VOLUME XIV—No. 3. COLORADO, MITCHELL COUNTY, TEXAS, FRIDAY, OCT. 18, 1918 Whipkey Printing Company

If the 4th Liberty Loan Were to Fail It Would Kill the Pride and Break the Hearts of Our Boys in France

SPANISH INFLUENZA NOW RAGING HERE

A NUMBER OF CASES, BUT NO DEATHS FROM THIS DISEASE; ALL PRECAUTIONS ARE BEING TAKEN

The Spanish Influenza sitiuation in Colorado and Mitchell county, is not as serious as at many other places. There are quite a number of cases in town, in fact nearly every family has some member who has had it, is just taking it, or is down in bed with it. Very few cases of pneumonia has developed, and many of the cases of influenza are of a light form. We know of no deaths in this immediate community caused from this disease.

Dr. T. J. Ratliff being sick, leaves only two doctors, C. L. Root and P. C. Coleman, to cope with the situation. They are busy day and night. Help cannot be obtained at all, and neighbors who have to go in and wait on the sick of course take it, so it is rapidly spreading from family to family.

The bright, dry and cool weather which has prevailed for the past two weeks, has been very favorable to the people, and no doubt this is one of the reasons that pneumonia has not been more prevalent.

The city authorities have taken every precaution to combat the disease, having dismissed the schools, churches and all places of gatherings, and insist that children do not congregate on the streets, but be kept at home and isolated as much as possible from those who are affected.

The physicians seem to think that the epidemic is now pretty well under control, but there is plenty of time yet to have some serious cases. They especially warn people who have had the disease to be very careful about getting up and about before being fully recovered. A relapse which almost always goes into pneumonia, being the greatest danger. Be sure you are well before exposing yourself; and even then be careful.

If the weather should continue is in the past few weeks, the greatest danger will have been passed in a few days, though to be on the safe side every precaution should be taken, and the rules as laid down by the physicians, should be observed until it is entirely eradicated from the country.

Colorado has been fortunate so far in loss of life from this terrible disease, and let us all do what we can to hold it in check.

How to Send Xmas Packages to Our Soldiers and Sailor Boys

Rules to be Followed as Issued by the Army and Navy Departments

Aemrican soldiers in France can receive but one Christmas package each year and each package must weigh not more than three pounds, according to regulations announced by the war department. Boxes for men in the navy, however, may weigh 20 pounds.

The regulations governing Christmas packages for soldiers have just been completed after conferences between the war and post office departments and the American Red Cross.

"Relatives and friends," says the war department's announcement, "who are planning to make Christmas for the soldiers in the war zones as merry as conditions will permit, should bear in mind that each soldier is entitled to but one of these packages. The war department will not accept more than one parcel for each man. It is expected that approximately 2,000,000 of these packages will be sent abroad and the amount of shipping space provided for their transportation will not permit of any deviation from the'one parcel a man rule.'

"The men themselves will decide who is to send these parcels. They are now receiving Christmas parcels labeld with instructions to mail these labels to the person in this country from whom they wish to receive the holiday box. To avoid any chance of duplication, each soldier gets but one of these labels. Packages that do not bear these labels will not be accepted. In the event of this label being lost it cannot be replacel.

"No Christmas parcels will be accepted for shipment after November 20. The cardboard boxes or cartoons to be provided for these parcels are three inches by four inches in size. When packed, wrapped and ready for mailing these boxes must not weigh more than three pounds."

The American Red Cross has agreed to provide these cardboard boxes and to supervise their distribution to relatives of soldiers who present the proper Chdistmas parcel label credentials. The following is followed by persons planning to an outline of the procedeure to be send one of these parcels abroad:

On receiving one of these Christmas parcel labels it should be presented at the nearest chapter, branch or auxiliary headquarters of the Red Cross, where the holder will receive a cartoon. These labels are not expected to reach this country before November 1, but by that time each Red Cross branch will have its allotment of boxes, based on the number of soldiers in service overseas from that community.

These boxes may be filled with any combination of prohibited articles, except those on the list barred by the postal officials. The articles prohibited are all intoxicating liquors, all inflammable material, including friction matches, and any composition likely to ignite or explode (cigarette lighters come under this classification), liquids and fragile articles improperly packed. Under the regulations no note or message or written matter of any kind will be permitted to remain in the boxes.

In adition to the foregoing list of prohibited articles relatives and friends are urged to bear these facts in mind:

Do not put anything in the package which will not keep fresh until Christmas.

Pack dried fruit and other food products in small tin or wooden boxes.

Give preference to hard candy over chocolates, unless the latter are inclosed in heavy wrappers.

Do not put in articles packed in glass.

Gifts should be wrapped in khaki-colored handkercieths, 27 inches square.

When the package has been packed it should be taken, unwrapped and unsealed, together with the label and sufficient stamps, to the nearest collection center designated by the Red Cross. After the package has passed the inspection of the Red Cross representatives the Christmas label bearing the address of the man for whom it is intended is placed on it. The person sending the package, in the presence of the Red Cross worker, is required to affix stamps sufficient to carry it to Hoboken, N. J.

In the Navy department instructions for Christmas packages to sailors in home waters and abroad, it is provided that all boxes are limited to 20 pounds in weight and are forwarded in care of supply officer, fleet supply base , Twenty-ninth Street and Third Avenue, South Brooklyn, N. Y.

Shipments of Christmas packages for naval vessels abroad should be made so as to reach New York not later than November 15.

MITCHELL COUNTY GOES OVER THE TOP

WE ARE "OVER THE TOP"---BUT DON'T STOP; THE FOLLOWING WIRE TO THE RECORD FROM HOOPES TELLS WHY

Your city and your country have gone over the top with the Liberty Loan and I congratulate you sincerely.

It may be that an impression exists that no further action is necessary. The loan is about 60 per cent subscribed and the need for patriotic men and women to come farward and volunteer to buy BONDS was never so great. I appeal most earnestly to every citizen in your city and country to reconsider his Liberty Loan subscription and if it is within the bounds of possibility go to the bank and buy more bonds. The situation is indeed grave and the man or woman in your community who will come forward and help at this time is doing the most truly patriotic act that it is possible for anyone to do at this time. I appeal to you once more to buy more Bonds for it would break the hearts of our boys in France if the loan failed.

J. W. HOOPES,
Federal Reserve Bank

RESOLUTIONS

Unanimously Adopted by the People of Colorado at the War Trophy Train

Last Monday evening a good size crowd was at the station when the War Trophy Train No. 1, of the Fourth Liberty Loan, came in,though it was several hours later than advertised. Speeches were made by a French soldier and an American soldier, both of whom had been wounded in battle. They were heartily applauded. No effort was made to sell bonds as this county is already well "over the top." But after the people had looked through the train and inspected trophies gathered from the battle fields, the following resolutions were adopted by unanimous vote:

We, the people of Colorado, in meeting assembled at the Fourth Liberty Loan Special Trophy Train Number One, declare:

That we look with horror upon the crimes committed by the German Autocracy and German Army against all laws of God and man;

That in these troublous times that try men's souls we subscribe to the fundamental Mosaic Law of "An eye for an eye and a tooth for a tooth,"

THEREFORE BE IT RESOLVED, and we so request, That our National Government and the Governments of the Allies make it known to the Germanic Powers and authorities, that the United States and the Allies will not consider in any manner the question of peace, until and unless the Germanic Allies evacuate all territory occupied by force during this war as well as Alsace-Lorraine; and until and unless said Germanic Allies restore in kind all property destroyed in or removed from invaded territory or pay the money value thereof; and until and unless the German Emperor and his executive officers, as well as those army officers in charge of units committing crimes be surrendered and deliver over to the United States and the Allies for trial and punishment, under the laws of the country where such crimes are comitted; that the rules of conduct enforced against the individual members of civilized society and punishments administered for violations of well established and generally recognized principles and rules of law must be enforced against those in high places of power and government; and

We further declare in favor of prosecuting this war until our enemies make an unconditional surrender.

SOLDIER BOYS

To The Record:

This leaves me still doing, but sorry to say I am not well, nor sick enough (physically) to go to the hospital, but I am sick of this camp and I have only ben here 15 hours.

I didn't know I had left home until I left Fort Sam Houston, but after stopping a short two months in Camp Bowie and then coming here, I find we are really camping. We will only be here ten weeks and that is too long.

We will get what is called "Intensive training" while here.

Please send the Record to this address.

Corp. Jesse H. Henley,

FROM CORP. RATLIFF

Just received a copy of the old home town paper and noticed a good many letters from the boys in service and I couldn't help but drop you a few lines about the Ordinance Corps.

I have been in this camp for over four months and have gained at the rate of 6 pounds per month. At present I am in the Headquarters on the 2nd Provisional Regiment and have been since the 18th of June. I have tried to get the commanding officer to put me in an overseas company and let me go over, but it has been in vain, for I haven't succeeded yet.

We haven't very much to do just now as the draft is being held up on account of the Spanish influenza. Fortunately this camp has been hit very light. although we are under rigid quarantine and the death rate is about seven per day.

We are expecting 5,600 men in about the middle of next week and then we will have lots to do to get them fitted up for oversea service.

Camp Hancock is the healthiest camp in the United States, has the largest Machine Gun Training Center of the world (and you would believe it too, could you hear these machine guns spitting bullets all day) and, is the Ordinance Training Camp and consentration camp of the U. S.

Augusta is only five miles and is one of the oldest towns in the United States. There are a good many historical incidents connected with it, for instance the visit of General Lafayettee and General Sherman is supposed to have uttered his favorite saying that "War is Hell" on the sight where the Camp is now situated.

Guess Colorado is somewhat of a dull place, but there will be some lively times when all the boys get home. I'll probably be one of the last boys in owing to the nature of the work of the Ordinance Department, but I'll be there just the same.

CORP. ROBT. H. RATLIFF.

BANKHEAD HIGHWAY

J. A. Rountree, Secretary Bankhead National Highway Association, Birmingham, Ala., wires C H. Earnest that pathfinding party left Birmingham on 13th inst for their tours of inspection and expect to arrive at El Paso on the 27th. Their first route of inspection will be through Arkansas, Oklahoma, upper Panhandle, New Mexico (Roswell) to El Paso From the last named point they will proceed eastward over Texas Highway No. 1, along the T. & P. Railway to Texarkana.

He requested Judge Earnest to look after details of trip from El Paso to Colorado, and in that connection Judge Earnest is now undertaking to collect inspection fees of $1 per mile through counties between El Paso and Colorado. It is also expected that localities along the route will look after the pathfinding party in the way of furnishing cars from place to place, and other courtesies, as is done elsewhere, each county being expected to meet pathfinders at the nearest town and accompany them to next town enroute. Pathfinding Committee will consist of President Plowman Sec'y. Roundtree and the selected pathfinding committee coming from the States of Virginia, Georgia, Alabama and Tennessee, and among them will be also Morris O. Eldridge from Office of Public Roads, Washington, representing the United States Government.

