SIX ACCEPT POSITIONS IN NEW CABINET

No Apprehension Felt Over Hoover's Attitude Toward Taking Commerce Portfolio.

Harding Chooses Old Family Physician in Marion as Official White House Doctor.

By Associated Press.

ST. AUGUSTINE, Florida, Feb. 23.—Although formal acceptances still were to be received tonight from three of the men selected for membership in President-elect Harding's cabinet, the feeling of those close to Mr. Harding was that the whole question was as good as settled.

Despite some published reports about the attitude of Herbert Hoover chosen for secretary of commerce, there was no evidence of apprehension here regarding his final decision. It is understood that he was felt out indirectly on the subject some time ago and that nothing has reached the president-elect to indicate that his position has changed. The general belief is that a communication formally accepting the appointment will be received here within the next 24 hours.

A formal acceptance from James J. Davis, selected for the labor portfolio, also is expected shortly, and Edwin Denby, Mr. Harding's choice for secretary of the navy, is on his way here for a conference that is believed certain to seal his appointment.

Regarding none of these selections would the president-elect make any comment today. Except for the two appointments already definitely announced, it is regarded unlikely that Mr. Harding will make known any of his cabinet selections officially until inauguration day.

Will Name Secretary.

It also is believed improbable that a definite announcement will be made regarding the choice of George B. Christian Jr., to be secretary to the president-elect. It is understood, however, that a positive decision has been reached on the subject and that Mr. Christian, who has been Mr. Harding's private secretary for the past six years, will go into the White House with his chief.

Another who probably will become a part of the White House official circle as physician to the president-elect at least for a time, is Dr. C. E. Sawyer of Marion, who has accompanied Mr. Harding on practically all trips since his nomination for the presidency. He is expected to go to the capitol at inauguration time, but it is understood that the question of remaining there depends largely on his own inclination and has not yet been finally decided.

Today Mr. Harding spent several hours in seclsion at his office working on his inauguration address. He saw no callers.

PRESIDENT OF SUGAR COMPANY ANNOUNCES NEW PRICE SCHEDULE

By Associated Press.

NEW YORK, Feb. 23.—R. R. Hawley, president of the Cuban-American Sugar company, and a member of the sugar finance committee(appointed by President Menocal to normalize the sugar market in the United States, announced today that the committee had made its first offerings of the raw product to the American trade.

The price fixed was 4¾c a pound, cost and freight to United States ports, and 4.60 cents a pound f.o.b vessels in Cuban ports. These offerings, Mr. Hawley said, net with ready acceptance here and in Canada. He added that the prices named were subject to change at 24 hours notice.

FIND GOLD IN HEART OF DENVER

Aged Prospectors Stake Out Claims and File With Recorder.

By Associated Press.

DENVER, Feb. 23.—Peter Neeman and William Wickersham appeared at the county recorders office today and staked a gold claim in the heart of the city of Denver. In the ground beneath the city hall, the union station and a great part of the business district, the men declare they have struck a rich find of gold.

The men, who looked like typical old-time prospectors, dumped the contents of two canvas sacks on the counter of the recorder's office.

"Record these," they requested.

The clerk thought the men were joking. C. L. Emmich, deputy recorder, was called and the men opened another sack containing a quantity of apparently rich ore specimens.

"We dug these out of lots in the heart of Denver," they explained.

"And claim the ore bodies from which they came, by right of discovery. We want the ore and our claims recorded."

Emmich sent them away to make out the proper papers, saying the recording of gold claims had never come before the office in his experience.

The documents were duly entered later on the files of the recorders office.

ARKANSAS SCHOOLS NOT PERMITTED TO CHARGE TUITION

By Associated Press.

LITTLE ROCK, Feb. 23.—State Attorney General J. S. Utley, today held an opinion that school districts under no circumstances may charge tuition for instructing persons between the age of 6 and 21 years. The opinion was asked by school authorities who sought to relieve the financial stringency in some districts by charging for instruction.

WILSON NOTE ON MANDATES LEAGUE STUDY

Pact Council Spends Day Discussing Latest Proposal From America on Protectorates.

Not Likely to Come to Conclusion at Present Session Reference to Governments Being Required.

By Associated Press.

PARIS, Feb. 23.—The American note respecting mandates occupied the council of the League of Nations throughout the day. The note was discussed in the strictest privacy, and the council decided to issue only a brief summary for publication.

The note deals specifically with the mandate attributed to the emperor of Japan over all former German islands in the Pacific north of the equator, and calls attention to the fact that the United States government has never given its consent that the Island of Yap be included in the territory under Japanese mandate The reservation is taken on the ground that Yap has a very important bearing in the matter of cable communications and that no power can limit or control its use.

The United States declared itself not bound by the terms of the mandate and asks that the question be submitted to a new investigation.

Members of the council consider it necessary to confer with their governments regarding the American note, and with this in view, they forward the text today. It is therefore considered unlikely that any decision will be reached at this session. It was suggested this afternoon that the whole matter might be referred to the supreme council as it is declared that it was in reality that body which attributed Yap, along with other northern Pacific islands, to Japan, and this was the point raised in Secretary Colby's note.

Further than this, it is expected that the council will merely acknowledge receipt of the note and give assurance that it will be dealt with through the proper channels.

Sir Eric Drummon, general secretary of the League of Nations, was the only person present not a member of the council when the subject was under discussion.

Watson, J. R. Ray, J. W. McGuire and Dr. W. B. Watson. Thirty candidates had been entered in the race.

PROBE FAILS TO SHOW CLUES TO STATION ROBBER

By Associated Press.

GALVESTON, Texas, Feb. 23.—Investigation of three burglaries last night at Alta Loma, twenty miles north of here, late today had failed to develop any clues to the identity or whereabouts of the robbers. The Santa Fe railway station, the postoffice and the general store of A. Perricone were entered, and small change, the stamps and merchandise stolen.

SECOND DOLLAR DAY OBSERVED BY MERCHANTS

Today is the second Record News Dollar Day, organized by the paper with the co-operation of the local merchants.

As on the first event of its kind, the merchants on this occasion are offering a number of real opportunities to the buying public—opportunities which make an occasion of this kind a real benefit to the purchaser, as well as to the merchant, who has an opportunity of featuring the merchandise which is overlooked in a large sale.

Today's dollar day will afford the public a last chance of this nature before the beginning of the spring season with the style show on March 11—the beginning of the merchant's New Year.

TEXAS MOONSHINE BETTER THAN THAT MADE IN ARKANSAS

By Associated Press.

TEXARKANA, Tex., Feb. 23.—That the quality of Texas moonshine is better than that of the Arkansas variety is the decision of United States internal revenue department chemists, who have just concluded a chemical analysis and proof test of 180 packages of whiskey seized by enforcement officers and now held in the government vaults here.

UTILITIES BILL IS KILLED BY LOWER HOUSE

Enacting Clause Eliminated, Nullifying Provision of Measure to Regulate Corporations.

By Associated Press.

AUSTIN, Feb. 23.—The public utilities bill introduced in the house by Curtis of Tarrant was killed in the lower branch today when an amendment to strike out the enacting clause was adopted by a vote of 73 to 50. This measure was drafted by a committee appointed by Ex-Governor Hobby for that purpose, Mr. Curtis being chairman of the committee. The purpose of the bill was to regulate public utilities in Texas, placing the administration of the law under the jurisdiction of the railroad commission.

Debate on the measure occupied almost the entire day. Barry Miller of Dallas and Mr. Curtis led the supporters of the bill, while Cummins of Grayson, whose amendment killed the bill, led the opposition. Martin of Lamar favored amending the bill so as to give the smaller municipalities more power, but if this could not be done he was against it. Crumpton of Bowie also spoke against the measure.

The house then passed finally the senate joint resolution by Senators Dudley of El Paso and Bledsoe of Lubbock proposing to amend the constitution so that only native born or naturalized citizens of the United States shall be qualified electors in Texas, permitting the husband or wife to pay the poll tax of the other and permitting the legislature to authorize absentee voting. The measure will be submitted to a vote of the people.

The senate passed finally today the house bill by McLennan of Williams and John Davis of Dallas providing for the organization of co-operative marketing associations and providing the powers of such organizations. The bill has already finally passed the house and as the house refused to concur in senate amendments, the measure has been referred to a free conference committee.

The senate also finally passed the emergency appropriation bill carrying $1,100,000. An amendment was added providing $20,000 for repairs to the governor's mansion. The bill has passed the house.

A joint session of the public health committees of the house and senate, the house bill by Harrison of Palo Pinto and the senate bill by Senator Hertzberg of Bexar were taken up for consideration. The measures, identical in scope, provide for amending the present medical law of Texas so that it can be enforced. It was prepared by the state board of medical examiners. Members of the chiropodists' profession, chiropractors, optometrists, physicians and healers of religious faiths which do not administer medicine, were present for the hearing. Action on the bill was deferred until representatives of all present could be heard. Dr. Manton M. Carrick, state health officer, said today that the bill did not in any way affect religious sects and there was no provision in the bill pertaining to them.

The senate this afternoon killed the house joint resolution proposing to abolish the office of county tax assessor and placing the duties of that office on the tax collector.

Kemp Gives Boy Scouts Playground in West End

BORROWED BIBLE KISSED BY WASHINGTON WILL BE USED IN HARDING INAUGURATION

Three-Acre Tract Donated to City by Public-Spirited Citizen; to Be Named Scout Park.

By Associated Press.

WASHINGTON, Feb. 23. — President-elect Harding plans on taking the oath of office March 4 to press his lips to the Bible that was used at the first inauguration of George Washington.

WASHINGTON

In accord with Mr. Harding's wishes, Elliot Woods, superintendent of the capitol, arranged today with St. Johns' lodge No. 1, A. F. & A. M. of New York city, for the use of the Bible. It will be brought to Washington by a committee of Masons.

So far as the records show, this will be the fourth occasion on which there has been a departure from the usual custom of having the clerk of the supreme court furnish the Bible used in an inauguration. President Cleveland insisted that the Bible given him by his mother be used at both of his inaugurations, and President McKinley, when first sworn in, agreed to use a copy presented by a body of African bishops.

The Bible Washington kissed was borrowed from St. Johns' lodge on the day Washington was inaugurated, after officials in charge of the ceremonies found that there was no Bible in the federal building.

Gift by J. A. Kemp of a three-acre park to the City of Wichita Falls, for the special use of the Boy Scouts, and to be named Scout Park, was announced Wednesday noon by Walter S. Curlee, member of the city council, following a visit to and a selection of the grounds by Mr. Kemp.

The new park is only three blocks away from Tenth street and three from the Morningside Park addition, and will be skirted on one side by Seventh street, when that street is paved and made a part of the planned boulevard system, and will be crossed by Fifth, when that street is similarly improved.

The land is out of the J. A. Kemp West End addition, and is ideally situated for a park, the ground forming a natural amphitheater.

It is to be immediately surveyed by the city engineer, Mr. Curlee stated, and plans for its improvement drawn up immediately.

Plans for the improvement include the laying off of baseball and football grounds, the placing of apparatus for an outdoor gymnasium, with the laying off of other athletic fields and grounds suitable for the purposes of the Scouts. A swimming pool may be added to the other improvements planned. "In addition to these improvements, trees and flowers will be set out and cared for by the Boy Scouts.

Mr. Kemp agreed to give the park last Saturday, when first approached by Mr. Curlee on the subject, but wished to defer the public announcement until the ground had been definitely located, which he was unable to get to until Wednesday morning.

In making the announcement, Mr. Curlee spoke with appreciation of the civic spirit on the part of Mr. Kemp which led him to make the gift of this tract, and pointed out that this is only the newest of a long line of gifts made by Mr. Kemp to the citizens of Wichita Falls.

Agricultural Appropriation Bill Allowed

By Associated Press.

WASHINGTON, Feb. 23.—Over a running fire from senators who presented detailed objections to its proposals for increased expenditures, the senate tonight passed the agricultural appropriation bill, carrying approximately $41,000,000, for the operation of that department for the year beginning next June. The amount is nearly $9,000,000 in excess of appropriations for the current year and almost $6,000,000 in excess of amounts allowed by the house, to which it was sent for conference after the senate action.

"I am going to ask the next secretary of agriculture to go through this bill as soon as he takes office and take out of it all the appropriations, that allow work to be duplicated by two and sometimes more departments of the government," Senator Smoot, republican of Utah, who attacked unsuccessfully numerous sums allowed in the bill, declared.

Larger items added by the senate to the agricultural bill included $150,000 extra for wood utilization experiments at Madison, Wis.; $100,000 for weather bureau forecasts for aviation; $115,000 for road materials, investigations and $100,000 for investigations of foreign materials for farm products. Senator Thomas, democrat of Colorado, checked over minor additions on points or order, but the senate added heavily to the amounts recommended by its own agriculture committee. One amendment allowed by the committee was $100,000 to assist in utilization of food fishes, was stricken.

ARKANSAS "PURE" LAWS PLENTIFUL

LITTLE ROCK, Feb. 23.—To the galaxy of "pure" laws which in Arkansas now include pure drugs, pure foods, pure vinegar and pure advertising, would be added pure baseball and pure Sundays, under bills introduced in the house today.

One of them provides that two to five years' imprisonment may be imposed on any person found guilty of bribing a baseball player to "throw" a game, and other provides that fishing on Sunday shall be punishable by a fine of $50.

STARR FUNERAL BE HELD TODAY IN DEWEY, OKLA.

BARTLESVILLE, Okla., Feb. 23.—The body of Henry Starr, who died yesterday from a gunshot wound received when he attempted to rob a bank at Harrison, Ark., several days ago, will arrive at Dewey, Okla., tomorrow at 9:45 o'clock, according to present arrangements.

No definite time has been set for the funeral, according to J. C. Dougherty, Starr's brother-in-law, who said all plans were awaiting the arrival of the party accompanying the body.

Important Post Is Offered to Joseph Tumulty

By Associated Press.

