DR. ELLIOTT, AUTHOR

Columnist Cites Minister's Book

Another book by Dr. William M. Elliott Jr., son of Mrs. W. M. Elliott of 708 E. Sixth St., is gaining recognition.

The latest publication by the minister of Highland Park Presbyterian Church (Dallas) is only 25 pages.

But it was the focal point of "This, That and the Other," a column feature by Floyd Poe in Dallas News.

Poe emphasized that although the book was small in pages, it is "packed full of facts."

"It is not a sermon," the columnist wrote "but an answer to questions which are being asked these days by forward-looking churchmen. It is not so much controversial as it is factual. The information is first hand and is creditable."

The Dallas News column continued:

"In no denomination has the matter of the National Council of Churches been so seriously and sincerely discussed as in the Presbyterian Church, U. S.

"Dr. Elliott was moderator of that church's highest court, the general assembly, during the time of the most strenuous debate on this project. There were no facts concealed. Every possible action and attitude of the National Council of Churches was brought out in the open.

"The position and creditability of its enemies were evalued; its mistakes were repudiated, but eventually the council was endorsed and the church remains a member. This is so because of men like our own Dr. Elliott who believes that the genus of Christianity is brotherhood.

"While I have no desire nor intention to debate the faults and virtuies of the National Council of Churches, I do want to commend to all the readers of this column the study of Dr. Elliott's little book. Dr. Elliott is on the inside looking out and not on the outside looking in.

"I have read with pleasure and profit everything that was written and I am grateful to him for this, his latest effort. I suppose that if you call his office, a copy of this, his latest effort would be mailed you," the column concluded.

ON HOLIDAY CALENDAR

Jaycees Complete Plans For Water Ski Show

Plans are complete for the Fourth of July water ski show at Lake Colorado City.

Jaycees are sponsoring the holiday event which will feature a professional water ski group from Lubbock.

The Lubbock performers have been highlight attractions at water sports shows in Abilene, Sweetwater, Stamford and other West Texas cities.

They are Jaycees and their wives who organized the show 3 years ago with pupil at colonial wherever performances have been staged.

The ski show will begin at 4:30 p. m. Monday at Lake Colorado City Park and will continue for approximately 2 hours, 30 minutes.

Jaycees will provide cold soft drinks and ice cream at concession stands in the park.

Admission prices for the show will be $1 for adults and 50 cents for children under 12 years of age.

Parking of cars also will be supervised by Jaycees so that vehicles will not be in areas that will obstruct spectator views.

The ski show will include exhibitions in ski jumps, fancy skiing acts, human pyramids and other stunts.

Exhibitions will be staged in full view of the park area.

Performers will operate from the park so they will be convenient to the exhibition waters.

Approximately 20 skiers will participate in the show. Several of these for the last 2 years have won championships in state water skiing contests staged in Austin.

Plans for the holiday show have been developed under the direction of Don Benson, Jaycee president, and Orvis Clark, chairman of the Jaycees ways and means committee.

CONCERNING FREEWAY LINK

July 12 Set as Date for Condemnation Hearings

Condemnation proceedings are being initiated to complete right of way acquisition for the multi-million-dollar Interstate 20 freeway link around Colorado City.

Thirteen condemnation cases are pending, according to Joe Smoot, state highway resident engineer.

Legal papers on four cases have already been received by County Judge Elmer Martin from the State Attorney General's office.

These involve land owned by A. T. Hammond, Dr. Melvin Crymes, H. S. (Dick) Hickman and Bohannan Estate.

First hearings are scheduled for July 12 at which time the Hickman, Bohannon and Hammond cases will be heard.

A three-man panel selected for each hearing from a group of four men will hear, consider and make decisions in the condemnation cases.

The four men have been named by Mitchell County Judge Elmer Martin.

Smoot said Thursday that plans and specifications for the freeway are already complete.

Target date for taking bids for the big construction job is September. However, the letting of bids will depend on whether right of way acquisition and utility adjustments are complete at the freeway site.

That means, if the schedule is met, construction crews will be moving into Colorado City this fall.

The freeway project bypassing the city is the most expensive single link in the county's entire freeway construction.

2 Completions In Mitchell Oil Fields

Two completions have been made in Mitchell County oil fields.

A. L. Holley No. 4 W. L. Foster Estate was reported completed this week pumping 65 barrels of oil from the Iatan, East Howard Field.

A. L. Holley and others, No. 4 W. L. Foster Estate finaled in the Iatan, East Howard Field, for initial pumping potential of 65 barrls of 26 gravity oil per day, with 50 per cent water.

Total depth is 3,132 feet, top of pay is 2,700 feet, the 4½ inch casing goes to 3,030 feet, and perforations are between 2,713-3,020 feet.

Operator acidized with 500 gallons and fraced with 35,000 gallons. It is 1,650 feet from south and 2,324 feet from west lines of section 46-29-in, T&P survey. Elevation is 2,255 feet.

Savings Bonds Sales Reach $110,169

During the first 5 months of this year the citizens of Mitchell County purchased $110,169 in series E & H Savings Bonds.

The total is 40.8 per cent of the county's 1960 goal of $270,000, according to J. C. Pritchett, executive vice president of City National Bank.

Pritchett, chairman for Mitchell County Savings Bonds Committee, said May sales amounted to $6,650.

