'They Did Good' At Fulton Oysterfest

FULTON — Final figures aren't in yet for Fulton's Second Annual Oysterfest this past weekend, "but they did good," according to Sharon Loflin, wife of volunteer fireman Bobby Loflin.

he event is put on to raise funds for the Fulton Volunteer Fire Department. Last year's 'Fest — the first — brought in enough money to cover the cost of the "Jaws of Life." Proceeds from this event are expected to be used to buy a number of smaller items of needed equipment.

An extimated 9,000 to 10,000 people, Winter Visitors as well as permanent area residents, came to enjoy the music, food and exhibits at the affair that got underway Friday night, March 6.

"Chubby" McLester of Rockport was named King of this year's Oysterfest on Saturday afternoon, March 7, when he beat out competition in the raw oyster eating contest. McLester consumed 271 oysters. The runner-up, Jim Tumlinson, downed 231.

Queen of the Oysterfest was Denise Coward who ate 183 raw oysters in the women's division of the contest. Her nearest competitor was Jerry Balderie with 165 to her credit.

Highlighting Sunday's activities was the first annual Oyster Stew Cookoff. "Granny" Lee and "Aunt Lou" Mundine walked off with both the first place ribbon and showmanship trophies in this event.

Second place went to Kathy Del Rio and third place to Chuck Humbert and Jim Johnson.

Trophies in the Boat Parade that kicked off activities Saturday morning went to "The Lulie Boat", captained by Kenneth Jackson, first; and "Miss Julie", captain Ruben Robles, second.

Those who attended the festivities around the Paws & Taws Building on Fulton Beach Road this past weekend were unanimous in proclaiming it "a big success."

Rockport Raises City Water Rates

By Pat Blair

Customers of the Rockport city water department will be paying an extra 10 cents per 1,000 gallons of water starting in June, to balance an increase in the city's water costs.

At the same time, city council members meeting Monday night, March 9, voted to charge a monthly fee to the cities of Rockport and Fulton and to Aransas County to help cover the cost of water used in fighting fires.

The increase in water rates is made necessary by an increase in rates charged by the San Patricio Water District from which the City of Rockport buys the water to serve Aransas County.

Effective June 1, the San Patricio District will raise its rates by 10 cents per 1,000 gallons — from the present 43 cents to 53 cents.

