## James Pike Resigns — Bishop Post

DURHAM, N.C. (AP) — James A. Pike resigned today as auxiliary bishop of the Episcopal Diocese of California.

The controversial former Episcopal bishop of California told the Greensboro Record he was resigning so his diocese or his successor will not be officially involved in his dispute with the Rt. Rev. Henry Louttit, Episcopal bishop of South Florida.

Bishop Louttit has initiated heresy charges against Pike and in recent days has been involved in a second controversy with the Californian over Pike's remarks about Luci Johnson Nugent joining the Roman Catholic Church.

Pike today demanded a public correction of a statement last Thursday by Louttit, in which he charged Pike had been "judgmental" against Luci Nugent.

Pike said that if there is not such a correction forthcoming he may attempt civil or ecclesiastical action or both against Bishop Louttit.

Pike said he is demanding a correction by Louttit "to help repair the damage to his ecumenical relationship with Roman Catholic universities and seminaries" at which he frequently speaks on theology.

Pike, a staff member at the Center for the Study of Democratic Institutions in Santa Barbara, Calif., is in Durham on a four-day speaking engagement at Duke University. He resigned as bishop of the California Episcopal diocese last May.

Pike said his resignation today as auxiliary bishop of California will not curtail his church acitivities there and he will remain as an honorary canon of Grace Cathedral in San Francisco.

The dispute between Louttit and Pike over Luci Nugent's conversion to Catholicism centers on interpretations of remarks Pike made July 4, 1965.

# President Johnson Asks Pension Payment Hike

By FRANK CORMIER

BALTIMORE, Md. (AP) — President Johnson outlined today a broad blueprint for at least $2.2 billion of increases in Social Security pensions. Under his proposal, the average pensioner would get an additional $8.50 or more a month.

The President said he wants Congress to approve average benefit increases of at least 10 per cent. And he proposed minimum monthly checks of $100, compared with the present $44.

Some Republicans, noting that Johnson made his pronouncement less than a month before the Nov. 8 election, accused him of playing politics. But many Congress members from both parties said Social Security benefits should be expanded.

None of the hikes would take effect until Jan. 1, 1968 — another election year.

Johnson sketched out his proposals — details will go to Congress in January — at a Social Security awards ceremony here. The federal pension program, which ships monthly checks to 22 million Americans, has its headquarters in Baltimore.

Maryland's largest city was the first stop on a two-day presidential tour that will have avowedly political aspects.

Johnson was bound for New York City and the annual Columbus Day parade — plus some speechmaking urged upon him by Frank O'Connor, the Democratic candidate for governor, and Democratic House members seeking re-election.

After an overnight stay in Manhattan, the chief executive is to meet Thursday morning with Prince Souvanna Phouma, neutralist prime minister of Laos, which borders Viet Nam. Thursday afternoon he will speak in Wilmington, Del., at the invitation of local Democrats.

Johnson's formal pronouncement on his plans for Social Security increases was somewhat anticlimactic. Departing from custom, he authorized aides to give newsmen advance word of his proposals late Tuesday.

Here is how he worded his "four basic proposals," which officials said might be expanded before he sends them to Congress, in his prepared text:

"First and most fundamental: I will recommend to the next Congress an average increase in Social Security benefits of at least 10 per cent — to provide every beneficiary a higher standard of living. I will propose that those in the lowest benefit brackets receive proportionately higher increases.

"Second: I will propose that every worker who has been regularly employed under Social Security for 25 years or more shall be guaranteed a minimum monthly benefit of $100.

"Third: I will recommend specific proposals that will materially increase the income of those under Social Security who continue to work after reaching retirement age. (Benefits now are reduced if a pensioner earns mor than $1,500 a year.)

"Fourth: I will recommend that hospital and medical care coverage he provided not only to the aged, but to the more than one million disabled Social Security beneficiaries."

## McNamara Tours Front

SAIGON, South Viet Nam (AP) — U.S. Secretary of Defense Robert S. McNamara toured quieted battle sectors of South Viet Nam today as 4,000 fresh American combat troops arrived in the country.

The new troops, the last contingent of the 4th Infantry Division, brought the American force in Viet Nam to 325,000 men.

As the buildup continued, ground fighting subsided into small skirmishes. But on the political front dissension flared between northerners and southerns in Premier Nguyen Cao Ky's cabinet. Five civilian ministers from the Mekong Delta were reported threatening to resign.

The 4,000 fresh American combat troops, comprising the "Ivy" Division's 3rd Brigade, began coming ashore from a troopship at Vung Tau, 40 miles southeast of Saigon. Their arrival brought the division to full strength, making it the fourth complete U.S. Army division in Viet Nam.

In addition to the 325,000 American soldiers in Viet Nam, there are nearly 42,000 troops from five other allied nations and some 705,000 South Vietnamese under arms.

U.S. strength is expected to reach between 370,000 and 400,000 men by the end of this year.

## Economic Clinic Plans Discussed

Plans for an economic development clinic scheduled for Oct. 20 topped the agenda Tuesday at the regular meeting of Snyder Chamber of Commerce directors.

Harry Reed, who reported on the clinic plans, said that a session would be held from 10 a. m. to 4 p. m. in the Snyder Savings and Loan Association community room, to be followed by an all-town meeting at 7:30 p. m. in the high school auditorium.

The economic development clinic has been arranged in cooperation with the Texas Industrial Commission.

Chamber directors also were given reports on plans for the businessman-teacher banquet scheduled for Nov. 7, and from the nominating committee. Ballots will go out to chamber members within the next week or two.

Les Francis, chairman of the screening committee, reported that several applications for the position of manager of the Chamber of Commerce had been received. These are being studied. The chamber has been without a manager since Oct. 1, when the resignation of Jim Heath became effective. Heath joined the staff of the Texas Industrial Commission.

A tentative date of Jan. 14 was announced for the chamber's annual membership banquet.

HAPPY DAY — These second grade students from East Elementary School toured the Snyder Fire Department and the Police Department facilities Tuesday. They were among the first pupils to conduct fire drills in conjunction with Fire Prevention Week.

## Board Discusses Several Projects

Snyder School Trustees discussed several projects, but found few items on their agenda requiring formal votes last night.

Dr. Robert Clinton, superintendent, was assured that the board intended to continue a previously outlined plan for special education. This will entail a class at the high school level and in the senior high school building next year. At present there are some 54 students in special education classes ranging from beginning 6 - year - olds to 16 - year - olds.

The superintendent also was given board approval to draft a policy proposal covering the use of the high school football stadium. This will be presented for formal action at a later date.

Also presented at last night's session was a projection of some possible budget estimates for 1967 - 68. The board already is beginning to look at future budgets as it prepares to hear reports from Citizens Advisory Committees who have been studying needs in several areas of the school program.

The board plans to meet with the four advisory committees on Oct. 25 to hear their reports.

Plans also were made to extend regular invitations to attend board meetings to a delegation of teachers each month. The Classroom Teachers Association will be asked to send three faculty members to each meeting. They will be from three different schools each month and will, of course, involve different teachers through out the year.

Dr. Clinton and Board President Kenneth Wilson told of plans to setup regional research laboratories for public schools. They will be designed to serve as a clearing house for good educational practices throughout the nation and will be staffed by top educators of the nation.

"As I understand it, they will serve schools just as the county agent serves farmers," said Wilson, who sat in on a session concerning the new project at the Texas Association of School Boards meeting recently in Austin. Local board members indicated that schools here probably would want to take advantage of the services of the center from time to time.

