# AMERICANS SURROUND AACHEN

## Russian Blitz To Baltic Seals Off Nazis In Latvia

LONDON — (AP) — Russian vanguards have reached the Baltic Sea south of the Prussian port of Memel, severing all landward escape routes for some 150,000 Germans in Latvia and Lithuania, a report from Moscow said Tuesday.

This would constitute an invasion of East Prussia, because the Memel territory—a long narrow neck of land along the sea—was incorporated into the Reich in March, 1939. Hitler seized the area from Lithuania.

At midnight, the Kremlin had reported the Russians only 12 miles from the sizeable seaport of Memel and driving swiftly.

The Berlin radio declared Tuesday the Russians have launched a new offensive in the Vistula River bend south of Warsaw. The exact locale of the reported offensive was not specified, but the Russians have held a bridgehead across the stream for some time east of Kielce.

There was no immediate confirmation of the drive from Moscow.

The great Baltic offensive of Generals Ivan C. Bagramain and Ivan Cherniakhovsky, ripping apart the German coastal flank protecting the heart of East Prussia matched in spectacular success the sweep of General Rodion Malinovsky into Northern Hungary.

## Arguments Heavy On Security Plan

WASHINGTON—(AP)—Government plans to put the United States into a world organization backed by force headed for a storm of national debate Tuesday, with President Roosevelt and Secretary Hull apparently seeking to prevent possible disagreement on any single issue from wrecking the whole enterprise.

This strategy is considered responsible for the determination of officials to refrain from bringing into the debate the question of whether Congress should have to give its approval each time the world organization calls for American men, guns, ships and planes to suppress a threatening aggressor.

An authoritative analysis at the State Department of the Dumbarton Oaks security plan, revealed Monday, shows that it fails to call for any such strong commitments on the part of the United States. It provides instead only for the promise to undertake to supply forces in accord with constitutional processes.

**Diplomatic Men Favor Plan**

Since responsible diplomatic officials are known to favor a system which would obviate the need for congressional debate and decision each time specific forces were called for, the reluctance to raise the issue is regarded partly at least as an

## NW Dawson Test Has 2,000 Feet Of Oil In Hole

By JAMES C. WATSON, Oil Editor

Richmond Drilling Company No. 1 Nelson, section 34, block M, EL survey, Northwest Dawson County wildcat, was drilling ahead below 4,835 feet, in lime, with about 2,000 feet of oil standing in the hole.

The petroleum began to show at around 4,805 feet. Soft streaks were checked at intervals all the way down to present level. It appeared to fill up better from about 4,830 feet to 4,835 feet. No water has appeared and the hole is being drilled a little deeper before definite tests are undertaken.

This apparent new discovery for San Andres lime production, is about two miles north of the one-well Welch field.

**Cowden Extension Completed**

Woodley Petroleum Company No. 6-B Holt, section 18, block A, psl survey, and 1,600 feet south of the nearest Holt zone producer on the northwest side of the North Cowden field, in North Ector County, has been completed for a 24-hour flowing potential of 389 barrels of 37-gravity oil.

The gauge was from a full 24-hour test, and was after the pay

### Third War Effort Show To Be At High School

The third war effort educational film program to be presented by the Lions Club and the Midland County Defense Corps will be open at 8 p.m. Tuesday in the Midland High School.

The program is made up of War Department films, and films captured from the enemy. A principal feature of the program will be "Divide and Conquer," which includes many captured German scenes.

## United War Chest Campaign Lags; Contributions Are Short Of Goal

Midland's United War Chest campaign is lagging. Contributions Tuesday morning totaled $11,225.50, creeping toward the county's $19,327 quota.

The slowness of Midland in attaining its quota is attributed by Chairman R. L. Miller to a lack of workers, and not to a lack of generosity on the part of Midland citizens.

"Out of Midland's estimated 15,000 population only 529 individual contributions have been made to the United War Chest," Miller said.

"Concede that each contributor represents a home, and we still face the fact that less than a fourth of Midland homes are represented in the War Chest," he continued. "If we had enough workers to work the city thoroughly we could conclude the ccampaign within two days."

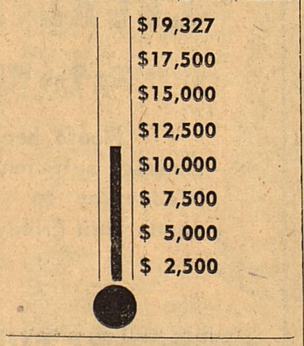

**No Refusals**

Willingness of Midland citizens to contribute to the War Chest is evidenced by the fact those who have been working in the campaign have not received a single refusal, Miller added.

Miller expressed his appreciation particularly to persons who have responded to his request to mail in checks. Several checks were received Monday.

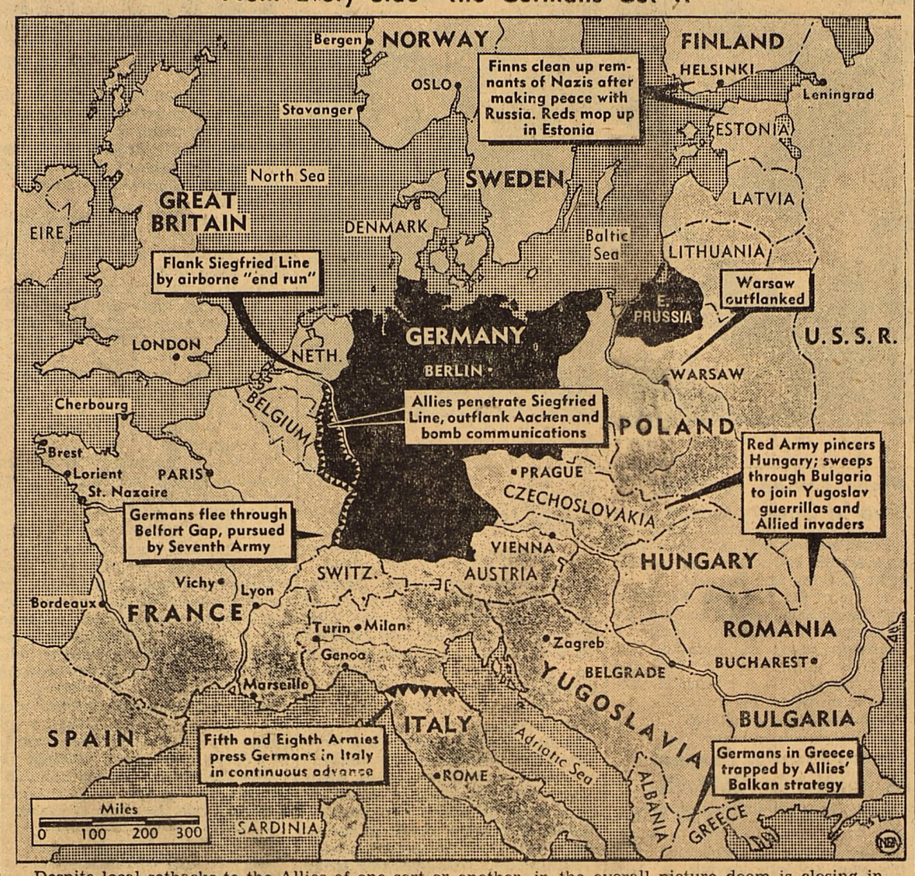

Persons wishing to mail checks should make them to the United War Chest and address them to the United War Chest, Post Office Box 1230, Midland.

Contributions from individuals average slightly over $2 each, Miller pointed out. Even with this average Midland can meet its quota, provided a majority of Midland adults will contribute.

Headquarters of the United War Chest are in the Texas Electric Service Company. The telephone number is 560.

### From Every Side—the Germans Get It

Despite local setbacks to the Allies of one sort or another, in the overall picture doom is closing in on Germany from every point of the compass, as depicted on the map above. The European war won't be over as speedily as many super-optimists thought, but no one doubts the eventual outcome.

## Churchill-Stalin Talks Expected To Continue Week

LONDON —(AP)— Prime Minister Churchill was disclosed Tuesday to have plunged immediately into talks with Premier Stalin at Moscow which advices from the Russian capital indicated might continue for a full week.

A communique broadcast by the Moscow radio said Churchill and Stalin had met for their first conference Monday only a short time after the British prime minister stepped from the plane which brought him from London.

Present were Soviet Foreign Commissar Vyacheslav Molotov, British Foreign Secretary Anthony Eden and British Ambassador Sir Archibald Clark Kerr.

**Moscow Silent**

The Moscow bulletin gave no inkling of the nature of the initial conversations. Press dispatches from the Soviet capital said it was believed the talks would deal with the organization of the final military blows against Germany and a multitude of European political questions.

On the military side, it was believed that plans for occupation of Germany and the possibility of Russia's eventual entry into the war against Japan might rank high on the agenda.

Apropos of the latter topic, the London Daily Express printed a special dispatch from Washington saying it was reported there that Premier Stalin had pledged Siberian bases to the United States as soon as the war in Europe ends. There was no confirmation of this.

While the United States is not represented by a special envoy at the current talks, it was said Washington would be kept fully informed.

## Bishop Seaman Will Retire

The Rt. Rev. E. Cecil Seaman, bishop of the missionary district of North Texas of the Protestant Episcopal Church, will retire January 31, 1945, because of ill health.

An announcement concerning the retirement was received Tuesday by the Rev. R. J. Snell rector of Trinity Episcopal Church here, from the bishop, who is one of the most popular churchmen in West Texas.

He has been bishop of the district since 1925, coming from Alabama. He previously had served as a rector in West Texas.

The House of Bishops of the Episcopal Church is scheduled to elect a new bishop for this area at its meeting in Birmingham, Ala., Jan. 31, 1945.

Bishop Seaman makes his home in Amarillo. He is well known to many citizens of Midland and each year has conducted several services at Trinity Episcopal Church.

**Weather**

Fair.

## WAR AT A GLANCE

By The Associated Press

WESTERN FRONT— Yank infantry closes Aachen pincers to mile-wide gap; Patton's troops eliminate German bulge in Nancy sector.

EASTERN FRONT— Soviet vanguards reach Baltic Sea in Memel push; general advance to south puts Reds within 50 miles of Budapest.

GREECE—British enter Corinth.

ITALY — Rain and hard enemy resistance stalls Allied drive toward Po River; American gains slight.

AERIAL — Daylight offensive against Reich resumed after RAF night smash at Bochum, Ruhr steel center.

PACIFIC— American division grabs beachhead on another island in Palaus to score tenth similar invasion in less than month; Nimitz sees possibility Philippines invasion may be delayed until year's end.

## British Tommies Take Corinth In Blitz Run

ROME —(AP)— British and Greek forces have occupied Corinth, it was announced Tuesday.

British forward units entered Corinth without opposition. Two hundred and fifty members of the collaborating Greek "security battalions" surrendered there Monday morning. No Germans were met in the city, which is at the end of the isthmus linking the Peloponnesus and the Greek mainland.

Meanwhile, the Allied land forces of the Adriatic began attacking Sarande, the little Southern Albanian port which is a supply base for the Nazi garrison on the island of Corfu.

The attack started at 4 a. m. Monday and Allied troops quickly penetrated to the Western outskirts of the town after overcoming opposition.

## Road To Berlin

By The Associated Press

Western Front: 302 miles (from west of Furen).

Russian Front: 310 miles (from Warsaw).

Italian Front: 560 miles (from south of Bologna).

## Allied Italian Drive Mired Down In Mud As Nazis Increase Fight

ROME—(AP)—Rain, mud and stiff German resistance have virtually halted the Allied advance toward the Po River in Italy, but the Fifth Army's heavy artillery now is keeping the Bologna-Rimini highway under systematic fire, headquarters disclosed Tuesday.

Allied headquarters said continued bad weather and the waterlogged ground combined to keep activity at a minimum. In the Eighth Army's area operations were confined to patrols, while in the Fifth Army's sector some local improvements were made in forward positions.

Airfields in the Athens area of Greece were bombed by the Mediterranean Air Force Monday night, while light bombers and fighter-bombers attacked Adriatic shipping and gave support to mired ground forces in Italy. Five Allied planes were missing from approximately 300 sorties.