WASHINGTON, Feb. 23.—President Wilson today proffered Joseph P. Tumulty, his private secretary for ten years, an appointment on the international joint commission, which is entrusted with arbitration of disputes between the United States and Canada.

In confirming the tender of the appointment, Mr. Tumulty said: "It is true that the president has just asked me to accept an appointment on the international joint commission I very much appreciate the generous offer of the president, but I have not had time to decide the matter. I have been exceedingly busy in disposing of the affairs of my office in preparation for engaging in the practice of law."

LOUISVILLE GAMBLING LID ORDERED ON

By Associated Press.

LOUISVILLE, Ky., Feb. 23.—Mayor George W. Smith today clamped the lid on so tightly in Louisville, where gambling once openly flourished in principal business streets, that the police stopped members of a widely known secret order selling chances on an automobile for the benefit of its widows and orphans home.

Raffles for any charity, the mayor said, were excluded in his order to the board of public safety.

SPECIAL COMMITTEE TO SELECT ATTORNEY FOR MID-CONTINENT

The decision to employ an attorney to represent their interests was reached at the recent meeting of the Texas and Louisiana division of the Mid-Continent Oil & Gas Assn., held in Dallas Tuesday, Mayor W. D. Cline reports.

For some time the need for an attorney to look after the interests of the association in the prosecution of oil field theft and other legal matters has been apparent and when the question was brought before the body in session a committee was appointed to select competent legal aid.

WOMAN'S BITE FINALLY FATAL TO POLICEMAN

By Associated Press.

KANSAS CITY, Mo., Feb. 23. Invalidism brought on, physicians said, by the bite of a woman prisoner 17 years ago, ended in death today for Smith Cook, a former member of the Kansas City police department.

Cook, who was 64 years old, was six feet nine inches tall, weighed 275 pounds and was declared by friends to have been one of the largest policemen in the country.

In 1904 Cook arrested a woman who bit him on one leg. Blood poisoning developed and he was confined to his bed for months. He never recovered fully and for the last nine years had been incapacitated.

LABOR WANTS RECOGNITION OF PRINCIPLE

Federation Demands Congress Pass Bill Declaring Unions Not Co-Partnerships and Not so Treated.

Executive Committee Tells Employers Present Wage Scales Not to Be Reduced Now.

By Associated Press.

WASHINGTON, Feb. 23.—Enactment by congress of a law declaring that labor organizations are not copartnerships and "shall not be so treated in law or in equity," is demanded by organized labor in a declaration of principles adopted tonight by representatives of national and international unions affiliated in the American Federation of Labor.

The declaration was approved after an all-day conference here, at which Samuel Gompers, president of the federation, presided, also called for the "immediate restoration of exemption form, or the repeal of all anti-combination and so-called conspiracy laws."

Organized labor, in the declaration, set forth at length the principles for which it stands and calls upon the people of the United States to rally with labor "to the defense of our imperilled American institutions."

Employers are warned in the declaration that labor "not only insists upon maintaining the present standards of wages and working conditions, but declares its solemn purpose to continue its struggle to further improve these standards."

The declaration charged "some employers" in the United States with supporting "at all times in secret," some of the "insidious propaganda of radical European fanaticism," because of their "common antagonism to the trade union movement."

"There is an unscrupulousness and a natural aptitude for intrigue in this fanatical propaganda," the statement said, "which makes it a most subtle menace to every democratic ideal and institution in our country."

Repeal by the states of all industrial court laws and all restrictive and coercive laws, including the commonly known open port law of Texas, was demanded, together with "freedom from decisions of courts holding trade unions and individual members thereof liable in damages for the unlawful acts of others."

Other recommendations made by the conference in the declaration included:

Prohibition of immigration for a period of not less than two years.

More general application of the initiative and referendum in the political affairs of the United States and of the states.

Removal of the power of courts to declare unconstitutional laws enacted by congress.

Election of judges.

Restoration of an adequate federal employment service.

Administration of credit as a public trust in the interest of all the people.

Investigation by congress of the activities of private detective agencies in the field of industrial relations.

The declaration also called upon the workers to "resist all efforts to destroy trade unions, whether by the false pretense of the 'open shop,' the usurped authority of courts through writs of injunction, or otherwise.

"We call for united support in the protection of standards of wages and conditions already gained," the declaration added, "and we summon the workers to continued efforts to increase the consuming power, raise the standards and improve the conditions of life and work."

TIME RECORD SET BY MAIL AIR SERVICE

Postal Pilots Clip Mark of Transcontinental Delivery.

HAZLEHURST, N. Y., Feb. 23.—Eight bags of mail, dispatched from San Francisco by airplane at 4:40 yesterday morning, arrived at Hazlehurst field here today at 4:50 p. m., establishing a cross-continent mail record of 33 hours and 20 minutes with allowance for time zone changes in the coast to coast flight.

The mail was transferred from plane to plane in a relay flight ordered by the postoffice department to establish a new cross-country mail record. The plane which arrived at Hazlehurst was piloted by E. M. Allison, a member of one of the four teams which took part in the transcontinental race, two planes leaving Hazlehurst field and two starting from San Francisco at the same time yesterday morning.

One of the westward bound planes came to grief when Pilot E. M. Leonhard was forced to descend yesterday at Dubois, Pa., on account of bad weather. The second west bound plane reached Chicago yesterday and was delayed there on account of snow and fog.

The other eastward bound plane crashed to earth at Elko, Nevada, yesterday, killing the pilot, Captain W. F. Lewis.

Captain Allison piloted one westward bound plane as far as Cleveland where it was taken over by another pilot on the second lap of the relay, which ended at Chicago. He then took the winning plane in charge at Cleveland and returned to Hazlehurst field this afternoon, bettering the time set for the flight by the postoffice department by a margin of two hours and forty minutes.

OIL INDUSTRY PAYS MOST OF COUNTY TAXES

The oil industry pays about 85 percent of the taxes collected in Wichita county, either directly or indirectly, declared C. H. Clark, speaking before the Wichita club at noon Wednesday, in urging the sending of a wire to Representative Frank Johnson, protesting against the increase of the gross production tax, and the levying of a one cent per gallon tax against gasoline filling stations.

The wire, expressing the membership of the club, about 250 men in all lines of business, as against the new taxes, was approved, following quite a lengthy discussion of the matter by W. W. Silk, C. H. Clark, N. H. Martin and G. Clint Wood.

"Around $40,000,000 of the $100,000,000 tax valuations in the county are levied directly against the holdings of the oil industry," said Mr. Clark in discussing the tax question.

"In addition to the taxes paid on this, directly, the oil men pay every imaginable kind of an indirect tax, including production tax, various pipe line taxes, and so on seemingly without end.

"No one would think of putting a production tax on the farmer—taxing him ten cents per bushel for the wheat he raised, or 50 cents for each cow. But just because promoters have gone all around the country preaching on frivolous profits which they say are made from the oil business, the idea of imposing this gross production tax has arisen. There is a production tax on now, and I guess it is on to stay. But this tax itself is enough, without imposing an additional burden which would be entirely too heavy one."

Mr. Silk introduced the topic, and Mr. Martin spoke in favor of the dispatch of the wire, dealing particularly with the one cent tax on gasoline, which will amount to 15 cents per barrel, he declared, and will place a great burden on the independent refiners, who have hard weather at best, and to whose continued operation the producer looks for his favorable market. G. Clint Wood opposed the sending of the wire on the grounds that such action could be better taken care of by producers and refiners associations.

Co-operation of the membership of the Wichita club in the advertising of the Illumination Carnival and Style Show, with the automobile show, to open on March 11, was asked by W. W. Anderson, chairman of the Trade Extension Executive Committee, which attended the meeting. The inclusion of cards advertising the event in all pieces of mail going into this trade territory were asked by Mr. Anderson.

H. E. Montgomery, who laid out the townsite of Wichita Falls just before the entry of the Denver in September, 1882, and who was recently elected to membership in the club, was present at the luncheon and made a short talk. Mr. Montgomery briefly referred to the early days telling of the building of the first school house, a pine shack, and of the laying out of the townsite. He spoke of Judge J. H. Barwise as a resident here at this time, and of Nat Henderson and Jack Jones as his assistants in the laying out of the town.

Cash Prizes to Be Given Best Decorated Auto

A total of $200 in cash prizes for the best decorated automobiles in the afternoon parade preceeding the Illumination Carnival Style Show and Automobile Show on March 11, will be awarded, it was announced Wednesday at a meeting of the trades extension committee.

A prize of $100 will go to the best decorated out of town car, it was announced, and four prizes, aggregating $100 will be distributed to Wichita Falls prize winners, the prizes being $50, $25, $15 and $10.

DETECTIVES GET FINES FOR RAID ON "BLIND TIGER"

ATLANTA, Ga., Feb. 23.—Two city detectives, and one other man were sentenced today to pay fines of $1,000 each and to serve a year on the chain gang, after having been found guilty of having liquor in their possession following an alleged fake raid on a blind tiger.

SHERIFF FAILS TO FIND TRAIN ROBBERS

OKEMAH, Okla., Feb. 23.—An all-day search by Sheriff L. N. SEEKS TO IMPEACH JUDGE K. M. LANDIS

Rep. Benjamin F. Welty.

Representative Benjamin Welty of Ohio has started a movement in the house of representatives to impeach Federal Judge Landis of Chicago for two acts. One is the judge's acceptance of the job of supreme arbiter of baseball. The other is the judge's "radical act" in allowing a bank teller, charged with embezzlement of $96,000, freedom on his own cognizance with the statement that the bank officials were to blame for his act because they paid the teller only $90 a month.

Wichita Falls To Make Fight On Rate Raise

A determined effort to retain the common point rates now in effect, rather than rates based on a mileage system, will be made by the local Chamber of Commerce and other commercial organizations in this part of the state at the hearing of the Southwestern Rate Committee in St. Louis next week.

Under the common point rates, Wichita Falls commands the same rates as Dallas, Fort Worth and many of the towns further west, despite a difference in mileage. Under the mileage system the city would have to pay a premium on rates over some of the routes now in use. It is believed that the effort to retain the common point system will be successful.

J. W. Chatham Jr., secretary of the Chamber of Commerce, will represent the local organization at the hearing.

RANGER ARRESTS ONE ON CHARGE OF BOOTLEGGING

Breaking the monotony of an enforced period of recreation while waiting for his working partners, Texas Ranger Gonzaulos did a little private scouting in the city Wednesday that led to the arrest of a man charged with illicit handling of whiskey at his rooms in Wichita Falls.

The arrest was made by Gonzaulos and Deputy Constable McDonald, after spending some time in front of a local moving picture house waiting for their man to make his appearance.

A quantity of Canadian Club whiskey was reported to have been found in the quarters of the suspect.

DEBS' LAWYER CLAIMS DENIED CONVERSATION

By Associated Press.

ATLANTA, Ga., Feb. 23.—Samuel W. Castleton, counsel for Eugene V. Debs, who is serving a 10-year sentence in the Atlanta federal prison, stated today he had not been permitted to communicate with Debs since he gave out an interview criticising President Wilson, three weeks ago.

"The only time I have seen Mr. Debs," said Castleton, "was on Monday, when I met him accidentally in a corridor of the prison. We shook hands and embraced, but a guard tried to prevent that."

Mr. Castleton said he had been advised that Debs' wife, who lives in Indiana, has not had a letter from the prisoner for two weeks.

Mr. Castleton denied that Debs had knowingly violated the prison rules in giving out the statement criticising the president.

"I had gone to the prison in company with a newspaper man, expecting to get a signed statement from Mr. Debs on President Wilson's failure to act favorably on his release from prison," said Castleton. "After we were in the interview room, Debs said it was impossible for him to give a signed statement, but he would discuss the matter informally there in the presence of a guard and we could gather the matter for our interview. That was done and I later issued the interview.

Kemp Hopeful Water Project To Go Through

Reiteratting the belief recently expressed through the Record' News that actual work on the building of the Big Wichita irrigation project would begin within the next three or four months, J. A. Kemp, chairman of the board of irrigation district No. 1 left Wednesday afternoon on a trip to St. Louis and New York during which it is believed that he will be able to practically close negotiations which have been in progress for some time for the marketing of the bonds in order that the work can be undertaken at once.

C. W. Reid, active vice president of the City National Bank of Commerce, will accompany Mr. Kemp to St. Louis, where they have a joint business mission.

Winslow Bill Protest Filed With President

By Associated Press.

CHICAGO, Feb. 23.—A protest against the Winslow-Townsend bill which would allow the government to make partial payments to the railways of money due them under the terms of the guarantee given during federal control, was telegraphed to President Wilson today by B. M. Jewell, president of the railway employes department of the American federation of labor.

The bill was passed in the senate yesterday after being favorably acted upon in the house and now goes to the president for his signature.

The message charged that the roads "under a threat of a complete breakdown of the transportation industry," are undertaking to "levy a tribute of hundreds of millions of dollars on the treasury of the United States," and adds that "we insist that the railroad owners shall not be permitted to enjoy the financial benefits of the transportation act and of this proposed amendment until they have demonstrated their willingness to guarantee the human rights of their workers."

Wherein Cop Taken Aback For Mistake

Carrying a suit case in his hand and sagging toward it with each step, a negro walked haltingly down a street in Wichita Falls last night until hailed by a watchful patrolman on the beat.

"Hey there" cried the policeman, "I want to see that suit case."

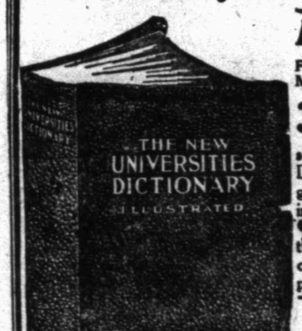

"Huh?" said the darky, "whafor you wants to look at this little old grip?"

