SANDERSON, TEXAS, FRIDAY, FEBRUARY 1, 1952

NUMBER 50

LISTEN TO LUKE

In a news story this week from Dallas it is noted that a veteran who is a double amputee has asked a hearing to show why he should pay city taxes on his car. The veteran contends that his car is an artificial part of his person — the same as his artificial legs. He has no other means of transportation and the car has become the same to him as the other prosthetic appliances which he is getting about.

Roscoe Hinton Collier lost both legs in combat from a direct hit by a Japanese mortar shell. Collier said his only income is from government compensation. In answer to the city's suit seeking to collect taxes back to 1947, he said: "It is my prayer that the court will hold that it was not the intent of a generous and grateful people and government to make a distinction with one hand and to take it away with the other hand."

An Indianapolis school teacher taught school in Great Britain last year as an exchange teacher. He came back to the states evidently not too enthusiastic about the British socialism and so told his pupils in Indianapolis.

Then there appears a "special" with the United States Office of Education, who tries to censor a teacher. Rep. Wingate Lucas of Fort Worth wants to investigate the USOE.

The instructor has no business propagandizing either for or against British socialism or Texas grapefruit.

The USOE has even less business censoring a school teacher in Indianapolis. That teacher's conduct and mode of teaching is strictly the business of Indianapolis and the state of Indiana, and not Washington, D. C.

This column is happy to see the district court clear the docket and clarify some of the muddled thoughts in the minds of some citizens. Sheriff Jim Nance was billed by the grand jury and his case went to trial here Monday morning. The indictment and the jury trial before Judge Roger Thurmond were insisted upon by the sheriff. There was no desire on his part to have the case "whitewashed." Evidence produced at the trial indicated, in the minds of the jurors, that the homicide here recently was justifiable.

There are duties in the office of sheriff which may prove objectionable. There are times when a peace officer is forced to do things that are distasteful. It is regrettable that a life must sometimes be taken in the performance of those duties. Especially is it sad when a young man in the prime of life is to be taken from his family and loved ones. The lesson can be well taught if people will only realize the responsibility we have as citizens in the lives of the young people.

Law and order must be respected for the protection of our civilization. The youth of the land must have the consideration and help of their elders in home life and community life so that they may be taught to respect the laws that govern us, protecting our rights as well as those of others.

Following is the definition of "employer" as it appears in Section 1(b) of General Salary Stabilization Regulation No. 3: "Employer" includes a corporation owned or controlled by the employing corporation or owning or controlling the employing corporation, and a corporation owned or controlled by the corporation which owns or controls the employing corporation."

In case you haven't figured out who you're working for, you can easily see from the above definition.

P-TA TO MEET ON THURSDAY, FEBRUARY 7

The Sanderson Parent-Teacher Association will meet Thursday, February 7, at 4:15 in the high school auditorium.

The special number on the program will be presented by Section A of the fourth grade.

A cordial invitation is extended to all members and patrons to attend.

She'll Get There

Mary Jane Ducote, of Bishop, Texas, smiles despite her two leg braces and abdominal support needed after polio attack. Help from the March of Dimes and other assistance from the National Foundation for Infantile Paralysis makes possible continued treatment and ultimate rehabilitation of Mary Jane. January is March of Dimes month.

Jimmie's Steak House will donate the proceeds from coffee sales on Saturday, Feb. 2, to the March of Dimes.

Retail Credit Institute To Be Conducted For Local Merchants

Merchants and employees of Sanderson will be given an opportunity to participate in a 10-hour course in Retail Credit Procedure here February 18-22, according to an announcement by Mrs. Jettie Peavy, Retail Merchants Association.

Conducting the course will be Sterling S. Speake, instructor in retail credit of the University of Texas, Division of Extension, from Austin.

Sanderson has been selected as one of the several Texas cities to be included in this year's Distributive Education training program offered by the University of Texas Extension Division, in cooperation with the Texas Education Agency. This credit institute has been presented throughout the state for the past several years, and has been acclaimed by merchants as a practical and interesting study of successful methods in handling credit accounts. It deals with approved credit procedure used by many retailers and professional people.

Mrs. Peavy pointed out that the course will be offered at a strategic time, considering the current vast volume of business on open accounts and installment consumer credit, and fast changing economic and business conditions. "Merchants should take advantage of this opportunity to help them bring their credit procedure up to date and learn the latest methods of handling credit accounts," Mrs. Peavy said.

Topics to be discussed in this course, include problems affecting credit; credit applications; credit interviews; investigating and evaluating the customer; accepting and rejecting the applicant; store credit policies; credit sales promotion; credit letters; collection procedure; and check cashing methods. Classes will be held from 7:30 to 9:30 each evening at the court house. A University of Texas Extension Division certificate will be awarded all persons attending requirements. A small enrollment fee is the only cost to the enrollee.

Further information may be obtained by calling Mrs. Peavy at the Retail Merchants Association.

NEW SON FOR THE JIM WILKINSONS

Mr. and Mrs. Jim Wilkinson of San Angelo are the parents of their first child, a son, born Sunday, January 27, in a hospital in that city. He weighed six pounds and fourteen ounces and was given the name James Scott.

Mr. and Mrs. R. S. Wilkinson are the paternal grandparents of the new arrival and with their son, Bob, and Lynn Harrell, spent the week end in San Angelo.

JURY DELIBERATION SHORT IN TRIAL OF COUNTY SHERIFF

At the term of district court held here Monday, Sheriff J. S. Nance was acquitted in what was probably the shortest murder trial in the history of the county. A bill of indictment was returned against Nance after the last session of that body two weeks ago. Nance had been charged with the murder of Carlton Eugene Stelter on January 7, 1952. Nance asked for an indictment by the grand jury and asked for a trial by jury in the district court so that the facts concerning the incident could be made public, as would not have been the case had he not been billed by the grand jury.

Stelter died of gunshot wounds at the hand of Sheriff Nance when he is alleged to have attacked the sheriff with a knife while being transferred from the run-around cell on the first floor of the court house to a cell on the top floor. Stelter had been given a jail sentence that day on a charge of assault and resisting arrest by an officer.

The district attorney, Douglas A. Newton, called Texas Ranger F. G. Hardin and Dr. John W. Pate was also a state's witness. The accused was the only other person questioned on the stand.

The jury received the charge from District Judge Roger Thurmond just before noon and was recessed for approximately 5 minutes. Upon their return to the court room the judge read the verdict of not guilty passed by the jury.

Brian Montague was counselor for the defense.

Two Lambs To Be Auctioned For Aid To 'Dimes' Drive

Two lambs have been donated to the March of Dimes drive in Terrell County and will be auctioned off at the F. F. A. livestock show on February 9. The proceeds of the auction will go to the March of Dimes drive.

