Lawyers Will Appeal Steel Seizure Ruling

WASHINGTON, April 30 (AP)—Federal Judge David A. Pine formally ordered the government today to give the nation's steel mills back to their owners as a wildfire strike closed the billion dollar industry down tight.

Government lawyers immediately moved to appeal Pine's action and seek a higher court reversal of the judge's ruling that President Truman's April 8 seizure of the steel industry—to head off a walkout—was illegal.

Across the nation, virtually all the 650,000 members of the CIO United Steelworkers of America were leaving their jobs in history's quickest shutdown of the vital industry.

Pine's formal order restraining the government from "continuing the seizure and possession" of the steel plants came less than 24 hours after he (1) Ruled the President's seizure action unconstitutional and (2) Denied what he called Truman's claim of "unlimited and unrestrained power."

Assistant Attorney General Holmes Baldridge asked Pine, a Democratic appointee of the late Franklin D. Roosevelt, to postpone the effective date of his give-back-the-mills order. Pine refused to do so.

Pine's injunction was a temporary one, to remain in effect "pending a final hearing and determination of the case."

With the vast steel industry shutting down overnight, the government slapped an embargo on shipments of steel from warehouses to producers of civilian goods and to foreign countries.

The National Production Authority issued the order within two hours of Pine's decision in a move to conserve the supplies on hand until it is determined whether they will have to be diverted from civilian to military use.

Outside of the courts, one further course was open to Truman: to invoke the Taft-Hartley Act.

Philip Murray, president of the United Steelworkers and the CIO, sought to nip such a move in advance, saying the union already has complied with Taft-Hartley provisions. Murray declared the strike would continue until the workers get a contract along the lines recommended by the Wage Stabilization Board.

Judge Pine strongly indicated in yesterday's decision that the President should invoke Taft-Hartley, which requires an 80-day cooling-off period before a strike can start.

Truman has refused so far to use the Taft-Hartley Act on the ground that the union already—at his request — has postponed its strike well over 80 days.

But in the light of his declaration that all-out production of steel must be continued or the defense program will break down, he may have to use the law he opposes in the event Justice Department lawyers fail to suspend or upset Judge Pine's ruling.

Pine was to issue a formal injunction — believed the first in American history restraining a presidential action—this morning.

Steel company lawyers, hailing his decision as a "complete vindication" of their stand, made ready to be in court at 9 a.m. to get his signature on the dotted line.

District Court Case Settled

Attorneys for plaintiff and defendant in the civil suit against Dr. W. R. Newton, former owner of the Snyder Hospital - Clinic, brought by Juanita Shipley and her husband, W. L. Shipley, now of Odessa, reached an agreement this morning to settle out of court.

Newton's attorneys, Haskell H. Cooper and Hoyet A. Armstrong, both of Dallas, and H. J. Brice of Snyder, had entered a plea of priviledge for a change of venue to Cameron. The plea of priviledge hearing began Monday morning, continuing until early this morning before the agreement was reached.

District Judge Ben Thorpe dismissed the jury.

J. Ray Martin, one of the plaintiff's attorneys, said the court has passed the suit for amicable disposition only as applies to Newton. Bob Huff of Lubbock is also an attorney for Shipley.

The court sustained a plea of priviledge for Dr. George W. Horton, also named in the suit, for transfer to a district court in Wichita County. Horton is represented by Marvin Sprain of Abilene.

Martin said other aspects of the litigation are pending in a federal district court in Missouri.

Jurymen were L. L. Lewis, J. G. Springer, Ivey Smoot, R. L. Mackey, Voice Jones, Ivey Sturdivant, H. R. Carnes, Bill Sullinger, Jimmy Butler, Bentley Baze, G. F. Chaney, and Virgil B. Gayle.

The suit was filed last May 10 as a result of surgery performed at the Snyder Hospital - Clinic on Mrs. Shipley on Jan. 5, 1951.

Thundershowers And Warm Weather Are In Prospect For State

By The Associated Press

Texas' picnic-type weather is expected to continue through Thursday—with some thundershowers to break the monotony.

Partly cloudy and mild weather prevailed over the entire state Wednesday. Winds were gentle.

But the Weather Bureau said widely scattered thundershowers can be expected through Thursday.

The only measurable rain in the state during the 24 hours ending at 6:30 a.m. was .07 of an inch at Childress and .01 of an inch at Dalhart.

Temperatures before dawn were mild, ranging from 49 at Dalhart to 69 at Laredo, with most points recording temperatures in the sixties.

Fog hung over Houston, San Antonio, College Station and Alice and made highway travel hazardous in the areas.

Poor Shows In Garza Wildcat Swabbing Test

Five miles southwest of Justiceburg in Garza County, Husky Oil Co. No. 1 Nance is swabbing on perforations in the Strawn from 7,622-630 feet. Recovery so far has been salt water with a scum of oil.

It is possible that casing will be perforated at a lesser depth in the Strawn for further testing.

The No. 1 Nance, contracted to 8,500 feet, is in the northeast corner of section 51-6-H&GN. It was drilled into the Ellenburger, where it had no shows, and plugged back for testing in the Strawn.

Union Oil Co. No. 1-C Stoker, one-mile northeast stepout to the Rocker A field in Southwest Garza, has pumped 53.82 barrels of oil from the San Andres in nine hours. The oil is coming from open hole section from 2,443-500 feet. Testing on the pump is to continue and operator will try for completion.

ABANDON

Noranda No. 1 Beard, Fisher wildcat, has been plugged and abandoned on total depth of 5,609 feet in Pennsylvanian lime. Operator reported no shows for production.

KENT COUNTY

Sun Oil Co. No. 3-C Bilby Wallace, one-half mile east of the Clairemont field, recovered 60 feet of mud with no shows on a one-hour drillstem test in the Pennsylvanian lime. The test covered the zone from 6,979-991 feet. Operator is now coring ahead below 7,001 feet in lime.

Superior No. 2-A Wood, Northwest Kent project, is drilling in red beds below 1,128 feet.

SCURRY REPORT

Texaco No. 202 P. L. Fuller, North Scurry Strawn wildcat, swabbed down with no shows on perforations from 6,946-952 feet in the Canyon reef. The perforations were treated with 416 gallons of acid and operator is now swabbing out the load.

Superior No. 13 - 578 Jordan, Northwest Scurry wildcat, is drilling below 4,957 feet in lime and shale. Superior & Intex No. 1 Eva Fisher Laws, wildcat in the same vicinity, is drilling in lime and shale below 4,445 feet.

Pure Oil No. 9 Whatley, located on the southwest side of the Cisco producing area, is preparing to perforate casing and test in the Cisco.

PREPARES STEEL RULING

Federal District Judge David A. Pine (above) works on legal papers in his chambers at Washington, D. C., while preparing his ruling in the steel seizure case. Judge Pine granted preliminary injunctions to restrain the government from carrying out the steel industry seizure any longer.

Victory For Ike In Massachusetts Vote

BOSTON, April 30 (AP)—Gen. Eisenhower's popular vote total passed the 229,000 mark in the Massachusetts primary today, and a near-sweep of the delegate elections virtually closed the gap between him and Sen. Taft in their race for the Republican presidential nomination.

It was almost a shut-out by Eisenhoser, his most convincing primary victory to date.

Eisenhower also got a big Democratic vote, big enough to put him in second place behind Sen. Estes Kefauver, of Tennessee, the expected winner.

Massachusetts has 38 GOP convention votes, and Eisenhower today has 29 of them as a result of 27 victories and two previously allotted by agreement. Taft won one delegate and also got two by agreement. The other six presumably will be uncommitted at the nomination convention in July.

Eisenhower's nation-wide delegate total moved up to 265 as a result of the added delegates. Three more for Taft put his tally at 268, although his managers are claiming 305.

The figures, compiled by The Associated Press, are based on delegates pledged, favorable, or publicly committed to the two leading Republican contenders for the nomination.

Eisenhower was running nearly 130,000 votes ahead of Taft and he had nearly 69 per cent of the entire Republican vote.

Tabulations from 1,674 precincts out of 739 showed:

Republicans: Eisenhower—229,900; Taft—99,469; MacArthur —2,120; Warren—1,396; Stassen—1,161.

Democrats: Kefauver —27,629; Eisenhower —15,102; Truman—7,254; Taft—5,423; Dever—2,236; Stevenson—1,230; Russell—645.

The total vote for both parties broke a Massachusetts primary record that had stood since 1932. It may have been the result of a turn-out of thousands of independent voters, swelling the Republican total beyond any previous mark.

The election "clinches the case for the nomination of Eisenhower," his national campaign manager, Sen. Henry Cabot Lodge Jr., said last night.

"In a clear-cut contest between Eisenhower and Taft, the people have loudly proclaimed again that they prefer Eisenhower," Lodge said. "He has now conclusively proven that he will be the strongest possible Republican nominee for President."

Russia Ignores Allied Protests

WASHINGTON (AP)—United States officials pondering reasons for yesterday's Russian fighter-plane attack on a French airliner agree on one thing: It opened the 1952 season of spring jitters in Europe.

Four of the 17 persons aboard the Berlin-bound liner were wounded, one seriously. British, French and American high commissioners in Berlin immediately protested the "unwarranted attack," demanding investigation and compensation.

The Russians ignored the protests and sent a counter-protest instead. They charged the plane was not flying in the corridor permitted over the Soviet zone of Germany. When the French plane failed to follow a signal to land, the Russians said, the Soviet jets fired across its bow.

Officials here were considering two possible — and opposite — explanations:

1. That the Soviet deliberately staged the attack as a terror tactic, to spread fear and tension in Europe and thereby, perhaps, slow down the unification of Western Europe.

2. That the whole thing was unplanned, perhaps the result of over zealousness on the part of trigger-happy fighter pilots sent up to check on the airliner.

James Rosser Announces His Candidacy For District Judge

James Rosser, 36, Snyder lawyer, today announced his candidacy for 132nd District Court judge subject to the action of the Democratic primary.

