supplies, and in some areas forage is in excess of current requirements.

"District crude oil production rose slightly in the first half of November but was at a level sharply below last year. Crude imports declined below the amount allotted in the voluntary imports program," the report stated.

Four DWI Cases Are Filed Here

Four cases of driving while intoxicated were filed in county court here Friday and Saturday after arrests by city police.

The charges were against men named Noble Aron Nowlin, George Jefferson Webb, Ira F. Ortiz, and Alvin H. Durden.

All but Ortiz made $250 bond, with J. B. Early, Sr., as bondsman for Nowlin, Pat Beene for Webb, and Robert R. Patterson for Durden. Ortiz had not entered any plea by yesterday.

A Meter Mecca

TORONTO, Nov. 30 (AP)—Police arrested Samuel Malsky, 65, on a charge of stealing $4.50 from city parking meters. A search of his pockets turned up a home-made key for the meters. He has banked $60,000, police reported.

Eggs produce nearly twice as much revenue nationally as chicken meat for poultry raisers.

ARCHBISHOP DANCES AT PARTY—Archbishop Richard J. Cushing, of the Boston Archdiocese, does an Irish jig with Mrs. Mary Cash at the Archbishop's annual Thanksgiving Day party for old folks. About 1600 old timers enjoyed a turkey dinner and afternoon entertainment at the affair. (AP Wirephoto)

Another Skeleton Is Found On Farm

PLAINFIELD, Wis., Nov. 30 (AP)—Officers of three counties converged on the secluded farm of admitted killer - Ghoul Edward Gein today after the discovery of another skeleton in a garbage pit raised the possibility of additional slayings.

Sheriff Frank Serles of neighboring Adams County said that it was "very possible" a skeleton unearthed yesterday by Portage County Sheriff Herb Wanserski was that of a mysterious, money-flashing stranger who vanished with an Adams County acquaintance while hunting five years ago.

State Atty. Gen. Stewart Honeck, placed in overall charge of the investigation last Monday by Gov. Vernon Thomson, said this afternoon that the finding of another body "is not inconsistent" with some of the information drawn from Gein during extensive lie detector tests.

He said at Madison that he has sent an investigator to Plainfield to help county officers and added. "We may come up with something more."

The sensational new development came as authorities in Gein's home county Waushara, expressed themselves as "just about satisfied" with the 51-year-old handyman's story that he had killed and butchered two neighborhood women. Gein claimed that parts of an undetermined number of bodies found in his home had been dug out of new graves.

So far, Gein has specified nine graves, although State Crime Laboratory officials indicated "there might be more than nine" bodies involved in the frail-appearing, sometime babysitter's grisly collection of human heads and other remains.

Gein was arrested two weeks ago today after the mutilated body of Mrs. Bernice Worden, 58, was found hanging by the heels in his woodshed. A week ago Gein was committed to Wisconsin's Central State Hospital for the Criminal Insane to determine whether he is sane enough to stand trial for first degree murder in the Worden case. He also has admitted similarly slaying Mrs. Mary Hogan, 54, a Portage County tavern operator, in 1954.

But he insisted the other human remains came from cemeteries.

Scrutiny Urged

MOSCOW, Nov. 30 (AP)—Pravda, voice of the Soviet Communist party, demanded today a careful political scrutiny of all candidates up for election as judges to the Peoples Courts.

Missiles For Europe Would Hike Aid Cost

WASHINGTON, Nov. 30 (AP)—Arming allied forces in Europe with Intermediate Range Ballistic Missiles is estimated to cost the United Stated 150 million dollars initially in increased foreign aid next year.

The Eisenhower administration is expected to advise allied leaders of the price tag which presumably will go up in future years as more missiles become available to equip more bases.

Administration officials now are pressing to a conclusion the basic political and military plans and decisions which will constitute U. S. policy in the North Atlantic Treaty summit conference in Paris beginning Dec. 16.

At least the outline of the program will be presented to Democratic and Republican congressional leaders at a White House meeting Tuesday.

With President Eisenhower recuperating at his Gettysburg farm from his latest illness, Vice President Nixon and Secretary of State Dulles met at Dulles' home today to plan the administration's approach to the Tuesday session. Maj. Gen. Wilton B. Persons, presidential assistant, sat in on the 2¼ hour session.

On emerging Nixon said he had no further information on whether he—or the President—will speak for the United States at the Paris NATO meeting. He said Eisenhower will make a decision at "the proper time." The President is understood to have told friends that he is eager to go to the Paris conference if he possibly can.

The U. S. ambassador to the North Atlantic Treaty Organization, W. Randolph Burgess, is returning to his Paris headquarters this weekend. As Dulles and Nixon brief congressional chiefs here on U. S. plans, Burgess will get in touch with representatives of allied countries so they too can be informed of Washington's intentions.

One of the specific proposals which Eisenhower or Nixon is due to put up to allied leaders is for a network of missile bases in the European area. It would be up to the NATO commander, Gen. Lauris Norstad, to say where the bases should be.

The United States would stockpile atomic warheads near the missiles for use in event of war. The warheads would be kept under U. S. control until the shooting started.

One of the problems in any such new project is its cost which, so far as American work on the missiles plan is concerned, has been figured within the administration here as part of the foreign military aid expense.

Congress voted $1,878,000,000 last session for military, as distinguished from economic, aid on a global basis. While all the funds have not been committed, America's European allies are expected to get between 750 and 800 million of this total, of which almost half is for new weapons.

Hidalgo County's Engineer Is Dead

HOUSTON, Nov. 30 (AP)— Henry Griffin, 70, of McAllen, county engineer for Hidalgo County 20 years, died today at the Anderson Hospital and Tumor Institute.

Griffin, a native of Henderson, was a state director from the Rio Grande Valley Chapter of the Texas Society of Professional Engineers.

Griffin moved to San Benito in 1907 and helped lay out the town site and irrigation system. In 1908 he assisted in similar work at Edinburg.

Survivors include the widow; two sons, John of Mission and Henry of Harlingen; and a daughter, Mrs. J. C. Monk of Abilene.

AGRICULTURE

13,351 BALES GINNED

Moisture-Damaged Cotton Brings 20 To 28 Cents Here

Scurry County cotton farmers, who have already suffered heavy losses on their cotton crops even before gathering them from the fields, continued their cotton harvest last week.

By yesterday afternoon, a total of about 13,351 bales, or about 2,500 more than at the same time the previous week had been ginned.

While in one or two areas, the majority of farmers have already started machine harvesting, the harvest is still by labor in most of the county.

The mass machine harvest is still a week or so away, most ginners estimated.

Most of the cotton coming into the gins is low grade because it was damaged by heavy fall moisture, but some is still of fairly good grade.

Farmers are getting from 20 to 28 cents per pound for cotton, and the average seems to be about 24 to 25 cents in the county.

The three Snyder gins had turned out 5,305 bales by this weekend. Other figures included 1,041 at Ira, 981 at Fluvanna, 1,809 at Hermleigh, 1,830 at Inadale, 1,660 at China Grove, and an estimated 725 at Dunn.

Ketner Rites Set In C-City

Funeral services will be held at 2 p.m. today in Colorado City for E. P. (Henry) Kitner, 46, formerly of Snyder.

Mr. Ketner died Friday afternoon in Veterans Hospital at Big Spring after an illness of several months.

Born Dec. 25, 1910, in Snyder, he lived in both Snyder and Colorado City several years. He attended school and graduated at Abilene High School. He was a veteran of World War II. He was a member of the Westminister Presbyterian Church in Lubbock Mr. Ketner was a meat cutter by trade.

The Rev. Clarence Collins, pastor of the First Methodist Church of Colorado City, will officiate at services at Kiker & Son Funeral Home chapel there. Burial will be in the Snyder Cemetery.

Pallbearers are to be Don Robinson of Snyder, H. L. Hutchinson of Abilene, Henry Billberry, Raymond Fuller, A. D. Baker, J. D. Norman, all of Colorado City.

Survivors include his wife, Ruth Ketner, of Colorado City; his mother, Mrs. J. E. Ketner of Colorado City; and two brothers, Jennings Ketner of San Angelo and Jim

Several To Farmers Union Convention

Several delegates from Scurry County Farmers Union will go Friday and Saturday to the annual convention of the Texas Farmers Union at Abilene.

Darrell Sims, president of the local organization, said those who will represent this county are Mr. and Mrs. H. A. Flournoy, Kenneth Smith, Mr. and Mrs. Charlie Bley, J. R. Covey, Glen Foster, Glen Tate, R. B. von Roeder, and J. B. Patterson.

The convention program includes Sen. Lyndon B. Johnson. Sen. Ralph Yarborough will address a banquet session at 6 p.m. Friday, while Johnson is to speak at 11 a.m. Saturday.

The Farmers Union convention sessions are open to anyone interested, Sims said.

Cotton Referendum Is Set For Dec. 10

Cotton producers will determine by votes Dec. 10 in a cotton marketing referendum whether quota penalties will apply, as well as deciding the level of price supports for 1958-crop cotton.

Local officials of the Agriculture Stabllization and Conservation agency reminded farmers of the referendum and urged them to plan to vote.

Voting can be done on the referendum day at each gin in Scurry County, as well as at the county ASC office. The polls will be open from 8 a.m. to 7 p.m.

If at least two-thirds of the votes cast in the referendum favor marketing quotas, the program will be operative for next year's crop. Too, price support will be available to growers who comply with their farm allotments for the 1958 crop of upland cotton at a level between 75 and 90 percent of parity, and quota penalties will apply on any "excess" cotton.

If more than one-third of the votes are against quotas, there would be no quota penalties and the price support level to eligible growers would drop to 50 per cent of parity.

Even if quotas are disapproved, acreage allotments will remain in effect as a means of determining ehgibility for price support.

All farmers who were engaged in the production of upland cotton in 1957 will be eligible to vote in the referendum.

Tenor Gigli Is Dead Of Pneumonia

ROME, Nov. 30 (AP)—Tenor Beniamino Gigli, 67, successor to the great Caruso, died today at his home of pneumonia.

His unexpected death—he joked with his family up to the last—shocked music-loving Italy, where operatic arias are whistled and hummed as the latest rock 'n' roll hits are in the United States.

Death came so quickly a Roman Catholic priest arrived too late to administer last rites of the church. After death rites were given.

Gigli's doctor said he became ill two days ago. At first it appeared to be only a cold with fever. His attorney, Adriano Belli, said Gigli may have caught the Asian flu. He said it suddenly developed into pneumonia. He was given oxygen but it did not help.

Gigli's funeral will be held Monday.

Two years ago Gigli suffered a heart attack. In September he was injured slightly in an automobile accident.

In 1920, a year before he succeeded Enrico Caruso as the star tenor of New York's Metropolitan Opera, Gigli was hailed by a U. S. critic as one who sang "as naturally as a gamecock fights."

After 12 years as the star tenor in New York, he returned to Mussolini's Italy after a squabble with the Met over a pay cut during the depression. While other Met singers accepted cuts, Gigli refused.

After World War II, allied officials banned his singing in a concert on the grounds that he had had Fascist connections.

In 1955, after a 16-year absence, he returned to the United States to sing three farewell recitals in New York's Carnegie Hall.

Rue Bonne Foi, main street in Port-au-Prince, Haiti, means, "Street of Good Faith." It is where all the main shops of the town are located.

FFA SWEETHEART in Snyder is Dottie Dugas. She will represent the Future Farmers at a district banquet at Colorado City Dec. 9.

FFA Picks Sweetie

Dotie Dugas, chosen by the Snyder chapter of the Future Farmers of America as chapter sweetheart, will represent the group at the district banquet, set for Dec. 9.

The banquet will be held at Colorado City and will be attended by about 15 members of the local chapter. The sweetheart's escort there will be Jerry Springer, president.

Kenny Elkins, a junior in high school, will represent the chapter in an entertainer's contest, playing the piano.

Miss Dugas, 17, will be presented a sweetheart jacket by the chapter. Active in the student council, Spanish Club, and other organizations, she was secretary of her freshman class, Spanish Club Queen, junior class favorite, and a member of the annual staff. She is a member of Future Teachers of America and plans to become a teacher.

At the district banquet, the Snyder chapter will receive seven banners won in district contests. They are firsts in meats, crops, and grass judging, seconds in senior farm skill, junior chapter conducting, and greenhand quiz, and third in radio.

Jordan May Ask For Aid

LONDON, Nov. 30 (AP)—A delegation from the Jordan army arrived today against a background of speculation it would seek restoration of British military and economic aid.

The three-man delegation, led by the quartermaster general, Col. Jubran Hawa, refused to discuss its purpose upon arriving at London Airport. Unofficial reports from Amman said the group would sound out the British government on a renewal of military and economic assistance. A Foreign Office spokesman said he knew of no foundation for the reports.

The aid program, involving 12½ million pounds (35 million dollars) cut off last year after King Hussein in March fired British Gen. Sir John Bagot Glubb as head of Jordan's Arab Legion.

Despite the Foreign Office comment, many observers believe this country would be favorably disposed toward any overture by Jordan for a renewal of the aid program.

Approximately one-fourth of the U.S. population today is plauged by either water shortage or poor water, says Frank Doggett, North Caroline soil conservationist.

British railways are not yet completely electrified—15% steam locomotives have been ordered for the coming year.

Building Passes Billion Dollar Mark

DALLAS, Nov. 30 (AP)—Texas construction awards passed the billion dollar mark during the first 11 months of 1957 for the sixth time, the Texas Contractor reports.

"The year stands to be at least the third all-time best," it continued.

November awards of $80,614,069 brought the year's total to $1,037,315,630.

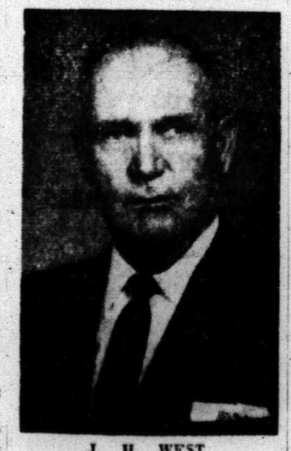

"It is doubtful that 1957 will catch up with the top mark of $1,220,891,984 set last year, and probably won't top the 1953 12-month total of $1,180,320,174," the magazine continued. But it saw "another solid construction year despite the handicaps endured in the spring rains."

New Farm Bureau Prexy Is South Texas Farmer

WACO — (Spl.) — J. H. (Harrell) West, 57, the new president of the Texas Farm bureau, is a strong believer in the opportunities offered by the American free enterprise system.

A share-cropper when he started farming 34 years ago, West now is a successful farmer who lives on his own productive and well-run farm a short distance east of Bishop in Nueces County.

West succeeded J. Walter Hammond, 69, of Tye, Taylor County, as president of the state's largest farm organization Nov. 20 following the annual meeting in Dallas. Both men have been leaders in Farm Bureau for the past two decades, with Hammond serving as president for 18 years.

J. H. WEST
. . .FB president

West was first elected to the board of directors of the organization in 1937 and has been re-elected as District 12 director each year since then. He was named secretary-treasurer in 1938, a post he held until chosen vice-president last year.

The new president was born in March, 1900, in Grandview, Johnson County. He attended public schools there, receiving his high school diploma in 1918. He studied at a Fort Worth business college and attended Baylor Universiy.

West was married in 1924, the year he started farming as a share-cropper, to the former Ola Bostick. They have a son and daughter, Tilden, 19, and Mrs. L. D. (Margaret) Attaway, 25.

West headed south to make his future in the fertile farming land of the Coastal Bend area of Texas. He started out in partnership with a brother farming on the halves. In two years they had accumulated enough capital to buy their own equipment and then rented land on the traditional third-and-fourth basis.

In 1939, he attained a goal he had set for himself when he bought the farm on which he now lives near Bishop. He produces cotton, grain sorghum, flax and winter vegetables.

The new TFB president says he came to the conclusion a long time ago that more of the problems a farmer has to deal with lie beyond his own fences than are found in the fields. He has long been recognized as one of the Farm Bureau's foremost authorities on cotton and has served many years as a producer-delegate to the National Cotton Council. He is part owner and president of the Bishop Gin Co.

West is also a grain handler as well as producer. He and a partner operate the Barkley-West Elevator Co. in Bishop, a modern grain storage facility with a capacity of 1½ million bushels. He is on the board of trustees of the huge terminal elevator at the Port of Corpus Christi.

West is a member of the board of directors of the Southern Farm Bureau Casualty and Life insurance companies and vice-president of the Texas Farm Bureau (fire) Insurance Co.

Active in local civic affair,s West has been a member of the Bishop School Board for 17 years, serving more than half of that time as president. He teaches the Men's Bible Class at the First Baptist Church in Bishop and served as Sunday school superintendent for 14 years.

ON TEXAS AGRICULTURE SCENE

Farmers Salvage Cotton

COLLEGE STATION, Nov. 30 (AP)—Texas agriculture is a salvage operation as farmers try desperately between rain, snow, sleet and unseasonable cold to get what the elements have left of the year's crops, the Texas Agricultural Extension Service said today.

Director John Hutchison said "Every day out of the fields means more loss to what appeared two months ago to be bumper harvests. An ironical development, which first saw farmers celebrating the end of the drouth, now is costing them far more because of excess moisture."