It was stated that the mutton lambs have been fed and are in fine shape for butchering and anyone with a home deep freeze unit or a commercial locker would be able to obtain some good meat and at the same time help in a very worthy cause.

NEW DIRECTORIES FOR PHONE USERS TO BE ISSUED SOON

New telephone directories for area telephone subscribers have been printed and will be in the hands of subscribers in the very near future.

The directories this year will include only the subscribers from the local office, with Marathon being included in the directory with Alpine this year.

Advertisers are listed on yellow pages in the directory as they were in the directory issued last year and the public is invited to notice the ads for their information.

New long distance rates are noted on the inside front cover of the telephone directory.

Supt. Matt Bader Given 2-Year Contract

The Terrell County School Board announced this week that Supt. Matt Bader had been given a two-year contract at the regular meeting of the board last Saturday afternoon. James Caroline, A. J. Hahn and Hugh Rose comprise the board.

Supt. Bader has been connected with the county school system for the past two years, coming here from LaCoste.

Supt. Bader stated that he had accepted the contract and appreciated the confidence that warranted the offering. He stated that he would continue to serve the parsons and the students to the best interest of all concerned and would continue giving of his time and efforts toward the betterment of the local school system.

TIDELANDS MONTH PROCLAIMED — Texas governor Allen Shivers is shown here as he signs the official proclamation setting the month of February as Tidelands Month in Texas. "Naturally," says Shivers, "Texans would pick the biggest February in years (20 days this year) to stage their fight to retain the Tidelands." The campaign which opens February 1 will be made to solicit funds from Texans to finance the people's fight to retain the land which the federal government is trying to take away from the state and the school children of Texas. The slogan "Remember the Alamo" is now "Remember the Tidelands." Witnessing the signature is M. K. Weltzel, secretary of the Statewide Tidelands Committee, which organization is leading the fight backed by some 20 other state groups and associations.

Eagle Band To Go To Del Rio's Annual Festival - Clinic

The members of the Sanderson Eagle Band will journey to Del Rio early Saturday morning to participate in the annual Festival-Clinic in that city. Fifteen bands from neighboring towns will participate in the events of the day. The Eagle band, winner of the trophy for the best all-around small band last year, is hoping to win the award again this year.

L. E. Jacob is director of the Eagle Band and will accompany the group to Del Rio.

The clinic session will open at 7:30 in the morning and close at 3 p. m. with the Sanderson band playing from 2:30 to 3 p. m.

There will be a luncheon in the Central lunchroom from 11 until 1 for visiting band members and directors through the courtesy of the Chamber of Commerce. All bands will march in a parade at 3 o'clock.

Two hours will be used for the rehearsal of the all-star band that will be selected from the various bands participating in the band clinic and festival and the all-star concert will be presented at 7:30 p. m. in the Del Rio High School auditorium. A dance at Teen-Town will close the day's festivities.

Contributions From Businesses Support Local 'Dimes' Drive

The treasury of the local March of Dimes continues to fill with the latest addition of coffee sales and contributions from the Club Cafe last Thursday amounting to \$22.25.

On Sunday, February 3, Clayton Stubblefield of the Sanderson Gulf Station, is contributing all of the proceeds of lubrication jobs on that date, all of the oil sales and all of the cold drinks sold, to the March of Dimes.

The donations collected by the block captains in a community-wide drive sponsored by the Sanderson Culture Club to assist in raising the amount collected in the county will be turned in to W. W. Sudduth, chairman, by this week end.

Spurred on by the knowledge of four bad years of polio, Texans everywhere are rallying to support the National Foundation for Infantile Paralysis drive which ends January 31. The 1952 March of Dimes in Texas continues under a cloud of new polio cases, unusually high for this time of year, and a simultaneous warning from state health authorities to expect the worst in polio. Forty cases of polio for 1952 were reported in Texas for the week ending January 19. The need for uninterrupted laboratory research has been cited as an essential goal for the annual March of Dimes.

Poll Tax Payments Short of '48 Total

Thursday, January 31, marked the last day for the payment of poll taxes in Texas. Many offices over the state remained open until midnight of the last day to receive the taxes from procrastinating citizens. With 1952 as an election year to fill every office from the precincts to the president, an effort has been made to impress every citizen with the importance of obtaining the necessary requisite for a ballot in Texas.

By noon Wednesday, 623 poll taxes had been issued in Terrell County. In 1948, the last election year, 710 poll taxes were issued and it is expected that the total for this year will exceed that amount.

1952 Auto License Tags Now On Sale

Terrell County's consignment of 1952 motor vehicle plates will go on sale at the tax collector's office on Friday, February 1, according to Mrs. Eddie Leatherwood, deputy tax collector.

The 1952 plates carry gold letters and numerals on a black background — the reverse of the color scheme of the 1951 tags. The passenger car tags' numbers will begin at 4350.

Motorists are cautioned to look up their 1951 registration papers and their certificates of title as it will be necessary that the registrant have these papers with him when his motor vehicle is registered. Tax collectors this year are required to check motor numbers on license receipts and on certificates of title thus making it necessary to produce these papers before the new tags can be issued.

New plates must be on motor vehicles not later than April 1.

Capt. Jack Wood Buried Monday In San Angelo

Mr. and Mrs. F. M. Wood, Jr., and children attended funeral services Monday morning in San Angelo for his brother, Capt. Jack Wood, who had been missing since being lost in a storm near Vicksburg, Mississippi, last June. His body and the wreckage of the aircraft were discovered over a week ago and Mr. Wood went by plane from San Angelo to Vicksburg to bring his brother's body home, his family joining him in San Angelo later.

Capt. Wood is also survived by his parents, Mr. and Mrs. F. M. Wood, Sr., his widow and a daughter, Beth.

Mrs. M. H. Jones of Marathon is visiting here with her daughter, Mrs. R. G. Stegall, and family.

PLANS MADE FOR SECOND ANNUAL F.F.A. SHOW TO BE STAGED HERE ON FEB. 9

The second annual F. F. A. show will be staged at the Eagle football field on Saturday, February 9. The show in Sanderson is the beginning of the showing of the projects of the local F. F. A. students and will give the boys show practice before taking off for the San Antonio Livestock Exposition about the middle of February. They will also be able to

correct many mistakes that show up in their stock and handling in the local show.

