## ARANSAS COUNTY IS INVITED

**Our "Happy 112th" cake is gone but there's still plenty of cheese, crackers, punch and coffee and Aransas County residents are invited to come by the Pilot office any day this week to help us celebrate our anniversary. Just stop in during our regular office hours, 8 a.m. to 5 p.m. through Friday. The Pilot -- known at one time also as the "Pilot Register" -- is a direct descendant of the old Rockport "Transcript" founded in 1869 by Capt. Charles F. Bailey and Geraldo Alonzo Beeman.** [Pilot Photo by Pat Blair]

*Will Seek Raise From County*

# Navigation Directors Rescind Pay Hike Voted In November

By Pat Blair

Aransas County's Navigation District directors rescinded an unauthorized pay raise they gave themselves and are returning the increase with interest to the Navigation District.

The action came during a special meeting of the Navigation District board of directors Monday night, March 23, in which the directors also voted to request a pay increase from the County Commissioners' Court, with the increase to be retroactive to November 1.

At the same time, the directors announced plans to seek necessary amendments in state law so that navigation districts in Texas have the right to control the compensation paid to their directors.

The action was an outgrowth of a discovery by the directors that a pay increase they gave themselves on November 4, 1980, was unauthorized because the agenda for that meeting was not correctly worded for that action and because the directors of Navigation districts in Texas cannot set their own compensation.

Under a state law that went on the books in about 1929, according to Navigation Director Ken Faulkner, the directors' compensation is by the county commissioners' court.

The directors in November gave themselves an increase in compensation from $150 to $300 per month and in car allowance from $75 to $100 per month.

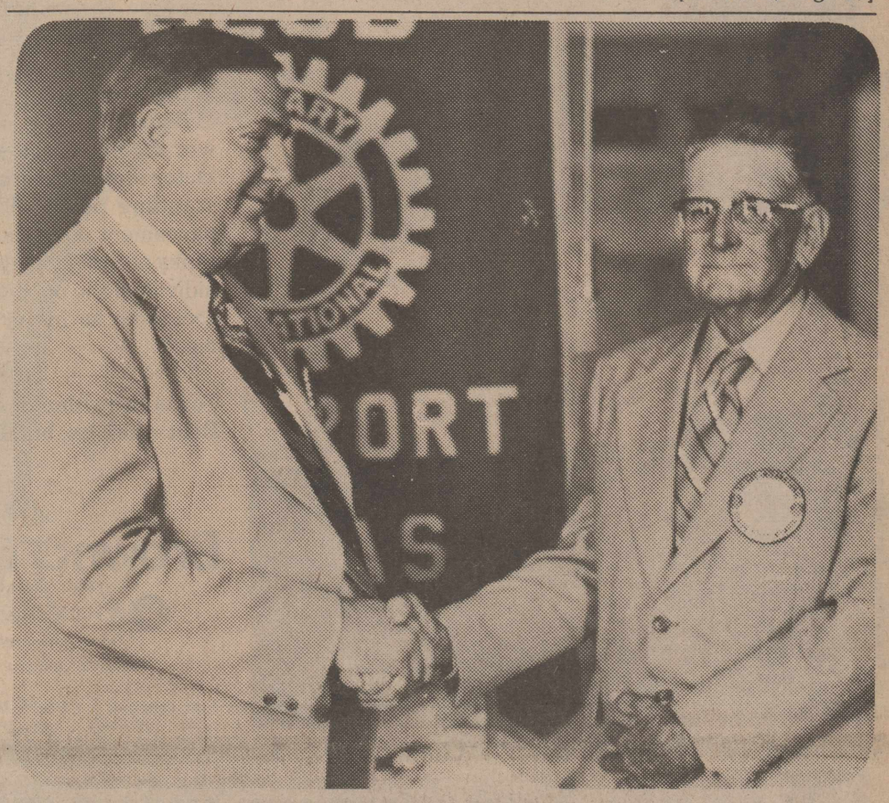

The total additional monies collected by the directors amounts to $700 each through March. The directors voted Monday night to return this amount to the District plus an additional $18.27 each — which is the interest the money would have earned computed at current market rates, if it had been on deposit during the past five months.

The directors then voted to go before the county commissioners with a request that their compensation be increased to $300 per month and car allowance to $100 per month and that the increase be made retroactive to November 1, 1980 — which is the date the unauthorized increase went into effect.

This was followed by the motion that the district seek whatever state legislative action is needed to give navigation district directors the right to control their own compensation.

Faulkner, who made all

## BRACHT NAMED FELLOW

**Rotary president Jimmy Luigi congratulates new "Paul Harris Fellow" Dudley Bracht, [right]. The "Paul Harris Fellow" is the highest honor a Rotarian can achieve. A $1,000 donation in his name will be made to the Rotary International Scholarship Fund. Mr. Bracht received his award on Wednesday, March 18.** [Pilot Photo by Becky Werhan]

# Sea Gun Cabin Linked To Woods Slaying

By Becky Werhan

A fishing cabin at Sea Gun Resort raided by Sheriff's deputies seeking gambling paraphernalia in January of 1979 has been linked to the March, 1979, assassination of U.S. District Judge John Wood, a native of Rockport, in a report by the Dallas Morning News.

According to the Morning News, one of the men renting the cabin was Charles Harrelson, a convicted hit man linked to the Woods killing.

Harrelson, with another man (named to the Pilot by Sea Gun employees as Jack Strauss), and two female companions were, according to the Dallas paper, watching the movements of Wood. Wood was at that time staying in his resort home at 13 Whooping Crane in Key Allegro though living in San Antonio.

The Morning News reports that the four were later joined by Larry Culbreath, an associate of Harrelson's and also a convicted killer.

After Culbreath joined the group, one of the other men was reported to have checked out, said the News' report.

Sheriff Bob Hewes said Tuesday, March 24, that he had, in 1979, a report that the residents of the cabin might be involved in a large-scale gambling scheme and raided the cabin on January 17 on that basis alone, but the group had by that time left.

The sheriff's deputies, according to Hewes, found sports pages, records of long distance calls to New Orleans and Las Vegas, items of clothing and other items. On the sports page were written monetary figures. Hewes said he saw figures of $100 and $500 but not "anything close" to the $500,000 figure that has been reported in the Morning News story.

Said Hewes, the information was passed routinely on first to DPS Intelligence and later to the FBI who conducted an interstate gambling investigation.

According to Hewes, he was not informed at that time that the cabin occupants were convicted killers, or at any time later that that there was a connection to the Woods case.

Hewes said, "I didn't even know Harrelson was here. I don't know if anyone else has proved that he was either. The only time I ever heard of Harrelson was later in the link to the Woods killing. I don't know where the link is proving he was here. "The first I ever heard of the connection of the cabin we raided to the Woods killing was yesterday afternoon when I started getting phone calls from AP and UPI," said Hewes Tuesday morning shortly before Pilot press

# Coast Guard Check Adds To Tension Among Shrimpers

By Pat Blair

The Coast Guard's recent "spot check" of shrimping vessels in Rockport and Fulton has added to — not solved — the problems between American and Vietnamese fishermen.

American shrimpers in the area are upset by a statement by Frank Dickerson, law enforcement director for the Texas Department of Parks and Wildlife, who was quoted this past weekend as saying that "probably none (of the Vietnamese vessels inspected) will need to be documented...if they ask for a formal inspection."

Several of the Americans met with representatives of the Governor's Office Tuesday afternoon in Rockport before the representatives met with Vietnamese shrimpers to find out how many are interested in selling their boats.

In a public meeting last month in Rockport, Allen Clark, an administrative assistant to Governor Clements' office, said he had talked to Vietnamese shrimpers and many of them expressed interest in getting out of the fishing business if they could find someone to buy their boats.

Clark and Lee Russell, deputy chairman of the Governor's Indochinese Resettlement Task Force, have lined up several boat brokers, according to local shrimper Leon Bateman who has been serving as Clark's contact in Rockport.

Their purpose in Rockport Tuesday evening was primarily to talk with Vietnamese in the area, determine exactly how many want to sell their boats and work out some of the details.

But Bateman, earlier, expressed doubt as to whether any of the Vietnamese really wanted to sell their boats. "Their (the Vietnamese') word is absolutely worthless," especially when the commercial shrimping season gets underway.

The problem stems from last week's "quickie" Coast Guard inspection of some 65 boats in the Corpus Christi - Rockport-Ful-

[See TENSION, Page 12]

## Child Injured In Car-Pedestrian Mishap

Crystal Pena, 2, of 209 East Liberty was taken to Driscoll Children's Hospital suffering from head injuries after she was struck by a car about 11:20 a.m. Saturday, March 21.

The driver of the car, Atie Stanley Washburn, told police the child ran in front of her car as she was driving down Liberty Street.

The accident occurred about 60 feet east of Racine.

# Hinojosa Named Acting Rockport Police Chief

Captain Joe Hinojosa will take over duties as Rockport's acting police chief from April 1 until the position is filled on a permanent basis.

The action was taken following an executive session of Rockport's city council during its meeting Monday night, March 23, in which the council also voted a four percent merit pay raise for all city employees.

Hinojosa will fill in for Police Chief James Craigmile whose resignation becomes effective March 30.

In earlier action, the council accepted a letter from H.E.B. Food Store and authorized an engineering study of the grocery company's request that Mimosa Street be closed between Austin and Magnolia streets.

The company said in its letter that the request was to provide for future proposed expansion of the Rockport H.E.B. store.

A request by E.H. Jaroszewski, president of Fisherman's Quarters, for a zoning change that would permit development of condominiums on the east side of the Rockport Cemetery was denied following a joint hearing before the city council and city planning and zoning commission Monday.

City officials received some 29 letters opposing the project and several property owners appeared in person to protest the proposed construction of 99 condominiums on the 4.546-acre tract in the Hillcrest Subdivision between Hillcrest Drive and Picton Lane.

Two other zoning requests were approved, in-

[See CHIEF, Page 12]

## Notable Notes

### Mexican Supper

The Rockport-Fulton Band Boosters are hosting the second annual Mexican Supper Saturday, March 28, in Rockport's VFW Hall. Serving will be from 5 p.m. until 8 p.m. The menu will include rice, beans, a chalupa, two enchiladas and tea or coffee for $3 with guacamole salad, flour tortillas and dessert available for an extra charge. All food will be prepared by Band Booster members, and door prizes will be awarded during the serving period.

### Tamales For Sale

The Greater First Baptist Church at 213 Gagon will be selling tamales in its Fellowship Hall Saturday, March 28, starting at 11 a.m. Price is $2.50 per dozen.

### 'Hank Williams Tribute'

The Aransas County Sheriff's Reserve is sponsoring a "Tribute to Hank Williams," starring the original Hank Williams band, the Drifting Cowboys, to raise funds for the Sheriff's Reserve. Tickets are available now and are $6 per person. Children under age 14 will be admitted free if accompanied by a parent. Also featured in the show will be comedian Urel Albert. Date of the show is Friday, June 12, at 8 p.m. in the Rockport-Fulton High School Football Stadium.

