Swimming Helpers Still Needed

We still need Swimming Helpers for Kindergarten classes starting April 29th. Contact the Elementary School if you can help.

Stratford Clinic Hours

Starting Monday April 8, 1991 the Stratford Clinic will be open Monday, Wednesdays and Fridays from 1 to 5 p.m.

Time Changes

Be Sure and Set your Clocks one hour ahead this weekend. Time changes. Spring forward.

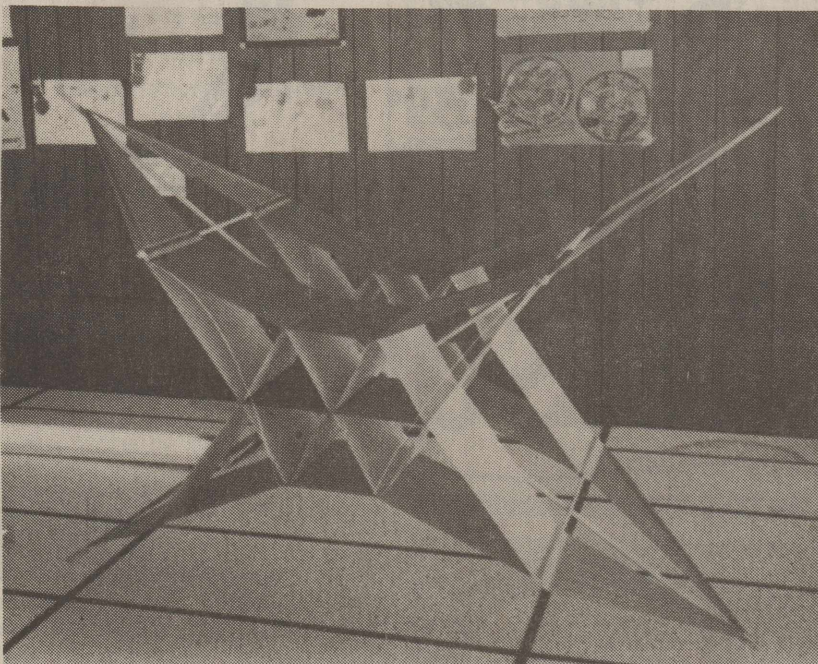

Strong Winds Causes Stratford Residents Some Damage

This big old Pine tree beside Dr. Claude & Susie Harlows house was uprooted during the strong winds Tuesday, March 26th. It was reported that at times it was 100 m.p.h. plus. There were several reports of damages all over town that the wind had done. Roofs damaged, broken windows, trees and fences.

Trails West, owned by Dennis and Sherry Phelps on Hwy 54, had a window sucked out during the heavy winds Tuesday, March 23rd. The sheet of glass was carried several feet in the air away from the building before breaking at the Intersection of Highways 287 and 54.

This is only one of the beautiful and fascinating kites on display at the Imaginarium. If you haven't seen the display, you have until Friday, April 5th. It's worth stopping by and taking a look. They are located on main street across from the Post Office.

Kite Flying At City Park

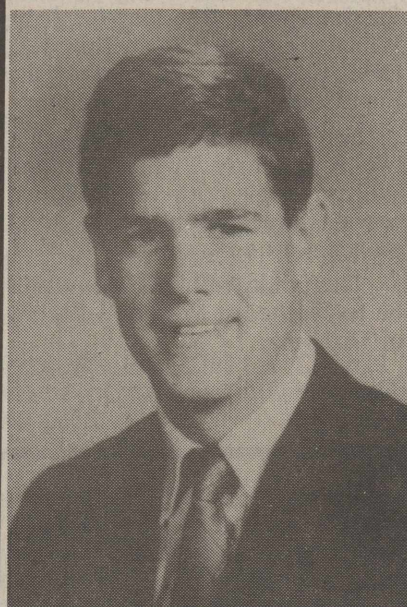

The First United Methodist Church family series will begin April 7th with Kite Flying at the City Park from 5:30 to 7 p.m.. Bring your kite, and hot dogs, buns and chips for a picnic. Drinks will be furnished. This is for All an organization meeting on April people Rejoicing in the Lord. 5, at 7:00 p.m. at the County Barn. Sponsored by the people called ELECTION of officers will be held. METHODISTS. Fun for the whole family!!

On April 14-21-27 the meetings will begin at 6 p.m. at the church. There will be something for everyone, adults, youth and children are all invited to attend.

Baseball Time Again!!

It's baseball time again! Stratford Little League will have will be furnished. This is for All an organization meeting on April people Rejoicing in the Lord. 5, at 7:00 p.m. at the County Barn. Sponsored by the people called ELECTION of officers will be held. METHODISTS. Fun for the whole family!!

Shuping Named DAR Good Citizen

Beny Shuping

The DAR Good citizen, from Stratford is Beny Shuping, son of Joel and Cinda Shuping.

Beny is very active in the Future Farmers of America serving as treasurer this year. He has received the Green Hand, Ag Mechanics Foundation, and Landscaping Awards. In band, he has received Outstanding percussionist Awards and is the senior band representative.

An honor roll student, Beny has been honored at the Scholastic Banquet each year, and named in Who's Who Among American High School Students. He was elected class favorite, most courteous, most handsome, and the Personality King. He has served as class secretary as a freshman, and has been vice president the last three years.

Beny is an active member of the First Baptist Church. He has worked on the family farm helping his Dad since third grade. He raises livestock, and as there are many expenses involved, he tries to do all his business in Stratford.

Next fall Beny plans to attend West Texas State University. He would like to study pharmacy and come back to Stratford to live.

David White said, "Beny is a fine young man who has respect for others. He takes responsibility, and he has initiative to lead by example through which he receives much respect from his peers."

Other Stratford DAR Good Citizens have been Janet Pleyer, Brent Holman, Berry Summerour, Kathy Durham, Eddie Williams, Gary Clements, Cindy McMurry, and Lloyd Willard.

The 1991 DAR Good Citizens will be honored with a reception on Sunday afternoon, April 7, in the meeting room of the Dallam-Hartley Historical Museum.

These high school students are sponsored by the Molina de Viento Chapter of the Daughter of the American Revolution. The public is cordially invited to come help honor these outstanding high school seniors.

The Museum is located at 108 East 5th Street in Dalhart, and it will be open from 2 until 5 p.m. for visitors who wish to see the exhibits. The reception will begin at 3 p.m.