The board accepted the resignation of Mrs. Maurine Robinson, special education teacher. Mrs. Robinson asked to be freed of her duties by Oct. 15, stating in her letter that she felt that obligations to her family and to other interest made it necessary for her to leave the teaching field.

Hiring of two teachers and seven aides under the "Title I" program was approved. The teachers are Mrs. Carolyn Martin, Central Elementary, and Mrs. Nancy Bollinger, Northeast Elementary.

Title I aides are Mrs. Merle Roberts, East Elementary; Mrs Joyce Landon, Northeast Elementary; Mrs. Suzanne Ferrell, North Elementary; Mrs. Yolanda H. Rosas, Central Elementary; Mrs. June Bellamy, Central, Elementary; Mrs. Sallie Trigg, Travis Junior High; Mrs. Jamie Ward, Travis Junior High.

### Melvin Belli Repeats Vows In Japan

SAPPORO, Japan AP) — San Francisco lawyer Melvin Belli and fashion model Pat Montandon donned traditional Japanese wedding costumes today and were married in a Shinto ceremony here on Japan's northernmost main island of Hokkaido.

Belli, 59, and Miss Montandon, 34, pledged to love each other eternally. It is his fourth marriage and her third.

Belli defended Jack Ruby in the latter's trial on charges of shooting Lee Harvey Oswald, accused assassin of President John F. Kennedy.

### Showers Pepper Eastern Panhandle

BY THE ASSOCIATED PRESS

Scattered thundershowers peppered the eastern portion of the Texas Panhandle today while rain, drizzle and fog occurred over much of Southeast and South Central Texas.

The Weather Bureau reported the rain mostly light.

The Southeast and South Central rain came from a dying cool front. McAllen reported 1 inch, Brownsville .35 inch, Victoria .78 and Palacios .57.

### Selassie Visits Jordan

## *Grid Pick Contest Sizzles*

Another sizzling race developed last week in the Snyder Daily News Weekly Football Contest.

No less than six entrants deadlocked for the prize money, each missing an amazing three out of the 19 selections. And the contest scores would have been even more sensational if it had not been for that LSU-A&M tie.

Calling the shots on 16 of the 19 and thus sharing the $12.50 first and second prize money are L. D. McCrawey, 2401 Fortieth; Mrs. Bob Cole, 3004 Forty-first; Ginny Melton, 3781 Sunset; Eva P. Alarcon, 2807 Avenue U; Mrs. C. M. Word. 311 Twenty - fourth Street; Annelle Mack, 2316 Forty - second Street.

Another contest gets underway today and the list of games may be found in sponsors' advertisements on the football contest page of this issue of the Snyder Daily News.

## Switchmen Strike Is In Full Swing

KANSAS CITY, Kan. (AP) — A strike by the Switchmen's Union of North America against the Rock Island Railroad is in full swing despite a temporary restraining order issued early today in Chicago by Judge Joseph Sam Perry of U.S. District Court.

A railroad spokesman said the order would take effect just as soon as it could be served against "various union officers."

The strike involves a grievance with the line at Eldon, Iowa.

In Ponca City, Okla., Tuffy Steinbeck, vice general chairman of the union, said he has "received no official word of the restraining order and the strike is still in full swing." Steinbeck said he would be the one to call off the strike if the order is served.

Steinbeck said the union's general chairman, L. C. Chisholm, is en route eastward to make himself available for talks, presumably in Chicago.

The strike started at 9 p.m. Tuesday and halted freight traffic over the line's 14-state system and forced about 14,000 commuters in the Chicago area to find other transportation early today.

T. E. Desch, general counsel of the railroad, went to Judge Perry's home in Glen Ellyn, a Chicago suburb, to secure the restraining order which is effective until Oct. 22 when a hearing is scheduled on the order.

Neil P. Speirs, international president of the union, complained in Buffalo, N.Y., that the union had not been able to settle its difficulties with the carrier through negotiations and added, "Now we can't strike."

Pickets were posted at most of the railroad's terminal points including Chicago; Minneapolis, Minn.; Des Moines and Eldon, Iowa; St. Louis; El Reno and Ponca City, Okla.; Fort Worth, Tex.; and Kansas City, Topeka, Wichita and Goodland, Kan. The strike affects about 1,200 union members.

## General Electric Strike Imminent

By NEIL GILBRIDE

WASHINGTON (AP) — The mammoth General Electric Co. appeared headed today toward the biggest strike in its history in a showdown climaxing years of strained labor relations.

The giant firm, with more than $6 billion a year sales of a multitude of products from light bulbs to jet aircraft engines, faces a walkout by some 125,000 workers at 12:01 a.m. Monday.

"There is an explosion brewing here," said a spokesman for 11 unions that have banded together this year for the first time to take on the big firm in contract negotiations.

President Johnson, who named three Cabinet members to try to resolve the tough dispute, is reported ready to invoke an 80-day Taft-Hartley injunction to halt a strike because of production vital to the war in Viet Nam.

But union spokesmen president said that pent up resentment among union workers would be even worse after the 80 days ran out.

So important is the case to organized labor that President George Meany of the 13.5-million member AFL-CIO is heading a committee advising the unions involved.

Meany reportedly will call a meeting Friday of the chiefs of the 11 unions; led by Paul Jennings, President of the International Union of Electrical Workers. Jennings' union represents 80,000 General Electric Workers.

The special White House panel Tuesday curtly brushed aside a company proposal for a voluntary no-strike pledge at defense plants for 60 days and a vote among employes on the company's "final" offer after that.

"We did not think it was responsive to the President's request," said Secretary of Commerce John T. Connor, speaking for the panel.

Secretary of Labor W. Willard Wirtz and Deputy Secretary of Defense Cyrus R. Vance agreed. Vance is sitting in for Secretary of Defense Robert S. McNamara, who is in South Viet Nam.

## Evans Rites At Fluvanna

Graveside rites for James Edgar Evans, 63, former Fluvanna resident will be held at 10 a. m. Thursday at Fluvanna Cemetery with Rev. Thomas Hall, pastor of Fluvanna First Baptist Church, officiating, under direction of Bolger Funeral Home.

The body will lie in state at Bolger Funeral Home from 8 p. m. Wednesday until service time on Thursday morning.

Funeral services were to be held at 10 a. m. today at First Baptist Church of Alvin.

Mr. Evans, who died unexpectedly at his home in Alvin, was born in Fluvanna in 1903 and moved from Fluvanna to Alvin in the Houston area.

Survivors include the widow, Mrs. Birgie Evans, two daughters, Mrs. B. J. Harrison of Grand Prairie and Miss Eddie Marie Evans of the Alvin home; two sons, Billy E. Evans of Webster, and J. E. Evans, Jr. of Liverpool, Tex.; a sister Mrs. Hazel Robinson of Houston; three brothers, Bunyon Evans of Fluvanna, Opal Evans of Waller and Ivan E. Evans of Houston; and eight grandchildren.

Pallbearers will be Charlie Bley, Jack Hunnicutt, Sandy Holder, Fowler Mathis, Virte Wells and Robert Jones, all of Fluvanna.

## November Draft Cut

WASHINGTON (AP) — The Pentagon today cut the November draft call by 6,100 men to 37,600 and announced that 12,100 men will be inducted in December, the lowest total since March 1965.

A Defense Department announcement said the original draft call of 43,700 for November was being reduced because of "a greater than expected number of enlistments and reenlistments in recent months."

The December call involves only half the month.

The Pentagon said no men will be inducted between Dec. 16 and Jan. 1, 1967, because of the Christmas season.

All inductees in November and December will go to the Army.

