VOL. I—No. 90 SNYDER, TEXAS, WEDNESDAY, AUGUST 23, 1950 5c COPY

F. J. Murphee Grows Scurry's First '50 Bale

Scurry County's first bale of cotton was brought to town for ginning today by F. J. Murphree, of the Cottonwood Flat community, and will be sold at auction held some time in the latter part of the week at the courthouse square.

The Planters Gin, on Avenue F in northeast Snyder, will gin the bale about 3 o'clock this afternoon, according to D. V. Merritt, gin manager. Merritt said this morning that the gin was ready for operation as soon as pulley belts could be installed.

FROM THREE ACRES

Murphree said this load of cotton, pulled yesterday afternoon from a plot of approximately three acres, was planted some time in April on the farm owned by his grandfather, Jasper Helms. The load had a field weight of more than 1,800 pounds.

Work has been in rapid progress at all four of Snyder's gins in an effort to have them ready for operation, but Planters was the only one which could be ready to run this afternoon. The Paymaster Gin on Avenue Q in southeast Snyder, was in running condition last week, but its 200-horsepower electric motor was being rebuilt at the time Murphree brought his cotton for ginning, according to Ovid Lawless, manager.

GINS MADE READY

The other two gins, the Joyce Gin, 1509 Twenty-fifth Street, and the Snyder Co-Op Gin Co., 2012 Twenty-fifth Street, were to be ready within the next few days.

The Joyce Gin lacks only some minor repair work and dressing up, but the Co-Op Gin is waiting for shipment of some necessary machinery parts. Bill Davidson, manager of the Co-Op said he had had some difficulty in obtaining parts but hoped to be ready for ginning soon.

The ginners were to meet at 1:30 o'clock this afternoon with Murphree and Harold Bennett, manager of the Chamber of Commerce, to decide on auction arrangements regarding the first bale. The meeting was to be at the Chamber of Commerce building.

Murphree said his crop showed prospects of about one-third of a bale to the acre, which he said was pretty good for the Cottonwood community. He has about 65 acres in cotton. His first load is estimated to have between 400 and 500 pounds of lent cotton.

New Drillstem Test Made On Lynn Wildcat

Houston Oil Co. of Texas and the Seaboard Oil Co. of Delaware No. 1 H. B. Howell, possible Pennsylvanian discovery in Southeast Lynn County, is preparing to run seven-inch casing and make production tests.

On this most recent drillstem test at 9,313-60 feet, the venture yielded 500 feet of heavily oil-and-gas-cut mud and 226 feet of drilling mud, with no shows of formation water.

The tool was open four hours. Gas surfaced in two hours and 30 minutes. Flowing pressure was 400 pounds and 15-minute shut-in pressure was 2,700 pounds.

Operators are now taking electric log, preparatory to running seven-inch casing.

On a drillstem test at 9,312-40 feet, recovery was 720 feet of free oil. It entered the top of this paying Pennsylvanian formation at 8,996 on an elevation of 3,033 feet.

The No. 1 Howell is seven and one-half miles southeast of Tahoka and 467 feet from north and east lines of section 451, block 1, EL&RR survey.

MITCHELL LOCATION

J. C. Michael of Dallas has filed an application for a permit to start operations at once at his No. 1 Elwod estate, which is to be a 7,500-foot wildcat to clear through the Pennsylvanian lime in Central-South Mitchell County.

Location is 450 feet from the north and 499 feet from the east lines of section 20, J. P. Smith survey.

It is 14 miles east of Colorado City.

Michael has a spread of 2,020-81 acres of leases adjacent to the drill site.

This prospector is in a region where several deep wildcats have been drilled during recent years. Some of those ventures had some shows of oil or gas, but none of them was able to develop commercial production.

PUMP FROM PERMIAN

Plymouth Oil Co. is installing a pump in its No. 1 PXL, prospector in the Clear Fork-Permian discovery in Central-West Sterling County, 15 miles west of Sterling City.

This project is bottomed at 2,135 feet in the Clear Fork lime, which was entered at 2,425 feet. Elevation is 2,589 feet. A string of five and one-half inch casing is set at 2,245 feet. That pipe may be lowered before the well is finally completed.

On the latest test made before

Draft Board Wants to Know Tot's Status

"What do you know," laughs six-months-old Lewis Dean McKellips, above, as he waves a draft board questionnaire he received in Coffeyville, Kas. The letter, which was obviously misdirected, bore a registration number. The board sought information on Lewis' family connections and dependency status.

North Korean Officer Relates Story Of Fear In Red Armies

By HAL BOYLE
AP Staff

TAEGU FRONT, Korea, Aug. 22. (Delayed for security reasons) — The 27-year-old commander of a Red Korean artillery regiment walked up to the South Korean lines today with a white flag and surrendered. He is the highest ranked enemy in allied hands.

"I don't want to see all Korea run the way the Communists now run North Korea," said the commander, a lieutenant colonel. "I don't like the way they treat human beings."

He commanded the 13th regiment of the North Korean 15th Division. Now he is spotting Red positions for allied air and artillery attacks.

"Most of my regiment would like to surrender," he said, "but they are too closely watched by secret political agents in the army. No one can trust another for fear he is a secret agent."

ANOTHER REASON

He said another obstacle to a mass surrender of his regiment was the fact he couldn't get his troops together in large numbers because of incessant American air attacks and artillery barrages.

He came through the South Korean lines alone at 10 o'clock in the morning near Tabu, 11 miles north of Taegu after his personal messenger refused to accompany him.

This defection by the regimental commander gave the United Nations forces their highest ranknq prisoner of war and confirmed reports that morale is bad among enemy troops massed for all-out attack to seize Taegu. Another prisoner said he had fought for three days without food or water because of supply difficulties.

NEAT APPEARING

The lieutenant colonel, neatly clad in black boots and khaki uniform with Red piping and field cap bearing a Red star, was a polite, cheerful and obliging prisoner.

He pinpointed the position of his 22 artillery pieces hidden in an apple orchard. Fighter planes carrying napalm (jellied gasoline) bombs were immediately sent to attack the orchard and American artillery began to bombard it.

When the commander gave himself up, South Koreans called Lt. Frank Dietrich of Travers City, Mich., commanding a heavy mortar company that has been supporting Republic of Korea troops.

Dietrich took the lieutenant colonel to the headquarters of the U. S. 27th Infantry Regiment. Dirt-stained doughboys looked with interest at the erect little man carrying a leather map case slung from his shoulder. They had never seen anything like him—and they had been fighting the enemy more than a month with little rest.

"What is he?" asked one soldier.

"He is a brass Gook," answered another.

The North Korean took the inspection with composure and then walked briskly to a tent to be questioned. He took out his own pencil and maps to point out the exact location of his gun batteries. He smiled and appeared at ease.

"He is very friendly," said Lt. Dietrich. "When I first met him he jumped right up and wanted to shake hands. He speaks a few words of English—but I couldn't understand him."

Formal interrogation was in Japanese with Lt. Henry H. Kuwabara of Salt Lake City as interpreter.

Commission Slaps Quarantine On 3 Counties With Anthrax

FORT WORTH, Aug. 23. (AP) — Parts of three Northeast Texas counties are under a livestock quarantine after an outbreak of anthrax.

The counties—Titus, Franklin and Hopkins—were named in an order issued by the State Livestock Sanitary Commission yesterday.

President Harold Hutton of the Oklahoma State Board of Agriculture said guards had been posted by Oklahoma at all bridges over the Red River.

SOONERS POST GUARD

Hutton said the guards were instructed not to let in any cattle from the Texas counties of Titus, Hopkins, Franklin, Lamar, Delta, Bowie, Morris, Hunt, Camp and Red River.

"We've got a guard on every bridge down there," Hutton said. "As far as we know none of the infected animals got into Oklahoma."

The areas affected in Titus, Franklin, and Hopkins Counties lie north of State Highway 11 and U. S. Highway 67, B. A. Davidson, director of the Livestock Sanitary Commission, said here.

C OF C TAKES HAND

Three Hopkins County officials told the governor's office, which is keeping a close watch on the situation, that livestock losses in their county were estimated at $35,000 to $40,000 since the outbreak. The spokesmen were county Judge Wayne Gee, County Agent Brooks Emmons, and Sheriff Avera Rasure.

The East Texas Chamber of Commerce yesterday wired Gov. Allan Shivers urging a livestock quarantine be clamped on parts of five counties.

The chamber said a quarantine of affected areas in Titus, Hopkins, Red River, Franklin and Wood Counties would be enough to stem the outbreak, and that it would not be necessary to quarantine all parts of these counties.

DR. KAY ON JOB

William L. McGill, executive secretary to the governor, said the governor's office has been in contact with the Livestock Sanitary Commission since last wek. He said the agency feels the situation is being handled satisfactorily.

McGill said the commission reported a corps of supervisors in the anthrax area, headed by Dr. C. A. Kay, nationally known veterinarian.

Hopkins County officials asked the governor yesterday for assignment of four or five additional patrolmen to their county for the next five days to help prevent movement of cattle in and out of the quarantined area.

SHEEP BAN UP, TOO

Shipment of sheep from Kansas and Texas into Colorado was forbidden yesterday by Colorado's Gov. Walter W. Johnson, unless the sheep have health certificates declaring them to be free of scabies.

The decree came in the form of an executive order, and it will remain in force until the governor issues another repealing it.

Johnson said many sheep are being shipped into the state from Texas, by way of Kansas. Many of these animals, he continued, have been found infected with scabies, a skin disease.

Local observers feel the ruling will not curtail to any great extent shipments of lambs from Texas into Colorado.

Texas long has had a law which requires dipping of all out-of-state sheep coming into this state.

American Attack Holds Taegu Defense Lines

Founder of Phillips Petroleum Co. Dies

ATLANTIC CITY, N. J., Aug. 23. (AP) — Frank Phillips, 76-year-old Oklahoma oil magnate, died today at 1:20 p.m. (EST) (12:20 p.m., CST) at Atlantic City Hospital.

Phillips, founder of the far-flung Phillips Petroleum Co., entered the hospital last Sunday night after he was stricken with a gall bladder ailment. A heart weakness brought on new complications after an operation.

Rail Unions Agree To No Strikes Now

WASHINGTON, Aug. 23. (AP)—Two striking rail unions promised "for the time being" today to keep their token walkouts from spreading into a tieup of national portions.

Leaders of the 300,000 trainmen and conductors agreed to withdraw their threat to strike one or more major railroads when this week's five-day shutdowns at three terminals and two steel-carrying railroads have run their course.

KEEP PRODDING

The White House kept up its determined prodding for a solution to the long wage-hour dispute between the two unions and the nation's principal railroads.

Presidential Asst. John R. Steelman called negotiations committees of the railroads and unions back into conference. There was no hint as to whether he had a specific proposal to make for ending the deadlock.

Presidential Secretary Charles G. Ross told reporters Steelman will talk to the two committees separately, as he has been doing, hoping he can find a basis for renewal of joint negotiations.

The union chiefs said through a spokesman that they would forego any new walkout orders out of consideration for President Truman's peace efforts. They said the move had not been requested by President Truman but was out of "respect for him." There was no indication how long the voluntary moratorium on strikes would last.

STRIKE MONDAY

Three terminals were struck Monday in Cleveland, Louisville and St. Paul, and two short but strategic railroads were shut down yesterday. The rail lines were the Elgin, Joliet and Eastern and the Pittsburgh and Lake Erie.

The strikes were called for only five days, in a maneuver by the unions to avoid any strike-ending injunction but to hasten government seizure of the roads. Three times the unions have formally called upon Mr. Truman to seize the properties, saying they'll work for the government at the present wage and hour contract.

Two-Year Mark Hit In Cost-Of-Living Index

WASHINGTON, Aug. 23. (AP) — Soaring food prices have shot the government's official cost-of-living index to its highest level in almost two years.

Under at least partial influence of pressures built up by the Korean war, the Bureau of Labor statistics' index climbed 1.4 per cent between June 15 and July 15. The Korean fighting started June 25.

The month's rise brought the total rise between April 15 and July 15 to 3 per cent.

GM RAISE

The spurt, announced by the bureau last night, brings a five cents an hour pay boost to 335,000 General Motors Corporation wage earners, effective Sept. 1. Their wages are tied to the agency's figures on living costs under contract with the CIO United Auto Workers.

General Motors quickly announced there was no basis for speculation that the pay increases would cause rises in the cost of GM automobiles and trucks. The company said it is trying to hold prices stable, and hopes prices generally will level off.

The bureau said its consumer price index had advanced from 170.2 per cent of the 1935-39 level on June 15 to 172.5 per cent on July 15. The gain of 2.3 percentage points figures out to a 1.4 per cent advance. The July 15 level was the highest since October, 1948.

Smaller advances in the preceding two months brought the quarterly increase to 3 per cent above the April 15 index level.

MEAT HIGH

The Bureau of Labor Statistics attributed much off the sharp June 15 to July 15 rise to higher meat, fruit and vegetable prices.

It added that a special study showed sharp seasonal declines in the retail prices of fresh vegetables and lower prices of fresh pork more than offset increases in most other food costs between July 15 and July 31.