Increasing resistance was encountered by Americans along the German defense line south of Bologna and Imola. Strong hill positions held by the Nazis protect Bologna, although the Americans are within 10 miles of the city and have moved within heavy artillery range of its network of railways and highways.

## Allied Air Assaults Continue On Germany

LONDON —(AP)— Numerous Allied air formations flew against the Germans at sunrise Tuesday in continuance of the unprecedented daylight aerial offensive after the RAF executed a heavy night attack on the Ruhr steel capital of Bochum.

The British heavy bombers made a saturation attack on Bochcum, a city of 303,000, dumping thousands of fire bombs and a profusion of explosives and set fires which glowed for many miles through layers of clouds and fog. The Nazis had spent a year rebuilding Bochum after the last heavy attack, on Sept. 29, 1943. Some major industries had been placed in working order again.

Bochum is a large rail center 65 miles northeast of invested Aachen, at the center of an area which produces nearly a third of all the Rhur's coal.

Mosquitoes bombed the port of Wilhelmshafen. Night fighters supported both the heavy and light bombers and the Air Ministry said seven planes in all were lost.

Bad weather Monday limited battle support to the bombing of a railroad bridge at Euskirchen by U. S. Marauders.

Some 1,100 Eighth Airforce Fortresses and Liberators from Britain, with 900 fighters, plowing through fog, attacked military targets in the Schweinfurt-Coblenz and Mainz regions of Southwestern Germany.

Five bombers and three fighters were missing, one of the lightest losses yet on a major run into Germany.

## Biddle Defines Bureaucracy As GOP Wish

By THE ASSOCIATED PRESS

Declarations by Republicans that what they term "The New Deal Bureaucracy" is strangling people's rights have drawn a reply from Attorney General Biddle defining a bureaucrat as "a man who holds a job in public life that a Republican would like to have."

Monday Gov. John W. Bricker, the Republican vice presidential nominee, told a Montana crowd that the federal government now is marked by "disorder and confusion." He added:

"The dead hand of bureaucracy must be taken off the neck of the people."

**Many Red Herrings**

Biddle supplied his definition of a bureaucrat to a meeting of the New Jersey state federation of labor at Atlantic City. He said "Communism is perhaps the biggest red herring smeared" across the political trail, "but there are other red herrings too—a favorite Republican war cry x x x is bureaucrat."

Bricker in a speech Monday night in Great Fall, Mont., said President Roosevelt had exhibited "violent antagonism to veterans' legislation."

Tuesday also brought the funeral of Wendell L. Willkie, 1940 Republican presidential nominee, to be attended by the 1944 choice, Gov. Thomas E. Dewey, in New York City.

There were signs that Willkie's death may intensify both Republicans and Democratic efforts to cultivate the independent vote. Both sides agreed that much of the Willkie following was in this category.

Senator Hill (D-Ala) told Washington reporters that the fact that Willkie did not announce for Dewey "might make his followers feel that he was against Dewey and that they accordingly should support Roosevelt."

**GOP Party Bolt Possible**

Senator Willis (R-Ind) told these reporters, however, that Willkie might have had some influence on the election had he lived but that his death, if it benefitted either party, probably would help Dewey "a shade" by removing the threat of a possible party bolt.

Dewey declined to comment on Secretary of State Hull's reaction to reports in the New York Times, Herald Tribune and Daily News that there are indications Dewey, if elected, would ask Hull to stay on with the new administration. His aides had called the reports "purely speculative." Hull said:

"My support and loyalty belong primarily to the government and its present official head, President Roosevelt. x x x this will continue to be my attitude."

## Enormous Crowds Attend Funeral Of Wendell Willkie

NEW YORK —(AP)— Distinguished Americans gathered Tuesday for the funeral of Wendell L. Willkie, 1940 Republican presidential nominee.

Among the mourners who arranged to attend the services at the Fifth Avenue Presbyterian Church were Governor Thomas E. Dewey of New York, Mrs. Franklin D. Roosevelt, representing the President, and Governor Leverett Saltonstall of Massachusetts.

The body will be accompanied to Rushville, Ind., Willkie's birthplace, by his brother, Edward Willkie. It will be placed in a crypt awaiting the arrival of Mrs. Willkie, who will remain in New York for the return of her son, Lt. (jg) Philip Willkie, USNR, from Atlantic convoy duty. He will accompany his mother to Rushville for the burial.

Funeral services for the 52-year-old former public utilities executive who died Sunday will be conducted by the Rev. Dr. John Sutherland Bonnell, pastor of the Fifth Avenue Church.

At midnight, when the doors were closed, police estimated more than 60,000 persons had visited the church where Willkie's body had lain in state since 1:30 p. m. Monday.

### Big Spring Soldier Killed In Train Crash

SIOUX CITY —(AP)— Two Sioux City Army Air Base soldiers were killed Sunday when the automobile in which they were riding and a Chicago and North Western passenger train collided at a crossing near Sergeant Bluff, Ia., base officials announced.

Staff Sgt. George D. Peck, mother, Mrs. June Payne, Big Spring, Texas, was one of the men killed.

## German Garrison Ordered To Quit; Build New Front

By THE ASSOCIATED PRESS

LONDON—(AP)—The U. S. First Army completely surrounded Aachen Tuesday and delivered to the German garrison there an ultimatum to surrender within 24 hours or be conquered by ruthless attack. Doughboys had sealed off the Siegfried Line city with a wall of troops, tanks and guns, and already were building up a 25-mile front six to 10 miles inside the Reich for a breakthrough punch toward the Rhine.

The U. S. Commander told defenders holed up in Aachen that unless the city was "promptly and completely surrendered unconditionally, American Army ground and air forces will proceed ruthlessly with air and artillery bombardment to reduce it to submission."

Aachen is "now completely surrounded" by First Army Men, his ultimatum said.

Earlier Tuesday the two jaws of a doughboy vise had chopped the German escape lane northeast of the city to only a mile in width, and choked it off with curtains of machinegun fire.

The bottling of Aachen's "fight-to-the-death" defenders" came as Lt. Gen. George S. Patton's U. S. Third Army snapped a German bulge in the Nancy-Metz sector back into a straight line.

Elimination of this Nazi pocket was reported by Associated Press Correspondent Edward D. Ball, who said Patton's Yanks had moved up into new positions extending from Fresnes-en-Saulnois, 15 miles north and east of Nancy, to Cheminot, 13 miles due north of Nancy.

**25-mile Front Forged**

The First Army in the Aachen sector has forged a 25-mile front and was fighting on the approaches to Duren and Julich, highway keys

## U.S. Troops In Pacific Invade Tenth Island

By LEONARD MILLIMAN, Associated Press War Editor

American amphibious troops in the Western Pacific have established a firm beachhead on another of the Palau islands—the tenth to be invaded in less than a month.

Only light opposition was encountered by soldiers of the 81st Army Division when they landed on Garkayo Islet and pushed inland, Adm. Chester W. Nimitz announced Monday night. Garakayo is two and a half miles north of Peleliu where U. S. forces hold a fair fleet anchorage and a good airfield, both of which will be used to support Gen. Douglas MacArthur's forthcoming invasion of the Philippines.

**Liberators Strike**

Twenty-five Liberators, escorted by fighters, made the first neutralizing strike at Zamboanga, which has been a fortress guarding the southwestern tip of the Philippines since Spanish days. Huge fires were blazing on the waterfront, half a dozen seaplanes destroyed and three small ships set afire.

Nimitz indicated that weather conditions may delay the Philippine invasion. "The typhoons have given us much trouble," he said,

(Continued on Page 5)

### Hitler Lauds Nazi Youth For Fanaticism

LONDON —(AP)— The German radio said that Hitler lauded German youths Tuesday for what he called their "fanatical will to sacrifice in the hour of danger to our country."

The message, broadcast by the official German news agency DNB, was the first reported utterancec from the German chancellor since shortly after the reported attempt on his life July 20,

The message was in reply to a report from Reich youth leader Axmann that 80 per cent of Potsdam's Hitler youth had volunteered for military service.

## Calvary Baptist Church To Build New Auditorium

The War Production Board has granted a priority to the Calvary Baptist Church here to complete its building by the construction of a large auditorium, the Rev. A. W. Smith, pastor, announced Tuesday.

The church has appointed a building committee and plans are being perfected to begin construction of the building in about 30 days. Roy Frazier has been awarded the contract.

The structure will be of hollow tile and will be an annex to the present building which originally was designed for an educational building. The project is estimated to cost $10,000 and will furnish an adequate worship room for the growing church. Both the new and old buildings will be finished with stucco.

Members of the building committee are M. V. Sorge, chairman; Paul Brooks, F. M. Morrow, Mrs. R. C. Frazier and Mrs. W. G. Flournoy.

## War Bulletins

**STOCKHOLM — (AP) — A Finnish communique announced Tuesday that the Finns were pressing after the Germans in the direction of Tervola on the road from Kemi to Rovaniemi.**

STOCKHOLM—(AP)—The break in telephone communications between Berlin and Stockholm now has lasted 48 hours, without explanation.

**BUCHAREST—(AP)—Between 50,000 and 60,000 Bucharest workers at a stadium meeting Tuesday heard Communist leaders condemn the present Romanian government and call for a Communist-Socialist alliance in a united workers' front.**

LONDON — (AP) — British light naval forces sank a German armed trawler off the hook of Holland early Sunday and damaged three other enemy ships which retired inshore, the Admiralty announced Tuesday.

## Everybody's Business

Argentina is back in the headlines and the public consciousness as a result of the President's recent forthright statement of our policy toward the South American republic.

Roosevelt's statement was necessary to dispel the rumor of a rift between the White House and the State Department on Argentine policy, and also to give notice to the Farrell-Peron government that a belated gesture toward hemispere solidarity, though welcome, does not atone for all past sins.

That gesture was the Argentine government's statement that it would deny access to the country of any person accused of war crimes, and would prohibit such a person from depositing money or acquiring property in Argentina.

All that is very well, but it does not erase Argentina's intransigeant record of opposition to Pan-American defense agreements and United Nations co-operation. Neither does it do anything to counteract the "increasing application of Nazi-Fascist methods" of government which Roosevelt referred to in his statements.

* * *

In his stern rebuke of the Argentine government, Roosevelt included a statement of Prime Minister Churchill's to which he said he subscribed wholeheartedly: "Not only belligerents, but neutrals, will find that their position in the world cannot remain unaffected by the part they have chosen to play in the crisis of the war."

But apparently Roosevelt has chosen to view Argentina's position more severely than Churchill. Apparently the President views the position of the Franco government in Spain severely, too, but to a lesser extent. However, lacking any evidence to the contrary, Churchill's honeyed words addressed to the Franco regime in a speech this summer may be said to sum up the present Anglo-American policy.

It may be hoped that the attitude represented by Roosevelt, rather than Churchill's toward Spain, will hold good toward future manifestations of Nazi-Fascist philosophy in any government.

* * *

It may also be hoped that the sentiments expressed the other day in a New York newspaper's lead editorial, titled "Let's Appease Argentina," are not typical of the mass of public or official thinking.

The editorial suggested that the State Department mind its business, and not go poking its nose into Argentina's internal affairs with the intent of dictating what sort of government Argentina should have.

But this war should have taught the democratic portion of the world that a rise of fascism or nazism anywhere is everybody's business. A polite hands-off attitude resulted in Italy's unopposed invasion of Ethiopia and the Franco revolution against the Spanish republic. It is hardly necessary to mention its results in Germany.

To let fascism grow and flourish again unrebuked will be an invitation to trouble—and war.

———BUY WAR BONDS AND SAVINGS STAMPS———

## Status Quo

A columnist complained that the Gallup, Roper and other polls are taking all the drama and suspense out of presidential elections with their accuracy. We sympathize and offer consolation.

Let her (for it was a feminine columnist) read the prophesies of rival campaign big-shots. Sidney Hillman has already predicted Roosevelt will carry Maine and Vermont. And we expect momentarily to hear that Herbert Brownell has looked up from the crystal ball and claimed the Solid South for Dewey.

———BUY WAR BONDS AND SAVINGS STAMPS———

## Super Solution

A Japanese magazine has called on the Japs for "super-efforts" to step up war production. The Pacific command will undoubtedly provide an antidote for the new super-efforts with bombs from those new Superforts—the B-29's.

