Aransas Gets Deep Project

Bobby M. Burns of Corpus Christi No. 2 Bankers Mortgage Co., proposed 10,000-foot Aransas County Mud Flats Field test four miles south of Bayside, is 990 feet from the south line and 1,130 feet from the west line of a 600-acre lease and Section 49, Sixth Addition to Taft Farm Lands.

Location is 933 feet northeast of the No. 1, gasser, and about 14 miles northeast of the San Patricio County line.

County Chooses First National As Depository

Aransas County Commissioners Court named the First National Bank of Rockport depository of county funds for the next two years, despite the fact that for the first time in history there was another bidder for the deposits and a question arose over the legality of the award.

The First National Bank of Rockport and the First State Bank of Aransas Pass bid the maximum interest rates permitted under the law, but the Aransas Pass bank raised a point of law over the type of check submitted by the First National of Rockport.

Bill Ellis, attorney for the Aransas Pass bank, said that the statute governing county depositories required a certified check, and quoted precedents to this effect that had arisen in the courts.

The Aransas Pass bank had submitted a check certified by the State Bank and Trust Company of Port Lavaca with its bid. The First National Bank of Rockport had submitted a cashier's check.

The tax rate for 1961 was set at 95 cents per \$100 valuation, and bids were opened on the purchase of some office furniture. A roller shelf counter was purchased from the George D. Barnard Company, on their low bid of \$1125, and 2 five drawer map files from the Rockport Pilot, low bidder with a tender of \$380.

City Council Wants New Election Judges

At the regular meeting of the City Council, Lee Lubell requested sewage service to the new tourist court he and his associates are building between Rockport and Fulton, and agreed to stand the costs of a survey by city engineers to determine whether this was feasible.

In other business the council approved a re-plot of the Hooper Sub-division; heard Charles H. Waggoner as he asked for an investigation of Rockport and Fulton gas rates without taking action; and set the date of the city election to be held April 4. The filing deadline is March 4.

The terms of Councilmen V. A. Dully, Jr., and Jack Horton, expire this year.

The ordinance on parallel parking was tabled for further study; the councilmen discussed drainage and police without taking any action; and agreed that each councilman would obtain someone in his precinct to serve as an election judge, for the city election, instead of handling the matter as it had been in the past, when the council usually agreed to use the same officials from year to year.

Woman's Club Holds Spelling Bee

The Woman's Club of Aransas County held its monthly meeting on Tuesday Feb. 14, in the Woman's Club building, Mrs. George Dickey in the chair.

Mrs. A. B. Chernosky, program chairman, introduced Mrs. Howard Galt and Mrs. Margo Anthony as new members. It was announced that the Woman's Club would hold an evening card party on Feb. 24, at 7:30 in the evening.

Mrs. Arthur Bracht, program chairman then introduced Mrs. S. F. Jackson who conducted the program for the afternoon. Mrs. Jackson conducted a "Spelling Bee" with all members participating. Two teams were formed and the "battle" was on. Finalists were Mrs. Arthur Bracht, Mrs. W. E. Dube and Mrs. William R. Wright. All members enjoyed this most novel and entertaining program.

Judge Nicholas Named To Head Scout Drive

San Patricio County Judge William E. Nicholas has been named to head the spring organization drive of the Mustang Boy Scout District on the formation of some 13 new scout units. The drive has been given the name "Together We Organize," and will include representation from all towns in the district.

The first training session will be held at the REA office in Sinton on Tuesday, Feb. 21, 7:30 p.m. and the second meeting on Tuesday, Feb. 28, 7:30 p.m., also at the REA office in Sinton.

Assisting Nicholas in the organizational training will be George Rigotti, District Commissioner and G. A. Mistrot, District Organization and Extension Chairman.

School Board Has Busy Meeting

The Aransas County School Board, at its regular meeting, set the date for the school election on April 1, heard a report from President Dr. H. F. Elliot that the Taton tax suits and others had been postponed until some time in March by the presiding judge.

Dr. Elliot also advised the Board that a second suit had been filed by J. C. Thompson, et al, against the school district. He pointed out that the School District was pay-attorney fees of \$500 to defend a tax suit in which the taxes do not exceed \$300, and drew attention to the fact that most of the taxpayers in the district apparently do not realize that they, in the end, will pay for these extra costs to the district through the additional taxes necessary to defray these expenses.

A copy of a letter from W. B. Barnhill to the Aransas Civic Association, explaining his thinking on this recently-organized association was read and filed for references. (This is the letter that recently appeared in the Pilot—Ed.)

Superintendent J. D. Gray reported that Calallen is the only other District 31A school participating in league baseball this year, and that Aransas County and Calallen high schools will play the best three out of five games for the district championship. Non-district games will be played with Odem, Banquete, and Tivoli, and possibly other schools in the area.

The superintendent said that the Director of Elementary Education had prepared a Guidance Service Handbook for use by grades one through twelve. While there is no formal guidance program, the manual, he said, would have a tendency towards a program, and met new state requirements effective on Sept. 1, 1961.

He reported that it is planned to activate two additional classrooms at Rockport Elementary to take care of the large and growing enrollment in the first three grades. A room in the old high school and a portion of the space now used for text books at Rockport will be used.

At Fulton school, he said, demands for space can only be met by moving the meeting place of the public school music program. He also asked for authorization to do some beautification work at Fulton, and this was given.

ROCKPORT P-TA HOLDS MEETING

The Rockport P-TA held its regular monthly meeting on Wednesday, Feb. 15, in the school auditorium. Mrs. C. E. Nickerson, president, in the chair.

The presentation of the Colors was performed by the Girl Scouts, Troop 85, followed by Rev. Brunley who gave the invocation.

