Good Morning!

The kindness of some is too much like the echo, returning the counterpart of what it receives, not more, and sometimes less.

RAIL WAGE CUT NOT ADVISED

Germany Lays Claim To All Old Colonies

12 Blocks Of Paving Opened Here Today

Motorists of Pampa are invited to drive over the 12 blocks of new paving in the north portion of the city, completed Thursday as a WPA project. The paving is smooth and easy riding and gives a circular drive through north Pampa.

The 12 blocks just completed were on North West, North Somerville and North Gray streets, Cook and Georgia avenue. A new paving project will begin Monday morning in several parts of the city where connecting blocks will be paved in a city wide project.

Work will begin first in the 300 block on West Browning avenue. In all, the present program calls for paving of 17 blocks and three alleys. Residents of unpaved streets may still take advantage of the unusually inexpensive paving offer. Only cost to lot owners on unpaved streets, providing they connect with a paved street, is \$1.25 per front foot for a 36-foot street. The city and Works Progress Administration stand the rest of the cost which would ordinarily cost the property owner \$6 or \$7 a front foot.

Type of paving being used is a two course caliche base and one and one-half inch double asphalt top. Most of the paving laid to date is seven inches thick, engineers reported following the completion of the project. Property owners desiring paving in their blocks must meet and every owner agree to pay his share of the cost at the rate of \$1.25 per front foot. One person designated by the group must then deposit the money in the First National Bank to the city's account. No gaps are allowed under the program.

Carnival Tent Packed 3 Nights

To an even larger crowd than attended the first night, the Pampa Lions club presented their carnival for the last time Saturday night. A crowd of 2,000 saw the carnival on the opening night, Thursday, and a crowd of equal size thronged the tent, located on the Santa Fe right-of-way on West Atchison street, on Friday night. Last night's crowd was estimated at 3,500.

General chairman D. L. Parker said he and his fellow club members were gratified with the response given by Pampans and citizens of neighboring towns to the carnival, which was given for the purpose of raising money for the Lions club fund for underprivileged children. Opening at 6:30 o'clock each of the three nights the carnival kept open until 11:15 o'clock. The work of putting on the carnival was accomplished by 20 committees of the local Lions club, who worked for three weeks in advance of the carnival's opening here Thursday night.

Only 9 Wheat Loans Made In Gray County

Only nine wheat loans have been made in Gray county since the Commodities Credit corporation plan became effective here on September 9, the office of the county agent said Saturday. The fact that the plan became operative after most of the farmers in this county had sold their wheat crop accounted for the small number of loans, County Agent Ralph R. Thomas said.

Wheat covered by the loans here totals 12,381 bushels. Most of the wheat from this area is stored in Amarillo, Galveston, and Fort Worth, under the plan whereby Gray county farmers may obtain loans of 82 cents a bushel at 4 per cent interest for a seven-months period.

The wheat is stored in the federal-approved granaries, and can be sold when the price is advantageous to the farmer. In case of a drop in the market price during the period of the loan, the Commodities Credit Corporation takes the loss if the wheat is sold at the time.

I Heard - - -

Bob Brown remarking that it would be kind of hard to do nothing the rest of his life. Mr. Brown last night was retired by the Santa Fe Railroad Company, after 39 years of faithful service. He has been acting as flagman at the Cuyler street crossing and is probably as well known as any man in Pampa. Also retired yesterday by the same railroad was Percy Bond, brakeman on the eastbound passenger yesterday. He completed his run to Wellington, Kas., his home.

LADEBURG, Germany, Oct. 29 (AP)—Reichsfuehrer Adolf Hitler's deputy for colonial affairs said today Germany lays claim to add her pre-war colonies without exception.

Germany, however, may not demand outright return of all of them, he indicated, but he added in THAT event "we shall demand compensation for whatever we don't claim."

The colonial deputy, General Franz Ritter von Epp, who also is governor of Bavaria, said "Germany will never attempt to solve the colonial problem by military force," and declared "Germany will never beg for colonies."

"She expects those who seize them to take the initiative for restoration," he said, "and Germany claims colonies only from those who deprive her of them."

"The present mandates of German colonies should come and tell us what their attitude is in the question of restoration—then we will decide our future attitude toward them."

Germany's pre-war colonial empire totaled about 1,130,000 square miles, more than 1,000,000 square miles of it in Africa. The colonies now are held or mandated to Great Britain and her dominions, France, Portugal, Japan and Belgium. Their total area is five times as large as that of Greater Germany's 224,000 square miles.

(At Marseille, France, the Radical Socialist party in convention adopted a resolution asking the government "to reject energetically all colonial claims of a territorial type."

See GERMANY, Page 6

Grand Jurors Dismiss Cases Against Five

Five grand jury indictments have been dismissed during the present term of 31st district court. Recorded Saturday were these dismissals of cause of action, all on motion of the district attorney:

State of Texas vs. Buck Harrell, indicted on a charge of theft, January 5; State of Texas vs. F. H. Alexander, drunken driving, June 18; State of Texas vs. A. L. Morgan, transporting motor fuel without possessing and exhibiting a manifest, January 19; State of Texas vs. Sentencing, statutory offense, February 10; State of Texas vs. J. H. Hallford, drunken driving, September 21.

Of the five indictments, that against Hallford was ordered dismissed on October 18, the others on September 23, it was recorded Saturday.

Tomorrow morning, a special venire of 75 jurors will report in district court, when the case of State of Texas vs. Paris McKay has been called. McKay is charged with the statutory offense in a grand jury indictment.

Saturday, Judge W. R. Ewing went to Wheeler, preparatory to the opening of the seven-week November term of district court in that town on November 7.

Kiwanis Club To Pick New Officers

Members of the Kiwanis club will elect new officers at the club's regular meeting at noon Friday at the Schnelder hotel.

The nominating committee has named the following as candidates: for president, W. B. Weathered; first vice-president, Frank Harris; second vice-president, Rev. Robert Boshorn; directors, R. B. Saxe, C. J. Goldston, and Tex DeWeese.

There are seven directors in all, of which four are hold-over directors. At the meeting of the Kiwanis club last Friday, Rev. C. Gordon Bayless, pastor of the First Baptist church, was the principal speaker. His address was on Navy Day.

Entertainment was by the Aldrich Lyric quartet, composed of Lester Aldrich, Robert Smellage, Bill Hawkins, and U. S. Sapp.

Attendance at the meeting was 55, including three guests, J. L. Myers and J. R. Cahill, both of Pampa, and Steve Colidia of Port Arthur, brother of Louis Colidia, Port Arthur high school quarterback, who is convalescent in Worley hospital, following an appendicitis operation.

A smoker for men and a party for ladies has been planned by the Kiwanians for the night of Nov. 10. The smoker will be held at 7:30 o'clock at the Schnelder hotel and the party for the ladies at the same time in the city club rooms. W. B. Weathered is chairman of the committee in charge of arrangements.

Less Than Half Million Votes Due To Be Cast

AUSTIN, Oct. 29 (AP)—Extremely slow absentee voting throughout the state indicates less than a half million Texans will cast ballots in the general election 10 days hence.

Billion May Be Offered Rail Systems

U. S. May Lend Huge Sums To Roads At Low Interest Rates

By HENRY PAYNTER. NEW YORK, Oct. 29 (AP)—Railroads of the country may be offered about \$1,000,000,000 in rehabilitation loans on easy terms by the federal government as a sequel to submission to the "no-wage-cut" report, some executives predicted today.

The loans would be made in coming months as a major part of a 15-month \$5,000,000,000 government-stimulated national defense program, in which utilize a automobile and airplane factories, chemical factories, and heavy industry generally also play big parts, they said.

While the loans were not expected to be offered in a "deal" to maintain present wage scales, it was pointed out that refusal of the roads to submit to the wage freezing recommendations of the President's rail fact-finding board, made public today, might precipitate a labor emergency which the government might take strong steps to forestall in the midst of a national defense program.

Some key rail executives who reportedly turned down a previous government lending plan because of the terms, are said to look favorably upon the plan providing:

1. The terms of the lending do not lead to reorganization.
2. The government does not insist upon complete priority of its obligations over secured claims of private investors.
3. The interest rates are low.
4. The loans are payable out of income as business loans.

Conferences about six weeks ago between some rail executives and administration leaders came to nothing, they said, because of the terms suggested by government spokesmen.

Their attitude then one rail man said was summed up as follows: "Who should be borrowing more money when we have trouble meeting present commitments?"

However, a number of new factors have led some executives to take a more open-minded view. First is the general business picture, leading some roads to believe their revenues may substantially increase in coming months.

Second is the conceded fact that the roads generally are not in shape to meet maximum national defense requirements and furthermore that the roads cannot refuse any reasonable government program to bring the roads to tip-top military preparedness.

City Saves As Man Takes Up Pavement

ST. LOUIS, Mo., Oct. 29 (AP)—When word got around the city was going to take up a strip of wooden paving blocks, residents jumped the gun and ripped up the blocks for stove wood. City officials said the work would have cost \$1,500.

The R. R. Crashes Formal Warming Of Shackletons' Yard Fireplace

By THE ROVING REPORTER

The Roving Reporter has crashed many a party, including the one on Butler field yesterday, but he never crashed a more enjoyable party than the yard-warming in Mrs. E. A. Shackleton's back yard Friday night.

It was an accident he got there. He was out hunting for something hard to crash so as to get in shape for crashing Butler field when he saw a light at Shackleton's who live some three miles east of town.

Then says the R. R. "I'll just mosey up there and see what's going on." When he got there he saw a big crowd of women and children and everybody was eating.

"This ought to get me in shape,"

said the R. R. and he crashed the gate.

"Well, this is a surprise," quoth Mrs. Shackleton.

"Ain't it?" ejaculated the R. R. Well being hospitable folks, the Shackletons and their daughter, Mrs. Daisy Lyles and grandsons Delbert and Austin Hughes couldn't do anything but lead the R. R. to the trough—and boy he didn't leave nuthin'!

Presently the R. R. saw what it was all about. The Shackletons were having the formal opening of their outdoor fireplace which would be quite elegant in town and looks doubly swanky in the country. It's

'Cajun' Gals Look For Answer To Love Problems Hallowe'en

LOCKPORT, Pa., Oct. 29 (AP)—Monday night is Hallowe'en and that's the time when "Cajun" girls along Bayou Legouche look for answers to their love problems.

For Bayou legend says that on Hallowe'en even dumb animals have power to speak for a few hours after midnight and the future is revealed to the daring and the patient.

During those hours, for instance, it is said, a dog can stand outside his master's window and say what he has been thinking all year. A good master will listen and repent. A mean one will seal his window.

There will be dancing all along the Bayou among the descendants of the French-Canadian refugees from Acadia, but long before twelve o'clock maidens puzzled by questions of the heart will scurry home with a lock of hair snipped from a tender swain.

The hair is placed deep under the bottom mattress of the girl's bed. Then the girl runs into the dark yard to dig up a spool of thread buried there seven nights before. One end is tied to the house, around which goes the girl, unwinding the thread until she has a complete circuit. Then, or at least so goes the legend, her future husband will appear.

But if she sees no one at the thread's end, there is another spell. She can lift the cover of the well. And there she will see mirrored the face of the man she will marry.

If that fails, the curious maid may walk backward to the turnip patch.

Three Injured In Bus-Car Collision

FORT WORTH, Oct. 29 (AP)—One person was critically injured and two others were hurt when their automobile collided with a bus today between Cresson and Grandbury.

Most seriously hurt was Mrs. C. W. Barnett of San Angelo, who was reported at a hospital to have received a skull fracture and fracture of both legs and an arm.

Officers Warn Pampans Not To Destroy Property On Hallowe'en

Everybody knows what happens on Hallowe'en.

Pampa youngsters know they can dress up in false faces and have an uproarious time trying to fool neighbors; and grown-ups know they must be tolerant when their windows are soft-soaped.

Young Pampa of 1938 is not of the type of young people of the 20's, for they do not remove farm machinery from sales lots and crowd the streets with it, thereby putting traffic in a hopeless snarl for a half-day.

Officers Warn Pampans Not To Destroy Property On Hallowe'en

But with soap they're artists that never seem to have enough "easels" for their work, as Pampa merchants have discovered to their sorrow.

Sheriff's officers and police annually issue the same warning about this time of year, the gist of the warning being "have a good time, youngsters, but don't destroy property."

To date, these warnings have been obeyed and there is small likelihood that Hallowe'en of 1938 will differ from those of the preceding years.

But WHY is Hallowe'en? Early Christians set aside dates when every martyr for Christ was venerated. There were soon so many martyrs that they decided to lump them all together for one big festivity—Hallowmas or All Saints' Day.

During the Eighth Century Gregory III set the date at Nov. 1. Thru the centuries, celebrants thought it advisable to keep vigil the night before.

Quite independently, the Irish Druids got the idea that Saman, lord of death, ordered wicked souls to come forth on the night of Oct. 31.

Christians keeping vigil gradually accepted this idea that witches and ghosts were quite apt to be at large then and began lighting fires and making frightful masks to scare them away.

That, folks, seems to be the origin of our 1938, streamlined Hallowe'en.

DIES SAYS HE'LL NEVER SAY DIE

WASHINGTON, Oct. 29 (AP)—President Roosevelt's first finding board recommended today that railroad abandon their proposal to reduce wages of approximately 1,000,000 employees on Dec. 1.

The railroad management gave no immediate indication as to whether they would comply, still an to the President, in the words of one board member, was the problem of averting the nation-wide strike which the rail workers have voted if the proposed 15 per cent reduction is put into effect.

The White House disclosed that Mr. Roosevelt would pursue this problem Monday at a conference with George M. Harrison, head of the Railway Labor Executives' Association and John J. Pelee, president of the Association of American Railroads.

Board Cites Reasons. The board, appointed by the President under provisions of the Railway Labor act, summarized its unanimous report to Mr. Roosevelt today as follows:

"1. The wages of railway labor are not high even as compared with wages in other comparable industries.

"2. A horizontal reduction of wages on a national scale would not meet the emergency of the industry, since the savings would not be distributed merely to the needy roads.

"3. A wage reduction in the railroad industry would run counter to the trend of wage rates in industry generally.

"4. The financial distress of the carriers which has obtained since October, 1937, when the last wage increase was granted, is as yet a short-term situation. As such, it cannot be regarded as grounds for a wage reduction especially in view of present indications of an im-

Gesturing with his cigar, Representative Martin Dies declares his intention to go on with the hearings of his committee on un-American activities.

Senator Vandenberg said "we are not automatically immune to all the forces of destruction which are reducing democracy to a shambles elsewhere in the world."

Perkins Protecting Bridges, Claims Dies

WASHINGTON, Oct. 9 (AP)—Chairman Dies (D-Tex.) of the House Committee investigating un-American activities, accused Secretary Perkins today of trying to protect rather than to deport Harry Bridges, West Coast labor leader.

The militant Texan, whose committee was criticized by President Roosevelt recently for its handling of testimony against Senator Frank Murphy of Michigan, charged the labor department chief and her assistants had selected a weak case for a test in the Supreme Court that would control the Bridges deportation proceedings.

Dies wrote Solicitor General Robert H. Jackson that "as head of the labor department, Madame Perkins is endeavoring to throw the Strecker case, in order to save Harry Bridges, a Communist and alien labor leader, in violation of the laws of the United States, the decision of our federal courts, and her oath of office."

Secretary Perkins has delayed the case.

You Can Look Out For Indigestion Among Indians Now

SHIP ROCK, N. M., Oct. 29 (AP)—Lo, the poor Indian. He now must listen to after-vivator speakers—even as his white brethren.

In what Navajo leaders termed the first Indian "banquet," a score of Navajo councilmen-elect sat around tables last night and listened to after-dinner speakers in the white man's fashion. Toastmaster, Gov. Sells, a Navajo, said it had no precedent.

Applause for coffee-and-mint bon mots—even as the white man—was reasonably polite. Native mutton was the piece de resistance.

Falling Board Injures Worker

Homer Dean, oil field worker, was critically injured about 8:30 o'clock Saturday morning when struck by the tiling board which fell about 40 feet from a derrick on the Shell Petroleum Company Finley lease three miles north of LeFors. F. D. Harvey was less seriously injured in the same accident.

Dean was reported to have suffered a crushed skull, two breaks of a leg and internal injuries. He was still unconscious in Worley hospital last night where he was taken in a Pampa Mortuary ambulance.

Harvey suffered a broken leg, cuts and bruises.

Arkansans Convicted Of Harboring Alvin Karpis

LITTLE ROCK, Ark., Oct. 29 (AP)—A federal district court jury today convicted four Hot Springs residents of conspiring to harbor outlaw Alvin Karpis in 1935 and 1936 and fixed their sentences at two years in the penitentiary, the maximum provided by law.

The four are Grace Goldstein, Karpis' common law wife, former Chief of Police Joseph Wakelin, (Dutch) Akers, and former Police Lieut. Cecil Brock.

Texan Survives 33 Major Operations, Then Dies

SAN SABA, Oct. 29 (AP)—Harrison H. Jackson, 29, who gained recovery after undergoing 33 major operations over a 19-year period, died today of leukemia, a blood disease he contracted last month.

Fact Finders Say Salaries Not Too High

Averting Strike Of Million Still Up To President

WASHINGTON, Oct. 29 (AP)—President Roosevelt's first finding board recommended today that railroad abandon their proposal to reduce wages of approximately 1,000,000 employees on Dec. 1.

The railroad management gave no immediate indication as to whether they would comply, still an to the President, in the words of one board member, was the problem of averting the nation-wide strike which the rail workers have voted if the proposed 15 per cent reduction is put into effect.

The White House disclosed that Mr. Roosevelt would pursue this problem Monday at a conference with George M. Harrison, head of the Railway Labor Executives' Association and John J. Pelee, president of the Association of American Railroads.

Board Cites Reasons. The board, appointed by the President under provisions of the Railway Labor act, summarized its unanimous report to Mr. Roosevelt today as follows:

"1. The wages of railway labor are not high even as compared with wages in other comparable industries.

"2. A horizontal reduction of wages on a national scale would not meet the emergency of the industry, since the savings would not be distributed merely to the needy roads.

"3. A wage reduction in the railroad industry would run counter to the trend of wage rates in industry generally.

Cars Damaged In Highway Crash

An automobile accident three miles west of Panhandle Saturday afternoon, occurring when hundreds of Pampans were returning from the Pampa-Amarillo football game, resulted in damages to two automobiles but no serious injuries to the occupants, according to a Texas Highway patrol report.

The accident occurred when a Pontiac sedan, in which were riding Mr. and Mrs. Ray Van Winkle and a Mr. Blair, was in collision with a Chevrolet sedan driven by Mrs. J. W. Clay of Dumas. The persons in the Pontiac are all of Pampa, according to the patrolman's report.

Riding with Mrs. Clay was a boy, a hitchhiker, also of Pampa, whose name the patrolman did not learn.

Both cars were headed east and the Pontiac sedan had started to pass the car of the Dumas woman when the accident happened. The Chevrolet car was overturned in the ditch, while the Pontiac cut across the highway and into a field.

The patrol report listed the injuries received by the persons involved as minor. All were "shaken up" by the accident, and Mr. Van Winkle suffered a cut tongue. Passing motorists brought the five into Pampa, according to the report of the Texas Highway patrol.

LeFors Play To Be Repeated Tomorrow

LEFORS, Oct. 29.—On popular demand, the Junior class play presented in the high school auditorium last Thursday night will be repeated in the auditorium Monday night.

The play, "Hob-Goblin House," a comedy-drama written for the Hallowe'en season, played to a capacity house on its first showing and many were unable to see it on the opening night.

School officials said it was decided to stage the play again to accommodate those who failed to get into the auditorium Thursday night. The play begins at 8 p. m.

I Saw - - -

Topsy Reynolds and Elmer Watkins of McMurry college, Abilene, among the college students who came home to see the game, J. G. McConnell came home from Texas A. & M. to witness the battle. The only member of the Harvesters' squad who was not present was Herbie Maynard who underwent an operation for appendicitis at a local hospital Friday. He was very sick, but rejoiced in a bouquet sent by the Harvesters mothers. He was improving last night. Tough luck, Herbie. A total of 440 passengers rode the special train. The train hit 70 miles an hour coming back, and beat most motorists home.

An independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those which it believes to be wrong, regardless of party politics.

Elmer's Dilemmas

Where's Elmer? That promises to be the rallying cry now that the new federal wage-hour law has become effective and employers throughout the country are still wondering who's in and who's out.

