Destroy Attackers, LBJ Orders Military

American Ship Blasts PT Trio

WASHINGTON (AP) — President Johnson has ordered U.S. naval forces beefed up in the Tonkin Gulf area, off Viet Nam, and has ordered them to destroy any force that attacks them.

Johnson summoned reporters to his office to tell them of the orders.

He said the orders were issued Sunday in the aftermath of the assault on the U.S. destroyer Maddox by three North Vietnamese patrol torpedo boats.

Johnson said the commanders of combat aircraft and destroyers in the area where Sunday's attack occurred—in international waters—have been told "to attack any force which attacks them in international water and to attack them not only with the objective of driving off the attack force but of destroying them."

WITH EMPHASIS

With emphasis in his tone, the President said that these orders "will be carried out."

As the commander-in-chief, Johnson issued a whole series of instructions to the Navy:

1. To continue the patrols in the Gulf of Tonkin off the coast of North Viet Nam.

2. To double the force by adding an additional destroyer to the one already on patrol.

3. To provide a combat air patrol over the destroyers.

4. To issue the orders to drive off and destroy any force which attacks the U.S. force.

According to the Navy, the Maddox was on patrol in international waters about 30 miles off the North Vietnamese coast when three unmarked PT boats opened fire with torpedoes and 37-millimeter cannon.

FOUR JETS

The Maddox promptly countered with its own guns and called in four jets from the aircraft carrier Ticonderoga.

The Americans went unscathed but the destroyer and planes left one PT boat reported badly damaged and disabled in the water, the other two crippled and retreating slowly.

First word of the naval action reached Washington about 5 a.m. Washington time and President Johnson conferred with top advisers during the day as further news came in.

Secretary of State Dean Rusk said: "The other side got a sting out of this. If they do it again, they'll get another sting." Furthermore, he said, the United States will continue to "insist upon using international waters."

NO ASSAULT

Administration sources said the PT boat action did not seem to be part of a new large scale assault from the North nor does Washington intend at this time to carry the war to the North.

The same sources said the attempt against the Maddox will not deter the United States from its commitment to the defeat of Red aggressors against South Viet Nam. This includes continuing patrols such as that of the Maddox in the international waters of Tonkin Gulf, which is bordered by North Viet Nam and Communist China.

Thus the official assessment appeared to class the incident along with other instances in which U.S. air or ground forces in South Viet Nam and Laos have fired back when fired on.

Authorities said the destroyer, like other U.S. forces helping the South Vietnamese campaign against Hanoi-supported guerrillas, needed no special permission from Washington to fire back when attacked. And they voiced hope that the vigor of the Maddox' response would help show the Reds the United States means what it says in its public declarations of its commitment there.

Areas Of Attack

Map focuses attention on areas in Southeast Asia where three incidents were reported: The U.S. Navy destroyer Maddox was attacked yesterday by three North Vietnamese PT boats in the Gulf of Tonkin (A). Communist Viet Nam government claimed U.S. planes attacked a village on Laos-North Viet Nam border (B) in action yesterday. Cambodian press agency charged today that South Vietnamese troops and their U.S. advisers fired automatic weapons and mortars inside Cambodian border (C). (AP WIREPHOTO)

Negro-Led Riot Sweeps Jersey City

JERSEY CITY, N.J. (AP) — Helmeted policemen patrolled the glass-littered streets of Jersey City's Negro district today where a rioting mob of young Negroes attacked officers, broke windows and looted stores.

Police said 13 Negroes were arrested during Sunday night's outbreak — the first incident of this scale in this northern New Jersey city that faces Manhattan across the Hudson River.

Mayor Thomas J. Whelan, at the scene just south of the Lafayette housing project, said, "It seems to me to be an overflow from the occurrences in New York City and Rochester."

Police said 23 persons, including ten police officers, were injured during the more than four hours of disturbances. A white woman, her son and daughter, were beaten and their car smashed while driving down Grand Street.

MISSILE-THROWING

Much of the rioting was random missile-throwing with as many as 500 bystanders watching, by police estimate. But between 11 p.m. and 11:30 p.m. at least 200 Negroes formed in a group and moved down Grand Street.

A car with seven Negroes inside drove toward a force of police on the street, almost running down several officers.

The car's occupants, six adults and one 17-year-old girl, were removed at gunpoint. The girl was held as a juvenile delinquent and the adults were charged with disorderly conduct, police said.

On orders to disperse the crowd, police formed a wedge and advanced, firing shots in the air.

The crowd broke into small pockets and faded into doorways and down side streets.

At 10:45 p.m. John Hudak Jr., 22, his mother, Dorothy, 47, and sister, also Dorothy, 13, were set upon in their car by a group of Negro youths.

Hudak was admitted in satisfactory condition at Jersey City medical center. His face was cut severely. The mother and daughter were sent home.

CHEST INJURIES

Hudak's father, John Sr., who was at home during the incident, said today that his wife had black and blue chest injuries and his daughter was hurt in the knee. He said the rioters smashed all the windows and fenders of the car and beat the family. His daughter lay on the floor in the back until police rescued the family, he said.

Eighteen store windows were broken during the disturbances and several of the businesses looted, police said.

This city of 280,000, second largest in New Jersey, has about a 17 per cent Negro population.

Negroes Riot At Scene Of Wreck

KANSAS CITY, Kan. (AP) — A two-hour riot broke out at the scene of a minor traffic accident early Sunday and five policemen and a Negro man were injured.

More than 1,500 Negroes fought police with bricks, bottles and guns until about 40 policemen dispersed the crowd with the aid of police dogs.

The fighting started when Harold McDaniel, a patrolman, and his dog tried to clear a path so an ambulance and fire trucks could reach the scene of the traffic accident.

Someone hit McDaniel in the back with a brick, knocking him down, and five or six men started kicking at him. His dog, Stormy, fought off the mob.

Other officers arrived and started using night sticks.

One man was shot in the left arm after he allegedly hit an officer with a brick and a bottle.

Whites Attack Pickets, Police

HICKSVILLE, N.Y. (AP) — Several white youths—part of a counter demonstration against a Congress of Racial Equality picket line of Negroes and whites—hurled rocks and other missiles at police Sunday night.

The trouble broke out after a group of young whites tried to break through a police line to get at Lincoln Lynch, Negro head of the Long Island chapter of CORE, police said.

Two white youths who police said had stones in their hands were arrested.

The clash occurred in front of the Vigilant Realty Co., which CORE has been picketing for six days in support of a demand that the company rent homes and apartments to Negroes on an "open occupancy" basis. The company says it does not practice discrimination.

Several hundred persons looked on while several white youths started throwing stones at police. About 50 steel-helmeted officers were on hand as CORE and anti-CORE pickets marched up and down opposite sides of the street outside the realty firm.

After the rock-throwing incident, police escorted the CORE pickets to their cars.

No Word, Say Wagner, Humphrey

WASHINGTON (AP) — Sen. Hubert H. Humphrey of Minnesota and Mayor Robert F. Wagner of New York both say that President Johnson has not discussed the vice presidency with them.

Humphrey, the assistant Senate Democratic leader, and a fellow Minnesotan, Sen. Eugene J. McCarthy, are considered the leading possibilities among potentia lrunning mates for Johnson.

Thursday the President eliminated from consideration all members of the Cabinet, including Atty. Gen. Robert F. Kennedy.

SPECULATION

Wagner's weekend visit to the White House stirred speculation that Johnson was seriously considering him for the No. 2 spot on the Democratic ticket.

But upon his return to New York Sunday, Wagner said "there was no discussion" about the vice presidency. Rather, the mayor said, he and Johnson "talked about the situation in New York, the poverty program, housing and the international situation."

Humphrey, in a Sunday interview on the CBS radio-television program "Face the Nation," was asked if he agreed with reports that he is a likely first choice as Johnson's running mate.

HAVEN'T HEARD

"I surely haven't heard it from the President," he replied. A day earlier Humphrey told an interviewer: "I feel it looks as good as one could hope for."

The Minnesota senator said Sunday he was not advised in advance of Johnson's Thursday announcement.

In Boston, Atty. Gen. Kennedy said he has been encouraged by persons urging him to seek the Democratic vice presidential nomination.

Humphrey used his television appearance Sunday to take a crack at Republican presidential nominee Barry Goldwater, saying that most Americans do not want a president "who has a nervous finger on the nuclear trigger."

Humphrey also blasted Goldwater in a speech Saturday at an "LBJ barbecue" in Martinsburg, W.Va.

VAST DIFFERENCE

He said "there is a vast difference between patriotism and extremism and if any office seeker cannot make that distinction he is not worthy of support . . ."

While speculation continued over who would be the No. 2 man on the Democratic ticket, the man already picked for that job on the GOP ticket — Rep. William E. Miller of New York — charged Sunday that Democratic political machines created conditions which led to violent racial clashes in northern cities.

Miller, appearing on the ABC radio-television program "Issues and Answers," called for more "moral persuasion and moral example" by President Johnson to curb further violence.

Reds Claim Air Strike In North Viet

TOKYO (AP) — Communist North Viet Nam has charged that four U.S. fighter-bomber planes from Laos bombed and rocketed a North Vietnamese border post and village. The Reds said the attack was unprovoked and blamed it on the United States.

U.S. officials in Washington said they knew of no evidence to support the charge, the second in as many days made by the North Vietnamese against the United States.

"This constitutes a provocative act on the part of the U.S. government and its henchmen which crudely violates the sovereignty and territory of the democratic Republic of (North) Viet Nam," The North Vietnamese foreign ministry said in a protest statement broadcast Sunday.

FIGHTER-BOMBERS

The United States has supplied the Laotian government of Premier Souvanna Phouma with propeller-driven T28 fighter-bombers which Laotian pilots fly against the Communist Pathet Lao. Unarmed U.S. Navy jets have also been flying reconnaissance missions in central Laos at Souvanna Phouma's request, and armed American fighters escort them.

The Vietnamese protest did not describe the planes, saying only that they were U.S. fighter-bombers. But it said Prince Souvanna's neutralist faction in Laos "must bear heavy responsibility" for permitting the United States to use its territory to attack North Viet Nam.

The broadcast said that the raid took place at noon Saturday in a North Viet Nam area about 50 miles northeast of the Communist-held Plaine des Jarres in Laos.

ONE WOUNDED

The Vietnamese said that one villager was wounded and property damage was heavy.

On Saturday North Viet Nam accused U.S. and South Vietnamese warships of an attack on North Vietnamese Islands last Thursday.

Communist China meanwhile expressed support for the Soviet Union's renewed proposal for an immediate 14-nation conference on Laos. The Chinese, in a note to Moscow, also said they opposed the Soviet threat to stop being co-chairman of the 1962 Geneva agreement which sought to neutralize Laos.

In South Viet Nam, seven U.S. soldiers were injured and two Vietnamese killed when a bomb shattered a bar in Saigon Saturday night. Two of the Americans were reported in critical condition. Police arrested five Vietnamese.

Relaxing Barry Anxious To Work

BALBOA, Calif. (AP) — Sen. Barry Goldwater relaxed again today after a carefree holiday on the high seas, but there were hints that he may be eager to get back to work.

Goldwater cut short his vacation by a day and will return to Washington Wednesday. And his news secretaries, who hadn't even seen their boss since they left Washington Thursday, had another session scheduled with him today.

A lot has happened since Goldwater left the capital — Attorney General Robert F. Kennedy has been eliminated as a Democratic vice presidential candidate. A moonshot has succeeded. A U.S. destroyer has been fired upon. But the Republican presidential candidate has had no comment.

Sunday Goldwater went to sea in a converted PT boat, the Sundance, owned by Marvin Whiteman, a Beverly Hills real estate man. Whiteman is a former airline pilot who has been a Goldwater friend for 20 years.

For six hours the Sundance prowled the Pacific, sometimes as far as five miles out.

The highlight was meeting up with a submarine, the Razorback. The Sundance came right alongside, and the officers, who had been watching it through their binoculars, recognized the candidate. They saluted. Between snapping pictures, Goldwater waved in return.

According to the news secretaries, not once in all this time was anything political mentioned. The only direct quote from him they remembered referred to the candidate's attending newsmen, who have seen him but once on this entire trip.

"Why didn't you invite the boys along, and we'd serve them coffee?" he is said to have asked.

This was regarded by newsmen as a splendid joke, since they had spent most of the day trying to get at least a long-distance peek at the candidate — and had been resolutely turned back by a succession of alert guards and policemen.

Congo Army Routs Rebels

LEOPOLDVILLE, the Congo (AP) — The Congolese army claims it has routed one rebel band 150 miles northeast of Leopoldville, scattering the primitively armed warriors in flight across the Congo River to the neighboring Congo Republic.

But other rebels, many of them Communist-backed, still run free over about a sixth of the Congo and remain the major obstacle to Premier Moise Tshombe's campaign to unite the country.

The army communique Sunday announced one of the government's few military victories since Tshombe took office three weeks ago, pledging to work for a national reconciliation.

The rebels were chased out of Kolo, about 25 miles from Bolobo, where they had crossed over from the Congo Republic (the former French Congo) last week, the communique said. They came and went in motorboats and dugout canoes fitted with outboard motors.

Previous reports said there were about 200 rebels in the band and that they planned to march south to Leopoldville and overthrow President Joseph Kasavubu.

The greatest rebel strength is in the eastern Congo. Tshombe has been touring areas there where the government still is in at least nominal control, appealing to the people to support his regime.

Replying to complaints that government administrators often did little more than line their own pockets, Tshombe promised a new deal. He received delirious welcomes, even in Stanleyville, center of leftist strength.

Over 50 Sign Up For Rodeo

More than 50 entries have been filed for the 19th Annual Howard County Junior Rodeo which opens here Thursday. Monday brought a flood of entry applications both by mail and in person.

Deadline for entering the rodeo is Tuesday at 5 p.m. Herb Helbig, show superintendent, said he anticipates nearly as many entries this year as last. The final figure for 1963 was 143.

Stock for the show will begin arriving Tuesday. The steers, calves and bucking broncs are being provided by the Sandhills Rodeo Producers of Brownfield.

A parade Thursday at 4 p.m. is the opening event.

Helbig said that a crew of men would be at the bowl tomorrow beginning to shape it up for the opening night.

The championship saddle, which goes to the best all around cowboy of the show, is on display at the Ward Saddle Shop. The silver belt buckles, which are the trophies for individual winners, are also at Wards.

Some of the top hands of the Junior rodeo circuit are now playing other rodeos and will arrive just in time to officially enter the contests here.

You'll Want To Know

What happened at home while you were away on vacation. You can find out very easily by having your Herald saved for you and delivered, upon your return, in a big, handy plastic bag.

This is a free service, called VACATION PAC. Just call Herald circulation, AM 4-4331, before you leave. Ask for VACATION PAC and we'll do the rest.

Fanatics Slay 150 In Africa

LUSAKA, Northern Rhodesia (AP)—Warriors of the fanatic Lumpa sect massacred 150 Africans today in a raid nearly 200 miles from the scene of the Lumpa rampage last week in which at least 120 died.

A government spokesman said a mob of Prophetess Alice Lenshina's followers attacked government offices, killed an African policeman and five children and stole 10 rifles.

Then the mob swept through an African compound, murdering, pillaging, and looting.

Troops were being airlifted to the area from Chinsali, where army headquarters were set up last week to deal with the sect.

The onslaught today was thought to be a vengeance raid for the killing of 75 sect members who charged troops at the sect's headquarters at Sione.

The government of this British African territory, soon to become independent, has assigned about 2,200 troops and police to crush a campaign of murder, arson and looting by followers of the prophetess.

BRITISH OFFICER SHOUTS INSTRUCTIONS

Native troops crouched for battle in Northern Rodesia

Major Hurdles Face Hurrying Senators

WASHINGTON (AP) — A Congress racing to adjourn in about three weeks faces two big hurdles this week, a controversial antipoverty measure and the foreign aid authorization bill.

The House has set aside three days to work on a $962-million program aimed at breaking the poverty cycle for millions of Americans, and the Senate may take all week on foreign aid.

Both houses will find time to act on other bills, too, including pay raise legislation for federal workers and the armed services, and a bill aimed at protecting investors against stock frauds.

Congressional leaders hope to be able to close up shop before the Democratic National Convention opens Aug. 24 in Atlantic City, N.J., and much depends on how things go this week.

ANTIPOVERTY

President Johnson is banking heavily on passage of the antipoverty bill, officially known as the Economic Opportunity Act, and Republicans are equally determined to defeat it.

In hopes of speeding action, House leaders plan to shape the House bill as close as possible to one passed earlier by the Senate—thus avoiding the necessity of having a joint conference to agree on a bill, and then another round of voting.

Majority Leader Carl Albert of Oklahoma told the House the bill would be taken up Wednesday and a final vote would probably come on Friday. The leadership is looking for a close victory.

Senate Republican Leader Everett M. Dirksen of Illinois predicted "spirited tussling" in the Senate over the foreign aid bill. He said he expects many additional amendments to be offered beyond those already on file.

SEN. MORSE

The Senate's progress on the foreign aid bill depends largely on Sen. Wayne Morse, D-Ore., who has vowed an all-out fight to trim $500 million from the Senate Foreign Relations Committee's authorization of $3.5 billion.

Morse has a block of amendments and if he fights all the way on each one there is no telling when a final vote may come.

The House has already passed an authorization bill and it will have to be reconciled with the Senate's. Then comes the actual appropriation of the money in a separate bill. The House has passed one for $3.2 billion, and this, too, will have to be worked out with whatever the Senate finally passes.

