Colorado City Record

"The only newspaper devoted completely to the interests of Colorado City and Mitchell County"

57TH YEAR — NO. 84 | 12 PAGES | COLORADO CITY, TEXAS, THURSDAY, JULY 19, 1962 | $5 Per Year in Mitchell County—10c Per Single Copy

First Fire Loss

A house on Wallace St. in the south side of Colorado City, which burned completely last Friday, was the city's first fire loss of 1962. The home was vacant. Homes nearby were saved from major damage by the fire department, receiving only paint blistering. No one was injured in the blaze. The house was owned by Houston Garnett, of Tuscon, Ariz.

Scattered Heavy Rains Drench Parts Of County

Twister Causes Loraine Damage

Rains up to 4.25 inches in the Mitchell County area this week have helped crop prospects considerably, but a twister in Lordine caused some crop damage.

However, the rains were scattered, and concentrated in the south and southeast sections of the county.

In Loraine Saturday, a twister smashed a small cafe in the northeast of the town, large limb from a tree was hurled through the windshield and two side windows, and crushed the roof, and did an estimated $20,000 worth of damage to property.

Mrs. Julaia Williams, the proprieter, said Wednesday that she heard the wind and rain, and attempted to lock the cafe's door. The wind was too strong, she said, so she ran from the cafe into the adjoining house. "I got to the kitchen and saw the roof and tree limbs going by the window," Mrs. Williams said. The cafe roof was carried 100 feet by the wind.

A Buick automobile belonging to Walter Courtney received heavy damage when a

Previous estimates of damage were in the $15,000 range, but Thursday, Loraine 1st State Bank vice-president Herbert Mearse said damage reports had raised the estimate by about $5,000.

The official Court House rainguage, Colorado City got 1.63 inches of rain this week. Saturday it rained .05, Monday, .72, Tuesday, .52, and Wednesday .34 inches.

Farmers and ranchers in Mitchell County told a story of beneficial, but scattered rains, which caused very little crop damage.

From Renderbrook Ranch, about 25 miles south of Colorado City, Otto Jones said rains there averaged about 1.80 inches, and up to 2.5 in spots. He reported no high winds.

Jesse C. Northcutt, who farms about 12½ miles southwest of town, reported rains up to 1.25 inches, and a total rainfall of 2.35 in two days—Monday and Tuesday. He said "These rains are going to help a lot, especially the grasslands." Northcutt reported no high winds, no crop damage, and no sand blows.

Slow rains totalling 1.4 inches were reported by W. W. Holman, who farms about 15 miles south east of the city. He said the rains were a great help for the area, as it had been very dry.

Herman Minor, who has a dairy farm about 10½ miles northwest of Colorado City, said he had received 3.5 inches of rain this week. He said the rain would help "everything we've got." He reported some hail Monday, but little or no damage to crops. He said some farms in the area had received over 4 inches of rain.

Silver had 2.7 inches of precipitation this week —Monday, Tuesday and Wednesday, re-

See RAIN Pg. 5

Services Held Wednesday For J. F. Latty

John F. Latty, age 61, died about noon Monday at his home in the Carr community in northwest Mitchell County.

Latty, a retired farmer, was born November 16, 1900 in Mitchell County, and had lived here all his life.

He was married to Miss Sudie Jones December 23, 1936 at Westbrook, and was a member of the Bailey Chapel Methodist Church.

Funeral services were Wednesday afternoon at 2 at the Kiker and Son Chapel. Rev. R. O. Browder, Methodist minister at Big Spring, officiated.

Burial was in the Iatan cemetery.

Mr. Latty is survived by his wife and 5 sisters, Mrs. E. C. Airhart of Big Spring, Mrs. Mike Davidson of Ackerley, Mrs. B. F. Ellett of Westbrook, Mrs. J. O. McNew of Snyder, and Mrs. Wyatt Berry, of Garden Grove, California.

Pallbearers were Lynn Halbert, Holly Howell, Louis Rees Ted Jackson, Elmo Daniel, and Emory Sweatt.

SCHOOL REPORT SERIES

Maintenance Of School Property Is Hard Work

By PAT BARRY
Record Staff Writer

(Editor's note: This is the fifth in a series of articles dealing with the Colorado City school system.)

If you've noticed, school buildings are always pretty clean, and in good condition. the grass, if any, is usually mowed, and the school buses always run — mostly on time, which is a minor miracle of a sort.

This is due to the work of two subdivisions of the school system — those employees who maintain the school buildings, and those who keep the busline in operating condition.

This article deals with both these phases of the school administration.

* * *

TRANSPORTATION

During summer, the school buses are given a thorough checking, and any repairs necessary to keep them in good running order are made. This is done by the school bus shop employees.

The need for such a shop is made necessary by the fact that Colorado City school buses, run a total of 175,000 miles in regular runs each year — just taking children to and from school. Approximately 1000 miles are covered each school day by the buses.

There are 14 regular bus runs — 12 for the white school and 2 for the colored (Wallace) school. An average of 700 eligible riders make the trips each day.

In addition, the schools own 4 spare buses, which are brought into service on regular runs when the newer buses are on out-of-town trips — band trips, football trips, etcetera.

The district buys two new buses each year for delivery during the summer. The oldest spares are then put up for sale. By replacing only 2 buses per year, the oldest spare

EAST OF LORAINE SUNDAY

Two-Car Wreck Injures 6 Persons

Six persons were injured in a two-car accident east of Loraine on Interstate 20 at

Apparently, none were seriously injured.

The driver of a 1959 Oldsmobile, Mrs. Dorothy Edelman, Mrs. Mary Altman, and Mrs. Lillie Katz, all of Dallas, were hospitalized in the Root Memorial Hospital here with multiple brusies and cuts. Mrs. Katz also suffered one or more broken ribs, according to her doctor. The physician reported their conditions as satisfactory. They were released from the hospital Monday.

The occupants of the second car, John K. Woods, his wife and three children of Pleasant Hill, California, were taken to the Johnson hospital in Loraine. Attendants said Woods was treated for cuts and bruises and two of the children were given first aid.

Highway Patrolman Buddy Hertenburger, who investigated the accident, said the Woods car was parked on the shoulder of the road when the accident, whch demolished both cars, occurred.

Two one-car accidents were also reported by Hertenburger Sunday.

W. T. Slaughter, of Abilene, lost control of his 1958 Ford 2:10 Sunday afternoon.

pickup and struck a guard rail about 2:30 a. m. one mile east of Colorado City. Slaughter, 60, was not hurt.

A car driven by Morris Biggs, 18, of Odessa hit a guard rail about four miles west of town on Interstate 20.

Biggs, and a passenger, John R. Bloomer, 18, of Odessa, were given emergency treatment in Root Memorial Hospital and released.

32 PER CENT OF COUNTY FARMS

321 County Farms In ASC Program

More than 220 Mitchell County farmers reported completing conservation work under the 1961 Agricultural Conservation Program, according to Orrion J. Linam, chairman of the Agricultural Stabilization and Conservation County Committee.

He said this indicates a total participation in he 1961 ACP of 321 farms, or 32 percent of the county's total of 996 farms. ACP parteipating farms contain 59 percent of the county's farmland.

The average cost-share for conservaton under the 1961 program was $216 per farmer, including increases for small cost-shares and advances made for conservation services, Linam stated.

Linam said the major conservation accomplishments established with cost-share assistance of the 1961 ACP include:

New or improved permanent grass of legume cover — 195 acres.

Increased acreages of grass or legumes in rotations — 534 acres.

Deferred Grazing — 8891 acres.

Livestock water wells — 9 acres.

Stockwater piplines — 3171 liner feet.

Terracing — 1210 acres.

Division terraces to control runoff of water — 8218 liner feet.

Water storage and erosion control dams — 7.

Control of competitive shrubs — 3313 acres.

FOUR ALL-METAL BUILDINGS

Commissioners Approve Agriculture Building Bid

Mitchell County Commissioners approved a bid of $32,897 for 4 new county agriculture buildings Tuesday.

The bid, submitted by McRan, Inc., of San Angelo, was the only one submitted. The firm was low bidder on the present agriculture building near West Hill.

The largest planned building will be an addition to the West Hill building. It will double the present size of the building — 50 feet by 122 feet — to 100 by 122 feet.

The addition will contain a kitchen and restrooms. Floors will be of caliche, except the kitchen, and the restrooms, which will be concreted.

With the addition, the building will have more adequate space for livestock shows, 4-H and FFA presentations, as well as civic affairs.

This addition, as will the other new buildings, will have a steel frame and exterior. The exterior will be of color-impregnated sheet steel.

The second proposed agriculture building will be in Loraine. It will be slightly smaller than the West Hill building, 50 by 80 feet, and will also be used for fairs, shows, and other agriculturally-oriented events.

A still smaller building will be erected at Westbrook. The 40- by 60 foot building will have a one-room facility for justice of peace offices, as well as area for farm events.

The final, and smallest building will be in Precinct 2. This 24 by 32 foot structure will be ideal for civic meetings, elections, Home Demonstration affairs, and community events.

When they are completed, the agricultural buildings will be of benefit in the civic as well as the agricultural areas of Mitchell County interest.

MEALS FOR $1.00

Cafeteria Opening Set For Saturday

The fact that Interstate 20 is going around Colorado City has not, it seems, deterred new business operations here.

A cafeteria-style diner will open here Saturday, according to Mr. and Mrs. A. W. Hall, owners and operators of the establishment.

The Hi-Vu Dineteria is located in the former International Harvester building on East 2nd St.

The cafeteria will have a capacity of about 80 persons, Hall said. It is air-conditioned, with a green and white motif.

The self-service counter is near the entrance, and several long tables occupy the dining area. Two sides of the cafeteria are actually glass walls, giving the room plenty of light.

Mr. and Mrs. Hall, Plainview natives, formerly owned and operated the Linda Dineteria in Denver City, Texas.

The chef, J. B. Russell, was also head cook at the Denver City establishment.

Hall said that Mrs. Margie Luce, of Dexter, New Mexico, will be manager of the place.

The cafeteria will be open from 5 a. m. to 8 p. m. daily. Breakfast will be short-order style. Dinner will begin at 11 a. m. The dinner plate, at $1.00 will include choice of 4 meats, plus all of the salad and vegetables one desires, Hall said.

Saturday morning, from 6 to 11 o'clock, free coffee and donuts will be served as part of the opening day celebration.

Ricka Guitar Attends Speech Shop

Reka Guitar, daughter of Mr and Mrs. Don Guitar, 529 E. 13th St., is among 33 Texas high school students, including winners in state, regional and district University Interscholastic League speech contests participating in a Universiy of Texas Speech Workshop in Austin through Saturday.