Elmer is Elmer Andrews, administrator of the act and the head of a bureau of about 100 employees who had hoped to be able to get the red tape swept away before the act became effective Oct. 24. The law provides that all employers in interstate commerce shall pay their employees a minimum of 25 cents an hour, limiting the working week to 44 hours or pay time and a half for overtime.

In the last few days Andrews has been asked to decide if an apartment house may be considered to be in interstate commerce, if a reporter is a professional man and therefore exempt, and if a contracting company that works for a railroad is in interstate commerce. Those are a few of the questions. There are thousands more and Andrews, who has trained as a civil engineer faces the busiest year of his life. Some 750,000 persons, he estimates, will benefit from increased wages, while 1,500,000 more will have their hours of labor reduced.

Modern Policewomen

This is no day to be in crime, what with scientific detecting being what it is; with G-men and state police growing more efficient and more numerous by the hour.

But today is a lot better than tomorrow will be if the signs are read correctly. A forecast of what the criminal of tomorrow will encounter may be gained by a quick glance at the Municipal Building in New York City.

More than 300 young women, blonds, brunets and red-heads, are kicking their heels in the air as they take the tests for policeman. They range in age from 21 to 29, in size from the willowy to the buxom.

They lift 40-pound dumbbells with one hand, they hold 60-pound barrels behind their necks and do deep knee bends. Then they, or at least some of them do, jump over 29-inch hurdles. These are ominous signs to an individual about to enter a life of crime. A lissome beauty at a tea party may prove to be a policeman capable of throwing an average man out the window or of kicking him in his bullet-proof vest.

Behind The Scenes In Washington

By PRESTON GROVER

WASHINGTON—A notable thing about Russian propaganda trials is the way the witnesses talk and talk about their own misdeeds.

A notable thing about the Dies investigation into the activities of such "un-American" elements as nazis and reds is the way some of the witnesses talk and talk about their own carryings on.

Of course in the case of the American hearings, no one is going to shoot anybody at sunrise or send anybody off to Siberia. But they are fascinating just the same.

The most recent witness we have heard is Clyde Morrow of Detroit who told the committee he had been a communist organizer and strike leader but wasn't any more. To prove his case he showed his communist pass book, with the stamps showing the several years he had paid dues since joining in 1932. His communist name was C. Main. Communists, he said, take special names from gravestones or telephone books.

He Gave 'Em Names

Morrow named over all the communists he knew, in connection with Detroit, labor troubles, and added a lot of names of individuals, including a dozen or so Detroit teachers, who he said had walked along the street with communists, or had attended lectures by prominent communist speakers, or in other ways had caused him to think they might be communists.

Previous red-and-nazi hearings in the House have been much like the present one. Witnesses are invited to pour out their testimony without cross examination.

At one point Mr. Morrow began to read a long typewritten statement purporting to be a summary of strike activities in Detroit written by another communist.

"How do you know that is an authentic statement?" asked Rep. Dies of Texas, chairman of the committee.

"I KNOW it is," Morrow said.

"Proceed," said Mr. Dies.

It's Catch-As-Catch Can

To reporters talking to the way of courts, the hearing sometimes seems a fantasy. Congressmen can't be punished for libel for statements on the floor nor can witnesses before congressional committees, so almost anything goes, proof or no proof.

One entertaining bit of evidence Mr. Morrow supplied the committee was how to start a strike. He told how he and a group he called communists started a strike in the Briggs (auto bodies) plant in Detroit.

Took Over The Works

Two hundred communists were rounded up from Toledo, Pittsburgh, Pontiac and Flint. Supplied with faked identification badges they filtered into the plant through many entrances, turned off power switches in key places and then rushed out to the assembly lines to tell the startled workers that "We are on strike."

From then on they kept the men "at fever pitch" by stories that the company was bringing truck loads of strike breakers and militia from distant points and that the men better prepare to defend their jobs. Morrow said, but added that the picket line was swell-

Sharing the Comforts Of Life

By R. C. Hoiles

ONE ELECTION FATAL TO DEMOCRACY

As we see one nation after another losing its democratic principles, the question arises as to how far can democracies permit unlimited free speech against it?

This point is aptly pointed out by Walter Lippmann in his syndicated column. He says:

"In former times democrats have always believed that they could tolerate any agitation, short of open incitement to violence, because by counter-agitation and democratic methods they would always have the chance to repair the mischief. But in the postwar era this optimistic assumption has been disproved. It has been demonstrated that after a totalitarian victory the chance to repair the mischief disappears.

Thus totalitarian revolutionists operating within a democratic regime can lose any number of elections and yet they can always try again. But if the democracy loses one election, it can never try again. That being the case, democrats throughout the world have come to realize in the last ten years that an active and positive defense of democratic institutions is an absolute necessity."

This is a point that few people have realized. Self-preservation, therefore, requires that the government take drastic action with such people as Harry Bridges, John Strachey, John Lewis and Madam Perkins.

The trouble is that our government officials, our churches, and our schools are filled with people who are really advocating the overthrow of the fundamental principles of democracy—of equal rights for all. We have gone so far that we cannot recognize the difference between democratic principles and fascist principles.

UNFAIRNESS IN SALES TAX

While there are many things that are unfair in the sales tax, until a better method can be devised the sales tax should be maintained.

But this fact that it should be maintained is no reason why an analysis pointing out its defects and unfairness should not be made.

This column has pointed out that one of the unfairnesses is that many things are not taxed at all and some things are taxed twice.

A thought that occurred to the writer, in addition to the above, is that if a sales tax were the only way of raising revenue, then any durable item that would last for 50 years would cost the government more to give protection to the consumer of this item than another item that cost \$50 and was consumed in one year. As an example, if a man bought a suit of clothes for \$50 that lasted a year, and another man bought a table or any piece of furniture that lasted 50 years, the man who had the item for 50 years would have fire protection, police protection and government protection on this long-time item for 50 years, while the other man would only have it for one year.

Of course, this defect is largely remedied by a property tax that compels the man who has the article for 50 years to pay yearly for the service the government rendered him in this protection.

The point is that one tax, unless it is all inclusive, is not equitable.

"CREATING PURCHASING POWER"

We have had many theories as to how purchasing power has been created. Most of all they revolve around the theory that the government can create purchasing power.

The best answer to this we ever saw appears in a book written by Congressman, Samuel B. Pettengill, "Jefferson, The Forgotten Man." He said, "If government could 'create' purchasing power, taxation and poverty and debt would all have been abolished centuries ago. No party would ever lose an election, if it could 'create' purchasing power."

And would it not be fine if purchasing power could be created this way and poverty and debt and taxation be eliminated?

Does it not seem rather costly and foolish to continue to believe that the government can create purchasing power? Would they not have done years ago just what Pettengill said, had they had this ability?

The Nation's Press

NOT A CROP CONTROL
(Saturday Evening Post)

About the middle of September, Henry C. Donovan, one of the five expert crop reporters employed by the Chicago grain trade, included the following illuminating bit of news in his daily telegraphic report from the field:

"It seems as though the farmers there (Northern Illinois and Eastern Iowa) who have complied with the Government terms are intending to seal all their corn under Government loans and buy what they need for feed from their neighbors who have not signed up, or from other sources, at going market prices. It is also expected that practically all of the signed-up reduced acreage will be highly fertilized and planted to hybrid corn next season—in which way the reduction in acreage will be greatly made up by increased yields per acre.

"As most of the reduced acres from corn and wheat are expected to be put into soil-building, noncompetitive crops and pastures, it will mean a greater than usual amount of grazing, which will necessitate larger numbers of cattle than, in turn, can supply a greater amount of dairy products for cities and towns."

Mr. Donovan's observations in the Corn Belt tell a story that is typical. When crop control was first proposed, numerous agricultural authorities, knowing the potentialities of scientific farming, pointed out that acreage reduction would not necessarily result in smaller crops. Their prediction is now being borne out on many fronts. It is common practice these days for the farmer to reduce his cultivated acreage in compliance with Mr. Wallace's wishes, collect his subsidy, and then proceed to grow just as large crops on fewer acres.

It was likewise predicted that the shift of cultivated acreage into pasturage would result in serious dislocations of the agricultural map. That, too, is happening. The commercial dairymen of Wisconsin and Minnesota, already struggling against overstocks of butter and cheese, will not be helped by an increasing stream of dairy products from the Corn Belt.

Yet we go on spending \$700,000,000 a year on a form of crop control which does not control.

Democrats should be glad Rex Tugwell went into the Molasses business instead of the vinegar industry. The former brain trust is to write an encyclopedic analysis of the New Deal.

ed by 5,000 unemployed rounded up by the communists.

The committee hearings, once a great show in Washington, are not a sell-out here any more. One casual spectator appeared to hear Mr. Morrow.

WAGES AND HOURS

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—Hadin't thought much about it, but strange things are happening to music in Hollywood.

What brought it up was my wandering into a recording stage today to watch some preliminary scoring for "The Wizard of Oz." Judy Garland, Bert Lahr, Ray Bolger and Buddy Ebsen were doing a number called "Jitterbug." When the film is shot later, this will match with their progress through a scary, enchanted forest. The music is weird, naturally, and full of "effects"—but just how weird I hadn't realized until I saw the orchestra, realized Stoll conducting.

Most of the instruments were conventional, but that thing the man was beating with a xylophone stock was strange. It looked like nothing a musician would meet socially, much less play.

The answer, for an effect, so of the track that it couldn't be expressed in the orchestration, they had dismantled a small upright piano, matted all but three strings with cotton, and got what they wanted by beating those strings.

The ocarinas—or "sweet potatoes"—were singing away, too, just as if they belonged. They are practically accepted now—on recording stages anyway—because they provided the answer to a desired effect in "The Firefly." (The chipper little notes in the Donkey Serenade number, remember?)

Movie orchestration also has made at least one expert on the practically obsolete instrument called the "viola d'amore." They found one to add authenticity to "Marie Antoinette" and one of the musicians mastered it. What he'll do with the art now is cause for speculation, but as Leo the Lion always roars, "Art for Art's Sake."

The he-maning of Robert Taylor goes on without cease.

In "Stand Up and Fight" Bob has two fist fights with Wally Beery, and other incidents of the picture include: two gun battles, a race between a stagecoach and a train; a race after a runaway stagecoach; and an avalanche. If Taylor gets through all these, he'll be ready to start ice skating for his next film, "Hands Across the Border."

Nominated for the Glamour Boy of 1938, Leo Carroll as Morley's Ghost in "A Christmas Carol."

His face coated with a sickly grey paint, his body weighted by chains and account books symbolic of Morley's crotchety career on earth, Carroll is no sight to see before lunch. Or after, for that matter. But on the screen he'll look like a fairly respectable ghost, suitable for children. Reginald Owen is playing Scrooge—at Lionel Barrymore's suggestion when the studio wanted to hold the script for his own convalescence—and Terry Kilburn is doing Tiny Tim.

It's true, and not a press-agent's dream, that Lionel gave up this role he's played annually on the air for years, gave it up because he figured the world could use a picture like this, this very Christmas.

Besides, Barrymore argued, it's an English role, and there was Reginald Owen, so why not? Obligingly—if not through sheer sentiment—Metro is planning the film for Christmas week release.

She Makes Money

By Killing Rottlers

FLAT, Rottler County, Tex. (AP)—Sixteen year old Pauline Wall has discovered she can make more money killing rattlesnakes than she can picking cotton.

While picking cotton at 50 cents for 100 pounds she killed two rat-

People You Know

By ARCHER FULLINGIM

Privately (to associates and intimates), this one predicted the score would be 34 to 7 in favor of Pampa, and so now we give the old familiar retort, "we'll beat 'em next year!" That's all we can say because Pampa being a sort of David without a magic slingshot to slay Goliath, can never cease trying to whip the giant. It's a cinch we can't give up. There are alibis and alibis going the rounds, as there always are, but we must not lose sight of the fact that it's fun to play Amarillo each year. It's like Czechoslovakia trying to whip Germany, but we almost do it. It's hard on the fans (especially those who lose money) but it's harder on the coaches and the boys whose game it is. We need a sense of humor in this business.

No one doubts these Pampa boys tried to do their best. They played as hard as they could and to the 1938 team this one takes off his hat because they tried to do their best. The Harvester backfield and line are still the best to us because they're from Pampa. . . . That 34 to 7 prediction represents what they could have done to Amarillo if the Sandies had been Port Arthur. . . . So to Graham, Kemp, Miller, Aulds, Karr, Hesse, Farish, Candler, Kyle, Solomon, Andis, Heiskell, Ripple, Rumpke, Giddens and the others this one says you're the best—and will continue to be the best when we beat Lubbock and Plainview and Borger (maybe Lubbock will beat Amarillo) and next year we'll have the jitters again and we'll be playing hard in the grandstand. But next year, people, we're going to beat 'em!

Even in the case of loud noises and falling, the assumption that these are "inherited" is not logical. The fear of these may have developed during the very first time they were experienced.

An erroneous deduction that has been made from Watson's studies contends that save for the two above-named exceptions the very young child is fearless—and also that if properly handled, the child can be trained to remain fearless. For some reason fearlessness appears to many individuals to be a desirable quality. In fact, an educational principle has been made of this among certain so-called progressive educators.

More important than the specific fears that a child may or may not have at the time of birth is the innate capacity to fear which man has in common with all other animals.

Man's capacity to fear is probably much greater than that of any other animal since his memory and his ability to anticipate events are superior to those of other creatures.

Because exaggerated, excessive and baseless fear is known to hamper man in his activities, fear has been condemned outright. In this condemnation sight is lost of its usefulness.

The expression "fearless" is used in a complimentary sense even though it is doubtful if any person of average intelligence is ever fearless.

Freedom from exaggerated and unwarranted fears is desirable but complete fearlessness is as undesirable as it is unattainable.

The decision of Judge Newton P. Willis in 84th district court, upholding the county seat election was affirmed by the Amarillo Court of Civil Appeals.

A new Panhandle oil schedule was being prepared at the local office of the railroad commission.

Work was being completed by the staff of the Board of City Development on maps and data to show the assets of this territory.

Cranium Crackers

Some of the following statements are true, some false. Which are which?

1. Potatoes are 40 times as numerous in Maine as apples.
2. A frog is a carpenter's tool.
3. Cork is the bark of a tree.
4. Mayor LaGuardia was the first reform mayor of New York ever re-elected.
5. Subways cost \$10,000,000 a mile. (Answers on classified page.)

For the snakes she received 40 cents bounty from the county; for the 37 pounds of cotton she had picked, 13 1/2 cents.

How's Your Health?

By IAGO GILDSTON, M.D.

THE NATURE OF FEAR—II
A recently developed school of psychology that had a vogue some years ago but is now on the decline, popularized the idea that infants were practically fearless and that the only inherited fears shown by the child were of loud noises and of falling.

The studies upon which these conclusions were based were ingenious enough. Scientists, however, are not always good logicians and they frequently draw thoroughly erroneous conclusions from thoroughly sound premises.

On purely logical grounds there is no warrant for the statement that noise and falling are "the only inherited fears." To make such a statement competently one would have had to expose the child to all of the innumerable stimuli of fear.

Even in the case of loud noises and falling, the assumption that these are "inherited" is not logical. The fear of these may have developed during the very first time they were experienced.

An erroneous deduction that has been made from Watson's studies contends that save for the two above-named exceptions the very young child is fearless—and also that if properly handled, the child can be trained to remain fearless. For some reason fearlessness appears to many individuals to be a desirable quality. In fact, an educational principle has been made of this among certain so-called progressive educators.

More important than the specific fears that a child may or may not have at the time of birth is the innate capacity to fear which man has in common with all other animals.

Man's capacity to fear is probably much greater than that of any other animal since his memory and his ability to anticipate events are superior to those of other creatures.

Because exaggerated, excessive and baseless fear is known to hamper man in his activities, fear has been condemned outright. In this condemnation sight is lost of its usefulness.

The expression "fearless" is used in a complimentary sense even though it is doubtful if any person of average intelligence is ever fearless.

Freedom from exaggerated and unwarranted fears is desirable but complete fearlessness is as undesirable as it is unattainable.

So They Say

The average movie star is bogged down by glamor, self-sufficiency—and a large dose of sugar-coated selfishness.

—MERLE OBERON, actress.

As a matter of fact I am no more radical than a jack rabbit.

—CONGRESSMAN MAURY MAVERICK of Texas.

There wasn't much we could do but wrestle with it.

—DAVE HISSONG, airplane pilot who landed a flaming airplane and 11 passengers safely.

St. Christopher should be made to join the union.

—JOSEPH P. RYAN, president of the International Longshoremen's Association in commenting on the docking of the Queen Mary without tugboats after her captain had looked at his St. Christopher's medal.

It has always been human nature to reach out for someone else's money.

Tex's Topics

By Tex DeWeese

There still are many who do not fully appreciate the recreational value of the new Gray county lake which is rapidly nearing the stage in its construction where it will begin plugging the water. . . . When the losing time comes at the dam, all that will be necessary are two or three good fall rains. . . . It's going to be a grand spot. . . . To foolin'.

Maybe you've heard the story about the Pampa man who dropped some \$3,000 in a downtown spot the other night and then won it back with a hundred or so to boot. . . . Right along about the same time the proprietor was trying to keep order in the place and a husky crowd had gathered between the eyes and the lights went out for him. . . . It is the fashion, they say, for men who gamble for big stakes to take bodyguards with them—just in case. . . . Incidentally, this is all hearsay and it would be a waste of time to yank me before the grand jury. . . . It may not even be true. . . . The new bottle-number game, so the story goes, is what caused all the excitement.

Shipping would be a distinct of surplus commodities by the two-price system means certain refinements and improvements. . . . Two prices are hardly enough. There should be between six and a dozen prices, and let the customer choose the price he would like to pay. With only two prices to choose from the perplexed buyer has to pay either one or the other, with a half dozen he would have a wider choice.

Shopping would be a distinct pleasure under such circumstances. Imagine looking over the new automobiles and selecting a nice cream colored affair with red leather seats and about a ton and a half of equipment, and then telling the salesman you are prepared to pay the second lowest price of \$8. . . . You could explain that \$8, the lowest price, is a little cheap. It would be embarrassing to tell your friends you were driving a \$5 automobile. . . . The secretary, we think, is overlooking something here.

A federal survey in San Francisco has been investigating the affairs of youth to determine why pupils quit school. They have found, as they could have learned from almost any parent, that lack of funds was the most important reason. . . . Lack of interest, incompatibility, bashfulness, falling in love were other reasons. But the best reason comes from a youth who quit school simply because he hit his teacher over the head with a clarinet.

Unfortunately the name of this apt pupil was withheld, but it is an even bet that the young man will go far in a fast moving world. . . . The film instrument had crashed on the teacher's head, the unnamed hero lost no time in idle deliberation. . . . He walked quickly to the principal and ended his school days then and there. His music may have suffered by his experience, but his logic in quitting school appears to rate 100.

Sotto Voce: This is to notify the man with the idea that it'll break here in a day or so.

It's Against Her Duty To Travel Much

ASHLAND, Ky. (AP)—"Aunt Lucy" Rathiff has spent her 66 years within a few miles of her home near Maytown, Ky., because, she says, traveling is expensive and "I feel it's against my duty." She said she once boarded a river boat but got off after deciding the trip would cost too much.

YOU AND YOUR Nation's Affairs

Aimed at Picketing

By ERIK MCKINLEY ERIKSSON

Professor of History, University of Southern California

In recent weeks a great deal of attention has been given throughout the country to the so-called "Ham and Egg" or \$30 Every Thursday pension proposal.

It is a proposal which California will pass judgment in the November election. This fantastic scheme which violates the laws of sound economics at almost every point has created the impression that California is a state populated by "crackpots" and visionaries.

The fact that several hundred thousand of its citizens signed a petition to place the measure on the ballot offers some ground for 'mis impression' but it is probable that the election result will show the majority of the people of the "Golden State" have not lost their good sense and judgment.

The interest in the pension plan has caused many people to lose sight of the fact that there are other propositions being submitted to a referendum of California's voters, some of which are certainly not of the "crackpot" variety. For example, there is the proposition to regulate picketing on a uniform state-wide basis.