We have some very fine road to show the party through Mitchell County. It will be understood that there is competition for this Highway and very strong competition, and that we, by no means, have the highway, but only the prospect of it. Let's show this distinguished party some courtesy

In this connection, as illustrating the importance of this highway, it may be said that some time in December the Military Affairs Committee of the United States Senate has granted a hearing on the proposition as to whether this highway will be made a National Highway.

News comes that Hall DeGarmo is now a Corporal. He received this promotion before he was eighteen years old.

FOUND DEAD IN CHAIR.

Maywood Glisson, age about 35 years, was found dead, sitting in his chair in his rooms at Sweetwater last week. He had been suffering with influenza, but the physicians say the immediate cause of his death was heart failure.

His parents, Mr. and Mrs. D. F. Glisson of Cisco, were notified and came immediately, and the remains were interred at Sweetwater.

Haywood, better known here as "Shorty" used to live here with his parents, Mr. Glisson having been in the mercantile business at this place. Haywood had served several years in the army and was a robust young man in the prime of life.

The Record and friends of the family in Colorado extend sympathy to the bereaved family in the untimely death of their boy.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross Feverish, Sick, Billous, Give Fruit Laxative at Once.

Every mother realizes, after giving her child "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowls, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomachache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company." Adv5

ACKONWLEDGES RECEIPT OF $60.27

Mr. W. P. Leslie,
Colorado, Texas,
Dear Friend:

We acknowledge with sincere thanks the receipt of the contribution to Salvation Army War Work made by the good people of your community. To this extent they have employed our workers to represent them behind the lines in France and we will do our best to merit the continued support of your people.

As you doubtless know from reading the daily news dispatches, Salvation Army lasses are now advancing with the American troops and are sharing their dangers and by their services are contributing to the victories "over there." It is our purpose to keep our workers in the front lines because there it is that the need for their service is greatest and the news stories of Salvation Army work justifies the belief that we are contributing in no small measure to the wonderful spirit which is making our boys so successful. The contributions from your people make this work posible and the devoted service given by yourself and your associates is responsible for the splendid response from the people of your community.

We thank you and all who aided you in this effort and we ask that you extend to all contributors, thru the columns of your county newspaper, our sincere thanks for their splendid support.

Yours very truly,
GEO. WOOD,
Brigadier-Chairman

I endorse the above word of appreciation. Have taken various collections in time, but none so perfectly free-will as this.

Special thanks are due Scout Master Persons and Scouts Brooks Bell, Jr., Roddy Merrett, George Edward Stowe, James Adams, Homer Hutchisen R. O. Pearson, Jr., and Ell May. I did not before know what useful and effective service these scouts were capable of rendering. This community ought to lose no opportunity to promote and perfect this boy scout organization.

Special thanks are also due Miss Irene Garland of Loraine and the willing and enthusiastic school children that made the collection at that point a success. I do not know their names, but at any time a favor can be rendered them or that community, we shall be happy to respond.

Whatever sucess attended the above collection is due to the earnest efforts of the above named persons and the willing contributors.

W. P. LESLIE,
Chairman.

PLANTING COTTON SEED FOR SALE.

I have for sale the genuine, well matured Mebane cotton seed for sale at $1.50 per bushel; also a few Willis seed at $2.00 per bushel; and Lone Star seed at $2.00 per bushel. 1450 pounds of this cotton made 566 lbs. of lint. See me or leave orders at Watson's gin.—B. C. Murphy.

On October 1st, Sir John Barleycorn made a reluctant adieu to his friends and devotees in New Mexico and disconsolately betook himself to more promising fields. Thus New Mexico is aded to the growing list of bone dry territory and it is safe to say that never again will booze be publicly and lawfully dispensed in that state.

Cascarets Work While You Sleep

No headache, biliousness, upset stomach or constipation tomorrow

Spend 10 cents—feel grand! Tonight take Cascarets to liven your liver and clean your bowels. Stop the headaches, billious spells, sourness, gases, coated tongue, bad breath, sallowness and constipation—Take Cascarets and enjoy the nicest gentlest "inside cleaning" you ever experienced. Wake up feeling fine. Cascarets is best cathartic for children. Taste like candy. No disappointment! Thirty million boxes of this harmless, famous cathartic are sold each year now.

Saving is a matter of habit—Get the habit.

THE NORTHWEST TEXAS CONFERENCE

One of the most interesting features of the Northwest Texas Conference of the Methodist Episcopal Church South which convenes Oct. 23rd at Lubbock Texas, will be the "Centenary Day", which will be observed Oct. 24th. Bishop James Cannon of Virginia, will preside.

Among the speakers who will present the Centenary program will be Dr. W. W. Pinson, Dr. J. L. Neill, Mrs. J. W. Downs, of Nashville, Tennessee; Rev. F. S. Onderdonk, of San Antonio, and E. O. Watson, representing the War Work Commission.

The subjects to be discussed on "Centenary Day" will be "World Reconstruction after the War"; "Gods Call to the Church in a Worlds Crisis"; "The Church's Opportunity to get Out of Littleness into Bigness" Bishop Cannon will be one of the principal speakers. A leading layman will discuss "Can We Put It Over?" and a steropticon lecture will show the needs of the mission fields.

Quite a number of people from Colorado will attend this great meeting.

HEAD AND NOSTRILS STUFFED FROM COLD.

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doese are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such propt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. Adv.

TEACHERS' EXAMINATIONS

To the County Superintendents:

This is to advise that a special examination will be held for Teachers State Certificates in every county in Texas on Friday and Saturday, Oct. 18 and 19th.

I trust that you will give notice of this examination in all of the local county papers, in order that all teachers desiring to take this examination may be informed as to the time when the examination will be held.

The examination questions will be sent you at the usual time that you receive questions prior to each examination.

If you desire aditional examination suplies, it wil be necessary for you to write for them, but the questions will be sent without request.

Sincerely,
W. F. DOUGHTY.
State Superintendent.

COTTON SEED MEAL AND HULLS

You will find plenty at the Oil Mill in Colorado.

The Buckner Orphanage at Goodnight has been formally opened and fourteen orphan children and a matron have been transferred from Dallas to the new home.

The proper name for the Spinning nose drive in the aviation school is Vrille.

TELLS OF THIRTY-TWO YEARS OF TROUBLE

Dunavant Free From Rheumatisem First Time Since He was Seven Years Old—Tanlac Only Thing Heled Him

"I am free from rheumatism for the first time in thirty-two years, since taking Tanlac," said B. N. Dunavant, 934 Johl Place, Memphis, Tennessee

"When I was seven years old, I was taken down with rheumatism," he continued "and for two years I was unable to walk and had to be carried about by a nurse. I had it in three forms, muscular, sciatic and inflammatory and I simply suffered agony from head to foot. I was down from two to three months at a time, unable to do anything and my left arm got so I couldn't raise it from my side. Many a night I suffered so I couldn't sleep a wink and would have to get up and walk the floor.

"I tried medicine after medicine and made two trips to Hot Springs, but nothing gave me more than temporary relief. Some of the medicine I took was so strong it upset my stomach, and I got worse. I started taking Tanlac, and took six bottles and I haven't had a pain since I finished my last bottle nearly a year ago. I went through the last hard winter without a pain. My stomach has been put in good condition also, and I have gained eight pounds. I feel like a different man."

Tanlac is sold in Colorado by W. L. Doss; Loraine by Garland & Elliott; in Westbrook by J. H. Board. Adv.

DR. S. A. HAYDEN DEAD

Dr. S. A. Hayden died at the home of his daughter in Dallas Oct. 11th. Dr. Hayden was a teacher, soldier and preacher. He taught latin and Greek in Woodlawn Collegiate Institute in Kentucky. He went through the Civil war, and was Captain of the Louisiana Brigade in action at Atlanta Aug. 8, 1864. He was ordained to preach in 1866. He came to Texas in 1875 and held pastorates at Paris, Jefferson, Galveston and Dallas. He was editor and publisher of the Texas Baptist and Herald for 25 years.

SHERIFF'S SALE—REAL ESTATE

State of Texas County of Mitchell:

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Smith County, on the 11th day of September, A .D. 1918, by Whit Owen, Clerk of said Court, for the sum of One Thousand Three Hundred Twenty-one Dollars and Eighty-seven Cents ($1321.87) with ten per cent interest from the 17th day of April, 1918, and the further sum of One Hundred Thirty-two Dollars and Eighteen Cents ($132.18) with 6 per cent interest thereon from April 17, 1918, and all costs of suit, under a judgment with foreclosure of vendo's lien, in favor of the Bolton Motor Company, W. C. Botlon and W. B. Bolton, in a certain cause in said court numbered 8407 and styled Bolton Motor Company et al vs. F. C. Dale, et al, placed in my hands for service, I, A. W. Cooksey, as Sheriff of Mitchell County, Texas, did, on the 20th day of September, 1918, levy upon certain real estate situated in Mitchell County, Texas, consisting of two tracts:

First tract: Being a part of Section No. 41, of Block 12 granted to the H. & T. C. Railway Company and being all of the North half of Section No. 41, in Block No. 12, of Survey for the H. & T. C. Ry. Co., by virtue of Certificate No. 41-5255, consisting of 320 acres of land.

Second tract: Being a part of the tract of land originally granted to I. L. Ellwood, Cert. S. F., Abst. 1700, Sec. 1, described as follows: Beginning at an iron pipe set in an old stone mound and marked No. 14, same being the N. W. corner of Survey No. 41, in Block No. 12 H. & T. C. Ry. Co. Survey, South with the West line, of Survey, 950 vrs. to an iron pipe set for the center of the West line of said survey, a corner hereon; thence West 211.6 vrs. to a stake in the center of the present Colorado and Robert Lee road; thence North along the center of the said land a distance of 950 vrs. to a stake for the N. W. corner hereof; thence east 27¼ vrs. to the place of beginning; 36.08 acres of land, more or less;

And levied upon as the property of F. C. Dale and J. H. Hall, and that on the first Tuesday in November, 1918, the same being the 5th day of said month, at the Court House door of Mitchell County, in the town of Colorado City, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell the above described real estate at public vendue for cash, to the highest bidder, as the property of said F. C. Dale and J. H. Hall.

And in complance with law, I give this notice by publication in the English language once each week for three consecutive weeks immediately preceding the date of said sale, in the Colorado Record, a newspaper published in Mitchell County, Texas.

Witness my hand this the 20th day of October, A. D. 1918.
1025c A. W. COOKSEY
Sheriff Mitchell County, Texas.

No time to count the cost as he jumps into the unknown, as he springs to success or eternity.

FINANCIAL REVIEW

The enormous expenditures of our Government in conducting the war are indicated in the following figures which have just be made public.

Since the beginning of the war we have spent for army use for flour: $37,000,000; $14,000,000 for sugar; $43,000,000 for bacon; $12,000,000 for beans, $9,000,000; for canned tomatoes, and $3,000,000 for rice.

We have spent $126,000,000 for shoes; $300,000,000 for clothing, and $150,000,000 for blankets.