Percentagewise, the county is fourth ranking in the District 5 of West Texas. Leading the 8-county district are Martin with 76.2 per cent and Andrews with 76.1 per cent of their small goal of $60,000. In the No. 3 spot is Gaines County, with 46 per cent of its $120,000 goal.

Andrews had $13,702 in sales for May for a 5-month total of $45,673. May sales for Gaines was $17,426 for a 5 month total of $55,246, Martin had $17,397 in May for a 5-month total of $30,487.

Ranking behind Colorado City, in third place, were: Dawson with $30,854 of its $110,000 goal (27.7 per cent); Scurry with $12,044 of its $100,000 goal (34.9 per cent); Borden, no sales.

All total the district had May Savings Bonds sales amounting to $135,717 to move ing the 1960 total to $439,— 39.1 per cent of the district's $1,120,000 goal.

FUTURE EXPANSION

Cemetery Water Project Completed

Additional water pipes were added to the Colorado City Cemetery this week — a project which Colorado City people have been greatly interested in for several years.

Plans are for more lines to be laid in the future when needed funds are available.

This week's $1,600 project, designed to increase the water pressure, consists of two lines of 4½ inch pipe approximately 1000 feet in length and running parallel from the main entrance road to the west cemetery road.

Pipe was purchased from Fort Worth Pipe and Supply for $1,200. Additional materials and labor costs brought the cost to approximately $1,600. City crews handled the labor chores to cut down on expenses.

Work on the project began Monday morning and was to have been completed Thursday afternoon, according to City Manager Earl Keaton.

Both lines connect with a 6-inch main line that extends from U. S. Highway 80. Other lines prior to this week's work were some 3/4 inch pipes coming off from the south and a 2 inch main line running north and south.

The new lines have one inch taps at each street intersection in the cemetery to allow future lines to expand when necessary funds are provided.

Connections to the north line will eventually be laid further north into the proposed addition to the present cemetery. This expansion of water lines should be made within one year, according to Keaton.

Directing the laying of the pipe this week were Keaton, J. A. Sadler, water superintendent; and William Greenfield of the Street Department, who handled the dirt work.

Bodzin to Instruct Life Saving Course

Milton Bodzin will teach a life saving course at the Municipal Pool from 3 p. m. until 6 p. m. beginning Friday, July 8, and continuing through July 15.

Bodzin will instruct one hour each day for ages 12 and over. Included in the life saving course will be the breast stroke, side stroke and crawl. The group will be taught to tread water for one minute, float for one minute, swim for 50 feet on their backs, and surface dive in 6 foot water or deeper.

Ages 12-15 was to be classed as juniors and ages 16 and over will be classed as seniors.

The senior group will be required to swim 440 yards and the junior group, 220 yards.

For the life saving course, each person will be required to swim at least two body lengths under water off the side of pool.

Interested persons are to register at the pool giving name, address, telephone number, and age.

Bodzin has an American Red Cross license and ARC Water safety instructor license.

Two Wrecks Occur in City Limits

Two wrecks occurred this week within the city limits.

However, no one was reported to be injured in either accident.

A truck, driven by Fayette Moore of San Angelo, was in collision with a Texas State Highway Department vehicle, driven by Jerry McKay, of 700 East 11th St., Thursday at Cuthbert Heights.

Both vehicles were report-

20 Acres Leveled for Structure

Work has begun at the site of the future Mitchell County livestock show barns —a project which has been studied by County Commissioners for the past couple of years.

Clearing and leveling of all suitable land in the 20-acre tract is in progress at this time, according to County Judge Elmer Martin.

The site, located on the south side of Highway 80 just west of the city limits, was purchased by the county several years ago.

Following the purchase the land was used one year for staging the Mitchell County 4-H Clubs and Future Farmers of America Livestock Show.

A base of caliche, approximately four inches thick, will be spread over the area after the leveling is complete, making the site adaptable for all weather conditions.

Upon completion of land preparation, which is expected in July, the Commissioners Court will authorize building construction.

Commissioners have previously contacted firms which construct fabricated steel buildings, which is probably the type of building that will be erected by the county.

Exact size of the building is not definite either, according to Judge Martin, but is tentatively being planned as a 50 by 120 foot structure, which can be added to at any time.

Thus the building will be adequate for the county fair if expanded.

Initial cost of first unit after completion is expected to be about $15,000, Martin said.

The tract of land also has room for expansion at a later date if the show facilities are made larger.

Commissioners, who have looked at in-town and rural sites for the stock show site have decided on this particular tract because of accessability, suitable for expansion and the fact that there is no outlay of money for land purchase.

Commissioners will meet with building firms following legal authorization of the structure.

Martin Hears Two Cases in County Court

Two juvenile cases were heard by County Judge Elmer Martin this week in County Court.

Two boys were picked up Saturday at 9:37 p. m. by local police at the Wash-o-rama after opening machines and breaking a window.

It was the first arrest for the boys one a local youngster and the other from out-of-town. After appearing before Judge Martin, the out-of-town boy was released to his father. The local boy was released to his aunt and uncle with whom he is residing.

Court decision on the second case is pending, according to Judge Martin.

The 15-year-old boy was arrested Tuesday about midnight as a result of fighting with a 17-year-old youth, who paid a fine in City Court.

The minor has a previous record in Odessa Judge Martin and County Attorney Frank Ginzel are awaiting receipt of the boy's record before setting date for a hearing.