### Cookbook On Sale

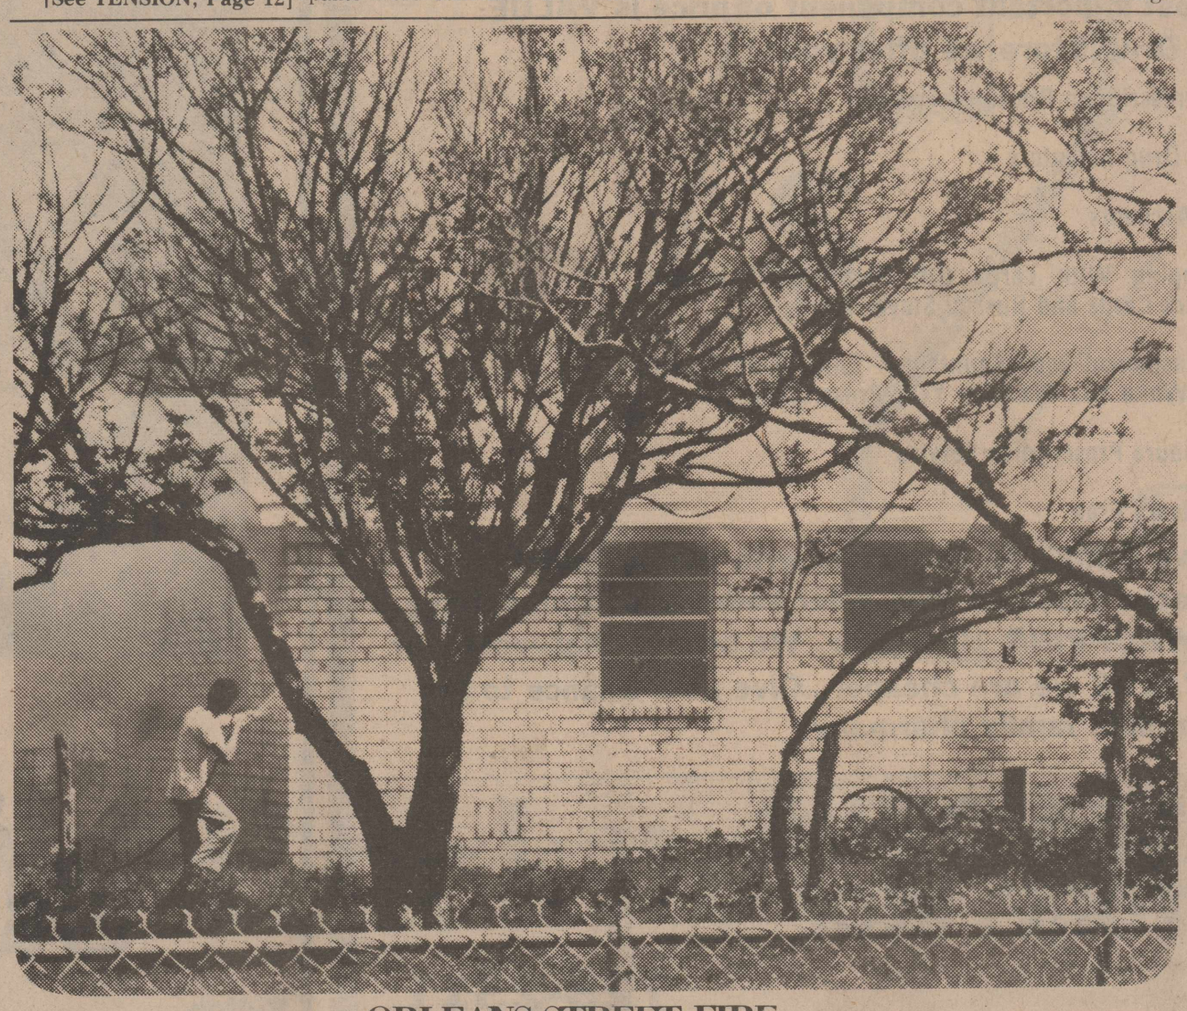

The fifth printing of "The Taste of the Coast" cookbook is now available at the Hospital Auxiliary Workshop in Encina Plaza and at numerous businesses. All proceeds from the sale of the cookbooks will go to the Aransas County Emergency Services. For more information call 729-2844.

### Peace Lutheran Services

Peace Lutheran Church, 1501 West Market Street, is holding two morning services, one at 8:30 a.m. and the other at 10:45 a.m., each Sunday until the end of March.

### Church Shows Films

The First Baptist Church, 902 Main Street, will show films for children each Saturday from 1 until 2:30 p.m. at the church. All children are invited.

## ORLEANS STREET FIRE

**The resident and a police officer -- not visible through the smoke -- use garden hose to battle the fire that started Saturday afternoon at this residence at 806 East Orleans. Owner of the home is Charles Eady and the fire alarm came in during the early afternoon and was answered by Rockport Volunteer Fire Department units. No additional information was available at the Pilot's press time.** [Pilot Photo by Perry Carter]

# Area Men Indicted Following Pot Bust

CORPUS CHRISTI — Fourteen men including four from the Rockport-Fulton area have been named in a four-count indictment returned by a federal grand jury last week following a joint Aransas County-federal drug bust in Seadrift.

Named in the federal indictment were Talton Lee James, 40, Thomas Joseph Burke, 22, and David Anthony Pfeiffer Jr., 24, all of Rockport, and Dallas A. Grantham of Fulton.

Other defendants are Paul Olivarri Jr., Robert L. Stanley, Arvon C. Jackson, Gerardo L. Gonzalez, Juan A. Gonzalez, Felipe F. Llaudy, Valdemar Guerra, Philip S. Robin, Johnny Johnson Jr. and Elias Ricardo Luque-Ibarra.

The men were arrested Sunday, March 15, at Seadrift in a raid by federal drug enforcement agents, U.S. Customs officers and Aransas County sheriff's deputies.

The indictment charges the 14 men with possessing and importing 27,830 pounds of marijuana into the United States.

The pre-dawn drug bust is the largest marijuana seizure in the history of the Coastal Bend.

## In A Different Vein

*By 'Uncle John' Leslie*

MY LADY OF THE WEEK

Occasionally I observe a person at work in the community — then again I have them pointed out to me.

This week my choice is Peggy Bloch — who I first remember in 1976 — the year I was President of A.A.R.P. She came to us at several of our meetings with worthwhile service projects, including Centennial.

My memory is too poor to remember the many projects she has been associated with over the years. But her main contribution has been to the Aransas County Medical Service Inc. — which grew out of the Ladies' Committee of the Chamber of Commerce.

She has been on it's Board since it was organized. She was a hard worker on the big Auction and the Construction of the Emergency Clinic on Enterprise.

Everywhere I go I see Peggy involved with civic projects that make Rockport and Aransas County a better and safer place to live. So, Peggy Bloch, consider yourself saluted by Uncle John. Keep up the good work.

HAZARDS OF WALL PHONES

Many elderly in Aransas County — and there are many — have their telephone on the wall — much too high for them to reach if they should fall to the floor — and they do fall.

A friend of mine in Fulton did fall a few days ago and laid on the floor until some friends came by. She could have lain a long time before being found — luckily she didn't. Her phone was mounted on the wall.

My suggestion is to first call the telephone company business offfice and tell them you live along and/or are elderly and need to have your phone made convenient to you. The bedroom is the best place.

Also call Aransas County Council on Aging at 729-5352 and ask for Ruth Hoover who supervises the DIAL-A-CARE PHONE SERVICE. She will arrange for someone to call you each morning to say "hello" and see if you are O.K. for the day.

This call costs nothing but may save your life. If you cannot be contacted on the phone someone will go by and see about you.

Don't be hard-headed as most of us are. Please get that phone to a more accessible place. P.S. Do you know a person this might help?

ROCKPORT NEEDS ANOTHER GOLF COURSE

"Even if it's only a three holer" said a winter visitor (and several of them who have made this statement to me).

I replied that we have a good Golf Club on FM 881 at the Country Club. Why not use it? They laughed and said "the present membership (our citizens) don't want us. They have the entire morning booked. So we drive to Sinton — or we don't play."

Now that's a pretty bad way to treat our winter guests — who come for three to six months and spend a lot of money in our community.

Note the amount of taxes taken in the Rockport Pilot for this year.

We are going to drive them away if we don't fix things — like a Golf Course or a Fishing Pier. We have done nothing to hold our winter guests in the 10 years I have been here.

It would be a bad day if they did not come back. What do you know that the City or County has done to hold them?

This deserves some serious thought.

THOUGHT FOR THE WEEK

Most of us could get along real well if we used the advice we give to others!! Who me??

**Taps dates to 1862**

The bugle call, taps, was composed by Daniel Butterfield in July 1862 during a lull in Civil War fighting. He was an upstate New York businessman who went into action with the Union Army as a regimental colonel and soon became commander of a brigade in the Army of the Potomac.

# New Children's Wear Store Opens In SeaAire Center

Rockport's new children's wear store, "Kids Kreations" had its official grand opening Friday, March 20, complete with a Chamber of Commerce-sponsored ribbon cutting.

Owners of the store, Kathy Ratliff and Rose Johnson cut the red ceremonial ribbon as Chamber members and Mayor Walter Falk looked on.

"Kids Kreations" is the first store either of the women have operated "It was something we had wanted to do for a long time," said Johnson.

"We decided to apply for a loan to open, thinking we wouldn't get approved and that would be the end of it. But it came through, so we went ahead and did it!"

Both Johnson and Ratliff have small children and that fact has helped them in planning the store and picking their merchandise. They have a good selection of the more difficult-to-find sizes and offer a wide variety of brands including OP, Billy the Kid, Luv-It, ToddleTike, Baby Grow and Isaackson — and sizes ranging from Infant to Boys' 20 and Girls' 14. A selection of maternity wear is also offered.

"We wanted to be able to sell moderately priced clothes suitable to the coastal area and keep a good selection in stock," said Ratliff.

The two women did the painting and decorating of the brightly colored store themselves and have provided an area for children to play in while parents shop, well stocked with books and puzzles.

While the official "grand" opening was Friday, "Kreations" had been open since Wednesday and according to Johnson and Ratliff, business those first two days was great.

Two gift certificates were awarded during the store's opening week. Mrs. Gayle Otto and Rachel Buerrero both won $20 in merchandise.

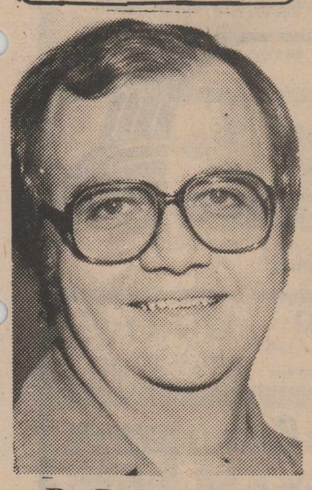

Said Ratliff Friday, prior to the opening ceremonies, "It's been great — we're already having to reorder!"

**"KID'S KREATIONS" KUTTING**

## Pet Talks

By Dr. Hap Lutz

Dr. Lutz is a graduate of Baltimore City College and Texas A&M University. He specializes in small and exotic animal practice. He was an instructor of small animal diseases and surgery in the Veterinary School at Texas A&M and was in private practice in Waco for 25 years.

Your Dog's Cycle, And A New Way to Control It.

The veterinary profession researched and finally found a way to keep your dog from coming in heat or becoming pregnant without surgery. If you have owned a female dog, you know what a real nuisance a dog in heat can be.

For an example, there is the temperament change in the female dog, the neighbor's howling male dogs at your door, the interrupted vacation and — finally — unwanted puppies.

There are three things you can do to control heat in your bitch and eliminate unwanted pregnancies:

1. You can confine your dog either in a kennel or in your house for 21 days during the normal cycle. This confinement is often inconvenient, and boarding can be costly.

2. Another method of control is spaying (major surgery), costly and irreversible.

3. The newest way, and some authorities think the best and safest, is a new hormone which the owner gives to the dog. It comes in tablet form or in a liquid which can be easily added to the feed.

Most of my clients prefer to give the liquid form of medication. They just add a few drops to the dog's feed every day, and the dogs like the taste of it.

If you elect to use the tablet, the medication is given for eight days twice a year. The average dog comes in heat twice a year. The medication is started at the first signs of heat.

The tablet does have a disadvantage. If you are not aware of your dog's heat cycle, and you don't give the tablet in time, she will likely be bred and become pregnant.

This is particularly true of dogs not allowed in the house, or those that the owner does not spend some time with daily. Also, there are dogs that don't have a regular heat cycle. For these reasons, I prefer the liquid form. By giving it every day, you don't miss the cycle.

This medication has been used safely in dogs up to 14 years of age. It can be given in conjunction with a wide range of other medications (such as heart worm preventive tablets) without changing the effectiveness of either.

This medication has not been recommended for cats. Spaying is still the answer for cats.

You can obtain this medication from any veterinarian.

**7 million inquiries**

More than 7 million inquiries were answered in 1979 by Federal Information Centers, whose service is now available in 85 metropolitan areas. The centers offer assistance to persons with problems or questions about the government.

## Veterans Administration News

Q. Is a veteran with a service connected disability entitled to a Veterans Administration eye examination while he is attending school with VA educational assistance?

A. Yes. The veteran should contact the vocational rehabilitation specialist at a VA regional office. Arrangements for the eye examination will be made and, if required, glasses will be furnished.

# Rotary Told Aransas County Medical Services Are Enjoying 'Good Health'

Rotarian John P. Mitchell reports that the Aransas County Medical Services Inc. and its Enterprise Medical Center are enjoying good health and the prognosis for continued growth and service to the community is excellent.

His report was delivered at the weekly luncheon meeting of Rockport Rotary Club at the Sandollar Restaurant, Wednesday, March 18.