Other stumbling blocks to adjournment lie ahead, too. If the Senate adds a health care amendment to the Social Security measure passed last week by the House, there will be trouble getting the bill to conference with the House.

SUGAR BILL

Then there is the always controversial sugar bill, which Rep. Harold D. Cooley, D-N.C., chairman of the House Agriculture Committee, invariably saves for late in the session. He has just begun action to bring a bill to the floor.

If the major business of the session is not completed by Aug. 20, the chances are the leaders will call a recess and come back as soon as the Democrats complete the business of picking presidential and vice presidential candidates in Atlantic City.

Allen Dulles Asks Fuller Protection

WASHINGTON (AP) — Allen W. Dulles said Sunday that as a result of President John F. Kennedy's assassination Americans should demand that their presidents be fully protected from crowds.

Dulles, former head of the Central Intelligence Agency and a member of the Warren Commission investigating Kennedy's death, said that a president should be surrounded by Secret Service men and should ride in an armored car during public appearances.

There should also be as little advance notice as possible of where a president is going to be when he leaves the White House, Dulles said.

Dulles was interviewed on a Metropolitan Broadcasting Co. radio - television program, "Opinion in the Capital."

* * *

WASHINGTON (AP) — Six Republican senators, headed by New York's Jacob K. Javits, plan to offer a health care proposal for persons over 65 when the Senate Finance Committee takes up the House-passed Social Security bill — probably Tuesday.

The proposal would provide up to 45 days of hospitalization and up to 100 days of nursing-home care-financed under Social Security. It also calls for low-cost private insurance plans to cover some other medical costs.

Besides Javits, sponsors include Thomas H. Kuchel, Clifford P. Case, Kenneth B. Keating, Margaret Chase Smith and John Sherman Cooper.

* * *

WASHINGTON (AP) — Mrs. Lyndon B. Johnson heads west next week on a three-state tour to dedicate the billion-dollar Flaming Gorge Dam along the Utah-Wyoming border and to look at nearby national parks, Indian reservations and natural wilderness.

The White House said Mrs. Johnson would stay at Jackson Lake Lodge, Wyo., in the Grand Tetons National Park during her Aug. 14-17 visit. She also plans to visit Montana.

Mrs. Johnson will be accompanied by Secretary of the Interior Stewart L. Udall and other officials. All three states went Republican in the 1960 presidential election.

No Respite From Heat

By The Associated Press

Texas kept right on stewing and steaming today.

Skies were almost cloudless across the state and there was no hint of any letup in protracted summer heat and drouth.

Weather Bureau observers said the only prospect for moisture was an occasional thundershower in South Texas. Except for a cloud or two around San Antonio, all sections of the state were clear in the forenoon.

Beaumont and Houston were the only stations recording rain Sunday. Each received a meager .01 inch.

Thermometers hit 105 degrees Sunday at Wichita Falls, which now has counted 29 straight days of readings from 100 up.

Presidio registered 104. Mineral Wells 102, Midland 101 and Childress, Dallas, Fort Worth, Waco and Wink 100.

Worshipers See Man Murdered

WHARTON, Tex. (AP) — Horror-struck worshippers saw an electrical repairman shot and killed in front of a Roman Catholic Church Sunday.

A bullet struck Alvin San Miguel, 33, in the chest as he talked with three young women at the curb. He staggered to the church steps before collapsing.

Pedro Quintanilla, 57, a farmer, walked into the office of Sheriff Mike Flournoy. He handed officers a .38 caliber pistol which had been fired twice.

Quintanilla was charged with murder. He posted $2,000 bond.

Flournoy said Quintanilla stated he shot San Miguel because he did not want San Miguel "dating my daughters,"—the three to whom the slain man was talking.

Johnson Friend's Mother Passes

SMITHVILLE, Tex. (AP) — Rites for Mrs. Zeta Carter, mother of a longtime friend and political associate of President Lyndon Johnson, were held today.

She was the mother of Clifton Carter, who is the President's personal representative at Democratic national headquarters in Washington. He first met Johnson in 1937 as Johnson was making his first race for Congress.

Mrs. Carter died here Sunday of an apparent heart attack.

Warrant Issued

A warrant had been issued for the arrest of Margarito V. Guiterrez on a charge that he failed to surrender his drivers license to the Department of Public Safety, as ordered. The highway patrol filed the complaint with the county attorney and the complaint alleged that Guiterrez was instructed April 10 to surrender his license and had not done so. The offense, under state law, is a misdemeanor punishable by fine, jail time or both.

WEATHER

NORTH CENTRAL AND NORTHEAST TEXAS: Fair and hot today and Tuesday. Low tonight 72 to 83. High Tuesday 94 to 102, except 98 to 105 in North Central Texas.

NORTHWEST TEXAS: Fair and hot today and Tuesday. Low tonight 68 to 78. High Tuesday 95 to 105.

SOUTH CENTRAL AND SOUTHEAST TEXAS: Partly cloudy and warm today and Tuesday with widely scattered, mostly daytime, showers mainly near coast. Low tonight 72 to 82. High Tuesday 88 to 94 near coast, 92 to 102 elsewhere.

SOUTHWEST TEXAS: Clear to partly cloudy and warm today and Tuesday with isolated late showers. Low tonight 68 to 76. High Tuesday 94 to 102.

Says Rockets Beneath Sea

DALLAS (AP)—A Cuban exile asserted Sunday that Russian missiles with a range of 1,200 miles are poised beneath the ocean's surface off the shores of Communist Cuba.

Dr. Fernando Penabaz, a lawyer who left Cuba after Fidel Castro seized power, said "usually accurate sources" relayed information about the rockets to him.

He described the Soviet-controlled missiles as Russian Golem II's. He said that as far as he knows there is a single base and it is off the north coast of Cuba about 40 miles west of Havana.

He had no way of knowing how many rockets are deployed at the underwater base, the Cuban said.

Penabaz spoke at a session of the Rev. Billy James Hargis' Christian Crusade.

The Rev. Mr. Hargis described plans for the sixth annual Christian Crusade convention to be held here Friday through Sunday. He said speakers will include Birch Society founder Robert Welch and former Army Gen. Edwin A. Walker.

Low Backlog In Aid Funds

WASHINGTON (AP) — Foreign aid officials said today a record low backlog of unused aid funds is being carried into overseas assistance operations for the coming year.

The revised figures are a matter of some pride with the Agency for International Development which has passed them on to the Senate in advance of final action on the foreign aid bill.

One argument of congressional critics has been that the aid program has been too fat with a big backlog of money from previous appropriations. AID chief David E. Bell, a former budget director, has pledged improved efficiency.

Last year, according to revised figures, the aid program had $650 million from past appropriations in addition to the $3 billion in new money voted by Congress. In some years more than $1 billion has been available beyond the amount supplied from fresh appropriations.

New estimates being submitted to the Senate Foreign Relations Committee showed today that only $22 million remains uncommitted from previous appropriations and $213 million is expected to be recovered during the year from commitments to past projects which were not carried out.

Thus about $235 million would be available for foreign aid in the new fiscal year in addition to whatever Congress approves out of President Johnson's "barebones" request for $3.5 billion in new funds.

Both the $22 million in carryover and the $213 million in recoveries set new lows, according to AID accounts.

Pleads Guilty, Still Being Held

Miller M. Wright, 38, San Angelo, charged with writing worthless checks, was fined $100 and costs in Howard County Court when he entered a guilty plea Monday. He had not paid the fine and was still in custody at noon.

A 41-year-old woman had been placed in jail, after she had been charged with throwing rocks at cars. It was said she probably would be taken to the Big Spring State Hospital for examination.

OIL REPORT

Borden Wildcat Proves Failure

A Borden County wildcat to the Fusselman, Penroc Oil Corp. No. 1 Gulf-Canon, has been plugged and abandoned at a total depth of 10,082 feet. The venture locates 1,980 feet from the north and east lines of section 34-33-5n, T&P survey. It is 14 miles west of Gail.

DAILY DRILLING

BORDEN

Standard Oil Co. of Texas No. 1 Clara E. Good, 2,173 feet from the south and east lines of section 16-32-3n, T&P survey, is fishing at a total depth of 8,695 feet.

DAWSON

Humble No. 1 Ira Robinson is drilling below 4,325 feet. Location is 660 feet from the south and 1,890 feet from the west lines of section 11-36-4n, T&P survey.

Midwest Oil Corp. No. 1 G. B. Motley, 1,982 feet from the south and 1,980 feet from the east lines of section 11-35, T&P survey, is drilling below 4,325 feet.

GARZA

James G. Brown & Assn. No. 1 Slaughter is preparing to place an pump with no gauges reported at a total depth of 8,227 feet. Location is 330 feet from the north and 990 feet from the east lines of section 20-2, T&NO survey.

GLASSCOCK

Ne-O-Tex Corp. No. 1 Calverley, 1,320 feet from the south and 660 feet from the east lines of section 29-36-4s, T&P survey, is drilling below 3,620 feet. Operator set 8⅝-inch casing at 527 feet with 225 sacks of cement.

HOWARD

Southland Royalty Co. No. 1 O'Daniel is drilling below 6,914 feet. Location is 1,780 feet from the south and 467 feet from the east lines of section 3-30-1n, T&P survey.

MARTIN

Kern Merren, W. C. Montgomery & James E. Calloway No. 1 Shoemaker, 990 feet from the west and 2,173 feet from the north lines of section 40-37-1n, T&P survey, is moving in tanks and a pump with a plugged back depth of 8,490 feet.

STERLING

Humble Oil & Refining Co. No. 19-1 Lou E. Johnson is drilling below 5,669 feet. Location is 660 feet from the south and east lines of section 65-2, H&TC survey.

Humble Oil & Refining Co. No. 20-1 Lou E. Johnson, 560 feet from the south and 1,930 feet from the west lines of section 28-2, H&TC survey, is preparing to install a pump at a total depth of 6,917 feet.

Southland Royalty Co. No. 1 J. E. Chappell ran tubing, packer and hold down at a plugged back depth of 7,622 feet, and swabbed fluid down to 5,000 feet before shuting-in. Operator is preparing to acidize the perforations between 7,401-06 feet with 500 gallons. After the last swab run, there was a slight show of gas. Location is 467 feet from the west and 1,667 feet from the south lines of section 46-18, SPRR survey.

Texaco No. 31-B Sterling, 467 feet from the north and 1,980 feet from the west lines of section 3-31-4s, T&P survey, acidized the perforations at 7,531-51 feet with 2,000 gallons and swabbed 20 barrels of load water in two hours. With a total depth of 7,630 feet, the operator is testing.

PRIZE HAMPSHIRE BUCK
Reams Shofner markets lambs

Feeds Lambs For San Angelo Market

LAMESA (SC) — Each year, Reams Shofner, young Dawson County farmer-feeder feeds out 3,000 to 4,000 lambs for market in addition to maintaining a registered Hampshire flock. His registered herd now totals 60 head—with 20 more good animals not registered.

His first commercial venture into lamb feeding was five years ago. Shofner started with 1,200 head, and like Topsy, it has grown.

Lambs for the feeding operation are brought from the San Angelo area, with some coming from the Snyder-Gail area. They are bought in September and October, then fed throughout the winter. The animals are marketed at 85-100 pounds by spring, and most are sold through the San Angelo market.

Feeding facilities and formulas are not complex, thus making the feeding operation simple and practical. Grain and roughage for the feeder lambs are mixed simultaneously. Basic feed ration is milo plus roughage. Supplements are added as needed. He says when the price is right, he feeds alfalfa with the milo. But when alfalfa prices "climb out of reach" he switches to hegari bundles. Most of the milo is raised on the farm.

Shofner's preferred ration is a mix of about 6,000 pounds plus 2,000 pounds alfalfa. "Tail-ender" lambs are put on a higher roughage ration than the better quality animals.

Reams and his father are partners in the operation.

Bandits Loot Dallas Theater

DALLAS (AP)—Two bandits masked with gray handkerchiefs taped up six employes to prevent pursuit and took about $3,000 in a theater holdup Sunday.

Waving long barreled pistols, they entered the Esquire Theater in the city's Oaklawn section from an alley door shortly before noon.

The robbers struck two employes for resisting—Manager J. A. Cain, 52, and projectionist Frank Barrett, 42. Neither suffered serious injury.

Employes were quickly herded into a basement and bound with adhesive tape.

Cain was struck with a pistol as he tried to grab the weapon, thinking it was a toy. He ran into a small storage room off the office and locked the door, emerging only when one of the masked men threatened to shoot through the door.

Before being taped Cain opened the theater's safe and the robbers took all the currency, leaving coins behind.

Judge Sounding Criminal Docket

Judge Lee Porter, Howard County Court, was sounding a lengthy criminal docket Monday afternoon and announced that all cases which were announced ready would be set for jury disposal the week of Aug. 18. He also had a number of civil cases which he called and said that any of these ready for trial would be provided with a hearing this month.

The judge said he hoped to sharply reduce the docket, both civil and criminal, in the court during August.

Mrs. Simpson Named To County Historical Group

Mrs. Modesta Simpson has been named to the Howard County Historical Survey Committee, County Judge Lee Porter has announced.

Mrs. Simpson, daughter of the late Tom Good and Mrs. Good, is a member of a pioneer family. Her father was a cowboy for the famous Long S outfit of Col. C. C. Slaughter, when the spread reached from here into New Mexico. Part of the Good ranch is carved out of the Slaughter empire.

Ed Fisher, who with Mrs. Hubert C. Stipp is a member of the survey committee, has been named chairman of the panel, said Judge Porter. Mrs. Simpson replaces Joe Pickle on the committee.

The survey committee is a coordinating agency to stimulate interest in various phases of efforts to mark or preserve historical sites, records and other things about the early days of West Texas.

Gospel Meeting

A gospel meeting is in progress this week at the Church of Christ in Knott. Perry B. Cotham, minister of the 14th and Main Church of Christ, is doing the preaching. Howard Swinney, Knott minister, is leading the singing. Services are held each evening at 8 o'clock. The public is invited.

Weather Forecast

Showers and thundershowers are forecast for north and central Appalachians, Ohio and Tennessee valleys, central Mississippi valley, North Pacific, Rocky Mountain region and great basin on Monday night. It will be cooler in the upper Mississippi area, lakes region and Ohio valley, with little change elsewhere. (AP WIREPHOTO)

Big Drill Chews Toward Miners

CHAMPAGNOLE, France (AP) — A huge American-made drill advanced at the rate of three feet an hour today toward nine miners entombed for more than a week in a caved-in limestone mine.

The rescue workers said they hoped to reach the miners Wednesday.

Five other miners are missing in another part of the mine under Mt. Rivel. Officials hope one or two of the missing miners may be alive.

Rescue officials announced Sunday night that they had hoped to reach the trapped miners by Tuesday. But they revised this today and said the men might have to remain in the mine another 48 hours. They said confusion among the French, American, Swiss and German rescue workers led to the earlier prediction.

A spokesman for the rescue command said that by noon the drilling of a 23-inch vertical shaft had reached 138 feet, with about 110 feet to go. He said the drill was advancing at the rate of about 3 feet an hour.

A horizontal tunnel approach from the side of the mountain was advancing faster than expected. It was being aimed toward the spot where two other miners were working when the mine collapsed, and from where tapping sounds have been heard.

Three other missing miners are presumed to have been killed in the cave-in.

First Classes Begin Today

Registration started for the second session of band instruction at the Big Spring High School and Goliad and Runnels junior highs at 8:30 a.m. today. At the same time driver education, with classroom instruction only, began at the two junior high schools. All are three-week courses.

A report, at 11 a.m., showed 60 band students registering at the high school, 65 at Runnels and 85 at Goliad, for a total of 210.

Driver education students registering totaled 112 at Goliad and 69 at Runnels, for a total of 181.

C. L. Ainsworth, coordinator, said there is no charge for the band or driver education courses during the August term because only classroom instruction is given. Behind-the-wheel driver education, beginning in September, will require fees.

Singer, Pianist Bodies Located

NASHVILLE, Tenn. (AP) — The bodies of country singer Jim Reeves and his pianist-road manager Dean Manuel were found near here Sunday in the wreckage of the light plane Reeves was flying home Friday night from a business trip to Batesville, Ark.

The plane fell into trees which hid the wreckage for almost 48 hours. The crash site was in the fashionable suburban Brentwood area, less than one mile from the home of Grand Ole Opry singer Marty Robbins who figured in the search.

Another Opry singer, Eddy Arnold, a Brentwood resident, identified the body.

Police said the plane, a single engine four seater rented by Reeves, apparently hit the trees at a steep angle. There was no indication what caused the crash. A radioed message that he was running into heavy rain was the last word from Reeves.

Commissioners Look At Budget

Howard County Commissioners Court Monday morning tentatively looked over the first draft of the 1965 county budget.

The budget, drawn up by Wade Choate, county auditor, and based on estimated requirements of the several county offices and agencies, will be studied item by item and amendments made where such changes are ruled necessary.

A final budget will be prepared and a public hearing held on its contents sometime within the next six or eight weeks.

Viaduct Closing Delayed, But Expected Later

Due to additional work which had to be done to properly support the span pending its demolition, the viaduct on Gregg Street was not closed Monday morning as had been planned.

The crossing was still open to traffic at noon as workmen welded in temporary stays to support the steel. The contractor was putting up poles to hold the barriers and the crossing was expected to be out of service Monday afternoon.