Police Investigate Theft of Stolen Tires

Local police this week are investigating reports of three stolen tires.

Two 760x15 tires were reported missing from Shorty's Junk Yard and a 750x14 tire was reported stolen from Larry Moffatt's car park at the rear of Pennington Furniture Company.

IN ROSWELL CHURCH

Miss Edna LaVonne Broadwell Marries Robert B. Sanders

Vows were exchanged June 18 at 9 a. m. between Miss Edna LaVonne Broadwell and Robert B. Sanders in the First Methodist Church Chapel of Roswell, New Mexico. The double ring ceremony was performed by Dr. Austin H. Dillan.

Music was presented by Mrs. Don E. Henderson at the organ. Soloist was Mrs. A. T. Broadwell Jr.

The bride is the daughter of Mr. and Mrs. A. T. Broadwell, 1904 West Walnut, Roswell. The groom is the son of Mrs. Paul C. Shmiske, 101 South Union, Roswell.

Given in marriage by her father, the bride wore a waltz length dress of white satin. The neckline and skirt were trimmed with chantilly lace and seed pearls. The long tapered sleeves ended in points over the hands. Her tiara was fashioned with an elbow length veil of illusion, and she carried a bouquet of pink and white roses.

Matron of honor, Mrs. Dennis Patterson, sister of the bride, wore a pale green dress of lace over taffeta. It was fashioned with a tight bodice and a bolero top. She carried a nosegay of pink rosebuds.

Best man was Pat Sanders, brother of the groom. Ushers were S/Sgt. Erick Harcrow, Harvey Meek, and Herman Miranda.

The reception immediately following the ceremony was in the church parlor. Music was presented by Mrs. Henderson.

Following a wedding trip to Yellowstone National Park, the couple will be at home at 1201 Nevada, Las Cruces, New Mexico.

The bride is employed as a secretary for Continental Oil Company. She is a 1951 graduate of Colorado City High School and attended Texas Tech for 2 years.

The groom graduated from Roswell High School in 1949 and attended the School of Mines in Butte, Montana, for one year. He was in the Air Force from 1951 through 1955. He is currently employed as a salesman for State Distributing Company in Roswell.

ANNELLE HOLMAN'S

Personally Yours

Stop for a chat on a street corner or listen to a ten minute news cast and you are bound to hear about a variety of things nowadays . . .

They've started investigating the health of top prospects for presidential candidate nominees to be sure they're in condition . . . and doctors claims that both Symington and Nixon have had spells with high blood pressure, Johnson has experienced a heart attack, and Kennedy has had some ailments, too.

Forty-six Communistic countries meet . . . and it seems like there is always disagreement as whether to use war or neutrality with the free world.

Another murder trial has come up, maybe one like the Dr. Finch case which ended in a hung jury last time . . . or pre-holiday traffic has sent the highway fatalities upward.

Congress outlaws rigged television shows . . . take away the rigged ones and the re-runs and the choice isn't too great.

I read an interesting little memo about rigged programs . . . the author seemed to think that TV was getting too honest and bringing out our dishonesty . . . For instance, Grandma doesn't always "just happen" to have snapshots of her grandkids along . . . nor does the high school girl "just happen" along when football practice is over.

Of course, a good word can be thrown in for TV, too . . . a pretty good selection of programs is coming up with summer programs of Peck's Bad Girl, on the Comedy Spot, replacing Red Skelton; Diagnosis Unknown, a crime-drama taking the Garry Moore spot; and Richard Diamond, hard hitting private eye, back for the summer with a new series, starring David Janssen.

We cannot find a presidential candidate who has never had a sore toe or tooth ache or some ailment . . . we won't be able to conquer 46 Communistic countries overnight . . . we aren't going to be able to decide what's just or unjust on all the murder trial juries . . . nor can we make Congressional opinions on dishonesty.

We can start out with a little self appraisal, though. I was in a group recently where the question was asked, "why do we strive to do right and to do our best?" It is to impress the fellow next to us? . . . To get a lap ahead of our business associate? . . . to acquire the I'm-pretty-hot-stuff feeling? . . . to gain social status? . . . sometimes that question is a little hard to answer.

Maybe we have good genuine reasons for our wants, desires, and aims . . . let's hope so.

Circle Meets Monday

"Choose Ye This Day" was the Bible study presented by Mrs. H. B. Graves at the meeting Monday morning of the Virginia Mills Circle of the Oak Street Baptist Church.

The group met in the home of Mrs. O. R. House.

Mrs. H. R. Bell read the prayer calendar and gave the prayer for missionaries.

Refreshments were served to Mmes. Robert Ramage, L. C. Damborsky, Richburg, Bell, Graves, House and two visitors, Mrs. Fowler, and Sylvia Richburg.

WITH ICE BOX PIES

A Kool Kitchen

Ice box pies are an all time favorite with the A. L. Fowler family, but they are especially appreciated during the long hot days of summer. Mrs. Fowler gives these two as their favorites.

Gelatin Cream Pie

Ingredients are: 1 tablespoon unflavored gelatin, ¼ cup cold water, 3 slightly beaten egg youks, 3 stiffly beaten egg whites, 3/4 cup sugar, 1 cup scalded milk, 1 teaspoon vanilla, 1 cup heavy cream (whipped), 1 ounce bittel chocolate, shredded.