It included an outline of the history of the local civic enterprise which has attracted wide attention and admiration throughout Texas and many other parts of the country as an outstanding example of what can be accomplished by a relatively small community in providing skilled emergency medical care — all of it financed locally without the aid of any federal or state funds.

Mitchell pointed out that the project got its start in January, 1974, at a meeting of a small group of women concerned about the community's inadequate emergency medical services.

First called the Women's Committee of the Chamber of Commerce, it is now known simply as the Women's Committee which currently has a membership of some 300 active and enthusiastic women. It has provided continuing support with ideas and money for the Aransas County Medical Services Inc., with special emphasis on operations of the emergency ambulance service.

Funds are raised by the committee through its workshop production of handcrafted gift items, annual Christmas bazaar, Valentine dance, theater galas, sales booths at various civic celebrations and an auction of contributed paintings and other items of value.

Most of these projects have become annual events.

One of the committee's most productive projects has been contributions to an ongoing medical memorial fund, Mitchell said, adding that printed pledge and contribution envelopes for this fund are available at both local banks and the Chamber of Commerce office.

Contributions to this fund are used exclusively for support of the ambulance service, Mitchell added.

In 1979, the Women's Committee raised a total of $35,400 for the overall medical services support. Last year the total was $36,865. So far this year $5,719 has been collected through activities of the committee.

The emergency ambulance service which began operations in January, 1977, was and continues to be of primary concern to the Women's Committee. From the first the committee has provided essential financial for this highly visable aspect of the overall medical service program.

Aransas County and the cities of Rockport and Fulton also contribute annually to the ambulance service.

At present two modulances, which are highly efficient and modern ambulances, are operated by three paid professional paramedics and some 29 trained volunteers, eight of whom have completed paramedic training.

This operation is under direction of Dr. Jerry Shaw, with Bill Aston as paramedic director. A grant of $56,000 was provided by the King Foundation to purchase the original ambulances.

Mitchell said the second phase of Aransas County Medical Services Inc.—the Enterprise Medical Center — is in full and effective operation in a highly specialized building at the corner of Enterprise Street and FM road 2165 near Memorial Park.

At present it is staffed by two doctors, Dr. Fred S. Warren and Dr. William T. Kemmerer. In addition to providing emergency service, the doctors see patients on a regularly scheduled basis.

Recently a standby generator and fuel tank were installed to make the center self-sufficient during possible emergencies, according to Mitchell.

The center provides emergency medical services for evaluation and stabalization of accident and emergency illness victims picked up by the ambulances prior to transportation to hospitals or possible return to their homes.

Currently underway is a campaign to raise funds for a heliport adjacent to the Medical Center building to accommodate helicopters carrying accident or sickness victims from off-shore drilling rigs, the bays or distant parts of the county.

This new facility will be named the G.M. Pattillo, M.D. Memorial Heliport in memory of the late Dr. Pattillo who served as medical director of Aransas County Medical Services Inc. from its inception and led the search for physicians to staff the center.

The Aransas County Medical Services Inc. is operated under direction of a 16-member board of directors with Dr. J.M. Shellenbergar currently serving as president.

During the introduction of Mitchell at the Rotary luncheon, Dave Crooks paid tribute to the speaker as an outstanding Rotarian and a dedicated civic leader.

Mitchell joined the Rotary Club 41 years ago and has maintained a perfect meeting attendance record since. He has been president of both the Corpus Christi and Rockport Rotary Clubs.

Some of his past and present community activities include service as director and vice president of the Aransas County Conservation and Reclamation District, president of Aransas County United Fund, member of the school district tax equalization board and director of the Rockport Chamber of Commerce and of the local chapter of American Red Cross.

Mitchell has been involved in many aspects of Aransas County Medical Services Inc. He was president of its board of directors and remains an advisory director. He served with Dr. Pattillo as a member of the steering committee to enlist and evaluate physician candidates for the staff of the Enterprise Medical Center.

# Police Report

## Nude Swimmers Charged With Public Intoxication

Six persons — three males and three females — pleaded guilty to charges of public intoxication after they were arrested on Fulton Beach Road at Glass Avenue about 3 a.m. Saturday, March 21.

Police arrested the six after being called to the scene on complaints of a disturbance. Upon arrival, according to the police report, they found all six swimming nude not far from the roadway.

Arrested were Kathy O'Leary, 24, of San Antonio and Lesliegh Schrier, 20, Pat Mendoza, 22, Randal O'Leary, 26, Gary Mark Marquez, 28, and Danny O'Leary, 20, all of El Paso.

All six pleaded guilty to the charge and were fined $53.50 each.

### Possession of Hash

Two Austin men were charged with possession of hashish and possession of biphetamine after they were arrested about 12:08 a.m. Saturday.

Robert Philip Gauss, 21, of Austin was also charged with driving while intoxicated. Bond of $3000 was set on each of the two possession charges against him and $500 on the DWI charge.

A passenger in Gauss's car, Steve Mack Stoeltje, 22, was charged with public intoxication in addition to the two possession charges. Bond was also set at $3000 against each possession charge.

Stoeltje pleaded guilty to the intoxication charge and was fined $53.50.

### Possession of Marijuana

Paul Alan Watkins, 28, of Port Aransas was charged with possession of less than two ounces of marijuana after he was stopped by police for running a stop sign Friday, March 20.

Watkins was stopped near the intersection of Enterprise and Live Oak about 8:31 p.m. Bond was set at $500 on the charge.

### TV Taken

A 19-inch color television set was taken from the residence of Mrs. Coaker at the corner of Highway 35 and 3rd Street while she was at church between 6:30 p.m. and 8:25 p.m. Sunday.

Entry was gained through an unlocked back door.

### TV. Telescope Taken

A 24-inch telescope and 19-inch black-and-white TV set were taken when the residence of Bass C. Wallace, 1307 East Sabinai, was burglarized sometime last week.

The incident occurred sometime between March 18 and 9:30 a.m. Friday, March 20, after someone broke out a sliding glass door to gain entry.

### Terrorist Threat

Billy Martin Pash, 30, of Fulton was placed under $1000 bond on a charge of making a "terroristic threat" after he was arrested by police Sunday.

Martin allegedly threatened to kill John Chupe of 802 Fifty Oaks Apartments in an incident that occurred about 8 p.m. Saturday.

### Possession of Marijuana

James David Murphy, 21, of 511 Copano Cove Road was placed under $500 bond on a charge of possession of marijuana after he was arrested by police on Broadway about 2:57 a.m. Saturday.

Murphy was also fined $53.50 after he pleaded guilty to a charge of public intoxication.

### DWI

Roy Pittman Jr., 54, of San Antonio was released on personal recognizance after being charged with public intoxication about 9:52 Saturday.

Pittman was stopped by police on Highway 35 near the Las Brizas Motel and was placed under $500 bond.

### Broadway Accident

A three-car accident on Broadway last week resulted in a ticket for Dale W. Wartick, 72, of Wisconsin for following too closely.

The weekend fender-bender occurred when Wartick's van struck the rear of a car driven by Jeffrey Brian Kirksey of Victoria knocking him into a car driven by Paula Lillian Padgett of Seguin.

All three cars were northbound on Highway 35 and about 30 feet north of Lady Clare.

**Corn crop a biggie**

In 1979, U.S. growers produced a 7.76 billion-bushel corn crop, 10 percent larger than the previous year's record harvest.

## AARP News

By Lucille E. Skrobarcek

We wish to thank the following Rockport merchants for being so generous and donating gifts as door prizes for the recent AARP sponsored Pancake Brunch, including House of Gifts, Johnson's Drug Store, A Blossom Shop, The Moonshell.

A beautiful dish of Verlys Glass was donated by Mrs. Patti Fishwick.

Also, we wish to thank the Rockport Merchants who assisted us in getting equipment and footstuffs, including Corky Agler, owner and operator of Corky's Restaurant; Mrs. Katherine McFadden, owner and operator of Village Center in Fulton; and Max Olsen, owner and operator of the Cafeteria in Fulton.

Hostess at game afternoon on Thursday, March 19, was Mrs. Irene Hopper, assisted by Casey Edmiston. Forty-eight persons were served refreshments during the afternoon.

The winners in bridge were Mrs. Fern Temple and Mrs. Genevieve Ohrling. Canasta winners were Mrs. Eileen Johnson and Irene Hill. Mrs. Jessie Burks won the finale and the door prize went to Mrs. Frances Cook.

On March 25, Wednesday, AARP Chapter 1536 will have a covered dish luncheon at 10:30 a.m. A short meeting will precede the luncheon.

Mrs. Patti Fishwick promises an entertaining program on hobbies. Hilda Mauer, Katherine Winkleman and Florence Samson will display their crocheted items; Amil Johnson will display his leather work and latch hook rugs; Millie Flannery will show her water color paintings; and Lavonne Humphries has made puppets.

Margaret Roberts, from Lincoln, Nebraska, will talk about and display her collection of antique reproduction dolls.

On April 8 at the AARP business meeting, Easter Bonnets for men and women will be featured. The members who will be in the Easter Parade will make and wear their own creations.

This promises to be most entertaining.

**Biggest living thing**

**Where can you walk on the world's biggest living thing? On the Great Barrier Reef, off the Queensland, Australia, coast. About 2,000 kilometers long, it has more life to the square centimeter than anywhere else on the Earth.**

## First Step To Summer Job Is Social Securi

CORPUS CHRISTI — Young people planning to work for the first time this summer should be aware that the first step is to get a social security number — and the time to take that first step is right now.

Many young people may not realize that getting a social security number takes a little longer today than it did for their parents, says David Tutt, manager of the District Social Security Office. Mom and dad probably walked into a social security office one day and walked out with a social security number and card, Tutt said. Today many young people can even apply by mail if they wish, but either way it takes about six weeks to receive a social security number and card.

The major reason for the difference is that the application is now more closely scrutinized to assure the applicant's correct identity, citizenship, or lawful alien status, and age.

When the social security system first started 45 years ago and in its early years, the concern was to make it as easy as possible for people to get a social security card.

Now that the system is a household word — the Nation's primary means of providing an income to a family at the retirement, death or disability of the breadwinner — the major concern is that the card and the rights it represents are protected from fraud and abuse.

Moreover, the social security number represents the holder's key to his or her earnings record and future benefits based on it.

Eligibility for benefits is based on the date of birth and the amount is based on covered annual earnings shown in the record over the holder's working lifetime. Incorrect information on the application for a number could seriously affect benefit rights later, Tutt emphasized.

Many employers will not hire a person unless he can show a social security card because the law requires them to collect and pay social security taxes on the earnings of each person they employ, and they need a correct social security number for this purpose.

Persons 18 or over must apply for a card in person, but those under 18 may apply by mail or phone.

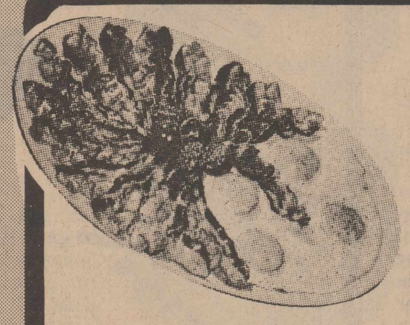

If the applicant was born in the United States, a birth or baptismal record will be necessary for proof of age and citizenship. For proof of identity, any document may be accepted which includes the applicant's signature, photograph or physical description, such

## From the TAP Kitchen

### Easy And Chocolaty

This chocolaty, crunchy dessert is simple to prepare and makes for a flavorful treat, notes the Texas Department of Agriculture home economist. The peanuts provide an excellent source of protein as well.

**PEANUT CRUNCH**

1 C. sugar
½ tsp. salt
½ C. butter
¼ C. water
½ tsp. vanilla flavoring
1 C. chopped peanuts (divided)
1 (6 oz.) pkg. semi-sweet chocolate pieces

Butter a 15x10-inch cookie sheet and set aside. In a medium saucepan, combine sugar, salt, butter and water. Cook until mixture reaches 240 degrees F. (132 degrees C.) on a candy thermometer. Add vanilla flavoring; stir in ½ cup chopped peanuts. Pour mixture onto buttered cookie sheet and spread to ¼-inch thickness. Sprinkle ½ cup peanuts over top. Let mixture cool. Melt chocolate and spread over cooled candy mixture. Let cool and break into small chunks.