The agency said it believes food prices on July 31 were slightly under the average level of July 15.

A preliminary tabulation for the week of Aug. 15, it added, indicated retail food prices had declined a bit from the mid-July figures.

Two Yak Planes Strafe British Destroyer Off Korean West Coastline

WITH ALLIED FORCES, Korea, Aug. 23. (AP) — Two Red Yak fighter planes last night strafed and bombed the British Destroyer Comus.

The U. S. Fifth Air Force joint operation center said no damage was reported in the attack by the Russian-made planes. British ships have been operating along the Korean west coast in the Yellow Sea.

Two Yaks bombed South Korean naval vessels today in the Yellow Sea southwest of Seoul. The operation center did not report on damage.

School Budget of $551,379, Biggest in History, Approved

A public hearing on the 1950-51 school budget was held last night at a meeting of the school board, and the budget of $551,379 was approved. It is the largest budget ever drawn up for Snyder's schools.

Only two representatives of taxpayers, besides board members, were present at the announced hearing. They were G. R. Alexander, tax representative of the Magnolia Petroleum Co., and A. F. Page, representing the Texas Co., both expressing approval of the budget which is more than double that of the last school term.

BREAK-DOWN DUE

A break-down of this year's school budget will be published Tuesday, following a board meeting Monday night.

The budget approved in the spring of 1949 for the 1949-50 school year totaled $241,695, but before the year was over, expansion of the school facilities here ran the cost up to $332,184. During that time the teaching staff nearly doubled, and other costs increased in the same proportion. There were 38 teachers at the beginning of last year and 74 when school closed last spring.

The board last night approved preliminary architectural plans for the proposed new high school building to be constructed just west of the new Highland Park addition some time next spring.

The new 2-story brick building, to be constructed in U-shape immediately east of the recently erected stadium, will accommodate more than 1,000 students and will be constructed to provide for adding a maximum of 24 new classrooms without major alteration should such ever become necessary.

The preliminary plans were presented and explained by Fred Buford, a partner in the architectural and engineering firm of Buford & Feinberg, of Dallas, who will draw the detailed plans before contract bids are called for late this winter.

M. E. Stanfield, superintendent of the schools, was authorized by the board to hire secretaries for the school system's five principals in order to allow them more time for supervisory work.

TO MEET MONDAY

The school board will have a special meeting Monday night to decide whether part of the 18-classroom elementary building under construction just outside the northwest city limits can be used by Sept. 11, the date originally set for opening schools.

The board may decide to postpone the opening date a week if doing so will enable the school to have access to more rooms there. It is believed that probably 10 rooms will be ready for temporary use by that time.

The teachers of the school system will be called for a meeting the week preceding the opening of school, Stanfield said.

All County Residents, Regardless of Race, Urged to Have X-ray

A good record of response continued yesterday in the mass tuberculosis survey as a total of 329 persons were X-rayed throughout the day.

The daily record of X-rays has been fairly good, according to Dr. Fred Dinkler, director of the city-county health unit, and Mrs. Waymond Sims, president of the county Parent-Teachers Assocation, which is sponsoring the program.

Both Dr. Dinker and Mrs. Sims have expressed their interest in X-raying all persons over 15 years old in the county, regardless of race or nationality.

Some Negroes and Mexicans have taken advantage of the X-ray program, but many have not, this being probably due to no previous statement from the sponsors.

It is for all residents of this area.

Work Will Begin At Once on New Pipe Line For Scurry County Oil

Contract has been awarded by Texas-New Mexico Pipe Line Co. to O. R. Burton Construction Corp. of Tulsa to construct 16½ miles of 10 3-4 inch crude oil pipe line in Scurry County.

The line is being constructed to provide additional capacity to move increased production from the Diamond M and Sharon-Ridge pools of Scurry County.

It will begin at the Colorado City station of the Basin Pipe Line System and will extend westward to connect with existing lines from the two pools.

Work will be started immediately, and the line is scheduled to be placed in operation by Sept. 15.

Policeman Detains Girl Suspected As Missing Until Order Comes In

Last night a girl of about 16 entered the police station to ask desk sergeant Hal Barnett directions to Midland.

Suspecting her as a runaway because of her age, Barnett began talking to her to detain her, but did not want to arouse the girl's suspicion by making a radio inquiry for missing persons.

After talking to the girl about 30 minutes, a message came in from Abilene, giving a description of the girl. Barnett told them she was already in custody; she was sitting beside him.

Authorities were to pick up the girl today.

2 Men Wounded Storming Jail In Tennessee

ROGERSVILLE, Tenn., Aug. 23. (AP) — Police and sheriff's deputies fought off a mob of some 300 in a brisk but brief gun battle at the Hawkins County Jail early today.

Sheriff Bradley Blair said at least two men were wounded as between 15 and 20 shots were fired by officers and the crowd gathered outside the jail.

Blair said the mob stormed the jail to get Carl Walters, 40, held on a murder charge in the double-slaying of two women he claimed had "bewitched" him.

MOB DISPERSES

After the shooting ended and the mob dispersed, Walters was taken to an undisclosed jail in East Tennessee.

The sheriff said two pools of blood were found outside the besieged jail, one near the door and another about half a block away.

One man, identified as Grover Compton, about 55, of Kingsport, Tenn., was arrested at a hospital in Kingsport after he appeared there to receive treatment for shotgun wounds in the neck and shoulder. Compton was held without charge for questioning.

Blair said he believed another man was wounded.

ORDERED HELD

During a preliminary hearing here yesterday, Walters was ordered held for grand jury action without bond. Witnesses testified the defendant walked into a store near here a week ago, exclaimed "this has gone far enough," and then shot Mrs. Alberta Gibbons, 21, and her mother, Mrs. Alta Woods.

The women are members of a family which Walters said had hexed him.

Truman Is Not Sure How Far UN Should Go Into North Korea

WASHINGTON, Aug. 23. (AP)—Rep. Davies (D-NY) said President Truman indicated today he has not "decided in his own mind" how far United Nations troops should go once they are able to assume the offensive in Korea.

Davies said this is one of the President's big problems: "When the North Koreans start running, when should we stop chasing them?"

Davies talked to reporters after meeting with Mr. Truman.

Delegates Weigh Statements Of Malik for New War Threat

LAKE SUCCESS, Aug. 23. (AP) — Security Council delegates studied Russian Jakob A. Malik's latest speech closely today for hints of a new war threat.

They weighed Malik's statement to the council yesterday that "continuation of military operations in Korea would lead not to a localization of the conflict, as the representative of the United States so diligently tries to convince us, but would inevitably lead to a broadening of the conflict fraught with serious consequences."

CHARGES U. S.

"The responsibility of this would lie fully upon the government of the United States of America and their delegation in the Security Council," Malik declared.

The United States has demanded that UN members work to localize the Korean war and that the North Koreans withdraw to the 38th Parallel. Russia has called for withdrawal of all foreign troops from Korea.

In a 45-minute attack the Russian accused the United States, aided by Great Britin, of waging an "open armed aggression against the Korean people and other Asiatic people who struggle for their independence and national sovereignty." The U. S., he asserted, attempts "to cover up this aggression with the label of the flag of the United Nations."

NO ACTION

It was the ninth "no action" session of the council since Malik ended the seven-month Soviet boycott and took over the group's presidency Aug. 1. His term ends Aug. 31.

Both U. S. Rep. Warren Austin and Britain's Sir Gladwyn Jebb in reply charged Malik with using Hitlerian propaganda techniques.

The Russian charge, said Austin, is "a lie, a big lie." Jebb termed Malik's statement a "gigantic falsehood," adding that in propaganda, "the bigger the falsehood, the better the chance it has of being believed."

Red Tanks Are Kept Out Of Battle Range

Communists Are Driven From Command Point Along Supply Routes

By RUSSELL BRINES
AP STAF

TOKYO, Thursday, Aug. 24. — Doughboys drove back vanguards of 50,000 Red Koreans pressing down from the north against Taegu on the Korean Central warfront Wednesday.

A combined American-South Korean attack was hurled at North Korean flanking infiltrations at dawn. Some Reds had penetrated within eight miles of Taegu.

The heaviest fighting on the whole 120-mile long Korean battleline was on the American right flank before Taegu.

A break-through by Red forward elements would unleash five Communist divisions for a drive on Taegu, 12 miles to the south of the bloodiest fighting.

PUSH IMMINENT

A big push for Taegu was considered imminent but there was no official mention of it at headquarters. Gen. MacArthur omitted his early morning war summary, a usual indication that the situation is generally unchanged.

On the Taegu front troops fought over a 100-yard-wide no-man's land. Big guns and planes poured deadly fire into the narrow line and casualties were believed heavy.

The Reds brought out hoarded tanks but kept them out of range. They lost 11 of them in four days' fighting before Taegu.

Col. John Michaelis, commander of the U. S. 27th "Wolfhound" Regiment, said he expected the opening phase of an all-out Red drive on the Taegu supply and rail hub was near at hand Wednesday.

AP Correspondent Don Whitehead at the front quoted Col. Michaelis as saying:

"The next 48 hours could bring a decision. If we can stop them, we will break the back of this drive."

GUNS INTACT

AP Correspondent Tom Lambert reported from the Taegu front that hundreds of Reds attacked American artillery positions that were pounding a wedge the Communists had shoved into the front-line. No U. S. guns were knocked out in that attack.

Lambert said the North Koreans tried to cut the allied road from Taegu but succeeded in slowing supplies only briefly Wednesday.

The main Kumwha-Taegu mountain highway from the north was the battleline. Ridges lining it were commanded by the Reds when the doughboys jumped off against them.

In an all-day fight the Americans drove the Reds from several commanding ridges. One annoying Red artillery position was silenced early.

HEAVY FIRE

The Communists met the American-South Korean attack with heavy artillery and mortar fire.

One U. S. unit, attacking over ridges to the east of the main supply road, drove the Reds back on the American right flank, Correspondent Lambert said.

The shifting North Koreans forced some U. S. Engineers from their positions in the line.

The Engineers counterattacked and regained their positions after killing 52 North Koreans.

ONE CASE

Lt. Anthony Pecoraro of South Windham, Me., his voice trembling with rage, told Correspondent Lambert of one incident of the battle:

"I got word one of my machine-gunners had been killed. A medic and two infantrymen had gone out to the machinegunner.

"They were bending over the gunner when 12 of those Red bastards came up. The medic grabbed the bar (Browning automatic rifle) and turned it on them but it jammed. The Reds shot him in the stomach and bayonetted the two soldiers. Then they shot the medic in the back."

American intelligence officers noted a shortage of some of critical Red war needs, but they said the Communists were still capable of mounting a real offensive.

The Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Thursday. No important temperature changes.

EAST TEXAS: Partly cloudy this afternoon, tonight and Thursday. Warmer in north portion this afternoon. Moderate southeast winds on the coast.

Foreign Policy Maker Steps Aside; Leaves Warning To U.S.

By JOHN M. HIGHTOWER
AP Staff

WASHINGTON, Aug. 23. — State Department Counselor George F. Kennan, stepping aside after several years as a top foreign policy maker, believes the American people will have to maintain a large military establishment for many years to come.

But he hopes they will not accept war with Russia as inevitable.

Kennan gained fame in 1947 as the behind-the-scenes architect of the policy of containment by which the U. S. began to try to block the spread of Soviet Communism in the world.

Today, despite occasional criticisms that the policy was too defensive or too narrowly conceived, Kennan believes it was the best way to meet the Russian challenge and that despite reverses in Asia it has paid off in holding and even advancing the area of non-Soviet influence in Europe.

FUTURE

For the future, Kennan laid before reporters yesterday four principles which he believes essential if the U. S. is to obtain its objectives in world affairs:

1. This country should "never make the mistake of regarding war as inevitable and thereby writing off the chances of peace."

2. The American people must maintain an "adequate defense posture" and do so over a long period of time "if necessary." There is no doubt among those familiar with his views that Kennan believes the cold war with Russia must be expected to continue for many years.

3. Among friendly nations abroad the U. S. must develop and maintain the reputation of being "a determined people and reliable allies." At the same time, it must do what it can to stimulate the recognition by allied countries that the U. S. has no "ulterior motives" in maintaining a solid front with other countries against Russian pressure.

4 On the home front the U. S. must demonstrate "that we are making a success of our own national defense" which will offer foreigners more convincing proof than any propaganda of the effectiveness of American democracy.

NO EXCITEMENT

Kennan added to these principles his belief that "we should demonstrate that we have the courage of our convictions and confidence in ourselves." That's a diplomatic way of expressing his idea that the nation should avoid jittery excitement in times of international stress. He also declared:

"We should be very careful—now that we are entering a period where military and political considerations intermingle—to avoid hasty and emotional judgment."

DEAL CAREFULLY

What is required of the U. S. today, he continued, is that it deal with problems cooly and carefully, aware that it is now "for the first time as a nation facing the test of maturity and world leadership."

Kennan is leaving the State Department next week end for an absence of at least a year to join the Institute of Advanced Study of Princeton University.

Kennan entered the foreign service a quarter century ago and has spent the intervening years studying Russian affairs and lately shaping American policies toward the Soviet Union. He is the last of a little group of men thus experienced to step out of top policy jobs in the State Department.