The Pentagon said it expects next January's request to the Selective Service to total about 33,500, based on the average taken in during the past six months.

## Inez' Path Marked By Devastation

EDITOR'S NOTE — Associated Press newsman Gary Garrison flew over the Tampico, Mexico, area Tuesday for a look at the destruction by Hurricane Inez which had moved inland 24 hours earlier.

By GARY GARRISON

BROWNSVILLE, Tex. (AP) — The destruction was terrible and complete.

Our plane couldn't land, but the littered, twisted path of Hurricane Inez through the rich farmlands north of Tampico was clearly visible.

Her grotesque footprints led from the blue waters of the Gulf of Mexico for 100 miles to the west, where she tore herself to pieces in the rugged Sierra Madres.

Fields were littered with pieces of tin from roofs, portions of homes and even a small airplane, twisted as if made of cardboard.

The runway at the Tampico Airport, like much of the surrounding area, was covered by debris and water.

Gonzalez, a tiny community northwest of Tampico, was heavily hit. Huge cotton gins, constructed of tin and steel, lay crumpled like broken toys.

Tall palm trees were felled, cotton fields were under water, homes were unroofed, trucks overturned and moored airplanes pitched around by the 135 mile-an-hour winds.

Ambulances were parked around the town as the town dug out from the storm.

Once-peaceful rivers roared at high speed.

Where the muddy water of the Rio Soto La Marina emptied into the gulf, an ever-increasing circle of brown fanned out into the blue waters.

It was near the mouth of the river, about 100 miles north of Tampico, that Inez went inland. From the air one could trace the hurricane's route by the swath of downed palm trees.

The area's rich cotton crop appeared almost a total loss. Much of it was under water.

Roads were inundated, particularly in the rural areas.

Near Tampico, the Tampico-Ciudad Mante highway was open and filled with traffic as rescuers moved in to aid the thousands left homeless and marooned.

# Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My boy friend and I were secretly married by a judge last year while we were college seniors. Now we are graduated and my parents want to give me a church wedding. My being an only child it would mean a lot to them. We live in a small town and with my own ears I have heard our pastor tell things he had no business telling.

Do I have to tell him we were married before? He would surely tell someone and it would get back to my folks, and I hate to have them hurt. Also, is it legal to have two marriage licenses on file with a divorce in between?

MUST KNOW

**DEAR MUST: First, find a lawyer in your town who talks less than your pastor. (This should be easy.) Ask him about the legality of two marriage licenses. And I advise you to tell your pastor about the previous ceremony.**

**But tell your parents first. Since it was only a civil ceremony, they will want you to have a religious ceremony as well.**

* * *

DEAR ABBY: Over the years I have sent many greeting, anniversary, birthday, get - well, and sympathy cards. And Abby, I am not lying when I say that out of the 52 cards sent last year, only three people have had the courtesy to thank me. Aren't people supposed to say "thank you" for being remembered with a card? Should I just save the price of these cards, my postage, and my time?

IGNORED

**DEAR IGNORED: People of breeding still telephone their thanks, or drop a note in response to a greeting card. If you enjoy remembering people with cards, continue to do so, but if the rudeness of some have soured you for all, call a halt.**

* * *

DEAR ABBY: My son passed away suddenly a year ago. He was only in his twenties and left a widow and two small children, 1-year-old and 2 years old. The day after my son was buried, my daughter-in-law got rid of every stitch of clothing he owned, took down their wedding picture and put away his pipes, and everything that was his.

She said that way the children wouldn't ask questions about where their father was. My son was a good husband and father and he loved those children. She never visits us. If we want to see our grandchildren we have to go there. This has been on my mind so long I just can't stand it. Please help me.

HEART-BROKEN

**DEAR HEART - BROKEN: Your daughter - in - law could have been understandably distraught and befuddled when she removed all reminders of her husband, but as time heals the hurt, she should realize that the children should know something of their father. Until and unless she changes, it will be up to you to visit your grandchildren and to preserve the memory of your son.**

* * *

**CONFIDENTIAL to "HUMILIATED HOST" IN BIG SPRING TEXAS: Don't invite him again. It is just as ill-bred and hoggish for a man to monopolize the conversation all evening as it is for a guest to eat all the food at the dinner table.**

## Two Knives Are Recovered Here

Two knives which were reported stolen from an exhibit at the Scurry County Fair have been recovered, it was announced today.

The two "Bowie" knives, made and exhibited by Charley Clark, were taken from the fair sometime Thursday night. Sheriff Keith Collier and County Juvenile Officer Bill Zimmerman said this morning that the knives were recovered from two juveniles.

## Texas Rice Crop Below Last Year's

BEAUMONT (AP) — With most of the area's rice crop harvested, rice growers here estimate this year's crop is 20 per cent below last year's "excellent harvest."

Several factors were blamed by Buddy Hines, buyer for a Houston rice mill: Heavy rains during the planting season; cool weather during August, and inability to "kill enough of the weeds which used up a great deal of the fertilizer meant for the rice."

## Youth Plays Santa For Viet Servicemen

ATLANTA, Ga. (AP) — Willie Hunter, a teen-ager who once walked to Washington in support of U.S. Viet Nam policy, has a new project — collecting Christmas gifts for servicemen in the Asian country

Hunter and two other 17-year-old Negro pupils at Archer High School have formed a group called "The Commission on Viet Nam."

"We would like to make Christmas in Viet Nam more meaningful for the soldiers," Hunter said.

## Talks To Cover Future Of NATO

BONN, Germany (AP) — American-British-West German talks on the future of the North Atlantic Treaty Organization will begin in Bonn Oct. 20, the West German government announced today.

Manlio Brosio, general secretary of NATO, has been invited to the first meeting. The announcement said that this was to "make certain that the discussions of the three powers support current NATO planning."

# Crabtree Service At Lake Jackson

Kenneth W. Crabtree, 39 of 110 Poinsettia, Lake Jackson, Tex., a Scurry County resident until 1950, died Monday evening following a sudden illness.

Mr. Crabtree was born and reared at Dunn. He served in the U. S. Navy during World War II.

He moved to Lake Jackson in 1955, where he owned and operated the Freeport Drive In Theater at Freeport and a printing service.

Surviving are his wife, Fay; a son, Larry, of the home; a daughter, Karen; two grandchildren; two brothers, Rudy Crabtree of Snyder and Elroe Crabtree of Dallas; five sisters, Mrs. Elsie Curry of Waxahachie, Mrs. Melba Burke of Houston, Mrs Neva Lee, Mrs. Audie Lloyd and Mrs. Lois Gilihan, all of Andrews.

He was the son of the late Mr. and Mrs. Reese M. D. Crabtree of Dunn.

Funeral services will be held at Lake Jackson on Thursday afternoon.

# Apollo May Show Live

NEW YORK (AP) — If all goes well, Americans may be able to watch live television coverage of astronauts performing in space during the three-man Apollo mission in December, says William McAndrew, president of NBC News.

McAndrew said Tuesday that the National Aeronautics and Space Administration had given the three major networks virtual assurance they would receive live pictures.

NASA had announced earlier that the capsule would contain a television camera.

The pictures would be transmitted to Cape Kennedy from the spacecraft and relayed to the networks for broadcast, McAndrew said.

Coverage is to be limited to the time the Apollo is in the Cape Kennedy area.

## *Couple Mark 77th Wedding Anniversary*

JAMESTOWN, N.Y. (AP) — Bertha Lowe was 16 and Oliver Bunting was 19 when they stood before a justice of the peace at midnight to become husband and wife.