The DAR Good Citizens are seniors who were chosen by their schools in the Fall of 1990. Selection is based on dependability, Leadership, Service and Patriotism.

Students who are to be honored from the high schools in Sherman, Moore, Hartley, and Dallam counties are Dawn Bleiker-Channing, Mitch Davison-Textline, John DeBons-Dumas, Julie Ray-Dalhart, Beny Shuping-Stratford, Brittney Taylor-Sunray and Stephanie Williams-Hartley.

Gordie Ramon, left is shown receiving his \$200 that he won at the Stratford High School Rodeo held Saturday, March 23. Gail Allen representing SHS Rodeo presented the check.

If you didn't get by the Museum On Easter Sunday, you missed a treat. But the museum is hoping to have volunteers keeping the museum open 2-6, Monday through Friday beginning Wednesday, April 3rd. So go and see them then, the Museum Board encourages everyone to get out and stop by, the Museum has taken on a new look and its a good one. Shown above is Dick Davenport, their favorite carpenter, Marilyn Albert, Museum board member and Jo Davenport. A good crowd came out Easter Sunday to tour the newly remodeled museum thanks to Carpenter Dick Davenport and many other volunteers.

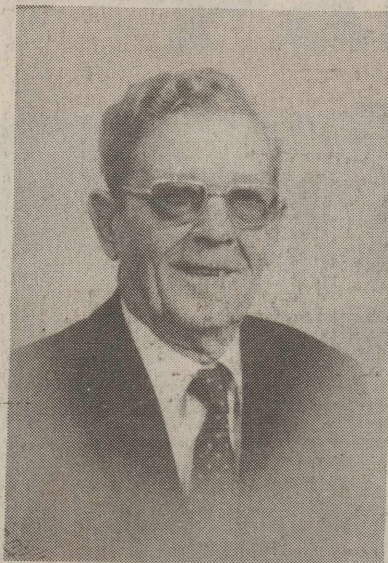

April Is National Child Abuse Prevention Month

April 7-13th is the Week of
the Young Child

Obits

Jodie M. Reesing

Clifton-Jodie M. Reesing, died Tuesday, March 19, 1991 at a Clifton hospital. He was 78.

Services were held March 22 at First United Methodist Church, the Rev. Pat McClatchy officiating. Burial was at Boggy Cemetery near Cranfills Gap.

Mr. Reesing was born March 29, 1912, in the Boggy Community near Cranfills Gap, where he attended school. He married Madeline Pederson on June 5, 1938, and moved to Stratford in 1945. Mr. Reesing was a farmer and rancher in the Stratford area until he retired in 1989. He was named Stratford Farmer of the Year in 1984, and was a Methodist. Jodie and Madeline moved from Stratford to Clifton, Texas, in December, 1989.

Survivors include: his wife; a son, Col. & Mrs. Joedale Reesing, Rhett, Brad and Joe, of Vandenberg Air Force Base, Calif.; two daughters, Mr. and Mrs. Jerry (Madeline) Adams and Jerry Wayne of Lubbock, and Mr. and Mrs. Jim (Linda) Gore, Chad, Kristy and Ryan of Jackson, Miss.; a brother, Herman Reesing of Clifton; two sisters, Lucille Brasher of Tulsa, and Frances Tergerson of Fort Worth; and numerous nieces and nephews.

Mr. Reesing's six grandsons served as the pallbearers. Clifton Funeral Home was in charge of arrangements.

Nelda Brock Moore

Texhoma-Nelda Brock Moore, 54, died March 14, 1991 at Mercy Hospital, Oklahoma City, following a lengthy illness.

She was a Texhoma alumna of the class of 1954. She married Bill B. Moore in Guymon, Dec. 19, 1954.

While living in Tulsa, she worked at Camelot Inn, and the office of Betsy Wolloch, MD and for Ruth Sutton, CPA.

While living in Guymon, she worked for the City of Guymon where she was manager of the Municipal Golf Course.

Her most recent employment was with the Oklahoma City Chamber of Commerce where she was a secretary in the Convention and Tourism Bureau and worked until January 25, 1991.

Mrs. Moore specified her body was to be dedicated to cancer research at the Oklahoma Medical Research Center of Oklahoma University.

A memorial service was held in Oklahoma City at the Chapel of the Westminster Presbyterian Church at 7 p.m. Saturday, March 16. A second memorial service was

held at First Christian Church at Texhoma, March 18 at 10 a.m.

Survivors include her husband, Bill B. Moore of the home, two sons Jeff and Tim Moore and one daughter in law, Karla Moore, all of Oklahoma City, her father, Howard Brock of Lebanon, Or., her mother, Clara Brock of Texhoma, one brother Joe Brock of Ontario, Calif., three granddaughters and two grandsons.

Opal Clark Pugh

Texhoma-Opal Clark Pugh, 87 died Wednesday, March 27, 1991.

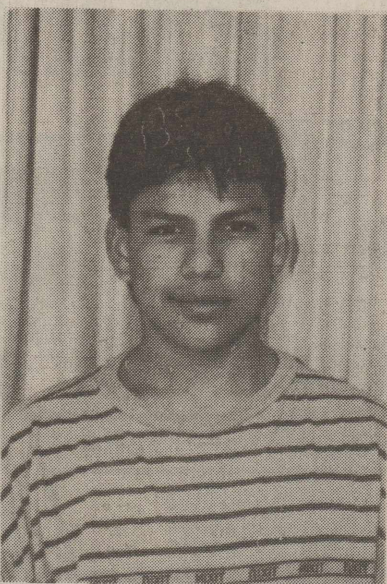

Services were held Saturday, March 30th in First United Methodist Church with the Rev. Dr. Charles Sapp, pastor, officiating. Burial was in Texhoma Cemetery by Dawson-Welch Funeral Home.

Mrs. Pugh, formerly Opal Cole, was born in Andrew County, Mo. She moved to Texhoma in 1907 from Missouri and taught school for three years. She married John William Pugh in 1924 at Goodwell, Okla. She was a member of the First United Methodist Church.

Survivors include her husband; two sons, Jerry Pugh and John William Pugh both of Texhoma; seven grandchildren and 12 great grandchildren.

The family requests memorials be to Methodist Women's Society of Texhoma.

Baeza Enters Essay

Editors Note: Following is an Essay written by Oscar Baeza that he entered in a National Science Contest. The essay had to be between 700 to 1000 words and had to be on any subject doing with sciences. "He put many long hours into the essay, Mike Brownlee stated" and we thought it should be shared with the Readers of the paper.