Robert R. Patterson, also of Snyder, is the only other candidate for this office. Judge Ben F. Thorpe, incumbent judge, has announced that he will not seek return to the office.

In making his announcement, Rosser said, "In contemplating the successor to Judge Thorpe, I feel that it is incumbent upon any person seeking this office to fully realize the magnitude of the job and the amount of work necessary to properly discharge the duties of such office.

"Due to the extraordinary volume of litigation in Borden and Scurry Counties it became necessary in February, 1951, to secure the creation of a new district court for these counties.

"In the ensuing months the 132nd District Court has reduced the business of that court to an orderly, efficient, though very busy docket in which it is now possible to obtain reasonably prompt attention to matters brought before it. There remains a big job requiring the undivided, constant and energetic application of the judge of this court to see that the 132nd District Court continues to furnish an efficient and speedy tribunal for litigation in this district.

"I offer to this position the energies of comparative youth and a wealth of experience in hard work. During the four years I have practiced law in this district I have been afforded an unusual experience in work and I feel that the breadth of the legal experience gained in my general practice in the district furnishes an adequate basic qualification for the position for which I announce.

"If elected, I assure the citizens of Borden and Scurry Counties of my utmost effort and undivided attention to the job of providing an efficient and impartial court."

Rosser is the son of Mrs. M. E. Rosser and the late Mr. Rosser. His father practiced law here until his death in 1924.

Rosser is president of the Scurry County Bar Association, and past president of the Scurry County Chamber of Commerce. He is a member of the board of directors of the Colorado Municipal River Water District, and of the Rotary Club. He is also a member of the American Legion and the Scurry County Farm Bureau. Both he and Mrs. Rosser are members of the First Presbyterian Church.

Rosser served in the navy during World War II. He attended high school in Abilene and was later graduated from Hardin-Simmons University with a bachelor of arts. He received his law degree from the University of Texas school of law where he was a member of Phi Alpha Delta law fraternity.

Mr. and Mrs. Rosser now live at 1702 Austin Avenue.

James Rosser

Unions Letting Workers Close Down Refineries

Six Migs Are Knocked Down In Korea Skies

SEOUL, Korea (AP)—United Nations warplanes today shot down six Communist MIG-15 jet fighters and damaged four in May Day eve battles over North Korea, the U.S. Fifth Air Force announced.

U.S. Sabre jet pilots knocked down the half dozen MIGs and damaged three in a fight just south of the Yalu River border between Manchuria and Korea.

A U.S. Marine Corps plane damaged a MIG in another encounter.

U.N. warplanes swarmed over North Korea on bombing missions in clearing skies. Allied infantrymen braced themselves on the 155-mile ground front.

Red infantrymen jabbed into Allied lines on the Eastern and East-Central Fronts in Wednesday's predawn darkness. They were driven back after a flurry of hand-grenade skirmishes.

An Eighth Army officers said the actions were "a little more brisk than usual."

American warships and naval planes pounded North Korea's East Coast Tuesday. British carrier-based planes and other Allied naval units attacked West Coast targets.

B-26 light bomber pilots reported 46 Communist trucks destroyed on North Korean highways Tuesday night. Okinawa-based B-29 Superforts dropped high explosives on a main rail line bridge and two airports at Sariwon.

Mother Waits On Board Rule For Her Son

AUSTIN, April 30 (AP)—The mother of a 15-year-old Texas Prison inmate waited hopefully today for the state pardons board to decide if she can take her son back to their Iowa farm.

Mrs. Edna Fletcher of Onawa, Iowa, told the board yesterday her son, Herbert, has promised to stay home if released from a 10-year sentence that would never have been imposed had he given officers his correct age.

Herbert was convicted as a 17-year-old for robbing three filling stations. At any lesser age, Texas law would have required his trial be for juvenile delinquency, maximum penalty being retention in a correction school.

Mrs. Fletcher has made restitution of the $117 her son took in the three holdups. She urged the board to act soon to permit her to return home to clean up the "flood mess" left by the Missouri's recent flood that inundated the Fletcher farm.

Meanwhile, Williamson County officials who participated in Herbert's conviction on one of the robbery counts, planned to confer with officials in Milam County where a charge against the boy still is pending.

Williamson County Attorney W. H. Davis told the Pardons Board yesterday he did not believe Herbert should remain in prison in view of his age but expressed doubt that he should be turned completely free in view of the seriousness of the offense.

55 Degree Low In Night

Temperatures again ran high yesterday and last night, with a high of 82 reported by Mrs. D. P. Strayhorn, weather observer. Last night's low was a warm 55, and the reading at 7:30 o'clock this morning was 64.

Some Pipeline Workers Not Striking Here

Employes of one pipeline company operating here went out on strike at 12:01 a.m. today as scheduled, but negotiations postponed similar strikes scheduled in two other pipeline companies.

Strikers are picketing the district office and pump stations of the Texas - New Mexico Pipeline Co., but Magnolia Pipeline Co. and Pan American Pipeline Co. employes did not strike.

Union employes of the Pan American Pipeline Co. who were scheduled to strike at midnight last night, received word late yesterday afternoon that the strike had been postponed.

Few details were available this morning of why the strike failed to materialize in that company.

It is believed, however, that negotiations between the company and union were near reaching a solution to the differences yesterday.

Landis Lee, member of the union, said he received word not to strike as scheduled from the headquarters in Texas City of Local No. 449, Oil Workers International Union-CIO, between 6 and 7 o'clock yesterday afternoon.

Both Lee and Vernon T. Tracy, division superintendent for the company, said details of the negotiations had not been forwarded to them, and both added that it is not known here whether the strike will come about later or whether it has been averted completely.

It is believed, however, that the company offered a six per cent wage increase as a compromise. The union in Pan American was asking a 25-cents per hour raise. Other pipeline workers unions are asking the same raise.

Only one girl was on duty in the offices of Texas - New Mexico Pipeline Co. located four miles north of Snyder on the Clairemont road. Other officials and supervisory personnel desks were empty. Oil is still flowing through the line with the management and supervisory personnel manning the pump stations.

Striking union members were picketing the district office and the company's pump stations throughout the area. A union member said almost 100 per cent of the pumpers and other line workers for the company are members of the union.

Texas Workers In Steel Strike

By The Associated Press

Some 6,000 members of the United Steelworkers (CIO) were on strike in Texas Wednesday following a federal court ruling that government seizure of the industry was illegal.

A plant manager of a large Houston steel firm said the strike and immediate picketing there caught everybody by surprise. He said he expected shutting down operations to take at least two days.

Texas plants struck early Wednesday included: Tennessee Coal & Iron Division of U. S. Steel, American Chain & Cable Company, Armco Drainage & Metal Products Company, Sheffield Steel Corporation, and Rheem & Rheem, all of Houston, and Bethlehem Supply Co. at Corsicana.

About 3,500 of the striking CIO members walked out of the Sheffield plant at Houston, the largest of the affected firms in Texas. Some 530 employees walked out at Bethlehem in Corsicana at midnight.

Contract Of Thirty-seventh Street Curb And Gutter Let

Thirty - seventh Street, one of Snyder's busiest and roughest thoroughfares is getting a thorough face - lifting.

Ralph Geisenhoner, president of the Property Owners Association, a neighborhood alliance formed primarily to push quicker paving of the street from the Big Spring highway west to the west limits of Towle Place, said curb and gutter work would probably begin early next week.

Geisenhoner said E. A. Swift & Co., contractors, of Amarillo, had been given the contract for laying curb and gutter on the north side of the street and the uncurbed parts of the south side for a total of $1.36 per running foot.

That figure includes all supervision and engineering fees and expenses Geisenhoner said.

He added that all but four property owners had already put up the money for laying the curb and gutter. Three of those four stated earlier they would go along with the program, but they live out of town and contact with them has not been possible yet.

W. O. Pelshaw, Fort Worth contractor, is already working on the grade for the pavement, and curb and gutter.

"Since time is of such great importance in laying of the curb and gutter on the project the Amarillo firm's bid was given special consideration," Geisenhoner said.

"E. A. Swift & Co. said they could be moved to the project and be working within 24 to 36 hours from the time they are notified and could have the project completed within two weeks," Geisenhoner added.

"The city of Snyder will act as escrow agent in the handling of money paid by property owners on the project, but the city will not be liable for any unpaid funds," Geisenhoner said. He added that Forest G. Sears offered the city's services as an escrow agent.

Hassle & Green, engineering firm of Lubbock, engineers on the county's road paving projects, are doing engineering and supervision work on the Thirty - seventh Street paving project.

The need for pavement of the road has long been a headache to residents of the additions in southwest Snyder.

Other members of the association who have put in much time working on the project are Sears, Harkett O. Beard, J. E. Bisker, and Dr. John Hashley.

19,000 Are Said Refusing To Work

By The Associated Press

Much of Texas' oil industry was stopped Wednesday by a strange strike. There were few pickets and many workers reported for duty.

But their duty was the union-assigned task of cooperating in the orderly close-down of the huge refining facilities, concentrated along the coast.

The thrice postponed strike—which will cut deeply into the refining capacity of the nation's biggest oil-producing state—began officially at one minute after midnight, local time.

But more than 12 thousand refinery employes streamed to work at Port Arthur, an oil industry concentration point, to help close down pipelines, boilers and stills in the big Gulf, Texas and Atlantic plants.

The first pickets appeared at the Port Arthur shipping terminal of the Texas Company, where the shutdown became immediately effective. The Texas Company's asphalt plant at nearby Port Neches also was expected to be shut down by early Thursday.

But the big refineries—those in which the union carefully cooperated in orderly close-down procedures—take as much as 60 hours to cease operations without endangering facilities.

As the big refineries are safely shut down, the Oil Workers International nion (CIO) plans to set up picket lines.

About 15 thousand workers are affected in Jefferson County, which includes Beaumont, Port Arthur, Port Neches and Nederland. Port Arthur's Gulf refinery has about 5,200 employes, Port Arthur's Texaco refinery about 4,500, and Port Arthur's Atlantic refinery about 470. The Magnolia refinery at Beaumont has more than 3,000 employes, the Pure Oil refinery at Nederland about 1,000, and the asphalt plant of Texas Company at Port Neches about 600.