Replying that the reasons that prompted any action from men who wear the stars of authority and that he could not talk back to an officer, the policeman opened the suit, case and finding it contained one shirt, two collars and a loaf of bread, asked the negro what he meant walking like the bag was so heavy.

"Why, boss," replied the negro, "I always walks that way, you see I'se paralyzed," and the darky went crippling on his way, while the guardian of the law stroked his chin.

CHARGE PINE DEALERS WITH CONSPIRACY

By Associated Press.

ST. LOUIS, Feb. 23.—Charging violation of the Sherman anti-trust law, the government today filed in federal district court here, injunction proceedings against the Southern Pine Association, 61 corporations and 69 individuals.

Granting of a permanent injunction for the purpose specified, would amount to dissolution of the association, it was explained.

The suit alleges the association has operated to curtail production to enhance prices and that as a result profits on sales of yellow pine advanced from $6.41 a thousand feet in 1918 to $30.35 in 1920.

The suit was filed by District Attorney Carroll in compliance with instructions from Attorney General Palmer and is based on a report of federal trade commission, which investigated activities of the association.

Judge Faris set March 15 for a hearing and directed the district attorney to prepare an order for the defendants to show cause why the injunction should not be granted.

STOCKHOLDERS TAKE CONTROL OF HONAKER

Under agreement reached at a meeting held Wednesday afternoon in the offices of Judge E. W. Nicholson, stockholders of the East Wichita Oil Company took over the management of the company property on the Honaker tract three miles east of this city. Officials and directors of the company agreed to the taking over of the property by the stockholders.

Guards were placed at the test Wednesday and according to the committee of stockholders the guard will be kept at the lease. It was said by interested parties that the test will be drilled in with a new crew Friday in the event the driller of the test fails to return to this city before that time.

ISLANDS LOST IN ANTARCTIC, SHIP REPORTS

By Associated Press.

SAN FRANCISCO, Feb. 23.—The Royal Company islands, noted on many maps and projections as situated in the Great Southern ocean, formerly the Antarctic, at a point south of Australia, cannot be located, and there is some doubt as to whether they ever existed, scientists on the non-magnetic compass observation ship Carnegie reported here today.

The scientists aboard the Carnegie used the name "Great Southern ocean" for the body of water commonly known as the "Antarctic ocean." They said that in scientific circles the name "Antarctic ocean" has fallen into disuse and that the name was changed several years ago.

NEW "MESSENGER" AIRPLANE BUILT FOR HURRY-UP TRIPS

The new messenger plane ready for a flight.

The new "messenger" airplane has made its first appearance in Washington, D. C. It is one of the smallest planes in the world, having a wing spread of only twenty feet and standing seven feet high, yet it has the speed of ninety-five miles an hour, carries a sixty-horsepower motor and will carry a load of 240 pounds. The purpose of the new machine is to replace motorcycles for certain messenger purposes. An aviator is shown lifting the tail of the plane.

Declines Mark Auction of Fur In Saint Louis

By Associated Press.

ST. LOUIS, Feb. 23.—Sharp declines from the prices prevailing here last May continued today to mark the winter auction at the international fur exchange but the bidding was brisk and the offerings went at an advance over the January sales at Montreal and New York.

Otter averaged about 10 per cent under May figures with 2,900 bringing $48,000. The top price was $41.

Raccoon was 35 per cent lower with the top at $6.30. A lot of 150,000 sold for $325,000.

Mink fell off about 30 per cent, 70,000 selling for $298,000. Furmen state prices obtaining during the auction have done a general increase of 25 per cent over those prevailing at the sale last month, ascribing the upward trend to improving trade conditions.

Total money in circulation on February 1, 1921, in the United States was $6,141,265,012—a circulation per capita of $57.19.

The rural society of Buenos Aires, S. A., reports that of the 32,000,000 head of cattle in the country 3,000,000 are milk cows.

Good Vaudeville Bill Opens Week Here Wednesday

Anatol Friedland, composer of popular songs, presented a song and dance revue that was the hit of a very good bill which opened for the week at the Palace theater Wednesday afternoon.

Beautiful and well chosen settings help to put the act over. Friedman, billed as the composer of a thousand popular songs, officiated at the piano, and gave some of his old hits, as well as the latest compositions. Plenty of pretty girls enliven the number with good singing, dancing and a violin solo. The musical director also sings exceptionally well.

A one-act playlet, "Help," was put on by Jack Trainor, with an able cast assisting.

Bob Carlton, composer of "Ja Da" and Julia Ballew have a very clever song and dance number.

The Cavana Duo opened the show with some slack wire work by the male member and some harp playing, dancing and singing by the female member.

A combination black face and "wop" character act was presented by Jack Cahill and Don Romine. Both had good voices and the audience wanted more singing from them.

"Still Arguing" is the title of a verbal debate which was put on by Claude and Marion (mostly Marion) Marion, by the way, reminds one very much of Emma Carus. And Emma was never any better than Marion.

The last act, "A Dream of the Moving Man" held the crowd better than is usually the case with those similarly placed on the bill. The two characters are unusual acrobats and their offering is quite novel.

Demand for Dictionaries Phenomenal

"From the way the people are crowding in here to get these dictionaries, I venture to predict this town is destined before long to become the intellectual center of the universe." Thus spoke a young woman employee at the counter from which the New Universities Dictionary being offered by this paper to its readers is being distributed.

She had no time for further comment, as a number of persons were waiting to present their coupons and secure a copy of the new dictionary.

The demand for the book has been phenomenal, large numbers having

MILLIONS IN THE SEA.

The old battleship Texas is at the bottom of the ocean. She was sent there, not by enemy shells, but by the huge and costly explosives fired from huge and costly American guns. The Kearsarge, expensive and proud old ship that she was, is to be converted into a lighter, a servant to the ships of today. She was sent out of commission without ever firing a gun at an enemy target. The Oregon, the pride of the fleet, has gone to the naval scrap heap. She cost millions, but is laid away in a harbor to rot. And now comes the Iowa, to be used as a target for bombs. She cost nearly $6,000,000. But her life in the navy has long since been spent. That is the way of all battleships. They come at great cost, are maintained at great cost, and pass on, perhaps without firing a shot at an enemy. And their lives are short. It costs thousands of dollars a day to maintain a ship in commission. It costs thousands to fire a gun. It costs thousands for fuel, food and ammunition.

There is a way out of it all. It is through common agreement to disarm. That way was open in the League of Nations. It is still open. Call it what you may—league, association, union or confederation, it is the plain duty of America to enter. Editorial Digest

OUR SHRUNKEN ARMY.

Just how big an army the American people want is hard to tell from the editorial comment upon the passage, over President Wilson's veto, of the bill calling for a maximum of 175,000 men under arms. Most writers apparently accept the limit set by congress as satisfactory, but of those who discuss the method by which it became a law, a great number are apparently less interested in the issue itself than in the fact that so few congressmen were found to support the president.

An interesting viewpoint is taken by the Des Moines Register (independent republican), which "understands" the president's position, but does not "approve" of it. "The president believes," it declares, "that if a league of nations is not formed to force world order, America is bound to stand isolated in world affairs and needs the support of a powerful army and navy," but "the trouble with this position is that nobody ever takes it in good faith," and "the president, Secretary Baker and Secretary Daniels would have done much better" to leave out a discussion of military matters, support the League of Nations, "and let it go at that." A partial answer to this attitude comes from the El Paso Times (democrat), which is on the other side of the debate. It remarks on the fact that Wilson, Baker and Daniels have been criticized for their assuming "the role of a militant advocate of preparedness" which it does not find unnatural because of their former "pacifist leanings." But, the Times concludes, "Mr. Wilson, Mr. Daniels and Mr. Baker simply have found that they did not know what they were talking about" until they "had been vouchsafed a glimpse of the inside of international affairs."

Indeed, the veto, in the opinion of the St. Louis Post Dispatch (independent) is only the indication of a tendency away from any "effort to curtail armaments" a tendency supported by the "raw facts" concerning world conditions. "It gives us a taste," the Post Dispatch concludes, of what the repudiation of the league at the polls "is to cost us in army and navy budgets" and this foretaste is "in no way qualified" by the fact that the resolution was passed over the veto.

Among those who definitely express themselves as favoring a larger army, regardless of their attitude toward the administration, is the Providence Journal (independent), which makes its plea partly on the basis of the educational work the new army is doing:

It is not merely a question of economy, although preserving this educational feature is, in the long run, economy. It is not simply a question of national safety, although that, too, must be considered; but it is now essentially the question of violating the pledged faith of the republic, and that cannot be permitted."

The Portland Oregonian (independent republican) admits that "for once President Wilson has shown sound judgment" in vetoing the bill for, though "reduction in the army to 175,000 men * * * is prompted by economy," it shols that "this desire is degenerating into a craze." In supporting the contention of the president, the Tacoma Ledger (independent) points out that his arguments were based upon the calculations of the war department general staff, which body most people will be inclined to consider "better qualified to judge than members of congress." It is "nonsense," the paper adds, to call this militarism, for it is "an issue of national safety, and the outworn doctrines of pacifism are entitled to no consideration." The Mobile Register (democrat) believes that the action of congress will mean "false economy" and will result in lessening greatly the army's efficiency." It is proof positive to the Chicago Tribune (independent republican) that congress shows "as crass an ignorance of the bitter lessons of 1917 and 1918 as its predecessors did of the same lessons in 1861 and 1898." The Indianapolis News (independent) likewise feels that the resolution makes the army "not only smaller, but less efficient," and the Manchester Union (independent republican) expresses "regret" that the "unfortunate dispute" resulted as it did, for "President Wilson, from a military view, was thoroughly sound" in the reasons for his veto.

DINNER STORIES

Mr. Mugg—Anything in the newspapers, dear?

Mrs. Mugg—Not much, love. Mrs. Gaybird, the well-known society leader, having remembered that she has not seen her daughter for the last five days, has notified the police that the girl is missing.

Two magnificently upholstered women, built on generous lines, as the auto ads say, were waiting in the theater lobby while the crowds streamed by. There came a pretty girl, so pretty indeed that everyone turned their heads to admire. As she passed the two women, one said: "She makes me just plain tired."

"I don't know," said the other, "she was a most beautiful creature."

"That's just it," replied the first. "I have arrived at that stage where a pretty girl is a personal insult."

In one of the famous stone quarries of the west two Irishmen were blasting. Accidentally, one of them was blown to atoms. The other rushed to the dead man's home, crying, "Mrs. Murphy, have you got Pat's life insured?"

"Deed, in faith I have," replied the newly-made widow.

"Well, then, Mrs. Murphy, you can collect Pat's insurance, but I'm sorry to say you will never collect Pat."

ON THE SPUR OF THE MOMENT

DISARMAMENT

If every nation should disarm,
If every fort was made a farm,
If all the battleships were sunk,
And all the guns were turned to junk,
Would lack of weapons banish war?
Would we have peace forevermore?
Or would men fight as best they could?
You bet your last two bits they would!

DIDN'T ANYBODY RECEIVE LACERATIONS

Dr. Cremin received lacerations of the face and contusions of the legs, and his wife, Cecil, received lacerations of the face. Mrs. Frances Baldwin of Scarborough also received lacerations of the face. Her son, Woodlawn, eight, received lacerations of the face and contusions of the knees.—New York Mail.

IGNORANT ESSAYS

By J. P. McEVOY

MOVIE CENSORSHIP

Movies are divided according to censors into scenes and obscenes. Their object is to take a little of the move out of the movie, especially those which cannot run on inflammable substances and starred in by the vamp, of which the poet so feelingly wrote:

"She starts—she moves—she seems to feel
The thrill of life along her keel."

Some censors are intelligent and others are just censors. If Shakespeare were writing for the movies today the latter group would censor his plays somewhat as follows:

"HAMLET"

Cut out the soliloquy. It speaks of committing suicide, and besides, no one can understand it anyway. Cut out the murder of Polonius and all the other murders and cut out the scene showing Ophelia's suicide. Change the sub-title reading: "There is something rotten in Denmark."

This would offend the Danes. Have Ophelia and Hamlet happily married, with the King and Queen saying, "Bless You My Children."

"OTHELLO"

This play would inspire race antagonism. Make Othello an Irishman and spell it O'thello. Cut out the murder of Desdemona. Cut out all the other murders. In fact, you can cut out the play.

"MIDSUMMER NIGHT'S DREAM"

Dream? Kill it. Never could happen and if it did it shouldn't happen again.

"THE TEMPEST"

Kill it. It's all nonsense.

"THE MERCHANT OF VENICE"

Change title to "Merchant of Milwaukee." Where is this here Venice anyway? Make Shylock a Scotchman. Change the pound of flesh to a pound of wieners. Change court scene to a jury trial. Change subtitle: "The quality of mercy is not strained" to "Ain't Mercy Grand!" Cut out scene showing Portia disguised as a man. This is against the law.

"JULIUS CAESAR"

Cut Antony's speech. It's too long. Cut scene showing assassination of Caesar. This breathes disregard for the laws and contempt for the police.

ANNOUNCEMENTS

The I. O. B. B. will hold its regular meeting at Temple Israel this evening at 8 p. m. All members are requested to be present.

Mrs. A. J. Lester will be hostess to the San Souci club at her home this afternoon.

M'ss Ossie Esslinger Weds E. M. Nelson.

Miss Ossie Esslinger and Mr. E. M. Nelson were married Monday evening at the home of the Rev. W. L. Nolson, 1013 Indiana avenue, in the presence of a few relatives and friends. The ceremony was read by the Rev. Mr. Nelson. Miss Esslinger is from Oklahoma. Mr. and Mrs. Nelson will be at home in Wichita Falls.

Marjorie Ellen Smith Celebrates Birthday.

Little Miss Marjorie Ellen Smith entertained a crowd of her friends Tuesday afternoon at the home of her parents, Mr. and Mrs. Jess Smith, 1704 Bluff street, in celebration of her fourth birthday. A patriotic color scheme of red, white and blue was carried out in the house decorations and refreshment course. The afternoon was pleasantly spent with games and music. Mrs. Smith was assisted by Mesdames Elbert Hanks, Ed Roberts, L. A. Fox, Walter Russell and John Dobbs in entertaining the guests.