Today, they observed their 77th wedding anniversary, and among their descendants are four great-great grandchildren.

The couple chose midnight for their marriage, they said, because it came at the end of Bertha's birthday, celebration and the start of Oliver's. She turned 93 Tuesday and he reached 96 today.

They were married in Walkerville, Mich., where Bunting was a country school teacher.

Later, he became a newspaper advertising man in this western New York City. He retired in 1946 as display advertising manager of the Jamestown Post-Journal.

NEWT HIELSCHER

# K&F To Hear Humorist

He's just plain Newt Hielscher and does not have the title of "doctor," buy many who have heard the man who will speak Thursday night to the Scurry County Knife and Fork Club, say he has prevented more ulcers than medical clinics have cured.

Knife and Fork Club members should make reservations immediately. Telephone reservations will be accepted until 8 a.m. Thursday by Mrs. Ruby Anderson, HI 3-9975.

It may be by coincidence that the topic of Hielscher's address is "The Contagious Cure." It isn't a medical talk at all, but instead is a humorous - philosophical address that alternately has listeners langhing and thinking. The Hielscher theory is simple: If you take time to laugh frequently, you won't have time to think so seriously as to get ulcers.

## City Firemen Are Called Three Times

City firemen answered three calls Tuesday, but little damage was reported.

At 9:30 a.m. Firemen were called to the Colorado City Highway when a radiator hose burst on an automobile. At 7:10 p.m. firemen were called to the Basel W. Arnold home, 4500 Beaumont, when grease ignited on a kitchen range. Firemen were called to another car fire at 8 p.m. at 3600 Avenue K. but the fire had been put out and the car was gone when firemen arrived.

# *Kids Enjoy Space Age Playgrounds*

By JACK MILLER

WASHINGTON (AP) — It's a better time than ever to be a kid.

You know this if you've had a look at the latest in playground equipment for the space-age small fry.

Consider that classic of the traditional playground: The slide. Compared with the latest, it's much too simple, drab, uninteresting, dangerous and fragile.

Now, the very young can climb up a make-believe rocket to a height of 20 feet and slide down any of several chutes. And, though higher, the rocket slide is safer because its upper reaches are enclosed (though the kids can see out).

The flashy, colorful new equipment even teaches more, it's clear from a tour of exhibits at the National Recreation and Park Association congress here.

One slide in effect teaches what the free enterprise system is all about. Called "Earn-A-Slide," it has handgrips around its big, triangular sliding area. The kids who pull themselves up the highest get the longest slide down.

Parents don't have to be told that the new equipment costs a lot more money. The manufacturers' comeback is that the equipment saves money because, through use of new materials, it needs practically no upkeep and is almost indestructible.

## More Coastal Areas May Be Leased

WASHINGTON AP) — The Interior Department is inviting the petroleum industry to designate additional submerged areas off the Louisiana coast for lease for possible oil and gas production.

Secretary of the Interior Stewart L. Udall said that there are tentative plans for a call for nominations of areas off Texas early next year with a possible lease sale late in 1967.

# Food Price War Delights Ladies

By ROBERT GOLDENSTEIN

CHICAGO (AP) — Major supermarket food chains in the greater Chicago area are engaged in price-cutting, and housewives think it's just wonderful.

Jewel Tea Co., which operates supermarkets in five Midwestern states, started lowering prices on nonperishable items in late September and the other food chains quickly f wed.

Jewel advertised reductions in prices of 2,327 items, calling them new low "miracle prices."

Harry Beckner, vice president and general manager of Jewel, wouldn't call it a price war, saying: "We are simply offering customers a choice of what they will pay for staple items. We feel it is our responsibility to make this choice available to them."

**Some sample reductions:**

A 2-pound can of Royal Jewel coffee for $1.19, previously $1.39; a 29-ounce can of pears for 29 cents, previously 39 cents; a large jar of stuffed olives 44 cents, previously 59 cents; a large can of tomato juice 37 cents, previously 44 cents; a jar of salad dressing 33 cents, previously 39 cents.

Beckner said Jewel decided on price cuts of 10 to 20 per cent in staple items "in anticipation that the bargains would attract additonal business. We are going to hold the low prices as long as we can."

Most of the price cuts are in staples such as canned goods and package items that are bought in quantity and held for some time without danger of spoilage.

A & P stores announced in two-page advertisements "scores and scores of prices reduced." The newspaper advertisements also plugged a current prize contest.

Some of the chains also announced reductions in fresh meat prices.

Food chains usually show a profit of 1 to 1½ cents on each dollar of business volume and no one would predict how long the lower prices would hold.

However, figures compiled by the Bureau of Labor statistics show that retail prices of some staples have been higher in Chicago than in any other of the nation's 12 largest cities — apparently allowing some slack for lower prices.

## County-Wide 4-H Panel In Session

Officers were installed at the monthly meeting of the County-wide 4-H Club Committee, which was held in the Home Demonstration Agent's office.

The officers were installed in a candlelight ceremony.

Judy Tate presided and some 35 girls and leaders answered the roll call. Jan Bellamy gave a report on the 4-H booth at the fair. A report on the electric booth was given by Judy Tate. She also gave a report on plans for the Christmas program.

It was decided to have the next community club meeting in combination with the Christmas program on Dec. 3. Dr. A. B. Lightfoot will bring the program.

Mrs. O. P. Tate Jr. made a motion to amend the constitution so that all junior leaders, whether they held offices in their club or not, would be members of the County-wide Committee. The motion was approved.

Attending were Darlene Tate, Rebecca White, Sue Sorrells, June Stansell, Shirley Stirl, Gloria Nell Greene, Carolyn Tyron, Shirley Tyron, Wilma Stirl, Karen Shifflet, Gloria Bigham, Jena Bell, Sandra Bell, Renetta Jordan, Mary Rios, Jan Bellamy, Debra Fields, Jan Ann Harrington, Barbara Tate, Dolores Schwarz, Kay Nell Feather, Diane White, Ann Smith.

Also, Lorinda Jordan, Gwen Stansell, Daneta Jordan, Elaine McArthur, Martha Stephens, Reta Melton, Mary Lee Braziel.

Leaders present were Mrs. W. C. Stirl, Mrs. Robert White, Mrs. Bob Jordan, Mrs. O. P. Tate Jr. and Miss Ruby Butts.

Baked apples look pretty when, before serving, their centers are filled with currant jelly.

# US, Soviet Relations Warm As China Prestige Tumbles

By LEWIS GULICK

WASHINGTON (AP) — A seeming Soviet willingness to do business with the United States may be due in part to Red China's setbacks in the struggle for leadership of the Communist world.

This opinion comes from some U.S. diplomats after four exploratory sessions with Soviet Foreign Minister Andrei A. Gromyko — three with Secretary of State Dean Rusk and Gromyko's call on President Johnson.

A year ago Gromyko stayed away from Washington, though he was in New York for the U.N. General Assembly opening. U.S. forces were then going into Viet Nam in a big way, and a seemingly potent Peking was accusing the Soviet Union of conniving with the "imperialist" enemy.

This fall Gromyko agreed to final talks aimed at starting direct U.S.-Soviet commercial air service, he abandoned some earlier objections to a treaty to preserve outer space for peaceful use and he showed interest in a pact to outlaw the spread of nuclear weapons.

U.S. Kremlinologists who see in this a warming-up of U.S.-Soviet relations are inclined to give some credit to Mao Tse-tung — for the Chinese leader's Red Guard rampage which has tumbled Peking's prestige inside as well as outside of the Communist camp.