District agents report that conditions range from excellent in most sections for ranges, pastures and livestock to crops which are rotting and will be left in the field. Some small grain pastures are deteriorating because of excess moisture and muddy soil prevents planting of acreage needed for grazing and a grain crop.

In northeast Texas, where sleet, rain and snow covered much of the area earlier, yams in the ground are souring and will be left there. About 15 per cent of the estimated 900,000 bushels production remain in the field. Tyler rose growers had trouble digging their 7 million bushes, and orchard owners are a month behind with pruning and border control.

In the piney woods area, which for the last few years saw millions of small pine seedlings die from drought, conditions appear excellent for planting and growth.

It's the usual story in the South Plains where heavy snow last week further delayed cotton and grain sorghum harvest. W. H. Jones at Lubbock said it will take at least a week of sunshine before fields are dry enough for heavy machinery.

At Amarillo, Knox Parr said combines have begun rolling even though grain moisture content is high. It will take several weeks of clear weather to complete the job as days are short and labor scarce.

Rains and snow in far West Texas stopped cotton harvest, but helped ranges and small grain growth.

Frost and snow brought damage to tender vegetables in the Winter Garden area, and frost caused lesser damage to low sections in the Lower Rio Grande Valley. Slow rains soaked the entire area which recently needed moisture.

The Rolling Plains need dry weather, James Simmons at Vernon added. Cotton and sorghum need to be harvested and more small grain needs to be planted.

Sunshine in deep East Texas was welcome. Continued rain severely damaged crops in the field as well as mature grass and pastures, and delayed further planting winter legumes.

The cold, rain and snow was rough on sheep, goats and cattle in the Edwards Plateau, Roy Huckabee said at San Angelo. Pastures are in fair to good condition and the snow improved prospects. The pecan harvest is on with good yields in Menard County. The few days of open weather enabled farmers to gather a lot of cotton but they still have some to harvest.

Water standing in many Gulf Coast area fields has work halted. Some cotton and rice are left. Some peanuts and hay has been lost.

Vast Central Texas had a little of every kind of weather the past few weeks, leaving the soil soggy, delaying the harvest and planting and grazing of small grains. Cotton, peanut and pecan harvests are very slow.

Stocker cattle are being bought by South Texas ranchers as moisture conditions have ranges improving and small grain pastures making good growth. Excess moisture is preventing grazing on many oat pastures and is delaying land preparation, planting of small grain, the harvest of peanuts and pecan and cotton stalk destruction.

In North Texas farmers hoped for continued sunshine to harvest cotton. Considerable damage has been done to peanuts and cotton. Some immature cotton bolls will never open.

Johnson To Be Honored At Dinner

DALLAS, Nov. 30 (AP)—Speaker Sam Rayburn will join other Texas congressmen at a citizens appriciation dinner here Dec. 10 for Sen. Lyndon Johnson, Mayor R. L. Thornton said today.

Thornton is general chairman for the dinner, that will follow a similar dinner scheduled Dec. 4 in Houston.

Johnson, in Dallas this week, said, "I will come to Dallas direct from a very important meeting at which the strength of the United States and the power of the Soviets will have been under comparison," he said.

"I think what I have to say will be of considerable importance."

Thornton said, "Everyone is welcome."

Johnson, now at his South Central Texas ranch, has been presiding over the Senate Preparedness Committee's probe into the nation's missile development.

He will return to Washington Monday for a White House conference Tuesday, then will return to Texas for the dinners in Houston and Dallas.

Claims Are Challenged

WASHINGTON, Nov. 30 (AP)—A Houston firm and three affiliated Oklahoma City companies were ordered by the Federal Trade Commission (FTC) to stop claiming they can grow hair and prevent baldness.

Such claims were called false advertisements in violation of the FTC act.

Named in the orders are William Loesch, doing business as Loech Hair Experts of Houston, and his advertising agent, William Zimmerman of Houston, who trades as Zimmerman Advertising; Collins Hair and Scalp Experts Inc., Carey Hair and Scalp Experts Inc., and Winston Ltd., of Oklahoma City.

Civil Cases To Be Tried

Civil cases will dominate the scene in 132nd District Court this week.

A petit jury panel has been summoned for the court for 9 a.m. Monday.

Members of the panel are Robert Boyles, Joe F. Cargile, James E. Clayton, Jr., W. D. Clement, Earl Davis, Mrs. Arthur Duff, Jr., Mrs. Gilbert Fields;

E. L. Fikes, Jr., Carl Foree, Mrs. Merle Greene, Carl Herod, Raymond W. Keller, Leo E. McGinnis, J. W. Merritt, H. D. Moreland, Mrs. George Parks, Jr.;

Kenneth H. Snyder, R. H. Melton, Neil Holder, Bart Branson, Fickas Bell, Marshall Boyd, Wiley T. Brice, R. L. Bunch, L. E. Burns, Mrs. Glendon Bynum;

E. D. McDow, Norman S. Spencer, S. B. Plumlee, J. B. Suiter, Bailey Thornhill, Mrs. Joyce N. Bass, Cecil Boren, Mrs. Bill Brown C. L. Galloway;

Jack Craft, Mrs. Florene Crowell C. A. Deitrich, M. L. Duke, Billy J. Eiland, Tollie Arel Faver, Ralph Foster, Jim H. Harris, Janice Lee Herod, Paul Mozy, Jack McGlaun, and Bill Sheid.

Hunter Is Killed By Own Shotgun

CAMERON, Tex., Nov. 30 (AP)—Richard Hobson, 14, was accidentally killed by his own shotgun today.

He was hunting four miles southeast of here. Justice of Peace B. G. Rice ruled it accidental death.

In assisting a blind person, do not attempt to "push" him. Give him your arm and let him quide himself by the way you move.

Churchill Observes His 83rd Birthday

WESTERHAM, England, Nov. 30 (AP)—Sir Winston Churchill celebrated his 83rd birthday at the family fireside today with reminiscences and champagne.

Britain's "man of the century" greeted another year in the peace of an English country mansion with his grandchildren at his feet and a wartime comrade by his side.

Churchill looked fit and sprightly. He came to the door of Chartwell, his country house, and waved at well-wishers gathering outside in the late November frost.

The pink cherubic face lit up with pleasure. He was stooped, and there were other signs of the advancing years.

Only one thing was missing from the familiar picture—no big, brown cigar jutted from his lips in the jaunty old way.

Churchill was overwhelmed by a mountain of birthday telegrams and letters pouring in from all over the globe. A special delivery truck was needed to carry them from this Kent market town to nearby Chartwell.

Every newspaper ran editorial eulogies describing Churchill as the living symbol of the worldwide British Commonwealth of Nations.

In a radio address, Foreign Secretary elwyn Lloyd tonight told millions of listeners:

"From very full hearts we send (Sir Winston) our warm congratulations and affectionate greetings.

"I am sure that he would think that his most acceptable birthday present has been the good news about President Eisenhower's recovery. We pray that it may be rapid and complete."

Churchill began the day by staying in bed most of the morning reading his mail.

Then he came down to lunch with the family and his one non-Churchill guest, Field Marshal Viscount Montgomery.

Round the table where his son Randolph, two of his daughters, Mrs. Duncan Sandys, and all nine of his grandchildren.

After lunch the rest of the family withdrew to give Churchill and Montgomery a chance to talk over old times. Churchill sipped champagne while the abstemious Montgomery drank tea.

The big occasion of the day was a family dinner party with the long table groaning under a 15-pound iced birthday cake with only one candle.

Churchill is known to dislike being reminded of his age, but his cakemaker said the one candle was not his idea.

Texas Store Sales Go Up

DALLAS, Nov. 30 (AP)—An increase of 16 per cent in Texas department store sales for the week ending Nov. 23 over the previous week as reported today by the Federal Reserve Bank of Dallas.

Sales for the four weeks ending Nov. 23 were one per cent under 1956. They were up 3 per cent for the period extending from Dec. 31, 1956 to Nov. 23, 1957.

Percentage increases for the week included El Paso 34, San Antonio 21, Dallas 16, and Fort Worth 4, Houston sales declined 1 per cent for the week.

CONCRETE WORK was being completed this weekend on the new National Guard armory here, which will be complete by mid-December. Here, Jesse Lindsey uses a power trowel to smooth the floor in the large drill room of the armory. Jay Tate of Snyder is general contractor. (Lee Watson photograph)

Ex-HSU Bible Prof Is Dead

ABILENE, Nov. 30 (AP)—Dr. E. B. Atwood, 83, professor of Bible at Hardin-Simmons University for 25 years, died today after an illness of several months.

Dr. Atwood, who was president at Wayland College at Plainview 1918-22, retired in 1950.

Surviving are two sons, Leland Atwood, president of North American Aviation, Inc., of California and Dr. Bagby Atwood, professor of English at the University of Texas.

Dr. Atwood, who came to Texas from Kentucky in 1905, had held Baptist pastorates at Yoakum, Quanah and Hereford. He was a former secretary of the New Mexico Baptist Convention.

Barbara Stanwyck zoomed to film stardom from a chorus line in a night club atop the swanky Broadway movie house where she is now seen in her films. Her name is now in such big lettres and lights that they blanket out the windows of the old roof club.

Nat'l Guard Armory Is Near Completion

It will probably be Dec. 15 to 20 before the new National Guard armory here is complete.

Jay Tate, general contractor, said bad weather held up work at the armory for several days, and because of that holdup he has applied for a breif extension of time to complete the building.

The armory is located in Towle Memorial Park, just west of the exhibit barn.

Hanging doors, painting, and putting glass in windows are about all there is lacking on the project, Tate said. The last of the concrete was being poured Friday.

The local National Guard unit hopes to get into the building by Jan. 1. The actual moving to the armory will not take long, but after the building is complete there will be some delay until final government inspections are made.

The National Guard now uses a large metal building owned by the city, located on Twenty-seventh Street near Deep Creek. The city will use that building for its departments after the National Guard moves out.

Potato Research Grant Announced

RENNER, Tex., Nov. 30 (AP)—A grant of $14,000 which Texas Research Foundation will use to see what can be done about growing bigger and better potatoes was announced today.

Dr. C. L. Lundell, foundation director, said the grant from the National Science Foundation would be used for three years of potato exploration in South America.

"The grant has been made specifically to support a search for the indigenous species of potatoes which are to be used by plant breeders to improve our domestic stock," Lundell said.

Auctions Spread Livestock Market

KANSAS CITY, Nov. 30 (AP)—Marketing of livestock in America is fast becoming decentralized, Grover Lee of Strawn, Tex., publisher of the livestock marketing journal, said tonight.

Lee said America's auctions sold 55 per cent of the livestock handled by all markets in 1956. During November 1957, he said the 2,400 markets moved a million cattle, 654,000 calves, 900,000 hogs and 250,000 sheep and lambs.

He addressed the directors of the American National Livestock Assn., and officials of 31 affiliated state livestock market associations.

Lee, who also operates United Livestock Marketing Service, an information and statistical agency, told the market operators that "20 years hence your industry will be truly in its prime."

The publisher of the Livestock Business Weekly said the nation's livestock market volume must total around 163 million head annually by 1957 to meet the food needs of America. He predicted the U.S. population "may mushroom from our present 166 million to a total of between 220 and 240 Americans."

By 1977, Lee told the group, "you will be handling 80 per cent of the livestock sold at American markets."

"These are changing times, and livestock marketing is changing," he said. "We are witnessing the rise of the livestock auction market and the decline of private treaty selling and the long-established system of livestock concentration at central market points and major packing centers. For years the livestock supply has been moved to the markets, but now the markets are moving to the supply."

The same trend, he added, also is noted in meat packing with independent, decnetralized meat processing firms, paralelling the livestock auction markets in rapid growth.

Lee reviewed the rapid gain of livestock auction sales volume in tion.

"Five years ago — in 1952 — 150 Texas auctions handled about 65 per cent of the gross volume of livestock marketed in Texas, and the three terminal centers (Fort Worth, San Antonio and Houston), 35 per cent," Lee said. "At the end of 1956, the auctions' percentage had climbed to 71 per cent with the terminals handling 29 per cent."

If Texas auction volume continues to grow at its present pace, he said, there is a "strong posibility that within the next five years — by 1961 — Texas auction markets may easily be selling 75 per cent of the total volume of livestock in Texas, perhaps even more."

Scout Troop Here To Be Reorganized

in Scout 3-24 in with plastic emma

Boy Scout Troop No. 35, which has been inactive for several months, is being reorganized here under sponsorship of the Snyder Kiwanis Club.

The troop will have its first meeting Tuesday night at the Avenue D Baptist Church.

Boys 11 through 14 years of age who are interested in joining the troop are urged to attend. The organization meeting is set for 7:30 p.m.

A. J. White, an experienced Scoutmaster, is taking over leadership of the troop. Regular meetings of the troop will be held every Tuesday night at the Avenue D Baptist Church.

Members of the Kiwanis Club troop committee are the Rev. Walter L Lentz, chairman; Bill Brown, institutional representative; Ford Kenner, secretary-treasurer; A. J. (Doc) Davis, outdoorsman; Ford Caperton, property, and Bill Emerson, advancement.

The committee holds regular meetings on the fourth Tuesday of of every month.

Houston Man To Head BTU

TYLER, Nov. 30 (AP)—Troy campbell of Houston was elected president of the 452,000-member Texas Baptist Training Union today.

Campbell is director of promotion for the Union Baptist Assn. in Houston.

Lamoin Champ of Tyler was named vice-president.

Delegates voted to hold their 1959 meeting in Dallas Nov. 26-28. Next year's convention will be in Mineral Wells, Nov. 27-29.

The convention approved a resolutions committee report and heard an address by Dr. Forrest Feezor, Texas Baptist executive secretary.

One resolution recommended that the Training Union implement the nation's program of encouraging students to enter scientific careers with an "increased emphasis on the place church worship and training has in scientific achievements."

Dr. Feezor titled the movement of Christian missions "the world's most successful and fruitful operation."

Colombians Voting On New Plan

BOGOTA, Colombia, Nov. 30 (AP)—After a decade of civil strife and an estimated death toll of more than 200,000, Colombians will vote tomorrow on a plan designed to assure political peace for 12 years.

The proposal in a nationwide election would amend the Constitution to permit the two traditional parties, Conservative and Liberal, to share political power equally.

It will be the first balloting in Colombia since 1950 and the first in which women participate. More than four million Colombians are expected to vote.

The agreement between the two parties to share power is unprecedented in Colombia where an individual is born either Conservative or Liberal and never dreams of switching.

Most of the bloodshed in the undeclared civil war of the past 10 years has been in the rural areas, but the bitterness between adherents of th rival parties has existed everywhere.

Gen. Rafael Navas Pardo, one of the five members of the military junta that has been running the country since last May, is the authority for the estimate that more than 200,000 Colombians have been slain.

Strife - weary Colombians applauded when the army chief, Gen. Gustavo Rojas Pinilla, overthrew the Conservative government and seized power in 1953. But when the general turned dictator, leaders of both Conservative and Liberal parties realized that the time had come for an end to inter-party strife.

Rojas Pinilla was forced to resign last May when a nationwide strike by business as well as labor paralyzed the country.

The military junta succeeding him consists of four army officers, who had served under the general, and a rear admiral. But instead of attempting to hold power permanently the junta spurred the two parties to come to an agreement.

Irish Land First

OTTAWA, Nov. 30 (AP)—A Canadian historian, Dr. Gustave Lanctot, figures the Irish were the first to reach North America. He says the discovery of certain relics leads him to believe the Irish reached Nova Scotia in the year 880 after being blown off course en route from Iceland to Greenland.

Office Boys Friends

TAIPEI, Nov. 30 (AP)—The Formosa government has decreed that the proper address for government office boys is "worl - friend."

Solution of Yesterday's Puzzle

Junior Editors BIBLE QUIZ

QUESTION: What prophet was fed by birds?

• • •

ANSWER: In the days of King Ahab, the Bible tells us, a great prophet appeared from the land of Gilead. His hair and beard were long and his clothing was the simplest kind of tunic with a rough fur robe over it. At God's command this prophet — whose name was Elijah — hid alone in a wilderness near a brook with only the clear water of the stream to refresh him. But every day food was brought to Elijah by ravens.

The birds brought him bits of grain or fruit which they carried in their beaks. So Elijah was able to live. Then, when the brook ran dry, the Lord told Elijah to travel to a place which had been prepared for him. That was the beginning of Elijah's long service in bringing the people of Israel back to a true worship of God. You will find the story of the prophet in First and Second Kings in the Bible.