Many Californians have become thoroughly disgusted with the abuses which have developed in connection with labor disputes. They have seen mass picketing used as a cover for violence; they have witnessed the coercion of employers; they have observed workers forced to give up their work though no strike has been sanctioned by the majority of the employees in their place of employment; they have heard of "goon" squads going about and doing physical harm to workers who do not obey the instructions of the labor leaders; and they have, as members of the community, been prevented from freely

using streets, sidewalks and public conveyances. Because of these disagreeable experiences, public sentiment has been aroused to the point where an initiative proposal to regulate picketing as the state ballot as a result of petitions signed by thousands of citizens in every walk of life. That the proposition has a strong probability of adoption is indicated by the success of a similar measure in the city of Los Angeles a few weeks ago. The measure was placed on the ballot and voted on the same election as that in which the city's mayor was recalled. It carried by a very comfortable majority while another proposition sponsored by organized labor was easily defeated.

The Los Angeles ordinance prohibits picketing "calculated or with the intent to threaten, intimidate, coerce or put in fear any person who is entering, occupying, or leaving any place of business." No picketing is permitted unless a bona fide strike is in progress at the place of business. Pickets must be selected by the majority of the bona fide employees of the establishment from among their own number. Each picket must carry a written statement certifying that he has been properly chosen. Only one picket is permitted for each entrance and they must be stationed at least twenty-five feet apart.

Strict limitations are placed on arm bands and banners. Pickets are prohibited from using obscene, profane or threatening language or threatening "any loud or unusual noise." Persons and their relatives are protected against threats, coercion or intimidation not only when entering or leaving a place of business but also when carrying goods to or from it. If an employer has more than one establishment only the one or ones in which an actual strike is taking place can be picketed. A fine up to \$500 or imprisonment up to six months may be imposed for each violation.

This ordinance is drastic in its provisions. Had public feeling not been aroused it could not have been adopted.

(Address questions to the author, care of this newspaper.)

BIDS for SMILES

ANOTHER TEST

"What's the fuss in the school yard, boy?" a passer-by asked a lad.

"Why, the doctor's just been around examining the kids and 'ran' one of the deficient kids in knockin' the everlasting 'stufin' out of a perfect kid."

LINCOLN YARN

The Fords Tell Their Plans for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

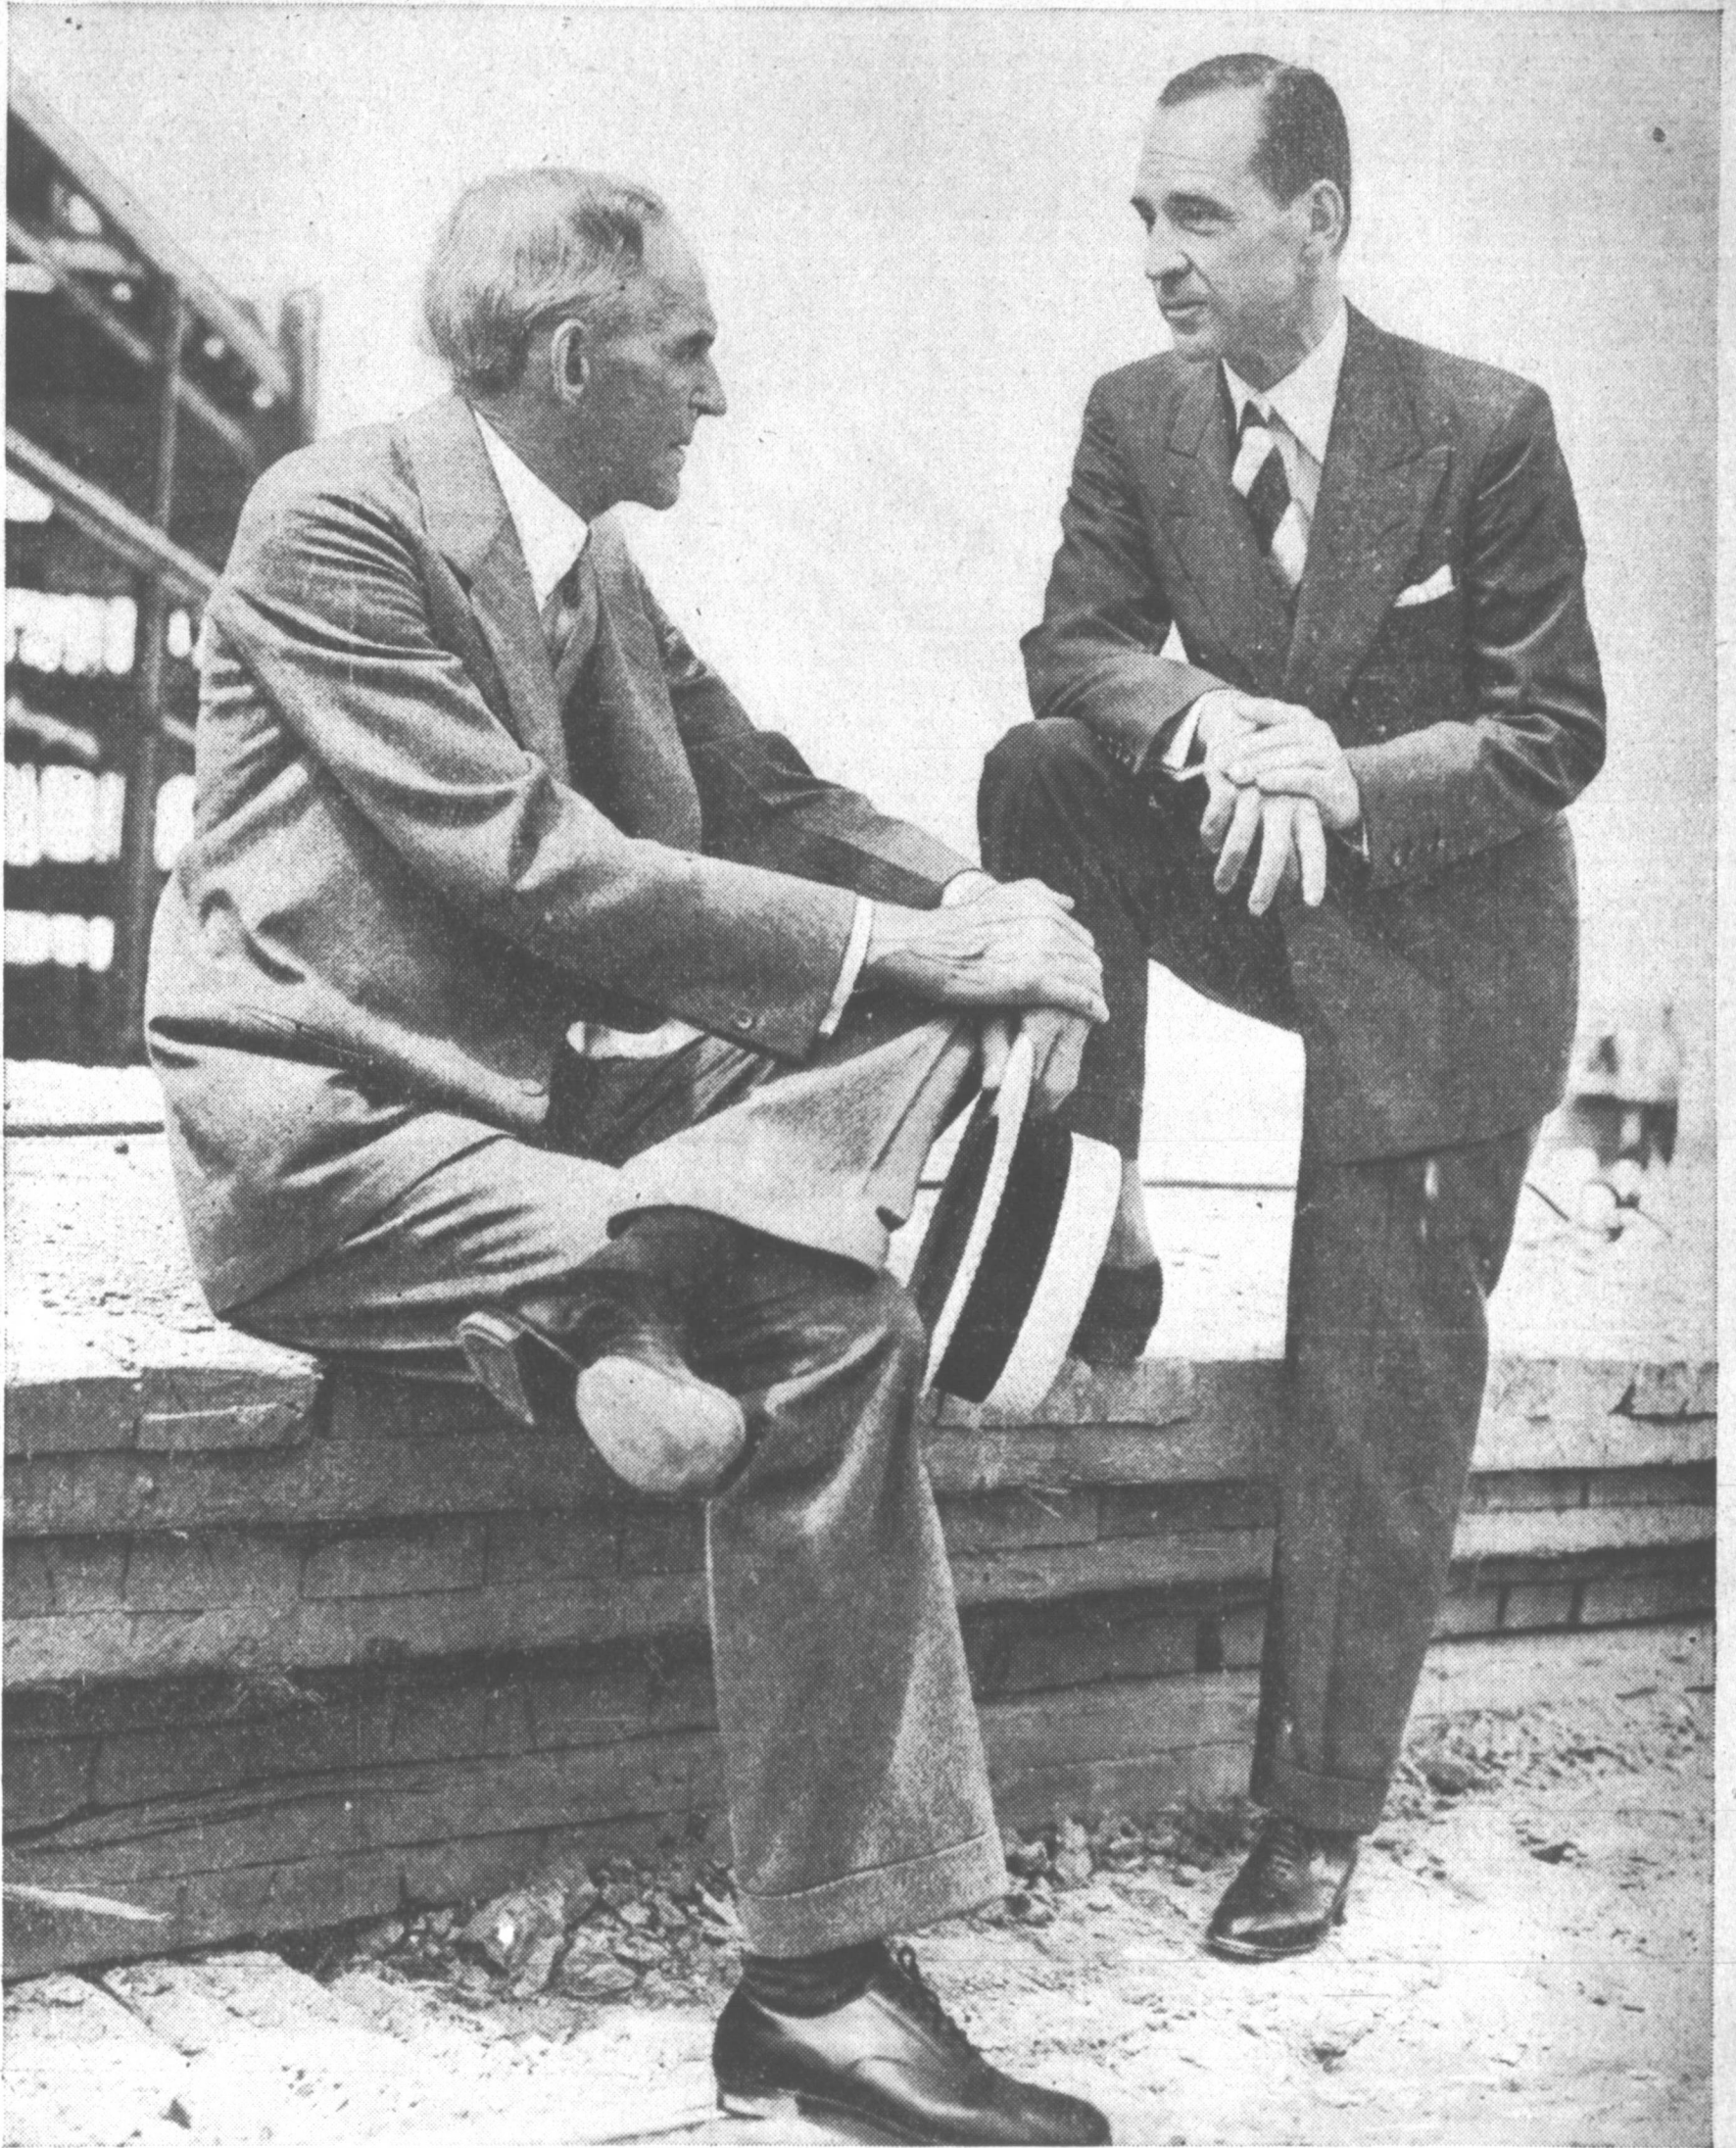

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements . . . a new tool and die plant that will help us cut the cost of dies . . . and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us.

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs.

We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

TCU Annihilates Baylor In 39 To 7 Rout

Frogs Pass And Run For 509 Yards

By FELIX R. McKNIGHT.
FORT WORTH, Oct. 29 (AP).—Mighty Texas Christian rustled up 509 yards by ground and air to rumble on undefeated with a 39-7 submergence of hitherto unbeaten Baylor before 25,000 Christian converts today.

Totally calm, the Christians, perhaps the greatest of all Southwest teams, stabbed the Baylor wall with runs that netted 288 yards and added 221 more with Deadeye Davey O'Brien's passing arm.

Unsteady even to the half, when they led by 13-7, the Christians blew off the top in the final periods with incredible power and finesse. Never in their six touchdown drives, did the Christians relinquish the ball.

From their own 23 the Christians shoved off on the first score, Johnny Hall, Connie Sparks, and O'Brien slicing the tackles on a 76-yard drive Sparks ended by going over from the one. O'Brien added the point. It took only seven plays from midfield, featuring a 9-yard spurt by O'Brien and a magic lateral to Sparks, to rack up the second score. Sparks went over from the three on his first try and O'Brien missed the extra kick.

Baylor stormed back with a 78-yard forward-lateral play to score. Bill Patterson rifling to Sherman Barnes, who lateraled to Malcolm Linder, the rabbit back going on 70 more down the sidelines for the score.

Christians Penalized.

Two Christian penalties, one half the distance to the goal stripe for slugging that put Baylor on the Christian 40, and a pass interference that carried them to the eight, had the Baylor threatening when the half ended.

Then came the Christian storm. O'Brien climaxed a 66-yard drive with a 32-yard pass Clark snatched over the goal line, the eighth play in the drive. Next it was an 87-yard spurt, Clark, O'Brien and Sparks crushing Baylor's line with runs before O'Brien connected. Durwood Horner for a pass that netted 36 yards to the Baylor four. Sparks walked over with the score.

On their own 28 after Patterson's kick, the Christians started moving again for the fifth score. Ware and O'Brien biffed the weary Baylor line and then O'Brien shot a 12-yard pass that Clark gathered in on the Baylor 43. Then came the fanciest stepping of the day, the Christian gazelle running all over the premises to finally score after playing checkers through the Baylor secondary. O'Brien kicked the point.

Still shooting for scores, O'Brien led the Christians to their sixth with two brilliant passes to Pat Clifford, the redhead taking a 32-yard dart on the goal line. O'Brien closed the scoring for the day with his successful conversion.

The Most Powerful Driving Force

—in business is individual initiative

THERE is no substitute for the ambition and determination of men to achieve success for themselves and their families. From these personal qualities spring the steadfast purposes which have for generations kept the United States far out in front in the march of progress. They have created in America the greatest industrial and commercial systems in history.

Individual initiative has been the creative force in all successful enterprises that compose these systems, whether modest local concerns or large-scale corporations.

It is the primary function of banking to lend financial cooperation to sound, progressive business men. It is the obligation and pleasure of this bank to supply this cooperation in the business life of this Community.

Sensational Banaski In Final Bout Of Mat Card

Aggies Beat Arkansas 13-7 With Two Minutes To Go

Lubbock Noses Out Plainview

In what amounted to merely an exchange of punts and recovery of fumbles for the first half of the game, the Lubbock Westerners finally came through with a lone score during the last quarter of a hard-fought District One grid-fest Friday night to defeat the Plainview Bulldogs 6-0.

Second in importance, only to the battle on Butler Field Saturday, was the game that over 8,000 fans witnessed on Lubbock's gridiron, more than 2,000 rooting for the Bulldogs.

Only two down-the-field advances were made by the Westerners during the entire game, the first coming at the end of the first period, and the other ending with a score only two minutes from the final whistle.

Westerner's Jumbo Webster and Bulldog's Graham carried the brunt of the running, passing, and punting attacks that resulted in the 60-minute "locked-horn" battle.

The lone tally came when Webster took command and raged and plowed through the Bulldog line for short but consistent gains. Alford assisted with a nice run but it was Webster's power that carried him the last two yards.

Lubbock had the ball on the Plainview 3-yard marker at the final gun.

Methodists Nose Out Texas 7-6

By RAY NEUMANN.
AUSTIN, Oct. 29 (AP).—Southern Methodist's razzle-dazzle kings today blasted their way over and thru an all-faithed University of Texas eleven to open their 1938 Southwest conference campaign with a 7-6 victory.

It was no push-over team the Mustangs met before 12,000 spectators in Memorial stadium, the luckless Longhorns fighting back with surprising strength and several times thrusting to within the danger zone.

Much of the first period was played in Mustang territory, a pass, Wallace Lawson to Bryan, once penetrating to the Methodist 24. There three attempted aials by Lawson failed as did his try for a field goal.

Notre Dame Whips Army In Last Half

By GAYLE TALBOT.
NEW YORK, Oct. 29 (AP).—Fought to a standstill the first half, Notre Dame poured reserve power onto the field in the last two periods today to batter down a good Army eleven, 19 to 7, in their silver anniversary game before 80,000 spectators.

Trailing 7 to 0 at the half, and 7 to 6 at the three-quarter pole, the powerhouse from South Bend went scoring for two touchdowns in the final 15 minutes as the West Pointers tired badly.

They probably would have scored at least once more if Coach Elmer Layden hadn't taken pity and sent in the last of his substitutes toward the end.

Sub For Lain Scores Twice In Rice Win

By OLEN W. CLEMENTS.
HOUSTON, Oct. 29.—While the eyes of the lower Panhandle have been watching White Deer and Panhandle expecting one of them to romp to a district championship and the right to play in the regional finals the north plains has been developing a mighty threat in the Perryton Rangers of Coach Olin Burke who downed a fighting hand of LeFors Pirates 26 to 14 here Friday night in an inter-sectional game.

Coaches Francis Smith and John Rankin presented a small squad, both in number and weight, against a mighty Perryton eleven but the Pirates like their namesakes of old never knew what they were beaten. When the final whistle sounded they were still battling as though the game had just begun.

Using sheer power, the Rangers dove to four touchdowns, three of them before LeFors was able to get started. But the handicap didn't phase the Pirates who romped to two quick touchdowns, one late in the third period and another early in the fourth. Another drive stopped by a fumble which Perryton converted into their last touchdown as they did their first six points.

Sensational Ball Toss.

In Lewis, Flowers, and Winter, Perryton presented three of as powerful running backs as has been seen in the Panhandle this year. Working with them was McWilliams, a small strack of lightning. Lilly, end; Secit, big tackle, and Wright, a guard, played standout games in the Perryton line.