Small pieces of fur resembling fox tails tied high in a cherry tree will tend to keep birds from eating the fruit when ripe-time comes.

Corn production for 1949 was 14 bushels per acre more than the 1935-'39 average in North America.

Evacuation Of Californians Being Studied

SAN FRANCISCO, Aug. 23. (AP)—A plan to evacuate millions of Californians to Arizona and Nevada in case of an A-bomb attack is being studied by the governors of the three states.

The three held a civilain defense parley with Lt. Gen. Albert Wedemeyer, commander of the Sixth Army, yesterday.

California's governor, Earl Warren, acknowledged the A-bomb danger but said the most pressing problem is sabotage.

"An atom bomb attack is a possibility," he declared, "but sabotage is a very distinct probability and we can prepare against it better than we can an atom attack because we know more about it."

Warren has called a special session of the California legislature for Sept. 20 to tighten anti-sabotage laws and plan civilian defense.

The governors' meeting was the first of a series to be held with Wedemeyer. The next is scheduled Oct. 3.

Govs. Vail Pittman of Nevada and Dan E. Garvey of Arizona said they were primarily concerned with taking care of Californians following an A-bombing of key cities.

Texas Sheep Are Not Welcome in Colorado

DENVER, Aug. 23. (AP) — Texas sheep are not welcome in Colorado unless they have health certificates.

Gov. Walter W. Johnson issued an executive order here yesterday forbidding the importation of sheep into Colorado from Kansas and Texas unless they have certificates showing them to be free of scabies.

Johnson said many sheep are being shipped into the state from Texas, by way of Kansas. Many of these animals, he said, have been found infected with scabies, a skin disease.

Highway Building Bill Whittled Down by Advocates of Economy

WASHINTON, Aug. 23. (AP)—With Congress facing early votes on higher taxes and bigger military outlays, economy advocates gained ground today in their efforts to whittle domestic spending.

A $1,138 000,000 two-year highway building bill went to the House after senators had carved $119 million off proposed outlays previously cut $240 million at President Truman's request. The Senate passed it yesterday by voice vote.

SETS LIMIT

The bill sets a limit on the amount to be appropriated later by Congress for road building up to June 30, 1953.

The economizers, led by Sen. Byrd (D-Va), regarded as a notable victory their success in trimming a measure that offers federal aid money for every state — the kind of a bill that seldom feels the keen edge of the pruning knife.

Byrd told a reporter he is hopeful the Senate's action means that some real economies will be made in non-defense spending.

"We are likely to have a $75 billion a year budget before we are through and that will mean the kind of taxes that it will be difficult for the country to bear," Byrd said. "We must cut these non-defense outlays."

He said he hopes a 10 per cent Senate cut in non-defense items in the $34 billion single-package appropriation bill will stand up. That slash faced a new threat, however, in a reported statement by Mr. Truman that he is considering vetoing the bill because it now contains a provision for a $100 million loan to Spain.

AGAINST LOAN

Sen. Robertson (D-Va) told reporters that during a recent visit he and other senators made to the White House the President spoke out against the loan.

"He said the Senate had written too many restrictions into the bill and he was considering vetoing it," Robertson said. "The President was quite vigorous in condemning those who voted for the loan to Spain."

Robertson, who voted for the loan, defended the action on the ground that this country had granted a similar loan to Marshal Tito's Yugoslavia.

Few lawmakers thought Mr. Truman, to block a loan to Spain, would go to the lengths of rejecting the huge money bill, carrying $14 billion in military funds.

New Backing For Farm Crop Terminal Marts

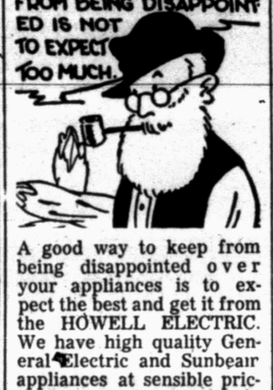

WASHINGTON, Aug. 23. (AP)—The House has unanimously approved the idea of giving federal financial backing to builders of new wholesale terminal markets for farm crops.

The measure won swift approval by a voice vote yesterday. It now goes to the Senate. The bill's backers said it would cut the spread between what the farmer gets for has produce, and what the housewife pays for it.

The bill would permit the Agriculture Department to insure up to $100 million of mortgages on new terminals. They would be privately operated.

New Drillstem

(Continued from Page 1)

work of installing pump was started, the project bailed oil at the rate of three barrels an hour. It did not show any water, and the oil could not be lowered below 500 feet from bottom.

The three barrels an hour does not show the full yielding ability of the wildcat. After the pump is in working order, the operator will run tests and likely will complete the well for about 100 barrels a day. The pay section is being produced naturally.

Location is 630 feet from the north and west lines of section 1, block 31, T&P survey. T-5-8. That makes it 15 miles west of Sterling City.

Union Oil Co. of California No. 1 Laura Cotten, new discovery in Central Terry County, has flowed oil on another drillstem test.

On the 75-minute test at 10,062-123 feet, gas surfaced in four minutes, mud in 11 minutes, and oil in 11½ minutes.

The oil was flowed to pits for three minutes and then was turned to tanks for a gauged one-hour flow of 110 barrels. No. pressures were available on the test.

This is the fifth test on which the No. 1 Cotten has flowed oil since it entered the reef at 9,902 feet, on an elevation of 3,262 feet.

The No. 1 Cotten is 660 feet from east and 1,980 feet from north lines of section 91, block T, D&W survey, and four miles southeast of Brownfield.

BELOW 8,885

Magnolia Petroleum Co. No. 2 Clayton Ranch, Southeast Crockett County exploration, 4,000 feet northeast of the same concern's No. 1 Clayton, gas and distillate discovery from the Ellenburger had reached 8,872 feet in the Ellenburger and was to drill to 8,885 feet and run a drillstem test.

This venture entered the Ellenburger at 8,835 feet, which is on a datum of minus 6,347 feet. That made the project 345 feet low on the top of the Ellenburger to the Magnolia No. 1 Clayton.

Interested observers figure that the No. 2 Clayton has 185 feet of Ellenburger section above the water—if the water comes to it at the same sub-sea level in this venture as it did in the nearby discovery.

Location is 660 feet from north and east lines of section 12, block GH, CC&SF survey. It is 10 miles east of Ozona.

TEST IN IRION

Wilshire Oil Co. and Balboa Oil Co. No. 1-A Brooks, wildcat in Central-East Irion County, was last reported bottomed at 7,330 feet in Ellenburger dolomite, preparing to take a drillstem test.

The proposed test will be at 7,300-30 feet. The section between 7,314 and 7,320 feet was soft, and samples yielded shows of porosity, with oil and gas shows.

On a previous drillstem test at 7,259-305 feet, recovery after 30 minutes was 190 feet of drilling mud, with no shows. Shutin bottom hole pressure after 50 minutes was 800 pounds.

This venture is reportedly high on top of the Ellenburger to other ventures drilled in that area.

Location is 660 feet from north and west lines of section 21, block 3, H&TC survey.

VEALMOOR COMPLETION

Seaboard Oil Co. of Delaware and others have completed the No. 1 E. W. Lover on the southeast edge of the Vealmoor-Canyon field.

The pool addition, immediately south of the Borden-Howard County line, was completed for 452.64 barrels of 46.5-gravity oil and no water daily. Production flowed through a one-fourth inch choke.

Pay was topped at 7,865 feet, and total depth is 7,893 feet. Five and one-half inch casing is set at 7,870 feet.

Casing pressure was 1,025 pounds and tubing pressure was 1,000 pounds. Gas-oil ratio was 960-1.

The No. 1 Love is 560 feet from north and west lines of southwest quarter of section 34, block 32, T-3-N, T&P survey, and three and one-half miles southeast of Vealmoor.

MIDAND WELL

Trebol Oil Co. and Rodman and others No. 1-P Peck has been completed for a flowing potential of 840.13 barrels of 43-gravity oil plus 15 per cent water per day through a one-quarter inch choke.

This new producer is two locations west and slightly south of the discovery well of the Sweetie Peck field in Southwest Midland County. Production was through perforations at 10,408 to 10,414 feet after hole had been plugged back from 13,347 feet to 10,426 feet and treated with 2,000 gallons of acid.

Production was through perforavanian.

Casing pressure on the test was 150 pounds. Tubing pressure was 425 pounds. Gas-oil ratio was 1,475-1. Top of pay is at 10,426 feet.

Exact location of the new well is 660 feet from the north and east lines of the northwest quarter of the northeast quarter of section 20, block 41, T-4-S, T&P survey.

RUNNELS WILDCAT

E. S. Price Oils of Ballinger will drill a 4,000-foot rotary wildcat in West-Central Runnels County, seven miles northeast of the town of Ballinger.

It will be his No. 1 R. L. Huddleston located 780 feet from the north and 1,863 feet from the west lines of section 145, ETRR survey, on a 228.56-acre lease. Elevation is 1,779 feet.

It is southeast of the Kirkham development in the east portion of the Florence pool southeast of the Beddo field.

Southern Minerals of Corpus Christi No. 2 G. F. Allen, dry hole located four and one-half miles west of Ballinger, has been plugged and abandoned at 4,189 feet in lime and shale.

It is an outpost to the West Ballinger pool where Cities Service No. 1 Allen became a producing north offset to the Kingwood Oil Co. discovery.

NEAR BRONTE

Humble Oil & Refining Co. has scheduled its No. 1 Noah L. Pruitt as an Ellenburger wildcat, one and one-half miles northeast of Bronte in Central-East Coke County.

Drillsite will be 660 feet out of the northeast corner of section 427, block 1A, H&TC survey.

Operator will begin operations within the next four days.

ECTOR EXPLORATION

Skelly Oil Co. is to start drilling immedately at its No. 1 Katherine Sands, which is to be a Clear Fork exploration in Central Ector County, three-quarters of a mile northwest of the nearest completed Clear Fork producer on the north side of the Lawson-Simpson field.

The Skelly prospector is to be at the center of the southwest quarter of section 32, block 44, T&P survey, T-1-S. It is to dig to around 5,800 feet.

The nearest produced to the southeast is The Atlantic Refining Co. No. 1-0 TXL.

Russian Delegate Walks Alone

Soviet United Nations delegate Jacob A. Malik (second from left above) is shown walking alone in a corridor after a closed meeting on the Korean question at Lake Success. The smiling man at right is Ambassador Warren Austin, U. S. delegate to the U. N., who is surrounded by reporters outside the conference room.

SomeCampaign Expenses Not Reported Yet

AUSTIN, Aug. 23. (AP) Some candidates are lagging in reporting primary campaign expenses Secretary of State John Ben Sheperd said today.

As of this week, five expense accounts are due from the 10 candidates in Saturday's run-off primary. Only half have fully complied, the secretary of state's report showed.

Under the law, candidates in each of the races at issue in the run-off are limited to a total expenditure of $2,500 in both the first and second primaries. The reports received to date cover both campaigns.

J. E. McDonald, candidate for reelection as commissioner of agriculutre who has said he is too busy in his office to campaign, has submitted no expense account, the secretary of state reported.

McDonald's opponent, John C. White, has made five reports accounting for a total of $1,452.59.

These are the secretary of state's figures on the other candidates:

Lieutenant governor — Pierce Brooks (three reports) $1,600; Ben Ramsey (five reports) $2,160.07.

Supreme Court, Place 1—Fagan Dickson (five reports) $2,498; Will Wilson (five reports) $2,073.10.

Supreme Court, Place 3—George W. Harwood (three reports) $590; Meade F. Griffin (five reports) $2,175.86.

Court of Criminal Appeals—Robert L. Lattimore (two reports) $337.36; W. A. Morrison (four reports) $2,163.08.

Escapee From New York Prison Is Sought In Oil Fields Of Texas

ROY, N. M., Aug. 23. (AP) — A search for Van Ray Mills, 25, who fled the Elmira, N. Y., reformatory the day after last Christmas, turned back to the oil fields of Texas today.

Mills sawed out of the Roy lockup Tuesday morning.

Marshall Rea Smith said hacksaw blades were smuggled to Mills during his less than two days in the jail. He sawed locks off the doors.

Sought by the FBI on a warrant for the New York escape, Mills attracted suspicion in Roy by registering at a hotel as James Jordan and later at an auto court as Grady Brown. The marshal recognized him from an FBI description after picking him up for investigation Sunday night.

Senators Deny Mail Charges

AUSTIN, Aug. 23. (AP) — Two senators denied today that they have spent state money in writing letters to friends urging election of Ben Ramsey as lieutenant governor.

Ramsey's opponent, Pierce Brooks of Dallas, charged yesterday that personal letters sent by a group of senators "are on state stationery, with the state seal on the letterhead, and paid for with state funds."

Sens. Ottis Lock of Lufkin and Jimmy Phillips of Angleton flatly denied it in statements issued here today. They said they sent the letters at their own expense.

DENIES CHARGE

"I have written many friends of mine, endorsing Ben Ramsey," said Phillips. None of my letters has been sent at state expense. I have receipts for postage and stationery.