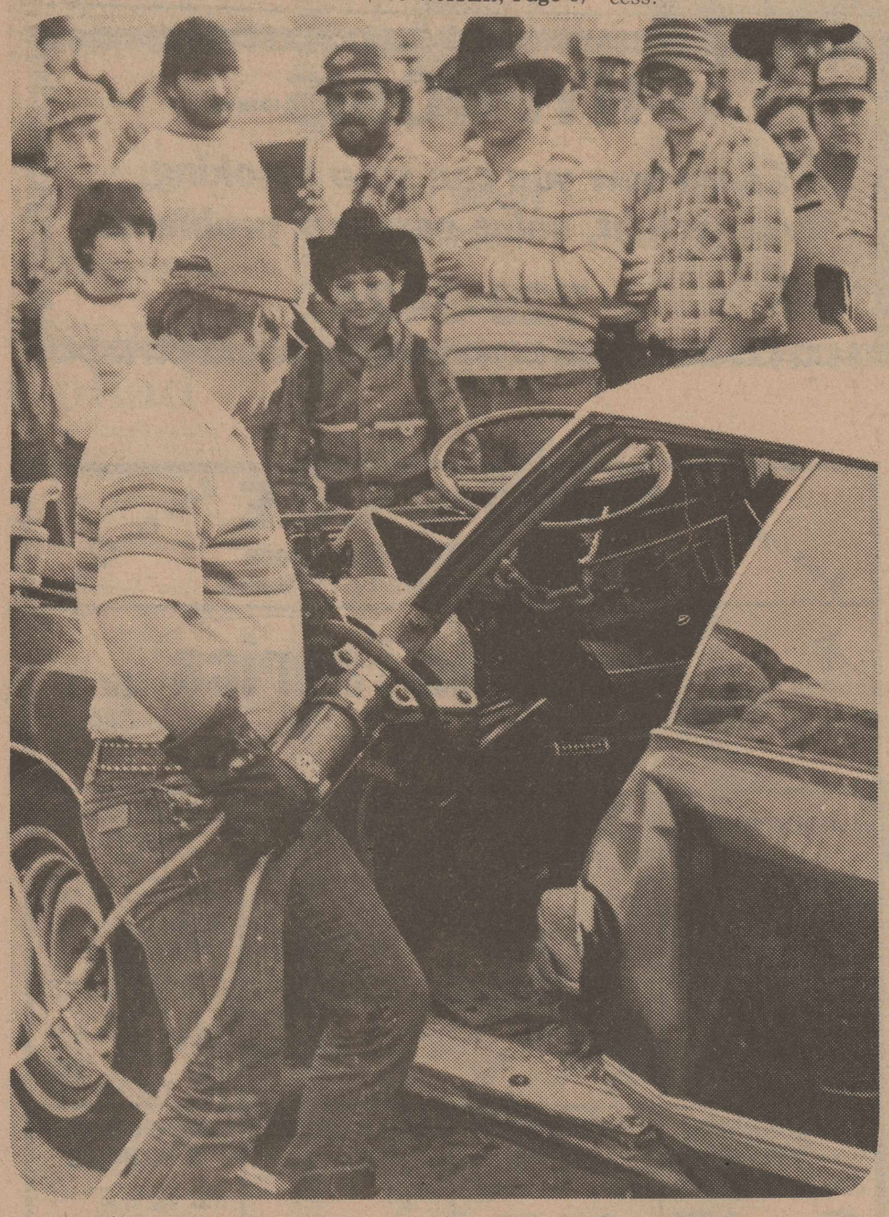

Rockport's 10 cents per 1,000 gallon increase to its customers will become effective with the June billing.

City officials also voted to charge monthly fees of $75 to Aransas County, $25 to the City of Rockport and $10 to the City of Fulton to cover water used by the volunteer fire departments in fighting fires.

One final bit of business was required Monday night in connection with the water rates increase: The council voted to authorize the expenditure necessary to reprogram the city's billing machine to handle the new charges in June.

In other action during Monday night's council session, the council voted to approve reallocation of 30 additional sanitary sewer connections to Dr.

"JAWS OF LIFE" DEMONSTRATION

A member of the Fulton Volunteer Fire Department demonstrates the "Jaws of Life" device at the Fulton Oysterfest this weekend. The "Jaws of Life" was purchased with funds from last year's Oysterfest. ACCIDENT INJURES THREE

Workmen supervise the loading of a pickup truck bed and camper onto a wrecker after an accident sent all three occupants of the vehicle to Memorial Medical Center in Corpus Christi Monday, March 9, around noon. Injured were Russell L. Miller, 71 driver of the truck; his wife Della Mae, 70; and his sister, Vivian Shull, 65. Texas Highway Patrolman Steve Miller said the accident occurred when Russell Miller, westbound on FM 881 and driving on the shoulder of the road, attempted a left turn into the Jitney Jr. parking lot across the path of a vehicle driven by Jerry Swindell of Portland. Aransas County EMS units transported the victims to the Corpus hospital. Miller suffered a possible fractured right hip and chest injuries and Miller received a lumbar spine injury. Mrs. Shull was treated for a lacerated scalp.

County And City Agree To Joint Drainage Study

The Aransas County Commissioners Court, meeting Monday, March 9, received a letter from the City of Rockport regarding a joint study of the drainage problem in Precinct 3.

The City has agreed to participate in the study but requested more information from the engineering firms involved as to the "scope of cost" of the project, which at this time is unknown.

The County had agreed to participate in the project on January 28 after County Surveyor Tommy Griffith requested such authorization of the county and the city, noting new developments in the problem area — Highway 35 North, near Whataburger and the High School — that will possibly overload the already inadequate drainage system.

The study will entail three possible drainage routes into Aransas Bay, Little Bay and possibly west of Fulton into

School Expansion Plans Near Finish

The planning phase of the extensive building program for Aransas County schools, to be funded by last September's $3.5 million bond election, is almost completed and the architecture firm in charge of the project plans to "go to the contractors by the end of this month."

At their last meeting, Monday, March 9, the Aransas County School Board heard from representatives of the architectural firm of SHWC, Inc. who said that the plans are "in very good shape."

The board reviewed the plans and authorized the firm, upon completion and after a final review by School Superintendent Joe Randow later in the month, to advertise to contractors for bids on March 30 and 31. Bids would be due on April 27.