Boys who have projects in the class this year and who will compete within their own divisions are:

Douglas Attaway, lambs, hens and capons; Jimmie Caroline, lambs, hens and capons; Odell Carruthers, lambs, rams, hens and capons; Glynn Chandler, lambs, rams, ewes and capons; Raul Flores, lambs; Nicky Hahn, lambs; Tommy Mansfield, lambs; David Mitchell, lambs and rams; Joe Nessmith, lambs and capons; Marion Powers, rams and ewes; Charles Stegall, lambs and capons; Joe Vasquez, lambs, roosters and hens; Bob Wilkinson, lambs and range ewes. Pres Escamilla, lambs; Gustavo Flores, lambs, Kenneth Stutes, lambs, Jimmy Talbot, lambs; Sol Arledge, lambs, Mae Edwards, lambs, Adolfo Flores, lambs, Jerry McKelvey, lambs; Charles Stavley, lambs, Mike Turk, lambs, Jack Vincent, lambs and ewe lambs.

Eagles Win Over Presidio; Lose To Fort Davis Cagers

Last Friday night the Sanderson cagers took al three games from the Presidio quintets on the local courts. The "B" team won 36-18 with David Flores high with 9 points.

The local girls won 23-10 with Janell Littleton high with 13 points.

The "A" team won 55-9 with Rosendo Silvas high with 15 tallies.

Tuesday night the Fort Davis girls and "A" teams came to Sanderson and took both games from the Eagle teams. The girls lost by a score of 19-18 with Betsy Flores and Ruby Bell scoring most points. The "A" team lost by the score of 41-16 with Higinio Pena high point man.

Both the Fort Davis teams are leading the conference play with four wins each and no losses.

Thursday night the Valentine teams will play here and Tuesday night the Marathon teams will play here.

Both of the cage sessions will get under way at 5:30.

The mothers will serve sandwiches, candy and chewing gum.

The improvement of the cage play of the Eagles has been noted steadily and even though Coach Norman Rath has lost several of his players from last year due to injuries, the Eagles have been working hard to overcome their disadvantage of height and have been playing much better games against their opponents.

The public is urged to support the athletic teams and enjoy the hardwork sport displayed in the local gym.

The girls team has accepted an invitation to the Uvalde tournament in which nineteen teams are competing. The girls will leave for that city Friday.

Ellis McDougal To Nephew's Funeral

Funeral services were held in Elgin Sunday afternoon for David Leader, 18, a nephew of Ellis McDougal of Sanderson, a victim of suicide.

Mr. McDougal left for Elgin Saturday after receiving word of his nephew's death and returned Tuesday.

The parents, two sisters and one brother survive. Mrs. Leader is a sister of Mr. McDougal and has visited in Sanderson.

TWO BIRTHS HERE SUNDAY, JANUARY 27

Two births were recorded in Sanderson this week, both on Sunday, January 27.

A girl weighing eight and one-half pounds was born to Mr. and Mrs. Narciso Granada. She was named Ida Ramirez. Granada is a ranch laborer and the couple has three other children.

Raul Falcon was the name given to the little boy born to Mr. and Mrs. Jose Alvarez, their fifth child. He weighed eight and one-half pounds. Alvarez is a railroad laborer.

AARON RAY BILLINGS BORN IN DEL RIO HOSPITAL

Mr. and Mrs. Nelson Billings of Del Rio are the parents of a son, their fourth child, born last Wednesday morning in a hospital in that city. He weighed eight pounds and three ounces and was named Aaron Ray.

Simon Shaw, Jr., of Dryden is the maternal grandfather and Mrs. Lizzie Billings of Sanderson is the paternal grandmother.

The show will begin at 9 a. m. with the judging of hens first on schedule for the judging which begins at 9:30. Roosters will be judged at 10; special awards at 10:30; 10:45, judging of breeding ewes; 11:15 judging of rams.

At 1 o'clock in the afternoon, judging of fine wool lambs will begin and at 2 o'clock the judging of crossed lambs. The champions will parade at 3 o'clock and close the show.

The judge for the show has not been announced.

R. M. Turner, vocational agriculture teacher and advisor for the F. F. A. unit here, announced that he would appreciate the attendance of the public at the show. He added that the boys had worked long and hard for the preparation of their projects for this show and that some very fine animals were scheduled to make their appearance.

There will be no charge for admission to the show.

The homemaking girls will have cold drinks, sandwiches, cookies and coffee for sale at the concession stand.

Last year Jimmie Caroline exhibited the champion pen of hens. Glynn Chandler showed the grand champion lamb, David Mitchell the reserve champion lamb and Jimmy Harrison showed the grand champion ram.

Since there were several requests last year for the sale of some of the lambs, according to Turner, some of the F. F. A. boys have decided to sell their lambs. Any interested buyer of a choice, grain-fed lamb is asked to contact any of the boys who have a project for this year.

Due to the large number of boys who are feeding sheep for this year's show, the rules have been set to allow two sheep per boy in the show in Sanderson.

John P. Trotter Buried Monday At Sheffield

Funeral services were held Monday afternoon at the Church of Christ in Sheffield for John P. Trotter, 73, who died Friday afternoon in Houston, following a long period of failing health. Jimmie Dividen, minister, officiated at the rites and burial was in the cemetery at Sheffield.

A native of Lampasas County, Mr. Trotter, a West Texas ranchman for forty years, had ranched near Sheffield and Sanderson until about three years ago when he retired and moved to Houston.

Survivors include his widow, Mrs. Dora Trotter; two daughters, Mrs. Sybil Barnes of Wimberly and Mrs. J. C. Pate of Houston; his father, Albert Trotter of Los Angeles; two brothers, Wilbur, of Silver City, N. M., and A. B., also of New Mexico; two sisters and a grandson of Houston.

BAND BOOSTERS TO MEET TUESDAY AFTERNOON

The Band Boosters Club will have a very important meeting Tuesday afternoon in the high school auditorium at 4 o'clock.

All members of the club and anyone interested in the club's activities are urged to attend the meeting.

ic aspects of the issues as I would like to see them. In this whole realm of political action and economic education, the best chance for improvement lies in the ability to attract the citizen's self-interest.

Let us suppose there were to be held a meeting of the Board of Directors at the place where you work, and that the business of that meeting was to decide whether your salary should be increased or decreased. If you were a stockholder on that Board of Directors, where would you be when the meeting was called to order? Rain or snow, sleet or cold would not keep you away, would it? Of course not. When your economic future is at stake you want to be in on the decision.

Let us suppose, further, that at this same board meeting your privilege of voting on questions affecting your economic future were going to be challenged. This challenge to your freedom would be added incentive for your being present and voting, wouldn't it? Well, your self-interest, both economic and political, is affected to some extent by every election in which you vote or fail to vote.