Our axes for the army have cost $6,000,000; our rolling kitchens $47,000,000 and field ranges $1,500,000. The army is using 2,500,000 shovels that cost $1 each

Our motor trucks to carry supplies and ammunition cost $240,000,000, and for horse-drawn wagons and carts we have spent $37,000,000. Our 279,000 horses and 132,000 mule have cost us nearly $100,000,000; to feed them has cost over $60,000,000, and the harness for them nearly $30,000,000.

JAPAN'S RISING DEMOCRACY

For the first time since the Constitution of Japan was promulgated in 1889 by a Mikado who had overthrown the Shogun and the military caste, Japan now has a Ministry led by an untitled citizen who is the head of a political party. Like his aristocratic predecessors, he is responsible to the Emperor and not to Parliament, but when a political party becomes powerful enough to set aside long established monarchical, political and social usage it may be expected soon to work out for-reaching constitutional reform.s

Democracy has been making headway in Japan with gigantic strides, especially since the beginning of the present war. The Government and the Army of the empire were organized chiefly upon German lines but the more recent alliance with Great Britain and the wonderfully receptive attitude of the people toward the liberal principles of English-speaking nations have made a modification of that system inevitable. In economic conditions also arising during the war, from which the great mass of the people suffer keenly, democracy has received new impulses.

Perhaps the most encouraging phase of this situation is the unanimity with which the press supports the innovation and for the sake of progress insists that the new Cabinet have every opportunity to carry out its plans. If Japan of its own motion should establish parliamentary rule and Ministerial responsibility in advance of Germany, cheered and cheered, it would be a significant triumph for a people long hated and belied in Berlin

CLEANSES YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears and Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed. Adv.

Theda Bara on the screen has brought up the question of her family and if she was a brunette.

UNCLE SAM'S ADVICE ON FLU

U. S. Public Health Service Issues Official Health Bulletin on Influenza.

LATEST WORD ON SUBJECT.

Epidemic Probably Not Spanish in Origin—Germ Still Unknown—People Should Guard Against "Droplet Infection"—Surgeon General Blue Makes Authoritative Statement.

Washington, D. C.—(Special.)—Although King Alphonso of Spain was one of the victims of the influenza epidemic in 1893 and again this summer, Spanish authorities repudiate any claim to influenza as a "Spanish" disease. If the people of this country do not take care the epidemic will become so widespread throughout the United States that soon we shall hear the disease called "American" influenza.

In response to a request for definite information concerning Spanish influenza, Surgeon General Rupert Blue of the U. S. Public Health Service has authorized the following official interview:

What is Spanish Influenza? Is it something new? Does it come from Spain?

"The disease now occurring in this country and called 'Spanish Influenza' resembles a very contagious kind of 'cold' accompanied by fever, pains

Coughs and Sneezes Spread Diseases

As Dangerous as Poison Gas Shells

in the head, eyes, ears, back or other parts of the body and a feeling of severe sickness. In most of the cases the symptoms disappear after three or four days, the patient then rapidly recovering. Some of the patients, however, develop pneumonia, or inflammation of the ear, or meningitis, and many of these complicated cases die. Whether this so-called 'Spanish' influenza is identical with the epidemics of influenza of earlier years is not yet known.

"Epidemics of influenza have visited this country since 1647. It is interesting to know that this first epidemic was brought here from Valencia, Spain. Since that time there have been numerous epidemics of the disease. In 1889 and 1890 an epidemic of influenza, starting somewhere in the Orient, spread first to Russia and thence over practically the entire civilized world. Three years later there was another flare-up of the disease. Both times the epidemic spread widely over the United States.

"Although the present epidemic is called 'Spanish influenza,' there is no reason to believe that it originated in Spain. Some writers who have studied the question believe that the epidemic came from the Orient and they call attention to the fact that the Germans mention the disease as occurring along the eastern front in the summer and fall of 1917."

How can "Spanish influenza" be recognized?

"There is as yet no certain way in which a single case of 'Spanish influenza' can be recognized. On the other hand, recognition is easy where there is a group of cases. In contrast to the outbreaks of ordinary coughs and colds, which usually occur in the cold months, epidemics of influenza may occur at any season of the year. Thus the present epidemic raged most intensely in Europe in May, June and July. Moreover, in the case of ordinary colds, the general symptoms (fever, pain, depression) are by no means as severe or as sudden in their onset as they are in influenza. Finally, ordinary colds do not spread through the community so rapidly or so extensively as does influenza.

"In most cases a person taken sick with influenza feels sick rather suddenly. He feels weak, has pains in the eyes, ears, head or back, and may be sore all over. Many patients feel dizzy, some vomit. Most of the patients complain of feeling chilly, and with this comes a fever in which the temperature rises to 100 to 104. In most cases the pulse remains relatively slow.

"In appearance one is struck by the fact that the patient looks sick. His eyes and the inner side of his eyelids may be slightly 'bloodshot,' or 'congested,' as the doctors say. There may be running from the nose, or there may be some cough. These signs of a cold may not be marked; nevertheless the patient looks and feels very sick.

"In addition to the appearance and the symptoms as already described, examination of the patient's blood may aid the physician in recognizing 'Spanish influenza,' for it has been found that in this disease the number of white corpuscles shows little or no increase above the normal. It is possible that the laboratory investigations now being made through the National Research Council and the United States Hygienic Laboratory will furnish a more certain way in which individual cases of this disease can be recognized."

What is the course of the disease? Do people die of it?

"Ordinarily, the fever lasts from three to four days and the patient recovers. But while the proportion of deaths in the present epidemic has generally been low, in some places the outbreak has been severe and deaths have been numerous. When death occurs it is usually the result of a complication."

What causes the disease and how is it spread?

"Bacteriologists who have studied influenza epidemics in the past have found in many of the cases a very small rod-shaped germ called, after its discoverer, Pfeiffer's bacillus. In other cases of apparently the same kind of disease there were found pneumococci, the germs of lobar pneumonia. Still others have been caused by streptococci, and by others germs with long names.

"No matter what particular kind of germ causes the epidemic, it is now believed that influenza is always spread from person to person, the germs being carried with the air along with the very small droplets of mucus, expelled by coughing or sneezing, forceful talking, and the like by one who already has the germs of the disease. They may also be carried about in the air in the form of dust coming from dried mucus, from coughing and sneezing, or from careless people who spit on the floor and on the sidewalk. As in most other catching diseases, a person who has only a mild attack of the disease himself may give a very severe attack to others."

What should be done by those who catch the disease?

"It is very important that every person who becomes sick with influenza should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.

"If there is cough and sputum or running of the eyes and nose, care should be taken that all such discharges are collected on bits of gauze or rag or paper napkins and burned. If the patient complains of fever and headache, he should be given water to drink, a cold compress to the forehead and a light sponge. Only such medicine should be given as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called 'safe, sure and harmless' remedies advertised by patent medicine manufacturers.

"If the patient is so situated that he can be attended only by some one who must also look after others in the family, it is advisable that such attendant wear a wrapper, apron or gown over the ordinary house clothes while in the sick room and slip this off when leaving to look after the others.

"Nurses and attendants will do well to guard against breathing in dangerous disease germs by wearing a simple fold of gauze or mask while near the patient."

Will a person who has had influenza before catch the disease again?

"It is well known that an attack of measles or scarlet fever or smallpox usually protects a person against another attack of the same disease. This appears not to be true of 'Spanish influenza.' According to newspaper reports the King of Spain suffered an attack of influenza during the epidemic thirty years ago, and was again stricken during the recent outbreak in Spain."

How can one guard against influenza?

"In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient wholesome and properly selected food. In connection with diet, it is well to remember that milk is one of the best all-around foods obtainable for adults as well as children. So far as a disease like influenza is concerned, health authorities everywhere recognize the very close relation between its spread and overcrowded homes. While it is not always possible, especially in times like the present, to avoid such overcrowding, people should consider the health danger and make every effort to reduce the home overcrowding to a minimum. The value of fresh air through open windows cannot be over emphasized.

"When crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.

"It is especially important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible.

"In all health matters follow the advice of your doctor and obey the regulations of your local and state health officers."

"Cover up each cough and sneeze, If you don't you'll spread disease."

There was never a time when the sacrifices and the help of women were more appreciated than at the present time. Women should learn war-nursing and nursing at home. There is no better way than to study the new edition of the "Common Sense Medical Adviser"—with chapters on First Aid, Bandaging, Anatomy, Hygiene, care of the Sick, Diseases of Women, Mother and Babe, the Marriage Relation—to be had at some drug-stores or send 50c. to Publisher, 654 Washington Street, Buffalo, N. Y.

If a woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs and made without alcohol, which makes weak women strong and sick women well. It is the prescription of Dr. Pierce, used by him in active practice many years and now sold by almost every druggist in the land, in liquid or in tablets. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. Dr. Pierce's Pleasant Pellets are also best for liver and bowel trouble.

Waco, Tex.—"I was in very bad health and I took Dr. Pierce's Favorite Prescription and got all right—felt better than I had in a long time. I took it for woman's trouble and nervousness and it did me a world of good. I can recommend the 'Prescription' to anybody, as being good medicine."—*Mrs. R. O. Clanpitt, 1005 S. 13th St.*

Our friend Ed A. Warren who has conducted a job printery in Snyder for several years has leased the Post City Post and is now in Post City editing and publishing that good Garza County paper.

The Department of Labor estimates that $16,000,000 worth of time was squandered last summer by boys of high school age. This time can be utilized at tremendous profit to our soldiers, but even greater profit to the boys themselves, by teaching them how to live.

Twelve sons in active service is the record of R. H. Windslow, a negro preacher of Louisiana. Eight sons enlisted before the enactment of the selective service law and the other four are in the National Army. Two of the soldiers are twins, the last three triplets.

FRANK GIVENS DEAD

News came to Colorado last week that Frank Givens, a former Colorado boy, had died at Newport News, Va., where he was engaged on government wark. The remains were sent to Dallas for interment, where his brother, Harry, is now employed. Frank will be better remembered by Colorado people under his nickname of "Slats," and the many friends of the family will sorrow at the untimely death of this fine young man, who when he left here was in robust health. His brother, Harry, was formerly in the employ of the T. & P. Ry Co., and had just lately been transferred to Cisco and from there to Dallas.

BOSTWICK IN BUSINESS

Our old frfiend and for a number of years an employee of the Record office—W. E. Bostwick—has leased the Palmer Rustler, and is now a full fledged newspaper man on his own hook. Mr. Bostwick will make good beyond a doubt, and his friends here, as well as the Record force, wish him all kinds of luck, prosperity and honors. If hard work and close application with honesty and integrity will win them Mr. Bostwick will soon possess them all.

OFF FOR CALIAFORNIA

Early Monday morning Mr. F. B. Whipkey, the Record manager, and Mr. J. P. Pidgeon of the Winn & Pidgeon Garage, left for Caliafornia in a Buick Six. They are going via El Paso and the desert route. They had a full camp equipment and started out expecting to have a fine trip.

