HELPING TO BUILD A GREATER ARTESIA

VOLUME FORTY-FIVE | ARTESIA, NEW MEXICO, THURSDAY, SEPTEMBER 9, 1948 | NUMBER 37

Substitute Paving Program Starts On North 12th Street This Week

Paving under the substitute program recently proposed by Mayor Orus C. Roberts and the City Council started Monday on North 12th Street for a distance of two blocks from Main Street, with plans to pave Merchant Avenue next.

Under the present project, property owners on each unpaved block were being approached with the paving plan and asked to sign up. If all on the block comply, then that block will be paved, otherwise it will be passed up.

It has been pointed out by the mayor that as much as 35 to 40 per cent is being saved by property owners under this plan from what they would have to pay had the city council voted to go ahead with the previous compulsory plan.

After many protests had been filed with the council, because of the present high labor and material costs involved, it was decided to abandon the previous plan, while a substitute was sought.

Under the substitute plan, which is entirely voluntary, a contract is made between the property owner and the Edgar Martin Construction Company of Alpine, Texas, with the city taking no part other than the engineering and approval of the work.

The two streets in the Spencer Addition being paved first will be complete with curb and gutter. On some of the north-south streets, it is expected the improvement will consist at this time only of blacktopping, with the construction of curb and gutter deferred.

Mayor Roberts said the construction started this week will serve as a nice exhibit for owners of property on other streets and he invited them to watch the work.

Three-Night Shrine Carnival To Start Tonight, Wind Up Saturday

Members of the Artesia Shrine Club are on their toes today and finishing up preparations for the annual Shrine carnival, which will be held this evening and Friday and Saturday evenings on the lot at Fifth and Texas Avenue, just north of the city jail.

The three-night carnival will close Saturday night with a dance in the Veterans Memorial Building.

In connection with the carnival, the Shrine Club will give away a Chevrolet automobile Saturday night and a Westinghouse electric refrigerator Friday night.

Members of the club started Tuesday evening building booths and concessions on the lot in preparation for the three nights of fun and frolic, planned to raise funds to help pay off the indebtedness on the new Masonic Temple.

The carnival will be similar to that given by the Shrine Club on Morris Field last year and in the Booker Building before its completion two years ago. Both were quite successful and provided much fun for the people of the community.

Included in the two dozen or more booths, concessions, and games will be some of the old stand-bys which were used at the two previous carnivals, such as throwing loops over the heads of swimming ducks, bingo, fortune telling, and the like.

But some new attractions have been added by way of providing more variety.

For the kiddies Dee Sprayberry's miniature train has been moved to the carnival location. There likewise will be other rides for the children—or for the adults if they choose.

Tickets for the carnival dance have been on sale the last few weeks, and during the current week, starting last Saturday and finishing next Saturday night, Masonic women are having a contest for a prize of an electric food mixer, which will go to the one selling the greatest number of tickets during the period.

Included in the contest are wives of Masons annd Shriners, members of the White Shrine, and Rainbow girls.

It is expected they will offer dance tickets at the carnival all three evenings, as well as on the streets of Artesia Saturday.

It was pointed out that whereas one ticket will admit a person to the dance, the purchase of more tickets will help swell the Masonic Temple building fund.

Prohibition Of Carp Minnows Means Good To Greatest Number People

Elliott S. Barker, state game warden, has written The Advocate, pointing out the menace to fishing caused by rough fish and in answer to an open letter from R. E. Wade in the Aug. 26 issue, in which Wade protested the possible passing of a regulation prohibiting the sale and use of carp minnows.

Likewise elsewhere in this issue is another open letter to the game warden from J. D. Whitlock, who takes issue with Wade and attacks the subject somewhat along the lines that does Game Warden Barker, to wit:

Reference is made to an open letter signed by Mr. R. E. Wade and directed to me published in the Aug. 26 issue of your paper.

I wish at this time to call Mr. Wade and the public's attention to the fact that fishing has been getting poorer and poorer in the Pecos Valley waters for a number of years. Many persons have advocated additional stocking in order to improve fishing conditions. We contend that lack of stocking is always the cause of poor fishing; however, to make a test of the matter, a few years back when Lake McMillan ceased to be a fishing water we arranged with the Fish and Game Service to allot the number of fish that had formerly been planted in Lake McMillan to the Pecos and Lake at Carlsbad in addition to the regular planting of the Pecos. For a number of years there was a great number of bass in the Pecos but we did not improve the fishing at all.

We have felt that rough fish, particularly carp, was the limiting factor and, hence, we are now going to a great expense in cleaning the waters of the Pecos Valley by poisoning out all fish and then restocking with game fish only. In Clark Creek it was found there were 10,000 pounds of rough fish, mostly carp, to every pound of game fish. In Clark Lake somewhere 10,000 pounds of rough fish were taken out and less than

Death Comes On Sunday Evening To Mrs. Frazier

Mrs. Ewell Frazier, 39, who had been ill about four months, died at 8:10 o'clock Sunday evening at Artesia Memorial Hospital.

Funeral services were from the Church of the Nazarene at 2 o'clock Tuesday afternoon by Rev. John W. Eppler, pastor. Burial was at Ballinger, Texas.

Mrs. Frazier was born at Coleman, Texas, as Winnie Jean Marsh, a daughter of Mr. and Mrs. T. M. Marsh, Oct. 3, 1908.

On May 18, 1935, she married Ewell Frazier, and to them were born four children, all of whom survive. They are Donzella, Ewell Marvin, Cyrisa Irene, and Charlotte Jean Frazier.

Mrs. Frazier is survived also by her father, T. M. Marsh, Ballinger, Texas, and two brothers, Raymond O. Marsh, Artesia, and Lester M. Marsh, Inglewood, Calif.

Mr. and Mrs. Frazier and family moved to Artesia from Ballinger about eight years ago.

Mrs. Frazier was a member of the Church of the Nazarene.

Exceeding Dove Bag Limit Costs $28.50 To R. L. Burcham

R. L. Burcham was fined $25 and costs of 28.50 Saturday by Justice of the peace J. D. Josey on a charge of having exceeded the dove limit of 10 birds.

Deputy Game Warden L. W. Simmons, who filed the complaint against Burcham, said he was in possession of 14 doves. The complaint said the offense was committed Sept. 1, the opening day of the season.

Of the $28.50 costs assessed against Burcham, $25 was the fee to an appointive game warden.

Mrs. Tyson, 37, Dies At Hospital Here Sunday

Mrs. Kenneth Tyson of the oil field, 37, died at 8 o'clock Sunday afternoon at Artesia Memorial Hospital after a short illness.

The body was shipped by rail Tuesday night to Ballinger, Texas, where funeral services and burial will be. Arrangements were made by Paulin Funeral Home.

Mrs. Tyson is survived by her husband, her father, Homer Thiebaut of Portage, Ohio, four sisters, Mrs. John Evans, Monterey, Ohio; Mrs. Ivan Lugabihl and Miss Lucille Thiebaut, Portage, Ohio, and Mrs. Charles Biggins, Toledo, Ohio; three brothers, Francis and Charles Thiebaut, Bowling Green, Ohio, and Dale Thiebaut, Portage, Ohio, and a sister-in-law, Mrs. Dorothy Nell Thiebaut, Portage.

As Blanche Leila Thiebaut, a daughter of Mr. and Mrs. Homer Thiebaut, Mrs. Tyson was born March 6, 1911, at Cygnet, Ohio. She and Mr. Tyson were married at Butler, Ind., in 1932. They had no children.

Mr. and Mrs. Tyson came to this community from Randolph, Ohio, bout two and a half years ago.

Artesians Are Shaken Up In Car Accident

Members of a party from Artesia in two cars on the way to New Matamoras, Ohio, to attend funeral services for Mrs. Howard English, a relative of the Artesia people, who died Tuesday, were injured early Wednesday morning, but none seriously, when both cars were involved in an accident south of Roswell.

In the lead car, driven by E. A. Paton, were also Mrs. Paton, Martin Moore, and Mrs. Jimmy Murdock, respectively sister, brother, and daughter of Mrs. English. In the second car were Mrs. Charles Hammett, a niece of Mrs. English, and Mr. Hammett and Mr. Murdock.

Although all were somewhat shaken up and bruised, perhaps the most serious injury was a sprained wrist, which Mrs. Paton sustained.

As described afterwards, it was raining and the lead car skidded on slippery pavement and ran into a telephone pole, throwing Paton out.

Murdock, who was driving the second car, applied his brakes when he saw the front car skid, throwing the second car likewise into a skid and into a southbound car in which were two soldiers.

It was understood Mrs Murdock planned to go by plane to her mother's funeral, but that the others of the party will remain here.

Mother Of Artesian Dies While On Visit At Fort Collins, Colo.

Mrs. Charles A. Lincoln, 69, of Van Buren, Ark., mother of Mrs. Tom Donnelly of 918 South Third Street, Artesia, died Aug. 28 after an illness of a week in a hospital at Fort Collins, Colo., where she was visiting another daughter, Mrs. W. R. Horlacher.

Mrs. Lincoln was born Dec. 18, 1879, at Van Buren, where funeral services were held from the First Baptist Church, of which she was a member and of which she was a charter member of the Dorcas Class.

Surviving Mrs. Lincoln are her husband, two daughters mentioned, two sons, Fred Lincoln, Los Angeles, Calif., and Dr. Bert H. Lincoln, Ponca City, Okla.; seven grandchildren, and two great-grandchildren.

Mrs. Lincoln had visited her daughter, Mrs. Donnelly, here several times.

Barber Shop Quartet Will Sing Sept. 19 At Baptist Church

The Barber Shop Quartet singers will present a variety program including sacred and spiritual songs at the First Baptist Church at 8 o'clock Sunday evening, Sept. 19, it has been announced by V. F. Lowery, president. The public is invited.

He urged that all members of the organization report next Tuesday evening to rehearse for the special program.

The president said more members are still being sought and invited all men who like to sing to join.

Mrs. Tidwell And Baby Killed And Bill Thompson Critically Injured

Mrs. Warren Tidwell, Jr., 21, and her infant son, Gary Lynn, of Artesia were instantly killed and J. W. (Bill) Thompson, 33, also of Artesia, was critically injured in a Labor Day afternoon traffic accident near Wilson, Texas, about 12 miles this side of Lubbock.

F. M. (Bill) McGinty, Artesia manager for the Southern Union Gas Company, for whom Thompson works as a serviceman, who went to Lubbock Tuesday to be with Thompson, said in a telephone conversation Wednesday little hope was held for Thompson, whom, he said, was runnning a temperature of 104 degrees and might not live out the day or night.

In the accident he sustained severe head injuries and a fracture of both bones in one leg, besides other posible injuries. He remained unconcious at the time MsGinty called.

Mrs. Thompson sustained a head injury, but it was thought she would be released from the hospital in Lubbock Wednesday. Mr. and Mrs. Thompson's little daughter, Sandra, was uninjured.

Mrs. Earmon D. Duncan, who was riding in another automobile involved in the accident, was seriously injured, but it was understood injuries to her husband, who was driving, were superficial.