**For additional recipes, write: Commissioner Reagan V. Brown, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 7871[illegible]**

## Portland Man Wins Hog In 4-H Giveaway

PORTLAND — H.O. Bidwell of Portland was the lucky winner of a completely processed hog in a drawing held by the San Patricio-Aransas 4-H Council.

The hog was purchased by State National Bank of Robstown in the 1981 A&H Show Auction Sale. The bank donated the hog to the 4-H Council along with funds to process the animal and print tickets for the drawing.

Members of the San Patricio-Aransas 4-H clubs raised almost $1,000 from the giveaway.

Felicia Ortiz and Sherry Cunningham were the high ticket sellers.

# Meet The Candidates

## Rockport City Council

### Ward 2

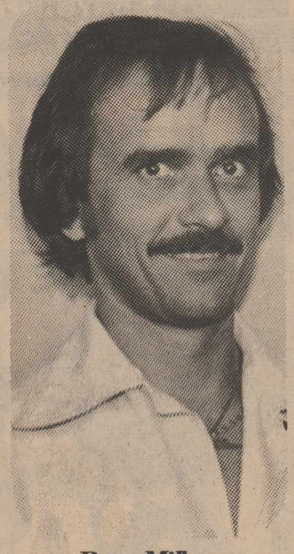

**Brad Steiner**

For those of you I haven't had the opportunity to meet yet, I am Brad Steiner, proprietor of Seaside Gems, 502-B S. Austin, and I am involved in the Aransas County Recreational Planning Association as the fund raising chairman.

I have a sincere interest in the future of Rockport while at the same time I appreciate the unique small town atmosphere we have.

I am in favor of progress only to the extent that we don't lose our identity as a city whose reputation is nationally known for its hospitality and beauty.

I will take to the council chair with me common sense and a fairness to do what will benefit the majority of the people.

**Burt Mills**

I'm C.H. "Burt" Mills Jr. I am 33 years old and was born and raised in Rockport. I am married and have three children, all of whom go to Rockport Elementary School. Together with my family I own "Duck Inn" Restaurant, which I have managed since 1971.

My position, when elected to City Countil Alderman Ward 2 two years ago, was with a determination to be available and to hear and listen to the citizens of Rockport that I represent. I have put forth a big effort to solve the problems brought to my attention.

My whole idea of the job is to do my very best for the City of Rockport for its future, and to listen to the people I represent and serve them to the best of my ability.

## Aransas County School Board

### Place 1

**Nelda Lee**

Public schools are responsible for providing a broad range of educational experiences tailored to meet the needs of each individual student. As a parent of two children in the Aransas County I.S.D. I have a personal interest in the education being provided. Also, as an educator with fifteen years of public school and university experience, I have the training to help provide the educational opportunities necessary.

Of primary concern to me are the need for expanded and accelerated curriculum for ambitious students, the upgrading of reading and math skills, and the development of a night-time community school for adults to fully utilize facilities already provided through tax money.

Also, I feel that parent participation in school activities at all levels should be encouraged, and that a joint effort between the school and the community should be maintained to address any discipline and vandalism problems encountered in the schools. Of equal importance is the need for efficient district management to anticipate and plan for school growth, thereby avoiding the use of "band-aid" strategies for our real growth problems.

Additional tax revenue would not be required to deal with the proposals mentioned. If you share these concerns, and wish to improve our schools, vote for a change in your school board.

**Polly Bracht**

All of us want the best education for our children. As a former teacher, a parent and a citizen of this community I'm aware of many of the problems that exist in our schools.

My service on your school board is based on caring for our children, being willing to listen and having the time to give. The emphasis is once again shifting back to the basic reading, writing and arithmetic. This is a trend I welcome and endorse. Without a good foundation further learning is hampered and adjustment to an ever-more complex society is difficult.

The building program you voted has begun. Nothing would please me more than to have your support to see it to completion. We all need and deserve a school system to be proud of.

s/Polly Bracht
Place 1

### Place 2

**Danny Adams**

I am 40 years old and have been a resident of Rockport since 1955. I attended high school in Aransas County Independent School District and graduated in 1958. After attending Victoria College I was employed with Shell Oil Company for five years.

At the current time I am Chairman of the Board at the First United Methodist Church and I am working with Little League which I have for four years while coaching a team the last two years.

I am on the advisory committee for the Federal Gulf of Mexico Fisheries Management Council, a position I have held for the past four years.

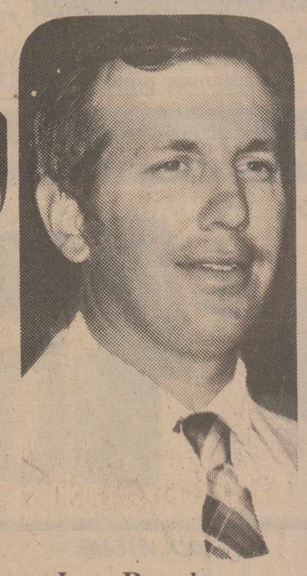

My wife, Betty Mae Armstrong Adams, and I have four children, Greta Kay, a sophomore at the University of Texas, Danielle Rae, a sophomore at Rockport-Fulton High School, Danny Ray, in the sixth grade at Rockport-Fulton Junior High, and Todd Nolan in the first grade at Rockport Elementary.

I feel that my experience with my own children at virtually every level of education better qualifies me for this position on the school board.

The job of running a school is business, big business. As owner of my own business I will better understand the complications of a business.

Some of the areas that I see opportunities in are: parent-teacher-student relationship, discipline, drugs and delegation of departmental authority.

I urge your support and your vote in the upcoming election so that I may represent you, your children and your tax dollars.

**Jerry Brundrett**

Dear Voters of Aransas County:

My name is Jerry Brundrett. I'm 32, a father of three and a candidate for the A.C.I.S.D. Board of Trustees, Place 2. I'm a fourth generation and lifetime resident of Aransas County and a 1967 graduate of Rockport-Fulton High School.

After graduating with a Bachelor of Science Degree in Engineering from Texas A&I University in 1972, I was employed by Central Power & Light Company where I served as a Design and Construction Engineer for six years.

In 1978 I left Central Power & Light and became a partner in Griffith & Brundrett, Surveying and Engineering.

I am registered both as an Engineer and Surveyor in the State of Texas and as a member of several related professional organizations.

I'm a Senior High Sunday School Teacher and Ruling Elder of the First Presbyterian Church, a member of Masonic Lodge No. 323, Past Director of ABC School and Coach of a Pee-Wee Soccer team.

With three kids ages eight, six and 18 months, my reality is to be not just a spectator for the next 17 years, but to be a part of my kids' educational growth and development.

I'm basically a conservative, independent candidate with a willingness not just merely to identify the problems that might exist, which everyone is doing, but to work constructively toward solutions to problems that do exist.

### Place 3

**Sue Casterline**

I have been a resident of Aransas County for four years. My husband, Frank, a longtime resident of the Rockport-Fulton area, and I plan to make this our permanent home.

I earned a B.S. in education from Southwest Texas State University in 1976. Before we started our family, I taught in the Rockport-Fulton Junior High School for two years. I am now a housewife with a small son.

My basic ideas for improving our school system are as follows:

— Establish acceptable standards for enforcement of discipline.

— Return authority, respect and the classroom rule to the teacher.

— Back to basics in elementary grades, with particular emphasis on improved reading programs.

— Expand curriculum in secondary grades for promotion of diversified interests.

— See that all employees of the school district are accountable to the citizens of the county.

New school board members and their new ideas are badly needed for the growth of our school system. Our schools and our children have changed in the past 19 years since Mr. Mundine was elected to serve this community.

It is now time for a change. I would sincerely appreciate your support. Thank you.