Soften gelatin in water. Combine egg yolks, sugar, and salt; slowly add milk. Cook in double boiler until mixture coats spoon. Remove from fire and add softened gelatin. Stir until dissolved. Cool. Add vanilla and fold in egg whites and whipped cream. Pour into two inch baked pie shells. Sprinkle top thickly with grated chocolate. Set in refrigerator until congealed.

Ice Box Pie

Ingredients are: 1 box orange Jello, 1 small can pineapple, 2 eggs, ¼ cup sugar, bananas, and whipped cream.

In a sauce pan, combine Jello, beaten eggs, and sugar. Bring to a boil. Drain pineapple in a cup and add enough hot water to make a cup full. Add pineapple to mixture in sauce pan. Fill a cooked pie crust with bananas and pour filling over it. Cover with whipped cream and put in ice box until cold.

OF METHODIST CHURCH

Local Pair Returns From Conference

Eldon Mahon and Rev. Darris Egger returned Saturday night from San Antonio where the pair attended the South Central Jurisdictional Conference of the Methodist Church.

Mahon was lay delegate from the Northwest Texas Conference and Rev. Egger attended as a guest pastor.

Five bishops were elected from the eight state area during the meeting. They are Dr. Eugene Slater of Polk Street Methodist Church in Amarillo, Dr. Kenneth Pope of First Methodist Church in Houston, Dr. Paul Galloway of Boston Avenue Methodist Church in Tulsa, Okla., Dr. Aubrey G. Walton of the First Methodist Church in Little Rock, Ark., and Dr. Kenneth Copeland of the Travis Parks Methodist Church in San Antonio.

During business sessions, two new administrative Episcopal areas were formed. The areas are San Antonio Northwest Texas Area, which included Colorado City, and Louisiana Area.

Bishop Paul Galloway has been assigned to the San Antonio Northwest Texas Area. He will preside over the Colorado City area and will have San Antonio as his headquarters.

for Want of a Nail

For want of a nail, a shoe was lost;
For want of a shoe, a horse was lost;
For want of a horse, a rider was lost;
For want of a rider, a kingdom was lost.

THROUGH the centuries this bit of philosophy has been used to bring home a fact we've all observed . . . how an insignificant event can lead to more and more important occurrences . . . and eventually to great calamities . . . or to great good.

Trade in Colorado City

. . . so your dollars will work longer for you

The casual purchase of a pair of shoes . . . a garden hose . . . . . an occasional chair . . . a tube of toothpaste . . . multiplied thousands of times . . . is the base upon which the prosperity of every community is erected.

Better-paying jobs, more profitable business, more valuable property . . . better schools, stronger churches, fuller living . . . depend on these thousands of little transactions . . . each important as each brick is important in a great structure, and as the fabled nail was important to all the people of a great kingdom.

One drop of water out of the ocean makes the ocean smaller; every penny of local money that is spent in some other town makes this community smaller and less prosperous . . . and every penny that is spent here at home means a little better living in a little better place to live for all of us who make our homes here.

Work Begins For Cemetery Fence

WESTBROOK — Work has begun on the new fence for the Westbrook Cemetery. The fence is being installed this week by the Westbrook Fence Co. of Big Spring. Fund now stands at $459.37. The Association would like to express it's appreciation for each donation of money for the cattle guards and for the wrk contribution to make the fence possible. Another work day will be designated in the near future. Because of rain on May 30th, people were unable to clean the Cemetery.

WRECKS—

ed to be traveling west at the time of the mishap.

Another accident, which was reported to local police Tuesday at 9:20 a. m., occurred in front of City Hall.

A car, driven by Jim Loveless of Route 2, was in collision with a second car, driven by B. H. Gary Jr. of 1334 Walnut Street.

The cars collided as Loveless backed from a parking position in front of Fullers' Grocery. The Gary car was going east on Third Street.

Loveless, 81, was fined for failure to grant right of way, according to local police.

Patrolman Selma Dickson investigated both accidents.

Long Beach Visitor

Mrs. T. R. Vest arrived Tuesday for a visit with her mother, Mrs. Mary Davis and her sister, Ruth Davis.

Mrs. Vest lives in long Beach, California.

Night Circle Meets With Mrs. Sayger

"Educating Youth in Missions" was the royal service program presented by the Night Circle of the Women's Missionary Union of the Oak Street Baptist Church Tuesday in the home of Mrs. Robert Sayger.

The main idea of the program was the responsibility of members of the Women's Missionary Union, to bring their children up to yield to God's will for their life no matter what that might be. The program was presented by Mmes. Bill Millican, Ralph Harris, Sayger, and Joe Morrow.

Refreshments were served to Mmes. Seyger, L.D. Maines, Morren, Millican, Don Dossey, Bill Pruitt, and Harris.

The next meeting will be July 14 in Ruddick Park for a family picnic.

Mrs. Lynch Hosts

Mrs. Mary Lynch was hostess in her home for the Myrtle Barber Ware Circle of the First Baptist Church Monday morning.

Following the business session, the group participated in a Bible study.

Those present were Mmes. Judge King, M. M. Iglehart, Frank Webber, Mary Lynch, W. A. Love, C. F. Wakefield, and J. O. Dockrey Sr.

The next meeting will be July 11.

In Harkins Home

Visiting in the home of Mr. and Mrs. C. G. Harkins last weekend were their son, Girvin, Harkins and Miss Ann Stone of El Paso.