It was understood the party from Artesia was on the way home after a Labor Day week end trip when the Thompson car was sideswiped by a truck being towed by another truck, and that when the Thompson car spun around it was struck by the Duncan car.

Mrs. Tidwell, the former Miss Mickey Whisner, was formerly employed as a beauty operator at the Vogue Beauty Shoppe here.

Funeral services for Mrs. Tidwell and her baby will be at 2:30 o'clock this afternoon in Portales, where she was reared.

Bullbogs To Play Season Opener At Monument Friday

The Artesia High School Bulldogs are primed and ready to meet Monument there at 2 o'clock Friday afternoon in the opening grid game for both schools.

Although it is understood Monument has a fairly strong team this year, the Bulldogs under Chief Coach Claude (Jiggs) Whittington and line coach Floyd Davis are eager and, although light, are fast and should give the Lea County team a tussle.

The Bulldogs have been practicing two to two and a half hours a day since Aug. 18, with the coaches driving them hard both mentally and physically, and local fans who have been watching practice are highly pleased with the way they have been shaping up.

It is planned to take 24 Bulldogs, the manager, two coaches, and driver in the Bulldog activities bus to Monument, leaving here Friday morning.

However, from 40 to 45 varsity squad candidates have been reporting for practice, but only 24 will be suited out for the Monument clash. The coaches plan as the season advances to cut the varsity squad to about 30.

In the meantime the "B" squad under coach Kenneth Lance has 52 players, which will be somewhat augmented when the varsity squad is cut.

The first home game for the Bulldogs will be on Morris Field at 8 o'clock Friday evening of next week, Sept. 17, against Tucumcari.

That team was originally scheduled to come here Friday, Oct. 22, but the date was shifted, thus avoiding having two open dates in succession for the Bulldogs, on Sept. 17 and 24.

Presbyterians To Start Series Midweek Study

A series of midweek services of devotion, prayer, and Bible study at the First Presbyterian Church to be held each Thursday evening will start tonight, it was announced by Rev. Ralph O'Dell, pastor.

Each will start at 6:30 o'clock with a fellowship supper, after which from 7:30 to 8:30 o'clock there will be discussions and study of timely subjects which relate themselves to interpreting Bible understandings, Christian faith, and learning the importance of religion in the thought and beliefs of the community, he said.

"The church should be a family in a very definite spiritual sense," Rev. O'Dell said, "and the more we can fellowship in a personal and informal way, the more spiritual values will have a bearing on our workaday lives."

He said few people realize what a tremendous influence the Bible has had in the making of the democracy, the formulation of the nation's education, individual free enterprise, and even the vocabulary.

The pastor said the meetings will start off with a series of discussions on "Marching Through the Ages With the Bible."

Thompson Gives Talk On Glass At Rotary Meet

The history of the art of glass making and a resume of the advancement in its manufacture from ancient times to the present was given Tuesday noon at the weekly Rotary Club luncheon by Ray (Tommie) Thompson in a vocational talk.

He recalled that glass was discovered by Phoencian sailors when they built fires on a beach and the sand fused with soda ash, which was being used as ballast. The composition of all glass is primarily the same, he said, about 75 per cent silicates, or sand, 12 per cent soda, and the remainder limestone.

For many centuries, Thompson said, glass was translucent, but not until about the time of Christ was transparent glass manufactured.

The blowpipe, which has changed little, was invented about 300 B.C., in which period the Romans made he first flat glass and it was employed to transmit light into homes, the speaker said. However, he added, for many years the ruling class-

(continued last page this section)

Kiwanis Inducts Nine Members, Springs Bulletin

Nine new members were inducted into the Artesia Kiwanis Club last Thursday noon, at which time the club's new bulletin, "The Jamborette News," put in its first appearance.

The new members are John A. Mathis, Jr., Milton G. Lossee, H. L. Sanderson, Jack Carson, Jr., J. C. Gressett, Guy A. Smith, W. H. (Bill) Everest, Garland Stuart, and Horace Brown.

The great increase in membership is attributed to a membership and attendance contest, of which W. W. Ports and Marshall Rowley re captains of opposing teams.

The new bulletin was named after "Jamborette," the pig which

Football Tickets To Go On Sale Next Saturday

Beginning Saturday, Sept. 11, Artesia High School football season tickets and season reserve seat tickets will be on sale at Keys Men's Wear.

A new feature in the sale of football tickets and reserved seats has been inaugerated for the coming season an it is the combination of the two.

The football season ticket is $4.50 for adults, with tax included, and $1.50 for a season reserved seat ticket and the two are selling for a total of $6. The season football ticket and reserve seat ticket are combined on one ticket and will admit the individual to six home games and hold for that individual a reserved seat for the entire season.

Season tickets and reserved seats are on sale for high school and elementary students, as well as for adults at the Keys store.

All football spectators are urged to get season tickets and reserved seat tickets before the game with Tucumcari Friday night, Sept. 17. Game time will be 8 o'clock.

Final Date For Registration Is Saturday, Oct. 2

Otherwise qualified voters who are not registered were reminded this week they have only until Saturday, Oct. 2, in which to register in order to be qualified to vote in the general election Tuesday, Nov. 2.

They may register with Mrs. Erma Williams, second floor of the Booker Building in Artesia, or at the county clerk's office in Carlsbad.

Party affiliation may also be changed up to Oct. 2, after which the registration books will be closed until after the general election, in order that they may be arranged for use at the polls on election day.

It has been estimated there are at least 1000 otherwise eligible citizens of North Eddy County, who are not registered to vote.

Air Service Is Denied Pending Hearing Oct. 5

In a message from General Robert J. Smith, president of Pioneer Air Lines, to Luther E. Sharpe, secretary-manager of the Artesia Chamber of Commerce, Monday he said Pioneer has been denied its application asking for immediate service for Artesia, but noted the previously announced formal hearing on Pioneer's and Artesia's applications will be held Oct. 5, probably in Washington, D. C.

However, the chamber manager said, it is possible the formal hearing will be at Denver instead of Washington.

In his message to Sharpe, General Smith was reading from a letter from the Civil Aeronautics Board, before which the formal hearing will be held.

Manager Sharpe said that although he is greatly disappointed that the CAB turned down the application for immediate commercial air service for Artesia, he is quite optimistic about the final outcome.

Two Deep Test Wildcats Rigging Up To The West

Two new deep test wildcats are rigging up big rotaries this week about 25 miles west and a little north of Artesia, both scheduled o drill to granite, unless production is obtained at a lesser depth.

They are the Humble Oil & Refining Company's Gorman-Federal 1, NE NE 30-15-22, and Magnolia Petroleum Company's Turney-Federal 1, NW NW 23-14-22.

Although both wells are in Chaves County, it is expected they will have a great influence on the oil industry in Artesia if either or both should strike pay. Both probably will spud this week.

Eddy operators reported the completion of a gasser and a commercial well, while a third completion was abandoned. During the week three new locations were staked.

The completions:

Southern Union Gas Co., Keys 8-A, NE NW 10-17-28; total depth 1437 feet; flowed 2,000,000 cubic

(continued last page this section)

Medical Staff Names Dr. Bunch Chairman For Coming Year

At a meeting of the medical staff of Artesia Memorial Hospital Monday evening, Dr. C. Pardue Bunch was elected chairman for the coming year.

Dr. J. J. Clark, Jr., was named vice chairman, and Dr. Pete J. Starr, secretary.

A committee was appointed to revise the constitution and by-laws of the organization so as to conform with the standards of the American College of Surgeons. Plans also were made for programs for the monthly meetings the coming year.

Campaign For Navy Band Concerts Oct. 9 Is To Be Launched

An active campaign for the promotion of the concerts in Artesia Saturday, Oct. 9, will be launched next week, it was announced by Wayne Paulin, president of the Lions Club, sponsoring organization.

The band, which will be on a limited tour of 30 engagements, will play matinee and evening concerts at Morris Field, or, should the weather be bad, in the auditorium of Artesia High School.

The afternoon concert, which will be light, will appeal especially to the youngsters, but will not be beneath any music lover; it was announced. In the evening will be played a program of "great music," carefully selected by Lt. Com. Charles Brendler, noted conductor, who earned his post by working up from the ranks.

School Enrollment Reaches 2250 Tuesday, All-Time Record

Tom Mayfield, superintendent of Artesia schools, announced enrollments through Tuesday for the first four days of the fall semester totaled 2250, and a new record, as compared with 1966 at the end of the first week of school last year and 1950 at the end of the first four-week period two years ago, an increase of 14.5 per cent.

The greatest increase over a year ago, the superintendent said, was in high school, seventh through the 12th grades, for which the total Tuesday was 8 12a s,compared with 689, or an increase of 123.

Superintendent Mayfield pointed out that the 812 are housed in a building which was built to accomodate 500 students, when it was put into use 10 years ago this month. And, he added, if the same general rate of additional enrollment is experienced as last year, the figure may reach 1000, while the same increase in the system would indicate the total registration may reach 2400 by the end of the first month.

Throughout the system, the only school in which there were fewer enrollments Tuesday as compared with the end of the first week a year ago was Carver School, Negro. There the Tuesday total was 40, whereas a year ago it was 43.

Registration in all elementary schools, through the sixth grade, totaled 1438 Tuesday, compared with 1281 a year ago, an increase of 157.

Comparative registrations Tuesday with a year ago by schools: High, 812, 689; Park, 541, 482; Central, 483, 432; North Side, 314, 270; Oilfield, 60, 54; Carver, 40, 43.

The breakdown Tuesday by grades: Pre-first, 115; first, 206; second, 211; third, 203; fourth, 187; fifth, 214; sixth, 202; seventh, 164; eighth, 144; ninth, 154; 10th, 155; 11th, 116; 12th, 79.

Superintendent Mayfield said special classes are helping to take care of the great enrollment in the high school.

One such is the new driving course, in which 23 are enrolled. The course includes laboratory work as well as at least 12 hours of individual driving.

In the new vocational agriculture course, 35 students are enrolled in three classes, Superintendent Mayfield said. It is hoped to hold the enrollment to 12 in each class.

Whereas there was only one class of about 30 last year in Spanish I, more than 110 have signed up for this semester, he said. And typing 1 and 2 classes have an enrollment of 165.

The new course of business practice has attracted 15 students, and the addition of a half-time home economics teacher has made it possible to add three full new classes of 24 students each, or 72.

Other new classes are one each of shorthand and bookkeeping and two of choral music.

The superintendent said that through Tuesday the senior band had enrollments of 38 and the junior band 26, with more still signing up.

Soil Conservation Field Day Trip Is Planned For Next Thursday

Farmers, businessmen, and others interested in agriculture are being urged by officials of the Soil Conservation District and farm leaders to attend a field day in North Eddy County next Thursday, Sept. 16, when a tour of some of the farms which have benefitted by conservation practices will be visited.

The group is to assembly between 9:30 and 10 o'clock in the morning at the office of the Artesia Alfalfa Growers Association on East Main Street, with plans made to leave Artesia promptly at 10 o'clock to see the conservation work.