Allied industries in the coastal area—chemical and rubber plants and others—employ more than 2,500 people. If the stoppage continues, raw materials on which they are dependent will be cut off.

Other coastal refineries in the process of closing down included Republic and Pan American at Texas City. Shell Oil Company refinery on the Houston ship channel may soon join the group although union-management talks there were continuing.

Some 19,000 Texans—industry sources said—will lose over $1,500,000 weekly in wages; the state will lose more than $100,000 daily in taxes from crude oil production; and royalty and land owners income would be cut sharply if the strike continues.

Search Jungles For Missing Stratocruiser

RIO DE JANEIRO, Brazil (AP)—Search planes combed vast, unexplored Brazilian jungles and desert-like plateaus today for a luxurious Pan American stratocruiser which vanished en route to New York with 50 persons aboard.

Nineteen of them—the crew of nine and 10 passengers — were Americans.

One searcher droned through the night over the wilderness between Rio de Janeiro and Belem hoping to spot a light or a fire if anyone survived in the thinly populated wilds where the plane was believed down.

Many more searchers, after giving up the hunt at dark, returned to the air at dawn.

The search was spurred by hope that the plane may have been able to crash land somewhere on the barren plateau in mid-Brazil.

The double-decked Boeing stratocruiser, a peacetime development from the B-29 Superfortress, was the first plane of its kind to be reported missing.

The powerful plane—named the Clipper Good Hope — had flown from Buenos Aires, Argentina, to Rio de Janeiro on the first leg of its "El Presidente" flight to the United States. It took off shortly after dark Monday night for Port of Spain, Trinidad, its only other scheduled halt before reaching New York.

It was due at Port of Spain yesterday morning and carried enough fuel to stay in the air four hours beyond its scheduled flying time for the 2,600-mile trip to Trinidad.

WEATHER

WEST TEXAS: Partly cloudy and mild with scattered thundershowers in Panhandle and South plains Wednesday, Wednesday night and Thursday.

EAST TEXAS: Partly cloudy and warm with widely scattered thundershowers in interior Thursday and in north portion late Wednesday and Wednesday night. Gentle to moderate southeasterly winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy and warm with scattered thundershowers in extreme northwest portion late Wednesday or Wednesday night and in north portion Thursday. Gentle to moderate southeasterly winds on the coast.

NORTH CENTRAL TEXAS: Partly cloudy and mild with scattered thundershowers Thursday and in north and west Wednesday and Wednesday night.

Texas Motorists Not Likely To Be Hurt By Oil Workers Strike

By The Associated Press

Texas motorists are not likely to feel the full effect right away of the general strike in the petroleum industry.

There are several reasons for this:

1. It will take time and a prolonged strike before service station pumps run dry.

2. Not all companies are in line to be struck. For instance, Humble Oil & Refining Co., one of the largest marketers of gasoline in Texas, still has a working contract with the union.

3. Gasoline now in storage is at a near record of 157,000,000, barrels. It is estimated the nation's weekly consumption is 20 million barrels.

Doswells Described As Congenial Pair

DALLAS, April 30 (AP)—The defense sought today to show that Mrs. Rebecca Doswell and the wealthy oilman husband she is accused of killing were congenial marital partners.

This followed a declaration yesterday by defense attorney Maury Hughes that the 32-year-old defendant "loved her husband with all her heart and soul."

Today Dr. W. W. Shortal long-time personal friend of Mrs. Doswell and her personal physician, testified she and Doswell appeared to be "very congenial toward each other."

After the shooting he went to the Doswell residence and found Mrs. Doswell "emotionally upset and talking constantly," Dr. Shortal testified. Asked if she was rational, the doctor said "she was talking with good common sense."

On cross-examination Dr. Shortal testified he was a pallbearer at the funerals of both Doswell and the defendant's previous husband, Perran Morgan.

Miss Louise Garlick, pretty 31-year-old Snyder, Tex., waitress, testified the Doswells often came to the cafe together and that she last served them on the day of the oilman's death, when they were enroute home to Dallas from Colorado.

Defense attorneys said they hoped to present Mrs. Doswell as a witness in her own defense sometime today or tomorrow.

Hughes started yesterday the defense he hopes will save Mrs. Doswell from life imprisonment, possible death in the electric chair.

The shooting which Mrs. Doswell claims was accidental occurred Aug. 30, 1951 in the parking area of the residential hotel where they lived in Dallas.

A "surprise" state witness, Mrs. G. W. Simmonds, Fort Smith, Ark., said yesterday she heard Doswell call his wife a bitch as he fell mortally wounded from the big black sedan.

Snyder Trio Gives Testimony In Murder Case In Dallas Court

Mr. and Mrs. Dee S. Arnold, employees of the Phillips 66 Cafe on the East Highway, testified as witnesses yesterday in a district court in Dallas at the murder trial of Mrs. Rebecca Doswell, charged with murdering her husband, Thomas W. Doswell last Aug. 30.

Defense attorney Maury Hughes has said he will attempt to prove that Mr. and Mrs. Doswell traveled to Dallas from Amarillo stopping in Snyder, on the day of Doswell's death in back of the Melrose Hotel in Dallas. Hughes said the Doswells had seven producing oil wells in Scurry County.

Mr. and Mrs. Arnold testified that Mr. and Mrs. Doswell had lunch at the Phillips 66 Cafe on the day of Doswell's death, and Mrs. Arnold said they appeared "as congenial as they always did."

District Attorney Henry Wade is prosecutor in the case.

Miss Louise Garlick, also a 66 employe, testified in the case this morning.

Truman's Failure To Use T-H Act Has Backfired In His Face

By JAMES MARLOW

WASHINGTON (AP) — President Truman stuck his neck out in the steel dispute. He didn't have to. If he had handled it another way, he might have put his critics' necks on the block.

He could have used the Taft-Hartley Act. The result might have been the same, a strike. But he would have avoided a rain of criticism and yesterday's historic rebuke from Federal Judge David A. Pine.

This is what he did, might have done, and still may have to do.

What he did —

The steelworkers, whose contract ended Dec. 31, began negotiations last November with the mill owners for higher pay. Getting nowhere, they threatened to strike New Year's Day.

Truman stepped in and asked both sides to let the Wage Stabilization Board examine the case.

The board heard both sides, used a lot of time, and finally recommended a substantial pay raise for the workers. The owners refused to grant it unless the government let them raise prices. The government said no.

Again getting nowhere, the workers threatened once more to strike. Truman stepped in again and seized the mills. Since the government, in charge, might give them the raise they wanted, the workers worked. Also, it's against the law to strike against the government.

No law and nothing in the Constitution said Truman in peacetime had power to seize private property. But he argued the Constitution contained invisible but built-in powers.

Congress denounced the seizure and said he should have used Taft-Hartley. Twice, under this battering, Truman asked Congress for a solution. Instead, Congress talked impeachment.

The mill owners appealed to Judge Pine to throw the government out of their property, arguing the President exceeded his powers. Yesterday the judge agreed, telling the government to get out.

And last night the workers, who had already postponed their strike more than 100 days, finally went on strike.

What Truman might have done—

When he saw the strike coming last December, he could have used Taft-Hartley. It would have to work like this:

He'd set up a board to examine the facts. Then he could ask a federal judge to forbid a strike or shutdown, giving the government more time to try to bring the two sides into agreement.

(Note that by using T-H up to this point the President would have been acting in accordance with law passed by Congress.)

But T-H only delays a strike. It can't, in the end, forbid it. If there was no agreement between the workers and the owners—after T-H had delayed a strike 80 days—the workers would be free to strike, unless —

And this is where he could have put Congress on the spot. When T-H is used but fails to stop a strike, the President must lay the whole problem in the lap of Congress, which can pass a law forbidding a strike or do what else it wishes.

At one stroke then he could have put Congress on the spot. Instead, operating as he did, he was denounced as a dictator when he asked Congress to act.

Why didn't he use T-H? It's been a political issue for years. Blessed by union leaders, Truman has condemned T-H and urged Congress to wipe it off the books. If he had used T-H in this case, he might have laid himself open to jibes from his critics and denunciation by his labor union friends.

New Kinds Of Guinea Pigs

BOSTON (AP)—Synthetic "guinea pigs" are the latest marvels produced by the newest wonder hormone, cortisone.

These synthetics are animals which after receiving cortisone treatments become subject to human diseases they never have normally. That makes them useful for medical experiments.

This new medical exploration was reported in a number of papers today to the annual meeting of the Society of American Bacteriologists.

By this use of cortisone, rabbits at the University of Minnesota are getting typhoid fever. The rabbits receive cortisone in much larger amounts than are safe for human treatments.

At Minnesota, and Mt. Sinai Hospital, New York City, four kinds of mice "guinea pigs" have been produced by cortisone plus X-rays.

Some of these mice get moniliasis, a human disease known as thrush, that causes ulcers in the mouth. A fungis is responsible.

Two other mouse "guinea pigs" get infections from two kinds of fungi that cause ulcers, abscesses and serious complications in humans.

The fourth "pig" is adult mice that get coxsackie disease. That is a virus disease closely resembling polio, but not as serious. Many polio victims have it along with polio.

Showing Slide Tonight

Slides made at Palm Sunday and Easter Sunday services of the First Methodist Church will be shown at 7:30 tonight in the church's fellowship hall, the Rev. Woodrow W. Adcock, pastor, has announced.

Spanish Group Tries To Form Mediterranean Pact For Defense

MADRID, Spain (AP) — Spain's goodwill mission to sound out the Arab states on a possible Mediterranean pace returned last night after a 25-day tour.

The mission headed by Foreign Minister Alberto Martin Artajo officially brought home only cultural accords with Egypt and Syria, but hints in the controlled Spanish press have left no doubt that the mission's lengthy conferences with rulers and officials in each Arab capital were aimed at bigger game.