Girvin Harkins is employed for the summer in Corpus Christi.

IN PONY LEAGUE PLAY

White Sox Hold Second; Athletics Lose Twice

White Sox climbed upward toward first place in Pony League Baseball play this past week when they beat all games they played against the other three Pony League opponents.

Last Thursday night the Sox everpowered the Cardinals with an 11-8 score and went back Friday night to whip the first place Athletics 3-1. Then Monday night they socked the Braves 14-7. The Sox just like 2 games from tying the Athletics for that number one spot.

Topping the action last Thursday night was the game between the fourth place Braves and first place Athletics. The Braves edged the Athletics with a 5-4 score, giving the Athletics their second loss of the season.

Then Friday night the White Sox handed the Athletics their third loss of the year with a 3-1 score. Athletics' centerfielder, Boren, made the only score in the bottom of the first inning.

White Sox started slow and didn't score until the third inning, then Rothwell doubled and breezed across home plate on an error for run number one. Pendergrass and Burton did the honors for the other two runs in the fourth inning and there was not any more scoring in the game.

Cardinals ran over the Braves in the other Friday night game with a score of 17-3. Braves started the scoring in the first inning when Jones and Millsap both reached base on balls. Braves third and last score was by second baseman Kennemur in the seventh inning when he doubled and crossed home plate on a hit by Erwin.

Cardinals waited until the second inning to begin their spree. Eight runs were tallied in the second, 2 in the third, 3 in the fourth, 2 in the fifth and 2 in the sixth inning.

Heading the Cardinals scoring with 4 runs each were Bearden and McGuire. Proctor, Fox and Biggers scored 2 runs each and crossing for 1 run each were C. Taylor, Molina and Gregson.

Monday night games were back to the same old story with White Sox beating the Braves 14-7 and Athletics skinning the Cardinals 8-1.

White Sox stayed ahead the entire game with the Braves. Hamner socked two homers over the fence for the White Sox, one in the second inning and one in the sixth. Other Sox' knocking 'em over the fence Monday night were Hillhouse, Amezcua and Rothwell.

Garrett reached base on an error to give the Braves their first tally. Damborsky with a fielder's choice, and Erwin on an error, reached base for two more scores the first go-around. Damborsky and Mundy with singles, and Erwin with a home run, scored 3 more runs in the fifth inning. Mundy scored the last run in the seventh with a double.

Athletics tried to shut-out the Cardinals Monday night in their game but Cardinals crossed home plate for their only run in the sixth inning when Fox hit a home run.

Athletics' first run came in the top of the second inning. Williams reached base on an error, as did McKay and Boren in the third to tally 2 more runs. In the fifth inning Smith walked, Belvin tripled and Williams doubled for 3 scores and McKay, in the sixth inning, reached base on an error and scored the final run.

Games next week will end Pony League play this season. Dates for all-star playoffs haven't been set as yet. We will have a schedule in the Record as soon as it is reported to us.

OUT IN FRONT BY ONLY 2 GAMES

Indian Lead Cut by Yankees 3-1 Victory

By BONNIE SUMMERS
Record Staff Writer

Little League play tightened up this past week when the Yankees beat the Indians, who have now lost two games, but are still in undisputed first place.

Yankees 3-1 victory over the Indians last Thursday night was as good as it sounds. Both teams were scoreless until Yankees' first baseman, Snowden, singled and centerfielder Maddox walker in the bottom of the third inning. Wayne Parham then singled and Maddox and Snowden crossed home plate to score.

Yankees' third score was in the fifth inning. W. Parham singled again, S. Parham doubled and drove W. Parham across home plate for the run. Score at end of five innings of play was Yankees 3, Indians 0.

Larry Currie walked for the Indians in the top of the sixth inning, stole second and third bases, and crossed home base on another steal for the lone Indian run.

* * *

Pirates, who rose from fifth to fourth place this week, beat the Tigers last Thursday night 9-5. Pirates scored 1 run in the first inning, 3 in the second, 3 in the third and 2 in the fifth for their runs.

Tigers made 2 scores in the second inning and 3 in the fourth for 5 runs.

* * *

Dodgers held onto their third place berth Friday night by slugging the Giants 13-4. Dodgers started slow but warmed up in the fourth and fifth innings for their 13 runs, with 10 of them crossing home base in the fourth.

Giants could only muster 4 runs — 1 in the first inning, 1 in the third and 2 runs in the fourth.

* * *

Indians literally skinned the Tigers Monday night when they beat them 27-2.

Indians scored in all innings from 1 to 8 runs. Bases were loaded in the third inning when Currie socked a homer and drove in 3 runs.

The other Monday night game was a close one. The Yankees edged by 5th place Giants 10-9.

All the scoring was done in the first four innings of play.

Giants had 9 runs off of 4 hits, and Yankees got 10 runs off 8 hits. Winning pitcher was Snowden. Applin was losing pitcher.

First inning ended with the scoring tied 3-3. Giants went ahead 4-3 in the second and the Yankees made 4 runs in the top of the third. Giants again tied the game 7-7 in bottom of the third. Yankees crossed home plate for 3 runs in the fourth and the Giants could only make 2 runs in the fourth for their final tallies.

Pirates handed the Dodgers a loss Tuesday, 6-1.

Dodgers' only run was made in the first inning when Russell singled, and came home on a fielder's choice.