We guess they went just for fun as neither of them would tell what they were going for nor when they would return. It is expected that Fred Whipkey will get back in three or four weeks if he has good luck. But if he has to walk back it will be somewhat longer. Mr. Pidgeon, we understand, is looking for a location. They will stop in the Imperial Valley where everything is luxuriant under irrigation and Whipkey said that the greatest desire of his life was to see something green again and growing crops. They are delivering Mr. Guitar's automobile to him, and they will return via the box-car route.

To Record Readers:

J. L. Pidgeon and I left Colorado at 8:10 a. m. Monday for San Diago, California. We packed our bedding and camp outfit in the rear of the big Buick Six and turned her nose West. Found the roads fairly good all the way except from Coahoma to Big Springs pretty rough. Fifty miles south of Midland we struck alkali flats and salt lake region and the road here was very rough; could make only ten miles per hour.

Left Colorado through Westbrook, Iatan, Coahoma, Big Spring, and when within six miles of Stanton—first puncture. Through Stanton and when within four miles of Midland, second puncture; arrived at Midland at 1:30 p. m. Went 68 miles southwest to Edwards Bros. ranch and turend Northwest to Grand Falls, then North to Pyote; west to Barstow, arriving at 6:30 p. m. Speedometer showed 208 miles; time—a little less than 10 hours. Car in fine shape and this is written in camp and will mail at Pecos, only six miles further west.

The irrigation at Grand Falls and here at Barstow, is wonderful. Their cotton will make a bale per acre and alfalfa cuts a ton per acre at each cutting. Outside of this irrigation district we have seen no crops from Mitchell county west.

It is a little over 200 miles to El Paso from here and as we expect better roads will make it there tomorrow (Tuesday).

There is a million square miles out here unsettled and I can see very plainly why it is so—its not worth it.

No Spanish Flu out here and the people seem indifferent about the war.

We are feeling fine and enjoying the trip muchly.

El Paso, Wednesday morning.

Our last letter left us camped at Barstow Monday night. Barstow is about like Loraine, is in the midst of irrigation district and some beautiful places are here—like oasis in a desert. We left Barstow Tuesday morning at 9 o'clock, made the run, 206 miles into El Paso that night, giving us a total of 414 miles in two days, and no car trouble at all. Passed through Pecos, Hermosa, Toyah, Gozar, San Martin, Kent, Baracho and took dinner at Plateau. Here we had third puncture. From Plateau on West through Wild Horse, Van Horn, Allamore, Siera Blanca, Fort Handcock, Fabens, Yslanta, Clint, into El Paso. At Clint we met Ollie Ford and Mrs. Ford. From Siera Blanca to El Paso, 90 miles, is a perfect asphalt road, straight as an arrow, level as a floor with canals and trees on either side. This whole valley is under irrigation and is a beautiful sight.

We will leave El Paso at noon Wednesday for Deming, N. M.

We are both feeling fine, getting three square meals per day (our own cooking in camp) and enjoying the trip very much. It is worth much to pass through the Rio Grande valley.

Next letter will take up from El Paso on to the west.

F. B. WHIPKEY.

ABJECT SURRENDER PRICE OF PEACE

While the German armies were winning battles on the west front, mowing down allied troops laying waste to Belgium and northern France, capturing civilians, men, women and children and sending them as slaves to work in German fields, mines and factories, binding captive women and forcing them to submit to brutal outrage by German men and officers, cutting off the ears and hands and feet of little children, nailing captive soldiers to barn doors, burning cities, demolishing sanctuaries, blowing up our ships and murdering the passengers as they tried to escape in boats. Planning iron handed domination of Europe and America. Dynamiting industrial plants in America and inflicting every conseivable outrage on humanity and civilization the Kaiser and his war lords never suggested armistice or peace. Now why should America and the allies show them any sort of consideration. Nothing short of a destroyed monarchy, a dethroned and tortured autocrat will meet the conditions He should be left prostrate with no power of recuperation and the substance of his country should be seized to go as far as it will in settlement for the monumental damage they have wrought in France and Belgium and on the seas.

OIL DEVELOPMENTS IN SCURRY COUNTY

Oil Drilling Contract Effective in Dunn Field

Much interest is manifested this week in the developments at the Dunn oil well location. President Harris of the Oklahoma-Snyder Oil and Refining Company, was in conference the early part of the week with driller Thompson, who has the contract to "spud in" with the main well at Dunn, and they left for the oil fields to loal on the drilling machinery which is now enroute. This machinery will be unloaded at Hermleigh and hauled over-land to the Dunn location thus eliminating considerable distance, it being only seven miles to Hermleigh.

On account of the delay in getting this work started, many have intimated that a leary feeling still exists, but it is stated now that the progress is on in dead earnest and bets are going two to one that oil will be flowing within a month and a half.

A splendid showing of oil was discovered in the well recently drilled on Section 48 in the Dunn Oil field. This discovery, was made by Messrs. J. T. T. Harris and Sam Harrington while fishing out some rims which had been accidently dropped in the well. The report created quite an excitement in Snyder. Mr. Harris is just back from conference with his company and a 30,000 pound rig has been ordered shipped to resume drilling at once.

R. P. Cotton and H. F. Mitchell, both oil men, with headquarters at Fort Worth, and prominent stockholders in the Garza-Kent Oil Company, were here Wednesday morning and left for the Garza-Kent fields. Mr. Mitchell says they have a good showing of oil and gas on the Brown ranch, and the Scoggins well, although shut down for the present, has splendid oil showings. Drilling is to be resumed at both these wells at once.—Snyder Signal.

For indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless chill Tonic.

Along the Vesle General Berthelot forces, notwithstanding the machine gun opposition, have everywhere advanced beyond Revillon.

The 4,000 drafted men who arrive at Camp Logan, Houston, Texas, from Oklahoma early last month have learned the meaning of the term "melting pot" as applied to the army. Those men, who included a number of Indians from various tribes, were kept in detention camp for three weeks and since their release have been distributed among the various units of the 15th division which is being organized here with prospects of going overseas early next year. The new 80th infantry is composed largely of Oklahoma men, but the Oklahomans have been used to fill quotas in the cooking school, hospital corps, military police, sanitary and hospital trains and the various other units in the camp. If the 15th division ever gets into the fighting in France the people of Oklahoma will have a chance to claim it as their division because of the great number of her sons who compose it.

The development battalion at Camp Cody has turned out over 500 men from those who came there in some manner incapacitated for military duty.

When Wilhelm declared that he "had left no stone unturned to shorten the war" he probably was thinking of some cathedrals.

THE RETURN

I peer into the silent night,
Along the narrow path of light
Cast by the mellow candle light,
And in my fancy I can see
My boy a-comin' back to me.

The hours grow late, and still I wait,
A-listening for the creaking gate
And through my tears I seem to see
My boy a-comin' back to me.

I listen, and I seem to hear
Familiar footsteps drawing near.
I'm folded in a close embrace—
My tears are glistening on his face!
O, joy of joy 'twould be to see
My boy a-comin' back to me.

I wait in vain. Ah bitter pain!
Will my dear boy come not again?
I dream that he is standing near—
I hear him whisper, "Mother, dear."
And then I wake, and lo! I see
My boy a-comin' back to me.

—Jennie Simpson Anderson.

Both the Y. M. C. A. and Red Cross are erecting fine buildings at Fort Bayard, New Mexico, on of the chief military hospitals in the world, situated up in the hills of a few miles northwest of Camp Cody.

CAN NOW EAT AND SLEEP IN COMFORT

If troubled wth indigestion or sleeplessness you should read what Miss Agnes Turner, Chicogo, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinarry rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well." Adv.

Breadcrumbs are better than cracker crumbs for frying oysters.

STOMACH UPSET?

Pape's Diapepsin at Once Ends Sourness, Gas, Acidity, Indigestion.

When meals upset you and you belch gas, acids and undigested food. When you have lumps of indigestion pain or any distress in stomach you can get relief instantly—No waiting

As soon as you eat a tablet of Pape's Diapepsin all the indigestion pain stops. Gases, acidity, heartburn, flatuence and dyspepsia vanish. Pape's Diapepsin tablets cost very little at drug stores. Adv

The bombing planes from Ellington Field, Houston, Texas, manned by four skilled army flyers recently made a flight to Denver, Colorado. All the cities over which the planes flew enroute to the Mile High City were bombarded with Fourth Liberty Loan literature. This flight was not originated for the establishment of any records but as an advertising feature of the Fourth great bond campaign. The ships designed for the 1200 mile flight were equipped with powerful motors of the Hispana Sulza type. These motors had been carefully overhauled and tested by expert mechanics for several days previous to the flight.

ALL DRUG STORES TO CLOSE

From this date on, until October 27th we, the undersigned druggists of Colorado, will close our stores promptly at 8 o'clock p. m. After October 27th, will close at 7 o'clock p. m. War conditions makes this necessary and all customers are asked to govern themselves accordingly.

——BY MRS. A. L. WHIPKEY——

You will confer a favor npon the Record and the editor of this department if you will 'phone her (No. 157) any announcement or news item

ASSOCIATIONAL AUXILIARY

The Baptist Associational Auxiliary met with the first church of Sweetwater last Thursday. Quite a number of Colorado women attended. Mrs. Lasky and Mrs. Lee Jones were on the program and did themselves honor.

While not as many were in attendance as customary, yet the program was carried out to the uplift and edification of all.

The beloved president, Mrs. G. L. Paxton, brought a most helpful and inspiring message, and should have been heard by every woman in the association.

The honored district president, Mrs. O. H. Cooper, conducte dthe patriotic service in a most heartfelt manner—having three sons in the service. Her talk was based on: "They that Wait Upon the Lord Shall Renew Their Strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk and not be faint." At this hour the brethren honored with their presence and as most every one present had a near loved one in service it was indeed a feeling service.

Although the drouth has caused the removal of numbers of members from the district, yet the president said good reports came in from all associations in the study of the Bible and Missions.

The same officers with the exception of Juvenile Leader were re-elected. Mrs. Cox of Abilene, was selected to take the place of Mrs. Robert Terrell, who asked to be released. A chairman each of missions and benovelance was elected. Mrs. Lee Jones was made chairman of benevolence .

There has been larger meetings but never has any church ever shown more hospitality than the church at Sweetwater under the leadership of their beloved pastor, Rev. T. Y. Adams and his splendid wife.

Dinner and supper were served at the church and in such abundance and hospitality that for the time all heartaches and hard times were forgotten. May God's richest blessings be upon Sweetwater and her noble church.

Mrs. Chitwood of Sweetwater, had charge of the music and at the patriotic hour sang "Keep the Home Fires Burning."

AUXILIARY TO C. W. B. M.

The October meeting of the Auxiliary to the C. W. B. M. was held with Mrs. C. T. Harness with Mrs. Ed Jones, leader.

The topic for the hour was "A New Challenge to Service."