The 4-week program, sponsored by the University Speech Department, is concerned with the principles of effective oral communication. Areas of study include debate, extemporaneous speaking, prose reading, poetry interpretation and persuasive speaking, all Inter-

See GUITAR Pg. 5

LOCKETT WINS 5-3

Bad Putting Costs Craig Tournament

Bobby Lockett of San Angelo got his revenge on Colorado City's Bill Graig Sunday.

Lockett defeated Graig 5-3 in the championship finals of Colorado City's 14th annual country club golf tourney.

Graig beat Lockett last year in 21 holes.

Lockt dominated play throughout as Craig's putting game took a sharp nose dive, three and four foot puts coming hard for the local champion.

Lockett was one over par when the match was halted. Craig was five over.

The tourney favorite, Dick Martin of Dallas had a three-up edge on Lockett after nine holes, but Lockett caught up with a string of birdies on the last nine and took he semi final match on No. 17.

Craig disposed of Anson's Hagen Edmonds easily, 4-3, in the semis.

Craig and Lockett were both two under in the morning rounds.

Lockett's good approach shots and Craig's bad putting were the deciding factors in the finals.

On No. 2, Lockett went 1-up as Craig topped his approach shot and took a bogey on the 360-yard, four par hole.

Craig pulled even on No. 3 when Lockett was short of the green with his second shot, and then two putted for a bogey five.

But Lockett had the lead for keeps when Craig, after a nice drive from under a fence, three putted on the green for a bogey, missing one three-foot try.

Lockett's approach shot on the 528-yard, par five 9th hole landed within two feet of the cup, giving him a birdie, and placing him three up on the faltering Craig.

The C-City champion got within two shots on Lockett's penalty stroke, after he moved his ball accidentally on No. 9.

But Craig bogeyed Nos. 10, 11, and 12 while Lockett, steadier, took pars. That put Lockett five up with just six holes left.

They halved No. 13, and Craig won No. 14 with a six-footer while Lockett missed a four foot effort. But Lockett took a birdie on No. 15 as Craig took par.

Storm's Legacy

Two cola bottles somberly survey the wreckage of a small cafe in northeast Loraine after a midday twister hit it. The cinder-block walls were completely destroyed Saturday. No one was injured in the cafe, but the owner, Julia Williams, narrowly missed injury when she left the cafe as the storm arrived. The twister left an estimated $20,000 damage behind after it passed through the little town, but no personal injuries were incurred.

COUNTY RATE IS $1.90

USDA Announces 1962 Grain Sorghum Rates

The U. S. Department of Agriculture has announced the 1962 crop grain sorghum county and terminal support rates.

The Mitchell county rate is $1.90 per hundredweight, Allen W. Workey, county office manager, announced Wednesday.

The national average is $1.93 per hundredweight. These rates are based on the national average support price announced this January.

The national average support for the 1961 crop was also $1.93.

The method followed in determining individual county and terminal rates is the same as that used in setting rates in previous years. While the 1962 national average support price is the same as for 1961, Gulf and California terminal rates were increased 1 cent per hundredweight for 1962 to reflect changes in market price relationships, according to the USDA.

For most producing areas, as in the past, county support rates reflect terminal rates less the freight and handling charges needed to get the grain sorghum to terminal markets.

County and terminal rates are further adjusted by preminums and discounts for grade and quality to determine support prices for individual producers. For 1962, a premium of 1 cent per hundredweight is included for Grade No. 1 grain sorghum and the basic support rate will be for Grade No. 2 only, instead of Grade No. 2 or better, as in the past.

The discount schedule is unchanged except for elimination of the discount for discolored grain sorghum.

Revisions in grain sorghum grade standards which become effective August 1 will be used for the 1962 support operation.

Grain sorghum producers who participate in the 1962 feed grain program will be eligible for price support on their 1962 production.

Under legislation authorizing the program, there will be quantitative limitation on the 1962 production of grain sorghum that can be put under support from eligible farms. The eligible quantity will be equal to the farm's 1959-60 average per acre yield, multiplied by the 1962 grain sorghm acreage, both as determined by the county ASC committee, as in 1961.

Producers who do not participate in the 1962 feed grain program will not be eligible for price support on 1962 grain sorghum production.

Following are 1962 terminal rates per hundredweight for grain sorghum grading No. 2 as compared to the 1961 rates:

Corpus Christi, Galveston, Houston, and Port Arthur, Texas; and New Orleans and Baton Rouge, Louisiana: 1962 — $2.45. 1961 — $2.44.

Price support will be carried out, as in previous years, through farm and warehouse-stored loans and purchase agreements. Support will be available from harvest time through January 31, 1963. Grain sorghum price-support loans mature March 31, 1963.

WESTBROOK NEWS

Local HS Teacher In Old Mexico

BY MRS. ALTIS CLEMMER
Record Correspondent

Charles R. Hutchins, Principal of the Westbrook High School is in Old Mexico this week. He accompanied a group of Science students and professors from Texas Tech where he is attending school this summer. The group left Lubbock Saturday July 14 and plan to be gone 8 days.

* * *

Guests of the A. C. Moody's have been their son Alvin and family. Moody is stationed in Detroit Michigan with the U. S. Air Force.

* * *

Mrs. Rex. McKenney underwent major surgery at Baylor Hospital in Dallas Monday morning July 16.

* * *

Linda and Vickie Sullivan are visiting in Corpus Christi. They returned with their aunt and Uncle Mr. and Mrs. Era Clawson.

* * *

Mrs. Charles Ranne is in Snyder this week with her mother, Mrs. Edna Rabb who is ill.

* * *

Mrs. Andy Hancock and children have returned to their home in Pittsburg, Penn. after a visit with her parents, Mr. and Mrs. Dalton Conaway.

* * *

Guests of the Altis Clemmers Sunday were Mr. and Mrs. Earnest Ferguson of Lubbock and Billy Ferguson of San Diego California. Billy is stationed with the Navy in San Diego and is on a 15-day leave with his parents in Lubbock. They are former residents of Westbrook.

* * *

Jack Wagoner and his mother of Colorado City were guests of the E. A. Odens Sunday.

* * *

125 persons attended the Mitchell-Scurry Workers Conference at the Westbrook Baptist Church Tuesday night July 10.

* * *

Mrs. Lonnie Wilkerson and son are visiting her parents, Mr. and Mrs. J. L. Rees. Mr. and Mrs. Wilkerson have been in Louisana where Wilkerson is serving duty at Fort Polk in the 49th Division of the National Guard. He will be discharged Aug. 6.

Services Held In Little Rock For R. Connell

Richard E. Connell, Jr., aged 42, of 54 Purdue Circle, a retired civil engineer, died Saturday at a North Little Rock Arkansas hospital.

He was born February 25, 1920, at Winnie, Tex. He attended the University of Texas and had been employed by the Army Engineers, the Texas part-time by the CMC Real Estate and Insurance Company at Little Rock. He was a member of the Official Board of St. Luke Methodist Church and was chairman of the Troop Committee of Boy Scout Troop 236.

Survivors include his wife Mrs. Elizabeth Grantland Connell, 2 sons, Richard E. Connell III and James Michael Connell; and a daughter, Laura Ann Connell, all of Little Rock; his father, Rev. Richard E. Connell Sr. of Bald Knob; and 2 brothers, Rev. William P. Connell of Fort Smith and Lt. Col. H. G. Connell of McLean, Va. Funeral was Tuesday at the Griffin Leggett Funeral Chapel in Little Rock.

Laura Grantland and brother J. R. Grantland, of Kermit, have just returned from the funeral. They are the brother and sister-in-law of Connell.

New Pastor To Lead Revival Here

The new pastor of Austin Street Baptist Church is preaching for a revival at the church East Fifth and Austin streets, which began Sunday.

He is Thomas C. Moore, 33, who entered the ministry a year ago after being engaged in the construction contracting business.

The revival services will continue daily at 8 p. m. at the Austin Street church through July 29.

Moore came to Colorado City recently from Odessa, where he was pastor of the Henderson Heights Baptist Church. He studied at Southern Illinois University.

He and Mrs. Moore and their six children are residing in the church parsonage at 421 Cedar.

HOME TOWN

Talk

By PEGGY BELVIN

SAW THE MITCHELL COUNTY CHAPTER of the American Red Cross at work the other day after last week's seige of big winds in Loraine. The association is a highly efficient and well-organized group . . . headed by **JACK WALKER** of Loraine and our own **BONNIE BURT.** Did you know that they were on the scene only 30 minutes after the tornado struck . . .?

* * *

AT A LOCAL AUTOMATIC coin-operated laundry, I've found the latest in vending-machine contraptions. It's a soft-drink vender that dispenses the drink in clear plastic cups. And . . . to insure the coldness of the product, shaved ice is deposited into the cup along with the beverage. No telling what they'll be vending next . . .

* * *

MITCHELL COUNTY COURTHOUSE is looking up these days. The wide expanse of green velvet lawn folds away on either side of a center walk bordered by a bright splash of Zennias in full bloom.

Understand this transformation is due to a large extent to **"MIKE"**, a Mitchell County Jail trustee. Seems that Mike used to be a janitor for a Snyder school. Other duties he performs so well are window-cleaning, floor-sweeping and acting as an all-around helper to the regular courthouse custodian, **O. N. BRADBURY . . .**

* * *

SPEAKING OF ZENNIAS, we hear that **MRS. PINK STOVALL** has grown some lovely large ones this year. Her home at 617 Cypress St. is surrounded with the plants that measure 50 inches in height and the blooms themselves are about the size of coffee cups . . .

THE COLORADO CITY POLICE FORCE is riding pretty fancy these days, what with new patrol cars and all.

The 2 new automobiles are 1962 Ford Galaxie Mainliners, 4-door models in a frosty color of Corinthian White.

These cars are what are knwn to automobile manufacturers as "police packages." They're stocked with all heavy-duty equipment, including heavy-duty brakes, springs, shocks and battery. They have 15-inch wheels, a calibrated speedometer and a spotlight, plus 2-way radio systems.

And under the hood is housed a 220 V-8 motor that gets them where they want to go at speeds necessary for their profession. Instead of the one horse that a policeman used in yesteryears to transport himself upon, nowadays, with just a touch of a key and the flick of a switch, 220 mighty horses are ready to speed to the side of justice . . .

Club Meet Staged At Lake Cabin

The lake cabin belonging to Mr. and Mrs. Pete Warren was the scene Wednesday, July 11, for the meeting of the Dessert Bridge Club, with Mrs. Bob Carver serving as hostess.

A lunch was brought by each member and served buffet style with peach cobbler, nuts and soft drinks.

Guests present were Mmes. Larry Kinard, Earl Keaton and Dick Gregory, Jr.