## A Job Which Must Not Be Left Uncompleted

## NW Dawson –

(Continued From Page 1)

at 5,533-52 feet, had been treated with 8,000 gallons of acid, in two stages. Gas-oil ratio was 302-1. The new well is 440 feet from the south and west lines of the Woodley Holt "B" lease.

Magnolia Petroleum Company No. 1 State-Grove, in section 26, block 9, H&GN survey, in the Abell area of North-Central Pecos County, and a producer from the Waddell section of the Ordovician, from a zone above 5,450 feet, was deepened to the Ellenburger, and has been completed as a producer from that section.

Top of the pay in the lower section was at 5,780 feet, and the total depth is at 5,870 feet. The saturated zone was treated with 2,000 gallons of acid, and the well made a flowing 24-hour potential of 270.24 barrels of 40.8 graviyt oil, with gas-oil ratio of 510-1.

On the test of the Ellenburger, the Waddell pay section was blacked off. That section can be produced.

**One Zone Watery**

Champlin Refining Company No. 1-B University, section 5, block 11, University survey, in Southwest Andrews County, swabbed salt water through 50 perforations in the casing at 8,440-8,479 feet.

A Layne-Wells plug was set at 8,100 feet, and 85 shots were perforated in the casing at 7,930-8,015 feet. The operator was preparing to swab that section for a test.

Stanolind Oil & Gas Company No. 1-D University, section 8, block 11, University survey, was digging below 8,484 feet, in brown lime.

**SE Fullerton Area**

Sinclair Prairie Oil Company No. 1-119 University, section 10, block 13, University survey, and on the southeast side of the proven area in the Fullerton field, has set 5½-inch casing at 6,880 feet, over a total depth of 7,120 feet, using 250 sacks of cement, and was waiting. The section left un-cased has been cored, and the shows of those investigations indicate that the project will make a producer.

Skelly Oil Company No. 1-W University, 660.9 feet from the west and 661.18 feet from the north lines of the northwest quarter of section 10, block 13, University survey, will start drilling at once to the Fullerton pay.

This is another attempt to stretch the southeast Fullerton producing region by one location.

Frank and George Frankel No. 1-E University, section 22, block 13, University survey, one mile southeast of the nearest production on the southeast side of the Fullerton, had reached 4,930 feet, and was drilling ahead in lime.

**Water Increasing**

Humble Oil & Refining Company No. 1 Doss, section 9, block A-24, psl survey, South-Central Gaines County possible discovery for Clear Fork lime production, swabbed an average of three barrels of fluid per hour, after treating with 1,000 gallons of acid through perforations at 7,030-7,233 feet. At the start of the period there was a shakeout of 30 per cent water, and 22 hours later that cut had increased to 50 per cent water. It was still swabbing to test.

**Another Test Due**

Humble No. 1 Federal-Leonard, section 12-26s-37e, New Mexico's first Ellenburger producer, in Southeast Lea County, had drilled from 11,948 feet to 11,968 feet, in dolomite, and was getting ready to run a drillstem test on that zone.

Continental Oil Company No. 2-B Skaggs, section 23-20s-37e, East Lea County exploration, two miles east of Monument, had made hole past 10,231 feet, and was going ahead in green shale and lime of the Simpson section.

Humble No. 1 Parrott, section 3, EL survey, Central-East Upton County exploration which had shown signs of production, was drilling ahead under 7,702 feet, in shale.

**Still Checking**

Skelly Oil Company No. 1 Hodges, section 446, block D, John H. Gibson survey, in Central-West Yoakum County, had reached 7,594 feet, and was coring in lime. No oil signs have been reported recently.

Phillips Petroleum Company No. 1-A Bartley, section 1372, block 1, EL survey, in East Lynn County, was digging under 7,553 feet, in unreported formation, likely lime.

Standard Oil Company of Texas No. 1 McElroy, section 135, block E, CCSD&RGNG survey, in West Upton, was boring below 5,470 feet, in lime.

The average person is estimated to walk 18,098 steps or 7 7/8 miles a day.

## Fines Levied Against Two In County Court

Fines totaling $125 and costs were assessed in two cases in county court Monday and Tuesday.

A fine of $25 and costs was given a man recently moved to Midland Monday on a charge of passing a worthless check. A Midland cafe man was given a fine of $100 and costs Tuesday on a charge of possession of liquor for sale.

Both men pleaded guilty.

## Negro Murder Suspect Wounded In Galveston

GALVESTON—(AP)—Willie Burns, Galveston detective, said a negro suspect wanted in connection with the San Antonio slaying of Mrs. Julia Guynes, 62, was treated Monday night in a Galveston hospital for bullet wounds received in an exchange of shots with Texas Rangers.

The suspect was trailed here by Rangers and Detective Chief Duke Carver of San Antonio, said Burns, adding that the negro got into a car with two other negroes and forced them at pistol point to drive out of the city. One of the other negroes was a police officer.

The shooting began when Rangers and city police followed the car.

Burns said when the negro officer drove the car into a tree, the suspect got out and ran across a bayshore barsh and was wounded while trying to escape.

Mrs. Guynes, her throat cut and head crushed, was found Saturday in a rooming house she bought in San Antonio. She had gone to San Antonio from New Orleans about a week ago.

## Russians –

(Continued From Page 1)

retreat routes behind the German and Hungarian forces in the Northern Transylvania salient, the Russian spearhead thrust into the outskirts of the Magyar military training center of Debrecen. General advances on the looping front put the Russian forces within 50 miles of Budapest.

Marshal Rodion Malinovsky's drive across flat grazing country appeared aimed at the Ruthenian highland, where a junction might be made with Col. Gen. Ivan Petrov's Fourth Ukrainian Army group on the Czechoslovakia border.

Malinovsky's southern wing crossed the Tisza River on a wide front in Northern Yugoslavia and swung westward in an advance which outflanked Belgrade and endangered the third largest Yugoslav city of Subotica (population 100,000) on the main Belgrade-Budapest railroad.

Berlin said the Russians were using nearly 1,000,000 men in the battle of the Jlithuanian bulge in an effort to isolate 15 German divisions still in the Baltic area, and to spearhead a thrust into Germany's easternmost province from the north.

## Martin Dies To Speak At Texas Regular Meet

FORT WORTH—(AP)—Rep. Martin Dies (D-Tex) of Orange and former State Senator T. H. McGregor of Austin will address a statewide rally sponsored Tuesday night by the Texas Regulars.

A state executive committee meeting will be held in the afternoon to be attender by most of the party's nominees.

Dies, whose address will be broadcast over the Lone Star Network at at 8:30 p.m., will be introduced by County Judge Merritt Gibson of Longview. A. B. Culbertson, member of the state executive committee, will preside.

## THE WAR TODAY

By DEWITT MACKENZIE
Associated Press War Analyst

There's only one thing which can make the brave new Dumbarton Oaks program for permanent peace effective, and that's the unselfish and two-fisted determination of the major powers to carry it out, come hell or high water.

Actually the task rests primarily at the outset on the Big Three—America, Russia and Britain. In their hands is a vast military strength which can compel peace—by force if necessary.

So long as these mighty powers stand together, there will be peace. The moment they fall out, there will be dark trouble—and nobody can stop it.

British Prime Minister Churchill the other day declared:

"The war could easily have been prevented if the League of Nations had used ccurage and there had been loyalty by the associated nations."

**True Bill**

That's a true bill. The League failed (in part) because it lacked guts. It didn't have the courage of its convictions.

It was, in my view, more than lack of guts which made the League fail. One of the main reasons for failure was that some important nations used it for power politics. Blocs of countries, serving self-interest, were pitted against one another. They lacked the courageous determination to make the League work for peace.

There were two outsanding reasons why our Senate refused to ratify the covenant which President Wilson had sponsored. There was opposition to Article Ten, providing that "the members of the League undertake the respect and preserve again external aggression the territorial integrity and existing political independence of all members of the League." There also were objections to the six votes of the British Empire, as against one vote for Uncle Sam.

Perhaps if the world of that day had experienced the Hitlerian attempt to enslave it, there would have been a different attitude towards the League. Maybe mankind has needed this second cruel lesson to drive home the value of peace.

## Livestock

FORT WORTH — (AP) — Cattle 4,800; calves 3,200; cows and fat calves and replacement cattle strong to 25c higher; steers, yearlings and bulls active and steady; common to medium slaughter steers and yearlings 8.00-12.25; good beef cows 10.00-11.00; cutter and common cows 6.50-9.50; bulls 6.00-8.50; good and choice fat calves 11.25-12.65; common to medium calves 7.50-11.00.

Hogs 1,200; unchanged; good and choice 180-200 lb butcher hogs 14.55; good light weights 13.75-14.55; heavier hogs around 13.80. Packing sows 13.50-75; stocker pigs 12.00 down.

Sheep 4,500; mostly unchanged; medium to good fat lambs 11.00-12.50; medium grade yearlings 9.00; slaughter ewes and aged wethers 3.00-5.50.

## New Officers Of W.M.U. Take Office At Joint Meeting

All circles of the WMU of the First Baptist Church met at the educational building Monday afternoon, with Mrs. S. M. Erskine, president, conducting the meeting.

The meeting was opened with a song, "All Hail the Power," by the group, and a prayer by Mrs. W. D. Preston.

Mrs. R. Chanslor, program chairman of the Annie Barron Circle, was in charge of the program for the afternoon. She was assisted by Mrs. E. R. Powell, who brought the devotional, and Mrs. Vernon Yearby.

**New Officers Installed**

The main business of the day was the installation of officers, of which Mrs. J. M. White, district president, was in charge. The following women took office:

Mrs. Erskine, president; Mrs. Arnold Scharbauer, vice-president; Mrs. Powell, young people's secretary; Mrs. G. A. Wakefield, secretary; Mrs. John Dunagan, treasurer; Mrs. Jerry Roberts, missions; Mrs. W. G. Epley, periodicals and publicity; Mrs. Raymond Leggett, educational; Mrs. Harrell Cheves, Bible; Mrs. O. L. Bevill, benevolence; and Mrs. Frank Monroe, stewardship.

A social hour followed the business meeting, at which 38 women were present.

## Home Nursing Group To Hold Preliminary Meeting At Courthouse

Mrs. J. M. Haygood, home nursing chairman for the American Red Cross, announces that there will be a meeting of all those interested in taking the home nursing courses Friday at 10 a. m., in the courtroom of the courthouse.

Mrs. Vera G. Phillips, R. N., who will give the courses, will be at the meeting to discuss the home nursing and the pre-natal and mother and child care courses.

Those planning to take either of the two courses are asked to be present at the meeting.

## MRS. J. M. PROTHRO ENTERTAINS WINNIE PROTHRO CIRCLE

The Winnie Prothro Circle of the WSCS of the First Methodist Church met Monday afternoon with Mrs. J. M. Prothro. Mrs. S. H. Hudkins opened the meeting with a prayer, which was followed by a short business session.

Mrs. J. S. Noland had charge of the study on "The Indian in American Life," assisted by Mrs. R. L. Gray, Mrs. B. F. Haag, and Mrs. Mervin Haag.

At the conclusion of the meeting refreshments were served by the hostess.

Other members attending were Mrs. A. D. Minney, Mrs. Frank Nixon and Mrs. L. C. Stephenson.

Mrs. Mittie Norman and her cousin, Mrs. Walker of Muskogee, Okla., were guests at the meeting.

## Dorcas Circle Holds Meeting In Home Of Mrs. W. B. Neely Jr.

The Dorcas Circle of the First Presbyterian Church met Monday afternoon at the home of Mrs. W. B. Neely, Jr., 2104 W. Brunson.

Mrs. C. S. Longcope, chairman, opened the meeting with a prayer from the 67th Psalm. The devotional was given by Mrs. M. B. Bell, and the program, which was taken from the October issue of "Survey," was given by Mrs. Ralph Pickett, and was entitled, "And They Prayed."

Other members who were present were Mrs. D. M. Secor, Mrs. Andrew Faskin, and Mrs. A. Knickerbocker.

Refreshments were served at the close of the meeting.