• • •

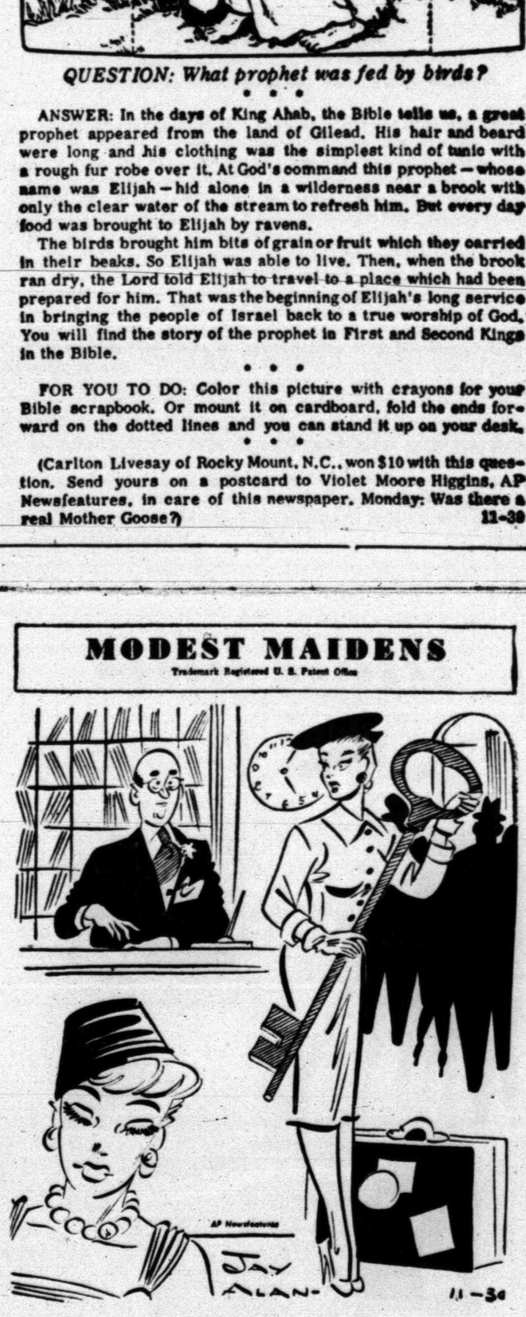

FOR YOU TO DO: Color this picture with crayons for your Bible scrapbook. Or mount it on cardboard, fold the ends forward on the dotted lines and you can stand it up on your desk.

Rice Buries Bears Under, 20-0, To Win SWC Title

Owls Will Meet Navy In C-Bowl

By MAX B. SKELTON

HOUSTON, Nov. 30 (AP)—Rice's Owls used long kick returns by halfbacks Larry Duitt and Bobby Williams to explode for a pair of quick touchdowns early in the second half today to defeat the stubborn Baylor Bears 20-0 and win the Southwest Conference championship and the right to meet Navy in the Cotton Bowl.

Dueitt, who probably will quarterback the Owls next year, and Williams, a junior second stringer, thrilled a crowd of 43,000 by taking advantage of beautiful blocking while scampering for runs of 89 and 80 yards to break up a scoreless deadlock in the first four minutes of the third period.

Dueitt returned the halftime kickoff to the Baylor 11, from where quarterback King Hill passed to Halfback Ken Williams for the first score.

Four plays later Bobby Williams received a Baylor punt on his 20 and raced untouched for the second score.

Late in the final period, quarterback Frank Ryan engineered a 72-yard scoring drive, passing 10 yards to end Buddy Dial for the score.

Hill kicked the first two extra points, but halfback Gordon Speer missed the third.

In the scoreless first half Rice had to stop Baylor threats on the one and six-yard lines while managing to get only one serious threat of its own under way. The Baylor defense stopped a 39-yard Rice drive on the Bear one.

The victory sends Rice to the Cotton Bowl with a 7-3 season record that includes losses to Duke, Texas, and Clemson. The Owls' 5-1 conference record leaves Rice a half game ahead of Texas in final standings.

The Jan. 1 date with Navy in Dallas will be the second meeting between the Owls and Middies. In 1951 Rice defeated Navy here, 21-14.

The key blocks for the long runs by Dueitt and Bobby Williams came from fullback David Kelley and end Gene Jones.

Kelley escorted Dueitt down the sideline and removed the next to the last defender. This lft only Lee Harrington and Dueitt's way and the Baylor center managed to trip up the Corpus Christi speedster at the 11.

Jones, who sprained an ankle in a light Thursday workout, shook Williams into the clear with a neat block at midfield.

The shutout over Baylor was the first in the series since 1942, when Rice won by an identical score. Rice had troubles at times in early season on defense but today's victory enabled the Owls to sweep four straight conference games from Arkansas, Texas A&M, Texas Christian and Baylor while giving up only two touchdowns.

Baylor played all but the opening six minutes of its game without its No. 1 quarterback, Doyle Traylor, a high school star who has been plagued by injuries ever since entering Baylor five years ago. After maneuvering the Bears on an unsuccessful 79-yard drive the second time the Bears got the from the opening kickoff, Traylor was injured while receiving a punt ball.

Trainers said the Temple star reinjured an old internal injury at the base of his spine, suffered originally in high school.

HOUSTON, Nov. 30 (AP) Statistics of the Baylor-Rice game:

	Baylor	Rice
First downs	18	14
Rushing yardage	189	186
Passing yardage	99	72
Passes	10-21	5-7
Passes intercepted by	1	1
Punts	6-42	5-30.6
Fumbles lost	2	2
Yards penalized	45	7

JUST IN TIME—Nelson Wofford, No. 31, Lockney halfback, comes in to knock down a pass thrown by Seymour's Billy Ryan just as Cecil Forrester was set to grab the ball. Dickie Barton, No. 40, comes in to aid on the play. Seymour won the regional championship game played at Tiger Stadium Friday, 27-6. (Lee Watson photograph)

Three SWC Teams Accept Bowl Bids

By ED CORRIGAN
The Associated Press

Rice, Navy, Mississippi, Texas, Tennessee and Texas A&M—were tapped for bids to bowl games yesterday as the college football season came to a rollicking climax.

Their selection completed the lineup for the big post-season games.

Here is how it stands:

Orange Bowl—Oklahoma (9-1) vs. Duke (6-2-2).

Rose Bowl—Ohio State (8-1) vs. Oregon (7-3).

Cotton Bowl — Rice (7-3) vs. Navy (8-1-1).

Sugar Bowl—Mississippi (8-1-1) vs. Texas (6-3-1).

Gator Bowl—Tennessee (7-3) vs. Texas A&M (8-2).

All except the Gator Bowl will be held on New Year's Day. The Gator Bowl is scheduled for Dec. 28 in Jacksonville, Fla.

Before yesterday's action, the Orange and Rose Bowls had been decided. The others still were very much up in the air.

Rice automatically became the host team in the Cotton Bowl in Dallas by defeating Baylor, 20-0, to win the Southwest Conference championship. The Owls won the title with a late rush. Virtually all season, the talk had been Texas A&M.

Navy whipped Army, 14-0, in the top game of the season for both schools. Had the Middies lost, they would have accepted a bowl bid. Before going into the game, it was an open secret that if they won, they'd be in Dallas Jan. 1. The past two years Army had knocked Navy out of a bowl game. The victory also gave Navy the mythical Eastern championship.

Mississippi was tied by Mississippi State, 7-7, and thus knocked out of a share of the Southeastern Conference championship. But it was the only blemish on Mississippi's conference schedule and on that basis Ole Miss was tapped for the Sugar Bowl host spot.

Texas was the runnerup in the Southwest Conference and beat Texas A&M and that no doubt influenced the New Orleans selectors. Usually, they award the visiting spot to the second place team in the Southwest Conference.

So Texas A&M, which led the Associated Press weekly poll two weeks ago, had to be content to accept a bid to the Gator Bowl. Until they were tumbled by Texas and Rice, the Aggies had been the rage of the Southwest Conference.

Tennessee won its finale against Vanderbilt yesterday, 20-6, and immediately accepted an invitation to oppose Texas A&M.

A couple of interesting points stand out in the lineup.

For one thing, there isn't an undefeated team in the lot which is unusual if not unprecedented.

Also, the one really big team that has run the gamut undefeated and untied, Auburn, will not play in a bowl game. The Tigers swamped Alabama 40-0 in their last game to complete their first perfect season in 44 years. They also clinched the Southeastern Conference championship. But they are in bad with the NCAA and are barred from post-season games.

Elsewhere, Oklahoma ran its newest winning streak to two by trouncing Oklahoma State 53-6, and Notre Dame completed its "comeback" season with a 40-12 decision over Southern California.

South Carolina Rips Past Deacons, 26-7

WINSTON-SALEM, N. C., Nov. 30 (AP)—South Carolina combined three long touchdown marches with a 77-yard scoring sprint by halfback Heyward King to send Wake Forest reeling to its 12th straight defeat 26-7 here today.

Vols Pound Vandy To Get Gator Bid

KNOXVILLE, Tenn., Nov. 30 (AP)—Tennessee pounded out a 20-6 football victory over Vanderbilt today and immediately accepted a bid to the Gator Bowl at Jacksonville, Fla., Dec. 28.

The slashing runs of seniors Bobby Gordon and Tommy Bronson produced three touchdowns for the Vols to overcome a 6-0 halftime deficit.

A shivering crowd of 38,000 saw Gordon and Bronson smash through the bulky Vanderbilt line almost at will for two touchdowns in the third period and another in the fourth.

Vanderbilt jumped off to a first quarter lead on the strength of a 61-yard punt return by Phil King. The gallop put the Commodores on Tennessee's 22 and five plays later quarterback Boyce Smith sneaked over from the 1.

Tennessee made only one threat in the first half and it died when Jimmy Ray intercepted Gordon's pass in the Vanderbilt end zone.

But the Vols came out with renewed determination after the intermission and marched 48 yards in eight plays for the first score, Bronson plunging from the 1.

On the ensuring kickoff, Bronson sped down and grabbed the ball on Vandy's 24. Tennessee scored in five plays, Gordon racing off tackle four yards for the touchdown.

Gordon, who netted 91 yards in 23 carries, raced 26 yards for Tennessee's final six-pointer.

Sundown 11 Routs Alpine

SUNDOWN, Tex., Nov. 30 (AP)—The Sundown Roughnecks breezed to a 33-0 victory over Alpine today in a second-round Class A playoff. They earned the right to meet Ralls next week.

Jimmy James started the Sundown scoring with a 72-yard punt return on the fourth play of the game. Dale Childs, who kicked all three extra points, passed 41 yards to end Jack Hanks early in the second quarter to make it 14-0 at halftime.

Sundown's third touchdown came in the third quarter on a one-yard plunge by Billy Evans while Childs went 11 yards and Guerry Wright went over from the one for fourth period tallys.

Alpine's deepest penetration was to the Sundown 28.

BREAKS 3-YEAR DROUTH

Notre Dame Raps Trojans, 40-12

SOUTH BEND, Nov. 30 (AP)—Notre Dame unleashed some of its potent sophomore talent today and three of the rookies scored touchdowns—one a 92-yard runback of a kickoff by Pat Doyle—to power the Irish over Southern California 40-12.

The victory, accomplished before 54,793 chilled fans who had to scrape snow from the seats of Notre Dame Stadium, was the Irish's first over the Trojans since 1954 and their 18th in the series which began in 1926.

It gave Coach Terry Brennan's team a 6-3 season record in closing its home campaign and marked USC's 9th loss in completing a slate of 10 games.

Sophomore Monty Stickles of Poughkeepsie, N. Y., tallied twice on 17 and 7-yard passes by Bob Williams. He also booted three extra points.

The 92-yard gallop by Doyle, Sioux City, Iowa, came midway in the second quarter after USC scored on Rex Johnston's 10-yard run. Walter Gursich's recovery of Williams' fumble on the Irish 22 set up the Trojan touchdown.

Doyle took the ensuing kickoff, cut to the sideline and raced across without a threat. It gave Notre Dame a 19-6 halftime bulge.

Another sophomore, fullback Jim Crotty of Seattle, had his turn at the outset of the third period as he led a smashing ground attack 66 yards in 13 plays. He barreled the final 2 after gaining 39 in four previous successive carries.

Following a Trojan 67-yard touchdown thrust climaxed by Tom Maudlin's one-foot blast, the Irish drove 70 yards to score at the start of the fourth period. Williams hit Stickles for the last seven yards.

Later Notre Dame went 81 yards for another TD. Sophomore George Izo of Barberton, Ohio, rifled an 8-yard scoring toss to Dick Prendergast.

Virginia Stuns 'Heels, 20-13

CHAPEL HILL, N. C., Nov. 30 (AP)—Quarterback Reece Whitley completed two touchdown passes to end Fred Polzer in the first period to lead fired-up Virginia to a surprising 20-13 win over North Carolina today.

The traditional battle closed out the season for the two Atlantic Coast Conference teams.

Garland Clips Leopards 53-6

GARLAND, Tex., Nov. 30 (AP)—Garland, defending state Class AAA champion, slaughtered Gainesville 53-8 in bidistrict play today.

Jon Overstreet intercepted a Leopard pass early in the game and four plays later ran 24 yards for the first Garland touchdown. From then on, the issue was never in doubt.

Chock Bailey scored three times for the winners.

JACKETS WIN ON PENETRATIONS

Kermit, Levelland In 21-21 Draw

LEVELLAND, Tex., Nov. 30 (AP)—The Kermit Yellow Jackets and the Levelland Lobos fought to a 21-21 deadlock in a state high school football class AAA deadlock today with the visitors awarded a victory by virtue of penetrations.

Kermit punched inside the Levelland 20-yard line five times while Levelland made the Kermit 20 on only three occasions. Kermit will meet Sweetwater next weekend, the latter having downed Brackenridge 18-13 today.

The Lobos held a 14-8 edge at halftime but came back strong after the intermission to tie up the game twice.

Quarterback Jack Probst, Halfback James Williams and back Joe Harrison rammed over touchdowns for Kermit and Harrison also added the three conversions.

End Jackie Ballew, quarterback Doug Cannon and end Jerry Garrison scored for the hosts with Mack Tubb booting three extra points.

OU Romps To 53-6 Win Over Oklahoma St.

NORMAN, Okla., Nov. 30 (AP)—Fifth-ranked Oklahoma, looking for greater national recognition and sharpening for its coming Orange Bowl encounter, blasted Oklahoma State 53-6 here today.

The Sooners, despite being scouted by its bowl opponent Duke, showed off all their multiple offense tricks and took advantage of Cowboy errors for the romp.

Clendon Thomas, the Sooners' great halfback, scored twice to give him 9 touchdowns for the season and 36 in his college career, a new school record that exceeded the 35 made by George Thomas and All-Americas Billy Vessels and Tommy McDonald.

Thomas passed for another touchdown as he and seven other starters played their last regular game for Oklahoma. Thomas set two other new school records of the most rushing yards in three years, 2,120, and the most points, 216.

State's touchdown came with 2½ minutes left in the game when Jim Wiggins broke loose for a 67-yard dash. Early in the quarter, State got to the 4 and was held on downs.

In the last two contests of the 52-game series, Oklahoma won from State by identical scores of 53-0.

State, a three-touchdown underdog, was expected to take to the air in an attempt to pass over Oklahoma's rugged defense but instead tried unsuccessfully to move on the ground.

Nederland In Easy Victory

NEDERLAND, Tex., Nov. 30 (AP)—Nederland's Bulldogs, slowed to a crawl in the first half by their own fumbles, scored at will in the second half to rout outmanned El Campo, 49-8, in a Class AAA bidistrict playoff game here today.

Nederland, champion of Dist. 11—and top-rated team in its class, will meet Brenham Friday at 8 p.m.

The ground-minded Bulldogs took to the air for three of their touchdowns. Halfback Mike Johnson passed for two, hitting halfback Fred Melder for 19 yards and end James Street for 23. Melder then passed 23 yards to Jim Keeling for another.

Quarterback Roger Rienstra and Fullback Gary Thacker each plowed over for two touchdowns on short running plays. George De Vries added to the deluge with a 25-yard field goal, and Robert Richey kicked four extra points.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

JIM O'BRIEN, WHO took over the sports writing chores at Lamesa following the departure of Jeff (Pussycat) Cohane, has some "poop" on the cancelation of the Tiger-Lamesa football game that differs from ours.

Jim says it was Snyder, not Lamesa, that wanted to back down from playing the scheduled game, Nov. 22.

Well, we can't buy that. We know for a fact that the Tigers were eager to play the game and were very disappointed when it was called off.

Why would the Snyder officials want to cancel the game when they had 1,800 season tickets sold representing close to $3,000. After the cancelation, local officials refunded the money on the Tiger-Lamesa tickets. This, in itself, was quite a task.

Scoffs Turkey Day Suggestion

O'Brien said the Thanksgiving Day idea was no good because of the competition from the pro game on television and the Texas-Texas A&M game which followed. Concerning the Thanksgiving Day suggestion, O'Brien writes:

"This may or may not have been a good idea, personally we wouldn't want to see the game on Turkey Day, especially this year what with a pro game on TV at 11 a.m. and the all-important Texas Texas A&M game in the afternoon, the local game wouldn't draw flies.

"We saw some of that two years ago at Snyder, competing against college football the game was a flop at the gate."

Well, the 1955 game of which O'Brien speaks of here drew 3,500 "flies" and that's quite a bit more than what attended last year's game at Lamesa which was played on a Friday night. Then last year's game had much more bearing on the district title than the '55 game since Lamesa last year could have thrown the title race into a three-way affair by winning.

In 1955, the Tigers had already clinched the district crown before their Turkey Day clash with the Tornadoes.

It was true that the 3,500 fans who attended the '55 game here were mostly Snyderites as the Tornado fans stayed home to watch the college game on TV.

Personally, we'd rather see a "live" football game anytime than a dozen games on TV. If the Tornado fans don't have any more interest in their team than to miss one of their own games because of a TV game, then there is a lack of fan spirit in Tornadoland.