Editorials in the local press have depicted Spain as the logical "bridgehead" between the Western and Moslem worlds because of the Moors' 8th century occupation of the Iberian Peninsula and because both peoples are "guided by religious ideals and anti-communism."

Mrs. Don C. Wolfe, Mrs. Wilbur Hayes, Mrs. Alton Landry attended the district meeting of the National Council of Catholic Women at the Blubonnet Hotel in Sweetwater Monday.

Nudist Raid Four Years Ago Brings Detroit Damage Suit

DETROIT (AP)—A nudist case in Federal District Court was tangled in a legal zipper today.

Counsel for defending officers being sued for false arrest by a music teacher cited some bare facts of procedure that may throw the damage case out of court.

Edith Church, 42, of Maumee, O., who was arrested four years ago in a raid on a nudist camp near Monroe, Mich., is seeking $120,000 damages. She declared the incident caused her to lose a $4,000-a-year teaching job and that her constitutional rights were violated.

The defendants are state police, Sheriff Ray Gensler of Monroe County, and former Prosecutor Foster D. Luse of Monroe County.

Miss Church rested her case yesterday after a 71-year-old witness testified that one of the raiding officers ordered her to remove her clothes.

The plaintiff's witness, John A. Rubel, of Belle Center, O., said Miss Church was wearing shorts and a halter when raiders swooped down on the camp in August, 1948.

One of the officers, Rubel said, "kept ordering her to 'take them off, take them off.'"

Assistant State Atty. Gen. Martin L. Leacock sprang a surprise for the defense in moving for a directed verdict in favor of the defendants.

Leacock uncovered a Michigan statute of limitations which says no action can be brought against sheriff's deputies more than two years after the event. Miss Church filed her suit in February, 1951.

George F. Fisk Jr., attorney for Miss Church, said he was not aware of the section until it was brought to his attention by the motion.

"I'll give you time to study it," said Federal Judge Frank A. Picard, "but it looks to me right now that you are out of court."

The judge said later he was taking under advisement the motion for a directed verdict until he had determined whether there was false testimony in the trial.

Miss Church, recording secretary and former president of the American Sunbathing Association, was found guilty with eight other nudists of indecent exposure as a result of the raid. They were fined $150 each in Monroe County Circuit Court in March, 1949, and placed on six months probation.

Miss Church subsequently brought her damage suit claiming false arrest on grounds she was clothed at the time of the raid.

A Michigan state police sergeant testified yesterday that Miss Church was nude when officers first arrived at the camp, then ran to her car and tried to don a two-piece playsuit.

Sgt. Carl Seim of the Erie post said he chased her and told her those who had their clothes off were to leave them off until all had been rounded up, but she refused to stop dressing.

He denied that anyone told her to take off her clothes.

Rich Sailor In Trouble Again

HONOLULU (AP)—The millionaire sailor and the admiral in his pajamas had a five-minute chat. Today the sailor is working for the admiral.

S. 2C. Bruce S. Hopping and Rear Adm. Francis C. Denebrink agreed their 7 a.m. chat Saturday wasn't exactly cordial.

Hopping is a naval reservist with a three-million-dollar lumber business in New Jersey. He told a reporter: "The admiral wasn't a gentleman . . . he was uncordial . . . he got huffy . . . he told me to get out."

Denebrink told a reporter he waved Hopping to a seat and Hopping said, "I thought I should come by and let you see what kind of a man I am."

Denebrink said he then told Hopping the procedure was most unusual and that Hopping apologized and left.

The Navy said Hopping had been transferred from the salvage ship Reclaimer to administrative duties on Denebrink's staff. The admiral is commander, Service Forces Pacific.

The skipper and executive officer of the Reclaimer were cleared recently of crew complaints of "petty tyranny."

Denebrink has said the two Reclaimer officers were "unjustly maligned by someone who distributed vicious and distorted rumors. case would not be closed until final action is taken — presumably against an alleged rumor monger. He didn't even hint who that might be.

Hopping freely said he played a leading role among the complaining crewmen. He retained a civilian attorney to represent them.

The sailor caused a minor furore at the Bainbridge, Md., Naval Training Center last September. He issued a public statement that Navy food "wasn't fit to eat."

Explaining his pre-breakfast call on the admiral, Hopping said he thought it might help "if we could talk together informally."

"But," he added, "when I told him why I was there he got huffy. He told me to get out."

Crater Lake in the Cascade Mountains of Oregon is in the crater of what was Mt. Mazama which in prehistoric times, was one of the highest peaks in the world.

In a precious moment of relaxation, a young infantryman bathes his weary feet in his steel helmet. With the aid of an American magazine, an American cigaret, he snatches a few brief dreams of home and peace. Soon he'll be back at his job in defense of the way of life he's left for a while.

You can do a vitally important job for defense, too—and *easily!* All you have to do is start buying U. S. Defense Bonds regularly. Why is this important? Because *America's defense begins at home!* When you are financially independent and your family is secure, our country's economy is *strong.* That strength backs up our armed strength—and it takes *both* to keep America at peace. For today, *peace is only for the strong!*

So go to the pay office where you work and sign up for the Payroll Savings Plan, or join the Bond-A-Month Plan where you bank. But do it *today.* Your savings can save America!

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now *every Series E Bond you own* can automatically go on earning interest every year for *20 years* from date of purchase instead of 10 as before! This means that the bond you bought for $18.75 can return you not just $25—but as much as $33.33! A $37.50 bond pays $66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

Peace is for the strong....
Buy U. S. Defense Bonds regularly!

Curt Simmons Back In Groove; Big Boost For Philadelphia

By The Associated Press

Cold and rain continued to paralyze baseball in the East and a strike threatened to black out a park in the West but followers of the Philadelphia Phillies could find no gloom anywhere today—Curt Simmons is back and he's in the groove.

The hard-throwing, 22-year-old lefthander, three weeks out of the Army, made his first major league start in 19 months yesterday and proceeded to tame the Chicago Cubs with a smooth seven-hit performance, 8-2.

Manager Eddie Sawyer couldn't hide his pleasure. He said Simmons was able to finish at his own pace after the Phils treated him to a 4-1 lead.

In the season's first head-on collision of East and West, the favored Brooklyn Dodgers strengthened their grip on the National League lead by turning back the St. Louis Cardinals on the masterful clutch pitching of Preacher Roe, 4-1.

The Dodgers thus increased their lead to a full game and a half over Chicago, beaten by the Phils, and the Cincinnati Reds, who fell victim to the New York Giants at Cincinnati, 2-1.

Maglie, a 23-game winner for the senior league champions in 1951, limited the Reds to three hits in outdueling Cincinnati's gangling Ewell Blackwell, and he also accounted for the winning run when he singled Alvin Dark home in the ninth. Blackwell pitched a good four-hitter.

In the other National League game, Warren Spahn, the Boston Braves' crack lefty, nailed Pittsburgh tighter to the cellar by humbling the Pirates, 5-1, on five hits. It was the tenth loss in a row for the hapless Bucs, who are 8½ games out of first place. The Pirates used three pitchers with Bob Friend the loser.

Only one game was played in the American League as unseasonable cold and wet grounds, which have already cost Eastern clubs more than a quarter of a million dollars, forced three more postponements.

The Cleveland Indians won, 21-9, over the Philadelphia Athletics in a wild slugfest that saw the two teams pound out a total of 43 hits, 25 of them by the Indians. The American League record is 45.

Rookie Cleveland outfielder Jim Fridley came close to making baseball history when he pounded out six hits in six times at bat, all singles. Al Rosen, Indian third baseman, also had a banner evening at the plate, hitting three home runs and a single and knocking in seven runs. The veteran Bob Feller was the winner, he gave up 18 safeties.

Hill Gail Is Heavy Favorite In Derby Running Saturday

LOUISVILLE, Ky. (AP)—The 78th Kentucky Derby looked very much like some Derbies of others years today with the combination of a Calumet-owned horse, trainer Ben Jones and jockey Eddie Arcaro playing the familiar favorite's role.

The combine moved front and center for the $100,000 added run around Churchill Downs Saturday when Hill Gail took wings yesterday and fairly flew over a smile to smash the track record in the Derby Trial.

With Arcaro merely flicking his whip in Hill Gail's face, the big son of Bull Lea reeled off the mile in 1:36.6 to clip one-fifth second off the track standard and leave eight other derby eligibles far up the track.

The closest, Mrs. Gordon Guiberson's California-owned Arroz, was five lengths back. And some 42 lengths back came no less a well-rated candidate than Alfred Vanderbilt's tempermental Cousin—blowing his last chance to prove his right to be in the Derby post parade.

As a result of the prep the odds on Hill Gail dropped to 8-5 today and he may go to the post at even shorter odds. Derby fans, especially those from the Blue Grass country, like nothing better than to pour their money into the mutuel machines on a horse owned by Mrs. Warren Wright's Calumet Farm, trained by Jones and ridden by the big-nosed Italian from New York with a magic touch.

Four times in the last 11 years the devil-red silks of Calumet Farm, built on a baking powder fortune, have been carried home first in America's most famous horse race. They were Whirlaway (1941), Pensive (1944), Citation (1948) and Ponder (1949).

And each time the winner was saddled by Plain Ben out of Parnell, Mo. In addition Jones tightened the saddle girth on Larwin in 1938 for a total of five Derby triumphs. That's a record for trainers.

Twice Arcaro has been up on a Calumet winner (Citation and Whirlaway) and to these two he adds Lawrin and Hoop Jr. (1945) for a mark never matched by a jockey. In fact the combination of Jones and Arcaro has never been beaten in a Kentucky Derby.

Ties At Top And Bottom

By The Associated Press

Midland's Indians are in the Longhorn League cellar with Big Spring Wednesday and Sweetwater shares the lead with San Angelo, mainly because the tribe can't shake a home field jinx.

Sweetwater belted Midland 9-8 Tuesday night as the Indians gave up the deciding run in the ninth after barely missing their first win in four tries at the home park. San Angelo gave up indisputed hold on first place when the Colts fell before Roswell 8-5.

In other games Artesia pounded Odessa 14-9 and Vernon scored all its runs in the last two innings to edge Big Spring 4-3.