Among the farms to be visited are those of Joe Lee, R. G. Gooden, Bill Jackson, Herman Green, Jim Berry, J. W. Collins, and Clarence (Skeet) Porter.

A free lunch is to be provided at noon on the Jim Berry farm southeast of Artesia at noon.

It is provided by the Peoples State Bank, Artesia Farmers Gin Company, the Espuella, Atoka, and Artesia Gins of the Artesia Alfalfa Growers Association, Cottonwood Gin, and the First National Bank. Ross Sears, president of the First National Bank, will be in charge.

Crops growing on land where conservation practices have been applied will be viewed, and some of the principal practices to be seen are leveled land, concrete drop structures in irrigation ditches concrete ditches, irrigated pastures, crop rotation results, and improved irrigation practices.

Pastures which were observed on a similar tour two years ago are to be visited again. Some other farm practices also will be inspected, so as to afford comparisons.

Implement dealers plan to demonstrate machinery suitable for conservation work on the Porter farm located west of Artesia.

The extension Service, Supervisors and co-operators of Central Valley District, and the Soil Conservation Service are co-operating to put on this program.

R. A. Young of the Department of Agriculture in Albuquerque will be the principal speaker at the meeting immediately after lunch.

A four-column lay-out of pictures showing some conservation practices such as will be seen on the field day trip next Thursday will be found on an inside page in this issue.

Regular And Special Game Seasons Are Announced By State Department

The New Mexico Department of Game and Fish has announced all regular and special seasons, including pheasant season in certain areas and three area antelope seasons.

The pheasant season will be from noon to sunset Thursday, Oct. 23, and from Sunrise to sunset Friday, Oct. 24, with a season limit of two cock birds.

Included in the open areas is the Pecos Valley from Lakewood to Alamogordo Dam and east of the range line between ranges 20 and 21.

For the three special antelope seasons, 588 permits will be issued, the department announced. The fee for resident hunters will be $10 and for non-resident hunters $40. Not more than 15 per cent will be issued to non-residents. Applications for any of the special antelope seasons must be received by the department no later than 10 o'clock the morning of Sept. 21 to be considered. Each must be accompanied by the specified fee.

Of the 588 permits to be issued, 210 will be for the southeast area, 225 for the southwest, and 113 for the northeast.

In the southwest area, where the season will be from noon to sunset Friday, Oct. 8, and from sunrise to sunset on Saturday and Sunday, Oct. 9-10, permits will be issued: Engle 40, Alamogordo(Cox, Lee, and adjacent ranches) 60, Flying H (Loco, Salt House, and Lamb pastures) 20, LE Ranch (J. P. White) 35, Mesa (Lewis, Stinson, and Wright ranches) 30, Lon area (Clyde Morley) 25.

The season in the southwest area will be noon Oct. 2-4, and in the northeast area, noon Oct. 13-15. One buck antelope map be taken.

The regular big game season for the taking of one legal buck deer and one turkey will be from noon to sunset Wednesday, Nev. 10, and sunrise to sunset Thursday, Nov. 11, through Friday, Nov. 21.

Of three special deer seasons,

Rev. Willingham Is Named President Of Ministerial Alliance

Rev. R. L. Willingham, pastor of the First Methodist Church was elected president of the Artesia Ministerial Alliance at a meeting Monday morning at the First Presbyterian Church, when the alliance was reorganized for the coming year.

Rev. John Eppler, pastor of the Church of the Nazarene, was named vice chairman, and Rev. Ralph O'Dell, pastor of the Presbyterian Church, secretary.

Rev. Willingham succeeds Rev. C. A. Clark, also of the Methodist Church, who has been transferred to Dexter.

The members voted to hold union Thanksgiving services at the Presbyterian Church Thanksgiving morning.

Rev. Eppler was appointed to have charge of co-ordinating religious radio broadcasts.

Tournament At Lovington Won By Artesia REA

The REA softball team, Artesia city champion for 1948, won the Lovintgon invitational tournament at Lovington, which ended Saturday night with the REA defeating Denver City 18-9 to win the grand prize.

In winning the tournament, the Electricians lost only one game, one of three played against Denver City.

Scores of all games in which the Artesia team played, the REA score given first in each case: Eunice, 18-3; Buckeye, 8-5, Jal 3-2; Denver City 1-6; Hobbs, 11-3; Denver City, 5-3; Denver City, 18-9.

Many Artesia fans drove to Lov-

You Built It

EVERY TIME there is a new building erected in Artesia or an improvement made in a place of business, which modernizes that structure and is cause for community pride, you can pat yourself on the back a little. After all you built it.

You may not receive credit for building the new building or even bringing about the change in the building but nevertheless you did it.

Because buildings are erected here because you and the others like you. These buildings are erected by stores or firms or institutions to serve you. They are erected to secure and enjoy your business. Or they are erected because of the business, which the firm has enjoyed from you and the others. This is especially true when a store is modernized. It is remodeled and modernized and makes a more attractive and a more enjoyable place to trade because of the business you and others have given the firm.

It is all done because the firm not only hopes and expects to continue to enjoy your business but does it hopes for the business of others.

And you have a perfect right to take pride in your building. You helped make it possible.

You don't know a finer argument that could be given for trading and buying in Artesia than the stores, which are resulting from the business given the local merchants. It is your business which makes it possible for them to enlarge their stores, modernize their stores, or even erect handsome new buildings.

Without your business there would be no reason to do this. It is your business that makes it possible for them to stock more and better merchandise the merchandise you need and want. It is their business, which makes it possible for them to pay more employes and to pay employes better wages. It is your business, which permits them to make donations to worthy causes; to pay more taxes to the city, the county, and the state.

It is the buying and trading at home which builds and makes it a better town in which to live and makes it possible for all the improvements that have been made here. Without this there would be no need or purpose for the stores.

Have you ever wonder whether you should buy or just look about you and see what buying has done. It first helped build Artesia. It helped this village grow and now that town has grown into the city.

It has been possible because of you and your dollars do so much for the community. It has all been because of the dollars you spent here that you have patronized home industry and merchants.

Isn't it, isn't it, to watch the city grow and grow and better city?

And while you are helping to build at home we are helping to build.—O. E. P.

[illegible] ARE BEING MADE today by [illegible]

[illegible] efforts to eliminate the drunken drivers from the streets and highways of our state. It is hoped that this point eventually when the state grants a driver's license to the habitual drunkard [illegible] to the occasional drunkard who attempts to operate their cars while under the influence of liquor.

The habitual drunken driver is a hazard to all [illegible] there is no particular reason why innocent lives should have their lives endangered by drunken drivers driving while intoxicated.

[illegible] recently the city judge he[illegible] for driving while intoxicated. He had handled about he assessed [illegible] a drunken driver being [illegible] fine.

[illegible] with the $100 fine or [illegible] handled out four [illegible] jail.

[illegible] Bob Greene and [illegible] drunken drivers [illegible] the point four [illegible] cars on the highways while they are drunk, to jail for a long period of time, maybe they can be taught a lesson.

Automobile accidents are far too numerous today by sober drivers to encourage the drunken drivers to operate their cars on the highways. And seemingly small fines or just fines haven't discouraged them much. Maybe a few good long periods in jail for those, who drive while drunk, will tend to help halt this practice.—O.E.P.

Bikes Are Vehicles

WE HAVE NEVER SEEN as much and widespread disregard by bicycle riders of safety rules and common-sense practices as in recent days.

Bicycles are made for one person, but we have seen as many as three on a single bike a number of times recently. And three bikes abreast are seen frequently, when the rule is to proceed single file. And bicycles do not belong on the left side of the street.

The boys and girls should realize that a bicycle is a vehicle and is subject to all rules applying to vehicles.

However, the more flagrant the disregard for rules, the more ideas which will be placed in the minds of members of the Safety Council to recommend to the City Council for incorporation in a bicycle regulation ordinance.—A.L.B.

It's In The Almanac

NOTHING IS MORE INTERESTING than an almanac, especially when you have a chance to read it months before its calendar year and before others get a chance to see one.

We have a sample almanac for 1949 before us and are prepared to tell you all sorts of interesting things, such as the fact there will be four eclipses next year, two each of the sun and moon.

Christmas will fall on Sunday in 1949. Of course, recalling that last Christmas was on Thursday and that this is Leap Year, throwing Christmas on Saturday, it would be easy enough to figure that it will be on Sunday in 1949. But it is even easier and a lot more fun to read it in an almanac.

And Easter, by the way, will be on April 17, on which day the sun will rise at 5:29 o'clock, in case you are planning to attend sunrise services. However, the almanac predicts a stormy period on Easter and through Tuesday of that week, so you probably will not want to wear your new Easter bonnet. Likewise, the fishing calendar says fishing should be poor, so few will break the Sabbath.

Any other facts needed or desired will be gladly given out by the Bureau of Information.

All of which forces us to admit that we are not so smart, but we always try to have an up-to-the-minute—even ahead of the minute—almanac at our fingertips.—A.L.B.

Patience And Understanding

PATIENCE AND UNDERSTANDING are splendid traits. The fact is that patience and understanding have been a real aid and help to many an individual. A person possessing these traits can accomplish much with young people and all others by working with them.

Many a youngster has a real obligation today to some adult, some teacher, professor, law enforcement officer, judge, adult leader, preacher, Sunday school teacher, and others because they possessed patience and understanding.

Many a youngster, who has grown into a fine man or woman, have a real debt they owe to their parents, who were patient and understanding with them.

But there comes a day and a time when patience and understanding no longer work. There comes a time when lienency will no longer work. There comes a day when discipline is required as an aid and help to the individual and as a protection to society.

Law enforcement officers and judges encounter this problem more than anyone else. There comes a day and a time when offenders come before them and they have to forget their patience and any spirit of kindness. They have to assess the penalty prescribed by law.

It isn't always so easy for them. It isn't easy to assess a heavy fine or to hand out a long and rather severe jail sentence. But discipline is necessary and essential and when we as individuals enjoying liberty and freedom have not learned to discipline ourselves and follow the rules of society then someone has to do it for us.

And often times a good stiff fine or a stiff jail sentence does have the desired effect. It not only sobers us up considerably and results in us doing a little thinking along the lines but it also serves as an example to others.

Yes, patience and understanding are fine and should be employed as often and as long as possible but when the time comes that the administering of adequate and proper discipline is needed—whether it is in the home, the schooroom or in the courtroom—then it is wise to take the needed action. Further delays only mean further trouble. And the world is full of too much trouble now to create more.—O.E.P.

Quite often people are judged by the company they keep—out of.

There's a big difference between forgetting what you ought to know and knowing what you ought to forget.

It'll be nice when the political season is over and all of the bunkers are on the golf courses.

It's always fair weather till outings get to[illegible].

[illegible] the tack and the auto tire— and don't [illegible] yourself up.

ANOTHER JOB FOR THE LIE DETECTOR

Our Readers Say

(There appeared in this department two weeks ago an open letter from R. E. Wade to State Game Warden Elliott S. Barker, in which he argued against impending action which would prohibit the use of carp minnows. In the letter below, J. D. Whitlock likewise addresses the game warden in answer to the remarks of Wade. Such letters are published without charge, when received and properly signed. However, opinions expressed are not necessarily those of The Advocate.)