"It is a privilege to endorse my friend and former colleague, Ben Ramsey, whose honesty, integrity, ability and public service are unexcelled and unimpreachable. At this time I can think of no greater public service I can render my friends than to recommend Ben Ramsey. . ."

LOCK'S STATEMENT

Lock said:

"A senator can not render a maximum of service to his people unless the Senate has a qualified presiding officer.

"Ben Ramsey, my constituent and predecessor in the Senate, is the only candidate for lieutenant governor who is qualified by experience, and I have written many of my friends asking them to vote for Ramsey. These letters, including the stationery and postage, were mailed at my own expense."

Soviet-Burma Pact

RANGOON, Burma, Aug. 23. (AP) —The Burmese Government announced today it had agreed with Soviet Russia to exchange ambassadors.

Swimmers Hit Channel Again

DOVER, Eng., Aug. 23. (AP)—Two more swimmers headed across the English Channel in opposite directions — just a few hours after seven men and two women churned their way through the strait in an historic mass crossing.

Two other Britain-bound marathoners — Frenchman Georges Alfonsi and Dutchman Joseph van Waal — gave up less than half way to their goal.

The England-to-France swimmer was 18-year-old Philip Mickman, English swimming wonder, who took off at 7:45 a.m. (1:45 a.m. EST) from just west of Dover harbor to try for his second channel conquest and his first crossing in that direction.

SECOND TIME?

He began his try exactly a year from the time he conquered the France-to-England route in 23 hours and 48 minutes.

The other three of today's starters began at Cap Gris Nez, France, heading toward this ancient channel port. One of them — the Belgian Fernand du Moulin — was so confident he planned to swim back again after a 15-minute rest.

CHAMPAGNE START

Moulin, who made the crossing last year in 21 hours 48 minutes, tossed off a bottle of champagne and entered the water at 2:36 a.m. (8:36 p.m. Tues.).

An attack of appendicitis ended Alfonsi's attempt one hour after he started. He was pulled out of the water with a rope and was still doubled up in pain when he was brought back to his hotel at Wissant, France.

Van Waal was dragged from the water about half way across the 19 mile stretch.

Acie Bailey Improving In New Mexico Hospital

Relatives of Acie Bailey, Snyder grocer who was injured in an auto accident near Ruidoso, N. M., last Wednesday, received work this this week that Bailey is improving.

He suffered several broken ribs and chest injuries in the accident in which Mrs. Bailey was fatally injured.

'Stray' Bullet Death Is Being Investigated

CORSICANA, Aug. 23. (AP) Sheriff David Castles said today the fatal shooting of a 62-year-old woman Aug. 11, previously attributed to a "stray" bullet, is now under intensive investigation.

The sheriff said the .22 rifle from which the bullet was fired has been identified through ballistics tests, and that its owner has been questioned. He said the case may be turned over to the grand jury.

Mrs. L. B. Strange, Oak Grove woman, was found in a dying condition by her husband about 4 p.m. Aug. 11. She had left the family residence for a nearby garden when the bullet struck her. Officer said then it appeared she was struck by a stray bullet.

The fatal gun was one of 14 .22 rifles gathered in the area and taken to the Department of Public Safety laboratory in Austin. The sheriff said the owner of the gun, a 33-year-old war veteran who spent 40 months in a Japanese prison camp, lives near the Strange residence and admitted shooting blackbirds on the afternoon Mrs. Strange was shot.

Korean Air Activity Grows To Biggest Day

TOKYO, Wednesday, Aug. 23. (AP) —Allied war planes, from little jets to big B-29s, ranged over Korea Tuesday "in the most active day of air operations since the war began almost two months ago."

Amplifying earlier reports on the Tuesday strikes, an Air Force release at 2:20 p.m. (11:20 p.m. Tuesday EST) said B-29s dropped more than 600 tons on Chongjin, North Korean east coast port and factory city, within 60 miles of Soviet territory. The one-hour attack caused fires and explosions which sent up smoke columns for more than 4,000 feet.

Another 200 tons were dropped on other targets north of the 27th Parallel, including the marshalling yards at Pyongyang, North Korean capital.

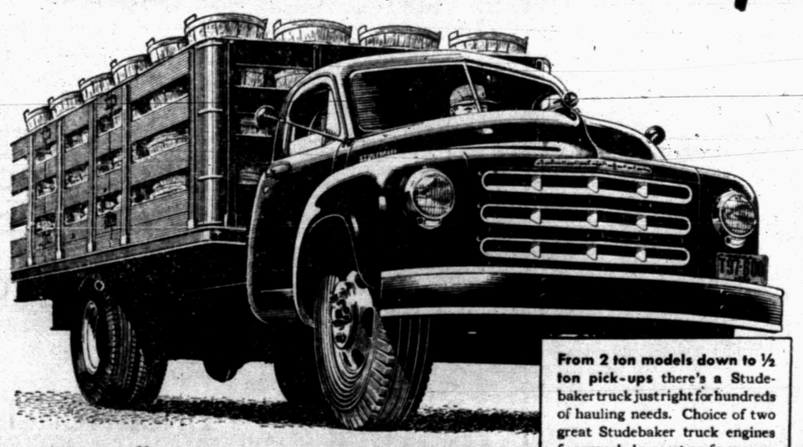

Other targets were Wonsan, Songjin, Changjon and Hungnam, and a key rail bridge 23 miles north of Seoul.

Child Shot To Death

KINGSVILLE, Aug. 23. (AP)—Lupe Garcia, 3, was killed yesterday when a .38 colt revolver which she was playing with discharged.

Pulling Power never known before!

THE GREAT NEW Mid-Century
U.S. ROYAL GRIP-MASTER

This is it! This is the tire that was completely tested and proved for soils just like yours. Now you can get traction you never thought existed. Now you can take that tractor of yours right out on paved roads and never worry about repair bills. Now you can get everything you ever wanted in a tractor tire—greater traction, longer wear, more comfort—with the great new U. S. Royal Grip-Master.

READ WHAT YOUR NEIGHBORS ARE SAYING about this great new tractor tire

"That open center design really throws out the mud."
"Those lugs won't bend back no matter how hard I pull."
"Talk about lugs that dig in and grip—just look at my tire tracks."
"Rides smooth as silk right out on the roads."

Dallas Now Has Three Runs In Fifty Innings

By WILBUR MARTIN
AP STAFF

Dallas lost again last night in the Texas League, but — for a change — San Antonio won. And that put the Missions just a half game back of fourth place Dallas.

San Antonio has been chasing the Eagles for weeks, but every time Dallas went into a losing streak, it seemed the Missions followed. And they didn't get very far, very fast in their attempt to get among the first four.

Fort Worth blanked Dallas, 2-0, while San Antonio edged Houston, 8-7.

In other games, Beaumont shaded Shreveport, 3-2, and Oklahoma City defeated Tulsa, 8-5.

Pat McGlothin gave Dallas seven hits, one more than his mates could collect off Bob Buhl. But three walks, an infield hit by Bob Bundy, and a Dallas error provided a run in the first inning. McGothin singled Frank Brown home with the other in the ninth inning.

In 50 innings of baseball, Dallas has now scored exactly three runs. And three came in the last inning of a seven inning first game of a twin bill at Tulsa Sunday.

Two runs in the sixth inning helped Zeke Melignano beat Shreveport. He pitched six hit ball.

WITTE HOMERS

Len Pillar stopped a Tulsa rally in the ninth inning by fanning two batters to protect Oklahoma City's win. The Oilers had scored three runs this frame.

Dick Bokelmann and Jerry Witte hit home runs for Houston, but the Buffs couldn't manage enough runs to win. For Witte it was his 25th since joining Houston in midseason.

Tonight Beaumont moves to Dallas, Shreveport, to Fort Worth, San Antonio to Oklahoma City and Houston to Tulsa.

Cleveland at Washington (night)—Wynn (14-6) vs. Hudson (11-10).
Chicago at Philadelphia (2-day-night)—Gumpert (5-6) and Scarborough (10-13) vs. Hopper (11-6) and Wyse (5-12).

Spring and early summer are the most likely times for tornadoes because of collisions of cold polar air and warm gulf air.

Tiger Chances For Flag Can Be Decided In Yankee Stadium

By JOE REICHLER
AP STAFF

Today could be described as D-day in the life and times of the turbulent Detroit Tigers.

Another loss on top of yesterday's 13-6 beating by the New York Yankees might mark the beginning of the end of Detroit's pennant dream. Also the outlook for the third and last of the three-game set at Yankee Stadium Thursday is far from bright. Then comes Boston.

Red Rolfe is banking on his ace, Art Houtteman today. The young right-hander and veteran Dizzy Trout are all that's left of the once-mighty Tiger pitching crew. Hal Newhouser and Fred Hutchinson have been in and out all year. Virgil Trucks and Ted Gray are laid up with sore arms. Hal White was pounded black and blue yesterday and Trout worked the day before. So everything is up to Houtteman.

Houtteman (16-9) has beaten the Yanks four times in six outings. Veteran Vic Raschi (15-8), his opponent, owns a 1-2 season record against the Tigers.

SHOWDOWN

Rolfe, recgnizes that the flag can be won or lost at the stadium.

"I'm not trying to belittle the chances of the Indians or Red Sox," Red said before yesterday's game, "but the Yankees are the team to beat for the flag. I think it will be between us and New York. They've got the best pitching in the league. And (Casey) Stengel has been lucky enough to have his big four escape injury.

"The way I see it, we must take at least one here and two out of three in Boston. I'll settle for that right now."

The Yankees were simply merciless on three Tiger pitchers yesterday. Led by Catcher Yogi Berra, they clubbed out 14 hits, including two doubles, a triple and three home runs. Berra batted in six runs with his homer, triple and two singles.

Allie Reynolds' pitching was only fair. He gave up 11 hits and five walks.

It was a disastrous day all around for the Tigers as the Indians and Red Sox also won. The Tribe whipped Washington, 5-1, to cut Detroit's margin to three and a half. The Red Sox walloped St. Louis's Browns, 9-5, to climb to within five and a half games of the top.

FURIOUS PHILLIES

Philadelphia's furious Phillies retained their five and a half game margin in the National League, edging hte Reds in Cincinnati, 4-3. Brooklyn's Dodgers outslugged the Pirates in Pittsburgh, 10-8, and Boston's Braves took third place from the Cardinals with a 5-1 triumph in St. Louis.

The New York Giants made it 16 wins in 19 games with the Cubs winning in Chicago, 6-5, in the National's only afternoon contest. Philadelphia and Chicago in the American League were idled by rain.

Bob Feller pitched six-hit ball to record his 12th win for the Indians. The Red Sox poured over eight runs in the sixth inning to overcome a 4-1 deficit and went on to gain their eighth straight triumph.

Del Ennis' ninth-inning single drove in Richie Ashburn with the run that gave the Phillies' Robin Roberts the edge in the pitching duel with Cincinnati's Veteran Ken Raffensberger. It was Roberts' 17th victory, tops in the National League.

Another Southern City Orders Communists Out

MACON, Ga. Aug. 23. (AP) — This middle Georgia city has given card-carrying Communists 48 hours to get out of town.

An anti-Red ordinance was given speedy and unanimous approval last night by the Macon City Council. The council waived the usual procedure of sending an ordinance to a committee prior to bringing it before the full council.

The maximum penalty upon conviction would be six months in jail and a $100 fine.

The council left the door open for an amendment Tuesday which would outlaw Communists for all time.

A similar ordinance and an active police campaign against Communists is in effect in Birmingham, Ala.

Big Spring Pushes Hard For Third Place In Longhorn League

(By The Associated Press)

Big Spring, a team that used to dominate the Longhorn League, is within one percentage point of pulling into third place.

The Broncs last night whittled Vernon's margin to this by knocking off Ballinger, 9-4, as the Dusters bowed to Odessa, 13-0.

Midland beat San Angelo, 4-2, and Sweetwater split with Roswell, taking the second game, 7-1, after losing the first, 10-9.

Ray Vasquez' three run homer sparked a five run outburst by Big Spring in the eighth.

Four hit pitching gave Ray Knoblaugh his 19th victory and Odessa its easy decision. The Oilers used six hits, an error, four walks and a hit batsman for eight runs in the fourth frame.

Jim Prince's two run first inning home run started Midland to its win.

Tom Jordan hit a bases loaded homer for Roswell and teammate Chuck Pressley, hit one good for two runs in that first game. In the second, five runs off four hits and three Roswell errors in the sixth cinched matters for Sweetwater.

Midland	201	001	000—4 7 1
San Angelo	100	100	000—2 9 2

Kids Could Dominate The National Amateur

MINNEAPOLIS, Aug. 23. (AP)—A crop of youngsters, products of the country's widespread junior golf program, is moving in for a kill at the National Amateur.

Seldom in the 50-year-history of the sedate tournament has so much young blood flowed past the hazardous first two days of play and into the third and fourth rounds.

Two 18-hole trips today reduced the field, originally 210, to 16 hardy survivors. Whether many of the "rookies" will be around by nightfall is conjecturai—but undoubtedly some of them will.

Still in the race for amateur golf's greatest honor are such old hands as Toledo's Frank Stranahan, defending champion Charlie Coe of Oklahoma City; former winners Ted Bishop of Weston, Mass., Dick Chapman of Pinehurst, N. C., and Willie Turnesa of White Plains, N. Y.