Mrs. Leslie Crowder read a splendid paper on "The Church as an Organization for Social as Well as Spiritual Uplift.

Mrs. A. J. Coe brought a message from headquarters.

Mrs. Jim Hale had a paper on "The Women of the Bible."

The next meeting is with Mrs. A. J. Coe.

DEATH OF MR. WOMACK

A sad blow fell on Cuthbert Saturday when one of her best citizens, Mr. Rufus Lee Womack, in the morning of life was caled to the great beyond. He had been in New Mexico working and was taken sick there. He started for home and his family met him in Snyder and took him to his home and did all that loving hands and hearts could do for his recovery, but all in vain. The loving Father called him where there is no more sickness and he obeyed the summons. He was buried at Cuthbert Sunday afternoon at 4 o'clock. The funeral service was conlucted by the pastor of the M. E. Church, Rev. W. P. Garvin of Colorado

Rufus Lee Womack was born in Hill County January 30, 1885. He came to Mitchell County with his parents in 1890, and has lived here ever since.

He was converted and joined the Methodist Church when about sixteen years of age. He was married to Miss Myrtle McKamson in 1908 in Hood County. To them were born two children—a girl and a boy.

He leaves a devoted wife and two children besides a father and mother, six brothers and three sisters to mourn his death.

KING'S DAUGHTERS

Mrs. Merritt was hostess for the King's Daughters last week. The Sunday School lesson was studied. At the business period they paid for the beautiful new service flag which has recently been put in the church. Several reported visits to new people in town. At the social hour ginger bread and tea were served. The next meeting is with Mrs. Dozier.

The friends of Mr. and Mrs. A. B. Robertson will sympathize with them in their sadness of the loss of their baby girl which was still born Tuesday morning. Mrs. Robertson is at the home of her parents, Mr. and Mrs. A. L. Whipkey and is doing nicely. Mr. Robertson is in a sanitarium at Dallas with influenza and could not be here.

BRONCHIAL TROUBLE

Mrs. A. E. Sidenberder, Rockfield, Ind., states; "For an attacks of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears. Adv.

HESPERIAN CLUB

The Hesperian Club met with Mrs. W L. Doss last week and carried the regular lesson. They decided not to have any more meetings until after the influenza had subsided.

We are informed that Ellis Pond, Colorado boy, is now concrete inspector in the engineering department of the M. K. & T. Ry Co., and is located at Sedalia, Mo. Ellis' friends will be glad to know that he has such a good position and the Record congratulates him. Of course he [illegible]

DEATH OF MRS. J. T. HARNESS

Another of Colorado's pioneer citizens has been called to her reward. Death is always sad, but there is something peculiarly sad when the faithful ones, those who have helped to lay the foundation of all that is best in life, are called. It makes those who are building on that foundation pause and ask the question: Am I carrying out my part in life to the best of my ability, that I may joyfully answer the summons when I am called? To our pioneer christian workers we owe a debt of gratitude that it will ever be hard to repay.

When the news of the death of Mrs J. T. Harness at the Baptist Sanitarium at Dallas, reached Colorado Sunday night, it brought sadness to the hearts of all who knew her.

She, in company with her daughter Mrs. Simon, went there five weeks ago in the hope that her health might be restored. Especially her eyes, for it was a great trial to her that she had to depend on others. Being a woman of great activities it was hard for her to be idle.

Her devoted children wishing that she might have every comfort in life that they could give her, sent her there with the faint hope of her recovery. But her frail body was unable to stand the shock, and other troubles that set up, and succumed, and the gentle spirit took its flight Sunday night at ten o'clock, to be with the God who gave it.

Her body reached Colorado Monday night at midnight, and the funeral services were conducted by her pastor, Rev. W. C. Garrett, at the family residence Tuesday at 3:30 p. m.

Mrs. J. T. Harness was born May 27, 1837 in Cooper County, Mo., near Boonville. Died Sunday night, Oct. 13, 1918, being past 81 years of age at the time of her death. She was never considered a strong bodied woman, but had often given evidence of marvelous powers of recuperation.

She became a Christian at the age of 15 or 16 years and united with the Baptist Church. She lived a consistent Christian life, always showing a firm faith in God and His leadership. She was the last of the charter members of the Church here.

She was the mother of five children—four of them, G. B. Harness, C. T. Harness, Mrs. Anna H. Simion and Mrs. Hill of Amarillo, being present at her funeral. The oldest son, F. B. Harness of Oklahoma, being unable to get here. She has one living sister, Mrs. Salmon, of Colorado Springs, Colo. There are also thirteen grandchildren. To all of these the Record, with a host of other friends, extends deepest sympathies.

Blessed are the dead which die in the Lord from henceforth: Yea, saith the spirit, that they may rest from their labors; and their works do follow them.

Henry Cook and family of Silver visited his sister, Mrs. DeGarmo last Monday.

I am still selling tombstones, city real estate, Singer sewing machines, needles, oil, and writing fire and tornado insurance. My office is now in the lobby of the Keathley Rooming House, where I shall be pleased to serve you in any way I can.—Ernest Keathley.

New Goods and the Latest Styles

Our New Hats are Coming in Every Week

WE are selling them as cheap as they can possibly be sold. Wholesale prices are almost double what they were a year ago, but we have marked a very small profit on our stuff. : Compare our prices with those of other places and see for yourself.

New Styles--

In tailored and street hats: Shapes extremely small and extremely large, made of velvet, plush, velour, broan cloth and chenille braid. Colors are Navy, Taupe, Allies Brown Beaver Brown, Oriental Blends, Black, etc.

Mrs. B. F. Mills

At C. M. Adams Store

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfuily say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

RED CROSS ACTIVITIES

THE AMERICAN RED CROSS — HUMANITY — WASHINGTON D.C.

NOTICE

Owing of the present epidemic of influenza the annual election of officers of American Red Cross has been changed from October 23rd to some time in November. Unless we are further notified it will be November 27th.

The Red Cross takes this action in co-operation with the health authorities to avoid calling citizens together under present conditions. It is especially desired that the annual meeting when held shall be attended by as many Red Cross members as possible—hence the change. Should later changes be made by the Red Cross our Chapter will be duly notified. Watch for further announcements.

The surgical department of the Red Cross has received another shipment of cotton, and now have plenty of material on hand and want more workers. These rooms are open on Mondays, Wednesdays and Fridays from 3 to 6 o'clock. All who can do so are urged to come and help. This department wants to thank Mr. Snively for making a shipping box for them. It was much apreciated.

MRS. CHARLIE THOMAS DEAD

News was received here Wednesday of the death of Mrs. Lillie Allen Thomas, who died at Liberal, Kans., where she had accompanied her husband on a business trip. The remains were sent here to her old home for burial, arriving this (Friday) morning. Funeral will be held at the Thomas home this afternoon. Her parents, Mr. and Mrs. Wes Allen, came in from their home at Fort Worth Wednesday night. The Record will give more extended notice next week.

WESTBROOK ITEMS.

Mrs. G. R. Leach and baby left Wednesday morning for their new home in Tuxella.

Mrs. Will Smith and family left Friday for Phoenix, Ariz.

On account of so much sickness here this week the Westbrook news will be short. Most every family has from one to two patients. Those who have been seriously ill this week are: The little girl of Mr. and Mrs. J. M. Byrd; pneumonia—condition not favorable. A. M. Bell, pneumonia, improving; Aubrey Oglesby, pneumonia, improving; Mrs. A. B. Hines, who has been confined to her bed for several months, is very low at this writing; little Mary Ruth Bell, a relapse of influenza, improving. There are a number of other cases of influenza, but no one serious. Westbrook has this consolation that it wont last much longer here as there are only a few left to have it.

Messrs. R. Bell of Deport, and Fay Bell of Midland, are here at the bedside of their brother, Alvin Bell.

Word was received here Saturday of the death of Clarence Daniels, who lives out at New Hope. He died at Bisbee, Ariz. His mother and sister took the train Thursday night for his bedside, but the worse happened before they arrived there. His body is expected here Wednesday morning for burial.

Mrs. G. J. McKinney and daughter Miss Maja, were guests of Mrs. T. L. McKen[illegible] day.

Four of the family of Mr. C. E. Franklin have influenza, but all are doing nicely.

News comes of the death of J. J. Uzzle, who went into the service from this county. He died at a camp in New York of influenza.

Leonard Simon, who has been stationed at Camp Dick, was here to attend the funeral of his grandmother, Mrs. T. J. Harness.

CARD OF THANKS

We desire to express our sincere thanks to those who ministered unto us in the sickness and death of our dear husband, father, son and brother, and for the tender words of sympathy and especially do we appreciate the kindness of Dr. Coleman and for the floral offering.

May God bless all of you and may you have such sympathy should like trouble come to you.

Mrs. R. L. Womack and Children.

Mr. and Mrs. G. W. Womack and family.

BANKHEAD HIGHWAY

The Bankhead Pathfinding Commission will start the Pathfinding tour on the morning of October 15th from Memphis, Tenn.

The Arkansas officials of the Bankhead Association will act as hosts and conduct the party over the Northern route to Fort Smith, Ark. The Pathfinding Comission will spend October 15th and 16th inspecting the route between Memphis and Little Rock. The 17th and 18th will be spent inspecting the route between Little Rock and Fort Smith.

The Commission will spend the 19th and 20th at Hot Springs. On the morning of the 21st, Messrs. C. O. Johnson of Durant, Okla., and [illegible] Okla., and [illegible] Ark., will start on the inspection of the All Texas Route of 1150 miles to Texarkana. They will be escorted by the Texas Bankhead Highway officials in the person of Vice-President Burt K. Smith, Directors John W. Atwood and C. H. Lester, Secretary A. P. Dyer, and representatives from the El Paso Automobile Club and the Dallas Automobile Club. The Pathfinding Commission will spend the night of the 30th at Toyah; the night of the 31st at Midland; November the 2nd and 3rd at Mineral Wells; the night of November 4th at Abilene; the night of the 5th at Dallas; the night of the 6th at Fittsburg and the Springs to El Paso, a distance of 1,000 miles. They will arrive at El Paso October 28th.

On the morning of October 30th, the Pathfinders wil start on the inspection of the All Texas Route of 1150 miles to Texarkana. They will be escorted by the Texas Bankhead Highway officials in the person of Vice-President Burt K. Smith, Directors John W. Atwood and C. H. Lester, Secretary A. P. Dyer, and representatives from the El Paso Automobile Club and the Dallas Automobile Club. The Pathfinding Commission will spend the night of the 30th at Toyah; the night of the 31st at Midland; November the 2nd and 3rd at Mineral Wells; the night of November 4th at Abilene; the night of the 5th at Dallas; the night of the 6th at Fittsburg and the

It is a man's business to be strong and to be trained. Man is his own devil. When he is strong enough to whip himself, all other enemies are as straw, and be laid flat by the push of a knuckle. The real gymnasium is the one in which the muscles of the soul are made competent.

—Richard Wightman.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O.