## MARY SCHARBAUER CIRCLE MEETS WITH MRS. ELLIS CONNER

The Mary Scharbauer Circle of the First Methodist Church met Monday afternoon with Mrs. Ellis Conner, 1011 W. College.

At the business meeting, Mrs. C. H. Shepard was elected chairman, to fill the vacancy left by Mrs. R. F. Simpson, who resigned. Mrs. Conner was elected secretary, succeeding Mrs. Shepard in that post. It was decided that the meeting time for next week would be 3:15 instead of 3 p. m. as usual.

Mrs Lawrence Evans, in charge of the program, reviewed two chapters, of the study book, "The Indian in American Life."

At the close of the meeting, a salad plate was served.

Others who were present included Mmes. Everett Klebold, John A. Sewell, Louis Wallace, Robert C. Baker, R. M. Reigle, W. B. Hunter, J. Wayne Campbell and J. L. Barbee.

Mrs. G. R. Beaudry of Fort Worth and Mrs. Jewell Russell were guests at the meeting.

## 'Doggy' Dog Collar

SMARTEST jewelry accessory of the season is the dog collar. If you can't find one to harmonize with your new fall outfit, try your hand at making your own. The chic choker of classic gold lacquered button originals above, with earrings to match, is one of the easiest versions to make. To copy, select nine buttons of a dramatic design in a color to accent your costume. Then sew or paste the buttons on a piece of circularly cut felt to fit your neck. Tie together with a velvet bow in back.

## ARMY WIVES ARE URGED TO JOIN IN GIRL SCOUT WORK

Mrs. Howard E. Watkins, president of the Spotters Club, announces that all army wives have been invited to participate in girl scout work. Training classes for prospective brownie leaders are being held in the Children's Library from 9:15 to 11:15 a. m., while senior girl scout leaders will train at the Children's Library from 7 to 9 p. m., Wednesday through Friday. Those interested in intermediate scout training can attend at either time.

Many army wives find that they do not have a great deal to do with their time, Mrs. Watkins pointed out, and would find this a stimulating and worthwhile way to contribute to community activities. Besides scout leaders, committee workers also are needed, and anyone not wishing to become a leader, can help in this way. Committee workers also are asked to attend the training classes.

## Eastern Star To Hold Friendship Night

The Order of the Eastern Star will hold its annual friendship night at the Lodge Hall at 7:30 p. m. Tuesday. All visiting Eastern Stars are welcome to attend.

A cracked egg can be boiled if it is rubbed with salt before putting it in the water as this will seal the crack.

## Service Men Prepare Spaghetti Dinner At USO Sunday

A "home-cooked" Italian spaghetti dinner was prepared and served at the Salvation Army USO by a group of service men from MAAF. The dinner was in honor of the birthday of Sgt. John Laukkeanen, and also helped five of the boys celebrate the second birthday anniversary of their entering the army.

The menu for the day consisted of tomato juice cocktail, green salad, spaghetti and meat balls, and fresh fruit for dessert. A centerpiece of asters and marigolds was donated by the Sunday School Department of the First Baptist Church.

The chefs for the day were Sgt. George Woodard, Pvt. Charles J. Pantano, and Pvt. Charles J. Petrocci. Those celebrating the anniversary of their entering the army were Pfc. Adolph J. Smiricky, Pvt. Roger C. Whitcomb, Pvt. Leo J. Sweetman, Pvt. Pantano and Pvt. Petrocci.

Others who attended the dinner were Pvt. Leo F. Sikora, Sgt. Robert Heath and Pvt. Benjamin Murphy.

## Laura Haygood Circle Meets With Mrs. Black

Mrs W. A. Black was hostess to the Laura Haygood Circle of the First Methodist Church Monday afternoon, in her home at 111 North G Street. A short business meeting was conducted by Mrs. Stacey Allen.

The study for the day was from the fourth and fifth chapters of the study book, "The Indian in American Life." Mrs. J. L. Tidwell led the lesson, assisted by Mrs. H. E. Hensley, Mrs. George P. Bradbury, Mrs. C. C. Thomas and Mrs. Lucille Howell

After the meeting, refreshments were served.

Besides those taking part in the program, members present were Mmes. J. A. Andrews, A. B. Stickney, Clyde Gwyn, L. M. Fielding, J. C. Vian, M. J. Allen, G. L. Kirk, T. A. Fannin, C. M. Chase, Otis Ligon and Hugh Duncan.

Mrs. E. H. Peyton was a visitor.

## Mrs. Osburn Gives Program At Meeting Of Garden Club

The Midland Garden Club met last week at the home of Mrs. John Casselman, 602 N. Big Spring. Mrs. C. R. Osburn was in charge of the day's program on "Fruit Trees in the Home."

Following the meeting, refreshments were served.

Members who were present included Mmes. George Abell, R. L. Aiken, H. L. Anderson, J. Frank Aldrich, W. H. Gilmore, L. C. Link, C. S. Longcope, Roy Tillman, C. C. Reigle, J. B. Sanders, R. H. Throckmorton, N. B. Winter, C. P. Yadon, and A. L. Repecka.

## Accessory Set

8684
12-20

There's nothing like a smart accessory set to give new life to your fall wardrobe. This one, cleverly styled and easily made takes top honors.

Pattern No. 8684 is designed for sizes 12, 14, 16, 18, 20. Size 14, weskit, requires 1 1/8 yards of 35 or 39-inch material; bag, 3/4 yard; hat, 1 yard.

For this pattern, send 20 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to The Reporter-Telegram Today's Pattern Service, 530 South Wells St., Chicago, 7 Ill.

The new fall and winter issue of "FASHION" is now ready — 32 pages. It's a complete guide to your fall and winter wardrobe. Send for your copy. Price 15 cents.

**PIN-WORMS GO!** **New Treatment Gets Real Results**

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this affliction can be, and how hard it is to eliminate the ugly crawling creatures once they get a foothold inside the body.

Millions of people—rich and poor, children and grown-ups—have suffered in silence with the miseries of Pin-Worms, and doctors have tried for years to find a way to deal with this pest. Old-fashioned worm "syrups" usually don't work on Pin-Worms.

Today, thanks to an important scientific discovery (a remarkable drug known as gentian violet), *a new and highly effective treatment* has been hailed by doctors. This drug is the vital element in P-W, the new Pin-Worm tablets developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines.

P-W makes it easy to deal with Pin-Worms. The small, convenient P-W tablets act in a special way to destroy the creatures. Don't take chances with Pin-Worms! Just ask your druggist for P-W, and be sure to follow the directions.

P-W means Pin-Worm relief! ●

**"MY CLOTHES WASH WHITER, FASTER!"**

**MARVENE LIGHTENS WASHDAY DRUDGERY!**

Millions of billowy bubbles swiftly *float* the dirt out of soiled clothing when you use *Marvene Soapless Suds!* The fast, complete action of *Marvene* suds is almost unbelievable. Use *Marvene!* See it work!

Fragile, feminine "flimsies," rinsed in *Marvene* suds, are cleansed safely and thoroughly! Stubborn work clothes release their ingrained dirt quickly and completely —when *Marvene* magic works for you! Dishes, broilers, pots, pans, woodwork and walls, floors and linoleum "come clean" quickly with *Marvene.* It's wonderful on porcelain bowls and tubs, too! Dissolves grease instantly! Leaves no soapy, scummy ring!

Use only a spoonful or two of *Marvene.* It's highly concentrated — *takes the place of soaps and cleansers. Marvene* is "tops" for all cleansing jobs! Every particle is super active. *There's no idle filler,* and *Marvene* is easy on your pocketbook as well as your hands!

*Get a package of Marvene from your grocer—today!*

Woodwork, walls and floors "come clean" fast with Marvene

Dishes almost wash themselves with Marvene

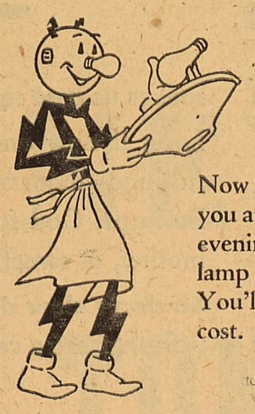

Feminine "flimsies" last longer when cleansed with Marvene

**MARVENE FLOATS THE DIRT AWAY**

4413

*Is much as* **25% MORE LIGHT...** *from a cleaning rag*

Now that cool weather is here and you are staying indoors more in the evening, make it a point to clean lamp bulbs and fixtures regularly. You'll have better light at no extra cost.

Sounds like magic, doesn't it! Yet that is what tests show. The dust film on lamp bulbs and glass diffusing bowls robs you of light that will make your home brighter and more cheerful.

***Here are EASY WAYS to help your eyes!***

Try a 100-watt bulb in the table lamp you use for reading. It makes reading and studying easier.

Your floor lamp or table study lamp is designed to use a 150-watt bulb. Your eyes will notice the difference.

Eyes need good light to keep them fit for next day's work. Use a 100-watt bulb in your bed lamp for easier seeing.