According to this theory, Moscow has forged so far ahead in the Sino-Soviet rivalry that the Kremlin can shrug off China's charges and feel free to pursue its own foreign policy ends.

There is another school of thought among Washington experts which fails to find any marked improvement in Moscow-Washington relations at this time.

They say the Kremlin leadership has kept the door open right along for East-West accords which might suit the Soviets. They note Gromyko continued to brand America as the aggressor in Viet Nam, voice support for Hanoi and rebuff peace approaches.

This analysis sees Kremlin policy as partly harsh, partly accommodating toward the West, and pragmatic in dealing with any specific item. So what looks like a smile from Moscow today on one issue could turn to a frown tomorrow on another.

But the differing interpretations do come to one common conclusion: That a wide gulf still separates Washington from Moscow and bridging it will not be easy.

## Junior Editors Quiz on FILM NEGATIVES

*QUESTION: How are negatives made from a roll of film?*

• • •

**ANSWER:** When a camera's shutter clicks, light falls on a sensitive coating of silver salts covering the film. These salts retain a memory of the pattern of lights and darks. Developing with chemicals changes the silver salts, which have been affected by the light, to various degrees of metallic silver. Then, when the film is passed through a fixing bath, silver salts not reached by the light are washed away, leaving clear film. Paper used in the final prints also receives a light-sensitive coating. When the developed film — called a negative — is placed over the print paper, light comes through the clear negative areas and turns these dark on the paper. But the dark, dense parts on the negative print lighter.

Developing is best done in total darkness, but a faint red light can be used. Jerry is working in the kitchen with red cellophane around a lamp — he is following the directions given on the packages he bought, which contain developing and fixing materials.

• • •

**FOR YOU TO DO:** Get your parents' consent and advice if you want to develop film at home. Use newspapers to cover everything that might be damaged by chemicals. 10-12

NEW YORK (AP) —Jumping to conclusions:

Most left-handed girls, when a fellow gets fresh with them, switch to their right hand when they slap his face. Don't ask me why.

Honest merit will never be fully recognized in this country until the dandelion is officially named as America's national flower. Anyone who doesn't admire this sturdy yellow democrat of lawn and meadow is a floral snob, and deserves to have crabgrass grow in his front yard forever.

No matter how helpful in his life a wife may be at other times, a man really never learns much from her while watching a pro football game.

The shorter a business executive is, the higher is the seat of his swivel chair from the floor. Even while sitting, he wants to look taller.

One way for Sweden to startle the world would be to make a movie fit only for children to see.

A woman who gets tanked at a cocktail party always feels more guilty afterward if she happened to be wearing a pearl necklace. She knows a woman should always act aristocratic while wearing pearls.

One of the things a middle-aged man finds mystifying about the younger generation is how so many of them can get through high school without ever having read "Lorna Doone" or "Ivanhoe."

The best way to preserve a wool bikini through the winter is to wrap it around a mothball—if it will go all the way around.

There is something economically pitiful about a fellow who can afford to eat only a 59-cent frozen television dinner while looking at a program on his $595 color television set. You get the feeling that civilization has gone astray.

Four out of five beatniks are rebelling against something. The fifth one simply lets his hair grow long because that's the only way he can hide the fact he has horse ears.

# Bandits Rob Gibson's

AMARILLO (AP) — Two robbers hid inside a Gibson's discount store until after closing time and robbed employes of about $9,000 in cash and checks Tuesday night.

Cleaners had finished their work and store manager James V. Glenn, 42, and clerk Billy Cantrell, 29, were preparing to leave when the bandits emerged from hiding.

The apparent leader, wearing a stocking mask and gloves, forced Glenn to open a safe near the front of the store. His nervous accomplice kept Cantrell lying on the floor at the back.

Both bandits carried snub-nosed pistols.

The store manager said the safe contained more than $9,000 but he didn't know how much was cash.

After the safe had been emptied the holdup men bound Glenn and Cantrell with tape and lingered for a few minutes, explaining they were "waiting for our ride."

Soon after the gunmen departed Glenn managed to dial a telephone and asked the operator to summon police.

### WHILE COURT HEARS APPEAL

# Braves Entrenched In Atlanta Home

By JAMES R. POLK

MADISON, Wis. (AP) — The South, loser for 111 years, has emerged a victor in the Civil War over baseball.

Atlanta was told Tuesday it could keep baseball's disputed Braves as Wisconsin turned to the U.S. Supreme Court in a bid to restore the sport to Milwaukee through expansion.

The triumph was trumpeted by two sentences in a hazy, hidden footnote at the bottom of the 13th page of Wisconsin's 38-page plea to the nation's highest court to hear the case.

The footnote, State Atty. Gen. Bronson C. La Follette said, meant Wisconsin is now asking only that Milwaukee be included in expansion plans for the (National) League.

The Boston-to-Milwaukee-to-Atlanta Braves, baseball's longest double play, went south for 1966 after 13 seasons in Milwaukee. Atlanta embraced them with 1.5 million fans, nearly treble the total turnout for their listless lame duck year in the North.

Baseball's abandonement of Milwaukee, first city to be deserted completely by the major leagues since 1903, led to the antitrust conviction in April that was overturned in a 4-3 vote by Wisconsin's own Supreme Court three months later.

The Milwaukee judge who returned the original conviction against the National League and its 10 clubs had ordered the Braves brought back from Atlanta if Wisconsin was not awarded a 1967 expansion team.

The brief footnote to the appeal Tuesday acknowledged that the suit at first "originally alleged" the Braves' move to Atlanta was illegal, but conceded that the State Supreme Court had decided it would never order the team to return because of reasons of state law.

Only federal issues may be argued before the U.S. Supreme Court. The reluctant surrender under state law freed the Braves forever to remain in Atlanta.

# SPORTS

# Bayou City Will Integrate Sports

HOUSTON (AP)—High school athletic competition will be integrated in the Houston Independent School District beginning with the 1967 football season.

Under the plan announced Tuesday the district's six Negro schools and 14 predominantly white schools will compete in district 9-AAAA of the University of Texas Interscholastic League. The Negro schools currently are competing in District 3-AAAA of the Negro Interscholastic League.

The planned merger must be approved by the Interscholastic League.

All schools in the Houston district have been integrated except for the ninth grade, which is on the junior high level.

Houston's 14 white schools currently are divided into two zones, with the champion of each zone competing for the district championship. The six Negro schools and Aldine Carver of the Aldine district compete in District 3-AAA.

The new alignment probably will place Yates, Wheatley and Worthing in Zone I with Austin, Bellaire, Jones, Madison, Milby, Sterling and Westbury.

Washington, Williams and Kashmere Gardens probably will be in zone II along with Davis, Lamar, Lee, Reagan, Sam Houston, San Jacinto and Waltrip.

Yates has won the state Negro championship the last two years.

Indications are that several football contracts Houston schools hold with out of town schools will have to be cancelled for the 1967 season as the new plan will mean the schools will have to play only one non-district game before moving into zone competition.

## Linebacker Steve Paxton Hurt Tigers

Keith Miles, Snyder football coach, praised the quality of Lamesa's running backs at the regular weekly meeting of the Snyder Quarterback Club, held Tuesday night in the high school cafeteria.

He had special words of praise for Lamesa's outstanding linebacker, Steve Paxton. Game films indicated that Paxton was in on nearly every tackle. Willie Bolton also hurt us from his defensive secondary post.

The Lamesa linemen are not exceptionally talented, but most of them are seniors and they have the experience to know where to go at the right time.