Beezley doubled to start scoring for the Pirates in the first inning. Other scores came home in the third, fifth and sixth innings.

Have Fun, Not Death For Holidays

Imagine, if you can, a deathly still over Highway 80 and nation over the Fourth of July, its streets deserted of motor vehicles, every car behind locked garage doors.

Think of it — no traffic on the streets. No trucks, buses, cars or whatnot clogging the streets and highways during the three-day holiday. No din of honking horns and blaring car radios and screeching tires.

Think of it . . .

No trips to Grandma's house. No weekend outings. No one taking a vacation.

Of course, this is strictly fantasy. We're a motorized nation — a nation on wheels, a nation of people whose life is geared to the motor vehicle. We on Highway 80 know it most of all.

If we were ordered to keep our car in the garage for three days, we'd set up a fuss and holler that would be heard 'round the world. And rightly so!

The National Safety Council and Teas Safety Association have always encouraged people to have fun over the holidays, to take trips, to get outdoors and enjoy life. But they point out, realistically it seems to us, that you can't have fun and enjoy life very well from a wheelchair . . . or a grave! So please be sure to use extra care and courtesy to meet extra danger!

Everyone agrees the auto and all it has brought to this nation are marvelous. But the auto was never intended to be an instrument of death over the Fourth of July holiday or any time of the year. So use it properly and drive courteously.

Tight Jeans Are Full of History, Too

Don't laugh at Sonny-boy because he wants his pants skin-tight. So did George Washington. So did Napoleon and Lord Nelson. And how John L. Sullivan ever knocked out Jake Kilrain without splitting his britches is one of the mysteries of the sports world.

Don't laugh, we warn you, because a psychologist says that the current insistence of youth on slackless slacks is not only wholesome, but significant. It relates to the baseless slander that the rising generation is "soft" — which is disproved daily by increasing participation in sports, notably the more dangerous diversions, such as mountain-climbing, automobile racing, ski-jumping, skin-diving, parachute-jumping and even bull-fighting.

In fact, according to the world's largest pants-manufacturer, which has hired a head-feeler to probe these matters, the yen for that slim-look reflects the young American male's driving urge for glamorous action, adventure and conquest in both work and play.

Dr. Murray Sherman, who received his PhD from Columbia, and who has served as a psychologist on the staff of New York's Bellevue Psychiatric Hospital, recently completed a study for the pants people on what makes a man wear what he does, that presents a number of illuminating discoveries.

For instance, Dr. Sherman found among truck drivers a common urge to wear tuxedos — even "white ties." Businessmen long to wear sports clothes in the office — and some of the less inhibited do so. And steelworkers in large numbers actually do wear sports shirts on the job to relieve the monotony of overalls.

Most significantly, this psychologist reports with respect to males of all ages: "Every man is really two men—the man he is — and the man he wants to be."

Thus, who can question that we should give our utmost in aid and sympathy to the youngsters striving for a gleaming goal in a rough, tough, uncertain world — even to the point of approving those tight pants!

Somebody Will Have to Get Off

WASHINGTON REPORT

Issues Should be Test of Election

Washington this week is going through the motions of winding up the second session of the 86th Congress much like a man whose mind isn't on what he is doing.

Those who make both a living and a profession of politics are talking about legislation but thinking what may happen in Los Angeles and Chicago, at the national political convention within the next 30 days.

One question more than any other keeps running through their minds: Does the country want a "liberal" or a "conservative" President? There is no agreement on what either of the descriptions mean.

Both Democrats and Republicans have the same question, and the same problem: Whether to nominate a man bearing a "liberal" tag, or one billed politically as a "conservative."

Professional politicians in the Republican party have made Vice President Richard Nixon, generally regarded as a conservative, their favorite, but they are not thoroughly convinced the voters will want a conservative Republican in the White House next January.

The same question is causing top Democratic political leaders to ponder whether Sen. John Kennedy, billed as a liberal, is their best choice as a presidential candidate. They must make their choice ahead of the Republicans.

Republicans, just in case they decide a "liberal" would fare best at the polls next November, are keeping New York's Gov. Nelson Rockefeller in mind as a possible nominee. Mr. Rockefeller, evidently, is also thinking along those lines.

With Democrats the problem is just the opposite. If they decide in Los Angeles two weeks from now that the country wants a "conservative" President, they will have Senate Majority Leader Lyndon Johnson ready as their entry in the Presidential Sweepstakes.

Leaders of both political parties customarily pick the man they think has the best chance of winning in November.

There is a feeling here that history may repeat itself. Four years ago, just after the Democratic convention had nominated Adlai Stevenson, we wrote in this column:

"The professional politicians of the New Deal and Fair Deal took a thorough drubbing. Young, enthusiastic and comparatively inexperienced party leaders challenged the party veterans and won."

The democratic party leaders, although preferring a "liberal candidate, may switch instead to Johnson, one of the most able and experienced men in public life, if they become convinced he would have a better chance of winning. We wouldn't be surprised if he is the nominee and that, if nominated, he would conduct a high-level campaign on the issues. This is a year that issues, not personalities, should be debated.

Texas Press Association

Amid the searing, summer weather, Texans are putting new emphasis on getting a statewide water plan.

Though Texas is supposed to be mid-way in a seven-year wet cycle now, unexpected harsh drought settled on parts of South and South Central Texas in late spring and early summer. As one scorching day followed another, crops were stunted and pasturage began to burn.