Sweetwater gained its decision over Midland when Warren Slitter singled the winning run home in the ninth off relief pitcher Eddie Jacome.

Brownsville Moves Up In Gulf Coast League

By The Associated Press

When Brownsville takes over the lead in the Gulf Coast League, it's no mild affair.

The Charros jumped to the front Tuesday night after matching win streaks with Laredo for four straight games.

Brownsville tromped into first place by a half game, thrashing out 22 hits in a 16-10 win over Port Arthur. And in the meantime, Texas City clipped the Laredo victory string of four in a row by beating the Apaches 5-4.

Ex-Major leaguer Earl Caldwell pitched Harlingen past Lake Charles 6-1 on a four hitter, and Galveston was forced to go 12 innings to nudge Corpus Christi 4-3.

Galveston broke off the 12-inning marathon with Corpus Christi when Wally Franks singled in Pop Faucett. It ended a hurling duel between Bert Garcia of the Caps and Wally Wenclewicz of Corpus Christi, both yielding 13 hits.

Baylor Beats Aggies In Baseball Game

WACO, April 30 (AP)—Baylor humbled the Texas Aggies in a Southwest Conference doubleheader, 16-6 and 3-0, yesterday to climb into second place in the standings.

The Golden Bears bombarded three Farmer hurlers for 17 hits, including seven doubles, in the first game.

In the second, Ray Fitzpatrick's stellar four-hit mound work, a bases - empty homer by Harry Davis, and a two-run double by Bobby Benge did the work.

Oklahoma-Texas Change

OKLAHOMA CITY, April 30 (AP)—Oklahoma Coach Bud Wilkinson said yesterday the Sooner-Texas football rivalry will go on a home-and-home basis after 1956 when the present contract to play the annual game in Dallas expires.

"The Big Seven Conference," he said, "has already notified us to plan the series on a home-and-home setup if it is renewed."

Floyd Made Ineligible

FORT WORTH, April 30 (AP)—Bobby Jack Floyd, fullback on the Texas Christian football team the last two seasons, is lost for the 1952 campaign.

Floyd was suspended from school for violation of dormitory regulations and is ineligible.

Argentine In Match

FORT WORTH, April 30 (AP)—Argentine Champion Roberto de Vicenzo has entered the $15,000 Colonial National Invitation Golf Tournament, May 21-25.

The field stands at 42 with the withdrawal yesterday of Max Faulkner, British Open titlist.

Abilene Back In Loop Lead

By The Associated Press

Clovis' pitching corps fell apart Tuesday night so the West Texas-New Mexico League has a new leader today.

Abilene regained mastery in the league with a resounding 12-3 triumph over Amarillo. Clovis, in turn, fell apart at the seams, sliding to second when Lubbock clouted four of the Sox hurlers for 24 hits and a 19-4 win.

Lubbock made its victory a cinch by scoring nine times in the second inning.

Amarillo suffered its fifth loss in six outings when three Gold Sox pitchers yielded six homers to Abilene.

Lamesa tagged Milt Deason for five unearned runs in stopping Borger 9-7 as the rookies' mates miscued five times.

In the other game Jesse Priest pitched Albuquerque to an easy 10-1 victory over Pampa.

100 Hits Totaled In Four Games In Big State League Tuesday

By The Associated Press

It's getting where you can't tell batting practice from the ball game in the Big State League.

If the fans are confused, it's because Big State batters are rampant every night—for instance, the 100 hits totalled in four games Tuesday night. All to the amusement of 4,037 total fans as the league seems more attractive this year than ever before.

Last night Texarkana topped the league in hitting, with 19 against Wichita Falls, but couldn't beat the Spudders in runs, losing 9-8 in 11 innings.

Elsewhere Temple ended the eight-game win streak of pace-setting Tyler 7-3 with the victors using up 14 hits. Tyler collected 11. Austin and Waco both got 10 hits, the latter collecting a 7-6 verdict.

Paris had less luck with stickwork, netting but six hits and dropping a 14-0 game to Longview; the Cherokees raking three Paris hurlers for 14 hits.

Split Golf Matches

WACO, April 30 (AP)—Baylor and Texas A&M split a Southwest Conference golf match, 3-3, yesterday. The Aggies' Bill Baker had the low medal for the day with a 68.

ITCH
Don't Suffer Another Minute
No matter how many remedies you have tried for itching torture, pesterin infections, explore last of whatever your skin trouble may be—anything from head to foot—WONDER SALVE and Wonder Medicated Soap can help you. Developed for the boys in the Army—now for you folks at home.

Rules On Light Failures At Baseball Park

By GAYLE TALBOT
Associated Press Sports Writer

NEW YORK (AP)—There is a plot ready-made for some bright young baseball novelist in the latest set of instructions sent out to National League umpires on how to conduct themselves in certain crises which might arise now that lights are an integral part of the pastime.

"In the event of a temporary failure of lights while a ball is in flight or a play in process," stipulates the bulletin from Cincinnati, "the umpire will immediately call time and when the lights are turned on again and play is resumed, the batsman and all runners shall return to the last base touched by them at the time of suspension."

"Should the batsman be compelled to return to the batter's box, he shall assume the count of balls and strikes, if any, that prevailed at the time of suspension."

Get the idea? Score tied, last of the ninth, and a visiting bludgeoner connects with a mighty swipe. Obviously it's a homerun, but just before the ball clangs into the distant stands our hero, who has mortgaged the old homestead on the locals, throws the master switch and saves the night.

Possibly there would be a bit of an argument, but the head umpire would have no choice once the bulbs were relit. In other words, given the right set of circumstances, that famous swat of Bobby Thomson's last fall could have escaped the record books entirely. Now they tell Charlie Dressen!

Our second favorite instruction probably is the one which cautions National League arbiters that "if two games are scheduled for one admission, the first game of the doubleheader shall be completed before the second game is started." Any umpire who gets mixed up on that one should be severely reprimanded.

The question of whether the lights should be snapped on to complete Sunday afternoon games has the two major leagues split down the middle. The National League instruction sheet flatly forbids it, and says that any Sabbath contest which runs into darkness shall be suspended and played off the next time the two clubs meet. The American league is leaving the decision to its individual clubs, though play must cease at 7 p.m. in any case.

"I've talked with them about coming to some uniform agreement," says Commissioner Ford Frick, "but they are finding it difficult because of the individual problems in the various cities. My opinion is that most of the American League cities will not use the lights on Sunday. I hear the Yankees will not, for instance."

Auction Sales In Little Loop Slated Tonight

Auction sales begin at the high school tonight at 6:30 o'clock for players in the Little Baseball League.

At the auction, each manager will have a total of 36,000 points, which he will use as money to buy the 15 players allowed each team.

Carl Herod, one of the league directors, will be the auctioneer.

Managers have been working out with boys 12 years old and under for the past month, teaching them baseball and observing their action According to league rules, 15 boys will be bought by each of the six managers, then the remainder of the boys will be placed on farm teams for possible elevation into the league later.

There are about 250 boys who have been working out, but only about 200 have signed contracts.

Managers are Ernest Kinney, Hardy Scarborough, J. C. Morgan, Skipper Joyce, Mutt Herod, and Irv Wiseman.

The league schedule will begin about the time school is out. After the league games are played here, an all-star team will be chosen for further playoffs.

League games will be played on a field south of the stadium at the new high school campus. Teams will work out at that field, the old rodeo grounds in northeast Snyder, and at Towle Place on the Big Spring Highway south of the city limits.

Team sponsors are the Optimist Club, Lions Club, Quarterback Club, Holder Construction Co. Whiteway Grocery, and Kiwanis Club.

Pauls Valley Takes Over In First Place In Sooner State League

By The Associated Press

Pauls Valley climaxed a long winning streak Wednesday by moving into undisputed possession of first place in the Sooner State League.

The Raiders, bunched 15 runs in the fourth, fifth, and sixth innings against last place Sherman to beat the Twins, 15-5.

Meanwhile, Chickasha, which has held down the first place berth until Tuesday night, dropped its second straight contest to McAlester, 5-4. Rookie hurler Danny Beck pitched and batted the Rockets to victory, driving in two runs with a single in the fourth inning.

The Ada Herefords maintained their grip on third place, trouncing Shawnee, 13-4. The Herefords bombarded three pitchers for 17 hits while righthander Bell Thode scattered four Shawnee runs.

The game at Lawton between Ardmore and the Reds was rained out. All teams will meet on the same fields Wednesday night.

Houston Attendance High

DALLAS, April 30 (AP)—Houston won the opening day attendance trophy in the Texas League with 7,581 paid admissions. Dallas was second with 6,235, and Shreveport was third with 6,001, official figures released yesterday said.

Odessa Manager Fined

ABILENE, April 30 (AP)—Manager Robert (Pepper) Martin of the Odessa Oilers was fined today by Longhorn League President Hal Sayles for "directing abusive language at an umpire and unnecessarily delaying last Sunday's game with Sweetwater."

For Athlete's Foot
Use T-4-L for 3 to 5 days. If not pleased, your 40c back. Watch the old, tainted skin slough off to be repaced by healthy skin. Get instant-drying T-4-L from any druggist. Now at Stinson Drug, and Snyder Drug.

Pan Am And Legion Win

Pan American and American Legion batted out wins last night in the Snyder Fastball League.

Darrell Smith of the National Guard squad, 17-12 loser to Pan Am, hit the only homer of the night. Pan Am had 13 hits, 3 errors, while the National Guard nine had 10 hits and 6 errors. Winning pitcher was Reb Brown, and loser was Henry Treet.

In last night's second game, American Legion edged out Pasotex 3-2.

Winning pitcher Ted Masters allowed only one hit for Pasotex, which also had one error. The Legion squad had 5 hits and 3 errors. Losing pitcher was Zelmer Glover.

At 7:30 o'clock tonight, West Texas State Bank meets Town & Country, while Diamond M plays Snyder Steam Laundry at 9.

Won't Leave His Army Post

FT. SILL, Okla. (AP)—Maj. Tom Brett is determined to stay in the Army until September if he has to sue to do it.