The firm plans a five proposition bid plan which could conceivably allow four separate contractors to work on the project if that plan of action is less expensive than hiring one firm.

Propositions A through D divide the work to be done into four areas — the new auditorium; the junior high area, which includes the renovation of the cafeteria; the high school, including the new library, band hall and biology lab; and all

Area Residents May Be Named In Oil Theft Indictments

LONGVIEW — It is expected that one or more Rockport and Aransas Pass residents have been named in two sealed indictments returned by a grand jury in Gregg County involving theft of $1 million or less in oil.

Assistant Attorney General Chuck Campbell said the indictments, returned this week by the grand jury, each contained "numerous names." Campbell and District Attorney Rob Foster said some of those named were East Texas residents but most were from elsewhere in Texas and other states.

Campbell indicated that law enforcement officials would begin making arrests of persons named in the indictments Tuesday afternoon, March 10.

The case apparently involves the theft by truck of oil from wells in one or more oil fields.

Officials declined to provide more details on the case pending arrests of suspects.

Second-Notice Tax Statements Are In Mail

The 1980 "Second-Notice of Taxes Due" to Aransas County have been mailed.

These tax statements are yellow-gold and include the yearly total of taxes due plus the current amount of penalty and interest, according to County Tax Assessor-Collector Allena Jones.

Taxpayers who failed to pay 1980 taxes by June 31, 1981, will receive a second-notice. They will also have to pay the penalty for late payment.

Mrs. Jones said the rate of penalty and interest, as well as the date it begins accruing, are set by law. The tax assessor-collector must collect the full amount due, including penalty and interest. The tax assessor-collector cannot eliminate the penalty for anyone for any reason, she emphasized.

Many people who receive the second-notice say they did not receive the original notice sent at the end of October 1980. Both notices have the same address, Mrs. Jones said, and all notices were mailed last October.

Many people are receiving the second-notice statement for property they acquired after August 1.

A cut-off date for changes in owner and addresses must be set in order to have the Tax Roll and statements printed, Mrs. Jones said so the statement was sent in October to the previous owner, who did not pay the current year's taxes.

In most cases, taxes are pro-rated at the time of sale between buyer and seller, and the buyer assumes the responsibility of paying the taxes.

Mrs. Jones said, "I would like to remind everyone that it is the property owner's responsibility to pay property taxes. There is no law requiring the tax assessor-collector to mail statements of taxes due; however, we do have a better collection rate

Christian Outlines Museum Plans

After receiving a three-year option to lease Navigation District land for a maritime museum in downtown Rockport, Bill Christian, president of the Texas Maritime Museum Association Inc., outlined plans for the project at a Rotary Club meeting Wednesday, March 4.

Christian is the originator and for several years was director or the highly successful annual Rockport SeaFair civic celebration. In recent years SeaFair has included a small-scale maritime museum which proved to be very popular.

Christian told Rotarians at the noon meeting that as a center of marine culture and history for the enjoyment and enlightment of Rockport area residents and visitors.

He added that, unlike many museums which feature only the past, the Rockport project will also put great stress on current marine-related activities of the Texas coast.

Summarizing the traditional aspects of the proposed museum plan, Christian said it would collect, preserve, study and exhibit articles and documents from various periods of the state's maritime history.

The museum will include artifacts and records related to the Spanish galleons, pirates Jean LeFitte and Henry Morgan, the sailing schooners that once plied the gulf coast, as well as the one-time six-ship Texas navy — the only navy ever operated by a single state.

Christian said he believes the most important and popular features of the museum would be exhibits, often working models, of the state's present maritime activities, including the shipping industry, the commercial fishing industry, the petroleum industry and the pleasure boating and sport fishing "business" along the coast.

He predicted that the variety of subjects covered, with continually changing displays, would insure ongoing interest and repeated visits to the museum by both local residents and visitors.

He added that the proposed Rockport maritime museum would be the only museum of its kind in Texas depsite the state's rich heritage and continuing wide involvement in sea-related activities.

The Texas Maritime Museum Association Inc. is a state-chartered non-profit corporation. It has obtained Internal Revenue Service approval as a non-private, pubically supported organization, making all donations to it tax deductible.

Membership in the association is open to the public without charge and following Christian's description of the museum project, Rotarians were given an opportunity to apply for membership. It is believed the response was unanimous.