The power of the American citizen's vote is his power to remain free. If enough of us fail to use that power, our nation cannot remain free. When a minority rules a nation, and continues to rule, its numbers string and its powers expand until there exists a dictatorship and individual freedom disappears. If we place a value on our personal freedom and on economic progress for ourselves and our families we had better — all of us — work to make 1962 the "vote-in" year in history. Ten people in each block in every residential section in the country, on the average, have not been voting at all. America cannot be safe and strong with such a weakness in our democracy. Let's all work to change this.

PERSONALS

Mrs. Jack Hinton returned to Sanderson last Friday from Jewett, Texas, where she had visited with her parents for two weeks.

Thurman White left Sunday for Winters after accompanying his fiancée, Miss Betty Ann Peavy, to Sanderson from Texas Tech.

Mrs. Carlton White returned home Friday from receiving medical attention in a San Antonio hospital and is slightly improved.

More Power and Economy in 1952 Buick

Buick's popular four-door Riviera sedan in the Super Series, incomparable in the medium-priced field, is presented here in its new 1952 styling. Important new exterior styling changes and exquisite new interior appointments lend a new note of elegance and beauty to the Super. New for 1952 are the sweepers and rocker panel moldings, rear fender ornaments, and high luster stainless steel wheel covers, offered as an option. A new high rear deck lid raises the silhouette of the rear section and provides seven per cent more room in the luggage compartment. The Riviera sedan is mounted on a 125 inch wheelbase—four inches longer than other models in the Super Series—which gives additional roominess and comfort. It is powered by the high performance F-263 Fireball engine which develops 128 horsepower with Dynaflo. New and bigger front wheel brakes, for greater safety, are features on all 1952 Buicks.

FLINT, MICH. — Buick today introduced its 1952 line of cars and turned the spotlight on its new Airpower carburetor, described by Buick engineers as the greatest improvement in carburetion in a decade.

The 1952 line, freshly restyled inside and out, includes 16 body styles in four horsepower ratings and four wheelbases. Eight models are offered in the Special Series and four each in the Super- and custom-built Roadmaster Series.

The new cars will go on display in dealer showrooms Saturday, Jan. 19. The new four-barrel Airpower carburetor, which is featured on the Roadmaster only, tops the list of engineering improvements for 1952. This carburetor, along with a change in manifold and an increase in the compression ratio, boosts the horsepower output of the Roadmaster Fireball-eight engine to 170, and improves gasoline mileage and performance throughout the entire speed range. The compression ratio has been increased from 7.2 to 1 to 7.5 to 1.

Power Steering, which takes most of the effort out of driving, is offered as an option on the Roadmaster. New and bigger front wheel brakes are featured on all models.

Improvements in body and engine mountings, and insulation, plus an even more generous use of sound deadener, make all 1952 Buicks quieter, adding to passenger comfort.

"We believe these improvements, coupled with our new styling features, make Buick the outstanding car value for 1952," said Ivan L. Wiles, general manager of Buick and vice president of General Motors.

Style-wise the 1952 Buick is new from every angle. New rear fender ornaments, smartly styled in chrome, and a higher rear deck lid on the Super and Roadmaster Series, raise the silhouette of the rear section. The new trunk lid provides seven per cent more room in the luggage compartment. Rear fender ornaments also are featured on the Special Series.

A restyled bumper-grille combination that retains that low, road-hugging effect characteristic of Buick styling, and handsome new sweepers moldings, add fresh beauty to the overall appearance of the car. Stainless steel rocker panel moldings previously featured on the Roadmaster only, have been added to all series.

New high luster, stainless steel wheel covers, embossed with the Buick emblem in the center, add a further touch of distinction to the 1952 line.

New and bigger front wheel brakes, designed for greater safety, give more braking capacity at points absorbing the greatest braking load. The width of the front brake linings on the Super and Special Series has been increased one-half an inch, to 2 1/4 inches. On the Roadmaster the width of the lining has been increased to 2 1/2 inches and the thickness has been increased 33 per cent. All brakes have full riveted linings, for longer life.

All cars in the Super and Special Series are powered with the high performance F-263 valve-in-head Fireball engine which develops 128 horsepower with Dynaflo.

Dynaflo, which now has the unqualified approval of more than 1,000,000 Buick owners, continues as standard equipment on the Roadmaster and optional on the Super and Special.

Buick Easy-Eye glass, which reduces road glare, is offered as an option on all models.

Numerous changes also have been made in the interior appointments of the 1952 line, featuring many distinctive two-tone combinations in both leather and cloth. Steering wheels in red, green or blue, to match the interior colors, are featured on five models in the Roadmaster and Super Series.

Her husband and sister, Mrs. J. C. Halbert, accompanied her home.

Mr. and Mrs. Stillman Long and family of Del Rio were week end guests of their sister, Mrs. John Harrison, and family.

Mr. and Mrs. A. W. Haley of Marathon were business visitors here last week. Mr. Haley left Friday for Chicago to attend a mechanic's school for three weeks.

Miss Beverly Thorn returned to San Angelo Tuesday after spending several days here with her parents, Mr. and Mrs. Gene Thorn. She is a sophomore at San Angelo Junior College.

Rev. and Mrs. J. W. Byrd took their daughter, Miss Joan Byrd, to San Antonio Sunday. She is a

Trinity University freshman and had spent several days here between semesters.

Mr. and Mrs. Dewitt Davis of Big Spring are visiting their son, W. A. Davis, and family this week.

Mrs. P. H. Snoddy of El Paso is a guest of her father, E. B. Litton, and her sister, Mrs. H. W. Halsell, and other relatives.

Mr. and Mrs. Frank L. King of Lafayette, California, are guests

GARDEN CLUB MEETS SATURDAY DRUSE HOME

The monthly meeting of the Garden Club was in the home of Mrs. Troy Druse Saturday afternoon with Mrs. Duke Phillips as co-hostess.

A dried arrangement by Mrs. T. Arrington and a bouquet of adolus were in the living room. Red carnations formed the centerpiece on the dining table. Mrs. Jack Deaton discussed things To Do While Your Garden Rests.

During the business meeting, Mrs. H. A. Smith reported on club projects and solicited the cooperation of the club in a community-wide clean-up campaign to be held in the near future under the auspices of the Terrell County Health and Tuberculosis Association.

Maple-nut chiffon cake and coffee were served by the hostess to Mesdames H. A. Smith, T. R. Arrington, E. E. Farley, J. W. Pate, Garner, Jack Hinton, H. E. Zelle, Jack Deaton, R. S. Wilkinson, J. O. Little and guests, Mesdames Tommy Stewart, Herbert Brown, Elmo Searcy and James Kerr.