Until the steel in the old structure can be taken down and trucked away, the crossing will be kept closed. Traffic during this interval will be served by the Benton St. Viaduct over the T&P tracks. The contractor hopes to have the Gregg Street crossing back in service by Saturday.

It was more or less fortunate that the crossing could not be closed Monday morning. "Dollar Day" sales, which were in progress, lead to a heavy influx of downtown traffic and much of it had to come over the Gregg Street crossing.

Released After One-Car Crash

Frederick F. Forrest, 409 Edwards, was treated for minor lacerations and released at Howard County Hospital Foundation after a minor accident early Sunday.

Forrest was driving north on Gregg Street when his station wagon collided with a telephone pole at 505 Gregg, with an estimated $400 of damage, according to investigating officers. The accident occurred about 7:50 a.m. Sunday.

President Signs Military Building

WASHINGTON (AP) — President Johnson signed today a bill authorizing $1,534,994,000 in military construction in this country and abroad.

A separate appropriation bill to provide the money for the actual construction, including some projects previously authorized by Congress, is pending in the Senate.

Senators Figure Moon Shot Worth The Money

WASHINGTON (AP) — How can you figure if tax dollars being ticketed for space are well spent?

A price tag of $260 million has been tentatively placed on the Ranger moon program — $28 million on Ranger 7 alone.

Is it worth it?

Sen. Stuart Symington, D-Mo., has one way of looking at it.

The gross national product is nearly $2 billion a day "and I guess we can afford a couple of days of that to get to the moon," the former Air Force secretary said.

Sen. Warren Magnuson, D-Wash., who is charged with steering the $5.2-billion space appropriation through the Senate this week, says it is almost impossible to put a price tag on what Ranger 7 "added to the sum knowledge of science."

Magnuson said the advances in photography alone may be worth the funds ticketed for Ranger 7.

"All kinds of things come out of this," he said. And he doesn't overlook the possible military dividends in the "trigger-like accuracy" evident in the Ranger 7 moon landing and the possible reconnaissance implications.

Sen. Clifford P. Case, R-N.J., said he "always has been one to keep a questioning eye on crash programs." As far as Ranger 7's worth goes, he said, "it is hard to measure this against anything."

One thing the three senators are in agreement about — Ranger 7 was, as Magnuson put it, "a magnificent achievement."

New Job

Al G. Langford, former head football coach at Lamesa, assumed the duties as principal of Lamesa High School Aug. 1, succeeding Bill E. Reeves, who resigned to accept a fellowship at Texas Tech this fall. It is Langford's first experience in school administration.

J. P. BOBO

Bobo Takes Sheriff's Job

LAMESA (SC) — J. P. Bobo, former police chief of Ruidoso, N.M., for about seven years, has assumed the duties as sheriff of Dawson County, succeeding Henry C. Mayfield, who resigned recently.

County attorney Vernon D. Adcock administered the oath of office to Bobo Aug. 1. He said he would retain the present staff which includes deputies Ed McCain, Bennett McNulty and office deputy Jim Evelyn Speck.

Bobo had been a field deputy on Mayfield's staff for less than a year, but was appointed to the post when the latter resigned in mid-July.

Bobo will serve until Jan. 1, 1965. J. A. (Shorty) Hancock is running unopposed for the office in the general election, having defeated Mayfield in the June primary. Mayfield was sheriff here 9½ years.

Two Grass Fires

Firemen answered calls to two grass fires Saturday. Both fires resulted from trash burning on properties at 605 E. 1st, about 2 p.m., and 2300 Alabama, about 2:30 p.m. Saturday, according to firemen.

36 Claimed By Violence

By The Associated Press

Violence took 36 lives in Texas during the weekend. Auto accidents accounted for 15 deaths.

The toll was recorded between 6 p.m. Friday and midnight Sunday. Among the latest victims were:

Andrew Soliz, 2, suffered fatal injuries Sunday night at Georgetown when he fell from the back of a pickup driven by his father and a car struck him.

Firemen recovered the body of Albert Johnson, 53, a Negro yardman, Sunday night from Twin Lakes in Dallas. A friend told police Johnson disappeared after borrowing a swim suit.

Johnny Moore, 25, was shot on a Dallas street before dawn Sunday. Witnesses told officers an unidentified woman screamed and then fired six bullets into Moore. Police sought her for questioning.

Lendora Ogletree, 18, of Kansas City, Mo., was injured fatally in Houston early Sunday as a car with a jammed accelerator crashed through a dead-end street barricade, jumped a ditch, hit two trees and turned end over end. Three companions suffered critical injuries.

A sidewalk argument Sunday night in South Dallas ended in gunfire which killed Robert Ross, 20. Police arrested a woman, 31.

Selton Guillory, 26, of Nome was killed Sunday as a car overturned on FM 365 near Nome in Southeast Texas. The driver was injured.

Tommy Gaston, 20, drowned Sunday while catching crabs in the San Jacinto River near Houston.

Carmen Martinez, wife of Sgt. I.C. George Martinez of Ft. Hood, drowned Sunday when a boat overturned in the Belton Reservoir.

Elmer Berryhill, 60, of Bailey was fatally injured in a collision Sunday on a farm road southeast of Bonham. Three other persons were injured.

Alvin San Miguel, 33, of Wharton was shot to death Sunday in front of a Roman Catholic church at Wharton. Pedro Quintanilla, 57, a farmer, surrendered and was charged with murder.

Brothers James and Johnny Spray, 14 and 16, drowned Sunday in Lake Waco after a sailboat overturned.

Alfred Carby, 56, of Schulenburg was killed Sunday in the head-on collision of two automobiles near Randolph Air Force Base. Two other persons were injured.

PASO Plugs Bob For Veep

NEW BRAUNFELS (AP) — Directors of the Political Association of Spanish-speaking Organizations put in a plug Sunday for the Democrats to nominate Robert F. Kennedy for vice president.

They proposed that PASO members urge the Democratic national convention to pick the attorney general as President Lyndon B. Johnson's running mate. As a second choice the executive board recommended Sen. Hubert Humphrey, D-Minn.

Albert Pena, state PASO chairman and a Bexar County commissioner, called on fellow board members to urge that the Democrats "nominate the driving force behind the passage of the civil rights bill in the Senate, Sen. Humphrey," for vice president.

PASO directors agreed to recommend organization of Viva Johnson Clubs to work with the Democratic nominees in an operation similar to Viva (John F.) Kennedy Clubs formed in 1960.

Other recommendations of the group call for a listing of public accommodations which discriminate and industries that practice job discrimination to lay the groundwork for action against them; organizing for a poll tax drive to start Oct. 1, when the new poll tax period begins, and opposition to extending the bracero labor bill beyond Dec. 31.

Committee Asks Import Reduction

WASHINGTON (AP) — Oil importers have been urged by the executive committee of the Independent Petroleum Association to hold down imports until what it terms "crisis conditions" in the domestic industry improve.

The committee asked importers to go beyond the Interior Department requests for emergency reduction of imports during the third quarter of the year.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H®*. At all drug counters.

Wedding Held In Lamesa

LAMESA (SC) — Miss Era Beth Johnson and Arthur Jackson Cohorn exchanged wedding vows in a candlelight ceremony at 8 p.m. Saturday in the sanctuary of First Methodist Church with the Rev. Wendell J. Stewart, pastor of Patricia Methodist Church, performing the double ring ceremony.

Mr. and Mrs. Slater H. Johnson of Star Route 4 are the parents of the bride, while the bridegroom's parents are Mr. and Mrs. M. F. Cohorn of Lamesa.

The altar of the sanctuary was graced with a candle tree behind the chancel, flanked by candelabra. A large tree of palm leaves extended from the base of the candle tree. Brass urns of light pink gladiolas and greenery added color to the setting. The candle tree, candelabra, and altar rail were garlanded with swags of English ivy. Single tapers entwined with Enlgish ivy marked the pews.

PEAU DE SOIE

Escorted and given in marriage by her father, the bride chose a floor-length formal gown of white silk peau de soie. The skirt featured double pleats on each side of the front panel which gradually tapered into the bell-shaped skirt. The bodice featured long tapering sleeves with petal points over the hands and a wide scooped portrait neckline. Seed pearls, crystals and beading accented the bodice. Tiny self-covered buttons extended down the back of the gown into unpressed pleats of the chapel-length Watteau styled train.

The bridal veil of silk illusion fell from a draped coif pillbox of matching peau de soie. Seed pearls and a small fabric bow accented the headpiece. Atop a white Bible she carried a white orchid nestled in a base of feathered white carnations and white satin streamers.

Mrs. Larry Anthony served her sister as matron of honor. Miss Betty Richardson of Coleman was the maid of honor. Miss Martha Dusek of Abilene, Miss Kay Greenwood of Houston, and Mrs. Weldon White and Mrs. Elton Masters, both of Lamesa, were bridesmaids.

Leon Cohorn, brother of the bridegroom, was best man.

RECEPTION

Immediately following the ceremony a reception was held in the parlor of the church. Guests attended from 22 area cities.

For traveling to Colorado Springs, Colo., the bride chose a tailored dressmaker suit of ecru hand - chipped lace over pink silk shantung and a sleeveless overblouse of matching shantung. She wore an orchid from the bridal bouquet. After Aug. 10 the couple will be at home at 1709 N. 11th Street.

The bride is a graduate of Klondike High School and will receive her bachelor of science degree from McMurry College later this month. The bridegroom is a graduate of Lamesa High School and has been farming in the Seminole and Union Community areas.

Engaged

Mr. and Mrs. Robert H. McCreless of Fort Worth are announcing the engagement and approaching marriage of their daughter, Mary Louise, to Kirk Douglas Wiggins, son of Mr. and Mrs. Blaine Wiggins of Lamesa. A Sept. 18 wedding in First Methodist Church of Fort Worth is planned.

Combinations For Cake Can Vary

It's fun to bake an upside-down cake with two varieties of fruit. You can combine pineapple rings and apricot halves from buffet - size (about 8 ounces) cans or make other combinations to suit yourself.

Bride-Elect Honored At Gift Shower

Mrs. Maria Wilkins, bride-elect of Jerry Lloyd Brooks, was the honoree at a pre-nuptial shower held Friday evening in the home of Mrs. James Wilcox, 512 Westover Road.

Cohostesses with Mrs. Wilcox were Mrs. Frank Rice, Mrs. Preach Martin, Mrs. Ray E. Shaw, Mrs. Harvey Clay, Mrs. Hack Hudgins, Mrs. W. B. Sullivan, Mrs. Pyrle Bradshaw, Mrs. H. L. Bohannon, Mrs. Brown Rogers and Mrs. Harold Canning.

The honoree, her mother, Mrs. Clara Scarborough, and the prospective bridegroom's mother, Mrs. Lloyd Brooks, were presented white carnation corsages. They joined Mrs. Wilcox in receiving about 50 guests who called between the hours of 7:30 and 9:30 p.m.

Refreshments were served between the hours of 7:30 and 9:30 p.m.

Refreshments were served at a table covered with an Irish linen cut work cloth over pink. The centerpiece was of pink flowers and extending from the silver holder were six tall, pink candles. Appointments were of cyrstal and silver.

Gifts were displayed in a room decorated with arrangements of pink and green flowers.

MARKING 50TH

W. F. Taylors Honored With Anniversary Tea

Mr. and Mrs. W. F. Taylor were honored Sunday with a tea at the Big Spring Country Club to celebrate their 50th wedding anniversary.

In the receiving line with Mr. and Mrs. Taylor were their daughters, Mrs. Elmer Atwood and Mrs. O. B. Cave, and their sons, Wayland F. and John L. Taylor.

Mrs. Taylor was attired in a V-necked dress of pale blue silk with which she wore matching slippers and a gold orchid corsage.

As guests entered the ballroom entertaining area, they were registered at a table graced with a gold bud vase holding gold carnations and gold leaves. Grandchildren of the honored couple alternated at the register.

Centering the entertainment area was a tall white basket holding Majestic chrysanthemums, pons and carnations, all in gold, and various tables held arrangements of mixed flowers.

The refreshment table was covered with a floor-length cloth of white satin with a ruffled skirt of white net. Centering the table was a five-tiered white-frosted wedding cake decorated with rosettes touched with old leaves and love birds, and topped with large gold wedding bells tied with satin ribbon. Gold punch was served from crystal appointments.

Members of the house party were Mr. and Mrs. Friend Talbott, Mr. and Mrs. C. O. Nalley, Mr. and Mrs. John Coffee, Mr. and Mrs. M. C. Stulting, Mr. and Mrs. James Wheat, Mr. and Mrs. R. V. Middleton, Mr. and Mrs. Joe Pickle, Mr. and Mrs. Clyde Angel, Mr. and Mrs. H. B. Reagan, Mr. and Mrs. Roy Reeder and Mr. and Mrs. J. C. Pickle.

Relatives of the honored couple who assisted in the house party were Mr. and Mrs. James A. Siddens, Mr. and Mrs. Hayes Walker, Mr. and Mrs. Rob Strayhorn, Mrs. Clarence Leon, Mr. and Mrs. Nelson Smith, Mr. and Mrs. R. A. Taylor, Mr. and Mrs. Charles Caldwell, Mrs. Wayland Taylor, Mrs. John Taylor, Mrs. Jim Fryar, Mrs. J. R. Caldwell and Mr. and Mrs. J. R. Moses.

Calling hours were from 3 to 5 p.m. when the approximately 250 guests included friends from Wichita, Kans., Plainview, Midland, Odessa, Rotan, O'Donnell, Clyde, Baird, Lubbock, Roby, Lamesa, Brady, Colorado City, Little Rock, Ark., Forest, Miss., and Dallas.

End Series At Cosden

The eight-week duplicate series ended at Cosden Country Club Sunday afternoon when eight tables were in play. A new series will begin next Sunday.

North-south winners were Mrs. Ben McCullough and George Pike, first; Mrs. E. B. Badger and Joe Steyer, second; and Mrs. Ayra McGann and Mrs. Myrtle Lee, third.

Winners in the east-west position were Mrs. E. L. Powell and Mrs. Jack Irons, first; Mrs. J. H. Holloway and Mrs. Joe Steyer, second; and Mrs. Chamo Rainwater and Mrs. G. H. Wood, third.

4-H'ers Complete First Foods Unit

The Big Spring 4-H Club met this morning at 11:30 o'clock in the home of Mrs. James W. Shaw, 1806 Alabama. Kathy Shaw is the junior leader.

The members prepared and served a dinner to complete the first foods unit. Those completing the unit were Brenda Parker, Dixie Coleman, Carol Nanny, Connie Gary and Kay Rogers.

HINTS FROM HELOISE

Fill Spray Bottles With Medication

Dear Heloise:

Please tell all your readers who get sunburned . . . that they can put the liquid medication in an empty spray-type bottle and it can be applied to the painful, burned parts of the body without the pressure of a human hand!

Every time I got sunburned—which is about three times a year — my wife put the medication on with her hand. This is extremely painful.

HELOISE

Recently I had a beach boy tell me to have my wife pour the lotion in a squirt bottle and then apply it. It's absolutely magic. No pain to the patient.

This would be wonderful for little children who get sunburned across the shoulders and the back of their legs.

I know you try to save housewives trouble, but I am trying to save the patient some pain. . . . A. R.

* * *

Dear Heloise:

If thong rubber sandals hurt between the toes, I just take an emery board and file down the sharp edge of rubber that goes between the toes. . . . Pat

* * *

Ever try wrapping a bandage around the rubber insert? . . . Heloise

* * *

Dear Heloise:

Don't throw away old nylon stockings that have runs. If you have a pair of white shoes they come in mighty handy.

After you polish the shoes, and they are dry, take a stocking and use it as you would a shoe brush. It takes of all the excess polish which usually rubs off on everything . . . Reader

* * *

Dear Heloise:

On the patio we use metal buckets from the hardware stores (and are ordinarily used for paints) and fill them with sand to use for cigarette butts.

If a piece of wire screening is placed about an inch under the sand it makes it easy to remove the used cigarettes. Paint the outside of the small buckets and decorate them any way you wish.

These are ideal for outdoor ash trays as the breezes do not scatter ashes . . . C. King

* * *

Dear Heloise:

I sew a lot and would like to pass on a hint for people who sew:

I buy remnants of slipcover materials for about 50 cents a yard and make the sharpest Bermudas you have ever seen for 50 cents, plus the zipper!

Instead of cutting the material lengthwise, I cut the width and get both pieces of the pattern from one width.

No one believes my Bermudas cost so little because they look so expensive and wear so beautifully.

One can also make slacks from this material. . . . Gloria

STREET DANCE SET TUESDAY

The Mates and Dates Square Dance Club and the 4-H clubs will sponsor a street dance Tuesday evening. The dance will be held on Main between Third and Fourth streets at 7:30 p.m. Bill Woods will be the master of ceremonies, but guest callers are invited to participate. There are approximately 72 members in the club. Adult sponsors are Mr. and Mrs. R. O. Wanner, Mr. and Mrs. Arvil Henry and Mrs. R. T. Merrell.

Anniversary Observed

LAMESA (SC)— Mr. and Mrs. Ed Anderson celebrated their 50th wedding anniversary Sunday with an open house in their home. The couple's children hosted the event.

The Andersons were married Aug. 4, 1914, in Ardmore, Okla. She was the former Mary Minnie Carrell, daughter of the late Mr. and Mrs. J. C. Carrell of Lamesa.

The couple moved from Scurry County to Dawson County in 1926. From 1931 until 1954 he operated a grocery store and service station here. He is now retired.