"Protecting" Record

O'Brien took issue with us, of course, upon our accusing the Tornados of wanting to quit while they were "even with the board," four wins and four losses.

We don't believe the players were as concerned with this as much as Coach O. W. Follis. Follis, according to O'Brien, said he would play the game before he would forfeit but yet said he was not in "favor" of playing because of the flu that had stricken his squad.

This sorta leads you to believe that he was more concerned with the "record" than he was the welfare of his boys. A forfeit would have given Lamesa a losing season, 4-5, but Follis would have rather risked playing his flu-stricken squad before he would default.

Well, even had Lamesa offered to default, the Snyder officials wouldn't have accepted it.

Another statement by O'Brien sorta floored us, too. He said "the Lamesa bus was all warmed up and ready to pull out early Friday morning in order to get to Snyder in plenty of time for dinner and the game. The team was ready to play if Snyder wanted it that way."

If this was true, why then did Follis talk against playing the game?

The Lamesa scribe, in conclusion came out with this bit of propaganda:

"So, talking about who's afraid of the big bad Tiger. Maybe the shoe is on the other foot. If Snyder hadn't backed down when Lamesa called the bluff the game would have gone on as scheduled. If you want to talk about someone being afraid, Buck, maybe it was Snyder that wanted no part of the Tornadoes and therefore agreed to forego the forfeit claim. That makes more sense than the argument that Lamesa was afraid of any jungle pussycat."

Well, it still isn't too late for the Tigers and Tornadoes to get together. They could neet here New Years day and we could call it the "Pussycat Bowl."

FOOTBALL MAGICIAN—Billy Ryan, No. 10, flashy Seymour quarterback, tucks the ball away and picks up yardage against Lockney in Friday night's Region 1-AA championship game at Tiger Stadium. Ryan guided his teammates to a 27-6 victory over Lockney. (Lee Watson photograph)

Austin Upsets CC Ray, 26-14

CORPUS CHRISTI, Tx., Nov. 30 (AP) — Bobby Nunis ran an intercepted pass 45 yards for a touchdown and a kickoff 87 yards for another as Austin crushed Corpus Christi Ray, 26-14, in Class AAAA bi-district action today.

Ray, undefeated and untied this year before the Maroons came along had the best of it statistically but it couldn't offset the great running of Nunis.

Most of the Ray yardage was in midfield. The Texans made 16 first downs to nine and gained 220 running compared with 122 for Austin.

Austin scored twice in the second period, one on Nunis' runback of pass, and another on a 65-yard drive with Don Jester circling end the final five yards. Jester kicked two extra points.

Ray scored in the third period on five plays that covered 65 yards, with Fritz Miller ambling the last 22 yards. Bobby Oliver kicked the first of two extra points.

Then Nunis broke the Texan's back by taking the kickoff and streaking 87 yards for a touchdown from which Ray couldn't recover.

Austin scored its final touchdown in the fourth period when Mike Cotton broke through the right side for 29 yards and scooted across.

Ray's last touchdown followed quickly on a 62-yard drive that included two personal foul penalties against Austin. Foster cracked the middle from a yard out for the touchdown.

Keg Matches On Tap Today

Bowlers from Snyder and Sweetwater will meet today in an intercity contest at the Town and Country Bowl here.

Two matches will be unreeled, one between the men bowlers of the two cities and the other between the women.

Bowling will get underway at 2 p.m.

The Snyder bowlers today will be representing Graves Radiator Shop while the local women will be bowling under the colors of Johnnie's Cafe.

Today's matches will be open to the public.

Bear Has No Comment On Alabama Move

HOUSTON, Nov. 30 (AP)—Paul (Bear) Bryant, football coach at Texas A&M, said today he had no comment to make on his possible move to Alabama University.

Watching the Army-Navy game on television in his hotel suite, Bryant said:

"I do not plan to make any comment the rest of the day on that."

Navy Overpowers Army, 21-0; Accepts Cotton Bowl Bid

By JACK HAND

PHILADELPHIA, Nov. 30 (AP) — Ned Oldham, hobbled by a knee injury since mid-season, led fired-up Navy into the Cotton Bowl on a 14-0 victory over Army today behind a rock-ribbed defense that bottled up the Cadets' touchdown twins.

The decision to accept the bowl bid was made on a ballot of the Middies in the dressing room. Navy went to the Sugar Bowl following their 20-7 victory over the Cadets in 1954.

Oldham drove through a host of defenders on a six-yard touchdown run in the first period and ran 44 yards on a punt return for the second score early in the fourth period.

Just to keep things in the family, the 21-year-old captain of the Navy team from Cuyahoga Falls, Ohio, also converted twice.

Navy's two-deep line and sturdy defense contained Bob Anderson and Pete Dawkins, the halfbacks who had scored in every previous Army game. It was the first time the high-scoring Cadets had been shut out all season.

While a crowd of 101,000 watched on a gloomy, rain-soaked afternoon at Municipal Stadium, Navy took charge of this 58th renewal and never let up.

The going got a little rugged after the second Navy touchdown when Navy's Bob Reifsnyder and Army's Bill Melnik were ejected for tossing a few left hooks. Navy had intercepted an Army pass on the play but it was nullified by the balancing penalties.

PHILADELPHIA, Nov. 30 (AP)—Statistics of today's Army-Navy football game:

	ARMY	NAVY
First downs	7	15
Rushing yardage	88	144
Passing yardage	48	93
Passes	6-14	10-22
Passes intercepted by	4	3
Punts	8-41.4	5-33.8
Fumbles	1	2
Yards penalized	85	41

Oldham, who was hurt in the Penn game and saw only limited action in recent weeks, made up for that enforced "vacation" by his brilliant offensive and defensive play.

But the real story of this ballgame was the rock and sock play of the Navy line and the tightly knit defense that made the Middies second in the nation on total defense.

Army made one serious march early in the second period as they drove all the way to the Navy 9 before a mix up in the backfield resulted in a fumble that Navy's Bob Caldwell finally recovered on the Navy 10. On the play the Army backs appeared to miss a count and the team was off sides before Dave Bourland took the ball.

Although the Cadets intercepted two of Tom Forrestal's passes in that frantic second period, the Navy held twice for downs in its own territory.

Army had another chance to score in the third period when a long, booming punt by Vin Barta was fumbled by Harry Hurst and recovered by Melnik on the Navy 19.

On a fourth down and six to go situation, Bourland's pass was intercepted by Forrestal in the end zone for an automatic touchback.

Don Usry, the Army left end, had maneuvered into position behind Forrestal but the Navy quarterback leaped into the air to pick it off. That was the ball game.

Heavy rains in the morning which slackened by the kickoff but picked up at times during the contest were a definite factor. The field remained covered until game time but the traditional parade of the cadets and midshipmen was cancelled.

Mustangs Nip Buckies, 18-13

BRECKENRIDGE, Tex., Nov. 30 (AP)—The Sweetwater Mustangs recovering five of their opponents' fubles and turning two of them into touchdowns, trounced the Breckenridge Buckaroos 18-13 today in a Class AAA high school football playoff.

With the victory, Sweetwater climbed into a favorite's position to eventually meet Garland in a North Texas showdown.

The Mustangs displayed a strong ground game, netting 209 yards on the ground and 16 first downs. They completed two out of five passes for an additional 36 yards.

The Bucks ground out 14 first downs on 118 yards passing and 113 yards rushing. The hosts completed eight out of 12 passing attempts.

Breckenridge broke the scoring ice early in the second quarter when End Ronnie Payne grabbed a pass from Buck quarterback Bobby Goswick and ran 25 yards for a touchdown.

Late in the same quarter Sweetwater evened it up. The Mustangs pounced on a Buck fumble on the latter's 20 and fullback James Parker went over a few plays later from the 1-yard line.

Sweetwater scored again in the third period to top off a 70-yard march, aided by a 15-yard penalty deep in Buckaroo territory. Parker blasted over from the one.

Recovery of another Breckenridge fumble, this one of the home team's 45, set up the winning touchdown. Right halfback Eddie Scott took the ball over from the five.

The Bucks' last score came in the fourth quarter. Halfback Joe Ed Pesch scampered 24 yards around left end on a pitchout for the touchdown. Glenn Dixon's extra point try was good, the only successful attempt of the game.

Pete Keblish is co-captain of Penn's football team for the second straight year. He plays guard. E. LeRoy Mercer was the last to captain two Penn teams. He led the team in 1911 and 1912.

Highland Park Coasts Past Crozier, 26-7

DALLAS, Nov. 30 (AP) — Reed Johnson scored three times today as Dallas Highland Park whipped Crozier Tech 26-7. It avenged Highland Park's only loss, an early season defeat by Crozier Tech, and was the first loss for Tech.

Johnson scored on a 12-yard run, a 24-yard run with a pass from Jack Collins, and a 14-yard dash. Bobby Reed passed 16 yards to John Seals for another Highland Park touchdown.

Tech scored when Freddie Greer went 21 yards on a reverse.

Tiger 5 Opens Thursday Nite

Tiger basketball coach J. P. Ward, facing a rebuilding job this season, will send his Bengal cagers against the Brownfield Cubs here Thursday night in the season opener for the Black and Golders.

The Tiger lost all five starters from last year's District 3-AAA champions and the No. 1 reserve.

The other four squadmen from last year's championship club are back. They are Israel Hinojos, Gary Vice, John Ward and Bill Phillips.

Ward, starting his fourth year as the Tiger cage boss, has eight others listed on the varsity squad, all graduates of last year's "B" team.

Coming up from the "B" team are Dwaine Merritt, Jimmy Allen, Leon Reed, Johnny Drake, Kenneth Drake, David McIntosh, Danny Tankersley and Bill Jennings.

The Tigers have 19 games on tap this season and three tournaments. In addition to the 19 scheduled games, the Tigers will take part in their own Canyon Reef Tournament and the Howard Payne College and Abilene Invitational Tournaments.

The Canyon Reef tourney is scheduled for Tiger gym, Dec. 13-14. The Canyon Reef tournament has turned into a 6-team affair following the withdrawal of Colorado City and Weatherford. Besides the Tigers, other teams that will play in the Canyon Reef tourney are Abilene, Tom S. Lubbock, Tulia, Lake View and Brownwood.

After Thursday's season opener, the Tigers will journey to San Angelo Friday night to meet the San Angelo Bobcats.

The Tigers have only been working out a week as a unit as nine of the 12-man squad were involved with football until last Monday.

SWC Cagers Set For Lid Lifters

By The Associated Press

The Southwest Conference basketball campaign shoves off Monday with everybody talking about Rice but also eyeing TCU and Texas A&M.

Rice, with nine lettermen and losing only one man from the entire 1957 squad, is a top favorite to win the championship and rank high in the nation.

SMU, champion three years in a row and one of the best in the country last season, has only two lettermen but probably the best sophomore crop in the league. The Methodists, however, aren't expected to strongly contend for the title.

Texas A&M, with eight lettermen, a new coach—Bob Rogers, who was at East Texas State last year—and with a good big boy for the first time, is expected to improve its 1957 finish greatly. Wayne Lawrence is a 6-8 sophomore.

TCU has seven letterman and plenty of height. H. E. Kirchner is a 6 foot, 10 center. Ronnie Stevenson, who scored 343 points last season, is back. Coach Buster Ramon expects some good rebounding.

Texas Tech, making its start in the conference, is one of four teams that play opening games Monday night. Rice is host to New Mexico A&M, SMU will be in Minneapolis to play Minnesota, Arkansas engages Oklahoma at Norman and Texas Tech entertains Abilene Christian.

SMU takes on Iowa at Iowa City Tuesday, TCU plays Austin College at Fort Worth, Texas meets Texas A&I at Austin and Baylor plays McMurry at Waco.

Arkansas is home to New Mexico A&M Wednesday.

TCU plays McMurry Friday, Texas engages Trinity, A&M opens against St. Marys at San Antonio, Baylor will be in Salt Lake City playing Utah and Rice and Oklahoma City University meet at Houston.

Texas Tech plays Hamlin at Lubbock Saturday, Arkansas will be at Tulsa and Baylor again meets Utah.

Baylor figures to be improved over its 6-6 showing of last season with six lettermen returning, among them Tom Kelly, 6 foot, 4 center, who looped in 332 points.

Arkansas has seven lettermen but lacks height. Texas has seven lettermen and is in the same boat. Texas Tech, one of the few teams to beat SMU last year, has six lettermen and a very bright sophomore prospect—Pat Noakes, a 6 foot, 10 star from Fort Worth.

Rice looks fully as strong as SMU was last season featuring its 6 foot, 10 Temple Tucker and 6 foot, 9 Tom Robitaille, and with sizable fellows in 6-6 Willie Preston and 6-5 Gary Griffin. There is good speed in a quartet of veteran guards—Gerry Thomas, Dale Ball, Jay McIlvain and Bob Higgins. Football star King Hill is good at either forward or guard. The only sophomore on the squad, Steven Galloway, brings improvement in outside shooting.

TO THE CHAMPS—F. G. Hoefer, left, president of the Snyder Quarterback Club, presents coach Marshall Gearhart of Seymour with a trophy symbolic of Seymour's 27-6 decision over Lockney in the Region 1-AA championship game here Friday night. Looking on are quarterback Billy Ryan, No. 10, and tackle Bob Plummer, No. 70 and two unidentified Seymour backers. The presentation was made on behalf of the Quarterback Club and Chamber of Commerce. (Lee Watson photograph)

Seymour Soars To 27-6 Victory Here

The Seymour Panthers broke a close game wide open in the final four minutes of play Friday night to defeat the Lockney Longhorns, 27-6, in a regional championship playoff game at Tiger Stadium Friday night.

The Panthers, champions of District 4-AA, scored twice in the last four minutes to win the contest going away.

Seymour thus gained a spot in the state 2A quarterfinals against the McCamey Badgers who had beaten Ranger Thursday, 28-13. Seymour and McCamey will meet at Seymour next Saturday at 2 p.m. Site and date of the quarterfinal game was set here immediately following the game Friday.

The two schools elected to go for the home-and-home site with Seymour winning the coin toss.

Seymour was hard pressed in the first half play of which they held only a scant 7-6 halftime lead. Seymour scored on her first offensive try but the Longhorns carried the fight to the Panthers for the remainder of the first half.

Eddie Syptak broke over tackle and journeyed 54 yards to a touchdown on Seymour's first play from scrimmage. Bill Moss converted and it was 7-0 Seymour in the opening minutes of play.

Lockney came back to draw within one point of the Panthers with a touchdown early in the second period.

Starting from their own 41 late in the first, the Longhorns drove 59 yards to paydirt with fullback Dickie Barton banging over from the Panther nine in the opening minutes of the second period. Barton also tried to run the point over but was stopped and Seymour held tenaciously to a 7-6 lead.

The Panthers were not to be denied in the second half when they took the third period kickoff and drove 65 yards for their second TD. Billy Rayn, Seymour's slick quarterback, climaxed the drive on a keeper around his left end for eight yards. Moss' kick was wide to leave Seymour ahead, 13-6, with 5:23 minutes left in the third period.

That's the way it stood until the final four minutes of play when Seymour broke the game wide open with two quick touchdowns.

Ryan hit end Don Pollard with a 31-yard pass for the clinching touchdown with 3:41 minutes left. Moss converted to make it 20-6.

Halfback Larry Martin then iced the game away for sure for the Panthers when he intercepted a Lockney pass and sped 62 yards to the doublestripe with 2:05 minutes left in the game.

Moss kicked to make the final tally read 27-6.

Syptak, thanks to his opening 54-yard touchdown dash, was the game's leading rusher with 90 yards on nine attempts. Ryan picked up 70 yards on 23 rushes to follow Syptak in ball carrying for Seymour.

Barton led Lockney's ball carriers with 68 yards on 14 trips while fleet Jerry Williams netted 37 yards on 13 tries for the Longhorns.

Lockney, who outgained Seymour in the first half, was overpowered in the second half. The Longhorns had the ball for only 17 plays in the second half while Seymour got off 43 plays from scrimmage.

Score by periods:

SEYMOUR	7	0	6	14	—27
LOCKNEY	0	6	0	0	— 6

TCU Crushes SMU By 21-0

By HAROLD V. RATLIFF

FORT WORTH, Tex., Nov. 30 (AP)—Texas Christian brutally rubbed the glitter off Don Meredith, Southern Methodist's golden boy, today and swept to a 21-0 victory on the passing and running of Dick Finney and the dashes of Marvin Lasater and Buddy Dike.

The great SMU passer, sensation of the Southwest Conference, was so badly rushed by the sweeping Horned Frogs that he wound up with a net loss of 64 yards.

It was the heaviest margin TCU ever beat SMU in Southwest Conference play and left the Methodists winless in Fort Worth since 1946.

A crowd of 25,000 watched the Frogs fight SMU off its feet virtually all the way, batter Meredith from pillar to post and then follow Finney, who scored two touchdowns, and Lasater, who ran 56 for the third counter, to a smashing triumph that probably knocked SMU out of bowl contention.

The game meant nothing in the Southwest Conference race but SMU had hoped to use it as a stepping stone to a bowl game.