Mrs. Mary Mitchell Leads Program On Missions Monday

Mrs. Mary E. Mitchell was leader of the program for foreign missions when the Presbyterian Women of the Church met Monday afternoon in Fellowship Hall.

Mrs. J. D. Nichols, vice president, presided. The hymn "Thou Who Rollest the Years Around" was sung by the group.

Mrs. Mitchell announced the prayer service to be held Tuesday and Wednesday and climaxed by a book review on foreign missions Thursday afternoon by Mrs. H. Galloway of Del Rio.

The hymn "Another Year is Dawning" was read in unison by the group and Mrs. Nichols led the responsive scripture reading from Chronicles. The program on world missions which was presented was titled "Their Light Has Shone Out Through All the Earth."

The hostess, Mrs. J. W. McKee, served angel food cake and mulled grapejuice to Mesdames C. C. Mitchell, J. D. Nichols, Mary E. Mitchell, R. S. Wilkinson, E. J. Hanlon, E. F. Pierson and a visitor, Mrs. T. R. Arrington.

VELVET ST. VALENTINE'S DRINK

IT'S Valentine's Day and Leap Year, too—that's when any girl should capture the tall, dark idol of her dreams. At least, she can make a hit by inviting him to a party. At practically no expense a Valentine party table can be made most attractive. A few flowers and those paper cut-outs of hearts and cupid which are available in the stores are all you need to make a charming centerpiece. Refreshments can be simple, small cakes and a real party drink, for instance, are quite enough to serve if you have an eye on the budget.

A good drink to serve at any time is pale dry ginger ale, and its fine flavor blends with other ingredients in making excellent special occasion drinks. Here is one, a delicate pink in color, tangy with ginger ale, creamy and foaming high, just right for St. Valentine's Day.

Pink Velvet Cream

1 cup heavy cream
2 1/2 cup canned cranberry juice
cocktail
1 tablespoon grenadine
Pale dry ginger ale

Whip cream; slowly fold in cranberry juice and grenadine. Divide among 4 tall glasses. Fill glasses with ice cold ginger ale. Stir gently to mix.

Mrs. W. F. Frazor Program Leader For W. S. C. S. Meet

Mrs. W. F. Frazor was leader of the program on "The Gifts We Bring Our Savior," when the Methodist Woman's Society of Christian Service met Monday afternoon in Fellowship Hall.

The group sang "Praise Him!" to open the worship service and prayer by Mrs. A. B. Gates followed. Mesdames W. T. Attaway, L. E. Arledge, Chester Boyd and H. E. Ezelle assisted in the program. After the hymn, "A Charge To Keep" had been sung, Mrs. L. H. Gilbreath read a poem and the Lord's prayer was recited in unison.

During the business meeting the group voted to have the Bible study "The Book of Acts" on Monday afternoon, February 11, the meeting to begin at 2 o'clock. Miss Eva Billings, spiritual life chairman, will direct the study. Plans were made to obtain a coffee maker through the sale of vanilla extract in the near future.

Mrs. H. E. Ezelle and Mrs. M. W. Duncan were announced as chairmen of the pie sales during February.

The hostesses served cake, tea and coffee from a table laid with a linen cutwork cloth and centered with an arrangement of violets and candytuft in a milk glass bowl.

Those present were Mesdames John Neal, Ida Bodkin, H. C. Goldwire, B. C. Henderson, W. W. Suduth, Hugh Rose, L. H. Gilbreath, C. H. White, L. E. Arledge, M. W. Duncan, Olaf Hoggard, Irvin Robbins, W. T. Attaway, W. F. Frazor, Gene McSparran, Chester Boyd, Misses Eva Billings and Kate Frazier, and guests Mrs. H. L. Surratt and Mrs. Vada Parrisher.

Chon Pena went to San Antonio Sunday night and will enroll at a barber college in that city. He is a son of Mr. and Mrs. Carlos Pena.

PINK AND BLUE SHOWER HONORS MRS. F. A. WIBERG

Mrs. F. A. Wiberg was honored with a pink and blue shower Saturday afternoon at the home of Mrs. B. C. Henderson with Mrs. A. B. Gates as co-hostess. A large stack was on the table in the living room.

Terry Lee Henderson, dressed in a pink and blue frock, pushed a baby buggy filled with gifts into the living room and presented them to the honoree who passed them for display to the guests.

The chosen colors were repeated in the refreshments of lemon ice box cake which was served with tea and coffee. Pink and blue napkins were made into miniature diapers and filled with pink and blue mints for favors.

Those present were Mesdames E. F. Pierson, J. W. McKee, Clyde Higgins, H. C. Goldwire, W. F. Frazor, Ben Dawson, Olaf Hoggard, J. C. Halbert, M. W. Duncan, Miss Kate Frazier, and Miss Bessie Pitts.

Mrs. Norman Rath went to Austin Friday to spend the week end with her parents. She accompanied C. W. Snowden who made a business trip to that city.

Mrs. M. H. Goode Hostess Thursday For Bridge Club

Mrs. M. H. Goode, Jr., entertained the Thursday Bridge Club at her home last week.

Coffee was served to the guests on arrival and four tables were arranged for the series of games. Mrs. Ora Quigg was winner of high score prize, Mrs. A. H. Zuberbuehler, second high, Mrs. Hugh Rose, low and slam prizes were held by Mrs. Zuberbuehler and Mrs. I. B. Rusk.

Angel food pie and coffee were served by the hostess to Mesdames Bustin Canon, James Caroline, Roger Rose, Mary Lou Kellar, I. B. Rusk, James Kerr, Herbert Brown, J. D. May, Jack Laughlin, H. E. Fletcher, P. P. Courtney, S. H. Underwood, Willie Banner, Ora Quigg, Hugh Rose, A. H. Zuberbuehler. Tea guests were Mesdames F. G. Grigsby and Mrs. J. W. Pate.

Mrs. M. A. Robertson and Mrs. C. E. Clymer were business visitors in Fort Stockton Friday.

M. L. Slade and his brother, Ira Slade, of Del Rio spent Sunday here with their sister, Mrs. H. G. Holt, and Mr. Holt.

S. P. Service Club Has Supper Saturday

Members of the S. P. Service Club enjoyed a supper served in the basement of the Masonic Hall Saturday evening. Families of the members were invited guests and about 150 were in attendance.

The supper menu was made up of baked ham, beans, salads, pickles, cakes, coffee and iced tea. An old fashioned spelling bee furnished diversion for the evening with D. L. Duke and Mrs. L. H. Gilbreath choosing the teams. Prizes were awarded to Mrs. J. W. McKee and L. H. Gilbreath for being the best spellers.