Construction of the museum building and its maintenance will be through public contributions and special grants. Larry Boone is chairman of the contributions committee and Delmar Hiller is chairman of the membership committee.

Bob Phillips and Jerry Beattie were inducted as new members of Rotary Club in other business at the Wednesday meeting at Sandollar Restaurant.

Texas' Women Artists Featured

VICTORIA — Featuring paintings, sculpture, prints, photographs and mixed media work by contemporary Texas women, "Woman-in-Sight: New Art in Texas" will open with a public reception from 3 to 5 p.m. Sunday, March 8 at the Nave Museum, 306 W. Commercial, in Victoria.

Curated by Marcia Tucker, director of the New Museum in New York and former curator of the Whitney Museum of American Art, the exhibition reflects the current development of women visual artists in Texas.

The original show contained works by 70 women selected from more than 1,300 entries. The Victoria exhibit will include approximately 54 works selected by Barbara Meyer, director of the Victoria Regional Museum Association.

Part of the Texas Touring Program, the exhibition is supported, in part, by a grant from the Texas Commission on the Arts. The original idea for the show was conceived by Rita Starpattern, director of Women and Their Work in Austin.

Ms. Tucker was selected to curate the show because of her intense interest in regional art and her background in seeking out and exhibiting new work. She established the New Museum in 1977, the first art museum to be established in New York since the Museum of Modern Art, 50 years ago.

She looked at the work of more than 400 women artists residing in Texas to select pieces for "Woman-In-Sight."

"Artists today are willing and gifted participants in the political, social and cultural world in which their work must live.

"Woman-in-Sight: New Art in Texas" will continue at the Nave Museum through April 12.

QUOTE FOR THE WEEK!

"You don't have to explain something you haven't said."—Calvin Coolidge

German names must indicate gender

West Germany doesn't allow parents to name a boy Claudia or a girl Oliver. The registrar of births insists that a name clearly indicate the possessor's gender.

Thus Andrea, a common male name in Italy, is verboten in Germany because the name is a favorite for girls. Also barred are outlandi names that would subject a child to ridicule.

Changes In Tax Laws May Affect Taxpayers

AUSTIN — Taxpayers this year may find a few changes in the federal tax law will affect how they file their federal tax forms, according to the Internal Revenue Service.

For taxpayers interested in claiming the residential energy credit, there is an increase in the amount which can be claimed.

The energy credit is actually made up of two separate credits:

The credit for renewable energy source costs is 40 percent of the first $10,000 (or a maximum credit of $4,000) spent on solar, geothermal or windpower energy equipment. This credit is based on the cost of the items installed after April 19, 1977, and before 1986.

Previously, the credit for renewable energy source costs was 30 percent of the first $2,000 plus 20 percent of the next $8,000 or a maximum credit of $2,200.

The credit for energy conservation costs is 15 percent of the first $2,000 (or maximum credit of $300) a taxpayer spends on items to save energy such as insulation and storm windows.

More information concerning the energy credit is available in the free IRS Publication 903, "Energy Credits for Individuals."

Another important change focuses on the social security tax. The wages subject to the social security tax were increased from $22,900 to $25,900 for 1980. The rate of the tax was 6.13 percent. Therefore, for 1980, the maximum social security tax for an individual was $1,587.67 ($25,900 x 6.13 percent).

Pirates Close Out Season With Loss

By Bob Crawford

The Rockport-Fulton Pirates closed out their 1980-81 season on a losing note last week as they were shaded by the Flour Bluff Hornets 68-64 in Pirate Gym.

Rockport established a lead around halftime, but they dropped behind in the closing minutes.

The Pirates trailed early in the contest, and by two points after a quarter at 17-15. Then the Hornets fell into a horribly cold shooting streak and the Pirates went ahead by nine points at the half, 31-22.

Big Marty Davenport, who scored 26 for the night, began to find the range in that second quarter, and helped the Pirates to pull away.

By the end of the third period, Rockport held a lead, but by only a two point margin at 46-44.

The Bluff began to go inside to Joe Washington, and he responded with 10 fourth period points, a feat matched by the Pirates' Donnie Frels, as Frels netted 10 of his 19 tallies for the night.

In the season's scoring race, Micheal Simmons did not produce but six points for the night, and by virtue of Frels' 19 points, Frels was the Pirates' top scorer for the season with a total of 476 points. Simmons ended the season with 460.