Members present at the affair were Mmes. Chinn, Frank Derigibus, Art Dibble, R. J. Hoback, Bill Holbert, Jim Edison, Jim Kelley, Toby Preston Ben Sparks and Pete Warren.

Mrs. Hoback and Mrs. Kelley were the winners of games played.

Next meeting will be July 25 in the home of Mrs. John Chinn.

Faith Class Hosts Family Social Meet

Members of the Faith Sunday School Class of First Baptist Church were hostesses last Thursday night for an ice cream social in Ruddick Park

Those attendng the affair were; Mssrs. and Mmes. J. Wells Slater, Linda and J. D.; Charles Arledge, Greg and Cathy; Carroll Gray, George, Jean Ann and their nephew, Mike; Bobby Kimmel; Fred Marberry and Gregg; Joe W. Lane and Flaire; E. A. Spann, Ricky and Canni; Jerry Smith Kerry and Shana and guests, Mrs. Chester Frazier, Donna and Steve.

The next meeting will be held on Thursday night, August 9, in the home of Mrs. Doyle Clark, 908 E. 13th St.

New Local Manager

Bob Ridley, left, manager of the local J. C. Penney Company, welcomes Luke Nichols, who will assume managership of the store July 26, when Ridley will leave for managing duties at the Gainesville store. Ridley has been manager for the local store for the past 4 years. Nichols came to Colorado City from Midland, where he was assistant manager of that store.

4-H Members Schedule Dress Revue

Friday, July 20, is the date set for the annual Mitchell County 4-H dress revue, announced Mrs. Cricket Taylor, county home demonstration agent, this week.

The revue is to be conducted in the new auditorium of the Lone Wolf Electric Building at 8 p. m.

There will be 3 divisions of garment construction; the junior and senior division of 4-H girls and the women's division. The womaen's division will include adult 4-H leaders and non-club women who participated in a clothing workshop conducted by the home demonstration agent.

The purpose of this program is to help the 4-H members to develop skills necessary to plan, select material and construct garments that are becoming; to develop grace, poise good posture and the habits of good grooming.

The Dress Revue is an awards program sponsored by Simplicity Pattern Company. A junior and senior will be chosen to represent Mitchell County at the District Dress Revue to be held in Lubbock on July 31. Twenty counties will be competing for the district awards.

The public is invited to attend.

Church Plans Revival

The members of the Plainview Baptist Church are making plans for the summer revival which will start Sunday, July 22 and continue through July 29.

Services will be conducted at 10 a. m. and 8 p. m. each day. Rev. David Crow of Silver will lead the preaching services. Rev. Caddo Matthews is pastor. Jimmy Bolin of Calvary Baptist Church will lead the song service each evening.

Everyone is invited to attend.

BOWLER of the week

Clinton Northcutt

Bowler of the week is Clinton R. Northcutt.

The 175-average kegler has been at the sport for the past two years.

He belongs to the Classic and Wednesday Doubles leagues. His trophys include two first place team wards, a high series and all events award.

His highest single game score to date is a 267. His high series is a 659 bowled last year.

Northcutt's place of business is the Big Dipper Donut shop.

He has been in Colorado City for 6 months, having moved here from Stamford.

He and his wife Jo have three children — Sherry 12, Ray 9, and Ricky, 5 years old.

Browns Stage Reunion In Texarkana

A reunion for the family of Mrs. Annie Mae Brown was staged in Texarkana July 1-5. Mrs. Brown and the late Mr. Brown were former residents of Mitchell County.

Attending the reunion were: Mrs. Grace de Cordova of Pittsburg, Kansas; Mrs. Holly Howell of Colorado City; S/Sgt. and Mrs. Joe A. Clark and Gwen of Fort Polk, La.; Mrs. Allen Horn, Mr. and Mrs. G. T. Lott and Sherry of Roswell, N. M.

Mr. and Mrs. R. A. Brown, Gary, David, Tommy and Judy of Moringsport, La.; Mr. and Mrs. Paul Short, Maurice and Doris of Texarkana; Mr. and Mrs. R. I. Sattleberg, Larry, Timmy, Carroll and Sandra of Niagara Falls, N. Y.; Mr. and Mrs. Wayne Brown, Darrell and Shirley of Los Alamos, N. M. and Mr. and Mrs. Eugene Brown and Tony of Harlingen.

Judy Bilberry On University Honor Roll

Judith Ann Bilberry, daughter of Mr. and Mrs. H. H. Bilberry, 721 E. 9th St., was among 2,088 students who made the honor roll list for the 1962 spring semester at the University of Oklahoma, announced Dr. George L. Cross, OU president.

To be eligible for the honor roll, each student must have an overall B. grade average in a minimum of 12 credit hours and must not have a "failing" or "incomplete" mark in any course.

Miss Bilberry will be a University junior next year. She is a 1960 graduate of Colorado City High School. She is majoring in elementary education and journalism. She is studying this summer at the University of Hawaii.

Puts a whole new complexion on skin care

All complexions have their imperfections. No skin is flawless. Even the smoothest has its trouble spots. Its oily areas. Its dry spots. Tussy's medicated cosmetic cleanser takes care of everything. Eases out deep down dirt and make-up. Relieves oiliness where skin is too oily. Remembers to moisten wherever skin is dry. Battles harmful bacteria. Counteracts backheads. Soothes. Cools minor skin irritations. Helps a perfect skin stay that way. Helps one that isn't, get that way.

only $1.75 4 oz. (plus tax)

SATURDAY NIGHT IN CANDLELIGHT CEREMONY

Banks, Carpenter Wed In Midland Home Rites

Miss Carolyn Sue Banks of Midland and Dawayne Carpenter, Colorado City, were married in rites read in the home of Carpenter's brother Lyndall Carpenter Saturday night in Midland. The vows were solemnized in a candlelight ceremony.

The bride is the daughter of Mr. and Mrs. J. W. Banks of Midland. The groom is the son of Mr. and Mrs. Orin Carpenter, Route 1, Colorado City.

The bride, given in marriage by her father, wore aa gown of orchid, featuring a gown of white dacron. The gown was styled with a scalloped neckline and featured an overskirt of white nylon net. The veil was a shoulder-length cascade of white net appliqued with white bridal flowers. She wore silver shoes and carried a bridal bouquet of white carnations arranged atop a white Bible edged with white lace.

Matron of honor was Carol Butler of Midland. She wore gown of orchid, featuring a scalloped neckline and short scalloped sleeves. The skirt fell in a full circle from the fitted bodice. She wore silver accessories and a corsage of white carnations.

Best man was Lyndall Carpenter, brother of the groom.

A reception conducted immediately following the wedding. The serving table was clothed with a white lace cover over orchid. The centerpiece was an arrangement of garden flowers in a crystal container. A 3-tiered white wedding cake with orchid roses was served from appointments of crystal and silver.

For a wedding trip to Carlsbad N. M. the bride wore her wedding dress without the net overskirt. She wore a corsage from her bridal bouquet.

The groom has recently been discharged from the U. S. Army. He is employed by F & F Oil Well Service in Midland. The couple will reside at 2201 W. Kentcky St. in Midland.

* * *

Two bridal showers complimented Mrs. Carpenter before her wedding. Mrs. William Ezell hosted one in Colorado City. Mmes. Mickey Cooper and Billy Compton were co-hostesses.

The home of Mrs. Linda Little in Midland was the scene of another bridal shower. Mrs. Linda Cockle was co-hostess.

Butler Named Chairman For Cox Drive

Don Butler of Colorado City has accepted the Mitchell County campaign chairmanship for Jack Cox, Republican gubernatorial candidate.

Announcement of his appointment was made by Hal Sayles of Abilene, campaign chairman for the 24th Senatorial District.

Butler, who came to Colorado City this January from Waco, where he was assistant district attorney, is in partnership with Charles Thompson, a local attorney.

Butler, with his wife and two children, lives at 1424 Dallas St.

Cox, a Brackenridge drilling contractor won the Republican nomination for the governorship in the May primary. He faces Democrat John Connally in the November general election.

He served in the Texas legislature, being elected three times, 1946, 1948, and 1960, and served a six-year term on the Texas Commission on Higher Education.

Cox pulled over 600,000 votes for governor in 1960, in his first statewide bid for public office. In 1961 he split with the Democratic Party, and joined the Republican Party.

Mrs. Robert Wood and baby returned to their home in Abilene Sunday after a visit with her parents, Mr. and Mrs. B. D. Taylor.

W. A. Lindsey Is Honored On Birthday

W. A. Lindsey, Sr. was honored Sunday with a birthday dinner hosted by his children. The dinner was in observance of Lindsey's 80th birthday, July 10.

The dinner was held in the home of Mr. and Mrs. H. C. Lindsey.

Those present were: Mr. and Mrs. Charlie Lindsey and son, Claude, Mr. and Mrs. Buddy Lindsey, Mr. and Mrs. H. C. Lindsey and daughters, Kay and Jan, all of Colorado City. Mr. and Mrs. Roy Bassham and Donna of Midland, Mrs. Pat Hall of Brownfield, Mrs. Ann Williams and son, Scott of Abilene and Dorothy Lindsey of Amarillo.

Mrs. Lena Baumann and children, Allen and Ann, of Loraine, Mr. and Mrs. Lester Durham of Stanton, Mr. and Mrs. Glen Durham, Pam, Patricia and Mark of Midland and Rev. Fred Smith of Payne Baptist Church.

RAIN—

Continued from page 1

ported J. L. Harder of the Sun Oil Producton Department there. The rain was spotty, he said.

In the northwest corner of the county, up to 1.5 inches were reported by L. A. Browne, a farmer 18½ miles northwest of the city.

He said "I've never enjoyed a rain more. It changes the outlook by 100 percent. It was a real good, soaking rain."

He said there was no crop damage.

In an area closer to Colorado City, W. M. Turner, of Looney Community, reported 1.5 inches in a series of showers.

He said "We'll have a good season, but nothing to compare with last year. We'll need a late frost and a favorable September — there is too much cotton which is late in developing," due to adverse weather this season.

Turner also reported some hail, and moderate crop damage to small cotton.

C. S. (Bunky) Girvin, who farms southeast of Colorado City, reported nearly 2 inches this week — .5 Monday, .7 Tuesday, and .7 Wednesday.

"It'll help, but we could use a lot more — it has been very dry here," he stated.

One of the dryest sections of Mitchell County has been the Payne Community area. Charles Turner, of Payne, said Thursday that up to 3 inches had been reported there. In Payne, it rained .5 Saturday, 1 inch Monday, and 1.5 inches Tuesday, he said.

"The rains were worth a whole lot to us. We hadn't had any moisture since we planted, until now," he said.