Finney made the two touchdowns on short plunges, setting up the first with two passes to halfback Marshall Harris that gained 44 yards a 52-yard drive and directing the Frogs, with Dike, LaSpikes doing the carrying, to the other.

The 56-yard Lasater run came in the fourth period.

As the game ended the Frogs had rolled to the SMU three.

The Methodists never got closer to the TCU goal than the 22-yard line, that coming on a Frog fumble.

Meredith completed nine of 14 passes but he connected on only three the first three periods. The Frogs were crashing him, with the ends and corner linebackers forming a pincher and with the guards and tackles banging through to contain him when he was caught in the vise.

Meredith gained only eight yards running but was thrown for 64 yards in losses trying to pass, thus wound up with a net 56.

The Frogs rolled up 275 yards on the ground and 67 in the air, 34 on the ground and 112 passing, most of the gains in throws coming in the last period when the game already was lost and Meredith was moving around in the backfield instead of standing in one place and trying to pass. He apparently figured this out at the half. His 112 yards would look like a good passing day but for the fact that they came too late.

Lasater was the games leading ground-gainer, racking up 88 yards with his runs. Dike made 73.

Finney got the first Frog touchdown with a smash from the SMU 1-foot line after his passing to Harris—one being a gainer of 37 yards—had set the ball on the SMU one.

The second touchdown came after Wayne Slankard fumbled the kickoff opening the second half and guard John Groom of the Frogs fell on the ball on the SMU 42. First TCU smashed to the SMU 1-foot line but the Methodists held.

Dave Sherer kicked out but on to the TCU 47 and TCU swung back for the touchdown on the running of Dike, Shofner, Spikes and Lasater. An off-side penalty that put the ball on the SMU 1-yard line helped the Frogs to the score. On fourth down Finney smashed over for the touchdown.

Then came Lasater's great run to wrap it up for TCU.

Shofner, the conference's leading ground-gainer, had 45 yards today to win the championship. He brought his total for the year to 682 yards. Gerald Nesbitt of Arkansas finished second with 624 and Larry Hickman of Baylor, who made 57 yards against Rice today, wound up third with 612.

FORT WORTH, Tex., Nov. 30 (AP)—Statistics of the Texas Christian-Southern Methodist game:

	TCU	SMU
First downs	19	6
Rushing yardage	275	34
Passing yardage	67	112
Passes	3-8	9-17
Passes intercepted by	1	1
Punts	7-32.8	10-42.1
Fumbles lost	1	1
Yards penalized	30	60

Bike Club Is Formed Here

A motorcycle and Scooter Club has been organized in Snyder.

Name of the club is the "Snyder Ramblers."

Officers have been elected as follows:

President — Henry Lowery.

Road Captain — Jackie Evans.

Secretary-Treasurer — Darby Scott.

The club will hold its first field trials today at 2 p.m. All who are interested in competing in the field trials are asked to report to Hornbeck Motors on the Clairemont Road.

Anyone having a scooter, motor bike or motorcycle are eligible to compete in the trials.

The public is welcome to attend the trials.

The newly organized club is also seeking new members. Anyone interested in becoming a member of the Snyder Ramblers may call either Mr. or Mrs. R. H. Hornbeck at Hornbeck Motors.

Weekly meetings of the club will be held each Thursday at 7 p.m. at Hornbeck Motors.

Cotton Bowl Starting Time Reset For 2:30

DALLAS, Nov. 30 (AP)—The Cotton Bowl football game this year will have a starting time of 2:30 p.m. (CST), an hour later than in the past, Secretary Howard Grubbs announced today.

The change was necessitated by the television commitment. CBS is the new sponsor for the Cotton Bowl broadcast will come when the Orange Bowl telecast is over. NBC, which had been telecasting the Cotton Bowl, went to the Sugar Bowl this year.

THE SNYDER DAILY NEWS

VOL. 8, NO. 184 SNYDER, TEXAS, SUNDAY, ~~NOVEMBER 30~~ DECEMBER 1, 1957 SECTION B

HOLIDAY ENSEMBLES—For most any social function the above group are attractively attired. From left: A party frock for Virginia Palmer, is this white felt skirt trimmed at the Needlecraft Shop. The skirt has glitter braid circles touched off with red felt poinsettias, with a white jersey blouse. Her escort is Garland Fambro. From Owen's Dept. Store, Lucy Blacksher is gowned in a bright new Christmas Green Taffeta, styled by Ronel of California. The high front and low back neckline is just right for the holiday dance. Her black pointed toe pumps with bows are from Owen's Dept. Store, Shirley Watson is modeling the Jerry Gilden Special Edition Dress of the Month, featured in the Nov. issue of Harpers Bazaar. Red roses richly patterned on a black printed silk. She is escorted by Dwayne Burdett.

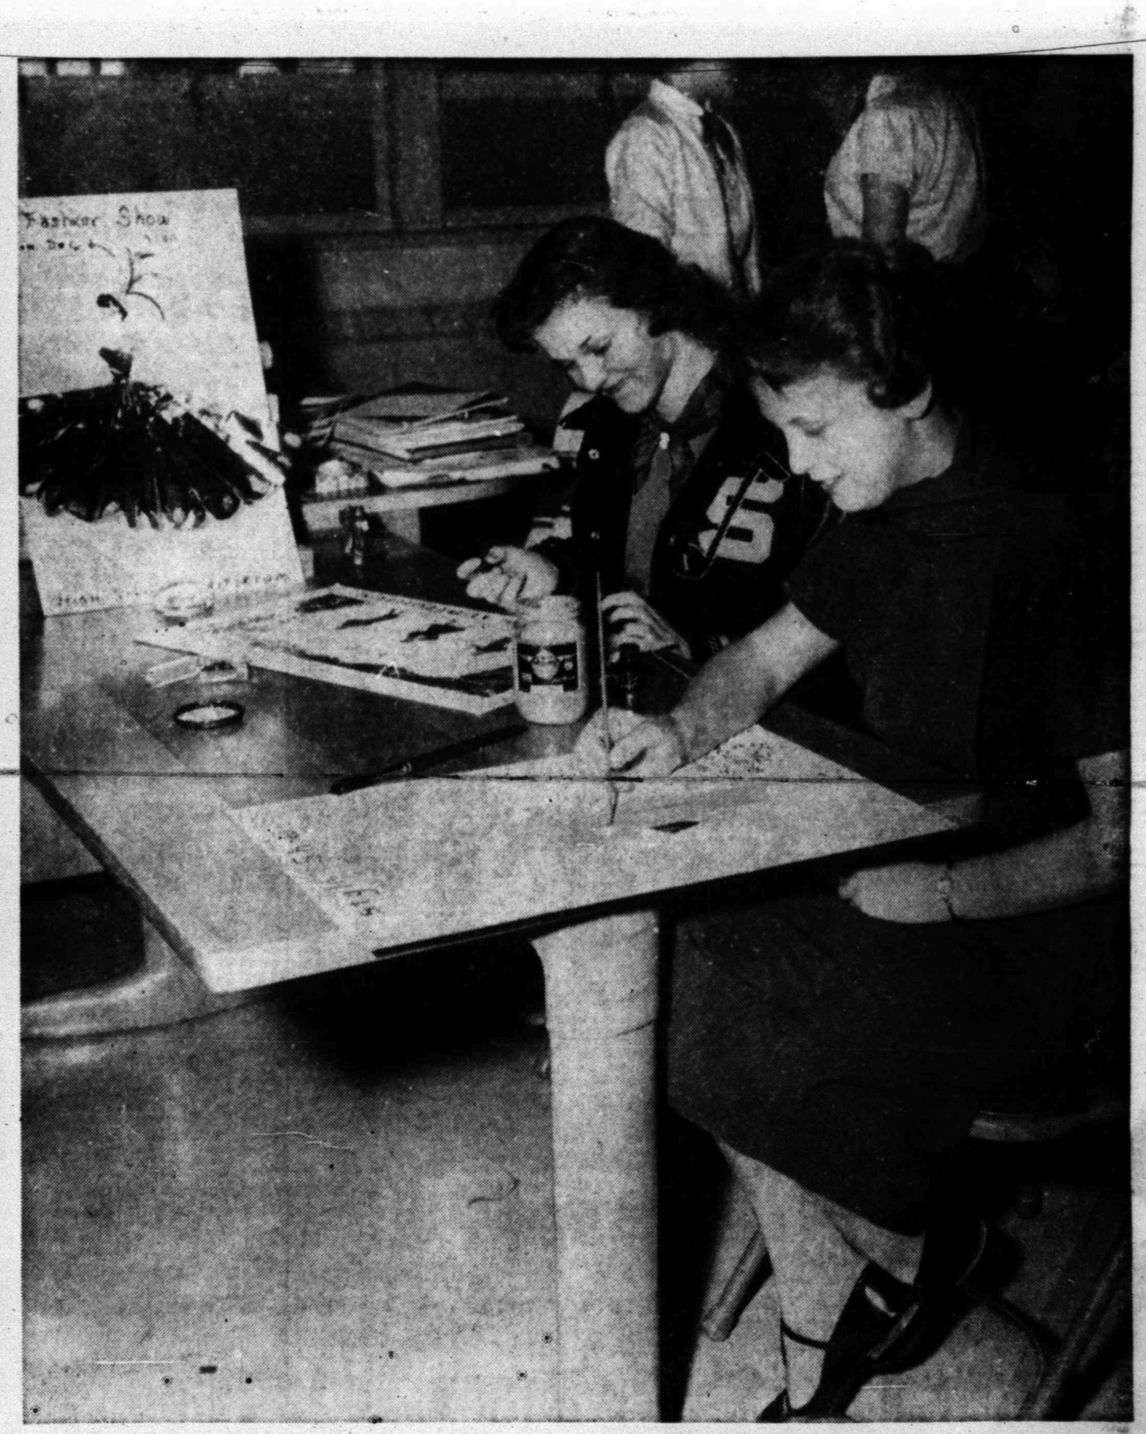

MISS ALMA ATOR, homemaking instructor at the High School is shown as she was giving instruction to three of the models for tomorrow night's Fashion Show. Miss Ator is briefing the girls on walking, posture and poise which is a must to any model. The girls from left to right are: Shirley Watson, Mary Green and Carol Davidson.

School And Community Team Work

SUITS—Miss Shirley Payne, left, is shown in a Betty Rose three-piece suit from Dunlap's Dept. Store. The fabric is dacron in charcoal grey. A versatile suit in color and style, the loose fitting jacket covers a skirt with pleated yolk. Shirley chose accessories of black and white. At right is Totsy Drinkard wearing a two piece suit of Pima cotton and silk Spinaway, the season's newest fabric and is from the J. C. Penney Company. It is a washable version of a high fashion Italian import. Totsy's accessories include a black satin bag with shoes to match and white gloves of double woven nylon.

ART STUDENTS—It takes the cooperation of many students and teachers to make such a production as the D. E. Style Show to be held tomorrow night possible. Above from left to right are Brenda Drake and Sonya Haynie first year art students of Mrs. Lillian Jones. Mrs. Jones' students made the posters for the show and as you will notice when you observe them, many hours of work and creative thinking was involved. (Lee Watson photographs)

MRS. SILAS RAY FLOURNOY

Thanksgiving Day Services Unite Frances Walker And Silas Flournoy

An impressive ceremony, read at 11 a.m. Thanksgiving day, united Frances Elouise Walker of Big Springs and Silas Ray Flournoy of Fluvanna in marriage.

Parents of the couple are George P. Walker of Oxford, Miss., and Mr. and Mrs. H. A. Flournoy of Fluvanna.

The double ring service was read in the home of Mr. and Mrs. R. L. Nall, 1305 Scurry, Big Spring, who are the brides aunt and uncle. Thomas E. Cudd of the Main Street Church of Christ in Big Spring was the officiating minister.

The altar was placed before a large mirror improvised arch, entwined with greenery and gladioli, centered with white wedding bells. The arch was flanked by arrangements of white gladioli. Mrs. J. W. Lewis of Sra. served as pianist and presented "One Alone," "Walk Hand in Hand With Me" and the theme from "Concerto in B Flat Minor" along with traditional wedding music.

Miss Charlene Wasson of Big Spring attended the bride as maid of honor. She was gowned in a pink lace sheath dress, styled with a lighter pink chiffon cumberbund, which looped in the back and trailed to the hemline. She carried a colonial bouquet of white mums with silver and white streamers.

Delwyn Dee Phillips, of Garden City, served as best man.

The bride, given in marriage by her uncle, R. L. Nall, wore a waltz length gown of white imported lace. The strapless bodice, cutaway bolero and full skirt were lined with tulle over ice blue taffeta. The bolero sleeves were shirred just below the elbows, and its stand up collar and bodice were outlined with tiny seed pearls.

Her schoulder length veil was attached to a small hat covered with rhinestones and seed pearls. For something old, her wedding band of her paternal grandmother, the later Mrs. Owen Walker. Something borrowed and blue was a garter belonging to a cousin, Mrs. Wayne Truxal, and she wore a penny in her shoe for good luck. She carried a white orchid showered with lily of the valley atop a white Testament.

The bride's aunt, Mrs. R. L. Nall and the groom's mother were attired in navy blue crepe with corsages of white carnations.

A wedding dinner was held in the home following the ceremony. The bride's table was laid with a white organdy cloth, silver coffee service and a centerpiece of the maid of honor's bouquet. The wedding cake was a white three-tier cake trimmed in white and silver droplets and white mums, topped with a miniature bride and groom.

Betty Ray Clifton, cousin of the bride presided at the service table while Mrs. Wayne Truxal of Roswell, N.M. cousin of the bride registered guests in the white bridal book, decorated with a single long-stemmed white rose.

As the couple left for a four day wedding trip to San Antonio, the bride wore a blue velveteen sheath trimmed with white lace collar and three-quarter length sleeves. Her accessories were black silk shantung shoes and bag, white velvet hat and gloves, and the white orchid from her bridal bouquet graced her black fur cape.

Mrs. Flournoy is a graduate of Big Spring High School, graduate of Howard County Junior College where she was elected "Best All Around Girl" "Aggie Sweetheart" and to "Who's Who", editor of the yearbook and a member of the Lass-O Club. She received her B.A. degree from Abilene Christian College where she was amember of the Cadette Social Club, Kappa Delta Pi, Phi Rho Apha, "W" Club, and the Future Teachers of America. She is presdiently teaching at Maedgen Elementary School in Lubbock.

Mr. Flournoy is a graduate of the Fluvanna High School, attended Howard County Junior College, where he was secretary of the Aggie Club and a member of the Jayhawk basketball team. He is a graduate of Southwestern College of Commerce, Fort Worth, and presently attending Texas Tech in Lubbock as a horticulture major and employed part-time in television and radio service.

Out-of-town guests were Jimmy Castleberry of Lubbock, Mr. and Mrs. Tommy Griffin of Lovington, N.M. Mrs. Nan Salyer of Odessa and the bride's father, George P. Walker of Oxford, Miss.

LWV Board To Meet Tuesday

The official board of the Snyder Provisional League of Women Voters will hold their regular session Tuesday at 4 p.m. in the home of Mrs. Harold Kelley, 2209 Forty-first Street.

All board members are urged to attend.

Put Fun Into Party Giving During The Holiday Season

Americans are probably the most gregarious, party-lovin' people on planet Earth. Could be due to their natural, out-going personalities, and then again, it could be because the modern American has managed to figure out how to get the most fun with the least amount of work.

The contemporary trend of building entertainment areas into homes is a part of the "least work" phase of modern living. Both casual and formal get-togethers are infinitely easier on the hostess when party ingredients are right at fingertip reach.

A refreshment bar in a corner of the family or living room is a big item in present home planning for both guest entertainment and family convenience. As well as being a convenience, a serving center can be a real decorative asset too.

Many homeowners like to have their family or party rooms paneled in woods like west coast hemlock or Douglas fir because the use of natural wood seems to make for a more friendly, relaxing atmosphere. The refreshment bar built in matching wood becomes a highlight of the room.

You snack and sip bar needn't be big or elaborate. In fact, simple lines relieved by the richness of natural wood are often the most effective. And, happily, this is the type of thing that can be fitted into an odd corner, built along a dead wall, or around an uninteresting window.

A counter long enough to seat three people makes the bar area a good, serviceable size for both serving and snacking in between meals. Formica or a similar material should top the counter, and for textural contrast with the wood, you may want to upholster the face of the bar to match the bar stools.

Installing a small sink under the counter would add to the convenience of your refreshment bar, and if possible, a tiny refrigerator, also hidden by the counter, would be a step-saver. Ice and soft drinks, and other items needed for casual entertaining. Sparkling crystal has a lot of decorative value, so you may want to leave the upper shelves open. Sliding doors concealing the shelving below counter level are a convenience, however, for here you'll probably want to store more unslightly objects like ash trays, cards, cleaning rags, and cocktail napkins.

If the bar is located in a corner not reached by the general room lighting, overhead recessed lighting can be installed in a canopy of wood matching the wall paneling and built-in shelving to brighten and enhance this area.

A great deal of imagination can go into the design of a refreshment bar in your family room, but imagination tempered with simplicity and utility usually gets the best results.

In Colorado you must give a donation certificate also if you want to present some spare fish from your catch to a friend.