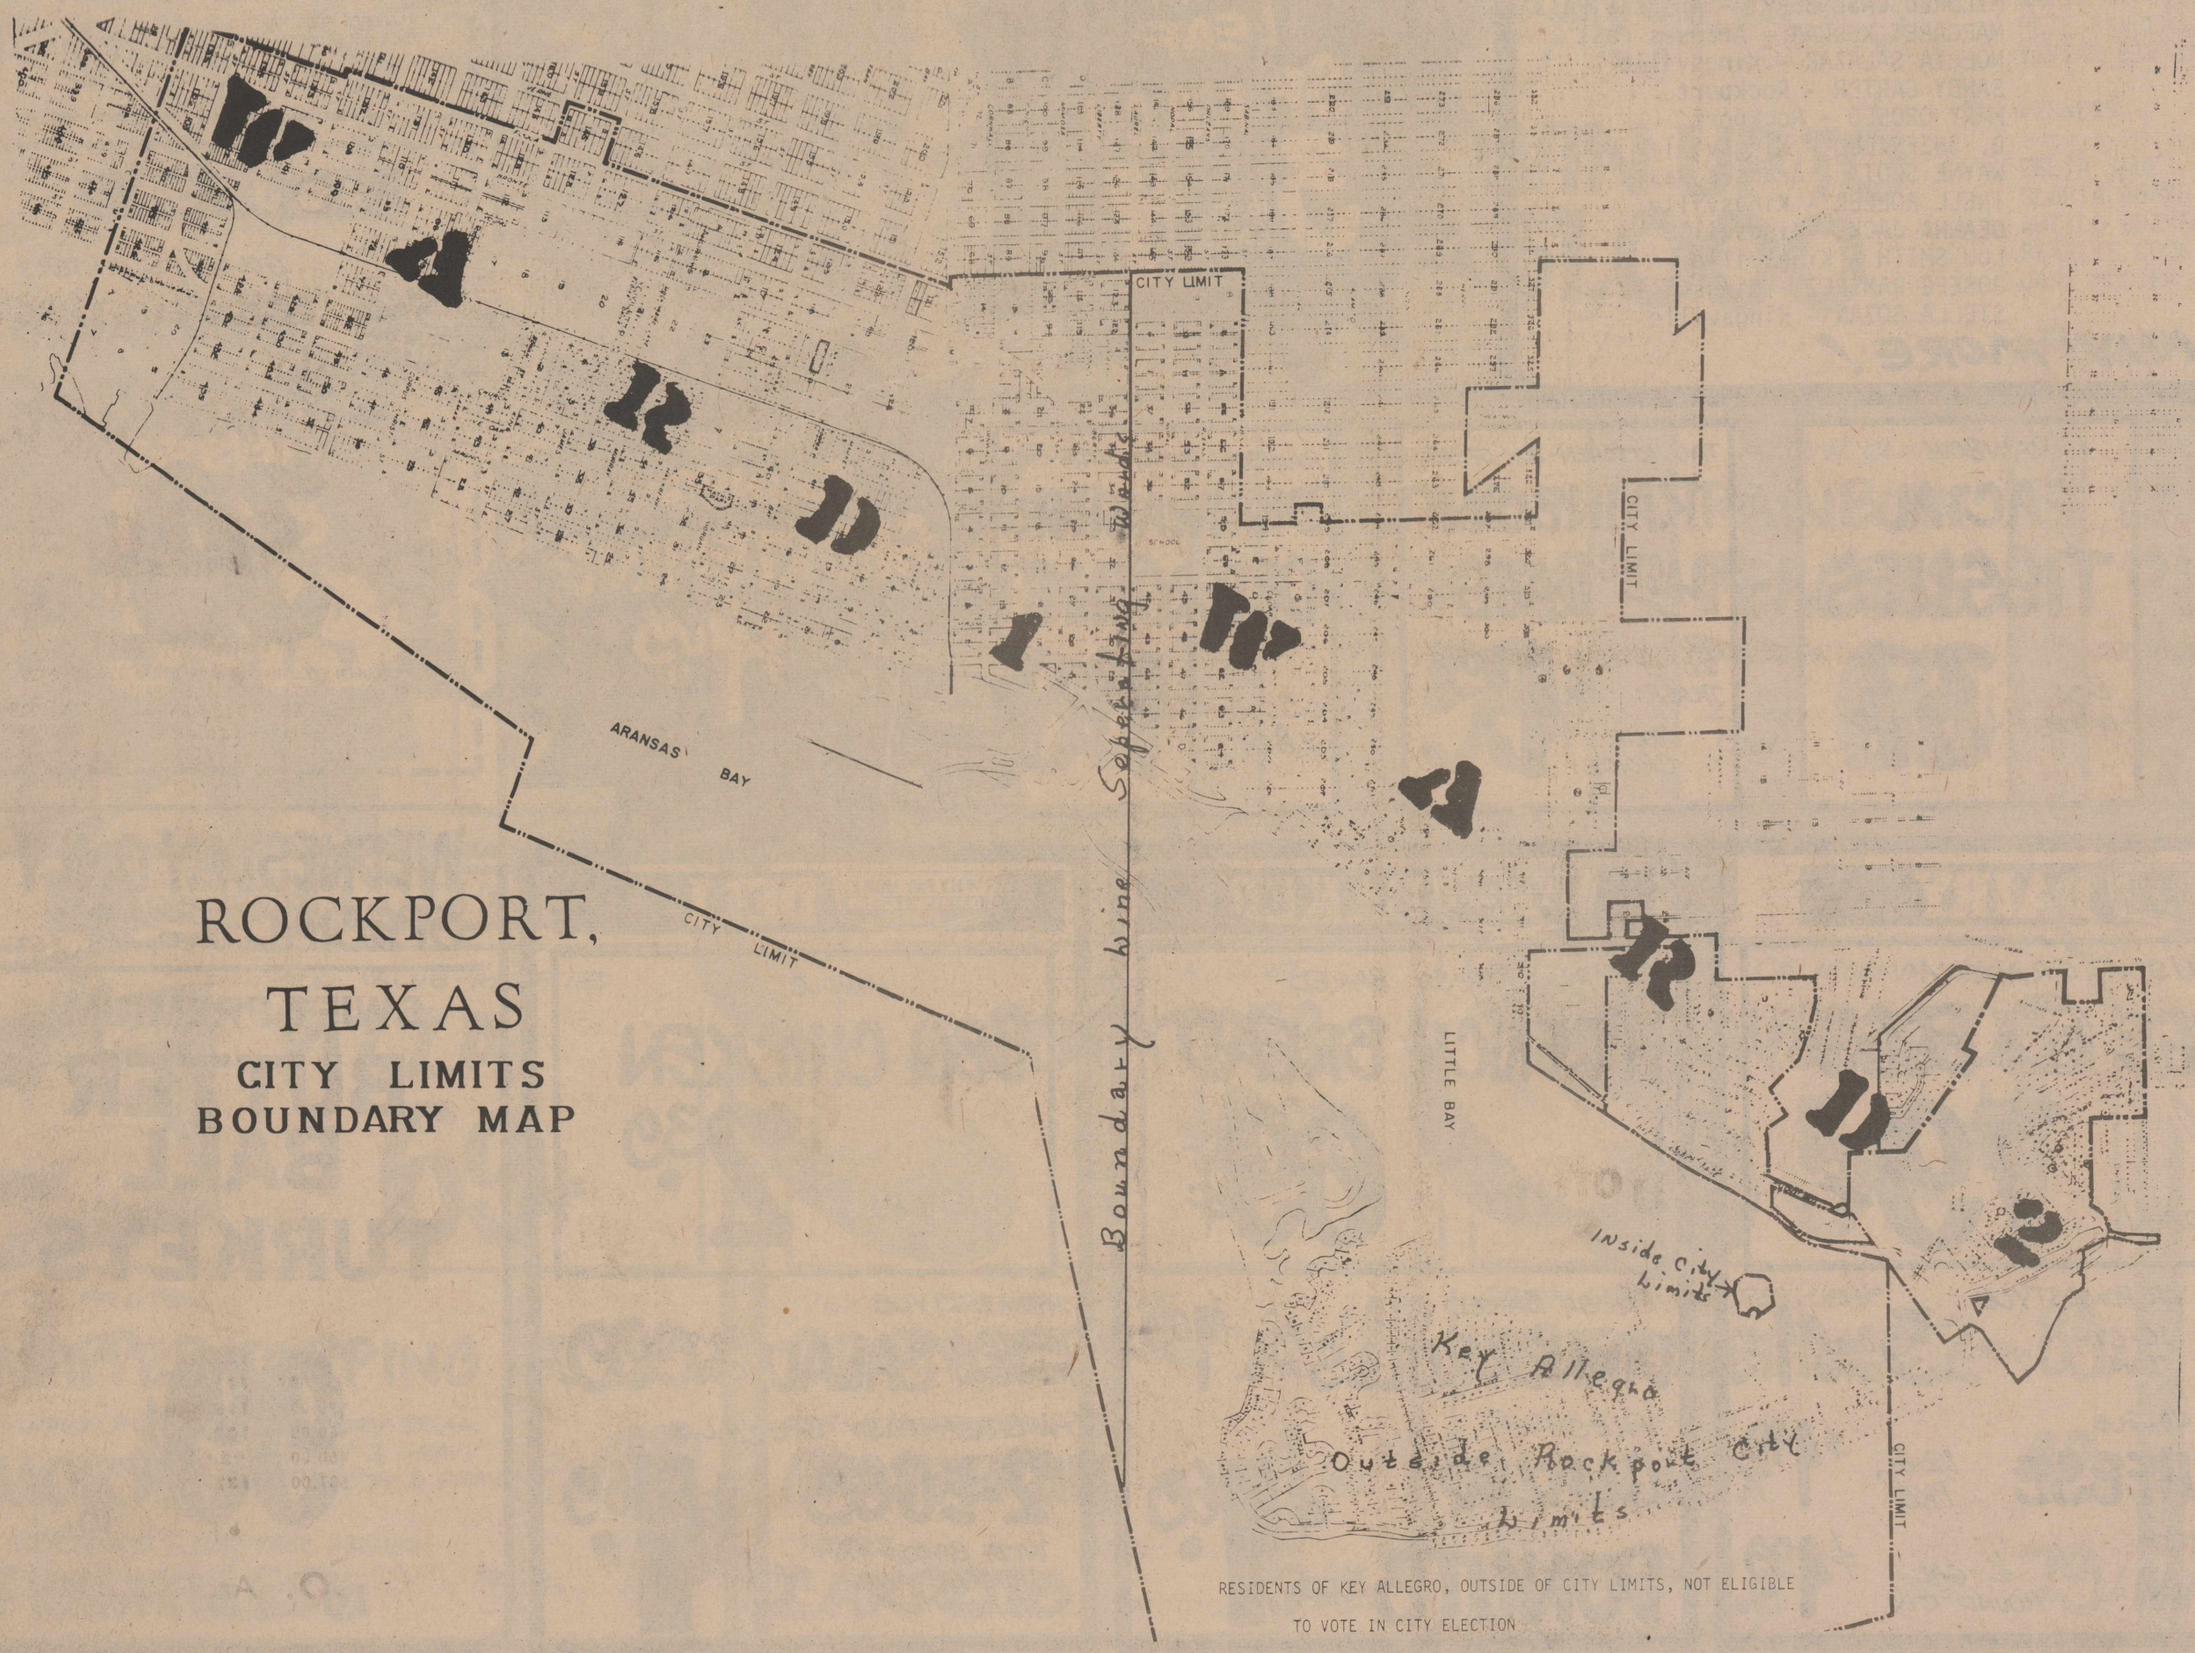

**Ottie Mundine**

The Board has devoted many hours to the school construction program. It is important that the board proceed with this program as rapidly as possible therefore I feel that we will be in a position to award contracts by my continued tenure on the Board.

Not only has the board worked in the area of facilities but in the last four

Continued On Page 9

ROCKPORT, TEXAS

CITY LIMITS BOUNDARY MAP

RESIDENTS OF KEY ALLEGRO, OUTSIDE OF CITY LIMITS, NOT ELIGIBLE TO VOTE IN CITY ELECTION

Continued From Page 8

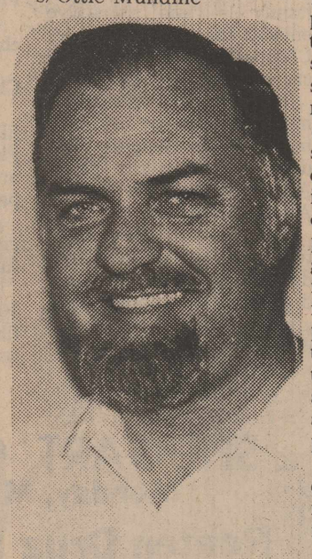

or five years has spent a great deal of time in studying the school curriculum and the reworking of the Board Policy manual to meet the state guidelines.

The curriculum has been expanded to provide for both college-bound as well as the non-college-bound students with the addition of vocational courses.

The Board Policy manual has been reworked to encompass new laws and court decisions as required by the State Legislature, the U.S. Congress and the court system.

To continue this work I will need your vote on April 4.

s/Ottie Mundine

**James Metzer**

1. I see the need, and understand the forces of change in our society, and feel that providing today's kind of education for today's children is number one.

2. I understand that education today like the world it reflects is extremely complex. Simple approaches will not meet today's challenges of education for today's children. We need a change.

3. I am ready, willing, and able to learn quickly the duties of a member of the school board of trustees, its policies, and operation of the district; and feel it is my duty to do so for a change.

4. I am running because I believe a good board with a good superintendent means we will have a good school system where children learn, where administration and teaching staff work together harmoniously, and where parents are satisfied and will be supportive.

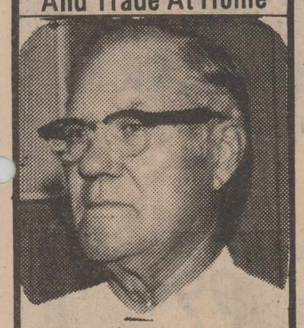

5. I am willing to invest the many hours that will be necessary to discharge the duties faithfully to the children and to the community, looking for no personal glory or personal vendetta.

6. I am running for school board trustee, because I feel a climate for change is necessary and the time is now! The board makes a policy and the superintendent administers. A school board member should be able to make more complex and skilled decisions than just the strictly routine agenda recommended by the superindentent. The board must establish effective board policies — and then delegate authority to the superintendent for the administration of the schools. The public must be encouraged to attend all meetings and to speak out their feelings and needs. The board must act as a whole in their public meetings.

7. I will seek the cooperation of the other board members and the superintendent, and challenge them to have the capability to learn and grow with the authority and policy that is their responsibility as a member of one of the most important elective bodies of our society.

8. I am tolerant and free of prejudice as to cultural or ethnic backgrounds of the student population of this district.

# Outdoors & Travel

*by E. L. "Buck" Rogers*

I release most of my fish because I am more interested in the sport of fishing than getting meat for the skillet.

This is a wise practice, too. Biologists 20 years ago told us that "you can't fish a lake out." But what they didn't tell us was that you can take out most of the trophy-sized gamefish and seriously damage a body of water as a sports fishery. If all of us practiced it to some extent, waters subject to heavy fishing pressure would continue to be productive.

But, like everything else, a certain amount of technique is involved. Release a fish the wrong way and you'll kill it as certainly as you will by leaving it on the stringer. Release it right and this same fish will create sport for anglers for many years.

Here are the most common causes of mortality in released gamefish:

1. Injury during the unhooking process.
2. Improper handling during the release process.
3. Disease resulting from excessive removal of mucous.
4. Stress resulting from the fight and improper handling.
5. Swim bladder injury resulting from changing depth too rapidly.
6. Lactic acid buildup.

Of these reasons for mortality the first three are the most important and are ones you can do something about.

For instance, the best way to release a catch is not to land it at all. With a pair of long nose pliers, which every fisherman should carry at all times, grasp the hook and shake the fish off without touching it or removing it all the way from the water.

A landing net is a good way to hold a fish without injuring it and is particularly effective with slippery species like trout. Again, unhook quickly and return to the water as soon as possible.

# ACMSI Hears How Funds Are Used

By Pat Blair

Salaries for the three paid paramedics takes about 45 percent of the Aransas County ambulance service's $160,000 budget, according to Operations Manager Dr. Jerry Shaw.

Another 40 percent of the budget goes to vehicle maintenance, fuel costs, insurance and medical supplies.

Dr. Shaw presented those figures — and others — during his talk to members of the Women's Committee of Aransas County Medical Services Inc. (ACMSI) during that organization's luncheon meeting at the Sandollar Restaurant Friday, March 20.

"We are in a pretty big business," Dr. Shaw said of the county's Emergency Medical Service (EMS).

The 1980-81 operating budget is $160,000. Of this, $40,000 is provided in a grant from the county, $22,500 from the City of Rockport and $1000 from the City of Fulton.

Another $55,000 to $60,000 per year is collected in fees from those who use the ambulance service and the Women's Committee provides about 11 percent — $18,000 — to the EMS through its various fund-raising activities.

The women's group provides a "stabilizing influence" in the EMS finances, Dr. Shaw added, because it comes in on a steady month-to-month basis.