Artesia, N. M.
August 30, 1948

Mr. Barker
State Game Warden

Dear Sir:

I am not a member of the Game Protective Association, but I think that the proposed rough minnow regulation is long over due.

For 15 years or more the minnow dealers have been depleting our waters of the supply of good minnows until it is almost impossible to find bait size minnows other than carp. By selling carp minnows to the public they have helped spread carp into every stream, pond, and lake.

Now that the Game Departmennt is trying to do something to help improve on the fishing all the bait dealers do is buck. If they were on their toes they would see the change in the tide and get ready for the future by raising some of the desirable minnows. If the rough minnow regulation goes into effect the first of January, as I hear it might, then there will really be a shortage of minnows and any dealer that has been alert would be raising minnows of the right kind, now.

If the Game Department doesn't put an end to this carp business in another year or two, there won't be anything to catch except carp and they don't bite good on live bait. Fishermen aren't going to buy either bait or a license to fish for carp.

If you do get the regulation in and get some co-operation from the bait dealers and the people and enlarge on your present rough fish program our fishing should start looking up in a year or so. Bait dealers will sell bait, sport shops will sell tackle, and we will get some fishing. As it is I haven't even bought a license because the fishing is so poor.

It looks to me that if the bait dealers had been tending to business they would have been raising plenty of minnows for those 5000 fishermen over at Hot Springs. I understand that in many states all minows that are sold have to be raised—what is wrong with our bait dealers that they can't raise a few?

People have been asking for carp minnows because they are a little bit hardier than the other minnows. But when they start realizing the damage that carp do they will be demanding the other kind.

It seems to me that Mr. Wade has the cart before the horse when he says, "If the fishermen can't get bait he won't need license or tackle either." People will need fish before they will need bait. And the rough fish will have to be controlled before we will have fish.

I am looking forward to some good fishing so here is hoping we get some action on the rough fish, and soon.

J. D. Whitlock

Price Supports For 1948-Crop Seed Announced

Price supports for the 1948-crop alfalfa seed, amounting to 25 cents per pound for Northern alfalfa seed, 20 cents per pound for Central, and 17 cents for Southern were announced by the U.S. Department of Agriculture.

Prices will be supported through Commodity Credit Corporation loans and purchase agreements on cleaned and bagged alfalfa seed stored on farms and in approved warehouses. This year's price support rates are the same as in 1947. Only a very small amount of alfalfa seed was bought by CCC last year, because market prices were higher than the CCC supports.

Loans and purchase agreements will be available from time of harvest through Dec. 31. The loans will mature next April 30, or earlier on demand. Under purchase agreements, the producer will state the maximum quantity of eligible alfalfa seed upon which he desires an option to deliver to CCC. The CCC will accept any quantity up to the maximum stated by the producer during the 30-day period immediately following the maturity date of the 1948 loan. Farmers may use either or both the loan and purchase programs in protecting the price of their seed.

The programs will be administered in the field through CCC field offices, the state PMA committees, and the county agricultural conservation committees.

Some Seasonal Peach Recipes

By ALICE DENHOFF

SLICED peaches and stewed peaches are all very nice and so is a dish of ice cream topped with peaches. Peach preserves and pickled peaches are well represented in all the canning and putting-up now under way. So how about a dish of fresh peaches baked to a flavorful richness?

To serve 6, select 6 large, ripe free-stone peaches. Scald and skin the fruit. Cut in halves and remove pits. Stick with 12 whole cloves. Arrange in baking dish, hollowed centers up. Mix ¼ c. sugar, 2 tbsp. cornstarch, ⅛ tsp. powdered cinnamon or mace, add 2 tbsp. butter or margarine; blend well. Sprinkle over peaches. Heat ¾ c. light corn syrup and tsp. vinegar together gently, then pour mixture gently over peaches. Cover. Bake at 350 F. for 25 min. Glaze tops under broiler heat. Serve hot.

Peach Sherbet

Peach Surprise Sherbet is as refreshing as it is delicious. Boil together 2 c. sugar and one quart water for 5 min. Add tsp. gelatin that has been softened in cold water. When mixture is cold, add 2 c. peach pulp prepared from peaches passed through a sieve. Also add juice of 2 oranges and one lemon. Freeze.

Tapioca Peach Delight is well worth the little time and effort its making entails. To serve 6, add 4 tbsp. quick-cooking tapioca, ⅛ tsp. salt, one c. peach juice fresh or canned, and one c. orange juice to ½ c. water. Cook in double boiler 15 min., or until tapioca is clear, stirring frequently. Add ⅓ c. sugar. Pour small amount of tapioca mixture over slightly beaten egg yolk, stirring vigorously. Return to double boiler; cook 3 or 4 min. longer, or until thickened. Remove from fire. Add tsp. butter, tbsp. lemon juice and 6 halves fresh or canned peaches forced through a sieve. Fold a small amount into a stiffly-beaten egg white. Add to remaining tapioca mixture, blend. Chill.

Peach Bavarian Cream makes a nice wind-up for our peach jamboree. To serve 6, dissolve one package lemon or orange flavored gelatin in one c. boiling water. Add one c. peach juice. Chill until cold and syrupy. Fold in ½ c. heavy cream whipped only until thick and shiny, but not stiff. Add one c. crushed peaches, sweetened and drained and 2 or 3 drops almond extract. Chill until slightly thickened. Turn into individual molds. Chill until firm. Unmold and garnish with peach slices.

THE ADVOCATE

As Artesia Grows

TWENTY YEARS AGO
(From The Advocate files for Sept. 13, 1928)

This year's work in the Artesia schools began Monday morning, Sept. 3. The enrollment was much larger than was expected, especially at Central School and at the Senior High School. Last year the opening of school was under 200, but this year enrollment has already reached 243. The greatest enrollment during the month of September last year at Central was 309. This year it has already reached 320. At the Junior High School the enrollment has dropped off somewhat and relieved the crowded conditions of last year. Total enrollment to date is 733.

W. E. Ragsdale returned to Pecos, Texas, the last of the week. Mrs. Ragsdale accompanied him for a short visit.

Mr. and Mrs. Monroe Bowers of El Paso, have been here the last week visiting Mrs. Bowers' aunt, Mrs. C. E. Mann, and family. They made a trip through the Carlsbad Caverns yesterday.

Kermit Southerd and mother, Mrs. D. A. Southerd; Mr. and Mrs. Alva Southerd and son, Bobby; Mr. and Mrs. Southerd and daughter, Imo Jean, and Emmett Southerd left for Denver, Colo., where they will spend a few days, returning a different route coming home.

Mrs. J. M. Story and Mrs. E. M. Perry motored to Roswell Monday.

TEN YEARS AGO
(From The Advocate files for Sept. 8, 1938)

An estimate Tuesday evening, with juniors and seniors still to register, indicated a first-day enrollment of 1066 students in Artesia schools, an increase of 109 over the complete first week enrollment of last year and 181 more than two years ago.

Rain at Artesia last week, nearly everyday, was recorded on the gauge of the New Mexico Eastern Gas Company as totalling .82 inch, although considerably more water fell in some districts near by and a great amount more in other localities in this part of the state.

Visitors' registration at Carlsbad Caverns National Park for August shows 43,647 persons visited the underground wonderland during the month, according to figures released by Col. Thomas Boles, superintendent.

Bill Gelwick, an employe at the Continental Refinery, underwent a major operation in a hospital in Carlsbad Wednesday, and is considered to be getting along satisfactorily.

J. B. Muncy and J. C. Floore of Artesia and "Babe" Campbell of Carlsbad left Tuesday morning for Santa Fe, where Mr. Muncy was to serve on a federal grand jury and the others were to appear as witnesses in Federal Court.

Mr. and Mrs. Charles Gaskins returned from a vacation automobile trip of about1600 miles from Artesia. They went to Cloudcroft, the White Sands, and Ruidoso before leaving the state. In Texas they visited in Odessa, Lubbock, and Midland.

Jimmy Blue, small son of Mr. and Mrs. D. C. Blue, has returned home after a tonsillectomy in a Carlsbad hospital last week. Jimmy will be sufficiently recovered to enter school next week.

Refining In U.S. Hits Daily Peak Of Oil History

The U.S. oil industry is currently refining more than 237 million gallons of crude oil a day to meet the greatest demand for petroleum products in history, according to a detailed report on supply-demand released by the Oil Industry Information Committtee.

Commenting on figures contained in the report, Fred F. Murray, Gulf-Southwest chairman of the information committee, pointed out that refining rate today is 11 per cent above that of a year ago. The report, "Current Facts on Petroleum Supply and Demand," is a 12-page illustrated brochure issued and brought up to date periodically by the information committee.

"Americans use about 28 times as much oil per capita as all the rest of the world combined, and the demand is still growing," Murray said. "This year the industry will again break production records, and hopes to hit a peak of eight or nine per cent over last year's record production."

Big Crop Output Means Chance To Conserve Soil

Farmers who have been worried about the severe strain on their land because of the tremendous postwar demand for farm products can take heart from the Department of Agriculture's recent crop report, C. V. Hemphill, New Mexico stration chairman, said. The report Production and Marketing Administration predicts that crop output in 1948 may even surpass the 1946 record. Crop acreage is among the largest in recent years, and yield, prospects are very good for most crops.

Farmers are encouraged that they will poduce enough to provide amply for domestic consumers and for large exports to other nations, Hemphill explained. Even more encouraging is the prospect that the large grain crops forecast for 1948 may mean a start toward rebuilding our depleted carryover stocks. To farmers this means that they can soon begin converting their farming back to a more normal peacetime basis and can produce more nearly in accordance with the conservation needs of the land itself.

"The old saying that 'it may be later than we think' was never truer than when applied to the urgent need for conserving our national soil resources," Hemphill said. "With an agricultural conservation program authorized for 1949 which is almost twice the size of this year's, farmers should really be able to mark up large gains in fighting soil erosion and depletion. I hope every farmer in the state will study carefully just how he can co-operate, this year as well as next, in the national conservation program."

Highlights of the crop report referred to by Mr. Hemphill are: A record corn cop of 3329 million bushels, 2 per cent more than the 1946 record; a wheat crop of 1242 million bushels, the second largest in history; rice production of 79 million bushels, almost equaling last year's record; oats and barley well above average at 1426 and 307 million bushels, respectively; cotton acerage of almost 24 million acres, 10 per cent larger than in 1947; the second largest crop of flaxseed at 44 million bushels; almost 27 million bushels of rye, the largest crop since 1943; soybean and peanut acreages, below last year but relatively large; dry beans, 18 million bags, 6 per cent larger than last year.

ORDER FROM YOUR GROCER
ROSS BAKING CO.

A touch and you GO—
that's DYNAFLOW!

...it boils down to just about ... You start your engine, set ... — and from then on your ... foot takes over.

...the accelerator — and ... easily and smoothly away.

...slow down, halt com- ... and your right foot alone, ... the treadle and brake,

...? Simply because ... is the one pas- ... drive in America that

gets completely away from gears which function in fixed stages.