BENNYE GATTEYS

Small Girls Dress In High Fashion Now

HOLLYWOOD — Cute little Bennye Gatteys, who was in CBS-TV's "Brighter Day" series, wears a size three dress. "I've always had trouble finding clothes to fit me, but when I needed something for everyday wear, it was a real problem. But I am happy to inform all girls who want to dress their age and not look like children that a size three is now made in high fashion.

"At one time I tried to disguise the fact that I am five feet. I wore the highest heels I could find, and I built up my hair and made myself uncomfortable because I am not tall. I learned that the important thing is not to dwell on smallness, but on harmony and proportion. I wear my hairstyle as a frame for my face. My heels, handbag and jewelry are in proportion. Everything should be scaled to my size—even my appetite. I need smaller portions of food, and I try to eat slowly so I won't be finished ahead of others.

"I am wearing contact lenses," Bennye confided, "and I've never had a moment's trouble with them. The main thing is to have them well fitted in the beginning. If you wear mascara, it's a good idea to wear the waterproof kind because some types of mascara sting when they get in your eyes—especially if you are wearing contact lenses.

"My optician told me that if I would eat two tablespoons of sunflower seeds a day, the raw and unsalted kind, I'd never have any trouble with my lenses being uncomfortable. I buy the seeds at a health-food store regularly and eat them for snacks. They are rich in vitamin A but are not fattening."

If you are not satisfied with the features nature has given you, read what the stars in Hollywood do to improve themselves in Lydia Lane's new booklet, "Self-Made Beauty." For your copy, send 25 cents and a self-addressed, stamped envelope to Lydia Lane, Big Spring Herald, P.O. Box 1111, Los Angeles 53, Calif.

Dear Abby

Go—When Prepared

DEAR ABBY: I am sick and tired of having my parents on my back all the time. I would like to know when I can leave home.

HAD IT

DEAR HAD IT: Moreover, your parents have probably "had it," too. If you are able to pay for your own lodging, food, transportation, doctor and dental bills, insurance and entertainment, and bail yourself out of trouble of any kind—then you may leave home. (But take a key to the back door when you go.)

* * *

DEAR ABBY: My problem is between my husband and me over a dog we don't even have yet. We've been married for two years and we have no children. We both work five days a week. I leave for work at 7 a.m. and he leaves at 7:30. We both get back about 4:30 p.m. All of a sudden my husband decides he wants a puppy. I say he's crazy. Who is going to take care of it? Believe me, I am not going to. Our furniture is brand new and I've seen what a puppy can do to things. Besides, it will tie us down and we like to go away for weekends occasionally. He says, "We'll manage." Can you help me?

MRS. K. A.

DEAR MRS. K. A.: You seem to have all the answers, and they sound sensible to me. Personally, I pity the poor pooch that's brought into a home where he is unwanted by half the household, and left alone all day. (Who will feed him and walk him?) Don't give an inch. If your husband wins this one, it shouldn't happen to a dog.

* * *

DEAR ABBY: What do you think of parents who tell their children that ours are adopted? We had not intended to tell our son that he was adopted until he was ten years old, and able to understand, but the parents of other children have told their children, and, of course, they went ahead and told ours. These people are relatives or we would never speak to them again. Please print this so other parents won't be hurt the way we were.

CRUSHED

DEAR CRUSHED: I am not defending the parents who thoughtlessly told their children that yours were adopted. But adopted children should be told that they are adopted as soon as they are able to understand what the word means. (Ten is too late.)

* * *

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

Wedding Held In Lamesa

LAMESA (SC) — Miss Era Beth Johnson and Arthur Jackson Cohorn exchanged wedding vows in a candlelight ceremony at 8 p.m. Saturday in the sanctuary of First Methodist Church with the Rev. Wendell J. Stewart, pastor of Patricia Methodist Church, performing the double ring ceremony.

Mr. and Mrs. Slater H. Johnson of Star Route 4 are the parents of the bride, while the bridegroom's parents are Mr. and Mrs. M. F. Cohorn of Lamesa.

The altar of the sanctuary was graced with a candle tree behind the chancel, flanked by candelabra. A large tree of palm leaves extended from the base of the candle tree. Brass urns of light pink gladiolas and greenery added color to the setting. The candle tree, candelabra, and altar rail were garlanded with swags of English ivy. Single tapers entwined with Enlgish ivy marked the pews.

PEAU DE SOIE

Escorted and given in marriage by her father, the bride chose a floor-length formal gown of white silk peau de soie. The skirt featured double pleats on each side of the front panel which gradually tapered into the bell-shaped skirt. The bodice featured long tapering sleeves with petal points over the hands and a wide scooped portrait neckline. Seed pearls, crystals and beading accented the bodice. Tiny self-covered buttons extended down the back of the gown into unpressed pleats of the chapel-length Watteau styled train.

The bridal veil of silk illusion fell from a draped coif pillbox of matching peau de sole. Seed pearls and a small fabric bow accented the headpiece. Atop a white Bible she carried a white orchid nestled in a base of feathered white carnations and white satin streamers.

Mrs. Larry Anthony served her sister as matron of honor. Miss Betty Richardson of Coleman was the maid of honor. Miss Martha Dusek of Abilene, Miss Kay Greenwood of Houston, and Mrs. Weldon White and Mrs. Elton Masters, both of Lamesa, were bridesmaids.

Leon Cohorn, brother of the bridegroom, was best man.

RECEPTION

Immediately following the ceremony a reception was held in the parlor of the church. Guests attended from 22 area cities.

For traveling to Colorado Springs, Colo., the bride chose a tailored dressmaker suit of ecru hand - chipped lace over pink silk shantung and a sleeveless overblouse of matching shantung. She wore an orchid from the bridal bouquet. After Aug. 10 the couple will be at home at 1709 N. 11th Street.

The bride is a graduate of Klondike High School and will receive her bachelor of science degree from McMurry College later this month. The bridegroom is a graduate of Lamesa High School and has been farming in the Seminole and Union Community areas.

Engaged

Mr. and Mrs. Robert H. McCreless of Fort Worth are announcing the engagement and approaching marriage of their daughter, Mary Louise, to Kirk Douglas Wiggins, son of Mr. and Mrs. Blaine Wiggins of Lamesa. A Sept. 18 wedding in First Methodist Church of Fort Worth is planned.

Bride-Elect Honored At Gift Shower

Mrs. Maria Wilkins, bride-elect of Jerry Lloyd Brooks, was the honoree at a pre-nuptial shower held Friday evening in the home of Mrs. James Wilcox, 512 Westover Road.

Cohostesses with Mrs. Wilcox were Mrs. Frank Rice, Mrs. Preach Martin, Mrs. Ray E. Shaw, Mrs. Harvey Clay, Mrs. Hack Hudgins, Mrs. W. B. Sullivan, Mrs. Pyrle Bradshaw, Mrs. H. L. Bohannon, Mrs. Brown Rogers and Mrs. Harold Canning.

The honoree, her mother, Mrs. Clara Scarborough, and the prospective bridegroom's mother, Mrs. Lloyd Brooks, were presented white carnation corsages. They joined Mrs. Wilcox in receiving about 50 guests who called between the hours of 7:30 and 9:30 p.m.

Refreshments were served between the hours of 7:30 and 9:30 p.m.

Refreshments were served at a table covered with an Irish linen cut work cloth over pink. The centerpiece was of pink flowers and extending from the silver holder were six tall, pink candles. Appointments were of cyrstal and silver.

Gifts were displayed in a room decorated with arrangements of pink and green flowers.

Combinations For Cake Can Vary

It's fun to bake an upside-down cake with two varieties of fruit. You can combine pineapple rings and apricot halves from buffet - size (about 8 ounces) cans or make other combinations to suit yourself.

MARKING 50TH

W. F. Taylors Honored With Anniversary Tea

Mr. and Mrs. W. F. Taylor were honored Sunday with a tea at the Big Spring Country Club to celebrate their 50th wedding anniversary.

In the receiving line with Mr. and Mrs. Taylor were their daughters, Mrs. Elmer Atwood and Mrs. O. B. Cave, and their sons, Wayland F. and John L. Taylor.

Mrs. Taylor was attired in a V-necked dress of pale blue silk with which she wore matching slippers and a gold orchid corsage.

As guests entered the ballroom entertaining area, they were registered at a table graced with a gold bud vase holding gold carnations and gold leaves. Grandchildren of the honored couple alternated at the register.

Centering the entertainment area was a tall white basket holding Majestic chrysanthemums, pons and carnations, all in gold, and various tables held arrangements of mixed flowers.

The refreshment table was covered with a floor-length cloth of white satin with a ruffled skirt of white net. Centering the table was a five-tiered white-frosted wedding cake decorated with rosettes touched with old leaves and love birds, and topped with large gold wedding bells tied with satin ribbon. Gold punch was served from crystal appointments.

Members of the house party were Mr. and Mrs. Friend Talbott, Mr. and Mrs. C. O. Nalley, Mr. and Mrs. John Coffee, Mr. and Mrs. M. C. Stulting, Mr. and Mrs. James Wheat, Mr. and Mrs. R. V. Middleton, Mr. and Mrs. Joe Pickle, Mr. and Mrs. Clyde Angel, Mr. and Mrs. H. B. Reagan, Mr. and Mrs. Roy Reeder and Mr. and Mrs. J. C. Pickle.

Relatives of the honored couple who assisted in the house party were Mr. and Mrs. James A. Siddens, Mr. and Mrs. Hayes Walker, Mr. and Mrs. Rob Strayhorn, Mrs. Clarence Leon, Mr. and Mrs. Nelson Smith, Mr. and Mrs. R. A. Taylor, Mr. and Mrs. Charles Caldwell, Mrs. Wayland Taylor, Mrs. John Taylor, Mrs. Jim Fryar, Mrs. J. R. Caldwell and Mr. and Mrs. J. R. Moses.

Calling hours were from 3 to 5 p.m. when the approximately 250 guests included friends from Wichita, Kans., Plainview, Midland, Odessa, Rotan, O'Donnell, Clyde, Baird, Lubbock, Roby, Lamesa, Brady, Colorado City, Little Rock, Ark., Forest, Miss., and Dallas.

STREET DANCE SET TUESDAY

The Mates and Dates Square Dance Club and the 4-H clubs will sponsor a street dance Tuesday evening. The dance will be held on Main between Third and Fourth streets at 7:30 p.m. Bill Woods will be the master of ceremonies, but guest callers are invited to participate. There are approximately 72 members in the club. Adult sponsors are Mr. and Mrs. R. O. Wanner, Mr. and Mrs. Arvil Henry and Mrs. R. T. Merrell.

Anniversary Observed

LAMESA (SC)—Mr. and Mrs. Ed Anderson celebrated their 50th wedding anniversary Sunday with an open house in their home. The couple's children hosted the event.

The Andersons were married Aug. 4, 1914, in Ardmore, Okla. She was the former Mary Minnie Carrell, daughter of the late Mr. and Mrs. J. C. Carrell of Lamesa.

The couple moved from Scurry County to Dawson County in 1926. From 1931 until 1954 he operated a grocery store and service station here. He is now retired.

BENNYE GATTEYS

Small Girls Dress In High Fashion Now

HOLLYWOOD — Cute little Bennye Gatteys, who was in CBS-TV's "Brighter Day" series, wears a size three dress. "I've always had trouble finding clothes to fit me, but when I needed something for everyday wear, it was a real problem. But I am happy to inform all girls who want to dress their age and not look like children that a size three is now made in high fashion.

Hollywood Beauty

"At one time I tried to disguise the fact that I am five feet. I wore the highest heels I could find, and I built up my hair and made myself uncomfortable because I am not tall. I learned that the important thing is not to dwell on smallness, but on harmony and proportion. I wear my hairstyle as a frame for my face. My heels, handbag and jewelry are in proportion. Everything should be scaled to my size—even my appetite. I need smaller portions of food, and I try to eat slowly so I won't be finished ahead of others.

"I am wearing contact lenses," Bennye confided, "and I've never had a moment's trouble with them. The main thing is to have them well fitted in the beginning. If you wear mascara, it's a good idea to wear the waterproof kind because some types of mascara sting when they get in your eyes—especially if you are wearing contact lenses.

"My optician told me that if I would eat two tablespoons of sunflower seeds a day, the raw and unsalted kind, I'd never have any trouble with my lenses being uncomfortable. I buy the seeds at a health-food store regularly and eat them for snacks. They are rich in vitamin A but are not fattening."

If you are not satisfied with the features nature has given you, read what the stars in Hollywood do to improve themselves in Lydia Lane's new booklet, "Self-Made Beauty." For your copy, send 25 cents and a self-addressed, stamped envelope to Lydia Lane, Big Spring Herald, P.O. Box 1111, Los Angeles 53, Calif.

End Series At Cosden

The eight-week duplicate series ended at Cosden Country Club Sunday afternoon when eight tables were in play. A new series will begin next Sunday.

North-south winners were Mrs. Ben McCullough and George Pike, first; Mrs. B. B. Badger and Joe Steyer, second; and Mrs. Ayra McGann and Mrs. Myrtle Lee, third.

Winners in the east-west position were Mrs. E. L. Powell and Mrs. Jack Irons, first; Mrs. J. H. Holloway and Mrs. Joe Steyer, second; and Mrs. Chamn Rainwater and Mrs. G. H. Wood, third.

4-H'ers Complete First Foods Unit

The Big Spring 4-H Club met this morning at 11:30 o'clock in the home of Mrs. James W. Shaw, 1806 Alabama. Kathy Shaw is the junior leader.

The members prepared and served a dinner to complete the first foods unit. Those completing the unit were Brenda Parker, Dixie Coleman, Carol Nanny, Connie Gary and Kay Rogers.

Dear Abby

Go—When Prepared

DEAR ABBY: I am sick and tired of having my parents on my back all the time. I would like to know when I can leave home.

HAD IT

DEAR HAD IT: Moreover, your parents have probably "had it," too. If you are able to pay for your own lodging, food, transportation, doctor and dental bills, insurance and entertainment, and bail yourself out of trouble of any kind—then you may leave home. (But take a key to the back door when you go.)

* * *

DEAR ABBY: My problem is between my husband and me over a dog we don't even have yet. We've been married for two years and we have no children. We both work five days a week. I leave for work at 7 a.m. and he leaves at 7:30. We both get back about 4:30 p.m. All of a sudden my husband decides he wants a puppy. I say he's crazy. Who is going to take care of it? Believe me, I am not going to. Our furniture is brand new and I've seen what a puppy can do to things. Besides, it will tie us down and we like to go away for weekends occasionally. He says, "We'll manage." Can you help me?

MRS. K. A.

DEAR MRS. K. A.: You seem to have all the answers, and they sound sensible to me. Personally, I pity the poor pooch that's brought into a home where he is unwanted by half the household, and left alone all day. (Who will feed him and walk him?) Don't give an inch. If your husband wins this one, it shouldn't happen to a dog.

* * *

DEAR ABBY: What do you think of parents who tell their children that ours are adopted? We had not intended to tell our son that he was adopted until he was ten years old, and able to understand, but the parents of other children have told their children, and, of course, they went ahead and told ours. These people are relatives or we would never speak to them again. Please print this so other parents won't be hurt the way we were.

CRUSHED

DEAR CRUSHED: I am not defending the parents who thoughtlessly told their children that yours were adopted. But adopted children should be told that they are adopted as soon as they are able to understand what the word means. (Ten is too late.)

* * *

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

* * *

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif., 90069.

Massingale Wins First Pro Check

ODESSA — Don Massingale, who was noted for his amateur abilities on a golf course as he copped 15 titles, finally hit the money for the first time as a pro Sunday as he and partner John Farquhar of Amarillo came in first in the 16th annual Odessa Pro-Am.

The Jacksboro native pitched a wedge to within four inches on the final hole and dropped it for a 65 and a 261 for a one stroke victory.

PGA champion Bobby Nichols and Sleepy Wynn of Midland, who had shared the lead with the winners for the past two days, closed with a 66 for a 262 and a share of second.

Odessa College golf coach Jimmy Russell, formerly of Graham, and one of his linksters to be—Bill Mullican of Alamogordo, N. M.—finished with a 65 to also finish with a 262.

Massengale and Farquhar who tied for third last year, failed to pick up any birdies on the first six holes but then Don dropped a six footer at the seventh and John did likewise on the next hole.

The 27 - year - old Massengale then got his putter working for a 25 footer and a 12 footer for birdies at the 10th and 12th holes before Farquhar, a winner here in 1961 with Frank Wharton, dropped one from 18 feet on the 14th.

An almost cinch birdie slipped out of their grasp on the difficult 15th when Massengale missed from two feet. Farquhar made up for it when he hit the pin and then canned a one footer on the 16th.

The Amarillo linkster, the low amateur in the U. S. Open, chipped boldly on the 17th and then missed a four-foot sidehill putt.

On the final hole, Farquhar's wedge landed three feet short and then Massengale's hit two feet past and backed up almost in the hole.

Both Russell and Nichols had to sink three footers for birdies on the final hole in order to beat out the duos of Earl and Chip Stewart and Bobby Westfall and Ben Lane Jr., who had closed with 65's for 263 totals.

Mullican hit two beautiful shots to within 12 feet on the 17th and his bid for an eagle slid off to the left about two inches.

Brownwood's David Boies managed to pick up a check for $200 when he and Randy Petri finished with a 64 and a 266 for a share of 12th place.

Billy Maxwell and Bill Roden also finished with a 65 but were one shot out of the money with a 268 total. They had five bogies during the 72 holes as compared to nary a one for the champions.