Three other Pirates closed out the season with 200 or more points for the year: Dennis Hull ended 1981 with 287 points; Pee Wee Solis had 263; and James Walls closed out with 221.

Davenport, who joined the team at mid-term, finished the season with a scoring average of better than 10 points per game.

The JV lost their final game of the season 48-42 to the Bluff. Zachary Green was the high point man with 12 points, and Tim Redden hit for 11 points. Redden was the scoring leader for the team for the season with a total of 252 points. Aaron Commander finished second in scoring with 212.

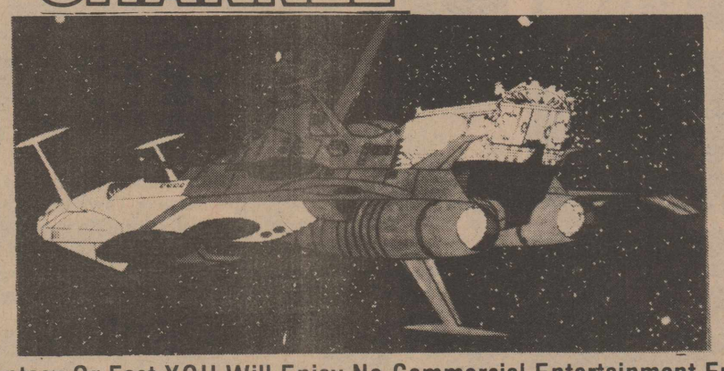

Flour Bluff bombed the Pirate Freshmen 78-29 in their game. Not one Pirate could reach double figures.

In the season scoring race, Dwayne Walls was the team leader with 228 points. Jeffrey Dickerson and Eddie Bechtol closed out with 174 and 170 points, respectively.

Girls Take Second In Rockport Meet

by Bob Crawford

Coach Karen Richter's Lady Pirate Track Team chased behind Gregory-Portland for the entire meet before they had to settle for a second place in last Saturday's Toast of the Coast Tourney.

The Wildcats of Gregory-Portland had to depend on the speed and endurance of their state-class performer Pam Mitchell to pull the meet out of the hands of the Lady Pirates.

Terri Moore was double winner in the shot put and the discus. In the discus, Moore set a new meet record with a toss of 117'3".

The team of Julie Huff, Belinda Cross, Darlene Dilworth and Alma Dickerson edged out GP in the 800 meter relay, then finished a close second in the 400 meter relay.

Cross also picked up a second place win in the 200 meter dash and a third in the long jump. Dilworth got a fourth in the long jump and a second in the Triple jump. Huff got a fourth place in the shot put, and Alma Dickerson finished behind Mitchell in the 100 meter dash. Danielle Adams also had a fourth in the 100 meter hurdles.

In the JV Division, Tammy Walker won the 800 meter dash and Jana Brown was the first place finisher with a fine run in 3200 meter run. Carla Perkins was third in the 100 meter dash and Amy Barlass had a second in the 1600 meter run and Gloria Lara took fourth.

Brown, Walker, Mona Cowen and Lee Anna Cassel placed fourth in the 1600 meter relay. Missy Krogsgaard was fifth in the shot put. The team placed fourth overall.

Foitik Makes All District

Kim Foitik, a senior at Rockport-Fulton, was voted to the District 15-4A Coaches All-District Team as picked by the coaches after the season was completed.

Genny Mundine, also a senior, was listed as an Honorable Mention member of the team.

Foitik was the Lady Pirates' leading scorer with 444 points for the season, reaching double figures 24 times during the Lady Pirates' 16-16 season.

Mundine was the team's third ranking scorer with 200 points.

Terri Moore was the second ranked scorer, but went out earlier in the season with an injury.

Pirates Second At Goliad

by Bob Crawford

Rockport-Fulton gave notice that they are a track team to watch as they placed second at Goliad behind the Refugio Bobcats.

The Pirates were led in first place finishes by Damaso Galvan in the 800 meter run, Raul Castro in the 1600 meter run and the team of David Williams, Micheal Simmons, Michael Covarrubias, and Dwayne Walls in the 400 meter relay.

Simmons and Castro also had second places in the 100 meter and 3200 events, respectively.