Though conditions were better elsewhere, the difficulties of the farmers in the areas around the Capital City lent emphasis to Gov. Price Daniel's plea for a "crash program" to develop a water plan. If Texans don't do it, said the governor, the federal government will take over.

Target is to have a complete master plan for development of Texas' water ready by May 1, 1961. To help meet this deadline, the governor asked representatives of the river authorities and districts to file updated master plans for their areas with the Water Board by Nov. 1. He also asked the river authorities to lend engineers and technical personnel to help prepare the state plan.

Meanwhile, farmers, watching their crops and grass burn up in the field, took what comfort they could from the often-repeated statement that "Texas has plenty of water; it's just a matter of distribution."

STEEP GRADES — Looking ahead 10 years at estimated costs of state government, the governor's State Finance Advisory Commission got a dizzying view of spiraling expenses.

Sub-committees of the commission will study the problem of future costs and how to meet them through the summer and make reports to the entire commission Sept. 10. Commission's report and recommendations to the governor are due Oct. 10.

Estimates of their future needs made by major state agencies for the commission indicated a need for spending $29,000,000 more each year to meet growth needs.

Governor Daniel told the commission he hoped they could find ways to scale down the new money needs some and find revenue sources that would grow as population and demands for services increase.

FINANCE STUDY — Making up the Finance Commission sub-committees which will work through the summer to find answers to Texas' worrisome money problems are a group of citizens with more than average experience in public affairs and finances.

The panels and their chairmen, as named by Commission Chairman John Redditt are:

Sources of Additional Revenue: Dr. George C. Hester of Georgetown.

Financing Law Enforcement, Welfare, Hospitals and the Industrial Commission: E. B. Germany of Dallas.

State's Fiscal System and Deficit Problems: Ben H. Wooten of Dallas.

Public Schools: Thomas B. Ramey of Tyler.

Higher Education: Dr. Frank Connally of Waco.

Highways: Herbert C. Petry Jr. of Carrizo Springs.

MORE FROM FUNDS? — Facing a money-short future, a State Senate Committee is studying the possibility of earning higher returns from the investment of state trust funds.

Sen. Hubert Hudson heads the panel which is studying administration and investment of four funds totaling $1,200,000,000. They are the University Permanent Fund, the Permanent School Fund, the Teachers Retirement System Fund and the State Employes Retirement Fund.

Mortgage banks suggested to the panel that the funds could earn a higher return without sacrifice of safety by investing in government-insured home mortgages. Some panel members observed that the funds now invested in federal bonds were not earning as much as was being lost through inflation.

For the past three years some of the University's Permanent Fund has been invested in corporate securities which has increased its earnings over what it had been from government bonds.

Senators also discussed the possibility of saving through a unified organization for administration and couseling on the four funds.

GAS DECISION — State of Texas and the natural gas pipeline companies are waiting for a decision in the first round of a long court fights on the validity of the natural gas severance beneficiary tax.

A total of 108 lawsuits have been filed against the tax by pipeline companies. Their attorneys argue that it, like the old natural gas gathering tax that was knocked down by the courts, is unconstitutional because it constitutes a burden on interstate commerce.

Companies have paid the $6,363,878 in severance taxes under protest. If the law is struck down in the courts, the money will be refunded to the companies.

Atty. Gen. Will Wilson, arguing for the state, declared the law is not unfair to interstate commerce because it treats gas sold outside of Texas and gas sold within the state exactly the same.

WARNING DRIVERS

This year's Fourth of July falls on a Monday, making a longer holiday for fun — and accidents.

Department of Public Safety has predicted 27 traffic deaths in Texas between 11:15 p. m. July 2 and 11:59 p.m. July 4.

Col. Homer Garrison Jr., DPS director, said all available patrolmen, including those from licensing and weights and inspection would be on the road.

SHINNERY PHILOSOPHER

Sitting on Porch Adds to Prestige

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek tackles international affairs this week, and probably comes out the loser.

* * *

Dear editor:

I've got a neighbor out here who's a sorehead. Nothing ever suits him.

Take the matter of President Eosenhower's cancelled trip to Japan. He claimed riding down the main street of a world capital in an open automobile is no way to solve the world's problems, and if he wanted to talk to the Japanese Premier, send a plane over there after him and bring him to Washington, where crowds are friendly and don't sit down in the middle of the street. Or call him up on the telephone and save gas.

This neighbor doesn't understand international affairs. He doesn't understand prestige.

As I understand it, a lot of people throughout the world attach a lot of importance to prestige, and I wish I could get people in this vicinity to thinking the same way.

For example, take me. I'm constantly thinking of my prestige. Many's the time I could have been out on my tractor, going up one row and down another trying to make a crop, but I didn't. I sat on the front porch, working on my prestige. I've got sense enough to know if I was out there in the hot sun, people driving by would say, look at him, out there in this weather, he must be mighty hard up, things must be shaky with his financial standing, must be overdrawn.

Weren't going to catch me risking that sort of reputation. I just set aside my personal considerations and ambitions and stayed in the shade on the porch, so thinking people could say, Now there's a financially secure man.

But what happens? People around here don't take the international view of things, they drive right on by and say, Look at him sitting there, no wonder he has Johnson grass in his crops, no wonder he can't make ends meet.