Dainty refreshments of ice cream with red heart centers and cake were served to DeLeon Forgay, Bill Adams, Louise Arceneaux, Walter Tyson, James Smith, Elizabeth Holland, Jack Miller, Margaret Ossenbeck, Mary Ossenbeck, Catherine Gaines, Thelma Long, Virginia Wilson, Eleanor Marriott, Ruth Kirkland, Billie McAdams, Burton Wilson, Dorothy Dobbs, Mildred Fox, Helen Wilson, Vera Lillian Stonecipher, Otis Hanks, Elizabeth Lee Hanks, Helen Louise Hanks, H. R. Hanks, June Houston, Eleanor Wallace, Gwendolyn Roberts and Lula Smith.

Pretty Party Is Given Beta Delphian Club.

Mrs. J. D. Meredith entertained the Beta Delphian club Tuesday afternoon at the home of Mrs. J. T. Gant, 1623 Eleventh street, with an unusually pretty party. The reception suite was colorful and fragrant with pot plants and cut flowers, with huge boquets of sweet peas and roses in cut glass baskets and handles tied with pretty tulle bows.

A color scheme of red, white and blue was carried out in all the decorations and motifs suggestive of Washington's birthday, also added to the attractiveness of the rooms.

Six tables of players enjoyed the game of progressive "42" in which Mrs. Sue Kerr was awarded the high score favors, a dainty maderia center piece. Mrs. E. T. Barker was consoled with a bottle of perfume.

The tally cards were charming hand-painted affairs, the work of the hostess.

Miss Mary Meredith rendered several violin numbers, accompanied at the piano by Mrs. Sue Kerr and Mrs. A. H. Britain a piano solo.

A refreshment course of a salad plate, cake and hot coffee, in which the patriotic colors were also noted, was served to Mesdames T. J. Taylor, Duane Meredith, Charles William Wallace, Sue Kerr, T. L. McGee, Charles Crowell, L. P. Amason, Fred Barron, John Davenport, John C. Kay, A. H. Britain, Egbert Harbin, A. C. Dulaney, S. L. McDowell, Will Hawkins, T. E. Curtis, Lyle, W. P. Stokes, W. B. PARK IMPROVEMENT WORK WILL START ON KEMP BOULEVARD

Work was started Wednesday by J. E. Dobson, recently chosen to have charge of the city beautification plans, preparing for the planting of shrubs along Kemp boulevard. Actual setting out of the shrubs will take place within a week. Workmen will begin the levelling of the road on each side of the car track on Kemp Thursday.

When the work is completed on Kemp boulevard the next park to receive attention will be Buchanan. Walks will be laid out and trees and shrubs planted. Mr. Dodson will continue his plans for the beautification of the parks and playgrounds when these two parks have been improved.

Standard Club Meets and Elects Officers

Election of officers for the coming year featured the business session preceeding the study program at a meeting of the Standard club which was held Tuesday afternoon at the home of Mrs. O. P. Maricle. With Mrs. C. E. Bailey, the president in the chair, new officers were elected as follows: Mrs. C. E. Bailey, president; Mrs. S. L. Conn, vice president; Miss Chella Hendrick, corresponding secretary; Mrs. E. E. Fisher, recording secretary and Mrs. C. W. Staley, treasurer.

The lesson for the afternoon was on Rostand's "Cyrano de Bergerac" and "L'Aiglon, under the leadership of Mrs. E. E. Fisher.

Miss Mayme Patrick read a paper on "The Plot and the Meaning of Chanticleer." Mrs. Bailey read one on "The Romantic and Youthful Qualities of Cyrano de Bergerac." Miss Watson's subject was "The Character of Roxane."

Following the lesson, a dainty salad plate was served to Mesdames C. L. Baum, J. L. Fisher, Bailey, Haggard, Conn, Kelm, Lewis, Strong, Maricle, Patillo and Misses Patrick, Hendrick, Pyle and Watson.

STUDY CLUB REPORTS INSTRUCTIVE PROGRAM

An instructive paper on "Bank Advertising" featured the meeting of the Study club of the Ad club held Wednesday evening at the Kemp hotel, according to reports of members. Refreshments were served by H. J. Foerester, cafe manager.

R. R. Rubottom, who was selected to lead the next meeting, announced that each member will be requested to write an ad and submit it to the membership for criticism. Members declare that the Study club is proving to be of great interest and profit to those who attend and urge that all members avail themselves of the opportunity for the personal benefit that the club offers.

RECIPES FOR A DAY

Apple Salad—Pare four medium apples and cut in dice, chop one-half cup walnut meats in small pieces, cut one-quarter cup celery in small pieces. Mix well together and serve on lettuce with lemon dressing.

Lemon Dressing—One cup sugar, one cup boiling water, two tablespoons corn starch, pinch salt, juice one lemon. Mix sugar and corn starch, add boiling water slowly, stirring constantly. Boil five minutes, take from fire, all lemon juice. This is different and delicious on any fruit salad.

Stuffed Flank Steak—Select a medium sized steak, dredge with flour and then chop one-quarter pound bacon in small pieces, add two lemons, one-half of a green pepper chopped fine. Place all on the steak, add salt over all, then roll and tie in place with string. Brown in hot skillet and then add boiling water to half cover steak. Simmer for three hours. Baste occasionally.

Angel Kiss Pudding—One-half pint table cream (whipped), one-half cup sugar, one-quarter cup of water, one tablespoon vanilla, whites two eggs (beaten dry), one teaspoon gelatine soaked in one tablespoon cold water five minutes.

Boil sugar and water till it spins a thread, pour on stiffly beaten whites, and gelatine and cream, then vanilla.

Milk Toast—Heat the milk and toast the bread. Then cut the toast in little blocks and spread each piece liberally with a good creamery butter. Place a little Caledonian cream on top of these little islands and then let them float in a milky lake. The bread should be whole wheat and a day old.

DISHES FOR LENT

Grilled Mackerel—Use one large mackerel, two tablespoons olive oil, one tablespoon lemon juice, 1 teaspoon minced onion, and salt and pepper.

Wash, clean and dry fish thoroughly. Score the back with a sharp knife and pour the dressing over. Let stand an hour, turning fish frequently. Drain and broil from 12 to 15 minutes, according to size. Serve with parsley or hollandaise sauce.

Salt Fish and Parsnips—Freshen salt cod steaks and boil till tender. Serve in a border of boiled parsnips with egg and sauce poured over the whole.

TRY THESE

A tablespoon of vinegar in the water in which chicken is being cooked will make the meat tender.

The same method may be advantageously used in cooking other meats than fowl.

Water in which potatoes, rice or macaroni have been cooked is as good as milk for making gravies.

One quart of tomatoes will serve

Fohl Pleased With Outlook For '21 Play

ST. LOUIS, Feb. 23.—Satisfaction with the outlook for the pitching staff of the St. Louis Americans was expressed today by Manager Lee Fohl, in a dispatch from Bogalusa, La., where the first detchment of the club is training.

Only two of the 25 batterymen were absent at the inaugural practice session yesterday, and these, Catcher Josh Billings and Pitcher Emilie Palmero, are expected in the next few days.

Ernest Dudley and Bill Gleason, the Southern Association recruits contesting for the vacancy at second base caused by the release of Joe Gedeon, are also working out at Bagaluse, but the other infielders and the outfielders are not due until next week.

HOW WILL HUGGINS ARRANGE HIS CREW OF MAULERS: RUTH, ROTH, SCHANG, MEUSEL

Above, Roth, left, and Meusel. Below, Schang and Ruth.

American league fans are busily engaged in trying to dope out how Miller Huggins will distribute his great array of sluggers in his lineup. Babe Ruth'll hit in the cleanup berth, of course. But where will he put Bobby Roth, a second demon hitter? Third or fifth? Where will he put Bobby Meusel, one of the hardest hitters in the younger list of big leaguers? And having placed these three, where will he put Wallie Schang? Oh, Hug has a soft job on his hands.

ENGLINSH LABOR CENSURES CROWN INSURANCE ACT

By Associated Press.

LONDON, Feb. 23.—The labor party and the trades union national congress at a conference today on the question of unemployment adopted a resolution declaring the government's policy of extending the unemployment insurance act was lamentably inadequate to meet the present situation. It proposed that by-elections be used to bring pressure upon the government through the defeat of every coalition candidate.

CHICK EVANS WRITES BOOK FOR GOLFERS

Twenty years ago Charles (Chick) Evans, Jr., present Western and National Amateur Golf champion, started to gather materials for a book on golf. He finished writing it this winter.

The book was begun on the links of the Old Edgewater Golf club in Chicago, a course now covered with apartment buildings. Chick didn't know then that the notes he was always scribbling would furnish the copy for the most unique contribution to the Scottish game ever put between covers.

Sometimes Chick made mistakes. Occasionally he picked out the wrong golfer as a model. Then he had to begin all over again. He copied the swing of noted players of that period and put his impression down on paper. Then he started to practice. He repeated that swing "a million times," he says, and made careful notations of how he progressed and why, only to discover at a late date that those million swings were all wrong.

His caddie days over Chick became a champion at an age when most golfers begin their game, but he never ceased being a student. After long and patient practice he once worked out a grip which he considered perfect, and which contributed to his winning championships. On his first trip abroad he found that Harry Vardon had a better one. It took him six months to unlearn the old one.

The persistency which has marked his career on the links is reflected through his book. He left nothing to chance. With him it was to be "shown." Results alone counted. A style, backed by years, was dropped in a day if a new style contributed to the clipping of a stroke off the course record.

A remark overheard by him on the links while a caddie that his persistency would make him a champion, if nothing else, was never forgotten. He eventually became the lone Amer... ical possessor of the golf's "Double Crown."

What twenty years of golf has taught has been boiled down by Chick into two chapters on instructions. "Shots and how to make them," tell it all. Explanatory photograps embellish the text. There are sixty-five of these full page illustrations. Included is a picture of the world's greatest golfer and a striking bit of scenery on the most difficult course in the world.

SPORT BRIEFS

George Foster, once ace of the Red Sox pitching staff, but who quit professional baseball four years ago, will try a come-back with the Boston team this year.

ISBELL ASKS SQUARE DEAL ON POSITION

"All that I ask is a fair deal," was the comment of J. M. Isbell Wednesday on his return from Austin on being informed of the action of two county commissioners Monday in asking for his resignation.

"I have no intention of resigning at this time and am willing and anxious to go before the commissioners court next Monday and explain to them any questions they may have to ask concerning my connection with the Potts and Prentice county road contract.

Mr. Isbell returned late Tuesday night from Austin where he had been for several days at the request of Judge J. P. Jones to secure state or federal aid for the proposed additional county road improvements. Mr. Isbell stated that he had secured the tentative promise from members of the state highway department of state or federal aid in two paved road extensions of the county.

One road extends from Iowa Park through Electra to the Wilbarger county line and the other extends through Burkburnett to the Red river from a point seven miles north of this city on the Burkburnett road. The amount of federal aid that will probably be available will depend on the amount appropriated by the congress now in session Mr. Isbell pointed out. A bill calling for a large appropriation has been introduced in both houses but has not as yet been passed Federal aid for the roads from Wichita Falls to Iowa Park and for seven miles of the Burkburnett road has previously been secured.

Commenting on the action of Commissioners Kuntz and Jackson in asking for his resignation Monday Mr. Isbell said that neither of the men were members of the court at the time the original Potts and Prentice contract was made.

Admitting that he had written the contract and was familiar with every detail of it, Mr. Isbell declared that the contract had been discussed at length by the commissioners court before it was signed. He said that in his opinion and that of the commissioners that it was the best contract that could be secured at that time.

"POCKET LADDER" IS NEW SAFETY DEVICE FOR STEEPLEJACKS AND OTHER CLIMBERS

Paul Cans demonstrating his ouistiti.

Paul Cans, a Parisian inventor, has devised a new lifesaving apparatus which will enable a steeplejack or structural ironworker to work in greater safety while dangling on a rope. The device consists of clamps. The rope passes through these. When the climber is ascending or descending the rope the clamps slip readily. When he swings his feet outward and grasps the clamp with his hand or places the weight of a "bos'n's chair" on it the clamp grips the rope securely.

Near-Eastern Problem Gives Council Worry

By Associated Press.

LONDON, Feb. 23.—Unless progress in the private conferences at the various hotels where the delegations are housed is more rapid than appears on the surface, the prospect of settling the Near Eastern problem before the reparations conference is held, is not very bright. The two Turkish delegations, which appeared before the allied council today had to be sent back for a more detailed outline of their demands for a revision of the Sevres treaty, and the afternoon meeting with the Greeks, who desired to reply to what the Turks said, had to be abandoned.

The Turkish Constantinople delegates and the nationalist delegation, who are still outwardly hostile towards each other, but whose general proposals at today's session were virtually identical, got together as soon as they reached their hotel and it is expected that before tomorrow morning they will elaborate the details of their proposals, as requested by Premier Lloyd George, in such form as both can support.

LABOR BOARD CHALLENGED BY ERIE WORKERS

By Associated Press.

CHICAGO, Feb. 23.—Sharp contention over the powers of the United States railroad labor board and the provisions of the transportation act marked the hearing of employes of the Erie railroad against their employes before the board today. The petition of the employes charged violation of the act and of decisions of the labor board. Representatives of the road denied both. The case resulted from an order, effective February 1, reducing common labor wages and deducting one day's pay a week from the salaries of all employes paid on a monthly basis.