"The ambulance service," he added, "is not capable of paying its own way." He added the Aransas County EMS has a 77 percent collection rate "of which we are extremely proud" because the national average for collection of ambulance fees is 55 percent.

"The Aransas Pass EMS has had less than 10 percent (collection) at times," he added.

Dr. Shaw told those at the luncheon that the ambulance service "is geared to life-threatening emergencies" which is why paramedics will not handle calls such as routine transportation of a person to a hospital for a checkup.

With two ambulances, three salaried paramedics and 15 volunteers, he explained, there is too great a possibility that an ambulance might be out of town in a non-life threatening case when a life-threatening emergency occurred.

He also emphasized that the two ambulances in the EMS are both "maintained at a very high level. In order to place this equipment on the scene of an emergency in less than six minutes, you've got to have first-class equipment," he said.

Dr. Shaw told those at the luncheon that when paramedics are not answering emergency calls — one of which may take seven hours or more of the paramedics' time — they are probably doing paperwork, filling out the forms required by the Texas Health Department and emergency room physicians.

The paramedics fill out an average of 35 papers a day, Dr. Shaw said. In addition, they spent about three hours each week average testifying or "standing by" in court cases in 1980. Providing testimony in civil suits tied up paramedics "nearly eight full days" in 1980, Dr. Shaw added.

In other business Friday, members of the women's organization learned that the 300th member joined the organization during the luncheon.

Members also learned that proceeds from their workshop sales have amounted to $3776.21 and memorials and donations totalled almost $7000 during the period from July, 1980, through February, 1981.

# Frechs Celebrate Fiftieth

Ruby and Carl Frech of Mobile Inn Trailer Park celebrated a very happy occasion — their fiftieth wedding anniversary — with a reception Sunday, March 22, at the trailer park's recreation hall.

The couple was married fifty years ago at the Carmen, Oklahoma, Methodist Church on March 19, with the Rev. A.K. Fleming officiating.

They have been wintering in the Rockport area for a number of years. Mr. Frech is retired from the Champlain Refinery in Enid.

The couple have three children, Dorothy Dewan of Ponca City, Oklahoma, Charlene Curry of Orlando, Florida, and Carl Lee Frech of Oklahoma City, Oklahoma, who, with his wife, attended Sunday's reception.

Hosts and hostesses for the reception were the Ladies Friendship Club and residents of the park. Chairman of the event was Mrs. Irene Moore.

The reception decorations were gold and white. The serving table held an arrangement of white and gold roses and a unique gold table service, an heirloom piece, graced the white lace linen cover.

The cake was decorated with the couple's names and the dates "1931-1981" in gold lettering. Gold punch, coffee, mints and nuts were served.

Mrs. Al McCaan presented Ruby with a corsage of gold roses and Carl with a golden rose boutonniere.

Mrs. William Peterson was chairman of the decorations, Mrs. Vernon Mitchem poured punch and Mrs. McCaan served cake, assisted by other members of the Friendship Club.

Mrs. Lil Holder presented the couple with a money tree, a gift from the Friendship Club and residents of the park.

Mrs. Carl Lee Frech, daughter-in-law, kept the guest book which was signed by A.L. and Ruby McCaan, Vernon and Mildred Mitchem, Arnold and Mattie Osburn, Mabel Commio, Ray and Mildred Mitchell, Tom and Tonie Budd, Harry Larsen, Ed and Ann Keyser, Roy and Gladys McClure, Lee Holden, Joe and Inez Bennett, Bill J. Bennett, Alf and Connie Flowers, Irene Moore, Theron and Bettie Smith, Mr. and Mrs. Roy Kuykendall and Bill and Beverly Peterson.

## Chipper Fish Bake

When you are looking for a quick recipe that is hearty and satisfying to serve your family — and attractive enough for company — try Chipper Fish Bake, with its crunchy cheese topping.

Fish provides an appealing, nutritious menu within minutes says Annette Reddell Hegen with Texas A&M University's Marine Advisory Service.

This easy-on-the-budget recipe consists of fish fillets dipped in Caesar salad dressing and topped with crushed potato chips and cheddar cheese before being baked in a hot oven.

**CHIPPER FISH BAKE**

**2 pounds Texas fish fillets, fresh or frozen**

**1/2 cup Caesar [or French] salad dressing**

**1 cup crushed potato chips**

**1/2 cup shredded sharp Cheddar cheese**

Thaw frozen fish. Dip fillets in salad dressing. Place fillets skin side down in a single layer on a baking pan.

Combine crushed chips and cheese. Sprinkle over fillets.

Bake at 500 degrees for 10 to 15 minutes, until fillets flake easily when tested with a fork.

Makes 6 servings.

## Dr. Susan Weathers Weds Dr. Richard Larrey

Dr. Susan Wheeler Weathers, daughter of Mr. and Mrs. Eliot B. Weathers of Scarsdale, New York, was married March 14 to Dr. Richard Larrey, son of Mrs. Betsy Larrey of Key Allegro, Texas, and Mr. Louis A. Larrey, Jr., of London, England.

The wedding ceremony was performed at the Hitchcock Presbyterian Church by Rev. J. Scottie Griffin, and a reception dinner and dance followed at the Scarsdale Golf Club.

The bride's attendants were her sisters Ann Callender, Janet Weathers and Ellen Hudson. C. Bartlett Norton was best man for the groom whose ushers were Louis Larrey III and Robert Callender.

The bride wore a gown of ivory silk face satin with lifted waistline and modified Queen Anne neckline. The full skirt was embroidered with Alencon and Schiffli lace. Orange blossoms once worn by her grandmother, the late Mrs. Niel A. Weathers, trimmed a juliet cap which held the veil in place. Susan was the tenth bride to wear an heirloom silk illusion veil of Brussels lace which had originally belonged to her maternal grandmother, the late Mrs. John M. Wheeler. The bridal bouquet was a cascade of stephanotis, Georgia orchids and variegated ivy.

The bridesmaids wore empire styled gowns of navy blue velvet bodice and navy blue-and-white plaid taffeta skirts. They carried free-form nosegays of yellow sweetheart roses and baby's breath.

Mrs. Larrey, a graduate of Scarsdale High School, Oberlin College and Columbia College of Physicians and Surgeons, is a resident in radiology at Baylor College of Medicine in Houston, Texas. Her father is a partner in the law firm of Simpson, Thacher & Bartlett.

Dr. Larrey graduated from the University of Texas, received his M.D. at Washington University and completed his residency in orthopedic surgery at New York Orthopedic Hospital of the Columbia Presbyterian Medical Center in New York City. He is practicing orthopedics in Houston where he is a clinical instructor at Baylor College of Medicine.

Dr. Larry's father is engineer and project manager for Brown & Root, Inc., a subsidiary of Haliburton Company, in London.

The bride and groom will live in Houston, Texas.

*Mr. And Mrs. Richard Larrey*

## With Our Military

Ben L. Vineyard III, son of Maribeth Vineyard of Rockport, has been promoted in the U.S. Army to the rank of private first class.

## Lamar Club Takes Trip

Twenty-eight members of the Lamar Woman's Club and five special guests took a trip to the Aransas Wildlife Refuge on Wednesday, March 18, enjoying the scenery and sunshine.

The club first had picnic lunch then boarded their bus for a ride around the Refuge.

Several deer and a great number of birds were spotted and on the way back out the ladies stopped at the new Refuge Museum and saw a movie about the history of the Refuge.

Guests on the trip were Mrs. Lila Bunge, Leann Westmoreland, Stephanie Westmoreland, Tiffany Kotaur and Erlene Ballou.

Hostesses were Donna Nugent, Billie Cotton and Jennie Heldenfels.

*Anti-Crime Package*

# Synopsis Of Pending Bills

**Editor's note: Governor Clements has presented an eight-part "Anti-Crime Package" to the current, 67th Texas legislature. In recent weeks, the Pilot has carried an analysis of each bill as a service to our readers. The following is a synopsis of all eight bills in the package:**

**1. Wiretap Bill**

Texas, with 644 miles of coastline and 1,200 miles of border with Mexico, is a major transshipment state in narcotics traffic. Two out of every three kilos of heroin smuggled into the United States moves through Texas. Drug operations in Texas alone are a $3 billion a year business.

A state wiretap law is necessary if state and local law enforcement officials are to be successful in detecting, apprehending and successfully prosecuting the upper echelon of those who mastermind and finance the narcotics traffic in Texas.

This bill provides careful safeguards for the rights of privacy of law-abiding citizens. The bill closely tracks the federal Wiretap Statute which has been constitutionally upheld by the U.S. Supreme Court and is aimed at narcotic financiers and traffickers.

**2. Oral Confessions Bill**

Texas is the only state which does not allow the introduction of a defendant's oral confession into evidence when the accused, prior to the making of a statement, voluntarily, knowingly, and intelligently waives all of his constitutional rights. This has the effect of labeling Texas' law enforcement officers as second class citizens.

The bill provides that oral confessions would be admissible if the defendant had received the warning required by the U.S. Supreme Court.

The oral confession must be witnessed by two or more persons who must, within 48 hours, reduce the statement to writing and swear before a magistrate as to its accuracy and the date, time, and place that the statement was made and the date, time, and place that it was reduced to writing.

Additional procedural safeguards are set out if the confession is made by a deaf person.

**3. Instruction of Jury to Parole Laws**

Current law has the effect of blindfolding Texas' juries as they are not permitted to be told what the parole laws provide. Yet a judge sentencing a person to the Texas Department of Corrections is fully aware of the provisions of the parole laws and how they effect the actual time to be served.

The bill takes the blindfolds off the jury by requiring that prior to sentencing, juries be told the same parole law information as the judges now know as to possible good time credits and the percentage of the sentence that is required to be served before parole consideration.

This bill will allow juries to assess fair and proper sentences.

**4. Amendment of Shock Probation Law**

Loopholes in the current Shock Probation Law became evident when a former District Court Judge who was convicted of bribery was given shock probation after being assessed a sentence of eight years in the Texas Department of Corrections.

He actually served less than 120 days of his eight year sentence.

The bill sets out specific offenses for which shock probation may not be ordered. These include serious and aggravated offenses, as well as those involving a governmental fiduciary position, such as bribery, official misconduct, tampering with governmental records, etc.

The bill further requires that the defendant must plead guilty and not appeal. The same judge who sentenced the defendant must also hear the motion for shock probation.

If the same judge is unable to hear the the motion, then the Presiding Judge of the administrative judicial district will either hear the motion or appoint another judge to hear the motion.

The effect of the bill is to limit use of shock probation to non-violent felony first offenders who pled guilty and did not appeal.

**5. Amendments to the Aggravated Rape and Sexual Abuse Statutes**

The bill will amend the definition of aggravated rape to provide that a rape will constitute an aggravated offense if the assailant threatens or places the victim or another in fear of imminent death, serious bodily injury or kidnapping while carrying out the rape.

The bill changes the language of the Aggravated Rape Statute so that rape accomplished through acts of extreme violence will be prosecurable as aggravated rape regardless of the precise means through which the offense is accomplished.

The Aggravated Sexual Abuse Statute virtually contains the same language as the Aggravated Rape Statute and because of the possibility of a similar ruling occurring for sexual abuse accomplished through extreme violence, the definition of aggravated sexual abuse was amended to provide that sexual abuse will constitute an aggravated offense if the assailant threatens or places the victim or another in fear of imminent death, serious bodily injury or kidnapping while carrying out sexual abuse.

**6. Board of Pardons and Paroles - Amendments**

The present operation of the Board of Pardons and Paroles is neither efficient, effective, responsible, or accountable.

This bill would establish a statewide system of halfway houses to help parolees re-enter the free world and provides that the Board shall certify and contract with the statewide system of halfway houses and use them to the maximum extent to provide close supervision, to assist persons released on parole make restitution, fulfill the obligations as a law-abiding citizen and reduce recidivism.

It further requires that the Board include the making of restitution to the victim, when ordered by the court, a condition of parole.

The bill provides for the hiring and firing of parole commissioners by the Board to bring accountability and responsibility to the parole commissioners. The current parole commissioners appointed by the Governor, Chief Justice of the Supreme Court, and Presiding Judge of the Court of Criminal Appeals, would be retained as employed parole commissioners until discharged by a majority of the Board.

The Board could employ additional commissioners as needed.

**7. Offenses Against Children**

Assaults against children, ages four to 12, which include rape, sexual abuse, and injury to a child have increased dramatically over the past several years.