Snyder simply gave away too many touchdowns to have any chance of winning. Two first period fumbles, an interception and runback to the Tiger 20, and a kickoff return for a touchdown all proved costly to the Bengals.

Miles also gave the scouting report on this week's foe, Levelland. He observed the Lobos have some tough power runners.

Mitch Rambin, tailback on the "B" team, was moved up to the varsity to add more depth in the backfield.

Coaches in the School System gave reports on the various teams.

## Colt, Giant Teams Win

The two 7th grade football leaders, Lamar's Colts and the Travis Giants, continued down the victory trail Tuesday afternoon.

The Giants turned back the Travis Packers, 14-0, in the first game, while the Colts downed the Lamar Cowboys, 20-8, in the second game.

Billy Clayton went over from the 8 yard line in the first quarter and from the 1 yard line in the fourth quarter for both of the Giants' touchdowns. Butch Buchanan passed to Donny Durst for the two extra points after the second touchdown.

In the second game, Travis Bunch carried over from the 1 to put the Colts ahead of the Cowboys, 6-0, in the first period. Steve Norred scored from 3 yards out with Bunch adding the two extra points to make it 14-0 at half-time.

The Cowboys came back after the intermission and immediately put on a drive for a touchdown. Terry Arnold got the six pointer on a 12-yard run and Mike Dennis added the two extra points.

Bunch got the Colts an insurance tally late in the third period, scoring from 12 yards out.

The standings:

| Team | W | L | T |
|---|---|---|---|
| Travis Giants | 2 | 0 | 1 |
| Lamar Colts | 2 | 0 | 1 |
| Travis Packers | 1 | 2 | 0 |
| Lamar Cowboys | 0 | 3 | 0 |

## Dobbs Best In Mo Valley

BY THE ASSOCIATED PRESS

Tulsa quarterback Glenn Dobbs, who passed for all three touchdowns in a 20-6 victory over Colorado State, is the Missouri Valley offensive back of the week. Cincinnati's Bob Amburgey won the defensive back award.

Dobbs, 6-foot-6 and 201 pounds, hit 11 of 22 passes for 221 yards. He is the son of the Tulsa coach. Five other offensive backs were cited. They were Tony Jackson, Cincy quarterback; Harry Wood, Tulsa flanker; Gene Lakusiak, Tulsa fullback; Benny Russell, Louisville quarterback; and Vidal Carlin, North Texas quarterback.

Amburgey made nine tackles, recovered a fumble and called the defensive signals. He was a narrow choice over Billy Woods of North Texas and Bobby Duncan of Tulsa.

Woods had a 52-yard pass interception touchdown and tackled well. Duncan made 11 tackles and broke up two passes.

## Field Goal Decides Many College Clashes

NEW YORK (AP) — When Jerry DePoyster of the University of Wyoming kicked four field goals last Saturday — three of them more than 50 yards out — he did more than set a record of sorts. He also pointed up the rapidly increasing use of field goals in college football.

According to figures released today by the NCAA Service Bureau, the foot is in college football as never before. With the season not yet half over, only four college teams have neither kicked nor yielded field goals. In all, 205 three-pointers have been kicked in 239 major-college

## Dallas Leads In Offense, Defense

ST. LOUIS (AP) — Four guys named Jerry Stovall, Larry Wilson, Jim Burson and Abe Woodson might be the key Sunday in a battle for the Eastern Division lead in the National Football League.

Those four are the unbeaten St. Louis Cardinal defensive backs who will be trying to stop the passing completion record of the aerial-minded Dallas Cowboys, who also haven't been beaten. The Cowboys have scored 25 touchdowns in four games—15 by passing and 10 by running.

Quarterback on Meredith and flanker Bob Hayes have been the sparkplugs in the Dallas offensive machine.

"The Cowboys made over 600 yards when they beat Philadelphia 56-7 Sunday," said St. Louis coach Charley Winner, "440 by passing. Meredith has had just one pass intercepted in some 150 attempts this season."

And that's where Stovall, Wilson, Burson and Woodson come in. That Cardinal secondary plus the linebackers and the Big Red front four have held the opposition to eight touchdowns this season—three by passing.

"That's where the key probably will be," said Chuck Drulis, St. Louis defensive coach.

The Cardinals worked out against the Dallas plays Tuesday and Drulis was making sure they knew what Meredith had done with the football in the Cowboys' four victories.

St. Louis came from behind to beat the winless New York Giants 24-19 Sunday in a game the Cardinals believe they played badly.

# Brave Scribe Picks Texas Over Arkansas

By HAROLD CLAASSEN

NEW YORK (AP) — Another roll of the football dice, the kind that come up with seven points — like in a touchdown — every time.

Last week there were too many snake eyes for a .667 average.

This week's picks:

Michigan State over Ohio State: Because Bob Apisa, Bubba Smith and Jimmy Raye all play for the Spartans.

Notre Dame over North Carolina: Jim Seymour and Terry Hanratty, the sophomore battery, are making the Irish contenders for national honors.

Alabama over Tennessee: The Crimson Tide has yielded one touchdown but has won all three of its games. Tennessee hasn't given up a single touchdown but has lost one of three games. With pure illogical reasoning, Alabama.

South California over Stanford: Far too many Trojans.

Nebraska over Kansas State: Harry Wilson is the reason.

UCLA over Penn State: The Pennsylvanians will discover that Gary Beban has a lot of competent helpers.

Georgia Tech over Auburn: The Engineers beat Tennessee last Saturday although the Volunteers had the better statistics, so there is no reason for them being on Cloud 9 for this one.

Florida over North Carolina State: Steve Spurrier will keep the Gators on the unbeaten list.

Purdue over Michigan: The Boilermakers' only loss has been to Notre Dame, and Bob Griese won't allow another stain on the record.

Air Force over Oregon: The fly boys are really flying.

Texas over Arkansas: Both teams were upset last Saturday but the Texans, playing before the home folks, will recover quickly.

Miami over Georgia: In the dark of the night, too.

Houston over Mississippi State: Warren McVea, the Houston speedster, is living up to all his press clippings.

Syracuse over Boston College: Even if Syracuse has to play without Floyd Little it should have enough to sneak past the Bostonians.

## Holman Paces San Jose

SAN JOSE, Calif. (AP)—Danny Holman had a football in his hands when he was 3 years old.

Seventeen years later his job is to get it into the hands of someone else, and he does it so well he's been named collegiate Back of the week by The Associated Press.

Holman, San Jose State's quarterback, weighs 168. Standing 6-feet 2-inches, he still resembles a stringbean.

California's Bears feel like the giant at the top of the bean stalk. Favored to beat San Jose State, they fell Saturday 24-0, the first time in seven games against their neighborhood foes.

With 216 yards through the air against Cal, Holman continued to lead the nation's collegiate passers with 1,022 yards.

The quarterback's father, the late Art Holman, starred as a hurdler at the University of Oregon and introduced his youngster to athletics early.

In the first half against California, Danny completed 11 of 25 passes for 126 yards and finished with 20 for 37, gaining 216 yards and throwing for two touchdowns.

## Cards Point To Cowboys

NEW YORK (AP) — The high flying Dallas Cowboys aren't unbeaten in four National Football League games by mistake. They lead the league in both total offense and defense.

The Cowboys have gained 1,847 yards while allowing 1,139 yards in compiling a 4-0 Eastern Conference record, according to league statistics released today.