Changes in the way oil flows, instead of changes in gears, adjust your engine power to your driving requirements.

Whether you are starting out, climbing a hill, surging past others or cruising easily, there's nothing for you to do except feed gas.

For very fast starts, extreme pulls, reserve braking power, you flick the selector lever—and your engine seems suddenly to double in size.

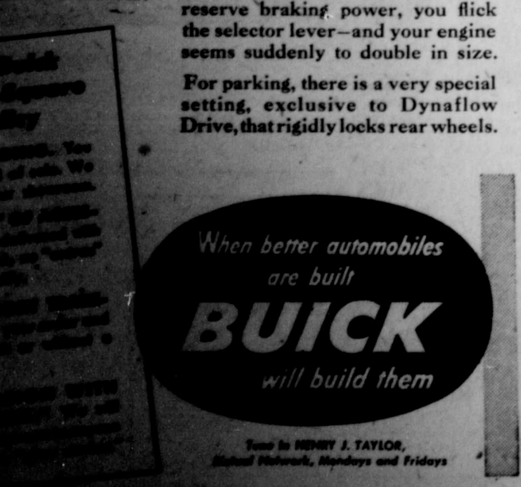

For parking, there is a very special setting, exclusive to Dynaflow Drive, that rigidly locks rear wheels.

Even rough and chattery roads are made smoother by power that flows along through a cushion of oil — your whole car is "sweeter" in its feel, far silkier in its actions.

Quite rightfully is Dynaflow Drive called the most important development since the self-starter.

It's a basically different way of transmitting power — and one you should know about firsthand.

See what your Buick dealer can do about arranging that for you. The merest sample of Dynaflow magic will make you want to place an order pronto, whether or not you have a car to trade!

When better automobiles are built BUICK will build them

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

SECOND PEACETIME DRAFT BEGINS

TYPICAL OF THE THOUSANDS of young Americans registering for the second peacetime draft is this group of 25-year-old New Yorkers waiting their turn to fill out questionnaires. Some 20,000 registration offices across the nation were faced with the task of checking the eligibility of 9,600,000 young men. First on the list are those born in the year 1922 after August 30. Other eligibles will register later. (*International*)

C. C. SMITH, Plaintiff, vs. THE UNKNOWN HEIRS OF STEPHEN W. GILBERT (ALSO KNOWN AS S. W. GILBERT), DECEASED; AND ALL UNKNOWN CLAIMANTS OF INTEREST IN THE PREMISES ADVERSE TO THE PLAINTIFF, Defendants.

No. 10683

SUMMONS AND NOTICE OF SUIT PENDING

STATE OF NEW MEXICO TO: THE UNKNOWN HEIRS OF STEPHEN W. GILBERT (ALSO KNOWN AS S. W. GILBERT), DECEASED, IMPLEADED WITH THE FOLLOWING NAMED DEFENDANTS AGAINST WHOM SUBSTITUTED SERVICE IS HEREBY SOUGHT TO BE OBTAINED, TO-WIT: THE UNKNOWN HEIRS OF STEPHEN W. GILBERT (ALSO KNOWN AS S. W. GILBERT), DECEASED; AND ALL UNKNOWN CLAIMANTS OF INTEREST IN THE PREMISES ADVERSE TO THE PLAINTIFF.

GREETING:

You, and each of you, are hereby notified that there has been filed in the District Court of Eddy County, State of New Mexico, a certain cause of action wherein C. C. Smith is the plaintiff and you, and each of you, are the defendants, the same being Cause No. 10683 on the Civil Docket. The general objects of said action are to quiet and set at rest plaintiff's title, in fee simple, to the following described property, situated in Eddy County, New Mexico, to-wit:

The South 75 feet of Lots 5 and 7 in Block 23 of the original Town (now City) of Artesia, Eddy County, New Mexico, as the same appears on the official, recorded Plat thereof, on file in the office of the County Clerk of Eddy County.

You and each of you are further notified that unless you enter your appearance or plead herein on or before the 30th day of September, 1948, the plaintiff will make application to the Court for a judgment by default and judgment by default will be rendered against you, and each of you, as prayed for in said Complaint.

The name of plaintiff's attorney is John E. Cochran, Jr., whose Post Office address is Box 128, Artesia, New Mexico.

WITNESS my hand and seal of the District Court of Eddy County on this 12th day of August, 1948

Performs great...

To keep your car going great . . . make a date to OIL-PLATE with Conoco Nth Motor Oil!

A special, added ingredient in Nth oil (Patented) fastens *extra* lubricant magnet-like to your engine's working parts. So strongly is this *extra* film attached to cylinder walls, it won't all drain down, even overnight!

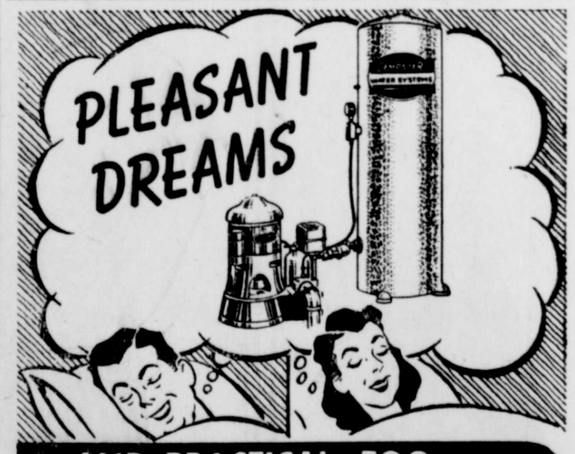

That means your engine's fine-finished metal surfaces are *extra*-protected from corrosive combustion acids . . . from destructive "dry" friction starts. You're *extra*-protected, too, from power-clogging sludge and carbon.

For great performance, *full-time* protection, *more* miles per quart, make a date for . . .

...an OIL-PLATE!

DODGE

Lowest Priced Car With Fluid Drive

"NEW FEATURES" Dodge has had for *years!*

There's a lot of talk today about this new feature or that. But down-to-earth engineering advances are a matter of record. And this record shows that many of today's so-called "new car features" have been part and parcel of Dodge over the years.

From the earliest Dodge Safety Steel Body to today's Dodge All-Fluid Drive, Dodge owners have enjoyed a succession of engineering "firsts". These features have made Dodge famous for comfort, economy and dependability.

You are cordially invited to come in . . . to check . . . to compare the scores of "new car features" that *Dodge has had for years.*

Mis Peggy Jo Bentley Becomes Bride Of S-Sgt. Warren Dean O'Hara, Roswell

Before an altar banked with gladioli, asters, and fern, Miss Peggy Jo Bentley, daughter of Mr. and Mrs. V. F. Shockery of Santa Rosa, Calif., became the bride of S/Sgt. Warren Dean O'Hara of Walker Air Force Base, Roswell, at 8 o'clock Sunday morning at the First Methodist Church with The Rev. R. L. Willingham performing the double-ring ceremony.

Preceding the ceremony Charles Cox played soft nuptial music and accompanied Howard Miller who sang, "I Love You Truly."

The bride, given in marriage by her uncle, John Lively, wore a beige suit, with brown and white accessories. She carried a bridal bouquet of white roses. She carried out the tradition of something old and something new. For something old she wore on aviation pin, belonging to her aunt, Mrs. John Lively, which was given to her by her husband during World War I. For something new, her wedding ensemble, for something borrowed she carried a handkerchief belonging to Mrs. Truitt Goss, and for somthing blue she wore a blue garter.

Miss Billy Jean Baker attended the bride. She wore a gray suit with black and white accessories, and a corsage of pink gladioli. The bridegroom was attended by Lt. Monty Fitchko.

For her neice's wedding Mrs. Lively wore a gray suit with black accessories and a corsage of pink asters.

After the wedding a reception was held at the Artesia Hotel. A three-tiered cake was topped with a miniature bride and bridegroom. Mrs. Goss cut and served the cake. Mrs. C. E. Halderman, aunt of the bride, presided at the guestbook.

The bride received her education in the Artesia schools. She graduated with the class of '46. At the time of her marriage she was employed at the telephone office. The bride has made her home with her uncle and aunt, Mr. and Mrs. John Lively.

The couple left on a honeymoon to the northern part of the state. They will make their home at Roswell.

Miss Fid Hamill Installed Head Rainbow Girls

Miss Fid Hamill was installed worthy advisor of the Artesia Order of Rainbow Girls at 2:30 Sunday afternoon at the Masonic Temple.

Miss Janie Dunnam served as installing officer, with Misses Mary Dixon, installing chaplain; June Gissler, recorder, and June McDorman, installing marshall.

Other officers to serve with Miss Hamill are: Assistant advisor, Elaine Frost; Charity, Virginia Green; Hope, Norma Hancox; Faith, Jean Green; drill leader, Opol Lewis; chaplain, Ana Marie Dunn; Love, Evelyn Bach; Religion, Jo Anne Short; Nature, Linda Boyle; Immortality, Sylvia Amstutz; Fidility, Alice Raye Martin; Patriotism, Jane Runyan; Service, Patsy Fischbeck; confidential observer, Billy Jean Muncy, and choir director, Jean Carrell.

Soft music was played during the installation service by Mrs. Stanley Carper. After the installation, Miss Hamill gave her address to the chapter. She presented her mother, Mrs. Mittie Hamill to the order. Mrs. Hamill was presented an old-fashioned nosegay corsage. The flowers in the corsage carried out the Rainbow colors.

Miss Janie Dunnam, outgoing advisor, was presented the white Bible of the order.

The girls were dressed in formals with matching corsages which carried out the Rainbow colors.

The namepiece was a basket of asters, arranged in the Rainbow arc and the Rainbow colors. The room was decorated with roses.

After the services a reception was held in the basement of the temple.

The guests were received by Miss Lola Roach, mother advisor, Miss Fid Hamill, and her mother.

The tables were decorated with white lace cloths and yellow asters and matching tapers. Cookies, mints, sandwiches, and punch were served. These also carried out the color scheme of white and yellow. Fid Hamill poured the punch. About 50 guests were present.

The next meeting will be Monday, Sept. 12. At this meeting Miss Hamill will preside.

Cottonwood Woman's Club Meets Thursday At Ross Residence

The Cottonwood Woman's Club held an all-day meeting last Thursday at the home of Mrs. W. M. Ross, with Mrs. V. E. Briscoe and Mrs. W. H. Berry as cohostesses.

About 30 members, children, and guests enjoyed a covered dish luncheon at the noon hour.

In the afternoon Miss Wynona Swepston, home demonstration agent, conducted an interesting quiz on etiquette, and plans were made for an exhibit at the New Mexico State Fair.

The next meeting will be at the home of Mrs. Joe Bill Funk.

P.E.O. Holds First Meeting Of Fall On Friday Afternoon

The P.E.O. held its first fall meeting Friday afternoon, with Mrs. T. C. Stromberg presiding.

During the meeting the yearbooks for the coming year were given to the members present.

The members and their husbands were served a banquet at the Veterans Memorial Building by the American Legion Auxiliary. The tables were decorated with lovely fall flowers.