Most of the argument centered about whether a ruling of the board on February 12, ordering the road to make no change in wage rates was compulsory upon the road, which had already put a reduction into effect. It was conceded by the rail representatives that the intent of the order was to maintain the rates of the wage award of July, 1920. They denied, however, violation of the law in changing those rates. Business depression and revenues below operating expenses were given as the reason for the reduction order. During his testimony E. S. Parsons, general manager of the road, was asked by Henry T. Hunt, public member of the board, whether the road's position meant that it would not obey the orders of the board.

"We can't do it," Mr. Parsons replied. "We want to do everything possible to go along with the board but I don't know what we would do if the board issued impossible orders."

STUDENT SUFFERS STRANGE ILLNESS

Record News Staff Bureau.

NORTON, Mass., Feb. 23—Physicians are puzzled over a strange illness, resembling the sleeping sickness which has held Miss Margaret Yelle, eighteen years old, daughter of Mr. and Mrs. Wilfrid Yelle, a student in Wheaton college, in its grip for three weeks.

The girl has been in a comatose condition, yet there are periods when she apparently wakes up, only to lapse again into unconsciousness. A consultation of physicians failed to diagnose the case and a report has been made to the state department of health.

Dr. A. M. Round, the attending physician, said that the girl was suffering from eye trouble brought on from over-study for the mid-year examinations.

FORDS RUN 34 MILES ON GALLON GASOLINE

Start Easy in Coldest Weather—Other Cars Show Proportionate Saving.

A new carburetor which cuts down gasoline consumption of any motor, including the Ford, and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 896 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 per cent to 50 per cent, but enables everyone to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather, without previously warming the motor. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers of this paper who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents to whom they offer exceptionally large profits. Write them today.—Adv.

NEWS NOTES FROM MOVIELAND
BY DAISY DEAN

Pauline Stark, the pretty little motion picture actress who played in "Soldiers of Fortune," deliberately defies superstitution. She is shown here boldly and bravely defying three at one time. She has just walked beneath a ladder, placed a crushing French heel right in the middle of a perfectly good mirror, thus courting seven years of bad luck and the traditional black cat is on the way across her path. After this she will be ready for her day's work and ready to snap her finger at the old bogy, "superstition."

Poe Poem Is Filmed.

William J. Scully, formerly with Selznick and Famous Players, has just returned from Rochester, where he supervised the cutting of "Annabel Lee," a new independent production which he directed for the American Pictures Associates of Boston.

"Annabel Lee" is a five-reel production of Edgar Allan Poe's famous poem. The beautiful backgrounds of Martha's Vineyard and the tropical scenery of Florida were used in the making of exteriors.

New Pictures for Louise

The seeming fondness of film fans for productions that have their entire locale laid in New York city, as is evidenced in the case of "While New York Sleeps," whose popularity shows no signs of abatement, has led William Fox to select for Louise Lovely's next starring vehicle a story written by George William Hill and called "While the Devil Laughs" in which the entire action transpires in New York.

The story of "While the Devil Laughs" concerns chiefly the efforts of Mary Franklin, a girl of the east side slums, to rise above the level of her surroundings and emancipate herself and her impoverished family from the fetters with which an unkind fate has enchanted them.

Ray's Mother Here to Visit Condemned Son

The mother of Floyd Ray, negro under sentence to be hanged at the county jail on March 18 for a statutory offense, visited him for a short time Wednesday. The mother who was the first relative of the condemned negro to come here since his arrest for the crime of which he was later convicted, arrived unexpectedly Wednesday morning from Hutto, Texas.

She went directly to the sheriff's office and asked to see her son. She was taken to the death cell by a jailer. The two talked only a short time, both showing considerable emotion. The mother left the city during the afternoon.

In connection with the mother's visit here, it became known that relatives of Ray will attempt to secure the commutation of the death sentence to life imprisonment. An aunt of the condemned man living in Fort Worth, has written Ray that she will aid in the efforts to save his life.

SENATOR KING CONDEMNS NAVY BUILDING PLAN

By Associated Press.

WASHINGTON, Feb. 23.—Pursuance by the United States of its present naval building program will offer "great if not insurperable obstacles" to the consummation of an international agreement for disarmament, Senator King, democrat of Utah, declared in a minority report filed today on the Borah resolution, directing the senate naval committee to report on the advisability of suspending naval construction for six months.

Taking issue with the majority report opposing any suspension of building, Senator King declared the majority apparently held the opinion that the war taught no lesson except that savagery and sanguinary struggles are eternal, and the moral forces in the world are too feeble to establish justice and usher in a reign of righteousness and peace."

Amusements

OLYMPIC.

Vera Gordon, whom Lewis J. Selznick presents as the star of the Select Special, "The Greatest Love" at the Olympic theater today, has probably had the most sensational rise of any star in photoplays. From obscurity she has just become a star through her magnificent work as "Mamma Kantor," the mother of "Humoresque," and it is claimed that her role of Mrs. Lantini in "The Greatest Love" is an even more remarkable characterization.

For years Miss Gordon played in the various stock companies, those excellent training schools in which so many of our great stars acquired their first rudiments of stagecraft, and later she became known by playing "Mother" parts in the stage plays, "The Land of the Free," "Why Worry," and "The Gentile Wife," all of these roles bringing her the highest commendation from both press and public.

However, it remained for the patrons of the photoplay to acclaim Miss Gordon as a star. This occurred during the initial showing of the screen version of Fannie Hurst's story, "Humoresque." Although Miss Gordon was not advertised as the principal player in this production the critics and patrons alike were unanimous in the opinion that her work completely overshadowed everything else in the picture. Next followed a similar type of part in the Rex Beach story, "The North Wind's Malice."

Lewis J. Selznick then secured a "beat" on all competition by getting Miss Gordon's signature to a contract calling for her stellar appearance on the screen, the result of which will be seen in "The Greatest Love," which will be at the Olympic theater for the remainer of this week.

BUTTER CASE TO BE GIVEN NEW HEARING

By B. N. TIMMONS
Record News Staff Correspondent.

WASHINGTON, Feb. 23.—Congressman Lucian W. Parrish of Texas Wednesday, notified the Texas Creamery Company of Houston that the recent decision by Attorney General Palmer that butter made from cream, the sweetness of which, has been restored by the use of lime water is adulterated butter probably will be reversed. Palmer in making the decision said such classification was technical. Buttermen complained and a hearing on the subject was ordered for Thursday, this week.

The Texas Creamery Company in its telegram said that if the ruling stands, it will seriously hamper the butter industry in Texas. The company explained that such milk is shipped to Houston from long distances and the same applies to Fort Worth and other cities having creameries. Much of it reaches the creameries sour and small quantities of pure lime water restores the sweetness.

Adulterated butter is subject to a tax of ten cents a pound and the Texas company said the industry could not stand the burden.

PANAMA SENDS TROOPS TO GUARD BORDER

By Associated Press.

PANAMA, Feb. 23.—The reported invasion of Panamanian territory by Costa Rica forces resulted this morning in the dispatch of armed troops, numbering sixty, under General Manuel Guintero to the frontier village of Coto Distructalanja, province of Chririqui.

The governmental advices available are indefinite. The Costa Rican consul, Thomas Jacome, declar/ this evening that the reported invasion probably had some connection with the commission which the Costa Rican government is sending to an island near Coto Districtalanja, for the purpose of investigating a report that North American soldiers were entering Costa Rican territory.

CASINGHEAD GAS PLANT TO BE BUILT AT BRECKENRIDGE

Building of a casinghead gasoline plant by the Shamrock Oil corporation of this city on the Veale lease south of the town of Breckenridge has been announced from the local offices of the company. The plant will have only a small capacity to go with, but will be built in units, which may be expanded as required.

A TRIBUTE OF RESPECT

Whereas, it has pleased Almighty God, in His infinite wisdom, to call from this life, our respected friend and brother, Porter C. Smith; and,

Whereas, we realize that in his sudden departure from this world, Local Union No. 393 has lost a true, loyal and highly esteemed member, our country a good and worthy citizen, and the home a faithful and devoted husband and father. Therefore, be it

Resolved, that we, the members of Local Union No. 393 in session this 22nd day of February, 1921, pay our last sad tribute of respect to our departed brother by expressing our sorrow, and extending our deepest sympathy to the bereaved family and the many friends; and that our Charter be draped in mourning for a period of 30 days; and be it further

Resolved, that a copy of these resolutions be spread upon the minutes of our Union, a copy be furnished the immediate family, and a copy be furnished the local press.

Committee, Local Number 393, Brotherhood of Painters, Decorators and Paperhangers of America. (SEAL)

Pennington's Home Will Be Reconstructed

The home of Harry Pennington at 1401 Hayes street which was burned last week, representing one of the largest losses to residence property in the history of the city, will be rebuilt at once, according to information from Mr. Pennington Wednesday.

In rebuilding the residence, the same plans will be used with the exception that the house will be made fireproof. Brick and tile will be used in the frame work with concrete support to the floors throughout the house.

A surprising development of the fire was the salvaging of practically all of the silverware that was in the house. Approximately a thousand places have been recovered from the fire with only two places destroyed.

POSATI SUIT FILED OUT OF VINDICTIVENESS

NEW YORK, Feb. 23.—The government's suit against the Postal Telegraph-Cable company to "recover" $2,400,000 of the earnings of that company during the period of government control "was instituted merely out of spite and vindictiveness," Wm. J. Deegan, secretary of the company declared in a statement issued here today.

"Clarnce H. Mackay, the president of our system," the statement said, "had authorized me to say that for nearly two years Postmaster General Burleson and his legal adviser, one Lamar, have had every opportunity to file this suit.

Mexican Rail Workers Strike For Higher Pay

By Associated Press.

MEXICO CITY, Feb. 23. — Although the employes of the national railroad carried out their threat to strike in large numbers, government officials are optimistic regarding the outcome of the situation, and predict there will be no paralysis of traffic.

More than 10,000 volunteer strike breakers have applied for jobs and this fact, coupled with the military precautions which have been ordered taken along the federal routes led the officials today to express the opinion that the strike will end within a fortnight. Francisco Perez, director of the national lines, has issued a manifesto to the strikers declaring that recognition of their union is impossible under constitutional provisions, and that he will stand firm against the demands of the union which have "sabotage as one of the precepts." Senor Perez charges directly that the strike is political in its conception and aimed at embarrassing his relations with the government.

The strike, which was not officially called to take place until tomorrow noon, but which was partially effective today, embraces not only the operation of rolling stock, but the clerical forces and workshop employes. The telegraphers settled their dispute with the government several weeks ago and have declined to take part in the present movement.

The headquarters building of the national railroad here was under military guard today.

No untoward incidents have taken place in Mexico City, but some minor disorders have been reported in outlying districts.

BODIES OF CADET AVIATORS ARE SENT TO HOMES

AUSTIN, Feb. 23.—Officers from the Kelly aviation field in San Antonio will arrive in Austin tomorrow morning to accompany the bodies of Cadet Aviators L. E. Allen and Virgil W. Beach, who were killed when their airplane fell here today, to their home.

The body of Cadet Allen will be taken to San Antonio where his widow resides, while the body of Cadet Beech will be taken to Nashville, Tenn., to the home of his parents. At an inquest held after the crash it was decided the aviators came to their death from the fall rather than from the flames that destroyed their machine after it struck the ground.

U. S. WILL PROBE TEXAS FOOD PRICES

Special to The Record News.

DALLAS, Feb. 23.—A statewide investigation of the food prices has been ordered and will start Monday according to F. M. Spencer, chief of the Dallas division of the department of justice.

The restaurants will be the first places probed, according to Spencer.

WILMER STATION ROBBED OF $275

Special to The Record News.

DALLAS, Feb. 23.—Breaking into the H. & T. C. depot railway station at Wilmer, Texas, robbers Tuesday night chiseled the bottom out of the safe and escaped with $275 in cash. Officers from this city have gone to Wilmer to investigate the robbery.

STOLEN FORD IS RECOVERED

Lack of number plates of a Ford car recently reported stolen in Graham, led to its recovery and apprehension of an alleged suspect, Wednesday night when a motorcycle officer ordered the car to the station for violation of the law requiring number plates.

Babe Palmer, age 18, is being held for investigation concerning the disappearance of the car. The disappearance of the car was reported to police Tuesday night.

Three Killed In Irish Riots

By Associated Press.

BELFAST, Feb. 23.—The ambuscade at Mount Charles, county Donegal, last night, resulted in the death of two policemen and a young woman. The body of the latter was found today lying in a yard.

The fighting lasted for half an hour and two members of the attacking party were captured. Reprisals followed the attack.

Two shops in Mount Charles were burned and another house was fired, but was saved.

When policemen reached Donegal with their dead comrades, the people jeered them and reprisals followed. The disturbances continued throughout the night.

All business was suspended in Donegal today. The schools were also closed.

SHOOTS FORMER WIFE AFTER SHE SPURNS HIM

Special to The Record News.

FORT WORTH, Feb. 23. — Mrs. Inez Noel, 32 years of age, 804 South Main street, was shot and probably fatally injured at 7:30 o'clock Wednesday evening. She is at the All Saints hospital lingering between life and death, while her husband is in the county jail, following his surrender to District Attorney Jesse M. Brown, immediately after the shooting.

According to Noel's statement to District Attorney Brown, he shot his former wife because she would not marry a man with whom he claims she has been going with since her divorce from Noel.

Returns Only To Find Body Laid to Rest

By Associated Press.

LAFAYETTE, Ga., Feb. 23.—Fred Williams, who went to war in 1917, will return home in a few days to insurance policy paid and his bride the wife of another.

This was the situation disclosed today when Grace Robertson received a brief telegram from New York signed by her first husband, saying he had landed and was coming home as soon as possible. There was no explanation of his long silence.

The war department reported Williams killed in action soon after he went to France, paid his widow his insurance and then sent a soldier's body here as his. Williams' wife, whom he married but a few months before he left, mourned his death for a while and then married a former sweetheart, Joseph Robertson.

Mexican Rail Workers Strike For Higher Pay

By Associated Press.