Mr. and Mrs. C. L. Matteson of El Paso were guests of Mr. and Mrs. Marvin Robertson Sunday.

Sgt. James Kerr of Randolph AFB, San Antonio, spent the week end here with his mother, Mrs. Joe Kerr, Sr., and other relatives.

Paul Kern's Dog Wins Field Trials At State Beagle Meet

Burnet, Jan. 22 — Major, the three-year-old registered beagle belonging to Paul Kern, son of Dr. and Mrs. J. C. Kern, formerly of Sanderson, won the blue ribbon for the second year in succession at the field trials meet conducted annually by the Texas Beagle Club.

The meet, which was held in San Antonio Sunday held four races, dividing the dogs by sex and size. Major won the 15-inch size for males.

Paul received Major for his eighth birthday and has been the sole trainer and is his handler at shows. Paul is the only child member of the Texas Beagle Club. He is a fifth grade student in the Burnet schools.

Record Birth Rate Shown In Texas During Past Year

Austin, January 23 — Birth records of 203,678 babies were filed in Texas in 1950, more than in previous years. State Health Officer George W. Cox revealed today. He estimated that the 1951 figures will reach or exceed 215,000.

The announcement was made to coincide with Tuesday's release of national figures on the completeness of birth registration in all states. Texas was credited with registering 96 out of every 100 babies born here.

The 203,678 figure is not to be confused with total births. Dr. Cox cautioned. It represents the number of babies whose births have been recorded by the State Health Department's Bureau of Vital Statistics, thus giving them all the advantages of legally filed birth records.

Health officials attribute much of Texas' progress to improved registration of non-white babies. More than 41 per cent of non-white infants were unregistered in 1940, compared with only 11 per cent in 1950.

Cox said the increase in number of hospital deliveries probably accounted for a substantial part of the progress, but that most of the credit was due the department's statistical bureau and "those local registrars, hospital staffs, physicians, and midwives who have faithfully complied with the law requiring records for all Texas babies."

It's the individual's best proof of citizenship, age, and parentage according to authors of the report, and a requirement for a driver's or pilot's license, a passport, for entering school, collecting life insurance, old age assistance, dependent children benefits, getting a job, benefits to veterans and their families, and a score of other activities.

Speeding Drivers Highest On Nation's 'Killers' List, Accident Statistics Note

Declaring that "speeders are getting away with murder," the nationwide newspaper campaign to reduce the 1952 traffic accident toll today centered its fire mainly on speeding drivers, who alone killed 15,000 men, women and children and claimed 500,000 injured victims last year.

Public safety specialists over the country have branded excessive speed as "Killer No. 1" in traffic accidents and urged that the most intensive law enforcement drives against speeders be undertaken this year in all states. They have also proposed that all official and unofficial groups interested in greater safety on the highways initiate educational programs during 1952 to help lower the high toll of deaths and injuries attributable to speed by persuading drivers to "slow down for safety's sake."

The key relationship of speed to the upward death curve in highway accidents in recent years has definitely been established, according to Thomas N. Boate, public safety director of the Association of Casualty and Surety Companies and acting manager of its accident prevention department. The tendency to higher speeds increased deaths on highways in rural areas by 3,200 in 1950, he said, accounting for all but 300 of the 3,500 jump that year in the death toll for the nation as a whole, compared with 1949. Last year, he added, rural deaths due to speed probably increased nearly 5,000 over the 1949 total.

A former captain of Pennsylvania's state police who has often seen dead speeders and their innocent victims in wrecks on the highways, Mr. Boate urged that speeders be made the No. 1 target of enforcement and educational campaigns throughout 1952 "to make a real start towards saving 10,000 lives this year" — the goal of more than 8,000 newspapers' intensive highway safety efforts. He recommended that law enforcement authorities be backed up in every way possible in drives to round up and penalize speeders.

In some states, Mr. Boate pointed out, drivers lose their driving privileges for speeding offenses. This has been an effective deterrent, he said, expressing the hope that more states would take similar action to curb "veritable jet-propelled speeds" on the open road and thus help to hold down the growing number of fatalities. But drivers themselves, he declared, must be convinced of the utter folly of reckless speeds to "save time," endangering themselves, their families, and other innocent persons on the streets and highways.

Excessive speed increases the severity of accidents two to three times, compared with mishaps at lower speeds, Mr. Boate emphasized. In one state a survey showed that on a super-highway where speeds of 70 miles an hour were permitted, and often exceeded, 4.5 per cent of all accidents were fatal, compared with 1.5 per cent in crashes on other highways in the same state.

"Speed is now causing up to

half of all motor vehicle deaths in a number of states," said Mr. Boate. "A correspondingly high proportion of those injured and crippled for life in highway accidents are caused by speeding. Also speed killed 13,000 men, women and children and its injured victims totaled 475,000 in 1950. Last year these casualties were greatly increased because of the growing tendency to speed. On the highways, speed is Killer No. 1 and its toll will continue to grow year after year unless enforcement officials, the public and millions of the drivers themselves take concerted action against needless, heedless speeding."

"There is almost a 50-50 chance that if you have a fatal accident it will be caused by speeding, so why not slow down, keep within sensible limits, and have a better chance of arriving safely at your destination?"

THE STATE OF TEXAS

TO: RALPH E. PARKS, Defendant.

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10th day of March A. D. 1952, at or before 10 o'clock A. M., before the Honorable District Court of Terrell County, at the Court House in Sanderson, Texas.

Said plaintiff's petition was filed on the 17th day of January, 1952.

The file number of said suit being No. 2130.

The names of the parties in said suit are: Wando O. Parks as Plaintiff, and Ralph E. Parks as Defendant.

The nature of said suit being substantially as follows, to wit:

Suit for divorce and custody of children.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 22nd day of January A. D. 1952.

Turner-Eastman Rites Held in Quiet Service Wednesday Evening

Wednesday evening at 6 o'clock the Methodist parsonage in the presence of close friends and relatives, Miss Alinda Eastman became the bride of Jim Turner, son of Mr. and Mrs. W. R. Turner of Sanderson. Miss Eastman is the daughter of Mr. and Mrs. T. Eastman of Cedar Station.

The bride wore a blue velvet gown with a white blouse and gray accessories. Her corsage was of white orchids and she carried a white Bible.

Miss Nancy Jean Turner, sister of the bridegroom, was the maid of honor. She wore a blue tulle dress.

Mr. Turner served his son as best man.

Mrs. Turner graduated from the Sanderson High School last year and has been employed by the Del Rio and Winter Garden Telephone Company.

Mr. Turner is employed by the Del Rio Truck Lines and the couple will reside in Sanderson.