City National Bank Vice-President Gus D. Chesney said Thursday that rains up to 2.25 inches had fallen in the Lake Colorado City vicinity Monday and Tuesday. He said the rains had especially helped stockwater reserves.

"This particular rain was a big help, but it was scattered, and some areas got none at all," he reported.

44 PER CENT OF RETURNS

USDA Declares Wool Payments

The U. S. Department of Agriculture has announced that shorn wool payments for the 1961 marketing year will amount to 44.5 percent of the dollar returns each producer received from the sale of shorn wool during the year.

This will result in an incentive payment to producers of $44.50 for every $100 received from the sale of shorn wool during the seventh year of the program. This compares to a payment of $47.60 per $100 of marketings for the 1960 marketing year.

The USDA also announced a payment rate of 76 cents per hundred weight on unshorn lambs to compensate for the wool on them. This payment on sales of live lambs that have never been shorn is based on the shorn wool payment and is designed to discourage unusual shearng of lambs before marketing.

ments soon after July 1. Payments will be made on shorn wool and unshorn lambs marketed from April 1, 1961, through March 31, 1962.

The wool incentive act directs the Secretary of Agriculture to support the price of shorn wool at an incentive necessary to encourage the level he finds.

annual production of 300 million pounds of shorn wool. The act limits the cumulative payments to an amount equal to 70 percent of the duties collected on imports of wool and wool manufactures since January 1, 1953.

The incentive level for shorn wool as announced October 6, 1961, for the current or 1962 marketing year, which includes marketings from April 1, 1962, through March 31, 1963, is 62 cents per pound. Program regulations for the current marketing year also continue the same as for previous years.

SCHOOLS—

Continued from page 1

will be 8 or 9 years old.

During the school year, all of these buses are serviced continuously for gas and oil as well as repairs needed.

In order to allow employees to make repairs on buses in extreme weather, the Board of Education is studying plans this summer for a new bus shop. This shop will be located on the old Coleman school prperty adjacent t the present shop.

Tenative plans call for building a new 40 by 60 foot metal prefab on the property, and to black top half of the grounds, and add a "Cyclone" fence around the area.

It is hoped the savings from this year's budget will be sufficient to pay for the improvements.

The lot was recently purchased from the city for $1,500. An architect is presently preparing plans for study by the board. Possibly, the project will be completed before the opening of school.

* * *

BUILDINGS AND GROUNDS

To keep the campuses, playgrounds, playing and practice fields during the summer is the job of the maintenance and operations personnel.

This includes approximately 25 acres. Added to this is the maintenance and repair of all the buildings and equipment owned by the Colorado Independent School District.

Lawns, playng fields, etcetera, have to be fertilized, watered, and mowed regularly during the spring and early fall months.

Buildings have to be painted — outside as well as inside.

The administrative building has just been completed. During the last three summers the outside window trim, of Primary, Wallace, Hutchinson, and Senior High, the auxiliary buildings, and the football stadium have been painted. Some buildings are painted each year, but not all, in order to spread the cost over a longer period.

Classroom walls have been painted this summer. Last summer and this year all of the classrooms at Junior High and Senior High have or will be painted. The woodwork at Wallace is to be painted.

School equipment must be repaired each year.

Wallace and Primary desk tops are being sanded and refinished, cleaning of desks is required in all buildings, desk tops in the Arts and Crafts center at Junior High are being refinished, and in one building, venetian blinds are being repaired.

Floors of all buildings are being refinished. The floor of the teacher's lounge at Primary is being retiled this summer.

Additions to buildings are being made. The Wallace school is getting a storage room, and the music room is getting acoustic tile in the ceiling. At Primary school, the music room is getting a new tile floor.

The succeeding and final article in this series will concern the curriculum of the schools and plans for next year's operation.

GUITAR—

Continued from page 1

scholastic League speech activities.

J. Rex Weir, University assistant professor of speech, is workshop director.

Miss Guitar recieved a $50 scholarship to attend the workshop. She will be a senior student in Colorado City High School next year.

Cotton Loans Due July 31

The U. S. Department of Agriculture has announced that the Commodity Credit Corporation will take title to all 1961 crop loan cotton on which loans have not been repaid at the close of business July 31.

In accordance with the loan agreement, CCC will not pay for any market value the cotton may have in excess of the amount of the loan plus interest and charges.

Until the close of business July 31, producers and purchasers of loan equities may repay the loans.

Local Group Attends Abilene Meet

A group of men from the Plainview Baptist Church attended a Brotherhood dinner meeting in Abilene's First Baptist Church last Tuesday evening.

The speaker was R. G. Le Towineau of Longview.

Those attending were Rev. Caddo Matthews, R. C. Howell, J. C. Northcutt, Arthur Carter, Tom C. Smith, Robert Chambers, John Loveless, Newt Anglin, Hubert Howell and Billy Ray Jackson.

Mr. and Mrs. Bill Rees, Mrs. Robert Rees and son were in East Texas over the week-end to attend the funeral of an aunt of Mr. Rees'

Girl Scouts Attend World Round-up

BY SANDRA CLIFTON
Record Correspondent

SILVER — Twelve excited Girl Scouts from West Texas Council left Abilene Monday en route to Button Bay State Park Vermont to attend the Girl Scout Senior World Round up July 20-29 on the shores of Lake Champlain. Among these girls is Judy Kincaid, fifteen year old daughter of Mr. and Mrs. Hale Kincaid.

Itinerary includes Kansas City, Chicago, Toronto, Montreal, a subway ride from Union Station in New York City, and Niagra Falls. Almost 8,500 girls and 1500 adults will attend the Roundup, the largest and most colorful event in the three year celebration of the 50th anniversary of Girl Scouting. Girls attending Roundup will come from every state in the Union, from every U. S. territory and from all six continents where members of the World Association of Girl Guides and Girl Scouts are found. The Roundup items "Honor the Post-Serve the Future" will be particularly appropriate for Vermont and the entire Champlain Valley have played an important part in the national history.

In the impressive color ceremonies more than 100 banners will be raised each morning and lowered each evening in the Avenue of Flags. These flags will include those of the United States and all other countries of members of the World Association, along with the Girl Scout Flag, World Assn. flag and Roundup flag. Judy, again may we say that Silver is very prowd of you for achieving this honor and are most prowd that you are representing Silver as a Round up Scout.

* * *

Jay Sidney Burney, 8 year old son of Mr. and Mrs. Sid Burney, returned home from Arlington, Va., with a colored autographed 8 x 10 picture of Glenn and memories of a personal visit the family of the first man to orbit the earth. Jay, who had already written President Kennedy in February along with sending some patriotic pictures he had drawn that he was planning to stop in for a visit while in Washington, wanted Glenn's autograph, so his mother and aunt took him to Glenn's Arlington home.

Carryng a pencil and a piece of typing paper Jay rang the door bell. "Daddy, here's a little boy from Texas that wants your autograph," shrieked Glenn's daughter. While his mother and aunt waited in the car Jay was invited in. As reported, what Jay said during his visit as Glenn's home "This surely is a nice house you have."

* * *

Baseball season climaxed Saturday July 14 with Silver Pony League winning first place in a tournament between Hermleigh, Ira, Loraine, Roscoe, and Silver. Members of the First Place League are:

1. Charles Kennedy
2. Bert Johnson
3. Robert Jameson
4. Alonnie Higginbotham
5. Robert Mathew
5. Robert Wink
7. Gene Sassels
8. David Cox
9. Larry Paul
10. Jim Clendenen
11. Gil Gilbert
12. Carl Bloodworth

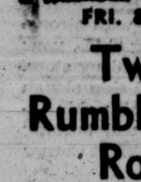

All tournament Selections were Charles Kennedy Dannie Higginbotham Bert Johnson and Robert Jameson.

Mr. and Mrs. . B. Higginbotham and Linda were recent guests of the Oscar Higginbothams. The J. B. Higginbothams, former residents of Silver, now reside in Corpus Christi.

Hargrove Guests

Misses Nanny and Fanny McCullough of Albany and their niece, Miss Virginia McCullough of Abilene, were guests recently in the W. C. Hargrove home here.

CONVERSATION CORNER

By RUTH COFFEY

CAME ACROSS another helpful article written by a woman psychiatrist, a **Dr. Lena Levine.**

In keeping with the current craze for long titles like "How To Succeed In Business Without Really Trying," or "A Funny Thing Happened To Me On The Way To The Cemetery," Dr. Levine calls her article of advice, **"Who Starts The Fights In Your Family?"**

* * *

AT MOST HOUSES it's not too important who starts the fights. It's who finishes 'em. That part takes talent.

The New York City psychiatrist admits right away that starting a battle royal on the homefront can usually be accomplished in most houses by use of what she calls **"Unnecessary Remarks."**

* * *

MAYBE it was unnecessary that remark the other day. It was meant to be sociable. Or maybe sporting. Anyhow, it's impossible to ignore a usually quiet man of the house when he suddenly jumps up and starts banging his fist in his palm and shouting.

* * *

"THAT son-of-a-gun! Hit it out of the park!" he was yelling just as if his favorite character **Dizzy Dean** could hear him.

"Who?" we interrputed reading Dr. Levine's fine article to ask, question mark in the gentle voice.

"Elston Howard!" the little man hollered from his chair to our chair, a distance of four paces.

"Who's he playing?" we said with sweetness and light. And the fight was on. Now you wouldn't think a man would take it so hard just because his wife added, **"Does that mean he beat Arnold Palmer?**

* * *

THREE never-do's were offered by the Marriage Consultation expert Dr. Levine to prevent such little misunderstandings.

First, she says, "Don't destroy your mate's confidence in abilities which are a source of pride."

Does she mean that because you married a Baylor third baseman, once, you've got to be able always to tell the **Yankees from the—from the Confederates?**

* * *

SECOND, the big city M. D. warns, "Do not criticize a mate where he is conscious of a definite weakness."

What weakness? Show us a husband anywhere who is conscious of a definite weakness. Point to just one! Main weakness the man who shares the house on Chestnut St. admits to having is a wife who can't fix the plumbing, replace the fuses, read a road map, or remember the difference between a **bunt and a punt** to save her soul.

* * *

FINALLY, the expert writes, "Beware of comments on personal appearance."

We did not comment. Just grinned like crazy — this week when he was breaking in those tan walking shorts before vacation time. It was his comments, when he turned around to see the friendly smile on his ever-lovin's patient face, that were unnecessary.

"Shut up," he said. And we hadn't said one word. "Get that silly grin off your face," he ordered sternly just the same. "You may not think I look like **Rock Newman.** So what?"