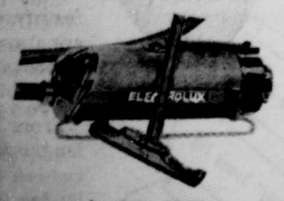

Luther E. Sharpe, manager of the Chamber of Commerce was guest speaker. He gave a resume of the recent survey of Artesia and surrounding districts, which was completed last week.

The next meeting will be held at the home of Mrs. R. A. Shugart Friday of next week.

Mrs. McCasland Is Honoree At Pink-Blue Shower On Thursday

Mrs. Charlie McCasland was the honoree of a pink and blue shower given at the home of Mrs. Jimmie Griffin last Thursday afternoon.

Favors for the occasion were napkins, folded like diapers, and mints. The cake was decorated with pink and blue swweetpeas. Fruit punch and cake were served.

Those present were Mmes. Dee Sprayberry, Carl Gordon, John McCasland, Joel Lewis, George Lewis, Walker Lewis, J. B. Cox, Charles A. Emmons, Charles Fuller, W. J. Pennington, Jr., Allie Briscow, Paul Ward, Charles Harmon, and James Huggens, and Misses Marcia Whelan, Esther Lou Byler, Pauline Settlemire, and Pat Watson.

Those sending gifts who were unable to attend were Mms. Minnie Teague, D. N. Gray, Travis Huston, L. D. Gelwick, Garland Stuart, Pearl Briscoe, Willard Griffin, Bill Ellinger, Glenn Sharp, Bruce Wilson, Mark Whelan, S. P. Emmons, Earl Emmons, Carl Dingler, Jack Vermillion, R. A. Brunk, William McCasland, Dallas McCasland, John McCasland, R. C. Adams, Willard Teague, and J. F. Adkins of Artesia, Mrs. C. W. Ward, Spur, Texas, Mrs. Haywood Herdel, Lovington, and Misses Evelyn Parnell, Wanda Bogart, Bob Ann Brunch, Ruth Eldridge, and Louella Whelan

Mrs. Donald Bush Is Hostess To Story League

The Artesia Story League met in the home of Mrs. Donald Bush for the first fall meeting last Thursday.

Mrs. Duane Sams, president presided over the business meeting Mre. Doyle Hankins was co-hostess.

The theme of the program for the coming year is, "Bells." The theme for this month is "School Bells and Dumbbells." Mrs. M. A. Mapes, Jr., program chairman, was the "teacher" of the day. She entered the schoolroom looking very much the part of a 1900 "school marm," and introduced herself as "Miss Yarnspinner."

As "Miss Yarnspinner" called the roll, each pupil went forward to receive her year's outline of work, which was the club's yearbook. The cover of the yearbook has a spinning wheel.

Master Bush led the pupils in singing "Schools Days," and Mrs. W. M. Siegenthaler, "Bell," played the piano.

Mrs. Carl Lewis, "Miss Annabelle," the school principal, gave a difficult test.

As it was the first day of school, the "teacher" allowed two of the pupils to tell stories. Mrs. Harvey Yates, "Louise," told the "Hoosier Schoolmaster," by Eggleton. Mrs. C. E. Mitchell, "Grace," told "Little Kitty Puss Starts to School," by L. Dean Rulter.

Mrs. Curtis Bolton, "Betty" was "teachers pet," getting to make the special annnouncements of the day.

Each pupil received a sack lunch when she arrived. The hostesses served a drink along with the sack lunches to 22 members.

Stiewig-Williams Nuptials Have Been Announced

Mr. and Mrs. M. L. Stiewig have just announced the wedding of their daughter, Wilhelmina, to Harold Williams, son of Mrs. Lonnie Reeves of Duncan. The single ring ceremony took place at the First Baptist Church at 6 o'clock Saturday afternoon, Aug. 14, with Rev. S. M. Morgan officiating.

The couple was attended by Wanda Stiewig, sister of the bride, and Lonnie Reeves, step-father of the bridegroom.

The bride wore a navy blue and melon two-piece evening dress.

The bride is a member of a prominent family, and has lived in Artesia 14 years. She received her education in the Artesia schools.

Mr. Williams graduated from Artesia High School and is now employed by the Bethlehem Supply Company. He is a nephew of Claude Metthews of Loco Hills.

The newlyweds plan to make their home in Artesia.

Epsilon Sigma Alpha Meets On Tuesday With Mrs. Bullock

Alpha Nu Chapter of Epsilon Sigma Alpha met in the home of Mrs. E. P. Bullock Tuesday evening.

Mrs. Raymonnd Waters presided over the business meeting, after which Mrs. Leo Austin, and Mrs. Raymond Waters, Miss Manda Lunsford, and Miss Bonnie Fletcher, told about the convention in El Paso which they attended during the holiday.

Members of the chapter drew names for "secret sisters" for the coming year. Plans were also made for initiation of new members in the near future.

Refreshments of cake and ice cream were served by the hostess to members present. Those present were Mmes Leo Austin, Jean Chambers, Robert Linell, George Lynch, Clarke Miller, and Raymond Waters, and Misses Jimmy Starkey and Wanda Lunsford. Miss Pati Runyan was a guest.

Kiwanis—

(continued from page one)

the Kiwanis Club recently purchased and unceremonously dumped on the Carlsbad Kiwanis Club, with instructions that it must pass on to another club in the district within six weeks, kept on the go until next spring, when it is to return to Artesia, big and fat and ready to be made into barbecue at a district jamboree.

Paul R. Dillard, club secretary, is editor of the lively bulletin.

Speaker on the program last Thursday was G. L. Beene of the Soil Conservation Service.

Atoka Woman's Club Meets Here Tuesday With Mrs. Johnson

The Atako Woman's Club met Tuesday afternoon, at the home of Mrs. Randy Johnson in Artesia.

Miss Wynola Swepston conducted an interesting quiz on etiquette, after which Mrs. W. J. Haldeman, president, presided over a brief business session.

Members present wrote suggestions for the yearbook. Mrs. Nevil Muncy and Mrs. Elsie Kissinger were appointed to serve on the program committee which will meet Monnday, Sept. 13, at the home of Mrs. Haldeman.

Mrs. Russell Schneider was cohostess and Mrs. Johnson assisted her. Mrs. Johnson was unexpectedly called out of town because of illness.

Cold drinks, ice cream, and cookies were served to Mmes. W. T. Haldeman, S. O. Higgins, Nevil Muncy, Herman Green, Paul Rogers, Elsie Kissinger, John Rowland, W. M. Van Horne, Howard Gissler, and Ralph Rogers, and Miss Wynona Sweptson and a guest Mrs. McDorman.

The next club meeting will be Oct. 12 instead of Oct. 5. The meeting will be held at the home of Mrs. Herman Green.

White Shrine Has First Fall Meeting Here Last Frday

The Artesia Shrine No. 2, Order of the White Shrine of Jerusalem, held its first fall meeting on Friday at the Masonic Temple.

A covered-dish supper was enjoyed by the members present. Mrs. Sam Sanders was chairman of the food committee.

Sojurner, Mrs. P. V. Morris, was elected as Worthy Guide to replace Sojuner Mrs. John Moore, who has moved to Alamogordo.

Plans were discussed for the coming year. There will be a practice meeting Friday, when all officers must be present, it was announced.

Members Of 8-40 Attend Luncheon At Roswell Residence

Members of the 8-40 Club went to Roswell for a 1 o'clock luncheon at the home of Mrs. Lillian Russell. Tuesday of last week.

During the meeting an installation of officers was held. Mrs. Lillian Bigler was installed "la petit chapeau," with Mrs. Oren C. Roberts as her secretary.

Mrs. P. V. Morris, the club's past president, served as installing officer.

Those attending from Artesia were Mmes. Lillian Bigler, Albert Richards, Raymond Bartlett, Fred Jacobs, P. V. Morris, Frank Smith, Earl Farst, and Oren C. Roberts.

"Fraternity in Action"

"Olympics" of Woodcraft

To Woodmen, the Uniform Rank is one of the most important units of the local Woodmen Camp. Its colorful drills and floor work are indispensable to Woodmen rites and interesting features of social and public programs.

Attention of all Woodmen therefore was centered on the National Encampment . . . the "Olympics" of the Uniform Rank . . . at Hot Springs, Ark., August 29 to September 4, that determined the national champion degree teams in military drill and floor work.

The Uniform Rank is another of the "extras" enjoyed by Woodmen along with their safe, sound Woodmen life insurance protection. Ask the local Woodmen representative to explain how you can enjoy these benefits of Woodcraft.

By WILLIAM RITT
Central Press Writer

ON HEARING that Eddie Sawyer, who was signed to manage the Philadelphia Phillies, had never played big league ball, Zadok Dumkopf muttered: "That boy's still in the minors!"

! ! !

A diary, begun 82 years ago, prophesies in its first sentence. "Looks like a storm." What a masterpiece of understatement!

! ! !

Index shows clothes off 1.4 per cent. That seems hardly enough in the kind of weather we've been having.

! ! !

Zadok Dumkopf wonders if that English Pekinese which was fitted with a complete set of false teeth, isn't so proud of 'em that it even smiles at stray cats.

! ! !

A mole, we read, has no neck. No wonder it's so calm—it can't get hot under the collar.

! ! !

Hitler may have lost out but Berlin certainly has maintained its front page position.

! ! !

One cannot say President Truman hasn't the courage of his convictions—but what seems to worry the Democrats is: Will they be convicted by his courage?

Committeemen In State Are Attending Series Of Meetings

As the prices for farm commodities decline and mounting surpluses pile up, farmers generally are turning to CCC loans for price support, said Roy Forehand, chairman of the Eddy County ACA Committee.

In order that all county and community committeeman may be informed of the provisions of the support programs, the state committe has called a series of district meetings to be held in New Mexico. During these meetings discussions will be held in order that county and, particularly, community committeemen can learn the fundamentals of the support program.

It is important that all community committeemen attend these meetings in order that they may carry the word to the farmers in their respective communities, Forehand said.

We expect to develope a program for 1949 that will stress the importhan all-out production as was the ance of conserving the soil rather case during the war and the last three years. The meeting attended by county and community committeemen in Eddy County, was held in Lovington Wednesday.

IN THE DISTRICT COURT OF EDDY COUNTY, STATE OF NEW MEXICO

AGAPITA PORRAS GARCIA, Plaintiff

vs.

NOLBERTO GARCIA, Defendant

No. 10591

NOTICE OF PENDENCY OF SUIT

THE STATE OF NEW MEXICO TO:

NOLBERTO GARCIA, Defendant.

YOU ARE HEREBY NOTIFIED that Agapita Porras Garcia, as plaintiff, has filed a suit against you in the District Court of Eddy County, New Mexico, in cause No. 10591, which said action is now pending. That the general object of the action is to obtain a decree on the ground of non-support, incompatability, dissolving the marriage entered into between plaintiff and defendant on July 25, 19[illegible], and to restore to plaintiff her former name of Agapita Porras.

YOU ARE FURTHER NOTIFIED that unless you enter your appearance in said cause on or before the 21st day of Ocober, 1948, judgment well be rendered in said cause against you by default, and the plaintiff will apply to the Court for the relief demanded in said Complaint.