THE OZONE LAYER: WE HAVE A "HOLE" LOT ON OUR HANDS

By Oscar Baeza

Have you ever sat around on a hot summer day appreciating what refrigerants have done for you? First of all, a central cooling

system keeps your house cool in the summer. Refrigerants are also used in refrigerators. Of course, it is something to appreciate, but people do not realize what damage refrigerants may do to the Earth's ozone layer.

The oxone layer is important to all of us. It filters out harmful ultraviolet rays that can cause cancer, blindness a suppression in the immune system of humans and animals, and a disruption of crop yields and ocean ecosystems. Ozone is composed of three oxygen atoms (O₃). It is often perceived as a light blue gas apparent after thunderstorms or around electrical equipment. Oxone is a irritating and toxic gas even at low concentrations. Oxone has several uses other than filtering out harmful rays. It is used commercially as a bleaching agent for organic compounds and as a germicide used for sterilizing drinking water, as well as for removing objectionable odors and flavors. Oxone is produced when an electric discharge is passed through a current of oxygen or dry air. This process happens naturally when solar energy splits the

ordinary double-atom molecule of oxygen into single atoms. These single atoms then combine loosely with an oxygen molecule to form ozone.

The Earth's oxone layer is roughly six to thirty-one miles above the surface of the Earth. It absorbs the incoming ultraviolet rays sufficiently enough to protect life on Earth. The highest concentration of ozone is about fifteen miles above the surface. Natural production of ozone occurs 12.4 miles above the surface. The oxygen above this point is exposed to ultraviolet rays, the process of forming ozone occurs. As ultraviolet rays are absorbed, ozone radiates it at longer wavelengths. The ozone layer acts as a filter for short wavelength radiation. If the incoming radiation is high, the ozone content increases and there is greater absorption. As the radiation level drops, the ozone content declines with it. Many people do not realize what factors contribute to ozone depletion. These people live in luxury without knowing what they are doing. Many families throughout

Kerrick News

by Marylou McDaniel

The Crabtree family enjoyed an Easter dinner at the Community Center. Those present were R.P. & Carrie Crabtree, Frank & Blanche James, John & Deb Crabtree & sons, Lyman & Judy Potter, all of Boise City.

From Dalhart were Ida Lee Leonard, Mildred Crabtree, Frank & Nancy Scott and sons.

Also Cole Potter & daughters of Amarillo, Wade Potter & stepdaughter, Melissa of Los Alamos, N.M.

Those from Kerrick were Ben Tom & Gayla James & Children, Paul & Sandy Wells & Children, Kenneth & Lynn Wells & Derrek.

Nita Mae Taylor hosted Easter dinner for Poe & Linda Keener, Jere Don Keener, Mark & Kay Lynn Keener and Kyler, Doug, Anita and Mandy Taylor.

Brenda Taylor and her dog, Sadie, arrived Friday night to spend the holiday weekend with her mother, Franny Taylor. Guests Saturday night were Alvin & Dayle Harris for cards. The Taylors visited the Depot Museum Sunday afternoon. Visiting Sunday were Mildred & Bob Robinson of Boise City.

Kerrick ladies OFF Club go to the Amarillo on Tuesday, April 9. They will tour Harrington House beginning at 11 a.m., have lunch, then "shop & look" on 6th street. Cars will leave from hostess Jo June McDaniel's home at 8:45 a.m.

Easter dinner guests with Kayo & Jo June McDaniel after all attended church were Randy, Linda Kaye, Jennifer, Lena & Scott Swagerty, Penny, Linda and Danielle Whitson, all of Clayton; Faye Daniell, Dallas; Whit, Diane, Eric, T.J. & Tasha, Richfield, Ks.; Claude, Leonda & Sheila Fedric.

Dr. Gary & Sabrina Mathews, Austin, spent two days with his mother, Virgie Mathews, last week.

Alvin & Dayle Harris took her mother, Joyce Harper, to Clayton's Ekland Hotel for Easter dinner.

Kerry & Kerry Carlisle, Moscow, Ks., spent Easter weekend with her parents Bill and Pat Boren.

Is there anything cuter than watching your littllest granddaughter egg-hunting for the first time?

the world own a car with an air conditioner, have central cooling system, own refrigerators, use electronic cleaning components, and use styrofoam products. All these products contain or use a gas known as chlorofluorocarbons, or CFC's that were introduced in the 1920's and were regarded as a "chemist's dream." Although fluorocarbons are nontoxic, noncorrosive, and nonflammable, they do pose a problem. CFC's are made of atoms of carbon, fluorine, and chlorine. The chlorine atoms are the cause of the ozone's destruction. When a fluorocarbon is released into the atmosphere, it finds its way to the stratosphere. In the stratosphere, the CFC's break down and release the chlorine atoms. The chlorine compounds then fall again and destroy ozone.

One atom of chlorine can destroy as many as 100,000 ozone molecules, and destruction of the ozone and use of CFC's lead to another problem, global warming.

Although CFC's are possibly the primary factor contributing to the seasonal depletion to atmospheric ozone, they are not the only ones. Exhaust from aircraft flying in the stratosphere and worldwide use of nitrogen fertilizers increase the amounts of nitric oxide and nitrogen dioxide in the stratosphere; this increase is also a threat to the ozone. Chlorine oxide is also another threat to the ozone. There is already a hole about the size of the United States over Antarctica and it is possible a hole is forming

Cont. On Page 8

Public Notice

Southwestern Bell Telephone Company has filed two separate applications with the Public Utility Commission of Texas to introduce two new optional directory services. One service is Directory Assistance Call Completion (DACC) and the other service is Multiple List Directory Assistance (MLDA).

DACC is an optional service that provides customers the option of having their Directory Assistance call completed to the requested number (when they call Directory Assistance for a number) by either the Directory Assistance operator or a mechanized audio response system.

The proposed rates* for fully-automated DACC calls are: \$.30 if the call is sent paid or billed to a calling card, \$1.00 if the call is collect or billed to a third number and \$.25 from a coin telephone.

The proposed rates* for semi-automated (operator assisted) DACC calls are: \$.85 for calls that are sent paid or billed to a calling card, \$1.20 if the call is collect or billed to a third number and \$2.60 for a person-to-person call.