* * *

SO t's a wise woman who knows her own formula for keeping the peace. Our own tried-and-true recipe for same is easy to remember: **if you can't lick him—surrender.**

And if he insists on wearing the pants at home, not to mention knee-pants abroad, **just grin and bear it.** People who are too busy watching **Mickey Mantle** to read things like "Who Starts The Fights In Your Family?" just naturally know more about home runs than they do about home run-ins.

* * *

THE BERMANS are back home after a month spent on a gallivantin' vacation. **Alice,** her husband, who is "His Honor" the Mayor **H. I. Berman,** Hy's brother **Phillip,** and Phillip's wife Minna, have returned from **Denver** where they attended the national convention for Kiwanis Club; **Seattle,** where they took in the World's Fair; and **California,** where they visited. And went to **Disneyland.**

They ran into heavy snow up in Wyoming June 16 while enroute for a sight-seeing trip to **Yellowstone;** stopped in **Las Vegas, Nevada;** visited cousins of Alice's in **San Francisco;** went to **Los Angeles;** then on to **Fresno.**

* * *

IN FRESNO, the Berman twins are back together again in the practice of medicine for the first time in several years. **Dr. Stanley Berman,** his **wife Judy,** baby daughter **Paula,** moved to Fresno this month. They've been in Houston where Dr. Stanley completed graduate training in his chosen speciality, **heart and vascular surgery.**

Dr. Irwin, who is engaged in the practice of general surgery, settled in Fresno some time ago. His wife is **Carol** and their two-year-old girl-child is **Andrea** who celebrated her little birthday while her Berman grandparents were there visiting. (That makes three granddaughters for our Mayor and his wife who bore and reared three sons!)

Just found out, too, that the twin medics are getting expert at their mutual hobby. **Skin diving.**

* * *

LOCAL SEEN LATELYS: Saw two of our "youngans" getting ready to go to summer sessions of band schools. Cute **Debbie Hunter,** daughter of the **Paul Boyd Hunters** . . . And lovely-to-look-at **Helen Byrd May** of the **Bob May** household. Helen was to go from McMurry t SMU for her fourth summer of band training.

She and her mama Hilda, by the way, are just back from visiting Hilda's sister in **Houston** and from a vacation in **Colorado.**

* * *

BRIEF ENCOUNTERS, too, brought conversation with **Morris and Ida Kirschbaum** who were saying that the **Bill Holberts** have been on vacation—mostly at **Lake Colorado City.** Bill and his wife **Betty Jean** (sister of the late Frances (Mrs. Robert) Kirschbaum) live with their daughters **Jennifer and Ann,** plus **Susan Kirschbaum** and her brother **Joe,** children of the late **Robert Kirschbaums.** And Bill, as you know, has been part of Kirschbaum's staff for several years now. The attractive family lives at 305 East 19th.

SAW a glamorous gal here from **Big Spring** for the recent golf tourney. 'Twas **"Hatchie" Pritchett Richardson (Mrs. Doug)** in an amazingly blue patio coat, worn while casually shopping with her friend **Callie Craig (Mrs. Bill.)**

Clothes on sale bring out the morning shoppers. In the try-and-buy department spied **Ruth Dozier (Mrs. Boyd)** and **Ed Simons (Mrs. H. H.)** and diminutive **Lou Landeros (Mrs. Joe)** of the **Farm Bureau** office. She was searching sale racks for size five, for goodness sake! Lou's husband Joe is the **Record's** make-up and press man, incidentally.

Which reminds us to say that **Joe Holguin,** only CCHS '62 masculine graduate of Latin-American heritage, plans to commute to **Howard County College,** come fall. He's one of the nicest lads you're ever likely to meet. He's the bilingual emplyee over at Fuller's.

* * *

OFF THE CUFF: Coffee break brought hellos from **Junior Sadler,** our city secretary **Ford Merritt** and the city manager **Earl Keaton.** Heard somebody say, by the way, that the Keatons have been on vacation.

Lunching with their little dark-haired mother and their grandmother **Mrs. Coit Butler** were the two small darlings of **Danny Majors** and his wife **Linda (nee Butler.)** The boy baby, **Marcom,** and his "littler" sister **Shelly,** are magazine cover material for somebody. They're that cute.

D. H. SNYDER JR.

Former Resident Dies in Ft. Worth

Dudley H. "Top" Snyder Jr., 53, died Monday in a Fort Worth hospital of a bullet wound inflicted Sunday night at his home.

Police said Snyder was found Sunday in an upstairs bathroom in his home at 1400 Elizabeth Blv. in Fort Worth. They said a .38 caliber pistol was found near Snyder. He had been shot once in the head.

Fort Worth Peace Justice Jim Boorman ruled the death as suicide.

Snyder, the son of a pioneering West Texas ranching family, was born in Colorado City. His father was the late D. H. "Pop" Snyder of Colorado City.

The family owns part of the Long S. Ranch south of Coahoma, and the U. X. ranch west of Colorado City. The family had extensive oil holdings.

Snyder attended school at Colorado City, was graduated from New Mexico Military Institute, and later attended Southern Methodist University in Dallas.

He owned a Ford agency in Colorado Cty. He left Colorado City abut 15 years ago, and later operated an automobile agency in Denison.

He was a member of St. John's Episcopal Church, the Fort Worth Club, the Fort Worth Boat Club, the Petroleum Club of Fort Worth, and Phi Delta Theta fraternity.

Funeral services were conducted at 2 p. m. Tuesday in St. John's Church in Fort Worth, wth burial in Greenwood. Gause-Ware funeral home was in charge.

Survivors include his wife; mother, Mrs. D. H. Snyder, Sr., of Fort Worth; three sons, D. H. III of Marshall; Frank D. of Dallas and John C. Snyder on Norman, Oklahoma; a daughter, Mrs. R. A. Hill of Dallas; two sisters, Mmes. Walter V. Rankin of Midland and C. A. Owens of Jackson, Wyoming, and three grandchildren.

Guests in the Jack Linam home Sunday were her sister and children Mrs. H. F. Miller of Lake Jackson, Texas, and their daughter and husband, Mr. and Mrs. Presley Powell of Midland.

OUR KIND . . .

Some communities have had to duck their heads somewhat over the antics of a few in conjunction with the Billie Sol headlines.

Here in Colorado City, though, there's the opposite. Our Agricultural Stabilization & Conservation and Farmers Home Administration programs roll along in splendid manner—just as they should.

A lot of this, of course, is because of the fine leadership and cooperation on the part of our farm and ranch citizens. But just as important is the high caliber of gents like Wayne Worley and John Russell and their ASC and FHA staffs—the kind of people who not only are capable in their work, but who are the type you'd like living next door.

Editorially Speaking

We'll Look Better With Good Smile

Maybe you are one of those blinking their eyes just a little at the sight of a new eating establishment opening on East Highway 80 just as Interstate 20 bypass is nearing completion.

No wonder . . . after hearing some of the doom and gloom talk.

But here is the opening of a new business—a service type that definitely is affected by highway traffic. To say the least, it is evidence that not everyone fears the bypass.

There has been a trend all along among most of our business men for Colorado City to make the best out of the bypass. The Industrial Team Inc. billboard going up on Interstate 20 is good evidence of this. So is the tremendously successful Chamber of Commerce campaign for funds to place billboards east and west of Colorado City . . . and this new business opening is another.

We like the plans moving ahead for a freeway celebration, when the bypass opens. A town looks better — much better—with a happy, confident smile than with a frown . . . anyday.

System, Not the Stocks, Really Count

Shareownership in America has increased dramatically since 1952. In that comparatively recent year about 6.5 million Americans owned shares in the nation's publicly-held companies. Ten years later, in the early part of 1962, the figure had jumped to 17 million—almost a 300 per cent advance. Also on estimated two million additional people own shares in privately-held companies only — that is, companies whose securities are not available to the public at large. Most impressive of all, there are indications that as many as 35 million non-shareowners are on the threshold of investing or interested in learning more about it.

These are some of the facts included in the New York Stock Exchange's just-released 1962 Census of Shareowners in America. The average shareowner isn't rich—his annual household income is $8,400. Women shareowners outnumber men, but the margin narrows. More than a quarter of all shareowners live in the smaller communities.

So the story goes. It is a story of widespread public faith in the future of American corporate enterprise — in the multitude of companies which provide jobs, goods and services, a place for savings, income, opportunity. Beyond that, it is a story of faith in a system—the system we call free enterprise.

And that's what really counts—especially with recent concern about stock declines. Stock values will go down and stock values will go up, sometimes spectacularly, just as do the values of other kinds of property. It's the system that we must keep strong and unchanged.

We're Faced With Keeping Pace

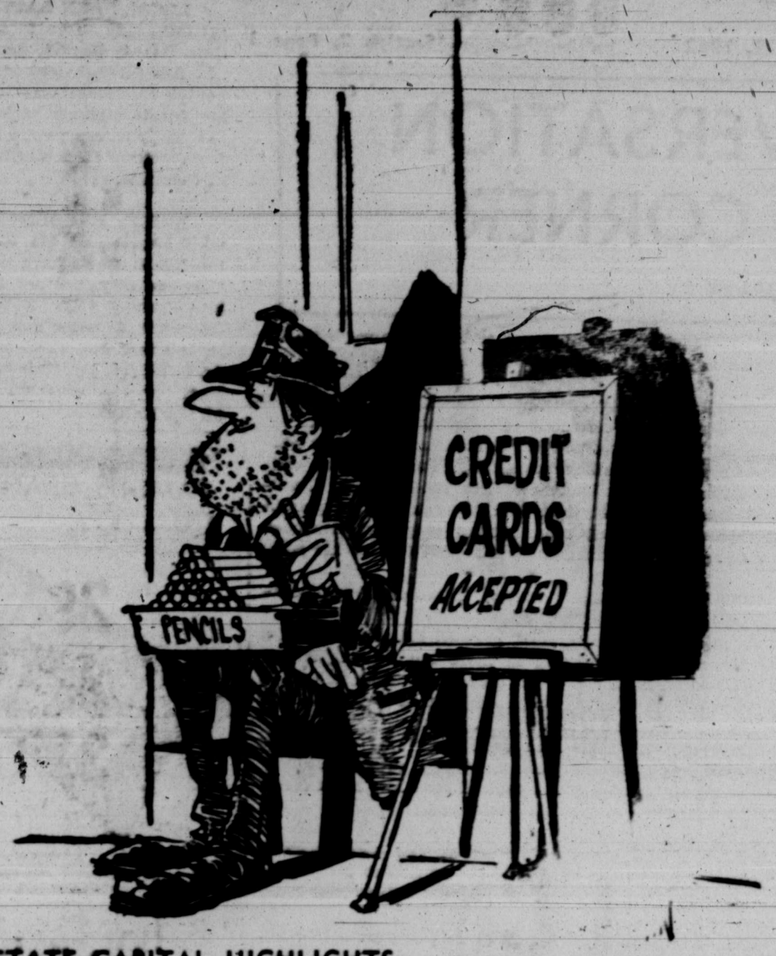

The United States is in greater danger of being buried economically by its friends than by its enemies. That is the view of more than one expert on an international scale. This isn't bad. It is merely the world coming up to our level and exerting and old American influence —competition.