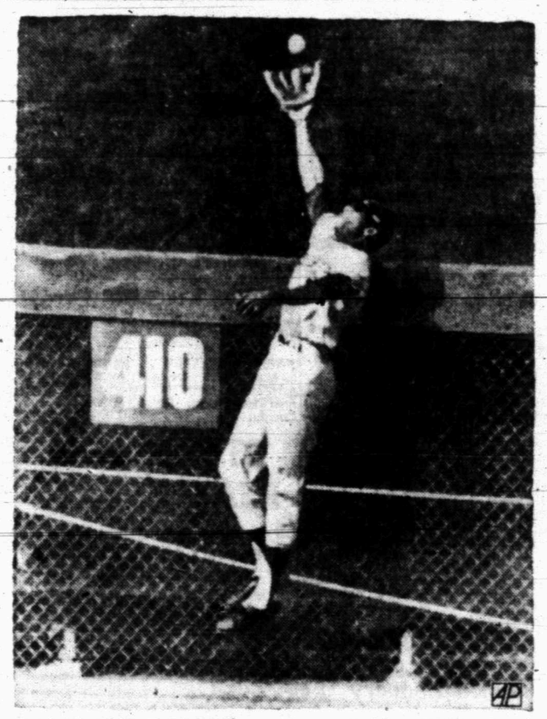

## Alston Tops In National

NEW YORK (AP) — Walter Alston of Los Angeles was named the National League's Manager of the Year for the fourth time in an Associated Press poll today. This past season he led the Dodgers to their sixth pennant during his 13-year tenure.

Alston received 206 votes in the annual AP poll of baseball writers. Harry Walker of Pittsburgh was second with 130 votes and West Westrum of the New York Mets was third with 16. A total of 380 writers participated in the balloting based on the regular season.

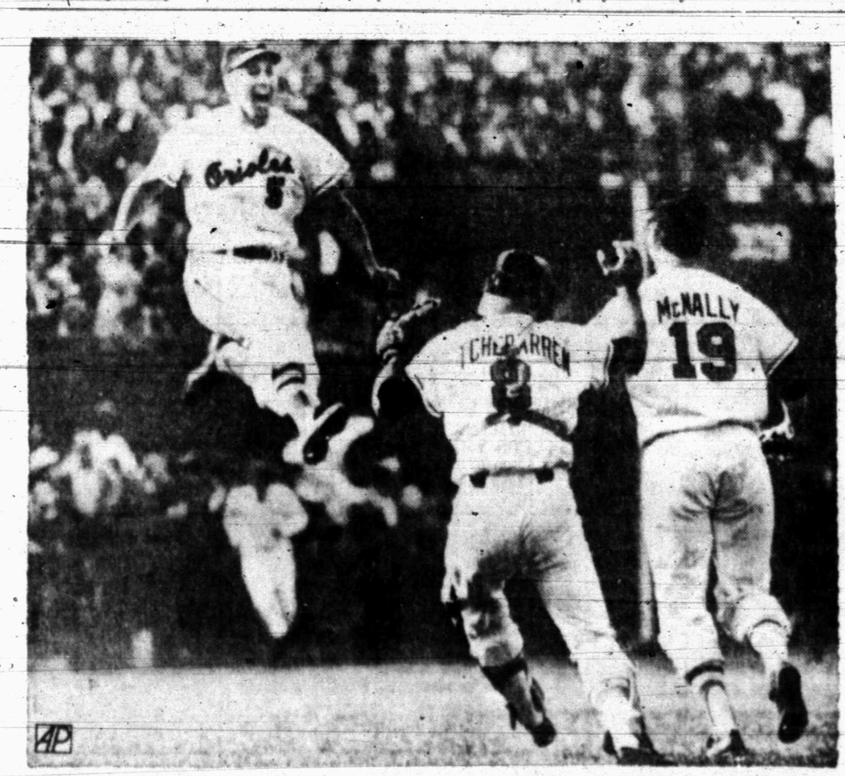

The Dodgers' skipper also was the NL's Manager of the Year in 1955, 1959 and 1965.

A 51-year-old former schoolteacher from Darrtown, Ohio, Alston made a success of one of his most challenging assignments in 1966. The Dodgers, who batted a collective .256 and whose 606 runs scored topped only two other teams in the league, did not clinch the pennant until their final game.

**WILLIE THE ROBBER** — Centerfielder Willie Davis of the Los Angeles Dodgers makes a one-handed leaping catch of Boog Powell's long drive to the 410-foot marker in the fourth inning of fourth World Series game in Baltimore. The ball was belted to the deepest part of center field. (AP Wirephoto)

Entries for the 1967 Woman's International Bowling Congress, which begins next April 13 in Rochester, N.Y., will close on Jan. 20.

**HIGH-FLYING BIRD** — Brooks Robinson (5), Orioles third baseman, comes leaping across the infield to congratulate pitcher Dave McNally after the final out in fourth World Series game in Baltimore. Oriole catcher Andy Etchebarren also charges in after McNally shut out the Los Angeles Dodgers with a four-hit, 1 to 0 performance to give Baltimore a sweep of the Series. (AP Wirephoto)

REALTOR MEETING — H. W. (Bonnie) Bahnman, president of the Texas Real Estate Association (left), and Ervin W. Luedtke (right), executive vice president of the TREA, spoke at a meeting of local realtors at the Steak House Tuesday. They were introduced by L. A. McClanahan, president of the Snyder Real Estate Association (center).

# State Realtors' President Calls For Fidelity To Code

Urging fidelity to their Code of Ethics and participation in community affairs, H. W. (Bonnie) Bahnman, president of the Texas Real Estate Association, spoke at a luncheon meeting of the Snyder Real Estate Board, held Tuesday at the Steak House.

A director of the National Board of Realtors, Bahnman called for stricter licensing laws for brokers. He said the TREA is urging the Texas Real Estate Commission to increase the hours of study required before taking the examination from 30 to 90 hours.

"The public is entitled to better protection," he said. "In Colorado," he continued, "it requires three days for the state examination, whereas in Texas only three hours are required for the examination."

A 32nd degree Mason, Bahnman told local realtors the professional standards committee of the State Association is "assuming more responsibility."

"Know your merchandise," he declared, "and protect the interests of your clients."

Bahnman urged local realtors to bring property owners into their Association "so they will understand your problems and can help you with your programs."

A former Chamber of Commerce president in his native Harlingen, the state executive called upon realtors to work in their communities — in their church, P-TA and civic organizations. "Use your backbone," he declared, "Don't be like 'wish-bone' people who wish their problems could be solved, or like 'jaw-bone' people who talk about their problems but do nothing, or like 'knuckle-bone' people who 'knock' new ideas.

Bahnman, a past governor of Lions International, told his audience that land values are "going up" due to inflation and an increasing population. He added that one million acres of land are being taken out of circulation each year for highways and other public projects.

The main speaker reviewed past accomplishments of the TREA, observing that membership has increased from 2,500 to over 11,000 within the past 11 years.

He praised the educational programs of the TREA, and said that such programs of Texas and other states would be explained at the national convention to be held in Miami Nov. 12.

Bahnman also praised the quality of the TREA trade journal, "The Landsman," pointing out that it carries stories regularly by leading economists from across the nation.

Ervin W. Luedtke, executive vice president of the TREA, also spoke briefly, urging realtors to work for favorable laws in the state legislature. The Federal tax stamp law expires Jan. 1, 1968, he said, and some legislators are thinking about replacing this tax with a state levy on realtors to support public school programs.

In connection with this, Bahnman, who spoke earlier, declared that the state has sufficient funds on hand to build schools that are needed. He called for use of existing funds to solve school problems and he suggested new schools be built now rather than later at a higher cost.