There's no hope for the world as long as it takes this backward view. I've been working on my prestige for years, but haven't brought very many people around to my way of thinking. It's not my fault, it's theirs. If they don't want to operate on the international level, let em stay provincial.

Yours faithfully,
J. A.

LOCAL BUSINESS

Trotting Shopper Has His 'Reason'

By ROY V. FOX
Record Co-Publisher

A Chamber of Commerce official has estimated that "seekers after greener pastures" carry 10 to 20 per cent of a community's wealth into larger cities — often into other states.

"The sad part of this drainage in the community is that, more often than not, the long-distance shopper spends more than he would at home," he said.

This comment did not refer to extra money spent on travel costs and the value of wasted time. The speaker was talking about the cost of goods purchased.

What is the explanation for the shopping wanderlust which plagues so many communities?

There are several explanations:

Some people just want an excuse to so somewhere.

Some people think it is smart to say that they went shopping in Metropolis or Cosmopolis.

Some just insist on doing things the hard way.

But most of the wandering shoppers are just ordinary hard-pressed consumers who honestly believe the grass is greener over the hill.

The realistic local merchant should try to understand the basis for this latter class of out-of-town shopping. It is a situation in which he shares the blame.

Out-of-town shopping is most often the result of advertising which comes into local community in regional publications.

The local merchant who neglects his advertising should not be surprised when potential customers look to outside firms which do provide essential shopping information.

BIBLE COMMENT

Bible Serves for Happy Times, Too

Helen Keller once said, "Unless we form the habit of going to the Bible in bright moments as well as in trouble, we cannot fully respond to its consolations, because we lack equilibrium between light and darkness."

The chaplain's suggestion that there are no atheists in foxholes could be extended to say that most Christians turn to God in times of serious trouble. That we should bring our cares to a higher authority is natural.

To seek help directly from God is presumptuous, though. What a reliance on the Bible and Christian principles should do for us is to provide a moment's pause from strife — to reorganize our behaviour on lines of true Christian morality.

And if we turn to these principles in time of trouble, why should we not turn to them in time of happiness?

We should remember that the pleasure we feel in seeing a dream come true is only a faint suggestion of the joy that is in store in the kingdom of God.

Only by turning to the Christian thoughts of the Bible during times of happiness as well as sadness can we pull our thoughts and the teaching of Jesus into focus — where they can help us always.

Ten Word INTELLIGRAM

Check the correct words:

1—The House of Representatives is solely responsible for originating all (treaties) (revenue bills).
2—The U.S. Supreme Court consists of (nine) (12) men.
3—Supreme Court justices are nominated by (the president) (the Senate).
4—The present chief justice of the Supreme Court is (Earl Warren) (William O. Douglas).
5—In the present Congress, (Democrats) (Republicans) have a majority of members in the House and Senate.
6—Senate Democratic whip is (Mike Mansfield) (Paul Douglas).

Tiredness Can't Erase Happy Smiles from 6 Boy Campers

Six tired, but happy boys, hose enthusiasm was not mpened by 24 hours of ishing North Texas rain, re- rned to Colorado City Sun- y after a week at Salvation my's Camp Hoblitzelle.

Those enjoying this privi- ge were Donald Ray Ander- n, Donny Lindsey, Johnny ndsey, Cecil Love, Pope inceford and Earl Walraven. For a full week they joined th some 140 other boys 8 to years of age, gathered m the four corners of Tex- in youth activities under ajor Elmer Capp and a ained staff of assistants and unselors.

Beginning at 7 o'clock each rning, the 340 acres of the mp was a bee-hive of activ- embracing just about erything boys like to do. This included swimming in the large, modern pool, fishing and boating on the 13-acre spring fed lake, hiking along the wooded area, of which added attractions included chasing cottontails and armadillos.

Other activities included softball, archery and track sports. Less strenuous, but none the less interesting, were the hours spent in the large recreational hall engaging in such games as ping-pong, roller skating, shuffle board, checkers, dominoes and darts —or maybe a quiet corner to catch up on the comics or to watch TV.

A period each day also was devoted to arts and handcrafts. Inspirational programs were provided daily, including evening vespers just before bedtime.

"Taps" sounded each evening at 9:30 when the boys went to their cabins for some well-earned rest and sleep. Each of the 12 modern cabins housed 12 boys and a trained counselor, who kept in close touch with his particular group throughout the day.

The last evening at camp was climaxed by a general assembly in the beautiful brick and redwood chapel. Awards were given to winners of swimming, diving, track events and outstanding camp sportsmanship. One of Mitchell County boys, Donny Lindsey, received two awards. The closing inspirational service followed the presentation of awards, beginning with congregational singing. 150 boyish voices from all over Texas singing such hymns as "There is Within my Heart a Melody" and "He Lives Within my Heart."

Major Capp talked briefly of the love Jesus had for boys, following which more than 100 boys knelt in a special prayer of conservation and consecration and dedication, and an acceptance of that Love.

Camp Hoblitzelle is owned and operated by the Salvation Army, and a limited number of local boys are privileged to attend each summer because of Mitchell County's support of the army through Mitchell County United Fund.

The flash bulb is bright, but gone in an instant ... the photo flood light may serve brightly for 6 hours, and the house light may work for weeks or months. Light bulbs of all kinds .... have their limitations on wattage and hours to serve ... But the Lord's light is forever. Attend Church Sunday and let God ... *"bring forth thy righteousness as the light."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