Gutierrez-Cordova Wedding Jan. 19 in Trinidad, Colorado

Mr. and Mrs. Braulio M. Gutierrez have received word of the marriage of their son, Sgt. Enrique Gutierrez, and Miss Rafaela T. Cordova of Trinidad, Colorado. The wedding was in Denver on Saturday, January 19, and the couple will reside in that city.

Sgt. Gutierrez attended the local high school until he enlisted in the U. S. Army for World War II service and after his discharge he enlisted for six years.

Mrs. Dick Sullivan Entertains Canasta Club Wednesday

Mrs. Dick Sullivan was hostess for the meeting of the Canasta Club last week. High score prize was presented to Mrs. Russell Dyer and low score to Mrs. O. J. Presswell.

Cherry and apple pie a la mode were served with coffee by the hostess to Mesdames C. H. Stavley, J. F. Gholson, Weldon Cox, W. Stavley, F. G. Grigsby, O. J. Presswell and Gene Litton.

Bible Study For Baptist W. M. S.

Rev. Claude Bridges continued the study of the Bible study course using the book "Building a Christian Character", when the Baptist W. M. S. met Monday afternoon at the church. The concluding lesson will be given the second Monday in February. The regular business meeting will be held next Monday afternoon at four o'clock.

Those present for Bible study were Mesdames Maude Sullivan, Rodney Cathey, Claude Bridges, O. Gray, L. M. Stanley, V. E. Keyes, Lesta Schofield, A. D. Brown, C. W. Schofield, Lloyd Bowman and Francis Mansfield.

Miss Ginger Magill left Tuesday for El Paso to attend Texas Western College after a between-semester visit here with her mother, Mrs. Winnie Magill. Mrs. Magill took her to Marfa to join friends there for the trip to El Paso.

MRS. JAMES L. BIGBY

Patsy Casey Bride Of James L. Bigby Here Monday Morning

Miss Patricia Ann (Patsy) Casey became the bride of James Lester Bigby Monday morning at 10 o'clock when they exchanged marriage vows at the Methodist parsonage with Rev. Olaf Hoggard, pastor, using the single ring ceremony.

The bride wore a grey wool suit with navy accessories and a white orchid corsage.

The couple was attended by Mr. and Mrs. Ray Coble of Dryden. Mrs. Coble wore a maroon sport dress and a corsage of white carnations.

Mr. and Mrs. Bigby left today for a wedding trip and upon their return will be at home on the Cross L ranch south of Dryden.

The bride, the daughter of Mr. and Mrs. William D. Casey of Sanderson, is a sophomore in the Sanderson High School and has received all of her education here. The bridegroom is the son of Mr. and Mrs. W. A. Bigby of Dryden and Garden City. He is a graduate of the high school of Garden City and is in the ranching business with his father.

John Cates Honored On Fifth Birthday

Mrs. H. G. Cates honored her son, John, with a party Wednesday afternoon, the occasion being his fifth birthday.

After John opened his birthday gifts, the little guests, all boys, played cowboys and Indians.

Ice cream and punch were served with the birthday cake to Ray and Wally Welch, Dee and Tommy Gray, Bob Keyes, Buddy Moore, David Stanley, Jackie Bogusch, Elaine Stanley and Barbara Cates.

When the parents came for the children at five o'clock, coffee and cake were served to Mr. and Mrs. T. O. Moore, Mesdames O. D. Gray, V. E. Keyes, L. W. Welch, L. M. Stanley and Mr. Cates.

SPEED-KILLER NO. 1

Out of 35,000 lives lost in traffic accidents in 1950, 26,700 were sacrificed on the altar of carelessness. Speed—excessive, killing speed—accounted for nearly half that number. Speed, claiming 13,300 dead and 475,000 injured victims in a single year, is the nation's Killer No. 1.

While all traffic deaths declined from 1946 through 1949, even then fatalities on the open road kept creeping up. In 1950 a deadly spurt of speed accidents claimed 3,200 more victims in rural areas than it had the year before. Last year speed deaths again mounted.

Why do drivers race so heedlessly to destruction on the highway? Hardly to save time. Scorching at 70 is an invitation to disaster. Over any distance, 50 m.p.h. takes only a few minutes longer and offers a better chance of a safe arrival.

When you start out with your family or friends, discount speed before you take off. Give yourself and others in your car an extra margin of safety by leaving earlier and holding your speed within bounds. It's your responsibility to them and to others on the road.

Remember—more than one out of every three fatal accidents is due to speed.

Drive As Though Your Life Depends On It - - IT DOES!

Boy Scout Week Begins February 6

Believing that the fundamental need in America and in the world today, is character, the Boy Scouts of America will launch its new three-year program known as "Forward — Or Liberty's Team" during Boy Scout Week, February 6 to 12, the organization's 42nd birthday.

The nation's 735,000 adult volunteer Scout leaders involving more than 80,000 Scouting Units see the new program as a challenge that the youth of America may have available a program of character development so they may be trained, "on their honor to do their duty to God and their duty to their country."

Pointing out that in a few years America will have nearly fifteen million boys of Scouting age, Dr. Arthur A. Schuck, Chief Scout Executive of the Boy Scouts of America, said in a Boy Scout Week message that "everyone of them represents an opportunity as they march from youth to manhood."

Scouting's challenge says the Chief Scout Executive, is training "our youth in character, in qual-

WE NEED some cotton rags at once. No khaki or denim. We will pay for them and help some child earn spending money. The Sanderson Times.

NOTICE TO CREDITORS OF ESTATE

Notice is hereby given that original letters testamentary as Independent Executor of the estate of Hal J. Rowlett, Sr., deceased, were granted to me, the undersigned on the 24 day of December, 1951, by the county court of Terrell County, Texas. All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My residence and postoffice address are Sanderson, county of Terrell, state of Texas.

HAL J. ROWLETT, JR., Independent Executor of the estate of Hal J. Rowlett, Sr., deceased. 47-4tc

ities of citizenship and unselfish service."

"Many Americans," he says, believe in our ability to make the Scout Oath and Law and the Scout Program vital factors in helping to preserve American Democracy through men who are 'physically strong, mentally awake and morally straight.'"

"Today's challenge," he warns, "is fast running out. More boys must have the best leadership, the best program and the best in spiritual ideals."

"The fundamental requirements for the kind of democracy of which I speak is character in the individual citizen. There is nothing wrong with America that character cannot change. That change can be effected in one generation with proper character training for youth."

The Boy Scouts of America, Dr. Schuck feels has a great job to do to help develop "a body politic which, because of its character, will not be indifferent to the responsibility of voting, but will consider their right to vote as a great privilege, that must be intelligently exercised, if government of the people is to prevail."