The story is told by the fact that productivity in many foreign countries is rising more rapidly than wages—and much more rapidly than here at home. For example, productivity increases from 1953 to 1960 ranged from a low of 15 per cent in the United States to 29 per cent in Great Britain, 53 per cent in West Germany, 58 per cent in Italy and 71 per cent in Japan—due, in large part at least, to imaginative automation.

The word automation is comparatively new, but the principle is ancient. It simply means finding ways to do the same job, or a better job, at less cost, and in a shorter period of time. The concern which fails to meet the competition, whether it operates in domestic markets or world markets, sees its trade go elsewhere—and that's that.

Those who might oppose automation, on the grounds that it would destroy jobs, are taking a potentially suicidal position. In the long run, automation, whatever it has been called, has always created more, better-paying jobs. Then, beyond that, if resistance to automation makes it impossible for American producers to compete in the surging world markets, what will happen to our employment rolls?

They're Everywhere

Wes-Tex Talk

A Look At West Texas Through Editorial Page Excerpts From It's Leading Weekly & Semi-Weekly Newspapers.

Hats off to the Ministerial Alliance of Hereford!

We have in mind their current drive to raise funds with which to light the baseball field, and we do not specifically confine our plaudits to their immediate interest. The story goes back much further than the current drive.

A few months ago this same group protested and pretty well killed a drive to finance the lighting through a lottery. The ministers protested the move on grounds that it did not meet their ethical and moral standards. Once the drive was shelved, so was the lighting program.

The ministers, on the other hand, did not forget. They had no objection to baseball or to athletics and they apparently felt that they should assume some responsibility after having punctured the other baloon. Anyway, they have taken over sponsorship of the project and will no doubt follow it through to cmpletion.

Somehow, it strikes us that this is one of the most Christian outlooks we have seen in modern times. Christ often took a negative stand during his ministry on earth but, when you analyze each point; instead, he came forth with an answer to the problem and gave the people an alternative along the lines he endorsed.

Churches and ministers, once they adopt this attitude generally, will have taken their first long stride toward filling the auditoriums of their meeting places to capacity each Sunday. A certain amount of negative criticism is consistant with any religion, but Christianity has ever been based on love, hard work and progress within the human race.

—HEREFORD BRAND

STATE CAPITAL HIGHLIGHTS

Merit Insurance Plan Loss Will Cost Most Texans

BY VERN SANFORD
Texas Press Association

That "safe driver insurance plan" with its penalty points for traffic law violations and accidents goes out the window August 1.

State Board of Insurance bowed to legislators' demands that it be greatly modified. But Board members felt it would be better to scrap the whole thing and try to work out some other plan for later adoption.

Most Texans will find that the abandonment of the merit rating plan will cost them money. This despite the fact that insured Texas car-owners taken as a whole will pay $10,000,000 less for car insurance in the coming year than they did this year.

However — two-thirds of the car owners — those who have been getting 20 per cent discounts because they have had no accidents or reported traffic convictions — will pay the full rates in the year ahead. The other one-third — those who have been paying as much as 100 per cent extra because of bad driving records — will save substantially. They will pay the same rates as everyone else.

One factor in the decision to drop the plan was concern by members of the Board — and the insurance industry — over the increasing number of car owners who just were doing without insurance. Board members felt that to increase the penalties, which would have been necessary to maintain the 20 per cent discount for the "safe drivers", would drive even more people into uninsurance. This would have made the safe driving insurance plan even more out of balance statistically.

Because auto insurance rates are set by counties, and by types of cars and the age groups of drivers, it is not possible to say just what effect the rates will have. Local insurance agents soon will have the information.

State Comptroller Robert S. Calvert advised the Texas Board of Education that the Available School Fund's income for the 1962-63 school year should be $197,058,604. The revenue is reaped from ad Valorem taxes, poll taxes, interest on securities the school fund owns, motor fuel taxes, omnibus taxes and other revenue.

Board deducted $8,737,536 to finance cost of purchasing and handling textbooks, and divided the balance between Texas' 2,387,234 children of school age.

So, the public schools will get $78.50 per child next year $2 less for each than they were allotted in 1961.

While the 21-member board was on the subject of money, it passed a $459,877,843 education budget for 1963, and offered State Education Commissioner J. W. Edgar a $4,000 annual raise through federal funds.

Edgar "declined the honor," saying he felt his three assistants are more entitled to supplements since they are directly concerned with administering federal programs.

So, raises from $11,000 to $13,500 were voted for L. R. Graham, assistant commissioner of administration; Lee J. Wilborn, assistant commissioner for instruction, and M. A. Browning, assistant commissioner for vocational education.

SHINNERY PHILOSOPHER

Plan Revealed For Paying Tax

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek discusses another angle of the tax situation this week, but he won't get anywhere with it.

* * *

Dear editor:

A neighbor of mine who apparently reads The Colorado City Record came by my house yesterday and said it's all right with him if the government wants to tax cats, he's got ten or twelve around his house he'd be pleased to have revenue agents foreclose on and put up for public sale, but that what he's really interested in is not in helping the government find new sources of revenue, what he wants is help in paying the taxes the government has already thought up.

This sounds like a reasonable request and I have started off with a method to pay income tax installments on the install ment plan. It's not as complicated as you think.

The government makes a lot of people pay their income tax in weekly installments, doesn't it? Everybody knows what the withholding tax is. But some weeks a man needs all his money, not just the part that's left after the government withholds its tax.

In such a case, which I figure occurs most of the time, the thing for the government to do is to sell the man a money order on credit to pay his withholding tax with. This way he'd get all his money to pay out all the other installments he owes, and the government would get its money from the post office.

Where the post office would get its money to make the money order negotiable involves another point, but it'll be a sad day in this country when one branch of the government can't trust another. The post office can take its money orders and put them up as collateral and borrow against them from some other branch of government.

Where this other branch will get its money is still another question, but the way I see it, the government has so many different branches it'd be years, maybe generations, before it ran out of still another one to borrow from, and by that time a new generation would be on hand and that'd be its worry.

After all, each generation has enough to worry about on its own without taking on the generations still to come. The world has come to learn how to live with debts. In fact, if you will point out to me any government on earth which is out of debt, or even seriously expects to be, I'd like to hear about it. Make a good place to float a loan.

Yours faithfully,
J. A.

Strictly Fresh

In some offices, the gogetter is the fellow they send out for coffee.

It is said that even though two and two equal four throughout the world, to some it means a bridge game.

HEALTH AND SAFETY TIPS

AMA Advises on Food Poisoning

(Editor's note: The following was prepared for the Record by the American Medical Association.)

The biggest picnic season of the year is here.

There will be company picnics, church picnics lodge picnics, and just plain family and friends picnics Parking and table space will be at a premium in every picnic spot in the United States . . . At least on weekends

With the picnics will come bruises and cuts and scratches, and strains and sunburn and sore muscles the next day. These are "occupational hazards" of picnics and usually aren't serious.

What might be more serious will be food poisoning.

The weather is hot and foods spoil quickly. If a few of the staphylococcic bacteria that are the most common cause of food poisoning are present, only a few hours of time, combined with warm temperature are needed to cause real trouble.

Food can be handled safely on picnics in warm weather if the family chef keeps in mind a few precautions.

Leave the sandwich ingredients, including bread, in the original wrappers and containers and make up your picnic sandwiches on the spot, just before mealtime. Ham spoils quickly at warm temperatures and if you favor ham sandwiches, take the ham along in a can and open it just before serving.

Potato salad is another favorite picnic food. It also spoils quickly. Take the hard-boiled eggs, boiled potatoes and mayonnaise (in its sealed jar) and mix the salad at the last minute.

The picnic icebox, properly insulated, is an excellent food saver. It should have a tight lid and there should be plenty of ice. Items stored in the refrigerator should be well chilled before placing in the picnic box.

Be careful about pies. Cream-filled bakery goods spoil quickly on a hot day. Take fresh fruits for dessert. Stick to canned stuffs and sealed jars and bottles that can be opened just before using.

The summer picnic is one of America's great traditions. It is a time of great fun for all. Don't overdo the strenuous games and sports in the heat and safeguard your picnic foods. Don't let food poisoning spoil your outing.

LOCAL BUSINESS

Newspapers Are Home Bulletins

BY MADGE BELL
Record Staff Writer

The hometown newspaper is regarded as an up-to-date bulletin board in the typical home.

One issue of the local paper is likely to be kept in a readily available spot until the next issue arrives.

And according to the findings of a university advertising researcher no other publication received in the home receives such honor. When housewives were asked why they kept the local newspaper after it had been read, more than ninety per cent listed possible use for reference.

The newspaper, according to the respondents, is most frequently used to refer to news and notices on meetings. Or, as one woman put it: "I can remember that I should go to a PTA meeting, or a club meeting, or a scout meeting, but I can not carry all the whens and wheres for the whole family around in my head."

A similar attitude was expressed toward advertising, especially grocery advertising, special sales, movie advertising and classified ads. "I may do my grocery shopping two or three days after we get the paper . . . I still need to go over the advertising when it is convenient. How else could I find the best bargains?" a respondent asked.

Another philosophized: "The truth is I can't remember anything. I've been going to movies in this town for 15 years and every time I have to look in the paper to check starting time. I even have to recheck on the date of a big election."

An advocate of the want ads perhaps best summarized the reference value of the local newspaper when she said: "You never can tell what kind of service or thing you'll need from one day to the next, but the want ads will usually hold the answer."

Pictorial INTELLIGRAM

Check your knowledge of recent events by completing the following six statements.

1—Pictured (Arthur H. Dean) (Averell Harriman) heads the U.S. delegation at the Geneva disarmament talks.
2—Former (Teamster) (United Auto Workers) boss Dave Beck has begun a prison term on an income tax conviction.
3—(Conservative) (Liberal) party took a licking in the Canadian elections.
4—Sue Lyon, star of the motion picture "Lolita," missed the premier of her movie because she was (too young) (sick).
5—The U.S. government has a watchful eye on the (Red) (Nationalist) Chinese build-up in the Far East.
6—Pictured (Arnold Palmer) (Jack Nicklaus) won the U.S. Open golf championship held in Oakmont, Pa., in a play-off round.

Count 10 for each correct choice. A score of 60 is excellent; 50, good; 40, fair; less than 40, poor.

