No Reduction In Size For Hood, The Army Says

WASHINGTON, April 21.—(AP)—Camp Hood in Texas will continue as an important army training center without reduction in size.

Senator Tom Conally of Texas was notified by the War Department today that the big camp near Temple "fully meets the requirements for a modern training center" and that none of its vast acreage can be declared surplus.

The announcement was prompted by a request of former private owners that they be allowed to repurchase lands which comprise part of the reservation.

These former owners and others residing in the vicinity, the department added, may soon be able to occupy tracts again on an "out-lease" basis subject to revocation, for grazing purposes only.

Explaining the importance of Camp Hood in the future plans of the War Department for training of regular army, reserve corps and National Guard forces, the department in a letter signed by Col. John G. Pitchford, said:

"You undoubtedly realize that the development of weapons, especially tanks and long range guns, during the late war has created a requirement for large training and maneuver areas far in excess of those required prior to World War II.

"Camp Hood, as it now exists, fully meets the requirements for a modern training center.

"One armored division of the regular army is now stationed at Camp Hood and it is planned to train at this station the Texas National Guard, which includes one armored and one infantry division.

"In addition, Camp Hood will be used as the summer training site of the rganized reserve corps troops who reside in Texas. These approximate two divisions."

Troops which the government plans ultimately to station at the camp will approximate two divisions. All the acreage that now comprises the reservation will be required to accomplish training purposes, he added.

No beating around the bush, but this cafe is no "bush league affair", but is the "plush" kind with room for everybody. Just oughta go down Saturday when they have their "formal" and also, see "J. D." in Home Bakery, next door.

Galveston Nurses Write of Explosion In Texas City

Two nurses, Misses Clara and Ruth Dixon, formerly of The Grove have written their mother, Mrs. D. D. Dixon (written by Ruth) about the recent Texas City catastrophe.

"...I never saw anything like this in my life and hope I never do again."

Don't worry about us! It didn't hurt Galveston except it broke a lot of the show windows in town. We felt the explosion as it shook the whole town. Texas City is only 11 miles from Galveston. They brought in over 500 casualties here to the hospital and opened up an old Army base. They have been coming in all day and are still coming. Some with arms or legs blown off or dangling. Some, you can't tell what their faces look like. Lots of little children.

"Clara and I reported for duty at 10 a. m. and guess we will work til 12 p. m. Everybody that can are helping".

Among the attractions in the first American vaudeville show were Baby Alice, a midget weighing one and one-half pounds and a stuffed "mermaid". A few performances later there was added a chicken with a human face and Weber and Fields, a team of comedians.

From 1940 to 1945, total U. S. milk production rose 12 percent and egg production 40 percent.

Miss Jerry Franks Now In Bavaria, Is Married

Miss Geraldine (Jerry) Franks, is Miss Jerry Franks no longer. She's Ms. Jerry F. Howard.

Editor
Coryell County News,
Gatesville, Texas.

"Dear Mat:

"Greetings from Old Bavaria!

"As I am unable to return to my home town and produce the evidence, I'm using this means to convey to you the information that instead of returning on the Z. I. with only a Rosenthal figurine and a year's growth of wear and tear (as I was afraid of), I shall have with me the most handsome Sergeant in the European Theatre, whom I married October 12, 1946 in the little town of Ellangen, Germany where we are both stationed.

"Subject Sergeant is Marcus C. Howard and is from Miami, Florida. During the war he served as in an Engineer outfit in the India-Burma Theatre and is now sweating out a three year hitch in the R. A. which will keep us in Germany until the Spring of '48.

"I hope to be able to tell my grandchildren of my honeymoon in Switzerland and a vacation during tulip time in Holland, plus a small visit to Paris and on the Riviera. It's an interesting life, but certainly not what I want as a permanent one.

"Want you to know I enjoy every word in that lovely little semi-weekly paper of ours.

"My regards to you and yours—and as we say in Bavaria, 'Auf Wiedersehn.'

"Jerry Howard".
Guess she's already told her mother and the rest of the family. She is a daughter of Mrs. Gaines Franks of Gatesville and formerly was a "sob sister" on the News. Jerry's been places since she left the News, and has really rounded out her education, that is, if travel will do it. At present, she's with the Civilian Personnel at Erlangen Army Air Field, Erlangen, Germany.

2-1 Baseball Is Way Baseball Was Played At Coryell City Sunday

"Slim" Charlie Spross, fan-de-
luxe of Coryell City, told us this
week they had baseball, with all
caps, when Crawford and Coryell
City met Sunday, when the game
ended 2-1, which sounds like mid-
season in the "big-time".

Caldwell was credited with the
loss, altho the visitors put in Ful-
ton Place relieving him. Hits
were: 5 and 3; errors 2 and 1; and
the count was 2-1; which is good
baseball in any league.

The visitors started the fire-
works when the first man up hit
the first ball pitched, for the first
marker, which was for the cir-
cuit. He was Pat Shofner, broth-
er of a big league star, and evi-
dently won't be in this league(?)
long.

For Coryell City, Vesta Krem-
pin hurled and Fred Kellerman
catching.

There was a crowd of about
500 witnessed the game.

Coryell City, according to Mr.
Spross, was looking for a game
for Sunday, and are figuring on
Bosquesville.

Coryell City has had a nice sea-
son so far, staying on the winning
side, exclusively.

"WEAR CURLEE TROPICAL WORSTED SUITS"

When it's Hot—
KEEP COOL!

YOU don't have to look wilted and limp this sum-
mer—simply because the mercury has soared in-
to the upper brackets. Quite to the contrary, men
who wear Curlee Summer Suits have found that
they can maintain a crisp, well-groomed appear-
ance regardless of summer sun.

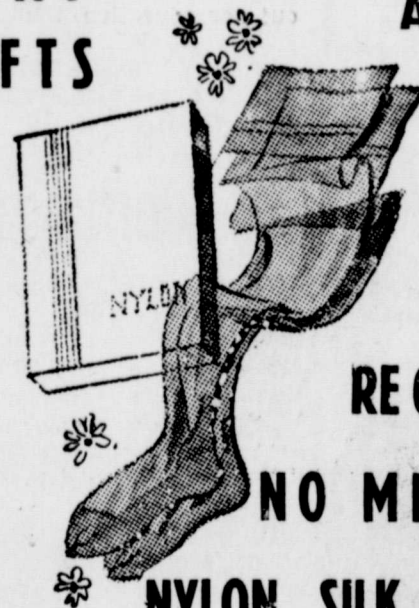

THE reason is that Curlee Summer Suits are tail-
ored from pure wool fabrics which are exceedingly
light in weight, yet have the stamina and body
to tailor well and to stand up under hard, hot-