Dr. Schuck announced that the nation's Boy Scouts now numbering more than 2,900,000 boys and leaders, will take part in the campaign to Get Out the Vote in the Presidential elections this Fall. It will be, he said, "a non-partisan effort, without reference to any candidate or party."

The Boy Scouts will urge the people of America to exercise their franchise and go to the polls and vote. They will place on the door knobs of over thirty million American homes a cardboard hanger in the form of a Liberty Bell with the slogan of the new 3-year program, "Forward — On Liberty's Team" and the injunction for every citizen to vote.

The Scout Program is a great help to the American home, Dr. Schuck feels. "There is no substitute," he says, "for the character training of children in a God-worshipping home where family love, honesty of performance, integrity of conduct, honor and unselfishness are taught and lived."

The home, he said, needs supplemental help.

Miss Betty Peavy New Local Teacher; Schofield Resigns

The employment of Miss Betty Ann Peavy to teach the third grade in the Terrell County school system completed the faculty for the elementary grades in the Sanderson school. Miss Peavy is a mid-term graduate of Texas Tech and received her BA degree at the end of the first semester of school. She will be a beginning teacher. Miss Peavy is a graduate of the Sanderson High school and is well known in Sanderson.

C. W. Schofield, commercial department teacher in the Sanderson High School, informed Supt. Bader this week that he plans to take employment as an office manager in Beaumont and will resign within thirty days, or at such time as a replacement may be obtained. Mr. Schofield has been employed in his present position for the past one and one-half years.

The school has had six resignations since September, four in the

elementary school and two in the high school. According to Supt. Bader, vacancies have been hard to fill and the shortage of well-qualified teachers is more acute at this time than it has been within the past three years. Many teachers, he said, are leaving the profession to enter other fields of employment.

Tommy E. Tatum has moved his family here from Dublin and they are occupying the Robertson duplex. Mr. Tatum will replace R. M. Turner, local vocational agriculture teacher.

RANCH II - D CLUB TO MEET TUESDAY MORNING

The Ranch Home Demonstration Club will meet Tuesday, February 5, at 10:30 at the home of Mrs. W. F. Frazer with Mrs. M. W. Duncan as co-hosts.

The members will not bring a lunch.

Charles G. Riggins returned Tuesday night from a business trip to San Antonio.

FELLOWSHIP MEN'S BIBLE CLASS

of the First Baptist Church, Sanderson Meets each Sunday Morning at 9:30

at the Masonic Hall

Albert Weigand is the President and Rev. Claude Bridges is the Teacher. The Bible is presented in an interesting way that appeals to men. All men of this section not now attending some other Sunday School are invited to enjoy this time of Bible study and a wonderful time of fellowship around the coffee and donuts.

THE GREATEST CAR EVER BUILT

IN THE LOW-PRICE FIELD

The big 1952 FORD

Outperforms them all!

Ford's completely new 101-hp. high-compression, low-friction Six, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

Out-rides them all!

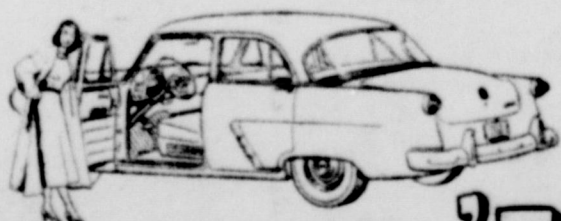

The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.

Out-sizes them all!

The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

Full-Circle Visibility!

With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

You can pay more but you can't buy newer or better!

Exclusive Power Pilot Economy!

Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "go" on "regular" gas.

New Coachcraft Bodies!

Ford's new Coachcraft Bodies are longer, stronger... distinctive in their modern beauty. They offer new built-tight construction which seals out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!

Out-values them all!

With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counterbalanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class!

Fordomatic Drive, Overdrive, whitewall tires (optional) and turn-lane lights on Customline Sedan optional at extra cost. Equipment, accessories and trim subject to change without notice.

PLYWOOD HELPS YOU REMODEL YOUR HOME

The speed and ease with which plywood can be handled, plus its great strength and light weight make it ideal for any remodeling job. Whether you want to add a room, finish an unused attic, or rearrange the rooms in your home, plywood can help you in every phase of the job.

One or more plywood products are ideally suited to help you from floor to roof, inside and outside. Sheathing and subfloors are put in place quickly and easily. Decorative plywood planks and panels give you ready-finished interior walls, while plywood squares provide a beautiful and easy to install ceiling. Ask your lumber dealer about the many ways you can save by using plywood when you remodel.

Plywood combines with other building materials

Inside and outside, plywood combines with other building materials to give you pleasing and distinctive effects. Used with brick, masonry or concrete blocks its smooth surfaces provide beautiful contrasts in texture.

Inside your home, plywood partitions, paneling and built-in conveniences can all share in the warmth and beauty of natural wood, and you have almost unlimited choice of woods.

Plywood is more proof of the fact that good materials make good companions.

Copyright 1951—Curtis, Schwanitz & Co.

Wonder Wood for Home Builders and Owners

Most of us think of plywood as a comparatively new building material. Actually plywood, or laminated wood, is as old as the pyramids. Not only did the Egyptians, Greeks and Romans use it, but the kings of France filled their palaces with examples of the art of lamination.

But, structural plywood, the versatile material we know today, did not really come of age until after World War I. This engineered wood, this "wood and glue sandwich," which is many times stronger than the tree from which it came, is now used for building everything

from homes, to boats, to boxes and furniture.

There are two general types of plywood: Exterior plywood, bonded with phenolic resin adhesives which are completely waterproof and stronger than the wood itself; and interior plywood panels which are in a great variety of woods both finished and unfinished.

Plywood is commonly available in thicknesses ranging from 1/8-inch to 3/4-inch at 4-inch intervals. Bending 5/8-inch plywood is available.

Plywood can help you build more strength and beauty into your home

ON THE ROOF
Plywood sheathing on roofs makes possible important savings in time and application costs, especially if house has been planned in 4-ft. modules. Plywood holds nails tightly, will never cup, twist, or curl.

ON EXTERIOR WALLS
Plywood panels offer a solid backing for all siding materials, makes perfect fits around windows and doors, and is twice as rigid as diagonal sheathing.

ON THE FLOOR
Subfloors of plywood make wood floors strong, square, warpless, and afford a perfect base for the finish flooring, linoleum, asphalt tile, or carpeting.

ON INTERIOR WALLS
Plywood affords almost endless variety of decorative finishes both as a base for other materials and utilizing the natural beauty of the wood itself.