The LeFors ground attack was handled principally by Carruth, as flashy a ball totting back as has trod Panhandle turf in many years. Besides being a strong ball carrier, he can pass, punt, take passes from all angles and is a power on defense. Atkinson is a flashy ball carrier and Ellington a top passer and receiver. Taylor does most of the blocking. Another player who stood heads above the rest was J. Pite who started at end and then switched to tackle for the Pirates when Jackson was injured when clipped. Late in the game Pite suffered a broken thumb, the bone piercing the skin. He was rushed to Pampa. Jackson, Lee and Johnson played outstanding games.

Perryton started out like a steam roller rushing to the LeFors 15-yard line on six plays before the rush stopped. Carruth headed a parade back down the field but he was stopped in enemy territory.

Taking advantage of a LeFors fumble on their own 32-yard line, Lewis and Flowers worked a two-man attack, Lewis making the last two yards. Flowers kicked the extra point.

Higgins Defeats Sooners 36 To 0

HIGGINS, Oct. 29.—With plenty of strength and courage, the Higgins Coyotes showed some fast playing when they met the Buffalo, Okla., Buffaloes on the home field Friday and won by a score of 36 to 0.

This is the first time, according to reports, the Buffaloes have been scored on in three years.

Because of illness or disabilities of various natures, every man for the first time since the first game of the season with the Spearman Lynx, was in his place on the Higgins team.

This game, dedicated to Elmer Tarbox, a football star at Texas Tech, and a former Higgins boy, was the homecoming game and drew a large crowd of interested spectators and football fans. Miss Lillie Schwab was crowned queen at the half by Captain Homer Cloud.

Reapers Hold Sam Houston To 0-0 Tie

Playing one of their best games of the season the Pampa Junior High Reapers held the Sam Houston Junior High team to a scoreless tie Friday afternoon in Amarillo.

So close was defensive play that neither team was able to get a 20-yard penetration. The only time the ball appeared between that stripe and the goal line was on punts where Norman Clemmons of the Reapers had the advantage. Bray, Stokes and Clemmons played good backfield games while Berge, center, and Grossman, guard, were line powers on defense.

A little Indian speed merchant led the Sam Houston attack.

Buchanan won the Junior High title by defeating Central, both of Amarillo, Friday afternoon.

The feature game of the season here will be played Friday afternoon at Harvester field when the Reapers meet the Sophomores in the final conference game of the season for both teams.

Missouri Defeats Nebraska Thru Air

LINCOLN, Neb., Oct. 29 (AP).—Sophomore Paul Chrisman's willow right arm pitched the Missouri Tigers to a 13 to 10 football victory over Nebraska today.

Joe Banaski's coming to Pampa Monday night. To many Joe Banaski doesn't mean anything. To others it means that one of the greatest middleweight wrestlers in many, many years will appear at the Pampa Athletic Arena. His opponent will be Gust Johnson, sensational Swede who is undefeated on the local mat.

The great Banaski is the idol of Oklahoma where he worked as a cowboy for years. Later he became a rodeo hand and seven years ago he took up wrestling. He still continues to ride, but his favorite sport is golf.

The semi-final will see John Nemanic, who used to referee around these parts, battling Scotty Williams. Nemanic has decided that wrestling is easier than arbitrating. Fans around here won't mind what Williams does to the former referee because they never did care a lot for him.

Opening the card at 8 o'clock sharp will be Walter Stratton and Blacksmith Pedigo, two of the world's strongest men. Both are scientific grapplers along with the strength and the battle of little giants is hoped to rate with the main event.

Banaski is known as the change of pace grappler. He has a method of his own which calls for calm grappling and then a switch to wild man tactics or visa versa.

Tigers Blank Irish 19 To 0

SHAMROCK, Oct. 29.—In their first conference start of the season, the McLean Tigers tore into the Shamrock Irishmen for a 19-0 victory, to step closer to the District 3-B crown.

Tigers' Bond and Humphries starred at the ball-toting posts, although they received fine blocking and assistance from the entire team. Bond scored on the third play of the game, and midway in the second period. A pass from Humphries to Lee scored the final counter in the third quarter.

Shamrock threatened twice during the first part of the game, going to the one-yard line and the seven, but bogged down both times.

The excellent form of the Tigers caused the dopesters to give them the edge for the championship, although it was their first clash of the season with a conference competitor.

McLean must hurdle LeFors and Wheeler before they win the right to meet the Wellington Skyrockets for the title of the entire district which is divided.

The steady McLean line played an outstanding game, opening holes for backs to charge through, holding in the clinches and keeping tacklers from passers and punters. There wasn't a star in the line.

Sutterfield and Byers played bang-up games in the Shamrock backfield while Bills, Wilson, and Burton were line standouts. The light Irishmen scooted and scattered but were unable to pierce the big Tiger line or go through this air over the McLean backs.

Peewees Nose Out LeFors Mideels 7-0

Coach C. P. McWright's Junior high school Peewees won a 7 to 0 game from the LeFors Mideels at Pampa Friday afternoon in LeFors. Stephens, Peewee quarterback, who played an outstanding game, crossed the goal line from six paces out on a fake reverse and then pived for the extra point.

Several times each team threatened to score but goal line stands were sensational. Stephens and Dunham were powers in the Peewee backfield with Suttle and Bowerman, ends especially Suttle, leading line play.

Ammons, a fair-sized fullback, led the LeFors attack and he did a good job of it, assisted by Hamrick and Cole. Stracener and Dunn played good line games.

The Peewees will meet the McLean Juniors here on November 10. Starting lineups:

Peewees: Suttle and Bowerman, ends; Miller and Dempsey, tackles; Fenolio and Hamlin, guards. Bailey, center; Grossman and Eldridge, halves; Dunham, full. Berry, Cox, Henson, Casey, Tibbitts, Russell and Dodson.

LeFors Mideels: McLaughlin and Hext, ends; Stracener and Basley, tackles; Hutton and Dunn, guards; Wilson, center; Hamrick, quarter; Cole and Stanley, halves; Ammons, full.

Santa Clara Downs Michigan State 7-6

EAST LANSING, Mich., Oct. 29 (AP).—Football's glory road was a rocky and treacherous path today but the Broncos of Santa Clara cashed in on a second period break to down Michigan State, 7 to 6, and remain among the nation's undefeated and untied major college elevens.

Stinnett Conquers Guerrillas 27 To 0

A big, experienced Rattler eleven downed the Pampa High school Guerrillas 27 to 0 here Friday afternoon. Coach Coy Palmer, formerly of Alameda, presented several new and older boys than when the Guerrillas lost a 6 to 0 decision in Stinnett.

Sweeping end runs proved the Guerrilla downfall as the line played a strong offensive game. Stinnett passes were also batted down or intercepted.

The Guerrillas found it impossible to gain consistently against the large Stinnett line and the powerful backs who reached high to bat down passes.

Both Guerrillas and Sophomores were used to round out the Guerrilla team.

Starters for the Guerrillas were: Termin and Mullins, ends; R Phillips and Dunlap, tackles; Chesser and O'Dell, guards; Terrell, center; Isbell, quarter; Boyd and Morris, halves; Giles, fullback. Sophomores were: Thomas, Scott, Stanford, Hollis, W. Phillips, Epperson, Molesworth, Ward, Longacre.

White Deer Will Play Panhandle On November 11

WHITE DEER, Oct. 29.—Reserved seat tickets for the White Deer-Panhandle game to be played at White Deer at 2:30 o'clock on Nov. 11 are now on sale at the White Deer Drug and Star Drug stores in White Deer; Miller Pharmacy in Skellytown; McCaskey Drug company in Panhandle; and Sadler Drug store in Groom. The price is 60 cents.

The permanent grandstand will seat nearly 800 persons, and additional bleachers have been secured and set up on the east side of the field. Reserved seats will be on sale until Tuesday afternoon, Nov. 8, if there is not a sell-out before that date.

Because of the intense rivalry of many years standing between the teams and the outstanding performance of both teams this season, a record crowd is expected.

Oklahoma Takes To Air To Crush Tulsa

NORMAN, Okla., Oct. 29 (AP).—Oklahoma's surprising Sooners swapped their ground attack for a deadly aerial bombardment to beat the Golden Hurricane of Tulsa university at its own game in a non-conference battle, 23 to 6.

Perryton Shows Power In Defeating LeFors 26-14

By HARRY E. HOARE.
Sports Editor, Pampa Daily News.
LEFORS, Oct. 29.—While the eyes of the lower Panhandle have been watching White Deer and Panhandle expecting one of them to romp to a district championship and the right to play in the regional finals the north plains has been developing a mighty threat in the Perryton Rangers of Coach Olin Burke who downed a fighting hand of LeFors Pirates 26 to 14 here Friday night in an inter-sectional game.

Coaches Francis Smith and John Rankin presented a small squad, both in number and weight, against a mighty Perryton eleven but the Pirates like their namesakes of old never knew what they were beaten. When the final whistle sounded they were still battling as though the game had just begun.

Using sheer power, the Rangers dove to four touchdowns, three of them before LeFors was able to get started. But the handicap didn't phase the Pirates who romped to two quick touchdowns, one late in the third period and another early in the fourth. Another drive stopped by a fumble which Perryton converted into their last touchdown as they did their first six points.

Sensational Ball Toss.

In Lewis, Flowers, and Winter, Perryton presented three of as powerful running backs as has been seen in the Panhandle this year. Working with them was McWilliams, a small strack of lightning. Lilly, end; Secit, big tackle, and Wright, a guard, played standout games in the Perryton line.

The LeFors ground attack was handled principally by Carruth, as flashy a ball totting back as has trod Panhandle turf in many years. Besides being a strong ball carrier, he can pass, punt, take passes from all angles and is a power on defense. Atkinson is a flashy ball carrier and Ellington a top passer and receiver. Taylor does most of the blocking. Another player who stood heads above the rest was J. Pite who started at end and then switched to tackle for the Pirates when Jackson was injured when clipped. Late in the game Pite suffered a broken thumb, the bone piercing the skin. He was rushed to Pampa. Jackson, Lee and Johnson played outstanding games.

Perryton started out like a steam roller rushing to the LeFors 15-yard line on six plays before the rush stopped. Carruth headed a parade back down the field but he was stopped in enemy territory.

Taking advantage of a LeFors fumble on their own 32-yard line, Lewis and Flowers worked a two-man attack, Lewis making the last two yards. Flowers kicked the extra point.

Panhandle Routs Groom 39 To 0

PANHANDLE, Oct. 29.—The Panhandle Panthers proved that they are still a threat in District 2-B Friday night when they romped over the Groom Tigers, 39 to 0, coming within one touchdown of equalling the feat of White Deer in downing the Tigers.

Smith, O'Keefe, and Adams romped for Panhandle touchdowns in each quarter of the game. Walters, Anderson and Stagle played bang-up games in the line.

Groom was weakened by the loss of Britten, ace back, who will be lost for the rest of the season because of an injury received two weeks ago. Burgin, Kuhler and Lacks tried hard but were unable to pierce the Panther line.

GOOD LIGHTING

Thompson And Sandies Beat Harvesters 14-0

Ball Carried 218 Yards By Blazing Bill

By HARRY E. HOARE.
Sports Editor, The Pampa News.

Blazing Bill Thompson, the Amarillo sensation of Texas high school football, turned in a brilliant performance to lead the Sandies to a 14 to 0 victory over the Pampa Harvesters yesterday afternoon on Butler field before 12,000 fans. Thompson scored both Sandie touchdowns, one on a line plunge and the other on a 69-yard jaunt which saw him out-distance three pursuing Pampa backs.

The Sandies played an inspired game in every department. The line charged low and hard and the backs waited for interference to form and then powerhouses through for gains. Not even for a few minutes in past games did the Sandies show what they brought out of the bag yesterday.

On the other hand the Harvesters failed to show their usual sting. They charged sluggishly and high and blocking, which in past games this season has been outstanding, was easily lacking most of the time. Only Captain J. W. Graham could deal the Sandies misery but he didn't carry the ball often enough to be effective.

The better team won the ball game according to statistics which showed Amarillo making 11 first downs to six for Pampa and gaining 262 yards to Pampa's 198 on the ground. The Harvesters had a two-yard advantage in the air, gaining 42 yards to Amarillo's 40 paces.

Graham Ace Carrier.
Graham showed himself to be a ball carrier equal to Thompson by reeling off 118 yards on the 10 times he carried the ball for an average of 11.8 yards and he was stopped on the line of scrimmage three times. Heiskell picked up 25 yards the few minutes he was in the game. Kemp and Miller tied with 15 paces each and Watkins and Karr made six paces each. Pete Dunaway was the tough luck ball carrier of the game, making eight yards ahead and 21 yards backward. Graham lost nine paces on a pass and the others lost yardage was divided.

Thompson lived up to his reputation of being an one-man backfield, although he had more help from his blockers than in past games. The chunky piece of dynamite carried the ball 28 times or within 10 times as much as the entire Pampa backfield, and twice as much as his own backfield assistants put together. Blazing Bill picked up a total of 218 yards on his jaunts for an average of 7 1/2 yards a try. He was stopped only twice for no gain and once was thrown for a loss.

Webb Parls played an outstanding defensive game for the Harvesters. He was in on most of the tackles and often sifted through from his line backing position. Big Jack Hessey and Carl Ripple were strong Harvester linemen.

Amarillo scored midway in the second quarter on a 60-yard march. Thompson led the drive with Andrews and Corbell horning in once in a while. Thompson finally went over from the one-foot line.

Officials Slip Up.
Thompson showed his speed in the fourth quarter when he slipped thru the Pampa right side of the line, cut to the sidelines and raced for a touchdown. Miller touched him about the 10-yard line but was unable to hold him.

The Harvesters twice got within the Amarillo 20-yard line but were never able to push the ball across.

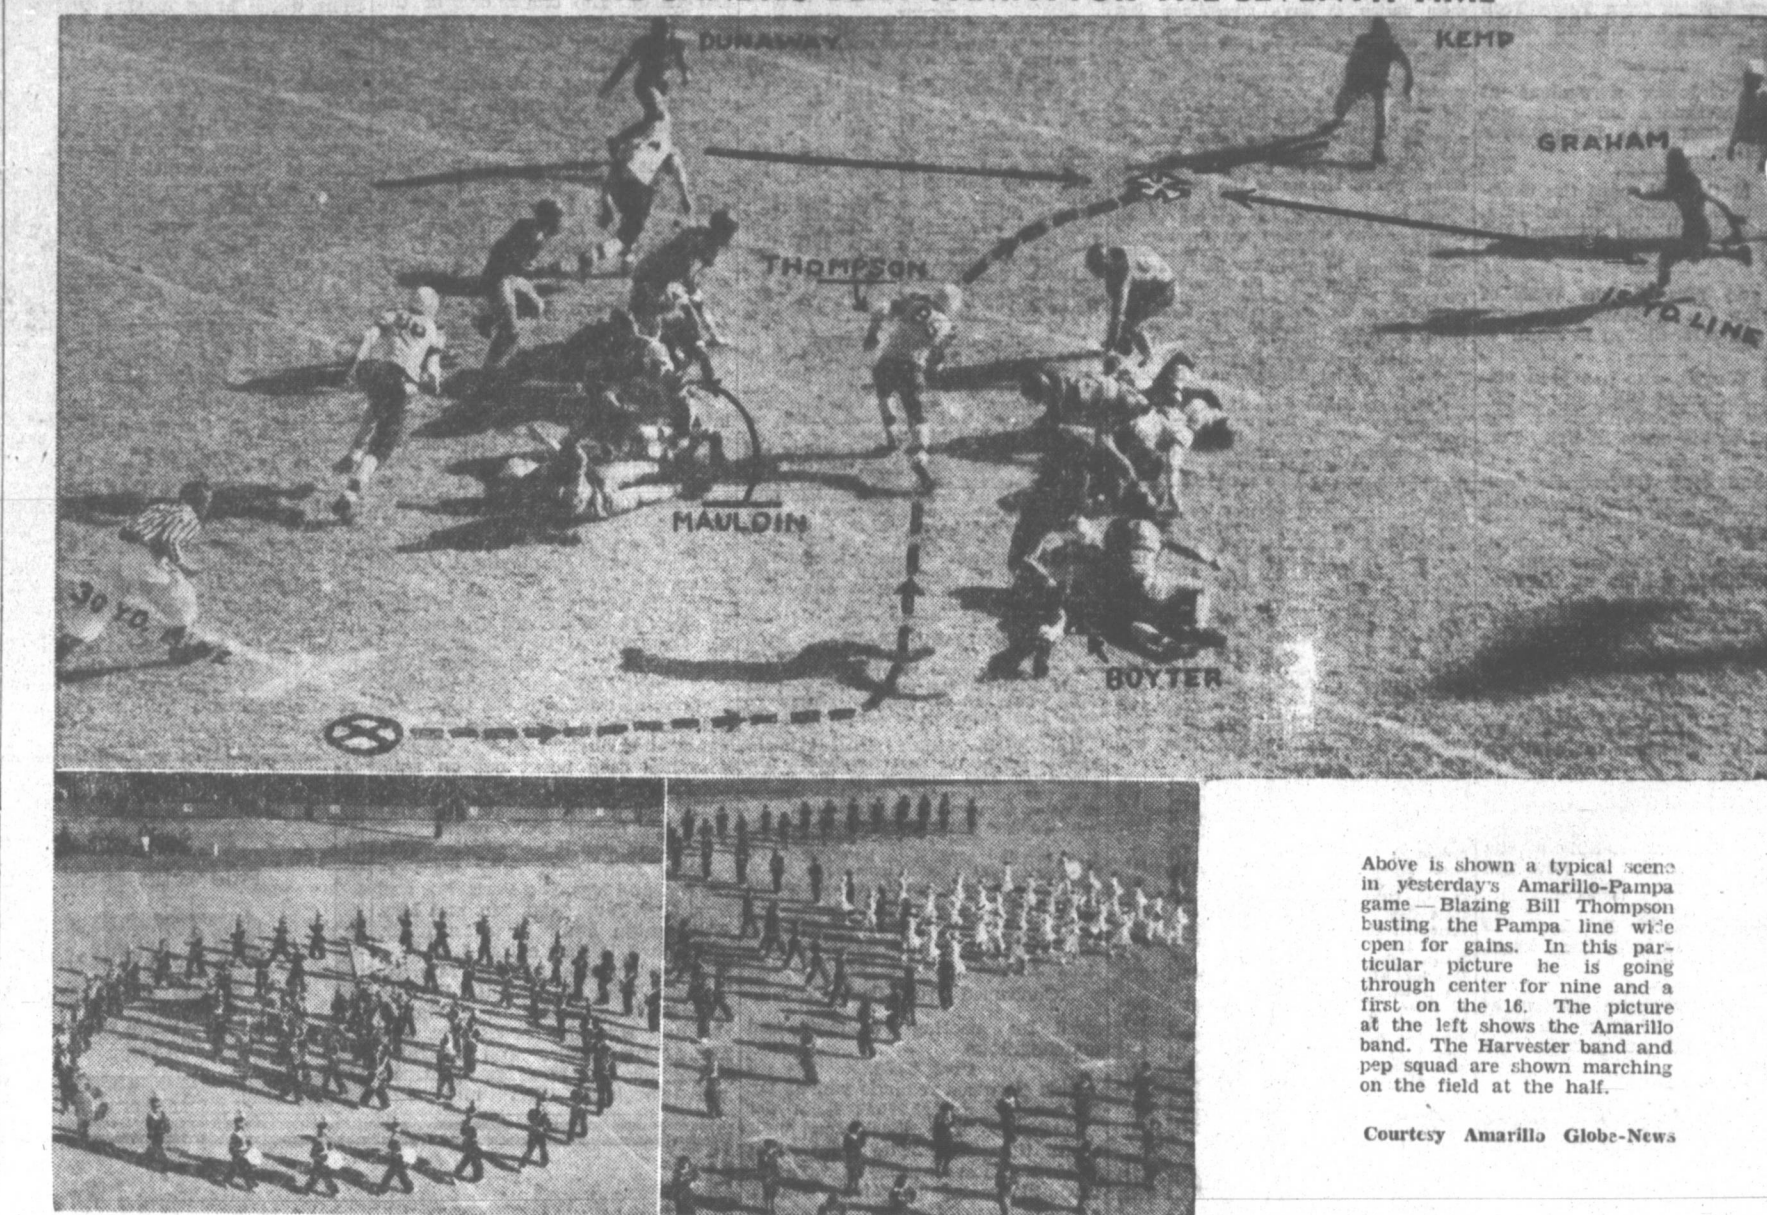

Two officiating breaks set the Harvesters back, once when an Amarillo player clipped Ripple, Pampa guard, forcing him from the game and again when Pampa made a first down but were not given credit for the gain. The throw was stunned when Referee Ab Curtis paced 15 yards off against the Harvesters when Ripple was clipped. On the other play the referee placed the ball on the ground not at the most forward point of progress but where the player was downed when punched back several yards. The play would have given the Harvesters a first down instead of being faced with a fourth down and a yard to go, forcing them to punt.