NIEL B. WATSON, Box [illegible], Artesia, New Mexico, is attorney for the plaintiff.

WITNESS MY HAND AND SEAL of the District Court of Eddy County, New Mexico, this [illegible] day of September, 1948.

Hills News

(Mrs. Earl Smith)

...W. T. Till of Lubbock ar-...day of last week to visit ...hter, Mrs. Wilburn Davis, ...ily, who went to Hobbs ...her. She plans to visit a ...family in Artesia.

Mr. and Mrs. Alvin Bland and ...dren returned Monday of last week from Arkansas, where they were called because of the serious illness of Mr. Bland's mother.

Mr. and Mrs. R. B. Standard, former residents, now of Buckeye, who spent three days in Bovina, Texas, visiting Mrs. Standard's grandparents, came here Wednesday of last week to stay at the home of Mrs. Standard's parents, Mr. and Mrs. Edgar Chase, and care for the children. Mr. and Mrs. Chase and their daughter, Mrs. Oscar Doughty of Maljamar, left last week for Abilene to attend the funeral of Mrs. Chase's sister. Mr. Chase returned Sunday of last week and Mrs. Chase and several of her brothers and sisters went to Bovina to be with Mrs. Chase's parents.

Charles Williams and his brother and sister-in-law, Mrs. Oscar Williams of Mentone, Texas, left Friday night, Aug. 29, to attend the funeral of the brother-in-law of the two men, Roy Wright of Tulsa. He is survived by his wife, a son, Gene, and a daughter, Carolyn. The funeral was held on Monday of last week. Mr. Williams returned last Thursday.

Mr. and Mrs. Bob Heard and son of Albuquerque are here visiting his father, Jewel Heard.

Mr. and Mrs. George Beal and sons returned Sunday from Texas, where they had been visiting Mrs. Beal's mother several days.

Mrs. Roy Blass has returned to her home in the Grayburg Camp from Artesia Memorial Hospital and is getting along nicely after an operation.

Mr. and Mrs. E. L. Miller and daughters of Sundown, Texas, who visited relatives here returned to their home Friday as they were expecting another daughter, Mary Loyd, home for the week end from the college at Lubbock. Mr. and Mrs. Miller were guests for dinner in the home of Mr. and Mrs. Earl Smith Friday night.

Mrs. W. E. Profitt is the school bus driver of the small bus replacing Mrs. Claude Matthews, who drove last year. Mr. Webb drives the bus that goes to Artesia.

Grayburg Oil Company employes and their families and a few guests surprised Jewel Heard on his birthday Monday night of last week with a banquet in his honor. The affair was held on the tennis court at the Grayburg Camp, with about 80 persons attending. They gathered about 7 o'clock and after the feast, they enjoyed dancing and visiting.

Mr. and Mrs. Harold Williams of Artesia were guests Sunday of last week of Mr. and Mrs. Claude Matthews and family.

Loyd Rayford, son of Mr. and Mrs. Floyd Doughty was honoree at a birthday party given at his home Wednesday afternoon of last week. The guests helped Loyd celebrate his fourth birthday with games, and they presented him with many lovely gifts. Ice cream and punch were served to Mrs. Carol Doughty and four children, Mrs. Morris Doughty and son; Mrs. Harley Doughty, and baby; Mrs. Edgar Chase, Mona and Jimmy, and Mrs. J. Roy Haynes and son, all of Loco Hills, and Mrs. Oscar Doughty and children of Maljamar. Mr. and Mrs. Carl Rothrock sent a gift but were unable to attend.

Mr. and Mrs. R. L. Byrd and children and Mr. and Mrs. Lake Arthur and children of Loco Hills, and Mr. and Mrs. Len Pruiett of Artesia enjoyed a wiener roast at Square Lake Sunday night.

Mr. and Mrs. James Cleven returned last Thursday from a two-week vacation trip spent in the Western states.

Mr. and Mrs. Sam Beal and children have returned from Alamogordo and other points, where they spent four days visiting and on business.

Mrs. Margaret Mahres, mother of Clayton Mahres, who has been in bad health, is visiting relatives in Las Cruces. She is able to be up part of the time.

Mrs. Wilburn Davis and Mrs. Woodrow Cheves were guests last Thursday of Mrs. George Till in Artesia.

Sons of Mr. and Mrs. Leroy Cranford, formerly of the Carper Camp, who operate a sevice station in Artesia now, visited friends here the latter part of the week.

Bob Beck of Roswell was a business visitor in Loco Hills Monday of last week.

Miss Betty Matthews, who is employed at the Artesia telephone exchange, visited her parents, Mr. and Mrs. Claude Matthews Sunday and Monday of last week.

Mrs. N. G. Barton is now employed at the Loco Hills Mercantile.

R. F. Vandever of Ada, Okla., returned to his home Monday of last week after visitinng two weeks here with his brother, J. W. Vandever, and other relatives.

Mr. and Mrs. L. E. Vandever and son have returned from a 10-day trip to the West Coast. They were guests of Mr. Vandever's brother, W. L. Vandever, and his family in San Jose, Mrs. Vandever's sister, Mrs. Lee Burns, and family in Santa Fe.

Mr. and Mrs. Jim W. Coffman and daughters wrote from Seethome, Ore., they like that country, but it is so cold they have to wear coats all the time. They left here about two months ago. Mr. Coffman worked for Grayburg and American Republics while here.

Mr. and Mrs. J. B. Briscoe and daughters spent Wednesday of last week in Hobbs visiting Mr. Briscoe's relatives.

Recent guests in the home of Mr. and Mrs. B. W. Coffman were Mrs. Coffman's brother, Poke Coffman, and family of Clarksville, Texas, and Poke's married son, H. W. Coffman, and Mrs. Coffman and children of Wheeler, Texas.

Mr. and Mrs. B. W. Coffman and children spent last week end in Abilene visiting Mr. Coffman's sister, Mrs. E. W. Ray, and family.

Jim Cook was a guest for dinner in the J. B. Briscoe home Wednesday of last week.

Charles and Ronald Rogers and Gale Richardson went to Albuquerque Sunday of last week and returned Monday.

Mr. and Mrs. O. C. Rogers went to Toas last week to take home their daughter, Mrs. J. B. Valdez, and her children, Bennie and Marcia. Mr. and Mrs. Rogers visited Eagle Nest Lake and the Red River country while there.

Donnie Moore returned to his home in Artesia Monday of last week after spending several days visiting Cordell Smith, while his mother, Mrs. Martin Moore, and his aunt, Mrs. "Sandy" Mills, were in Odessa. The women and their brother, Dave Wilkins of Odessa, were called to the bedside of their mother, who had a series of heart attacks after an accident and was in a critical condition.

Sporting Rifles Are Being Made In Artesia Now

One of Artesia's newest industries is a gun factory—not large, but complete—in which are being manufactured splendid, precision hunting rifles.

The factory has been installed by George Akins in the rear of his sporting goods store, The Westerner, and Raymond F. Wood, gunsmith, is in charge.

Capacity of the machinery is about three rifles a day, but the factory is not being pushed to that extent. However, Akins said, the goal of 100 rifles by the time the big game hunting season opens in November has been set—and the present rate of production indicates that goal will be surpassed.

He said he has had offers to take the entire output of the little factory, but plans to serve the local sportsmen first and dispose elsewhere only of those rifles the hunters of this community do not purchase.

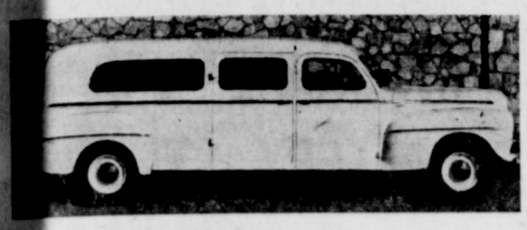

The rifles are built on Fabric and Nacional Belgium-made actions, considered by most gun experts to be the finest. Several different types of barrel blanks in the rough are being used. At present the blanks being used are Johnson automatic.

By means of precision lathes and tools the blanks are tooled to fit the action, chambered, and blued, and the sights added. Then the guns are fitted to the stocks, which are finished in the factory.

In setting up for the manufacture of the rifles, Akins purchased a considerable amount of special machinery and delicate instruments.

By holding down the overhead and high selling costs, Akins is selling for $149 rifles that are comparable to or surpass in excellance others on the market which are priced at from $195 for a standard gun up to as much as $300.

Frostair DUPLEX
YEARS AHEAD...FOR YEARS TO COME

Right out of your dreams comes America's *first* really new refrigerator—the FROSTAIR Duplex.

FROSTAIR is a real duplex! A deluxe refrigerator at the top, a separate frozen food locker below. You never bother with covered dishes; there's more room for tall bottles. FROSTAIR's 12 lb. Icemaker makes 90 ice cubes *every other hour* without touching a cold control.

Most sensational is the big, double-bin 0° locker, designed for the frozen food trend. Come in and see the new FROSTAIR today!

For dependability and economy two refrigerating units do two jobs in FROSTAIR. One powers the 40° refrigerator, the other the 0° food locker.

FROSTAIR is the product of Liquid Carbonic Corp., makers of top-quality refrigeration equipment for 45 years, and The General Tire & Rubber Co.

Good irrigation practices pay dividends in increased production and soil conservation. Upper left—Leveling land is an important first step. Upper right—Irrigation farmers should always have complete control of water to avoid waste and erosion. Permanent, improved structures like this turnout box are essential. Lower left—The farmer should also know how much water is being applied. The Parshall flume takes guesswork out of water measurement. Lower right—The end product of a good irrigation system and proper application of water is the crop. This irrigated pasture is one of many now providing more feed for livestock in this State.

Farm Topics

Storage of Surplus Fowl Is Profitable

Poultry Held in Locker For Sale at Price Peak

To assure that poultry of various classifications is properly held in locker plants or freezers, it is advisable that the fowl be wrapped in water-proof, moisture-proof paper.

Latest scientific methods call for enclosing the fowl in a strong mesh fabric, known as stockinet, which keeps the prepared locker paper tightly pressed around the chicken, thus eliminating all air pockets inside the wrapping and preventing the paper from becoming loose at any time.

Poultrymen and farmers with a surplus of poultry have found it

profitable to place some of the birds, as well as game fowl, in storage for their own consumption as well as for sale to local markets when prices become higher.

Considerable demand has been found for ducks, geese and turkeys as well as for chickens.

During the past few years some poultry raisers have found an excellent market for smoked fowl and a most satisfactory market price.

Only quality fowls should be so stored and handled, and then only when proper wrapping material is utilized and proper storage facilities are available.

Modern Agronomists Debunk Copybook Line

"Hay is dried grass." That line invariably appeared in copybooks handed out to pupils in old-time writing classes, but agronomists at Ohio State university claim the copybook publishers apparently knew considerably more about teaching pupils to write than they did about haymaking.

Some dried grass is excellent livestock feed but other cured grass is just fair quality bedding, agronomists insist.