Warhooping after such seasoned swingers as these come the kids, led by 15-year-old Don Bisplinghoff of Orlando, Fla., High School.

Foremost among the newcomers are Husky Gene Littler, the Jaycee 1948 champion from Seattle, Wash., and 21-year-old Gerald Kesselring of Kitchener, Ont., Canada.

Kesselring, fresh from taking the Canadian junior crown, scored the most lopsided triumph of the entire meet yesterday with a 9 and 8 second round decision over Russ Brothers of Nashville, Tenn.

Little League World Series Begins Tonight

WILLIAMSPORT, Pa., Aug. 23. (AP) — The pick of the nation's boy baseball stars begins the fourth annual Little League World Series here tonight.

Punxsutawney's Pennsylvania state champions will clash with Hagerstown, Md., representing Region Four, in the series opener. Three other first round games will be played tomorrow.

In all, eight teams, coming from leagues in 22 states, will take part in the single elimination tourney. All of the boys are between 8 and 12 years old.

On deck for tomorrow's tilts are Bridgeport, Conn., facing Clinton, S. C., Pensacola, Fla., last year's runnerup, meeting Kankakee, Ill., and Westerly, R. I., battling Houston, Tex., at 5 p.m.

Baseball's Semi-Pros To Hold Tournament

WICHITA, Kan., Aug. 23. (AP) — The powerful St. Joseph Auscos, Michigan state champions, make their first appearance in the National Semi-Pro Baseball Tournament tonight.

The St. Joseph team, composed almost entirely of former professional league players, will meet the Derry, Pa., Veterans of Foreign Wars in a first round game at 5:45 (CST). It will be one of five games on the day's program.

In a feature second round game last night, the strong Quantico, Va., Marines pushed over a run in the ninth inning to defeat the Barksdale, La., Field Bombers, 8-7.

In first round games last night, the Worland, Wyo., Indians scored four runs in the ninth inning to edge the Exter, N. H., Bears, 11-10, and the Santa Maria, Calif., Indians blasted the Kenosha, Wis., Chiefs, 9-0.

1952 Opens Will Be Played At Dallas Club

MINNEAPOLIS, Aug. 23. (AP) —The U. S. Golf Assn. announced yesterday that the 1952 Open championships will be played at the Northwood Club in Dallas, Tex.

The amateur that year will be in Seattle, Wash.

Channel Record Breaker

Hassan Abd-el Rehim, above, 42, Egyptian Army officer, swam the English channel yesterday in the record-breaking time of 10 hours and 52 minutes. The old record was 11 hours and five minutes. Rehim, who landed at Dover, England, was one of 24 swimmers from 12 countries who entered the channel on the French side for a mass race through rain and choppy seas.

New Mexico's Fate Is Still Hanging Balance In Border Conference

LUBBOCK, Aug. 23. (AP) — The status of the University of New Mexico in the Border Conference may be decided Sept. 9 at El Paso.

Dr. J. William Davis of Texas Tech, conference president and Dr. E. L. Larson, conference commissioner, met here yesterday and could not iron out the problem. They set another session tentatively for Sept. 9.

The school wants to be considered eligible for conference titles in football and basketball this year. It recently joined the Skyline Six Conference.

Davis said there were several problems connected with the university's request. He also said every member of the circuit apparently had a different idea of what action should be taken.

Junior Legion Champs Are Waxahachie Nine

BATON ROUGE, La., Aug. 23. (AP) —The Shreveport Seven-Up Bottlers defeated Waxahachie, Tex., 4-3, last night to take the sixth regional American Legion junior baseball championship.

Bo Foster started on the mound for Waxahachie and was relieved in the seventh inning by Tom Gibson who finished the game.

Seth Morehead, who did the hurling for the winners, allowed only three hits and struckout 13.

Armed Forces Due For Some Good Football

OKLAHOMA CITY, Aug. 23. (AP) —"There are going to be a lot of football games won and lost by the armed forces this season."

Bud Wilkinson, University of Oklahoma coach, put feeling into that statement yesterday to sports writers at a preview of Sooner prospects.

Federal activation of Oklahoma's 45th Division took away five men being counted upon for replacing some of the 10 starters lost through graduation.

"Four National Guard divisions have already been called in the nation," Wilkinson said. "In Oklahoma, all three major schools are suffering. This naturally gives surrounding states that were not touched an advantage."

Of course, war developments during the season also will determine football manpower. Wilkinson, named coach of the year at the end of last season, isn't sure he'll finish out. He's a Naval Reserve officer.

He predicted Oklahoma's string of 21 straight victories will come to an end soon after the season opens.

The nation's No. 2 team opens against Boston College Sept. 30, and follows with Texas A&M and Texas.

"There's no chance to win them all. We'll be fortunate to win one. I'll be well pleased to win two out of three," he said.

Relief Pitching Holds Albuquerque To Win

(By The Associated Press)

Relief pitching is paying off for Walt Stenborg.

The Abuquerque hurler last night won his fifth game in two weeks—four of them in relief roles—as the Dukes took the second game of a double bill from Amarillo, 8-6. Stenborg took over from Jordan Pitta in the third inning. Amarillo won the first game, 8-0.

Borger bounced Clovis, 12-3, 8-4, in another doubleheader, while Lubbock took over second by one percentage point with a 7-6 decision over Abilene.

Lamesa dropped to third when it bowed to pace setting Pampa, 11-7.

Couple, 83, To Marry

LONG BRANCH, N. J., Aug. 23. (AP)—Morris Herman and Laura Colby get married today. They're both 83.

Four generations of in-laws will attend the wedding, which climaxes a whirlwind two-month courtship.

The bridegroom owns the Vendome Plaza Hotel here, where the wedding will take place.

Valentino Admirers Still Pay Tribute

HOLLYWOOD, Aug. 23. (AP) —Admirers of the late Rudolph Valentino gather today to pay tribute to the great lover of the silent screen on the 24th anniversary of his death.

Heading the ceremonies will be the no longer mysterious "Lady in Black," Ditra Flame, who is founder-president of the Rudolph Valentino Guild, Inc.

The lady in black will lay her annual bouquet of red roses at Valentino's crypt.

A special tribute show was given last night with Miss Flame as mistress of ceremonies. The program included Latin dances, love lyrics and metaphysical pantomimes —interspersed with words and music by Miss Flame. She pronounces the name "Flam-ay," accented on the second syllable.

The program wound up with the showing of one of the great lover's old films.

New Lamp Detects Bad Dish Washing Jobs

PASADENA, Calif., Aug. 23. (AP) — Greasy spoon restaurants and hen-pecked husbands may soon be at the mercy of a new type lamp.

The lamp — using "black light" mercury — can detect sloppy dishwashing.

It was explained in an illuminating talk to lighting engineers yesterday by Alston Rodgers, who helped design the lamp for use by Cleveland Health Department inspectors.

"A dish may look perfectly clean," said Rogers, "but unless dish washers have been careful, the lamp's ultra-violet rays will show it to be dotted with particles that shine in the dark."

If the little woman starts using it — husbands, beware!

Chintz was originally calico or cotton fabric from India, each piece being called a "chint."

Brakeman Takes Wild Ride On Runaway Car

PHILADELPHIA, Aug. 23. (AP) — A Pennsylvania railroad brakeman took a wild ride on a runaway freight car for five city blocks yesterday, passing intersections ordinarily teeming with traffic.

The brakeman, Carl Bitzer, 35 escaped injury as the freight car leaped the tracks and came to a halt on soft dirt.

Bitzer was riding on top of the car at the forward end of a line of empties being switched onto a siding when the car's coupling gave way.

He applied the hand brake without success and then hung on for dear life as the car gathered momentum.

At one intersection, a motorist, Matthew Spaeth, 35, saw the car bearing down on him and stepped on the gas to avoid a collision in the nick of time.

The Second Hurricane Blows Itself Out

MIAMI, Fla. Aug. 23.. (AP) — The second hurricane of the season has blown itself out.

The tropical storm, spawned in the same general area as Hurricane No. 1, degenerated into a wide squall area in the eastern Caribbean Sea last night after smashing tiny Antigua Island with 120-mile an hour winds.

Observers said the storm was little more than a series of gusty squalls with winds of 30 to 35 miles an hour in the roughest spots.

The most active portion of the area lay southeast of St. Croix in the Virgin Island group.

Lubbock Cyclist Killed

LUBBOCK, Aug. 23. (AP) — Teddy McClain, 10-year-old son of Mr. and Mrs. G. C. McClain of Lubbock, was killed yesterday when the bicycle he was riding and a truck collided.

PERSONALS

Mr. and Mrs. Wade Pitken and children are vacationing in Seminole, Okla.Mr. Pitken will be away two weeks from his duties as partner at Bickerstaff Motor Co.

Mr. and Mrs. S. W. Angel, 1311 Twentieth Street, have with them this week Mrs. Angel's brother, Tom Adams from Carono, Calif. He is accompanied by his daughter, Mrs. Mildred McCloud and his granddaughter, Artus McCloud.

Mr. and Mrs. Arthur Townsend, who live on the Gail Highway, had as a visitor over the week end Mrs. Townsend's niece, Lt. Jaunelle Jones, who is with the Army Nurse's Corps., Brooks General Hospital, Fort Sam Houston, Tex.

Garland Armstrong, local attorney, made a short business trip to Austin Monday night. Traveling by auto, he will return tonight.

Mrs. Mary Fesmire, 2204 Twenty sixth Street, will leave this week for Terry, Idaho, where she will visit her ssiter, Mrs. Rosie Cross. Mrs. Fesmire will travel by train. She plans to be away four weeks. She had as a visitor this week her granddaughter, Mrs. Jolene Fesmire, Odessa.

Mr. and Mrs. Jody Bynum, 605 Twenty-ninth Street, have as visitors their son and family, Mr. and Mrs. Brady Bynum from Corpus Christi, Tex.

Billy Don Burk was home over the week end visiting his parents, Mr. and Mrs. C. R. Burk, 1212 Twenty-sixth Street. Billy attends McMurry College, Abilene.

Mr. and Mrs. M. A. Calloway, 1202 Twenty-sixth Street have with them Mrs. Callaway's parents, Mr. and Mrs. A. G. Ketchersid from Breckenridge, Tex. The Ketchersids will visit for several days.

C. R. Burk will leave Wednesday for Crane, Tex., where he will attend the Roundtop Mason celebration, held there Saturday. He will return Sunday.

Mr. and Mrs. C. R. Burk, 1212 Twenty-sixth Street, have returned from a visit to Kerrville, Tex., where they visited with Mrs. Burk's two brotners, V. Clous and Joe Clous.

Mr. and Mrs. Randolph Rivers have as their house guest this week Mrs. John Baker from Beaumont, Tex. Mrs. Baker is their daughter.

Mrs. Maude Marshall Shope is a visitor in the home of Mr. and Mrs. Joe Strayhorn, 2111 Thirtieth Street. Now a resident of Fort Worth, Mrs. Shope is one of the early settlers of Snyder.

Mr. and Mrs. William Pickett from Lubbock were here last week end visiting with Mr. and Mrs. George Killam, 2707 Avenue X.

Mrs. J. C. Dorward, 1908 Thirtieth Street, Miss Clinta Blackard, her granddaughter, and Mrs. J. E. Blakey and three children from Lubbock left this week for Colorado Springs, Colo. They will tour various parts of western states before returning.

Mr. and Mrs. R. E. Gray visited their daughter and family, Mr. and Mrs. L. D. Harris in Abilene last week end.

Mr. and Mrs. H. C. Gilchrest, 608 Thirty-second Street, are parents of a six-pound, 11-ounce son, born yesterday morning at the Snyder Hospital.

Mr. and Mrs. B. L. Rhoderick are away on a vacation in Utah. They will return in two weeks to their duties as managers and owners of the A and B Furniture Company.

Mr. and Mrs. E. E. Thompson, Jr., had Mrs. Thompson's parents as visitors in their home at 2300 Avenue I last week end.

Mr. and Mrs. G. W. Parks, 2100 Avenue M, had Mr. Parks' brother and family, Mr. and Mrs. L. M. Parks from Houston with them last week.

Mr. and Mrs. J. C. Morgan, 2808 Avenue M, have returned from their 13-day vacation trip through the western states. They visited with Mrs. Morgan's uncle and family, Mr. and Mrs. Jim Wiley Payne in Long Beach, Calif. Mr. Morgan is now back at his work in the oil fields.

Mr. and Mrs. Melvin Newton, Jr., 2707 Avenue C, went to Corpus Christi, Tex., last week end. Accompanying them was Mrs. Newton's sister, Miss Ramona Harless. They visited another of Mrs. Newton's sisters, Mrs. Roy Baze, who returned with them, and will spend three weeks visiting with the Newton's and with her parents, Mr. and Mrs. Ben Harless of Dunn.

Harold Mackey, 3005½ Avenue V, is in Hawley, Tex., visiting his cousin, Miss Lanell Mims. Mr. Mackey, who is a sophomore at West Texas State Teachers College, Canyon, Tex., plans to undergo surgery on an injured knee upon returning from his vacation. He will enter college again at mid-term.