Multiple List Directory Assistance (MLDA) allows the customer to request more than two listing requests per call to Directory Assistance. Customers can either call on "demand" and receive up to 10 listings, or schedule an "appointment" and receive the assistance of a Directory Assistance operator for as long as required. The rates for "demand" MLDA are \$.30 per listing request (after applicable allowances), with a maximum of 10 listing requests per call. The rates for "appointment" MLDA are \$1.00 per minute, with a 15-minute minimum.

The optional services DACC and MLDA are intended for use by both residence and business customers. Those persons who qualify for exemption of Directory Assistance charges because of visual or physical handicaps will be able to use DACC and "demand" MLDA free of charge. If approved by the commission, DACC and MLDA will be available beginning May 13, 1991. First-year projected revenues for DACC are approximately \$9.6 million. First-year projected revenues for MLDA are approximately \$1.7 million.

Persons who wish to comment on these applications should notify the commission by May 3, 1991. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

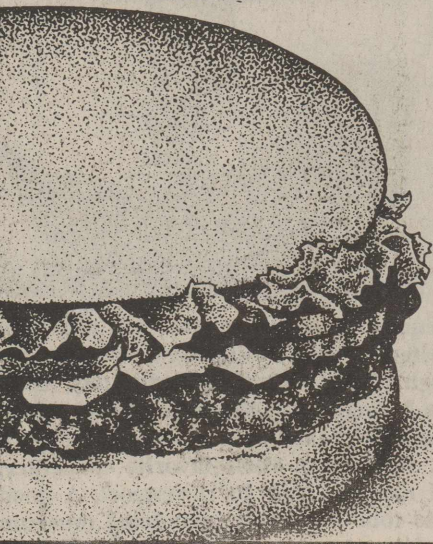

Southwestern Bell Telephone

*The charges for DACC are in addition to the charge for the Directory Assistance. Listing (if applicable) and/or any local or intraLATA toll charges that would apply to the completed call.

Scot Notes

by Timmie Brown

April Fools Day to you Sherman Co. Older Texans, Friends, Neighbors, Scotter this bright sunny morning Monday, April 1, 1991. The temperature is 40 degrees F and the wind out of the S.W. at 12 m.p.h. Wind! We are told that Tuesday night March 26, 1991 wind velocity reached over 100 m.p.h.-119 m.p.h.-blew down some trees, unroofed the horse sale-barn on South 287 highway, causing power failure at Browns Meat Locker for a while. Wed. March 27 was a beautiful day; Thurs. March 28 was overcast and rainy; Friday 29th was clear, pretty cool, windy; Sat. March 30th the ground was covered with snow; Sunday 31 a beautiful, sunny, pleasantly cool, NO wind. Reminds one of the old saying, "If you don't like the weather just wait 15 minutes." We wonder if families gathered around the breakfast table this A.M. April so that they could be served cotton-filled? or have other pranks played? Ola Stipe used to have fun serving such biscuits to the Joe Brown family. Have a Happy Day.

Looking at Scot's April calendar we find all regular activities will be in progress. Monday night dance practice at 7:30 new dance steps will be taught. Our Tuesday P.M. games have been interrupted so, players, lets make a try at being present. On April 6 (Sat.) the dancers will be off to Boise City, Surprise, Surprise! On Sun. April 7 at 3 p.m. there will be a Video Show at Scot Hall. John Wayne in "Big Jake" will be shown. Scotters are invited to bring a friend and a snack and enjoy the video. April 11 (Thurs.) at 5 p.m. the bus leaves for dinner at Mah's in Guymon. Frid. April 12 is Birthday party time. Come!

A dear & important item to wish to do and we were not disappointed. The azaleas colors and masses have to be seen to be appreciated. Tyler was the center we visited. There were flower gardens, restored homes to visit, horsedrawn surreys for transportation. We toured by car. Other pleasant events were dinner at Marian & Elizabeth and Ronnie Williams in Plano whose guests were Leigh Ann MacKenon, Mike Powers, Byron and Kelly Campbell (All our young people) a trip to a taxidermists shop to buy an Armadillo where we learned that corn meal is the medium used to dry the bones and skin of "stuffed animals" As a guest of Joe and Shirley Cleveland, Irving, beside visiting we got to wish their daughter, Sydney, safe flying with a group of young church people going to Belem S.A. in Tyler we headquarterd with Hilma Cleveland; were Sun. dinner guests of Helen Mason at the

Thursday, March 28 was a BIG day for Scotters & their friends. Even with threatening weather about 60 Scotters were present for the dinner and fun.

The tables were decorated in yellow and light green, colors with ceramic chickens, rabbits and dolls. Ceramic glass products and jelly bean Easter eggs. The food was delicious and plentiful. The pleasure of fellowshiping was great. The musical entertainment was presented by a mixed quartet from the Assembly of God Church. The Rev. Mike Leonard, his wife Sharon Leonard, Shelena Clanton & Ineta Cheshier compose the quartet. Scotters enjoyed their music. The quilt given by the quilters became the prized possession of Doris Dyess. The Easter Hat Parade was the crowning event of the day. Hot parade winners were for most unusual hat-Roscoe Dyess; Easter theme Lorel (H.L.) Haile; oldest hat, Edna Casler (guest at Coldwater Manor) Prettiest hat, Geneva Haile. It was a great day for scotters!

The Scot dance was well attended Sat. night with guests from Dumas, Michigan, Campo, Colo., Dalhart and music by Panhandle Drifters. Over 50 attended. Easter guests at Dorothy Robbins were her daughter Billie and husband Don Roper, her grandson Gary & wife Tiffany all of Okla. City. Shirley Foreman enters the hospital Tuesday for the purpose replacing some plates in her broken bones resulting from a fall in her home before Christmas. Sue Haile visited her mother, Dorothy Haile, Sheriff Jack Haile & family over Easter. Helen & Arthur Judd's guests were Helen's mother, Flora Godown, daughter Michele James, granddaughter Gail Hunt & G. grandson Dalton Hunt all from Boise City.

The Baskin & Jim Bob Brown families enjoyed Easter dinner at Jim Bob's house. Kay and Dick Bachman, Okla. City were guest of her mother, Elsie Pickens over the holiday.

Visiting Corda Pleyer from Ariz., were her daughter Dolores & Carl Humphrey, a

granddaughter and Delores' three grand children.

TSGT Gary Don Roberson & family, Kay Gunkel, Shannon Davis & family Amarillo, visited their mother, Luzelle, and James Lowe over Easter.