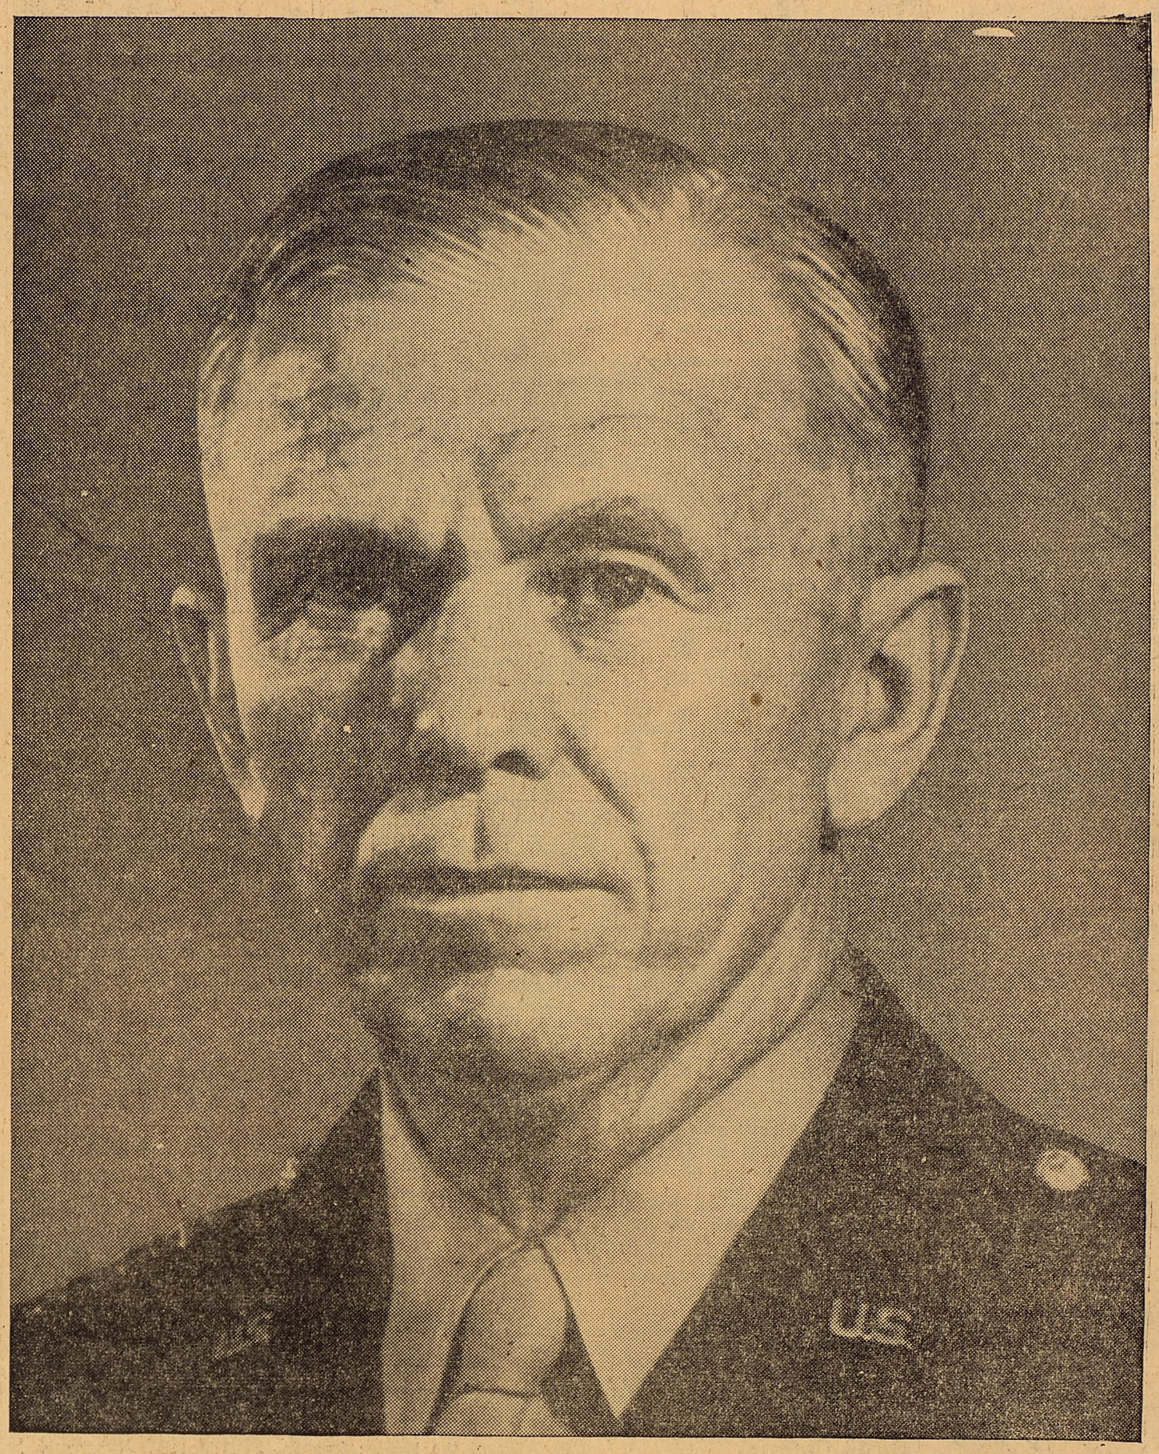

**TEXAS ELECTRIC SERVICE COMPANY**

R. L. MILLER, Manager

324

**Admiral Ernest J. King:** "The dollars of every patriotic American must continue to build invasion ships to transport our men and materials in increasing numbers to the many active fronts. In 1944, more than ever before, the money we invest in War Bonds is of supreme importance."

**General George C. Marshall:** "The American people must give not only their full personal effort but the full use of their dollars invested in War Bonds to back these attacks. There is no alternative. Total victory is in sight, but it can only be won by concentrating every resource of America to the task."

# *The first 3 years have been the easiest!*

**It's easy to give** everything you've got when you're scared to death and fighting for your life.

It's hardest to bear down when things look "in the bag."

As the war looks today, for instance.

Overconfidence may not lose us this war. But if it makes us ease up, it can prolong it.

Even if only one extra day is added to the war—*just one*—thousands of American boys may die for it. Perhaps, God forbid, a friend of yours, or son, or brother, or sweetheart, or husband.

**So don't slow down now.** Don't coast. Buy Bonds with that extra cash—all the Bonds you can.

After all, buying Bonds is not only a patriotic but a very wise thing to do. The dollars you put in Bonds now will come back to you—bringing *more* dollars with them. Dollars that can mean happiness, security, comfort—just when you'll want those things most.

**Buy War Bonds** for your country. Buy them for yourself. They're the world's safest investment.

# Hurricane Season Nearly Over For Coastal Residents

By JOHN W. WILDS

MIAMI, FLA. —(AP)— You can take heart from hurricane statistics, if you live on the Atlantic or Gulf Coasts of the United States —but keep your weather eye open.

Figures gathered over a 50-year span show an average of seven tropical storms blow out of the Doldrums — the equatorial area where calms prevail — each year, and already this year the Weather Bureau has charted eight, including the severe September hurricane that raked 1,000 miles of the East Coast. But—

"Don't read into these figures the assumption that we have had all the 1944 storms we'll have," warned Grady Norton, meteorologist and ranking hurricane authority.

**May Indicate**

"They may indicate only that we're in the middle of a busy season.

"The average takes in years when only one disturbance was mapped. And it also takes in 1933, when 21 storms were tracked.

"Remember September and October are the worst months, so far as hurricanes are concerned.

"Coastal residents should keep prepared to take precautions against these cyclonic storms until mid-November — and we've had them right on up until December."

There is good reason to hope, however, that no other storms this year will compare in ferocity with the one of Sept. 8-14, which already is ranked by the weather bureau among the comparatively few "great" hurricanes.

**FIRE DESTROYS OLD CHURCH**

JEFFERSON, Texas —(AP)— Fire Monday destroyed the First Baptist Church of Jefferson, said to be the second oldest Baptist structure in Texas. It was built in 1869.

# Texan Selected At Kansas City As Top Farmer By FFA Group

AUSTIN — (AP) — Twenty-year-old Elton Ellison of Ralls, Crosby County, announced Monday as the star American farmer of the Future Farmers of America, began his career with a pig, a feed crop and a cotton patch.

Today he owns a tractor, other farming equipment, five cows, two brood sows, a flock of 400 hens and, until he entered the armed forces operated the home farm in partnership with his dad, purchased an additional 260 acres in partnership and rented an additional 270 acres.

Applying vocational agriculture knowledge he acquired in Crosbyton and Lorenzo schools and Texas Technological College, he progressed to the point where farming earned him a net of $3,500 last year.

He was unable to appear in person in the FFA convention in Kansas City to hear himself proclaimed the "best all-around young farmer" among 250,000 members of the organization and receive a $500 award. It was the first time the award went to a Texan.

Robert A. Manire, state director of vocational agriculture for the state board of vocational education, said that from the time he first enrolled in vocational agriculture Ellison has been a strong believer in co-operative work among boys and men.

He has held several offices in local and district units of the FFA and has served on several judging teams. He participated in 15 projects undertaken co-operatively by members of his chapter while in high school and since graduation has been a member of the Lubbock County Co-Operative Association and the Ralls Co-Operative.

He studied at Texas Tech for three semesters and lived on the home farm for two or three semesters. The third semester he lived on the college farm.

Farming hasn't always been easy for him. He has contended with droughts, pestilence and low prices. But, says Ellison:

"I like farming. It's the life for me. And I believe if we will be good to the soil it will be good to us."

**SPANISH APPROVE SECURITY PROGRAM**

MADRID —(AP)— The Spanish press displayed the Dumbarton Oaks conference decisions prominently Tuesday and the morning newspaper commended that if the plans of the four-power parley prevailed "the world may live in a long era of peace and prosperity."

# U. S. Troops –

(Continued from Page 1)

and will give the Japanese a defensive advantage until the stormy season ends in December.

The Admiral expressed concern over the present situation in China. He said "we must make landings on the China coast in order to secure a land mass close enough "to bomb Japan with all the air power available.

**"Fleet Strong Enough"**

"The Pacific Fleet is strong enough in combat vessels to go anywhere," Nimitz said, and "when we have the means to do it we will get the bases in China that we want."

The China-based 14th U. S. Air Force, operating from crowded Liuchow airfield, slashed at Japanese airdromes and land and river supply lines for enemy troops pressing toward the only remaining American air base in Southeast China.

American bombers twice hit Marcus Island, 1,135 miles southeast of Tokyo, and Iowa Island, 750 miles south of the Japanese capital. Marine Corsairs from Peleliu raided Babelthuap, largest of the Palau Islands. Long range Liberators again set fires in Japan's essential Borneo oil refineries at Balikpapan.

## Commuters' Train Wrecks At Philadelphia

PHILADELPHIA —(AP)— A Pennsylvania Railroad commuters' train crashed into a string of 11 parked coaches in underground suburban station during the morning rush hour Tuesday, shaking up 350 passengers, hurling scores into the aisles in a spray of shattering window glass and injuring about 10.

A railroad spokehman said only four persons required hospital treatment.

## One Couple Obtains Marriage License

One marriage license was issued Monday afternoon at the office of County Clerk Susie G. Noble. It was issued to Royce Lee Meadows and Nellie Ruth Salmon.

## Pyote Army Air Field Planning Expansion

PYOTE—A $41,425 contract has been let to Ponsford Brothers of El Paso for construction work at the Pyote Army Air Field.

The contract covers building of ground ranges for this B-29 training station. The field trains Superfortress crews for long-range missions against the Axis.

## County Votes Funds For Child Welfare

The Midland County commissioners court appropriated $400 Monday as the county's share of operating the child welfare department in this county. An equal amount was appropriated by the city at the last meeting of the city council.

Accounts were approved and other routine matters were discussed by the court.

## Cotton

NEW YORK —(AP)— Cotton futures at noon Tuesday were 5 cents a bale higher to 5 cents a bale lower. Oct. 22.02; Dec. 21.88; March 21.87.

## William FitzGerald Dies From Wounds

Pvt. Wiliam FitzGerald, brother of Gerald and James FitzGerald Jr., of Midland, died September 19 from wound received September 16 in Italy. His mother, Mrs. James FitzGerald Sr., lives at Tulsa, Okla. He has visited in Midland.

**12,000 MEN RETURNED BY HOSPITAL PLANE**

NEW YORK —(AP)— A total of 12,000 wounded servicemen have been returned by airplane across the North Atlantic since July 6, D-Day, Col. Gordon G. Bulla, senior flight surgeon of the North Atlantic Divisian, Air Transport Command, announced Tuesday.

# Regulars Hope For GOP Swing To Ranks

FORT WORTH —(AP)— As leaders of the Texas Regulars gathered in Fort Worth Tuesday for the statewide rally at the Will Robers Memorial Auditorium the majority of them expressed confidence that within the next two weeks Texas Republicans, believing it hopeless for Dewey to carry Texas, will swing over to the Regulars.

The Texas Regulars are anti-fourth term Democrats at the September convention. Both have a set of 23 presidential electors on the Nov. 7 ballot.

Lloyd Price, one of the Texas Regular exponents and who has been assisting in arranging for Tuesday night's rally, said he already has received assurances from a number of prominent Republicans that they will support the Regular electors.

Some of the Texas Regulars said they expected the Republican presidential electors to urge the rank and file of their party to vote for the Regular electors instead of themselves, although they cannot now officially withdraw their names from the ballot.

## Texas Odd Fellows Elect New Officers

DALLAS—(AP)—Site for the next meeting place of the Grand Encampment of Texas Odd Fellows was to be selected Tuesday and new officers installed, following their election in which E. N. Paslay of Dallas was named Grand Patriarch of the encampment.

Mrs. Dora Madison of Sweetwater was elected president Monday of the organization's woman's auxiliary.

Other encampment officers elected included M. E. Stone, Lubbock, grand senior warden; A. A. Payne, Tyler, grand junior warden; H. H. Lummis, Ennis, grand scribe; M. M. Madison, Sweetwater, grand representative.

## Press Correspondents Move To Paris

LONDON —(AP)— The press section of supreme Allied headquarters moved to Paris Tuesday with 45 war correspondents.

The correspondents attended the regular morning "briefing" at old SHAEF headquarters in Britain and had one hour to write their stories before boarding special planes for France. The customary afternoon conference was scheduled for 5 p. m. at the new press headquarters in a Paris hotel.

"Moving closer to the front will shorten our lines of communication many miles and should considerably speed up the relay of official news," a SHAEF spokesman said.

For the initial move, press services were permitted to send two correspondents and individual newspapers one. The Associated Press is represented by James M. Long and Lewis E. Hawkins.

**FDR TO SPEAK**

WASHINGTON —(AP)— President Roosevelt will make his customary five-minute radio address appealing for contributions to the National War Fund at 9:30 p. m. CWT Oct. 17.

**GUARDSMEN ELECT**

AUSTIN — (AP) — Maj. Edward Konken of Houston took office Tuesday as president of the Texas State Guard Officers Association. He succeeds Maj. Donald W. Peacock of San Antonio.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

"It tastes better"

to Cologne and Dusesldorf. Americans were six miles from Duren 10 miles beyond Aachen and 20 from Cologne—and seven miles from Julich, where an excellent highway branches to Cologne 23 miles beyond and to Dusseldorf 26 miles away.