N. R. Clements, who underwent a sinus operation in Big Spring last week, is home again and much improved.

Mr. and Mrs. C. L. Banks of Snyder and Mr. and Mrs. J. M. Lewis of Cuthbert visited the Erdies Lewis home in Forsan Sunday.

Mrs. W. W. Headstream and Mrs. C. L. Banks were shopping in Sweetwater yesterday.

Mr. and Mrs. A. C. Kincaid, 3108 Avenue T, are entertaining T. M. Springer from Lubbock this week. Mr. Springer is the father of Mrs. Kincaid.

Mrs. Dell Smith, 3108 Avenue T, left Sunday for a vacation trip to Plainview, Tex. She was accompanied by her young son, Tommy Smith. Mrs. Smith will visit with her sister, Mrs. Kelley Harrison, while in Plainview.

Mrs. F. M. Webb from Leuders, Tex., has been here this week visiting Mr. and Mrs. H. D. Mackey, 3005½ Avenue V.

Miss Vita Wasson, 1308 Thirtieth Street, had a surprise visit Tuesday when Mr. and Mrs. W. Sparks of Amarillo drove by to see her. Mrs. Sparks and Miss Wasson taught school together 18 years ago in Amarillo.

Mrs. Jimmy Coffee is in town visiting with her parents, Mr. and Mrs. Jim Ikard, 2001 Avenue O, and with her husband's parents, Mr. and Mrs. J. W. Coffee.

Mrs. Elma Browning, 2800 Avenue Q, had as visitors Saturday Mrs Dennis Carl Browning and babies from Hermleigh and Ila Jean Browning and Butch Browning, also from Hermleigh.

Mrs. A. N. Woodard, 2311 Avenue M, went to Lubbock Sunday to visit her daughter and family, Mr. and Mrs. Gwen Merrill. Accompanying Mrs. Woodard was her other daughter, Mrs. Clara Boren, who has been visiting Mrs. Woodard several days from Fort Worth. Others driving over with Mrs. Woodward were Mrs. Beatrice Whitmore and Mrs. Avis McKinney.

Mrs. H. R. Chapman, 904 Twenty-seventh Street, drove to Big Spring Sunday with her two daughters to visit Mr. Chapman who is being treated in the Big Spring Veteran's Hospital.

Mrs. William L. Haney returned last week end from a week's vacation trip to her former home, Tulsa to visit her mother, Mrs. Mary Billingsley. Accompanying her was her newhew, Bob Seale, who had spent several weeks here with her. Mrs. Pauline Hughes also went along and visited relatives in Oklahoma City.

Architect Tries to Blend Houses With Texas Climate

Mrs. DeWitt C. Van Sicklen joins the ranks of professional women here. She is an architectural designer.—(Joe Dave Scott Photograph).

Snyder Woman Abandoned Study of Art, Took Up Allied Field of Designing

Bending her brushed blonde coiffure over an intircate design on the drawing board, Mrs. DeWitt C. Van Sicklen looks exactly what she is—a progessively alert young architectural designer of homes and offices.

Explaining why she became a member of this occupation usually filled by men, she said, "Designing is art plus engineering, and I felt an attinity for both fields in school.

After about two years of majoring in art, she switched to designing, desiring its broader scope.

She attended John Tarleton and later Texas University and then worked with an architectural firm in Abilene. Her husband, a consulting geologist, shares offices with her at 2508 Avenue K, and the couple eat, sleep, and talk shop, and entertain friends in rooms at the same address.

The slender blonde finds designing of houses an exciting challenge. In the Panhandle area, she said, there are many ideas that might be used to blend our homes in with our climate and customs.

She suggests low roofs, no windows on the west, from which so much of our wind blows, and solid glass walls on the eastern exposure.

Blue prints and drawings have been concentrated on her proudest job, the remodeled home of Miss Myrtle Harrell and Miss Faye Harrell, west of Snyder. The most extraordinary feature of this home she designed, Mrs. Van Sicklen said, is the joining sitting room and living room. A fireplace separates them. The catch is that the fireplace serves both rooms, and you can look through at your neighbors in the next room.

Mrs. Van Sicklen is not exclusively devoted to her professional work. She has a lively sense of homor, a dash for dressing in good tailored sports clothes and whipping up cool salads and short orders for friends who drop in. Mr. and Mrs. Van Sicklen's life, of necessity, just now is not formulized for they both work at odd and unlikely hours when the muse strikes.

If you see a light at the Van Sicklen offices very late at night, it might be the lady dreaming away on paper of modernistic office building or a stylized powder room for some residence. Or, of course, it might be the Van Sicklens taking ham sandwiches off trays while ironing out some knotty problem of geology or designing.

Tea at Country Club Tomorrow Will Honor Mary Frances Echols

Preparation are being made for a bridal gift tea to be given for Miss Mary Frances Echols, bride-elect of Guy Allen Baber, Jr. Miss Echols will be married Sept. 2 at the First Baptist Church. Miss Echols is the daughter of Mr. and Mrs. Burton Echols, who live southeast of Snyder.

The tea will be held tomorrow at Snyder Country Club between the hours of 6 and 7 o'clock. Mrs. Marshall Erwin is hostess. With her in the receiving line will be Miss Echols, Mrs. Echols, Miss Edyth Echols, sister of the bride-to-be, and Mrs. Perry Echols, Ira aunt of Miss Echols.

Friends who will assist the hostess will be Mrs. Bill Line, Mrs. Howard Crenshaw, Mrs. Preston Hunnicutt, Mrs. Billy Wayne Thompson, Mrs. Oleta Ikard, and Miss Samie Williams.

Annual H-D Picnic To Be Held in School Cafeteria Aug. 31

The annual county-wide picnic, sponsored by the home demonstration council, will be held at 7 o'clock the night of Aug. 31 at the new elementary building cafeteria.

Mrs. Mildred Sparks, acting home demonstration agent, will introduce the principal speaker, the Rev. E. K. Shepherd, who will speak on the home demonstration theme—"Better Homes Build a Better World."

Following the speech, there will be a club recreation presentations and a closing song.

Each family is to bring a picnic basket to the meeting, Mrs. Sparks said.

California Guests In J. C. Morgan Home

Mr. and Mrs. Jack C. Morgan, 3109 Avenue V, are entertaining houseguests this week.

Mrs. Morgan's mother and father, Mr. and Mrs. Henry Cash from Oakland, Calif., are here accompanied by Mrs. Morgan's sister and family, Mrs. Dan Brogden and three children from San Leandro, Calif.

Mrs. Rise Adams, Mrs. Morgan's aunt from Ackerly, Tex., is also here for a few days.

Barbecue Last Night In Sullinger Home

Mr. and Mrs. Jim Sullinger, Jr., 1008 Twenty-eighth Street, and Mr. and Mrs. Chunk Burney of the Chuck Wagon Drive In were hosts for an outdoor barbecue last night at the Sullinger residence.

Barbecue, potato salad, ice cream, cookies, and pop were served to the following guests: Mr. and Mrs. Noble Oliver, Bronte, Tex.; J. W. Warren, Big Lake, Tex.; Mr. and Mrs. Robert Warren, Fluvanna; Mr. and Mrs. Jack Burney, Ira; Mrs. Billy Sewell, Ira; Joe Rue Burney, Mrs. W. F. Burney, Mr. and Mrs. Bill Sullinger, Mrs. Bertha Clark, and Mr. and Mrs. Howard Crenshaw.

The Navajos are the largest Indian tribe in the U. S. today, says the National Geographic Society.

The Navajo Indian tribe of Arizona and New Mexico numbers more than 50,000.

TALK OF THE TOWN

BY FRANCES BIOW

MRS. A. P. MORRIS is grandmother of two outstanding men—handsome M. L. JOHNSON a geologist, works in the oil terrain here abouts, is a man of action and a reserve pilot with an admirable record filed away in the war department for services rendered last time. Yesterday through the mail arrived a letter from WAYLAND JOHNSON, who is piloting F80's all over Korea. An F80, to the uninitiated, is the fastest thing in the clouds. The 26-year-old lieutenant has made several successful missions over red letter territory with throttles open.

* * *

A fat little person 16 months old waddled cheerfully to the morning glory-hung door of the little apartment west of town. Veal was cooking on the electric range. Everything bore the spick and span touch of a good housewife. But for those flashing black eyes and cloud-like black hair you wouldn't dream MRS. FRANK ROSE, 2800 Twenty-fifth Street, was born in Cairo, Egypt, Beatrice Saphir, the daughter of a Hungarian dentist from Budapest and a Rumanian mother.

"I was educated in a Catholic convent. There are only private schools in Cairo, and they are relatively expensive. But the training is superb. We were made to master the native tongue, which is Arabic, then to learn English and French," said Mrs. Rose. Only a visage of a burr in her speech reveals her Egyptian background. She speaks beautiful English.

* * *

Mrs. Rose at 16 dropped school with the beginning of war and worked at the Thomas Cook Travel Agency. Well on her way to Americanization in her thought and speech, she then went with our army headquarters stationed in Cairo, and there met Mr. Rose, the guy who ultimately set her down on Twenty-fifth Street, Snyder, across from the Owl Cafe!

"That future husband of mine was a talker and he talked me after the war into hostessing on the transport planes he flew between Cairo and Etheopia. When we were married, it was in Etheopia. A cholera epidemic broke out in Cairo and we were not allowed back there. So for three months we were marooned in Addis Ababa. Well, we got married."

* * *

Long ago dubbed "Betty" by the American soldiers, the transplanted Egyptian beauty follows chubby young Margaret about and is quite active in a circle of the Methodist church. Wholeheartedly liberal in her thinking, she followed her husband into his Prodestant church, which meant a change from a lifetime's habit.

* * *

Of Egypt's conditions, she said, "It's dirty. But, if I thought it dirty, when I got to Ethopia, I was appalled! We kept house there for six months after marrying and we had to BOIL EVERYTHING.

* * *

En route to the States for the permanent settling down, she and her new husband took a spin to many exciting spots. They played "hookey" in eneva, Paris, and New York City before arriving in Scurry County. Of all the sights new to her, Mrs. Rose got the biggest boot from the automat in New York.

* * *

Now Mr. Rose is in Lubbock with his oil company, and Mrs. Rose and Margaret stay here, trying to keep cool. Sometimes a friend babysits with Margaret so Mrs. Rose can get out for an ice cream soda or an afternoon with her club.

WOMAN'S CALENDAR

THURSDAY

Chez les Amies, at Country Club, 2 p.m. Mrs. V. V. McGrew entertaining.

Gift tea honoring Miss Mary Echols, bride-elect of Guy Baber, Jr., Country Club, 6 to 7 p.m.

Horace Eiland Host To Bryant-Link Staff

Mr. and Mrs. Horace Eiland entertained the employets of Bryant-Link's Store in their spacious ranch home near Dermott Friday night.

Assisting Mr. and Mrs. Eiland were their son, Billy Eiland, and Miss Fay Taylor.

Games were played and iced drinks and melons were served to the following: Mr. and Mrs. A. C. Kincaid, Mr. and Mrs. H. C. Moore, Earl Abercrombie, Collie Fish, Loyce McCravey, Mr. and Mrs. W. W. Hull, Mrs. Joe Cotton, Mrs. Beatrice Whitmore, Mrs. Bertie Stringer, Mrs. Pauline Graham, and Mrs. Opal McGregor.

Mr. and Mrs. Worrell To Lubbock and Dallas

Mr. and Mrs. Sid Worrell, 809 Twenty-seventh Street, are in Lubbock this week attending the graduation of their son-in-law, Floyd Boston, from Texas Technological College.

Mr. and Mrs. Worrell will continue on a vacation trip to Dallas after the graduation exercises.

They are expected back at their business, the Scurry County Tractor Co. in a week.

Union Church Revival

A revival is in progress at the Union Methodist Church this week. Services will continue through Sunday. The Rev. A. T. Mason is preaching at both morning services at 11 o'clock and evening services at 8 o'clock.

Malay has more Chinese population than native Malayan.

Some of the strange sandstone spires in northwestern New Mexico are as tall as a 20-story skyscraper.

Nathan Read of Salem, Mass., patented a steam vehicle in 1790 but dropped the idea for lack of public interest.

Nurse Tells How Hadacol Was So Helpful To Her

Mrs. Jennie Lee Adele 412 N. 27th St. East St. Louis, Ill., says being a nurse really lets her know when folks are sick. That is why when she tried all sorts of remedies and didn't get relief, she knew she was in bad shape. That was, of course, before she heard about HADACOL and before she found out she had a deficiency of Vitamins B1, B2, Niacin, and Iron.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. I had to stop working and went to the hospital. I was suffering all kinds of dizzy spells, weaknesses and growing weaker. I had pains in my chest, and I could hardly eat. My food never seemed to agree with me. I was terribly run down and growing worse. I had tried all kinds of remedies. Don't think I wasn't plenty scared—'cause I know, being a nurse, when folks are really in bad shape. . . I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I don't have dizzy spells any more—I am full of energy. The only thing about HADACOL is that I didn't find out about it sooner. Now I am going back to work at last, thanks to wonderful HADACOL."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACO now makes it possible to actually relieve the cause of neuritis pains, nervous disorders, and a general run-down weakened condition due to such deficiencies in you system.