Director Vicki Gore received word of the death of her grandfather, Wesley Fox, Murfresboro, Ark. this A.M. Vicki will be with her mother, the former Dosha Adcock to attend the funeral. Our love & prayers support in your sorrow, Vicki and Dosha.

Sunday, March 31, Easter Sunday was a day greatly appreciated by Stratford Citizen. A beautiful, sun-shiny morning, greeted and encouraged church minded folks to worship our Risen Lord in spirit and truth. A wind-less afternoon encouraged us to visit a remodeled, renewed Sherman County. Depot Museum. There are Dr. Norvell's office all redone, a sitting room, a bedroom, a kitchen all completely furnished in the best oldtime style. There are wonderful displays of pictures, labeled and identified as far as possible; glass-wear displays.

The most outstanding new, display, however, is the Barn front with all kinds of paraphernalia used in cowboying, riding, branding etc. really a work of art. The Board personnel has worked long and hard, traveled many miles to visit other museums gleaning and

comparing their original ideas with others, learning how others have been able to materialize ideas. They deserve the support and appreciation of every Sherman Co. Citizen. Do go by and visit soon.

Our Texas Azalea Trail Trip was something we have long wished to do and we were not disappointed. The azaleas colors and masses have to be seen to be appreciated. Tyler was the center we visited. There were flower gardens, restored homes to visit, horsedrawn surreys for transportation. We toured by car. Other pleasant events were dinner at Marian & Elizabeth and Ronnie Williams in Plano whose guests were Leigh Ann MacKenon, Mike Powers, Byron and Kelly Campbell (All our young people) a trip to a taxidermists shop to buy an Armadillo where we learned that corn meal is the medium used to dry the bones and skin of "stuffed animals" As a guest of Joe and Shirley Cleveland, Irving, beside visiting we got to wish their daughter, Sydney, safe flying with a group of young church people going to Belem S.A. in Tyler we headquarterd with Hilma Cleveland; were Sun. dinner guests of Helen Mason at the

Your Right To Know

by Terry Kennedy

The Emergency Alert System that works by interrupting TV was tested again Monday. Apparently it worked this time without keeping your regular TV programs off for very long. The last time it was tested, several people told us, much later, that their television did not return to normal for a long period of time. With the start of tornado season, it is important that the system functions properly. Please call the Office of Emergency Management and report the reception you are getting. The number is 396-2021.

Retirement Complex, where she has a lovely apartment. We were Hazel Martins guest to Gladewater, Texas whose C of C tells the world that Gladewater & its antique shops etc. is East Texas Best kept Secret. It was fun visiting there and dining at the Bumpus House. (The "We" were Helen, Hazel, Hilma, Timmie). Incidentally, we had the BEST ATTENTION from the time we stepped out of our front door until we re-entered that same door in time to go to go to Scot Dinner on Thursday, March 28th. Thanks to ALL.

Will add more Easter and other news next week. We try to stay within reasonable Star space. Until then be happy everyone scatter luv & shoulder pats for the good of all!

by J. A. Lasley

First and foremost this week, is to thank all of the good people of this community for loaning the pictures of your servicemen and women to the Mary Allen Patriotic month. I have delivered most of the pictures, those I have not gotten delivered is because I did not find you at home, the first time around. But I will. There has been a good deal of comment from the many people who were there at the program the Mary Allen students presented and since. Those men and women were viewed by lots of people. We are so grateful that Jamie Saenz, Gary Roberson, and Marla Buckles are back in the good ole USA. Let us not abandon our feeling for our flag and the greatness of our country. A lot of time, me included, we feel that we are being sold down the river, believe me, when you talk with folks from other countries, we know that we have the very best!

COUNT DOWN! The Chamber Banquet is less than a week away. You can still get a ticket and we promise you a delightful evening, good food, music, super speaker and many surprises, as the awards for

About half as much hot water is used in the average shower as in the average bath.

CITIZEN OF THE YEAR, FARMER OF THE YEAR AND BUSINESS PERSON OF THE YEAR HAS BEEN SELECTED. Remember it is a boot and jean affair, of course you ladies may want to wear denim in the form of a dress or shirt, however, just get gussied up and come for an evening of fun.

Easter is over and we owe Coldwater Manor a huge thank you for taking this Chamber Retail merchants project and running with it. Kay Stedman and her staff, along with Teresa Edmond, Retail Merchant, Chr. of the General Board and Jacque McGiver of the Women's division, and of course the **EASTER BUNNY**, were busy-busy with around 60 youngsters hunt22ing eggs, especially the prize eggs! I am sure the residents of Coldwater Manor enjoyed the kiddoes coming out. Thanks again Coldwater Manor for a job well done.

FOLKS! get ready, soon we will have containers coded for depositing your bottles, by color, tin, and aluminum. Watch the paper for further information on this project. We just as well get ready, because other towns around us are already doing the recycling.

Mr. Gene Miller, Biologist, for Texas Park & Wildlife met with a group last Monday morning to visit with the group on Pheasants! We have the birds here, "definitely," said Mr. Miller, we just need to prepare habitats for

the existing birds, that means food, water, and coverage. Mr. Miller told the group he was at our disposal, at any time we wanted to get farmers together who are interested in this venture. For the present time, ordering pheasants have been put on hold until Mary Wilder with ASCS office, and myself can get together and go over the land plots and the many farmers that have assisted the Chamber during the PHEASANT HUNT, the second weekend in December, the biggest project the Chamber has. As you read this if you are interested in this project, please contact the Chamber. We have a number of interested folks who have the ideal situation and wish to pursue the habitat situation and provide extra coverage etc. for the birds that are now existing in Sherman County. This too can be a big and economically good project, we could even provide the Texas Park and Wildlife a pilot program for enhancing not only pheasants, but quail, wild turkey, and later on down the road Chukkas.

It did my heart good to see one of the fellows who was in "OPERATION DESERT STORM," out at the Manor yesterday. Yes! Luzelle Lowes's son Gary and his family were present. Garys comment was "He was real glad to be back in the good ole USA and back visiting his home state of Texas" We are real glad that Gary is back, safe and sound.

Sometimes, especially on Monday, I feel as though there is no end, and then I am mindful of a statement Dr. Robert H. Schuller made and I quote: "TOUGH TIMES NEVER LAST....BUT TOUGH PEOPLE DO!" And I am made out of tough stuff, how about you?