First Quarter
Captain J. W. Graham won the toss and took the north wind to his back, kicking off to Amarillo. Graham kicked to Andrews on his five and he returned to the 35. Thompson picked off 2 yards through center. Andrews added 4 off left tackle. Thompson broke through for 15 yards and a first down on the Pampa 46. Corbell got 3 around right end. Parls stopped Andrews for 2 yards. Thompson picked 7 yards to Humphreys for another first down on the Pampa 36. Corbell got 2 on left tackle. Candler stopped Andrews for one pace gain. Thompson put 2 on a fake pass. Thompson punted 30 yards over the goal line. Kemp planned 2 yards. Kemp added 2 more on the same play. Graham punted 30 yards to the Amarillo 27. Andrews made 2 off tackle. Parls stopped Corbell for 2 yards. Thompson quick-kicked out on the Pampa 32. Gill threw Kemp for a 2-yard loss.

SCENES AS BLAZING BILL AND THE SANDIES BEAT PAMPA FOR THE SEVENTH TIME

Above is shown a typical scene in yesterday's Amarillo-Pampa game—Blazing Bill Thompson busting the Pampa line wide open for gains. In this particular picture he is going through center for nine and a first on the 16. The picture at the left shows the Amarillo band. The Harvester band and pep squad are shown marching on the field at the half.

Courtesy Amarillo Globe-News

Kemp picked up what he lost. Graham punted out on the Amarillo 25. Thompson came around his own right end for 32 yards and was away but stepped out of bounds on the Pampa 35. Graham stopped Andrews for no gain around left end. Thompson hit center for 4 paces. Thompson passed over the goal line to Boyter but it fell incomplete. Thompson passed incomplete and the ball went over on the Pampa 30. Karr failed to gain. Graham broke off right tackle and raced 50 yards to the Amarillo 20 before being forced out of bounds. Mauldin stopped Dunaway. Graham passed incomplete to Solomon in the flat. Graham made 3 yards on a lateral from Kemp for a penetration. Karr passed incomplete and the ball went to Amarillo on the 18.

Andrews backed yards off left tackle. Solomon and Hessey smeared Thompson for no gain on a fake pass. Thompson passed through right guard for a touchdown. Dunaway in the Pampa backfield.

Hale stopped Miller for no gain. Miller picked up one yard. Miller got 6 yards being stopped by Andrews. Graham punted to the Amarillo 30. Thair returning to the 40.

Parls and Graham stopped Andrews. Andrews backed yards off left tackle. Graham made 8 yards and Pampa drew a 15-yard penalty for piling, putting the ball on the Pampa 35. Corbell made 5 to the 40 at the quarter. Dunaway went back in for Miller.

Second Quarter
Thompson on a spinner went to the Pampa 16 for a penetration. Karr held Andrews to a yard gain. Thompson made 6 yards around his right end. Hessey and Candler stopped Andrews for no gain. Thompson on a fake pass went to the Pampa 4 yard line. Thompson picked up 2 yards off his left tackle. Thompson powered off the 1-foot line. Thompson went through right guard for a touchdown. Solomon blocked Thompson's try for an extra point for Corbell picked up the ball and ran it across. Amarillo 7, Pampa 0.

Thompson kicked to Kemp on his 5 and he returned to the 27. Kemp made 2 yards. Kemp added 2 more. Graham fumbled a lateral from Kemp but recovered for no gain. Dunaway picked up for a touch-down. Thompson returned to the 27.

Corbell picked off 4 yards but Amarillo used hands and drew a 15-yard penalty. Thompson kicked out on his 47. Audis replaced Karr in the Pampa backfield. Graham picked 4 yards to Andrews. Dunaway to Kemp to Parls for 15 yards. Audis passed 5 yards to Graham. Dunaway ran backward for a 10-yard loss. Audis passed incomplete to Kemp. Audis again passed incomplete, and the ball went to Amarillo on the 24.

Thompson slipped off high right tackle for 8 yards. Solomon topped Andrews for 2 yards gain. Thompson passed 6 yards by inches being stopped by Nichols and Ripple. Amarillo drew a 15-yard penalty for illegal use of hands. Ripple threw Thompson for a 3 yard loss. Thompson kicked over the goal line.

Kyle replaced Solomon for Pampa. Roberts replaced Boyter for Amarillo and Montgomery went in for Hessey. Audis passed 5 yards to Andrews. Dunaway ran backward for a 10-yard loss. Audis passed incomplete to Kemp. Audis again passed incomplete, and the ball went to Amarillo on the 24.

Thompson slipped off high right tackle for 8 yards. Solomon topped Andrews for 2 yards gain. Thompson passed 6 yards by inches being stopped by Nichols and Ripple. Amarillo drew a 15-yard penalty for illegal use of hands. Ripple threw Thompson for a 3 yard loss. Thompson kicked over the goal line.

Kyle replaced Solomon for Pampa. Roberts replaced Boyter for Amarillo and Montgomery went in for Hessey. Audis passed 5 yards to Andrews. Dunaway ran backward for a 10-yard loss. Audis passed incomplete to Kemp. Audis again passed incomplete, and the ball went to Amarillo on the 24.

Thompson slipped off high right tackle for 8 yards. Solomon topped Andrews for 2 yards gain. Thompson passed 6 yards by inches being stopped by Nichols and Ripple. Amarillo drew a 15-yard penalty for illegal use of hands. Ripple threw Thompson for a 3 yard loss. Thompson kicked over the goal line.

Kyle replaced Solomon for Pampa. Roberts replaced Boyter for Amarillo and Montgomery went in for Hessey. Audis passed 5 yards to Andrews. Dunaway ran backward for a 10-yard loss. Audis passed incomplete to Kemp. Audis again passed incomplete, and the ball went to Amarillo on the 24.

Thompson slipped off high right tackle for 8 yards. Solomon topped Andrews for 2 yards gain. Thompson passed 6 yards by inches being stopped by Nichols and Ripple. Amarillo drew a 15-yard penalty for illegal use of hands. Ripple threw Thompson for a 3 yard loss. Thompson kicked over the goal line.

Kyle replaced Solomon for Pampa. Roberts replaced Boyter for Amarillo and Montgomery went in for Hessey. Audis passed 5 yards to Andrews. Dunaway ran backward for a 10-yard loss. Audis passed incomplete to Kemp. Audis again passed incomplete, and the ball went to Amarillo on the 24.

Thompson slipped off high right tackle for 8 yards. Solomon topped Andrews for 2 yards gain. Thompson passed 6 yards by inches being stopped by Nichols and Ripple. Amarillo drew a 15-yard penalty for illegal use of hands. Ripple threw Thompson for a 3 yard loss. Thompson kicked over the goal line.

Kyle replaced Solomon for Pampa. Roberts replaced Boyter for Amarillo and Montgomery went in for Hessey. Audis passed 5 yards to Andrews. Dunaway ran backward for a 10-yard loss. Audis passed incomplete to Kemp. Audis again passed incomplete, and the ball went to Amarillo on the 24.

Thompson slipped off high right tackle for 8 yards. Solomon topped Andrews for 2 yards gain. Thompson passed 6 yards by inches being stopped by Nichols and Ripple. Amarillo drew a 15-yard penalty for illegal use of hands. Ripple threw Thompson for a 3 yard loss. Thompson kicked over the goal line.

Kyle replaced Solomon for Pampa. Roberts replaced Boyter for Amarillo and Montgomery went in for Hessey. Audis passed 5 yards to Andrews. Dunaway ran backward for a 10-yard loss. Audis passed incomplete to Kemp. Audis again passed incomplete, and the ball went to Amarillo on the 24.

Thompson's punt on his 30 and returned to his 43. Graham to Audis to Kemp to Dunaway pass netted the Harvesters 20 yards. Graham slithered through left tackle for 12 paces. Karr made a yard. Dunaway's pass was muffed up by Mauldin. Dunaway passed incomplete. Karr's pass failed to go over the goal line and Amarillo took over on her 25. Andrews slipped thru for 6 paces. Karr stopped Thompson for a yard gain. Kemp returned Thompson's punt from the 12 to the 40.

Graham failed to gain. Solomon caught a 4-yard pass from Graham. Graham passed 4 yards to Audis. Dunaway punted to the Amarillo 30. Andrews got 4 yards. Solomon and Parls stopped Thompson after 2 yards. Thompson lacked an inch of making a first down and punted over to the goal line.

Kemp slipped off right tackle for 6 yards. Humphreys stopped Graham for 1 yard. Gill stopped Dunaway for 3 yards. Dunaway returned Dunaway's punt to the Pampa 32. Ripple was clipped but Pampa drew the penalty. Thompson stopped Thompson for no gain on attempted end run. Thompson passed 5 yards to Andrews. Dunaway intercepted one of Thompson's pass on his 5-yard line.

Dunaway fumbled behind the goal line but got the ball off for a nice punt to his 44-yard stripe. Thompson wigged and squirmed away from tacklers for 15 yards around his right end. Andrews picked up 5 yards being stopped by Graham. Thompson broke through center for 11 yards to the Pampa 12 at the end of third quarter.

Fourth Quarter
Giddens replaced Ripple who was hurt when clipped by Miller. Thompson in a Rumble replaced Kemp, all for Pampa.

Parls threw Andrews for a 4-yard loss. Corbell passed incomplete. Thompson passed over the goal line, incomplete. Thompson faked a pass and ran but was stopped by Candler and Ripple. The ball going to Pampa on the 10. Graham punted to the Amarillo 31.

Thompson broke off left tackle, roared to the sidelines and ran 69 yards for a touchdown, outrunning three Pampa backs. Miller touching him from behind but unable to stop him. Thompson then added the extra point from placement.

Thompson returned a short kick to his 32. Graham passed incomplete. Graham again passed incomplete. Solomon dropped Thompson on the 15-yard line on Graham's long punt. Dunaway replaced Miller in the Pampa backfield.

Parls threw 7 around his right end. Pampa blocked an Amarillo punt but drew a 5-yard offside penalty. Giddens stopped Dunaway on the 15-yard line. Thompson gained 6 paces. Thompson fumbled and Dunaway recovered on the Amarillo 4.

Dunaway lost a yard. Karr passed into Dunaway's arms incomplete. Jones, Roberts and Green came in for Amarillo. Dunaway passed 6 yards to Audis. Dunaway had, Graham's pass on his finger tips on the goal line but the ball got away. Amarillo took over on her 31.

Candler dropped Andrews for no gain. Parls and Audis stopped Andrews after 2 yards gain. Thompson punted to the Pampa 31. Heiskell replaced Ripple, and Audis went in for Karr, and Kyle went in for Solomon for Pampa.

Graham passed 6 yards to Dunaway. Audis passed 3 to Kyle. Dunaway flipped 5 yards to Audis. Graham passed incomplete to Kyle. Boynton intercepted Dunaway's pass on his 29 and was stopped dead by Andrews.

Thompson got through the line. Boynton crashed through for 5 yards. Thompson went through center for 8 yards. Candler stopped Andrews on an attempted lateral. Dunaway passed 6 yards to Boynton. Dunaway intercepted Thompson's pass on his 3 and returned to his 45. Montgomery went in to the Pampa line.

Baker, Webb and Hill came into the Amarillo line. Baker intercepted Graham's pass on his 38.

Baker gained 3 but fumbled and Heiskell recovered for Pampa on Amarillo's 45. Watkins went in to the Pampa backfield. Bigelow and Beck reported for Amarillo. Graham lost 9 yards on an attempted pass. Beck making the tackle. Watkins picked up 6 yards. Graham gained 2 yards. Audis passed 20 yards to Heiskell although swarmed. Shackelford came in to the Amarillo line. Kemp replaced Watkins for Pampa. Heiskell gained 15 yards but fumbled and Amarillo recovered.

Baker made 2 yards. Clark reeled off 12 yards. The game ended with the ball on the 25 yard stripe.

Rattlers Whip Miners 13 To 6

EL PASO, Oct. 29 (AP)—St. Mary's alert Rattlers, out-scrimmaged and out-passed, played smart football today to come through with a 13-6 upset victory over the College of Mines.

Although the Miners' drives out-distanced the yardage of the visitors, their only score came as a gift after three minutes of play.

In the fourth Brown passed to Youngblood to the Mucker 15, and in two plays Sandie was over. He kicked the point.

Eight Bowling Teams To Open Season Wednesday

Eight teams in the Pampa Bowling Association league will swing into action Wednesday night at the new Pampa bowling alleys opened Thursday by Joe Berry, local sportsman. President Alex Schneider announced yesterday. Team opponents will be named early in the week.

Four teams will take the alleys at 7 o'clock with the other four teams playing immediately following completion of the first series. Second round of play between remaining teams will be Friday night at the same hour.

Eight teams have already turned their rosters over to Secretary Art Swanson. Other managers are asked to do so immediately.

Any person or firm desiring to enter a team in one of the leagues to be formed at the close of a preliminary open playoff may contact Mr. Berry or Mr. Schneider. Bowlers wanting to join some team may list their names with Mr. Berry.

The alleys are proving popular, bowlers being on hand from early in the morning until after midnight.

Mighty Minnesota Falls To Northwestern 6 To 3

By HERBERT W. BARKER
NEW YORK, Oct. 29 (AP)—The greatest October drive in football history today saw Minnesota's Gophers knocked off the unbeaten list but left virtually all other top-ranking teams still in the chase for the mythical national championship.

Nearly a million fans turned out for the two score games that carried the two teams to a fourth-period attack engineered by Northwestern's Wildcats, paced by Bernie Jefferson, Negro back, and dropped a 6-3 decision in a vital Big Ten conference tussle. Fordham, Baylor and George Washington also tasted defeat for the first time.

Trailing Fordham, 7-3, after three periods, Pittsburgh, the nation's No. 1 ranking team, applied the pressure in the fourth and won, 24-13, before a crowd of 77,000. Baylor simply was no match for Texas Christian's Horned Frogs who rolled up an amazing 39-7 count. George Washington likewise was outclassed by Mississippi, 25-0.

Meanwhile Santa Clara, Dartmouth, Notre Dame, Duke, Tennessee and Oklahoma protected unbeaten records.

A crowd of 80,000 packed the Yankee stadium and saw Notre Dame, trailing most of the way, score twice in the fourth quarter for a 19-7 conquest of Army. Santa Clara's margin over Michigan, 7-6, while Dartmouth spilled Yale, 24-6, before 72,000. Tennessee's brilliant backfield rolled over Louisiana State, 14-6, as Oklahoma found Tulsa easy, 28-6.

East Takes Beating
The East took a beating in inter-sectional warfare, for in addition to the losses suffered by Army and George Washington, New York University was crushed 32-0 by Ohio State, now tied with Northwestern for the Big Ten lead, and Catholic dropped a 13-0 decision to St. Louis, Boston College, however, buried Florida, 33-0.

Penn State pulled the prize eastern upset in a 33-6 rout of Syracuse, but otherwise play followed form. Torbie MacDonald scored touchdowns in Harvard's 26-7 rout of Princeton; Cornell packed too much strength for Columbia and won, 23-7. Holy Cross' fleet backs ran up a 21-0 count on Colgate. Penn and Navy fought to a scoreless draw before 70,000.

Michigan and Wisconsin scored Big Ten victories, but Purdue was held to a surprising scoreless deadlock by Iowa. Michigan pushed over Illinois, 14-0, and Wisconsin edged out Indiana, 6-0. Iowa State, the conference leader, maintained its unbeaten, untied status by whipping Marquette, 7-0.

Southeastern conference games saw Alabama run up a 26-6 count on Kentucky; Tulane bury Mississippi State, 27-0, and Vanderbilt turn back Georgia Tech, 13-7.

The Southern conference race probably was definitely decided when Duke's undefeated Blue Devils blanked North Carolina, 14-0.

In the far west, California's Golden Bears remained undefeated and untied in a hard-earned 13-7 victory over Oregon State while Southern California rolled up a 31-7 count on Oregon. U. C. L. A. stopped Stanford, 6-0.

Lumberjacks Win Game
NACOGDOCHES, Oct. 9 (AP)—Displaying a powerful ground game, the Stephen F. Austin Lumberjacks won their first Lone Star conference game today by swamping the Southwest Texas Bobcats, 33-0.

Pampans Go To See 1939 Ford Display

A dozen Pampans left here today for Oklahoma City where they will attend a showing of the complete line of the 1939 Ford V-8, Mercury, Lincoln-Zephyr, and Lincoln cars and trucks, to be held at the municipal auditorium at 11 o'clock this morning.

In addition to the exhibition, the 1939 merchandising program was outlined to Ford dealers and salesmen of the Oklahoma City territory, and a sales school held.

Attending from Pampa will be Tom Rose, Jim Hatfield, R. C. Lackey, H. D. Balthrop, L. H. Sifton, A. C. Hopkins, Guy Richards, H. F. Graham, R. T. Snyder and Frank Catterton, all of Tom Rose Ford, and Joe Mitchell and D. M. Lynch of the Southwestern Investment Co. Snyder and Catterton are members of the Bulldozers, an organization of ace Ford salesmen. There are also 50 members of the Bulldozers in the Oklahoma City zone.

Rites For Philpott

Baby Held Saturday

Funeral services for Virginia Anne Philpott, 10-day-old daughter of Mr. and Mrs. Kent C. Philpott of Miami, who died at 10 p. m. Friday in a local hospital, were conducted at 3 o'clock Saturday afternoon at the Philpott home in Miami. Rev. H. B. Cornelson, pastor of the Baptist church of Miami, officiated. Burial was in the Miami cemetery.

The infant is survived by her parents, brother, Donald Clifford, and grandparents, Mr. and Mrs. J. W. Philpott, all of Miami, and Mrs. W. B. Walker, of Abilene.

Arrangements were by Duemmel-Garnichael Funeral Home of Pampa.

KPDN To Broadcast

'Terry And Pirates'

Tomorrow and continuously every Monday, Tuesday, Wednesday at 4:30 p. m. listeners, young and old, who have long thrived to "Terry and the Pirates" will be given a brand new treat.

An entirely new, exciting series of adventures will start over station KPDN, bringing fresh perils, escapes and triumphs to the familiar characters who personify, to thousands of all ages, the spirit of modern romantic adventure.

Monthly Banquet To Entertain Men

The men of the First Christian church will have their monthly banquet Tuesday night, Nov. 1, at 7 o'clock.

Each man is urged to bring at least one guest as Harvey Redford of Hereford will be the special speaker on the subject, "Unused Resources in the Church."

Mainly About People

Phone Items for this Column to The News Editorial Rooms, at 666.

Dr. Ward Hicks of McLean visited in Pampa Thursday night.

Mrs. Arthur Holland of Wink is visiting with her mother, Mrs. W. C. Mitchell. She attended the football game in Amarillo Saturday.

Mary Margaret and Joseph Gribbon left Friday afternoon for Amarillo to spend the week-end and attend the game.

Mr. and Mrs. Bob Andrus are vacationing in Houston.

Miss Gwendolyn Underwood of Waldron, Kansas, is visiting with her aunt, Mrs. F. E. Hoffman, and Mr. Hoffman.

Mr. and Mrs. Dan Conley have returned from Boston and New York. They returned by boat to Galveston after vacationing a month in the East.

R. T. Romaine of Skellytown, W. E. Brodgin of Pampa, C. C. Butler of LeFors, and J. A. Banks of Pampa are deer hunting in New Mexico.

Miss Dorothea Poole and Floyd Ward left Saturday for a 10-day trip to White Mountains, Mr. and Mrs. C. W. Reed of Silver City, New Mexico, will join the party at Buck Horn.

Miss Lois Hinton of McLean was a Pampa visitor Friday evening.

Mrs. Roy Wilmet of Spearman was a week-end visitor in Pampa.

Mrs. George Rainaud returned Thursday from Atlanta, Georgia, where she visited with her son.

Mr. and Mrs. Dan Williams have returned from a visit in Oklahoma.

Bill Parks has been elected president of the College Club at Texas Tech college at Lubbock. The club is the oldest on the campus and a high scholastic record is necessary for entrance.

The public is invited to visit the chrysanthemum garden of Mrs. Glen Pool this afternoon as the blooms will be cut Monday for the Garden club showing Tuesday evening.