Hadacol not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron and Niacin but also helpful amounts of important Calcium, Phosphorus and Mangenese—elements so vital to help maintain good lealth and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These previous Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B1, B2, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're suffering fiendish torture and agony from neuritis aches and pains, nervous disorders, insomnia, stomach distress and a general run-down weakened condition due to such deficiencies.

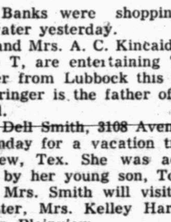

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin of red blood cells (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ—to the liver, lungs, heart, kidneys—even to the nails, hair and eyes. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore? This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only $1.25. Large family or hospital size, $3.50.

Save money in Lone Star Gas Company's great annual Summer Sale of Floor Furnaces

Avoid Delay

that results
from the rush
for heating equipment
when cold weather strikes.
Only $5 down,
36 months to pay,
first monthly payment
postponed until October.
Call, today!

LONE STAR GAS COMPANY

Boy Oh Boy!

Forced Air Central Gas Heating makes summertime out of Winter

Winter preys on your children's health. Its dangers lurk in drafts . . . on chilly floors . . . in unheated rooms. Now, with the many *new* types of forced air central gas heating systems, any home can be as healthful in winter as in summer.

Through a system of ducts and registers, forced air central gas heating delivers fresh, warm air to every nook and cranny . . . and returns cold, stale air to the out-of-doors. There are no chilly floors or drafts which cause discomfort and may cause dangerous colds. No heat hangs at the ceiling or wastes itself when you are asleep or away. There's no overheating when "just a little heat" will do.

Forced air central gas heating gives your children the health protection at home that authorities insist they have at school.

You have only to talk to a heating contractor or a Lone Star Gas Company heating specialist to see how practical and how little it takes to put one of the new forced air central gas heating systems in your home. See him—won't you?

Why not, today?

Central gas heating can be installed in a closet, or in the attic, under the floor and in a wall. Here certainly is *the* heating system for modern living.

See your Gas Heating Contractor or Lone Star Gas Company, today

Experts Say U. S. Has Better Tanks Than the Reds in Korea

By C. YATES McDANIEL
(Associated Press Staff)

WASHINGTON, Aug. 23. (AP)—Tank for tank, the heaviest American models now fighting in Korea were reported today to be more than a match for the best the Communists have thrown against them.

Army officials who made this claim also said a new light tank gun which will be available shortly should be able to "handle any Russian medium tank."

Much of the Korean Reds' early success was attributed to superior tanks. United States forces had few tanks and frontline despatches reported that the Gen. Chaffee, the first American model used there, was no match for the Russian T-34.

MORE THAN MATCH

Army officers said, however, that the Patton and Pershing models rushed to Korea have proved far superior to the T-34, a 30-ton tank. They said under some conditions the Gen. Patton's 90 millimeter guns would give "considerable trouble" to the Josef Stalin III, the Red Army's largest known tank. It weighs an estimated 50 to 70 tons and mounts a 122 millimeter gun.

The 47½-ton General Patton is the heaviest U. S. tank now in actual production, Army spokesmen said. They described it as the transition vehicle between World War II types and a new family of three models being developed as a result of military policy revision.

The new policy gives priority in tank design to firepower. Mobility rates second and protection third. World War II tanks strissed mobilty first and firepower second.

SECOND TO NONE

"In any future conflict American tanks will not be inferior in firepower to any foreign tank," one officer said.

The first member of the new tank family, known as the T-41, will be produced by the Cadillac division of General Motors, which was alerted to the task long ago.

Details of this new light tank, which so far has been given no nickname, are still secret. Officials said, however, that it has far superior fire control, sighting equipment and engines than any used in the last war.

AIRCOOLED

The new model's engines were described as being aircooled, lighter, longer-lasting and cheaper to build than any World War II counterparts. They will have an automatic gear shift.

Firepower will be stepped up, military men said, by improving the metal used in gun barrels and also by new types of ammunition that "about double the destructive effectiveness."

The officer made no claim that any but the new light tank would be available for use in the near future. One officer said the Army had several choices for a successor to the General Patton medium tank and that the proposed heavy tank was still in the development stage.

Charge Denver Scientist Stole Plutonium Vial

DENVER, Aug. 23. (AP) — Federal charges of stealing plutonium—vital in ato mbomb production—have been filed against Sanford Lawrence Simons, 28, research scientist at Denver University.

FBI Agent Russell Kramer said a small glass vial of plutonium was recovered from a hiding place beneath Simons' Denver home. He was held in default of $10,000 bond. Simons will be tried under the atomic energy act. The maximum penalty is five years' imprisonment and a $10,000 fine.

Kramer said the plutonium was taken from the Los Alamos, N. M., atomic project four years ago. The FBI said Simons admitted taking the plutonium as a "souvenir" and that he had placed it under his house so that his children wouldn't play with the radioactive substance.

Simons served as an Army enlisted man at Los Alamos from August, 1944, to March, 1946. He was a civilian scientist there from March, 1946, to July, 1946. Since September 1948, Simons has been a research scientist at Denver University.

The FBI would not disclose the quantity or value of the plutonium. Kramer said he had heard varying reports the substance was worth from $500 to $200,000.

Michigan Guard Gets Taste of Propaganda

CAMP GRAYLING, Mich., Aug. 23. (AP) — Michigan National Guardsmen got a taste of propaganda warfare today.

The 46th Division, in maneuvers here, was showered with mimeographed leaflets from planes.

The leaflets read

"Men of the 46th Division. A personal invitation to you—

"If you would rather eat steaks than C-rations, rather drink beer than water; rather sleep on soft beds with clean sheets than on the hard, wet ground; then, now is the time for you to give yourself up to the aggressor forces! The aggressor treats you right. Don't think it over too long."

British Troops To Korea Within Week

HONG KONG Wednesday, Aug. 23. (AP) — Departure within a week of 1,500 British troops for Korea will be no great secret.

But whether the British Tommies from the Argyle and Sutherland Highlanders and the Middlesex Regiment will go directly to Korea or first to Japan is a secret.

The troops probably will travel by merchant ship but some may go by air.

Plane Manufacturer Describes New Weapons

JOHNSTOWN, Pa., Aug. 23. (AP)—The U. S. is building "fantastic" new war weapons, says Aircraft Manufacturer Glenn L. Martin.

Speaking last night at a Kiwanis dinner marking the start of the all American amateur baseball tournament, Martin said his Baltimore firm is building four types of homing device missles, each of which can "track its game better than an animal."

Martin said his company will be on a full wartime basis by November.

Cranberry Crop Will Be Biggest in History

EAST WAREHAM, Mass., Aug. 23. (AP) — There will plenty of cranberries for Thanksgiving and Christmas this year.

That's the word of Chester D. Stevens of the New England crop reporting service of the U. S. Department of Agriculture.

He told the Cape Cod Cranberry Growers Assn. yesterday that the 1950 crop will be the largest in history.

Boy Dyes Hair Green To Help Paper Sales

ST. PETERSBURG, Fla., Aug. 23. (AP) — Twelve-year-old Jackie Mizikow has come up with a new angle for selling newspapers.

He's dyed his hair green to match the color of the final edition of the paper he sells—the Evening Independent.

Former Mayor Dies

CAINESILLE, Aug. 23. (AP) — O. T. Cartwright, 84, former mayor of Whitesboro, died yesterday.

Pole Climber I s Forced Down

Pole climber Melvin Abramowitz, 18, clings to the top of a clothes line pole, left, in New York City backyard. He descends part way when firemen, center, swings ladder in to remove him after pleas of his parent failed to get him to come down. He evaded the firemen but a policeman climbing up from the bottom, right, grabs him and the two fell into the net stretched below. Neither was injured and the youth was sent to Bellevue hospital for observation .

Senator Says Excess Profits Levy Likely in Tax Hike Bill

By FRANCIS M. LeMAY
AP Staff

WASHINTON, Aug. 23. (AP)—A top administration leader said today the Senate is likely to add a $3,500,000,000-plus corporation excess profits tax to the $5 billion tax boosting bill.

But Chairman George (D-Ga) of the Senate Finance Committee told newsmen he does not think so. Senate tax debate is set to begin tomorrow. It may be a slam-bang affair.

In a late move that may attract some new support, Sen. O'Mahoney (D-Wyo) softened his excess profits proposal to make the top tax 85 per cent, instead of 100, on highest corporation earnings that exceed "normal" profits.

NEED INCENTIVE

His aim, he said, was "to remove any danger that the excess profits tax might adversely affect the incentives to produce."

He would make the tax effective last July 1.

If the excess profits levy carries, the bill is expected to yield $8,500,000,000 or more a year, instead of the $5 billion President Truman asked as a "first installment" on paying for the Korean war and America's surging defense program.

A bill substantially in line with Mr. Truman's recommendations was approved unanimously yesterday by the Senate Finance Committee, and goes to the Senate floor with bipartisan backing. It would put about $3 billion of new taxes on individual incomes, another $1,500,000,000 on corpirations, and would gather other millions by plugging tax law loopholes.

PIN IT TO BILL

Along with his softening of the proposed excess profits rates, O'Mahoney predicted again that the levy would be pinned to the $5 billion bill, as a means of preventing "profiteering."

But George has said the bill will pass without an excess profits tax "or there will be no bill at all." He said an excess profits levy can be enacted later, effective Jan. 1 1951.

But he told reporters he does not want to be a party to hasty action that might wreck some businesses. Mr. Truman also has suggested it might be better to act later on an excess profits levy.

A top administration leader, who asked that his name not be used, told newsmen he believes the O'Mahoney proposal, or something like it, will pass now. He said the Senate might be swept by the same phychology that moved it to vote broader economic controls than the President asked.

Some senators are saying that if prices and wages are to be controlled then profits should be limited.

Ramsey, Brooks Fling Charges; Ramsey To Speak On Air Tonight

By The Associated Press

Ben Ramsey of San Augustine planned to make a radio speech from Fort Worth tonight in his campaign for lieutenant governor.

Yesterday Ramsey and his opponent, Pierce Brooks of Dallas, exchanged charges in statements.

Brooks said that personal letters were being sent through the mail by a group of senators supporting Ramsey, and that the letters "are on state stationary, with the state seal on the letter head, and paid for with state funds."

Ramsey said he would go on the air to deflate what he referred to as "false statements made about me while I was sick and flat on my back." He said his opponent had been "misrepresenting my record."

Brook's charge about the mail campaign was included in a statement issued from his Dallas office. His headquarters said Brooks was at Marlin.

"It is untruthful and vicious to say that I am advocating a general sales tax, a state income tax, or any other kind of tax," Ramsey said in a statement issued by his Austin headquarters.

Brooks said the letters from sentors constituted "just another example of waste and extravagance that the people will smash this coming Saturday."

Atom Commission Now Has Full Complement

WASHINGTON, Aug. 23. (AP)—For the first time since David E. Lilienthal resigned as chairman of the Atomic Energy Commission last Feb. 15, that agency has a full complement of members.

The Senate last night confirmed the appointment of Thomas Keith Glennan for a five-year term on the commission. He is president of the Case Institute of Technology, Cleveland.

Glennan was named to succeed Lewis L. Strasuss, who resigned.

Arlington Rites Held For First Korean Dead

WASHINGTON, Aug. 23. (AP) — High government officials arranged to attend the funeral today of the first enlisted casualty of the Korean war to be buried in the Arlington Natinal Cemetery.

He was Sgt. Ernest K. Turner, 35, of Berwick, Pa., an infantryman who was fatally wounded in Korea.

Cullinan's Daughter Says She Will Fight Will Leaving Her Ou

HOUSTON, Aug. 23. (AP) — Mrs. Barbara Cullinan Waller, 29-year-old daughter of the late Craig F. Cullinan, Sr., says she will fight being left out of the wealthy oilman's will.

The will, filed in probate court Monday, left the bulk of his estate in trust to two sons, Craig, Jr., and J. S. Cullinan, II. It also specified that $25,000 was to be left in trust for Mrs. Waller's daughter by a former marriage, Nina Judith Pittman, now 10.

FATHER DISPLEASED

The will said Mrs. Waller had been provided for adequately in that she had been given a home, education and interest-bearing securities.

Mrs. Waller, who said she is a waitress in a Baton Rouge, La., cocktail lounge, said she understands her father's estate is worth from $30 million to $40 million. She came here yesterday with her attorney, Richard O. Rush.

Mrs. Waller told reporters she and her first husband, J. H. Pittman, Jr., of Houston "ran off and got married" in 1939 and her father was displeased. She said she and Pittman were divorced in 1943 and that she and her father never spoke again.

The divorce proceedings placed her daughter in the custody of Mr. and Mrs. Cullinan, Sr., she said.

SIGNED PAPERS

"I signed papers giving complete custody to my mother and father, she said. "Now they are both dead and nobody will even tell me where my daughter is. Of course, I'm not worried that she's hungry, but I'm going to get her back if it costs me my last dime, if I ave to scrub floors to do it. I have to scrub floors to do it. I I figured my parents could give her more than I could."