The bill would reclassify the offenses of rape of a child, sexual abuse with a child, and injury to a child from second degree felonies (2-20 years) to first degree felonies (5 years - life) and also reclassifies the offenses of indecency with a child and lesser injuries to a child from third degree felonies (2-10 years) to second degree felonies (2-20 years), thereby equating the penalty with the nature of the crime committed.

**8. Statutory Authority to Continue Activities of the Criminal Justice Division and Administration of the Criminal Justice Planning Fund**

Through recent Congressional action, the Crime Control Act of 1968 will not receive federal funds beginning with FY 1981 appropriations.

The Criminal Justice Division of the Governor's Office, using prior unexpended federal appropriations will continue to operate through September 30, 1981.

The bill will basically establish by statute the Criminal Justice Division in the Governor's Office to administer criminal justice funds. It would also statutorily establish a 25-member Criminal Justice Advisory Board to recommend to the Governor the annual state Criminal Justice Plan and projects for funding.

The bill would continue use of the Criminal Justice Planning Fund for funding of state and local projects and would double the costs of court for the Criminal Justice Planning Fund to produce approximatley $18 million annually.

**9. Bail Bond Bill**

Loopholes in the current law regulating bail bondsmen have resulted in bondsmen escaping liability on bond forfeitures. Further, County Bail Bond Boards have not been provided the necessary statutory authority to regulate the industry.

The bill will require County Bail Bond Boards to be operational in all counties over 50,000 population.

Practicing attorneys are prohibited from making bail bonds.

Licenses expire every 12 months and are renewable, subject to the same requirements for the initial licensing period.

The bill sets forth specific procedures for suspension and revocation of licenses and requires that all final bond forfeitures be paid within 30 days or automatic cancellation of the license.

The bill amends the bond forfeiture statutes to expedite the finalization of bond forfeitures.

**10. Ordinance Authority-Material Harmful to Minors Bill**

As pornographic and obscene material continues to become more explicit, it becomes increasingly more important to protect the children of Texas from its influence.

This bill is intended to strengthen Texas' existing law on the sale or distribution of pornographic material to minors.

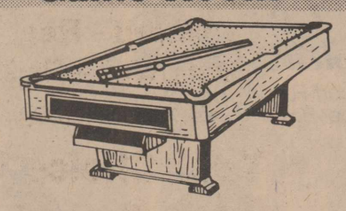

The bill provides authority, on a local option basis, for cities and counties to enact ordinances and regulations to define the manner in which materials harmful to minors may be promoted, advertised, sold, displayed or distributed; reasonably restrict the location of establishments that deal in such materials; and provide for the enforcement of such ordinances and orders through inspections, licenses, license fees, fines, injunctions, seizures, and forfeitures through criminal penalties.

## TENSION

(Continued From Page 1)

ton area.

Of these boats, 19 were Vietnamese and 46 were owned by Americans. Coast Guard officials said 13 of the Vietnamese boats probably need licensing, two don't and four were not inspected. Of the American-owned boats, three need licensing, 22 met the requirements, 12 were already documented, two were destroyed by Hurricane Allen and seven were not inspected.

Bateman said later the Coast Guard findings were legally correct but that the Vietnamese are "morally wrong." He said the Vietnamese shrimpers have taken advantage of "loopholes in the law — they put false bulkheads in the boats, knocked out the backs of the cabins, they've done everything they can to get the cubic foot displacement down on the hulls.

Bateman said there are American shrimpers here who are being required to document boats less than 30 feet in length. "Some of the Vietnamese boats are 45 feet long. If a boat comes down there (into the bay) that length and not documented, there's going to be trouble," Bateman said. "I'm not implying a running gunfight, but there's going to be some heads knocked."

Despite his predictions — or fears — Bateman is still trying to avert that kind of situation in Aransas County.

"I'm hoping we can get something settled before the season starts," he said.

"Feelings are very high," he added. "The Vietnamese are running roughshod over us" and last week's Coast Guard inspections have only added to the tension ...

TELL UNCLE SAM YOUR MONEY BELONGS IN THE BANK — NOT IN YOUR MAILBOX.

Every year, thousands of Social Security Checks fail to reach people because they are misdirected, stolen, forged, lost, or the recipients are away from home. Just tell the Government to make your Social Security deposit direct into your account at Live Oak State Bank. That way, if there is bad weather or you're on a trip, your money will still be where it belongs. You can come to the bank any day you like — to make withdrawals, transfer funds, or whatever you need to do. No matter where you are, you can write checks with absolute confidence. We guarantee your deposit to be in your account on the day it is due! Who could ask for more than that? To get started, all you do is bring your next check to the bank so we can take the necessary information!

## CABIN

(Continued From Page 1)

time.

Sea Gun employee, Brenda Cassel remembers the group — "I remember them making all those long distance phone calls. There was two men — the only name remembered is Jack Strauss — and 2 young girls. They went fishing."

According to Cassel, the group returned "maybe a month or so later. I don't remember exactly when and I'm not sure it was all the same people."

When asked about the alleged second visit, Tuesday, Hewes replied, "I'd rather not make a comment on that."

Sea Gun has changed hands since 1979 and new manager Brent Harding is unsure as to the second visit. "All I know is what I've been told by the Dallas people. The names they told me were Jack Strauss and Larry Culbreath. If anybody would know, though, it would be Brenda."

## Area Deaths

### Blanche Kaunitz Harris

BROWNWOOD — Funeral services for Blanche Kaunitz Harris, 80, will be held at 10 a.m. Wednesday, March 25 at the Church of the Good Shepherd in Brownwood with the Rev. David Douglass officiating. Burial will follow in the Greenleaf Cemetery in Brownwood.

Mrs. Harris died Monday, March 23 in a Sherman nursing home after a long illness.

She was a member of the Church of the Good Shepherd in Brownwood.

She had been a long time resident of Rockport and was one of the first residents of Key Allegro, prior to moving to Sherman in 1980.

She is survived by one nephew, Lee N. Kunitz of Sherman.

### Margarita R. Galvan

ARANSAS PASS — Rosary for Margarita R. Galvan, mother of Porfirio Galvan of Rockport, was recited at 7 p.m. Sunday, March 22, at the Marshall Funeral Chapel in Aransas Pass. Funeral Mass was celebrated at 2 p.m. Monday, March 23, at Saint Mary's Catholic Church in Aransas Pass. Burial followed at Prairie View Cemetery.

Mrs. Galvan, 90, died Friday, March 21, in a Taft hospital.

She was a life-long resident of Aransas Pass. She was a member of Saint Mary's Star of the Sea Catholic Church and was a member of the Altar Society, beginning in 1925 and for several more years.

Survivors include five daughters, Paula Ruiz of Houston; Genevieve Galvan and Trinidad Aldaco of Houston; Maria Garza of Ingleside and soledad Galvan of Aransas Pass; 40 grandchildren; 100-great-grandchildren and three great-great-grandchildren.

## First In-The-Water Boat Show Planned

Steve Franklin and Rudy Wernly of Blue Water Marine are getting ready for quite a big event -- their first-ever "In-the-Water Family Boat Show", on Saturday and Sunday, March 28 and 29.

The show from 10-5 on Saturday and 1-5 on Sunday, will feature a large number of boats, and offer prospective buyers the chance to ride and operate the craft in the water.

Said Franklin of this "unheard of" concept, "No one buys a car or anything, even shoes, without trying it out first but with boats, people have to buy it and then find out if they like it. This will give the buyer and we hope, the buyers' whole family, the chance to ride in it and see how it feels, if it's the kind of a hull they want, just find out if its right for them."

There will be someone from Blue Water in the boat at all times to ensure the maximum safety of the boaters.

Special entertainment will be provided by a trio of barefoot stunt skiers, Chris Iles, Chris Williams and Chuck Sheddin who will perform many "feats" of skill including deepwater starts, one foot skiing, jump overs, 360 degree turns and hydra sliding.

Soft drinks will be provided and the Chamber of Commerce will sponsor a Lone Star Beer Booth. Also, show visitors will be able to register for a number of prizes.

Both Franklin and Wernly stress the show as an event that the whole family will enjoy and hope to see "lots of wives and kids there." They especially encourage first-time buyers to attend and take advantage of the opportunity to try out the boats and really see what they want." "Well," said Franklin, "no one else has done it around here and we've wanted to for a long time. I think it will be great."

## PAY

(Continued From Page 1)

three motions during Monday's session, said, "The county commissioners' court doesn't understand our budget and needs."

The action on the pay increase was taken following an executive session of the board that lasted approximately an hour.

## CHIEF

(Continued From Page 1)

cluding one by the Aransas County Council of Aging for a special use permit that will allow a business office and serving of a noon meal to the county's older residents at the COA's new office, 912 South Church.

Also approved was B-2 business zoning for a tract between Ann Street and Bracht Lumber Company.

Make learning fun for your children by collecting the colorful volumes of *The Sesame Street Library.*

In this great new series, Big Bird, Ernie & Bert, Cookie Monster, Oscar the Grouch, the Count and other Muppets will take your children on a delightful journey through the world of Sesame Street.

Through stories, poems, pictures, riddles, recipes and crafts, these books will introduce your children to the letters A to Z, numbers, and many other important educational concepts.

And you will be helping your children to acquire the good learning habits so important to them in the years ahead.

So when you visit one of our stores this week, pick up Volume 1 for an amazingly low price.

We think it will convince you to collect all the other great volumes of *The Sesame Street Library* in the weeks ahead.

# IRS Encourages Taxpayers To Do Own Returns

AUSTIN — Most taxpayers who use the 1040A form when filing their 1980 federal income tax returns should be able to prepare it themselves, the Internal Revenue Service said.

Last year 41 percent of U.S. taxpayers used the short Form 1040A when filing their returns.

In urging 1040A filers to try to do the 1040A themselves, the IRS pointed out that the form contains only 17 lines, is only one page long and comes with easy-to-understand, step-by-step instructions explaining how to fill it in.

Form 1040A can be used by taxpayers whose income consists only of wages, salaries, tips, interest, dividends, and unemployment compensation for the taxable year.

Form 1040A filers also must have total income of $20,000 or less ($40,000 or less if married filing a joint return) and their interest and dividend income cannot be more than $400 unless they are filing the Form 1040A only to get a refund of the Earned Income Credit.

The IRS stressed that under certain conditions — for example, when itemizing deductions, claiming adjustments to income or a tax credit — taxpayers cannot file Form 1040A. The tax instructions taxpayers received in the mail cover this information.

To assist taxpayers, the IRS offers over 90 free publications on various tax topics. These publications can be ordered by using the handy order form found in the tax package.

For help on a particular item, taxpayers can also call the IRS Forms/Tax Information number listed in the telephone directory for assistance.

**Italy gets the gold**

Fifty-four percent of the gold imported by European countries finds its way into the Italian gold market, mostly for the production of artistic objects.

## Deviled Chicken-on-the-Bone

CLIP 'N' COOK
Copley News Service

2 tbsps. butter
2 tbsps. chili sauce
2 tbsps. Worcestershire sauce
2 tbsps. prepared mustard
⅛ tsp. cayenne pepper
8 pieces cooked chicken, on the bone
1 cup chicken broth
Salt and feshly ground pepper, to taste

Heat butter, chili sauce, Worcestershire sauce, mustard and cayenne pepper in a saucepan. Add the chicken pieces, turning them in the sauce so they are coated and cook, stirring often, for 4 to 5 minutes. Add the chicken broth and salt and pepper and simmer 3 minutes more.

# Permit Requests

The Army Corps of Engineers has received the following applications for permit requests. Comments must be made to the District Engineer, P.O. Box 1229, Galveston, Texas 77553 on or before the deadline shown.

## REDFISH BAY

San Patricio County Navigation District No. 1, Aransas Pass, has applied for extension of time on existing permit to dredge a basin and construct perimeter bulkhead, service piers and boat ramp in Redfish Bay at the intersection of Ransom and Ocean drives.

Project is to construct a facility that will accommodate 62 bay shrimpers in the 30 to 25-foot range in addition to providing public boat ramp and 13 overnight slips for sport fishermen.

Comments must be submitted to the District Engineer on or before April 15.

## JEWEL FULTON CANAL

Ingleside Marine Inc. of Ingleside has applied for a permit to allow maintenance of Jewel Fulton Canal at two locations near Corps of Engineers Station 40+00, approximately 1.5 miles southwest of Ingleside.

Comments must be submitted to the District Engineer on or before April 20.