The major just returned from serving with the 45th Division in Korea. The former Oklahoma National Guardsman was called into service in September, 1950, for a two-year term.

The Army didn't think anyone would complain about going home five months early after serving on he is sent back to Korea.

His attorney, Clee Fitzgerald of Stillwater, explained the situation this way:

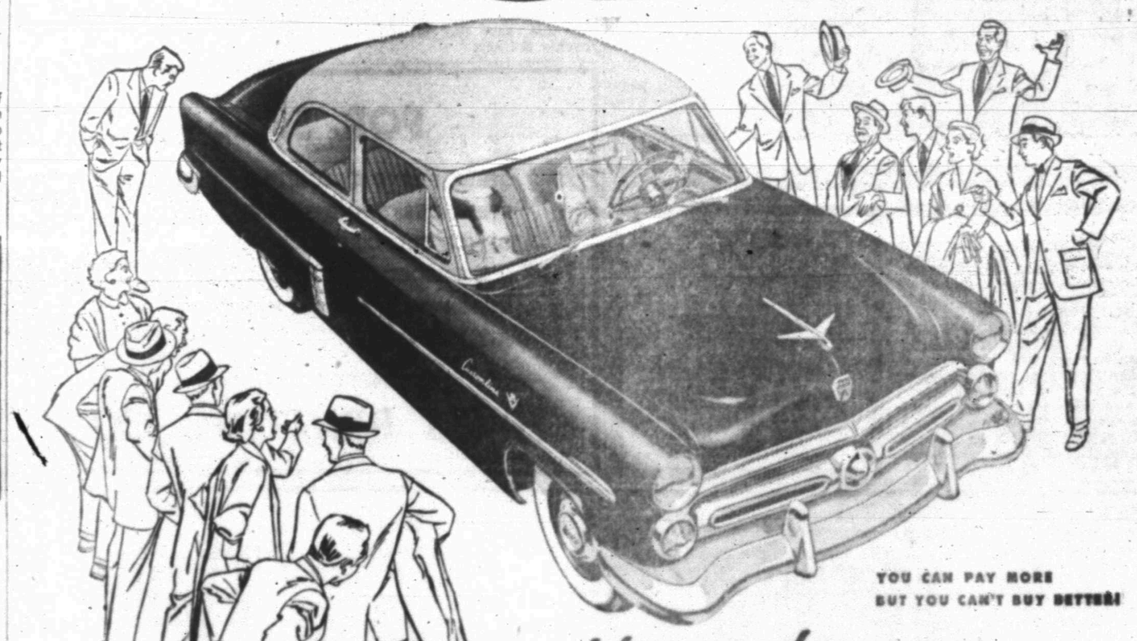

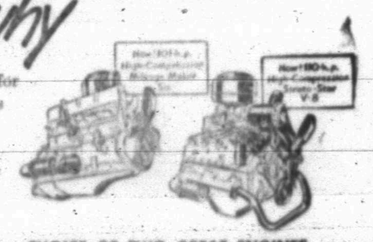

"He made his plans to cover an absence from his law practice until September and is counting on about $3,000 in Army pay until then to meet house and car payments."

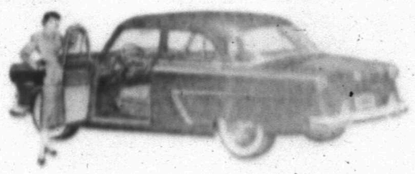

But the Army says he will be a civilian within 24 hours, barring unforeseen developments.

Brett says he will bring his case into court in order to serve out the remainder of his time—even if the battlefront. But they hadn't counted on Maj. Brett's careful planning.

Nearly everybody wants a '52 FORD

YOU CAN PAY MORE BUT YOU CAN'T BUY BETTER!
and here's why
Only Ford offers you so much car for so little. Only Ford in its field gives you a choice of V-8 or Six. Only Ford offers 18 models. And only Ford of all the low-priced cars lets you choose from 3 great drives—Fordomatic, Overdrive and Conventional!

CHOICE OF TWO GREAT ENGINES
Whichever powerhouse you pick, the 110-h.p. Strato-Star V-8—most powerful engine in Ford's field—or the 101-h.p. Mileage Maker Six—newest, most modern overhead valve Six in the industry—you get the economy of Ford's Automatic Power Pilot.

VISIBILITY UNLIMITED!
In the Ford for '52 you get Full-Circle Visibility with a huge one-piece curved windshield, a car-wide rear window and picture windows all around. Only Ford has it in the low-price field!

AUTOMATIC RIDE CONTROL
New ride features like a lower center of gravity, wider front tread, diagonally mounted rear shock absorbers and tailored-to-weight front springs help take the bounce out of bumps, the tilt out of turns!
"Test Drive" the '52 FORD at your Ford Dealer's!

TALK OF THE TOWN

By SUE HOLMES

A committee of experts began exploring the possibility of pumping more cement into the foundations of the Leaning Tower of Pisa in Italy. If something isn't done, the 179-foot tower is expected to topple in about 400 years. Its rate of decline has been increasing .027 inches a year.

The tower, started in 1173, began leaning even before it was completed. The first big alarm for its safety was sounded in 1907 when it was found to have tilted 2.75 inches in a year. Cement was pumped into the subsoil below the foundations. The hope is that the same treatment can be applied again to increase the tower's life expectancy.

* * *

The This Week Magazine, supplement to several Sunday newspapers, has long been one of our favorite fruits. The opening page always quotes some master of verse or somebody who has done a pretty job of living his life. The quotations, "Words to Live By," are philosophical and idealogical but very pretty pieces.

Last Sunday in an article Lowell Thomas wrote a piece about travel. He says travel used to be for rich people only. But look who's making application for U. S. passports today: One fifth of all travelers are listed as housewives. The second largest group is "skilled labor." More passports are granted to students than to executives, more to secretaries than manufacturers. And more unskilled laborers than retired people Surely, this is proof enough of a nation-wide revolution in vacation travel, he says.

* * *

Mystery — murder — and an appeal for help.

The American Cancer Society, which Mrs. HERBERT FEATHER heads in this county, would never define itself by using one of the words in the first paragraph, yet that is what its program encompasses. Cancer is still a mystery—a mystery why cells run loose and in the end destroy a person. It ends up in murder. And the appeal for help comes in by asking for donations to further research. In the end, we are the ones who benefit, since any research is channeled on to local doctors and hospitals.

We who have lost members of our immediate families from cancer know what a part the educational program can play. Learning the symptoms, seeing a reputable doctor, then carrying out his instructions can help cut down on cancer fatalities. All the X-ray or radium treatments in the world are of no help if used too late. Dig out your check book and send a check made out to the American Cancer Society to Mrs. Feather. It's for your own good.

* * *

Of all tasks hated by mankind, surely moving tops the list. We accomplished the job yesterday, with the help of a moving service and a pick-up truck. How one person can accumulate so much pure junk, not even including any furniture—except a bookcase hastily constructed out of boards and bricks — we don't know. The poor men were amazed when they kept carting stuff out and going after more boxes. Books and magazines (it is against our principles to throw one away) comprise the most of the baggage, but then there are such useful items as a silver vegetable dish, a whole sack full of cookie cutters, a glass canister set that was formerly filled with garden seed in a feed store, a tennis racket, red rubber boots, three pots of straggly ivy, bathroom scales, and the usual trivia.

The good light company had already disconneeted the juice, so the moving had to be accomplished mostly by the touch system. Since our complete set of dishes consists of eight Libby circus tumblers and a few odd jelly glasses, there was not much danger of breakage.

Of course, we didn't get it all moved in one load. We keep remembering that the refrigerator hasn't been unloaded—the pint of delicious chow-chow that Mrs. Mabel German gave us, the chocolate syrup made to top ice cream some two months ago, a half-quart of buttermilk, prunes, lemons and a can of frozen orange juice that is syrup by now.

Oh, well, we're glad we only moved across town. You'd think the more we moved, the more condensed would be the junk. But it just doesn't seem to work that way. Reminds us of the time we moved home after the freshman year at college. As the express company delivered some eight huge cartons on the front porch, an uncle passed by and mused, "Sue, I went around the world in one suitcase."

The group played canasta.

Mrs. Wilson Hostess To Sunco Bridge

Mrs. J. B. Wilson was hostess to the Sunoco Bridge Club Monday at her home in the Lemons Lease camp.

Mrs. Ross Carroll won high, and Mrs. Max Dyer won low. Mrs. H. McMann won bingo.

Eight members and one guest, Mrs. Fred Theis, were present.

There is no place in England more than 18 miles from a railway line, says the National Geographic Society.

ASK MILDRED

Send your questions to Mildred Sparks, county home demonstration agent, courthouse, or to the Snyder Daily News.

Do you know of some books that would give helpful hints on efficient housekeeping to the woman with a small home who works outside the home five days a week? I read your column, but it would confround us both if I wrote you every time I need to know something. R. L.

"Household Manual: how to find and furnish a home, conserve household time and energy, plan and execute meals" by Henrietta Ripperger (Simon and Schuster) is especially intended for housewives who also work. Permabooks, Garden City, has "Housekeeping Made Easy: more than 2,000 shortcuts for daily household problems" by Linda Marvin; and Funk and Wagnalls' "Making Housekeeping Easy" by Dorothy L. Abel. Books like this can be lifesavers in the kitchen, but they have also a place in historian's equipment. They are documents in a social reconstruction now going on.

* * *

Last year our geranium and begonia plants bloomed on our window sills here. In the fall I took them to our store which has southern exposure and they continued to live but they are now pale, tall and the leaves are very small. Could I do something to or for them that would bring them back to the strong blooming plants again? Mrs. N.

Cut back your tall, pale geraniums and begonias to whatever degree seems appropriate to encourage them to develop into shapely plants. This may involve cutting them to perhaps half thier present height. Then repot them into larger cpntainers in fresh, fertile soil and grow them in temperatures and light suitable to them.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mr. and Mrs. L. L. Mooty of Morton visited Mr. and Mrs. Jimmie Crook Friday.