Cards of Thanks

The STRATFORD HIGH SCHOOL RODEO CLUB members would like to express a big THANK YOU to each and everyone of you who helped in any way with our rodeo Sat. March 23. It was a big success and could not have been done without your help. Special thanks to Ted Allen, David Duran and Friends!! Jack Haile, Mary Bateman, Jode Lasley, Joyce Lowe and her goats~~ Stratford Ambulance people for so generously donating their time...we really appreciate you. Sherman County Commissioners for their facility, rest rooms, etc.. Stratford Area Foundation, without you and Sherman County we would not have the Arena!! The First State Bank of Stratford, we appreciate your letting us display the All Around Prizes. Stratford Feedyard for donating the breast collar made by Blake Sladek & Wayne Dyess for donating the bracelet made by him. Steve Griffith for letting us use the rototiller!! Everyone who bought a ticket on the \$200. Hopefully we have not left anyone out...Last but not least, thanks to Mom's & Dad's for being there for us.

The family of Jodie Reesing would like to thank all of our friends in Stratford for the concern shown during the recent loss of Jodie. The prayers, phone calls, flowers, visits and memorials were greatly appreciated. The people of Stratford will always be very dear to us.

May God Bless You.

Madeline Reesing
Joedale, Donna, Rhett, Brad & Joe Reesing
Jerry, Madelene, and Jerry Wayne Adams
Jim, Linda, Chad, Kristy and Ryan Gore

I would like to express my thanks to the Stratford High School Rodeo Club for drawing my name to win the \$200 cash given by them at the rodeo March 23.

The Happy Painter

I am back in the states now and I wanted to let you know that your support and letters from home really meant alot while I was overseas.

Thank you so much.

Jamie Saenz

Thank you, thank you to all the great folks that came out to help us reopen the "new" Depot Museum! About 115 of you came and you all had good comments to encourage us. And we certainly couldn't have done it without Dick Davenport. He is our favorite carpenter! Thank you Dick!

If you didn't get by on Easter Sunday, you missed a treat.

Cancer Facts & Figures

The American Cancer Society recently released the 1991 edition of its annual "Cancer Facts & Figures" publication with a number of significant changes in incidence statistics.

"This year, the American Cancer Society estimates that one in every nine women will develop breast cancer during her lifetime," according to Don Riffe, Stratford County Unit President. "This represents an increase from one in ten last year."

The incidence of lung cancer continues to rise in women at a rate of three percent annually and an estimated 60,000 women will be diagnosed with lung cancer in 1991. "Cancer Facts and Figures" also includes information on the leveling off of lung cancer incidence in men. Over 101,000 new cases will still be diagnosed this year, representing only 1000 fewer cases than in 1990. Lung cancer remains the number one cause of cancer death for both sexes in the United States with an expected 143,000 deaths in 1991.

"Overall there will be approximately 1,100,000 new cases of cancer diagnosed in 1991, reflecting the one percent annual increase noted since the early 70's" Don said. "As long as cancer incidence continues to rise our work in providing education and service will remain a vital part of this community."

To receive a copy of the 1992 edition of "Cancer Facts & Figures" contact the American Cancer Society at 353-4306 or 1-800-ACS-2345.

Seconds were given to Today's Living, 80's Friends Luncheon, Coldwater Manor Birthday Party & Donation to their Arts & Crafts; Federation Program, May Installation, Skit, In-Service Training at September meeting.

Club also received first for the Mary Hill Yearbook cover, sixth for Yearbook, second for membership (6 new members), fourth on scorecard.

Thanks for all the cards, food, phone calls, visits, flowers and donations to different organizations. Stratford people are always there for you. God Bless You.

Clyde Pittmans
Duane Pittmans
Craig Coopers

I want to thank everyone for the visits, cards, and phone calls while in the hospital, they were appreciated very much.

Bill Allen

Thank you Santa for the Gift Certificate at Christmas. Have a Happy Easter.

Dessie Hulen

Rinda and I would like to express our appreciation for the cards, prayers, and love expressed to our dads during their illnesses.

Thanks again.

Jim and Rinda Allison

Engagement Announced

Mr. and Mrs. Sam Brite announce the engagement of their daughter Jennifer to Collin McKinney. Collin is the son of Anita Belcher of Amarillo and Gene McKinney of Clinton, Okla. Jennifer and Collin are attending West Texas and will graduate in May. They plan to be married on June 7, 1991 at the First Christian Church in Stratford.

Prospectus Study Club

GFWC/Prospectus Study Club meets Friday, April 5, 4:30 p.m. at the home of Dana Buckles. There will be a busy session of selecting a \$500 senior scholarship recipient and 1991 Old Timer King and Queen. Other plans for summer activities will be discussed.

There will be a brief history of GFWC by Marylou McDaniel, Federation Counselor.

GFWC/Prospectus Study Club received eleven firsts and four seconds out of a possible 20 awards at the recent Top of Texas District meeting of Texas Federation of Women's clubs held in Dumas.

D'Lynn Reed, club president, attended with Linda Haynes, president elect and Oline Caraway, club treasurer and district Conservation beautification chairman.

Dumas High School Show Choir entertained at the luncheon. Margaret England of Tennessee spoke on "Responsible Environmental Action."

Firsts were awarded for Outstanding program "A Step in the Past", which was the Old Timer Program; Texas Heritage, a club trip to see "TEXAS" and tour

of Dalhart; GFWC Centennial Project, tree planting at Mary Allen, skits, etc.; Citizenship, HOBY; Continuing Education, panel of educators, library projects; Environmental issues, tree planting, rose bushes, article in newspaper; International Affairs Understanding, trip of Lore and Marylou to Europe; Literature & Drama, Project, nomination of Janet Riffe for Golden Nail award and SCOT Thanksgiving program by speech department; Music & Dance, young Mexican students from Amarillo, Old Timer entertainment, first graders singing at Coldwater Manor.

Public Notice

Southwestern Bell Telephone (SWBT) has filed an application with the Public Utility Commission of Texas to offer a new optional service called Family Space Listing.

Family Space Listing is a new optional service designed for residential customers. It will give customers the option to list the names or nicknames of household members within a customized space in the white page telephone directory.

The proposed monthly charge for this service is \$7.00. No charge to set up the service is proposed. Customers electing not to subscribe to this optional service will continue to receive their non-distinctive directory listings at no charge. SWBT anticipates this new service will generate sales of approximately \$63,000 in the first year that the service is available. If approved by the Commission, this service will be available beginning May 6, 1991.