Taking third places were Bubba Scott in the shot put, Marty Davenport in the discus, Peter Booth in both the 3200 meters and the 1600 meters and Zach Green in the 100 meters.

Fourth places were secured by Dwayne Walls in the 100 meters, Scott in the discus, Davenport in the shot put and Simmons in the 200 meters.

Mike Zlock (1600 meters), Mike Arthur (discus) and Kroy DeForest (shot) took fifth place honors.

David Williams scored a sixth in the 110 meter hurdles.

The Pirates scored a total of 112 points, only 16 shy of the overall winners, the Refugio Bobcats.

In A Different Vein

By 'Uncle John' Leslie

WHY I POP OFF

My column this week is to justify my stand on matters of public interest.

Chamber of Commerce Directors, County Judge and Commissioners, Mayor, City Manager and City Council — both Rockport and Fulton: I have no personal grudge. I did not just ramble on in my weekly column in the Pilot expressing my personal viewpoint. I write and agree with what the public tells me.

Everywhere I go I am confronted with local responsible citizens asking me to say for them the things I do say.

My articles on street signs, garbage disposal, clean-up campaign, dumping, etc. are submitted to the public because Rockport has been good to me in my old age. I want to see it a better, cleaner, safer place to live for those that come after me.

Things I have commented on are not a one-man job. It takes real leadership I think. Our Chamber of Commerce is that kind of an organization. They can take things like these mentioned and make them work.

It does not take money but dedicated leadership of men and women who are on its Board. Wonders can be accomplished once the fires are lit. Political groups, cities and counties can and will follow leadership and provide equipment.

Let's all pull together and bring these problem to solution.

I see from the news that Navigation and Beach Association are moving closer to at least one fishing pier. I started talking a recommending this five years ago. One pier is good — but many more are needed if we are to hold our Winter Visitors and, incidentally, their money.

Economically, we are flirting very dangerously. Rockport has a reputation as a winter home and a place to fish. To date no one has built a fishing pier to make this reputation come true.

Some day they are going to move out. That will be a bad day and one that could have been prevented by some planning and work.

Let's wake up before it is too late. We must have their money!

Big banks don't make a community. Good leadership, by dedicated men and women, does. Wake up, Aransas County!

Thanks for listening.—"Uncle John."

McKinley, developer of the proposed Live Oak Medical development on the west side of Highway 35 North and Henderson.

In its February 9 meeting the council allocated 20 connections to this development, bringing the total to 50. City Attorney Allen Lee told the council that from what he has heard, this will be "primarily a clinic plus some small retail."

Council members formally accepted the resignation of Chief of Police James Craigmile and, following executive session, voted to advertise for a new police chief for the city.

Council members by a vote of 2-1 approved expenditure of $152 for installation of a street light on Murray and Magnolia streets.

Alderman Charlie Garrett cast the vote against the project, saying he did not feel a street light was needed at that particular location.

Alderwoman Betty Jean Ward replied that the council had already approved installation of the light in its February 9 meeting and added, "Those people ask very little." She then moved to approve the expenditure. The motion was seconded by Alderman Burt Mills.

The council tabled a discussion of the status of the city's petition for reimbursement of fees paid to ISI, a grant-finding firm in Georgia. Lee told the council he needed "to talk further" with ISI officials and suggested that the matter should be discussed in an executive session.

Mayor Walter S. Falk Jr. and Mrs. Ward reported on the recent planning and management workshop they attended in San Antonio and Falk indicated that, sometime after the April 4 city elections, he will ask for a workshop of the city council to discuss Rockport's city plan.

In other action, the council:

—Approved a request of William McCabe for permission to operate a mobile snack bar and/or refreshment concession on Navigation District property within the city.

—Approved waiving of the $25 fee for request of a special use permit for the Council on Aging. The COA is expected to appear before the planning and zoning commission later to ask for a permit.

"It is also the taxpayer's responsibility to furnish the Tax Office with their correct mailing address," she added.

She reminded those who qualified that they should sign up for the Homestead, Over-65 and Disabled Veteran exemptions, and the Agricultural Valuation of property.

The deadline for applying for all these reduced valuations is April 30.

Copano Bay.

In other action, the Court passed a resolution "authorizing for a maximum Grant of $400,000 from the Coastal Energy Impact Program to purchase a part of Aransas County Navigation District No. 1 property located North of Cove Harbor which consists of approximately 100 acres of wetlands."