MEXICO CITY, Feb. 23. — Although the employes of the national railroad carried out their threat to strike in large numbers, government officials are optimistic regarding the outcome of the situation, and predict there will be no paralysis of traffic.

More than 10,000 volunteer strike breakers have applied for jobs and this fact, coupled with the military precautions which have been ordered taken along the federal routes led the officials today to express the opinion that the strike will end within a fortnight. Francisco Perez, director of the national lines, has issued a manifesto to the strikers declaring that recognition of their union is impossible under constitutional provisions, and that he will stand firm against the demands of the union which have "sabotage as one of the precepts." Senor Perez charges directly that the strike is political in its conception and aimed at embarrassing his relations with the government.

The strike, which was not officially called to take place until tomorrow noon, but which was partially effective today, embraces not only the operation of rolling stock, but the clerical forces and workshop employes. The telegraphers settled their dispute with the government several weeks ago and have declined to take part in the present movement.

The headquarters building of the national railroad here was under military guard today.

No untoward incidents have taken place in Mexico City, but some minor disorders have been reported in outlying districts.

BODIES OF CADET AVIATORS ARE SENT TO HOMES

AUSTIN, Feb. 23.—Officers from the Kelly aviation field in San Antonio will arrive in Austin tomorrow morning to accompany the bodies of Cadet Aviators L. E. Allen and Virgil W. Beach, who were killed when their airplane fell here today, to their home.

The body of Cadet Allen will be taken to San Antonio where his widow resides, while the body of Cadet Beech will be taken to Nashville, Tenn., to the home of his parents. At an inquest held after the crash it was decided the aviators came to their death from the fall rather than from the flames that destroyed their machine after it struck the ground.

U. S. WILL PROBE TEXAS FOOD PRICES

Special to The Record News.

DALLAS, Feb. 23.—A statewide investigation of the food prices has been ordered and will start Monday according to F. M. Spencer, chief of the Dallas division of the department of justice.

The restaurants will be the first places probed, according to Spencer.

WILMER STATION ROBBED OF $275

Special to The Record News.

DALLAS, Feb. 23.—Breaking into the H. & T. C. depot railway station at Wilmer, Texas, robbers Tuesday night chiseled the bottom out of the safe and escaped with $275 in cash. Officers from this city have gone to Wilmer to investigate the robbery.

STOLEN FORD IS RECOVERED

Lack of number plates of a Ford car recently reported stolen in Graham, led to its recovery and apprehension of an alleged suspect, Wednesday night when a motorcycle officer ordered the car to the station for violation of the law requiring number plates.

Babe Palmer, age 18, is being held for investigation concerning the disappearance of the car. The disappearance of the car was reported to police Tuesday night.

Three Killed In Irish Riots

By Associated Press.

BELFAST, Feb. 23.—The ambuscade at Mount Charles, county Donegal, last night, resulted in the death of two policemen and a young woman. The body of the latter was found today lying in a yard.

The fighting lasted for half an hour and two members of the attacking party were captured. Reprisals followed the attack.

Two shops in Mount Charles were burned and another house was fired, but was saved.

When policemen reached Donegal with their dead comrades, the people jeered them and reprisals followed. The disturbances continued throughout the night.

All business was suspended in Donegal today. The schools were also closed.

SHOOTS FORMER WIFE AFTER SHE SPURNS HIM

Special to The Record News.

FORT WORTH, Feb. 23. — Mrs. Inez Noel, 32 years of age, 804 South Main street, was shot and probably fatally injured at 7:30 o'clock Wednesday evening. She is at the All Saints hospital lingering between life and death, while her husband is in the county jail, following his surrender to District Attorney Jesse M. Brown, immediately after the shooting.

According to Noel's statement to District Attorney Brown, he shot his former wife because she would not marry a man with whom he claims she has been going with since her divorce from Noel.

Said the sailor's parrot: "Pump like hell, boys, pump like hell."

Returns Only To Find Body Laid to Rest

By Associated Press.

LAFAYETTE, Ga., Feb. 23.—Fred Williams, who went to war in 1917, will return home in a few days to insurance policy paid and his bride the wife of another.

This was the situation disclosed today when Grace Robertson received a brief telegram from New York signed by her first husband, saying he had landed and was coming home as soon as possible. There was no explanation of his long silence.

The war department reported Williams killed in action soon after he went to France, paid his widow his insurance and then sent a soldier's body here as his. Williams' wife, whom he married but a few months before he left, mourned his death for a while and then married a former sweetheart, Joseph Robertson.

BYRD NAMED RAT CAMPAIGN FIELD CHIEF

The permanent assignment of J. D. Byrd of Burkburnett as field director in the rat extermination work in the Northwestern district of Texas was announced Tuesday by A. E. Gray, of the United States department of agriculture and biological survey where an extermination campaign is in progress. Before leaving, Mr. Gray complimented the central committee on the organization and manner of progress being accomplished and urged that no let-up be permitted in any phase of the cleanup work.

Dr. A. H. Douglass, city sanitary officer and director in chief of the cleanup campaign, declared that the citizens were apparently appreciating the necessity and importance of the work and that nearly all are carrying out the requests of the committee.

A good many, however, said Dr. Douglass, show an unwillingness to co-operate in the work, and the city is preparing to take determined measures to enforce the law, requiring that citizens clean their premises and prepare for the rat extermination campaign.

City wagons were continuing Tuesday hauling away trash and garbage as fast as it was ready and will serve in that capacity throughout the cleanup work, according to Dr. Douglass.

Judge Awards $25,000 Damages To M'Clory Et al

Damages of $25,000 and forfeiture of a surety bond of $8,500 were allowed plaintiffs by Judge P. A. Martin of the 89th district court Wednesday in the case of L. C. McClory, J. Y. McQuigg Jr., and A. L. Steel of this city against H. G. Beard of this city, W. N. Hayes and L. T. Schreiner of Oklahoma City and H. M. Ramsey and W. S. Pate of Joplin, Mo. The National Surety company was also defendant in the case and the bond furnished by them to the defendants was ordered forfeited.

The damages allowed by Judge Martin represent in full that asked by plaintiffs. The judgment followed an all-day trial of the case. The firm of Weeks, Morrow, Weeks & Francis represented the plaintiffs with the firm of Carrigan, Britain & Montgomery representing the defendants.

The case involved a contract for the drilling of two wells in the Burkburnett townsite. According to the plaintiff's petition the defendants drilled one test in a proven section and failed to obtain oil in commercial quantities, due to negligence and carelessness in drilling. According to the petition the defendants refused to drill the second test on a different lot, abandoning the lease contrary to the terms of the contract.

American Farm Boys Complete German Visit

By Associated Press.

BERLIN, Feb. 23.—Fifteen American boys, half the cattle crew of the American steamer, West Arrow, which arrived in Bremen February 7 with 742 milch cows given to Germany by American farmers, arrived in Berlin today, tired of receptions and formalities after a 16-day tour of Germany. Of the other 15, some have returned to the United States, or are visiting relatives. Three, it is said, will remain in Germany, being German-born.

The Americans lived in a Pullman car during the tour, which included Bremen, Bochum, Essen, Frankfort, Heidelberg, Stuttgart, Munich, Nurenberg and Dresden. They will sail for the United States next month.

The men, who came from Kansas, Texas and Indiana, were permitted to wander at will, "which they would do anyway," W. E. Schmidt, the German Red Cross representative who accompanied the party, said. "These cowboys cannot be bossed," he added.

SPECIAL ISSUES RETURNED BY JURY IN MAY HANNA CASE

Submitted by Judge Napier, a jury in the case of W. A. Pepper against May Hanna in Seventy-eighth District court Wednesday afternoon brought in findings on several special issues.

Although no decision was announced by Judge Napier in the case Wednesday, it is believed that the findings on the special issues indicate a decision favorable to the defendant.

The cross action of the defendant against G. W. Mennis was dismissed by Judge Napier. The case involved commission in the alleged sale of an oil property in the Northwest field. According to the plaintiff's petition he negotiated the sale of the property the defendant later refusing to transfer the property as agreed.

In the United States there are more than 100,000,000,000 eggs consumed every year. It is now classed as a $1,000,000,000 industry.

Mexicans Come A-Cropper on Attempted Sale

The effort of two Mexicans to sell a pair of stolen shoes to an apparently innocent looking countryman brought them to grief and a berth in the city bastile Tuesday morning, when the "innocent looking countryman" turned out to be none other than Ivan Gonzales, janitor, interpreter and general handy man about the police station.

According to alleged verbal confessions of the Mexicans, they have both been apprehended and convicted of shoplifting in Denver and Pueblo, Colo. The men told Patrolman Gonzales that they arrived in Wichita Falls Monday afternoon.

Gonzales declared that police knew where the shoes were obtained, but that the proprietor of the store was not yet aware of their absence from his store.

EXPORTS SEND CATTLE PRICE UP THRU WAR

Cattle Buyers Told Falling Off in Shipments Since Armistice Signed Due to Falling Quotations.

BY HAMILTON WRIGHT
Record News Staff Bureau.

AMARILLO, Feb. 23.— The enormous exports of cattle from this country during the war and the following sickening in export's after the war are responsible for the present prices of cattle, declared C. Q. Chandler, executive head of the First National bank of Wichita, Kan., in an address yesterday before the sixth annual Buyers and Sellers Cattle convention here.

The session was opened by President W. E. Herring to a large audience. Mayor Lon D. Marrs delivered the address of welcome and read a telegram from President-elect Harding, which had come over a private wireless apparatus here, in which the coming executive urged that the spirit of Washington guide the nation. The welcome on behalf of the cattlemen was delivered in a masterly way by Judge R. Walker Hall, in which he reviewed the early struggle of the cattlemen and their achievements in the face of myriad obstacles.

"There is an aristocracy of wealth in Amarillo, gas and oil men, plumbers bootleggers and barbers" said Judge Hall. "When they say stand and deliver we stand and deliver." (Applause.)

"Then there is the branding iron aristocracy. It is composed of the cattlemen who used to raise many cattle a few children and a lot of h——l" said the judge. "They used to carry a pistol in each pocket —now, they drink $25 a quart bootlegger whiskey. They are our big business men now, whereas once they came to town but once or twice a month. How much we love them is evidenced by the fact that we are going to build them a $300,000 coliseum, while we provide inadequate school facilities for our children."

Frank S. Hastings, manager of the famous S. M. S. ranch, with headquarters at Stamford, made a brief response, in which he touched upon the courage of the pioneer ranch woman and of their surmounting of hardships. He expressed the pleasure of the cattlemen at being guests of Amarillo.

C. Q. Chandler, executive manager of the First National bank of Wichita, Kan., made no bones about the fact that the financial stringency had been felt intensely by the cattlemen of the country. He said it was a pity that reconstruction did not set in with the signing of the armistice. He said that the federal reserve bank should not have been called on to finance the government following the advent of peace. This hindered quick readjustment in the financial realm, he declared.

Give Democrats Boost.

While differing politically from the democrats the speaker said that he wanted to give credit to the present administration for having conceived and developed the federal reserve bank system. He discussed at length the benefits that accrue from its existence and operation.

"With the inauguration of the federal reserve banking system several years ago the United States would have been today the leader of the world," said the speaker. "The system has been tested thoroughly and found not wanting." He stressed the benefit that would arise for this nation by reason of its changing position with other nations and becoming the creditor nation of the world. He foresees a great opportunity for this country by reason of this change.

He declared that very few commodities had entirely reached the pre-war basis. He gave a review of this situation.

"I cannot see a very marked shortage of cattle as has been suggested from many sources," said the speaker. "Judging from statistics I have gathered. The United States at this time has the greatest number of cattle in the world, with the exception of India, which has twice as many cattle of all descriptions. Cattle in India are used as beasts of burden and for religious purposes and for that reason her numbers are greater. Brazil and Argentina follow the United States in importance as to numbers of cattle."

A sharp decline before cattle will reach the old pre-war basis was predicted by Mr. Chandler.

Fuqua Has Faith.

W. H. Fuqua, president of the First National bank of Amarillo, followed Mr. Chandler. He expressed faith in humanity and said, "we must burn less gasoline and wear out less rubber in seeking pleasure and settle down to business."

"I am in favor of a tariff provision that will prohibit the importation of meats to be distributed at a less figure than we can produce it," said Mr. Fuqua. "These conditions are brought about on account of the cheaper labor and cheaper grass in the foreign countries."

The cattlemen's dance at the Blackburn building yesterday evening concluded the first day of the convention.

Musical selections by Jesse's orchestra.

Called to order by president at 9:30 a. m.

A trip with the Texas farm boys' special showing agricultural and livestock belt of the nation.

10 a. m.—Address, "Emergency Rates on Livestock," by A. S. Stinnett, president of the Panhandle-Plains Chamber of Commerce; secretary Buyers and Sellers Convention.

11 a. m.—Address, "Operation of War Finance Corporation," by Angus W. McLain, member of the board of war finances corporation, Washington, D. C.

Election of officers and report of committees.

More than 2,000 persons, mostly cattlemen, arrived in Amarillo yesterday to attend the convention, which is expected to be the best of the six that the association has held.

LARGEST MERCHANT SHIP BUILT IN U. S. REMODELED FOR QUARANTINE SERVICE

Upper photograph shows government experts and the Mercantile company's officials inspecting the S. S. Minnesota, and below is the ship itself, the largest merchant ship ever built in American shipyards.

The S. S. Minnesota, the largest merchant ship ever built in American shipyards, is to be turned over by the International Mercantile Marine Company for typhus quarantine service in New York harbor. This ship, which did splendid service in carrying troops and ammunition during the war, is now outfitted to accommodate 6,000 and will be used as a receiving ship at quarantine for incoming immigrants. Government and company officials are planning for the outfitting that will transform her into a valuable receiving ship for the immigrants. The move is being made in connection with the fight against typhus in New York city.

Dutch Consider Former Emperor As "Foreigner"

By Associated Press.