Hodges' troops had edged into the southern outskirts of Aachen, one-time center of Charlemagne's government, but the main assault on the city had not yet opened. The enemy garrison there perhaps numbered no more than 1,500 men.

**Von Rundstedt Issues Order**

The Reich's stubborn defenders goaded to new fierceness by an order of the day from Field Marshal Gen. Gerd von Rundstedt, mounted one savage counterattack after another. The German radio admitted "limited breeches" in the Achen sector, but declared they had veen sealed.

The weather-plagued Yanks hammered down the Nazi counterblows on both the First and Third Army fronts, and maintained the momentum of their slow-moving offensive.

German losses were heavy and the Nazi commander in the west braced his troops for an even worse battering.

"You have stopped the enemy at the gates of the Reich," Von Rundstedat's broadcast order said. "The enemy will, however, shortly launch a new grand offensive. I expect that you will all defend the sacred German soil to the last."

# Arguments –

(Continued From Page 1)

effort to minimize debate on this point at this time.

Another point not now subject to discussion is that of the voting arrangements within the proposed 11-member security council. This stalled because Russia wanted the right for each big power to vote in a dispute in which it was involved, while this country and Britain argued that in such a case the power should not participate in the decision.

This point is one of such high policy that it will, if possible, be turned over to a meeting of President Roosevelt, Prime Minister Churchill and Premier Stalin—and possibly Generalissimo Chiang Kai-shek of China to work out.

Chairman Connally (D-Tex) of the Senate Foreign Relations Committee said the Dumbarton Oaks program met with his "full approval" and that he believes it furnishes a pattern for keeping the future peace. Other senators who commented publicly limited themselves for the most part to statements that the report represented progress toward an international organization, and that much remained to be settled.

## Midland Is Without Weather For One Day

Midland didn't have any temperature from 10 a. m. Monday until 10 a. m Tuesday.

The temperature recorder has to be wound like a clock, and someone failed to wind it. As a result, no one knows for sure whether Midland had weather or whether Midland did not.

Why Housewives Can Still Get Food in Cans

Much of the food the housewife buys in cans today would not be available were it not for the new electrolytic tinning process developed by U. S. Steel. Our armed forces and lend-lease requirements have first call on the limited tin supply, but this revolutionary method of tinning saves two-thirds of the tin formerly used, and makes it possible also to provide a large proportion of cans needed for civilian foods. This electrolytic method produces an amazingly thin, uniform coating, and, with it, U. S. Steel alone has saved the nation more than five million pounds of tin to date.

# GERMANY WILL TRY IT AGAIN

**By Sigrid Schultz**

Copyright, 1944, by Sigrid Schultz; Distributed by NEA Service, Inc.

*As an American newspaper correspondent in Berlin from 1919 to 1941, Sigrid Schultz saw at first hand the events that led from World War I to World War II. And she saw the behind-the-scenes preparation for the coming "war-in-peace" that she warns may culminate in World War III. This is the story of Germany's plans to win the peace, plans that even now are being put into effect.*

* * *

XIV

THE disarmament of Germany, which was never completed, began while our soldiers were still in the Rhineland. Inflation gathered momentum and the Germans groaned ever more loudly that never could they pay the huge, the fantastic sums demanded from them in reparations. Returned American occupation soldiers told at home of the sufferings they had seen. Many Americans, eager to be fair, conceded that the figure of 90 billion marks seemed astronomical. They could not know that Germany was hiding her resources, that her wealthy classes had smuggled billions out of Germany to safety in Switzerland.

Nor could they know that only six years after Hitler became Germany's master he would have spent the exact sum for rearmament which the postwar Germans had declared would enslave them for generations—90 billion marks. Instead of paying up, the financial experts allied with the secret general staff speeded up inflation for use as a political and economic weapon on the international front.

With the mark toppling in Germany and on foreign markets as well, going up in smoke under the very eyes of the Allies, how could they expect Germany to pay reparations? Everybody from politician to industrialist wept crocodile tears over Germany's poverty. And, with each paroxysm of grief, succeeded in getting big slices slashed from the reparations demands.

Meanwhile, the industrialists had regained entry for their goods on foreign markets and, making use of inflation, were accumulating foreign cash abroad, spending it to buy businesses, to start key men picked by the secret general staff in companies placed strategically throughout the world.

And, as German businessmen went abroad to consolidate their profits, foreigners came to Germany to look for business openings. Inflation had translated the purchase price of German property and shares into fabulous bargains in foreign currency. And the many speculators who took a fling on the German stock market automatically acquired with their dividends a personal interest in German enterprises.

* * *

IN the meantime, the poor grew steadily poorer. They worked long hours overtime and got, for the money they earned, almost nothing. They became increasingly restless, and that unrest among the hungry, desperate masses was used to perpetrate one of the greatest international hoaxes of all times, the threat of "imminent chaos" unless Germany were given the help she wanted.

The threat worked. The businessmen among the western powers were terrified that chaos might engulf Germany and deprive them of that vast Central European market just then beginning to open up. The businessmen agreed that one could not jeopardize the German market just for the sake of reparations. Who would get the money anyhow?

The French were admittedly entitled to reparations, but weren't they being too insistent? The people who asked that question came from countries which had not been ravaged by the Germans. Clever propaganda had inclined them to sympathy with the German plaint. With the United States and the British Empire willing to forget the war, anxious to get on with business, and the French insisting on repayment for their losses, it was easy for the Germans to drive a wedge between the former Allies. Their story was that strong, powerful France was persecuting poor helpless, upright Germany.

When the rest of us realized that Germany had dodged her reparations payments, that she had not disarmed, that on the contrary she was bootlegging herself a new army, the British were charged with failing to co-operate with the French in enforcing the Versailles Treaty.

* * *

IT was finally agreed that only businessmen could straighten out the gigantic problems involved. Under the leadership of General Charles Dawes, they set the new reparations figure at 41 billion gold marks—less than half the money invested by Germany in rearmament under Hitler, not to mention the vast sums spent for military purposes before his advent. To make sure the Germans would not compromise the businessmen immediately by defaulting, the Dawes Commission provided ample loans for Germany.

Experts don't quite agree on the exact amounts loaned to Germany and invested in that country. Some of them put the total up to the end of the 1920's at $6,436,000,000 against which Germany paid only $4,462,976,000 in reparations. The balance went, not to improve the lot of the German people, but to prepare Germany's rearmament.

All kinds of latest-design, streamlined factories rose out of the money loaned to Germany. The old plants had been worn out, outgrown. They had run overtime to supply the Kaiser's armies. They ran full out during inflation, when Germany flooded the world with her products. The industrialists replaced them with factories which were the admiration of engineers and businessmen from abroad. These plants were ready in plenty of time to build up a huge reserve of weapons and equipment for World War II.

**(To Be Continued)**

# McKENNEY ON BRIDGE

By WILLIAM E. McKENNEY
America's Card Authority

Bob Hawk of "Thanks to the Yanks" radio fame is certainly a rabid bridge fan. He kibitzed a few hands at the national tournament recently. After the hand shown today had been played, he remarkes to me, "When South opened the bidding, why didn't North just bid four no trump Blackwood? Then they would get to seven no trump fast." I could not argue much because he was right; but I did suggest the advisability of trying to agree on a trump suit and passing a little information back and forth before using the Blackwood convention.

With Haws's suggested bidding, North would bid four no trump over one spade. When South bid five hearts, showing two aces, North would bid five no trump. Now South would bid six hearts, showing two kings. As North could then rount at least 13 tricks, he would bid seven no trump. As Hawk said, this is certainly the right answer in this case, as the combined hands have all the tricks.

# Chamber Of Commerce Directors Approve WTCC 1945 Program

Directors of the Midland Chamber of Commerce at their regular meeting Monday night in Hotel Scharbauer approved the 1945 program of the West Texas Chamber of Commerce and voted in its referendum which substitutes for its annual convention.

James N. Allison was renominated as Midland's director in the organization. M. C. Ulmer is president of the West Texas Chamber of Commerce.

Major planks in the WTCC program for 1945: Urges a $2,000,000 biennium state appropriation to advertise nationally the advantages and potentialities of Texas.

Provides for establishment of a permanent public expenditure and taxation bureau in the organization to foster programs for the reduction of public expenditures in federal, state and local affairs.

Seeks a legislative appropriation to continue the case to obtain equality for Texas in transportation charges.

Asks broadening of national social security, on subsistence levels only, to embrace all workers including the armed forces, financed on a 50-50 employer and employe basis, and administered with the maximum of state authority and the minimum of federal authority.

**Legislative Program**

Seeks the support of state legislators on the state fiscal control bill, the city and county budget bill, the redistricting bill, and the scholastic attendance school apportionment bill.

Seeks a cut in the federal budget to a maximum of $20,000,000,000 per year at the close of the war.

Advocates taxes be applied to all agencies created, controlled or financed by the government, which compete with privately owned agencies.

Urges abolition of the wartime excess profits tax and capital stock taxes.

Seeks provisions for deduction of corporate dividends in determining corporate net income for taxation.

Urges the reduction of individual income and surtax rates, with the minimum bracket no greater than 15% and the maximum bracket no greater than 60% of the total taxable income.

Early enactment of conversion legislation also was advocated to stimulate post war recovery and to provide more jobs for returning service men. This provision says:

"We urge prompt enactment into law of the principles of the Baruch report. We further urge that in liquidating government housing projects, the under-housed needs of the respective territories be given first consideration, and that due to the unexcelled climate of West Texas for health and training purposes, the West Texas camps be maintained as far as practicable in the hospitalization and defense plans of the nation."

# Aunt Of Two Midland Women Lived To 106

The late Mrs. Arminta Jane Bell, who died recently in Stockdale, Texas, at the age of 106, was an aunt of Mrs. T. E. Bizzell and Mrs. A. B. Wilson of Midland.

Mrs. Bell was born in Arkansas August 12, 1837. She was married February 14, 1861 and shortly afterwards moved in an ox wagon to Texas, where she and her husband had many encounters with Indians.

She was the only surviving charter member of the Stockdale Methodist Church, which she helped organize in 1875.

Mrs. Bell led an active life until a few years ago. When she was 102 she cast an absentee ballot.

**FOGGIEST SPOT IN LONDON**

London's foggiest spot is the city hall, Westminster. It recorded 104 days of smoke-haze between October, 1932, and March, 1933.

# Chamber Of Commerce To Stage Membership Campaign During 1944

Plans for a membership campaign for the Midland Chamber of Commerce this Fall were approved at a meeting of its directors Monday night and John P. Butler, membership committee chairman, was authorized to set the dates and perfect plans for the drive.

A meeting of the membership committee will be called next month.

R. L. Miller, chairman of the United War Chest drive, thanked members of the Chamber of Commerce for their cooperation and said workers had not reported a single turn down in the campaign which is within $6,000 of its goal.

**Many Fail To Contribute**

"Just a few people give money," Miller explained, asserting that only 528 Midland citizens to date have contributed to the War Chest.

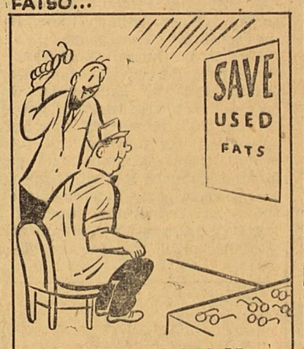

He said more workers are needed so more visits can be made to obtain funds, pointing out that Midland has never fallen down on a war campaign.

**Praise Fire Department**

Fire Chief Luther Tidwell called attention to observance of Fire Prevention Week and thanked the Chamber of Commerce and other civic organizations for their assistance and cooperation.

Chamber of Commerce directors gave a vote of thanks to Tidwell and the fire department for their work and fine record. Paul McHargue, chamber of commerce president, praised the efficiency of the department.

## C. Of C. Post-War Program Of Work Is Approved At Meeting

Suggestions for a post-war program of work for the Midland Chamber of Commerce, which were submitted by Bill Collyns, manager on leave while in the Army, were approved by directors of the organization at their regular meeting Monday night.