Mr. and Mrs. Ray King of Colorado City visited Sunday with Mr. and Mrs. Claud King and family.

Mr. and Mrs. M. R. Shinn, Jack Shinn and Ellen Jane Clarkson attended the rodeo at Sweetwater Friday night.

Mrs. F. A. Connell honored her mother, Mrs. J. W. McGaha of Canyon, with a birthday dinner on her eighty-third birthday. Mrs. McGaha was presented a shower of gifts. Guests were Mr. and Mrs. Lon Johnson and Mr. and Mrs. Leroy Johnson of Shallowater, Mrs. Wayne Wallace of Tahoka, Mrs. O. H Grantham and Mr. and Mrs. Orville Grantham of Mineral Wells, Mrs. Louise Miller of Phoeniz, Ariz. Mrs. Davia Connell and son of Hobbs, N.M., and Mr. and Mrs. Landon Johnson of Colorado City.

Saturday visitors in the J. B. Adams home were Mr. and Mrs. Cliff Martin and son of Lamesa and Mr. and Mrs. H. T. Todd of Brownfield.

Mrs. Opal Armstrong and sons of Kress visited her parents, Mr. and Mrs. Floyd Connell, over the week end.

Mrs. Gordon Sharp has been to Gail to be with her cousin's child. The child was bitten by a rattlesnake Sunday and has been in serious condition.

Mrs. Alton Sharp and daughters, Janie and Jerry, from California are visiting Mr. and Mrs. Gordon Sharp and other relatives.

Funeral services were held Wednesday in the First Baptist Church of Snyder for Mrs. John Watts, Clairemont road, who died in a Dallas hospital.

Mrs. Watts, 65 years of age, moved to Scurry County in 1906. She was the daughter of the late Mr. and Mrs. W. H. Huckabee of this community. Mrs. Watts was a charter member of the Union Baptist Church and had been a member for 50 years.

Survivors in addition to the husband include three sisters and three brothers.

NEWS FROM HERMLEIGH

By MRS. W. C. FARGASON

By Mrs. W. C. FARGASON

Miss Patsy Taylor, Future Homemakers of America sponsor, accompanied Nora Jo Brock and Willie Mae Reeves, chapter members, to a leadership conference in Dallas last Wednesday. They returned Saturday.

Mrs. D. M. Welcher and children, Barbara Ann and Jimmy, are here from Pasadena to spend the week with Mrs. Welcher's parents, Mr. and Mrs. Buel Lewis.

Mr. and Mrs. A. W. Mobley left Sunday morning for Spearman to visit a few days with their daughter, Mrs. Elza Vanderburg, and her family.

Mrs. Jimmy Layfield and children of Big Spring were here Sunday to visit Mrs. Layfield's sister, Mrs. J. M. Wilcox, and family.

Miss Hope Fargason, high school physical education instructor, accompanied a group of seniors to Senior Day activities at Hardin-Simmons University Saturday. Students making the trip were Wanda Glass, Velma West and Patricia Richter. They spent the week end in Abilene with Johnnie Lee Williams and Johnye Fargason. D.P. Ammons, a McMurry College student, went to Abilene with them after spending Friday night here with his parents.

Mr. and Mrs. F. A. Werner of Kermit visited her mother, Mrs. J. M. Appleton, Sunday. Mr. Werner returned home, but Mrs. Werner remained for a few days.

Mrs. Raymond May, who has been a patient in a Loraine hospital for several days, is expected home this week.

Miss Bessie Cleveland visited Mr. and Mrs. Dolton Cleveland and son in Abilene over the week end. She also visited her parents in Rotan Sunday afternoon.

Miss Bobbie Kerley and Miss Jewel Pfiefer spent the week end in Abilene.

Mrs. Annie Taylor and Mr. and Mrs. Robert Taylor and family visited relatives in Odessa during the week end.

Mrs. Benton Hostess To Tuesday Night Club

Mrs. H. W. Benton was hostess to the Tuesday Night Bridge Club at her home.

Mrs. H. F. Clark won high score, and Mrs. John Blum won high for guests, Mrs. Max West won travel prize, and Mrs. B. J. Weaver bingo.

Thirteen members were present. Guests were Mrs. Blum Mrs. Myrle Greathouse and Mrs. Elroy Miller.

* * *

Don Ramsey, McMurry College sophomore from Snyder, was awarded third place in the feature story division of the Texas Intercollegiate Press Association contests recently. Harold Maples, formerly of Snyder, won a first place in the cartoon division.

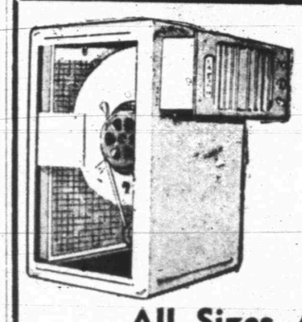

COOKING'S FUN

Tomato Soup
California Tuna Salad* Brown-an-serve Rolls
Chocolate Cake Beverage
(Recipe for Starred Dish Follows)

CALIFORNIA TUNA SALAD

INGREDIENTS: ½ cup ripe olives, 2 hard-cooked eggs, one 6½-or 7-ounce can tuna, 1 cup diced celery, 2 tablespoons diced green pepper, ½ cup mayonnaise, 2 teaspoons cidar vinegar, ¼ teaspoon salt, freshly-ground pepper (to taste), 1 teaspoon finely grated onion, salad greens.

METHOD: Cut olives from pits into large pieces; dice eggs. Flake tuna coarsely over olives and eggs; add celery and green pepper. Mix mayonnaise with vinegar, salt, freshly-ground pepper and onion; pour over salad mixture, and mix lightly. Serve on crisp salad greens. Makes 4 small servings.

Englishman Doubts Speed Of His Steed

NEW YORK (AP)—Two young Englishmen charged with reckless horseback riding in Brooklyn's Prospect Park were free men today because of a friendly judge.

Police told Magistrate's Court yesterday that the two men, Peter Laker, 25, and Clifford Lister, 24, both agents of the Cunard steamship Line, were clocked galloping at 25 miles an hour through the park.

Protested Lister:

"The Beast I was riding was well into his eighth year and if we were doing 20 miles an hour it was a bit of a miracle."

"Case dismissed," ruled Magistrate Matthew F. Fagan, "in the interest of international friendship."

LEGAL NOTICE

PROVIDING FOR PARALLEL PARKING ON AVENUE S, WITHIN THE CITY OF SNYDER

BE IT ORDAINED BY THE CITY OF SNYDER, TEXAS:

SECTION 1. That Parallel parking of vehicles shall be lawful on any portion or part of Avenue S, within the City of Snyder Texas, where an up-right curb is provided and vehicles are parked with the right hand wheels parallel and adjacent to and within eighteen (18) inches of the right hand curb.

SECTION 2. That it shall be lawful for the Chief of Police under the direction of the City Council to mark off and provide places for parallel parking on Avenue S as provided for in Section 1, of this ordinance, and to limit the time each vehicle may park upon said Avenue.

SECTION 3. That it shall be unlawful for any person, firm or corporation to park a vehicle upon Avenue S, in any manner other than as provided for in this ordinance, and for no longer period of time than indicated by signs placed adjacent to said parking area, by the Chief of Police under the direction of the City Council.

SECTION 4. Any persons, firm or corporation convicted of violating this ordinance shall be fined not more than $25.00.

Many Say Seizure Ruling Was Great Blow Struck For Liberty

WASHINGTON (AP) — A federal judge's decision calling President Truman's seizure of the steel mills illegal touched off a move in Congress today to "make the ruling absolutely air-tight on a much broader scale."

Chairman Maybank (D-SC) of the Senate Banking Committee put it that way in telling a reporter he is having legislation drafted which would "specifically outlaw federal seizure of any private property unless it were authorized by Congress in advance."

On the other hand, Chairman Murray (D-Mont) of the Senate Labor Committee said the steel case decision handed down here yesterday by Judge David A. Pine "makes it imperative Congress grant the President the seizure power the court says he does not now have." Murray added:

"Even if it takes a constitutional amendment, the President must be given the authority."

The District Court ruling also focused fresh attention on moves in the House to start impeachment proceedings against Truman.

Sen. Bridges of New Hampshire, the Senate Republican leader, said, "I do not see how an objective jurist could have ruled otherwise. I feel Judge Pine should be congratulated for his courage in rendering such a sweeping decision so promptly."

Sen. Willis Smith (D-NC), chairman of a Senate judiciary subcommittee which is investigating the legal aspects of the seizure order, said, "The decision is quite understandable to me because I had not been able to find any warranty in law or in the provisions of the Constitution that could justify any such far-reaching action by the President."

Rep. Bender (R-Ohio) said, "Judge Pine has struck a major blow for liberty. . . . I hope that Congress will not permit the dropping of this matter and will press forward to assure the preservation of our constitutional rights."

The House Judiciary Committee plans to vote tomorrow on what to do about 10 resolutions before it, some of them calling for censure of the President and others for impeachment.

House Republicans want the resolutions sent to a judiciary subcommittee for prompt study. Democratic leaders have made it clear they would like to see the measures tabled.

GOP congressional leaders who asked not to be named said they were urging a go-slow approach to the impeachment idea, pending outcome of the government's expected appeal from Pine's decision.

Congress members who had assailed the President's April 9 seizure of the steel industry hailed yesterday's ruling as a great victory for constitutional liberties.

Several of them said Truman now should invoke the Taft-Hartley Act injunction provisions to halt the strike called by the CIO United Steelworkers shortly after Pine announced his decision.

Except for Sen. Murray, lawmakers who had defended the Act, said, "It should be used now in this emergency," and added:

"Anything should be used which would save the country from the tragedy of a steel strike."

Maybank said his Banking Committee for taking over the mills were not immediately available for comment on the court action.

Murray, who long has been demanding repeal of the Taft-Hartley mittee, considering whether to extend wage-price controls, would go ahead with plans to hear representatives of the union and the steel industry at a closed meeting today.