Vows Exchanged Here Saturday By Twilla Jackson And William Ramsey

In a double ring ceremony Saturday evening at 7 o'clock in the Trinity Methodist Church, Twilla Elree Jackson became the bride of William Wayne Ramsey. The Rev. Elton Wyatt, minister of the church officiated.

The bride is the daughter of Mr. and Mrs. O. B. Jackson of Hermleigh. Parents of the groom are Mr. and Mrs. W. J. Ramsey of Snyder.

The vows were read before an archway of white tapers, baskets of pink gladiolis and palm trees. Pews were marked by large white satin bows.

Given in marrigae by her father, the bride wore a gown of imported Chantilly lace over satin, fashioned with high neckline and long pointed sleeves. The long fitted bodice ended in points in the front and back, with the full skirt scalloped at the bottom. The gown was made by Mrs. L. Rea, an aunt of the bride. The finger tip veil of French illusion fell from a terria of seed pearls, and carried a white orchid atop a white Bible.

For something old, the bride wore a wedding band belonging to her grandmother, Mrs. A. B. Connor, which was born on her wedding day. Something borrowed was a white linen handkerchief belonging to Patsy Wyatt. Her mother presented her a gold dollar to wear in her shoe for luck. For something blue she wore a blue garter, and something new was a string of pearls, a gift from the groom.

Attending the bride was Patsy Wyatt as Maid of Honor, and Linda and Billy Ramsey, sisters of the groom were bridesmaids. Their gowns were identical of blue chiffon over taffeta. Their head dresses were of blue matching tulle.

Lana McMillan and Candis Bass served as flower girls. Their gowns were fashioned with a diamond neckline of blue chiffon over taffeta. Their headpieces of matching tulle.

Barry Voss and Laddy McMillan, cousins of the bride, served as ring bearers.

Joe Jackson, brother of the bride, and Teddy Lynn McMillan cousin of the bride, were candlelighters.

Best man was Kemp McMillan cousin of the bride. Other honor attendants were Kent Fields, and Don L. Ramsey, cousin of the groom. Ushers included, Brent Newby, Perry Don Free, Sonny Richardson and Jimmy Goldsmith.

Mrs. E. L. Kubala, organist, played the traditional wedding music and accompanied Billy Biggs who sang "I Love You Truly" and "Because".

Following the services a reception was held in fellowship hall, which was attractively decorated with yellow mums. The lace covered refreshment table was centered with the traditional three tiered wedding cake, topped with a miniature bride and groom.

Judy Green, cousin of the bride and Viola Roemisch presided at the regristry. Janelle Richtor, Enid Minor, Delma Henley, Connie Craft, and Jannett Jackson served cake and punch.

The couple will make their home at 411 West Noble, in Midland.

Mrs. Ramsey is a 1956 graduate of the Hermleigh High School. Mr. Ramsey is a '56 graduate of Snyder High School, and is employed by Gulf Oil Corp. in Midland.

Out-of-town guests were from Kermit, Fort Worth, Lubbock and Ropesville.

B-58 BUICK

First Big Car
that's light on its feet
-and light on your budget too!

Look it over. Big – brawny – room for the Marines.

Step in. Turn the key. Get braced for a surprise.

In your first mile of driving, you discover the first big car in history that really is nimble, easy to handle, light on its feet.

You boss a B-12000 engine. You command a Flight Pitch Dynaflow.* You switch the pitch a million ways for performance that's next to perfection.

You find a Miracle Ride plus Air-Poise Suspension* that floats you like silk on the breeze.

But that's nothing to the discovery you make about this '58 Buick when you get back to the showroom.

You learn you can own this 1958 Buick SPECIAL—this bottom-priced of the B-58 Buick line—for just a fraction more than the well-known smaller cars would cost you.

So come drive the B-58 Buick SPECIAL. It's based on more aviation principles than any car in history. It makes your heart take wing. Try it today.

NEVER SO MUCH SO NEW

★ Fresh bold styling with the Dynastar Grille
★ The Miracle Ride plus Buick Air-Poise Suspension
★ Flight Pitch Dynaflow or advahced new Variable Pitch Dynaflow*
★ "Velvet Wall" Sound Silencing
★ Thicker, wider, more powerful brakes
★ All built to exacting quality standards

When better automobiles are built Buick will build them

*Flight Pitch Dynaflow standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Advanced new Variable Pitch Dynaflow optional on SPECIAL Series. Air-Poise Suspension optional at extra cost on all Series.

THE UNIQUE OPEL
—the imported car made by General Motors in Germany—can now be ordered through Authorized Buick Dealers.

See It and Drive It—There's Nothing Else Like It

CASUAL WEAR—At left modeling casual wear for J. C. Penney Co. is Joyce Watson. Her ensemble features mix match separates for casual wear or play, titled the famous Jones Set from Dallas for 1958. It includes a pull-over blouse, mid-calf pant and wrap around skirt, all made of Fuller's Crease resistant sailtone cotton. Her Ivy League oxfords are just right with this color combination of black and white and vicuna brown. Wilma Kirby is wearing a red dress of rayon and acetate fabric, by Capri. Jean Eddins is wearing a steel grey slip-over, hip length wool sweater from the J. M. McDonald Store. The skirt is of an all wool fabric of turquoise. Her silk neck scarf adds harmony to the sporty costume. Mary Green is shown in a perky casual from Dunlap's Store. Sparkling black rhinestones are sprinkled over the quilted skirt and matching blouse. Black accessories were chosen by Marty for this Betty Rose fashion. The holiday season has begun with this festive brown squaw dress modeled by Lee Edelman, representing the Needlecraft Shop. The full skirt decorated in bright colored braid helps to create a gay mood. The "V" neckline and three quarter length sleeves add to the costume.

WHAT'S GOING ON

Mrs. John Leftwich, 2411 Thirty-second Street, and Mrs. Chester Hutcheson of Abilene, met Mr and Mrs. John W. Leftwich of Tyler in Dallas and spent the Thanksgiving holiday there.

* * *

Holiday guests in the home of MR. AND MRS. C. E. TRUSSELL, 2311 Twenty-seventh Street were, MR. AND MRS. DON HOLCOMB, and son RICKY of Gallup, N.M., MR. AND MRS. PRESTON GLOVER of Texas City and MRS. GRACE DREWERY of Sweetwater

NEWS FROM KNAPP

By MRS. RAYMOND ROBINSON

Add a bit of mace and celery salt to a cream sauce to be served over fish.

Snyder Distributive Education Club To Present Style Show And Contest

The Snyder High School Distributive Education Club will present a Style Show and Queen Contest in the high school auditorium Dec. 2 at 7:30 p.m. There will be no admission charge, and the public is invited to attend. The crowning of the queen will be by Mayor Harold Bennett. The judges of the contest will be Mrs. Dillard Pope, Malven Stevenson and Dale Walton. The girls selected will via first for the West Texas area queen nominee and then for the Distributive Education Clubs of Texas nominee to be judged in Austin at the annual convention Feb. 28 to March 1.

The basic objective of Distributive Education is to prepare high school youth for useful employment in the occupations of their own choice. The type of work must be of a distributive nature: that is, a wholesale, retail, or service selling type of business.

Training is made possible by cooperation between the school and local business establishments. Students acquire practical work experience in their chosen occupations by working each afternoon. Each morning the school provides individual and group instruction in the many phases of business education.

This year, thirty-five boys and girls have been provided with a well rounded program with the cooperation of thirty business establishments. Club members are: Roy Beene, Sears, Roebuck and Company; Dwaine Burnett, Morris Humble Service; Charles Cooper, Mixon Tire & Supply Company; Garland Fambro, Dunlap's Department Store; Gilbert Garcia, C. R. Anthony Company; Bobby Marchbank, Birdwell Conoco Service; Wayne Marrs, Snyder National Bank; Bobby Melton, D & H Supermarket; Bobby Rodgers, Stevenson's Sunbeam Market; Johnny Starnes, Rainbow Market; Kenneth Stewart, Snyder Daily News.

Totsy Drinkard, J. C. Penney Company; Jean Eddins, McDonald Department Store; Lee Edelman, Bell Florist; Virginia Palmer, Needlecraft Shop; Jane Shaw, D & D Auto Supply Company; Grace Waters, Hall Drug Company.

Kenneth Armstrong, White's Auto Stores; John Beall, Snyder Daily News; J. C. Scott, Jr. J. C. Penny Company.

Lucy Blackshear, Bell Florists; Jo Ann Borum, McAlister Transfer & Storage; Opal Boyd, Perry's Variety Stores; Alice Burrow, Weber Insurance Agency; Carol Davidson, Owen's Department Store; Mary Green Dunlap's Department Store; Patricia Ann Gage Dupree Motors; Joe Hawthorne, McDonald Department Store; Wilma Kirby, State Farm Insurance Agency; Betty Norman, Snyder Drug No. 2; Shirley Payne, Coggdell Memorial Hospital; Brenda Pittman, Perry's Variety Stores; Nelda Walker, Ben Franklin Variety Stores; Joyce Watson, Boren & West Insurance Agency; Shirley Watson, Bennett Office Supply.

Harold E. Nolte, is Coordinator of Distributive Education at the Snyder High School.

Add a few miniature marshmallows to custard cups before pouring in the custard mixture and baking. Youngsters like this!

$107-Million Spent On School Lunches

DALLAS, Nov. 30 (AP)—Expenditure of 107 million dollars, more than 37 million of this in Texas, for school lunches in the Southwest during the last fiscal year was reported today by the U.S. Department of Agriculture.

John Slaughter, USDA Southwest food distribution chief, said more than three fourths of this amount spent on food, equipment and services came from local expenditures and the rest from federal funds. More than 1,670,000 students were fed.

ENGAGEMENT ANNOUNCED—The Rev. and Mrs. Jack Dean of Snyder announce the engagement of his sister, Myrtle Johns, to Floyd Glasscock, son of Mr. and Mrs. R. D. Glasscock, also of Snyder. The wedding will be an event of Christmas Day, December 25, at 5 p.m. at the Northside Baptist Church. Friends of the couple are invited to attend the wedding. (Photo by Craft Studio)

REHERSAL—Admiring glances and comments were being made by the boys as the girls were going through their rehearsal preparing for tomorrow night's fashion show. From left the girls are: Patricia Ann Gage modeling a Johnathon Logan fashion of Red Rayon faille from Dunlap's. The stylish built-in cumberbun with fold from the waist, sets off a knife pleated skirt. Without the jacket, the dress has a square neckline. Carol Davidson is wearing a forrest green velveteen skirt and blouse combination with a self covered belt to match. The sleeveless blouse is trimmed with a white lace collar. With this fashionable frock, Carol carries white gloves and is wearing black suede Springalators, trimmed with a velvet bow in gold and rhinestone wedding rings from Owens Shoe Dept. Jo Hawthorne is shown in a party dress from the J. M. McDonald Co. A Tudor fabric original in a soft shade of blue blocked with white and flaked with gold. It has a deep round neck with wide collar and little girl bow. From the Fabric Mart, Alice Burrow is modeling a tailored satin brocade blouse entitled "The Last of the Mohicans." Alice's skirt is black velveteen with matching belt.

PLAIN POTATOE SALAD

Ingredients: 2 pounds potatoes, 1 small onion, 1½ cups finely diced celery, 2 canned pimientos (minced), 1½ teaspoons salt, ¼ teaspoon pepper, 2-3 cup mayonnaise, 1 tablespoon prepared mustard, 1 tablespoon wine vinegar, romaine, celery tops.

Method: Cook potatoes in jackets, in just enough water to cover, with 1 tablespoon salt; drain and peel; dice into about 1-inch pieces. Put potatoes in large mixing bowl. Peel and mince onion fine; there should be ¼ cup. Sprinkle over potatoes with celery, pimientos, salt and pepper. Mix mayonnaise with mustard and vinegar; mix with vegetables. Garnish with romaine and celery tops. Makes 8 servings.

Mrs. Leath Has Holiday Guests

Holiday guests of Mrs. Ola B. Leath, 2612 Avenue R, were Mr. and Mrs. R. L. Brice and daughter Snyder; Mr. and Mrs. O. B. Trulock Jr. and sons, Colorado City; Lt. and Mrs. Bill Athey and sons of Stillwater, Okla.; and Mr. and Mrs. Amedeo Spizzichino of Rome, Italy. Mr. Spizzichino is a staff member of the Food and Agriculture organization of the United Nations in Rome. They arrived in the U.S. in Sept. and he is now a graduate assistant in the Department of Agricultural Economics at Oklahoma State University. He and his wife, Rossana, will return to Italy in August, 1958.

LADY BOSS—Angie Vote, who runs pro-amateur golf tourneys, sits at starter's table at Harding Park Golf Course, explaining ground rules to golfers Ken Venturi, Chuck McHugh, Dick Stramahan and Virgil Shreeve before start of match.

Golf Pros Take Orders From Pint-Sized Woman

SAN FRANCISO (AP) — The men do the golfing, but Angie Vote is the boss when Northern California professionals and amateurs play their weekly tournaments.

Angie is a tiny 45-year-old divorcee — a golf addict herself — who runs the weekly pro-ams for the Northern California Professional Golf Assn.

About 125 golfers, usually one-third pros, play in the events. Winners usually take home at least $100 so there's plenty of competition.

Naturally top flight golfers, such as those in the tournaments, know all the rules. But it is up to Angie to see that they obey them.

"If they're playing slow, I have to get them to speed up," she says. "If there is any question on rules, they come to me. My rulings are final. I have to keep pretty good control because we don't want any chiseling.

"Players sometimes let their tempers get the best of them. They get mad and rush off. But they cool off. That's human nature.

"On the whole golfers are a pretty good bunch. They listen. They know they have to conform to the rules."

Angie took up golf in 1945 and admits that she worked hard to master the game, sometime spending all day on the practice tees and green.

She was playing regularly at the Pasatiempo course in Santa Cruz, Calif., when the local pro asked her to take over the club tournament. Seems everything was always getting fouled up. She accepted the offer.

Angie ran the pro's other tournaments and, as interest in the pro-ams grew, she became the logical person to run them. Now she handles private tournaments such as the All-Army championship as well.

Punch Bowls Have Many Holiday Uses

All homemakers cherish the friendly flair of a punch bowl!

Making their debut this season are several punch bowl sets designed to live up to the most modern taste or replica styles true to tradition. Best of all, the beauty of a glass punch bowl fits into the budget range of every homemaker.

Here's a brand new non-alcoholic egg-nog by Mary Lee Taylor. This recipe is for about twelve servings. Each serving has about 145 calories without liquor compared to normal 233 with whole milk without cream or liquor. You'll need:

12 eggs
1 teaspoon salt
1½ cups sugar
1 1-3 cups cold water
1½ cups new instant nonfat dry milk
4½ teaspoons vanilla

Set out a small mixing bowl and a large bowl; put a third mixing bowl, your rotary beater into the refrigerator to chill. Separate eggs, putting yolks in smaller bowl and whites in large bowl. Add salt to egg whites and beat until forthy; add gradually the sugar in small amounts, beating well after each addition; continue beating until rounded peaks are formed and egg whites do not slide when bowl is partially inverted. Set aside.

Beat the egg yolks in small bowl until thick and lemon colored. Set aside. Into the chilled bowl from refrigerator put the cold water and new instant nonfat dry milk; beat with chilled beater until it is of medium consistency and piles softly. With final strokes beat in vanilla. Now gently fold into the beaten egg white, the whipped instant milk and beaten egg yolks. Put in refrigerator to chill thoroughly before serving. Top with generous sprinkling of nutmeg.

Fenton's QUALITY SHOES

COATS—Shown modeling these lovely coats from left are: Nelda Walker in a new fall creation from the J. M. McDonald Store. The cream colored coat with beige flashes, is 90 per cent wool and 10 per cent cashmere. Nelda chose brown gloves and shoes to compliment this fall coat. Wilma Kirby models a Belding-Corticelli fashion from the J. C. Penney Co. The no ply rayon and cotton black faille duster with nortex finish is crease resistant and water repellent. Wilma's accessories are black faille bag and shoes, with red double woven nylon gloves and hat. Betty Norman is featuring one of the many types of dusters found at the J. C. Penney Store. Black and white color combination, the material is cotton and rayon "Positano" tweed lined with rayon tafetta. The coat has an attractive novelty back treatment. Modeling for Dunlap's Department Store is Jo Ann Borum, wearing a black faille duster styled by Betty Rose. Jo Ann has chosen a touch of white for contrast in her black velveteen hat with satin trim and white pearls. Her black shoes are also edged in white. Jane Shaw won't mind the bitter December wind when she wears her Ranch Brown Mouton from the C. R. Anthony Store. The simple roll collar and turned up sleeves will be just right for the holiday season.

EVENING GOWNS—Any young lady would feel like Cindrella if she were wearing one of these lovely gowns. At top is Alice Burrow in a ballerina length, strapeless dress of blue net and lace, graced with dainty pink flowers. Her pink velvet stole is from Needlecraft. At the bottom Virginia Palmer models a beautiful formal from the Fabric Mart, made of royal blue metallic lace over black net with the underskirt of chromespun taffeta. The bodice is fitted and strapeless with tiny bows of double ruffles above a tight midriff, cris-crossed with black velvet ribbon. The skirt is a full circle with a group of tiny double ruffles from the waist halfway to the bottom and finished with a group of larger single ruffles.