Decoded Intelligram

1—Dean. 2—Teamster. 3—Conservative. 4—Young. 5—Red. 6—Nicklaus.

Pride and Joy

David Lewis, son of Mr. and Mrs. Henry L. Lewis, 1232 Vine St., works on the motor of his 1931 Ford. The car is equipped with a 1949 Ford motor and a floorboard shift. It also has dual exhaust and custom red and white leatherette interior. David will be a senior student next year in Colorado City High School.

ENGINES, PAINT JOBS AND ACCESSORIES

Boy's Focal Point Of Interest Is In Automobiles

A boy and his car are an inseperable duo. From the time he is old enough for his first tricycle, he looks forward to the day when he owns his first car.

But, to a boy, a car is not just a means of transportation It is something alive, with a pulse and a heart and something that can be steadily improved by work by his hands.

To a boy, his car is his trademark. It holds something of his personality and something of his true self. He holds pride in his car as his prize possession, and cares for it as he has cared for his favorite pets in the past.

* * *

A 1931 model Ford is the pride and joy of David Lewis, son of Mr. and Mrs. Henry Lewis, 1232 Vine St. The glossy black body houses a 1949 Ford motor. The interior is custom-made red and white leatherette, plus white leatherette headliner. The dashboard and instrument panel is from a 1949 Ford. It has a floorboard shift and dual exhaust.

* * *

Larry Johnson drives a 1940 Pontiac, painted with 5 coats of gold gloss. The car still has its original motor and transmission. The interior is in gold and black leather. Larry is the son of Mrs. J. A. Johnson, 1620 Hickory St.

A baby blue 1950 Ford is the car Jay Lin Kuhn calls his own. It features extended dual exhaust and inside oil, engine and ampere guages. The interior is in blue, with a white dashboard and instrument panel. He has plans to install a floorboard shift. Jay Lin is the son of Mr. and Mrs. James L. Kuhn, 902 E. 16th St.

* * *

Stanley Hardcastle, son of Mr. and Mrs. H. W. Hardcastle, 871 Marshall St., drives a 1958 Chevrolet, light brown and tan. The car features a home-made floor shift, a 348 cubic inch motor and a 4-barrell carbureator. The car still has an automatic differential.

* * *

A bright blue 1957 Chevrolet pick-up is driven by Billy Stinson, son of Mr. and Mrs. M. A. Stinson, 470 E. 22nd St. The pick-up features a 1957 Corvette motor.

* * *

Jerry Buckalew drives a 1951 Chevrolet, gray, with red and white interior. The car has a standard transmission and 2 spinner hubcaps on the front. Jerry is the son of Mr. and Mrs. Clyde Buckalew, Route 3.

* * *

The Tobe Womack family of Cuthbert is a famly of many boys, so a family of many cars. ROBERT drives a 1958 Chevrolet Impala, green with a floorboard shift, dual exhaust, high speed differential and 4-barrel carburetor.

JIMMY drives a 1959 Chevrolet Impala convertible with a white canvas top. The car has a red interior, 3 two-barrel carburetors, dual exhaust and an automatic transmission. It also features a 3/4 camshaft.

A 1955 Willis Jeep is also named on the boys' list of vehicles. The jeep features a floorboard shift and 4-wheel drive. It has a 1956 Chevrolet V-8 motor.

* * *

An orange and white 1956 Ford is the focus of MAX CONNELL's automotive interest. The Victoria hardtop has an interior of orange and white leaterette, with a white perforated leatherette headliner. It has a 1956 Ford Thunderbird motor and a dual exhaust. It also has 2 spinner hubcaps on the front wheels. Max is the son of Mr. and Mrs. H. S. Connell, 835 E. 8th St.

* * *

CORKY MCADAMS, son of Mr. and Mrs. K. C. McAdams, Jr., 705 Houston St., drives a bright blue 1950 Plymouth. The headliner and seatcovers have been removed and the car has a standard shift.

DON FREE, son of Mr. and Mrs. A. A. Free, 854 E. 6th St., drives a 1953 Ford, painted with a purple primer coat. The car's interior is black and white leatherette. It features a floorboard shift, a 2-barrell side-duct carburetor and a 1953 V-8 Metcury motor. The car has been lowered 2 inches in the back. The trunk of the car is opened by inside switches hidden behind the back seat.

* * *

A 1953 Ford, red with a white top, is driven by KENNETH CANNON, son of Mr. and Mrs. Homer Cannon, Temple Street. The car has a 1953 Ford flathead motor and a standard transmisson.

* * *

JOE DEAN, son of Mrs. A. L. Dean, former resident now living in Big Spring, drives a 1955 Ford, red and white. The car has a brown interior, automatic transmission and dual exhaust.

* * *

A fire engine red 1949 Chevrolet is driven by JOE SMITH, son of Mr. and Mrs. Ned Smith, Buford. The car is painted with several coats to give it a deep shine and gloss. It features a brown interior.

* * *

MILTON KIDD, son of Mr. and Mrs. Buddy Kidd, 705 E. 18th St., drives a 1955 Ford Customline. The car is painted in a 2-tone color of buckskin and white. Plans are in the making for a customizing job, installation of a floorboard shift and carburetors. The car has automatic shift and a buckskin and white interior.

* * *

BOB GRANT, son of Mr. and Mrs. Tom Grant, 235 E. Riverside, is the proud owner of a 1929 Model A Ford Roadster. The car has a 1957 Chevrolet motor and has been channelled. It has an automatic transmission and hydraulic brakes. The car is in the sanding process of a new paint job.

Red Cross Reveals 1962 Figures

Jack Walker, chairman of the Mitchell County Chapter of the American Red Cross, announced this week these figures o fthe 1962 fiscal year.

Reporting for and relating to Military and VA families, the chapter handled 382 cases; 251 cases in assistance in obtaining government benefits and 166 cases of counseling impersonal and family problems, financial and other.

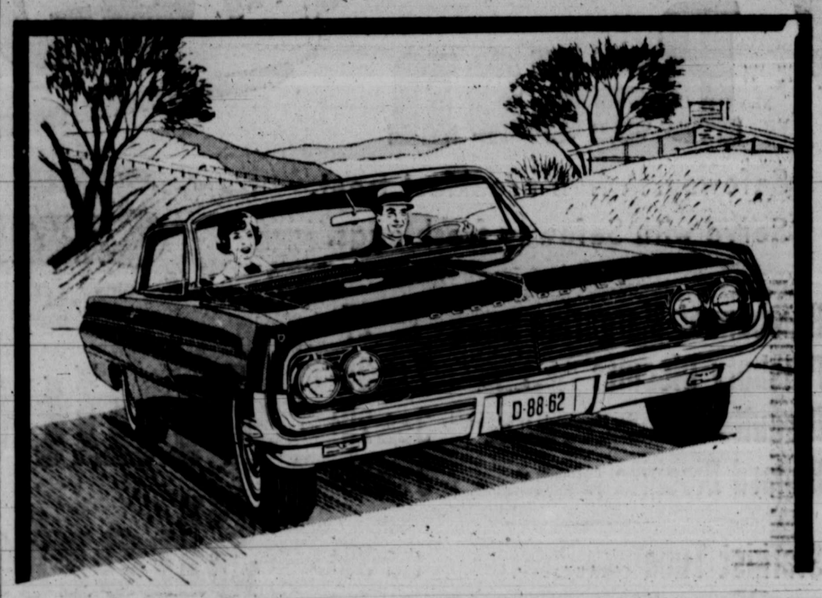

Thirty-two persons were enrolled in life saving and water safety classes; 31 in first aid classes.

Grants, loans; rent, utilities, medical, gas, grocery, room, telephone, wires, stamps and miscellaneous expenses were listed as $2,942.52; rent expenses, $300; salary, $1,500 and amount paid to the national headquarters was $1,258.75.

Amount received by the United Fund was $3,068.62 for the fiscal year. Balance due on quota to date, $2,531.36 for 1962.

New "TELSTAR" relays phone calls and TV pictures for first time!

Bell System microwave-in-sky satellite is latest communications triumph for America arising from telephone research

The world's first private enterprise communications satellite is now being used for dramatic experiments in relaying telephone calls and television internationally.

Its name: Telstar. It was launched from Cape Canaveral at Bell System expense by the National Aeronautics and Space Administration.

Telstar receives signals beamed to it from a ground station, amplifies them and transmits them to another station on the ground below—perhaps an ocean away from the first one. The new satellite thus acts as a microwave relay station in the sky, enabling voices, TV pictures and data messages to leap thousands of miles in a new and exciting way.

The ground stations in the U.S. now being used for Telstar were built by the Bell System at Andover, Maine, and Holmdel, New Jersey.

Telstar is a first major experimental step toward a worldwide satellite communications system that was first proposed as a practical venture at Bell Telephone Laboratories. Progress toward such a system would not have reached its present state without continuing research and development by the private communications industry.

Above all else, Telstar is the latest achievement in an unending Bell System quest—the search for ways to make your telephone service still better, more economical, and more useful.

Southwestern Bell Telephone Company

LORAINE NEWS

Thompson Reunion At Buffalo Gap

BY MRS. ROY WELLS
Record Correspondent

The descendants of the late Mr. and Mrs. C. M. Thompson held their annual reunion Saturday and Sunday at the Presbyterian Camp at Buffalo Gap. Food was prepared and served by the care takers of the camp. Those from Loraine attending were Mmes Troy Jones, K. L. Taylor, Cora Hall and Tom Bennett, and Billy J. Long.

* * *

Mr. Charlie Hamlton is in the Veterans Hospital in Big Spring for treatment. Mrs. Hamilton spent from Sunday until Tuesday visiting him.

* * *

Mrs. Don Narrell and Dian of Odessa spent the weekend in the home of Mr. and Mrs. W. H. Narrell.

Mrs. Ralph Lankford and Mrs. Billy Cornutt visited Mr and Mrs. Bobby Myrick and new baby in Coahoma, Sunday afternoon.

Mr. and Mrs. Ronald Bruce left Monday for a Colorado Vacation.

Johnny Horton of Corpus Christi arrived Saturday for a visit with his grandnarents Mr. and Mrs. Alfred Richey and Mr. and Mrs. Phil Horton. He accompanied Mrs. Betty Puckett and girls and they proceeded to Plainview after visiting until Sunday. Johnny's parents Mr. and Mrs. John Horton arrived Sunday.

* * *

Charla Hamilton of Olatha Kansas returned Home Wednesday after a six weeks visit in Loraine with her grandparents Mr. and Mrs. Charlie Hamilton and Mr. and Mrs. Alfred Richey. Mrs. Richey accompanied her home.

* * *

Mr and Mrs. Alton DeVaney and daughter of Midland visited her parents Mr. and Mrs Garland Cary, Sunday.