DeShazo Seeks Constable Post

T. J. (Tom) DeShazo 2503 Avenue V, announced today that he would be a candidate for constable in justice precinct No. 1.

DeShazo, a former sheriff here, was elected constable of precinct 3 two years ago by write-in votes but did not take office because the commissioners court redistricted the precincts, declaring all offices vacant.

Precinct No. 1 now includes all of commissioner precinct No. 1, which is the entire northeast quarter of the county, and also includes all territory adjacent to Snyder. Areas not included in justice precinct No. 1 are the Fluvanna and Dermott voting precincts and the west one-third of the Union voting precinct, all in justice precinct No. 2; Ira, Canyon, and Bison voting precincts, which are in justice precinct No. 3; and Hermleight, Pyron, and Lone Wolf voting precincts, which compose justice precinct No. 4. The east two-thirds of the Union voting precinct is in justice precinct No. 1.

The constable offices have not been filled for several years. The only other candidate announced is R. L. (Bob) Terry, who has also announced for precinct 1. De Shazo filled the remainder of a term for which John Lynch was elected sheriff after Lynch resigned in 1943.

Shriners To Angelo Meet

A large delegation of Shriners will go to San Angelo Friday for the annual Shrine Spring Ceremonial, Mal Andress, a member, said today.

One of the main features for the ceremonial will be a big parade, which will begin at 2:30 o'clock Saturday afternoon, consisting of cars carrying Shrine dignitaries, floats, uniformed bodies of the Shrine, and all Nobles and Novices of the Suez Temple.

Initiations, a tea for ladies, an informal dance, a Saturday luncheon, barbeque dinner, and a business meeting will make up the remainder of the ceremonial.

HOSPITAL NOTES

Weldon Biddle, 25, route No. 2, an employe of the Hondo Drilling Co., was in good condition at the Snyder Hospital this morning after undergoing surgery yesterday on a fractured leg. He was injured on the job Monday.

Patients dismissed from the hospital were Bobby James of Knapp, foot injury, Jack Darby, Snyder, medical; Rosa Hicks, Snyder Negro woman, medical; Mrs. J. G. McDonald, Snyder, medical; Mrs. Don Wimberly, Snyder, medical; and J. N. Ashley, Snyder, who has recovered from a back injury.

Ready To Go Into Marines In 10 Years

PHILADELPHIA (AP) — Thomas Grady studied the U.S. Marine enlistment poster and then helped himself to one of those postals expressing interest in enlistment.

He filled it out and mailed it without telling anyone.

His mother, Mrs. John A. Grady of suburban Abington, was astonished when a Marine recruiting sergeant phoned asking for Tom.

"He's in school, with the other fourth graders," his mother told the sergeant.

Candidate Speaks At Lions Club Luncheon Here Yesterday Noon

A volume of humorous stories were told yesterday by Harley Sadler in an informal address to the Lions Club luncheon group.

Sadler was introduced by Frank Smith, owner of the Smith Motel in East Snyder. Sadler and Smith's brother toured the country together for years in Sadler's tent shows.

The speaker is Taylor County's representative to the Texas Legislature, and is a candidate for the state senate from this district.

Liquor Cases In Court Here This Morning

An appearance bond was ordered forfeited in one county court criminal case today, two other cases were dismissed, one was tried and the defendant convicted.

Mrs. Lorene Kellum, Snyder Negro charged with illegal possession of liquor nearly a year ago, was sentenced to 30 days in jail and assessed a fine of $528.50, including court cost, by jury. She appeared for trial without legal counsel and did not take the stand as witness in her defense nor address the jury.

The only witness used for the state was Lloyd Merritt, sheriff, who testified that he arrested her at the Davis Motel in the Negro section of town last May 12 and confiscated 10 and one-half pints of whisky, two pints of gin, and 24 cans of beer. He said he and a deputy, O. O. (Red) Devers, now of Dallas, made the raid and that the defendant told them she was in charge of the place at the time.

Bond was ordered forfeited on Ruby Goss, a white woman who formerly worked here as a cafe waitress. Cases against William David Sparks, 53, of Odessa, former Snyder cafe employe, and Lawrence L. Payne, formerly of Snyder, were dismissed. Edgar Taylor, county judge, said he dismissed the cases because the only witnesses against the defendants were former liquor control board agents who were no longer with the board.

A case against Anderson Davis, Jr., Snyder Negro, was to begin at 1:15 this afternoon.

Cost Of 22 Months Of War High For United Nations Command

UNITED NATIONS, N.Y. (AP)—Twenty-two months of war in Korea have cost the United Nations forces an estimated 419,456 casualties and the Communists 1,666,069, a summary of available reports showed today.

The U.N. figures came from member delegations and semi-official sources polled periodically. The Chinese and North Korean toll is estimated bi-weekly by the U.S. Army.

On the U.N. side, the biggest loser has been the Republic of (South) Korea. Sources there put the total casualties, up to early this year, at 301,864 — 29,494 dead, 101,097 wounded, 105,672 missing

All Candidates Aren't Official

With the deadline only five days away, 27 of the 36 persons who have announced they would be candidates for public office have become official candidates by filing with the county Democratic chairman.

Nine of the 33 person who have requested their candidacy be carried in the political announcement column of the Daily News still have not filed with the chairman. Twenty - four have filed with the chairman and have also announced in the column. Three other have announced only with the chairman, bringing the total official announcements to 27 and the number of unofficial announcements to nine —a grand total of 36.

Those who have announced officially are: for state senator: Harley Sadler of Abilene and Sterling Williams of Snyder; district judge: Robert R. Patterson; county judge, Edgar Taylor; for county clerk: Pat Johnston; for county treasurer: Mrs. Mollie Pinkerton and Mrs. Dell Smith; for district clerk: Mrs. Eunice Weathersbee; for district attorney: Keith L. Merrick and Renal B. Rosson; for county attorney: Wayland G. Holt; county tax assessor - collector: Jim Ikard; commissioner, precinct 1: Walter Grant and M. L. Andress; commissioner, precinct 2: Cullen Toombs; commissioner, precinct 3: L. L. Moore, J. H. Kimmel, and Haskell Beard; commissioner, precinct 4: Doyle Parmer, Ilar Lewis, and C. N. von Roeder; justice of peace, precinct 1: W. C. Davidson; justice of peace, precinct 2: J. R. Jennings; constable, precinct 1: R. L. Terry; sheriff: Lloyd Merritt and Homer Whisnand; state representative: C. F. Sentel; U. S. representative: George Mahon.

Announcements must be made with the county chairman, Harold Bennett by midnight Monday in order to have candidates listed on the ballots.

Traffic Victim's Funeral To Be In Sweetwater

Funeral arrangements were incomplete this morning for Jimmie Franklin Davis, 31, who died here yesterday morning from a skull fracture and internal injuries suffered in an auto accident Saturday afternoon.

Davis, who was an electrician's helper at Hobbs, N.M., had lived at Sweetwater most of his life. He was born in Texas Dec. 20, 1920.

The accident occurred six miles east of Gail when the Davis car overturned. Mrs. Davis, also injured in the accident, remains in serious condition at the Snyder Hospital. Davis' brother, A. L. Davis, was slightly injured and was dismissed Monday from the hospital.

Services will be at the West Side Baptist Church in Sweetwater, and burial will be at the Sweetwater Cemetery.

Survivors are the widow, his parents, Mr. and Mrs. Edward F. Davis of Sweetwater; one sister, Mrs. Ida May Toler of Garland; and three brothers, A. R. Davis of Sweetwater, W. A. Davis of Sweetwater, and A. L. Davis of Hobbs.

Salt Creek Field Well Reported As Completed

Superior Oil Co. has reported completion of the No. 2-A Wood in the Salt Creek field of Kent County.

The project flowed 24 hours on the completion test through an 11-64th-inch choke to make 181 barrels of 39 gravity oil. The flow was natural with no water present. Gas-oil ratio was 327-1.

With packer set in casing, tubing pressure was 525 pounds. Top of the pay was at 6,392 feet, with seven-inch casing cemented at 6,312 feet. Total depth is 6,424 feet. Elevation is 2,959 feet.

There are more than 30,000 known diseases of plants.

Negro Goes To Chair Happy

HUNTSVILLE, April 30 (AP)—Henry Savage was so happy he almost danced as he entered the death chamber to die for raping a Hearne white woman, an eyewitness said.

"He was a happy Negro," said Don Reid, Huntsville newsman, who witnessed the execution this morning.

Savage, Hearne laborer, was convicted and sentenced to death for raping a Hearne woman after entering her bedroom and carrying her to another room of the house.

He entered the death chamber at 12:02 a. m., received the first shock at 12:05, and was pronounced dead at 12:08 a. m.

As he was strapped into the chair, the Negro said, "I have nothing against anyone. I am saved, and I am going to make my home in Heaven."

Reid said although the Negro was outwardly calm and happy, he believed him very nervous. "His hands were very cold," the newsman said, "when I shook hands with him."

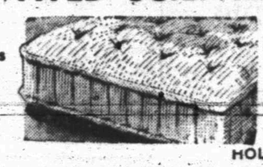

"Lord, it won't be much longer now," the Negro said with a broad smile as he was strapped into the chair. "I really feel the spirit of Jesus," he added.

The Court of Criminal Appeals affirmed Savage's death sentence Nov. 22, 1950. Notice of appeal was given the U. S. Supreme Court, but the appeal was never completed.

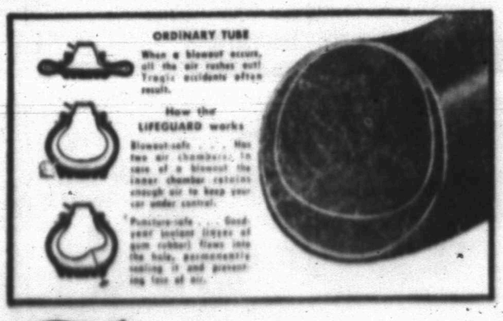

The Negro was originally scheduled to die last Sunday, but Governor Allan Shivers issued a stay to prevent the execution from falling on a Sabbath.