PENALTIES IMPOSED BY FOOD ADMINISTRATION FOR VIOLATION RULES

D. Aron, 224 East Sixth street, retail grocer, Houston, violation of rules governing sale of wheat flour and excessive charges for same. Place of business closed for two days and required to pay $50.00 to Army Recreational Canteen.

Kleber Baking Company, Dallas Texas, penalized for violation of baking rules by failure to use required amount of substitutes. Required to pay $250.00 to the Red Cross and close place of business for two days.

Clay County Oil Company, Henrietta, Texas, has been penalized by the Food Administration for buying cotton seed at Henrietta at a lower price than it was paying elsewhere at the same time in Texas. The mill was required to pay $400 to the Red Cross.

I. Tobias, egg commission merchant of San Antonio, Texas, has contributed to the drouth sufferers' relief fund the sum of $250.00 as evidence of the fact that in purchasing from his principals eggs which had been shipped to him on consignment he intended no violations of the rules of the Food Administration.

The U. S. Tea and Coffee Company, Houston, has been fined $25.00 to be paid the Red Cross for violation of Fair Prize Lists in the sale of corn meal.

For violating the rules of the U. S. Food Administration and for disobedience of the order of the Federal Food Administration for Texas, to discontinue seed operations pending action on their case, the license of the Farmers' Gin Company, Mabank, Texas, owned by W. E. Butler, has been suspended for the period of thirty days, beginning midnight Wednesday, September 25.

Because he took sugar allotted to him as a retailer and used it in the manufacture of soft drinks, Joe Moley of Orange, Texas, has been required by the Federal Food Administrator to pay $200.00 to the Red Cross rather than endure the sting of an "unfair order."

Since April 20, 1918, at 12 o'clock noon, the licenses of the wholesale firms of Walker-Craig Company and George McConigle Company of Brownsville, Texas, have been revoked because of violation of the rules and regulations of the U. S. Food Administration. On September 18, 1918, Herbert Hoover, the U. S. Food Administrator, authorized Administrator Peden to reinstate these two firms and immediately they were restored to their status prior to the revocation of the licenses.

The New Gin Company, Greenville, Texas, is a corporation operating gins at several points in Texas. Its license was recently ordered suspended for a period of thirty days by Administrator Peden for violation of Rule 3 of the rules regulating the Cotton Seed Industry. That rule forbids the payment of different prices by licensees for cotton seed in the same zone on the same day.

Upon reviewing the facts in the case of the U. S. Food Administration vs. J. E. Adair, retailer at Cooper, Texas, charged with having sold flour and sugar in violation of the regulations, the Enforcement Division finds the dealer guilty of the charges, and in lieu of an "unfair order" instructed that the dealer shall pay to the Red Cross $100.00 and suspend the operation of his business from September 16 to September 20, inclusive.

John Behman, a retail grocer at Corpus Christi, Texas, has been closed for a period of fifteen days by order of the Federal Food Administrator because of violation of the rules of the Food Administration.

Because the Austin Oil Manufacturing Company paid different prices for cotton seed in the same zone on the same day, the firm has been penalized $500 to be paid the drouth sufferers' relief fund.

Arthur Wolford, a retail grocer, Port Arthur, Texas, has contributed to the Red Cross $25.00 in lieu of having his supplies cut off for violation of the sugar regulations of the U. S. Food Administration.

A. Renhault, retail grocer, Houston, Texas, because of excess profits on wheat flour, has been required to close his store for two days.

Gilbreath's grocery, 841 Tulane avenue, Houston, Texas, has been required to close its place of business for two days because of excess profits on flour.

The Milwaukee Delicatessen, Houston, Texas, has agreed to pay $25.00 to the Houston Chapter of the Red Cross for overcharging on canned food commodities.

The grocery firm of A. J. McBride, Houston, Texas, has been penalized $5.00 and costs of investigation for excess profits on flour and the sale of rice as a substitute.

FUEL AND FOOD ADMINISTRATORS CO-OPERATE IN HANDLING ICE.

The Division of Collateral Commodities of the Food Administration has notified the State Food Administrators that the United States Fuel Administration is sending to the ice manufacturing trade a questionnaire, by means of which it is hoped that the local fuel administrators will be able to guide the ice trade to operate through the winter with the least possible consumption of fuel.

As the ice manufacturers and distributors have hitherto been under the supervision of the local Food Administrators, Administrator Peden has requested that they give the local Fuel Administrators that cordial co-operation and assistance. Local Fuel and local Food Administrators will co-ordinate in handling the ice question so that the aims of both may be fully accomplished and the ice trade encouraged in rendering the public a satisfactory service.

PERUNA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stopping to rest. Now I do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach."

Catarrh of the Nose, Throat and Stomach.

Peruna Is Sold Everywhere Liquid or Tablet Form

CITATION BY PUBLICATION

The State of Texas—To the Sheriff or any Constable of Mitchell County Greeting:

You are hereby commanded to summon William Mooney and Unknown Owners, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, on the Third Monday in November, A. D. 1918, the same being the 18th day of November, A. D. 1918, then and there to answer a petition filed in said court on the 15th day of October, A. D. 1918, in a suit, numbered on the docket of said Court No. 3702, wherein Mrs. Etta Caldwell, a feme sole, John H. Caldwell, Lee Christian and Nina Christian (his wife) Chas. Bragdon and Willie Bragdon (his wife), A. J. Culpepper and Ruby Culpepper (his wife), Lula Caldwell, a feme sole and James T. Johnson Guardian of the Estate of Mary Caldwell, a minor, are Plaintiffs and William Mooney and Unknown Owners are Defendants, and said petition alleging that on the First day of October, 1918, they were the lawful owners of, and were seized and possessed of certain tracts or parcels of land, known as Lot No. 3, in Block No. 35 of the Waddell and Martin Addition to the town of Colorado in Mitchell County, Texas, and that said Lot was at said time and for ten years prior thereto in peaceable and actual possession of these Plaintiffs. That thereafter and about said date these defendants set up some pretended calim to said property and premises and unlawfully withholds said property and premises from Plaintiffs' possession to them, to Plaintiffs' damages, One Hundred Dollars.

Premises considered, Plaintiffs pray that citation issue as the law directs commanding all of said defendants to appear and answer this petition, and that on final hearing these plaintiffs have judgment for the title and possession and for such other and further relief, both general and special, legal and equitable, together with costs as they may show themselves entitled.

Herein fail not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Colorado, this the 15th day of October, A. D. 1918. 11-8c

W. W. PORTER, Clerk
District Court Mitchell County.
By W. S. Stoneham, Deputy.

CENSUS TAKEN OF TEXAS SILOS

FORT WORTH CHAMBER OF COMMERCE SAYS ONLY 6,625 IN STATE.

There are 6,625 silos on the farms of Texas and their combined capacity is 7,210 tons, according to an agricultural census which has just been completed by the Research and Publicity Bureau of the Fort Worth Chamber of Commerce. This is an average of one silo to every 62 farms or one silo to every 2,000 head of livestock. The census includes returns from all but nine of the 252 counties of Texas. Those not reporting are unimportant agricultural counties and complete returns from these will not materially change the totals. Five years ago there were only 500 silos in Texas and two hundred of this number were in Brazoria County, which was the first Texas County to adopt the silo as a permanent part of farming equipment.

In making the silo survey only the most reliable authorities were consulted and data on which the census is based was procured mainly from United States Farm Demonstration Agents, County Food Administrators, Country Bankers and Secretaries of the various Texas Chambers of Commerce.

That the silo is rapidly becoming a universal agricultural institution in Texas is indicated by the fact that less than two dozen counties in the State have no silos, while forty-one counties have fifty or more each.

Gulf Coast Country Leads.

South Texas has more silos than any other section of the State. This applies especially to the Gulf Coast country where they are exceedingly numerous. Brazoria and Wharton Counties have 300 each and rank ahead of other counties of the State, both in total number and capacity. Nueces and San Patricio Counties each have 100 silos. The Panhandle country is also thickly sprinkled with these modern feed storages. Lubbock County has 200; Potter County 110; Dallam 60; Donley 49; Hansford 40, and several other Northwestern Texas Counties have as many as twenty each. The under-ground or pit silo is generally used in this section of the State.

Due principally to a shortage of farm labor and feed crops the silos in Texas are filled to only 80 per cent of their capacity this year, while in a few communities County Demonstration Agents report that silos have not proved successful and in some instances have been abandoned as impracticable. This is said to be largely due to a lack of understanding on the part of their owners and where farmers have carefully followed the advice and instructions of the United States Farm Demonstration Agents the silo has invariably proved indispensable in livestock feeding.

Metz is a very ancient town—much older than the Roman conquest.

LOCAL NOTES

Sergt. W. C. Hooks, Btry. 44th, F. A., Camp Stanley, sends in for the Record. He says "send it for only six months as I am afraid the Kaiser will come to terms before we get the chance to mop up on him as he deserves."

Clothes cleaned, pressed and delivered the same day. J. H. Greene & Co

Herman Gist of the United States Army, is home on furlough, visiting his parents, Mr. and Mrs. A. C. Gist, north of town. Herman looks fat and sassy, like army life had agreed with him.

COTTON SEED MEAL AND HULLS
You will find plenty at the Oil Mill in Colorado.

W. G. O'Neal left the first of the week for Camp Travis to be at the bedside of his son who was reported very sick.

J. H. Greene & Co., have just received a fresh shipment of novelty hats and caps. The latest creations see them.

W. A. Sutphen has moved back to Itan again. He tried Colorado awhile and liked to live here alright, but got a better "job" at Itan, and moved back there last week.

A wire from Dallas says A. B. (Bert) Robertson is down with influenza in a sanitarium.

Mrs. E. C. Robertson has the Record sent to her daughter, Miss Birdie, at Winona. Miss Birdie is teaching at that place.

Shoes are too high to buy: Have Ed Jackson repairs your old ones on a strict guarantee.

Mrs. J. J. Jackson writes from San Pedro, Calif., to send the Record to her at that place. She left Colorado a few weeks ago to make her home there. She says she wants all back numbers as she can't get along without the Record.

Florsheim shoes, the best on earth for the money, a shoe to fit every foot J. H. Greene & Co.

YOUTH-TIME

The important time to lay a strong foundation for robust manhood is while life is young and the body developing. A growing child needs every possible help to conserve energy and confirm the body in vigorous health. To a developing child

SCOTT'S EMULSION

comes with particular help. Thousands of the strong men and women of today were in *youth-time* nourished and strengthened to withstand the inroads of disease by the consistent use of *Scott's.*

Scott & Bowne, Bloomfield, N. J. 18-1

O. M. Mitchell left Monday for Brownfield where he will buy cotton. Mitch has tried to leave Colorado several times, but he always comes back. His family will remain here.

Men's New Clothes are too high in price to buy. Let Tom Hughes, the expert tailor, fix up your old suit. Phone 406—He will do the rest.