This new service will not affect the directory listings that existing residential customers have in SWBT's white page telephone directories.

Persons who wish to comment on this application should notify the Commission by April 26, 1991. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at 512-458-0256 or 512-458-0221 teletypewriter for the deaf.

One-Act Play

Front is Tracy Roberts, Emily Graham and Rene' Reese, center, Elizabeth Kirkham, Mindy Rendon, Cathy Corbitt and Shawnda Blake, back row is Jason Varner, Buffy Ellison, Kay Hudson, Heather Husmann, Sarah Graham. Not pictured is Carie Switser.

The Stratford High School one-act play cast placed third at the district contest held March 25 at Boys Ranch, making them the alternate play to area competition.

The cast performed "A Young Lady of Property" by Horton Foote.

Carie Switser was named to the ALL-STAR cast for her role playing Wilma Thompson. Students receiving Honorable Mention All-Star Cast include: Elizabeth Kirkham-Arabella Cookenbos, Emily Graham-Minna Boyd, and Heather Husmann-Miss Gert.

Other members of the cast include: Buffy Ellison-Miss Martha Davenport, Mindy Rendon-Mr. Russell Walter, Man-

Jason Varner-Lester Thompson and Cathy Corbit-Mrs. Leighton.

Crew members include: Shawnda Blake, Sarah Graham, Rene' Reese, and Tracy Roberts.

Kay Hudson directed the play.

The cast will present the play for the public April 9 at 7:30 p.m. in the high school auditorium.

Mary Allen's Pre-School and Kindergarten children had a big time at the Annual Easter Egg hunt and party held annually at this time.

Student of the Week

Student of the Week for week March 25, 1991 were Finnan McClellan by Rinda Allison, Has done an excellent job getting ready for UIL; Cara Lavake by Lynda Hauser, shared experiences from trip with Science class; Dan Jackson by Linda Swain, Has worked hard on UIL; is on two teams; really enjoyable student; Trew James by Terri Teig, for winning a calf at Houston; Jennifer Weiland by Barbara Haille, Always very cheerful, interesting & helpful; Oscar Baeza by Mike Brownlee for his hard work on the Dupont challenge; J.B. Presley by Dwayne Plunk, humorous, studious, fun in class; Tracy Weiland by Sonja Kendrick, doing a good job in Computer Literacy; Quintana Dearing by Mendi White, very helpful & courteous; James Vigil by Betty Ingham, a good bass clarinet player. Absent when photo was taken Cara Lavake.

LeRayne Donelson and her granddaughter Carly built this snow sculpture in LeRayne's front yard Saturday morning during the wonderful snow that we had. Only in the Texas Panhandle could we have winds and dirt on Tuesday, Rain on Thursday and Snow on Saturday and then Easter Sunday was a beautiful day. We are fortunate people indeed.

First United Methodist Church had an Easter Egg Hunt Wednesday afternoon at the Church at 3 p.m. These children came to try their hand at finding the eggs hidden all over the lawn at the church.

Kayla & Heather Robertson, daughters of Lane and Donita Robertson at the Coldwater Manor Easter Egg Hunt Sunday, March 31st. A Good bunch of kiddoes was on hand to hunt for eggs.

Doris Dyess was the winner of the Scot Quilt given away at the Easter Dinner, Thursday, March 28th at Scot Hall.

Tips & Topics

by Susie Spurlock
County Extension Agent

April is National Child Abuse Prevention month and the week of April 7-13th is celebrated as the Week of the Young Child. Developing parenting skills has been selected as a top priority item in the Long Range Extension. Program & educational activities that support this goal are being conducted by the Sherman County Family Living Committee. It is the committee's pleasure to share with STAR readers, 10 parenting Gifts Money Can't Buy.

1. TIME-Spend lots of time together in play, talk, quiet time, exploring the world together & becoming best of buddies. This can be achieved by involving your child in the normal routine of household duties and talking while doing things together.

2. PRAISE-An effective way to encourage positive behavior & help children feel good about themselves. Praise is the right words said to promote a "can do" attitude in children and development of a healthy self-esteem.

3. ATTENTION- An easy way to say to your child "You are someone important to me". What are your child's favorite foods, color, T.V. program? When is your child most happy, sad, excited or likely to get mad? How does your child react when scolded, punished, praised, given love and attention? Where does your child play-outdoors, indoors, like to go best? Appreciate all the ways your child is just like you and all the ways he is his own self.

4. SELF-CONTROL-Children learn by imitating adults' behavior. Set a good example by being fair, unselfish, making wise choices, accepting consequences, practice self-control. You are the most important teacher your child will ever have. A wise man once said, "The best ways to teach your child are: example, example, example." In other words, you teach your child by being a loving, competent and confident parent. Your self-control teaches children right from wrong, proper values of behavioral, financial, religious, etc., needed for children to get along in society. Be realistic, don't be afraid to make mistakes and admit them.

5. COMMUNICATION-Talking with and listening are two important components of communication skills. Talking to a baby is the best way a parent can

help with language development. Listening to your child makes him or her feel that speech is important, encourages use of language skills, and shows that he/she is cared about. Try to avoid one-way conversations with your child dominated by you, and allow your child the opportunity to communicate his/her feelings or point of view.

6. SHOW AFFECTION-Exchanging hugs & kisses, giving pats on the head and stroking one's back are all valuable expressions of love. In addition, parents should make every effort to let children see warmth and tenderness in their marital relationship. This type of loving atmosphere helps a child grow and develop.

7. SECURITY-Developing a sense of trust by following through with promises, responding to an infant's needs, staying with your child to help alleviate fears in an unfamiliar environment, practicing safety by utilizing child restraints in the home and while traveling. Knowing that you are always there in time of need, helps a child develop their independence.

8. DISCIPLINE-Set & adhere to your standards of behavior. Correct your child when he needs it, but judge the behavior, not the child. Always separate the child from the behavior. Discipline is an essential preparation for adjusting to the outside world as an adult. It is much more effective to say, "Do this," or "Try this" than "don't do that!" Discipline should be consistent and be administered in private.

9. RESPECT-Treat your child in the same manner as you want to be treated. Parents act respectful to your child by saying, "please, thank you, excuse me", apologizing when wrong, being honest and sincere with children at all times, and valuing your child's opinion, even though it may strongly differ from yours.