Defending champs Ned Johnson of Dallas and Marty Fleckman of Port Arthur failed to finish in the money as they wound up with a 67 for 269.

Former Coleman pro Hardy Loudermilk and Johnny Thornton of San Antonio shared 14th place with a final round 69 and a 267. Loudermilk won $133.33.

Boies picked up birdies at the eighth from four feet, at the 12th from 20 feet and the 18th from two feet. His partner, a member of the University of Houston golf team, reeled off seven birdies.

However, neither could get a par on the 208-yard ninth and then both took three putts for a bogey on the 188-yard 15th.

The accurate - shooting Maxwell had one of his better days as he knocked in seven birdies while his partner Red Roden had one at the 16th. They bogied the seventh when Maxwell hit the pin and then three putted from 12 feet.

The Abilene native got birdies at the first with a 12 footer, at the fourth with a five footer, at the sixth with a six footer, at the eighth with a six footer, at the ninth with a 10 footer, at the 13th from one foot and the 17th from one foot.

Jerry (Punk) Cozby, a pro for less than two months, made his first venture in the play-for-pay ranks a paying one as he picked up a check for $500 when he and Carl Beard won a special scotch foursome.

Beard, a coach at Odessa High, holed a 40-foot chip for a birdie on the second hole of a sudden-death playoff to edge the Dallas team of Hal McCommas and Bob Rawlins. Cozby made the second hole necessary when he dropped a 30-foot par putt on the initial hole.

The two teams tied at 145 in the 36-hold alternate shot affair as the Odessa duo closed with a two-under 70 and the Dallas tandem a 71.

Frank Freer, a former Hardin-Simmons link star, and Jimmy Patterson of Big Spring were 10th with a closing 75 for $25.

John Crow of Abilene and Ray Brewer of Brownwood, who had an opening 82, failed to turn in a card for the second round.

PAT WASHBURN'S

The Roundtable

FROM THE WORLD OF TENNIS:

England's BOBBY WILSON, a Davis Cupper, recently raised a furor by publishing a book called, "My Side of the Net." In "exposing" the morals of tennis players, he wrote:

"Tennis players are like sailors—they have a girl in every port . . . There is no shortage of girls around the tennis circuit; many would seem to attend tournaments purely on the off-chance of landing a date with a tennis player. After a few circuit trips, quite a few players will have a regular girl for each tournament they attend and meet her year after year. In the U.S., of course, things are more streamlined. At the Westchester Country Club I found one tournament dance where they actually line up a collection of presentable debutantes so that visiting players may take their pick for the evening. But I decided American hospitality was being carried too far when a woman telephoned me at my New York hotel one evening. She insisted she had fallen in love with me, explaining that her husband didn't understand her. She was 31, married—with three children!

LEW HOAD

"I think the girls playing the circuit are liable to be hardened by the experience. Perhaps it is the familiarity. But while the sexes mix well enough on the tennis court, men players seem inclined to look for someone outside the game when it comes to marriage. The tournaments don't really pay the girls sufficient expenses and they have to fight for everything they get. It's quite a rat-race, and in the circumstances, it's not so surprising that some girls should get reputations as golddiggers. Indeed, I met one well-known tennis starlet who was so short on expenses that she performed a striptease at 15 pounds a time to raise funds . . .

" To be quite honest, the moral standards of world class tennis are not good."

* * * *

Pro tennis player PANCHO SEGURA of Ecuador, who made the two-handed stroke famous:

"Three of the elements of good tennis are sound strokes, perfect balance and proper timing. A well-founded stroke gives the player the equipment to deal with the ball, good balance enables the player to hit with the full force of his weight and regain his ready position immediately thereafter, and fine timing allows the player to meet the ball at the right moment. There are other factors in the good player's repertoire—anticipation, footwork, stamina, a cool head, the will to win, strategy and so on—but these are the refinements of match play and are developed as the player moves to higher levels. First the player must acquire good strokes, good balance and good timing."

* * * *

LEW HOAD, Australian tennis pro:

"As an amateur, ROD LAVER won the Big Four and became the second man in tennis history to do so. He turned pro, and although HARRY HOPMAN (captain of Aussie Davis Cup team) predicted that he would beat KEN ROSEWALL and me, Rod lost 21 out of his first 23 matches to us. It came as a revelation to many tennis fans for they thought that the top amateur was on a level with the top pros. It did not surprise Ken or me: both of us had learned more in our six months as pros than we had in our last three or four years as amateurs."

RUIDOSO RACE RESULTS

SUNDAY

FIRST RACE (6 furlongs)—Teddys Tower, 3.60, 2.80, 2.60; Orens Pride, 9.20, 5.80; Glendor, 3.80. Time 1:14.6.

West Stuns East Gridders

RANGER (AP) — Don Tardy scored two touchdowns and set up a third Saturday night in leading the West to a 20-0 victory over the East in the eight-man all - star football game.

The game climaxed the annual six and eight - man coaching school.

Tardy ran 20 and 8 yards for touchdowns and set up the other with a 40-yard sprint. Ray Cochran made the third touchdown with a 10-yard run.

The West scored once in the first period and twice in the fourth.

A crowd of 2,000 turned out as the West completed a sweep of all - star games at the coaching school. It won basketball and it also won six - man football.

J. R. Dillard of Sterling City coached the West eight - man team.

Wright Wins In Milwaukee

MILWAUKEE (AP) — Mickey Wright left the women's pro golf trail for a week's vacation today after warning her traveling rivals her immediate goal is to break her record of 13 tournament victories set last year.

The 29-year-old links queen from Dallas Sunday posted her eighth triumph in 15 meets by capturing the $12,500 Milwaukee Open with a 72-hole total of 289.

Miss Wright shook off a closing challenge by Ruth Jessen and finished with a par-matching 72 in winning the Milwaukee event for the second time in three years. It marked her 60th victory, an all-time record, on the LPGA circuit since she turned pro 10 years ago.

Miss Wright collected a check for $2,000, boosting her prize money for the year to $18,912.

Miss Jessen, runner-up to Miss Wright with earnings of $12,052, pocketed $1,500 after closing with a 72 for a four-round total of 292.

Nagle Slips By Palmer

MONTREAL (AP) — Arnold Palmer keeps chasing old Kel Nagle, but he can't catch him.

In fact, Arnie is losing ground.

Nagle, a 43-year-old Australian with powderpuff drives and pinpoint irons, first outraced Palmer in the 1960 British Open when he beat golfing's master by one stroke.

He outran him again Sunday, slashing four strokes off the 7,090-yard Pinegrove course's par 71 and won the $50,000 Canadian Open Golf Championship with a 72-hole total of 277. Palmer, despite his patented finish, was two shots behind this time at 279.

Nagle won $7,500 for his first North American tournament victory and Palmer $4,000 for his fourth second-place finish this year.

Nagle turned in scores of 73 and 71 for the first two rounds, but blazed home on the second half with rounds of 66 Saturday and Sunday.

"They're my best finishing rounds ever," said Nagle.

Nagle went into the final round one stroke behind Palmer, Bill Collins of Grossinger, N.Y., and Ray Floyd of St. Andrews, Ill. Firing birdies on the second, fifth and sixth holes, he overtook the leaders and began setting his own pace.

Palmer missed seven putts of four feet or less but climbed right back into the big money with an amazing finish.

Palmer wound up with a one-under 70 to edge Floyd for second. Floyd, with 280, earned $3,300 and Dan Sikes Jr. of Ponte Vedra, Fla., picked up $2,900 for fourth at 281.

Ashe Looks Good In Tennis Victory

SOUTH ORANGE, N.J. (AP) — Arthur Ashe Jr., rapidly coming to the fore in United States tennis, has set his sights on winning the Wimbledon championship.

The 21-year-old Negro from Richmond, Va., a student at UCLA, won the Eastern Grass Court Championships Sunday by defeating Clark Graebner of Beachwood, Ohio, 4-6, 8-6, 6-4, 6-3. He is the first male of his race to win a major grass court tournament. Althea Gibson, the female Athlete of The Year in 1957 and 1958, was the first Negro to do so.

Ashe, who first hit the headlines in 1961 by winning the National Interscholastic Championship, was ranked 28th nationally that year. He was No. 10 in 1962 and moved up to sixth in 1963 as well as becoming the first Negro to be named to the U.S. Davis Cup squad.

"I'd like to win Wimbledon," Ashe said after he defeated Graebner. "I'm California state champ now. I'd rather be Pennsylvania state champion because the tourney has more prestige. It's the same thing with Wimbledon. If you're the Wimbledon champ they think you are the best."

Ashe competed at Wimbledon in 1963 and this year, but each time was eliminated before the quarter- finals.

In the women's play Billie Jean Moffitt, Long Beach Calif., top seed, swept the honors. She beat Nancy Richey, Dallas, for the first time in four tries, for the singles crown, 7-5, 3-6, 8-6.

Champion Bourbon Congratulates

DON MASSENGALE—JOHN FARQUHAR

Winner of the

Odessa PRO-AM

Champion Bourbon can't be matched in age, quality and smoothness. For, while it's distilled in Kentucky, mellowed 8 full years and bottled in Kentucky, Champion Bourbon 8 costs no more than bourbons half its age!

Look for this Texas Champion Golf symbol in your local store. You'll find Champion Bourbon next to it.

8 YEAR OLD KENTUCKY STRAIGHT BOURBON, EIGHTY PROOF, SCHENLEY DISTILLERS CO., NEW YORK, N.Y.

High-Flying Spikes

Zollo Versalles, Minnesota Twins shortstop, steps on second base for a force-out on Clete Boyer, New York Yankees third baseman, throws to first (left) and then leaps over Boyer and his high-flying spikes on a double play in the seventh inning Sunday of an American League contest in the Twins park. Backing up the play is the Twins second baseman, Jim Snyder. Versalles had fielded Tony Kubek's grounder, stepped on second for the force on Boyer and then threw to Bob Allison in time for the double play on Kubek. New York won, 2-0. (AP WIREPHOTO)

Indians Rip Tigers For Two Victories

By The Associated Press

Sometimes you can't win even when you do.

Ask Sam McDowell and Larry Brown, key figures in the Cleveland Indians' doubleheader sweep over Detroit Sunday.

McDowell pitched a brilliant four-hitter in the 6-1 opener, but got scolded by Manager Birdie Tebbetts and wound up in a Cleveland hospital. Brown broke up the 2-1, 11-inning nightcap with a pinch hit that wasn't.

McDowell suffered stomach cramps before and during the first game but didn't tell Tebbetts. The 21-year-old southpaw appeared to tire in the late innings and the manager, assuming McDowell was not in top shape, told him so afterwards. After McDowell entered the hospital for observation, Tebbetts was the sorriest fellow in Municipal Stadium.

Tebbetts had company when Brown's bases-loaded hit in the 11th of the second game went into the record book as a force play.

Chico Salmon led off the inning by reaching base on Dick McAuliffe's error. One out later, Billy Moran's single and a walk to Tito Francona loaded the bases. Brown, batting for pitcher Luis Tiant hit a looper to short right that dropped in. But Al Kaline's throw to second beat Francona, who had hesitated on the basepath.

Salmon scored the winning run on the weird play but Brown, who needs a few hits, didn't get one. The young infielder, hampered by a leg infection, is batting .223.

The league-leading New York Yankees blanked Minnesota 2-0 behind Jim Bouton's three-hitter and second place Baltimore shook off Kansas City 8-7 to stay five percentage points behind the Yanks. The Chicago White Sox won two from Washington 2-1 and 3-1, climbing to within one half game of the top, and the Los Angeles Angels defeated Boston 2-1.

Bouton, working in 94-degree heat, tossed his second straight shutout and ran his season record to 12-8. Jimmie Hall, who doubled in the seventh, was the only Twin to reach second base.

Giants Scoot Past Pirates

By The Associated Press

San Francisco manager Al Dark went against one of baseball's cardinal commandments — Thou Shall Not Intentionally Put The Winning Run On Base — for the fourth time this season Sunday and remained undefeated as the Giants edged Pittsburgh, 2 to 1.

DARK

The situation came about in the bottom of the ninth after Duke Snider's tie-breaking single gave the Giants the lead in the eighth.

Bob Bailey singled for the Pirates with one out and moved to second on an infield out. Dark then waved in Billy O'Dell, who replaced Ron Herbel on the mound. With Roberto Clemente up, Dark ordered O'Dell to issue an intentional walk and Clemente trotted to first with the potential winning run.

Jerry Lynch made Dark look like a genius by looking at a called third strike.

The victory moved the Giants back to within 1½ games of the National League leading Philadelphia Phillies, who ran afoul of Maury Wills. Wills stroked a double and single, stole two bases and started two doubleplays as the Dodgers belted the Phillies 6-1.

St. Louis kept third-place Cincinnati 4½ games off the pace by beating the Reds 5-4 despite a pair of two-run homers by Deron Johnson, the Chicago Cubs whipped Milwaukee 5-1 and Houston outslugged New York 9-7 in the opener of a doubleheader before the Mets won 4-2.

The Giants' scored the clincher in the eighth against Bob Friend, 9-11, when Jose Pagan led off by beating out a hit between third and short. Two outs later, Snider rapped his winning single.

Wills' two hits gave him eight in 13 trips to the plate against the Phillies in the first three games of the four-game set. Meanwhile, rookie Larry Miller pitched his first complete game for the Dodgers by allowing only seven hits.

The Dodgers snapped a 1-1 tie in the fourth when a single by Willie Davis, Ron Fairly's triple and a single by Nate Oliver produced two runs. Tommy Davis later homered for Los Angeles.

The Cardinals built a 4-0 lead in the first three innings against starter Jim Maloney with Curt Flood hitting a homer, but Johnson connected with a man on in the fourth and eighth innings, both off Curt Simmons.

St. Louis then broke through for the winner in its half of the eighth on two walks, sandwiched around Julian Javier's double, and a sacrifice fly by Carl Warwick.

Ernie Broglio, 5-9, won his second straight for the Cubs and ended Chicago's five-game losing streak by keeping eight Milwaukee hits well scattered.

Coaches Open Annual Event

FORT WORTH (AP) — The Texas Coaching School swings open today with only 620 registrations needed to set a record.

There were 3,207 on the line Sunday when registration closed an hour earlier than usual. That was only 16 behind the total enrolled at Houston on the first day last year.

The final total at Houston was 3,826.

Lectures on football, basketball, baseball and track got the big clinic under way this morning.

Charles McClendon of Louisiana State and Wayne Hardin of Navy discussed football.

J. N. McCarthy of Mississippi State and Gus Ganakas of East Lansing, Mich., High School talked on basketball.

Bill Easton of Kansas lectured on track.

Cliff Gustafson of South San Antonio High School talked on baseball.

Rains, Lewis Advance In City Golf Tourney

The 16th annual city golf tournament continued into the second day of play Sunday with two golfers in the championship flight advancing to the semi-final round.

Dan Lewis swept past Farris Hammond with little difficulty, 6-5, while Bernard Rains, last year's finalist and one of the favorites to cop this year's crown, was carried to an extra hole before getting past Don Lovelady, 1 up 19.

The final first round match in the top flight was played also with Jimmy Newsom slipping by Novis Womack in one of the longest matches of the tournament, 1 up 20.

In the championship flight consolation, only one match was recorded, that involving Neil Robinson and R. S. McCullah, with Robinson winning on a forfeit.

CHAMPIONSHIP FLIGHT
First round matches—Jimmy Newsom over Novis Womack, 1 up 20.
Second round matches—Don Lewis over Farris Hammond, 6-5; and Bernard Rains over Don Lovelady, 1 up 19.
CHAMPIONSHIP FLIGHT CONSOLATION
First round matches — Neil Robinson over R. S. McCullah, forfeit.
FIRST FLIGHT
First round matches—R. P. Nicholson over Ted Hull, 2-1.
Second round matches—Joe Stocks over Mondo Torres, 1 up 19; and Jess Buchanan over Pat Patterson, 3-2.
FIRST FLIGHT CONSOLATION
First round matches—Jimmy Montgomery over Bobby Rutherford, 3-2.
SECOND FLIGHT
First round matches—Sherrill Farmer over R. L. Heith, 2-1; Thomas Young over Danny Coats, 1 up; V. E. Jones over Shorty Gideon, 2-1; and Spot Cockrell over Clarence Schafer, 2-1.
Second round matches—Jimmy Harper over Farmer, 3-2.
THIRD FLIGHT
First round matches—Harry Hubbard over Charles Marstrand, 2-1; and Melvin Newton over Richie Arnold.
Second round matches—Shi Garman over Hubbard, 1 up; and Wayne Hulme over Jerry Richburg, 1 up.
THIRD FLIGHT CONSOLATION
First round matches—Perry Johnson over Dexter Pate.
FOURTH FLIGHT
First round matches—James Petty over Bill Cregar; and Kent Brown over Don Worthan.
Second round matches—J. P. Gordon over Sam Hulme, 2-1.
FOURTH FLIGHT CONSOLATION
First round matches—Rex Bishop over Charles Dunnam, 6-5.

All-Stars Workout For Big Contests

FORT WORTH (AP)—The favored North worried about the South's fast break today as basketball squads that clash in the Texas Coaching School all-star game stepped up their drills.

The South is expected to rely on its speed and a man-for-man press in an effort to offset the North's advantage in height and scoring potential.

"We're hoping to stop them on the fast break," said Coach Fabian Lemley of McAdoo. "They definitely are faster than we are."

He found that his team was having one trouble in defending against the fast break but declared "we are hopeful that things will work out."