This grant fund purchase by the County would enable the Navigation District, unable to apply for the grant, to purchase other land suitable for expansion of the harbor area.

The Commissioners Court will not be required to supply any matching funds for the land nor will any maintenance be required, as land will be left in a natural state.

The County also made two tentative appointments to the Airport Board — Dr. Ron Levy and Emilio Rinche — and reappointed members Bill Walston, Eddie Ratliff and Ken Faulkner, all for one-year terms.

In other action the court approved the division of funds received last month in lieu of taxes from the Aransas County Wildlife Refuge.

The funds are divided as follows: the School Board is to receive $115,642.41; the County is to receive $76,568.70 and the Navigation District will receive $5,130.89.

The court also approved at this meeting the appointment of Mildred Grant and Jerry Shaw to the County Historical Board.

In other action, the court approved the bonding of the County's Delinquent Tax Attorney and considered bids from several sources on office supplies.

work done at county elementary schools.

Proposition E is the one-bid proposition which would put one contractor's firm in charge of all four areas. The architects present at the meeting said that in their experience, having one contractor is usually the least expensive mode of operation.

Prior to the start of the board meeting, President Ottie Mundine presented board members Polly Bracht and Leslie Cole with pins honoring their five years of service to the board. Board member Garry Smith received a ten-year pin.

In other action the board approved the selections of this year's textbook committee. Textbooks for Vocational Office Education, eighth grade earth science and reading textbooks for grades one through eight were approved.

The board also approved a plan to allow only one photographer, a professional, to take pictures at this year's graduation ceremony. During the last few years, the crowd of people on the track during the awarding of diplomas has grown to an inconvenient size, hampering the view of many people. This year, a photographer from Graduate Portrait Studios will be on hand and will provide each graduate with a 5x7 portrait at a cost of $4.50.

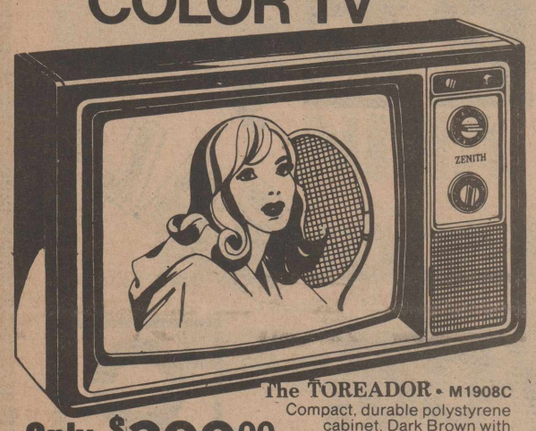

The board voted to okay the construction of two concrete slabs to be located in the area on the west end of the playing field south of the high school gym to replace those playing areas presently south of the old tennis courts, which will be removed as future construction gets under way. The materials will be purchased for the slabs by the District outright and the framing and finishing work will be contracted for.

The Board also agreed to advertise for bids on new office furniture for the new administration building. Bids will be asked for as soon as exact specifications are determined.

In the board's executive session, they approved all teachers' contracts

Ice Follies, Holiday On Ice In Houston

HOUSTON — The all new "Ice Follies and Holiday on Ice Combined Shows," celebrating its 45th year as an American Entertainment Tradition, opens Tuesday, March 17, at The Summit in Houston.

Nine performances are scheduled, through Sunday, March 22.

Highlighted in this extravaganza — produced by Irvin Feld and Kenneth Feld — are such skating talents as 1976 Olympic Silver Medalist Dianne deLeeuw; Paul Heath, England's amazing acrobatic skater; "The Beattys," presenting their comic ballroom dance parody; Sue Engbrecht, a 20-year-old from Illinois making her debut as a solo skater and Germany's Evelyn Hans and her crowd-pleasing kennel of educated canines.

Also featured are Almut Lehmann and Herbert Weisinger, three-time German Pair Skating Champions; Jim and Judy Sladky, five-time U.S. Ice Dancing Champions; Cookie Monster, Big Bird and the rest of the Sesame Street gang; and, of course, 32 of "the world's most gorgeous skating ladies" performing a variety of precision routines.

Tickets for the show are on sale at all Ticketmaster outlets, including The Summit Box Office and Montgomery Wards; and all Ticketron outlets, including Joske's stores.