Miss Maxine Wheatley, a student at Texas Tech in Lubbock, visited in Pampa during the week-end.

Miss Flora Deen and Warren Finley were Pampa visitors over the week-end.

Bill Bratton visited with his parents, Mr. and Mrs. W. A. Bratton, Saturday.

Jimmy Hamill, Jack Allison, Jay Plank, and Jay Lee Jarvis were

among the students at West Texas State college at Canyon who attended the football game in Amarillo Saturday and visited in Pampa Sunday.

Rex and Tom Rose, Jr., visited with their parents, Mr. and Mrs. Tom E. Rose, and attended the football game at Amarillo.

Mickey Ledrick from Texas Tech at Lubbock was a week-end visitor in Pampa.

Roy Lee Jones, a student at Southern Methodist university, visited with friends in Pampa over the week-end.

J. G. McConnell spent the week-end with his parents, Mr. and Mrs. Roger McConnell, and attended the football game Saturday.

Mr. and Mrs. Deskin Wells of Wellington are the week-end guests of Dr. and Mrs. Clifton E. High.

Billie Vaughn, who has been visiting in Pampa at the home of Mr. and Mrs. W. H. Vandenburg, has returned to his home in Fria, Tex.

Mr. and Mrs. Clifford Solomon and son of near Frederic, Okla., spent the week-end with their parents, Mr. and Mrs. T. B. Solomon. Mr. Solomon is superintendent of a consolidated school in Tillman county.

Sifer Faulkner, Jr., is a week-end visitor in Dallas. He left Friday night.

Mrs. Gene Fatheree will leave today for Austin where she will visit her parents.

Miss Catherine Pearce, student at Southern Methodist University, spent the week-end visiting at the home of her parents, the Rev. and Mrs. W. M. Pearce, Pampa.

Dr. and Mrs. W. Purviance of Pampa, will leave today for a short stay in Temple, Tex.

Miss Olive Daugherty, student at Texas Technological college in Lubbock, visited with her parents over the week-end.

Mr. and Mrs. D. C. Houk have returned from a visit of two weeks in Indianapolis and Leaburg, Ind., where they visited relatives. Mrs. Houk's mother, Mrs. W. E. Ragdale of Indianapolis, returned with them. Mrs. Thelma Anderson of Clovis, the Houks' daughter, also made the trip to Indiana with their parents.

Mason H. Johnson, ward of Mr. and Mrs. Edgar Johnson, 807 Frost St., who recently enlisted in the United States Marine Corps, has completed his basic training at the Marine Corps Base, San Diego, Calif., and assigned to Sea School for advanced training in the duties of a Marine on board ship. Postmaster C. H. Walker announced here today. Young Johnson formerly attended High School here.

Three marriage licenses were issued Friday afternoon at the office of the county clerk: Henry K. Denard and Elizabeth Graham; C. L. Russell Jr. and Amelia Virginia Null; S. L. Maples and Juanita Vowell.

Mrs. John E. Sergeant, who underwent a major operation October 17 at Worley hospital, was dismissed from the hospital Thursday and taken to her home in the Houk apartments.

J. E. Purvis, 710 East Kingsmill, reported to police yesterday the theft of a grey overcoat and a blanket from a car at the rear of his residence.

A screen at the Magnolia Petroleum company service station, 841 South Cuyler, was found torn off Saturday morning. Pampa police reported last night. Police believe the screen was torn off by an intruder who intended to rob the station, but who was frightened away by the approach of the police car on its rounds Friday night.

Miss Leora Kinard returned last night from Lubbock where her father has been critically ill. She reported he was improving. Miss Kinard was called to his bedside from Detroit while she was on a vacation trip.

Christians To Have Baptizing In River

The First Christian church will hold a baptizing in the river south of LeFors this afternoon. The party will leave the church building at 3 o'clock.

This church will be glad to baptize any one who wishes to be baptized in a running stream at this service. Please notify the minister, John S. Mullen, if you wish to be baptized.

HALLOWE'EN

(Continued from Page one)

grab a bunch of leaves, and pull. Tall and thin, short and fat, the turnip's appearance will give the girl an idea of the size of her husband to be.

Tuesday morning the "Cajun" maid will dress her best for All Saints Day and walk with eyes downcast because she knows the first man she sees will play a big part in her life all year.

Safe, but Not Sound

By RAY THOMPSON AND CHARLES COLL

Market Briefs

NEW YORK, Oct. 29 (AP)—Despite the continuance of generally constructive business news, the stock market today emerged from a rather unsatisfactory week with a drifting decline.

While losses, on the whole, were inconsequential, there were a few weak spots during the day's proceedings. But numerous issues were unchanged and here and there modest plus signs were maintained.

The Associated Press average of 60 stocks was off .2 of a point at 62.4, with the week's movement for the week amounting to .7. The set-back followed five consecutive weekly advances and was attributed, more than anything else, to the fact speculative forces inclined to farther profits because of the lengthy upswing.

The day's turnover of 613,990 shares compared with 1,126,530 last Saturday. Losses of 1 to around 3 points today were suffered by Cerro de Pasco, John-Manville, American Smelting, Allied Chemical, Philip Morris and Santa Fe. Unchanged or off a shade were Consolidated Edison, American Water Works, U. S. Central, Southern Pacific, U. S. Steel, Bethlehem, General Motors, United States Steel, General Electric and Standard Oil of N. J.

Moderately ahead were U. S. Rubber, Youngstown Sheet, Douglas Aircraft, International Harvester, Phelps Dodge, Westinghouse, Dupont and Texas Corp.

NEW ORLEANS COTTON
NEW ORLEANS, Oct. 29 (AP)—Trading in cotton futures was light here today but prices were sustained by spot house buying of nearby deliveries and trade selling. The close was steady, at net advances of 1 to 4 points.

Occasional flurries of hedge selling and liquidation depressed distant months during the short session but buying power reached its peak in late dealings and final prices were at or near the best.

December contracts closed at 8.66-67, Jan. at 8.56-57, March at 8.56-56, May at 8.37-37, July 8.22, October 8.18 and Nov. 7.55 bid. Spot closed steady with middling 2 points higher at 8.77. Sales totaled 2,586 bales.

CHICAGO GRAIN
CHICAGO, Oct. 29 (AP)—Failure of substantial relief to materialize in the United States southwest where the 1939 winter wheat crop is setting its start gave wheat prices here a little lift today.

However, the market remained in its narrow rut of the past few weeks. The pessimistic crop situation in the Southwest was offset to some extent by reports of a rise in temperature in Argentina.

At the close wheat was 1/4 off to 1/2 higher compared with Friday, Dec. 64-65, May 46 1/2-47, corn 1/4-1/2 lower, Dec. 46-47, May 46 1/2-47, oats unchanged to 1/2 down; rye 1/4 up to 1/2 off; hard unchanged to 7 lower.

R. R.

(Continued From Page One)

swell for sooting weiners and marshmallows.

This fireplace reminds you of Dr. Purviance, except that it is not as elaborate. The Shackletons built theirs themselves. The front of it is built almost entirely of varicolored blocks of petrified wood, brought from Alameda. It has a mantel-piece that consists of a single stone. The rocks are set in cement, mixed and poured by the Shackletons. The materials in it cost only \$2.50.

At one side of the fireplace is a huge cotton-wood log that Gene brought in a trailer clear from LeFors. It gives the yard a rustic appearance.

The Shackletons had their neighbors in last night—old-timers who are neither sunny nor unreserved, and the R. R. who has known them for years nominates the farm folks who live east of town as among the swiftest and finest bunch of people in the world.

And boy was there food! A great pile of weiners and the R. R. ate weiners as fast as Austin and John Spearman and Frank Daugherty could roast them. There were piles and cakes—Mrs. J. L. Stroupe brought one of her incomparable apple pies half of which the R. R. immediately made away with.

The fireplace immediately started the reminiscences to going. Will Benton, Joe Lewis, Guy Farrington and Ira Spearman immediately started telling about the fire-places they had in their homes when they were kids. Guy who came from Missouri could tell the tallest tales.

Mrs. Spearman says the depression is a thing of the past and that the recession is over. She described the present economic situation as the "compression."

The very old and the very young

were there. Present were Mr. and Mrs. J. C. Farrington and J. A. Paris, and there was a flock of kids, too.

We Salute Leon
Ever since the R. R. saw the Daugherty children several years ago, he has thought of them as just as fine as they come. Mrs. J. M. Daugherty was there with Frank, Leon, Lois, Vera Ann and Bruce Daugherty. The oldest one of the bunch is Leon, and he has more virtues than Sir Galahad, the way the R. R. sees it.

Dave Turcotte and Donnie Lee Stroupe, the champion old-time dancers were there, and Dave was telling about his son Duane who is a student in A. & M. college. "He'll be back Thanksgiving," said Dave, and his face lit up as he said it, and he looked as if he couldn't wait until that boy gets back.

The R. R. pulled a trick on W. S. Tolbert. He slipped two of Mrs. Charlie Tignor's silver spoons into Tolbert's coat pocket where they were finally discovered.

Games Played

Mr. and Mrs. Roy Tinsley were late, but the R. R. started eating all over again when they arrived. The only entertainer on hand was little Barbara Norris who played the accordion right well. The only program consisted of eating and conversing. After the supper, Mrs. Shackleton put her guests to playing a lot of halloween games.

Charlie Tignor made the coffee—as black as the dickens and stronger. Mrs. W. L. Benton fried the bacon, but the R. R. fastened his food hooks into some fried chicken. "Look at that man eat that fried chicken!" These city guys sure do like fried chicken, said Mrs. Stroupe who has been burnt out on fried chicken for 20 years.

The back-yard was lighted with electricity from a Delco plant.

The complete list of guests: Betty Jean Paris, Billy Joe Paris, Mr. and Mrs. Leo Paris, Mr. and Mrs. Guy Farrington, Mr. and Mrs. Will Benton, Sanny Jean Lard, Mr. and Mrs. J. C. Farrington, J. A. Paris, Dave Turcotte, Mr. and Mrs. W. L. Lard, Rene E. Ratcliff, Pauline Russell, Mr. and Mrs. C. A. Tignor, Mr. and Mrs. Joe Lewis, Mr. and Mrs. John Lawler and daughter Louise, Mr. and Mrs. Ira Spearman and daughter Nina and son,

John, Mr. and Mrs. W. S. Tolbert, Mrs. Stroupe, Donnie Lee Stroupe, Mr. and Mrs. Tinsley, Mrs. Daugherty and children.

GERMANY

(Continued from Page one)

which may eventually be formulated by foreign powers on populations which bring moving evidence of patriotism to France" and "to limit possible negotiations exclusively to a study of a fair redistribution of raw materials."

General Von Epp spoke at the opening of a new colonial school here, the third devoted to furtherance of "the colonial idea."

He made it plain that Germany constantly must spread propaganda among Germans and natives living in the former German colonies so that "their yearning for return to the Fatherland may ever remain unperished with them."

RAIL WAGE

(Continued from Page one)

provement in the business of the carriers.

"In the light of these findings, the board concludes that the proposal of the carriers for a reduction of the wages of railway labor should not be pressed and recommends that the carriers withdraw and cancel the notices which would put such a reduction into operation as of Dec. 1, 1938."

The board is composed of Chief Justice Walter P. Stacy of the North Carolina Supreme Court, who served on similar boards in the Coolidge and Harding administrations; Dean

PERKINS

deportation proceedings against Bridges, a C. I. O. leader, who is a native of Australia, until the Supreme Court decides upon the case of Joseph W. Strecker. That case involves the question of whether an alien may be deported for joining the Communist party.

Dies' letter replied he said, to an invitation from Solicitor General Jackson that the representative participate in presenting the Strecker case to the high court.

The Texas also announced he would make public letters of President Roosevelt and other administration leaders in an effort to show "that they have refused to cooperate" in the committee's investigation of Communism and Fascism.

Dies said he would answer President Roosevelt's criticism of the committee in a radio broadcast Monday night at 10:15 o'clock (Central Standard Time) over the mutual system.

James M. Landis of the Harvard Law School, and Professor Harry A. Mills of the University of Chicago.

After detailing reasons for its findings, the board said it had been impressed "with the necessity that now rests on the government for a complete and thorough-going reconsideration of the relationship of the railroad industry to our national well-being."

Both rail management and labor, the report said, "now have a vital and common concern in the working out of an adequate, national transportation policy."

Luncheon Reveals Approaching Marriage Of Miss Dorothy Harris

Six Pledges Of Beta Sigma Phi Initiated Friday

Highlighting a month of rush entertainment for the pledges of the Upsilon chapter of the Beta Sigma Phi sorority, six new members were initiated at a dinner in the Hotel Schneider Friday night with Mrs. D. C. Hartman, Mrs. W. Postma, and Miss Josephine Lane composing the dinner committee.

A black and gold color theme was carried out in the dinner appointments. The table was centered with an attractive arrangement of yellow roses, the sorority flower, in a black bowl from which black and yellow ribbons led to each plate. Tall black tapers in crystal holders lighted the table at which miniature replicas of the sorority crest were used as place cards with tiny yellow candles in rum drop holders.

Miss Lane presided as toastmaster at the program which included the welcome, the response by Miss Velda Richards, the reading of a poem, "Jeweled Pin," by Mrs. Postma, a reading by Mrs. Charles Vaughn, and the introduction of Mrs. Arthur Teed, sorority sponsor.

Mrs. Fred Thompson, president, administered the vows of membership and presented the pins. The new members are Mrs. Bob Curry, Mrs. R. M. Klinger, Mrs. W. S. Gaskins, Miss Velda Richards, Miss Johnnie Davis, and Miss Burton Tolbert.

Rush month will end with a dance honoring the pledges at the Hotel Schneider on November 4. During the month the young women have been complimented with a series of social entertainments.

The Beta Sigma Phi is a non-academic organization for the cultural and social development of young women. The international society has 700 chapters in the United States, Canada, and Hawaii with a membership of 7,000 girls.

The local chapter was organized January 24, 1936 with LaVena Woolley as director and Mrs. Raymond Harrah and Mrs. C. T. Hunkapillar as sponsors.

Bride-Elect Named Honoree At Recent Event By Hostesses

Mrs. T. S. Skibinski and Mrs. Melvin Whicher were co-hostesses at a shower given recently at the home of Mrs. Skibinski honoring Miss Elizabeth Peters, bride-elect of Henry Nepler of Groom.

Decorating the rooms were fall flowers of chrysanthemums, bachelor buttons, and marigolds.

Games were enjoyed throughout the afternoon and prizes were awarded to Mrs. Ben Rapstine and Miss Lucile Warminski who in turn gave them to the honoree.

After the gifts were opened, refreshments of ice cream, cookies, and coffee were served to Meses. E. Osenbough, John Warminski, Edd Warminski, T. L. Hauduk, Ben Rapstine, Joe Bednorz, John Kotara, Wm. Gordziel, Laddie Kotara of White Deer, S. C. Kalka, Dallas Wyatt of Skellytown, Frank Koelling, and Buiz Urbanczyk of Groom, and Mrs. G. A. Dilla of Farwell, Nebraska. Meses Severin and Helen Regenia and Emma Haiduk, Sylvia and Angelina Urbanczyk, Vera and Frances Kotara, Geraldine and Dorothy Skibinski, and Elizabeth Bednorz of White Deer, and Miss Elizabeth Koelling of Hereford.

Gifts were sent by Mrs. Hazel Kuykendall, Mrs. Lawrence Hermsen of Groom, and Mrs. Tillie Peters of Seattle, Washington.

Five Groups Of Women's Council To Meet Wednesday

The Women's Council of the First Christian church will meet in regular session on Wednesday afternoon. Group one is to meet at 2:30 o'clock in the home of Mrs. Bob Gilchrist, 115 S. Wayne. A meeting of group two will be at 2:30 o'clock in Mrs. C. W. Stowell's home, 217 E. Kingsmill.

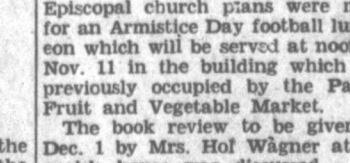

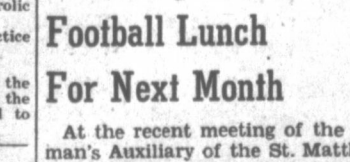

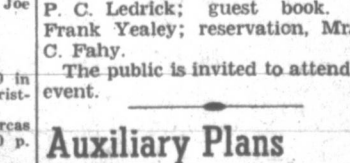

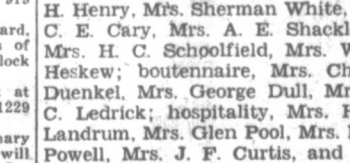

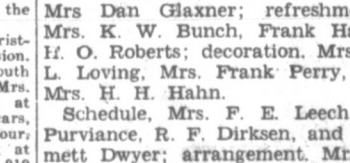

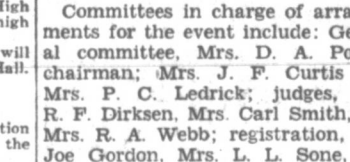

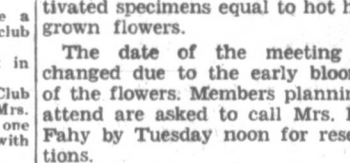

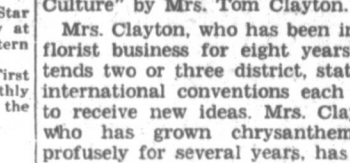

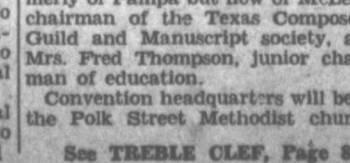

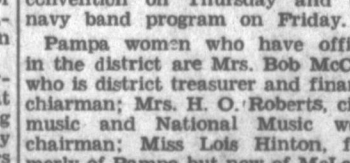

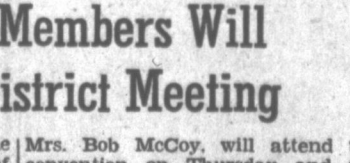

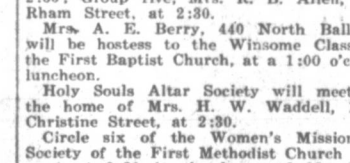

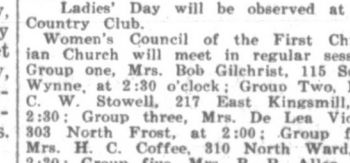

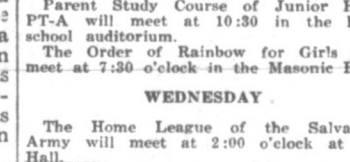

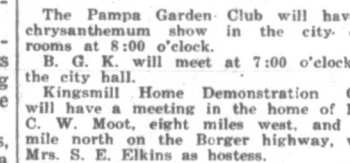

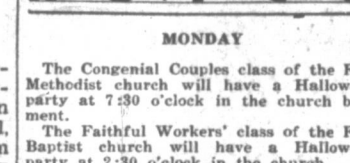

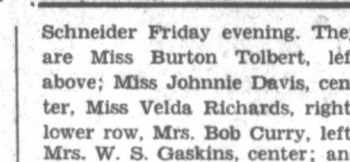

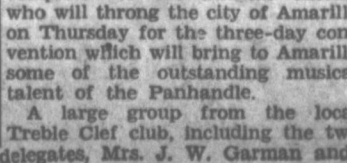

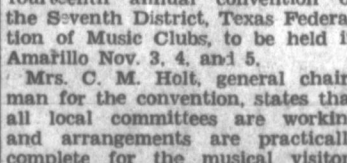

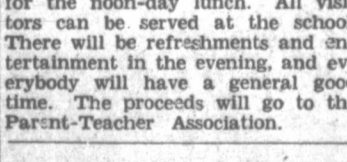

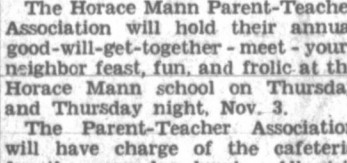

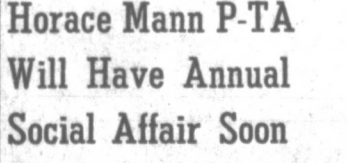

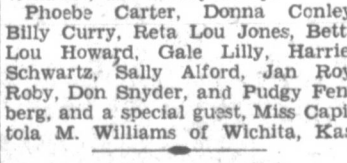

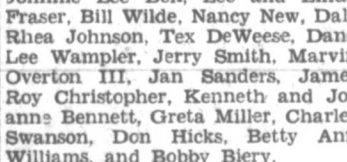

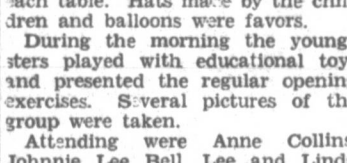

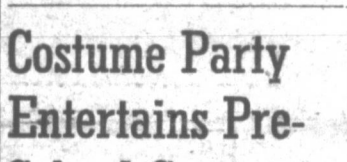

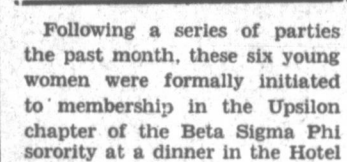

Group three members will meet in the home of Mrs. DeLea Vicens at 2 o'clock at 303 N. Frost. Members of group four will have their session at 2:30 o'clock with Mrs. H. C. Coffey, 310 N. Ward, and group five is to meet in the home of Mrs. R. F. Allen, 919 Rham street, at 2:30 o'clock.