Alva Hickman, formerly a Colorado boy, but now chief high cock-a-lorum in the express company, and located at Burkburnett, is spending a few days vacation here with his parents, Mr. and Mrs. T. A. Hickman. Alva is off on the Concho this week fishing.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c.

W. R. Birmingham has moved again—this time to Palestine, Route 1. W. R. is going to keep on moving until he gets back to Mitchell County. Of course he wants the Record to follow him to his new home.

On a CASH BASIS. The Miller Garage is now on a Cash basis. Newt Miller says he has to pay cash for Oil and Gas and Parts, and he must have cash.

A card from Mrs. R. M Webb advises us to change her address from Cambridge, Mass., to Boston. In speaking of the paper she says: "I am enjoying it as it is a link of my life in West Texas and my dear friends there." Mrs. Webb's old friends is Colorado will be glad to learn that she is enjoying good health and is nicely situated in Boston.

COTTON SEED MEAL AND HULLS
You will find plenty at the Oil Mill in Colorado.

Miss Elsie Hooper, who is in the Citizens National Bank at Abilene, took advantage of the holiday and spent the week end at home.

Dr. E. A. Lee of Lees, spent Sunday in Colorado with the family of Lawrence Simpson.

W. L. Doss has a full line of the Jonteel Talc. Finest and best made. See his window for display of these goods.

Mr. and Mrs. W. H. Lee and Mrs. Herbert Posey of Aspermont, spent Sunday in the city the guests of Mr. and Mrs. Lawrence Simpson.

Grove's Tasteless chill Tonic
destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

Miss Lorena Smith left Saturday for Spur where she has accepted a position as governess.

Mrs. Lee Phenix and baby Robert Dean, visited in Colorado Friday and Saturday. They leave this week for their home in Wyoming.

Have that old suit made into a late style. TOM HUGHES, Phone 406. Expert Tailoring.

PLUMBING—I want to do your plumbing. Will do it right and at right prices. all water pipe work done promptly. I have spare time and can afford to do your work reasonable.—H. L. Baker. Phone 29 at water works.

We are advised of the change of address of Bennet W. Scott, who is now in France, and we are glad to say he has been made Corporal We are sure Benet will make good wherever he may be placed.

Mrs. E. K. Sneed sends in her annual subscription from Hillsboro. Dr. and Mrs. Sneed lived at Colorado for several years and she is still interested in the people and their doings. She is one of the paper's old time friends.

COTTON SEED MEAL AND HULLS
You will find plenty at the Oil Mill in Colorado.

A nice letter from Hon. A. B. Robertson of Slaton (an old time Coloradoan), compliments the Record and incloses money for two years subscripti n to the paper. "Sug" has been a mighty good friend to the Record for thirteen years. May he live long and prosper.

Mrs. Winnie Crockett came in Tuesday night from Wichita Falls where she has been teaching. The school closed for the influenza epidemic.

Billy Moeser, who has been employed in the express company's offices at Globe, Arizona, has resigned his position and volunteered for the tank drivers corps in the service. He spent a few days here with his mother, Mrs. W. H. Moeser, before joining the colors.

Clothes cleaned the stay clean way, by J. H. Greene & Co., and delivered the same day. Phone 154.

Dr. W. A. Williams returned the first of the week from Snyder, Sweetwater and other points, where he had been in the interest of the Episcopal Church. He says the influenza is raging in all these places and that all public gatherings have been closed. He announces regular services at the Episcopal church next Sunday at the usual hours.

Mrs. J. H. Harper of El Paso, had been to Tulsa as a delegate to the Confederate Reunion, and on her way back went down by the old home at McKinney to visit her mother, Mrs. L. P. Adamson. She brought her mother to Colorado where they spent a few days with another daughter, Mrs. Cap Hall. After which they went to Snyder to visit Mrs. Adamson's son, Jude Adamson.

NEW COUNTY JUDGE

The Commissioners Court met in regular session last Monday and the resignation of County Judge J. H. Bullock was read and duly accepted. The newly nominated County Judge, J. C. Hall, was appointed to fill out Mr. Bullock's term. His bond was made and accepted, and Mr. Hall was duly inducted into office.

Mr. Bullock arranged to move to Cisco where he will make his home, on Tuesday, but was stricken with influenza and was not able to go at that time.

Judge Hall has rented Mr. Bullock's house and had intended to move in Tuesday, but was prevented by Mr. Bullock's sickness. However, Judge Hall says he will move over this week if he has to camp out for a few days.

He is "right onto his job" and will make Mitchell County a splendid Judge. The Record, in behalf of the people of Colorado, welcomes Mr. Hall and his estimable family to our town, churches, schools and society.

J. C. PRUDE APPOINTED

The Texas State Council of Defense wishes to advise us of the appointment of Mr. J. C. Prude, to act as Special Agent of the State Council of Defense at, and in the vicinity of Colorado, Texas.

Mr. Prude will devote his attention to the conservation of live stock, meat and leather, which resources are so greatly neded at the present time so that our Allies and our soldier boys may be amply supplied.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. Adv1

GREEN'S AUGUST FLOWER

has been a household remedy all over the civilized world for more than half a century for constipation, intestinal troubles, torpid liver and the generally depressed feeling that accompanies such disorders. It is a most valuable remedy for indigestion or nervous dyspepsia and liver trouble, bringing on headache, coming up f food, palpitation of heart, and many other symptoms. A few doses of August Flower will relieve you. It is a gentle laxative. Sold by W. L. Doss; 20 and 90 cent bottles. Adv

There is no better ballast for keeping the mind steady on its kneel, and saving it from all rish and crankiness, than business.
—James Russell Lowell.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggest sell for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a days work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe. Adv.

Patronize the Advertising columns of the RECORD—they bring results.

DON'T DRINK SHIPS!

U. S. Food Administration.

Are you shocked to see the lady drinking ships?

You drink ships every time you use sugar unnecessarily, in a beverage.

Seventy-five per cent. of the sugar used in this country has to be brought here in ships. Every possible ship is needed for the transportation of troops and supplies to the other side.

Eliminate sugar as a luxury, and you release many ships for war purposes.

Teach your appetite to remember this—
DON'T DRINK SHIPS.

LORAINE NEWS

MISS IRENE GARLAND. Editor and Manager

This Page of the Record will be devoted to News and Advertising of Loraine and East Mitchell County.

LOCAL NOTES

Boyd Richey is home again after a business visit to Ranger.

Arlie Martin made a business trip to Colorado Monday.

O. Thornton returned from Ranger Friday with a tantalizing case of influenza. We are glad to report him recovering nicely.

John Compton has moved his family to the Stowe residence recently vacated by R. T. Gregg. Mr. Compton comes to town to put his children in school.

L. B. Walker and family spent several days of this week at Mertzon, Texas. They went in their car and were guests of Mr. and Mrs. Joe Jackson.

The Junior League did not hold its regular meting Sunday afternoon on account of the order to disband all meetings. The program which was printed last will be the next program carried out.

Mrs. R. W. Shipp returned Saturday from Houston, where she attended the Grand Chapter of the Eastern Star. She stopped over in Eastland where Mr. Shipp was ill of influenza.

Malcolm Blakely spent the week in Loraine visiting his wife and little daughter after his regular trip as traveling salesman with territory in East Texas.

Mrs. W. S. Erwin left Saturday night for Mexia, Texas, where she was called by illness of her daughter Mrs.. Bettie Phillips, who is a victim of influenza.

Dr. Martin, City Health Officer, has taken every precaution to prevent an epidemic and we hope to see the wave subsiding by another week at least.

The dust was settled and we were all made hoppy again Wednesday when a nice rain fell and that was followed by another Thursday night —both together measured about one inch.

J. W. Fairbairn returned Saturday from Houston where he went to be present at the Grand Chapter of the Eastern Star. The meeting was adjourned, however, earlier than was expected on account of influenza.

There is a scarcity of news events this week because all meetings, social gatherings and assemblies of all kinds are paying their respects to Spanish Influenza. There have been thirty-four cases in our vicinity, but none have developed seriously.

Charlie Thompson, who is now a "sure nuff" soldier of the student army corp, of Simmons College, spent Sunday with his relatives here. He reports Allen Kuykendall as convalescent.

Miss Annie Bodine of Colorado, who is one of the teachers of our school, passed through Loraine Saturday night enroute to San Antonio. She was accompanying her sister, whose husband was ill at Camp Travis.

Charlie and Almer Hiser left last week for Lockney, Texas, where they are employed.

Up to Tuesday night, Oct. 15, Loraine has received 325 bales of cotton, the price on that date standing around 30½ cents.

Mrs. J. A. Clements and children made a trip to Colorado Saturday.

Miss Lelia Givens has spent the past two weeks in Colorado, visiting her sister Mrs. Ledbetter.

T. J. Davis and Hubert Toler went on a fishing trip this week.

Mr. and Mrs. Jesse Pratt went to Colorado Saturday night to accompany Mrs. J. H. T. Johnson to catch the night west-bound train which does not stop at Loraine.

Mrs. Crownover left Tuesday night for her home in Abilene after a visit to relatives in Loraine.

Mrs. T. A. Martin and son, Kenneth, and Arlie Martin and family motored to Sweetwater Tuesday on business.

Miss Katie Lee Clement left Tuesday night for a visit with relatives at Baird.

Henry Foy has been quite sick of pneumonia folowing an attack of influenza, but we are glad to report his condition as steadily improving.

C. M. Black, Irl Zellner, Wallace Pendergrass and Hubert Toler made a trip to Cisco Monday.

Cecil Lawrence who was partially reared to manhood but removed from here to Abilene, where he became a Christian minister, is now Chaplain in the U. S. Service, stationed in Kentucky.

W. M. Richards put his name on our honor roll by renewing his subscription to the Record this week.

Mrs. J. H. T. Johnson and children left Saturday night for Balmorhea, where they will make their home in future. Mrs. Johnson will be sadly missed in our little town as she was always a willing worker for the upbuilding of the church.

Frank Johnson and family returned Monday from a pleasant visit of a few days to relatives in Mertzon. They made the trip by motor car in company with L. B. Walker and family. We understand they found plenty of mud enroute.

We are delighted to report that Harvy Muns is convalescent, after a dangerous attack of pneumonia following influenza, at Camp Pike, Ark., where he is in officers training camp. His family and friends were in agony of suspense for several days. He is able to write letters to the homefolks and tho he is rather blue, we feel that the danger is past.

In response to a message stating that his brother, Frank Cranfill, was seriously ill of influenza at Clairette, in Erath county, Mit Cranfill left in company with his mother for that place Tuesday night. Another telegram came stating that Mr. Frank Cranfill died at 5:30, Oct. 15. The deceased leaves a wife and two small children.

Will Thompson and family and Fred Thompson and family are here from Harper, Kansas, visiting relatives. The Mesdame Thompson were formerly Misses Dona and Tina Blevins and have many friends and schoolmates here who were delighted to welcome them. They made the trip by motor car and came by Lingleville where they visited Dr. J. A. Copeland and family who formerly lived in Loraine.