Reserved seat tickets are priced at $8.65, $7.65 and $6.15. A special discount for children under 12 is available at selected performances.

Tickets may be charged by phone on VISA or MASTERCARD by calling 627-9452, or ordered by mail by writing to The Summit Box Office, #10 Greenway Plaza, Houston, TX 77046.

A $2 Service Charge will be levied on all phone and mail orders.

With Our Military

Pvt. Thomas W. McCready, son of Mr. and Mrs. John A. McCready of 916 Liberty Street, Rockport, recently completed One Station Unit Training (OSUT) at the U.S. Army Infantry School in Fort Benning, Georgia.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. This qualifies the soldier as a light-weapons infantryman and as an indirect fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

Uses for bamboo

Nothing that grows has as many and as varid uses as bamboo. More than a thousand applications of this grass have been cataloged. One scientist has even distilled a diesel-engine fuel from bamboo.

Eyes And

THERE IS HELP

Dear Dr. Pettey: In our small town there are some underprivileged children who cannot see the blackboard at school. Isn't there some place where their vision could be taken care of at less or no cost?

Yes, there are many Lions Clubs over the nation, as well as some other groups, that have as their major projects taking care of visually handicapped, underprivileged children.

Sight Conservation has been the Lions' number one project since about 1920, following an impassioned plea by Helen Keller, the world-famous deaf and blind girl who eventually learned to function despite her handicaps.

Usually, a Sight Conservation Committee work through school nurses in finding visually-needy children. The nurses check the children for many possible problems, including defective vision. They assist in determining if the child is financially needy also, and cooperate in seeing that the child is sent to a doctor for a complete eye examination.

In many towns the local optometrist performs the examination without charge, and the Lions Club pays the laboratory costs for the child's spectacles. Should eye surgery or medical treatment be needed, the child is referred to the nearest ophthalmologist.

If such help is not available where you live, consult the local Welfare or Social Security people. They can probably advise you. They may even have available care for needy children.

Billy Marlin Pash, 30, of Fulton was charged with disorderly conduct Sunday evening, March 8, after allegedly pointing a loaded rifle at a 15-year-old youth at Rockport's 50 Oaks Apartments.

Pash was released on a $75 cash bond after being arrested by police about 8:08 p.m. at the Circle K on Market Street.

Theft By Check

William Frank Powitsky, 37, of Victoria was fined $131.98 after being arrested by Rockport police on a warrant for theft by check early Sunday.

Powitsky was picked up by police about 4:47 a.m. in the Circle K parking lot.

DWI

Lana S. Martin, 25, of Fulton was arrested on a charge of driving while intoxicated about 1:39 a.m. Sunday at the intersection of Liberty and Austin.

Bond was set at $500.

Following Close

Ellen Mollohan Rice, 45, of 1151 Live Oak was ticketed for following too closely following an accident at the intersection of Fulton Beach Road and Picton about 1:15 p.m. Saturday, March 7.

Mrs. Rice was reportedly driving north on Fulton Beach Road behind a car driven by Charles Allen Veatch, 62, of 14 Bimini Drive, when Veatch slowed for traffic.

Mrs. Rice reportedly failed to slow sufficiently and her van struck the rear of Veatch's car then veered across the lawn of Sandra Courts.

Hit and Run

Police were seeking the driver of an Avis Rent a Car vehicle that was found abandoned at the scene of an accident about 4:30 a.m. Saturday.

The car, a 1981 Chevy Citation rented from Mayhood International Travel Agency, apparently struck the brick planter around a palm tree at the corner of Austin and Wharf — in front of Roaten Pharmacy — then skidded about a block.

Liberty Mishap

A car driven by Lenora Irwin Kurtz, 28, of Rockport was in collision with a pickup driven by Urban John Chupe, 22, of Aransas Pass about 11:33 a.m. Monday, March 9.

The accident occurred at the intersection of Liberty and North Pearl as Chupe was attempting a left turn onto Pearl Street. Both vehicles were traveling on Liberty Street.

Broadway Accident

A car driven by Peggie L. Boyce, 46, of Cypress was in collision with a pickup driven by Hughey Dellis Highfill, 78, of 1319 South Water about 2:15 p.m. Friday, March 6, at the intersection of Broadway and Laurel.

Mrs. Boyce was entering Broadway from Liberty Street and Highfill was entering from Austin when the collision occurred.