The best time for cutting hay is when plants have made almost their greatest growth in weight but still contain a high percentage of protein. For red clover, the recommended cutting time is when the plants are in the half bloom stage. The most hay of high quality will be hauled from the alfalfa field if cutting is started before the half bloom period.

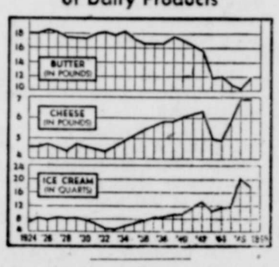

Renovated Tractor

This steel shod tractor was in good operating condition, so the farmer decided to adapt it for rubber tires. The tires, tubes and rims cost $119. In addition to the new agricultural implements being purchased this year, many are being re-modernized.

Transfer storage boxes, from check to legal size, at the Advocate office.

U. S. Per Capita Consumption of Dairy Products

Thinning of Vegetables Assures Best Growth

Most gardeners make the mistake of not thinning their vegetable rows sufficiently. They hate to pull up part of their plantings and thus allow all of the seedlings to be crowded. Thinning should be done when the soil is moist and the seedlings are one to two inches tall. If taller than two inches, don't pull them up; cut them off at ground level for best results.

When people everywhere agree on a product, you know that product is good!

All America Likes CHEVROLET'S Bodies by Fisher

...bodies that are exclusive to Chevrolet in the low-priced field!

More Value in Riding Comfort
Your own tests will convince you that Chevrolet's Unitized Knee-Action Gliding Ride plus Chevrolet's Body by Fisher, give you *more* riding comfort.

More Value in Performance with Economy
Only Chevrolet, in its price field, gives you the performance advantages—at low operating costs—of a "World's Champion" valve-in-head engine.

It is not by chance that Chevrolet's bodies by Fisher are so *beautiful*, so *luxurious*, so *safe!* Behind each body is forty years of motor-car coachcraft experience ... forty years of building master bodies for precision-minded America. To matchless craftsmanship have been added the methods and the metals of modern body engineering. Today, in your Chevrolet Body by Fisher, you are protected by steel ... cushioned by materials that add ease and relaxation to every driving mile. And when you consider that such body-*comfort*, such body-*luxury*, such body-*safety* is available *at lowest cost* you begin to understand why MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

More Value in Braking Efficiency
The knowledge that you are operating Positive-Action Hydraulic Brakes in your Chevrolet gives you a feeling of *security* when driving in city or country.

More Value in All-round Safety
You ride in maximum safety in your Chevrolet with Fisher Unisteel Body Construction, Unitized Knee-Action Gliding Ride and Positive-Action Hydraulic Brakes.

Compare Values!... Compare Prices!...
CHEVROLET—and Only CHEVROLET—IS FIRST!

Frontier Drama Depicts Story In New Mexico

A tense and thrilling chapter of the making of the Old West will unreel Sunday when Harry Sherman's "Four Faces West" opens at the Landsun Theater. It concerns itself with the dramatic man-hunt for Ross McEwen—Joel McCrea—a glamorous Westerner who made just one slip away from the law.

According to the foreword, "Four Faces West" is based on fact as well as fiction, and the character of U.S. Marshall Pat Garrett, colorfully played by Charles Bickford, is based on the real Pat Garrett who made history in the West of the 1880's. Bickford is co-starred in the film with Joel MsCrea, who is perfect in the role of the hero, and Frances Dee, who turns in a charming performance as the visiting nurse from the East who changes the course of McCrea's life. Joseph Calleia is also outstanding as a Mexican cafe owner, and a wonderful friend in need.

The story opens in the frontier town of Santa Marcia, in New Mexico, on the day Pat Garrett is welcomed as U.S. Marshall. Under his very nose Ross McEwen rides into town and, entering the bank, demands and gets $2000 in currency, leaving his IOU and an enraged banker behind. It is not long before Pat Garrett and an enraged posse get on McEwen's trail.

In the first stage of his exciting journey of escape, McEwen is slowed up by his meeting with Fay Hollister, who has come out from the East to become a nurse at the new hospital in Alamogordo. And in the second stage he is held up by his heroic attempt to save the lives of a Mexican family desperately ill of diphtheria. When Pat Garrett finally catches up with him at the Mexican cabin, he does not arrest him. But McEwen, because of his great love for Fay, decides to give himself up and Garrett assures him that a jury could not fail to treat lightly a man who had already shown his willingness to repay his monetary as well as his moral debt to humanity.

The picture is fast-paced, colorful and dramatic at all times. It was adapted from the Saturday Evening Post serial, "Paso Por Aqui," by Eugene Manlove Rhodes. Translated this title means They Passed This Way and refers to Inscription Rock, now called El Morro National Monument. All of the important scenes were taken in their authenic New Mexican settings and are breath-taking in their natural grandeur.

Locals

G. H. Burke, formerly of Dallas, Texas, has accepted the position of bookkeeper for Walter Nugent, general contractor. He is married and has two sons.

Hadley H. Brown joined the Artesia Shoe Store sales force last week. He has had many years of experience in the fitting of shoes. He is married and has four children, three of whom are of school age. The family comes to Artesia from Albuquerque.

John F. Mauer, who has been in charge of the meat department of the Safeway Store in Artesia the last 11 years, has been transferred to the Deming Store. His family will join him there as soon as he can locate a house. Mauer has been replaced here by Duane Gordon, who comes from Las Cruces. He is married and has three sons.

Mr. and Mrs. C.G. Sherwood were on the upper Pecos over the Labor Day week end on a fishing trip.

Mr. and Mrs. J. I. Exum returned Monday morning from Amarillo, where they had taken home Mrs. Exum's mother, Mrs. A. G. Thornton, who visited here in the Exum home three weeks.

Mr. and Mrs. Bill Seltzer and little son, Charles, of Fort Worth, Texas, arrived Friday and have been visiting Mr. Seltzer's parents, Mr. and Mrs. C. A. Seltzer, and his sister, Mrs. W. R. Petty, and family. They plan to leave today for their home.

Dr. J. J. Clarke, Sr., and Dr. J. J. Clarke, Jr., left Monday morning for Chicago to attend meetings of the American Dental Association, and the American Association of Dental Examiners, of which the elder Dr. Clarke is national vice president.

J. C. Fields left Sunday for Albuquerque to enter the Veterans Hospital for a check-up and to receive new dentures.

es kept down the use of glass by the common people through taxation. This practice maintained in England as late as the 17th century.

Today window gless is flat drawn through a continuous process at a temperature of 2000 degrees, as it passes through a series of rollers. The manufacture of plate glass is similar, he said, but it requires a higher temperature, and the rolling is followed by grinding and polishing process.

The speaker said the industry feels this is the "glass age," in which glass has many uses and contributes to health, happiness and knowledge.

Prior to the speaking program, Boone Barnett, club president, paid tribute to Robert A. (Bob) Waller, evangelist of the Church of Christ, who has resigned from the club, as he and his family are to move soon to Henderson, Texas. He termed the pastor as a club worker who never turned down a committee or other job given him.

Regular—

(continued from page one)

one will be on the Ladder ranch during the regular big game season, for which 130 permits for antlerless deer will be issued. Final time for receiveing applications is 10 o'clock the morning of Oct. 28.

The department will issue 100 permits for either buck or doe on the San Andres Federal Refuge for a special season noon Dec. 3-6. Aplications will be received up to 10 o'clock the morning of Nov. 24.

The other special season will be in the Magdelina-Beaverhead area for anterless deer, for which 500 permits will be issued. That season will be noon Nov. 27-Dec. 5, and applications will be received up to 10 o'clock the morning of Nov. 17.

Regulations on the dove season which opened Wednesday of last week, were given in last week's issue.

The department announced a quail season will be set and announced later, if and as conditions justify.

The migratory waterfowl season will comply with the federal regulations, except that there is no state season or bag limit on marganser ducks, for which there is a 25 daily bag limit independent of other ducks under the federal regulations.

The Game Department announced there again will be a split season of two periods of 14 days each, Oct. 8-21 and Dec. 23-Jan. 5 inclusive. Shooting hours the first day of each half season will be noon to an hour before sunset. On other days it will be a half hour before sunrise to an hour before sunset.

The bag limit for ducks, other than mergansers, will be five a day and 10 in possession, except that on opening day only five may be possessed.

The bag limit on geese under federal regulations will be four a day or in possession, to include only two Canada geese, or two white-fronted geese, or one of each. The department pointed out that inasmuch as the Canada goose is the only species found in New Mexico in any quantity, for all practical purposes the bag limit or possession limit in the state is two.

The season on coot, rail, and gallinules is Sept. 1-Oct. 30, with a daily or possession limit of any species or in the aggregate is 15. The same shooting hours as for ducks and geese maintains.

The department pointed out that no rifles or pistols may be used in taking birds of any kind, except that rifles may be used for turkey. Shotguns must be plugged to be incapable of holding more than three shells in chamber and magazine combined.

Prohibition—

(continued from page one)

200 pounds of game fish.

This pretty well substantiates our previous opinion that rough fish was the limiting factor and we intend to go right ahead with cleaning up of all waters that we can, but it will be useless to do that work if fishermen are permitted to use carp minnows for bait for the waters will immediately become reinfested. That is how carp got into a lot of them in the first place; therefore, it seems absolutely necessary at this time to make a regulation preventing the use of carp minnows in any waters that have been cleaned up by the Game Department. As this work progresses it is going to be increasingly difficult to prevent the use of carp in these waters if they are permitted in other waters of the county, and we do feel that the good of the sportsmen and the fishing resources of the county as a whole can best be served by preventing the use of carp minnows for fishing anywhere in the county; however, at this time the commission does not intend to make a regulation that will prohibit the use of carp minnows in all waters in the county. Instead, the regulation will prohibit the use of carp minnows in those waters which have been cleaned up by the Game Department.

Naturally, it might inconvenience some minnow dealers to cut out the use of carp minnows generally, but they would be given time to adjust their operations and to get into production of minnows of other species, but I do think we should all work at this from the standpoint of the greatest good to the greatest number of people in the long run instead of the good of a few people who may be in business which can result in great damage to the interest of the public generally.

Yours very truly,
Elliott S. Barker
State Game Warden

Tournament—

Guy Chevrolet Has Added New Holmes Wrecker

Clyde Guy of the Guy Chevrolet Company has announced the purchase of a new Holmes wrecker as an additional service to their customers.

This brand new wrecker is a combination of two great manufacturers, Chevrolet and Earnest Holmes Company. The truck is a 1948 two-ton model. The wrecker attachments are the latest developed by Holmes, the largest builders of wreckers in the country, according to Mr. Guy.

This great, powerful wrecker is equipped with double booms and a towing cradle that lifts the front or rear end of a car or truck and bring it in safely without further damage. This latest engineering by Holmes is a milestone in wrecker achievement in itself, Guy said. In fact, Holmes' modern power wreckers have been tested and proven to be the most satisfactory and efficient ever built, he added. This one is rated for 15 tons capacity.

This modern wrecker is now at the service of Artesia and community car and truck owners 24 hours each day. Guy said this latest addition of equipment now rounds out the program for complete automotive service—from changing a spark plug to rebuilding a wreck.