Sharp workouts Sunday brought Farrar Stockton of Dallas Woodrow Wilson and Terry Trippe of Odessa to the fore and Lemley said the two looked exceedingly good from all standpoints of play.

Joe Dobbs of Lubbock and Billy Arnold of Fort Worth Haltom had a bruised arm and jammed finger respectively from opening workouts but showed no effects in practice.

Larry Black of South San Antonio was the big talk of the South camp. The all-stater "picked up the pattern very well," said Coach Foster Martin of Houston Jeff Davis.

Black actually replaced two of Martin's own players, Rey Calderon, as playmaker of the South forces.

Martin indicated that he had pretty well settled on a starting lineup for the Wednesday night game with Black, Larry Miller of San Antonio Lee, Tom Molina of San Diego, Jimmy Dale Lenox of Clear Creek and Mickey McCarty of Pasadena making up the team.

Martin said McCarty and Molina would be the men to do the work on the backboards. They are the tallest players on the South squad, each soaring 6 feet 5 inches.

* * *

FORT WORTH (AP) — Jim Hagle of Corsicana and Warren McVea of San Antonio Brackenridge were the talk of the football camps at the Texas Coaching School today.

Hagle, all-state back from Corsicana, awed the coaches with his fine punting as he worked out with the North squad that meets the South Thursday night in the all-star game, a climax to the coaching school.

"He is the finest punter I ever saw," said Bill Davis of Gainesville, chairman of the selections committee.

McVea, a great running back who has been placed at split end on the South squad to better utilize his talents as a pass receiver, will "put tremendous pressure on their defense," said Coach Jim Acree of Corsicana.

The coaches found McVea also doing a good job defensively, indicating the Negro star will be the very heart of the South team.

Both squads staged tough scrimmage sessions Sunday afternoon.

Coach Charles Qualls of McKinney said it appeared the outstanding lineman of the North team will be Phil Tucker of Tulia, a tackle who plays both offense and defense.

Acree was able to designate his offensive lineup as a result of the showing of his boys in a rugged scrimmage that lasted 20 minutes.

The South's starting lineup looks like Ines Perez of Corpus Christi Miller at quarterback, Linus Baer of San Antonio Lee at tailback, Charles Wilson of Port Arthur at fullback, Tommy Luker of Stockdale at wingback, McVea and Wade Key of San Antonio Edison at ends, Ralph Cooper of Houston Reagan and Ervin Isensee of Taylor at tackles, Tommy Harper of Austin and Jack Herrington of Houston Austin at guards and Dale Johnson of West Orange at center.

Softball Title Goes To 331st Squadron

The 331st Squadron won the American Softball League city championship Saturday night behind the strong right arm of Vic Figalan.

Figalan pitched four straight games, losing the first tilt to Skateland, 16-4, and then coming back to defeat Hester's, 5-2, and Skateland in the final two contests, 13-7 and 6-0.

In the opening contest, Skateland racked up 18 hits, including a double and homer by lead-off batter Sorley, as they coasted to an easy win. Thelbert Camp was the winner, helped greatly by McMahan's four-for-four performance at the plate. Dunne had a double and Miller a homer for the losers.

The second game saw Figalan toss a six-hitter as he was tapped for two doubles by Arenciria and Battle. Siney had the winner's only extra-base knock, a double. Runs in the fourth and sixth frames provided the margin of victory for the 331st.

In the third game, Skateland took an early 2-0 lead but the 331st battled back to tie up the contest and go ahead in the sixth inning in one of best games of the night. The winner's only extra-base hit was a homer by Boyce in the sixth inning with no one on base. Farris and Stovall had doubles for the lowers. Camp was the loser.

In the game for the championship in the double elimination tournament, Figalan had his finest game of the night as he tossed a four-hitter, with Camp collecting two of the singles. The 331st also had only four hits but Miller and Figalan each had two-run home runs to spell the difference. Camp was again the loser.

President Speaks Out

LAKELAND, Fla. (AP)—The president of the Florida State State League feels the major leagues are hurting their future players with the substitution of summer rookie leagues for minor league farm teams.

The rookie leagues are little more than "baseball study groups," MacDonald says.

Speaks Out In Textbook Fuss

University of Texas biology professor Dr. Irwin Spear says that the letter-writing campaign staged by church groups against the state adoption of three biology textbooks that discuss the theory of evolution raises the major question of church-state separation. (AP WIREPHOTO)

Big Potential In Range Management

Looking for a field with more than ample growth potential where job offers outnumber graduates four-to-one? Then try range management.

Dr. Thad Box, range management professor at Texas Tech, calls it a "hybrid."

"Range management has been defined as the art and science of obtaining maximum sustained livestock yeild from native ranges consistent with the conservation of the land and forage resource. This high-powered definition simply means making the land pay off in livestock products over the years," he said.

"To do this, a range manager must be trained in several fields. He must be qualified to produce a good feed crop of native forage, but this is not the whole story.

"Since he is also charged with harvesting the crop with livestock, he must be an animal husbandman as well. Once he has harvested the crop, he must be an economist, able to turn it into a profit."

Dr. Box is at the helm of Tech's rapidly-expanding range management program. The "baby giant" of the College's Agriculture School, Tech's range program has experienced a whopping 366 per cent growth in senior enrollment over the past five years. "This puts our program at Tech far above all other range management programs in the United States," he said.

Equally impressive is the 287 per cent increase registered in all range management courses at Tech, regardless of student level.

Feed Exports Up

WASHINGTON (AP) — The Agriculture Department said today that exports of U.S. feed grains are running 8 per cent greater than a year earlier.

Cotton Surplus May Be Reduced

WASHINGTON (AP)—An Agriculture Department report raised the prospect today that the U.S. reserve and surplus of cotton may be reduced by 700,000 to 1 million bales during the 1964 crop marketing season ending next July 31.

The report forecast demand at 14.8 million bales, up 700,000 bales. Unofficial crop forecasts range from 13.8 to 14.1 million bales.

Now! False Teeth Fit Beautifully!

Amazing dental discovery, 'Cushion Grip'®—ends sore spots—refits loose dentures to hold snug as a dentist's mold! Tasteless! Nothing to mix! One application lasts months!

After years of research, modern science has developed a remarkable new way to make false teeth fit beautifully—stop looseness, slipping, clicking, relieve sore spots—*without* messy, old-fashioned pastes, powders and pads! It's CUSHION GRIP—amazing new soft, pliable plastic that holds false teeth snug as a dentist's mold, through soothing suction—makes loose dentures fit properly again. Result is, you can talk, laugh, eat anything without discomfort or embarrassment!

CUSHION GRIP is easy to use—nothing to mix or measure! Simply squeeze out of tube onto dentures, then insert false teeth into mouth and bite down. Instantly, CUSHION GRIP molds to contours of mouth and gums—provides beautiful fit—holds dentures firmly in place with suction. Looseness, slipping, clicking, disappear. Sore spots are quickly relieved. One application lasts for months, despite nightly cleaning, yet CUSHION GRIP is easily removed when desired. What's more, CUSHION GRIP actually refits, relines worn dentures, lets you save over $100 on costly relining work. Get new CUSHION GRIP today. Satisfaction guaranteed or money back.

Military Pay Nears Okay

WASHINGTON (AP) — A bill which would speed pay raises to every member of the armed services except draftees and lowest-ranking enlisted men is expected to win final congressional approval today.

Little debate is expected as the House takes up the bill. House passage would complete congressional action on the measure and whisk it to the White House.

President Johnson is prepared to sign it quickly so the $207-million pay raise can begin Sept. 1.

For most servicemen and servicewomen, the pay raise would be the second in a year. Congress enacted a $1.2-billion raise last year, putting it into effect Oct. 1.

All controversy on the bill evaporated when Rep. Carl Vinson, D-Ga., chairman of the House Armed Services Committee, decided to call it up under a special procedure known as suspension of the rules, which requires a two-thirds vote for passage.

Under this procedure, the bill may not be amended. By bringing it up this way, Vinson assured that the bill, which is identical to the one passed by the Senate, can go directly to the White House without entangling it in a compromise conference between the two bodies.

During Armed Service Committee deliberations, Rep. Richard S. Schweiker, R-Pa., tried without success to amend the bill so it included pay increases for the draftees and lowest-ranking enlisted men as well as the others. This was defeated by a 21-9 vote.

The bill would provide these increases:

1. A 2.5 per cent increase for all officers and enlisted men with more than two years of service.

2. An 8.5 per cent increase for all officers with less than two years of service.

LAST RAISE

Rivers said the increase for junior officers was larger than for the others because these junior men received nothing in the pay raise of last Oct. 1.

Under the bill, the increases would run along these lines:

A general or admiral, now receiving $1,785 a month, would receive $1,830, an increase of $45.

A colonel or Navy captain, now receiving $1,000 a month, would receive $1,025, and increase of $25.

A captain or Navy lieutenant, now receiving $565 a month would receive $579, an increase of $14.

A second lieutenant or ensign, now receiving $222 a month would receive $241 a month, an increase of $19.

A master sergeant or senior chief petty officer, now receiving $415 a month, would receive $425, an increase of $10.

A corporal or petty officer third class, now receiving $205 a month, would receive $210 a month, an increase of $5.

Railroads Help Get Industries

AUSTIN — Railroads have brought into Texas during a 10-year period 4,454 industrial plants costing $2,000,047,602. They had an initial total employment of 84,096 persons. Many of the businesses have since expanded operations to employ many thousands of additional people and few of them have failed, according to reports to the Texas Railroad Association.

Industrial development departments of 14 railroads operating in Texas participated in the intensive and continuing drive to bring industry to the Lone Star State. They have helped make Texas one of the top states in industrial expansion, the association declared. Plants range from those employing only a few people to dozens of huge facilities which each initially put more than 1,000 persons on their individual payrolls.

Texas railroads maintain effective Industrial Development Departments to provide expert, professional assistance to companies seeking industrial sites. Specialists are at terminal points of the railroads throughout Texas. Also, many railroads maintain staffs in the East and Middle West and on the West Coast.

JUMBLE — *that scrambled word game*

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

NEECH

ILPAT

CUDISS

ETOGEA

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

A Devotional For The Day

Oh how great is thy goodness, which thou hast laid up for them that fear thee. (Psalms 31:19.)

PRAYER: Dear God, we thank Thee for all Thy dealings with us in the past. Grant us a continuing enlargement of experiences of Thee in the future. To Thy name be all the glory, through Christ our Savior. Amen.

(From the 'Upper Room')

Amazing Achievement

Achievement of our scientists and technologists in our highly successful lunar probe is a source of great pride to all Americans.

Twelve previous attempts had been abortive in one respect or another, but the Ranger VII project was as nearly perfect as it is humanly possible to conceive and execute such a plan. Thus, we have a lesson anew that failures are useful if they are used as stepping stones, and in the end it is the final success which counts.

If anyone had attempted to convince us even a score of years ago—yes, possibly even a decade ago—that we would be experiencing a visual close-up of the moon, he would have been a candidate for a mental examination. Yet, cameras aboard the Ranger VII send back detailed pictures of the moon's surface from several hundred miles out until the moment it crashed into the moon's surface. Craters from a few feet to a few hundred feet in width were reflected in detail. Scientists will be digging out of these pictures a fabulous wealth of information for months.

Another thing which should be reassuring to us is that in shooting a missile over a quarter of a million miles into space, technicians came within less than 10 miles of a precise aiming point. That ought to tell us something about ability to hit anything on this earth with missiles if the need arose.

Decide Ahead Of Time

Gov. John Connally and House Speaker Byron Tunnell differ over the 59th Legislature's approach to a heavy and controversial workload. Lt. Gov. Preston Smith, who presides over the Senate, appears somewhere between the two on this question, which should be settled by informal agreement before the regular session opens in January.

The 59th faces a heavy load of regular business, plus court - directed congressional and legislative redistricting in Texas and a tax bill to finance it. Gov. Connally says "it can all be done in a regular 140-day session."

Speaker Tunnell is arguing for getting regular business done and the higher education and tax programs accomplished first and leaving the redistricting struggle for a subsequent 30-day special session. Lt. Gov. Smith recognizes that the 59th's agenda will strain a regular session but has not argued for planning on a special session.

There is no logical reason why Connally's schedule won't work. Higher education, taxation and redistricting have all been subjects of extensive between-sessions study. The legislature's committee system is designed to handle a multiplicity of bills simultaneously. There is plenty of time for floor debate on all agenda items. And special sessions cost money.

The main argument for Tunnell's approach is this: The anticipated bitter wrangle over redistricting, which will criss-cross party and factional lines and involve legislators in personal struggles for political survival, may so inflame tempers in the regular session as to obstruct or mangle any constructive legislation, including the higher-education program, that might get caught in the in-fighting.

It is admittedly difficult to weigh the relative wisdom of the alternatives. This much can be said with certainty: The Texas Legislature must accomplish redistricting before the election process begins again in February, 1966, and the higher education program should be started no later than the fall semester of 1965. It is the joint responsibility of Connally, Tunnell and Smith to seek legislative leadership agreement on how that can best be done.

Humphrey On The Threshold

WASHINGTON—Father Flannigan's theory that "There's no such thing as a bad boy," has never proved out better than in the case of Senator Hubert Horatio Humphrey of Minnesota—and maybe of the 1964 Democratic ticket.

And rightly enough, if Humphrey does get the vice presidential nomination, he'll stand as one of President Johnson's major reclamation projects as well as a credit to his own maturing character. No man's success would be more personally deserving or give warmer satisfaction to the press gallery than Humphrey's at the coming Democratic Convention. Hubert's a Good Guy in practically everybody's book, despite being a holler guy for too many liberal causes.

WHAT'S NOT SO well known is Lyndon Johnson's discovery and development of the heart-of-gold which not many of us were aware of at first in the truculent, loquacious Liberalissimo who came to the Senate in 1949. He and the late Maurice Tobin had rabble - roused the 1948 Democratic Convention and driven four Southern states to the Dixiecrats. Still an enfant terrible a few years later, Humphrey cut loose a Senate floor diatribe against Senator Harry Byrd and got himself blackballed from "the club" which for years had run the Senate from a privileged sanctuary.

ONE OF THOSE elders who moved to Byrd's side was Senator Walter George, autocrat of the "club's" inner circle and monarchial chairman of Foreign Relations, where Humphrey was a new member. Few, if any, of us noticed at the time, but LBJ's reclamation work commenced by giving Senator George the famous "treatment" and personally vouching for the crestfallen Humphrey's bona fides. In 1954 Mr. George wrote a letter to the State of Minnesota that substantially assisted Humphrey's re-election.

THE COURSE OF friendship between Johnson and Humphrey didn't run smoothly, but it ran deep. I remember a day in the mid-50's, a time in which LBJ was fighting to hold his leadership against the Adlai Stevenson Liberals, when Humphrey charged into the Majority Leader's outer office where I was waiting and demanded an audience. What went on behind the closed door I only learned by indirection, but it was Johnson's round. By 1959, the men were coupled by mutual affection and respect.

TO KEEP A friend, you've got to be a friend, and this is Humphrey in word and deed toward the President, whose nod will name the Democratic slate next month. As Majority Whip, Humphrey contacts Johnson every day, but the senator listens and the President does all the talking on the subject of the vice presidency.

"There's nothing I could do or say to impress him. He knows me well and knows how much I care for him. I won't bring pressures on him because I don't think he ought to work under such pressures. Besides, no politics is good politics in this case, and I have turned down 15 or 20 speeches at state conventions rather than seem to campaign for the vice presidency. If it comes, it'll come."

Western, Midwest First Targets For Barry

WASHINGTON (AP) — Sen. Barry Goldwater's Republican presidential campaign will rely heavily on television and hit hard at states where the Arizonan already has a strong base of support.

And through it all, the Goldwater forces will be quietly watching the issue of civil rights in the North. On that score, they plan now to be silent.

For, although men around Goldwater have said in the past that the so-called white backlash in northern states could mean votes for their man next November, they have hastened to add that the question will for them be a completely quiet one.

GOLDWATER, genuinely concerned around its explosive implications, is doing his best to keep it that way.

The lessons of the long primary campaign are much in the minds of Goldwater's men as they map strategy for the coming race against President Johnson.

Three states stand out: New Hampshire, Oregon and California.

In New Hampshire, where he lost the nation's first primary to Henry Cabot Lodge, Goldwater was a candidate who talked constantly, who for a time held almost daily news conferences.

He wound up tired and constantly plagued by demands that he explain to the voters remarks he had made on Social Security, on the United Nations and on a variety of other subjects.

IN THE WAKE of that defeat, the Goldwater forces tightened their planning, turned to prepared speeches instead of off the cuff talks with small groups of voters and sharply cut the candidate's news conference appearances.

The senator said later he suffered in New Hampshire from overexposure to the press.

In the big battle ahead, says Dean Burch, Republican national chairman, Goldwater can be expected to stick to the post-New Hampshire pattern — and seek to stick to a handful of vital issues.

"Too many issues and the campaign can come unglued," he says.

THE PATTERN Goldwater's men seek to shape is the one they followed in California, where the senator eschewed the whistle stop style of vote-hunting, took his message to the voters in an intensive series of television appearances — most of them on tape or film — and made his personal appearances at a series of major rallies.

Together, the California and Oregon primaries signal the third key factor in current campaign planning. Goldwater's forces figured in advance the Oregon primary was lost, and they called off the senator's personal campaign there.

Instead, they concentrated time and money on the California primary. And in California, they worked hardest at the southern areas where Goldwater appeared strongest.