A Tip To Parents On Childrens Room Decorating

Do your have trouble herding your children off to bed at night? If so, did you ever stop to wonder if there was a deeper reason than the unfinished TV show, the early hour, or their inherent stubbornness?

A drab and unattractive bedroom could be one reason for their bedtime yowls of protest, for children are sensitive little individuals who react more openly to their surroundings than do adults.

It's so important that a bedroom have a pleasing effect on a child's eye and mind, and be fashioned to his needs and tastes, yet have something of the grown-up about it.

First, a warm, cheerful atmosphere should be created with the essential elements of the room — the walls and flooring. This can be done in a number of ways, but one of the most permanent and popular is to use wood paneling for the walls. Woods like Douglas fir or west coast hemlock have naturally rich, golden tones which make for a friendly feeling and are ideal for children's rooms, for they will take a lot of kicking and scuffing without showing battle scars.

Panel boards should be finished first with a sealer coat to bring out the wood's coloring, and then several coats of clear plastic, varnish or lacquer may be applied. Paint and crayon doodles will wash right off this type of finish with soap and water.

Flooring should be the indestructible kind — vinyl tiles or linoleum laid on easy-to-walk-on fir or hemlock flooring but bright and appealing in color. Throw rugs right next to the bed are a good idea for warming little bare feet the first thing in the morning, and there are several companies now designing washable rugs for children's rooms which depict favorite thymes and stories in gay colors.

A lot of space can be saved and a small room made larger if built-in furniture is used. Youngsters seem to gravitate towards built-in bunk beds especially, and mothers appreciate their convenience. Most of the mconsist of a box-like frame into which a mattress is set, and clever designers have included drawers right in the frame for storage of extra blankets, linens, or even toys.

Bright, bold colors can be brought into the room via the draperies and bedspreads, and patterns run the gamut from plaids to fanciful animals from Walt Disney's kingdom. Children usually like true, clear hues of red, blue and yellow, though undiluted shades of orange and green have a lot of appeal to some.

Washing out your eyes can ease a tired feeling at the end of a day's work. It can also help you pry them open in the morning.

Sinatra Calm Even With Bad Ratings

HOLLYWOOD (AP)—"Those guys in the gray flannel suits—I just don't dig 'em."

This was Frank Sinatra's comment to reports that his TV show was "in trouble." There have been recurring items that his sponsors and network are worried over the quality of Sinatra's Friday night show and the ratings it has drawn.

Concern was expressed over the fact that Sinatra has done several shows in a few days. A news story said ABC has asked the crooner to do more shows live instead of on film.

Sinatra remains calm through it all.

"You'd think they'd give a show a chance to build," he said between scenes of "Kings go Forth." "But no. The show wasn't on two weeks before the complaints started coming in.

"Do more live shows? I said I'd do one (last night's). But that's all. If they want an audience reaction, I'll film the shows before an audience, the same as I Love Lucy does.

"But I'm not going to gimmick up the show. I loathe those phony laugh tracks and canned applause. I'd rather quit than submit to them. My idea in planning the show was that it was a singing show. I don't think you need an audience for that."

He added that the speed with which he films the shows has nothing to do with their quality: "That's the way I work — fast. That's the way I'll continue to work."

Said Sinatra: "I realize there was something wrong with the show, and I'm going to correct it. It has nothing to do with an audience or with speed.

"It's the fact that I only have a piano on the stage with me. The technicians said they couldn't record the band on the same stage. That's bad for me. I need the spark that I get from singing with the full band. When the band was dubbed in on the sound track later, it just didn't sound right."

His deal with the nervous sponsors is for a year, and his multi-million-dollar contract with ABC extends three years. He indicated he's willing to cooperate with them—within reason.

Body Is Recovered

HOUSTON, Nov. 30 (AP)—The body of a Negro man was recovered today from an auto which plunged from a bridge into Buffalo Bayou. Papers found on the body gave the name of Franklin Brown, apparently a Navy yoeman en route to California from Pensacola.

EVA GABOR, one of the famed sisters, discusses her wardrobe with fashion designer Bill Thomas for her role in "My Man Godfrey," a comedy which also stars June Allyson, David Niven, and Martha Hyer.

Eva Wants To Play Part Of 'Camille'

Eva Gabor as Camille?

It's the dream of her life, says Eva, and she's going to play the part some day if she has to finance its production herself.

At Universal-International to play a key role with June Allyson and David Neven in the modernized version of the 1936 film comedy hit, "My Man Godfrey," Eva (who likes it pronounced AY-vah) is putting all of her vital Hungarian energies behind her efforts to be recognized as a serious actress instead of just a beautiful and exciting glamor gal.

"My whole life is acting," she insists. "I shall never retire."

On her last visit to Europe, the beautiful blonde from Budapest saw a new version of "Camille" and was so enthralled with the drama that she's dedicating herself to an English version with herself in the title role. If her plans work out — and Gabor plans usually do — she'll appear in it on the London stage. A certain British producer is already interested in the project and Eva figures to enthuse him even more when she's in England to co-star with Laurence Harvey in the British film, "The Truth About Women."

"I would risk producing it myself," she explained, "but I am such a bad businesswoman."

Of course, her New York real estate holdings, including a Park Avenue apartment house in her name, refute Eva's "bad businesswoman" tag.

Her older sister, Zsa Zsa, has grabbed the major share of the publicity attention since the Gabors invaded the United States, a fact that may have nettled Eva at one time but no longer does.

Marked Decrease In Cases Of Flu

WASHINGTON, Nov. 30 (AP)—The Public Health Service said today there was a marked reduction in the number of cases of influenza and similar diseases last week.

The number of deaths attributed to pneumonia and influenza, as reported by 108 major cities was 691 in the week ended Nov. 23, down 12 per cent from the 782 of the previous week.

ONLY RIVAL IS QUEEN

Britain's 'Mansfield' Draws Plenty Of Viewers

LONDON, Nov. 30 (AP)—In the age of the awful gimmick, a little-talented but big-busted girl has become a household word in Britain.

Men travel hundreds of miles just to look at her.

She's had scores of marriage proposals.

Squads of policemen battled crowds fighting to get near her at Manchester.

The fire department had to be called to drive back the people in Leeds.

In another place her clothes were almost torn off her.

This all took place in Britain, a land of traditionally reserved and undemonstrative people. It has the undertones of a frightening phenomenon.

The girl is Norma Sykes.

The gimmick is a pretty face, the lyrical stage name of Sabrina and her outsized chest measuring 41 inches. Sabrina says she's still growing.

Two years ago she came to London from Blackpool looking for work. Any kind of work. She labored as a waitress in a seamy section of London. She tried to get a job as a housemaid and when actually hungry, began posing for photographs, some of them in the nude.

Then comedian Arthur Askey put her in one of his television shows. He gave her nothing to do, assigned her no lines to speak. But he highlighted her tremendous frontage. That seemed to do it.

Overnight she became a sensation.

"Sabrina was my idea," Askey said. "Not the name, but the gimmick. The idea was based on something Billy Merson used to do in British music halls 25 years ago.

"He had a musical act—a singer, pianist, cellist and flautist. All the time they were on stage a pretty girl with a nice figure sat by reading a book."

Since her first series of programs with Askey two years ago, Sabrina has appeared in movies and other TV shows, made phonograph records and is now on the stage in a musical.

In her spare time she concentrates on personal appearances.

She is paid $280 for merely showing up and being seen.

Last June she made an unheralded appearance at the Royal Ascot races.

Hundreds of people surged forward to catch a glimpse of her, and the extremely low-cut white organdie gown she wore. Photographers stampeded to take her picture. Members of the nobility dashed out of White's exclusive champagne bar to stare at her.

Her only rival for attention was the Queen.

PERFORMING an impromptu dance routine are Jeff Chandler, Colleen Miller, and director Jack Arnold, left to right, while on the set of "Man in the Shadow," which stars Chandler, Miss Miller, and Orson Welles The movie is a modern-day drama of the far West.

Defends Teenagers

HOLLYWOOD (AP) — Despite all the publicity about delinquency, America's youngsters are a pretty good lot, says Walt Disney.

The film wizard is back from an extended vacation in Europe and rarin' to get going on new projects.

"One of the things I want to do is make a picture that shows the good side of teen-agers," he said. "I get so put out with all these pictures about delinquency. I thought that one about Marlon Brando and the motorcycles 'The Wild One' was bad, and 'The Blackboard Jungle' upset me for three days afterward.

"I think those pictures are a mistake. After all, 'monkey see, monkey do.' Kids get bad ideas when they see such things on the screen.

"And I don't think they show a true picture of young people today. All in all, I think kids are a good bunch."

The way to keep kids out of trouble is to keep them interested in things, Walt said. One of his big projects is to stimulate youthful interest in science, now recognized as an urgent national need. His film "Our Friend the Atom" is a favorite in the schools.

"I think we can do a lot more things like the atom and space features," he said. "I'd like to tackle a subject like mathematics and try to make it interesting to young people. That's a real challenge."

Automatic post offices employing mechanical "brains" will soon provide any address requested in a community in less than a second. That is how postmen will find remote lanes in zones where mail is not regularly delivered.

Buying at Home

is much like The Golden Rule

COPYRIGHT 1956 D. E. SCOTT

Everybody Recommends It for Everybody Else

But . . . the sad fact that some folks who preach buying at home don't practice it much, doesn't keep it from being a wise habit. There always will be people who regularly stand in their own light, even when they know better.

Unlike The Golden Rule, the principle of buying at home has few moral aspects. It's just a matter of good hard dollars and cents, and fuller living.

Because somebody else does . . . or doesn't . . . is no good reason to give away what is ours.

Yet that is just what we're doing when we spend our money off somewhere else, with the excuse that our neighbors are doing it.

Let's quit watching them, and examine our own habits, reminding ourselves selfishly that of each dollar we spend, nearly one-third goes to pay for community progress and upkeep.

But it's no soup in our pot, no schools for our kids, no churches for our souls, nor increment for our property, if it is some other community.

It Pays to Buy where You Live

Wall Street Perplexed By Behavior Over Ike Illness

NEW YORK, Nov. 30 (AP)—Wall Street, which usually knows most of the answers, was a bit perplexed this week at its own behavior.

Some of the street's elder statesmen shook their heads in dismay at the wild outburst of selling following news of President Eisenhower's cerebral illness Tuesday.

Others who make a living buying and selling shares in American enterprise were virtually stunned by the extent of the market's comeback the next day when the President's condition improved.

Winthrop H. Smith, managing partner of Merrill Lynch, Pierce, Fenner & Beane, said of the Tuesday break, "It is too bad investers sometimes get panicky. We recommend—and will always recommend—that people should buy or sell securities only after careful thought and consideration."

A. Charles Schwartz, partner of Bache & Co., declared, "The market is built on psychology. People get panicky and lose confidence. They try to rush to cover."

On Tuesday, the Associated Press average of 60 stocks dropped $3.60, clipping 4½ billion dollars from the quoted value of all stocks listed on the New York Stock Exchange. On Wednesday, the average rose $3.90, more than erasing the previous day's loss.

Harry Comer, analyst at the firm of Paine, Webber, Jackson & Curtis, said, "It wasn't so much the news of the President's illness as the bungled handling of the news" that set off the drop in the 1,100,000-share final 30 minutes Tuesday.

"Wall street does not like secrecy. It must have truth. In this case, the news had been withheld for hours."

Comer said another reason for the sharp drop was that "many people with short interest were out of the market. As a result of the announcement a few days ago of the big short interest, they already had bought to cover on the way up. So they were not available to pick up stock at lower prices late Tuesday."

Short sellers are investors who borrow a stock, expecting it to go down, thus enabling them to buy it later at a profit.

A woman broker in a large Wall Street office suggested that much of Tuesday's selling was done by the day-to-day traders who sit about brokerage house board rooms watching the tape and hoping to profit by keeping a step ahead of the general public.

By Wednesday morning, some of these traders were in bad humor. They had counted on a further decline in the market at Wednesday's opening and they were wrong.

At 3:30 p.m., as the market closed, a young broker turned the key in his desk drawer, picked up his brief case, and commented, "This market is just like a little boy who falls down and decides after a good cry that maybe he wasn't hurt so bad after all."

This Is The Month For U. S. Satellite

By ED CREAGH
Associated Press Staff Writer

This is the month.

Sometime between now and the end of December, U.S. scientists expect to launch this country's first man-made satellite. The little metal ball is already installed in its carrier rocket, ready to go. Indications are it will be sent aloft within a few days.

This will put the United States about two months behind the Soviet Union in what might be called the Sputnik derby. The Russians launched their first moonlet Oct. 4.

Americans can take some comfort, however, from the likelihood that U.S. satellite No. 1 will be more useful scientifically than Sputnik I. The U.S. model will not only "beep" but will send back much more information—on such matters as air density and curvature of the earth.

The launching site for U.S. 1 will be Cape Canaveral, Fla., the rocket wonderland from which many another missile has been sent into space.

The Navy is still in charge of what still is called, rather ironically, Operation Vanguard. The Army program with its 1,500-mile Juniter missile, but the task of getting satellite I into the air still is an all-Navy job.

The first U.S. moonlet will be a small one physically—a fraction less than 6½ inches across, or about the size of a fortune teller's crystal ball. Sputnik I, even though it was short on mechanical "brains," was about the size of a beach ball. Soutnik II, with its dog aboard, was comparatively huge. It weighed well over half a ton.

Dr. John Hagen, scientific head of the Vanguard project, said last week that two more small satellites will be sent aloft in the next couple of months if the first launching is successful. After that the plan is for some 21-inch spheres to be rocketed up. No timetable has been announced for putting any living creature in a U.S. satellite.

Engineers Directory Is Planned

The Permian Basin Section of the Society of Petroleum Engineers of the AIME is sponsoring publication of a directory of engineers in West Texas and Southeast New Mexico who are associated with the exploration, development, production and reservoir engineering in the petroleum industry.

Letters have been sent out to oil companies, independent engineers, oil well service and supply companies in this area requesting that they forward the names and other information concerning engineers in their employ. If any company has not received a letter and wishes to have its engineers lists in the director, it may do so by writing John R. Evens, Box 2476, Midland. Closing date of the directory is Dec. 12.

Proceeds from the directory of engineers will be donated to the Technical Library Fund.

The annual membership drive by the Society of Petroleum Engineers of the AIME is being conducted by the Permian Basin section at this time.

PUBLIC RECORDS

BUILDING PERMITS:
T. R. Welch, residence, 3511 Avenue A, $6,000.

MARRIAGE LICENSES ISSUED:
Billy Joe Hataway, 20, Route 2, and Betty Lou Lowery, 16, 212 Ash Street.

Wiley T. Brice from Elland Motor Co., 1957 Cadillac four-door.
George Parks from Elland Motor Co., 1957 Cadillac sedan.

Unemployment Rolls Increasing In State

AUSTIN, Nov. 30 (AP)—Unemployment in Texas continued to rise as unemployment compensation also went up, the Texas Employment Commission said today.

It reported unemployment was up from 131,700 to 137,000 in October, with compensation payments totaling $2,346,211 last month. The payments in September totaled $1,981,919.

Of the state's big labor areas, Dallas showed the smallest ratio of unemployed at 2.5 per cent.

Others were Waco 3.3 per cent, El Paso, Houston and Longview at 3.5, Austin and Beaumont 3.7, Wichita Falls 3.8, San Antonio 4.0, Amarillo 4.2, Abilene and Corpus Christi 4.5, Lubbock 4.7, San Angelo 5.0, Galveston-Texas City 5.8, Fort Worth 6.2 and Texarkana 9.2.

When Josef Ressel, inventor of the marine propeller, died in 1857 he had a piece of paper clutched in his hand. It was a will assigning all rights to the marine propeller to his son.

Six In Area Enlist Here During Month

Six men from the Snyder area enlisted in the Army through the Snyder area recruiting station during November, most of them from Snyder.

Those who enlisted were James Simmons, Clairemont Road; Carroll Dillard, 218 Thirty-sixth Place; Karl Smitherman, 2706 Avenue V; Floyd Mobley, 208 Elm Street; Charles Bruner, Sweetwater; and J. H. Lewis, Nolan.

Sfc. James A. Boone, recruiter, said four of the men were mentally qualified to be officers. All enlisted for technical schools or a technical branch of the Army.

The quota for this area for November was five. So far, 40 men have enlisted in the Army from this area since the recruiting station was moved here from Sweetwater Aug. 1. The quota for this area for that period of time was 17.

Of those who enlisted, 29 were from Scurry County, four from Nolan County, four from Mitchell County, and three from areas outside the recruiting district.

Boone said his quota for December is two.

Between Dec. 15 and Dec. 30, the Army will enlist men and will give them 15-day leaves as soon as they enlist, so they can be home for the holidays.

While on leave, the men will be drawing full pay and allowances Boone said. Those desiring to enlist under that program will be taken to Abilene for physicals and returned home the same day.

Presently, Boone is planning to take all those who enlist under the program to Abilene for enlistment Dec. 20.

Those interested should contact Boone at the recruiting station in the courthouse.

Bond Sales Lagging Here

Saving bond sales in Scurry County reached $303,602 for the year by the end of October.