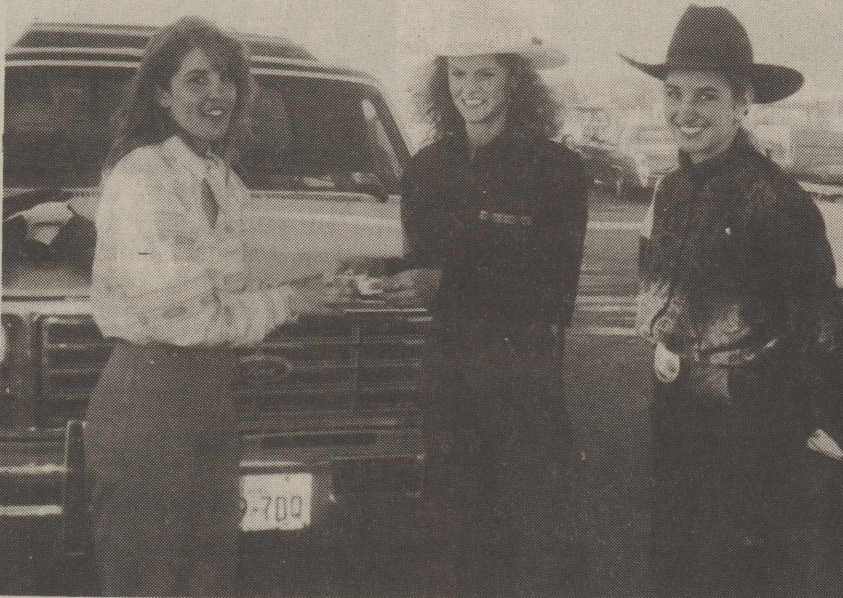

10. LOVE & Patience-A child grows best when adults are "head over heels" in LOVE with him or her. Love give children a sense of security, belonging and support. Love should be constant, unconditional and expressed at every opportunity among family members, so there is never any uncertainty about its presence. Childrearing is a series of "tough times and tender moments", and can best be expressed by Robert Munsch in his book, Love You Forever:

"I'll love you forever,
I'll like you for always,
As long as I'm living,
My baby you'll be."

To All Interested Persons and Parties

You are hereby notified of the opportunity for written public comment concerning the application for continuance of permits No. R-3910 and R-3911 by Perryton Equity Exchange-Stratford for Grain Receiving Pits and Driers and Anhydrous Ammonia Storage in Stratford, Sherman County, Texas. The location is 501 N. Pine. This facility is emitting the following air contaminants: Particulate Matter-Grain Dust, Nitrogen Oxides, Sulfur Dioxide, Carbon monoxide, volatile organic compounds, and anhydrous ammonia.

A copy of all materials submitted by the applicant is available for public inspection at the Texas Air Control Board Regional Office at Briercrest South #1, 5302 South Avenue Q, Lubbock, Texas 79412, telephone (806) 744-0090, and at the Texas Air Control Board, 6330 Highway 290 East, Austin, Texas 78723. All interested persons may inspect these materials and submit written comments to the Executive Director of the Texas Air Control Board. Any person who may be affected by emissions of air contaminants from the facility may request a contested case hearing from the Board on the application for continuance pursuant to Section 3.271 (c) of the Texas Clean Air Act. All comments and hearing request must be received in writing by April 25th, 1991. All written comments submitted to the Executive Director shall be considered in determining whether to continue the permits. All comments will be made available for public inspection at the Texas Air Control Board Office in Austin.

Stratford High School Rodeo Winners were left to right Alicia Miller, she sold the most chances on the \$200 that they gave away. She is treasurer. Center is Jennifer Smith from Hereford, She won All Around Girl and Right is Jami Allen, Stratford Rodeo Club Queen.

ATTACHMENTS; Successful bidder will change out snow plow lift group to new machine.

TRADE IN; 1981 140G Caterpillar serial number 72V5360. May be inspected by contacting Commissioner, Dale Hamilton, at 806/827-7652.

WARRANTY; Not less than (6) months on parts and labor with extended power train warranty for a total coverage of not less than (5) years or 5,000 hours whichever comes first.

Bids will be received up to 10:00 a.m. April 22, 1991, at which time they will be opened and considered.

Sherman County reserves the right to reject any and all bids.

Initial price and advertised specifications are only part of the criteria which will be used in the evaluation process of determining the BEST bid for this County. We will also consider guaranteed maintenance costs, guaranteed minimum repurchase amounts, warranties, and the size, location, and reputation of the bidder and/or manufacturer. Our intent is to purchase the highest possible quality for a reasonable price which will give the highest return on investment to the taxpayers of

this County.

Dale Hamilton
Commissioner Precinct #3

over the North Pole.
Many people ask, "if it is possible that man can produce ozone, why can't we find a way to produce it and place it in the stratosphere?" The answer to such a question is simple. Ozone is more reactive than oxygen and is also extremely unstable, and reactivity of concentrated ozone makes its preparation both difficult and hazardous.

There are also very small amounts of ozone in the lower troposphere. A high concentration of ozone can be detrimental, or harmful, to man, animals, and plants. Ozone may cause throat

irritation at 300 parts of ozone per every billion parts of other gasses, or 300 ppb. Increases occur in asthma attacks where ozone is 150 ppb, and in leaf retardation in plant growth where it is 30 ppb. To reduce the ozone level in the lower atmosphere, introduced emissions of hydrocarbons and nitric oxides are being regulated.

Many steps are being taken to protect the ozone layer. In 1987, the United States and over thirty other countries agreed to reduce the use and production of CFC's by 50% by the year 1999. Then, in March of 1989, twelve European countries planned to take this reduction even further. They agreed that their countries would reduce CFC use and production by 85% as soon as possible, and that by the end of this century, they would ban the chemicals altogether. Later, during May of 1989, a meeting was held in Helsinki. Representatives from eighty-six countries favored a total ban of certain fluorocarbons, and steps to reducing CFC's continues. Some developing countries such as China, India, and the USSR, that

are just beginning to mass produce CFC products, are trying to be persuaded to adopt the CFC ban.

Alternatives are still being sought and there may possibly be some in use now. Many people are not willing to give up car air conditioners, central cooling, and other refrigerants, and if they do, what will happen to the products now in use? Answers to these questions are still being sought, but everyone must start working together now to save the ozone layer and to insure safe future for generations to come.