"WE HAD SEVEN days left," says Burch. "We were strong in the south, weak in the north. We spent 6½ days in Southern California, one half day up north."

And Goldwater won — on Southern California votes.

Now his strategists are talking of an effort to secure Goldwater's bases of strength — in the Western, Rocky Mountain and Midwestern states, and perhaps some Southern states — early in the presidential campaign.

—By Walter R. Mears for James Marlow

Hal Boyle

$7,000 For America's Discovery

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

It cost Columbus $7,000 to discover America. The big question now is — was it a good investment?

A century ago anybody over 50 was considered old. But most of today's oldsters don't feel old. A Harvard study of 200 people over 65 found that only 21 per cent of the men and 20 per cent of the women thought of themselves as elderly.

IT HAS BEEN estimated that 64 per cent of the world's great achievements were accomplished by people over 60 years of age.

A quarter of a century ago it cost passengers $200 for $10,000 insurance — one way — for the first transatlantic flight aboard Pan American's pioneering Dixie Clipper. Today for $12 you can get a $300,000 policy, round trip.

If you used as much water as the average plant does, in proportion to your weight, you'd have to drink 10 quarts a day.

TO GET RICH all you need is to discover a way to profitably mine the mineral wealth in the sea. The oceans of the world contain some six million tons of gold.

Quotable notables: "Self-pity is our worst enemy, and if we yield to it we can never do anything wise in the world."—Helen Keller.

It would take the light of 80,000 large fireflies to equal the heat given off by one small candle.

In Australia, when you order fish and chips, the chances are you'll get shark meat. Sharks are quite a delicacy in the land Down Under.

FOLKLORE: If a girl sits on a table, she won't find a husband within the year. If a young lady hangs a cabbage stump over her door on Halloween, she'll wed the first man who enters.

It was Thomas Carlyle who observed, "The courage we desire and prize is not the courage to die decently but to live manfully."

Billy Graham

How can you preach of God's love and justice when it says in the Bible that He hardened Pharaoh's heart so that he would not let the children of Israel go out of his land. And then because Pharaoh did not let them go, God killed all the firstborn among the Egyptians and also of their livestock. This does not sound to me like a God of love and justice.

G.W.

It sounds to me like you are trying to trump up a case against God. But, in case this is an honest question, I would point you to this fact: before the statements in Exodus about the "Lord hardening Pharaoh's heart," Pharaoh makes a decision which opposed God's plan for Israel. For example in Exodus 14:6 the record says: "And Pharaoh made ready his chariots, and took his people with him, to pursue Israel," and then the words, "And the Lord hardened the heart of Pharaoh." The fact was: the hardening of his heart was the result of actions that were in opposition to Jehovah God.

Just remember that it is the same sun that melts butter and hardens cement. The hardening depends upon the nature. God doesn't harden our hearts, but when we follow a course that is in opposition to his will, our hearts are hardened.

The phrase, "The Lord hardened his heart," means that God's law held sway, and as a result of Pharaoh's wilfulness, his heart was hardened.

There are many today to whom God is speaking—but through their love of sin they are hardening their hearts by rejecting God!

To Your Good Health

Exercises Help In Cases Of Paralysis

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: A few months ago a man wrote in your column about a type of exercise which helped him tremendously in overcoming the paralysis caused by a stroke. This was a rather simple exercise done while lying in bed. Could you send me information on what this exercise is, as I am not sure that I remember. —M. P.

I don't remember, specifically, either. Over the years I have printed a number of such letters. But the particular choice of exercises isn't very important. You don't need SPECIAL exercises; you need only to pursue such exercises as you are able to perform involving the paralyzed areas.

This can be squeezing a rubber ball, picking up miscellaneous objects, or even merely wiggling the fingers if that's all you can do at first.

Lifting small weights (beanbags, or small sacks of pebbles or whatever) will help both hands and arms. Gradually increase the weight as you are able. You can rig up a similar idea for exercising a leg. Lying in bed, you can wiggle toes or feet, curl the toes, or work at drawing up the knee—it depends on how much you CAN do. And then keep doing it.

Rehabilitation institutes, hospitals and others specialize in exercises and can suggest lots of ideas, but you can make up your own effectively, too.

* * *

Dear Dr. Molner: Our 11-year-old daughter weighs 105 pounds and is 4 feet 11 inches tall. I don't think she's fat but she has a big stomach. Do you think she will lose it when she starts to mature? Or should I have her checked by the doctor? She has had it for two years?—K.M.

Madam, I think you are deluding yourself and you ought to stop doing it for your daughter's sake.

At her age, height and weight, she's fat. That's what the "big stomach" is, and hoping that she will lose it when she starts to mature is nothing but wishful thinking.

True, small girls sometimes have a time of being "chunky" at this age before they start to grow tall and slim out, but this "chunkiness" isn't all in the form of a "big stomach."

Take her to your doctor, and if he says she's somewhat overweight, he will probably recommend a moderate but continuing program of easing up on the fattening foods she eats—plus exercise.

* * *

Dear Dr. Molner: Can there be any side effects from cortisone injections in the knee?—A. M. S.

They are most unlikely. Several cortisone injections will hardly ever have any side-effects. Continued use of cortisone (weeks or months) by mouth must be carefully watched, however.

* * *

"You Can Stop Sinus Trouble!" is the title of my booklet explaining what sinus trouble really is, and encouraging sinus sufferers to do something about it. For a copy write to Dr. Molner in care of The Herald, enclosing a long, self - addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

* * *

Dr. Molner is happy to receive readers' questions, and whenever possible uses them in his column. However, due to the great volume of mail received daily, Dr. Molner regrets he cannot answer letters individually.

Around The Rim

The International Breakfast

This and that:

An English newspaper tells of an American who entered a restaurant in London and ordered an "old fashioned English breakfast."

He was served Irish bacon, Danish eggs, Italian tomatoes, French bread and New Zealand butter—by a Spanish waiter.

* * *

SPEAKING OF food, you've heard how Satchel Paige, the great old Negro baseball pitcher, keeps peace with his stomach and his nervous system, haven't you? His secrets of longevity are worth repeating:

"Avoid fried meats which angry up the blood.

"If your stomach disputes you, lie down and pacify it with cool thoughts.

"Keep the juices flowing by jangling around gently as you move.

"Go very light on the vices, such as carrying on in society—the social ramble ain't restful.

"Avoid running at all times.

"And don't look back. Something might be gaining on you."

* * *

EVERY AMERICAN buys an average of 3.22 pairs of shoes a year, according to a study made by a statistical and research organization.

In Australia, the boys must kick at as many cans as they do in America. The per capita consumption there is above three pairs a year. In the United Kingdom, it is 2.82 pairs.

* * *

ARE YOU doing most of your shopping now after night comes on?

More than half your neighbors are, and the trend is growing. Many stores around the country are staying open six nights a week. Many retailers now stage major family promotions at night.

* * *

HAVE YOU HEARD about the tourist who approached the native and, in the course of their conversation, remarked:

"Why, it's only 12 o'clock. It seems much later."

To which the native replied:

"Around here that's all it ever gets, then we start over."

* * *

THEY SAY cutting your air conditioner off at night may save some electricity but results in extra daytime work for the unit.

Constant operation not only is supposed to be easier for the conditioner but it eliminates dust, outside noise and rain damage from sudden storms.

An authority on the subject urges that you get most comfort out of conditioning by lowering the thermostat a degree or two on a cloudy, humid day.

—TOMMY HART

David Lawrence

Demonstrations And Politics

WASHINGTON—Although the voluntary ban on demonstrations called for by the national leaders of Negro organizations at a conference in New York City is designed to help President Johnson by turning votes away from Senator Goldwater, it is doubtful whether the way chosen to achieve that objective will be as effective as it might have been if the political purpose and motive had not been emphasized.

THE FORMAL statement of the leaders of the Negro organizations called for "a broad curtailment, if not total moratorium, of all mass marches, mass picketing and mass demonstrations until after election day, next November 3."

Does this mean that the so-called "non-violent" demonstrations, which have so often resulted in violence, will be resumed immediately after election, no matter who wins? Will not "small - scale demonstrations," which some of the leaders said after their conference would be continued during the campaign period, furnish opportunities for the outbreak of violence? So long as there is a spectacular emphasis on race feelings, it may be questioned whether the emotions of the Negro communities will be quieted.

THE THREAT to resume mass demonstrations after the election implies that only by such devices can progress be made even under a Democratic administration and a Congress controlled by a Democratic majority of substantial proportions in both houses. In fact, some Negro leaders have been quoted recently as saying, in effect, it was largely because of the tactics of intimidation exemplified by mass demonstrations that the new civil rights law was passed.

The statement issued by the Negro leaders and read by Roy Wilkins, executive director of the NAACP, said in part:

"IN OUR VIEW the election contest which is shaping up is a more imperative reason for a moratorium on demonstrations than any local or state condition that has confronted our forces heretofore . . .

"We believe racism has been injected into the campaign by the Goldwater forces. The senator himself maintains his position that civil rights matters should be left to the states—clear enough language for any Negro American."

When asked whether this statement was a call for the defeat of Goldwater, Mr. Wilkins replied: "I think that's a safe assumption."

A CRITICAL view of all this was expressed, however, by various Negro leaders in different parts of the country, many of whom said they would continue to have demonstrations.

The basic problem of race relations was present long before the Republican national convention nominated the Arizona senator. It has been an open political issue ever since the voters in Philadelphia divided on a Negro and white basis in a local election last November. The same kind of race consciousness has been stimulated in various parts of the country by Negro rallies and race demonstrations during the last three years.

EVEN STATE ACTION on "civil rights" is not satisfying the agitators today. New York state has had for some time virtually the same kind of legal ban against discriminatory acts as is contained in the new federal statute. This, however, was no preventive of the race riots in Harlem, Brooklyn and Rochester.

The issue in the forthcoming presidential campaign for many voters will be not whether the Negro shall be given equal rights as provided by certain laws of the federal government and the states, but whether the benefits of those rights shall be sought by lawful and orderly methods or by mob violence that results in looting and bloodshed.

(Copyright, 1964, New York Herald Tribune, Inc.)

Richard Starnes

Viet Nam Is A Time Bomb

WASHINGTON — All signs and portents from South Viet Nam now point to one large, intractable and politically supercharged fact:

The war for Southeast Asia has grown to the point where it cannot grow any more and still masquerade under the comforting fiction that it isn't an American war at all, but actually is sort of a conflict by proxy.

AT NO TIME have the American people been told the whole dismal truth about the war, and the prospects for candor are sure to diminish as November and the election draw near. But the reality is that the Communist North Vietnamese and the Chinese Reds have called all our raises in Viet Nam (and Laos), and raised the ante in turn.

Mr. McNamara's slicked-down and parted in the middle estimates of the pace and direction of the conflict are heard no longer in Washington. Americans were eager to believe them, but Ho Chi-Minh's hardpan bitter-enders were not so easily taken in. Thus the promise of gradual American withdrawal has perished silently (as all such irredeemable pledges do in the nation's capital) and we now witness a buildup of our forces consigned to that sweltering hell.

AMERICAN "advisers" are to be increased by 5,000, and our elite Special Forces are soon to be told their tour on the Mekong is to be doubled, from six months to one year. No man alive knows the present money cost of our adventure in white-man's-burdenmanship, but apparently the $1.5 million-a-day figure is still the one that is passed glibly from hand to hand on the Georgetown cocktail and clam-dip circuit.

But money is not the central tragedy that has engulfed us in Southeast Asia, and even the young lives that have been cast into the balance are not the real measure of the disaster.

THE CRUELEST aspect of the nation's dilemma is simply that by pursuing a bankrupt policy in Asia, the United States is made to look like a nation that is itself morally and intellectually bankrupt. Americans do not believe this to be so, but sophisticated Asians do, and so do a disheartening number of Europeans. The crisis in Southeast Asia is a crisis of world leadership—a fact that the Communists have never once lost sight of and a fact that most Americans have never once glimpsed.

THERE IS NO surprise in the news that more North Vietnamese regulars are being identified among Communist Viet Cong units, nor in the word that the guerrillas are better equipped than ever. Since the United States' first gingerly step into that murderous flypaper, the Communists have never shown any sign that their ultimate objective was anything less than total conquest.

All these unpalatable truths are known to the government, and to the busy tacticians who are mapping Senator Goldwater's campaign strategy. Viet Nam is the biggest political time-bomb in Washington, because the next step is the commitment of combat troops and every realist from the Mekong to the Potomac knows it.

(Distributed by United Feature Syndicate, Inc.)

Mackenzie Honored

GRANDE PRAIRIE, Alta. (AP)—Ten men and a dog honored the memory of Sir Alexander Mackenzie recently, 171 years after he paddled down the Peace River. Dressed in deer skins and moccasins, they paddled 180 miles along the course Mackenzie followed in 1793 to highlight a celebration that ranged throughout the Peace River areas of Alberta and British Columbia.

NASA Ready For Closeups Of Clouds

WASHINGTON (AP) — Riding the crest of the smashing U.S. moon picture taking success, the National Aeronautics and Space Administration is ready to whirl the same kind of cameras around the earth to take close-up photographs of clouds.

The object of the launch, which may be conducted next week, is to better understand the weather. And the new satellite, Nimbus A, is designed to provide better than ever pictures of the cloud patterns which determine the weather.

Moe I. Schneebaum, Nimbus mission officer at NASA's Goddard Space Flight Center, Greenbelt, Md., says the satellite will carry advanced television cameras identical to those carried aboard Ranger 7 which took historic pictures of the moon last week. These cameras, he said, will provide about five times as much resolution or detail as the cameras on the earlier Tiros weather satellites.

AT NIGHT

The Nimbus craft also will provide for the first time:

1. Specially developed high resolution infra red radiometers to take experimental night time pictures of clouds. Tiros takes pictures only in daylight.

2. Cameras pointing earthward at all times. Cameras on Tiros are trained on the earth only part of each orbit.

3. A near-polar orbit, 80 degrees to the equator, to provide virtually complete global photographic coverage every day. Tiros satellites in near equatorial orbits provide only partial earth coverage.

BEHIND SCHEDULE

Nimbus A has been assembled by the General Electric Missile and Space Department, Valley Forge, Pa. Launching from Vandenberg Air Force Base, Calif., may be as early as Aug. 11.

Nimbus has been four years in development and launching is more than two years behind schedule. Estimates of the cost of the program run up to $140 million.

The Weather Bureau has rejected proposals that it use Nimbus partly, because of the delays and cost, and chose instead to develop a modified wheel version of Tiros called "Toss."

Scientists Sift Moon Reports

PASADENA, Calif. (AP) — Scientists began to sift the evidence today of the most important 13 minutes and 40 seconds in the history of man's inquiry into the nature of the moon.

But those 13 minutes and 40 seconds may take years to analyze fully.

In that short space of time Friday morning, between an 80-second camera warmup period and the death plunge of the Ranger 7 into the moon, scientists received 4,316 close-range photographs of the moon's craggy face.

Man has not been shown so much about the moon, particularly in so short a time span, since Galileo first peered at it through his homemade telescope in the early 1600s.

Friday night scientists released the best 10 photographs they'd spotted. These pictures showed, like pores on a human face, the tiniest pockmarks on the moon's crust. The smallest was only 18 inches across — about the size of a wash basin.

Today scientists planned to launch a detailed study of the more than 4,000 other photographs. They hope to determine whether any part of the 200,000 square miles photographed might be a good landing site for manned Apollo moonships.

They did not believe, on examination of the first photographs, that significant modifications will be necessary in manned moonships now being built by the United States.

They also hope to learn whether further refinements will be necessary in the Ranger television systems. After Ranger 6 cameras failed to function in the final minutes of its otherwise perfect flight, the camera systems for Ranger 7 were drastically modified.

Postal Receipts Are Down Again

Postal receipts for July were $35,818.09, E. C. Boatler, postmaster, said today. The total was more than $1,000 under the receipts for the month last year and continue to reflect the same conditions which have prevailed all of this year.

Boatler said that the total receipts for the first seven months of the year are $252,821.61, as compared with $291,629.51 for the same period in 1963.

Miss Indian America, XI.

She's Michele Ann Portwood, a 19-year-old Arapahoe Indian who's a junior at the University of Wyoming, and a resident of Riverton, Wyo. Miss Portwood was selected Miss Indian America XI Sunday night at Sheridan, Wyo., from among 27 contestants representing 22 tribes across the nation. As an added honor, she was named Jubilee Queen to reign next year at Wyoming's 75th anniversary of statehood celebration. (AP WIREPHOTO)

Aerialist Killed Before 22,000

DETROIT (AP) — Twenty-two thousand people watched Sunday night as an aerialist fell 85 feet to his death in Detroit's flood-lighted American League baseball park.

Some thought as Edward Henry Knipschield, 55, of New Britain, Conn., spun toward his death that surely there was a safety rope around an ankle that would break the fall. There wasn't.

And "Captain Eddie," as Knipschield billed himself for his 100-foot high act on a swaying pole, became the victim of Detroit's second catastrophe to befall an aerial performance in the last two and a half years.

It was in Detroit's Fairgrounds Coliseum Jan. 30, 1962, that the human pyramid of the "Flying Wallendas" came apart on a high wire. Two died, another was paralyzed for life. Three injured lived to perform again.

Why "Captain Eddie" fell was a matter of conjecture hours afterward among eye witnesses.