The figure represents 51.4 per cent of the county's 1957 goal of $590,886. Sales for the month of October in Scurry County amounted to $18,618, according to the latest tabulations.

Gaines County continues to lead in percentage in District No. 14, accounting for 86 per cent of it goal by the end of October. Howard County is the district's leader in dollar volume with $563,001. Scurry County's total is second in dollar volume.

Lyle Deffebach is savings bond sales chairman for Scurry County.

New Road Has First Wreck In 15 Minutes

BALTIMORE, Nov. 30 (AP) — The new four-lane highway tunnel under Baltimore harbor opened at 12:03 a.m. today.

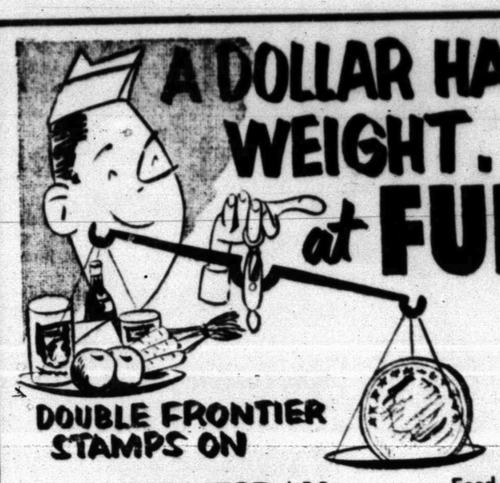

Fifteen minutes later came the first smashup. One car rammed another in the rear. Both drivers were injured slightly.

A few minutes later, another was charged with reckless driving and failing to wear his glasses while driving.

At 1:10 a.m., the first car stalled in the tubes. Dead battery.

In Connecticut a fishing license for women is cheaper than those sold to men.

SENATOR IN UNIFORM—Sen. Margaret Chase Smith (R-Me) is shown a model of a modern Air Force bomber by Lt. Gen. Samuel E. Anderson, Commander of the Air Research and Development Command, upon her arrival at the Baltimore, Md., headquarters. Sen. Smith, a Lt. Col. in the Air Force reserve, is inspecting several Air Force installations at the request of the Secretary of the Air Force. (AP Wirephoto)

Many People Suffer Little Strokes, But Never Know It

By JOHN A. BARBOUR
AP Science Reporter

NEW YORK, Nov. 30 (AP)—Death, paralysis or just a dizzy spell—they all came packaged in one shocking and inexact word: Stroke.

President Eisenhower's light stroke of six days ago seems to have been less incapacitating than a bad cold. He attended Thanksgiving Day services three days afterward.

Doctors let him motor to his Gettysburg farm on Friday. And in another two weeks, he may attend top level NATO meetings in Paris.

To many this dramatic recovery may seem hard to believe. The word stroke seemed just a few steps from the grave.

Actually doctors prefer to call the blow which struck the President by a more specific name—a cerebral vascular occlusion—change occurrence in a blood vessel of the brain.

Normally, they like to keep their eye on their patient for perhaps six weeks afterward to get the best idea of the extent of damage, the possibility of recurrence.

They also like their patients to enjoy the luxury of rest. This is a luxury which is difficult for presidents.

To get an idea of the varied degrees and nature of strokes, suppose you lived in a city where immediate delivery of foodstuffs was essential. There were no means of storing foods. You and your neighbors, living close together, depend on deliveries for each and every meal.

Foodstuffs were carried along expressways into your city. They flowed off onto secondary avenues sidestreets, alleys and driveways.

In the same way, your brain is dependent on the minute to minute flow of blood into its every nook and crany. One missed delivery and some part of your thinking and memory metropolis is affected.

In the case of an occlusion, that is exactly what happens.

An accident somewhere along the expressways or the sidestreets of that city ties up blood traffic and the deliveries don't get through. The effect is felt immediately.

Other neighboring sidestreets or alleys try to take care of the stricken area. The extent to which they are successful determines just how well the patient recovers.

Actually countless Americans suffer similar strokes every year—little strokes they never realize they've had. These strokes vary in intensity. Some people have recurring strokes.

Increase In College Of Cardinals Seen

VATICAN CITY, Nov. 30 (AP)—The Roman Catholic Church's vast growth may prompt Pope Pius XII to increase the membership of its College of Cardinals.

It was set at 70 by Pope Sixtus V nearly 400 years ago, when the world's total population was 360 million. It is now 2½ billion.

In 1953, when he named 24 new cardinals, including the first from India, Ecuador, Colombia and Yugoslavia, he told a secret consistory of cardinals he had "diligently considered" an increase in number but had decided the time then was not opportune for a change.

Millions of Catholics today live on continents scarcely known at the time of Pope Sixtus V. Nearly 200 million live in South and North America—areas that Pope Pius XII regards as bulwarks of Christianity in this epoch of earth satellites.

There are now 51 million Catholics in Africa and Asia, 17 million in the Philippines and 3 million in Oceania—all regions virtually unknown to the Christian faith in the days of Pope Sixtus.

An increase in the number of cardinals would be a help in the administration of the church — a constantly increasing burden. It would also make it easier for the pope to elevate to the cardinal purple high prelates who, he said in 1953 were meriting, but whom he had not been able to insign with so much honor.

Whom the pope would name is not known, but he has indicated he desires to make the College of Cardinals as representative of the areas of the world as possible.

There are 12 vacancies in the College of Cardinals.

As is custom, there has been no official indication when the next consistory will be held. It could be anytime—or not for a year or more. Previous popes named cardinals frequently, sometimes in ceremonies marking the elevation of only one or two.

Wade Heads Missile Force

OMAHA, Nov. 30 (AP)—Maj. Gen. David Wade, chief of staff of the Strategic Air Command, was named today to head the ballistics missiles force of SAC.

Wade's appointment, announced by Gen. Thomas S. Power, commanding general of SAC, followed disclosure by Gen. Thomas D. White, Air Force chief of staff, yesterday, that responsibility for both intercontinental and intermediate range ballistic missiles in their "initial operational capability phase" would be transferred from the Air Research and Development Command to SAC.

Power said creation of the sub-command under Wade will bring under one central control all ballistics missiles designed for strategic offensive and integrate it with SAC's global striking force. This will make use of the worldwide resources of SAC intelligence, reconnaisance, material and communications.

Five Persons Are Found Dead In Home

LORAIN, Ohio, Nov. 30 (AP)—Five persons were found dead in their three-room home today, apparently killed by the fumes of an unvented gas heater.

The victims were Felix Maldanado, 34; his wife, Carmen, 22; their daughters Maria, 4, and Monsirata, 2½; and the woman's brother, Andress Duran, 30.

Economy Of Texas Shows Stability

AUSTIN, Nov. 30 (AP)—The Bureau of Business Research said today the economy of Texas is showing stability in the face of uncertainty.

'Most important economic barometers in the nation are pointing toward a recession or at best a situation of no change in activity for better or worse," the report of the University of Texas agency said.

The report said that since oil production and refining, two of the most important areas of economic activity, began readjustment earlier in the year Texas reached a point of stability earlier than the rest of the nation.

Two important factors point to improvement: a change in the granting of credit by commercial banks; and the reappraisal of defense expenditures necessitated by the Russians' achievements in the field of artificial satellites.

Texas business activity is at year-ago levels, the bureau reported.

The bureau said production and refining or petroleum continued to show weakness and added that Texas cannot endure this condition indefinitely.

"The continued restriction on crude production is likely to have a very damaging effect on the state's economy because of the thousands of people who depend directly or indirectly on petroleum production for their livelihood," the report said.

State Bright Spot In Sales

AUSTIN, Nov. 30 (AP)—The Bureau of Business Research said today Texas is one of the brightest economic spots in the nation in retail sales.

Estimates of total Texas retail sales for October were four per cent above both September, 1957 and October, 1956. Sales for January to October were four per cent higher than last year.

"Most merchants polled by trade transactions expect Christmas sales to exceed last year," the University of Texas bureau said.

The dollar volume of 266 Texas department and apparl stores in October was up 11 per cent above September and 4 per cent over October, 1956.

The October 1957, over October 1956, gains in reports from 27 cities included Paris up 18 per cent, Dallas up 14, Port Arthur up 11 and Brownwood and Cleburne up 7.

The best gains for the 10 months included Cleburne up 12, Lubbock up 10, Austin, Brownwood and and Paris up 7, Amarillo and Marshall up 6.

Total advertising linage in 25 Texas newspapers during October was 8 per cent above September and 1 per cent above October 1956.

China's Minister Ends Moscow Visit

MOSCOW, Nov. 30 (AP)—Communist China's Defense Minister Peng Teh-huai and his military delegation wound up a month's visit to Moscow yesterday.

They were guests of Soviet leaders at a reception where Peng exchanged promises of grater cooperation and indestructible friendship with Soviet Premier Nikolai Bulganin. Peng and Bulgan in stressed the necessity for strengthening the cooperation and the combat readiness of their armed forces.

The Mint Museum of Art in Charlotte, N. C., was formerly a branch of the U.S. Mint.

One Injured In Collision

One person was slightly injured in a two-vehicle collision which occurred here just before noon Friday.

The accident happened 1.1 miles west of Snyder on U. S. Highway 180.

One of the vehicles was a 1938 International pickup driven by Otis Ferrell, 28, of 3012 Thirty-seventh Street. The other was a 1957 Chevrolet sedan driven by Alfred P. Shiner, 61, of Braymer, Mo.

Ferrell was making a left turn while headed east, turning in at a service station he operates. Shiner, headed the same direction and passing, struck the pickup.

Mrs. Shiner, 62, was taken in a sheriff's car to Cogdell Memorial Hospital for treatment of knee and ankle injuries and other bruises.

Jim Kinser, highway patrolman, estimated damage at $50 to the pickup and about $1,400 to the car.

Third Party Smoke, Little Fire

ATLANTA, Ga., Nov. 30 (AP) — Smoke is still rising in Dixie today over the desirability of a third major political party, but the question is: How much real fire lies beneath the haze?

A few weeks ago, southerners were talking heatedly, and plausibly, about the advantages of a new party.

Political leaders reported "strong popular sentiment" for pulling out of Democratic ranks.

"Sentiment is such that it won't take much to spark off a third party if the Democratic party tries to outvie (Vice President) Nixon in bidding for the Negro vote," said Denmark Groover, Georgia national committeeman.

Then came the elections in Virginia, New Jersey, and New York City and resounding Democratic victories. They appeared to have cooled third-party talk considerably.

As a southern political analyst put it, "After all, the Democrats want to win in 1960, and if that means swallowing some things in the national leadership that they don't like, they'll take a deep breath and swallow."

Meanwhile, there is general agreement that the young green shoots of Republicanism that sprang up in the South in 1952, and were still above ground in 1956, are now withered and dead.

The ruckus in both parties arose of course, from Little Rock, and before that, from the passage of the civil rights bill.

Some southerners, urging a new alignment today, argue—

First, that both parties are bidding for the Negro vote.

"There is absolutely no difference, insofar as political beliefs and issues are concerned, between the Republican and Democratic parties," said John Sammons Bell Georgia Democratic chairman. "Both are engaged in a frenzied effort to capture the Negro bloc vote."

Second, that the Democratic national leadership is "dominated by radicals."

"In the South, Nixon himself is hardly more anathema today than (Michigan Gov. G. Mennen) Williams and (Minnesota Sen. Hubert) Humphrey," said Groover.

Southern Democrats include the 24-man Democratic Advisory Council in that part of the national leadership they claim is under the influence of radicals.

This stems directly from the events in Little Rock.

On Sept. 15 the Council issued a statement criticizing both President Eisenhower and Gov. Orval Faubus of Arkansas. It said in part:

"It need hardly be said that the action of Gov. Faubus does not represent the position or the policy of the Democratic party."

But the passage that stirred Southern anger even more was the one that expressed hope the Negroes would be permitted to enroll in Central High School and added the sentence—

"Certainly any other course will be a defeat for law and order and for the Constitution itself."

The statement was approved by 15 of the members. The National Committee said three Southern members disapproved and the others could not be reached.

"I feel that this statement, which occurred before Eisenhower sent the storm troops into Little Rock, must have a pronounced effect on Herbert Brownell," Bell said. "But even such a brutal action didn't seem to satisfy the Democratic Advisory Council.

"It's this kind of tactic that we in the South resent so bitterly on the part of both parties."

The other Southern point of view is that the South can best fight for its objectives by remaining under the Democratic banner.

"I think the South can gain far more by cleaining up the Democratic party," said Neville Bennett, South Carolina state chairman.

"I don't agree with everything in the party platform," said Tennessee Gov. Frank Clement, "but I intend to work to get the right people in office so they can serve the best interests of the party and the people."

In weighing the pros and cons of a new party, southerners frequently contend that a party pledged to conservatism would have a strong appeal for conservatives in the North as well as in the South.

Two important factors enter the picture:

1. Southerners, by reason of seniority, are chairmen of a number of important committees in the House and the Senate now. Many southerners believe that in these positions their representatives can work more effectively to revise or eliminate legislation that the South opposes.

2. To be successful, a new party would need the support of a truly "solid South," from Texas to Virginia, backed by governors, senators and congressmen. It also would need a leader of national stature, capable of pulling votes in some big northern states as well as in the South.

No such unity behind the third-party idea is apparent at this point in the South. As for the possible leader, the most recent statement came from Gov. Faubus. Asked in New Orleans if he thought he might be called to lead a third party, Faubus said:

"I wouldn't rule out that possibility."

For the moment at least, third-party talk is on the wane in Dixie. Even before the November elections, Joseph Parham, editor of the Macon News said of the prospect of another southern split-off:

"I think its absolute nonsense."

Geniuses Lost By Soviets Are Aiding West Progress

By THOMAS P. WHITNEY
AP Foreign News Analyst

The science geniuses Russia possesses today have startled the world with Sputniks and other firsts—but the geniuses Russia lost through emigration have made enormous contributions to Western progress.

Talented people born in Russia who left home to settle in the West and become leaders in science, business, culture and politics are numerous enough to staff several Manhattan Projects and scores of business and artistic organizations.

They are men and women who instead of working for the Soviet government, as they would have had to do had they remained in their native country, have worked efficiently and in many cases brilliantly in such countries as America and Israel.

Russia's loss was the West's gain.

The big names among them are world-famous: Igor Sikorsky and Alexander P. de Seversky in aircraft design and development; Selman Waksman and Chaim Weizmann in science; Serge Koussevitsky, Igor Stravinsky and Sergei Rachmaninoff in music; David Sarnoff in business; David Ben-Gurion in politics; David Dubinsky and Sidney Hillman in labor. These are just a few.

And beyond the big names there is literally an army of Russian-born people in the West, particularly in the field of science, who though they are scarcely known to the public are recognized by authorities as leaders in their specialties.

More than any one other single man, Russian-born Dr. Vladimir Zworykin was responsible for development of modern television. He headed from 1929 to 1954 the electronics research of RCA, a company headed by Russian-born David Sarnoff. He personally developed the system of electronic scanning which made modern TV possible. Zworykin, born in Murom in central Russia in 1889, came, like many other Russians, to the United States after the Bolshevik Revolution.

Russian-born scientists played important roles in development of the atom bomb. Prof. George Kistiakowsky of Harvard is an example. A brilliant physical chemist, he is an expert on explosions. He is chairman of the chemistry section of the National Academy of Sciences and has received national citations for his work as a weaponeer. Kistiakowsky fought with anti-Communist forces in the civil war in Russia and came to the United States in 1926.

Daniel Will Attend Meet

TULSA, Nov. 30 (AP)—Gov. Price Daniel of Texas will be one of nine governors attending the Interstate Oil Compact's three-day meeting opening here Monday.

A special committee will report on effects of the oil imports of state oil conservation programs.

Gov. Raymond Gary of Oklahoma is chairman of the commission, a voluntary cooperating association of oil producing states dedicated to oil and gas conservation. Governors or their representatives compose the membership of 27 states.

E. O. Thompson, of the Texas Railroad Commission and chairman of the IOCC's legal committee will preside at a group discussion meeting. Participating will be John Hussey, Louisiana conservation commission, and Asst. Attys. Gen. James Ludlum of Texas and Samuel Freeman of Colorado.

Snyder Man Signs For Reenlistment

Floyd Mobley, 30-year-old Snyder man who reenlisted in the Army last week, was to report to Fort Bliss, El Paso, yesterday.

Mobley, of 208 Bell Street, enlisted for six years through the Snyder recruiting station.

Formerly in the Army for 11 years, Mobley was in the food service field.

After reporting at Fort Bliss, Mobley was to receive a 30-day reenlistment leave and return to Snyder in about 10 days.

Snyderite Top Student

Bill Campbell, of Snyder, Texas, has recently been named one of the most outstanding senior students at the University of Texas School of Law, when he became the recipient of the coveted Consul Award.

Campbell received his B. S. degree from McMurry College, Abilene, in 1950.

At the University he is currently Vice-president of the student body. Among other honors he has been vice-president of the mid-law class, first-place winner mid-law scholastic achievement award, 1956 Law Day program committee chairman, Phi Alpha Delta law fraternity, and member of the Law School Board of Governors for two years.

Before entering the University Campbell was a school teacher in the Snyder public schools.