Both speakers were introduced by L. A. McClanahan, president of the Snyder Real Estate Board. Following the introduction, Bahnman complimented McClanahan on his introduction.

"It's not easy for an Irishman to introduce two Dutchmen and pronounce the names correctly," he stated.

Invocation was given by Malven Stevenson, former president of the local realtor group.

## Survey Shows Game In Fine Fettle

AUSTIN (AP) — The Texas Parks and Wildlife Department said a wild game survey indicated fall harvest conditions were one of the best in modern times.

Even the cottontail rabbit crop was "excellent," the department said for the information of the small percentage of hunters who still go after them.

Only spotted areas were noted as lacking substantial numbers of wild birds and wild animals. Some scattered localities in East Texas reported fawn production strangely continued to lag while earlier drought blighted a few Panhandle localities.

The department observed that the fall field opportunities were unlimited, particularly in the case of white-tailed deer.

Even mule deer considered the elite of the venison crop, were reported as having increased from 2 to 3 per cent in the major Trans-Pecos habitat.

Wild turkey numbers were reported "good" generally, although there were some isolated spots where the population was down slightly from last fall's abundant crop.

Quail, both blues and bobwhites, were described as plentiful.

## Independents Approve Package Plan

HOUSTON (AP)—Texas independent oil operators have approved a "package approach" designed to secure the incentives needed for reversal of what it calls an alarming downward trend in United States oil exploration and development activity.

The executive committee of the Texas Independent Producers & Royalty Owners Association approved the motion by a 28-0 vote Tuesday.

A proposal that drilling incentives be stimulated through allocation of imports quotas to oil operators was ignored by the committee's action.

The special committee recommended that the association ask Secretary of the Interior Stewart Udall to develop a drilling incentives allocation plan but no action was taken on the request after the "package approach" resolution was submitted.

A special incentives study committee, headed by Walter Koch, the association president from Austin, had been studying the imports allocation plan since last May.

The package calls for maximum restoration of deteriorating crude oil prices, deceleration of leasing activity in federal offshore areas and a freeze of current oil import levels except for adjustments as might be necessary by an emergency.

The resolution also pledged continued cooperation with state regulatory authorities, the Interstate Oil Compact Commission, and major oil purchasing companies "in developing practices and procedures that will help increase producer incentive to drill."

Michel T. Halbouty, Houston independent oilman who is president of the American Association of Petroleum Geologists, opposed the inclusion of a drilling allocation plan in the mandatory oil imports control program.

He said seeking a handout or subsidy would lead to trouble.

"We are asking the government to run our drilling program," he said. "We have one thing working for us now and that is demand. The independents should tell the people and the government how necessary exploratory drilling is to the country and that the industry cannot meet the anticipated demand at current drilling rates."

## *Party-Goers Best Bring Their Shovels*

By H. L. SCHWARTZ III

DETROIT (AP) — If there's one thing Mrs. Arthur A. Allen likes it's a nice party.

And it's a good thing she does.

Some people she has never met have invited half the city of Detroit out to her house Saturday to dig under an apple tree for an old model T Ford that supposedly was buried there 40 years ago.

"I was planning to make coffee. It could turn out to be such a nice party if the people don't get too rambunctious," said Mrs. Allen today.

Mrs. Allen, a mother of four and wife of a police lieutenant, lives on property once owned by a man named Perry Andrews.

Andrews tried to sell his 1913 model T in 1926. Nobody would buy it, so he tried to give it to his son-in-law.

When the son-in-law, William Morris Sr., now 63, said he'd like to have the car but wanted to put a sports body on it, Andrews apparently couldn't bear the thought.

Morris dropped in one day and found Andrews digging the hole.

"He was that kind of guy, he was very sentimental," said Morris.

Morris told the story many times over the years and a couple of months ago Harvey Versteeg of the Detroit Historical Museum heard it. Versteeg happened to be in the market for a cheap 1913 model T and suggested digging it up.

Bud Guest, who has a show on radio station WJR, heard about their plans and asked his listeners to drop by on Saturday and help.

Judging from the response most of them plan to be there.

## *Girls Suspended For Too Short Skirts*

SAN ANTONIO, Tex. (AP) — Seventy-one Hawthorne Junior High School girls were suspended for a day this week for wearing above-the knee dresses and skirts.

Principal W. Dain Higdon sent the girls home after a "lineup" at the school in the school auditorium.

Higdon said he was enforcing school board rules that classroom dress must be appropriate.

"When three-quarters of their thigh is showing when they sit down, I think that dress is too short," Higdon said.

# Candidates Win New Endorsers

BY THE ASSOCIATED PRESS

Sen. John Tower and Atty. Gen. Waggoner Carr each wheeled out a fresh announcement Tuesday of campaign support aimed at influencing Texas voters in the Nov. 8 general election.

Both also stuck to a steady pace of stumping one area of the state after another as candidates for the U.S. Senate seat now held by the Republicans' Tower.

An endorsement from Will Wilson, who won election as a Democrat to the Texas Supreme Court bench and then as attorney general, was made public by Tower.

Carr, the Democratic nominee for senator, in turn said he has the backing of the Texas Association of Firefighters.

Tower said Wilson, now practicing law in Austin, will head a state committee of lawyers campaigning for the GOP candidate. Wilson, running for his third term, defeated Carr for attorney general in 1960, then lost races in 1961 for U.S. senator and in 1962 for governor.

Carr's staff said the association joining the campaign in his behalf represents 98 per cent of the state's professional firefighters.

In Austin, meanwhile, spokesmen for the Texas AFL-CIO challenged a letter by insurance agent Marion Sanford of Lubbock to fellow insurance men in support of Carr.

They quoted Sanford as writing that Republicans adopted a state platform plank urging investigation of auto insurance rates with the aim of winning AFL-CIO backing for Tower and asked:

"What does a U.S. senator have to do with state rating laws?"

Carr spent the day in the Dallas area, devoting much of the time to private conferences with local Democratic leaders.

In a speech at a Garland luncheon Carr again expressed wholehearted support for President Johnson's policies in Viet Nam and criticized any Americans "holding back their patriotism" until this country formally declares war there.

"I say they are hiding behind semantics and have blinded themselves to facts as they presently exist," the attorney general declared.

"Ask the millions of wives, children, mothers, fathers and other relatives who anxiously await and pray for the safe return of a boy who slept last night in a Vietnamese jungle. They will tell you it's time to close ranks."

## Big Spring Shooting Ruled An Accident

BIG SPRING, Tex. (AP)—A verdict of accidental death was returned Tuesday in the shooting death of Richard Hernandez, 16, of San Angelo.

Hernandez was killed by a shot from a .32 caliber pistol. Catarino Pedroza Luna, 16, also from San Angelo, told officers he thought the pistol was unloaded when he fired it at Hernandez at a Big Spring motel.

The verdict of accidental death was returned by Justice of the Peace Walter Grice.

## Awards Planned For Texas U Banquet

AUSTIN (AP)—Five persons will be named distinguished alumni of the University of Texas at the annual Homecoming banquet Friday night.

That will raise to 28 the number who have received the Distinguished Alumnus Award from the Ex-Students' Association, from more than 200,000 persons who have attended the university.

Selected for the 1966 awards are Dr. Denton Cooley, Houston surgeon; Tom Sealy, Midland lawyer; Justin Dart Jr. of Tokyo, president of Nippon Greeting Cards; Harding Lawrence of Dallas, Braniff International president, and D. Harold Byrd of Dallas, oil and gas businessman.

Next to the family car, the average American's favorite mechanism is a camera.