DOW Class Members Have Gala Social

Members of the D. O. W. class of Central Baptist church met at the church Thursday evening and drove to the home of Mr. and Mrs. Raymond Higgins for a Halloween party.

The guests were met at the gate and welcomed by a host. Upon arriving at the house, which was dark, a get-acquainted game was played. After several games, refreshments of sandwiches, pumpkin pie, whipped cream, and cocoa were served to Meses and Meses. Dale Hughey, Jack Hughey, Buck Buzzard, Dan Buzzard, W. H. Dempster, Raymond Higgins, Lee Hampton, Carl Longhorn, Stanley Brandt, Raymond Higgins, Mrs. R. T. Huffines, Fred Baker, and one visitor, Mrs. J. W. Hampton, from Oklahoma.

INITIATED BY BETA SIGMA PHI SORORITY FRIDAY

Miss Graham And Henry Dennard Marry Saturday

Miss Elizabeth Graham, daughter of Mr. and Mrs. P. E. Graham, became the bride of Henry Dennard in an impressive ceremony Saturday morning with the Rev. W. M. Pearce officiating at the service which was held before an improvised altar decorated with garden flowers in the home of the bride's parents.

The bride, who was given in marriage by M. A. Graham, was attractively dressed in a teal brushed wool suit with a corsage of pink rose buds.

Immediately after the ceremony a reception was held for the couple. Decorating the refreshment table which was centered with the wedding cake were arrangements of garden flowers.

The couple left for a short visit to South Texas and upon their return they will be at home in Pampa. Mrs. Dennard chose a brown and rust traveling suit with rust accessories.

Mrs. Dennard, who was graduated from Pampa high school in 1935, was popular in the dramatics club and pep squad. She is now a member of the B. G. K. club and has been employed as long distance operator at the Bell Telephone Company office for some time.

Mr. Dennard, son of Mr. and Mrs. J. N. Dennard of Carthage, attended Lon Morris college for two years and Centenary for one year. He is employed by the Humble Oil Company here.

Guests for the wedding were Mr. and Mrs. G. C. Fowler, Mrs. Roy Wilmoth of Spearman, Mrs. Sara Gull, Miss Gwenn Bellows, Miss Georgia B. Tinnin, Bill Gray, Ben Gull, Mack Graham, and Bud Graham.

Hallowe'en Party Given For Youngsters Of Dancing Class

Kathryn Vincent Steele of the Vincent Studio entertained her pupils from three to eleven years of age with a Hallowe'en party at the studio last week.

Children entertained Wednesday morning at a Hallowe'en costume party were Delores Ann Miller, June Casner, Vivian and Joyce Brakes, Nan Houval, Danate Wampler, Joan Huff, Jerakl Mars, May Jo Hankins and Charles Ray Broyles.

School children attending the party were asked to climb through the window in order to reach the studio which was decorated to resemble a witch's den. The students were received first by two little ushers, Betty Ann Casey, and Delores June Washam, dressed in clever costumes. Next, the children were greeted by a ghost, which, later in the afternoon turned out to be Andy Gerhard.

After Hallowe'en games and contests, Mrs. Steele and Mona Nichols dressed in gold and black costumes, danced a tap dance and Mrs. Steele read a Hallowe'en story. Following the program, refreshments were served to Barbara Radcliff, Jean Cornelius, Billie Thompson, Brent Blonvist, John Robert Lane, DeLores Washam, Betty Ann Casey, Mary Lee Broadbrook, Joyce Harrah, Colleen and Mary Jo Cockrill, Patzy Abernathy, C. A. Huff, Andy Gehard, Joan Clay, Joe Glaxner, Marjorie Lawrence, Dorothea Warren, Sammy and Johnny Haynes, Vernell Bynum, Mary Jo Galimore, and Billie Black.

Mrs. Nichols assisted Mrs. Steele in entertaining the youngsters.

Committees in charge of arrangements for the event include: General committee, Mrs. D. A. Powell, chairman; Mrs. J. F. Curtis and Mrs. P. C. Ledrick; judges, Mrs. R. F. Dirksen, Mrs. Carl Smith, and Mrs. R. A. Webb; registration, Mrs. Joe Gordon, Mrs. L. L. Sone, and Mrs. Dan Glaxner; refreshments, Mrs. K. W. Bunch, Frank Harris, H. O. Roberts; decoration, Mrs. W. L. Loving, Mrs. Frank Perry, and Mrs. H. H. Hahn.

Schedule, Mrs. F. E. Leech, W. Purviance, R. F. Dirksen, Emmett Dwyer; arrangement, Mrs. T. H. Henry, Mrs. Sherman White, Mrs. C. E. Cary, Mrs. A. E. Shackleton, Mrs. H. C. Scholfield, Mrs. W. L. Heskew; boutonniere, Mrs. Charlie Duenkel, Mrs. George Dull, Mrs. P. C. Ledrick; hospitality, Mrs. H. B. Landrum, Mrs. Glen Pool, Mrs. D. A. Powell, Mrs. J. F. Curtis, and Mrs. P. C. Ledrick; guest book, Mrs. Frank Vealey; reservation, Mrs. B. C. Fahy.

The public is invited to attend this event.

Miss St. John And Elmer Eddy Marry At Sayre

Mr. and Mrs. Frank C. St. John have announced the marriage of their daughter, Kathleen, to Elmer Eddy of LeFors. The ceremony was solemnized on October 15, at Sayre, Oklahoma, with the Christian minister officiating.

The couple were accompanied by Mr. and Mrs. Floyd Hines. The bride has been a Pampa high school student for the past three years. The groom attended school in Ohio and is an employee of the Mazda Oil company.

The couple will make their home on the Mazda Lease of LeFors.

Two Pampa Girls Pledge Sorority At WTS College

Gamma Phi held impressive pledge services for eight girls at Cousins hall Tuesday evening in Canyon. Those pledged were Billie Jean Biggers of Sudan, Arlene Burt of Wellington, Ruth McCullen of Amarillo, Dorothy Powell of Clarendon, Mary Elizabeth Seeds of Pampa; Joan Thompson of Clarendon; Mary Walton of Pampa, and Avis Lee Wooten of Perryton. Each pledge was presented with a gold "Phi" pin.

After the formal services, a short business meeting was held. Punch and cookies were served to the pledges, Mrs. Anne Wofford, sponsor, and the following members: Edna Brillheart, Margaret Deal, Gaynelle Douglas, Adelle Hays, Virginia Edmondson, and Ann Palfrey.

POPULAR FALL BRIDE-ELECT

A fall bride-elect is Miss Dorothy Harris, above, daughter of Mr. and Mrs. B. G. Harris, residing west of Pampa. She was graduated from Pampa high school in the class of 1934, four-year member of the band, a drum major, and member of the National Honor Society and the high school dramatics club. She has been employed for the past two years as an assistant to Dr. J. H. Kelley, of Pampa.

Schneider by her mother. The marriage will be solemnized Dec. 17 at high noon in the First Methodist church. Miss Harris is a popular member of Pampa's younger set. Photos by Fletcher

Popular Couple Will Be Married On December 17

The approaching marriage of Miss Dorothy Harris, popular member of Pampa's younger set, was announced at a luncheon given Friday in Hotel Schneider by her mother, Mrs. B. G. Harris, of Pampa.

Miss Harris will be married to Sidney L. Patterson, manager of radio station KPDN, on Dec. 17 at high noon in the Pampa Methodist church. Officiating ministers will be the Rev. W. M. Pearce, pastor of the First Methodist church, and the Rev. C. Gordon Bayless, pastor of the First Baptist church.

At the announcement luncheon the table at which the guests were seated was decorated with the bride's-to-be chosen colors of orchid, pink and white chrysanthemums.

Individual corsages in the chosen colors, with tiny scrolls containing appropriate verse, were presented to the guests who learned of the approaching marriage and the date by placing the scrolls over a lighted candle at each plate.

Guests at the delightful function included Meses. Maurice Clark, Byrle Hamilton, Jess Patton, James Wheeler, J. H. Kelley, Leo Recknagel, Tom Herod, and the Meses Martha Jones, Etha Jones, Eula Johns, Jo Flanagan, Lonna Willis, Jean Barnes, Lillian Rice, Miss Harris, and the hostess, Mrs. Harris.

Miss Harris is the daughter of Mr. and Mrs. B. G. Harris, residing west of Pampa. She was graduated from Pampa high school in the class of 1934, four-year member of the band, a drum major, and member of the National Honor Society and the high school dramatics club. She has been employed for the past two years as an assistant to Dr. J. H. Kelley, of Pampa.

Mr. Patterson, a graduate of the 1934 class at Oklahoma University, is the son of Mr. and Mrs. J. W. Patterson of Norman, Okla. He has been manager of radio station KPDN here since March of 1937. Prior to that time he was a representative of General Food Sales Co. with headquarters in Amarillo. While living in Amarillo Mr. Patterson was a member of the Bachelors' club.

He is a member of the Baptist church, Rotary club, Junior Chamber of Commerce, the Board of City Development and is active in civic affairs.

The word Bible comes from "biblos," the name given by the Greeks to early types of writing paper.

Silhouettes of the Moment....

"classy jeans"

It's to be a very gay season so choose one of the gayer colors... star sapphire... perian blue... caprice... adagio... saddle brown... royal... and black. Sketched are two intriguing styles—dressy enough for teas, luncheons and informal evenings.

PAMPA'S QUALITY DEPARTMENT STORE

TREBLE CLEF

(Continued from Page 7)

Several programs and social affairs will be held in the Federation club rooms at the municipal auditorium. Registrations will begin at 2:30 o'clock on Thursday, Nov. 3, in the club rooms at the municipal auditorium, followed by a rehearsal of the mass chorus at 4 o'clock and the board dinner at 6 o'clock in the Canary Room at the Amarillo hotel. All music club members are invited to the dinner honoring the president and board members.

Fine Arts Program. Mrs. Ray Reed of the Pampa club will play on the Fine Arts program—in which outstanding talent of the district will be presented in a varied program—will be held on Thursday evening instead of Friday because of the conflict with the Navy Band concert. The program will begin at 8 o'clock at the church. The public is invited to attend the program which will be carried in the arts of music and will close with the mass chorus of 100 voices.

Formal opening ceremonies for the convention will be held at 9:30 o'clock on Friday morning, Nov. 4, at the church following registrations at 8:30 o'clock in the Polk Street Methodist church. The business session and reports will feature the morning session with Mrs. George S. Robertson of Childress, president, presiding.

After the lunch at 12:15 o'clock in the dining room of the church, the business session will be continued at 1:30 o'clock in the parlor of the church. Musical numbers will be interspersed during the business session. The public is invited. Rehearsals of the choir festival selections, with Emil F. Meyers, as director, will be held at 4 o'clock. Several outstanding speakers are scheduled to take part on the program.

One of the outstanding social affairs of the convention will be the tea in the Federation Club Rooms at 6 o'clock Friday afternoon.

Fun Frolic Planned. After the Navy Band concert Friday night, the group will hold a fun frolic in the club rooms.

Junior Day will be observed Saturday, Nov. 5. Juniors will register at 8:30 o'clock at the church. The business session at 9:30 o'clock in the church will be followed by a luncheon at 12:30 o'clock in the church dining room and the junior fine arts program at 1:30 o'clock in the club rooms of the municipal auditorium. The public is invited to hear the program the juniors will give. The A. Capella choir of the high school will be included on the junior day program. The junior tea will be held at 4 o'clock in the club rooms.

Approximately 200 senior club members and several hundred juniors are expected to attend the meeting. Clubs and organizations to serve as hostesses for the district are: Harmony club, Philharmonic club, MacDowell club, XI Chapter of Pi Mu.

Christian Women Have Bible Lesson

PANHANDLE, Oct. 28.—Mrs. Courage was hostess to the women of the Christian circle last week, when they met for their Bible lesson.

Mrs. George Milton led the lesson from Luke and Mrs. C. M. Pyron was in charge of the business session which followed the lesson. Refreshments of pumpkin pie with whipped cream and tea were served to Messrs. Ed Little, J. B. Howe, F. A. Rander, J. F. Weatherly, C. M. Pyron,

Bridge Party In Hallowe'en Motif Entertains Group

PANHANDLE, Oct. 28.—Mr. and Mrs. M. G. Weeth entertained members of the Tuesday Bridge club at their farm home Tuesday evening. The entertaining rooms were attractively decorated with fall flowers, carrying out the Hallowe'en colors. The Hallowe'en motif was also used in the table appointments and refreshments.

Mrs. J. S. Harrison won high for ladies, and R. E. Vaughn high for men. Friday Hughes won second high, and W. H. Dickenson low.

A plate lunch was served to Messrs. J. S. Harrington, Bertha Elston, and the hostess.

SMART as a quarterback
RUGGED as a pair of tackles

Triple Test Worsteds

Tailored by
Hart Schaffner & Marx

No sir—you don't have to pamper a Triple Test. Go ahead—get tough with it! Triple Test's made to take day after day of hard wear.

From its husky, all-wool fabric down to its last stitch and button, here's a suit that stands up—and never lets you down. Triple Test is built for service!

It has all the style and smartness in the world, but what the average man wants in a suit of clothes is lasting durability—and believe us Triple Test Worsteds has what it takes to give you the most for your money as far as long wear is concerned.

\$3500

The Great Wear and Luxury Coat

Rarepack

Tailored by
Hart Schaffner & Marx

You'll see plenty of Rarepacks everywhere this fall—for no other coat can go so many places, month after month, and look so well all the time as Rarepack does.

It's America's greatest wear-and-luxury coat because of the scientific blending of the 171,351,936 mohair, guanaco, alpaca and wool hair fibres that go into the making of every single Rarepack.

It's one of America's smartest coats because it's been styled by Robert Surrey and tailored by Hart Schaffner & Marx.

'neath fitted frocks

RADIA SLIPS
by Vanity Fair

2.00

- Adjustable straps.
- Will not split at seams or run.
- Easy to wash—No Ironing Needed.

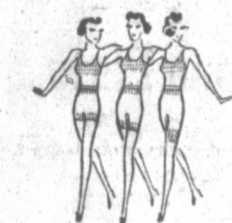

NO SHADOW PANEL OR FRONT SEAMS to brand their presence on the incisive lines of your form-fitting frocks. Only the clean sweep of a smooth, unruled surface—from lattice-trimmed top to hem. Much lighter . . . but still amply protective 'neath the season's darker ensembles. Divinely tailored in sparkling clear RADIA—of rayon.

Two lengths for slenderness fit
Junior League—Woman's Club.

NORMA SHEARER RETURNS TO SCREEN IN "ANTIONETTE"

Plays Leading Role In Story Of Girl-Queen

LA NORA

Friday and Saturday: "Ma-in-Antionette" (Metro-Goldwyn-Mayer). Directed by W. S. Van Dyke II. Based in part on the book by Stefan Zweig. Norma Shearer, Tyrone Power, John Barrymore, Robert Morley. Historical drama which depicts Louis XVI and his queen as appealing, well-meaning, inadequate rulers at the revolutionary crisis of 1,000 years of sin and misery. A best of the month selection of the West Coast Preview committee.

Hallowe'en Prevue, 11:30 p. m.

Monday: "The Gladiator" (Columbia). Directed by Edward Sedgwick. Joe E. Brown, Man Mountain Dean, June Travis, Dickie Moore. From unhappy victim of campus humor to football hero and idol of the college is no trick at all for Hugo Kipp, after a dose of Professor Littlefield's wonder-working formula.

Today, tomorrow, and Tuesday: "Stablemates" (Metro-Goldwyn-Mayer). Directed by Sam Wood. Wallace Beery, Mickey Rooney. Beery as an escaped convict and Rooney as the stable boy and jockey who befriends him. The two join forces and tour the country with a race horse, which Rooney has been given in lieu of salary.

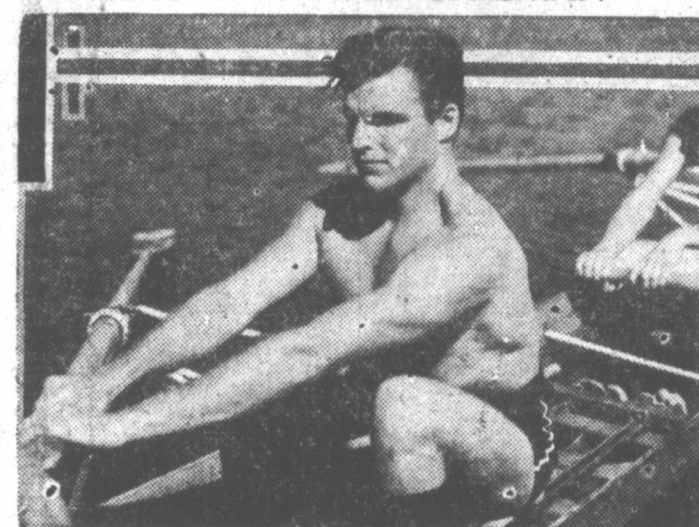

Wednesday and Thursday: "The Citadel" (Metro-Goldwyn-Mayer). A King Vidor production based on the novel by A. J. Cronin. Robert Donat, Rosalind Russell, Ralph Richardson.

THEY'RE PALS IN NEW FILM

Mickey Rooney and Wallace Beery as they are seen in "Stablemates," which opens at the LaNora Theater today for a three day showing. The new picture, played against the dramatic background of a race track, tells the story of a stirring friendship between a once famous veterinary and a stable boy.

MEET BUSTER CRABBE-OARSMAN

Larry "Buster" has the leading male role in Monogram's college musical "Sweetheart of Sigma Chi," showing today, tomorrow, and Tuesday at the Crown.

Rex Harrison, Emyln Williams. Story of a young doctor torn between a world of luxury and the cry of humanity that calls him back to the citadel of his youthful ideals.

REX

Wednesday and Thursday: "Speed to Burn" (20th Century-Fox). Directed by Otto Brower. Michael Whalen, Lynn Bari. A satisfying, unpretentious picture with thrilling sequences of horse-racing.

Today, tomorrow, and Tuesday: "Five of a Kind" (20th Century-Fox). The Dionne quintuplets, Jean Hersholt, Claire Trevor, and Cesar Romero. Directed by Herbert I. Leeds. Story of the world-famous sisters against the background of a modern metropolis, with Cesar Romero and Claire Trevor as ace reporters engaged in a newspaper feud, centering around the quintuplets. Third of the quintuplets 20th Century-Fox feature pictures.

STATE

Today and Monday: "The Adventures of Robin Hood" (Warner Brothers). Directed by Michael Curtiz and William Keighley. Errol Flynn, Olivia De Havilland, Basil Rathbone, Claude Rains. Music by Erich Wolfgang Korngold. A technicolor presentation of history's most beloved rogue—loving, roistering, battling—and his merry men, who come out of Sherwood forest to fight for Richard Coeur de Lion.

Tuesday: "Three Blind Mice" (20th Century-Fox). Directed by William A. Seiter. Loretta Young, Joel McCrea, David Niven, Stuart Erwin, Binnie Barnes. Based on a play by Stephen Powye. Glamorous and lively picture about three sisters who gamble a small legacy on adventure in Santa Barbara and learn that a false front is an unreliable basis for matrimony.

Friday and Saturday: "Caddyshoe"

brin and brawn, as its smashing climax.

That, in brief, describes "Sweetheart of Sigma Chi," Monogram's most recent production.