## ROCKPORT

John M. Owens of Corpus Christi, extension of time on a permit to construct a concrete bulkhead with fill and dredge an area in Copano Bay, in an improved channel connecting with the bay, approximately five miles northwest of Rockport. Comments must be submitted on or before April 9.

**75 percent take drugs**

Seventy-five percent of West Germans between the ages of 14 and 19 regularly take drugs not prescribed for them, according to a recent University of Muenster study. Another recent poll showed that 13 percent of all West Germans regularly take at least seven different types of drugs a year.

# New Tax Rules Affect Installment Sales

AUSTIN — Sellers of real estate, businesses, securities, and other property may receive some tax relief as the result of new tax rules for installment sales, according to IRS District Director Robert M. McKeever.

The new rules were signed into law October 19, 1980.

An installment sale, McKeever explained, is one in which the seller does not receive full payment in the year of sale. The seller reports the gain from the sale as he or she actually receives payment in later years.

By waiting to be paid some or all of the sales price, the seller defers — and often reduces — his or her tax on the profit from the sale, according to the IRS.

The new rules remove some of the restrictions on installment sales, McKeever said. Now a seller can receive more than 30 percent of the sales price in the year of sale or accept the full price in some year following the year of sale, and still get the tax benefits allowed to installment sales.

These new rules, McKeever continued, are in effect for tax years ending after October 19, 1980. Therefore, they are in effect for calendar-year taxpayers for the 1980 tax year.

In addition, after May 14, 1980, new restrictions apply to installment sales between related parties — such as husbands and wives, parents and children, corporations and major stockholders.

Under the new rules, if a father makes an installment sale to his daughter and she, in turn, resells the property before paying off all the installment debt, the original sale is no longer treated as an installment sale.

Taxpayers interested in learning more about the taxation of installment sales may call the IRS Forms/Tax Information number listed in the telephone directory and order the free Publication 537, "Tax Information on Installment and Deferred-Payment Sales," McKeever said.

**The U.S. beverage industry consumed 5.3 billion pounds of sugar in 1979.**

| Canal Location - Unobstructed View to Little Bay. | $39,500 |

* * * BEACHFRONT HOMES * * *

**A BEACH TO CALL YOUR OWN** comes with this cute three bedroom, two bath home. Recently remodeled. Large deck over two car garage, minimum maintenance yard. Offered with the furniture for **$125,000**

* * * CANAL LOCATIONS * * *

**SHIPSHAPE AND READY TO ENJOY.** This three bedroom, three bath, large living room with a fireplace, spacious deck, two car garage. Sturdy construction with concrete piling, concrete subfloor and roof. See it now. **$95,000**

**OWNER'S LOSS CAN BE YOUR GAIN**—Fire destroyed most of this home, but you can purchase this beautiful location which offers a view of Aransas Bay. Boat slip, boat dock, concrete patio, driveway. Second story platform still usable for over 1,500 square foot home. Assumable loan. **$70,000**

**PERFECT FOR ALL YOUR PARTIES**—An open air entertainment center complete with bar, grill, and lots of patio room for guests, all right beside the water. Inside, 4 bedrooms and 3 baths should keep you comfortable along with the den (with fireplace and ceiling fans), the kitchen (with serving bar and pantry), the dining area with built-in shelves, and the sitting room overlooking the water. Other features include fenced backyard, carport, dock, boat ramp, fish-cleaning table, well-established yard, and utility room. Reasonable owner financing available. **$135,000**

**EVEN THE KITCHEN HAS A WINDOW TO THE WATER** in this spacious 4 bedroom, 3 bath home on the canal. You'll also appreciate the recent redecoration tastefully done in browns and beiges, with special accents like the fireplace with designs in rough cedar, the panelled game room, the carpeted deck. Other features include an office downstairs, a 2-car garage, washed concrete patio, and a large utility room with ample storage space. **$165,000**

**BRIGHT WHITE SPANISH ARCHES FROM GROUND TO ROOF** are aesthetically stimulating, and practically functional, too — masonry construction built to withstand all weather conditions. The house itself consists of 4 bedrooms and 3 baths, the den (with raised ceiling, storey windows, built-in cabinets, and suspended candelabra), kitchen, a livable veranda that wraps all the way around the house, and a large utility room. Many extras here, including an automatic sprinkler system, boat dock & lift, carefully laid Spanish tiles, a built-in gun cabinet, and sauna with shower facilities. **$185,000**

**BEAUTIFULLY ARRANGED & WELL MAINTAINED**—This 4 bedroom, 3 bath home is neatly situated on a corner lot looking out over Aransas Bay to the east, and over an enlarged canal section to the west. Some of the home's more striking features are the large boathouse with lift and the adjoining workshop; and an oversized deck over the patio. Also, fenced backyard; a washed concrete patio; 2-car garage with automatic door openers; and den with ceiling fan, wet bar with ice machine; utility room; and windows protected by storm shutters. **$178,000**

**ON A CLEAR DAY, YOU CAN SEE FOREVER.** And that's not an exaggeration when you talk about this 3 bedroom, 3 bath home overlooking Aransas Bay. The upstairs den is mostly glass along the front and back water sides; the downstairs den (with complete wet bar facilities) opens out onto the washed concrete patio and canal docking facilities. Other features include utility room, beautiful tiled entry, walk-in closets, and 2-car enclosed garage. Now being completed. **$245,000**

Deputy

## PUBLIC NOTICE

CHANGES ARE MADE IN DETERMINATIONS OF THE CITY OF ROCKPORT, ARANSAS COUNTY, TEXAS, ZONES AND BASE FLOOD ELEVATIONS UNDER THE NATIONAL FLOOD INSURANCE PROGRAM

On September 9, 1977, the Federal Insurance Administrator identified Special Flood Hazard Areas in the City of Rockport through the issuance of a Flood Insurance Rate Map.

The Federal Insurance Administrator, Federal Emergency Management Agency, has determined that modification of the zones and elevation of the flood having a one-percent chance of occurrence in any given year (base flood) for certain locations in Rockport is appropriate. The modified base flood elevation and zones amend the Federal Insurance Administration Flood Insurance Rate Map for the community.

The changes are made pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (P.L. 93-234), and are in accordance with the National Flood Insurance Act of 1968, as amended, (Title XIII of the Housing and Urban Development Act of 1968, P.L. 90-448) 42 U.S.C. 4001-4128, and 44 CFR Part 65.

The addition of base flood elevation and zones is as a result of recent annexations by the City. The annexed areas, locally known as "Pine Tree Office Park" and "Sonic," are generally located along State Highway 35 near Dana Drive and Bay Avenue.

PREVIOUS FIA ZONE (AS ON MAP)
None
None
PREVIOUS BASE FLOOD ELEVATIONS (AS ON MAP) (MSL)
None
None
NEW FIA ZONE
Zone A7
Zone B
NEW BASE FLOOD ELEVATION (MSL)
8 feet
None

Under the above mentioned Acts 1968 and 1973, the Administrator must develop criteria for flood plain management. In order for the community to participated in the National Flood Insurance Program, the community will be using the new base flood elevation and zones to administer the floor plain management measures of the National Flood Insurance Program. These modified base flood elevation and zones will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Upon the second publication of notice of these changes in this paper, any person has 90 days in which he can request through the Chief Executive Officer of the community that the Federal Insurance Administrator reconsider the determination. Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data. All interested parties are on notice that until the 90-day period elapses, the Administrator's determination to modify the base flood elevation and zones may itself be changed.

Any person having knowledge or wishing to comment on these changes should immediately notify:

TheHonorable Walter S. Falk, Jr.
Mayor, City of Rockport
319 North Broadway
Rockport, TX 78382
s/Robert G. Chappell P.E
Acting Assistant Administrator
Federal Insurance Administrator

# Bill To Require Teaching Creationism

AUSTIN — A bill requiring public schools to give the same exposure to the theory of creationism that is given to the theory of evolution has been introduced into the Texas House of Representatives by the Honorable Mike Martin (R) of Longview.

The creationism theory supports the notion that the earth and its inhabitants were created by a supreme being. Evolutionists contend that the earth and its inhabitants are the result of adaptive processes that have shaped them over the ages.

Martin's spokesman, Gregg County GOP Chairman Wayne House, said the bill addressed all sides of the issue and should be satisfactory to both sides because it provides that the theories be taught without reference to any religion or religious writings.

House, an instructor of Biblical studies at LeTourneau College in Longview is credited with much of the research work and writing that went into drawing up the bill.

The two men feel that this legislation is necessary to provide an academic climate in which students have an opportunity to examine available scientific data and make up their own minds about which to accept or reject.

They agree that there is scientific data to support both sides but oppose the idea of teaching evolution theories only in the schools.

Martin believes his bill has a good chance of passing because it calls for a non-religious and balanced presentation of factual evidence.

He cites growing numbers of serious scientists supporting creation theories as an indication that he has the support necessary to push his bill through the legislative mill.

The bill is identified as H.B. 1901 and has not yet been assigned to a committee for study. Similar bills are pending in about 20 other states.

Polls indicate that the public favors the teaching of both theories, and a lawsuit has been filed seeking to force the teaching of creationism alongside evolutionism in California schools.

Although freshman legislators generally have a tough time getting anyone to pay attention to their bills, Martin said he will push until he gets the support he needs to get his bill passed.

### VA Medical System Largest In Nation

The Veterans Administration runs the largest medical system in the nation, with 172 medical centers, 226 outpatient clinics, 92 nursing homes and 15 domiciliaries.

AirAlive
Negative Ion Generator

**The Amazing Ion -- Nature's Own Air Cleaner.**

**The ion is an important part of the natural forces at work in the air we breathe. The air by the ocean or in the mountains is naturally cleaned through the process of "ionization." As the air passes through the sunlight and over the water it takes on a slight electrical charge. These charged air molecules circulate and discharge themselves on airborne pollutants and draw them harmlessly to earth keeping the air smelling fresh and free of pollutants. This process continues as long as the ionized air is produced faster than the pollutants. In today's modern urban environment, where tons of pollutants are dumped into the air every day, the balance of nature is destroyed. The natural cleansing ions are used at a much faster rate than they can be produced. The air becomes stale and dirty. The same is true in the modern household or commercial environment where cooking odors, dust, pollen and other particulates foul the air. Aerosal perfumes, humidifiers and air conditioners do very little to freshen the air the way nature intended it. Only the amazing ion can rebalance and purify the air. Air Alive is designed to restore the delicate balance of ions that give you clean fresh air naturally.**

HOW AIR ALIVE WORKS

Air Alive's cleaning action is extremely gentle.

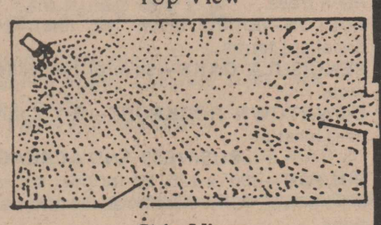

Bringing an Air Alive into a smoke or dust filled room will not instantly clear the air. However, in 15-30 minutes the air will be clean and fresh with no lingering odors.

Air Alive cleans the air in the same way nature cleans the air, with a negative ion which is the electron part of an air molecule. These negative ions attach themselves to dust, pollen, etc. causing them to fall harmlessly to the ground.

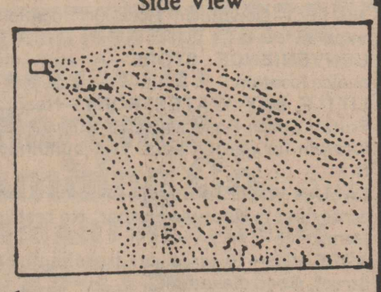

Air Alive "manufactures" negative ions by putting a high voltage charge on a plate inside the unit. The negative ions (electrons) are transmitted into the room via the plated steel needles where they "live" for about 35-45 seconds — negative ions are merely an energy source with limited life. The internal voltage is completely safe and is less than a color television set operates at. The current coming from the needles is very low (less than 50 microamphers) and cannot produce a lethal shock.

NEGATIVE ION PATTERNS

Top View

Side View

*Air Alive*

- Cleans the air of dust, pollen, smoke odors and other airborne pollutants in your film processing areas, restaurant, bar, beauty salon, home or commercial applications.
- Effective area covered is up to 1200 square feet (35x35 feet) under normal conditions — for extreme dust, smoke, odors and the like closer spacing is required.

**For Demonstration And More Information Phone Barbara Carter 729-0144 after 5 p.m. or Bobbie Brown 729-2941.**