THE HAGUE, Feb. 23.—Replying to question in parliament today as to the status of Former Emperor William of Germany and the Former Crown Prince, Foreign Minister Van Karnebek announced that J. B. Kane, secretary general of Dutch governmental affairs, had been instructed to carry out the regulations now in force or any which might be taken to restrict the liberties of the Hohenzollerns.

Both the former kaiser and his son said the foreign minister, were considered foreigners, who because of the positions they held must content themselves with restrictions.

Holland's action with reference to participation in the international force to supervise the Vilna plebiscite under the League of Nations, will be held in abeyance pending the negotiations of the league with the parties involved, the minister added.

INSURANCE KEY RATE IS DIMINISHED

Wichita Falls Allowed Reduction of Twelve Per Cent Because of Low Average Loss in 1920.

Despite heavy losses from fire during last December, Wichita Falls will be granted a 12 per cent reduction on all fire insurance premiums written on property within the corporate limits during the coming year, according to a bulletin received Tuesday by Fire Chief McClure from the state fire marshall's office.

According to the bulletin, the right of the city to the reduction for a low property loss record was figured on a basis of the average loss for the past three years and totaled an average loss of .385 of the total amount of property covered by insurance during that period of time.

The ruling will mean a saving of $53,128 to the citizenship of Wichita Falls, if an equal amount of insurance is written during the ensuing year as was written during 1920, according to firemen.

The co-operation of the entire citizenship in fire prevention activity is essential to the maintenance of the record for 1922, according to Fire Chief McClure. He said that the right of cities to the reduction is determined on a three-year basis and that the heavy losses incurred last December will make it mandatory that the city have a low record for 1921, or lose the rebate.

The 12 per cent reduction, under the ruling, is effective from March 1, 1921, to February 28, 1922.

JAZZ MUSIC IS FIRST AID TO TYPIST IN CLASS

The Cincinnati commercial class learning even touch of keys to jazz music.

Even jazz music has educational benefits if applied properly, according to students in commercial classes at a Cincinnati high school. Jazz music is relied upon to aid pupils in learning a regular and even-time touch on the keys of their typewriters. While a phonograph sends forth lively airs of the latest hits, pupils strive to keep time with the beats of the music.

"In this way they are taught to write at an even speed," says the instructor. "March music is slower and the time is so clearly brought out that the pupils have little difficulty in following it. After they have learned even writing, they are advanced to 'one-step' class, where the music is faster. Later the speed is developed without music. This is done because no music is fast enough to develop the speed which a pupil may attain on the typewriter. But the rhythm once developed by the aid of the phonograph is never forgotten," says the instructor.

SOLDIERS ASK RETIREMENT ON SHORTER TIME

By Associated Press.

EL PASO, Feb. 23.—A request that congress place enlisted men of the United States army on the retired list after 25 years service, allowing double time for foreign service, was embodied in a resolution adopted by 1,000 soldiers at Fort Bliss here last night. The resolution was introduced by Sergeant L. F. Matlack, a former captain in the eighth United States cavalry.

The resolution also asks that a separate fund for retired soldiers be created by taking not more than fifty cents a month from each man's pay, to be turned over to the men when when they begin to receive pensions.

Estate Share Sued for by Mrs. Hanan

By Associated Press.

NEW YORK, Feb. 23.—Legal action to compel payment of $100,000 out of her one-third interest in the residuary estate of her husband, Alfred P. Hanan, wealthy shoe manufacturer, who died in November, 1919, was begun here today by Mrs. Ethel Hanan Taylor of Cannes, France. The widow who has remarried, set forth in her petition she has been so badly in need of funds she has had to borrow from friends and now is indebted to the extent of $34,000.

She stated her late husband was accustomed to expend for her maintenance a sum "in excess of $100,000 a year," during the six years of their married life.

Herbert Hanan, nephew of the manufacturer and executor of the will, was named as defendant.

As a protection both to passengers and ticket agents, the Pennsylvania railroad has decided to print the price on the face of each railroad ticket.

SUGAR PRICES BOOSTED ON LOCAL MARKET

Sugar continues to rise, the present quotation being $9.45 per hundred pounds wholesale. This is an advance of 25 cents per hundred over yesterday. The rise is attributed to an activity in the market caused by recent announcement that Cuban sugar would be marketed by a committee. No more raises for the present time are anticipated by local wholesalers, as the market is steadying.

No changes in any of the quoted articles in this column are reported at the opening of today's business.

The following prices were obtained at the opening of the day's business from local jobbers and can be relied upon as official, although subject to fluctuation.

GRAIN FALLS ON STRENGTH OF BEAR NEWS

CHICAGO, Feb. 23.—Bearish predictions as to farm reserves on March 1 tended to weaken the grain markets today and upturns which had taken place failed to last. The close was easy, ¼ to ⅜c net lower, with March $1.71¼ to $1.71½. Corn lost ⅞ to ⅞¾½c and oats ⅞ to ⅞c. In provisions, the outcome was unchanged to 7c higher.

At the first the wheat market displayed considerable strength owing chiefly to word that 1,300,000 bushels of wheat had been sold for export to Greece. On the ensuing advance, however, support became slack, and talk centered for the time being on a forecast from a trade authority indicating that as a result of decreased consumption farm reserves when officially announced would be larger than had been looked for. Crop reports from Kansas and Oklahoma counted also against the bulls during the last half of the day.

Corn and oats as well as wheat sagged after an early bulge. Liberal export sales of corn helped somewhat to check the decline.

Higher quotations on hogs gave firmness to provisions.

NEW YORK SUGAR.

NEW YORK, Feb. 23.—The feature in the sugar market today was a report from Cuba to the effect that the selling committee was now in operation, which would indicate that business hereafter will be through the committee. The market was firmer and it was reported that Japan had purchased some sugar in Cuba at $4.60 f. o. b. There were sales here, however of 28,000 bags of Cubas, through operators to refiners at 4¾c cost and freight, equal to $5.77 for centrifugal.

The market for refined was quiter as most refiners were out of the market, pending further development in regard to the workings of the committee on raw sugar. Prices were quoted at $7.50@7.75 for fine granulated. Sugar futures were easier early under renewed liquidation with prices at one time 8 to 13 points net lower, although there was a partial rally near the close on coverings, with final prices 4 to 8 points lower net. Closing bids, March $4.92, May $5.17, July $5.17, September $5.55.

CATTLE MOVE MORE FREELY ON MARKETS

FORT WORTH, Feb. 23.—Cattle sold with more freedom today and the market was strong. Quality displayed quite an improvement over the recent average, several cars of a toppy sort being available out of a supply of 1,500 head of cattle, exclusive of calves, numbering 500 head. The best steers brought $7.15, choice yearlings sold at $8.00; spayed cows bought $7 and heifers made $7.75. Calf values held to a steady level.

Hogs to the number of 1,500 head were disposed to a good demand at prices that were 10 to 15 cents above packer quotations of yesterday. Packers purchased good hogs at $9.35 and $9.25 and most of the run cleared at $9.00 to $9.25. Pigs held steady, only.

Nothing was received at the sheep pens. Quotations:

Cattle—Beeves $5.00@7.25; stockers $5.00@6.50; cows $3.00@6.50; canners $2.00@3.00; heifers $5.00@8.00; bulls $3.25@4.50; calves $5.00@11.00; yearlings $5.00@8.50.

MARCH TENDER BIG FEATURES AT NEW ORLEANS

By Associated Press.

NEW ORLEANS, Feb. 23.—March tenders were the one big feature of the cotton market today and their reception was such that the price was sent to higher levels following a break around the opening. Notices in this market were issued for about nine thousand bales and more attention was given the notices in the New York market than was paid to those here. Around the opening, the uncertainty over the events of the day and very poor cables caused losses of 25 to 33 points. When it was seen that notices were being stopped, the market strengthened, losses were recovered and prices sent up for net advances which finally amounted to 12 to 26 points. In the late session, some uneasiness was displayed when tenders in New York estimated all the way from 75,000 up to 95,000 bales and prices sagged from the highest, the list finally closing one to nine points net higher on the day.

NEW YORK COTTON.

NEW YORK, Feb. 23.—The attention of cotton traders here was almost entirely monopolized by the issuance and receipt of March notices today and trading was largely attributed to switching from near to late months. Both March and May contracts made new low records at the opening. The general market closed steady net 5 points lower to 18 higher the advance being on May and later deliveries.

The March notices were estimated at around 75,000 to 80,000 bales, the bulk of them being issued by the firms who took up the January cotton. Spot houses, including those who issued notices were good buyers of the maturing contracts against sales of later deliveries. This absorbed the March liquidation and the discount as compared with May narrowed to about 60 points during the middle of the day, but rallies were held in check by the continued unfavorable trade reports from Manchester and weak Liverpool cables. The market opened at a decline of 53 points to an advance of 19 points. The close was 10 to 15 points off from the best under scattering liquidation. Report of decreased fertilizer sales are still reaching the trade and there was very little southern selling here today. Exports today, 1,000, making 3,282,142 so far this season. Port receipts 9,102; United States port stocks, 1,438,220.

COURT NOTES

Sets Two Bonds.

In examining trial Wednesday afternoon in Justice Gwinn's court, John Ainsworth, recently arrested in connection with the alleged theft of a large amount of casing in the Burkburnett field, was held to await the action of the grand jury. The bond was fixed at $1,000 by Justice of the Peace Gwinn.

The bond of J. J. Durham, arrested with Ainsworth in connection with the same alleged theft, had been fixed at $1,000 in a previous examining trial by Justice of Peace Gwinn.

Verdict for Plaintiff.

An instructed verdict for the plaintiff was given Wednesday morning in county court of law in the case of Fred L. Stevens vs. Dan Oster, the suit involving the sum of $148 on a promissory note. Walter Nelson acted as judge in the case. The trial of the case opened Tuesday morning and was not completed until Wednesday noon. The case had been appealed from justice court.

STOCKS RESUME DULLNESS AFTER HOLIDAY CLOSE

By Associated Press.

NEW YORK, Feb. 23.—Resumption of business on the stock exchange today was characterized by a continuance of the recent dullness and reactionary price changes. A few of the investment shares were steady to firm but many speculative issues experienced renewed depression.

Northern Pacific and Great Northern were relatively strong and secondary issues of roads traversing western and southwestern territories were in occasional demand.

Atlantic Gulf and West Indies recovered a small part of its severe loss, but kindred stocks, especially United Fruit developed increased heaviness. The ebb and flow of oils, motors, coppers and numerous miscellaneous specialties were uncertain until the final hour when short covering affected irreguler improvement.

Notwithstanding a very nominal inquiry for money, call loans held at 7 percent throughout the session and rates for time funds. Commercial paper and bank acceptances remained firm. Dealings in foreign exchange were desultory, but Scandinavian and Greek rates strengthened.

Trading in bonds was almost the smallest of any session thus far this year and changes, mostly irregular, both as to domestic and foreign issues, were in keeping with the sluggish market.

LIBERTY BONDS.

NEW YORK, Feb. 23.—Liberty bonds closed: 3½s $1.06; first 4s $7.14 bid; second 4s $6.94; first 4¼s $7.14; second 4¼s $6.70; third 4¼s $6.94; fourth 4¼s $6.98; Victory 3¾s $7.32 Victory 4¾s $7.40.

MONEY AND EXCHANGE.

NEW YORK, Feb. 23.—Prime mercantile paper 7¼@7¾; exchange easy. Sterling 60-day bills and commercial 60-day bills on banks $3.82¾; commercial 60-day bills 3.83; demand 3.87¾; cables 3.88¾.

France, demand 7.21; cables 7.22.

Belgian francs, demand 7.52; cables 7.54.

Guilders, demand 34.15; cables 34.25.

Lire, demand 3.64; sables 3.65.

Marks, demand 1.83, cables 1.84.

Greece, demand 7.95.

Argentine, demand 38.25.

Brazilian demand 15.75.

Montreal 12¼ per cent discount.

Government bonds irregular; railroad bonds irregular. Time loans steady, 60 days, 90 days 6 months 6½@7 per cent.

Call money steady; high 7; low 7; ruling rate 7; closing bid 6; offered at 7; last loan 7; bank acceptances 6½.

Sterling declined further in the late dealings, 60-day bills and commercial 60-day bills on banks 3.82¾ commercial 60-day bills 3.82½; demand 3.87½; cables 3.88.

HELD ON CHARGE OF VIOLATING WHITE SLAVE ACT

Charges of violation of the Mann act were filed with United States Commissioner Lantz Wednesday against W. J. Cavender. The father of a 15-year-old Burkburnett girl, signed the affidavit. The complaint alleges that Cavender transported the girl from Burkburnett to Oklahoma City for immoral purposes.

Cavender will be given a hearing Friday. In default of $750 bond he was remanded to jail after he was brought to this city Wednesday.

Pennington Begins Work On Refinery

Construction has started on the refinery at Graham of Harry Pennington, local operator. The plant site is located on the Rock Island railroad just outside of Graham and is also only a short distance from the proposed extension of the Wichita Southern railroad to that city.

The refinery which will be rushed to completion will have a capacity of 1,000 barrels daily. It is planned by Mr. Pennington to sell a large part of the product of the plant to retailers in that section, deliveries being made by tank trucks. The refinery will probably be the first plant to be completed at Graham.

Oil Drilling Permits Issued On Claim Proof

By Associated Press.
WASHINGTON, Feb. 22.—In response to a state department inquiry the American embassy at Mexico City reported today that the Mexican department of industry had been quoted as declaring that applicants for permits to drill oil wells "are only required to prove with authentic documents that they own or rent the lands on which they wish to drill."

The department of industry's statement added, however, that there had been a temporary suspension of action on petroleum concessions in the so-called federal zones until conditions for exploration and exploitation had been fixed or until enactment of a law prescribing regulations under article 27 of the Mexican constitution.