Although somewhat submerged by the production's entertainment features, the plot is cohesive and holds interest throughout. Briefly it concerns Vivian, flirtatious co-ed, known at Rawley University as "the Sweetheart of Sigma Chi."

Wednesday and Thursday: "The Divorcee of Lady X" (United Artists-London films). Directed by Tim Whelan. Merle Oberon, Laurence Olivier, Binnie Barnes, Ralph Richardson. A clever comedy in which a young girl, caught in a London fog, occupies the hotel room of a young barrister and is mistaken for a much divorced lady in search of adventure. Amusing dialogue, good sophisticated entertainment.

Mrs. Royal Hostess To Merry Stitches Club Last Week

PHILLIPS, Oct. 29 — The Merry Stitches Sewing club met last week for the regular weekly meeting in the home of Mrs. Muriel Royal, at which the afternoon was spent in embroidering tea towels.

Refreshments were served to Mesdames Doris Broughton, Alma Carroll, Opal Pfaff, Angie Glidewell, Mary Lou Youker, Vera Ruth Winans, Katherine Pfaff, Myrtle Lovelace, Ethel Pfaff, Mae Nichols, and the hostess.

The club meets next with a covered dish luncheon in the home of Mrs. Pat Pfaff, with Mrs. Ina Bungenstock as hostess.

Circle One Will Have Fall Party

PHILLIPS, Oct. 29 — Circle one of the Phillips Methodist church held the regular weekly meeting in the church last week and completed the mission book, "The American City and Its Church," which was taught by Mrs. E. J. Reeves.

Circle one will have a Hallowe'en party in the educational building Monday evening, beginning at 7 o'clock. Costumes may or may not be worn and a cordial invitation is extended the public. Refreshments will be sold and the proceeds will be used toward improvement of the church kitchen.

Ladies attending the meeting were Mesdames E. T. Sharp, Ellis Riddle, Harry Hibbs, Arthur Sweeney, Burton Fitzsimmons, J. C. Murland, and Mrs. E. J. Reeves, with two guests from the Borger church.

EISENBERG ARTHUR WEISS DRESSES

Never have you seen anything, anywhere that will compare with the stunning new styles of Eisenberg and Arthur Weiss dresses we are showing this fall.

CAST OF CHARACTERS
MYRNA DOMBEY—heroine, wife of the sensational swing band leader.
ROBERT TAIT—hero, newspaper photographer—detective.
ANNIE LESTER—Myrna's closest friend.
DANNIE FEELY—officer assigned to investigate Ludden Dombey's murder.

Yesterday Detective Feely and Tait met the song writer, Weeks, in the hotel lobby. Feely is certain that he is the murderer.

CHAPTER XXVI

FEELY and Tait walked toward the tall, pale man. He had already spotted them, his eyes burning with an unnatural eagerness.

"Are you Mr. Weeks?" Feely asked.

"Yes..." The man's voice was thick, curiously nervous.

"I'm Elliott Farnsworth. This is Robert Tait, manager of The Swingsters. Perhaps you've heard of him?"

"Oh, indeed."

"Mr. Tait is naturally interested in the song we select as the swing hit. In fact, he's made arrangements with our firm to introduce it at the Golden Bowl."

The man nodded. "As was done with 'The Cat's Meow'."

There was an odd intonation in the remark which sent a chill down Tait's spine. "You—you brought your song with you, Mr. Weeks?"

Weeks tapped the side of his head. "Yes, it is here, with me."

He smiled. "If I could play it for you?"

Tait looked at Feely. "We can go into the Golden Bowl and use the piano in there. You play, Mr. Weeks?"

"Oh, yes, I play. I am not a musician like, let us say, Ludden Dombey, who couldn't read music but could only make weird noises on a clatnet."

"Good... let's go into the Golden Bowl."

AS they went through the lobby and into the empty Golden Bowl, strange and ghost-like now in its quiet, Tait exchanged glances with Feely. The detective looked grim. Plainly he could hardly restrain himself from clapping the unpleasant Weeks into custody.

The man walked to the piano immediately. "I am not a singer," he said. "I will play it for you, and then recite the lyric."

Tait nodded. The man began to play. As his fingers went over the keys, Tait's jaw dropped involuntarily. The tune was bad. It was trite—it would have been trite even if original, but it was not original. It was a jumble of popular songs from the last five

years, so badly disguised as to be not disguised at all. Tait looked at Feely. That individual, who never paid the slightest attention to popular songs, was entranced at Weeks' simple ability to play the piano. As the musician finished, Tait nudged Feely. The latter straightened. "Well... it's very good." He turned to Tait. "After all, Tait, your band has to introduce it. What's your opinion?"

"I think it has possibilities," Tait said. "But of course I want to hear others and make some comparisons."

"You want to hear the words?" said Weeks.

"That's not necessary," Tait said. "Not now, at least. A lyric can always be worked over, if the tune has the slightest suggestion of interest about this very popular song, this 'The Cat's Meow'."

I wrote that! Do you understand?" Weeks' eyes were glittering. "I wrote it! And I can show the agreement Dombey made with me. An agreement which he did not keep. It was a song which made thousands—for Dombey."

And now, Mr. Tait, do you know what is going to happen? You are going to give me a place in your band and let me introduce my new song. You are going to do it because, if you refuse, I will make a public announcement which will ruin your band."

TAIT could have kicked himself senseless. What had he blundered into? What had he done just when it looked as if the band might come out from under its obligations? The recording company had been staved off only temporarily, and if this mad man should blab, then Montgomery of the recording firm would swoop down, too, for Dombey's lapses of contract.

"If what you say is true," Tait said slowly, "naturally want to go the right thing."

"Then I am with your band, beginning tonight!" Weeks asked.

"And I will introduce the song?"

Tait shuddered. The piece Weeks had just played would ruin a second-rate band in the most unsophisticated of tank towns. "I'm afraid we wouldn't have time for rehearsal enough to do it justice. Suppose you played 'The Cat's Meow' instead? The crowd will like that, because we haven't

used it since—since Dombey was killed."

"Very well." The musician drew himself straighter. "That will be enough, for the present." He looked at Farnsworth. "But I think it would be well for Mr. Tait to convince you that my new song is worth \$10,000 advance against royalties."

Feely turned a little pink, and Tait put in quickly, "I'm sure Mr. Farnsworth will give it every consideration." He held out his hand. "I'll see you tonight, then, Mr. Weeks. The band will need no rehearsal for 'The Cat's Meow.' I'll have 'Torchy' Stephens arrange for a piano solo for you on it. I think it'll be a hit."

Gravely Weeks shook hands with Tait and Feely, bowed low, and walked across the afternoon emptiness of the Golden Bowl. The two stood looking after him until he had gone out the wide doors which led to the lobby. Feely took a step forward, and Tait restrained him. "I'll take the job of following him, Dannie. Is that okay with you?"

Feely nodded. "Sure. But don't let him slip. That's our man, Bob. He's done murder and attempted murder—and now he's going to try a little blackmail..."

That wasn't a bad piece he played, though, was it?"

"It was awful, Dannie. And the fact that it's awful has me stumped. The guy that wrote 'The Cat's Meow' couldn't possibly write a song as sour as the one he just played."

"Then you figure this guy is a phony?"

"I don't know," Tait said. "I'll see you later." He hurried out of the Golden Bowl and into the lobby of the Pacific Plaza. He glimpsed Weeks going through one of the swinging doors of a side entrance. Tait rushed after him and then, spotting him among the sidewalk crowd, slowed down.

HE followed Weeks for blocks, grew increasingly astonished to find that the man was leading not for the poorer part of town but for the swankiest apartment hotels. "If he lives in this section," Tait mused, "there's something awfully certain."

Suddenly it occurred to Tait that he was in the block which held Harris Rogers' apartment.

Even as he thought struck him, Weeks turned into the building. Tait waited on the sidewalk until Weeks should have time to take the lift. Then he followed, and went straight to Harris Rogers' door.

(To Be Continued)

Education Week To Be Observed In All Schools

By EUGENE MANN.

American Education Week will be observed the week of Nov. 6 by the schools of America and all organizations connected with them. The general theme for the annual week is "Education for Tomorrow's America" with the following as daily topics:

Sunday, Nov. 6, Achieving the Golden Rule; Monday, Nov. 7, Developing Strong Bodies and Able Minds; Tuesday, Nov. 8, Mastering Skills and Knowledge; Wednesday, Nov. 9, Attaining Values and Standards; Thursday, Nov. 10, Accepting New Civic Responsibilities; Friday, Nov. 11, Holding Fast to Our Ideals of Freedom; Saturday, Nov. 12, Gaining Security for All.

Supt. W. A. McIntosh of order is Eighth District Parent-Teacher chairman of school education. Let American Education Week serve your school and community. Take advantage of this great annual nationwide period for reeducating the profession and the people to the ideals of American education," states Supt. McIntosh.

Every Parent-Teacher unit is urged to make plans and observe American Education Week in an appropriate manner.

Announcement has been made that Cameron Beck of New York City, W. Roy Roy of Washington, D. C., and Mrs. John E. Hayes of Twin Falls, Idaho, will be nationally known figures appearing at the thirtieth annual conference of the Texas Congress of Parents and Teachers. The convention will convene in Lubbock on Nov. 15.

It is the first time in 10 years a state convention has been so close and likely it will be another 10 years before it is as close again. Therefore, all presidents should go, as many superintendents, principals, and teachers as possible, and a large group of parent-teacher members, urges Mrs. C. T. Hunkapillar, Eighth District president.

Mrs. O. R. Owens, Panhandle, district chairman of music, announces the number for Mother Singers to be "Lullaby Moon" by Brown. This number, with another chosen by each group, will be presented at the annual district conference at Borger next spring. Music may be ordered from J. W. Jenkins, Kansas City, Mo. Father Singers will select their own numbers.

"Home Play" was the topic for discussion at the October meeting of the Hunkton unit. Mr. O. A. Schuster, the leader, remarked, "As

9 New Wells Completed In Panhandle Field

Gray Leads In Locations, Completions

Nine new wells were added to the Panhandle oilfield last week, hiving the potential a total of 3,400 barrels. One gas well gauged in excess of twelve million cubic feet.

Staking of new locations took a reasonable slump during the week, only four first intentions to drill being filed with the local office of the Texas Railroad commission. Two of the tests will be drilled by the S. & M. Oil company on its

Worley estate lease in section 24, block 3, I&GN survey, in central Gray county. One test will be in Moore county and the other in Hutchinson county.

Gray county led in completions with four wells given a total open flow potential of 2,811 barrels. The four Hutchinson county wells were gauged at 1,218 barrels. The other well was in Carson county.

Best producers of the week were in Gray county where the S. & M. Oil company's No. 4 Worley in section 24, block 3, I&GN survey, gauged 685 barrels and the Kewanee Oil company's No. 24 Smith-Rest in section 149, block 3, I&GN survey, tested 651 barrels.

Considerable interest has again been turned to the area north of Amarillo where the Sinclair-Prairie Oil company's No. 1 Bush Estate in section 23, block 6, BS&P survey, county, has resumed drilling at 4,030 feet and controlling a bad cave that has held up drilling for some time. The 8,000 foot test, located north of Amarillo is a rank wildcat.

Another wildcat being watched with interest is the Robinson et al No. 1 Nellie Kutean in section 88, block 20, H&TC survey, located two miles south of Hedley in Duncley county, which is setting seven inch casing at 3,650 feet preparatory to drilling to 4,500 feet, contract depth. Residents of the area are optimistic that a producer will be brought in. They point to two other wells brought in on Kutean land, one in wildcat territory in Oklahoma and the other in New Mexico. Several major oil companies have purchased leases near the well.

Completions by counties:

In Gray County

Kewanee Oil co., No. 24 Smith-Rest, section 149, block 3, I&GN survey, gauged 651 barrels with production between 3,170 and 3,258 feet in lime formation.

C. N. Ochiltree No. 3 J. M. Saunders, section 64, block 3, I&GN survey, tested 555 barrels with lime pay from 3,202 to 3,260 feet.

S. & M. Oil co., No. 4 Worley, section 24, block 3, I&GN survey, gauged 685 barrels. Lime formation was between 3,160 and 3,219 feet.

The Texas co., No. 9 A. Chapman, section 69, block 25, H&GN survey, tested 146 barrels with pay from 2,765 to 2,810 feet in lime.

In Hutchinson County

Phillips Petroleum co., No. 6 Gary, section 26, block M-23, TCRB survey, gauged 238 barrels. Pay was from 2,885 to 2,950 feet in lime.

Phillips Petroleum co., No. 19 Perkins, section 18, block 202, H&GN survey, gauged 318 barrels with pay in lime between 2,962 and 3,012 feet. The hole was bottomed at 3,030 feet.

Stanolind Oil & Gas co., No. 12 Baile "B," section 5, block M-21, TCRB survey, tested 337 barrels with lime pay from 2,975 to 3,012 feet.

Stanolind Oil & Gas co., No. 8 Walkins "B," section 10, block M-21, TCRB survey, was given a potential of 325 barrels with pay between 2,795 and 2,855 feet.

In Carson County

Magnolia Petroleum co., No. 46 Fee Land 244, section 108, block 4, I&GN survey, gauged 108 barrels. Pay was from 2,884 to 2,960 feet in lime. The hole was drilled to a total depth of 3,015 feet but plugged back.

Gas well tested:

In Moore County

Texoma Natural Gas co., No. 10-M R. S. Coon, section 106, block 44, H&TC survey, gauged 12,946,000 cubic feet.

Intentions to drill:

Continental Oil co., C. C. Amis No. 1, 2,310 from the north and 1,320 from East of the NE-4 of section 200, block 3-T, T&NO, Moore county.

S. & M. Oil co., P. A. Worley Estate No. 5, 1650' from North and 330' from East of the SE-4 of section 64, block 3, I&GN, Gray county.

S. & M. Oil co., P. A. Worley Estate No. 6, 250' from the North and 330' from the West of the SE-4 of section 64, block 3, I&GN, Gray county.

Gulf Oil Corp., Dial No. 88, 330' from the North and 1840' from West of the W-1795 acres of section 36, block M-23, TCRB, Hutchinson county.

Correction: Texdiana Oil Corp., Harvey Sisters No. 6, 330' from the West and 330' from the North of the NW-4 of section 14, block M-21, TCRB, Hutchinson county—given last week as Stansylvania Oil & Gas Corp.

The average whale has a commercial value of approximately \$1,000. Steel, like rubber, is elastic; steel balls would not bounce otherwise.

"Retreat From Glory" Reviewed By Mrs. Todd

Retreat From Glory, by R. H. Bruce Lockhart, Garden City Publishing Co., Publishers.

By MRS. JAMES TODD, Jr.

Mr. Lockhart, born in England of Scottish parents, said, "There is no drop of English blood in my veins," was sent to Berlin and Paris rather than to Cambridge to finish his education. After that he passed an examination for Consular service and was appointed vice consular in Moscow. He remained there until 1917, when, in temporary disgrace, he was sent home to England only to be made head of the unofficial British mission to Soviet Russia.

"In this book you will see Lockhart as a banking agent with startling financial transactions passing through his hands; and at the close of the book he will be seen as a journalist.

Twelve years ago Lockhart saw a little black haired man dressed cheaply, standing on a soap box haranguing a mixed crowd of some 200 men and women. The crowd changed every few minutes, some jeered, some laughed, some moved on, and some stayed to listen. That man was Hitler.

In the foreign countries the author was a favorite with all the prominent men of the day. He interviewed the ex-Kaiser in his exile at Doorn. Wilhelm's cheerfulness made a lasting impression on him. He found him to be "psychologically one of the most complex and interesting figures that history has ever known."

Lockhart has great admiration for the Czech leaders. It was his privilege to be on intimate terms with six of them, Masaryk, Benes, Svehla, Rasin, Kramar, and M. Tusar. He feels that, "Benes is far better equipped for diplomacy than many of the amateur ministers of Downing Street or the Quai d'Orsay." He found that among the diplomats of Central Europe, Benes to be the most talented, that by his powers of organization and personal talent he gained for his country prestige around the council table of the nations.

From the pages "Retreat From Glory" one meets many outstanding characters who have helped make world history. It is written in a very frank and colorful style, and takes you through a series of events and adventures that are quite amazing, and through experiences that will not be forgotten.

Couple Honored At Surprise Shower By Church Group

PHILLIPS, Oct. 29—After choir practice last week, a group of members of the Phillips Methodist Church gathered in the educational building for a surprise shower honoring Mr. and Mrs. David Wilson.

Popular Halloween games were played, and Mrs. Wilson was invited to serve Witch's soup to the guests upon approaching the huge pot hanging in the fire place in which she found it filled with lovely gifts.

Refreshments were served to Mrs. F. E. Sharp and Renda Jean, Mrs. Johnny Johnson, Mrs. Ellis Riddle, Mr. and Mrs. Ellis Tisdale, Bernice Lindsey, Helen Scott, Mr. and Mrs. Charles Jones, Mr. and Mrs. L. A. Pinkham, Rev. and Mrs. R. J. Reaves, Roy Walby, Miss Jenney Sandy, Mrs. J. H. Hibbs, Mr. and Mrs. F. L. McSpadden, Virginia Lee McSpadden, Mrs. J. C. Alexander, Mrs. T. B. Smock, Mr. J. Sledge, Mrs. Ralph Dobkins, Mrs. Isobel Dobkins, Miss Marguerite Salot.

Sending gifts were Misses Esther Rudolph and Naomi Riddle, Mesdames Hoyt Shepherd, and Arthur Sweeney.

Eastern Star To Have Halloween Party On Monday

Members of the local order of the Eastern Star will have a party at the Legion hut on Monday night, Oct. 31, at 8 o'clock for all Eastern Star members and their husbands. The event will be a costumed Halloween entertainment.

Wright H. D. Club Has Achievement Program Meeting

Wright Home Demonstration club members met with Mrs. M. Johnson, pantry demonstrator, Wednesday for an achievement program.

Mrs. F. P. Boyd opened the program by calling on the chairman of each committee for reports. Mrs. Vernon Northcott gave a report on expansion and told that a total of 18 families have been helped by the club this year. Other reports were by Mrs. Northcott, on reports Mrs. M. Johnson, recreational, Mrs. McGee, wildflowers, Mrs. O. O. Williams, family life book, and Mrs. F. P. Boyd, year books. After F. P. Blankenberg gave a talk on wildflowers she had found in Gray county, Mrs. J. B. Kelly gave her secretary report for the year.

The members then moved to the kitchen where a table was decorated with flowers and a display of tomatoes. Mrs. Disch gave a talk on tomato

juice, and Mrs. Julia E. Kelley, county demonstration agent, talked on the value of tomatoes in the family diet by explaining the different vitamins found in the tomato. The bright color variety is much richer in vitamins than the lighter color tomatoes, she pointed out.

Mrs. Johnson gave a report on her work and cellar in which she stated that she had 360 containers of fruit and vegetables. She gave a talk on her tomatoes and reported also that she had a number of containers of pickles made from gherkins grown in two rows 24 feet long and from them she canned 96 quarts. Members present were Mrs. Robert Vaughn, O. O. Williams, F. P. Boyd, J. B. Kelly, Vernon Northcott, McGee, Robins, Gill, Fuller, Disch, and M. Johnson. Visitors were Mrs. McKay, Casey, O. G. Smith, F. F. Blankenberg, and Mrs. C. F. Bastion, from Kingsmill, and Mrs. Julia E. Kelley.

FORT SCOTT, Kans. (P)—Quite by chance the Porterville rural school changed this year from a co-educational institution to a boys' school. All twelve students that enrolled are males.

Christian Endeavor Has Social Hour Following Lesson

PHILLIPS, Oct. 29—The Christian Endeavor met last week in the home of Miss Evelyn Kline, with the Rev. L. O. Byerly teaching the mission lesson.

After the lesson a social hour was enjoyed and refreshments were served to Naomi Gallentine, Margaret Jane Mays, Lena Mae Carroll, Du-

eron Robertson, Ardith Goffery, Dorothy Pearl Dewey, Francis Dwyer, Richard Byerly, Jodie Lowrance, Virginia Collins, Mabel Hatchler, A. J. Franklin, Gladys Elmer, Daniel Kline, Charles Dewey, Ruth Marie Carroll, Charles Gallantine, Wesley Nance, Harry James, Rev. Byerly, Mrs. Kline and the hostesses.

In Tolworth, England, seashells 20,000,000 years old have been found. Wild skunks are able to do handstands on their forefeet.