The report that Sid Wimberly, who has been seriously ill at Camp Mabry, Austin, Texas, had died, was untrue.

The Womans Missionary Society met with Mrs. J. D. Norman, Monday afternoon. Only a few ladies were present. The regular lesson and some business was the only program. Mrs. Myrtle Chambers agreed to act as leader of the Junior Mission Band, filling the vacancy caused by Mrs. Johnson's resignation. The next regular meeting will be held at the home of Mrs. T. J. Davis.

News has come to Loraine that D. T. Wheeler, for many years a resident of Loraine, died in Texarkana, Saturday, Oct. 12th, following an operation for appendicitis. Mr. and Mrs. Wheeler left this place early in the spring, in hopes of regaining his health, locating in Arkansas. They are well known here and have many friends. They were both devout members of the Christian church, Mr. Wheeler serving as superintendent of the Sunday School and leader of the song service.

Prayer services are held every Wednesday evening, 8:30 at M. E. Church, M. L. Moody pastor. Baptist church Thursday evening at 8:30; Rev. A. J. Leach Pastor.

The Baptist Aid Society meets every Monday at 4 p. m. Always at the church. All members urged to regular attendance.

Mr. J. F. Hiser, one of our highly appreciated readers expressed himself as follows: "I have been a reader of the Colorado Record for twelve years, and I think it is one of the cleanest papers I ever saw. I have never known it to stand for anything but right." As the Loraine news is part of the Colorado Record we appreciate this little bunch of roses.

We heard a "booster" say not long since "make up your mind that you have the job you like and are fitted for; work hard, keep the work of the man above you in mind; when your mind isn't concentrated on your own duties, and if you will do this when the cut comes you'll be among the last to feel it and when the boost comes you'll be among the first to get it."

Below we give our creed which is not original with us, but has proved a good one, and we have no objection to any man or woman or child in Loraine adopting it:

"A smile for every joy, a consolation for every grief, an excuse for every fault, a prayer for every misfortune, an encouragement for every hope."

Can you think of our soldiers in Europe in the famous old castles and going to worship in the grand old churches which were once only dreams to us? Can you feel with him the joy which the letter you send him from home, across three thousand miles, brings to his homesick heart, in the front line trenches.

Can you realize that the wierd phantoms in helmet and gas mask, dealing death to him is your quite little boy; can you see him fraternazing with French and British soldiers—joking about the day's work, as they smoke American cigaretts—but what's the use trying to visualize all these things; he will soon be telling us all about it—selah!

S. E. Brown and family left Wednesday for Fort Chadbourne, Texas, in response to a message stating that Mrs. Brown's only brother had died of Spanish Influenza, which he contracted at Ranger, where he was employed. Mrs. Wray, mother of the deceased, left here for Ft. Chadbourne Sunday and was present at the death of her son. The many friends of Mrs. Wray and Mrs. Brown bow in sympathy with them.

The names of those of Loraine who have bought bonds in the Fighting Fourth will be published in connection with others in the county, next week.

The old Morris & McCreight building owned by T. O. Cowan of Sweetwater, is being torn down and the lumber moved to Clyde, Texas, by Mr. Goode of that place, to whom it was sold. It's an old landmark, but we're glad to see it go.

Mrs. A. E. Green of Colorado, is the guest of her daughter, Mrs. C. M. Black.

R. W. Shipp came in from Eastland Wednesday for a visit with his wife and son.

SALVATION ARMY COLLECTION

Miss Irene Garland,
Loraine, Texas,
Dear Miss Garland:—

I received your check for the S. A. War Work collection in Loraine and would have answered sooner, but have been busy in court in another county. It was a splendid collection and I certainly appreciate the effort of yourself and the splendid school children that aided you. Give them my best wishes and should your community come to Colorado on a like errand at any time, I shall be glad to assist in any way you can use me.

The collection for the county was $60.20 I believe and the Record is to publish the letter of the organization next issue. I am well pleased with the collection and would not have felt happy in passing this splendid worker by.

With best wishes, I am,
Very truly yours,
W. P. LESLIE.

The school boys spoken of above are Harris Toler, Mike Looby, Jennings Clement, Clarence and Lawrence Correll.

OUR SOLDIERS' CORNER

"TAPS"

(Chas. S. Anderson, Late Lieutenant 14th Infantry, Q. N. G.

When, in the narrow quarters that shall be
His resting place till God's great reveille,
A soldier's corpse is laid with tender care
And thrice the rifles' crash hath rent the air,
There comes a little pause; then, with set face,
The bronzed bugler leaves the ranks a pace,
And 'mid the hush that settles over all,
Prepares to sound the melancholy call
Which signifies that all indeed is o'er.
That nought remains to do him honor more.

Mark how the bugle wails the mournful note!
What pathos echoes from the brazen throat!
How, soft and low, the tones rise slow and clear,
Each one the seeming symbol of a tear,
Until the end—then holds the final strain
And voices in it of grief and pain;
Then dies away, as if in vain regret
That it must sound the signal that shall set
A limit to the ministry of friends
And mark the moment love's last labor ends.

American soldiers are now allowed to accept and wear medals which allied governments award them in recognition of their heroism. The national spirit is broadening.

American soldiers in France have sent $3,000,000 home through the Y. M. C. A.

The General Assembly of the Presbyterian Church at a recent session recommended that all American men and women at noon each day, offe ra silent prayer for our country, our President, our soldiers and for Allied victory.

DESERVES A GOLD MEDAL FOR THIS

Cincinnati Authority Tells How to Dry up Any Corn or Callus so It Lifts Right Off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this. Adv

As a special honor to the members of the French Foreign Legion who were visiting Houston, Texas, in behalf of the Fourth Liberty Loan Campaign, seventy planes in squadron formation flew over the city from Ellington Field. The ships flew in a series of V shaped waves—probably the largest formation ever attemped over an American city.

SINCERE GRATITUDE.

Mrs. William Bell, Logansport, Ind. writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS chill TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its Strengthening, Invigorating Effect. 60c.

SEVEN POUNDS OF FRUIT PITS TO SAVE SOLDIERS FROM GAS

Nationwide Campaign Begun to Save Pits for Making Carbon to Go Into Gas Masks—It's Up to the Housewife This Time.

Invoking the same patriotic spirit of conservation that saved millions of bushels of wheat, and immense quantities of meat, sugar and fat for export to our army and the allies, the Food Administration is calling upon its organizations throughout the country to stimulate saving of fruit pits and nut shells from which will be made a high grade of carbon for gas masks that will withstand the ravages of German poison gas.

Federal Food Administrators in all States have been asked to farther local campaigns of the Red Cross, which is acting as collecting agents and forwarding the necessary materials to points of utilization. Count. Food Administrators will be useful in outlying territory to line up householders, canners, hotel and restaurant men and members of fraternal and social organizations that can act as units in the campaign.

Canners and packers of fruits and others who have pits in large quantities to send in may communicate directly with Lieutenant W. M. Jackson, Chemical Warfare Section, United States Army, 19 West 44th Street, New York City, advising the quantity they have available. Shipping instructions will be forthcoming at once.

The need for everybody to save every possible bit of material and send it in promptly is emphasized on the fact that it takes two hundred peach pits, or seven pounds of shells, to furnish enough carbon for one mask that may save the life of an American soldier. Only the following material can be used: Peach, apricot, prune, olive, date, cherry and plum pits and Brazil, hickory, walnut and butternut shells.

America sent 141,000,000 bushels of wheat to Europe from the 1917 crop, when practically no surplus was available. What was sent was what was saved by the voluntary co-operation of the people, a slice of bread here, an ounce of flour there. This is the spirit that is expected to make the anti-gas drive as successful as the wheat-saving campaign.

SUGAR CROP OF CUBA TO BE DISTRIBUTED BY THE U. S. FOOD ADMINISTRATION.

Administrator Peden is advised by Washington that the Sugar Equalization Board has closed a contract with the Cuban minister for the purchase of the Cuban sugar crop at a price basis of about $5.50 per hundred pounds f.o.b. Cuban ports. This purchase is made on behalf of the American, English, French and Italian governments.

The crop will be available in December, and its division between the allies will be directed by the United States Food Administration. These arrangements, as was the case last year, put an end to all speculation in sugar and assure an equitable distribution between all allies and our own consumers.

With the shortage of labor already universally existent in the United States owing to the demands of the war industries and with the prospects of further inroads under the new 18-45 draft regulations, there is a serious question in the minds of producers of our domestic beet and cane sugar crops as to their ability to maintain the normal rate of production this next season.

It is most prudent, advises the Food Administration, to prepare for a reduced production of our domestic beet and cane crop. From our main sources of supply, Cuba particularly and also Hawaii and Porto Rico, comes reports of severe labor shortages and difficulties in obtaining necessary supplies and fertilizers. While the probability of reducing production in these places is not as great as in the continental United States, some considerable reduction is certain to come. It would, therefore, be unwise to depend on the 1918-19 sugar crops to make up for any deficiency in our present supply. It is better to build up stocks to provide against further crop reduction.

Addresses of Soldiers

Phone news of the soldiers to No. 47.

J. HERMAN FINLEY,
Motor Co. A. 515, Supply Train, A. E. F. via of New York

IRA C. CROWNOVER,
Co. C. 1st Bat. 111Engs.

Corp. STEPHEN E. HALLMARK,
Co. A, 315 Motor Suply Train, A. E. F. via New York.

SAM C. THOMPSON,
117 Supply Train, Truck Co. No. 4, A. E. F. via New York.

ARTIE THOMPSON,
American Base Hospital, Camp Cody, New Mexico.

WYSE D. COOPER,
Fortress Monroe, Va., Army Y. M. C. A.

SGT. J. D. HODGES,
M. F. C., 308 A. E. F., via New York.

We are going to start our own honor roll for all who have paid their subscription to the Record. The following have our thanks for subscription this week

Mrs. Ruby Robertson, Loraine.
Hutchins & Hall, Loraine.
C. M. Jackson.
J. F. Hiser.
T. J. Davis.

Socks costing above $1 a pair are to be taxed. Whenever they catch us paying a dollar for a pair of socks we'll cheerfully pay the tax.

TO LORAINE SUBSCRIBERS.

After Nov. 1st. the price of the Record will be advanced to $1.50. Better renew now while you can get it for $1.00. (It will pay you to pay up for two years). All who do not pay up by Nov. 1st will be discontinued. See Miss Irene Garland at Loraine or the Record here.

NOTICE!

Please look on the little yellow slip at the top of the front page of your Colorado Record and see if your subsciprtion has expired. If so you will do well to renew at once as the price of subscription goes up Nov. 1. Unless subscriptions are paid in advance your paper cannot continue to come on "as of yore" according to an order by the government. With the help and co-operation of friends I am doing my best to make the Loraine News page of interest to all, and I hope to have all our subscribers renew, and as many new ones as possible. If you do not know me, ask some one to point me out, or ring No. 47, and I will be glad to receive money for subscription; orders for job work or advertising, and will appreciate news items.

IRENE GARLAND.