Mrs. Don Henderson, Mrs. Lillian Sorenson and Mrs. C. C. Landgraf were elected to the nominating committee. Mrs. Don Henderson then gave a short history of the Parent-Teacher Association in honor of Founders Day.

Mr. Thomas Dannelly, director of Elementary Education, the speaker for the afternoon was then introduced by the program chairman, Mrs. A. B. Chernosky. Mr. Dannelly spoke on the "Reading Program" and had copies of teaching of the readers used in the classrooms. To illustrate the method of teaching reading skills, Mrs. Louise Snyder had a group of her first grade students on the platform and with the aid of flash cards and blackboard duplicated classroom situation.

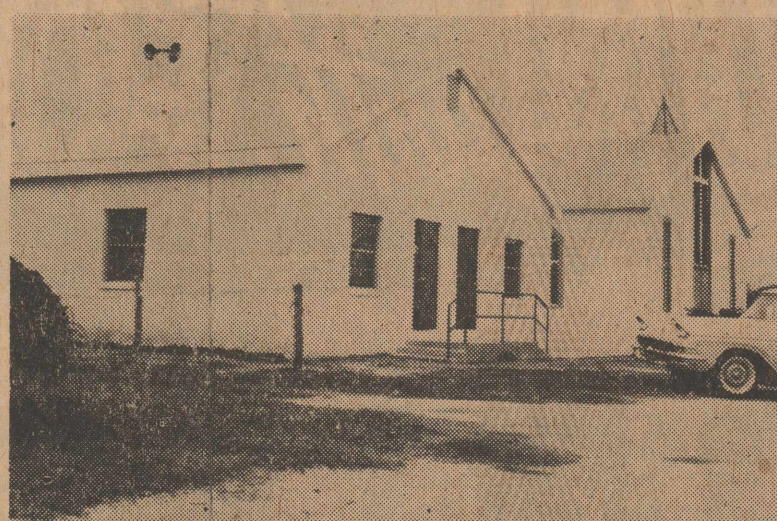

Mr. Dannelly's speech concluded with some very concrete suggestions whereby parents could aid their children in reading. First, and most important, have books available in the home. These need not be expensive, but pocketbooks would serve as well, and magazines suitable to the child's age level. Secondly, parents could set an example for their children by reading themselves and discussing articles and stories in the newspapers. And thirdly, Mr. Dannelly said it was of utmost importance to let your child talk to you, with interruption, so that he in turn can learn to express himself, subject of course to the dictates of good manners. His talk was of great value and greatly enjoyed.

Mrs. Louis Snyder's first grade class won the room count prize.

Mrs. O. A. Carroll, presiding, asked Mrs. C. Wilson Brumley to offer the opening prayer. "God's Love" was the subject of an inspiring devotional presented by Mrs. Bert W. Smith. In the business session which followed the members voted to adopt "Miriam" as a new class name.

A Valentine theme was carried out in the game and refreshments during the social hour. In addition to those mentioned above those attending were Mrs. C. W. Pearson, teacher; Mrs. J. C. Elliot and Rouquette File For Re-election

Incumbents Dr. H. F. Elliot and Frances Rouquette have filed for re-election to the Aransas County Independent School Board, according to an announcement made this morning.

Elliot has been president of the board for a number of years, and Rouquette is one of the members from Fulton.

The election, scheduled for April 1, will be different from those in the past in that there is only one polling place—the administration building at the high school.

This action was taken by the school board in the interests of economy. In the past it has been the custom to have a number of polling places for the convenience of the patrons of the school. However, as a member of the board pointed out, this is not obligatory, as the school district forms only one voting precinct, differing in this from the county and city, both of which have more than one.

Junior Baseball Sponsors Discouraged At Lack of Interest

Sponsors of the Aransas County Junior Baseball Association, one of the most potent factors in keeping youths occupied during the summer with healthful recreation, are becoming discouraged at the lack of response from parents who ought to be interested, Jim Adams said this week.

At the meeting called last week, instead of a large and enthusiastic crowd to help organize next summer's games, Adams said that only six turned out. Yet last summer 185 boys and youths took part in the program. Only one of these had a son old enough to take part in the program, Adams stated.

The next meeting night is Monday, Feb. 20, at the Rockport Elementary School, Adams said, and he urges everyone to turn out and help.

After the meal, Mrs. Earl Hill of Corpus Christi will speak to the group. Also included on the program is Mr. George Merriman, who, accompanied by Mrs. Merriman, will sing several songs for the honorees.

Sections two, three, and four of the seventh grade science classes have been studying the various forms of rocks, how they were formed, and types of weathering and erosion.

To coincide with the studies, the students took a field trip to the Jewel Box on Friday, Feb. 10. Mr. A. J. Reed, owner of the Jewel Box, gave a fascinating talk, explaining and exhibiting examples of igneous, sedimentary, and metamorphic rocks and minerals. He also demonstrated his machine for cutting and polishing rocks for jewelry.

The seventh grade sections will be studying the use of rocks and fossils in the next few weeks.

The eighty-five students and Mrs. Welch wish to thank Mr. and Mrs. Reed for an educational and entertaining trip through the Jewel Box.

KEEP the CAR COMFORT and SAFETY YOU PAID FOR!

...don't neglect FRONT-END ALINEMENT

...because worn out alignment settings can take many miles off the life of your car! Vital steering and front-end parts wear twice as fast with out-of-line wheels. Tire life is shortened as much as 50%. Your car becomes unsafe, uncomfortable. Your car actually "uses up" alignment just as it consumes gas, oil and lubrication. In fact, front-end settings "wear out" —

- 3 times faster than mufflers
- 4 times faster than spark plugs
- 6 times faster than brakes
- 9 times faster than shock absorbers