The directors voted to thank Collyns for his ideas and requested all members of the organization to send in their suggestions.

Collyns' proposed program follows:

Cooperate in sponsoring and staging rehabilitation program, designed to aid every returning service man and woman.

Provide adequate housing and office space to meet the needs of the city.

Cooperate fully in street paving and city beautification program.

Provide adequate hospital and medical facilities to meet the needs of the city and community.

Continue program to obtain additional commercial airlines and to make Midland the aviation center of West Texas.

Complete highway program and get hard-surfaced roads to Mabee oil field and Midland Farms Pool.

Inaugurate plans to make of Midland Army Air Field and Midland Municipal Airport permanent military installations.

Launch program to obtain additional wholesale concerns, etc., to make of Midland the distribution center of the Permian Basin.

Start an industrial expansion program to obtain additional payrolls for the community.

Continue to promote all lines of business and to aid oil, livestock and agricultural interests.

Sponsor a greatly enlarged publicity program for Midland.

Cooperate fully with city and county governments, schools and all civic and service clubs and other organizations in the building of a bigger and better Midland.

In order to carry out such a program, Collyns said, it will be necessary to increase the budget of the Midland Chamber of Commerce from $10,000 annually to approximately $15,000.

## Midland Post Office Facilities Will Be Studied By Officials

Congressman R. E. Thomason sent word to Chamber of Commerce directors at their meeting Monday night that additional facilities at Midland's Post Office are possible when the war is won.

At the request of the organization, Thomason recently suggested that facilities at the post office be increased to house federal agencies desiring to locate here and to provide more boxes for Post Office patrons.

He said W. E. Reynolds, commissioner of public buildings, informed him that his agency now is engaged in a survey to determine post-war federal building requirements and that representatives of the Post Office Department and of his office will visit Midland. They will assemble data sufficient to determine what steps may be necessary in providing proper federal building facilities in Midland.

As soon as Congress authorizes funds for federal building construction, Reynolds said, appropriate consideration will be given Midland.

## Petroleum Association Passes Resolutions

DALLAS — (AP) — On record here Tuesday were resolutions passed by the Independent Petroleum Association of America opposing ratification of the Anglo-American petroleum agreement being considered by the Senate and urging a price increase in crude oil.

George A. Hill, Jr., of Houston, president of the Houston Oil Company of Texas, offered the resolution opposing the Anglo-American oil agreement.

## Conduct Last Rites Here For Leo McCann

Funeral services for Lt. Leo McCann, 26, son of Mr. and Mrs. S. S. Stinson of Midland, were held at 4 p. m. Tuesday at the First Presbyterian Church with the Rev. Hubert Hopper officiating.

Burial was in Fairview Cemetery with military rites. The Ellis Funeral Home was in charge.

Lieutenant McCann was killed in a plane crash last Thursday near Leland, Miss.

## WMC Representative To Be Here Wednesday

A representative of the War Manpower Commission will be in Midland Wednesday afternoon at the Chamber of Commerce to confer with workers and employers affected by WMC regulations.

L. F. Parker, manager of the Odessa office of the United States Employment Service, will explain WMC regulations.

Advertise or be forgotten.

# Cards Again World Champions

## Superior Pitching And Infield Play Accountable For Win

By JACK HAND

ST. LOUIS—(AP)—The best team in baseball won the World Series. And that's as it should be.

Superb strikeout pitching and perfect infield play by the St. Louis Cardinals with an occasional flash of power cooled off the Browns' hot streak and left them a beaten ball club, losers 4 to 2 in games after a tough uphill struggle in a six-tilt battle at Sportsman's Park.

Overshadowed by the total of 92 third-strike out victims that swept all series records off the books was the routine destruction of American League rallies engineered by Marty Marion and the other Cardinal infielders who supplement "Mr. Shortstop." The Redbird quartet handled 124 chances without a boot, while the Brownie inner circle bobbled seven of 126 tries.

It was pitching again in Monday's finale played before a chilled top-coated congregation of only 31,630, when Billy Southworth's crew regained the World Championship they lost to the Yankees a year ago. Outstanding in the Nationals' 3-1 clinching victory was the relief pitching of Freshman Ted Wilks, who failed miserably on his only start of the third game.

The Fulton (NY) Polish lad regained the confidence his 17-4 season record justified by stoping the Browns without a hit in 3 2/3 innings after starter Max Lanier went haywire with a wild streak in the sixth.

**Set New Shutout Record**

Wilks fanned four and Lanier whiffed five, making it 49 strikeouts thrown by the Card staff for another new record. The previous high for a six-game set was 44 hung up by the Chief Bender-Jack Coombs-Eddie Plank trio for the Athletics in 1911.

Three singles mixed in with a costly error by Vern Stephens and a walk in the fourth inning scored three runs, overcame the Browns 1-0 lead and meant the ball game.

Attendance held up satisfactorily, considering the limited capacity of the park, and the first all-St. Louis classic drew 206,708 paid to become the fifth successive million dollar series with the help of $100,000 in radio rights that boosted the receipts to $1,006,122.

The individual player cuts were way below the standards of recent years. The Cards' approximate slice of $4,334 and the losers' checks for about $2,842 took you back to 1933 and 1920, respective previous lows.

**Brown Batter Leads Field**

Although the victors outhit the Browns, .240 to .183, George McQuinn, Luke Sewell's only consistent performer at the plate, led both teams with a .438 average and drove in five of his club's 12 scores. Emil Verban, the Cards' weak hitting second baseman, picked up three the last day for a .412 mark that topped Walker Cooper's .318 and Stan Musial's .304. They were the only .300 hitters among the regulars.

There was no standout hero and nobody wore the goat's horns. Mort Cooper's feat of striking out 12 men, only one short of Howard Ehmke's all-time record, in Sunday's game probably was the biggest thrill, for Brother Mort was really blazing that fast one right past the American Leaguers that day. For the Browns, Mark Christman's failure to hit was a major disappointment, but the entire club was pitifully weak in that department.

When McQuinn beat Cooper with a two-run homer in the first game it looked as though the Browns' streak might carry through to one of the biggest upsets in years. Even after they had lost the 11-inning second game 3-2, it seemed they might yet do the job when Jack Kramer fanned 10 men and won, 6-2, to put them one up Friday.

The Cards started swinking loosely for the fences Saturday as Harry "The Cat" Brecheen pitched himself in and out of trouble to come up with his first series victory 5-1. Cooper's 2-0 win over Denny Galehouse in one of the prettiest duels in recent years was the payoff. Even the most rabid Brownie fans were prepared for Monday's defeat.

## ★ From The Press Box

By JACK LIVELY

Midland's Bulldogs Monday afternoon worked out some of the soreness built up in steamrollering Plainview and polished up plays for their first conference tilt f 1944—the clash at Sweetwater Friday night. The going really counts when the Bulldogs tackle their conference assignments.

And in addition to Sweetwater, they must face San Angelo, Odessa and Abilene.

Sweetwater High has a team averaging around 180 pounds per man and featuring Tanner Leeper. We'll hear more about Leeper later this week.

Sweetwater has a series of victories similar to Midland. It has collected three wins and remains untied and undefeated.

**Mustang Winnings**

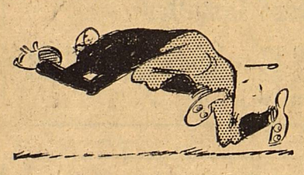

The Mustangs won their first from Masonic Home (Fort Worth) 25-0; the second, Brownwood 26-6; and the third over Ballinger, this past week-end, 18-6.

A report from the Sweetwater area reveals the Mustangs have their eye out and their hopes on a district championship. Local Sweetwater quarterbacks believe the team has the make-up and the coaching behind it to go over the top in the district race.

If Midland can upset this particular applecart and bring back another win, this early in the season, it will command further recognition in football circles.

**Maybe We're Wrong, But . . .**

The Bulldogs possibly were playing way over their heads last Friday night, in the Plainview game.

Such coordination is a thing to marvel about, and this particular corner is mighty glad to have had the opportunity to witness the superb playing of the Bulldogs.

However, if the Bulldogs take the Mustangs Friday night it will be the scale on which the team will be measured for the year, as two games like the last one just don't happen in a row. If the team wins this weekend, then the sights will be raised.

It's possible.

**Working Out Flaws**

Coach Gene McCollum is taking great pains to work out each and every little flaw in the Bulldog operation and what is even more important than that is the fact that the team is one which plays together and joyously. This last adjective is the difference between a team which is playing football and one which is in a football game.

When a backfield and a line coordinates like in the Plainview game that means only one thing. There are no petty squabbles among the men. Petty squabbles kill the spirit of any team. A bunch of individuals don't belong on a gridiron.

## Early Purchase Of Tickets Suggested

Early purchase of tickets for the Midland High School Bulldogs' football contest with the Sweetwater eleven at Sweetwater Friday night was sugested Monday by school officials, as the number of tickets available here is limited.

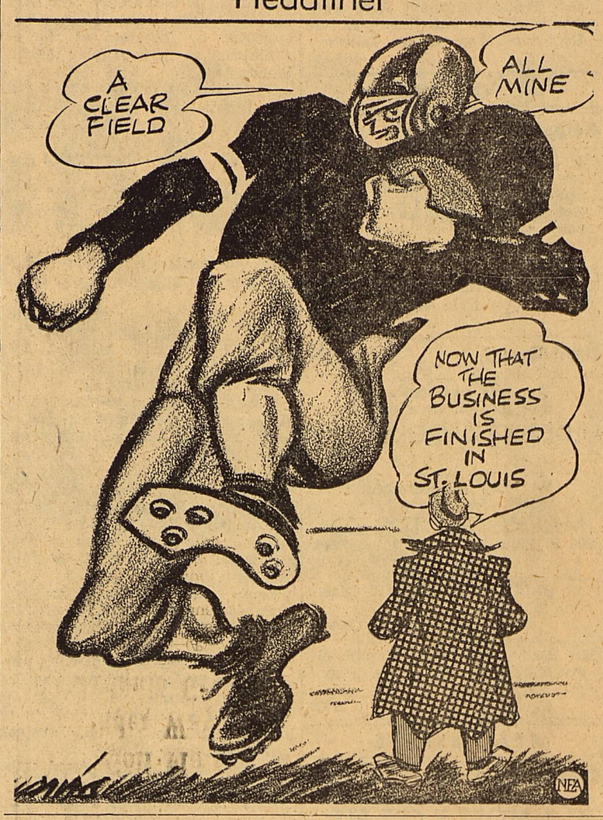

The tickets are on sale at the Chamber of Commerce and are choice seats between the 45 yard lines.

## Texas Heavyweights Meet Tuesday Night

GALVESTON—(AP)—Buddy Scott, heavyweight champion of Texas, and Jack Marshall, hard-hitting Dallas belter, finished their training here Monday and announced they were ready for the gong which will send them together for a 15-round titular fight Tuesday night.

Both boys appeared to be in top shape. They will each weigh 190 at the ringside

## Headliner

## Notre Dame Picked As Nation's Top Team In Press Poll

NEW YORK—(AP)— Notre Dame, runaway victor over Pitt and Tulane, was picked Tuesday as the top football team in the nation in the first Associated Press poll of the season.

The Irish, who won the mythical national crown last year, but were not expected to be much this fall, polled a total of 800 points, including 34 first place ballots, from 93 sportswriters who voted.

The North Carolina Pre-Flight Cloudbusters, who startled the pigskin world by upsetting Navy ten days ago and beat Duke last Saturday, were ranked second with 608 points ,including 24 first place votes.

Mighty Randolph Field received 22 first place votes, but was ranked in fourth place with 510 points to Army's third place total of 575.

A total of 39 teams received votes. Ten points were awarded for first place, nine for second, eight for third, etc.

**How They Started**

The leading teams and their points (first place votes in parenthesis):

Notre Dame (34) 800.
North Carolina Pre-Flight (24) 608.
Army (3) 575.
Randolph Field (22) 510.
Great Lakes (3) 450.
Navy 369.
Purdue (2) 346.
Ohio State (2) 296.
Pennsylvania 275.
Georgia Tech 194.