Herbert M. Boldt, a veteran Detroit News reporter, said a strap apparently broke as Knipschield started a spin, foot-in-loop and face down from a horizontal bar 85 feet up his 100-foot, thin and swaying pole. He was performing at the close of Detroit's police field day.

Police Lt. William Sheedy said three he interviewed at the scene told him it appeared "Captain Eddie" fell while crawling along a horizontal bar 85 feet up his 100-foot pole while trying to adjust a safety wristlet.

Knipschield was dead on arrival at a hospital. His body left an indentation in the rain-soaked outfield turf of Tiger Stadium.

It was on Lt. Sheedy's orders that the pole, which disclosed the broken rope loop, was brought in "to see for sure what happened way up there under the lights."

Boldt said there was a hush among the throng, reaching around the double-tiered stadium via home plate from left to right field, when the white-clad "Captain Eddie" started spinning down.

"Then," he said, "there was a gasp as they realized there was no ankle-clutching safety rope to stop the fall."

The Wallendas fell from only 36 feet up, but like "Captain Eddie" they performed without a net. Below them was the concrete floor of the coliseum.

Mahon Enters Law Practice

Eldon Mahon, former district attorney and judge of the 32nd Judicial District, has resigned as a vice president of Texas Electric Service Company to enter private practice of law in Abilene.

He will be associated with Walter S. Pope Jr. and Roger Glandon in a firm to be known as Mahon, Pope and Glandon. Offices will be in the First National Ely Building, and his home at 2218 Windsor.

Mahon had resigned as judge of the district which embraces Mitchell, Nolan and Fisher counties and joined TESCO's executive department in September, 1963. Beeman Fisher, TESCO president, in announcing Mahon's resignation, expressed regret at losing his services, adding that "we understand and are sympathetic with Mr. Mahon's desire to return to his legal career. We wish him every success in the future."

If your child wears or needs glasses...

Safeguard his eyes with shatterproof plastic lenses or shatter resistant safety lenses from Texas State Optical,

GIBSON DISCOUNT CENTER

Zoning Board Meets Tuesday

The city planning and zoning commission will consider two requests for zoning changes in a meeting at 5:15 p.m. Tuesday in city hall.

On the agenda is a request for a change from 1F-1, one family residence, to HI, heavy industrial, on property on the south side of IS 20, west of the Lamesa Highway, owned by the Texas Electric Service Co. The property includes acreage in section 26, block 33, township-one-north.

Also requested is a variance from GR, general residence, to NS, neighborhood service, for property at Wyoming Street and Northwest Seventh Street, at the northeast corner of the intersection. The change would include the west 100 feet of lot six and the southwest 10 feet by 100 feet of lot five, both owned by Dillard White, 700 Pine.

A replat of lots four, five and six, block 15, Kentwood Addition No. 2, is also included on the agenda.

Street Repair Work Launched

The city's seal coat program for the summer began this morning on North Monticello Street, according to Public Works Director Ernest Lillard.

City crews were to begin work on South Monticello Street this afternoon, Lillard said. The seal coating will continue for about three days in the Monticello Addition.

Some 100 blocks of city streets will be included in the project, which is expected to take about two weeks, according to Lillard. About 25 streets will be included in the work.

Youth Injured In Shooting

Feliciano V. Gonzales, 19, was in satisfactory condition at Cowper Clinic-Hospital today after being involved in a shooting incident early Sunday.

Investigating officers said Gonzales was with three other Latin American youths when the shooting apparently occurred about 1 a.m. Officers reported the youths were at Northwest Fourth and Lancaster and the shooting occurred when they got out of a car in which they were riding.

A hospital official said Gonzales received superficial wounds in the wrist and knee. Officers said the shooting was with a small caliber pistol.

LEGAL NOTICE

LEGAL NOTICE

The Commissioners' Court of Howard County will receive bids at 10:00 a.m. on August 17, 1964, in the Commissioners' Courtroom of Howard County Courthouse, Big Spring, Texas, for supplying of gasoline, diesel fuel, and oils for the Road Department of Howard County for the next twelve months beginning September 1, 1964 through August 31, 1965.

General previsions and specifications are available in the office of the County Engineer in the Courthouse.

Miss Universe Begins Awhirl

MIAMI BEACH, Fla. (AP) — Her coronation ball was the biggest party of her life and the new Miss Universe, Kiriaki Tsopei of Greece, stayed out until almost dawn to celebrate.

One thousand people came to dance. Hundreds more milled through the hotel where the ball was held in hopes of seeing the regal 20-year old Athenian or 99 other beauties saying good-byes.

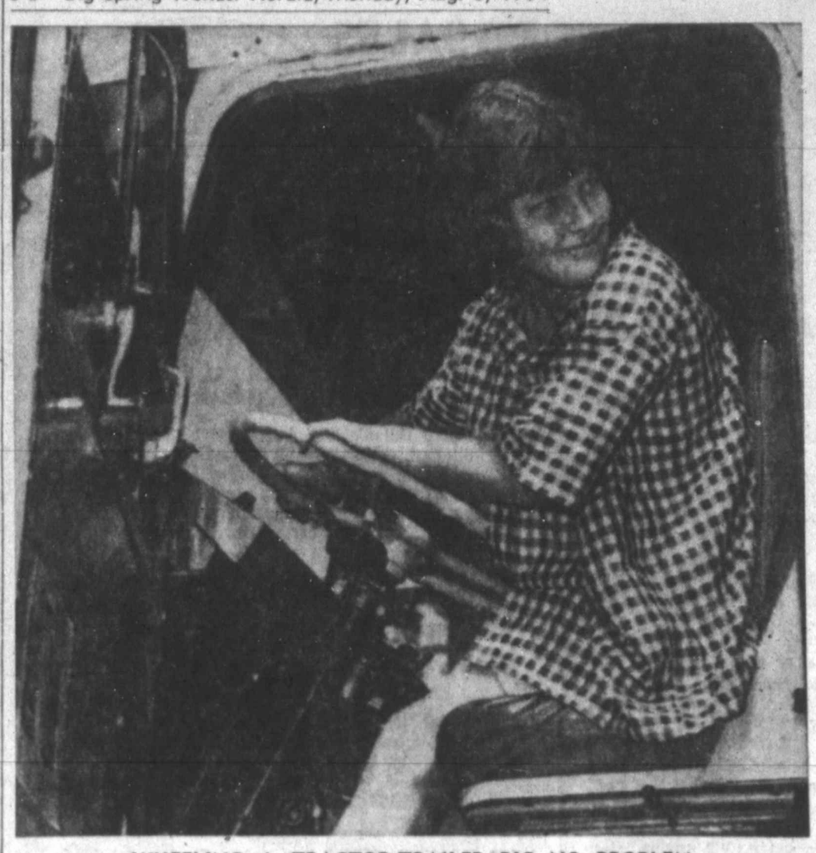

They weren't disappointed. Despite only three hours sleep since her crowning Saturday, Kiriaki was stunning.

"This is the happiest moment of my life. I've never been to such a party," she said. "I can't believe yet I'm really queen."

Her escort was Ted Kays of Miami, an "arranged" date. In Greece, her brother Basil, 17, escorts her to parties "because it is custom." Kiriaki's brother would have been proud Sunday night and he needn't have worried. She was well chaperoned.

The problem, in fact, was too many people. Since her crowning, Kiriaki's had little time to herself.

She and 20 other contestants were almost mobbed by 2,500 enthusiastic fans at a Miami railroad station when they went to meet comedian Jackie Gleason. Another 2,000 waved them along the 15 mile route to Miami Beach.

WHEELING A TRACTOR-TRAILER RIG NO PROBLEM
14-year-old Brenda Kay Jones helps at dad's truck station

25-Ton Truck-Trailer No Sweat For Teenage Lass

LOS ANGELES (AP) — The 50,000-pound truck-trailer angled sharply, straightened and eased back over the grease pit. It looked like no one was driving.

But the cab door opened, and out popped the terminal's littlest teamster— 112-pound Brenda Kay Jones.

"I can drive anything that has wheels on it, sir," said the freckled 14-year-old in shorts and tennis shoes. "But I've got to scoot up the seat so I can see."

And once she brushes away her page-boy haircut, she can also pump fuel, break down a tire, grease and steam-clean a rig.

It started three summers ago when Zeb C. Jones, owner of the terminal, idly asked his daughter, "You want to back up that truck?"

She clambered into the cab — and backed up the truck. She had been studying from the sidelines and was ready for the moment.

Her trips always end at the terminal driveway since she doesn't have a driver's license. But she has ridden trucks, with her dad, through most of the states.

While on these trips she admires the drivers' proficient shifting of the 20-speed transmission. In the terminal yard she doesn't get very far into the 20 speeds.

"Sometimes on the road they let me shift, too," she said.

Brenda — cute enough to be a teenage model — has had a purifying effect on the terminal, says her dad.

A driver is apt to say something like, "Gee whiz, I'm sure having trouble with that darned carburetor."

Zeb gives Brenda a hefty allowance instead of a salary. And she works hard for it, frequently putting in a 12-hour summer day.

Boyfriends?

"There was this one boy," she recalls. "He didn't believe I could drive a truck. I got him down here and showed him. He almost fainted."

"I didn't like him anyway."

'CLOSE ASSOCIATION'

Couple Held In Killing Of Electronics Engineer

NEW YORK (AP) — A New Jersey couple was arrested Sunday night in the slaying of an electronics engineer whose bullet-riddled body was found outside his Bronx apartment house.

The victim was Robert Hirsch, 27, employed at the Foster-Wheeler Corp. in Carteret, N.J.

Charles Fazio, 30, and his wife, Beverly, 24, of Matawan, N.J., were arrested in Brooklyn and charged with homicide.

Police said Hirsch had a "close association" with Mrs. Fazio, a secretary at the Foster-Wheeler plant. According to detectives, she made a statement, but its details were not disclosed.

Saturday night Hirsch and his wife, Judith, 26, had dinner at a Manhattan restaurant and returned to their apartment in the Riverdale section late in the evening.

The couple left their two children with Ruth Shalmon, 15. When they returned, Miss Shalmon told of several phone calls for Hirsch and said one voice was a woman's asking Hirsch to "meet us at a coffee shop," adding: "He'll know who we are."

Hirsch left his sixth-floor apartment alone and went to the street. Several minutes later shots were heard. Hirsch was struck by five bullets, police said. The murder weapon was still being sought.

Hirsch's car was missing, and the police said they recovered it when they picked up the Fazio couple.

The Fazios were quoted as denying that Mrs. Fazio called Hirsch or that either had any connection with the killing.

Fazio, police said, is an electrician employed by a firm in Perth Amboy, N.J.

Police said Hirsch had quarreled recently with the Fazios and had told Mrs. Fazio he would not see her anymore. They said that Mrs. Fazio had recently returned to her husband's home after a separation.

Hirsch's work for the New Jersey firm involved nuclear submarines and was classified.

Chimp Sees Sights

NEW YORK (AP) — A 35-pound, 3-foot, 4-year-old chimpanzee named Johnny fled from the Continental Circus at the World's Fair Sunday and was picked up by fair police as he climbed onto a sightseeing bus.

Amoco, Union Suspend Talks On Contract

HOUSTON (AP)—Talks have been suspended by the Oil, Chemical & Atomic Workers Union and officials of the American Oil Co. and Amoco Chemical Co. at Galveston.

Company spokesmen said the negotiations were recessed subject to further call by either party through Willis Ray, federal mediator from Houston.

Negotiations also have been recessed between the union and two Houston area companies—Petro-Tex Chemical Co. and Phillips Petroleum Co. It was expected they would be resumed this week.

Ray Majure, federal labor mediator from Houston, was returning to Jefferson County today for negotiations at two petrochemical plants.

Company and OCAW sources at the Jefferson Chemical Co. plant in Port Neches said they "hope to get together early this week."

They said Majure, home for a weekend rest after marathon negotiations which brought sweeping agreements last week just before a nationwide strike deadline set by the OCAW, will be asked to sit in on the talks.

It was announced a meeting tentatively has been scheduled for Tuesday morning with Goodrich - Gulf Chemical Co. officials and the bargaining committee of OCAW Local 4-228 of Port Neches. Craft unions struck Goodrich-Gulf in the first week of July over contract disputes. OCAW operators terminated their contract and honored the picket lines.

Settlements between OCAW locals and dozens of firms were made during the past three days. The agreements generally include a 2 per cent wage increase, an additional week of vacation for all employes of five years or more, pension improvements and in case of layoff, a 90-day wage rate coverage by the company.

Anti-Mexican Campaign Eyed

MEXICO CITY (AP)—Eleven organizations of Cuban exiles in Mexico expressed opposition Sunday to an anti-Mexican campaign which they said may be inspired by pro-Castro elements in other countries.

Basing their statement on "news pieces and commentaries which we want to clarify," signers of the statement said:

"1. Cuban residents in Mexico are grateful for the hospitality tendered them by Mexican people, its government and institutions, which have always shown respect for our ideals and safely protected our families.

"2. We don't share a defamatory campaign which tries to alienate free Cubans from the people and government of Mexico, as it seems to be inspired from the shadows by Communists who have infiltrated anti-Castro Cubans."

The bidding:

West	North	East	South
1 ♡	4 ♣	4 ♡	5 ♣
5 ♡	Pass	Pass	6 ♣
Pass	Pass	6 ♡	Double
Pass	Pass	Pass	

South was presented with a golden opportunity to be a hero in today's hand; however, he twice muffed his chance and the result was a devastating swing against him.

West opened the bidding with one heart and North preempted to four clubs since his hand contained considerable playing strength and very little defensive merit. East possessed an opening bid in hearts himself but had to be content with offering a competitive raise to four hearts. South's decision to enter the proceedings was sound, but his choice of calls revealed a lack of foresight.

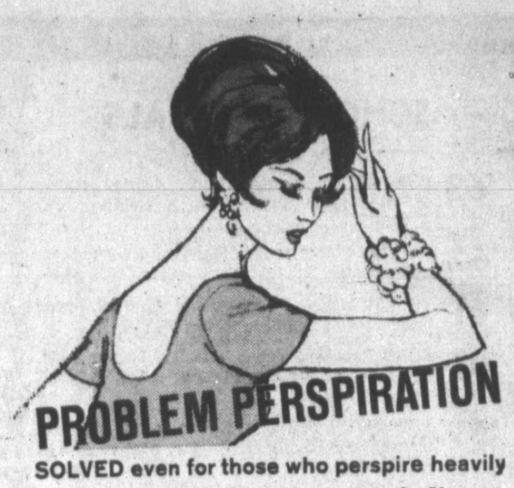

It should have been obvious that the opponents would carry on the contest. If they eventually outbid North and South on the deal, it becomes vital to alert partner to the best defense. South should bid four spades, since this is the lead he most desires North to make. If South gets doubled, he has the option of beating a hasty retreat to five clubs, and his message has been transmitted.

When South chose to raise clubs directly, West competed to five hearts. At this point, it became imperative for South to get in his "lead director" in spades, inasmuch as the potential swing on the deal was about to assume epic proportions. Instead, he persisted to six clubs.

West passed the next decision back to his partner and when East bid six hearts South doubled. This was a doubtful choice; since he had failed to show his spades, it would have been more discreet on South's part to pass, permitting North to sacrifice at seven clubs. Such a commitment would have incurred a mere two trick penalty provided that East opens a diamond.

Against six hearts, North was aware that his partner desired an unusual lead, for the double of a slam bid is a conventional device employed to call off the normal opening which in this case would be a club. Unfortunately for his side, North decided to lead a diamond, and West chalked up an overtrick—eventually discarding East's spades on his long diamonds after trumps were drawn.

The total loss to North and South was an astronomical 1,860 points. There is no telling how great a saving could have been effected had South bid four spades. North would have raised the suit and the final contract might well have been a sacrifice of six spades. If West guesses to lead a diamond, South will pay a paltry penalty of one hundred points. If West leads a heart, however, South will take all the tricks for after taking the spade finesse he can discard his losers on North's clubs. The potential swing on the deal was in excess of 3,000 points.

PROBLEM PERSPIRATION
SOLVED even for those who perspire heavily
A new anti-perspirant that really works! Solves underarm problems for many who had despaired of effective help. Mitchum Anti-Perspirant keeps underarms absolutely dry for thousands of grateful users. 35 Persons Injured In Portugal Train Wreck

LISBON, Portugal (AP) — An electric locomotive plowed into the rear of a passenger train near Santarem early today. Railway officials said 35 persons were hurt.

It was the third mishap in eight days on the privately owned Portuguese Railway Co.

Eighty-nine persons were killed in the derailment of a crowded passenger car near Oporto July 26. One person was hurt in a similar accident near Guimaraes Sunday.

* * *

MOSCOW (AP) — Mongolia has condemned Red China's political war against the Soviet Union and strongly urged an early meeting of the world's Communist parties to discuss the Moscow-Peking struggle.

Pravda, the Soviet Communist party newspaper, published the Mongolian attack, which was made in a letter June 12 to the Chinese Communist party.

It was the sharpest anti-Chinese statement ever made by the Mongolians.

The statement accused the Chinese of seeking to split the world Communist movement and take over leadership from the Soviet party.

JAKARTA, Indonesia (AP) — The Netherlands has reopened the door for a major flow of Dutch goods and services to Indonesia by extending $27,690,000 in export credits for 1965.

Dutch Foreign Minister Joseph Luns announced the agreement upon his departure Sunday after a week's visit to Indonesia. Relations between the Netherlands and Indonesia, a former Dutch colony, were restored last year after a long dispute over former Dutch New Guinea, now West Irian.