The state department had inquired of the embassy concerning reports that the Obregon government had put into force a provision of one of the Carranza oil decrees that permits would be granted only to such companies as registered their properties. This provision had been waived during the latter part of the Carranza administration because of protests by the United States.

KIWANIANS ORGANIZE CLUB HERE

Plans for Local Charter Perfected at Meeting Wednesday; Temporary Officers Chosen.

Temporary organization of a Wichita Falls Kiwanis was effected at a meeting at the Kemp hotel Wednesday afternoon, with the election of temporary officers and the formulation of plans for meetings and for the permanent organization.

Dr. M. W. Hoover was elected temporary president; Homer Lee, temporary vice president and Rhea Howard, temporary secretary. The following were named to act as directors until the permanent organization is affected: J. M. Bonner, William Viner, N. O. Monroe, Al B. Booth and Harry S. Baum, together with those elected temporary officers.

First Meeting March 10.

Meetings will be at luncheons, Thursday being the day fixed at present. The first luncheon will be held on Thursday, March 10. The place will be announced later, to be selected by a committee composed of William Viner and E. M. Belcher.

Al C. Stimers, field representative for the Kiwanis club in Texas and Oklahoma occupied the chair until the temporary organization was effected. Mr. Stimers has been in Wichita Falls for several days working on matters preliminary to the organization of the club. The charter membership of the Wichita Falls club is to be 100, Mr. Stimers announces.

The following members have been enrolled to date: Rhea Howard, J. C. Crane, G. J. Molder, Dr. M. W. Hoover, Carter McGregor, Dr. William T. Wells, Jouette M. Bonner, C. A. Kleinman, Dr. L. F. Stripling, E. M. Bercher, H. S. Baum, N. O. Monroe, Albert Ellis, William Viner, C. G. Manuel, Sidney A. Gaines, W. R. Couch, A. B. Booth, Frederick T. Datson, Dr. F. R. Collard, L. M. Forcier, Homer Lee, Louis Pink.

The membership of the Kiwanis club, Mr. Stimers states, is made up of two men from each line of business, and is through invitation from the board of directors only.

The international organization traces its foundation from the organization of the Detroit club, seven years ago—in January, 1914

Since that time the growth of the organization has been rapid, now numbering some 400 clubs in the United States and Canada with a membership of 40,000.

Platform.

The "platform" of the Kiwanis organization is embodied in the "Kreed of Kiwanis" which follows:

"First—To realize that I am a business man and wish no success that is not secured by giving the highest service at my command.

"Second—To do my best to elevate and improve the business in which I am engaged and so conduct myself that others in the same line may find it profitable and wise to do likewise.

"Third—To insist that the exchange of my goods, service and ideas are legitimate profit, provided that all parties interested are benefited thereby.

"Fourth—To conduct my business in such a manner that my competitors will realize the perfectness of the service and agree with my customer that the trade should be given to me.

"Fifth—To realize that the greatest asset of any man is his friends and that any advantage gained by reason of such friendship is perfectly proper and legitimate.

"Sixth—To keep the quality of my goods above criticism if possible and when justly criticized to accept the criticism with good grace and endeavor to improve.

"Seventh—Service and responsibility are the goods we have to sell. When we sell them right, we gain and the purchaser receives his due. If we sell them wrong we both lose on the transaction and therefore it bars us from future business.

"Eighth — We believe in the doctrine of Kiwanis. It is based on truth in business, service in business, quantity in business and last but not least, quality in business.

"Ninth—That primarily my life should be devoted to the service of my country and my God, and by honest efficiency in the conduct of my business in supplying the needs of others, I shall best meet these requirements by which the individual is measured.

"Tenth—That satisfactory service by responsible merchants builds and establishes a spirit of self-sustaining interest in a community producing a betterment of living conditions.

"Eleventh—As a better mutual service advances the interest of each individual so is this interest reflected from his environs into city and national life.

"Twelfth—To realize that I live not for myself, but for others."

RESOLUTION.

RESOLUTION APPROVING THE REPORT AND ESTIMATE OF THE CITY ENGINEER AS TO COST AND ASSESSMENTS FOR THE IMPROVEMENT OF NINTH STREET, N. W. INTERSECTION AND 100 FEET WEST OF WEST SIDE BUCHANAN STREET, FIXING A TIME AND PLACE FOR A HEARING TO PROPERTY OWNERS AND OTHERS INTERESTED, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE THEREOF AND PRESCRIBING FORM OF SUCH NOTICE.

BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF WICHITA FALLS, TEX., THAT:

WHEREAS, The Board of Aldermen of the City of Wichita Falls has heretofore ordered the improvement of Ninth Street N. W. Intersection and 100 feet West side Buchanan Street, and has received estimates, plans and specifications from the City Engineer and after adoption of same and after due advertisement and notice, competitive bids were received, and it has been determined that all of the cost of constructing curbs along said portion of said street and three-fourths of the remaining cost of such improvement shall be assessed against the property abutting thereon and against the owners thereof, and the City Engineer has made and filed with the Mayor and Board of Aldermen his report and estimate of the cost of such improvement and the estimated amount to be assessed against each abutting lot or parcel of land and the owner thereof, and showing other matters and things required by the law and the City Charter and the proceedings of this Board for such reports and same has been examined and corrected:

I.

That said report of the City Engineer filed on the 7th day of February, 1921, be and it is hereby adopted and approved.

II.

That a hearing shall be given to the owners of property abutting on said portion of said street and to all others interested and same shall be given and held in the Council Chamber in the Morgan Building in the City of Wichita Falls at 7:30 o'clock P. M. on the 14th day of March, 1921, and at such hearing and at said time and place the owners of said property or any of them, their agents or attorneys or any one else in any manner interested either in said property or in said improvement or in the manner or method of making and constructing same, or, in the contract therefor or the proceedings with reference thereto, or the benefits or damages to said property, shall be fully and fairly heard as to any of said matters and as to the amounts to be assessed against the said property and against the owners thereof and as to the benefits to said property in enhanced value by means of said improvement, and as to damages to said property or the owners thereof resulting from or to be sustained by reason of said improvement or as to any other matter or thing in any wise or incident to or connected with the said improvement, contract, proceedings or assessments therefor, or the method or manner of paying for same.

III.

That any claim for damages shall be made in writing and shall set forth the matters and things in the manner and form provided and required by the provisions of the City Charter, any other claims or matters may be presented either orally or in writing, and at such hearing all claims, protests and objections whatsoever will be passed upon by the Board and said hearing may be continued from time to time until all desiring to be heard have been fully heard, and after all have been fully and fairly heard said hearing will be closed, and at said hearing and from the evidence before it, the Board of Aldermen will determine the amounts to be assessed against each lot or parcel of abutting property and against the owners thereof and will determine the amount of damages if any to each lot or parcel of property and the owners thereof, the benefits in enhanced value of each lot or parcel of property, by means of said improvement, and will correct any errors, mistakes or invalidities in any proposed assessment and in any proceedings with reference to the making or constructing of said improvement or the levying of assessments therefor and will thereafter by ordinance make and levy assessments against each piece or parcel of abutting property and against the owners thereof in the proportion provided and in the manner and form and in accordance with the terms required and provided and in the manner and form and in accordance with the terms required and provided by law and the City Charter and the ordinances, resolutions and other proceedings of this Board. After such hearing is closed any one desiring to appeal the reform shall prosecute and appeal to any Court having jurisdiction within 20 days from the date such hearing is closed and final assessments levied and not thereafter, and all persons shall after the expiration of 20 days from the levying of such assessment be forever barred and estopped from in any manner attacking or resisting same or asserting any error irregularity, mistake or invalidity therein. The City Secretary is hereby directed to give notice of the time and place of said hearing to the owners of said property and to all others interested by causing such notice to be published in the official newspaper of the City, which said notice shall be in substantially the following form, to-wit:

"To the owners of property abutting on Ninth Street N. W. Intersection and 100 feet West of West Side Buchanan Street, and to all others interested, notice is hereby given to the intention of the City to proceed with the improvement of Ninth Street from N. W. intersection and 100 feet West of West side Buchanan Street, by raising, grading and filling same, installing concrete curbs and gutters and paved with concrete, and all lots and lands abutting on said portion of Ninth, street, will be assessed for a portion of the cost of such improvements, and such assessments when levied shall be a first and prior lien upon the lots and lands assessed and a personal claim and charge against the owner thereof: On the 14th day of March, 1921, in the Council Chamber in the Borgan Building in the City of Wichita Falls, at 7:30 o'clock P. M., all such owners, their agents or attorneys or any other persons desiring to be heard will be fully heard by the Board of Aldermen and any protest, objections or claims will be fully heard by the Board of Aldermen and any protest, objections or claims will be fully and fairly heard, the benefits and damages resulting from said improvements will be determined and the amounts to be assessed against each lot or parcel of land and the owner thereof will be determined, and assessments therefor will be levied. Plans and specifications for said improvements and form of contract and report of the City Engineer showing estimated cost thereof, and the estimated amount of assessment against each lot or parcel of land, the owner thereof, are on file in the office of the City Secretary and open to inspection. The estimated cost of said improvement is Twenty Five Hundred and 30-100 Dollars, the estimated amount to be assessed against property owners is Sixteen Hundred Fifty-four and 33-100 Dollars, the estimated amount to be assessed against abutting property for curb is Ten Hundred Seventy Two Dollars per lineal foot of curb, and the estimated amount of the assessments against abutting property and the owners thereof for pavement and excavation for pavement is 13.8952 Dollars per front foot. All persons, firms, corporations or estates, their agents or attorneys desiring to be heard about any matter or thing in any wise connected with said improvements, the assessments therefor, the benefits thereof or the proceedings connected therewith shall be and appear before said Board at said time and place.

Done in accordance with resolution of Board of Aldermen of the City of Wichita Falls.

Passed on the 14th day of February, 1921.

GEO. W. THORBURN, City Clerk.

And said notice shall be published in said paper not less than four times and the first of said publications shall appear not less than 14 days prior to the date set for said hearing, not counting the said day of hearing, and the City Secretary shall cause to be mailed to each owner whose name appears on said report of the City Engineer a registered letter containing a copy of said notice, such letter to be deposited in the postoffice at Wichita Falls and such notice by letter shall be cumulative of the notice by advertisement and such notice by advertisement shall be sufficient whether or not any other notice be given and whether or not such notice by letter be received or sent.

Wilson Plans Devoting Life To World Peace

WASHINGTON, Feb. 23.—President Wilson expressed the determination today to devote himself upon retirement to private life to a continuation to his efforts toward world peace.

In his first public utterance since the November election, the president, in receiving a delegation from the Woodrow Wilson club of Harvard University at the White House, declared he had no intention of writing a history of the Paris peace conference. He added that was a task he preferred to leave to the professional historian as the public might be prone to take into consideration the personal equation in any account of the peace proceedings he might write.

After their visit, members of the delegation stated that they "were deeply impressed with the great heart of the president as he seemed in reflection to think over the question of peace," and said that they were "deeply touched by the president's faith in the ultimate accomplishment of his efforts toward peace and by the almost brilliant good humor with which he is leaving the White House."

Dry Advocates Forestall Plan For "Dampness"

By Associated Press.

WASHINGTON, Feb. 23—Friends of prohibition enforcement in the house today won another battle to keep liquor beyond the reach of those not permitted to handle or drink it.

After a flare up that threw the house into bitter debate toward the close of a peaceful holiday session, the prohibition forces rallied followers and put through a motion directing conferees on the deficiency bill to give the government $1,400,000 to break up the liquor traffic from now until July 1. It was the top figure discussed.

Before the vote was taken, however, charges flew thick, Chairman Good of the appropriations committee declaring that the enforcement agents openly are winking at the law's violations. Representative Volstead, author of the act, came back with the charge that attempt was being made to break down the machinery of enforcement through failure to provide adequate appropriations.

As a result of one bakery shop in New York city recently cutting its price to 5 cents a loaf, sales jumped almost immediately from 80 to 1,000 loaves a day.

COMMUNISTS POLL LARGE GERMAN VOTE

By Associated Press.

BERLIN, Feb. 23.—The German communists polled 1,200,000 votes in the elections of Sunday last to the new Prussian landtag, or diet. This was their first appearance on an official Prussian ballot. The communists captured thirty seats and will constitute with the independent socialists, who elected 28 deputies, the Far Left opposition wing of the chamber.

The majority socialists will enter the landtag with 111 deputies, having lost 41 seats. The democratic party's representation is reduced from 66 to 25, and the clericals from 94 to 83, giving the present Prussian three party coalition block 219 mandates as against their former 304.

While the old coalition believes it would be able to construct a new ministry, a realignment is expected which would comprise the majority socialists, the clericals, the German peoples party and the democrats.

The majority socialists are reported to be less hostile to the German people's party, largely due to a desire to see the government on a basis wider and firmer in view of the pending reparation deliberations.

The German people's party increased the number of its diet mandates by 25 and the German nationalists won 23 seats. The new Diet will meet March 10.

HUDSPETH WILL REQUEST WILSON TO AID TARIFF

Record News Staff Bureau.

STAMFORD, Texas, Feb. 23.—The West Texas Chamber of Commerce headquarters office today received a telegram from Congressman Hudspeth of the El Paso district ,advising that as soon as the Fordney tariff bill came out of conference he would appeal directly to President Wilson for his approval. The proposed measure would put a tax on imports of wool and kindred products so as to aid the wool and sheep men of West Texas. At present there are hundreds of thousands of pounds of wool in storage in West Texas which cannot secure a market price sufficient to warrant disposition.

NEW YORK MAN FILES SUIT AGAINST OIL CO.

DALLAS, Feb. 23.—W. M. Osgoodsby of New York today filed suit against the Great States Petroleum Company for damages and debt amounting to around $350,000. Osgoodsby claims that he purchased 25,000 shares of stock in the company at $10 each on the strength of claims that the company owned a million dollar pipe line, thousands of acres of leases in the proven fields and 28 oil wells.