She said she married J. W. WAller of Baton Rouge about two and one-half years ago.

She said she warried J. W. Wall- yesterday made plans to file a contest of her father's will.

The Chinese residents of Malaya traditionally give their allegiance to China rather Malaya.

Where Massed Reds Are Held

The dark arrows on the above map show sectors along the Korean battle front where massed North Koreans are being held off balance by United Nations forces (open arrows). The Yanks hit at the Reds (1) advancing on the gateways to Pusan with the fiercest fighting near Chungam. In the north (2) a roadblock set up by infiltrating Reds was knocked out 10 miles north of Taegu. In this area, South Korean units gained ground near Indong. South Koreans inched ahead north of Pohang against Communists (3) poised for a drive down the east coast. The small Red bridgehead at Hyonpung (underlined) across the Naktong River is under close watch by U. S. troops.

Little Change Noted Because Of Primaries

In primary elections in three states yesterday, most of the "ins" stayed in, or with the vote still being counted, looked likely to win their races for renomination.

In all, candidates were picked for 54 House seats in New York, Mississippi, Wyoming and Delaware.

Party conventions Sept. 6 and 7 will name New York's candidates for governor and U. S. senator.

Only five out of New York's 45 congressmen faced opposition in yesterday's balloting.

WINNERS

Winning renomniation was veteran upstate Republican Edwin A. Hall of the 37th District. Hall's victory was decided today. In a four-way race, he won over his nearest rival, Lester R. Mosher, by only 254 votes.

Democrat Joseph L. Pfeifer, who has represented Brooklyn's 8th for 16 years was defeated by a political newcomer, Atty. Victor L. Anfuso.

OTHER STATES

Unofficial returns from other states showed:

Rep. Arthur Winstad (5th) apparently won the Democratic renomination — which is the same thing as election in Mississippi — over four opponents.

Rep. John Bell Williams, (7th) the state's only other congressman with opposition, was renominated easily.

A run-off Sept. 12 between state Sens. Frank Smith and Oscar Wolfe will determine the victor for the seat of Rep. Will M. Whittington (3d dist) who is retiring.

Rep. Frank A. Barrett was well out in front of three opponents for the Republican nomination for governor, with about half the precincts reported.

Former Rep. John J. McIntyre was ahead of two opponents for the Democratic nomination for governor.

In the scramble for the House seat Barnett is vacating, (Wkoming's only one) State Rep. William H. Harrison led Homer Oxley for the Republican vote and John B. Clark was comfortable ahead of other Democratic candidates.

Delaware Democrats picked Henry Winchester of Brandywine Hill as the party's candidate against Republican Rep. J. Caleb Boggs. Like Wyoming, Delaware has only one House seat.

Two More Texas Guard Members Are Fined

DALLAS, Aug. 23. (AP)—Two more Texas National Guardsmen, who skipped summer maneuvers with the 49th Armored Division have been fined and sentenced.

A 21-year-old guardsman was sentenced to 10 days in jail and a $10 fine by court martial. A 22-year-old man was given 10 days in jail and a $10 fine on each of 16 counts charging him with being absent without leave.

The sentence for the second man was suspended by Brig. Gen. C. P. Kerr, commander of the Division's Combat Command B, because of the man's family situation.

One guardsman was convicted and fined last week, another has been charged and is free under $500 bond, and a third has been charged but not apprehended.

Money Cost Of Korean War Is Cheap If No More Is Asked

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON, Aug. 23. — If the armed forces can win a Korean victory without any more money than they have asked for up to now this war will be cheap in dollars—as modern conflicts go.

Just how much of the extra money asked since the fighting started will go to prosecuting the Korean conflict the military doesn't say publicly. However, some guesses range about $5 billion.

But there is no certainty the outlay will stop there. Secretary of Defense Johnson and other military leaders have cautioned Congress they may have to come back for more money.

SUPPLEMENT

The Navy and Air Force disclosed their estimates in published testimony at hearings on the request for $10,500,000,000 in new defense funds sent to Congress by President Truman on July 24. Another supplemental request on Aug. 4 totaled about $1,100,000,000.

The Navy said that only about $1,000,000,000 of its proposed $2,648,029,000 slice of the $10,500,000,000 appropriation was believed needed for the Korean war.

Air Force officials said they were "carrying an estimate of $1,600,000,000," for the Korean operation.

The Army set down no estimate in the published version of the testimony. Officials explain that one of the reasons for this is that requests for materiel and manpower made by the Far East command are changing constantly.

ARMY HEAVY

However, the Army is carrying by far the heaviest share of the hard fighting in Korea. Its expenditure of ammunition, its loss of equipment and material, its maintenance of men and war gear is far beyond those for the other services—perhaps more than double the total of the other two.

The extra appropriation requests sent to Capitol Hill by Mr. Truman were for a dual purpose—part to wage the Korean war, part to go into the rearmament program to expand and improve the armed forces.

What about the costs for other recent wars?

FIRST COSTS

The first cost of World War I was about $27,000,000,000. But by 1950 such items as veterans payments and loans to allies had boosted the total to about $57,000,000,000. President Coolidge estimated the ultimate cost might be nearly $100 billion.

The initial cost of American participation in World War II was about $350,000,000,000. But some experts have estimated the ultimate cost to the United States of that global conflict may climb to $1,404,000,000,000.

The relatively low estimates by the Navy and Air Force for their part in the Korean war reflects the fact that neither service up to now has had to reckon with anything but minor losses of equipment.

There is neither a North Korean Air Force nor Navy worthy of note.

The Navy has reported no losses of ships. The Air Force has lost only a handful of planes to anti-aircraft fire.

AMMO EXPENSIVE

The big items for both services are expenditure of ammunition—tons upon tons of shells in naval bombardment of enemy targets ashore and small craft afloat and of high explosive bombs by planes of both the Air Force and Navy.

The mere item of daily operation of a reasonably large force of ships and aircraft, with the thousands of men manning and maintaining them, is a factor, too. The Navy now has more than 150 ships of all sizes in or near the war zone. The Air Force has about 100 B-29 bombers and hundreds of fighters and transports.

All this involves what the military calls "attrition"—the wearing out and loss of equipment by accident.

But it is the ground force, the Army and Marines, which use mountains of material to hold back the Red Army and build up strength for an eventual counter offensive.

Gainesville Man On Murder Charge Set Free On $5,000 Bail

GAINESVILLE, Aug. 23. (AP) — Yerbie Benton Carr, 33, charged with murder in the death of a Fort Worth woman, is free on $5,000 bail.

Carr is charged in the fatal shooting Monday night of Anna Ruth Morgan, 19. Carr's older brother, Grady Carr, 39, was wounded critically.

Carr told police he fired on the couple as they walked toward his house after parking in front. He said threats had made him fear for his life.

Amsler Estate Set At $451,093 Valuation

HOUSTON, Aug. 23. (AP) — The estate of the late Hervey Meyer Amsler, Houston oil man, is valued at $451,093.

An appraisal and inventory of the estate was filed in probate court yesterday. Amsler's will left all his property to his widow, Mrs. Amanda Howze Amsler, independent executrix of the estate.

All but $282 of the amount represented his interest in community property, including San Patricio County, Tex., producing leases which were valued at $320,981.

Amsler died April 3, 1949 at Key West, Fla.

44 New Firms In Texas

AUTIN, Aug. 23. (AP)—Texas became the home of 44 new firms in July, the most since March.

The Dallas district led with 10 new firms, the Texas Employment Commission reported, but the Austin district employed the most persons in new industries with 411. The state total was 1,544.

Corpus Christi was second in new firms with nine.

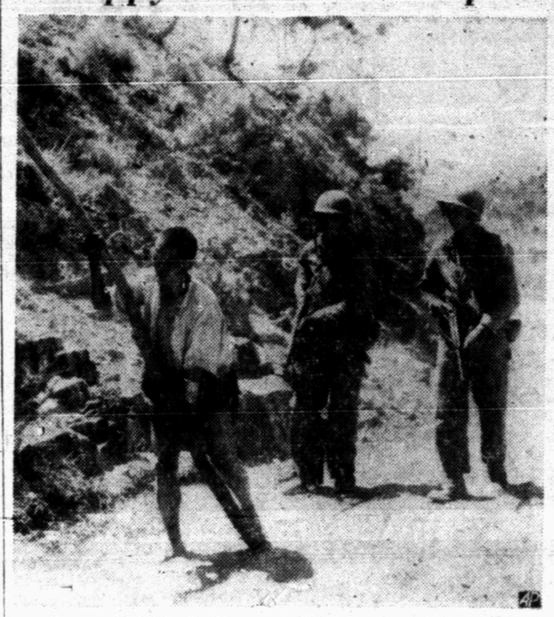

Army Doesn't Plan To Call Back Officers

WASHINGTON, Aug. 23. (AP)—The Army says it could—but doesn't plan to—call back to service most of the commissioned officers mustered out of uniform after the shooting stopped in World War II.

The judge advocate general, chief legal officer of the Army, has advised the great majority of officers are subject to recall until peace agreements have been made with Germany, Japan and Italy—and for six months thereafter.

The Army, however, said it does not intend to recall them.

Unhappy North Korean Captive

A wounded North Korean soldier, captured during U. S. Marines' drive in Naktong River area, uses a tree limb to support himself as he heads towards the rear under escort of Pvt. Marvin A. Penny (left), Houston, and Pfc. Donald E. West, Pond Creek, Okla.

Man Loses 4 Fingers In Construction Accident

J. E. Woodall, 21, of Abilene was injured yesterday afternoon when his hand was caught in an elevator pulley and four fingers of his right hand were amputated.

Woodall also received a compound fracture and a dislocation with lacerations of his right thumb while working on the education building of the Snyder Methodist Church.

Hospital attendants reported Woodall in a satisfactory condition today. He will be transferred to a hospital in Abilene, where he resides.

Man Suffocates, Six Are Injured In Fire

CHICAGO, Aug. 23. (AP) — One man was suffocated and six other persons were slightly injured in a fire which destroyed a three-story south side rooming house early today.

The dead man was identified by the rooming house manager as Paul Hoppe, about 49.

Lyndon Johnson Says War Costs Up Over Those Of Last War

WASHINTON, Aug. 23. (AP) — Costs of military equipment are as much as 10 times above World War II levels, says Sen. Lyndon Johnson (D-Tex).

He cited present costs of military goods—planes, tanks, warships, guns—in urging immediate price control as "a military necessity."

Johnson gave these figures on military costs:

Equipping an infantry division in 1944 cost $14,500,000; today's cost, $74 million.

An armored division's equipment in 1944 cost $30 million; today's cost $199 million.

Destroyers costing $7 million in 1939; are priced at $40 million today.

Light tanks that cost $27,000 in 1939 cost $225,000 now.

In 1939 B-17 bombers cost $300,000; today's B-36 costs more than $3 million.

Texas Polio On Decline

AUSTIN, Aug. 23. (AP) — Texas polio cases showed a slight downward trend last week but still hit 113 more victims, the State Health Department reported today.

The new incidence came in 42 counties but for the first time since last spring there was no county on the list reporting its first incidence of the year.

The state's total for the year rose to 1,761 cases under the new incidence, compared to 1,552 cases for the comparable period a year ago.

New cases were 18 fewer than last year's 131 cases.

"Polio cases will show some fluctuation from week to week for the rest of hte year, but the general trend will be downward," State Health Officer George W. Cox said.

Cox's prediction was conditioned, however, on continued practice of high standards of personal hygiene and community sanitation.

New polio cases were reported by counties last week as follows:

Harris, 19; Tarrant, 16; Bexar and Dallas, 8; Nueces, 5; Gray, 4; Denton, El Paso, McLennan and Taylor, 3 each; Collin, Harrison, Henderson, Jefferson, Lamar, Nolan, Terry, Wichita and Wood, 2 each; and one each for the following counties: Callahan, Cameron, Cass, Coke, Cooke, Ector, Ellis, Fort Bend, Galveston, Gonzales, Grayson, Hall, Haskell, Hdalgo, Leon, Midland, Montgomery, Nacogdoches, Navarro, Orange, Tom Green, Travis and Victoria.

Stamford Man Dies

STAMFORD, Aug. 23. (AP) Carl-Edward Youngquist, 80-year-old retired farmer and stockman, died yesterday. Youngquist was a native of Sweden and came to the United States when he was 19 years old. He settled in Jones County in 1907.

4 Texans Among Those Wounded In Korea

SAN ANTONIO, Aug. 23. (AP) — Four Texans were among 11 Korean war wounded who arrived here late yesterday aboard an air patient evacuation plane. They were taken immediately to Brooke Army Hospital here.

The Texans are Pfc. Antonio Loya, Beeville; Pfc. Eddie Ellis, Waco; Capt. Clifton F. Vincent, Houston, and Corp. Billy Shaw (221 East 2nd St.), Big Spring.

Two Die In Crash

GAINESVILLE, Aug. 23. (AP) Jimmy Flowers, 19, and Don Farr, about 22, both of Gainesville, were killed yesterday when their light plane crashed and burned near here.