Mr. and Mrs. Bobby Dodds and sons are spending this week in Brownwood visiting their parents.

* * *

Mrs. Wilmon Tartt and girls spent the weekend in Elmdale visiting her mother Mrs. Will Young. Loretta Tartt remained at McMurry College for a two week twirling school.

Guests in the Raymond Wheeler home for the weekend were Mr. and Mrs. Robert Montgomery and family of Abilene.

* * *

Mr. and Mrs. Merlen Bruce and family of Midland spent the weekend with their parents, Mr. and Mrs. Marshall Bruce and Mr. and Mrs. W. H. Jean.

Guests in the Roy Wells home Saturday night for a chicken Bar-B-Q supper in the back yard were her sisters of Colorado City Mrs. Earl Hunter and Mr. Hunter T. A. Coker and Mr. Coker of Abilene and their daughter Mrs. Jack Whitley and baby of Borger Maine. The Hunter's grandson Richard Knocke of Big Spring.

* * *

Mrs. J. C. Rickman and children arrived Monday night from Lubbock for a weeks visit in the home of her parents Mr. and Mrs. John Mahon.

Mr. and Mrs. Royce and James and Susan are at Buchanan Dam fishing this week. Cindy Mahon is attending McMurry Band School in Abilene.

Local Teen Group Leaves For Colorado

A group of local teen-aged boys will leave at 5 a. m. Friday for a 2 weeks vacation in Colorado.

The boys are Joe Dean, David Lewis, Jerry Buckalew, John Hairston and Bill McGuire.

The trip will be made in Lewis's 1955 Ford stationwagon. They will take along such gear as tents, pots and pans and fishing tackle.

First stop on the trip is Lake City, Colo. They will fish here for a week, then travel on to the Royal Gorge for 1 day. Pike's Peak will be the next ston on the trip and the boys will stay there for a few days. The balance of the 2-week trip will be spent in driving over the Colorado countryside and stopping when they want.

The 2-week trip signifies a vacation for the boys that is a dream of all teenagers. Two weeks in the wide open spaces with all the time they want to fish, hunt and just be boys.

Baby Shower

The Ruth Class of Payne Baptist Church met in the home of Mrs. Brad Redman in Big Spring recently.

Mrs. Grady Black presented the devotion and prayer was led by Mrs. Charles N. Stubblefield.

After the meeting the group presented Mrs. Redman with a surprise baby shower. Twenty guests attendd.

Texas Style

Holly Ann Glause, house-guest of the Pete Humphreys, 1620 Locust St., recently, got a first-hand preview of Texas style headgear from the Humphreys son, Tommy. Both will be sophomore students next fall at North Texas State University in Denton. Miss Glause's home town is Central City, Nebraska.

Mrs. Houston Cotton of Dunn visited Mrs. D. L. Cotton Tuesday.

* * *

Mr. and Mrs. Paul Hunter and children of Colorado City were guests of her parents, Mr. and Mrs. Floyd W. Merket Sunday.

* * *

Mr. and Mrs. N. F. Hall accompanied their daughter Doma to Abilene Sunday. On their return trip they visited Mr. and Mrs. Raymond Tidwell of Roscoe.

Mr. and Mrs. Jess Brown visited Mr. and Mrs. Dan Hall of Cisco this week.

What is Your Question?

QUESTION: "What does the Bible teach on the second coming of Christ?"

"and as it is appointed unto men once to die, but after this the judgment; so Christ was once offered to bear the sins of many; and unto them that look for Him shall He appear the second time, without sin, unto salvation" Hebrews 9:27-28

Every eye shall see Him	Revelation 1:7
All that are in the graves shall hear His voice	John 5:28-29
Literally as He went away	Acts 1:11
His second coming will be unexpected	Matthew 24:44
Suddenly as a thief	I Thess 5:2
His second coming proclaimed by the angels	Acts 1:9-11
His second coming guaranteed by His resurrection	Acts 17:30-31
His second coming is backed by a promise	John 14:3
Resurrection of all when He returns	I Cor 15:50-58
Heavens shall pass away with a great noise	II Peter 3:10
Elements shall melt with fervent heat	II Peter 3:10
Earth and works shall be burned up	II Peter 3:10
Promise of new heavens and earth	II Peter 3:13
Where will they be located? The Bible doesn't say	
The dead in Christ shall rise first	I Thess 4:16
The Lord Himself shall descend from heaven	I Thess 4:16
With a shout, voice of the archangel, trump of God	I Thess 4:16
He is coming with His mighty angels	II Thess 1:7
He is coming in flaming fire	II Thess 1:8
Taking vengeance on them that know not God	II Thess 1:8
Taking vengeance on the disobedient	II Thess 1:8
Who shall be punished with everlasting destruction	II Thess 1:9
God the Father ONLY knows when Jesus will return	Mark 13:31-32
Jesus Christ will be the Judge on His return	John 5:22-27
All people, of all ages judged	II Cor 5:10
Every secret thing, good or evil into judgment	Ecclesiastes 12:14
Christ will judge the living and dead	II Timothy 4:1
Death will be destroyed at His coming	I Cor 15:26
Christ will deliver the Kingdom back to God	I Cor 15:24
When He comes, our bodies will be changed	Philippians 3:20-21
Christians will be glorified	Collossians 3:4
Christians will be like Him	I John 3:2
Christians will be with Him	I Thess 4:17

JESUS CHRIST IS THE HOPE OF THE WORLD

Address Bible questions to the Northside Church of Christ, Box 91, Colorado City. Listen to "Fifteen Minutes With the Bible" Sunday morning, radio KVMC at 8:15. If you need transportation to our meetings, call RA 8-4050. G. F. Cauthen, preacher.

If you take your truck for granted
...it's a good one!

A truck that doesn't call for a lot of attention, that just does its job every day, is a great asset. This is the thing most users tell us they like about Chevrolet trucks—their reliability. And this, of course, comes from quality.

Sound engines, strong frames, double-wall construction, insulated cabs, separated bodies and cabs, tight tailgates . . . are some of the features that help Chevrolet trucks work longer and bring back more of your investment at trade-in.

If you wish you had a truck that cost you less thought and attention, put your money on quality. Make your next buy a dependable Chevrolet truck.

Chevrolet Fleetside—America's favorite pickup

If your water heater is on "borrowed time"...

Replace it now with a modern flameless ELECTRIC WATER HEATER

and save $50 with this...

Good for $50 on the retail purchase and installation of a new electric 40-gallon (or larger) glass-lined quick recovery water heater in any home served by Texas Electric Service Company. Certificate available now and for a limited time only from your electric appliance dealer, plumber or electrical contractor.

Only an ELECTRIC water heater gives you all these advantages:

SAFE—NO FLAME. No flame to blow out accidentally, no fuel to leak, no pilot light or flue to worry about.

FAST—EFFICIENT. Immersed electric heating elements put all their heat into the water. No heat is wasted up a flue. You get hotter water faster and it stays hot longer.

SUNSHINE CLEAN. No by-products of combustion to soil walls or ceilings. No unpleasant fumes. No flue to accumulate soot.

LONG LIFE. With an electric water heater, the tank bottom is not subjected to the corrosive action of flames. There are no valves to stick, no burner to adjust.

INSTALLS ANYWHERE. Needs no flue. Can be installed anywhere in the house, close to the point of greatest use. Saves long, heat-wasting pipe runs.

NEW LOW RATE. Only 1¼ cents per kilowatt-hour for all electricity normally used for water heating by the average family. Call our office for details.

TEXAS ELECTRIC SERVICE COMPANY
A. L. McSPADDEN, Manager RA 8-2331

Mrs. Lily Bennett Visits In Montana

Mrs. Lily Bennett left last Wednesday for Great Falls, Montana, where she will visit in the home of her so nand family Mr. and Mrs. Byron Bennett.

Surprised?

Brother, you just haven't lived until you've seen

'Able Cable' TV

That's because 'Able Cable' brings you 5 CHANNELS (count 'em) picture-clear EVERYDAY and NIGHT. Phone RA 8-3600 now for 'Able Cable' in your home.

Ask about the trade-in deal on your TV antenna . . . the deal that saves you money.

A WORD TO THE TEXANS WHO ARE WISE: USE YOUR HEAD AS WELL AS YOUR EYES

IT TAKES MORE THAN A ROOFLINE TO MATCH OUR FORD GALAXIE!!

WE FORD DEALERS HAVE A FEELING WE'RE BEING FOLLOWED, THE WAY SOME OF OUR COMPETITORS' CARS ARE STYLED. BUT IT TAKES MORE THAN STYLING TO MATCH GALAXIE'S VALUE! FOR INSTANCE, JUST LOOK AT THE WAYS EVEN THE LOWEST-PRICED FORD GALAXIE SURPASSES THE MOST EXPENSIVE CHEVROLET.

THE CAR IS RIGHT!!! THE PRICE IS RIGHT! AND SO IS THE DEALER

GET THE FACTS AND THE BEST BUYS AT YOUR
TEXAS FORD DEALERS NOW!

'62 GALAXIE TOWN SEDAN

SOME OF THE WAYS OUR FORD GALAXIE BEATS CHEVROLET'S IMPALA:*

- WORLD'S MOST THRILLING V-8 ENGINE—Choice of 5 Thunderbird V-8's up to 405 horsepower.
- GREATER SAFETY—Husky box-section side rails surround and protect passengers—compared to Chevy's open-sided x-type frame.
- MORE ROOM—3 inches more rear shoulder room and over 2 inches more stretch-out room in the back between seats, for passenger comfort.
- 30,000-MILE CHASSIS LUBRICATION—Compared to every 1,000 miles for Chevy—a big saving in time and money.
- 6,000-MILE OIL CHANGE—After first 1,000-mile change—a one-third saving over Chevy!
- SELF-ADJUSTING BRAKES—Safe, high-pedal stops for the life of the lining! (Chevy specifies brake adjustment every 5,000 miles!)
- BIGGER BRAKES—Galaxie has 212-sq. in. gross brake lining area—compared to Impala's 199.5.
- 2-YEAR OR 30,000-MILE ENGINE COOLANT-ANTIFREEZE—Factory-installed in every Galaxie!
- WIDER TRANSMISSION CHOICE—5 to choose from—including an optional new 4-speed manual transmission!
- YOU SAVE $184 WITH FORD'S TWICE-A-YEAR MAINTENANCE in the first 30,000 miles! (According to Official Factory Owners' Manuals which specify service and maintenance periods.)

...AND YOU SAVE 155 BIG TEXAS DOLLARS* TO BOOT!

*Based on comparison of manufacturers' suggested retail prices for a 4-door sedan, equipped with lowest-priced V-8 engine, radio, heater, automatic transmission