Second Ten: Iowa Pre-Flight (1) 152; 12, Michigan; 13, Tulsa 52;; 14, Illinois 35; 15, Tennessee (1) 34; 16, Second Air Force 34; 17, Wake Forest 31; 18. Bainbridge Naval 26; 19, Indiana 24; 20, Wisconsin 24.

Other point winners: March Field (1) 20; California 20; Southern California 15; Washington 13; Iowa State 12; Texas 12; Duke 13; San Diego Naval 9; Georgia 6; Georgia Pre-Flight 6; Third Air Force 6; Rice 6; Yale 4; Mississippi 4; Missouri 2; Alabama 2; Auburn 1; North Carolina 1; Southern Methodist 1.

## Senior Golf Match Gets Under Way At San Antonio Green

SAN ANTONIO —(AP)— With the largest field in the history of the tournament and minus the name of the defending champion, the Eighth Annual Senior Championship Tournament of the Texas Golf Association was a wide open event here Tuesday as 184 golfers, none under 49 years of age, crowded the San Antonio country club course in the qualifying round.

Billy Hunt, of Houston, the defending champion, was forced to withdraw at the last minute due to business.

Names of well-known golfers dotted the lists. Ed Brady of McAllen and Corpus Christi, Bill Stroube of Corsicana and many others were entered.

Joe Banks of Dallas in a practice round Monday scored a hole-in-one on the 155-yard 15th hole.

## Sports ★ Roundup

By Hugh S. Fullerton Jr.

NEW YORK —(AP)— Chick Meehan, who was a good college football coach before he blossomed out as promoter of a new pro league, can't see why other college coaches are worried about the professional "threat" . . . As Chick sees it, the pros should make a special effort not to detract from the college coaches' importance . . . They're all in the same game, he argues, but in different sectors. The high school coach, for instance, is a local figure; the college coach takes on state-wide or even nation-wide importance; but the pro coach is mainly concerned with his own community . . . Of course, they all depend to some extent on the same fans, but Meehan says his TransAmerica League is steering shy of cities where Sunday afternoon school or college ball is a big thing . . . That, of course, might be merely showing that Chick is a smart promoter.

**The Two-Bitter End**

Walt Woods and Harold Bradbury, who work together in Canton, Ill., had two-bit bets on the opening game of the world series, reports Scribe Jimmie Murphy. Woods won. Next day Bradbury wanted to get even but Woods refused to listen until his pal said: "I'll bet you two bits the Cardinals score in the eleventh inning today." . . . Woods, of course, jumped at that one and displayed a very red face when the game went into extra innings and the Cards finally won in the eleventh.

**Shorts And Shells**

Bill Schmidt, who owns a bowling establishment in Rahway, N.J., has a list of 96 of his former pin boys in the armed forces . . . Neil Fleminr, Penn States' graduate manager of Athletics, has seen every Nittany Lion football game since 1932 and has missed only two since he was a freshman in 1910. Probably he wishes the record had been broken last Saturday . . . Bid for the season's worst football nickname; Tulane has tabbed Edwin Hofman, 153-pound, 5-foot-7-inch center "Little Boy Green."

**Service Dept.**

Major Sam Francis, former All America fullback at Nebraska and Olympic shot putter in 1936, is in charge of an Army quartermaster battalion in the South Pacific. His kid brother, Vike, is only fourth string fullback on the Randolph Field team . . . Capt. Thomas E. (Barney) Barnicle, who starred in hoskey and baseball at Princeton, recently was decorated with the DFC for "extraordinary achievement." He and his crew bailed out behind the British lines when their Fortress "Button Nose" was ripped by heavy flak at Caen. They were back in combat the next day.

## Whipped Coaches Discuss Merits Of Randolph Field

By HAROLD V. RATLIFF
Associated Press Sports Editor

DALLAS—(AP)—How good is Randolph Field?

Well, listen to the two coaches whose teams have played the Ramblers—Jess Neely and D. X. Bible.

Neely: "I don't recall ever seeing a football team with so many stars. We dared think we might play Randolph a good game because the Ramblers might not want to play their very best and might not be in the sharpest condition. We learned otherwise."

(Score: Randolph 59, Rice 0).

Bible: 'Randolph Field has the individuals for one of the greatest football teams of all time. The only question in my mind is: Will these men have the old college urge all season? Will they play hard all the way? It is the greatest collection of stars I ever saw (Bible has been coaching college teams for more than 30 years). But I have seen better teamwork. If Randolph Field gets well-coordinated and keeps its victory spirit, well—coaching would have a lot fewer worries if I had a team like that." (Score: Randolph Field 42, Texas 6).

**Telephone Bill Too**

L. B. McGinnis, of Galveston, father-in-law of Jack Jakucki, star pitcher of the St. Louis Browns, explodes the story that the former Texas Leaguer cost St. Louis only a three-cent stamp.

The tale has been told that Jakucki, working in the Houston shipyards and pitching semi-pro ball on the side, got a letter from the Browns asking if he'd like to play, that he accepted and thus he cost only three cents.

McGinnis says this is quite erroneous. He reveals that a Browns scout in Houston came to see Jakucki at Galveston several times and that there were a number of telephone calls before Jack finally left to train with St. Louis.

Thanks to Beau Beaumier of the Lufkin News for his open letter telling me the Lufkin Panthers are going to be heard from in football this year.

We had pretty well marked them off the books before season opened. It just didn't seem possible they would be back with another fine team since they had lost virtually the entire 1943 squad.

A defeat by Tyler apparently settled the question. But then the Panthers started moving. Last week they beat Port Arthur 20-6.

Yes, Beau we had suspected it when the Panthers smashed Byrd of Shreveport and Milby of Houston. Last week was the clincher.

## Orange Bowl Watching Two Dozen Teams

MIAMI, FLA. —(AP)— The 1945 Orange football game is nearly three months off, but already two dozen teams are being watched as possible participants.

C. F. (Jack) Baldwin of the schedule committee said ten Southern teams were on the preliminary list: Georgia Tech, Alabama, Tennessee, Auburn, Mississippi State, Wake Forest, Tulane, Duke, Georgia and Louisiana State.

The others are Southern Methodist, Rice, Texas, Texas Christian, Texas Aggies, Oklahoma A. and M., Tulsa, Colgate, Holy Cross, Pittsburgh, Villanova, Missouri, Nebraska, and Michigan State.

There are 11,936 miles of shore line around the United States.

## Southwest Conference Grid Teams Bear Down For Coming Contests

By The Associated Press

Southwest Conference grid teams bore down in practice Tuesday faced with the problem of competing in four intersectional games this week-end.

The only non-intersectional battle finds Southern Methodist meeting the Randolph Field powerhouse at San Antonio Saturday, the third conference team to play the Ramblers, who hold 59-0 and 42-6 wins over Rice and Texas, respectively.

**Outclassed**

In Dallas Monday, SMU Coach Jimmy Stewart admitted that "we're outclassed . . . all we can do is our best, and we'll do that," and then scheduled heavy drills daily through Thursday.

Topping the intersectional games is the annual Texas-Oklahoma classic to be played Saturday in Dallas. Texas Head Coach D. X. Bible said his objective for the week was to assemble the best possible lineup and try to give it more polish before the Sooner game which he and Assistant Coach Blair Cherry listed as a difficult assignment. Halfback Bobby Layne, Texas sparkplug, and Tackle Jim Plyler, defensive stalwart, missed the Randolph Field game last week because of injuries but both appeared likely to start against Oklahoma.

Coach Glen Rose put his Arkansas Razorbacks through a chalk talk drill and loosening up exercises Monday in preparation for their game Saturday with the Norman, Okla., Navy Air Station at Fayetteville, Ark. The Porkers emerged from their 6-6 tie with Texas Christian last week in good shape.

**....Two Ailing Aggies Back**

At College Station, two Texas Aggies who have been ailing were expected to be in top shape Saturday night for the battle with Louisiana State at Baton Rouge. Cotton Howell, end, and Guard Sleepy League will be ready after being out since the Texas Tech game.

Although Houston's Rice Owls came out of their Louisiana State game without injuries, Coach Jess Neely viewed the current week's game with Tulane at New Orleans with pessimism. "I'm just afraid they have too much for us," he said. "They have just about the same team they had last year." Tulane beat Rice 33-0 in 1943.

Texas Christian is the only conference club inactive this week. Monday at Fort Worth, Coach Dutch Meyer said he would work the Frogs double time in preparation for the Texas Aggies game at College Station on Oct. 21.

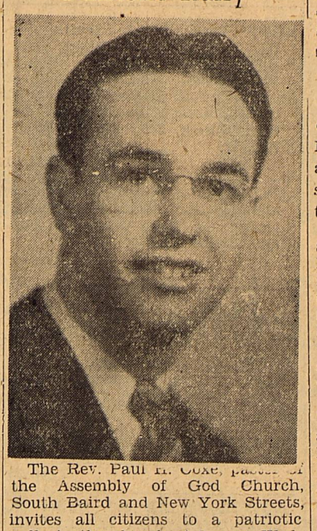

## Country Club Dues Are Not Increased

Members of the Midland Country Club, at a called meeting Monday night in the clubhouse, voted to keep dues at the present level and to postpone proposed improvements to the golf course and other club property.

More than 40 members of the club attended the session. C. W. Chancellor, president, presided. Another meeting of the members will be held in January.

The cost of the proposed improvement program was estimated at $17,079.

## Patriotic Rally

The Rev. Paul H. Coxe, pastor of the Assembly of God Church, South Baird and New York Streets, invites all citizens to a patriotic rally in the church at 8 p. m. Wednesday.

The Assembly of God headquarters in Springfield, Mo., is sending Lois L. Coxe to Midland for the special service. The meeting will be interdenominational and all persons with relatives or friends in the armed forces are invited to attend. They are requested to bring photographs of servicemen so they may be displayed. Special prayers will be offered for men and women in the armed forces.

Persons also are asked to bring the names, addresses, ranks and serial numbers of servicemen and efforts will be made to contact them and tell them they were honored at the rally.

The field representative will discuss the work being done in Victory Centers.

## Walter Dorman Here On 30 Day Furlough

Pvt. Walter J. Dorman has arrived in Midland on a 30-day furlough for a visit with his parents, Mr. and Mrs. J. B. Dorman.

Dorman participated in the invasion of Normandy and was wounded there. He was sent back to the United States recently and has been at the Harmon General Hospital at Longview.

He is the holder of a Presidential Citation and the Purple Heart.

**AGGIE "B" TEAM WINS**

TYLER—(AP)—The Texas Aggie B team defeated the eleven from Camp Fannin 11th Regiment here Monday night, 14 to 6, with each team making as many first downs as it did points.

Port wine is named after the town of Oporto, Portugal.

## Pfc. Joseph Nodge Leading Tennis Tourney At MAAF

At the end of the first and second round of competition in the Enlisted Men's Tennis Tournament at Midland Army Air Field, the stock of Pfc. Joseph Nodge soared to a new high.

Displaying powerful ground strokes and a booming service, Nodge defeated Pvt. Ulmer Bates in the best match so far in the tourn y. Bates took the first game, but in spite of an excellent backhand and a grim determination, he was unable to stem the triumphant surge of the defending champion.

**Greaney Second**

Second seeded Pvt. John Greaney kept step with Nodge by turning in an impressive victory over Pvt. Leonard Hines, southpaw from New York. Greaney proved too steady and too strong off the forehand for his opponent who nevertheless displayed a fundamentally sound game, marred only by numerous errors.

S/Sgt. Alfred Beavin and Sgt. Walter Watkins were also impressive in advancing with straight set victories over Pfc. Francis Miller and Pvt. John Panceast respectively.

The summaries:

First round: Sgt. James Hunter lost to Bates, 6-2, 6-2; Beavin defeated Miller, 6-3, 6-2; Hines won from Pvt. Vernon Runnerstrand by default.

Second round: Nodge defeated Bates, 6-2, 6-0; Watkins beat Panceast, 6-1, 6-3; Greaney won from Hines, 6-3, 6-3.

## Cotton Movement To Gins Is Increasing

Midland County's cotton crop was moving to gins in increasing quantities as the three Midland gins reported 220 bales ginned through Monday.

The movement is expected to show a rapid increase this week if fair weather continues, County Agent I. O. Sturkie said.
